Chapter 1321: Wind Eagle's Oath, Protect to the Death! Part 1

Quiet Forest North Side

In the empty skies, a hurried gust flitted past, creating spatial ripples.

Three-Eyed Wind Eagle used its wind control to constantly get faster, bringing Ning Maner deeper into the soul pet dynasty.

Yet, Kang Ruodong seemed to predict this fact, and set down ambushes in this direction.

In the air, there were constantly daggers that caused obstacles for the Three-Eyed Wind Eagle. Though it was fast, continuously getting stopped like this meant it had to change its direction of escape. After all, a slight pause meant Kang Ruodong would catch up.

“Yi~~~~~”

Three-Eyed Wind Eagle let out an angry call!

Another group of Feather Demons appeared in front of them. Looking through the skies, a large amount of Feather Demons had appeared where they were about to go!

“I am fully prepared this time, I won't let you escape again!” Kang Ruodong got to the Three-Eyed Wind Eagle and laughed.

Kang Ruodong had brought nearly a thousand people this time, all with powerful strength. After all, the matter concerns the Messiah Tree's seed. Though Kang Ruodong's master couldn't come himself, he could easily send a large amount of elite subordinates!

"We have nowhere left to go." Ning Maner said in a low voice

There really were too many enemies. With their gathering speed, they would create an impenetrable net in no time. No matter how fast or agile the Three-Eyed Wind Eagle was, it won't have a chance of escaping anymore.

"Yi~~~~~"

The Three-Eyed Wind Eagle didn't give up. It turned around to glance at Kang Ruodong who was getting ever closer.

Suddenly, Three-Eyed Wind Eagle tilted its wings to draw an arc in the sky, causing it to turn around and head straight for Kang Ruodong!

Kang Ruodong was riding a near immortal rank Feather Demon, slightly weaker than the pseudo immortal rank Three-Eyed Wind Eagle.

Noticing that the doomed Wind Eagle wanted to fight him head on now, he quickly told his Feather Demon to enter battle state, and also told his immortal rank Poison Tooth Beast to go head on against the Three-Eyed Wind Eagle!

Kang Ruodong's other subordinates all didn't think that the Three-Eyed Wind Eagle would suddenly go towards them.

The immortal rank organism was still strong in the end. Especially when the Three-Eyed Wind Eagle pushed forth an all-devouring hurricane, the Feather Demon soul pet trainers all panicked.

"Keep formation!" Kang Ruodong told everyone to enter battle state.

The Feather Demons quickly put together their defensive formation. At this time, the Three-Eyed Wind Eagle was already heading over at extreme speeds!

"Huhuhuhu!!!!

The storm whistled in its ears. The vast skies were taken over by turbulent and turbid winds. The entire sky sank into chaos!

The Three-Eyed Wind Eagle was the commander of the chaotic storm. Its body flew through the crevices between gusts of wind. All the Feather Demons were hit by countless storms. They could hardly deal any substantial damage to the Three-Eyed Wind Eagle.

Three-Eyed Wind Eagle definitely didn't want to go directly against Kang Ruodong and his subordinates. When it noticed all the Feather Demons were intimidated by its winds, the Three-Eyed Wind Eagle immediately chose to ride the gusts deftly around their formation back towards where they came from!

Kang Ruodong immediately realized the Three-Eyed Wind Eagle was flying in the opposite direction on purpose, commanding the Feather Demon and Poison Tooth Beast towards the Three-Eyed Wind Eagle at the same time.....

.....

Three-Eyed Wind Eagle's risky maneuver temporarily threw off Kang Ruodong and the others.

The reason it didn't select the previous path was because it was worried Kang Ruodong had even more ambushes set up. Meanwhile, if Kang Ruodong himself were guarding this direction, Kang Ruodong definitely wouldn't put together many ambushes.

"Uncle Wind Eagle, will you be fine?" Ning Maner opened her eyes and looked around worriedly at the shocking wound on Three-Eyed Wind Eagle's back.

The Three-Eyed Wind Eagle started flying the opposite direction to dodge the following ambushes. However, Kang Ruodong definitely wasn't just a decoration. This forced entry caused Three-Eyed Wind Eagle to take two techniques from his Feather Demon and Poison Tooth Beast without any defenses.

The Feather Demon's attack created a gouge down its back that covered nearly a third of its body length, deep to the bones.

The Poison Tooth Beast's terrifying teeth pierced the Wind Eagle's stomach, letting out blood like a spring into the forest.

"Yi~~~~~" Three-Eyed Wind Eagle let out a call.

These wounds were still withstandable.

This dangerous maneuver turned out to be the correct move. Kang Ruodong set down many ambushes north of Kang Ruodong. The further north, the deeper they would be in trouble. This way back clearly had much less people.

.....

“This Three-Eyed Wind Eagle, don’t let me catch it. If I get my hands on it, I’ll rip it apart!” Kang Ruodong’s cheek twitched with anger.

“Boss, the eagle is already wounded. It’ll only get slower and slower. These are just its last struggles.” The leader of the Feather Demons, Lu Nan, said.

“Heng, what do you know. This Three-Eyed Wind Eagle definitely won’t be able to escape, but flying back means it goes right into divine sect’s arms.

“They..... They shouldn’t be able to come here so quickly, right?” Feather Demon leader Luo Nan said.

“No matter when they get there, tell your people to surround quiet forest now!” Kang Ruodong roared!

Kang Ruodong was already anxious now.

Starting from when he chased her in the quiet forest, he had lost countless strong subordinates yet still let the girl away.

This time, she wasn't getting away, she was just going straight into the hands of others!

.....

The Three-Eyed Wind Eagle flew forward and felt less and less resistance.

Slowly, Three-Eyed Wind Eagle brought Ning Maner back to the barren land by the Messiah Tree.

This time, flying back, Ning Maner saw a scene that caused her heart to shatter!

The originally empty land was now scattered with countless corpses!

There were intruder corpses, but more so there were corpses of the protectors, Wind Eagles!

Blood stained feathers, broken wings, crushed skulls, and flowing blood..... It was everywhere!

This ground occasionally lifted up scents of blood, sending grey feathers flying through the air.

“Why is it like this..... Why.....” Ning Maner stared blankly at the ground.

Kang Ruodong’s subordinates were already going towards her direction before. The Wind Eagle species shouldn’t have been their main target anymore.

Yet, why were they still dead? How did this many Wind Eagles die in such a short time, laying dead on the once sacred land?

“Yi!!!!”

Three-Eyed Wind Eagle lifted its head into the air in a shriek!

This call echoed sadly through the forest, causing Ning Maner to tear up uncontrollably!

At this moment, Ning Maner wanted to jump right off its back and throw herself onto the ground. That way, no more protectors would have to ever die for her again.

Chapter 1321: Wind Eagle’s Oath, Protect to the Death! Part 2

“These damned wind eagles, daring to block our way.” Demon beast palace Huo Lei crushed another wind eagle’s skull with disdain.

Huo Lei’s subordinates were all rather powerful. They were cleaning up the wind eagles right now.

For some reason, the wind eagles all didn’t fear death. Even though half of them were killed, the remaining thousand still dared to surround them as experts.

“Huo Lei, there’s a very large wind eagle over there.” Divine sect Master Official Xu pointed out.

"Oh, that must be the king of the wind eagles. It looks like its immortal rank.... En? Wait, there’s someone on its head.” Huo Lei said.

Divine sect master Official Xu immediately looked over with his remembrance to find a young girl sitting on top of the massive wind eagle king’s head!

“Is that the young girl hiding the messiah tree seeds?” Divine sect Master Official Xu’s entire body shook, and a gleam came out of his eyes!

The Ning Clan Dynasty didn’t know Ning Maner was the person most likely to have the Messiah Treee. Even before Zhen Wu leaked the information, very little people knew that a group of protectors in the quiet forest didn’t run away in the last fight, but instead were protecting this special girl in her escape.

All of them came thousands of miles for this girl!

“Let’s kill our way over!” Huo Lei said excitedly.

The Messiah Tree seeds are on this young girl’s hands, no one won’t go crazy for her!

Divine sect master official Xu was much faster than Huo Lei and already summoned a light’s fury.

This light's fury was much stronger than High Official he. The light's fury before created a pair of wings behind it and flew towards the three eyed wind eagle with Divine Sect Xu Kuan.

Huo Lei was half a beat slower and was anxious. Though demon beast palace and divine sect were cooperating here, there was only one messiah tree seed. Whoever had it could control the world in the future!

.....

On Three Eyed Wind Eagle's head, Ning Maner was already sobbing uncontrollably.

She no longer had the courage to continue running anymore.

She had already lost her powers from messiah tree and she had no seed of any sort. Yet, these greedy people still didn't let her be. The more she ran, the more her protectors died.

There will be a day when all her protectors, her family, would die for her. When that happens, what did she have left to live for?

Her face was frail with no color left in her cheeks. Her thin body was fragile in the raging winds. Her tear filled eyes only had helplessness and despair left in them.

"Uncle Wind Eagle, let me down....." Ning Maner said.

Three eyed wind eagle saw the other group of intruders. It originally thought it could avoid Kang RUodong by going the opposite direction, yet it didn't expect that another group of humans to also come and kill all its fellow eagles.

Turning around to see the nearing feather demon humans, three eyed wind eagle knew they had no turning back anymore.

It slowly lowered its body onto a withered branch of the messiah tree.

Lowering its head slowly, it let Ning Maner off its head.

Ning Maner slid down and landed within the Messiah Tree's tangled but withered roots.

"Uncle WInd Eagle, leave with your people. Everyone has done so much, too much, for me already...." Ning Maner hugged the Three Eyed Wind Eagle's head, lightly rubbing its soft feathers as if saying goodbye to her family.

The three eyed wind eagle slowly closed its eyes and enjoyed her light touch.

After a moment, the three eyed wind eagle lifted its head and opened up its powerful wings!

Flying into the air, it almost instantly appeared in the skies above the tree.

Ning Maner lifted her head and gazed at the back image of the wind eagle.

“My final protectors, you have to live well in this quiet forest once I’m gone.....” Ning Maner muttered to herself.

After saying that, Ning Maner closed her eyes and stood, alone, under the massive messiah tree.

.....

“Yi!!!!!!!!!!”

Suddenly, a sharp call came from the skies. The three eyed wind eagle let out a dignified and proud cry!

Hearing the sound, Ning Maner quickly opened her eyes to look back into the skies.

“Yi!!!!!!!!!!”

“Yi!!!!!!!!!!!!!!!!!!”

The entire sky was filled with wind eagle’s proud calls, as if they were using their life and soul to swear upon an oath!

In the sky, 4000 grey feathered wind eagles became black dots that gathered around the messiah tree.

In that moment, every last wind eagle left started circling the messiah tree, using their bodies and feathers to create a feathered barrier that protected Ning Maner in this last stand.

Seeing the densely packed wind eagles above her, Ning Maner started shaking as if struck by lightning.

Her last protectors didn't leave.....

They were fighting to the death against the intruders!!

"Uncle Wind Eagle, please don't do this!"

"You can't die for me anymore....."

"Please, I beg you, leave... I'm begging you.... Please listen to me..... please....."

The young girl's strained cries were covered up by the final cry of the 4000 wind eagles.

No matter how hard she tried shouting and crying, not a single wind eagle left.

In the end, she could only kneel down beside the tree and sob helplessly.....

Chapter 1322: Ultimate Good, Extreme Source of Evil

A proud cry reverberated through the sky. The 4000 wind eagles formed a proud barrier. The steadfast part was not their bodies, but instead their unyielding and spirited determination to protect after making a vow!

The Three-Eyed Wind Eagle which was ten times the size of the other Wind Eagles stood at the very top of this fortress. Using its unfurled wings, it protected Ning Maner from above.

When it placed Ning Maner under the tree, the Three-Eyed Wind Eagle's eyes had been soft like a loving elder. But now, its three eyes were ignited with a scorching fighting intent.

After losing the Messiah Tree and Ning Maner, the protectors would have no more reason to exist. Protectors wouldn't let themselves die of old age. Their most honorable death would be to fight for the person they were protecting and have their bones buried because of this!

.....

The 4000 Wind Eagles were all protecting Ning Maner. This was seen by the invaders from all sides.

"Are they lining up to send themselves to death?! They're really orderly!" Kang Ruodong who was chasing from the north ruthlessly spoke.

"Senior, there are others there." Lu Nan pointed to the other side of the Messiah Tree.

Kang Ruodong looked on and discovered two soul pets approaching the Messiah Tree. One was a Light's Fury that had light wings, and the other was a Blood Barbarian Hidden Dragon with blood-colored dragon scales!

"Xu Kuan, Huo Lei!" Kang Ruodong's face instantly sank.

Who else had an immortal rank Light's Fury besides Divine Sect's Xu Kuan?

The Blood Barbarian Hidden Dragon was the signature soul pet of Demon Beast Palace's senior disciple Huo Lei. The moment a Blood Barbarian Hidden Dragon was mentioned, everyone would think of Huo Lei's name!

"How did the two of them pass so quickly through the outer and middle areas of Quiet Forest?"

Kang Ruodong had obtained information about Ning Maner a day before the others and entered then. He had spent a period of time dithering between the outer and middle areas. If he hadn't wasted time there, he would have already taken the Messiah Tree Seed and left.

"Everyone go over!" Kang Ruodong lifted his hand and called for the 1000 subordinates behind him to slaughter their way over to the Messiah Tree.

Kang Ruodong and Lu Nan flew at the very front. They quickly approached the Messiah Tree Wind Eagle fortress.

At the same time, Xu Kuan's group of Divine Sect subordinates and Huo Lei's Demon Beast Sect subordinates also gathered towards the Messiah Tree.

The enemies were now near. The Wind Eagles didn't take the initiative to attack. They were like a grey tornado storm that continuously flew in a manner that protected the area.

Xu Kuan and Huo Lei looked at these Wind Eagles that weren't afraid of death. A trace of vexation surged in their hearts.

They had already killed over 6000 Wind Eagles. The mass of corpses in this area had been caused by them. They initially believed that after killing most of them, they would scatter like sparrows...

"It's Kang Ruodong and Lu Nan." Huo lei creased his brows, and stared at the two people on the other side of the Wind Eagle fortress.

Kang Ruodong was very famous in Wupan territory. A single glance and people would be able to recognize him.

And Lu Nan, standing next to him, was also famous. His Blade Feather Demon Tribe, which he commanded, was called "Slaughterer's Blade" and had forced many experts to retreat.

Huo Lei and Xu Kuan had only brought 30 people in total. These 30 people were all dominator rank experts and the weakest of them was a high class dominator rank.

Although Kang Ruodong had many people on his side, Huo Lei and Xu Kuan didn't need to fear him. However, Kang Ruodong himself wasn't easy to deal with and even if Xu Kuan and Huo Lei combined forces, they didn't have absolute confidence in beating him.

The three sides were currently stopped 500 meters away from the Wind Eagle fortress. With the Wind Eagles obstructing them, they couldn't immediately grab the young lady.

The three sides were at a temporary deadlock.

"The two of you both come from famous sects. Why must you fight over this with me, a nomad? There are some matters that if leaked, will make things difficult for you in the future." Kang Ruodong maintained his calm and spoke to the two people on the other side.

"You don't need to worry about that." said Master Official Xu.

"Our deadlock isn't a solution either. I'm positive that Zheng Wu, that bastard, told many people. Ocean Lord Xue from the navy, Enforcer Shen from Departed Spirit Palace and Helm Lord Duo from Elemental Sect will all arrive soon. Moreover, I heard that someone else surnamed Xu is nearby. I'm not sure where he is now. Master Official Xu, you probably know about this, right?" slowly said Kang Ruodong.

Once Kang Ruodong finished speaking, Xu Kuang and Huo Lei simultaneously creased their brows.

Xu Kuang creased his brows because he had never expected Kang Ruodong to be in possession of so much information. He even knew that Xu Lu was in Quiet Forest Stronghold.

Xu Lu was Xu Kuan's older brother. Both of them served Divine Sect and were Master Officials.

Huo Lei had subconsciously put a distance between him and Xu Kuan. He didn't even know that Divine Sect had sent the two of them. This meant that there was a high likelihood that the leader

from Divine Sect who was participating in the crimes of the Messiah Tree had sent Xu Kuan as the official representative, but had Xu Kuan's older brother, Xu Lu go and snatch the Messiah Tree Seed behind their backs!

Demon Beast Palace's Huo Lei was also the official representative. In name, he was supposed to come and punish and pursue the people that had committed the crime. But in reality, the leader from Demon Beast Palace who had sent Huo Lei was one of the people who had participated in the evil in Quiet Forest.

Huo Lei was certain Divine Sect was also in the same circumstances. Only, he never expected Divine Sect would have one chess piece in the light and one chess piece in the dark. They had one person play the role of the mantis and another be the bird!

"Don't fret you guys. Elemental Sect's Helm Lord Guo is probably still blindly wandering around the middle area of Quiet Forest. That simple minded man won't arrive for a while. As for Divine Sect's Xu Lu, he probably won't easily show himself. But since Ning Family Dynasty's He Cang has already entered Quiet Forest, the two of them will inevitably clash. That will waste a bit of time. The current headache is that I don't know where Departed Spirit Palace's Enforcer Shen is, and the group of navy members Zheng Wu brought have gone missing... but of course, I am certain neither of them are in Quiet Forest's inner area." methodically said Kang Ruodong.

"What on earth do you want to say." coldly said Huo Lei.

"Right now, the Messiah Tree Seed is in that girl's hands. The strength of those Wind Eagles is nothing, but they have the ability to delay for a long period of time until everyone arrives. When that time comes, how much of a chance do you guys think the three of us will have to obtain what we want?" said Kang Ruodong.

"Your intentions are that..."

“Before the others get here, let’s combine forces to get rid of those Wind Eagles. Let’s grab the girl first and if the other factions come, it’s best if we stick together. This way, none of the factions alone will be able to stop us. Then, as for how we deal with the Messiah Tree Seed, that can be decided by the people backing us. In any case, we’ll have completed the mission.” said Kang Ruodong.

Divine Sect Xu Kuan glanced at Demon Beast Palace Huo Lei.

Huo Lei had a sliver of distrust in Xu Kuan. They could all act separately, but Kang Ruodong was right. If they continued like this, none of them would obtain any benefits.

Xu Kuan and Huo Lei nodded their heads, agreeing to Kang Ruodong’s suggestion.

“Slaughter those Wind Eagles!” Xu Kuan and Huo Lei ordered their subordinates.

Kang Ruodong swept his eyes over the Wind Eagle fortress, and the Three-Eyed Wind Eagle at the very top. He coldly harrumphed: “Hindering things. If it weren’t for you, I would have already taken the seed and left. Go and die!”

Kang Ruodong and Lu Nan had the most subordinates at around 1000. Their average strength was about the high to peak class emperor rank. Among them, there were middle, high and peak dominator ranks. This group of people would inevitably deal a fatal blow to the Wind Eagle species.

Xu Kuan and Hoo Lei had a total of 30 subordinates, but these 30 were all experts of the two factions. The weakest was a high class dominator rank. For them to kill 4000 Wind Eagles, it would be like a massacre. Indeed, it was them that had created so many corpses earlier!

“Yi!!!!!!”

Against the onslaught of enemies, the Three-Eyed Wind Eagle at the top of the Wind Eagle fortress spread its wings and let out a sharp and spirited cry.

Immediately, all of the Wind Eagles let out a cry. Their voices were like exploding thunder.

“Yi!!!!!!!!!!”

“Yi!!!!!!”

The first ones to reach the Wind Eagle fortress were the Feathered Demon army with blade feathers. The Blade Feather Demons orderly formed a single slaughtering blade that fiercely pierced the center of the Wind Eagle fortress.

Feathers and blood spilled out. Countless Wind Eagles had perished in the first wave of attacks on the Wind Eagle fortress.

On the other side, Xu Kuan and Huo Lei’s subordinates had penetrated the fortress from the top. With their high class dominator rank strength, any one of their techniques could deal a destructive blow to the Wind Eagles which had an average of emperor rank strength.

Miserable cries and angry shouts intermingled. All of the cries would transform into sharp needles that pierced the heart of Ning Maner, who was under the tree.

The blood from the Wind Eagle corpses were like a rainstorm that fell upon the Messiah Tree. As they struck the ground, they would leave splashes of horrifying blood flowers...

“Pai!! Pai!! Pai!! Pai!! Pai!!”

The noise of blood smacking the tree roots grew increasingly frequent and in number. Ning Maner didn't even have the courage to open her eyes.

However, she suddenly opened her eyes and stared with bloodshot eyes ahead. She was staring at the tragic and bloody scene of falling Wind Eagles on the tree roots.

Once sorrow reached its limit, it became complete helplessness.

If it weren't for her own weakness, always needing others to protect her, they wouldn't have died for her.

Strength. She thirsted for strength. She thirsted for it to the point of near madness!

Bloody veins covered her eyes, and a thick fog of blood covered her body. In her anger, blood vessels seemed like they were going to burst from her pale white skin!

With each smear of blood splashed in front of her, it would transform into an evil aura.

With every life that was lost, their departed spirits would transform into grievance aura.

Nobody discovered that the evil aura and grievance aura was currently pouring into the young girl's body who was kneeling under the tree and had nearly gone mad!

As a person with an incomparably pure heart, when she had been influenced and carried away by grievance and evil, this would mean that her evil intentions had reached the limit.

Evil intentions were capable of sweeping away everything!!

Chapter 1323: Slaughtering Through the Skies, Silver Colored Nightmare

The Messiah Tree's roots were thoroughly dyed with blood red. Strangely, however, the blood didn't flow down the tree. Instead, like little rivulets, they gathered around Ning Maner.

A captivating red blood lotus began to form around Ning Maner as astonishing blood markings appeared on her fair white skin!

These blood marks were like terrifying curses that gradually crawled up her blood vessels, from her thin legs to her white neck.

Her sealed soul completely awakened in this instant. The poison that Zheng Wu had provided to He Cang could only temporarily inhibit Ning Maner's powers. It didn't completely cause her to lose her abilities.

The grievance and evil inside her heart had undone the poison effect on her soul. The originally pure and kind immortal charm aura was now morphing into darkness and evil, taking the form of a terrifying dark red color that wrapped around Ning Maner's body.

The Wind Eagle Fortress was still stubbornly resisting and the invaders were still slaughtering. Even more blood, killing intent, grievance aura, and evil aura was being absorbed by the incomparably angry young woman. And it was all tainting her heart.

Like the calm before a storm, her slightly curled hair began to flutter in the dark red bloody mist. Within an area of ten meters, it was completely silent; yet, a boundless and heaven devouring force was stirring within these ten meters!

These people who were slaughtering until they went numb hadn't realized that this was a source of evil that was capable of sweeping through the world!

Finally, the blood markings of extreme anger crawled up to Ning Maner's cheeks, and her porcelain pale face instantly exuded the deranged expression of a witch!

.....

The dark red cloud was like an enormous devil that covered the distant skies. It was unknown, mysterious and dangerous!

Chu Mu looked up with shock at this scene.

From their soul link, Chu Mu could feel the evil that manifested from extreme anger came from Ning Maner's heart.

Ning Maner was so pure that she couldn't contain the slightest bit of impurities. She was like the cleanest snow lily in the world. She was the one thing that should not be sullied and tarnished by the world. Why had she become so deranged that she would forcibly all of the evil to find strength?

This was undoubtedly using her soul to make a trade with the devil because Chu Mu could feel her soul being devoured!

Sorrow, anger, hatred, and bloodthirstiness. These shouldn't have belonged to her. Chu Mu used his mental voice in an attempt to tell her not to be swayed by these things that could destroy her pure soul.

However, when his mental voice got there, it dissipated. Ning Maner wasn't able to hear what he said.

Chu Mu's heart kept sinking. Her actions were, without a doubt, the same as his back then. He had ignited his own soul to obtain strength. Once it was over, she would suffer from a powerful recoil and there was a high chance she would become a devil girl without any thoughts!

Pure evil energy radiated from Ning Maner's soul pact, making Chu Mu even more worried.

Chu Mu's experiences from when he was young were pure darkness. During that time, he had been possessed by cold-blooded slaughter. Even the current him still had this dark side. This dark, bloodthirsty side to him had exploded in Tianxia City, causing him to completely transform into a devil whose only thought was to kill.

During the time he was a devil, the only thing in his heart was pain. He had to rely on endless slaughter in order to relieve the pain. This feeling was even more difficult to bear than dying.

But as time passed, he finally gained some thoughts and began to search for his memories and soul.

Finally, the Monument Tear's creation had been like rebirth to Chu Mu. It gave him back his most cherished memories and soul. Chu Mu would not forget the scenes recorded in the Monument Tears as long as he lived. He would cherish his treasured soul and cherish everything he had even more.

Having experienced that period of pain, Chu Mu didn't want Ning Maner to follow the same path. Ning Maner, moreover, had an even more pure heart and soul so if she was possessed by slaughter, grievance, and hatred, it would be even more painful for her. Indeed, in the future, she would descend into endless slaughter and due to her innate kindness and purity, she would have an even more difficult time bearing the grievance and pain from the deaths she caused that were out of her control.

"Oh? It's weakened?" as he was extremely anxious, Chu Mu suddenly felt the evil in Ning Maner's heart be suppressed.

Just now, Ning Maner had completely lost any sense of reason. Even if he was in front of her, he would have a difficult time stopping her from morphing into a devil.

But he was now sensing the grievance in Ning Maner suddenly being weakened. More accurately speaking, it seemed like it was being suppressed.

Her soul had practically been wrapped with blood-red flames and now these flames were slowly being shed, returning her the purest soul...

"What happened?" Chu Mu's heart was filled with questions.

Chu Mu was being tied up by Zheng Wu right now, and could not go over for the time being. The numerous questions and worry made Chu Mu feel even more uneasy.

“I need to get rid of Zheng Wu as fast as I can!” Chu Mu couldn’t delay any longer. He had to get to Ning Maner.

Chu Mu glanced at Zhan Ye.

The wounds on Zhan Ye’s body weren’t too heavy. But in order to end the fight as fast as possible, he had Zhan Ye use the Broken Limb Rebirth technique!

After one Broken Limb Rebirth, Zhan Ye came in possession of the power from one Ancient Power Awakening.

Once Zhan Ye possessed the Ancient Power Awakening strength, his own power exploded.

A black light streaked across. Zhan Ye relied on his increased speed to agilely dodge the Eight Scythe Hidden Ghost, appearing behind it.

The Eight Scythe Hidden Ghost’s eight weapons were indeed powerful, but its back became its blindspot.

In the previous few attacks, Zhan Ye had overlooked the armor defense on its back. But in this moment, relying on its Ancient Power Awakening and explosive speed, it delivered a fatal attack.

“Hou!!!!!!”

Zhan Ye roared, and the claw blade transformed into a glimmer of light that flickered at the edge of a dark sky!

Carrying an aura of death, the sharp blade flashed by and severed the Eight Scythe Hidden Ghost's waist.

“Shua!!!”

Green insect fluids and a stream of blood burst out. The Eight Scythe Hidden Ghost had been instantly chopped into two pieces that heavily fell onto the ground.

Both pieces of the body violently struggled. The tenacious life force of bug type creatures was extremely high. Despite being chopped in half, it still hadn't died. Thus, Zhan Ye's body transformed into a black battle-ax that fiercely chopped down!

When the battle-ax made contact, the Eight Scythe Hidden Ghost's body was completely smashed into the ground. Fresh blood and fluids from the dismembered corpse remained everywhere. Some of it even leaked to where Zheng Wu and Zheng Tuo were standing.

Zheng Wu face instantly went pale, and his cheeks began to tremble.

A mere high class dominator rank Warbeast Mo Ye had killed his peak dominator rank Eight Scythe Hidden Ghost!

Next to him, Zheng Tuo was also looking on in shock. He refused to believe that the man in front of him was the King of New Moon Land whose worldview had been so narrow back then.

When Zheng Tuo had entered New Moon Land back then, he had indeed looked down on Chu Mu. Even when Chu Mu had killed Cloud Realm's Li Kuangdeng, not for a single moment did he think Chu Mu could be compared to Border Commander Zheng Wu.

It was only then that Zheng Tuo realized that the man was not being arrogant when he had told him he was going to get Zheng Wu to bring his head to see him!

"Scram. I, Chu Mu, can find you at any time to take your head!" contemptuously said Chu Mu.

After speaking, Chu Mu jumped onto Mo Xie's back and rode straight into the inner part of Quiet Forest.

Zheng Wu humiliatedly and angrily watched Chu Mu leave.

The opponent could have easily killed him, but couldn't be bothered to do so. This shame was even harder to bear than death!

.....

Under the Messiah Tree, blood was no longer flowing backward and was no longer gathering at Ning Maner's feet.

The dark red mist around her body was also slowly dissipating. The angry blood marks on her forehead had also quietly faded, revealing Ning Maner's pale white and poignant face.

Ning Maner stood there, dumbfounded, and stared with amazement at the tree trunk of the Messiah Tree.

Just now Ning Maner had clearly felt the Messiah Tree's soul!

"Grandfather Tree..." Ning Maner had run out of tears.

She didn't understand!

She didn't understand why the Messiah Tree would stop her.

Shouldn't these greedy, cruel, and savage invaders suffer punishment?

The Messiah Tree didn't respond. The remnants of its destroyed soul was unable to respond.

The tree branches, roots and trunk suddenly shriveled, and the Messiah Tree which originally still maintained its body suddenly deteriorated, fully transforming into a dead tree. A casual blow from the wind and parts of its body would transform into fine powder.

"Grandfather, why.... Why can't I punish them..." Ning Maner who had lost her power fell back onto the ground.

She was desperate.

Did she really have to watch all the Wind Eagles die? Did she have to watch these humans slaughter the protectors?

The final remnant power from the Messiah Tree had suppressed Ning Maner from absorbing the evil energy. Thus, Ning Maner was powerless.

She looked up and stared blankly at the sky.

As she looked around her, there was still blood from the Wind Eagles flowing. Without any more tears left, she could only watch the Three-Eyed Wind Eagle with vacuous eyes.

The Wind Eagle fortress had been greatly reduced. At the very top, the Three-Eyed Wind Eagle was facing the attacks from two immortal rank creatures.

Under the pincer attack from the Poison Teeth Beast and the Blood Barbarian Hidden Dragon, its body was quickly riddled with wounds. Its body was growing increasingly sluggish.

The Three-Eyed Wind Eagle had tried its best. It had summoned all of the Wind Eagles and the moment it swore to fight to the death, it never thought it would be able to survive.

The grey feathers began to swirl around the Three-Eyed Wind Eagle, mixing in with the tornado that passed through the skies.

This was the Three-Eyed Wind Eagle's final defensive technique. Once this technique was broken, any one of the Poison Teeth Beast's or Blood Barbarian Hidden Dragon's techniques could kill it.

The Three-Eyed Wind Eagle stared at the Blood Barbarian Hidden Dragon. Suddenly, a huge ball of silver devil flames strangely appeared behind the Blood Barbarian Hidden Dragon!

The silver devil flames condensed into a flame cloud that covered the top of the Blood Barbarian Hidden Dragon. Yet, the Blood Barbarian Hidden Dragon wasn't able to detect it!

The Three-Eyed Wind eagle didn't know what the devil flame cloud was, but from the attack target of the devil flames, the creature that had used the silver devil flames was clearly helping its side!

“Nie!!!!!!”

A devilish cry that ripped through the sky rang out from the silver flame cloud. In an instant, a silver devil flame wave swept through the area.

Atop the scorching devil flame wave, an evil silver figure stood alone. Its evil and angry eyes were staring at all of the invaders!

Chapter 1324

Under the tree, Ning Maner's hollow eyes finally showed movement.

The silver flames were all too familiar!

Silver flame clouds suddenly flew down, landing violently beside the Blood Barbarian Hidden Dragon!

Flames rolled forth. With all his attention on the Three-Eyed Wind Eagle, Huo Lei thought that the other immortal rank experts finally arrived and panickingly told his Blood Barbarian Hidden Dragon to back off.

With the back-off, he lost the best chance to kill Three-Eyed Wind Eagle.

Three-Eyed Wind Eagle used this opportunity to create an even larger shield to protect itself and get a breather.

“Huo Lei, what are you doing!” Kang Ruodong said angrily.

Kang Ruodong’s Poison Tooth Beast was already deep into the Wind Eagle’s barrier. The moment the Blood Barbarian Hidden Dragon broke the wind shield with a technique, his Poison Tooth Beast could end its life.

Yet, Huo Lei’s cowardice caused him to get scared off by a top tier dominator rank White Nightmare!

Demon Beast Palace’s people only had that much courage?

If not for their temporary partnership, Kang Ruodong wanted to ridicule him.

Having lost this opportunity, the nearby Wind Eagles quickly created a layer of defense that protected the Three-Eyed Wind Eagle, forcing the Poison Tooth Beast to back off as well.

Having seen what the soul pet was, Huo Lei was also ashamed!

A single technique of the Blood Barbarian Hidden Dragon could instantly kill the top tier dominator rank organism.

Seeing the White Nightmare fly into the Wind Eagle barrier, Kang Ruodong said, “Get rid of the Three-Eyed Wind Eagle first, let’s not care about the White Nightmare.”

Huo Lei nodded and pushed his anger down.

After the silver flames flew through the Wind Eagle barrier, it fell straight down to the Messiah Tree, stepping into a ground full of blood.

Its evil mouth cracked wide open. When it saw Ning Maner’s tears and her helpless gaze, the White Nightmare Emperor’s cold white eyes blazed into utmost anger!

“Huhuhuhu!!!!”

Silver devil flames danced around rampantly!

White Nightmare wasn’t Ning Maner’s protector, but its protection for Ning Maner was beyond many other protectors. It could not accept anyone hurting its princess!!

“White Three!” Ning Maner instantly recognized it and was elated.

At the time, Zhen Wu’s Ghost Bird had killed over a dozen White Nightmares with one technique, including this White Nightmare Emperor.

Ning Maner had always felt incredible guilt these past years because of White Three dying for her. Yet, she didn’t expect it to survive and stand before her again today!

Of the ten White Nightmares, White Three was also the closest to her. Seeing that it was fine, Ning Maner finally let some of her guilt go.

However, Ning Maner quickly realized something and said to White Nightmare, “White Three, leave quickly. These people are very powerful.”

“Nie!!!!”

White Nightmare emperor shook its head resolutely.

No White Nightmare under Chu Mu’s hand could bear seeing Ning Maner harmed!

Anger raged within White Nightmare as he looked up at the Poison Tooth Beast and Blood Barbarian Hidden Dragon.

Suddenly, White Nightmare's body leaped into the air and flew towards the Three-Eyed Wind Eagle's position.

Before Ning Maner could even stop White Nightmare Emperor, White Nightmare Emperor already flew up to the Three-Eyed Wind Eagle.

White Nightmare Emperor fell on the Three-Eyed Wind Eagle's back. The eagle turned around to glance at the White Nightmare.

"Nie!!!!!!!!!" White Nightmare Emperor let out an angered call and slowly, its silver flames started changing!

"Is this thing looking for death??" Huo Lei stood on the Blood Barbarian Hidden Dragon's body and saw the White Nightmare jump forth itself.

The Blood Barbarian Hidden Dragon flapped its wings, its target no longer the Three-Eyed Wind Eagle, but instead the White Nightmare that unwittingly ridiculed him.

The White Nightmare Emperor's eyes burned, its silver slowly becoming black!

The black flames jumped around in the White Nightmare emperor's eyes. The evil black flames in its body also slowly came out of the White Nightmare's skin, replaced with silver flames!

"Die!" Blood Barbarian Hidden Dragon used its powerful body to break through the Wind Eagles and head towards the White Nightmare!

Blood Barbarian claw ripped open the space, bringing with it terrifying tearing power!

The Three-Eyed Wind Eagle lifted its head, creating a grey feather shield to protect the White Nightmare Emperor.

White Nightmare Emperor didn't take this favor at all. At this moment, its flames turned completely black!

The black flames exploded rampantly. The nearly twenty Feather Demons nearby were instantly vaporized from contact!

17 Feather Demons were instantly killed!

In front of the black flames, the Feather Demons were like a group of weak flies, killable with aura alone!

“Nie!!!!!!”

Evil and violent!

The Black Nightmare was filled with anger as it suddenly stared at the Blood Barbarian Hidden Dragon!

Facing the immortal rank Blood Barbarian Hidden Dragon, the Black Nightmare feared nothing and went head on against it!

Its hands became long devil claws that burned with black flames!

Rip!!

A long claw brought spatial tears as it went towards the Blood Barbarian Hidden Dragon!

Black flames, spatial tears. Between the Black Nightmare and the Blood Barbarian Hidden Dragon was a top tier dominator rank Feather Demon. It already realized that it was about to get caught in a fight with the immortal rank Blood Barbarian Hidden Dragon and was about to leave when the evil Black Nightmare's claw came. Merely getting grazed by it, the top tier dominator rank Feather Demon was overtaken by devil flames, becoming ashes!

Seeing this scene, Huo Lei stared with shock. He didn't believe that a top tier dominator rank White Nightmare would suddenly explode with such strength, to the point where the Blood Barbarian Hidden Dragon couldn't even dodge!

When the black space splitting claw flew by, the Blood Barbarian Hidden Dragon's proud scales were all ripped apart!

“Shi!!!!!”

Black claw marks appeared on the Blood Barbarian Hidden Dragon's chest and abdomen. Not only did these sink deep into the scales, it reached deep into the Blood Barbarian Hidden Dragon's muscle tissue as well!

“Puchi~~~~~ Shocking amounts of blood flew out of the Blood Barbarian Hidden Dragon as it was tossed backwards!

The Blood Barbarian Hidden Dragon’s blood scattered everywhere nearby. The soul pet trainers controlling the Feather Demons were all shocked!

This..... That was the blood of an immortal rank Blood Barbarian Hidden Dragon!

The Blood Barbarian Hidden Dragon was wounded in one exchange!

“Black Nightmare!!!” Kang Ruodong not far away was overtaken by shock!

How did the most royal bloodline of nightmares, Black Nightmare, appear here?

Chapter 1325: Black Flames, Devil Cloud! Highest Blood Lineage

Black flames rolled forth in an all-dominating fashion.

Facing such a black devil, even the Blood Barbarian Hidden Dragon had to back off.

The highest bloodline Black Nightmare slowly lifted a claw, and had a taste of the dragon blood.

Next time, the Black Nightmare would take the Blood Barbarian Hidden Dragon’s soul without hesitation, and let it know what the consequence of damaging the Black Nightmare’s most important person was!

Black Nightmare's claw darted with black flames. These flames were like seeds that scattered around Blood Barbarian Hidden Dragon.

“Pu!!! Pu!!!! Pu!!!!!!!”

Flames fell in the skies and became strange flame lotus!

Suddenly, the Black Nightmare's body disappeared in place, its body seemingly burnt by his devil flames.

Huo Lei wasn't stupid enough to think it was hurting itself and started looking around in unease.

The lotuses nearby were flying around unpredictably. Huo Lei used his soul remembrance to lock onto every single lotus. He was sure that the Black Nightmare was going to use these black lotuses to do something.

Indeed, the black lotus devil flames expanded, bursting forth in flames.

An evil body appeared where this black lotus was, quickly creating the Black Nightmare's tall figure!

“Attack!” Huo Lei judged the movement destination and gave a command to the Blood Barbarian Hidden Dragon without hesitation.

Blood Barbarian Hidden Dragon lifted its head, deep red appearing in its throat!

The blood light blasted upwards, creating an energy beam that flew towards the black fire lotus.

The figure in the black fire suddenly disappeared. The Blood Barbarian Hidden Dragon's dragon beam flew through the black flame, but seemed useless other than slightly dispersing some flames.

“Huu!!!!”

The other nine black lotuses burst into flames simultaneously, the massive evil aura emanating through the Blood Barbarian Hidden Dragon, slamming onto Huo Lei's face, cold yet burning.

The black fire lotus wasn't all flames. They were also spatial whirlpools that Black Nightmare created in space. When it casted nine displacement specters, each black lotus it stepped past became a black devil man!

Nine displacement specters were casted along all the lotuses. When the black devil men appeared, they immediately became blazing devil suns that slammed into the Blood Barbarian Hidden Dragon from all directions!

Black flames burned, with the massive nine devil suns taking over the blue skies. The very earth was dwarfed by this technique, as only the burning balls of flame dominated everyone's vision.

Huo Lei stared wide-eyed. The skies were infinitely vast, yet everything he could see was now covered by the black suns. There was nowhere to dodge!

The nine devil suns slammed over. Before they even made contact, they created turbulent waves that pushed from the skies onto the ground. The Feather Demons and the Wind Eagles blew everyone away like paper.

“Beng!!!!!! Beng!!!!!! Beng!!!!!!”

Black energy collided in the air. This threatening image was already like stars colliding in the galaxy!!

At the center of all this energy, the Blood Barbarian Hidden Dragon was wavering like a flimsy piece of grass.

Its blood colored armor was shattered by the spatial impact, while its body and soul were burned through by the black devil flames.

“Ao~~~~~”

The Blood Barbarian Hidden Dragon let out a pained roar!

“Xu Kuan, are you not helping him yet? You think that Black Nightmare is that easy to deal with?” Kang Ruodong stared angrily at Divine Sect’s Xu Kuan.

Xu Kuan paused briefly on his Light's Fury. It wasn't that he didn't want to help, it was that he never expected the Black Nightmare to be this rampant, able to cause the Blood Barbarian Hidden Dragon to nearly fall by the second exchange.

The Light's Fury started flapping its wings rapidly. Suddenly, its wings left its back, and became two thin feathers that flew through the skies and through the exploded sky.

The two wings fell onto the Blood Barbarian Hidden Dragon. Most of its scales were already shattered and its muscles were nearly naked. These wings' defense were truly a life saver that weakened the pain that the Blood Barbarian Hidden Dragon was feeling.

Using this opportunity, it quickly flapped its wings to leave the explosion, extracting itself from the black devil flame hell.

The Blood Barbarian Hidden Dragon was very pathetic this time. Fully exposed and bleeding, it was hard to imagine that the Blood Barbarian Hidden Dragon, who couldn't even be damaged with a dozen top tier dominator rank organisms usually, was this wounded.

“Huhuhuhu~~~~”

The black flames waved around recklessly in the storm, looking like hundreds of black dragons spinning around.

The Black Nightmare didn't chase after the Blood Barbarian Hidden Dragon. The Light's Fury near it caused Black Nightmare extreme anger and disgust, but it didn't lose its bearings.

Light type organisms were an obvious counter to nightmares, especially pure light types. With two immortal rank enemies that could hurt Ning Maner, the Black Nightmare wouldn't start an unreasonable fight against the light fury.

The Black Nightmare was currently standing at the top of the three eyed Wind Eagles. Whoever dared to come forth would burn in its anger!!

Such a powerful devil stood in front of the Wind Eagles. Even the Blood Barbarian Hidden Dragon was heavily damaged. How many people still dared to come forth?

Kang Ruodong, Lu Nan, Xu Kuan, and Huo Lei all had grave expressions. Before the Black Nightmare appeared, the Wind Eagles were already in a dire situation. If they dealt with the three eyed Wind Eagle, the rest were basically decoration.

Yet, just as they had victory in sight, a nightmare appeared, and the highest bloodline at that! Kang Ruodong, who was the earliest to arrive, had cursed in his heart countless times!

The battle fell into a deadlock again.

Only two techniques, yet the Black Nightmare had already showed its powerful strength beyond the immortal ranks. Maybe the four of them together could deal with this Black Nightmare.

However, it wasn't easily killed. Once they dealt with the Black Nightmare, more people would probably have arrived. Having fought the Black Nightmare, they probably wouldn't have the power to keep contesting against the late comers.

.....

Under the tree, Ning Maner lifted her head to gaze at the black flamed White Nightmare Emperor.

White Nightmare Emperor's power caused Ning Maner shock, and gave her a sliver of hope in the desolation.

Yet, having a unique sense of life, Ning Maner quickly noticed a severe issue!

White Nightmare was in an unsteady state between species. Becoming the Black Nightmare was burning the white nightmare's own life!

The longer it was a Black Nightmare, the weaker its life was. From its life force, the White Nightmare Emperor couldn't withstand many more high-intensity energy consumptions!

“Nie~~~~~”

Feeling Ning Maner's gaze on it, the Black Nightmare lowered its head, and looked gently at the girl.

It's been many years. Ning Maner had grown up, and was no longer a little girl, becoming a beautiful angel.

Black Nightmare smiled wide, and used its flames to tell Ning Maner something.

Black Nightmare was telling her that he was stronger now and could finally protect her. No one would ever take her away; not Zhen Wu, nor these four immortal rank experts!

“White Three.....” Ning Maner muttered.

For some reason, seeing the White Nightmare’s confident and firm smile, Ning Maner felt herself slightly choking up.

When she left New Moon Ground, the White Nightmare Emperor was only emperor rank, not even touching dominator rank.

After these many years, it could already fight the immortal rank experts here. Ning Maner could imagine just how much training and pain this straightforward white nightmare had to go through to become stronger.

Life force spent could be recovered as long as one doesn’t die.

However, the burning of one’s lifespan was never recoverable.

For every second this White Nightmare Emperor retained its power, it was one step closer to death!

“Why is everyone like this.... There’s no point, no reason to....” Ning Maner was out of tears to cry, but in her soul, she was still crying.

These days she had to live were built up with the lives of countless family-like soul pets.

However, none of it is worth it!

Protector, a simple promise with no binding mental contract, why did everyone continue this meaningless act?

Using their lives to defend her truly was meaningless, meaningless....

.....

Four immortal rank experts and their subordinates all stared at the Black Nightmare hungrily.

The unprecedented evil aura that shrouded the messiah tree caused weaker soul pet trainers to all shake in fear.

After entering a stalemate for a while, no one wanted to go first.

“You guys aren’t polite, are you guys so against splitting some of the profits with me?” Suddenly, a raspy voice came from afar.

Upon hearing this, the hearts of Kang Ruodong, Lu Nan, Huo Lei, and Xu Kuan all sank!

This raspy sound was disgusting to many immortal rank experts and also caused fear in countless spirit dominator rank soul pet trainers!

It was the Undead palace's Enforcer Shen Bu, whom people called Nine Ghosts!

He had a total of nine soul pets, all of which were ghost type!

Speaking of strength, there may be many experts above him. However, among ghost type organisms, there were less than five stronger than him in all of the continent!

Chapter 1326

Kang Ruodong glanced at Shen Bu, who had come late. Shen Bu was wearing a black cloak.

He looked like a standing black crow.

On either of his shoulders actually stood two ghost-like Ghost Crows with various eyes. These Ghost Crows weren't his soul pets, but given that his body was overflowing with a ghost aura from constantly interacting with ghost type creatures, it was easy to attract small creatures that represented death and disease.

Demon Beast Palace and Divine Sect considered themselves righteous sects, while Departed Spirit Palace considered themselves as an evil sect. There were even many soul pet trainers from the latter who would engage in great slaughter in order to obtain more nutrients for their departed spirit creatures. Therefore, in the eyes of Divine Sect, Departed Spirit Sect's people were closer to Darkness Sect people.

Divine Sect's Master Official Xu Kuan's wide face looked unhappily at Shen Bu. Nine Ghosts Shen's fame in Wupan territory was much more than his own Master Official name. In terms of

strength, Shen Bu, with his nine powerful ghost type creatures, was probably stronger. The moment this fellow entered this affair, it was difficult to say who the seed would end up with.

Kang Ruodong suppressed the anger in his heart.

This item should have belonged to him. But now with this sudden appearance and so many people fighting over it, how could he not be vexed?

Kang Ruodong was a schemer. When he saw Shen Bu walking over, he put on a fake smile and said: “Nine Ghosts Shen, you came just in time.

“Oh?” Nine Ghosts Shen raised his eyebrows. A mocking expression rose on his face as he said: “You must want me to deal with this extremely powerful Black Nightmare, right?”

Kang Ruodong indeed had this intention. Everyone knew that Nine Ghosts Shen’s ghost type sealing formation was famous throughout Wupan territory. Although the Black Nightmare, as the highest bloodline, was indeed very strong, if it was sealed, the subsequent fight would be extremely easy.

“He Cang is already making his way over. It won’t be long before he arrives. Everyone should know of his strength. He is the protector of this girl. Once he upsets things, nobody will be able to obtain anything. We shouldn’t just stay in a deadlock like this.” said Kang Ruodong.

Nine Ghosts Shen raised his head. His terrifying ghostly eyes stared at the highest bloodline Black Nightmare standing atop the Messiah Tree like a black dragon.

“Kang Ruodong, you must think too highly of me. The Black Nightmare’s strength is fully displayed before you, but you want me to be the bait? Why don’t you have that bigshot from Divine Sect deal with it? Doesn’t Divine Sect consider themselves as purgers of evil? The evil of this Black Nightmare surpasses all the creatures in this world. As a Divine Sect member, how can they tolerate the existence of this creature? Truly incompetent.” Shen Bu didn’t look hurried at all.

Or perhaps it was more apt to say that before the situation became favorable to him, he wouldn’t take the risk to attack the Black Nightmare.

“Fine. Xu Kuan and I will be the vanguard. We’ll exhaust its strength, and you will find time to lay down the Five Ghost Sealing Formation. As long as it’s sealed, we’ll be able to take away the girl and we can talk about it after.” said Kang Ruodong.

“That’s about right.” Nine Ghosts Shen nodded his head with satisfaction.

Kang Ruodong was the first to take action. He jumped onto the Poison Teeth Beast and had it step into the air.

“Poison Transformation!”

The pores on the Poison Teeth Beast were completely opened. Azure poison seeped out, quickly morphing into a poison armor. It wrapped its entire body, while also attaching to the Poison Teeth Beast’s sharp teeth.

Poison Transformation’s effects could increase the Poison Teeth Beast’s attacks by 50%. The poison armor on its body was even more terrifying. As long as the enemy was near the Poison Teeth Beast, it would suffer from poison aura attacks.

The initial infection of the poison aura wouldn't be much. But if one stayed in the poison aura for long, its body would suffer from serious deterioration.

Kang Ruodong's Poison Teeth Beast had taken out its signature ability, so the others ordered their soul pets to follow.

Of the three immortal rank soul pets, the Poison Teeth Beast was the strongest. After the Poison Transformation, it became even more fierce.

As it flew towards the Black Nightmare, the Poison Teeth Beast opened its enormous blood basin mouth. The poison aura that covered its body congregated in front of it, transforming into an enormous poison beast esophagus!

Its esophagus was enormous, capable of swallowing all of the Wind Eagles in one bite. Around the esophagus were azure-colored stalactite-like hunting teeth fiercely biting down!

The poison mouth was capable of biting most of the Wind Eagles to death. The Three-Eyed Wind Eagle, despite being covered in wounds, couldn't just watch the immortal rank creature slaughter its species members.

The Three-Eyed Wind Eagle let out a cry. It suddenly spread its wings and began to expand them until they covered the entire Wind Eagle fortress.

The Poison Teeth Beast's bite attack landed on the Three-Eyed Wing Eagle's expanded wings. Instantly, horrifying holes appeared on its wings.

The blood was dyed in an azure color from the poison, and ceaselessly dropped from the holes.

The powerful poison entered the Three-Eyed Wing Eagle's body, causing its wounds to also turn azure.

The Three-Eyed Wind eagle slowly retracted its wings and its body weakly fell to the withered tree trunk of the Messiah Tree. It looked like it was on the verge of collapse.

This attack had heavily wounded the Three-Eyed Wind Eagle which looked up somewhat powerlessly at the Black Nightmare.

“Nie!!!!”

The Black Nightmare nodded its head and stared at the Light's Fury flying at it.

The Light's Fury whose body was a milky white, made the Black Nightmare's emotions extremely volatile. It wanted nothing more than to slowly rip this fellow wrapped in light into pieces.

The Light's Fury had flown into the sky behind the Poison Teeth Beast. It intentionally maintained distance with the Black Nightmare.

However, the Black Nightmare hadn't even looked at the Poison Beast. Its body easily passed through space, and could easily appear without warning wherever it wanted to.

A sliver of black energy appeared behind the Light's Fury.

The Light's Fury didn't expect the Black Nightmare to suddenly make its way over and hastily dodged.

The Black Nightmare's strength was indeed tyrannical. Its black devil flaming claws abruptly grabbed the Light's Fury's wings!

“Chi chi chi chi~~~~~”

When a dark type creature touched a soul pet whose body was covered in holy light, it would inevitably suffer serious burns. Thus, when the Black Nightmare's hands touched the Light's Fury's wings, it was instantly rotted by the burning of the light.

However, the Black Nightmare had no conception of pain, and allowed the skin of its palm to fester as it swung its devil claws on either side!

“Si la!!!!!!” the strength from the powerful arms instantly smashed the Light's Fury's wings as the light-like feathers dropped to the ground.

A hole appeared on the Light's Fury's back from being ripped open and black devil flame energy was pouring into the Light's Fury's body from this wound.

The insides of the Light's Fury's body was protected by holy light. The black devil flames could have immense soul burning effects on most creatures, but it wasn't as effective on the Light's Fury.

The Light's Fury's close combat abilities were very weak and it flusteredly hid by the Poison Teeth Beast.

Chanting an incantation, a beam of holy light dropped from the sky, striking the Black Nightmare's body.

A white eyeball appeared above the Black Nightmare's head. It was unknown what the eyeball was, but it kept hovering above the Black Nightmare's head.

The Black Nightmare swept out a claw in annoyance, trying to sweep away the eyeball formed from condensed light.

The ball of light was dispersed by the claw, but a moment later, it recondensed again above the Black Nightmare's head. Then, it shed white beams of light around the Black Nightmare.

After marking it with a Light Eye, the Light's Fury could know where the Black Nightmare was at any time. It wouldn't be able to sneak attack it from behind again.

The Black Nightmare knew that the Light Eye could not be dispelled, so it focused its attention on the aggressive and truculent Poison Teeth Beast.

A black devil flame was pinched in its hands as the enormous black dragons from before once more began to coil around its body.

100 black dragons mightily took to the air. As the Black Nightmare gave an angry cry, the mighty dragons that filled the sky began to stir. Each time they raged forth, they would sweep up an

incomparably evil black devil flame. The devil flames filled the area, precluding the Knife Feather Demons from even thinking about approaching.

The Poison Teeth Beast's armor grew thicker as the 100 black dragons all rushed to attack it.

"Xu Kuan, is your Light's Fury incapable of using a defensive technique?!" angrily said Kang Ruodong.

Why were Divine Sect's people so stupid? Either they didn't know how to team fight at all, or Xu Kuan intentionally wanted his Poison Teeth Beast to suffer injuries.

But the 100 mighty black dragons weren't that easy to defend against. Even the Poison Teeth Beast with mid-upper level defense among Immortal Ranks didn't have complete confidence in escaping unscathed from this attack.

Xu Kuan's Light's Fury chanted another incantation. The milky white light on its body condensed to form a holy shield in front of the Poison Teeth Beast.

The black dragons arrived and fiercely slammed into the Poison Teeth Beast.

The holy shield couldn't stop everything. It managed to only stop the power of 40 black dragons.

The remaining 60 enormous black dragons slammed into the Poison Teeth Beast. The poison armor of the Poison Teeth Beast was dispelled by the devil flame burning and its thick azure skin was quickly festered open!

“Hou!!!!!!” the Poison Teeth Beast which body and soul had suffered black flame burning let out a painful howl. It struggled in the raging flames and took a while before it was able to free itself.

When the Poison Teeth Beast retreated to a safe spot, its azure body had clear burn marks. After the wave of black dragons, it lost its original arrogance and truculence. Instead, it cowered against the black dragons and, for a moment, didn't dare to launch another attack.

Kang Ruodong's expression was black by now.

When the Blood Barbarian Hidden Dragon had been easily injured earlier, Kang Ruodong realized that the highest bloodline Nightmare would be difficult to deal with. This time, he had used his Poison Teeth Beast to verify the Black Nightmare's terrifying strength!

Chapter 1327: Five Ghosts, Great Ghost Blood Formation!

“Light Prison!” Taking advantage of the Black Nightmare's attention being completely focused on the Poison Teeth Beast, Xu Kuan grasped the opportunity to order the Light's Fury to use an imprisoning technique!

Light or darkness type imprisoning techniques were considered to be the best. Moreover, when they countered the opposing party's attribute, the light type restriction would form an extremely powerful restriction.

Rays of light descended from the sky, landing around the Black Nightmare.

The Black Nightmare had been marked by Light Eye. No matter if it tried to hide or teleport away, it would be followed.

Light Prison quickly formed a light cage that trapped the Black Nightmare inside, preventing it from moving in any direction.

Immediately after, beams of light shot out from the pillars, binding themselves around other light pillars and sealing the Black Nightmare from above and below!

Once the light pillar prison was formed, the light began to intensely burn the Black Nightmare, leaving a huge amount of its skin burned and suppressing its devil flames!

The ravaging devil flames around it were also faintly restrained. Without the powerful devil flame evil cloud surrounding the Blade Feather Demons, the wounded Wing Eagles were unable to stop the attack of the Blade Feather Demons.

“Lu Nan, don’t just stand there! Take your subordinates and go kill them!!” Kang Ruodong immediately roared.

Lu Nan swept a glance over the Black Nightmare. After ensuring it had been trapped by Light Prison, he ordered the Blade Feather Demons to gather together.

The five or six hundred Blade Feather Demons transformed into a single executioner’s blade. With Lu Nan’s Blade Feather Demon, which was near the immortal rank, leading the way, the Blade Feather Demons that shimmered with a cold light slaughtered their way into the Wind Eagle fortress.

There weren’t even 2000 Wind Eagles remaining, and almost every one of them was wounded. The Blade Feather Demons, which were on average stronger, were like a meat grinder as they pierced through. Fresh red blood and grey feathers splurged out into the air!

“Yi!!!!!!”

The Three-Eyed Wind Eagle’s eyes were red. It angrily beat its wings, wanting to fly up to the Blade Feather Demons and stop their slaughter.

However, the moment it beat its wings, a huge amount of azure blood spurted out from its own wings.

As it teetered and tottered, the Three-Eyed Wind Eagle’s wounds were clearly too heavy. It didn’t even have the strength to fly anymore. It could only watch as its species members died one after the other. “Don’t waste time on those Wind Eagles. Capture her!” Kang Ruodong ordered Lu Nan.

Currently, Lu Nan’s Blade Feather Demon which was near the immortal rank was unstoppable in the Wind Eagle fortress. He brought the remaining four or five hundred feathered demons and swooped down at the Messiah Tree!

Like a hot knife piercing through butter, wherever Lu Nan’s Blade Feather Demon flew, all of the Wind Eagles would be chopped into two.

Without the Three-Eyed Wind eagle, the near immortal rank Blade Feather Demon was too strong. Even if there were more Wind Eagles, they wouldn’t be able to escape their fate of death.

However, despite the savagery of the Blade Feather Demons, the Wind Eagles all still circled above Ning Maner, using their weak bodies to form a final grey feathered fortress. “Hahaha, how can you stop me?!” Lu Nan wantonly laughed.

The iron blade wings of the Blade Feather Demons were many times superior in attack power to the Wind Eagles. All the Wind Eagles were doing by forming the last fortress was delaying them.

“Nie!!!!!!”

A nightmarish cry reverberated through the sky. The Black Nightmare trapped in the light prison was incomparably angry. How could it let these people harm Ning Maner?!

The Black Nightmare extended its hands and grabbed onto the interweaving beams of light!

Each beam of light would cause extremely burn wounds to darkness creatures. However, the Black Nightmare couldn't care less. It forcibly used strength to pry the Light Prison apart!

“Ah nie!!!!!!!!!!”

The pain from the burns pierced the Black Nightmare's soul as its two hands seemed like they were going to be destroyed by the milky white holy light flames!

However, it still relied on its devil claw strength to pull away on either side. Eventually, the Black Nightmare with its abnormal strength was able to bend the beams of light!

“My Light Prison is going to be destroyed!” Xu Kuan warned the others.

The Black Nightmare had to be suppressed, otherwise, they wouldn't be able to obtain the Messiah Tree Seed without worries. Instantly, the Blood Barbarian Hidden Dragon, Poison Teeth Beast and Blade Feather Demon Empress surrounded the Black Nightmare in the sky.

The three immortal rank creatures simultaneously attacked. The Black Nightmare had just managed to escape the Light Prison when it was met with a wave of techniques that three immortal rank creatures had spent a long time preparing. Its black evil body was knocked flying by the energy.

The Black Nightmare flew far away and with the remnants of its black ball of flame, fell heavily onto the barren soil, creating a huge hole on impact.

"An opportunity has arrived!" Nine Ghosts Shen's vacuous eyes immediately blossomed with a light.

Five ghost figures suddenly appeared around his black cloak. A horrifying bloody path was opened on the cracked ground, heading straight for the Black Nightmare.

The five ghosts quickly moved on the blood path and in an instant, appeared where the Black Nightmare had fallen.

"Nine Ghosts Shen is going to seal it. Nobody let it flee!" Kang Ruodong shouted to call everyone's attention.

The Blood Barbarian Hidden Dragon, Light's Fury, Poison Teeth Beast, and Blade Feather Demon Empress flew above the Black Nightmare.

A red bloody dragon's light, milky white holy sword, azure evil poison onslaught, and cold light blade storm once more descended upon the Black Nightmare.

The Black Nightmare's eyes were filled with terrifying anger. It let out a mad cry and used its body to stop the four immortal rank creatures' techniques!

"Hong hong hong hong!!!!!!!"

The four destructive techniques caused the sun and moon to dim. The enormous energy wave struck the ground with the Black Nightmare at the center of it all, before spreading around and devouring everything in its path!

Right where the destructive power was the strongest, the Black Nightmare's evil body proudly stood in a smashed and reverberating space. Next to it slowly danced four balls of flame. These four balls of flame were silent and strange, and no matter how intense the four immortal rank creatures' techniques were, they were unable to affect them in the slightest.

Most of the black flames on the Black Nightmare's body had been extinguished. Its tall body showed clear signs of horrific damage from being smashed by the energy. The clearest signs were on its arms, which had been completely ruined by the LIght's Fury's power!

But losing its arms didn't matter. Its heart was completely crazy!

"Nie!!!!!"

The cry ripped through the sky. It was like a crazy devil that was about to descend into this world.

The instant all of the energy was dispersed, the four insignificant-looking flames shot up around its body!

These four devil flames created four bright paths that passed through the completely destroyed space and smashed towards the Blood Barbarian Hidden Dragon, Light's Fury, Poison Teeth Beast, and Blade Feather Demon Empress!

“Hong!!!!!!! Hong!!!!!!! Hong!!!!!!! Hong!!!!!!!”

The instant these four silent devil flames touched the four immortal rank creatures, they exploded!

Black dazzling lights from the eruption of the black balls of flame immediately transformed the world into a blackness from Judgement Day.

The devil flames kept wildly spreading. Everywhere one could see was now burning with extremely evil and powerful flames!

The four immortal rank creatures were simultaneously blown away. Whether it was their skin, armor or flesh, they were all festering from the explosion. The weakest of them, the Blade Feather Demon Empress, had been blown up into pieces!!

The Blood Barbarian Hidden Dragon, Light's Fury, and Poison Teeth Beast were genuine immortal ranks. Only the Blade Feather Demon Empress was still a step away; however, the distance of a single step was completely manifested. While the Blood Barbarian Hidden Dragon, Light's Fury, and Poison Teeth Beast had only suffered explosion wounds, the Blade Feather Demon Empress had been reduced to a burning and charred corpse that fell onto the scorched soil!

Huo Lei, Xu Kuan, and Nine Ghosts Shen couldn't help but suck in a breath of air.

The Blade Feather Demon Empress had been instakilled!

If one of those four silent balls of flame had been thrown at any of them, none of them would have probably been able to survive!

Kang Ruodong's expression was pale. The pain from his soul being fractured spread throughout his entire body as veins began to appear on his skin.

"Nine Ghosts Shen, seal it. If you want to watch us die, the first one we kill will be you!" Kang Ruodong angrily shouted out through gritted teeth.

Although the Poison Teeth Beast, Blood Barbarian Hidden Dragon and Light's Fury had been injured, if they were going to fight to the death, Nine Ghost's Shen would have a difficult time escaping death.

Nine Ghosts Shen glanced at the Black Nightmare which didn't have arms left, and his heart palpitated.

If he didn't seal it, this Black Nightmare alone would be able to kill them all. Nine Ghosts Shen obviously knew how difficult it was to deal with.

"Five Ghosts Seal!" Nine Ghosts Shen gave an order to his ghost type soul pets.

While Kang Ruodong and the others had resisted the Black Nightmare, Nine Ghosts Shen's five ghost type creatures had finished preparing this technique.

Another bloody path was laid out. This time, however, the blood path not only reached the feet of the Black Nightmare but even made its way up into the sky!

The Black Nightmare was still in its deranged state. Its eyes stared somewhat irascibly at the Messiah Tree.

Lu Nan was extremely close to Ning Maner. If it didn't go over now to save her, Ning Maner would be in danger.

It stepped forth, trying to fly to the Messiah Tree.

However, five ghosts appeared in five locations above the Black Nightmare. The blood path laid out on the ground and in the sky had at some unknown point formed a great ghost blood formation!

“Chi ~~~~~ Chi~~~~~ Chi~~~ Chi Chi~~~~~”

The five blood ghosts simultaneously opened their large evil mouths and spat horrifying blood pillars at the great ghost blood formation.

The Black Nightmare was about to move when suddenly, a thick bloody energy traveled over, preventing it from taking a step outside the great ghost blood formation!

The Black Nightmare angrily raised its head and finally discovered the great ghost blood formation coming down from above in an attempt to crush it!!

Chapter 1328: Dark Blade, Dark Green He Cang!

Countless streams of blood gathered together, becoming ribbons of restricting bands that covered the Black Nightmare's body.

The Ghost Blood Diagram let out waves of screeches. The diagram kept pushing downwards, with its power getting more powerful as time passed!

The Black Nightmare had already lost both its arms, so angrily, it could only use its spatial control and devil flames to compete against this diagram.

The Five Blood Ghosts were still frenziedly spitting blood at the diagram. The more blood, the more vibrant the diagram was, and the more powerful the restriction, sealing, and shattering power was!

“Nie!!!!!!!!!!”

Black Nightmare let out a crazy cry. Its eyes were fixed on the Messiah Tree because the Feather Demons were nearing Ning Maner.

However, the appearance of the Ghost Blood Diagram caused the exhausted Black Nightmare to be unable to move. In fact, the Black Nightmare felt that it was quickly absorbing all of its life!

“Well sealed!” Kang Ruodong said.

Shen Nine Ghost's Five Ghost Blood Diagram was a very famous seal throughout Wupan Continent. Having this technique, he could often make stronger opponents back off.

Shen Nine Ghost humphed. With his Five Ghost Diagram, any strong organism would become blood and then be refined!

Shen Nine Ghosts glanced at the Messiah Tree and noticed that the leader of the Feather Demons, Lu Nan, was near the girl!

"Kang Ruodong, truly "good" moves- do you want Lu Nan to just run away with the girl?" Shen Nine Ghosts said angrily.

With his words, Huo Lei and Xu Kuan noticed Lu Nan's actions.

"I'm just trying to save time." Kang Ruodong explained.

How could three of them believe Kang Ruodong. Without a second word, they both rode their soul pets towards the Messiah Tree.

Ghost Blood Diagram continued for a long while. The Black Nightmare no longer posed a threat to them, so they had to discuss how to allocate the Messiah Tree seed now. After all, without it, there was no purpose in anything they were doing.

.....

Under the Messiah Tree, blood and feathers scattered near the roots. Three thousand wind eagle corpses were stacked up under Ning Maner. The thick scent of blood reached Ning Maner's nose tip.

This scent caused Ning Maner to be unable to breathe.

The Feather Demons fell down from the skies, standing arrogantly on all the wind eagles.

"Lady Ning, give the Messiah Tree seed to us, and the rest of these Wind Eagles don't have to die. See, because of your greed, the entire Wind Eagle species had to die. Do you really think 4000 lives isn't as meaningful as a small seed?" Lu Nan stood before Ning Maner and said in a fake but cruel tone.

Ning Maner lowered her head, and stared hollowly at the corpses at her feet.

If the Messiah Tree had seeds, Ning Maner would have given them to them long ago.

Quiet Forest needed peace, and couldn't bear these humans' destruction anymore. The protectors needed to live on and couldn't withstand these slaughterings!

"I was speaking to you, did you hear me!" Lu Nan said angrily.

He stepped forth and grabbed a fistful of her hair, saying cruelly, "If you don't give it, I'll kill you as well, don't think the Ning Dynasty will still protect you!"

Ning Maner was unmoving. She seemed to have no soul left, leaving only a husk behind.

“Pa!!!!”

The angry Lu Nan slapped her.

Ning Maner was unbelievably frail. After this slap hit her cheek, blood immediately leaked from the corner of her mouth.

However, she still had no feeling, her eyes hollow as she stared at the corpses.

She hadn't lost her soul, but her brain was completely overtaken by the cruel scenes.

The original Quiet Forest had become a barren land. Countless souls were killed no matter how they compromised or escaped. Even when the Messiah Tree was too kind to punish them, they hadn't reflected upon their crime and instead got greedier and greedier. These people were the real devils!

Ning Maner had no tears left to cry, but two lines of blood fell from her eyes, slowly dripping down her pale face.

The blood tears seemed to have life, slowly spreading on her face, as if a blood colored plant were taking root.....

Lu Nan's mouth slightly twitched. This woman was ignoring him!

Lu Nan lifted his hand with an even stronger slap to let her know her position.

“Hu!”

Lu Nan was just about to slap it when the hand he lifted was stiffened in mid air, no longer daring to fall!

Lu Nan stared in fear to see a figure that had appeared!

It was covered in black green clothes, filled with a chilling killing intent!

Lu Nan looked at this man and cold sweat fell from his neck!

The black green clothed man stepped towards Ning Maner. One could tell the man's eyes were about to burst forth with anger!

“He.....He..... He Cang!!” Lu Nan could barely say the name out loud!

He Cang was already before Lu Nan. The black shadow at his feet had stealthily become a blade of darkness that represented He Cang's inner fury!

“Lu Nan! When you are reincarnated, you best remember that anyone I, He Cang, cares about, noone can even touch a hair of theirs, let alone slap them!” After he finished that, He Cang’s inner fury finally exploded forth!

As if a volcano was exploding, He Cang’s roar lifted up the blade of darkness behind him with a storm of death!

The blade fell with no sound but was just as dominating!!

The darkness blade’s power fell. Lu Nan and his Feather Demon had no chance to make any defenses before being sliced up!

The sharp blade flew through Lu Nan and the Feather Demon’s body, splitting both of them in half!

Without any blood coming out, Lu Nan and his Feather Demon became a wisp of dark green smoke that dissipated with the wind!

As their bodies vaporized, Lu Nan’s scared face seemed still frozen. However, his soul was already a step ahead into the underworld!

The dark blade’s death storm rolled through. Lu Nan’s Feather Demons couldn’t live through it, becoming vapors in the dark blade storm, disappearing from this world.

The dark green death smoke was He Cang’s signature kill. At the time when the Dark Sky Ocean Pirates were still powerful and rampant, He Cang used this mysterious dark organism under his feet to make them all dark green smokes of death, shocking all the cities along the coast of Wupan Continent!

Dark Green He Cang, almost everyone on Wupan Continent knew him!

Kang Ruodong, Huo Lei, Xu Kuang, and Shen Nine Ghost had just come over, only to see Lu Nan and his Feather Demon instantly killed. This once again showed how powerful Dark Green He Cang was!

“Come one at a time or come at once, you can choose!” He Cang stood on the Wind Eagles’ corpses and stared sharply at the four people.

These four people all were relatively famous in Wupan Continent. Even if He Cang hadn’t seen them before, he could tell from their soul pets.

“He Cang, we just want the seed, we of course wouldn’t touch Lady Ning. Lu Nan’s death was justified.” Shen Nine Ghosts was the first to let out a hoarse laugh.

He Cang humphed. Anything Nine Ghosts said was meaningless and untrustworthy. If he hadn’t come in time, there was no telling what they would do to her.

“Ugh~~~~~”

A cold glimmer arced through the sky, landing by the Messiah Tree.

Blue feather, lion’s body, snake tail. When the organism landed, Kang Ruodong and the other soul pets all subconsciously moved aside!

He Cang saw this python tail blue tiger and furrowed his brows, his face becoming more stern.

He Cang earlier often walked through Guan City. After all, he came from Guan Territory's Wan City. The person before him was nearly a hegemon in Guan Territory. Adding on his powerful navy, this person was definitely one of the top people in Guan Territory!

"Wupan Navy Eighth Navy Commander, Xue Yingfeng!" He Cang coldly said the person's name and position.

Even Wupan Navy had people come for this, daring to come this far as well!

"Boss He Cang, how are you doing?" Commander Xue Yingfeng was an acquaintance.

However, Xue Yingfeng stood with the other four, already explaining his standpoint.

Kang Ruodong and the other three, He Cang could deal with - after all, they were all heavily wounded.

However, it was much harder with Xue Yingfeng, who wasn't any weaker than he was.

"Huhuhuhu!!!!!!!!!!!"

Suddenly, on the barren land, the winds roared through and sand covered the skies.

A whirlwind appeared in the skies. As it passed through, everything was destroyed!

The wind flew towards them, the sand buffeting their faces.

Kang Ruodong, He Cang, Xue Yingfeng all looked at the whirlwind. It moved to the Messiah Tree and stopped, the wind quickly dissipating.

As their vision slowly cleared, the six of them found two figures appearing from within. One was riding a wind type organism, while the other seemed to ride the wind over. He had no soul pets next to him but had a strange glow behind him.

“Boss He Cang, how can you leave like this? Is our battle less important than a random woman?”
The man with a glow behind him walked out and taunted He Cang.

Without even looking, one could know that the one with a deep grudge against He Cang was the Master Official of Divine Sect - Xu Lu!

If not for Xu Lu, He Cang would've arrived even sooner!

Chapter 1329: Soul Devour, Black Bloodline

“Boss He Cang, we can't stop you if you leave now.” Navy Commander Xue Yingfeng immediately smiled.

He Cang may be the most powerful of them all, but if he wanted to use his own strength to stop everyone, it was still too naive!

He Cang didn't speak. He turned around to look at Ning Maner.

Ning Maner still stood there unmoving. Her bleeding lips parted, as she muttered something to herself incomprehensibly.

“Lady Ning, as long as I, He Cang, am alive, I will not let them harm you one bit!” He Cang said firmly.

Ning Maner lowered her head, not replying. She continued to mutter to herself strange things.

He Cang didn't notice that Ning Maner's pale face was already covered in malevolent blood runes!

“Boss He Cang truly is a hero. You know it is certain death, yet you'll still fight for this beauty.” Navy General Xue Yingfeng mocked.

“Since he isn't tactful, let's kill him!” Elemental sect Guo Enlong said.

First deal with He Cang, and then decide what to do with the Messiah Tree seed. They were all smart. They wouldn't start fighting each other before they even got the item.

Divine Sect Xu Lu and He Cang had been holding a grudge for a long while now. Since He Cang was protecting this young girl this time, the seven of them could easily take his life!

He Cang stepped forth, the dark blade suddenly lifting up behind him as if He Cang were carrying it!

Facing seven immortal rank experts, he didn't show any retreat.

If Ning Maner was just someone Ning Dynasty wanted to protect, He Cang wouldn't be this adamant, as the tides had turned.

However, in He Cang's heart, this pure young girl was no longer just someone he needed to protect. More, she was a mental safe place for him to return to!

"Brother He..... Brother He, you should leave." Ning Maner's soft voice came from behind him.

"Lady Ning, you probably don't know that I have a younger sister, she's very very like you....." He Cang didn't turn around. His eyes were on his enemies, but he spoke to Ning Maner.

Ning Maner slowly lifted her head, her hollow eyes finally showing a flicker of movement.

"I promised her that when I step into the immortal rank, I would return to Wan City to see her...."

"Sadly, right after I reached the immortal rank, I never saw her again, and wasn't even able to find her corpse!"

“So what if I’m immortal rank now? I can’t even protect those dearest to me!” He Cang’s face was slightly shaking. “This time, I won’t let that happen again!”

After speaking, He Cang’s dark aura blew up. The dark sword behind him continued to expand, creating a turbulent tide of darkness!!

If he was going to fight, he wasn’t going to retreat. Instead of backing off, He Cang moved forward with his dark type soul pet towards all seven of them!

Facing seven experts, his fighting intent was still wild. It was no wonder that dark green He Cang was famous in all of Wupan Continent. No one else present had the same courage!

However, in front of the Messiah Tree seed, no one would pity this courage!!

Kang Ruodong’s poison tooth beast was filled with poisonous fog as it pounced forth. Huo Lei’s Blood Barbarian Hidden Dragon spewed a dragon light. Xu Kuan’s Light’s Fury released thousands of light slashes. Shen Nine Ghosts’ immortal rank Blood Ghost extended its claw forth. Xue Yingfeng’s Python Tail Blue Lion swung its massive tail. Xu Lu’s back glow sent a light spear towards them. Elemental Sect’s Guo En Dragon stirred up a storm!

Seven immortal rank soul pets, He Cang could hardly stand the seven peoples’ attacks, no matter how strong he was!

After the first clash, He Cang and his dark emperor were destroyed!

“Huhuhuhu~~~~~”

All the energy created in the storm whistled through He Cang's ears. His body was shaky, and the long dark sword behind him was clearly dimmer than usual!

"Not dead? Anyone else would have been demolished!" Xu Lu smiled cruelly and said with satire.

He Cang still didn't speak, but his firm gaze telling everyone he was resolute and for them to give it their all!

.....

The barren land occasionally lifted with powerful energy waves and hit the ghost blood diagram heavily.

The Ghost Blood Diagram was still extracting the Black Nightmare's life. Without its two hands, the Black Nightmare was getting weaker and weaker.

His eyes stared at the Messiah Tree's position, staring dead-on at the enemies that were hurting Ning Maner.

It wanted to fight!

It yearned for killing, to kill all that hurt her!!

Yet, its body could no longer sustain its continued fighting.

The incomplete mutation causes a severe after effect, and its life was nearing its end!!

“Sila~~~~~”

A claw with purple flames slashed past!

The silver blade instantly caused the Ghost Blood Diagram to rip the sealed energy apart!!

“Nie~~~~~”

Feeling the seal energy disappear, Black Nightmare immediately turned around to see a figure stand before it. The angry purple flames of a fox supreme were still beside him!

Chu Mu lifted his head, and glanced at the Messiah Tree before turning back to look at the weak Black Nightmare.

From Black Nightmare’s eyes, Chu Mu could see shame and anger.

It was shameful at its lack of strength, but also angry at why it couldn’t completely become a full Black Nightmare!

“White Three....” Chu Mu looked at it, not feeling very great about it either.

White Three already tried its hardest. In its short mutation period, it earned Ning Maner enough time to get He Cang’s help.

However, this battle and the last Ghost Blood Diagram’s life absorption caused it to be closer to death!

Black devil flames were still burning on the White Nightmare, burning away its last bits of life.

Getting used to life and death, this was the first time Chu Mu felt this kind of helplessness and bitterness. He was watching as someone familiar slowly walked towards death before him.

“Pudong!”

Suddenly, the White Nightmare without arms kneeled down in front of Chu Mu!

Chu Mu was the White Nightmares’ king!

No matter how weak or strong, he was the king that all Nightmares in little Southern Forbidden Realm respected!

“Nie~~~~~ Nie~~~~~ Nie Nie~~~~~”

White Nightmare Emperor kneeled before him and let out a string of calls!

These calls flew into Chu Mu's heart and caused Chu Mu's soul to shiver!

Of course, Chu Mu could understand the Nightmare's language.

White Three was begging- it was begging him!

"White Three, don't give up on your life!" Chu Mu's expression changed. He never expected the White Nightmare to bring up such a request!

White Nightmare shook its head. The black flames on its body suddenly sprouted with black devil flames, the evil aura rolling forth!

Its final life was just dissipated. Black Nightmare lowered its head, and said nothing else. It had made up its mind!

Chu Mu stood there dumbly, but his heart was thrown into turmoil as the Black Nightmare's last request resonated through his head!

"Devour me, oh noble king, please devour me!"

The White Nightmare Emperor was asking Chu Mu to devour his soul!

.....

Instead of falling as a failure in the wheels of history, it might as well turn into power for its most respected king!!

Soul Devour, it was a power that had been sealed for a while.

Ever since he devoured the Nightmare Palace Ancestor, Chu Mu and White didn't devour any other Nightmare's soul, because there was nothing stronger left to devour!

However, after so many years, the highest bloodline Black Nightmare stood before him, and was giving up his soul for devouring!

Even though it was a Black Nightmare now, its appearance was still Chu Mu. This subordinate has gone with this person through the darkest and most painful period. It wasn't its soul pet, but it was just as loyal!

It should be emotionless and bloody, but its silver pupils filled with only killing and anger!

However, under the killing and anger was a heart as true as flames!!

Any organism craved power, but just how much pain and cost would one have to give for the power, just like now, needing to devour his own subordinates' soul for it.....

Black Nightmare suddenly stood up and it stepped towards Chu Mu.

Chu Mu still stood there, staring shocked as White Three's black body slowly merged into its body!

Chu Mu's White Nightmare was a devour type White Nightmare. This White Three was undoubtedly sending its own half mutated soul into White's stomach!

"White Three, don't!"

Chu Mu turned around, but White Three had already merged its body into Chu Mu's body.

The highest bloodline Black Nightmare- it was giving up its soul. Moreover, devouring more high bloodline souls was White's instinct. Even with Chu Mu guiding it, he couldn't stop its instinctive devour.

He could only stand there as his most loyal subordinate was devoured by the devil in his heart.

At this moment, Chu Mu's heart was feeling daggers.

He never would have thought that devouring other souls to gain stronger power would cause his heart to shatter!

Breathing in deeply into the air that seemed to choke him up, Chu Mu shut his eyes tightly.

Finally, the final soul pet aura disappeared beside Chu Mu, signifying the utter disappearance of the White Nightmare Emperor!

This was a soul that deserved Chu Mu's respect. It didn't become a failure of species mutation.....

.....

The devouring process was short but felt endless. Chu Mu could already feel the dominating evil power going through his body!

The silver devil flames darted out of Chu Mu's skin and silently burned near Chu Mu.

Opening his eyes, silver pupils leaped in spirit flames, the flames showed utmost black!!

He lowered his head, and he stared, lost, at his hands.

The palm burning was the most familiar silver devil flames. The evil black slowly seeped through and slowly overtook the flames!

The blackness got darker and darker; after devouring the Black Nightmare, Chu Mu felt his White Nightmare and his soul all elevating like crazy!

Endless power was rolling in Chu Mu's body, and was rearing to leap from Chu Mu's body.

Chu Mu gripped his hands tightly, and pushed the frenzy of energy down.

Chu Mu knew White Three wanted to continue battling in order to use his black flames to burn all that wanted to hurt Ning Maner!

Chu Mu lifted his head and gazed at the Messiah Tree, gazing at the young girl whose soul was wounded and said with unprecedented solemnity, "White three, I will use your black bloodline to step into the peak of nightmare ranks!!"

"Those you protect with your life and soul, I will protect them for you now!"

"I will use your black flames to obliterate all who dare to harm her!!"

Chapter 1330: Half Silver, Half Black!

"Hu!!! Hu!!!!!!"

Chaotic streams of air passed by He Cang's body. He Cang's face was pale, and he was covered in blood.

It was genuinely difficult to resist for so long!

"Darkness Domain!" He Cang gritted his teeth and gave his Dark Emperor an order.

Dark Emperor's weakened body dissipated before suddenly creating an enormous darkness aura that surrounded the Messiah Tree!

Different from the Evernight Ruler, this Darkness Domain would gather all darkness elements in the area here, preventing enemies from seeing their five fingers.

And when the darkness element in this area of space reached a critical point, the darkness energy would create a terrifying darkness explosion!

This darkness explosion didn't differentiate between enemies and allies. Thus, it was ostensibly a suicide attack by Dark Emperor!

He Cang had reached his limit. He knew that there was a Dream Beast hiding next to Ning Maner, protecting her.

What He Cang wanted to do was use this technique and envelop everyone in darkness. Then, using the most powerful darkness explosion, it would buy time for Ning Maner to escape. He believed that dark Dream Beast would be able to step through the darkness and leave.

The heavens and earth were covered in darkness. Seven immortal rank creatures could no longer see where He Cang was.

Moreover, none of them dared to blindly use techniques because they weren't certain if He Cang had reversed space. If they randomly used techniques, this could cause them to harm their own allies.

“Hui~~~~~”

Night understood He Cang's intentions. When the darkness domain descended, it emerged from the shadows and quickly appeared in front of Ning Maner.

Night called out to Ning Maner, indicating for her to jump onto its body.

Ning Maner was stunned. She had never seen Night before, but from Chu Mu's descriptions, she knew that Chu Mu had a soul pet like this that was wandering around elsewhere.

And from the soul resonance, Ning Maner knew this was Chu Mu's soul pet.

"I'm not leaving." Ning Maner shook her head at Night.

Her face had been covered again by bloody marks, and her originally pure eyes had been taken over by a terrifying evil!

"Pu~~~~~"

Suddenly, a sharp light spear flew over, stabbing somewhere in the darkness!

A spray of red blood splurt out and landed at Ning Maner's feet!

Ning Maner turned around. Seeing the light from the light spear, she discovered that the spear had pierced through He Cang's body!

He Cang's body had been knocked flying by the light spear, and he flew over her head before being nailed into the Messiah Tree's trunk!

"Ta! Ta! Ta!"

Blood was strikingly dripping down.

He Cang's face was extremely pale. The moment a soul pet trainer's body was pierced, he wasn't far from death!

When Dark Emperor discovered its master had been pierced, it let out a sharp and miserable cry before flying over to He Cang.

"Maner, don't... don't be stubborn... hurry and leave," weakly said He Cang as he was nailed to the tree.

Soon, blood began to well up in his throat. His mouth was then filled with blood, and he couldn't say anything.

Ning Maner was frozen, as she stared in horror at He Cang.

He Cang was the only person deserving of her trust in Wupan City's Imperial Palace. The scene of the light spear piercing him into the Messiah Tree was piercing her heart!

Ning Maner wanted to yell out in pain, but she discovered she couldn't make any noise!

"Hahaha, Xu Lu, your spear is very accurate. How did you know he was there?"

"I placed a Light Eye mark on him."

"His Dark Emperor still hasn't died. Everyone be careful. His domain technique won't be able to last much longer!"

The mocking laughter of these people rang out in the darkness. These noises were terrible and ear-piercing to Ning Maner.

In the past, she had believed that every person was kind. But after being forced into such desperate straights, she was ingrained with the firm belief that some people were evil to the bone!

As she looked at He Cang, nailed to the tree, hatred, and anger in Ning Maner's heart reached unprecedented levels.

Shouldn't these people suffer punishment?! Shouldn't these people suffer punishment?!

The blood markings covering her body were extremely bright. The evil aura and strength that had previously been suppressed by the Messiah Tree's remnant soul finally exploded out!!!

She didn't understand why the Messiah Tree wanted to stop her. If she had transformed the departed souls and fresh blood into her own power earlier, this many Wind Eagles wouldn't have died for her, and He Cang, who would do anything for her, wouldn't have been crucified to death!!

“Hu hu hu hu hu!!!!!!”

The moment the seed of evil sprouted, the world would descend into death where not even a blade of grass grew!

Ning Maner's slightly curled hair began to dance in the air as her pale white skin was filled with the malevolent and terrifying evil blood markings!

The color of her hair became a conspicuous blood red as the evil markings climbed up her snow white skin. Her graceful body began to hover in the air. Ning Maner raised her head and began to rapidly absorb evil aura, transforming into a pure-evil devil woman. Her vacuous eyes were filled with limitless anger and hatred!!

“No.... no...” He Cang, as he was nailed to the tree, watched this scene as his eyes began to expand.

He struggled to extend his hand in hopes that Ning Maner would stop. However, as his life force rapidly slipped away, he could feel his vision going blurry.

"All of you must pay the price for the sins you carry on your backs!!" Ning Maner's ice-cold voice rang out as she hovered underneath the tree.

“When the Darkness Domain disappears and if you don’t hand over the Messiah Tree seed, we’ll kill all of the creatures in Quiet Forest. That way, you’ll understand what exactly “paying the price” is!” said the somewhat bloodthirsty Ocean Lord Xue Yingfeng.

The seven of them were obviously looking down on Ning Maner who had no offensive power. Right now, they just needed to wait for the darkness domain to disappear and the Messiah Tree Seed would be theirs!

However, what they didn’t know was that in the depths of the darkness, Ning Maner was transforming into a devil woman. As for how terrifying she would be once she transformed, nobody knew. In this short period of time, the anger, hatred, sorrow, and self-blame she accumulated was too much.

An evil aura abruptly swept through the area, transforming into a darkness tsunami!

The evil aura and resentment aura had taken substantive forms, transforming into evil swords filled with evil and resentment.

With a single wave of her hand, these evil swords would fly towards her enemies. However, the innately good Ning Maner, had a sliver of hesitation at this moment.

Her icy-snow eyes glanced at the Messiah Tree, and then at He Cang who was bleeding out.

Ning Maner didn’t know how many Quiet Forest creatures had been slaughtered this time. However, when she heard the incredibly infuriating mocking laughter, she couldn’t stand it any longer!

All of them ought to die. These people ought to disappear from this world.

Anyone whose heart was impure ought to die. They didn't deserve to exist in this world!

With the heart devil seed within her, Ning Maner finally lifted her hands and allowed the evil swords to frenziedly slaughter all of these greedy people!

Ning Maner's lifted hands were trembling.

"Bu!"

Suddenly, a powerful hand grabbed Ning Maner's thin wrist!

Such an immensely powerful evil aura was in Ning Maner control. But this large hand that had suddenly appeared didn't only grasp Ning Maner's wrist, but also suppressed the storm of slaughter that was about to break out and slaughter both enemies and allies.

Ning Maner's eyes, after transforming into a devil woman, flashed with a sliver of anger. Who had stopped her?!

She turned around to knock the person, who had stopped her, flying with a slap.

However, when she saw the person's face and saw the silver flames on his body, she began to violently tremble.

The soul pact between their souls made them even closer than others. It was like they were a part of each other's souls. In this situation, nobody could stop her anger and punishment except for him. Ning Maner wouldn't knock him away.

A tall and heroic figure. A handsome and unwavering face with a body covered with silver and evil devil flames. There was only one person in the world whose embrace could make Ning Maner feel incomparably peaceful and warm. This person was the Brother Devil who she had a soul pact with!

"Do you know why so many people are willing to die for you and throw away everything just to protect you?" Chu Mu's large hand firmly gripped Ning Maner's evil wrist, not moving an inch.

A sliver of thought flashed through Ning Maner's eyes.

"Every single one of us and every single life form desires strength. This seed to become stronger was buried at a very, very early age. In order to live a better life in this cruel world, in order to protect those near and dear to them, in order to obtain supreme honor..."

"Every life form has an initial desire to pursue the path of power... however, this path is incomparably difficult. Countless creatures will engage in senseless slaughter and feel regret as they lose those closest to them in their monomaniacal pursuit for power.

"In fact, many life forms no longer know why they wanted to become strong in the first place, nor why they wanted to obtain this power!"

“They forgot the things from the very beginning and have lost themselves in this cruel world where the strong eat the weak. They lost their initial pure heart and descended into a slave of survival...”

“But you were never perverted by the dirty aura of the world. You kept your pure heart. When they saw you, they saw their initially uncorroded soul that was without hatred, pain, sorrow, or anger. Everyone is willing to use their lives to protect you because you became the hope that they treasured the most at the depths of their soul. You could make them forget the various negative emotions that come with the pursuit for power, and help them wash their souls that they themselves came to detest!”

Chu Mu didn't like to talk. This was probably the most he had ever said at once, but it was also the most sincere thing he had said!

Transforming from a human into a devil, and then from a devil into a human. Having lost himself before, Chu Mu had a profound understanding of how important and treasured one's heart and soul was!

“Don't do something stupid. Don't let anger control you. This many people used their lives to protect you, which means that you that should treasure your own life and soul that much more!” after finishing this, Chu Mu slowly relaxed his hand.

If Ning Maner was still unable to understand the true meaning of all these life forms sacrificing their lives for her after his words, then there would be no more point in him trying to stop her. She would still ultimately transform into a devil.

Chu Mu's words were like thunder to Ning Maner.

Just a little bit more, and she would have destroyed the hope of all these soul pets and people, who had sacrificed their lives for her, that had been placed in her.

Ning Maner's decrepitly placed her hand down. Chu Mu's words had a profound effect on her heart. She had never thought of this before.

"Big brother, I... I really don't know what to do. Am I just supposed to let these people go?" Ning Maner still clung onto a bit of that thinking.

Chu Mu shook his head. He extended his hand and placed his palm on her forehead.

"You must protect your heart. Your heart is too precious."

"As for killing, leave it to me - someone whose hands are already filled with blood!"

His palm was instantly filled with a special power as he forcibly extracted the evil energy inside Ning Maner's body, and then transformed it into his own!

"I promised you that I will kill every single person who has made you heartbroken. Not a single one of them will be let off!"

After speaking, the evil energy on Chu Mu's body suddenly erupted!

Like an evil god descending upon this world, terrifying devil flames dropped from the sky, covering the secular world with anger and grievance!

Half of it was a silver color that devoured half of the meandering earth!

Half of it was a black color that swept through the other half of the boundless space!

Simultaneously, Chu Mu's eyes, body, and devil flames were split into half silver and half black!!
