Chapter 1311: Immortal Rank Power

“Nie!!!!!!”

The Black Nightmare finally found a target it could have an enjoyable fight with. Its body began to float like a phantom.

The old gate master refused to let the Heaven Sky Bird touch the Black Nightmare. Additionally, in order to safeguard the others, he lured the violent Black Nightmare into the sky.

The sky was vast and it was where released immortal rank strength would have the highest likelihood of not reaching others.

The Heaven Sky Bird beat its wings and flew up into the air. It transformed into a beam of light that broke through the densely dark sky.

The evil Black Nightmare, however, followed right behind it. The surrounding torrential flames and thick darkness escorted this devil as it moved.

The scene of the Heaven Sky Bird and evil Black Nightmare flying into the sky was seen by all of Demon Beast Palace’s and Lin City’s experts.

Countless people pointed with shock at the black and arrogant devil. It was a while before anyone said anything.

None of them had ever seen such a haughty evil creature!

On the Purple Peak, as the Black Nightmare was lured away by the old gate master, cold sweat instantly rolled down the backs of Ye Wansheng, Pang Yue, Xiao Xiao, and Chao Lengchuan's necks. Their faces were so pale there was no trace of blood in them.

The feeling they had just now was as if they were standing next to the god of death. If it wanted to take anyone away, it would depend entirely on its mood. It didn't matter if their soul pets were high class or peak dominators; it was just like they didn't exist.

As for Divine Sect's side, Upper Official He, Cai Yun, Wan Jun and the others all collapsed to the ground the instant the pressure disappeared. Especially Upper Official He who had just been targeted. His legs and hands were violently trembling, while the rest of his body was convulsing!

"Heavens.... What on earth was that?!" a while later, Ye Wansheng suddenly spoke up in an incomparably terrified voice.

"Chu Mu... that was Chu Mu's bodyguard..." Pang Yue's voice was also trembling and it took her a few tries before she was able to get her words out: "That was Chu Mu's White Nightmare. I... I saw that the devil flames on its body had become black..."

Xiao Xiao was kneeling on the ground. She was so frightened she couldn't say anything. She had seen immortal rank creatures before, but this was the first time she had seen such an evil and resentful immortal rank creature.

Ye Wansheng and Prince Chao were still palpitating from having a narrow escape from death. Divine Sect's people were still the same. They no longer had any intentions to fight.

They looked up at the thick black fire clouds, and saw the somewhat miserable old gate master and his Heaven Sky Celestial being continuously pursued.

“Even the old gate master isn’t that fellow’s opponent... what are we going to do?!” said an enforcer with a serious expression.

Only the old gate master had reached the immortal rank in Demon Beast Palace. All of the enforcers knew that in front of immortal ranks, peak dominator ranks would be instakilled. Therefore, even if there were over 100 experts here, none of them would dare rashly charge up into the sky.

The black Nightmare was like a cat catching a mouse. Regardless of where the Heaven Sky Bird flew, it would conjure a million layered wave of devil flames that would stop the old gate master whenever he got far away.

In the dark night sky, the old gate master was dripping with sweat.

He knew that his Heaven Sky Bird simply wasn’t this violent Black Nightmare’s opponent. Even he wasn’t sure how long he could last.

.....

Outside the city, a sleek black figure streaked across the expansive earth like a dark star. It flew straight towards Lin City, which was shrouded in black.

“What happened?” Chu Mu creased his brows as he looked at the city ruled in darkness and evil. His expression turned serious.

The darkness and evil was extremely familiar to Chu Mu. It came from the Nightmare species.

However, the domineering and evil nature of this completely surpassed the scope of Silver Nightmares!

“Could it be...” Chu Mu abruptly realized something. He hastily urged Night on: “Night, speed up!”

Night’s speed continued to climb. As the darkness aura grew thicker, its speed was also greatly increased.

An enormous city was passed through in the blink of an eye. The hazy lights from ten thousand homes was left behind them as Night stepped into the shroud of darkness towards Demon Beast Sect’s mountain.

After arriving outside Purple Peak, Chu Mu saw that numerous experts from Demon Beast Palace had gathered here. They were currently receiving Ye Wansheng, Chao Lengchuan and the other Divine Sect people.

“Are you okay?” hastily inquired the enforcer.

Nobody had died from either side, but two Light’s Furys had miserably died under the Black Nightmare’s claws!

Light type creatures would easily incite an evil creature’s anger. Although the two peak dominator rank Light Furys had perished, their masters, Cai Yun and Upper Official He, didn’t show any

expressions of pain. Instead, they overcome more by fear than anything. Indeed, had the old gate master come even a bit slower, they would have also died under the claws of the Nightmare.

“Chu Mu! You’ve finally returned!!” Ye Wansheng threw a glance at Chu Mu, and looked like a huge weight had come off his mind.

“Chu Mu, your bodyguard... your bodyguard...” Pang Yue gaped with an open mouth for a long while before finally being able to speak.

The people from Divine Sect and Demon Beast Palace all looked at Chu Mu. When Divine Sect’s people saw Chu Mu, they all trembled.

The Black Devil looked extremely similar to the man in front of them!

“Didn’t I tell you guys not to provoke it?!” Chu Mu’s voice was as cold as steel.

Ye Wansheng and Prince Chao shrivelled up. If Chu Mu was serious, he was as terrifying as that Nightmare, especially when he was ice-cold.

“It was them. They suddenly charged into our mountain villa and attacked us.” Xiao Xiao pointed to the people from Divine Sect and began to angrily speak.

Chu Mu’s eyes looked over Divine Sect’s members.

Upper Official He, Cai Yun, Wan Jun and the others all had a fear of Chu Mu's appearance, especially since Chu Mu innately radiated an evil nightmarish aura. All of their souls shivered and they refused to speak.

“Yi~~~~~”

Suddenly, a long, miserable cry rang out in the sky!

Immediately after, the Heaven Sky Bird was wrapped by the dense black flames. Like a meteor picking up flames as it shot through the sky, it flew straight towards the back of Demon Beast Palace's mountains.

As the Heaven Sky Bird fell through the air, the black Nightmare that made people tremble immediately followed behind. Everyone could see its black claws had grown in length. From high above, it launched a fatal strike at the Heaven Sky Bird!

Everyone from Demon Beast Sect sucked in a breath of air while the experts from the city were full of shock.

That was an immortal rank Heaven Sky Bird!

Yet, it wasn't even the black, evil creature's opponent. Was an immortal rank going to perish like that?

Everyone's heart was in suspense.

“Third White, enough!!”

Suddenly, a cold shout reverberated through Demon Beast Palace’s mountain which had instantly gone quiet!

This shout had been voiced with soul remembrance and everyone in Demon Beast Palace’s mountain and the surrounding city districts could clearly hear it.

Then, a shocking scene occurred.

The savage and fierce devil creature which was charging up a technique came to a sudden halt from the imposing halt!

The Black Nightmare’s body stopped in midair and allowed the Heaven Sky Bird to fall.

The evil and resentment aura covering its body instantly and suddenly vanished. Its pair of devilish eyes also began to gradually calm.

The Black Nightmare turned its head and searched for the source of the voice. Finally, it saw Chu Mu’s figure standing on Demon Beast Palace’s Purple Peak’s bridge. It

There were over 100 Demon Beast Palace members around Chu Mu. When they saw the Black Nightmare fly at them, they scattered like birds and fled far away.

However, the Black Nightmare was terrifyingly fast. With a single Displacement Specter, it instantly, appeared behind Chu Mu from the sky several ten thousands of meters away.

“Nie~~~~~”

The Black Nightmare let out a low shout. Its eyes glanced over Divine Sect’s people.

It was telling Chu Mu that these people wanted to harm Ye Wansheng and the others. Moreover, they had also summoned light type creatures, which it hated the most.

Divine Sect’s people weren’t able to even flee in time. They just looked dumbstruck at Chu Mu.

This terrifying Black Nightmare was this man’s soul pet!

“Gate master...”

“Gate master, are you okay?”

The old gate master hadn’t smashed into the mountain. Instead, he had buffered himself and barely managed to regain balance.

But when he considered how terrifying the Black Nightmare’s destructive power was, he didn’t dare hesitate and immediately rushed here to save the others.

However, when he flew over, he discovered that the Black Nightmare had already lost the terrifying grievance aura from its body. It was currently standing very obediently behind the man Young Lady Xiao Xiao had brought.

The old gate master was obviously able to discern something. His exhausted, pale face was filled with disbelief.

“Young... Young Master Chu, is... is it your soul pet?” asked the old gate master.

“It can be considered as so.” responded Chu Mu.

If Chu Mu had denied it, this group of people probably would have gotten so afraid their souls would disappear.

Third White took on Chu Mu’s appearance, and anyone who looked would know that it was this man’s soul pet. Moreover, the only person that could restrain such an evil and domineering creature was probably only the soul pet trainer that had signed a soul pact with it.

“Old gate master, are you ok?” asked Chu Mu.

“I’m fine. Enforcers, was anyone else injured?” asked the old gate master.

“No. The disciples are being protected outside Purple Peak’s barrier. The flames also didn’t spread to the city.” said an enforcer.

When he heard that not too many people had suffered casualties, Chu Mu felt much more relieved. Fortunately he had arrived in time. Otherwise, the consequences would have been unthinkable.

“Who... who are you?! Why do you have such an evil soul pet?! I... happen to be an Upper Official from Divine Sect and my Light's Fury died at the hands of your soul pet!” Upper Official He spoke with a trace of anger.

Since it was someone else's soul pet, Upper Official He obviously calmed down a bit and thought of his peak dominator rank Light's Fury which had miserably died.

Chu Mu glanced at Upper Official He and coldly said: “The fact nobody died is already lucky for you. The next time you find trouble for my friends, it doesn't matter if you're an Upper Official or Master Official from Divine Sect, I'll still slaughter you!”

Chu Mu wasn't in a good mood. Not long ago he had seen Ning Maner's fight, and his heart was resounding with ruthless tendencies!

Chapter 1312: Quiet Fort's Ambush

Divine Sect High Official He Mo immediately didn't dare to say anything anymore.

If they wanted to kill him, it was truly easy. Even though divine sect had absolute authority over the two continents, it was useless for him when the assaulter right before him was much stronger.

“This has to be a mistake, everyone has been frightened, so why not follow my disciples back to your new resting place?” Old Sect master quickly came to wrap things up.

Divine Sect He Mo naturally didn't dare stay around anymore and followed the disciples back to the guest quarters.

“They attacked us in the middle of the night and we just let them go?” Xiao Xiao’s temper immediately flared.

Others may be scared of divine sect, but Xiao Xiao wasn’t. She couldn’t swallow her pride here!

“Xiao Xiao, it’s fine, they also lost two soul pets.” Pang Yue persuaded.

This started because of Ye Wansheng’s poison powder, so neither side could be completely in the right. There was no point continuing the struggle.

Only when Divine Sect He Mo walked far away did he turn around and give everyone an evil stare, as if to memorize all their faces.

The divine sect people all walked a long way. Only when they reached their new resting place did Cai Yun and Wan Jun let out a great breath of relief.

The black nightmare’s aura was truly too terrifying. Even with its evil tendencies retracted, one still felt at the edge of death.

“Who is that Chu Mu? Why have I never heard of him before? Even old sect master wasn’t that evil soul pet’s match.” Wan Jun said.

He Mo was finally recovered from his terror and was again filled with anger.

Ye Wansheng's previous actions already caused him much anger, yet now he also lost a main soul pet trying to punish them!

Light's Fury wasn't a soul pet easily gained. He spent a long time to get his soul pet long ago.

"Anyone who has such a soul pet must be an evil person that threatens the world!" He Mo gritted his teeth.

Divine sect couldn't technically use their authority to resolve personal grudges. However, divine sect members were still human. With people like He Mo that easily got angry, those that troubled him often don't end up well off. So, to take revenge, he had to find a crime to accuse them of so he could go and deal with them righteously.

Cai Yun and Wan Jun said nothing. They could tell that rage had completely filled High Official he's heart.

Dealing with criminals was the duty of divine sect, but one still had to keep in mind the criminal's strength.

With how powerful the black nightmare was, only a master official of divine sect might be able to defeat it. They were useless in this case, with the best case scenario being not losing their own lives.

"High official..... From what I see, let's complete Boss Xu's task first. We can deal with this in the future."

“Yeah, since that Chu Mu has such a special soul pet, he’ll definitely show himself in the future again.....”

“If we do Boss Xu’s task well, he may intervene personally and could easily take down this evil man.” The group of subordinates all started quelling He Mo’s anger.

He Mo took deep breaths. The past few days were the greatest shame he ever experienced. Swallowing it and doing nothing was incredibly hard for him.

However, so what if he couldn’t swallow it? The opponent was powerful enough to easily kill him. The fellow didn’t even seem to care about a divine sect master official, saying he would kill them as well!

.....

Old sect master led the other five people to a nearby villa to rest.

Other than the destroyed purple mountain villa, the rest of beast palace was fine.

On the way, the old sect master was especially polite to Chu Mu and would often glance at Chu Mu’s Nightmare.

Old Sect master had personally fought it, so only he knew the black nightmare’s strength most clearly.

The entire way, the old sect master was wondering where this young man named Chu Mu came from. Since he could tame such an utmost evil creature, he must be famous on Wupan Continent already.

Old Sect Master couldn't figure out where Chu Mu came from no matter what, yet asking directly could come off as probing. Finally, old sect master just left them to rest and went to divine sect's side to try to alleviate any tension.

After Old Sect master left, the five people and the nightmare all sat down in the main hall. The servants put down some midnight snacks by them and quickly ran away.

Ye Wansheng and Prince Chao didn't say anything. This incident was all caused by them, and almost caused them to lose their lives. They could both tell that the black nightmare had lost its consciousness and couldn't tell the difference between friend and foe.

"You go train to better control your energy." Chu Mu glanced at the white nightmare emperor behind him and said.

White nightmare emperor had already recovered its silver devil flames, and could retract and release its aura with ease.

White nightmare emperor lowered its head and floated into a room.

"Chu Mu, is it your soul pet?" Xiao Xiao broke the silence and asked first.

"It's my subordinate, not really a soul pet." Chu Mu said.

“Subordinate? You got a wild soul pet as a subordinate? If you didn't sign a soul pact with it, how does it listen to you?” Xiao Xiao's head was full of questions and was curious about Chu Mu's mysterious background.

One had to know that Chu Mu's black nightmare had just beaten the old sect master of beast palace. Xiao Xiao had never heard of anyone their age able to reach those heights in strength!

“It's complicated.” Chu Mu said.

“Heng, it's fine if you don't want to say anything.” Xiao Xiao said grumpily.

“Chu Mu, what happened, why did your bodyguard suddenly.....” Pang Yue said with lingering fear.

Pang Yue had personally witnessed white nightmare emperor become black nightmare the moment it opened its eyes. Pang Yue even thought she already died in that instant.

“It's in an unstable state between species mutations....” Chu Mu explained white three's situation to them in case they caused any more trouble.

Chu Mu specially emphasized that his white three becoming black nightmare burned its life span. So, every time it does this incomplete transformation, it's one step closer to death.

“Thankfully....it listens to you, or else a lot of people would have died.” Ye Wansheng let out a breath.

Chu Mu glared at him.

Ye Wansheng laughed dryly. He knew that he really went across the line this time. On one hand, he underestimated divine sect's strength and on the other hand, he caused everyone to be terrified by the black nightmare.

"Speaking of which, divine sect lost two Light's Furies, so our grudge is probably permanent. We may have trouble in the future." Pang Yu said.

"Might as well." Chu Mu wasn't afraid of trouble. The moment Ye Wansheng threw poison powder on High Official He, Chu Mu knew that things would probably end up in this way in some form. Divine sect members weren't all as morally righteous as Xu Daofeng and Lu Yuqin.

"Did you get anything at the Heaven Boundary Monument?" Pang Yue asked.

"Yes." Chu Mu turned over to Xiao Xiao and asked, "Let me describe someone to you, and see if you recognize him."

"I don't." Xiao Xiao replied immediately, pouting after she answered.

"....." Chu Mu laughed helplessly. Did she have to be this mad? He just kept some personal details secret, and she was this grumpy?

“He wears a black bandana on his head, but I don’t know if he wears it all the time. He has very pronounced cheek bones and a sharp chin. He’s middle aged but on the lower side. He has an immortal rank Poison Tooth Beast that’s full of poisonous markings.....” Chu Mu described the lead man of the pack chasing Ning Maner.

Though Xiao Xiao had her faced turned away, when she heard Chu Mu’s description, she immediately forgot that she was still trying to pout and blinked in surprise, blurting out, “That’s Kang Ruodong! My fellow apprentices say he has a very powerful poison tooth beast and many of his subordinates do too!”

Chu Mu’s heart sank. Kuang Ruodong was the leader of the people Xiao Xiao was chasing and had been gathering his people in the Quiet Forest Fort. And, from the monument tear memory, Chu Mu also knew that he was the main leader chasing Ning Maner back then!

“He’s gathering people in Quiet Forest...” Chu Mu was more worried now.

From his soul pact with Ning Maner, he could tell that she was on the move. Though Chu Mu wasn’t sure where Ning Maner was going before, he could tell now that she seemed to be heading towards Quiet Forest.

At this time, Kang Ruodong was also gathering people in Quiet Forest. Weren’t they just waiting for Ning Maner to fall back into their trap?

After this many years, Kang Ruodong never planned on giving up Ning Maner!

“I’m leaving tomorrow and heading towards Quiet Forest without pause.” Chu Mu said seriously to the four people.

The four of them could all feel Chu Mu's face change and quickly asked, "What happened?"

"Kang Ruodong might be laying down an ambush for Ning Maner in Quiet Forest. I need to get there before her." Chu mu said.

"Ning Maner? Who is that" Xiao Xiao asked confused.

"Chu Mu, you mean the cute little girl that followed you around for a period of time?" Pang Yue said.

"Yes, her."

"Why is she related to this? Kang Ruodong is looking for the Messiah Tree seed."

"The only person in this world that may know where the seed is is her. Her powers come from the Messiah Tree." Chu Mu said.

Pang Yue and Ye Wansheng had both seen the little girl around Chu Mu in the past. Yet, how was that little girl suddenly related to the messiah tree?

Chapter 1313: Quiet Forest's Fort City

To the east of Luo Border was a full forest. This was the largest forest in Wupan Continent, having tens of thousands of soul pet empires within it alone.

This endless forest wasn't completely soul pet territory, however, because Luo Border was within this forest.

Luo Border had always been called the Forest Border by many Wupan Continent People because any city created within it was in the forest, completely surrounded by a green ocean.

Luo Border's resources were very plentiful, especially in plant world and beast world soul pets. Some higher species rank soul pets often don't even rest in dangerous places. In calmer parts of the forest, one could still meet emperor rank and above young soul pets.

This was why a lot of soul pet trainers of Wupan Continent came for its name. After all, in Luo Border, if they were lucky, they could often run into young children abandoned due to their parents' territorial struggles. These young soul pets could go up to monarch rank, and even emperor rank!

To the west of the Luo Territory also extended endlessly in forest. The landscape slowly shifted towards a hilly landscape, with mountains appearing.

The geography became much more complicated there because it started to deny any human entry. Only powerful explorers dared to explore deep in that region for resources.

Passing through the mountain shape, another endless forest appeared.

It was a prehistoric forest. These trees were high and thick, with some extending deep into the clouds, looking like the mountains themselves.

The prehistoric forest was an extension from the quiet forest territory.

The prehistoric forest marked a true human forbidden realm. Even those with absolute strength were susceptible. Even immortal rank experts could get trapped within this forest.

The forbidden area marked the start of progressively more vicious soul pet dynasties. Species that were naturally aggressive were the enemies of humankind. Once a moon tide came, the vast amount of reproduction would cause them to invade en masse, potentially even encroaching upon human territory.

Wupan Continent's Luo Jiang often received attacks from these soul pet dynasties, so the people nearby would have to be constantly ready for disasters.

Because of these many wars, Wupan Continent created a massive fort at the edge of the endless forest and Quiet Forest.

This massive fort city was perfectly at the center of where the three forests' borders met and was stationed with an army to maintain its safety.

The prehistoric forest was by far the richest in resources. Whether its soul items, xuan items, young soul pets, or just training, they were all extremely suited for advanced soul pet trainers.

Thus, the fort city slowly became a city by the forest full of powerful adventurers. In fact, many adventurers in other places viewed being able to enter the Quiet Forest Fort City as an honor.

.....

The deep green sea of canopies rippled with the wind, stretching to the edges of the skies.

In this forest, an icy cold rock wall was laid out, blocking the two mountains on either side.

These two mountains on either side create a surround that acted as a natural barrier, keeping the structures inside well isolated.

The Quiet Forest Fort City wasn't large, but its importance was beyond many capitals. This was because, the moment a soul pet dynasty launched an assault, the silent forest valley was the first line of defense that could stop the steps of the army to give the many other cities nearby time to defend. Otherwise, if the soul pet army came straight in, they would definitely take over the nearby three territories without the greater continent reacting.

The Moon Tide was still ongoing. Especially after the Quiet Forest incident last time, the fort had received the greatest setback in history. Even now, it hadn't completely recovered.

In the Quiet Forest Fort city, the army was around 50,000 in number. Though they were all elite, when facing a truly massive soul pet dynasty, this army could at most delay their footsteps temporarily.

The city streets seemed rather lonesome. Some broken structures weren't even fixed yet. The only thing rebuilt was the important outer wall defenses.

The city walls and scout towers all had soul pet trainers, while wing type squads patrolled the region.

Before the moon tide finished, no fort general dared to slack off.

.....

“Boss Kang, this period of time I’ve followed your advice to constantly keep an eye on all people entering the city. We’ve even told an air patrol team to keep an eye out. Even a hamster that tries to enter Quiet Forest through our city will be found by our teams.” A defending general said as he stood on the walls.

Beside this general was a man. This man wore a black bandana on his head with prominent cheekbones, looking incredibly like a villain.

Behind him were another dozen soul pet trainers. From their aura, one could tell that they were all powerful. This was another reason why a person as high ranking as a fort defending general needed to be this polite. Someone able to command this many high remembrance spirit dominators must be an immortal rank expert!

Immortal rank expert deserved respect but also were incredibly scary.

“Has there been anyone else in this city?” Kang Ruodong asked.

“Yes, the navy division Navy General Zhen Wu is in the city. Also, divine sect’s Master Official Xu said he wanted to come here. He hasn’t arrived yet but his subordinates are here already.” The defending general said.

“Divine Sect Xu Lu?” Kang Ruodong slightly furrowed his brows.

“Yes.” The general replied.

Kang Ruodong went silent for a moment, eyes not moving.

Divine sect people had appeared. This wasn't good.

However, earlier in their years, Kang Ruodong already heard that Xu Lu wasn't as obstinate as many other divine sect members. What was his real reason for coming to Quiet Forest? Could it be that he got some news and wanted to come here to test his luck?

"Anyone else?" Kang Ruodong continued to ask.

"Nothing else at the moment. However, things may be different in the following days. Some large factions have shown interest in secretly congregating here. When they come, they often mention it to General Tong, so the exact situation is probably something only General Tong knows.

Chapter 1314: Quiet Forest's Protectors

In the sky above the dark green forest, a lithe figure flitted through, leaving a series of ripples on top of the lush sea of trees.

This creature that flew overtop the forest was a Cloud Bird.

Cloud Birds were extremely mainstream wing type soul pets. When they fought, they would gracefully flit around and were proficient at dodging. Many beast soul pets, even if they were stepping in the air, couldn't do anything about Cloud Birds.

The size of this Cloud Bird was about ten meters long. Its wings were as white as clouds that lightly beat. It wasn't slow.

There were two women on the back of this Cloud Bird. One of them looked mature and earnest while the other was young and elegant that radiated a special spiritual charm.

“Big Sister Luo Yi, we’re about to arrive at Quiet Forest.” the elegant and beautiful young lady smiled.

The closer they got to Quiet Forest, the more Ning Maner felt emotions in her heart.

Quiet Forest was like a home to her. For ten years, she didn’t leave Quiet Forest for a single step. Both the weak soul pets and the powerful kings were her family.

“Let’s rest when we get to the stronghold on the edge of Quiet Forest. After flying for so long, Young Lady Ning must be tired.” said a man called Wo Shan who was riding on a different soul pet.

“No, I’m not going to Quiet Forest’s stronghold city.” Ning Maner immediately shook her head.

Those people that had invaded Quiet Forest back then had advanced through the stronghold city. Although this city suffered a huge amount of soul pet attacks afterwards, Ning Maner still harbored deep loathing towards this city. She felt that Quiet Forest Stronghold’s army was the ringleader behind the destruction of Quiet Forest.

“Young Lady Ning, we must pass through the stronghold city. There are numerous soul pets in Quiet Forest so we must prepare...” said Wo Shan.

“There’s nothing to prepare. Since Young Lady Ning doesn’t wish to enter the stronghold, let’s not go. Clan Lord Ning instructed us to unhesitatingly bring you back.” said the mature and earnest woman, Luo Yi.

“Alright.” Wo Shan nodded his head.

.....

Their path didn’t necessarily have to pass through the stronghold city. After flying through a considered calm part of the forest, the Cloud Bird began to fly into Quiet Forest.

The ancient trees of Quiet Forest stretched up to the sky. Even many strands of grass and flowers would grow to the height of normal trees.

Quiet Forest’s ancient trees were like dark green clouds that were floating in the clean blue sky, while the tree trunks were like pillars that stretched up to the sky. They towered, perfectly straight, and occasionally would connect together with trees that had many branches. When looking down at the tree trunks, branches, tree tops and tree vines complexly intertwined together, it formed a plant city that stretched in all directions.

“Young Lady Ning, we’re about to land. There are numerous powerful jungle wing type creatures in this ancient forest. If we try and fly across their territories, we’ll encounter much trouble. However, Quiet Forest has an extremely complex topography; it’s like an enormous labyrinth. I’m afraid that we’ll lose our way if we land on the ground.” said Luo Yi.

Even though the center of Quiet Forest had been destroyed, this was still a forbidden region for humans. Even immortal rank experts didn’t dare fly over the sky of Quiet Forest.

“No worries. Big Sister Luo Yi can just fly straight into the depths of Quiet Forest. The outside wing type protectors won’t stop us.” faintly smiled Ning Maner.

In fact, even if this wasn’t Quiet Forest, Ning Maner would still be able to fly above those territories. Those empires or dynasties wouldn’t make it hard for her. She could easily communicate with wild soul pets and even more easily obtain their friendship and trust.

“I heard Senior Cang say that you lost your power. Will Quiet Forest’s soul pets still acknowledge you?” asked Wo Shan.

“Yes. My power I inherited has no bearing on my ability to communicate with soul pets. They are still willing to follow me... look...” as she spoke, numerous small Colorful Sparrows suddenly flew over from an enormous green treetop.

The sparrows let out pleasant melodies and orderly flew around Ning Maner.

Colorful Sparrows would innately change colors continuously. When they flew around Ning Maner, they looked like a brightly colored rainbow beside Ning Maner. It accentuated Ning Maner in her light blue clothing, making her even more beautiful and enchanting.

Colorful Sparrows didn’t have any special fighting strength. They were termed as forest guides. When they were flying next to powerful creatures, they would greatly speed up. Thus, even if they were flying next to a high ranking immortal rank, they would be easily able to guide the way for these powerful creatures.

With Colorful Sparrows leading the way, they would save a lot of time. Unknowingly, they had already entered the middle part of Quiet Forest.

The true Quiet Forest didn't have any soul pet empires or dynasties. Most were just rare species or powerful creatures.

Once they reached the middle part of Quiet Forest, the surroundings became extremely familiar to Ning Maner.

Soon, a few peculiar wing type soul pets flew to the top of trees. They stuck out their heads and stared at Ning Maner on top of the Cloud Bird.

It was like a signal. Wherever the Cloud Bird flew over, the surrounding creatures would climb up to the tree tops to look at Ning Maner. Sometimes they would follow Luo Yi's Cloud Bird and fly along for a while. This was a scene that Luo Yi and Wo Shan had never seen before; they were extremely shocked.

There would always exist a barrier between humans and soul pets. They would even view each other as enemies. Rarely could humans communicate with soul pets so well without a soul pact.

Ning Maner was clearly an exception. She was like a soul pet world princess. No matter where she went, there would always be a group of soul pets gathered around her and welcoming her.

A smile remained hanging on Ning Maner's face. The faint melancholy between her brows gradually disappeared as these familiar soul pets appeared around her.

If Quiet Forest was her home, then these soul pets were the villagers of her home. Their genuine and friendly nature made Ning Maner feel close and dear.

Perhaps it was because she had lived too long in Quiet Forest, Ning Maner discovered that there was a barrier between her and other humans. It was rare for her to find someone she could confide in. Therefore, she had always felt depressed in the imperial palace...

The further they went into Quiet Forest, the more the number of soul pets that appeared. Among them were many kings so powerful that Luo Yi and Wo Shan didn't dare breathe.

If they hadn't personally witnessed it, they would never have imagined that savage beasts regarded as incomparably powerful by soul pet trainers would be so warm and friendly.

“Yi”

A Three Eyed Wind Eagle spread its grey wings and flew alongside at the same height as the Cloud Bird.

The Three Eyed Wind Eagle tilted its head and looked at Ning Maner. Its eyes contained the warmth most soul pets had when they looked at humans they had a soul pact with. In fact, this looked like an elder looking at one of his younger generation.

“Uncle Wind Eagle.” when Ning Maner saw the Three Eyed Wind Eagle, her smile became even more resplendent.

The Three Eyed Wind Eagle was Ning Maner's genuine family in Quiet Forest.

When she was very young, she would often climb onto the Three Eyed Eagle's head and then have it soar through the air above Quiet Forest. Moreover, given her mischievous nature, she could never sit still and would occasionally slide down the Three Eyed Wind Eagle's head.

Every time this happened, the Three Eyed Wind Eagle would swoop down in a panic and grab her by its beak.

Ning Maner jumped off the Cloud Bird and onto the Three Eyed Eagle. The Three Eyed Wind Eagle's fur was very soft and it felt very comfortable when she climbed onto it.

The Three Eyed Wind Eagle's wing strength was much stronger than the Cloud Bird's. When it flew, it was extremely powerful.

It brought Ning Maner and soared high up into the air before swooping down below the lush treetop. It kept alternating between the vast sky and the complex forest. The ultra flying skills made Luo Yi and Wo Shan feel far inferior.

A familiar back and a familiar scene. But Ning Maner who should have been very satisfied had moist eyes for some reason.

"Uncle Wind Eagle, is everyone still ok?" Ning Maner sat on the head of the Wind Eagle and faintly asked.

"Yi" the Three Eyed Wind Eagle let out a soft cry.

"Do you know where they all went?" Ning Maner continued.

The Three Eyed Wind Eagle shook its head.

After the humans had invaded, too many protectors had lost their lives in Quiet Forest, forever entering a quiet slumber.

As for the protectors that didn't die, it was unknown where they were even now. After so many years, more and more new faces had entered Quiet Forest. This meant that Quiet Forest, which was like a huge home, was gradually becoming a stranger's home.

"Take me to see grandfather. It definitely misses me." softly said Ning Maner.

The Three Eyed Eagle nodded its head and brought Ning Maner deep into Quiet Forest.

Luo Yi and Wo Shan were in charge of protecting Ning Maner and naturally followed right behind.

However, just as they were about to enter the depths of Quiet Forest with Ning Maner, numerous Wind Eagles appeared from the trees around them. These Wind Eagles were formed into aerial teams and like a black net, obstructed Luo Yi and Wo Shan outside the dark blue colored trees.

These Wind Eagles were obviously hostile and weren't going to let the two of them enter.

"Big Sister Luo Yi, Big Brother Wo Shan, just wait for me at the stronghold on the edge of Quiet Forest. Quiet Forest is my home and everyone will protect me. Don't worry." Ning Maner turned to say to the two of them.

Luo Yi and Wo Shan weren't reassured and wanted to keep following her. But Ning Maner had already flown far away on the Three eyed Wind Eagle. In front of such a densely packed Wind Eagle army, they had no confidence in charging through.

Wind Eagles were a rather old species of Quiet Forest. When Quiet Forest had declined, their species was one of the few that remained to protect Quiet Forest. The leader of this species was the Three Eyed Wind Eagle.

Chapter 1315: Withered Tree and the Young Woman Who Came

The Three Eyed Wind Eagle slowly flew into the depths of Quiet Forest.

The plants in the depths of Quiet Forest should have been lush and reached the sky; it should have been a genuine forest world that stretched all the way up to the sky.

However, after the human invasion, the depths of the forest had become a bit barren. Many enormous over ten thousand year old trees had been chopped down, collapsed on the black scorched ground.

There were several potholes over the ground from being destroyed by destructive darkness, fire, and lightning techniques. It had completely lost its original nourishing soil. Even certain types of grass with very high surviving abilities were unable to grow here, let alone big trees that required resources.

Quiet Forest had existed for a very long time. In a short five or six years, it was impossible for it to recover to its original appearance. In fact, because of the Messiah Tree's withering, in the next ten thousand years, Quiet Forest would be at most a normal primitive forest. There was no way it would be like the jungle paradise of the past.

When she saw the desolation and destruction left behind by the immortal rank fight, Ning Maner felt even more bitter in her heart.

It was no wonder the protectors that survived had all left. Quiet Forest was no longer the original Quiet Forest. It no longer had the peace of the past, nor the tranquility. Instead, all that was left was burnt soil left by the battle.

The further in they flew, the greater the signs of destruction. Ning Maner couldn't even recognize many faces anymore.

Suddenly, a barren land appeared in front of her.

Ning Maner was stunned. This completely barren land where there wasn't a single plant growing was the holy soil of the Messiah Tree of the past. Those people hadn't even let off any of the plants in the holy soil. This place had been turned into a barren land.

There was a deep green forest behind them, but a barren wasteland in front. A violent gale swept up a wave of soil, making it a sandy wind. A bit of the soil was swept into Ning Maner's eyes. Ning Maner's current emotions were hard to describe.

The barren land stretched over a vast expanse of land. At the very center, Ning Maner saw an incomparably familiar, yet ever so unfamiliar, tree.

In the past, this tree was the most mighty and divine being that upheld the entire world. It wasn't a family member, but took care of her more than her family...

It wasn't a human; it was merely a tree. An old tree that had existed for several tens of thousands of years.

Perhaps her short time here, less than ten years, was like a blink of an eye to the Messiah Tree. But the time she spent growing here was everything to Ning Maner.

However, the mighty tree had, much like the holy soil, withered up.

Its enormous body that held up the sky was no longer full of life like before. It was like there was only a dried tree bark wrapping it up. The tree tops that hid and protected it in the depths of Quiet Forest had become incomparably sparse. As the wind didn't stop scraping away, its roots on the barren ground became as withered as dried mud. There wasn't a trace of life...

It was like a mighty and formidable old man that had suddenly turned into a corpse lying in a coffin.

The Messiah Tree's death was a reality, and Ning Maner had already prepared her heart for this. But when she actually saw what was left of the Messiah Tree - its crooked corpse - she felt that her throat was being blocked by some bitter taste.

The Three Eyed Wind Eagle flew a half circle around the Messiah Tree's withered body before slowly landing at the roots of the Messiah Tree.

Ning Maner jumped off the Three Eyed Wind Eagle and said: "I want to accompany grandfather here."

The Three Eyed Wind Eagle nodded its head and once more flew into the sky.

Although this land had become barren, the protectors were ultimately protectors. The Three Eyed Wind Eagle wouldn't let humans take another step on this land!

Ning Maner watched the Three Eyed Wind Eagle leave. Carefully, she crawled up the Messiah Tree's scattered and old roots.

The Messiah Tree itself was enormous, as were its roots. A few of the bigger roots were like a small hill to Ning Maner.

After climbing up a root, the root began to fork into a slender groove. Inside the groove were countless soft leaves and flower petals that would not rot.

This tiny groove in the Messiah Tree's roots was Ning Maner's small bed where she had stayed for over 3000 nights.

She had slept here, making the flowers and leafs the mattress. Of the Messiah Tree's numerous leafs, a single small leaf would be able to wrap Ning Maner's body up with extra room to spare.

Even when heavy wind blew over, none of it would enter the groove. When it rained, it would remain dry there. Normally, Ning Maner would kneel there and watch the unending curtain of rain. Even if it was a huge snowstorm swirling through the air, the cold air was unable to enter this small place.

There was no other place that could be more warm than here.

Looking at this familiar place, Ning Maner, whose heart was exhausted and without a home, felt an intense sense of belonging. She took off her shoes and slowly lay down on top...

Back then, Ning Maner had only been a young girl. Thus, this small bed was just perfect for her small body.

However, she had grown a lot since then and this bed seemed a bit short for her.

Ning Maner lay down on her back first, placing her hands flat on her small stomach. Her pair of eyes, so clear they contained no trace of distracting thoughts, stared at the sky.

In the past at this time, rays of light would shine through the Messiah Tree's treetop. The rays were extremely bright and the blue sky would be faintly discernible through the cracks in the leaves. Occasionally, it would be possible to see groups of wings float by, dropping a few light and spotless feathers. Under the sunlight, they would softly drift and dance as they dropped together with a few leaves. When she lay here for an entire afternoon, she wouldn't have to think of anything, nor would she have to worry about anything.

But now, even if she was lying in the same spot, what she saw wasn't the scene she remembered. All that was left was the empty blue sky and a few lonely branches.

"Grandfather Tree, Ning Maner came to see you." a smile rose on Ning Maner's face as she whispered.

The withered old tree branches lightly swayed in the air. It was unknown whether it was from the wind blowing or the already dead tree was responding to her words.

"Nobody is here. You must be lonely."

“There’s a lot I want to talk about with grandfather, but I don’t know where to start. A lot of things have happened...”

“Ok, ok, I’ll start from when I left Quiet Forest.”

“Big Lion protected me and everyone as we left...”

“Ning Maner really misses Big Lion.”

“Big Brother Devil treated me very well. Only, his constant deadbeat expression is a bit unfun.”

“That Big Sister Ye is the best. When big brother wasn’t paying attention to me, I will go and tell her and she’ll immediately sort him out.”

“Aso First White, Second White, Third White and the others. Oh, they are big brother’s subordinates. They are all White Nightmares and they circle around me.”

Ning Maner lay alone under the tree and slowly recounted her experiences...

But all she looked like was a person muttering to herself...

Chapter 1316: Quiet Forest Battle!

Her recounts of the past slowly floated, like a feather, through the air, but they were gradually imbued with melancholy.

As she spoke, Ning Maner could no longer stop the tears from rolling down her cheeks, lightly landing on the tree's vines.

As she cried, she got tired and curled up her small body in the small groove in the tree roots, falling asleep with her slightly puffy eyes.....

On the barren land, the shriveled large tree and a curled up sleeping girl painted a mournful scene.

This scene seemed still, yet also seemed to convey the passing of time. In the past, every day regardless of season, she would curl up under the tree. Now, falling asleep, she seemed to never want to wake up again, following the old tree in its slumber.

The quiet forest went silent. The skies were still empty, occasionally hosting an errant wind, but even that had no noise.

Wind and sand slowly eroded the last of the old tree's husk.

The withered tree's branches sluggishly waved under the pressure, letting out creaks as it gave up more of its dried leaves.....

The wind grew larger and larger. Lifeless leaves finally detached from the old branches and fell down- quiet and lonely.

The old tree was extremely tall, so the leaves took a long time to fall. Finally, the leaf that fell from the skies reached the roots.

Some of these old leaves happened to cover up Ning Maner's soft body as she curled up on her little wooden bed.

Yet, the young girl, sound asleep, didn't notice at all. She subconsciously grasped the old leaves as her pink lips curled up into a smile, seeming finally content and calm.

.....

Luo Forest

"Chu Mu, what's the matter?" Pang Yue stopped moving and glanced back at chu Mu.

Chu Mu didn't respond. At that moment, he was holding a tear crystal, staring entranced at the scenes in the tear crystal.

The scene in the tear was fuzzy, but Chu Mu could tell from this drop that Ning Maner was in the depths of Quiet Forest, curled up alone under the withered tree, muttering to herself until she fell asleep from fatigue.....

She was like a hurt little girl lying in her favorite grandpa's lap.

Because of the soul pact, Chu Mu not only saw Ning Maner's scene but also her past memories.

Every piece of this memory was simple, including Ning Maner's current recounts and nestling, but for some reason, seeing the tear crystal showing this scene, his heart ached. He wanted to fly into the depths of Quiet Forest to hug her and comfort her.

"Chu Mu?" Pang Yue called for Chu Mu again.

Chu Mu came back to his senses and glanced at Pang Yue.

"What?" Pang Yue continued asking.

"Nothing, I thought of some things. How far away are we from the Quiet Forest?" Chu Mu asked.

"Not far. In a few days, we could arrive. The path we took before had some pathing issues or else we would've been able to get there even earlier." Pang Yue said.

"Oh then let's hurry up. Ning Maner is already in the Quiet Forest. I'm afraid Kang Ruodong and the others have already noticed." Chu Mu said.

Chu Mu really was worried for Ning Maner now.

"Alright." Pang Yue nodded.

Everyone could tell that Chu Mu was worried and they all quickened their steps towards Quiet Forest's direction.

.....

After around two days, the Quiet Forest Fort finally appeared in Chu Mu's eyes.

After finally entering the fort city, the five of them immediately started looking for Kang Ruodong's location.

"This Kang Ruodong you speak of, I don't know if he's in the city, but a group of people started entering the quiet forest a day ago and all of them seem powerful." A guard of the city said.

"A day ago?" Chu Mu immediately furrowed his brows.

This news is indubitably a nightmare. Kang Ruodong and the others were definitely going for Ning Maner. If he were a day later than them, they may have taken Ning Maner away already.

Chu Mu immediately was anxious, not wanting to waste any more time in this fort.

"Chu Mu, let's go deep into Quiet Forest now then. The Quiet Forest is rather complicated. They can't reach the depths of Quiet Forest in just a day.

The same time the five of them were gaining information from the guards, around five hundred meters away from them was a divine sect member staring directly at them.

After a while, as if having confirmed something, he quickly ran towards another location.

Chu Mu didn't discover that someone was watching them. After getting accurate news, the five of them immediately went out of the city.

Yet, not long after they left, suddenly a large group of people chased up behind them, their goal clearly being Chu Mu and the other four.

"Chu Mu, there's twenty or so people behind us!" Ye Wansheng said.

Chu Mu turned around and immediately saw familiar faces.

"It's the people with High Official He that we met in Lin City!" Prince Chao immediately recognized three of them.

"Why are they here?" Pang Yue said confused.

Within the group, High Official He, Cai Yun, and Wan Jun were indeed there. However, Chu Mu didn't expect them to also be here for Quiet Forest.

That means the three of them at Lin City likely wasn't a coincidence and we're going there to ask the old sect master about the heaven boundary monument and Kang Ruodong stopping Ning Maner.

“How can it be him??” Suddenly Xiao Xiao glanced at the back of the group and stared at one person.

Pang Yue glanced over and noticed Xiao Xiao staring at a young man in a straw hat.

This man was probably one of the leaders of that group, having seven or eight followers behind him.

“Who is he?” Pang Yue asked.

“It’s my big brother Huo Lei, one of Demon Beast Palace’s best young generation members!” Xiao Xiao said.

That group of people were part of two factions. The man in a luxurious robe was the lead of the divine sect members, while the other side were demon beast palace members lead by Huo Lei.

Strangely, these people all didn’t have any clear indications of identity. One has to know that divine sect members usually have a symbol of their superiority easily seen.

“Master Official Xu, it’s them!!” Suddenly, the angry voice of High Official He came from behind!

The robed Master Official Xu’s soul pet was very quick. He quickly caught up to Chu Mu while the demon beast palace Huo Lei also came.

“Xiao xiao, why are you here?” Huo Lei immediately saw Xiao Xiao and his brows furrowed as if he were very unhappy.

“Didn’t you tell me to investigate that case? It brought me here.” Xiao Xiao said.

“Nonsense!” Huo Lei scolded sternly and continued, “Are you going into Quiet Forest? Is this something you think you can handle? Go abck into the fort city and stay there.”

Huo Lei started lecturing Xiao Xiao as if he were an elder.

“You’re not my dad, why would I listen to you!” Xiao Xiao said despicably. She hated when an apprentice older than her like Huo Lei commanded her like that.

Huo Lei’s expression immediately fell sullen.

“Brother Huo, this girl is..... Her friends truly are arrogant, killing two of my subordinates’ soul pets....’ The Master Official xu said.

“It’s a sister apprentice of mine, and my master is her father. She has always had a strange temperament and is hard to keep her in line. If she violated you in any way, please forgive her.” Huo Lei said politely.

“Oh, so it’s Mister Xiao’s daughter..... We naturally won’t trouble Lady Xiao Xiao. We can handle this peacefully. In reality, it isn't much anyways, right?” Master Official Xu smiled, his gaze quickly falling on his three disciples.

High Official He wanted to add on but after hearing that Xiao Xiao was Mister Xiao's daughter, his expression immediately changed.

High Official He wasn't a stupid man. Boss Xu definitely wouldn't anger demon beast palace Mister Xiao for them. So, he could only put up a forced smile and say, "Of course, we were wrong at first here anyways."

"You and you, follow Lady Xiao Xiao and escort them back into the fort city." Huo Lei glanced at his subordinates and said.

Boss Xu turned around to look at his subordinates and said, "You stay as well."

After Boss Xu glanced at the rest of them, he said, "You should stay in the fort city for now and wait for us to return to Silent Forest. Then we can find a solution to our issues."

Chu Mu's heart immediately sank. They clearly wanted to place house arrest on Chu Mu and his companions.

However, Kang Ruodong had already left a day ago. If they wasted any more time in the fort city, Chu Mu was worried that Ning Maner will fall into Kang Ruodong's hands.

"Chu Mu, what do we do now?" Pang Yue immediately asked.

These people are especially powerful, especially master Official Xu and Demon Beast Palace Huo Lei who definitely are in immortal rank. They couldn't fight them head on.

“Let’s return to the fort city first.” Chu Mu said.

Chu Mu knew that fighting them head on wasn’t smart. Master Official Xu and Huo Lei were definitely in a hurry to find Kang Ruodong and had no time to waste here. Instead of fighting them head on, they might as well obey them first and let them leave so they had a better chance of escaping and going alone.

Chu Mu was the first to retract his soul pet so everyone else could only start incantations to retract them too.

Huo Lei and Master Official Xu’s subordinates came up to seal off their soul remembrances.

“Watch them carefully and wait for us to come back from QuietForest, alright?” Master Official He glanced at High Official he, Yun Cai, and Wan Jun and said.

Huo Lei also left three subordinates, telling them to watch Xiao Xiao well so she didn’t run around.

Seeing his subordinates bring the five of them back into the fort city, Master Official Xu glanced at Huo Lei and said, “We have to be fast, Kang Ruodong has left for a day already.”

“No worries, they still have to loop around the middle and outer portion for a bit. We won’t be too much slower.” Huo Lei said.

After they spoke, they brought their subordinates swiftly into the forest!

.....

Having their soul remembrances sealed, they were brought back into the city and put into a house.

Because of Xiao Xiao- High Official He, Yun Cai, and Wan Jun had hatred for Chu Mu but didn't dare to do anything obvious. After all, the demon beast palace subordinates were all incredibly polite to her.

"Chu Mu, sorry, I messed up, and made it so you couldn't get to Quiet Forest in time." Ye Wansheng said to Chu Mu full of regret and shame.

Chu Mu shook his head and said, "No worries, I told White Three to head to Quiet Forest two days ago already. He should be able to find Ning Maner and protect her. And.... you really think these useless people can keep us here?"

Chapter 1317: Intruder! Ning Maner's Anger

In the room, High Official He gritted his teeth. He gulped down the tea a female servant brought and threw the cup down onto the ground, shattering it.

The female servant was shocked and quickly tried to gather the shards together.

"Get lost, don't hang around here." High Official he roared in anger.

The female servant's face turned pale and she quickly ran outside.

"High official He, why the big temper?" Demon Beast Palace Hua Zheng said casually.

"Heng." High official He humphed.

How could he not be angry? His top tier dominator rank Light's Fury died by their hands. This time he ran into them at the fort city, originally he thought he could get Boss Xu to punish them, yet he didn't expect that woman called Xiao Xiao to be Demon Beast Palace Mister Xiao's daughter.

Mister Xiao was someone even Master Official Xu didn't dare trouble, so how would he punish Xiao Xiao and her friends? Yet, his soul pet's death was still something he couldn't swallow.

"Hehe, High Official he, those four people aren't members of Demon Beast Palace. They probably are friends that lady Xiao met not long ago. We won't let you touch her, but her friends are people we have no duty to protect." Hua Zheng said.

These words caused High Official He's eyes to light up!

Indeed, they didn't dare touch Lady Xiao, but the other four were mysterious, but didn't seem to have much of a background.

"High Official He, that man called Chu Mu likely has immortal rank soul pets....." Wan Jun said in a low voice.

The mental image of the black nightmare was something Wan Jun still couldn't get over.

“His soul remembrance was sealed, you think our divine sect’s seals are that easily dealt with?” High Official He said.

“Hehe, this has nothing to do with us. Of course, don’t go overboard or else we’ll have a hard time explaining.” Hua Zheng said.

“Of course!” High Official he laughed slyly.

With the four of their soul remembrances being sealed, High Official He couldn't kill any of their soul pets. However, he could easily use poisons to make them suffer physical pain!

Thinking of it, High Official He already walked outside.

After not too long, High Official He came back. He brought Cai Yun and Wan Jun and went towards the courtyard with a barrier set up around it.

There were two other Demon Beast Palace members guarding it. When High Official He walked in, he saw the ifve of them all sitting in the living room.

High Official He glanced at Ye Wansheng, Chao Lengchuan, and Chu Mu and smiled coldly.

“Get out, I don’t want to see you.” Xiao Xiao said, irritated, to High Official He.

“Lady xiao, we just want to talk to the other few.” High Official He said.

High Official He walked up to Chu Mu, Ye Wansheng, and Chao Lengchuan while holding a green vial and said slowly, “You know what this is?”

Chu Mu, Ye Wansheng, and Chao Lengchuan all decided to ignore him.

High Official He continued, “This is a poison that I just bought from the fort’s xuan teacher. He told me that if put on the face, the face will start to rot first and slowly, it’ll seep to your bones and corrode them too.....”

“Wow, so powerful! It’s much more powerful than my poisonous ticks. Can it be that it also needs young male urine to fix it? Putting urine on your face sounds disgusting....” Ye Wansheng said in a very “cooperating” fashion.

High Official He’s face instantly started twitching. At the time, the poisonous ticks got onto his whole body including his face. To cure the itch on his face, he had to submerge his entire body. Now, every time he ate or drank water, High Official He would feel an urge to regurgitate!

Ye Wansheng’s words indubitably angered High Official He. He suddenly extended an arm to choke Ye Wansheng and said, “I’ll drop it on your face first!”

As he spoke, High Official He already opened the bottle and shoved it into Ye Wansheng’s face.

“Ah!!!!!!!!!!” A scream sounded, its pain echoing through the room.

However, this scream wasn't Ye Wansheng's. It was High Official He's.

Just as the poison was about to be thrown on Ye Wansheng, Chu Mu sitting aside casually swiped upwards and instead flipped the flask all over High Official He's face.

His face swiftly started rotting, and he fell onto the ground in pain, howling as he held his face.

Cai Yun and Wan Jun were both shocked, not knowing what happened, but they subconsciously summoned their soul pets anyways.

Devil flames instantly appeared on Chu Mu's body that filled the entire room, burning everything into ashes.

Cai Yun and Wan Jun were both pushed back by the heat wave, forced out of the room by the power.

Divine sect's seals were indeed powerful against soul pet trainers. However, as a half human, he himself had great strength, so this soul remembrance seal being broken was only a matter of time!

Using the power of half devil to break through, Chu Mu immediately summoned Mo Xie and Night.

"Mo Xie, get rid of everyone's seals." Chu Mu said.

“Wuwuwu~~~~~” Mo Xie’s forehead glowed with a silver crescent and a brilliant moonlight fell on Ye Wansheng, shattering the shackles on his soul.

Soon after, Prince Chao, Pang Yue, and Xiao Xiao’s seals were all broken as well. They swiftly cast an incantation to summon their soul pets.

“Chu Mu, leave first and give it to us.” Ye Wansheng and Prince Chao said.

Chu Mu glanced at the Demon Beast Palace people who came in and the three divine sect members that were now better adjusted.

Demon Beast Palace and the three of them only had Hua Zheng, who was slightly stronger. The divine sect people already lost two top tier dominator rank soul pets, so the four of them could deal with the three of them now.

There wasn’t much time. Many factions headed towards the Quiet Forest. Chu Mu indeed didn’t have time to waste with these people.

“You guys be careful.” Chu Mu nodded.

“Relax, we’ll catch up soon. You deal with the experts and we’ll handle the rest!” Prince Chao smiled wide.

Chu Mu didn’t say much after. A single Displacement Specter brought him and Mo Xie out of the barrier.

Mo Xie clawed open the divine sect barrier in one claw and exited the courtyard, heading straight outside the city.

Demon Beast Palace's three people were just about to chase after Chu Mu when Ye Wansheng, Chao Lengchuan, Pang Yue, and Xiao Xiao all summoned their main soul pets. They were all high class dominator rank soul pets, and Demon Beast Palace no longer dared to chase.

"Lady Xiao, why make it hard for us?" Hua Zheng glanced at the four of them full of hostility and laughed bitterly.

"Heng, go to the side then and don't block us." Xiao Xiao said.

Hua Zheng naturally couldn't let Xiao Xiao leave. Otherwise, when Huo Lei came back, Hua Zheng would also get punished.

"Then sorry." Huo Lei glanced at divine sect and the other three, swiftly joining together with them to keep the four around.

"I.... I'll kill you guys!!" High Official He's appearance was utterly destroyed. He roared and chanted an incantation to summon another top tier dominator rank soul pet!

"Let them come!" Prince Chao said without fear to his Thousand Wave Beast.

The battle was about to start. Everyone's soul pets started battling over the devil flames that haven't extinguished yet.

.....

Quiet Forest Barren Land

The bleak old tree was already gangly. Within a few years, this tree that had stood for endless years may also disappear into the dirt.

Under the tree, the quiet and lonely girl remained sleeping.

She didn't want to wake up because the moment she woke up and saw the old tree's weakened appearance, she couldn't stop her tears from flowing. She stayed on the tree's body.

“Yi~~~~~”

The skies suddenly let out a bold roar.

The three eyed wind eagle came down from the skies and fell beside Ning Maner's small wooden bed.

His wings lightly patted Ning Maner to wake her up.

Slowly opening her eyes, she saw her uncle Wind Eagle and immediately smiled wide.

“Yi~~~~~” Three Eyed Wind Eagle swept off the leaves on Ning Maner’s body to signal her to get on.

“Is someone intruding?” Ning Maner looked distracted.

Three eyed wind eagle nodded.

Quiet forest was already broken. Why did they not leave the Quiet Forest alone and wanted to intrude?

“Could it be..... He’s coming to find me. It’s the people that killed big lion!” Ning Maner immediately realised something.

Ning Maner didn't think that after this long, someone still didn't want to let her go!

Ning Clan and Ning Dynasty all didn't know about the Messiah Tree seed. Sadly, only the people that kept chasing her were sure that the seed was still on her.

“Yi~~~~~” Three Eyed Wind Eagle signalled again for Ning Maner to climb onto its body and was ready to leave.

Ning Maner didn't dare hesitate and immediately climbed on.

Three Eyed Wind Eagle flew high and quickly went into the skies.

Ning Maner glanced far away and noticed the wind eagle's species gathering in a large sky to clearly see them battling some osul pets.

Three Eyed Wind Eagle let out a call, and told Ning Maner his species were stopping the intruders.

After finishing speaking, the eagle flapped and brought Ning Maner the opposite direction from battle to help her escape.

Ning Maner turned around to see the sky occasionally splatter in blood and felt sad.

Wind Eagle species protector was already heavily wounded from the last Quiet Forest battle and had little members left.

Because she accidentally let herself get found, Wind eagle would have to lose even more people for her.

"I really am useless....."

"Why do they have to be like this!"

"Why do they not leave me alone even now!!"

Ning Maner bit her lips. Anger, grief, and sadness caused blood to slowly flow down her lips.

These emotions don't belong in her pure heart, but she really was absolutely livid about these greedy people! She hated them to their guts!!

Chapter 1318: The Last Protector Species!

A man wearing azure black clothing walked into Stronghold City.

He looked up and glanced at the nearby battle causing a bit of upheaval.

Stronghold City's guards were rapidly heading towards the battle location. The fighters were all ultra experts that had reached the high class dominator rank. These types of experts were capable of dealing a fatal blow to a city, so the guards had to stop them in time.

The surrounding people were in a state of panic, and were fleeing in different directions. Only this azure black-clothed man calmly looked around. He simply didn't make much of it.

When the man stepped into the city, a man and a woman were waiting for him. When they saw him, they immediately went up and respectfully saluted.

"Senior He Cang." the two of them knelt.

"Where's Young Lady Ning?" calmly asked He Cang.

“Deep in Quiet Forest. The protectors there wouldn’t let us enter, so we could only wait in Stronghold City.” responded Wo Shan.

He Cang glanced at Wo Shan and his eyes suddenly turned cold. He said: “So you just went and told Young Lady Ning’s location to Zheng Wu and Kang Ruodong?!”

Wo Cang felt the coldness and killing intent radiating from He Cang’s body. He was frozen in place.

Wo Cang realized his death was imminent. He immediately chanted an incantation, summoning a peak dominator rank Gale Colt.

The adjacent Luo Yi didn’t know what happened. She looked on with confusion at Wo Shan who suddenly summoned a soul pet to flee.

He Cang coldly harrumphed. Without even needing him to give an order, the shadow under his feet suddenly became malevolent and extended a long black blade out of thin air!

Wo Shan’s movements were very fast and he was riding on a demon. In the blink of an eye, he had charged a few kilometers outside of the city.

However, the long blade held in the hands of He Cang’s shadow was able to limitlessly extend.

“Hu!!”

With one slash, the long dark blade chopped straight down the forest path outside Stronghold City. The blade was able to completely take up the entire several kilometers long path!

“Shua!!”

A clean and agile sound rang out. Wo Shan’s body, after he managed to flee a few kilometers away, was chopped into two halves. Even the peak dominator rank demon he was riding on was split apart by the long dark blade!

There was no fresh blood spurting out. Instead, both halves of its body transformed into black smoke that dissipated!

On the path, there were at least several thousand people coming and going from the stronghold. These several thousand people all simultaneously felt the enormous long dark blade descend onto their heads.

However, these several thousand people were left unscathed. Only the escaping Wo Shan and his demon were cut into two halves, dissipating in black smoke!

A person with a peak dominator rank had died so miserably!

“Senior... Senior He Cang...” Luo Yi’s face was pale as she stood next to He Cang,

He Cang was undoubtedly strong. However, she never expected Senior He Cang to personally kill Wo Shan without even saying anything.

The powerful darkness creature slowly melded back into the shadow under He Cang's feet. He Cang didn't even glance at Wo Shan. He stepped forwards and calmly said: "He sold out Young Lady Ning to people who have harmed the young lady."

Luo Yi finally came back to her senses and hastily followed He Cang.

"Senior He Cang, did something happen?" softly asked Luo Yi.

"This was my failure to do my job. I was taken advantage of by Zheng Wu, that bastard. Young Lady's powers weren't actually completely lost..." said He Cang.

He Cang shouldn't have told the subordinate most deserving of his trust - Zheng Wu - about his feelings and pity for Ning Maner. He shouldn't have agreed to the idea Zheng Wu had given him even more. All of this was a ruse, and Zheng Wu had used him...

And He Cang had only realized this a long time after Ning Maner had left.

After learning about this plot, He Cang had thrown away his position in Wupan City and came here as fast as possible.

"Zheng Wu? Isn't he your subordinate extremely deserving of trust?" asked Luo Yi.

"That was in the past."

.....

Deep in Quiet Forest.

The Three-Eyed Wind Eagle flew in the direction of the invaders. It passed through the desolate land. The forest that had been destroyed into a mess appeared.

However, before it even appeared in Quiet Forest's inner area, a few blade wing creatures appeared in front of the Three-Eyed Wind Eagle!

Blade wing creatures didn't belong to Quiet Forest. When the Three-Eyed Wind Eagle saw this group of blade feather species pass through the sky and block its forward route, its eyes immediately turned sharp and serious.

Ning Maner, sitting on the Three-Eyed Wind Eagle's back, instantly went pale. These people moved too fast. They also seemed to know she was going to go to the Messiah Tree's remains and had set up a trap beforehand, leaving her with no path of escape.

"Young Lady Ning, we meet again." a voice rang out from the blade feather species.

Ning Maner looked on, and her clear eyes were filled with anger and hatred!

It was the leader of the group that had pursued her last time. The black cloth on his head and his protruding cheekbones had left an incomparably deep impression on Ning Maner.

“It was him who killed Big Lion!” Ning Maner’s eyes were red.

Every night when she was wrapped in a nightmare, she would always see this face which would fill her with extreme anger despite her fear.

Ning Maner’s heart was innately pure and had no trace of killing intent. However, when she saw this person again, killing intent instantly flared!

And his Poison Teeth Beast!

Big Lion and many of the other Quiet Forest Protectors had perished at the hands of this savage Poison Teeth Beast. The tragedy of Lin City’s Heaven Boundary Monument was vivid in her mind!

Before she left Quiet Forest, Ning Maner didn’t even have a notion of “hate”. But now, she hated nothing more than the black cloth man in front of her!

“Hand over the Messiah Tree seed. Accounting for your current status as a Ning Family member, I won’t make it hard for you.” Kang Ruodong stepped on a Blade Feather Demon with flickering sharpness as he slowly approached the Three-Eyed Wind Eagle.

“I truly don’t have the seed!” said Ning Maner.

“If it wasn’t for my master paying attention and discovering a little girl, you, among the escaping protectors of Quiet Forest and told me to chase you, wouldn’t I have been tricked by that old tree?! Hmph, those experts dug up the interior of Quiet Forest and still didn’t find the Messiah Tree Seed. So if it’s not in your hands, whose else hands could it be in? Obediently hand it over and I will immediately leave. If you aren’t willing, not only will you suffer from the most painful torture, I

won't leave a single one of these creatures that are still adamant on protecting this place alive!" said Kang Ruodong.

The Messiah Tree Seed was the only descendant of the Messiah Tree. If one was able to obtain it, he would be able to nurture a Messiah Tree child pet.

Then, when the Messiah Tree was in infancy, one would be able to sign a soul pact with it and have it completely serve him!

The Messiah Tree had sufficient spirit, xuan, and immortal charm to raise an enormous empire or dynasty. It was a god tree. If all of this nurturing energy was given to a single person, this person would have the most powerful strength in this world!

If that happened, how insignificant would the immortal rank be then?

There wasn't a single expert who wasn't moved by the Messiah Tree Seed. Kang Ruodong's master was the same, just like those human leader experts who had committed the past crime and were hiding in the large factions!

"Don't wait until your pitiful protectors all die before your hand over the Messiah Tree Seed while sobbing to me. Hand it over now and I can guarantee their lives. You should also be able to tell that these laughable Wind Eagles simply can't match up to my subordinates. Quiet Forest is too weak now." Kang Ruodong swept his eyes at the distant fight in the sky and threateningly spoke to Ning Maner.

Ning Maner turned around and discovered that the skies were already drifting with countless broken feathers and drops of blood. More and more Wind Eagles were dropping from the sky...

Ning Maner's heart was dripping blood and she clenched her fist. She had never thirsted for power more than now!

Ning Maner knew that Kang Ruodong wouldn't believe anything she said. The Three-Eyed Wind Eagle also realized he couldn't face this many Blade Feather Demons and the Poison Teeth Beast, which could kill Big Lion, alone.

The Three-Eyed Wing Eagle tilted its wings and abruptly sped up. Sweeping up a surging storm, it fled to the side!

The Three-Eyed Wind Eagle was a protector, and its entire species assumed the responsibilities of protecting. Even if their entire species was slaughtered, it couldn't allow Ning Maner to fall into the hands of these greedy humans!

"Chase it!" Kang Ruodong ordered the subordinates behind him.

The Three Eyed Wind Demon was very fast and his strongest soul pet, the Poison Teeth Beast, wasn't a wing type creature. Although it was extremely strong in battle, in the air, it probably wouldn't be able to catch up to the Three-Eyed Wind Eagle.

The Three-Eyed Wind Eagle continuously passed through wind currents to speed up. Its current goal was to take Ning Maner away from here. As for its own species members, it had no choice but to stop itself from turning back to look.

"Uncle Wind Eagle. Put me down. Take your species members and flee from this place." said Ning Maner.

The Wind Eagle species was the last protector species in the entire inner Quiet Forest. If they were slaughtered, Ning Maner would have no more family to speak of.

There were already many, many protectors that had sacrificed themselves for her. She didn't have the heart to face an imminent second tragedy.

The Three-Eyed Wind Eagle didn't respond. Its sharp eyes stared ahead and its wings didn't stop beating.

Protecting the Messiah Tree in itself was a mission about protecting a species. Their protection had failed in the last battle because they were too weak and they had let the final Messiah Tree disappear from this world.

They couldn't let this protection fail, nor could they just run away!

To the proud Wind Eagle species, since there was no point in living if they couldn't do their job as protectors and protect the Messiah Tree and Ning Maner, why not just perish in battle!?

They would absolutely rather perish in this holy and unprofanable soil and let their souls wander the skies of the Pure Land than meaninglessly live in a world without the Messiah Tree and Ning Maner!!

Chapter 1319: I Originally Didn't Have the Time to Kill You

.....

The dense forest and enormous trees that reached the skies were left behind by Chu Mu.

As they flew through Quiet Forest, Night displayed its powerful agility when passing through forest and jungle terrain. Although there were obstructions everywhere in the forest, it was still able to continuously speed up.

The outer and middle ring of Quiet Forest was like an enormous labyrinth. If the invaders didn't know how to navigate through it themselves, they would inevitably keep walking in a circle in the forest.

When Chu Mu entered Quiet Forest, he was at a loss and had lost his sense of direction. For some reason, everywhere he ran, there would always be some Colorful Sparrows. These Colorful Sparrows acted as a good guide and prevented him from taking too many wrong paths.

“Zhi zhi~~~~~ Zhi zhi~~~~~” the surrounding Colorful Sparrows let out panicked cries. Before Chu Mu had even reacted, these Colorful Sparrows all dispersed and flew into different treetops to hide away.

Many small creatures had powerful perceptive abilities of danger. This meant that they had sensed danger in front that caused them to fly away in a panic.

Chu Mu didn't have Night stop, and he sent out his soul remembrance to scout.

A short distance ahead, in a dark blue forest, Chu Mu felt energy pulses.

Clearly, there was a fight ahead!

Chu Mu had Night enter its stealth mode and stealthily moved forwards.

The energy pulses grew increasingly strong and eventually, a concentrated aura of destruction greeted Chu Mu's face, displaying the forest destruction ahead of him.

Countless squirming purple lightning bolts interweaved as lightning bolts struck the scorched earth. A Thunder Giant boundlessly and majestically stood there, its two hands clutching flickering lightning halberds!

Facing off against this Thunder Giant was a Spectral Bird. On the back of this Spectral Bird was a white-clothed man. This white-clothed man steered the Spectral Bird agilely around the Thunder Giant's lightning.

"Zheng Wu, aren't you being too despicable?! You sold the information to this many people?!" the soul pet trainer on the Thunder Giant angrily roared.

"The truth is that your Elemental Sect was just the last one to obtain the information. Your Helm Lord Guo had best move faster, otherwise, that young lady will be taken away by Kang Ruodong, Xu Kuan, Huo Lei, and the others." Zheng Wu stood the Spectral Bird's back and spoke neither hurriedly or slowly.

"Your actions won't let anyone obtain benefits?!" said the soul pet trainer on the Thunder Giant.

"Since you're going to die anyway, there's no harm in telling you that I, Zheng Wu, want the Messiah Tree Seed!" said Zheng Wu.

"You? You haven't even reached the immortal rank. In front of Kang Ruodong, Xu Kuan, Huo Lei, and Helm Lord Guo, you're insignificant!" said the soul pet trainer on the Thunder Giant.

“That’s right. I indeed cannot defeat them, But do you really think that I divulged the information to all of them just so they could equally split the Messiah Tree Seed?” laughed Zheng Wu.

“In your dreams!”

Zheng Wu didn’t say anything more. The Spectral Bird he was riding on suddenly disappeared in the purple lightning.

In the next instant, it appeared to the side of the Thunder Giant and ten spectral blades morphed out from its body!

“Shua!!!!”

Ten spectral blades simultaneously streaked past the Thunder Giant’s body. Its already wounded body was unable to react at all and its enormous lightning body was sliced open!

The Elemental Sect soul pet trainer standing on the Thunder Giant wasn’t able to escape either. His body was sliced into two pieces and fresh blood spurted out.

The attack was terrifyingly beautiful and Chu Mu who was watching from a distance felt a shock in his heart.

If he was right, the Thunder Giant was a peak dominator rank. Therefore, the Spectral Bird had to be much stronger than the Thunder Giant.

It was no wonder the people who had come to New Moon Land from Dark Sky Ocean World had respected Border Commander Zheng Wu like that. Zheng Wu's strength could have easily swept through New Moon Land back then. Moreover, he would have been able to do so with ease.

Chu Mu was still hiding to the side, not making any noise. It wasn't that he was afraid of him, but he didn't have too much time right now to tangle with others.

Zheng Wu didn't tarry here and rode on his Spectral Bird even deeper into Quiet Forest.

Chu Mu watched Zheng Wu leave, and roughly understood what was going on.

Zheng Wu had probably sold the information about Ning Maner coming to Quiet Forest to many factions. Those people that desired the Messiah Tree Seed began to mobilize, and this included Divine Sect, Demon Beast Palace, and Elemental Sect...

"This Zheng Wu is quite ambitious. He wants to take the Messiah Tree Seed while the many factions are fighting for it," silently said Chu Mu.

Not long after he left, Chu Mu continued towards Ning Maner. From the words Zheng Wu had just said, the first one to arrive in the inner part of Quiet Forest was Kang Ruodong.

Kang Ruodong was the leader of those who chased Ning Maner in the past. His methods were extremely merciless, and if Ning Maner didn't hand over the Messiah Tree Seed, the consequences were unthinkable.

“I hope Third White will be able to find Ning Maner before Kang Ruodong does.” silently prayed Chu Mu.

Given where Chu Mu was at right now, he had definitely arrived later than a few people. He could only hope that Quiet Forest’s protectors would be able to delay for some time so that Third White would be able to catch up to Ning Maner and protect her.

“Night, let’s go!” Chu Mu patted Night’s dream horn and spoke to it.

Night strode forward. The night pursuit effects under its feet still remained, and it was able to instantly reach its highest speed.

Night transformed into a dark streak of light. But before it had gone far, a person suddenly appeared in front of Chu Mu!

Chu Mu creased his brows. This person was Zheng Wu, who had just left.

It turned out he hadn’t just left. Instead, he was waiting ahead for him. Chu Mu was curious. How did this fellow discover Night which had incredibly high concealing abilities?

“Friend, isn’t it rude to secretly listen to others?” Zheng Wu stood in front of Chu Mu and looked at Chu Mu with a bit of amusement.

Chu Mu looked back at Zheng Wu.

Zheng Wu was wearing white clothing. He was tall and had a martial appearance, as well as fair skin.

“Your Dream Beast’s concealment abilities are very strong. Although my Spectral Bird innately has the most powerful perception abilities - so much so that it's difficult for even immortal rank creatures to hide - your Dream Beast nearly escaped its perception... but since we’ve run into each other now, why don’t you tell me your name.” continued Zheng Wu.

Chu Mu originally didn’t want to tangle with Zheng Wu for now. But who expected his soul pet to be so special...

Looking at Zheng Wu’s attitude, he clearly wasn’t planning on letting him go.

“I initially didn’t have the time to kill you...” Chu Mu’s eyes gradually turned cold and killing intent was slowly released from his body.

A long time ago Chu Mu had said he was absolutely going to force Zheng Wu to raise his head to look at him!

Chapter 1320: Foe’s Meet, Chu Mu fights Zhen Wu

Feeling Chu Mu’s cold aura, Zhen Wu slowly retracted his aura.

He could feel that the person in front of them was far stronger than the elemental sect member he had just killed!

“Border Commander Zhen, Lady Ning is riding the Three-Eyed Wind Eagle north. Kang Ruodong is chasing her. Huo Lei and Xu Kuan have also caught up.” When the atmosphere was tense, a man darted out of the nearby brush.

This man finished speaking, and only then noticed with surprise that there still was someone standing before Zhen Wu.

Night stood in the shadow, so anyone at or below high class dominator rank might not even see Night's figure. This subordinate called Zhen Wu clearly didn't recognize this when he came to report.

"You..... you are...." Zhen Wu's subordinate Zhen Kuo glanced at Chu Mu and immediately found him familiar.

Chu Mu glanced at Zhen Kuo and said calmly, "So it's you."

Chu Mu recognized Zhen Wu's subordinates. It was him and Lan Rao who went to New Moon Ground and stayed with the name of protecting them.

Later, Zhen Kuo saw Chu Mu's strength and decided to leave to return to Wupan Continent. Only Lan Rao remained.

"You know him?" Zhen Wu asked.

Zhen Kuo nodded and said, "He's New Moon Ground's King Chu Mu and Lady Ning's protector."

After Zhen Kuo said that, Zhen Wu immediately remembered as well and smiled, "Oh, so it's the man who told me to greet him with my head in my hands. I can't believe we meet here, truly the world always ends up putting foes together!"

Chu Mu didn't respond but already collected his killing intent on his eyes.

"There are plenty of people who want to take my head away, but without fail, they always give me their heads instead. Let's see what type of powers you have, coming from such a shoddy place." Zhen Wu smiled and looked ready for a fight!

Chu Mu jumped off of Night. Night quickly understood Chu Mu's meaning and slowly disappeared in the shadows of the forest.

Night came and went without any trace. After Zhen Kuo saw Chu Mu's soul pet disappear strangely, he showed surprise. He could tell that this king was much stronger than before!

Zhen Wu glanced around, and let his Ghost Bird out to look for Night.

Since it was a demon, its sudden attacks were definitely powerful. Zhen Wu knew Chu Mu's Dream Beast was powerful, and he didn't dare to underestimate it.

"Strange, why can't I find it?" Zhen Wu furrowed his brows and continued to search the area.

Not only could Zhen Wu's soul remembrance not detect it, not even his Ghost Bird's powerful senses could find it.

This has never happened before. Zhen Wu's heart sank slightly as his expression grew grave.

Seeing Zhen Wu become so serious, Chu Mu instead laughed belittlingly and said, “You don’t have to continue looking, my Dream Beast left already.”

“Left?” Zhen Wu paused.

He quickly sent his soul remembrance further out. Indeed, he sensed a dark demon going swiftly towards the north, extremely far away already!

Zhen Wu’s mouth twitched. Chu Mu told his Dream Beast to head north first. Clearly, he heard what Zhen Kuo said and sent his Dream Beast to help on the north side of Quiet Forest first. What angered Zhen Wu was the enemy’s Dream Beast left in front of them, yet he still thought it was laying in ambush.....

“Letting go of a top tier dominator rank soul pet first, you truly overestimate yourself!” Zhen Wu said angrily.

Chu Mu no longer bothered with the trash in front of him and leaped onto little Mo Xie’s shoulder.

Little Mo Xie’s silver fur floated around, spinning up a large amount of demon aura and purple flames along with her!

Purple flames lifted up as nine silver tails unfurled in the flames, becoming nine rolling mountains that covered one end of the forest. Countless hundred meter tall trees were crushed by her nine dragon-like tails.

“Wuwuwu....” Mo Xie let out a roar and stepped forward.

Immediately, the purple flames around became a massive fiery tsunami that came forth and spread through the forest, instantly making it into a fiery ocean!

Hades Fox Supreme Purple Emperor!

Mo Xie's dominating aura caused Zhen Kuo, a lower rank soul pet trainer, to fall back numerous steps as his face was covered in shock.

Zhen Wu's Ghost Bird also had to retreat to avoid Mo Xie's unleash!

Seeing Chu Mu summon this supreme fox, Zhen Wu's expression immediately changed. He started chanting an incantation as if he was now going against his greatest foe.

Zhen Wu quickly finished and summoned a Thunder Beast!

The Thunder Beast's fur was bright purple. Its limbs, back, head, and others all saw thunder snakes swirling around!

One could tell that the Thunder Beast's aura was much stronger than the Ghost Bird. Zhen Wu summoning another soul pet so quickly was because he clearly acknowledged that his Ghost Bird wasn't the fox supreme's match.

Mo Xie's claws were bloodthirsty. An enemy at the Thunder Beast's level was perfect for the battle hungry Mo Xie.

Mo Xie ignored the Ghost Bird's presence as her silver body became a gleam that darted straight towards the Thunder Beast.

When Mo Xie's body neared the Thunder Beast, she suddenly split out eight other figures, each becoming a clone of Mo Xie!

Splitting into phantoms was Mo Xie's signature move. Mo Xie casted this powerful technique at the start of the battle to quickly end the battle!

Nine angry claws came in from different directions. Zhen Wu's Thunder Beast wasn't expecting this insane speed and explosiveness, so it was too late for it to dodge.

The Thunder Beast roared, its body filling with thunder snakes that created a protection around it.

However, Mo Xie wasn't only powerful in speed. Its single target attacks were also the strongest of all of Chu Mu's soul pets!

Nine angry claws easily ripped open the defense of the thunder snake's shield as the purple burning claws ripped into the Thunder Beast's body from all directions!

"Sila..... Nine ripping sounds came at once, creating nine deep gouge marks on Zhen Wu's Thunder Beast body.

The Thunder Beast let out an angry roar, and forcefully moved its body to maintain its distance with Mo Xie.

The first attack, and Thunder Beast was already wounded and had to back off. The fox supreme's power put Zhen Kuo in disbelief.

Zhen Wu's face was even more grave. He glanced at his Ghost Bird and gave it a command.

The Ghost Bird's body disappeared without a trace into the burning forest.

Ghost type organisms were unpredictable in movement. If they had high explosiveness as well, they were even scarier in ambushes than demons.

Chu Mu had to quickly finish the battle. He didn't reserve much of his strength anymore. When Zhen Wu's Ghost Bird disappeared, Chu Mu casted an incantation to summon the similarly ghost type Little Hidden Dragon!

Little Hidden Dragon has reached top tier dominator rank for a while now. However, the past time has mostly been used on travelling so Chu Mu hadn't had a chance to show Little Hidden Dragon's strength after it reached top tier dominator rank.

It was perfect, Zhen Wu's Ghost Bird could be Little Hidden Dragon's first fight into top tier dominator rank!

The ghostly blue Little Hidden Dragon floated above Chu Mu's head, its deep ghost eyes looking around for the Ghost Bird.

Suddenly, Little Hidden Dragon smiled, revealing its rows of dragon fangs.

“Finish the fight quickly.” Chu Mu reminded the mischievous Little Hidden Dragon.

Little Hidden Dragon nodded and locked onto the Ghost Bird’s position. With a deep breath, it spewed a dragon beam straight at where it was hiding!

“Damn it!” Zhen Wu noticed Little Hidden Dragon’s attack and immediately cursed.

A ghost type organism’s advantage was always in its unpredictable movement. Originally, Zhen Wu thought he could utilize his control of Ghost Bird to keep Chu Mu constantly on the defense.

Yet, he didn’t expect Chu Mu to also have a ghost type organism, and a very rare Ghost Dragon at that!

Ghost Bird was a mix of wing and ghost type. Though Ghost Bird’s rank was a bit higher, dragon species were always duo main type. The moment Little Hidden Dragon sent the hiding Ghost Bird flying with its Ghost Dragon beam, Zhen Wu realized he would have a tough fight.

Since Chu Mu already told Little Hidden Dragon to end it as quickly as possible, Little Hidden Dragon no longer attempted to use its advantage as a ghost. Instead, it caught the Ghost Bird in its mouth and simply never let go, devolving the battle into a simple brawl.

Little Hidden Dragon’s defense, life force, and regeneration were all much stronger than the Ghost Bird. In a brawl, Little Hidden Dragon had nothing to fear!

“I want to see just how many top tier dominator ranks you have!” Zhen Wu got angered. After all, a person that walked out of New Moon Ground was matching both his main soul pets. That in itself was a shame to him.

As he spoke, Zhen Wu casted an incantation again!

This time, Zhen Wu summoned an Eight Scythe Hidden Ghost!

Eight Scythe Hidden Ghost was a combination of bug and ghost type with a species rank of pseudo dominator. It was the soul pet that Zhen Wu loved using whenever he felt violent. Anything that had ghost type blood was usually incredibly bloodthirsty and can use that to raise its strength.

The same moment the Eight Scythe Hidden Ghost, Zhen Wu noticed that Chu Mu also chanted an incantation to summon a Mo Ye covered in ink armor!

High class dominator rank Mo Ye?

He's out of top tier dominator rank soul pets!

Zhen Wu smiled and said, “You can call your dream beast back now. Maybe it'll come in time to get your corpse!”

Chu Mu didn't respond. Zhen Wu wasn't the first to underestimate Zhan Ye.

Very quickly, he would become just the same as everyone Zhan Ye has killed- destroyed while they still were stuck in disbelief!
