

## **Soul Pets Bk2 1301**

### Chapter 1301: The Location of the Messiah Tree Seeds

Pang Yue wasn't very low level anymore, so healing the four winged flying horse was very quick. She first fixed the four winged flying horse's poison teeth beast poison before slowly healing each wound up with her spells.

The horse very quickly showed recovery. According to Pang Yue's estimates, it should be healthy by the morning.

Seeing the four winged flying horse sleep comfortably, Xiao Xiao finally let out a breath of relief.

"You're tired, come to my room to rest." Chu Mu said to the tired xiao Xiao.

A strange look flashed through Xiao Xiao's eyes to which Chu Mu quickly explained helplessly, "I usually meditate, so I don't sleep at night....."

Xiao Xiao didn't decline any further and went to Chu Mu's room to rest.

After Xiao Xiao left, Pang Yue immediately smiled profoundly, her large eyes filled with questions yet she didn't ask any of them.

"....." Pang Yue's expression showed that she definitely thought wrong. Chu Mu explained, "Don't think too much about it."

"You brought back a woman that looks like Qingzi, how can I not think more?" Pang Yue was smiling like a little devil.

“Alright, you think slowly yourself.” Chu Mu said and sat down beside the sleeping horse and closed his eyes and started to meditate.

Pang Yue pouted. She originally wanted to tease Chu Mu, yet he was unafraid of any accusations because he was morally upright. Truly boring.

Pang Yue collected all the shiny purchases she made back into her spatial ring and climbed onto her bed to sleep.

She didn’t have Chu Mu’s determination of continuing to meditate every single night right after coming back to the city from a half year training. She only wanted to take a quick nap now.

.....

Early morning, Chao Lengchuan was awakened by a noise in the side room. Without feeling the need to sleep more, he got up and washed up. As he walked out, he saw a woman not dressed very tidily throw the door open and leave.

After not too long, Ye Wansheng also walked out. Glancing at the leaving woman, he didn’t even bother to chase after her and instead said his greetings to Prince Chao.

Chao Lengchuan wasn’t even surprised. He spoke, “Let’s gather all the xuan items we need today. Chu Mu probably exchanged the items into xuan already.

“En.” Ye Wansheng nodded. “But, Chu Mu seems to have woken up even later than us today.”

“Haha, maybe it’s the same as your situation.” Chao lengchuan joked.

The two of them walked up to Chu Mu’s room and knocked on the door.

“No reaction?” Ye Wansheng said.

Chao Lengchuan knocked harder and after a long time, the room door finally opened.

“Chu Mu, I found a xuan teacher already, we....” Chao Lengchuan saw the door open and started speaking subconsciously, yet when he saw the person that opened the door was a languid and slightly messy but beautiful woman, he swallowed the rest of his sentence.

Ye Wansheng’s eyes widened beside him, making eye contact with the equally shocked Chao Lengchuan!

If it were any other man and a woman was in their room, Ye Wansheng and Chao Lengchuan wouldn’t even react as people who’ve done it before. Yet, if it were Chu Mu, who never showed interest in this.....

Sigh, men.

“You guys are.....” Xiao Xiao looked confused at the two strangers. Having just woken up, she was still a little dazed.

“We’re Chu Mu’s friends.” Chao Lengchuan said.

Just as they were explaining, Pang Yue’s door opened and out came Chu Mu and Pang Yue.

“I’m here, she’s a friend that I met last night.....” Chu Mu came to explain.

However, Chu Mu’s explanation only caused Chao Lengchuan and Ye Wansheng to widen their eyes even further.

Chu Mu just walked out of Pang Yue’s room!

It was a mess! Even with Ye Wansheng’s rampant imagination, he couldn't figure out the relationship between everyone there!

“Stop imagining things!” Pang Yue was red with anger and embarrassment.

.....

After finishing breakfast, Chu Mu finally managed to clear the confusion.

At noon, four winged flying horse was completely recovered and to thank Chu Mu, she specially brought them to a xuan teacher she knew to help concoct the xuan items.

In the Luan City's east area, there were incredibly luxurious courtyards, housing many famous xuan teachers.

Xuan teachers' identities were very high and naturally couldn't wait for customers to come to them on the street side shops. Often, to find a xuan teacher to create a xuan item, one must first book a reservation, wait a long time, and then come up respectfully only when the xuan teacher came.

The living quarters of the xuan teachers were always busy. Regardless of whether people had requests for the xuan teacher, people would always come to maintain a good relationship. Xuan teachers also often didn't see them because they were busy with analyzing xuan techniques.

Xiao Xiao brought Chu Mu to a rather elegant xuan teacher courtyard and, compared to these xuan teachers' courtyards, it was actually calmer than most other places. For some reason, everyone seemed more cautious here.

"My elder has a strange temperament. These people were all rather famous in Luan City actually. The person that passed by just now is the family master of the family that owns the largest territory. He could stand high and proud anywhere else in the city, but here he has to be just as cautious as anyone else." Xiao Xiao pointed at a middle aged man that passed by them.

Chu Mu turned around to see the middle aged man, and could tell that his soul remembrance was much higher than his.

One could tell that Xiao Xiao was indeed bringing them to see an exceptional xuan teacher.

Stepping into the main palace, some servants immediately came to welcome them. The servants recognized Xiao Xiao and led them straight to the xuan teacher's personal courtyard.

Xuan teachers' own courtyard is separate from the guest, family, and servant's courtyards. After all, every xuan teacher is most sensitive to disturbances.

"Is Uncle Sun busy?" Xiao Xiao asked as she was walking in.

If it were anyone else, the medicine boy would definitely have said his master was concocting xuan items. Since Xiao Xiao wasn't a stranger, the medicine boy answered truthfully, "Master is drinking in the little forest."

As he spoke, the boy led Xiao Xiao and Chu Mu to the courtyard.

Walking into the forest, the forest had a rock table and a few vine chairs, simple but elegant.

The man half laying on the vine chair seemed young but in reality was unpredictably aged.

Beside the man was a well endowed servant girl bending over to pour the man wine. As if hearing something interesting, she started giggling.

"This Xuan Teacher Sun really is interesting. There's such a large group of high standing people in the great hall waiting for him, yet he puts them all aside so he could drink wine and tease his maids." Chao Lengchuan muttered.

“Teacher, Xiao Xiao is here.” The medicine boy announced.

The Xuan Teacher Sun turned around and looked at Xiao Xiao smiling, “Xiao Xiao is here, what makes you want to check on your uncle all of a sudden?”

“I brought a few friends so I wanted Uncle Sun to help them make some xuan items.” Xiao Xiao said directly.

“Oh, a friend of Xiao Xiao’s is a friend of mine. Come sit everyone. Let me know what you want to make and what special requests you have while we take a drink.” Xuan teacher Sun said very amicably.

Xiao Xiao wasn’t fazed by this behavior. She knew that he only had two loves in this world: xuan arts and women. With a beauty like Pang Yue beside him, he definitely didn’t want to reveal his bad habits of being rude to strangers.

Of all their soul pets, Chu Mu had many above seventy percent training already.

Many people only dared to strengthen their soul pets when they got to 100 percent. However, Chu Mu wasn’t poor. If he failed, he failed but he could just go and look for more xuan items. If he succeeded, it would have been a fast track to stronger soul pets.

After telling Xuan Teacher Sun all the needed items, Xuan Teacher Sun accepted the request easily and took Chu Mu’s 140,000 xuan.

“Ying zi, give your Xuan to Tang Dong and tell him to start the concocting based on what they said.” Xuan Teacher Sun told the medicine boy beside him.

“Alright.” The medicine boy nodded and turned to leave.

“Uncle Sun, these friends saved my life, you have to help them make the xuan items personally!” Xiao Xiao was slightly unhappy as she pouted.

Xuan Teacher Sun was much better than Xuan Teacher Tang. With the same material, he could definitely create perfect quality xuan items. If Xuan Teacher Sun were busy, Xiao Xiao would have accepted the alternative. Yet, he was drinking, so why not just help them out? And it was also a 140,000 xuan transaction. That was a massive number; even Xiao Xiao never thought that Chu Mu would be this rich!

“Xiao Xiao, you don’t understand. Xuan items need a lot of steps. If I did all the basic steps myself, I would work myself to death. Don’t worry, I won’t give a 140,000 xuan transaction to the stupid Tang Dong kid. If he failed, it’s bad for my reputation. The middle and the furnace portions I will do personally.” Xuan Teacher Sun reassured.

“Much better!” Xiao Xiao’s tone was slightly relaxed.

“En? You said what? They saved your lives? What happened? What did someone want to do against you?” Xuan Teacher Sun suddenly realized and said with a face full of anger.

“That big criminal case, I finally found a lead and started following them, except the two bad people noticed me following and set up a trap to lure me in. I had to fight five of them myself. I was lucky to have Mister Chu come to save me or else next time Uncle Sun saw me, I would be a pile of ashes.” Xiao Xiao still had lingering fears about last night.

“Absolute nonsense!” Xuan Teacher Sun immediately stiffened his expression.

This roar scared even Xiao Xiao backwards.

Xuan Teacher Sun saw Xiao Xiao scared, but still took a while before he could calm down.

“Don’t touch this case.” Xuan Teacher Sun said very seriously.

“Why, do they not deserve punishment?” Xiao Xiao said adamantly.

“Punishment? You aren’t a kid, don’t use these laughable terms. Even Divine Sect only symbolically condemns such actions. Don’t act all righteous as the Demon Beast Palace. I dare swear on my reputation that the people that told you to look into this case don’t want you to punish the criminals but instead wanted you to find the messiah tree seed’s whereabouts.”

Chapter 1302: Final Quiet Forest

Messiah Tree!

Chu Mu’s heart was in turmoil.

Didn’t Ning Maner say her power came from the Messiah Tree?

Did the thing Xiao Xiao was investigating have to do with the Messiah Tree and Ning Maner?

Xuan Teacher Sun quickly realized there were other people present. He had indeed just gotten angry because of Xiao Xiao's recklessness. Otherwise, he wouldn't have so carelessly spoken about this matter to outsiders.

Chu Mu wanted to inquire further, but when he saw Xuan Teacher Sun had already stopped this topic, Chu Mu knew there was no way of doing so.

Although Xiao Xiao looked like she knew she did something wrong, her eyes betrayed her original intentions; she would investigate this matter to the end!

"Why don't the few of you drink some alcohol and rest here. The xuan items you want will take some time." Xuan Teacher Sun politely said to the four of them.

"We've inconvenienced by Xuan Teacher Sun." responded Chu Mu.

Xuan Teacher Sun faintly smiled. He stood up from his chair and left the servant here to attend these people while he walked towards shi medicine yard. He was probably going to personally concoct xuan items for Chu Mu and the others.

The xuan item Chu Mu requested for was of the ninth rank. A ninth rank xuan item concoction couldn't be easily completed. Even Xuan Teacher Sun had to be particularly careful

Once Xuan Teacher Sun left, Chu Mu immediately asked Xiao Xiao: "Xiao Xiao, who are are you investigating?"

"A few thugs dressed up in the attire of big factions. This matter began many years ago in an extremely horrible event..." Xiao Xiao didn't evade the topic.

“Tell me about it. This matter could likely have something to do with a girl I know.” said Chu Mu.

Xiao Xiao nodded her head: “Do you know of Quiet Forest?”

Chu Mu, Chao Lengchuan, Ye Wansheng, and Pang Yue all shook their heads. This was the first time they had entered Wupan territory. They didn’t know of many places.

“...” Xiao Xiao was instantly speechless. These four didn’t even know of Wupan territory’s famous forbidden forest. How were they all spirit dominator experts?

“We come from Zhengming territory’s New Moon Land. We don’t know much about your Wupan territory.” explained Chu Mu.

“Oh, so you’re Zhengming territory people.” Xiao Xiao instantly understood and she explained, “Quiet Forest is an extremely famous forbidden forest in our Wupan territory. It’s like Wupan City which is the birthplace of us humans. Legends of Quiet Forest have it that many primogenitor rank species were born here. This forbidden forest has always precluded us humans from entering. For one reason, Quiet Forest has various legendary creatures and in the eyes of our ancestors, it was an unblasphemable holy land. For another reason, Quiet Forest is home to many powerful creatures.”

Xiao Xiao lifted her head and Old Li scuttled out and began to supplement Xiao Xiao’s words: “So it’s Blasphemy Forest. The name you humans give it is different from us.”

“You also know of the event in Quiet Forest?” asked Chu Mu.

“Yes, the moment she described it, I knew which forbidden forest she was speaking of.” Old Li nodded his head.

Xiao Xiao had seen Chu Mu’s talking raccoon yesterday. Thus, she just watched it to see what it would say.

“The Quiet Forest you speak of is actually the birthplace of the wood type primogenitor: the Messiah Tree. The Messiah Tree probably has the longest history of and is the strongest wood type creature. Essentially, among the thousands upon ten thousands of wood type species you humans have recorded, at least half of them are direct or relative descendents of the Messiah Tree. The Messiah Tree’s history among wood types is of the same level as the flower type progenitor - the Evil Good Demon Concubine Flower.” said Old Li.

Ye Wansheng, Chao Lengchuan, and Pang Yue all quickly looked at Chu Mu.

Wasn’t the demonically beautiful woman Chu Mu had subdued the Evil Good Queen?

Although they knew of this, they didn’t realize the Evil Good Queen was the flower type progenitor. It was no wonder this woman had such terrifying fighting strength even before reaching the tenth phase!

Chu Mu looked at the three people staring at him. Thus, he added: “Primogenitor doesn’t mean it’s the strongest.

“That’s right. Primogenitor doesn’t mean it’s the strongest. They are undoubtedly strong, but evolution over countless years will ultimately make a few descendants surpass the primogenitor. I can take responsibility and say that the reason primogenitor rank creatures are practically extinct is because they, to a certain extent, are non longer suited to surviving in this world.” said Old Li.

“Taking the Messiah Tree as an example, it has a fatal flaw: its own fighting strength is practically zero.

“It’s fighting strength is zero? It can’t be, right? Shouldn’t primogenitor rank creatures be able to destroy the heavens and earth?” asked Ye Wansheng with a flabbergasted expression.

Old Li shook his finger and continued: “The Messiah Tree doesn’t have fighting strength. It’s the world’s tree. The energy it possesses comes from absorbing the sunlight, elements, turbid air and energy in the world. It transforms them into the spirit, xuan and immortal energy that other species rely on to survive and makes them stronger. It can be described as an offering tree.”

“In ancient times, there were not as many species as there are now. In the chaos, the Messiah Tree was like a godly tree that covered all of the land it could with its energy, nurturing millions and millions of life forms.”

“During that era, the Messiah Tree was actually a god. There was no species that dared desecrate such a benevolent offering god. However, as more and more species evolved, more and more powerful creatures appeared. Thus, if for example the Messiah Tree had nurtured 100 species in the past, they would eventually expand into 1000 species. Then, the Messiah Tree’s nurturing energy would become one tenth of the past. This one tenth nurturing energy naturally wouldn’t be enough to satisfy species that were growing increasingly strong. Therefore, the reliance of these species on the Messiah Tree grew increasingly weak. Finally, they subdivided into even more branch lineages. Some of these branch lineages would be stronger while others would be weaker. If the stronger ones wouldn’t receive nurturing they would greedily occupy the Messiah Tree’s territory.

“Just like this, there will be greed, killing and plundering. In the past, ostensibly every tribe, empire and dynasty would receive nurturing from the Messiah Tree. But today the Messiah Tree is nearly extinct and cannot be found anywhere.”

Old Li spoke of a long time ago, but Chu Mu was able to imagine the gradual decline of the once god-tree Messiah Tree. Perhaps Old Li was right. Even strong creatures were unable to withstand the changes of time.

“Perhaps it was the kings of a few powerful species that realized the extinction of the Messiah Tree had something to do with their greed. Indeed, the Messiah Tree was, true to its name, an offering god. Thus, these kings of various species who felt ashamed inside made Quiet Forest, where the first Messiah Tree was born, a holy land that no species, including humans, would be easily able to blasphemy. Just like a great steel gate that stood there, it warned and prevented their own descendants from disturbing the final god tree.”

Once creatures grew strong, they would possess some form of intelligence. Humans were the highest embodiment of intelligent creatures, but this didn’t mean only humans had intelligence and civilization. There really was a chance the highest kings of the various great species came up with this agreement.

“However, despite this agreement, it was unable to withstand the test of time. In the current era, many species that had slowly risen to power have forgotten the ancient teachings of their ancestors. For example, you humans. I’m certain that not many of the few supreme kings of your species actually care about this agreement.” Old Li carried a trace of mockery in his voice.

After speaking, Old Li threw a glance at Xiao Xiao and said: “You can tell us now what happened in Quiet Forest.”

Xiao Xiao was a bit stunned from listening.

Old Li’s words seemed to be from an ancient legend. It seemed a bit esoteric.

But if Old Li was speaking the truth, then the people who had ravaged Quiet Forest were historical criminals who had destroyed this final agreement.

Xiao Xiao had originally believed these people had only done some morally degenerate things. She never expected this matter to actually involve such an ancient agreement!

“I... I really didn’t know this much. I only knew that there was a group of human leaders that kept their identities hidden who entered Quiet Forest to steal a huge amount of resources...” Xiao Xiao was stunned.

Xiao Xiao was not a particularly high ranking member of Demon Beast Palace. She was tasked with investigating the plundering event in Quiet Forest. When she had traced the matter to the two men from last night, she discovered that those two could likely be the subordinates of a senior who had participated in that event. She only wanted to follow the clues and uncover their identities. Then, she would hand the matter over to her teacher to complete.”

“The things you know are a lot. It’s not fitting for your identities.”

Suddenly, a voice broke into the courtyard, causing the atmosphere of the courtyard to suddenly change.

“Uncle Sun.” Xiao Xiao looked at Xuan Teacher Sun who had come back at some point and for a moment didn’t know what to do.

Xuan Teacher Sun helplessly shook his head and slowly walked back to his original spot. He stared curiously at Old Li who had just spoken of this ancient secret.

“Since you pretty much know it all, I’ll tell you the rest. If I tell you, at least your curiosity will be quelled and you won’t provoke any disaster to yourselves. Young people are young people after all. You’re willing to ask about anything... truly headache-inducing.” Xuan Teacher Sun rubbed his temples.

This matter involved Ning Maner’s experiences so Chu Mu obviously wanted to know everything. However, he could see that this matter seemed to implicate many large factions.

“Just as that raccoon said, the highest kings of us humans never properly constrained their descendents. A few greedy humans invaded Quiet Forest and relied on their powerful strength to steal the last thing in Quiet Forest... The human leaders I’m speaking of aren’t Borders Commanders or Border Lords. Their current rank is something you guys are currently incapable of climbing up to. Otherwise, why else would Divine Sect not dare punish this matter?”

“These leaders are very strong and are ostensibly all people who are able to cover the two territories in this world with their hands. Even if Divine Sect is able to guess who the perpetrators are, in order to not incite a huge bloody storm in human territory... in fact, this is the only time Divine Sect has maintained silence in over a hundred years.”

Chapter 1303: Messiah Tree

Chu Mu had a preconceived notion in his head.

That was, regardless of how many factions there were in the huge outside world or how many experts there were, Divine Sect would forever be the most authoritative. When any faction talked about Divine Sect, including huge factions like Wupan Navy, they would be respectful and would not do things they did not permit.

Yet, despite Divine Sect’s power, it remained silent in this matter. So what kind of abilities did these criminals who caused such a disturbance in Quiet Forest have in order for Divine Sect to not dare rashly punish them?!

“What on earth happened? Did someone steal all of the resources of Quiet Forest?” asked Pang Yue.

“The resources being taken is negligible. The biggest problem is that the world’s only messiah Tree has died.” Xuan Teacher Sun’s voice was low as he continued: “In the past, the big species all committed a crime, causing the Messiah Trees to gradually disappear from this world. And now, the final Messiah Tree has been ended by people with insatiable greed. The agreement the big species made was simply a joke.”

Xuan Teacher Sun’s words were very heavy and his extreme anger towards the actions of these people could be seen.

In fact, most of the people denouncing these criminals were xuan teachers because xuan teachers knew best that the world’s spirit, xuan and immortal items were inextricably tied to the Messiah Tree’s nurturing. By killing the Messiah Tree, these criminals were acting purely for short term profit because many rare resources could die out because of the Messiah Tree’s disappearance.

“I don’t understand. Since the Messiah Tree was gradually unable to satisfy the requirements of the various large species, why would some human leaders defy an ancient crime spanning thousands of years and break into Quiet Forest, then kill the Messiah Tree?” asked Ye Wansheng.

“Hmph, ignorant!” Xuan Teacher Sun immediately sneered.

He continued: “Do you know how many creatures the Messiah Tree can nurture? Ten thousand, a hundred thousand, a million? Of course not! The number of creatures and resources a Messiah Tree can nurture can be described in the hundreds of millions. If its enormous energy is to be poured into a single creature’s body, it wouldn’t be an exaggeration to say that a god rank creature will pretty much be born in the next 100 years!”

“God rank?” Pang Yue blinked her eyes, not really understanding what rank god rank was.

Xuan Teacher Xun threw a glance at Pang Yue, but didn't respond.

"But doesn't that mean Quiet Forest also has these god rank creatures? How did these people manage to succeed?" asked Ye Wansheng.

"Quiet Forest has numerous creatures in it. The nurturing energy the Messiah Tree has is thus given to many creatures, including those that don't protect it. In fact, those creatures that aren't protecting it occupy the majority of the energy given. When the calamity arrived, none of those creatures took action. This comes back to what I said before. The reason why the Messiah Trees went extinct was because it was purely a godly offering tree. It didn't have any ambitions. Although there were those that protected it, these protectors were ultimately unable to block such a huge group of thieves." said Xuan Teacher Sun.

"Then how many people participated in this event?" asked Chu Mu.

Xuan Teacher Sun shook his head and said: "I only know how many people died, not how many people participated. They were greedy, but they also paid a painful price. Many were forever left in Quiet Forest by the Messiah Tree's protectors."

At this point, a bitter expression appeared on Xuan Teacher Sun's mouth for some reason.

Although Ye Wansheng, Pang Yue and Chao Lengchuan were shocked by Xuan Teacher Sun's words, this matter ultimately had nothing to do with them. They wouldn't get too emotional over this.

However, Chu Mu's heart was in turmoil. He had already guessed Ning Maner's matter could be very complex. But he never expected it to reach this level.

She was a young woman blessed by the Messiah Tree. Now that the last Messiah Tree had disappeared, she who inherited its powers would have a very important mission resting on her feeble shoulders.

Chu Mu still remembered the two scenes of Ning Maner feebly hiding and crying in his embrace during a windy and rainy night, as well as when the sun was out and she was faintly smiling and dancing around him like a fairy butterfly. When he realized this matter was connected to the ending of a species, Chu Mu felt more compelled to see her.

“Ok, I’ve probably fulfilled your curiosity. Xiao Xiao, you’re not young anymore. You should have your own thoughts. Pay more attention when others tell you to do things. Don’t always rashly charge forwards otherwise you’ll only end up running to your own death.” Xuan Teacher Sun spoke with wisdom and sincerity.

“Yes, I understand.” Xiao Xiao nodded her head.

Xuan Teacher Sun knew that his niece still needed more training in order to understand more things. He looked at the four of them and said: “Everything is good about my niece and she’s beautiful. It’s just that her thoughts are a bit simple or even a bit stupid. You are all Xiao Xiao’s friends and seeing as your experience is much more plentiful than her’s, please look after her in the future.”

“That’s not a problem” immediately answered Ye Wansheng.

“As a thanks for saving my niece and for looking after her in the future, I’ll only accept a fee for collecting the materials for your xuan item this time. Keep the rest of the xuan. It’s not easy for young people to make their way in this world.” Xuan Teacher Sun stood up. He didn’t wait for the four of them to thank him before he left.

“Eh? Thank you Uncle Sun.” Xiao Xiao hastily called out after him.

Xiao Xiao knew that most xuan teachers had a common problem: even if they had to concoct for the closest of people, they would still have to charge the same price. This 140 thousand xuan exchange would wear away at a huge portion of Xuan Teacher Sun’s mental strength. This was mental strength that others would have to line up for even if they wanted to buy it. It was very rare for Xuan Teacher Sun to be so generous.

“What are you thanking me for? Don’t cause any more trouble, otherwise how will I be able to explain it to your father?” Xuan Teacher Sun waved his hand and his body gradually faded outside the forest.

Once Xuan Teacher Sun left, Xiao Xiao’s eyes immediately craftily swept over the four of them. With a bit of excitement, she said: “Did you just hear what my uncle said? Those people are trying to find the location of the Messiah Tree’s seed!”

“Yes... wait what?” Prince Chao’s reaction was half a beat slow.

“If they can search for it, why can’t we? That’s the Messiah Tree’s seed. If we cultivate it, we will have the world’s only Messiah Tree and we’ll be able to obtain extremely powerful soul pets!” Xiao Xiao’s expression was full of excitement as she spoke.

“...” Chu Mu was instantly speechless when he looked at Xiao Xiao’s actions.

It seemed that Xuan Teacher Sun’s words had gone in one ear and gone out the other. This lady simply didn’t understand that this matter wasn’t something they should be interfering with.

“Ask Chu Mu, he’s our leader.” said Ye Wansheng.

“Hey, Chu Mu, I actually happen to have a pretty good lead on this. If we were to actually stumble across the Messiah Tree seed...” Xiao Xiao looked full of hope at Chu Mu.

“I think we’d best leave it. Just now Xuan Teacher Sun just said that those people are extremely strong. So strong that a single one of their hands can cover the sky. If we were to brashly interfere...” conservatively said Pang Yue.

“Chu Mu, hurry and make a decision.” Xiao Xiao ignored Pang Yue’s opinion. It seemed like she was already part of their group.

“Let’s do it” Chu Mu nodded his head.

“...” Pang Yue was instantly rendered speechless by the frankness of his response.

Chu Mu wouldn’t listen to her because he actually thought she was like Ye Qingzi, right?

That’s perfect. I’ll go and inquire about more information and then we can go out to look for the Messiah Tree seed.” Xiao Xiao’s face was full of smiles.

Chu Mu agreed to Xiao Xiao not because she looked like Ye Qingzi, but because Chu Mu was respecting his promise to a young woman.

Chapter 1304: Head out towards Quiet Forest

Chu Mu told Xiao Xiao that he heard the two people talking to see the man named Kang on the other side of the Quiet Forest.

Xiao Xiao didn't know much about it but she could go ask her brothers. They would definitely have more accurate news.

After not too long, Xiao Xiao brought back valuable news.

"The person with last name Kang is called Kang Ruodong. He's a famous hunter within the Quiet Forest Fort. Many hunters follow his lead. We're pretty certain that he's one of the people that participated in the crime. He also is loyal to some leader. However, for some reason, Kang Ruodong started gathering his subordinates near the Quiet Forest edges, as if preparing for something."

"Is this Kang Ruodong an Immortal rank expert?" Chao Lengchuan asked.

Xiao Xiao shook her head, "I also heard my fellow senior students say that the immortal rank experts that participated don't dare to show their faces anymore, only daring to send subordinates they trust to continue to find the messiah tree seed."

"Why is that?" Ye Wansheng was confused.

Xiao Xiao wasn't sure either, but this was when Old Li chimed in and said, "It's simple. This crime, when really looked into, is very severe. It relates to the extinction of one of the most ancient species in the world. If you said it in a more mystical way, it's against the way of the heavens. If you don't do anything about it, it's ultimately helping the evildoers."

“And, Divine Sect is at the highest position amongst humans. Though they remain silent, it doesn't mean they won't do anything. Many people that participated in the event were a leader level figure. Divine sect didn't want to touch these leader level figures but they still dare to bring judgement upon the immortal rank experts below them as long as they find complete evidence. And with so many people participating, there must already be a few people divine sect found and have evidence for.”

“Immortal rank experts are all famous people in Wupan and Zhengming Continent. Divine sect and all other factions are still in the process of finding criminals. Any immortal rank expert daring to look for the Messiah Tree seeds openly will have to take the huge blame. Even the immortal rank experts that didn't participate didn't dare hop into these murky waters in these trying times.”

Old Li's words caused everyone to understand. On one hand, they understood why the seed was important but no one dared to look for it openly. On the other hand, they knew now that immortal rank experts were restricted by divine sect. This removed the biggest obstacle on Chu Mu's search path. After all, immortal rank experts were people they still couldn't go against.

.....

After many days of staying in Luan City, Xuan Teacher Sun's medicine boy sent over their xuan items.

After getting it, Chao Lengchuan was the first to be unable to hold back, “It's perfect level ninth rank xuan item! This Xuan Teacher Sun truly is amazing!”

Chao Lengchuan's Thousand Wave Beast was trained to 90%, near 100% already. If his signature soul pet couldn't even beat a secondary of Chu Mu's, Chao Lengchuan didn't have the nerve to face them anymore.

And now with a near certain success rate xuan item, it means that as long as he strengthens his thousand wave beast normally, a top tier dominator rank thousand wave beast would be born. How could Chao Lengchuan, always yearning to get stronger, not be excited?

After getting the xuan item, Chao Lengchuan headed towards his room, not allowing anyone to disturb him.

“Look at him all excited, watch him fail.” Ye Wansheng said, feeling it beneath him to be so emotional.

Ye Wansheng’s xuan items this time were mostly prepared for his secondary soul pets. His main soul pets’ xuan items were all ready. They were all taken from cloud gate elder. Only the cloud gate elder was to blame, forcing Ye Wansheng to take him as master.

Ye Wansheng was the type to not know what the word “polite” meant. Since an old territory commander expert must have a lot in store, Ye Wansheng took whatever he needed without any shame.

His Empress Heavenly Thunder Snake was only 60% trained, Multi Colored Devil Tiger at 50%, Hellthunder Spirit at fifty percent, these three were his high class dominator ranks. He was planning on strengthening them after they reached 70% or 80%. His Sword Beetle, Star Wilderness Devil Colt, and Ice Demon were secondary soul pets he could improve first.

Seemingly influenced by Chu Mu, Ye Wansheng no longer switched soul pets either. Though these commander rank soul pets were going to face restrictions when entering immortal rank, Ye Wansheng still planned on strengthening them.

Pang Yue got the most xuan items. Following Chu Mu often meant battling beyond her rank, so her soul pets’ training percent raised extremely quickly.

After getting xuan items, Pang Yue was extremely excited, her face rosy with excitement.

In New Moon Ground, high class dominator rank was basically a leadership character and beyond Teng Lang, Shen Mo, Xiao Hai, and even the loyal outsiders. Most importantly, she was a support soul pet trainer so her status was even higher than most same rank battling soul pet trainers.

Indeed, following Chu Mu, Ye Wansheng, and Chao Lengchuan was very beneficial. They've only been to Wupan Continent for a short while yet she was already a high class dominator rank support soul pet trainer!

"Why are you staring at us?" Ye Wansheng rubbed his forehead as he looked uncertainly at the happy Pang Yue.

"Thanking you guys. If I trained myself, I don't even know if I could ever reach this rank." Pang Yue smiled dazzlingly.

"If you're thankful, you can give your body to us!" Ye Wansheng said while laughing.

"Pff, I'd rather be Chu Mu's side chick than marry you." Pang Yue retorted without showing any weakness.

Aside, Chu Mu speaking with Xiao Xiao instantly started sweating. Pang Yue was at the very least a soul pet palace princess, what was she saying?

Pang Yue also went back to her room to strengthen her soul pets. Perfect rank xuan items still had a small chance of failure. If she didn't succeed, Pang Yue was going to cry.

Chu Mu got the beast, bug main type with dark sub type eighth rank xuan item, pure ice type seventh rank xuan item, and wind type seventh rank xuan item used to strengthen Zhan Ye, Ning, and Qin.

All three xuan items were perfect quality. One must admit that Xuan Teacher Sun was truly an amazing xuan teacher. If anyone else made so much as a single perfect rank xuan items, they would be praised to the moon. Yet, xuan Teacher Sun managed to make them all perfect quality. This caused them to no longer worry about the possibility of failure.

In reality, with Old Li beside them, as long as they could spent time, they could find more xuan items so a failure in strengthening was only delaying their progress. However, for people that may spent ten to twenty years to find a single seventh rank xuan item, a failure in strengthening could mean they were never going to step into high class dominator rank.

Zhan Ye was near 100% in training rate. Qin and Ning were both around 70%.

In reality, such a percentage was very unsafe.

Chu Mu originally was considering whether he should let Qin and Ning train more to ensure a 90% chance of success.

However, after the generous Xuan Teacher Sun only accepted their material fees and gave back nearly 50,000 xuan, Chu Mu threw that idea away.

With this many resources, why keep his soul pets around middle class dominator rank? They should get straight to high class dominator rank to fight stronger organisms!

Though it was a 70% chance of success, Qin succeeded but Ning failed. It could be because of Ning's low species rank that hindered his success rate. This was something Chu Mu had seen before on books.

Ice type xuan items were rather mainstream. Luan City sold them. Chu Mu spent another 15,000 xuan to buy a high quality seventh rank ice type xuan item to finally push Ning into high class dominator rank.

Chu Mu left Zhan Ye's strengthening to the last.

Zhan Ye had three whole types. Such strengthening was very tiring and the soul remembrance guidance was much more complicated. Chu Mu needed to rest well before starting that strengthening.

.....

"Chu Mu, I heard you failed in strengthening, congratulations." Ye Wansheng greeted Chu Mu with smiles.

Chu Mu didn't bother giving this delighted man any attention and turned towards Chao Lengchuan and Pang Yue.

"Stop acting, your delight is oozing off your faces." Ye Wansheng said.

Chao Lengchuan and Pang Yue though were calm, their flashing eyes sold out the excitement in their hearts. Without a doubt, they succeeded!

“Where’s Xiao Xiao?” Chao Lengchuan asked.

Everyone agreed that after they finished strengthening, they were heading towards Quiet Forest Fort City to find a lead on the seeds.

“Probably going to say goodbye to Xuan Teacher Sun.” Chu Mu said.

“She’s really joining us? Chu Mu, if my sister knew that you started hanging out with a woman that looks like her, what do you think she’ll think about it?” Ye Wansheng said.

Chu Mu glanced at Ye Wansheng. Why was he always full of trash?

“Hey, you all done? Can we leave now?” After not too long, Xiao Xiao rode her noble four winged flying horse to them.

“En, let’s leave.” Chu Mu looked at his map to see where the Quiet Forest Fortress was.

Through his soul pact, Chu Mu could also feel Ning Maner slowly heading in that direction.....

Chapter 1305

Quiet Forest was near Wupan Continent, which was near the world’s main mountains in the north east. There was still a long distance from Luan City to Quiet Forest

The paths are all made. The path forward will still be mainly training based. Without powerful strength, he couldn't do anything.

After leaving Luan city for a month, Chu Mu specially selected a calm place and started strengthening Zhan ye.

Zhan Ye's xuan item was the hardest to find so Chu Mu naturally had to wait for Zhan ye to reach full training before he dared to strengthen it.

After taking out the xuan item, Chu Mu sat on the river rocks and slowly closed his eyes.

The ringing beside his ears slowly disappeared and Chu Mu blocked out all sounds to start strengthening.

Four people saw Chu Mu training in concentration and all didn't bother him and instead went to rest on the other side of the stream.

The weather was hot. The two women both took off their shoes and started walking around in the stream. Not sure who started to spray water around, but soon Ppang Yue and Xiao Xiao started splashing each other, letting out peals of laughter.....

As they played around, a roar came from where Chu Mu was and caused the entire forest to be jolted.

“He probably succeeded in strengthening.” Pang Yue turned to Chu Mu and said.

“What soul pet is he strengthening?” xiao Xiao gazed curiously at Chu Mu.

“It’s a battle beast Mo Ye.” Pang Yue said.

“Mo Ye? Isn’t it a commander rank soul pet?” xiao Xiao said.

Commander rank soul pet was pretty low to spirit dominator rank people. This commander species rank soul pet has no hope of entering immortal rank. In fact, some people would even say that commander ranks have a higher rate of failure when going into dominator rank.

“His Mo Ye is very powerful.” Pang Yue said with shining eyes.

What caused Pang Yue to never forget was on wanxiang plain when this Mo Ye used its near dominator rank strength to defeat two soul pets higher rank than it, the Fighting Heaven Horned Beast King and the Icy Death Devil. The shock that fight brought Pang Yue was unprecedented. She never thought that a soul pet could have such a powerful late game.

“Really? Even if he successfully strengthens it, its high class dominator rank and probably isn’t much stronger than my Fei Fei.” Xiao Xiao said.

“You’ll see.” Pang Yue intentionally said nothing.

Xiao Xiao still didn't understand. Wasn't it just stepping into high class dominator rank? Her four winged flying horse was a rank stronger than even normal high class dominator ranks.

"Pang Yue, are you guys lovers? Why is it that you always sleep together but I feel you're just normal friends?" Xiao Xiao asked.

"Don't say that. He just meditates with me. He's a training freak and doesn't really sleep at night. I'm just friends with him, also with Ye Wansheng and Chao Lengchuan." Pang Yue quickly explained.

"Oh, he's single?" Xiao Xiao said very gossipy.

Pang Yue didn't directly answer but instead remembered something else, "Speaking of, did anyone tell you that you look like his fiancée Ye Qingzi?"

"Me? I look like his fiancée?" Xiao Xiao blinked and thought back. She remembered that back in the auction house, he did stare at her for a long time. Turns out it was because she looked like someone.

"Yeah, you look similar at first glance." Pang Yue said.

"Oh, oh, so lucky...." Xiao Xiao finally understood why he saved her and even offered to heal her. Going silent, Xiao Xiao took a peek at Chu Mu and said gloomily

"Sad?" Pang Yue didn't understand what Xiao Xiao meant.

.....

After successfully strengthening Zhan Ye, Chu Mu's emotions were much more carefree.

Zhan Ye's fighting strength is unpredictable, but defeating a few normal top tier dominator rank soul pets was easy.

Zhan Ye was enough to compete against top tier dominator ranks, while little hidden dragon was asleep. Once it wakes up, it should be able to top tier dominator rank!

His main soul pet already had top tier dominator rank strength. The rest of them also stepped into high class dominator rank. This strength should be unmatched in spirit dominator now!

Chu Mu was somewhat impatient for a fight now!

"Chu Mu, the next city will be a border city of Beast Palace. After going through this forest, do you want to go to the city? Xiao Xiao can get some information from the palace." Pang Yue said with her map.

"Show me the map." Chu Mu took the scroll from Pang Yue.

The scroll is very long, enough to drag along the ground. The small portion was nearly ten thousand kilometers. Normal people would take forever to finish walking.

Chu Mu looked at the city Pang Yue pointed at and wanted to see whether they would go out of their way for it.

“En, its a city along the way. Let’s stay there for a few days.” Chu Mu said.

Chu Mu was about to retract the map when he suddenly noticed a strange symbol on the east end of the city.

Chu Mu pointed at it and asked, “What is that?”

Chu Mu often trained outside so he knew all map symbols. Yet, that symbol was something he never saw before. Chu Mu was curious.

“That’s a Heaven Boundary Monument. It’s a very ancient plaque that is said to seal something. Anyways, there’s myths about it everywhere.” Xiao Xiao said.

“Heaven Boundary Monument!” Chu Mu quickly asked Xiao Xiao, “What does it look like, can you describe it?”

“It’s grey, standing alone in a barren land. It’s majestic. Sometimes when the clouds lay low, it feels like it extends into the skies. There are many ancient carvings on it that we can’t read. I heard from some older people that standing at a certain place will create hallucinations. I heard that some special soul pet trainers can see them.” Xiao Xiao said.

Heaven Boundary Monument, its very similar to the two in New Moon Ground!

“We also have two heaven boundary monuments. What is it?” Pang Yue said.

“Who knows. I heard old people say that there are many of them on the world, each hiding a secret. Other than the one outside our city, there's one to the south of Wupan as well. I heard a heaven boundary monument. That one is more mysterious. At eclipses, one can hear warcries. Its known to be a ghostly one. There's also a heaven boundary monument....en? I forgot where, anyways we Wupan Continent have three.” Xiao Xiao said.

Heaven Boundary Monuments existence had never had a precise answer. However, with monument tears, Chu Mu discovered a secret under one of them, which was the ancient dragon man.

That was a disaster that would cause mass hysteria with a public announcement.

Chu Mu originally thought they only existed in New Moon ground, yet he didn't expect Wupan to have three as well.

This caused Chu Mu to start guessing just why they existed. Did they really seal something or did they hide something even greater.....

“Let's go to Lin City.” Chu Mu ascertained the direction.

Chu Mu decided to look at the heaven boundary monument once he got there. Though little princess wasn't there to help him decipher the text, Chu Mu believed that he would feel something if every monument was connected.

.....

The city wasn't a very special city. The magnitude is similar to Guan City but it wasn't particularly outstanding in any way.

After stepping into Lin City, Xiao Xiao directly took Chu Mu and the others to beast palace.

The beast palace, elemental sect, undead burial, and plant sect- these were the four strongest factions in Wupan, just secondary to divine sect.

Beast Palace had a sect in Lin City. As a rather high level member of Beast Palace, Xiao Xiao naturally would get welcomed.

The beast palace has an inner mountain within the lin city palace. The massive mountain and cascading stairs were enough to intimidate anyone.

The mountain already had many disciples waiting there respectfully to lead them into this sect of beast palace.

"Xiao Xiao, the sect master is welcoming an important guest. Please rest in Purple Mountain first. Sect Master will visit personally tomorrow." The disciple said respectfully.

"Let him stay busy, I don't want to see him. I'll leave and go." Xiao Xiao waved his hand and said annoyingly.

"This.... This...." The other disciple was embarrassed but backed off helplessly.

The purple mountain had a villa that seemed to be used to welcome important guests. It was cleaned up very well and also had female servants.

“Elegant environment, good scenery, this villa is good. Speaking of which, Xiao Xiao, you seem to have a good position in beast palace, even the sect master wants to meet you.” Ye Wansheng said.

“A sect master, he’d have a pseudo immortal rank soul pet at most. Uncle Sun can easily defeat him.” Xiao Xiao said.

“Isn’t your Uncle Sun a xuan teacher?” Chu Mu asked confused.

“Yeah he is, but he’s also a soul pet trainer. Speaking of his soul pet trainer, its much higher than his xuan art.” Xiao Xiao said.

Ye Wnasheng glanced at Chu Mu and said, “Chu Mu, you kidnapped a pretty high level beast palace member.”

“Don’t say that, there are many people in a higher position than me in beast palace.” xiao Xiao said.

Chapter 1306: Ning Maner’s Escape Route

.....

On the second day, the Demon Beast Palace sect gate master personally visited.

This gate master was an older middle aged man. He wore a brown long robe and the first thing he did when he entered the mountain villa was tactfully ask for forgiveness.

“There really was an honored guest yesterday. I hope that Young Lady Xiao Xiao can forgive me.” said the Demon Beast Palace gate master.

“It’s fine, it’s fine. I happen to have a few things to ask you.” Xiao Xiao waved her hand and let the old gate master sit next to her.

“Please ask, young lady.” said the old gate master.

“My senior martial brothers are currently investigating the people that had committed the Quiet Forest crime. I heard my Uncle Sun say that you had some information, so I came to ask.” said Xiao Xiao.

“So it’s Xuan Master Sun’s interest...” when the old gate master heard Xiao Xiao use Xuan Master Sun’s name, he immediately nodded his head and said: “I don’t have much information, but I found something a few years ago in the jurisdiction I was administering.”

“Tell me.” said Xiao Xiao.

“Back then, there was a group of people among them that wasn’t in Quiet Forest. Instead, this group was chasing a group of creatures fleeing from the forest. There were about 50 of them. When these creatures passed by Heaven Boundary Monument, they were intercepted and a huge battle broke out there.” said the old gate master.

“That happened? Tell us the details.” Xiao Xiao’s eyes lit up.

When the Quiet Forest crisis happened, many creatures had fled Quiet Forest. Yet, 50 of these creatures had been pursued all the way from Quiet Forest until Lin City. Clearly, these 50 creatures had something very important on them. Perhaps the Messiah Tree's seed was among them.

"Because there were too many experts then and my strength was meager, I could only watch from afar. I didn't dare get near and my knowledge was very limited." said the old gate master.

"What were you afraid of? You are an immortal rank person." Xiao Xiao said, dissatisfied.

The old gate master's face went red. He coughed and continued: "Young Lady Xiao Xiao, the scene was very chaotic and regardless if it were the 50 creatures from Quiet Forest or those evil men, they were all very strong."

"Did you recognize anyone?" immediately asked Xiao Xiao.

"This... this old man cannot say..." said the gate master.

"Why can't you say?!" immediately pressed Xiao Xiao.

"If Xuan Master Sun personally came to ask, I could tell him since this matter involves... oh, that's right. The honored guest this time is Upper Official He from Divine Sect. He's also investigating this matter. Would Young Lady Xiao like me to introduce him?" said the old gatemaster.

"I don't have any interest. What else do you know?" asked Xiao Xiao.

At this moment, Pang Yue moved up to Chu Mu and asked: “What’s an upper official?”

“Divine Sect is divided into master, upper, middle and lower officials. Upper officials should be the highest title for those in the spirit dominator rank.” explained Chu Mu.

Chu Mu remembered Lu Yuqin was a master official. Chu Mu had previously thought Lu Yuqin had peak dominator rank strength. Later, he learned that in order to obtain the master official position, one had to be an immortal rank expert.

If Lu Yuqin had wanted to forcibly take away the spectral Jinrou, there really wouldn’t have been anyone capable of stopping her.

But this also showed how Divine Sect’s Lu Yuqin was very honorable. If it were another immortal rank expert, why would they care about honor?

Divine Sect’s positions were normally higher than those in other factions. Although Demon Beast Palace’s old gate master was an immortal expert, he should have sat equal to Divine Sect’s master officials. However, due to the high status of Divine Sect, even though an upper official was the one who came here, the old gate master had to personally greet him.

Xiao Xiao continued to try and pry information. However, at the same moment, Ye Wansheng and Prince Chao who were strolling around the sect came back with angry expressions.

The two of them had gone out early in the morning to find a place to spar. Who knew what happened, but when they returned, they were angry and their voices could be heard even from the front courtyard.

“Who was he. Really... what is he playing at. If it weren't for so many people with him, I would've beat him up already!” Ye Wansheng's face was full of grievances.

“That's right. How did us sparring bother him at all. Didn't we just shatter the barrier and scare those women behind him? We even went up and apologized.” Chao Lengchuan also looked unhappy.

“Did you remember his name?” said Ye Wansheng.

“I don't know. I just know the people around him were calling him He something.

The two of them spoke as they entered the main hall. But as they entered, the old gate master, Chu Mu, Xiao Xiao and Pang Yue all looked with wide open eyes at them.

The old sect master's smiling face had frozen and he quietly asked: “The one you're talking of is Upper Official He?”

“Yes yes yes, that's him. I heard the people around him call him that. I remember now.... Uncle, don't you feel he's also very unpleasant?” Ye Wansheng instantly remembered.

The old gate master's face turned black.

The two of them just had to go provoke the person from Divine Sect!

“You didn’t get into too big of a conflict, right?” the old gate master calmed himself and asked with a black face.

“It wasn’t anything. We just cursed him a few times.” said Chao Lengchuan.

“That’s fine then...” the old gate master’s complexion eased a bit.

“Prince Chao, you’re so tolerant. Even when humiliated, how could you just curse him a few times? When I apologized, I secretly spilled a bit of poison flea powder. I’m going to guess he’s scratching through his tender skin right now. Hahaha.” scummily laughed Ye Wansheng.

“What is poison flea powder?” asked Chao Lengchuan, confused.

“It’s a unique poison powder. It’s colorless and odorless. It’s also very hard to detect when using soul remembrance. It was something my younger sister concocted for herself to use on classless and vile men who didn’t stop bothering her. I’m sure you can imagine how glorious it is to sprinkle some of that flea powder on someone else which will attract those tiny poisonous insects. We’re on a mountain right now and small poisonous insects are all over a mountain. If the small poisonous insects from all over the mountain run to him, even if they don’t bite him to death, he’ll have lost a layer of his skin within the hour!” said Ye Wansheng.

While Ye Wansheng was speaking, he had even casually walked next to the old gate master and sat down. He continued to vividly narrate how he had secretly sprinkled the poison flea powder onto the man named He.

Ye Wansheng was a thick-skinned fellow, and didn’t realize that the four people already sitting down had strange expressions. Moreover, Chao Lengchuan who was a little slow himself was just foolishly nodding his head with vigour, telling Ye Wansheng that this was a great trick!

For some reason, as he listened to Ye Wansheng tell them about the poison flea powder, Chu Mu felt uncomfortable all over...

Poison flea powder that even soul remembrance couldn't detect.

What on earth was Qingzi concocting this for?!

Suddenly, Chu Mu realized if he made Qingzi angry one day, he could die a miserable death while Qingzi faintly smiled with cold intentions.

Normally Ye Qingzi was a girl who could hold back her temper. But he slept with her every night and what if one day she had a sudden impulse to do something to him...

As Chu Mu was thinking that he needed to treat Ye Qingzi better in the future, the old gate master whose hairs were standing on end from Ye Wansheng could no longer sit still. He got up and hastily exited the mountain villa.

"Hey, this Uncle is definitely going to go see how miserable that man surnamed He is. Haha, he's so old but can really hold a grudge! I would guess he really hates that man surnamed Jia, otherwise, why would he be so emotional when I just spoke." laughed Ye Wansheng.

"The two of you..." Pang Yue didn't know what to say.

Xiao Xiao didn't think anything of it and pestered Ye Wansheng for any more of the poison flea powder. She could also use it to deal with lechers.

"Speaking of which, Xiao Xiao, did you find out anything?" Ye Wansheng asked as he gave the poison flea powder to Xiao Xiao.

"We only learned that there was a group of people chasing 50 soul pets from Quiet Forest. They also fought a battle at Heaven Boundary Monument. That old man really is something. What would it matter if he told us. I dare say he definitely knows who was among that group of people." Xiao Xiao carefully put away the poison flea powder.

"The old gate master was actually just using his eyes to silently hint something to you." said Chu Mu.

"He was hinting something to me? Hinting what?" Xiao Xiao asked, confused.

"He was hinting to you that there were people from Demon Beast Palace among that group." said Chu Mu.

Chu Mu had detected this detail, but unfortunately Xiao Xiao wasn't as perceptive.

"People from our Demon Beast Palace? Oh? Could our Demon Beast Palace's people have participated in this event..." said Xiao Xiao with a face full of shock.

"Probably. Xuan Teacher Sun had also secretly told us this." said Chu Mu.

When Xiao Xiao thought back to what Xuan Teacher Sun had said, she immediately understood. However, this news greatly shocked her. She was a member of Demon Beast Palace and Demon Beast Palace was criticizing this event. How would she imagine there were people in Demon Beast Sect participating in this criminal event.

“Oh, Chu Mu, where are you going?” Xiao Xiao saw that Chu Mu had stood up and was puzzle why.

“I’m going to look at the Heaven Boundary Monument.” said Chu Mu.

Chu Mu remembered Hai Qie telling him that in Wan City, there was a huge group of people chasing over 20 wild soul pets which were trying their best to protect a young girl.

The same thing had happened here at the Heaven Boundary Monument. Did that mean when Ning Maner and those guardians fled Quiet Forest, they fled along this path and were intercepted at Heaven Boundary Monument before being reduced from their original 50 to 20?

When Ning Maner fled to New Moon Land, she didn’t have the Messiah Tree seed on her. If Ning Maner had taken the Messiah Tree seed when she fled Quiet Forest, there was a chance she could have hidden it somewhere as she fled.

Chu Mu felt that Heaven Boundary Monument was likely to be a great place to hide the seed. Indeed, Ning Maner’s path of escape had taken her to Lin City’s Heaven Boundary Monument and then to New Moon Land. And New Moon Land also had a Heavenly Boundary Monument.

If this wasn’t just a coincidence, there was probably a reason behind this.

Chapter 1307: Heaven Boundary Monument, Time and Space Pointer

Heaven Boundary Monument was still a distance away from Lin City. When Chu Mu embarked, he had Night run at its fastest speed.

It took about a day before Chu Mu saw a huge expanse of land filled with overgrown wildlife.

However, for some reason, there wasn't an inch of grass around Heaven Boundary Monument. Frigid wind and yellow sand danced around it together, preventing people from seeing where they were going clearly.

The orange yellow sky was very high up. As the afternoon came, the sun hung on the horizon, casting long shadows. It was like a timemial that pointed to some time in the past.

In the sand and long shadows, Night's sleek body swiftly moved forwards. Its speed continued to grow faster and in an instant, it arrived under the Heaven Boundary Monument.

The Heaven Boundary Monument was ground and tall. If one were to look up, it would be impossible to see the top.

Countless ancient words and vestiges of a watery moon were carved on the Heaven Boundary Monument. When one seriously stared at them, he would feel like a legendary scene of the past had appeared in his mind - one that was both deeply moving and soul resonating.

Jumping off of Night's back ,Chu Mu walked up to the Heaven Boundary Monument. He looked up and stared at the ancient stone monument.

For some reason, the Heaven Boundary Monument looked like an elder of time in Chu Mu's eyes. This elder had many stories of the past and would always use profound words to convey them to people who understood him; yet, he would never tell them the full story.

While Chu Mu had forgotten the Heaven Boundary Monument, it had used the Monument Tears to silently watch him. Then, when he had lost his consciousness, it had slowly told him of the past.

Chu Mu would have this feeling at every Heaven Boundary Monument, including the one he was looking at now.

Chu Mu looked up and silently stared as he stood there, unmoving.

“Hu hu hu hu~~~~~”

The yellow sand was drifting through the air. A drift of thin sand flew over, blowing against Chu Mu's clothes and hair.

The afternoon sun began to sink, eventually appearing behind Chu Mu, lengthening his shadow as well as the Heaven Boundary Monument's shadow. Gradually, the human and monument shadows began to match up...

The time dial seemed to stop in this instant. The sand, earth and overlapping human and monument shadows all stopped. Another dimension of time and space unfurled itself like a scroll on the mirage-like earth.

The world suddenly became silent besides the blowing sand besides one's ear.

When Chu Mu opened his eyes, he saw the Heaven Boundary Monument lonely towering on the boundless earth. Everything around it was empty.

However, when Chu Mu's mind was pulled towards a voice filled with magic power, Chu Mu suddenly realized he was standing in another dimension of time and space and was watching a scene from the past!

Chu Mu didn't feel surprised from the time and space change. His heart was very calm.

The space around him began to illusorily warp. Sand still continued to fly through the air and the Heaven Boundary Monument remained standing by itself. However, in this new dimension of time and space, a great number of powerful figures had appeared.

"Chasing was greatly exhausting. But, we ultimately caught up." a voice emerged somewhere.

Chu Mu was able to see a Poison Teeth Beast. Its teeth were fully bared and took the shocking shape of arcs. These teeth resembled imposing horns filled with poison.

Red and black poisonous markings covered its entire body, making it look like a terrifying and malevolent poisonous bug lying on the ground. From time to time, it would twitch its body.

The ground under its feet had been corroded. The power of this Poison Teeth Beast was far more than the four Chu Mu had encountered in the past. In fact, Chu Mu felt that even if he summoned all his soul pets, he probably wouldn't even be its opponent!

This was an immortal rank Poison Teeth Beast!!

On the back of the Poison Teeth Beast was a man standing on top of a black cloth. The man's cheek bones were very protruding and his bulging eyes could clearly make others feel his insatiable greed.

The words just now had come from this man.

He was currently standing where Chu Mu was. Chu Mu knew that he didn't belong to this time and space and subconsciously looked behind him.

50 different species soul pets formed a defensive formation around the Heaven Boundary Monument. Each soul pet's eyes were extremely resolute. They were staring at the enemies around them while also protecting something.

As Chu Mu looked over, in the faint image, he was able to see a small and dainty girl. The girl was being held by a strong lion man in its arms.

Chu Mu had never seen this lion man creature. It possessed a powerful humanoid body resemblant of the giant species. However, its head was that of a mighty lion. It had the intimidating aura of a king.

Chu Mu was very certain it was one of Ning Maner's protectors.

There were wounds already on many locations of the lion man's body. These wounds weren't fresh. From the scarring and ulcering, they had probably been there for a long time already. However, they had reached their current state due to poison, dark corrosion, festering and not treating them for a while now.

Evidently, the lion man had been fighting for a long time!

The lion man's eyes were an azure yellow color. Its arms were very thick and full of strength. They were something many powerful giant species members were incapable of comparing to.

However, these arms filled with destructive power were currently wrapped around the girl's frail body. The girl timidly stuck herself to the lion man and her spirited eyes were filled with fear and unease.

"Will we die?" the girl looked up and softly asked.

The lion man's expression was resolute and steadfast. It knelt down, but when its cold and emotionless eyes turned to look at the girl, they turned soft and warm.

Image after image continued to appear around them. After surveying the scene around the Heaven Boundary Monument, Chu Mu discovered that it wasn't only the black cloth man that had come to surround the creatures that had escaped from Quiet Forest. When he looked across, the surroundings were packed with people. There was no path of retreat for these 50 soul pets!

The number of enemies was ten times the number of these soul pets!

The over 1000 soul pets occupied the empty land around the Heaven Boundary Monument. On top of some of these soul pets were soul pet trainers. The eyes of these soul pet trainers were currently filled with excitement and greed!

They had chased all the way from the distant Quiet Forest in order to steal the Messiah Tree's seed. Now that the Messiah Tree's seed was in front of them, they only needed to get rid of these 50 obstructing soul pets and they would then possess strength that would allow them to look down on the rest of the world!

"You know what to do. Go. For every Quiet Forest protector you kill, I will give you a great reward." the black cloth man laughed. His two cheekbones seemed like they were going to pop out of his skin.

The thousand human and soul pets let out zealous roars. The scene of them charging forth couldn't help but make Chu Mu suck in a breath of air.

Everything Chu Mu was seeing was illusory. But the overbearing aura caused a wave of violent sand to crash at him.

Emperor rank, dominator rank, immortal rank. Demons with naturally superior in speed, beasts with overbearing strength, fire types with stunning destruction power, lightning elementals. All of these powerful soul pets flew past Chu Mu, making it a war-like conflict. They were unstoppable and all wanted to kill!

A deafening roar and the shaking earth caused Chu Mu's consciousness to slightly slacken. With over 1000 humans and soul pets, how strong did the other side have to be in order to stop them?

On all sides there were soul pets approaching, but Quiet Forest's creatures remained standing there, staring at the whipped up sandstorm.

"Hou hou!!!!!!!!!"

The lion man lifted his head and gave a roar, ordering his 50 underlings next to him to use their lives to meet the attack!

The yellow sand covered Chu Mu's surroundings, blocking his vision. He was only able to see in the final instant, the girl close her eyes and quiveringly hide in the lion man's embrace. She refused to look on.

Shouts, yells, roars and miserable cries...

The sand grew thicker and thicker. Every so often it was possible to see a powerful figure jump into the beast group. Every so often it was possible to see some powerful figure fall.

Suddenly, a big body collapsed right next to Chu Mu.

Fresh blood slowly flowed to Chu Mu's feet, forming small streams of blood. The scalding blood expressed the unresigned nature of the creatures facing death.

This was a dominator rank Ash Beast. Chu Mu remembered that it was standing to the front left of the lion man. It was probably a capable general of the lion man leader.

It had fallen deep into the enemy army. Despite its powerful strength and shocking aura, it was ultimately unable to stop the besiegement from over 100 dominator rank creatures.

There were so many wounds on its body it was difficult to count. Chu Mu was presently standing in front of where the Ash Beast had fallen. Its head wasn't even three meters away from Chu Mu.

Within these three meters, sand would continuously fly up through the area. The illusory Ash Beast raised its head as if it could see Chu Mu in the other space time.

It raised its head and looked right at Chu Mu. It just looked. But from its eyes, Chu Mu could read a lot.

Chu Mu's heart had been touched, and Chu Mu truly found it hard to forget the Ash Beast's eyes.

Its unwillingness; it was unwilling to have fallen like this. Its vexation; vexed why it was so weak. Its pleading; pleading to the unknown to come and save it.

Although it was just an illusory scene, it seemed so real!

Chu Mu's emotions fluctuated along with the battle's intensity. In fact, he felt as if all this was happening right now. He wanted to summon his soul pet and transform into a devil to slaughter all of these people with insatiable greed. Not a single one should be left alive!!

Unfortunately, the past could never be changed. Despite the intense emotions and anger in his heart, Chu Mu could only silently watch. He could only watch as the tragedy unfolded before his eyes. Watch as the protectors fell one after another. And watch as the girl's tears continuously flowed.

Chu Mu closed his eyes. He suddenly remembered something Old Li had once told him: Every person would have something worth using their life to defend.

After seeing this scene, Chu Mu realized Old Li wasn't necessarily referring to humans. In fact, he was including soul pets. There would be something for them to use their lives to protect. Even after they had fallen, they would regret the insignificance of their strength...

Chapter 1308: Divine Sect's Revenge!

The scene was getting more and more fuzzy. The only thing Chu Mu could see was the little girl. She opened her teary eyes wide and tried her best not to cry, yet tears flowed out uncontrollably regardless.

Chu Mu walked beside her and suddenly noticed one tear hanging in mid air, suspended in time and space.

Chu Mu subconscious extended a hand to catch it. The tear became a crystal that fell on Chu Mu's palm, icy with the despair of a young girl!

"Monument Tear....." Chu Mu looked at this tear, and was despondent.

Around him was a scene that had happened many years ago and was untouchable. However, this tear fell solidly into Chu Mu's palm.

A tear that traveled through space and time?

Not really. This tear had already been created at the time, and was stored in the heaven boundary monument's ground. One could say that this special tear caused Chu Mu to see the scenes in the past.

This was a tear that belonged to Ning Maner. Because of Chu Mu's soul pact with her, Chu Mu could see the memory that broke Ning Maner's heart.

.....

All the scenes before them disappeared. Chu Mu still stood in place, his hand holding the real tear as his heart continued to be moved.

Her weak crying still seemed to resonate in his ears. Chu Mu closed his eyes and swallowed slightly.

A man in a black scarf.....

Chu Mu already completely remembered his face. Those two avaricious cheek bones have to be shattered!

After a long while, Chu Mu carefully stored the tear away. He remained standing under the Heaven Boundary Monument to see if it told him anything more.

Sadly, the heaven boundary monument left Ning Maner's tear for him but didn't tell him anything else after.

The sun slowly fell. Chu Mu knew that at night, the Heaven Boundary Monument falls asleep and became an icy cold monument so he didn't stay for any longer and went back to Lin City.

.....

## Purple Mountain Villa

In the hall, Ye Wansheng looked sincerely at the old sect master and said, “There really is no cure to this, it’s just two or three days of itching and you’ll be fine.”

The old sect master was nearly in tears. It was only a day but High Official He already scratched his skin off. In two or three more days, he won’t be recognizable!

“Prince Ye, please help me think of a way to alleviate it at least. You don’t have any major grudge with each other, why push it to this extent.....” Old sect master begged.

Finally welcoming a high position person in divine sect. Old sect master wanted to treat him well, so maybe they could ask divine sect for help when they needed it. Yet, with Ye Wansheng’s trouble, the High Official He probably would hate Beast Palace as well.

“Alright, seeing as you’re so sincere, go get some young boy urine and tell him to sit in it for one or two hours, that’ll fix it.” Ye Wansheng said.

“Young.... Young boy piss.....” Old sect master’s face was twisted.

A High official in divine sect was an insane position. He wouldn’t even use normal water to wash his body, let alone urine. If he were told to step in it, he’d rather kill himself!

Finally, old sect master had to leave helplessly. If old sect master knew that he was taking in a troublemaker like Ye Wansheng, even if he had to anger Xiao Xiao, he definitely would have rejected them!

"You're telling him to bathe in young boy urine...." Xiao Xiao burst out into laughter. Ye Wansheng really is bad. There was an antidote, yet he told them to go bathe in urine.

Aside, Pang Yue felt Ye Wansheng truly went over the line. If they came for trouble.... Divine sect wasn't easy to mess with.

.....

In another villa, in a well lit elegant room, a row of servant girls were kneeled down with their heads lowered, all frightened as they faced the door.

There were constant calls of itching and pain in the room, and even the sound of ripping skin.....

"What, you're telling High Official He to bathe in...." An angry and surprised voice came from the room.

Within the room, the old sect master had a bitter face and said the method to High Official He. Yet, before he even said anything, his subordinates started shouting out loud.

"Don't waste time, quick..... Quick help me get some!" Upper official He nearly lost his mind getting itched by these poisonous bugs. He no longer cared about the urine, as long as he could get these bugs off.

The old sect master naturally already told people to prepare it. In the beast palace, there were still a decent amount of young disciples so it didn't take long for them to gather it.

Very quickly, a large basin of “antidote” was brought forth. The servant girls added hot water and wrinkled their noses as they poured the foul urine into the bath.

Waves of odour wafted outwards. The divine sect men and women outside the bath were all weirded out at the thought of their respected High Official he bathing in it.... The very thought was dirty!

“Cai Yun, who do you think did this to High Official He?” A man said.

“Definitely the two people that day, especially the one that smiled as he apologized. Have you forgotten? When he was apologizing he faked tripped and definitely threw the poisonous powder onto High Official He then.” The girl named Cai Yun said with anger.

“En, I feel so too. I heard already, they seem to be beast palace guests and live in purple mountain villa.” The white clothed man said.

“We can’t let them free! Poisoning a divine sect member is a great crime!” Cai Yun gritted her teeth.

“Yes, such a person definitely has hurt countless innocents and can be removed without hesitation!” The white clothed man agreed, as if he would agree to anything Cai Yun said!

After an hour, High Official He finally stopped itching.

When it was near midnight, High Official he finally couldn’t stand the smell and immediately told them to switch the bath to get rid of the odor.

All sorts of perfumes were added into the water. Though it easily washed away the smell on him, for some reason, High Official He felt as if he still had the smell. Even his few companions seemed to distance themselves from him intentionally!

The poisonous bugs were already wiped out so High Official He's logic and pride slowly came back. Thinking back to how he stayed in that urine for an hour, he felt an unprecedented amount of shame!

After treatment, High Official He's skin started healing but the deep scars on his face were still unable to be cleared. After donning his clothes, even deep into the night, High Official He couldn't fall asleep with the rage boiling in his heart.

"Wan Jun, have you figured out where they are?" He asked in a frigid voice.

"They live in purple mountain villa." The white clothed man named Wan Jun said.

"Bring some powerful people, set down a barrier. Remember, don't alert the old sect master." High Official He was already showing killing intent in his tone!

"High Official He, Boss Xu told us not to cause trouble...." Another man said in a low voice.

A cold glance from High Official He caused him to immediately shut up.

To a person that just bathed in urine, calm and logic didn't exist. As for reporting back to his higher ups, he never even thought of it!

.....

Deep in the silent night, a few extremely quick figures floated over the bridge. They didn't alert any of the patrolling disciples and entered straight into the mountain.

Divine sect had many diagrams, including barriers that could block power and soundwaves. Such barriers were perfect in this situation. It often won't affect anyone.

Putting down the barrier, High Official He and a few divine sect members with their faces covered appeared outside the villa door.

High Official He covered his face not so he couldn't get recognized but because his scars haven't healed up. Yet, even with his face covered with a strip of cloth, his anger was still evident through his slightly shaking face!

It was midnight, most people were asleep.

However, maybe because of Chu Mu, Ye Wansheng, Prince Chao, and Pang Yue didn't sleep and all meditated in their rooms.

Of the three, Ye Wansheng had the highest remembrance. When he was meditating, he vaguely felt the entire mountain going especially silent.

Ye Wansheng has been in the society for many years now. He himself has done plenty of dirty deeds. He was sure that after getting rid of the poisonous bugs, the divine sect people will come over. However, ye Wansheng didn't expect them to come so quickly and set up a barrier, as if they wanted to kill them while the night was dark.

"Prince Chao, they're here." Ye Wansheng said through his room wall to Chao Lengchuan.

"I know, want me to wake pang Yue and Xiao Xiao?" Chao Lengchuan asked.

"No, let us two do it. It's finally a chance where Chu Mu isn't here." Ye Wansheng said.

"True. However, that High Official He really seems to be powerful. I don't know if we're his match." Chao Lengchuan said.

"So what, let's fight first." Ye Wansheng said.

Troublemaking was Ye Wansheng's species technique. Using his words, he could keep himself in constant combat with this!

"En, but if we can't beat it, let's tell Chu Mu's bodyguard to help us. I remember Chu Mu didn't bring it with him." Chao Lengchuan said.

"The top tier dominator rank white nightmare emperor? Was it not following Chu Mu?" Ye Wansheng was surprised.

“Yeah, Chu Mu left in a hurry this time, wanting to get to the heaven boundary monument before sunset so he forgot to bring his sleeping bodyguard.”

“Hahaha, great, then we can fight freely against these divine sect fools. I’ve been tired of looking at them!” Ye Wansheng said.

Chapter 1309: Berserk, Black Nightmare Descends!

Ye Wansheng and Chao Lengchuan was already outside the room. At this time, the divine sect member Wan Jun and the other member rode their demons secretly to the front of the villa, wanting to capture the two evil men without anyone noticing.

However, just as they entered, Ye Wansheng and Chao Lengchuan stepped out strutting casually.

“It’s..... It’s two of them!”

Foes seeing each other meant immediate conflict. Wan Jun immediately yelled out!

The people outside quickly knew the two people failed their infiltration so they just walked in. At least they already set up a barrier. Beast palace’s other members couldn’t possibly know what happened.

Two demons stood in the courtyard, their mouths full of teeth wide open. A pair of forest green eyes stared at Ye Wansheng and Chao Lengchuan as if they saw a great enemy.

High Official He and Cai Yun were right behind them. Along with them were a few more divine sect members. They were well trained and quickly surrounded the place, not letting anyone escape.

“Yi, why are they covering their faces? They don’t dare to show their faces?” Ye Wansheng immediately saw High Official He at the front and asked even though he knew the answer.

“How would I know, but why do I feel some sort of odor coming from him?” Chao Lengchuan seamlessly added on.

Having spent so much time with Ye Wansheng, other than Chu Mu’s untainted spirit that could block everything out, no one could stay unaffected by his bad-mouthing habits.

Two short sentences instantly caused the situation to escalate!

High Official He’s cloth strips were stretching to their limits. Everything they did to him, he would give back hundredfold!

“You two don’t even know when you’re facing death! Every divine sect official above middle official has the position of a territory master wherever they go. Any disrespect, harm, or threat can be punished as an irreverence crime. Your actions allow the divine sect to execute you on the spot!” The woman named Cai Yun said with righteous fury!

“Alright little girl, let’s “fight” a few rounds, if you win over me, I’ll let you do whatever you want with me on the spot.” Ye Wansheng teased.

Most divine sect members received first rate education and so they wouldn’t come in contact with the words and interactions of a city dweller. Ones like Cai Yun who never even had much experience in society were already bright red with a few sentences from Ye Wansheng.

Cai Yun remembered that in the past, a mention of divine sect instantly could cause scum like him to run away terrified, but why did these two today look so nonchalant? Did the divine sect hold no threat in their hearts?

“Catch them first, I want them alive.” High official He was taking deep breaths to ease the anger in his heart. However, seeing their unaffected faces, High Official He was even angrier. Having no remorse after committing such a crime was unforgivable!

The two divine sect members riding demons were the first to attack. The two demons jumped fourth with incredible speed, both of their eyes releasing terrorizing demon gazes!

Fear!

Both demons cast a mental terrifying technique at the same time. This was a common technique of divine sect members. If they destroyed an opponent’s fighting intent at the beginning, the following battle would be very easy!

Mental fear came through. Prince Chao and Ye Wansheng used their soul remembrance as a mental barrier and quickly started an incantation.

Ye Wansheng summoned his multi colored devil tiger. Holding a certain amount of intimidation itself, the multi colored devil tiger wasn’t shocked. Under Ye Wansheng’s command, he jumped straight towards the demon!

Prince Chao summoned his Xuan Zhen Beetle. Xuan Zhen Beetle’s xuan items from low class to high class dominator rank were all provided by soul palace. All Prince Chao had to do after entering Wupan continent was to constantly let it battle!

With them both also being demon type soul pets, there was no counter. And since they were both high class dominator rank, divine sect's two demons didn't have much of an advantage. They quickly started fighting in the front yard!

This elegant villa naturally couldn't withstand the shockwaves of high class dominator rank organisms. The four soul pets clashed together, creating a huge tremor throughout the whole villa. Soon after, everything was shattered!

The servants sleeping in the villa all started screaming when the villa shattered, scattering everywhere as they fled in terror.

"Divine sect people, huh, don't you know there are innocents in this villa? If we didn't put down defenses earlier, all these young servant girls would be killed." Ye Wansheng immediately yelled out in feigned anger.

The divine sect people had indeed forgotten the existence of the servant girls and turned red, "That's because your crime was unforgivable!"

Such a large commotion obviously woke both Xiao Xiao and Pang Yue up. Both girls came out in fury.

"They're part of the same team, capture them all." High Official he had already had killing intent, so he didn't care about these servants.

With his command, everyone else no longer hesitated and summoned their soul pets to start attacking Ye Wansheng and Chao Lengchuan.

Pang Yue and Xiao Xiao couldn't sit aside and just watch. They immediately chanted their incantations to summon their soul pets into battle, causing it to become even more chaotic.

"High Official He, they aren't weak, they're all high class dominator rank experts." Wan Jun said seriously.

"Don't waste time, we can't deal with them easily if the old sect master comes." High Official He said with a stern face.

Cai Yun and Wan Jun nodded, no longer conserving their strength and starting an incantation.

The two of them showed soul pact diagrams in front of them, revealing two soul pets far stronger than the previous two!

Light's Fury and Fiery Desolate Bear!

Light's Fury was divine sect's typical light type soul pet. It's species rank was pseudo dominator and is considered extremely high in the soul pet realm.

Fiery Desolate Bear is a fire elemental soul pet with a secondary type of beast type. It's very sturdily built. When it stands up fully, even the highest building in the villa was only up to its hips!

"Top tier dominator rank!" Chao Lengchuan and Ye Wansheng were both stunned.

High Official He and the other two already had top tier dominator rank strength. They really underestimated these divine sect people!

They were both in a tough spot. Facing the powerful Light's Fury and the Fiery Desolate Bear, they quickly cast incantations to summon their signature soul pets.

A piercing lightning fell from the night sky, stopping on the mountain. The massive Empress Heavenly Thunder Snake stood proudly in the ruins, staring down at the Fiery Desolate Bear.

Following that, a golden glow appeared beside the Empress Heavenly Thunder Snake. A Thousand Wave beast also appeared, its body covering a large portion of the courtyard.

The Thousand Wave Beast went up against Light's Fury while the Empress Heavenly Thunder Snake was battling the Fiery Desolate Bear!

The battle between top tier dominator ranks was a whole other scene. The barrier that the divine sect members set up was already severely shaken as it let out energy to the rest of the beast palace.

High Official He's gaze was on the Empress Heavenly Thunder Snake and Thousand Wave Beast. No wonder they dared to provoke divine sect; they were top tier dominator rank experts themselves.

With top tier dominator rank strength, as long as they didn't intentionally trouble immortal rank members, they could move however they pleased!

However, them bumping into him was just bad luck!

As a High Official of Divine Sect, how could he go and punish or intimidate other factions without the corresponding strength?

Considering that the entire barrier would break at any point, High Official He who was hellbent on getting rid of these two people finally chanted an incantation to summon his main soul pet.

He also summoned a Light's Fury. Its pure white glow and qilin like body was undoubtedly a show of identity, especially a top tier dominator rank one.

High Official He's Light's Fury was stronger than Cai Yun's. A burning beam fell down without warning and immediately created a burning hole in Prince Chao's Xuanzhen Beetle.

Thousands of white lights fell down. Prince Chao, Ye Wansheng, Pang Yue, Xiao Xiao, and a few other high class dominator rank soul pets were all burned by the glows.

A second beam fell down. Four high class soul pets' eyes were all blinded by the light. After losing their vision, their reaction speeds were naturally lower.

The other divine sect members used this time to immediately start a fierce assault, forcing the four people to retract their high class dominator rank soul pets.

"Pang Yue, go wake up Chu Mu's bodyguard!" Ye Wansheng finally realized that he may have gone too far this time and said to Pang Yue.

He had interacted with Xu Daofeng in the past so Ye Wansheng knew a high official of divine sect was usually between high class and top tier dominator rank. Ye Wansheng needed someone like that to train himself.

Yet, he didn't expect High Official He's companions Cai Yun and Wan Jun to be similar in power, while the High Official He himself was even more powerful. A single Light's fury was enough to turn the situation around.

Their strength was completely out of their imagination. They realized that they may have gone too far and bumped into a real expert of Divine Sect!

Pang Yue saw the situation turning out of their favor and ran behind their villa.

Chu Mu's room had a barrier set up that wasn't broken. After forcing herself into the barrier, Pang Yue noticed Chu Mu's bodyguard laying against a room corner, closing its eyes as if to meditate.

"Strange, why are its flames turning black?" Pang Yue looked at the white nightmare emperor with confusion.

"Pang Yue, quick!" Not far away, Ye Wansheng yelled panicked.

Pang Yue knew time was of essence and didn't dare to think more, using her remembrance to wake up this strange white nightmare.....

Being disturbed from training, the white nightmare was clearly angry.

Suddenly, it opened its eyes!

The moment it opened its eyes, Pang Yue was shocked!

Pang Yue discovered that the nightmare in silver was slowly turning towards a more evil black!

Chapter 1310: The Evil Aura that Enshrouded Lin City

“Hu hu hu hu hu!!!!!!”

Terrifying black devil flames evilly swept up while Pang Yue stood stunned in place. The explosive flames filled the space around her!

White Nightmares were innately evil creatures. If one wasn't used to their vicious and evil character, it was easy to be scared witless by their aura.

As for Black Nightmares, they were an even higher bloodline Nightmare species. Its evil character was countless times stronger than the White Nightmare. When Pang Yue saw the Black Nightmare open its eyes, her mind went blank, and she felt as if her soul was instantly devoured!

The black evil aura was like a storm that rippled through the entire purple peak and continued spreading into Demon Beast Palace's mountains.

Even during the night, Lin City was brightly lit and grand. However, for some reason, this border city had now been covered by a thick layer of darkness. All of the lights in the city weren't able to illuminate more than ten meters and even the bright moon and stars had retreated!

This was the rule of evil. All of the high remembrance spirit dominator experts in the city and above woke up from their sleep with a start. One after the other jumped up onto light sources and stared at the source of the evil aura.

“What happened?!” an elder appeared in the air and stared at Demon Beast Palace’s mountains.

“I’m not sure. That’s a very dense darkness aura and powerful grievance aura!” responded a high remembrance spirit dominator rank.

There were many high remembrance spirit dominator rank experts in this border city. They were currently gathered together, looking at the distant Demon Beast Palace Mountain.

Everyone could feel that the enormous evil aura was coming from Demon Beast Palace Mountain, which had been completely swallowed by darkness. And on top of this beautiful mountain was a devil creature which hung over everyone’s heads like a shroud, making them tremble!

Demon Beast Palace had no shortage of experts. Presently, about a hundred people were gathered off the purple bridge. They were staring with wide eyes and disbelief at the darkness devouring the purple mountain peak.

There were a hundred high remembrance spirit dominator rank experts, but none of them dared take a step towards the terrifying darkness.

“Gate master!”

“Gate master!”

“Gate master, we’ve already opened the defensive formations and sealed off purple peak. The black devil flames are too terrifying. If we didn’t stop it in time, all of the people on the mountain as well as the buildings will be destroyed.” said a Demon Beast Palace enforcer with a sunken face.

The old gate master was full of shock. Why did such a powerful creature appear in his territory? Why did it take so long before he sensed it?

“Young Lady Xiao Xiao and her friends are all inside.” said another enforcer in a low voice.

“Gate master... Divine Sect’s Upper Official He is also missing. I think he’s also on purple mountain...” reported another disciple.

The old gate master’s face went pale after he heard this.

Both Young Lady Xiao Xiao and Divine Sect’s Upper Official He had a very high status. Moreover, their elders were experts that even he didn’t dare try and connect with. If both of them were to run into trouble there, how would he be able to explain himself to their elders.

“I’ll go in to look. Continue guarding the barrier. Do not let any energy leak out at all.” said the old gate master.

“Yes. Be careful gate master!” said the enforcer.

It was fine if the black energy was contained within their Demon Beast Palace’s mountains. Indeed, these mountains were protected by a barrier. But if it leaked into the city, it would cause a mass of

destruction. If any normal person were to touch a spark of the black devil flames, he or she would be instantly burned to ashes. Not even their soul would remain.

The old gate master chanted an incantation, summoning his wing type soul pet.

The old gate master was relying on an immortal rank Heaven Sky Bird. Probably only the old gate master dared charge into the source of the evil aura - purple peak.

The old gate master rode on his Heaven Sky Bird through the barrier. Instantly, he was met by a wave of raging black flames that made his soul feel an intense cold!

“What powerful devil flames!” said the old gate master in shock.

Passing through the black devil flames roaring everywhere, the old sect master finally found the destroyed mountain villa.

On the mountain villa, Xiao Xiao and her three friends were standing in the original courtyard. Divine Sect’s Upper Official He was also standing there.

The terrifying planes were under their feet. At their rank, if they were completely swallowed up by the black devil flames, they would be dead for sure because these black devil flames were clearly of the immortal rank!

Regardless if it were Xiao Xiao’s group, of Divine Sect’s group, everyone was standing frozen in place with deep fear in their eyes.

“Nie~~~~~”

A human-shaped Nightmare let out an explosive cry.

All of these devil flames had been released by the human shape devil. Currently, this human-shape Nightmare was standing between Xiao Xiao’s group and Upper Official He’s group. Its eyes were savagely glaring at them and their soul pets!

When the old gate master saw that they were unscathed, he immediately let out a sigh of relief.

However, from the black devil flame Nightmare’s violent actions, it would eventually attack them.

In front of an immortal rank Black Nightmare, these people were fragile and weak. They would be easily burned to ashes!

“Gate... gate master. Old gate master... save... save me...” Upper Official He stiffly turned his head. When he saw the old gate master appear, he resembled a man about to die and saw a chance at life.

Upper Official He’s mind had practically come to a halt. He had been in Divine Sect for so many years, but had never seen such an evil and terrifying creature.

Moreover, just now, his Light’s Fury, which was stronger than normal peak dominators by a level, had been torn apart by a single claw from the black Nightmare - an instakill!

It didn't even use a technique and had instakilled Upper Official He's main pet. Thus when he sensed the opponent's killing intent surge upon him, why would he feel like he had a chance of surviving?

The old gate master saw Upper Official He and could sense that the black Nightmare's next target would be Upper Official He!

“Yi!!!!!!!”

The immortal rank Heaven Sky Bird let out an incomparably sharp cry following the old gate master's orders!

This cry was completely focused on the Black Nightmare. The old gate master was confident that extremely violent creatures like the Black Nightmare couldn't stand being provoked.

Indeed, the Black Nightmare abruptly turned its head, and its extremely evil and angry eyes glared at the Heaven Sky Bird.

As it turned to glare, an enormous evil aura was swept over. The old gate master's soul couldn't help but tremble. This Black Nightmare was probably even stronger than his Heaven Sky Bird!
