

## **Soul Pets Bk2 1621**

### Chapter 1621: Yellow Spring Emperor

After completing the cultivation, Chu Mu realized that not only was New Moon Land covered in snow for a long time, the regions east of New Moon Land was similarly covered by a thick layer of ice.

There would be a snowfall once in a while for the entire year. The temperature would become very cold whenever there was snow, and the usually weak soul pets which could be seen everywhere mysteriously disappeared.

New Moon Land had slowly regained its vitality after a year of recovery and was reopened to the public.

The victory of that war allowed New Moon Land to become a merciless sword. More people started to respect this tiny territory and nobody dared to create a commotion.

It was even said that whenever someone said that he or she came from New Moon Land while traveling in Zhengming Continent and Wupan Continent, the surroundings would be astonished and ask, "Is it that New Moon Land which defeated the various sects from eight major factions?"

At that moment, everyone who participated in that war would be proud.

"Chu Mu, there will be representatives from various major factions coming to our New Moon Land soon. They seem to have noticed something," Liu Binglan told Chu Mu.

"Who will be coming?" asked Chu Mu.

“Four leaders and ten Gate Masters. They are from Divine Sect, Demon Beast Palace, Elemental Clan and Mu Family Dynasty respectively,” said Liu Binglan.

Although the subjugation alliance which invaded New Moon Land also came from these major factions, the sects within these factions were also hostile towards one another. New Moon Land did not have to treat all eight major factions as enemies just because of that war.

Furthermore, New Moon Land already gained many allies, there were also factions with leader rank fighting strength amongst the allies.

From watching those high and mighty individuals to them personally coming to New Moon Land for discussion instead of calling Chu Mu to their territory, this was sufficient to prove how respectful they were towards New Moon Land.

“Alright, I will meet them,” Chu Mu nodded.

.....

The snow continued to fall and seemed to be endless. The atmosphere was quiet, but it was hard to guess what was hidden behind such quietness.

Chu Mu lied down on the snow-covered roof and watched the falling snow. It added another worry in his heart.

This snow was too abnormal. Why did it not stop after so long?

“Wuwuwu~!” Mo Xie disliked snow, so it kept squeezing into Chu Mu’s bosom. This would allow it to feel warmer.

Chu Mu watched the hazy sky and muttered, “Is Solar Eclipse coming?”

Chu Mu remembered that Elder Li told him that ten thousand years was a wheel.

It was the final few years of this ten thousand year cycle. What would happen during the process of ending this wheel and entering the next wheel?

It was only the awakening of Ancient Flood Dragon Person. It was only the birth of the tenth era’s strongest. It was only indicating that another ten thousand years had passed in this world filled with life.

What exactly was that Heaven Palace which hung high up in the sky manipulating? Why could they act like the ruler of all creations? Or were they just a powerful race isolated from this world?

Why did White Ocean God sweep up a huge wave to hit Heaven Palace? Heaven Palace did not really cause much effect to the world.

Why were the Seven Sins Foxes sealed? What crime did they commit?

Chu Mu lied there and kept thinking while simply allowing the snow to land on his body.

“Chu Mu, what are you doing here?” A gentle voice called out.

Ye Qingzi in a tight qipao dress slowly walked over. The soft and tight cloth material traced out her well proportioned body.

Her cheeks were red, her eyes were bright, her hair fluttered in the wind.....

Chu Mu remembered that when he saw Ye Qingzi in Han Tan City for the first time, she was still a little immature.

And now, she was mature, generous and charming. He could not be any more familiar with the fragrance she exuded.

“I’m just thinking what exactly will happen with Solar Eclipse arrives,” Chu Mu opened up his arm and let Ye Qingzi lie down next to him.

“Did you guess something?” Ye Qingzi felt that Chu Mu’s calm mind contained a little anxiety. Perhaps the approaching awakening of Ancient Flood Dragon Person added a lot of pressure on him.

Ancient Flood Dragon Person was an Undying rank creature. Many leaders in this world wanted to reach Undying rank but failed. Just how should Chu Mu reach Undying rank to be able to oppose Ancient Flood Dragon Person.

“A little messy,” Chu Mu hugged Ye Qingzi tighter.

“Wuwuwu~!” Mo Xie was squeezed in Chu Mu’s bosom and grumbled.

Ye Qingzi noticed the cute Mo Xie and hugged it.

Little Mo Xie was furry and warm. Ye Qingzi also liked to hug it.

Mo Xie wriggled its tails and found a comfortable position to continue sleeping.

“Don’t think anymore. If it’s not possible, let’s leave here,” said Ye Qingzi.

“Alright. However, there seems to be another matter that makes me more and more anxious. I just feel that I have grasped onto something, but it slips away when I think more carefully,” said Chu Mu.

“What is it?” asked Ye Qingzi.

“Monument Tear Individual. I don’t know what this identity means. After my trip to Heaven Palace, I saw some important information, as if I have seen through everything. However, all those things seemed to be covered in a veil and hindered my sight,” described Chu Mu.

“Then stop thinking about it, let’s take a walk?” suggested Ye Qingzi as she pulled Chu Mu up.

“Sure,” Chu Mu stood up and accompanied Ye Qingzi out of New Moon Palace.

The streets were still covered in snow. Many children were playing on the streets and their parents would reprimand them.

Some older youths would summon their soul pets to spar with one another in wider places. Seeing their nervous and excited expressions, Chu Mu smiled.

He remembered he was just like them when he was young, so were his soul pets. However, it was really worth reminiscing.

He was able to find sparring partners, able to participate in soul pet tournaments, able to challenge the various Bewildering Worlds.

Now, Chu Mu’s soul pets had reached really high ranks. It was difficult to find a worthy opponent or any place for him to challenge.....

Undying rank. Actually, if not for Ancient Flood Dragon Person’s threat, reaching Undying rank or not was not really important to Chu Mu.

He already possessed all the soul pets he wanted, he also strengthened his soul pets to the extreme. Even if he could not get any stronger in future, he already had no more regrets.

Perhaps, what he should do now was to silently watch over the next generation. He would watch them begin from the initial Spirit Disciple, then walk towards the peak step by step, or reach even higher.

Seeing the children and youths, seeing them working hard for owning stronger soul pets, Chu Mu really wanted to return to the past. He would bring his soul pets which did even reach the tenth phase on his long journey for adventure. No matter how difficult this journey would be, it would be better than the current him that lost room for improvement.

However, it was impossible to start anew. When this happened, he would need a child. He could watch his child starting a brand new journey.....

Chu Mu took a glance at Ye Qingzi.

Actually, both of them already had such thoughts. However, just like what Old Li said, as they grew stronger, the possibility of Ye Qingzi getting pregnant became smaller. Furthermore, Chu Mu's bloodline was already somewhat out of the human category, this further reduced the possibility. At the same time, this caused Ye Qingzi who was the wife to feel something missing.

"What are you two doing? A secret date?" Suddenly, a girl wearing a furry bunny ear hat ran towards them from the side.

The girl was already at the teenage age. Her pure smile would always portray her cuteness, tempting others to pinch her cheek.

"Do we need to act secretly?" Ye Qingzi saw Ning Maner's bunny attire and smiled.

"Who knows? Big brother had cultivated for such a long time. I spoke to him many times and he ignored me. Now that he finally finished his cultivation, you will definitely hold onto him tightly to prevent him from getting snatched away," said Ning Maner blatantly.

“If someone wants to snatch him, just let her snatch,” Ye Qingzi seemed not worried at all.

“Really?” Ning Maner’s eyes beamed. She ran next to Chu Mu and hugged Chu Mu’s elbow, “Then if I snatch, will big sister give me?”

“Give, why not? A bad man like him is everywhere in this world. I’m not lacking someone like him,” said Ye Qingzi with a smile.

“Alright, then big brother will accompany me tonight,” Ning Maner was full of smiles.

Chu Mu was dumbfounded by the conversation between the two women. He also felt that Ning Maner’s words sounded weird.

What did she mean by accompanying her tonight?

“Why at night?” Ye Qingzi began to interrogate Ning Maner.

Ning Maner immediately blushed and explained, “Big sister, don’t misunderstand. I want big brother to bring me to the highest point to look at the starry sky.”

Ye Qingzi and Ning Maner often joked like this, Chu Mu was already used to it. Most of the time, Ye Qingzi purposely put such temptations before him to test his will.

Chu Mu always ignored their verbal traps. He would not speak a single word most of the time and only listened to them chatting.

“Big brother, do you know that I saw Yellow Spring Emperor from Ocean Species?” Ning Maner told Chu Mu.

Chu Mu raised his brows and asked, “Where?”

“At East Ocean region!”

Yellow Spring Emperor, the highest ruler of the entire Ocean Species!

This era’s strongest had been living deep in the ocean, why did it suddenly appear in the East Ocean which was close to the human territory??

“Did you talk to it?” asked Chu Mu.

“Yeah, he said he’s grateful to us for taking care of its hopeless child,” said Ning Maner.

Chapter 1622: Chu Mu’s Hunting Teams

After a few days, the four major factions sent a batch of people to New Moon Land.

Divine Sect sent Xiao Xueang and Lin Mengling, Chu Mu was familiar with both of them.

Demon Beast Palace sent a Chief Enforcer, it was said that he was someone with Underworld.

Mu Family Dynasty sent Tang Ang, this was a human leader with high class Immortal rank ghost type creature.

Elemental Clan sent a Sect Master. This Sect Master was a newly appointed one. Most of the newly appointed people were supported by Yu Suo, so he could be considered an ally.

Chu Mu was already familiar with Xiao Xueang and Lin Mengling, so it was not necessary to be too formal when welcoming them.

Watching the four human leaders and ten Gate Masters especially coming to New Moon Land, Chu Mu also gained another suspicion.

“Solar Eclipse is very close,” said Xiao Xueang.

“This snow should be due to Ancient Flood Dragon Person’s subordinate, Sky Covering Snow Demon. We are here to find this Sky Covering Snow Demon and kill it. Before Ancient Flood Dragon Person awakens, it’s best to get rid of as many subordinates as possible,” said Elemental Clan’s Sect Master Jiang Gu.

“According to my knowledge, it shouldn’t be just Sky Covering Snow Demon. The most ancient wind type creature, Wind Disaster Demon, also awakened. Its wind caused immense damage to the various borders in the west,” said Tang Ang.

“Those people should have migrated long ago. I don’t understand what kind of courage they have to stay in the west which will be destroyed soon. Did they think that just because New Moon Land was safe, they would also be safe? Ancient Flood Dragon Person is a creature that acts according to

its desire, it will only do things as it likes. Once it awakens, leaving aside New Moon Land, the entire Zhengming Continent's west region will be swallowed by its ocean," said a rather young soul pet trainer.

Chu Mu took a glance at the unfamiliar man and inquired Lin Mengling with his gaze.

"He is a member from Hidden Pupil Royalty's Tao Family, Tao Wang. He is strong," explained Lin Mengling.

"New Moon Land will not be destroyed!" Ning Maner stared at Tao Wang unhappily.

"Stop deceiving yourselves. You don't know how strong Ancient Flood Dragon Person is! Those stupid borders do not understand, they are unwilling to give up their little assets. Only when Ancient Flood Dragon Person swallows their assets and families, they will realize how foolish it was to stay there," said Tao Wang.

After the Dual Earth Conference, Zhengming Continent's western region started their migration. Ancient Flood Dragon Person's existence was certainly a huge threat to the human race.

However, not all citizens in the borders left their homeland. There were still many people in some of the border cities, there were even many who held an optimistic attitude. They saw that New Moon Land was still standing at the most dangerous place. If anything happened, it would be New Moon Land which would be destroyed first. If that day really came, they could migrate by then.

The royalties, Divine Sect and other factions were doing their best to transport people away from the danger zone. However, there were many who were unwilling to leave. New Moon Land was completely independent.

“How do you intend to take on Ancient Flood Dragon Person?” asked Chu Mu.

“Take it on? Impossible. We can only try to finish off its subordinates before it awakens. Our visit this time is to kill Sky Covering Snow Demon and Wind Disaster Demon. These two are already high class Immortal rank creatures,” said Tao Wang.

“All of you came just for this?” asked Chu Mu.

Xiao Xueang and Tang Ang nodded, “We will diminish its fighting force as much as possible, as for taking on Ancient Flood Dragon Person..... Honestly speaking, we do not have a proper plan even until now. Perhaps we can only give up all the territories in the western region to that crazy devil, then negotiate some restriction with it through other races.”

“How many human leaders are there?” asked Chu Mu.

Xiao Xueang was a little confused. He did not understand why Chu Mu asked this, so he roughly counted, “About thirty to forty.”

“Can they take on Ancient Flood Dragon Person if they join forces?” asked Chu Mu.

Tao Wang immediately interrupted in disdain, “Impossible. Even leaders stand no chance before Ancient Flood Dragon Person, unless all leaders join forces. However, do you think those leaders who treated their lives as the most important factor would be willing to participate in such suicidal plans?”

“You’re saying that amongst humans, nobody is willing to take on Ancient Flood Dragon already?” asked Chu Mu calmly.

Xiao Xueang, Tang Ang and the other two leaders remained silent.

Certainly, no leader had clearly indicated to take on Ancient Flood Dragon Person.

On one hand, Ancient Flood Dragon Person was really too strong, it might be Undying rank. On the other hand, leaders were rulers amongst rulers, they would never throw their precious lies away like this.

Seeing everyone keeping quiet, Chu Mu already knew the answer.

“You can return,” said Chu Mu.

Everyone was startled for a moment. They only arrived here not long ago, yet New Moon Land’s King told them to return?

“You’re telling us to return?” asked Tao Wang in astonishment.

“Yes,” Chu Mu nodded.

Since nobody wanted to take on Ancient Flood Dragon Person, there was no point for them to come.

“Chu Mu, don’t misunderstand. We will at least kill those subordinates of Ancient Flood Dragon Person. Without those subordinates, the damage Ancient Flood Dragon Person can do will be much smaller,” said Xiao Xueang.

“It’s unnecessary,” said Chu Mu.

“You..... You’re really too arrogant. Do you think you can take on Ancient Flood Dragon Person by yourself? You can’t even take on its subordinates!” reprimanded Tao Wang.

“Chu Mu, we know New Moon Land is very important to you. There are also other races living here apart from New Moon Land’s citizens. However, before Ancient Flood Dragon Person awakens, we must kill its subordinates. Otherwise, when we come up with a plan to take on Ancient Flood Dragon Person and those subordinates hinder us, we will not be able to execute the plan.” persuaded Lin Mengling.

“This bizarre snow and wind will stop next month,” said Chu Mu.

“As long as Sky Covering Snow Demon and Wind Disaster Demon don’t die, the snow and wind will never stop,” sneered Tao Wang.

“They are already dead,” Chu Mu took a glance at this arrogant man and did not want to bother about his sarcastic attitude.

“Dead??” Everyone looked at Chu Mu confusedly.

“They are dead? When? Who killed them?” asked Lin Mengling.

Chu Mu pointed at himself.

“You killed them?” Lin Mengling opened her mouth in surprise.

“Impossible. Sky Covering Snow Demon and Wind Disaster Demon are both high class Immortal rank creatures, how can you kill them by yourself?” snorted Tao Wang.

Ning Maner and Ye Qingzi were also confused. Chu Mu had been in Wanxiang City after waking up. They never saw Chu Mu making a move, how were those subordinates killed?

“Ao~!”

At that moment, a dragon roar came from outside. Next, everyone heard something heavy smashing onto the ground, shaking the earth and the palace.

“Their corpses have been transported back. You can take a look yourselves,” Chu Mu pointed outside.

Everyone walked out of the palace in disbelief.

There was a wide platform outside the palace.

This platform was currently occupied by a creature covered in ice, it was about twenty meter big.

This size was not really big in the soul pet world. However, one could judge from its unique fur and powerful limbs that it was a powerful ice type creature.

Everyone raised their head to examine this lifeless corpse and their faces were slowly dominated by astonishment.

“This..... This really looks like Sky Covering Snow Demon, it’s exactly the same as the illustration in the document,” said Lin Mengling.

“How can that be possible? How did he kill it?”

Xiao Xueang stood next to the corpse. It took a long time before he recollected himself and turned to look at Chu Mu who remained seated in the palace.

Was it really killed by him??

Sky Covering Snow Demon and Wind Disaster Demon were terrifying creatures recorded in documents. Otherwise, Divine Sect would not have sent him and three other leaders to here.

They never expected that Chu Mu had already killed these two subordinates which they had to be cautious against when they just arrived here!

“Shashashasha~!”

Little Hidden Dragon flapped its wings and its body was already minimized.

It flew past everyone and reached right in front of Chu Mu.

Little Hidden Dragon kept circling around Chu Mu as if showing off.

Chu Mu rubbed its head and grinned.

“Little Hidden Dragon, did you kill the one which caused this snow disaster?” asked Ning Maner.

Little Hidden Dragon nodded excitedly.

“Little Hidden Dragon is so incredible! Come, let me hug you,” Ning Maner happily hugged the chubby Little Hidden Dragon and squeezed it like a ball.

Ye Qingzi looked at Little Hidden Dragon and realized what happened.

When Chu Mu was cultivating, his soul pets were training outside.

Chu Mu must have issued missions to them, which was to hunt down those subordinates of Ancient Flood Dragon Person.

Dead Dream, Little Yellow Spring, Zhan Ye, Little Hidden Dragon, Night, Ning, Devil Tree and Ghost King, they left in groups of four.

When Chu Mu was cultivating, Old Li took over the role of tracking down the whereabouts of those subordinates. When those subordinates awakened and started to cause disasters, Chu Mu's soul pet teams would hunt them down.

Sky Covering Snow Demon and Wind Disaster Demon should be the most troublesome subordinates of Ancient Flood Dragon Person. Little Hidden Dragon, Night, Dead Dream and Ning only managed to kill them right before Chu Mu woke up.

These leaders came to New Moon Land to finish off Ancient Flood Dragon Person's subordinates.

Hence, Chu Mu felt that it was not necessary. If they were unwilling to take on Ancient Flood Dragon Person, they should just leave those subordinates to him. At least, he would be able to train his soul pets and let them grow stronger.

Chapter 1623: Cleaning Up Monument Tear Individuals For You

As expected, the snow and wind disasters stopped after a few days. Zhengming Continent's western region welcomed sunlight again.

The royalties and eight major factions were not confident in eliminating Ancient Flood Dragon Person, they would probably choose to give up the western region of Zhengming Continent to Ancient Flood Dragon Person.

The Solar Eclipse was also approaching, nobody knew how long they could still see sunlight.

As New Moon Land's west kept getting harassed by those awakened subordinates of Ancient Flood Dragon Person, more and more cities suffered disasters. The roads in the entire Zhengming Continent's western region would probably be filled with migrants.

Now, even New Moon Land also started to have people migrating away.

The threat from Ancient Flood Dragon Person far surpassed the war. New Moon Land would never be able to survive. More and more people realized that Solar Eclipse would be a darkness era. Those without sufficient strength would only die if they stayed in Zhengming Continent's western region.

As such, New Moon Palace had to consider this serious problem.

After the final discussion, New Moon Land's citizens must migrate.

It was not that Chu Mu gave up on opposing Ancient Flood Dragon Person. It was because even if they continued to oppose Ancient Flood Dragon Person, the tiny New Moon Land would easily be destroyed from the leak of energy in a battle against a creature at the level of Ancient Flood Dragon Person.

Liu Binglan had already planned how New Moon Land should migrate. They would migrate directly to the Northern Territory they owned.

After the New Moon Land war, the royalty returned Northern Territory which was originally under requisition to New Moon Land.

Matters like these were rather redundant, New Moon Land would naturally not let them do as they pleased after displaying its strength.

Northern Territory was bigger than New Moon Land, on par with a seventh rank Border. New Moon Land's citizens would be temporarily settling in Northern Territory after migrating.

Of course, there would be people asking such a question: Since New Moon Land would be migrating anyway, was there any meaning in fighting that war which paid such a heavy price?

That war was necessary. Being forced to migrate was similar to a race getting exiled. They would not possess any dignity no matter where they went. Furthermore, Northern Territory would still be under the royalty's management, migrating to Northern Territory was the same as living under others.

However, the migration New Moon Land carried out now was completely different. New Moon Land had become a blood-stained flag. New Moon Land members held a completely different position in human territory. Although they temporarily gave up on the abundant resources in New Moon Land in this migration, with their current resources, they could also develop into a powerful independent faction. There would be no faction daring to harm New Moon Land.

Apart from humans, there were other races in New Moon Land. The Nightmare race, Flower Demon race, Ocean Species and Devil Soul race.

They had a harsher requirement for living conditions. This was the biggest headache to Chu Mu.

Chu Mu already sent people to look for suitable places for living in Northern Territory. The Flower Demon race was still fine as they could live in cities. Xia Zhixian was in charge of nurturing them.

The Ocean Species, Nightmare race and Devil Soul race were very unique. They could only live in special environments. There would be more troubles for them to migrate.

The Nightmare race and Devil Soul race could be considered bound to each other. Devil Souls required a powerful race to protect them.

Chu Mu's intention was to migrate the Nightmare race in Nightmare Holy Region further north in the Northern Territory. He would prepare a piece of territory which barely fit the conditions for Nightmare race and Devil Soul race to live in.

Whether their independent territories would be destroyed or not was difficult to tell. He could only make such arrangements for those races temporarily. Everything would wait until they returned to New Moon Land.

As for Ocean Species, East Ocean's Ocean Lord had already took various measures, so he did not have to worry about that.

The migration started on the second month after the snow ended. They migrated towards Northern Territory city by city.

Lin Mengling and Magistrate Xiao sent many experts from Divine Sect to escort New Moon Land's migration to ensure that they could safely reach Northern Territory.

.....

Migration was a long process. Not everyone could be as fast as soul pet trainers.

Chu Mu would only take one day to make a round trip between New Moon Land and Northern Territory, but those Emperor rank or Monarch rank soul pets transporting normal people would take one or two years.

If a normal person walked by himself, he might not even reach Northern Territory in decades. There were many normal people in New Moon Land who never took the path of a soul pet trainer. Chu Mu could not make these people walk by themselves, since they might already take years to walk from the western end of New Moon Land to the eastern end.....

Fortunately, Divine Sect, Elemental Clan, Demon Beast Palace and various large borders were willing to assist. They would provide a large number of mounts in every border to help the people without soul pets to migrate. The City Lords would provide pre-arranged living spaces for New Moon Land's citizens whenever they arrived at a city.

This was the difference between winning and losing the war. If they lost, New Moon Land's citizens would be treated like refugees. They might not even be able to enter the city, leaving aside the mounts, food and living spaces.

Such a migration would naturally not cause New Moon Land's citizens to suffer. Once this disaster ended, they could return to New Moon Land any moment.

.....

Wanxiang City had become empty before one realized.

Everyone had migrated, the entire city only had a few people staying behind to handle some matters.

Chu Mu naturally stayed behind. He stood on the highest palace on Wanxiang Altar and looked down at the empty city. He felt a sense of loss in his heart.

Perhaps, this was how it felt before a disaster arrived. Everywhere was dead silent. There were no laughters or crowds.....

Wanxiang City, too many unforgettable events happened in this city. Many people died in the war to protect here, and everyone left here due to the approaching disaster now.....

However, Chu Mu would not leave here.

If everyone left, who would take on Ancient Flood Dragon Person? Who would take back this land?

Chu Mu knew that his current strength was not enough to oppose that guy. However, he would kill all those subordinates which awakened. He would never allow them to take one step into New Moon Land!

.....

“Chu Mu,” A gentle voice called out from behind.

Chu Mu stood there like a statue which had been crafted long ago, only waking up when someone called out his name.

He turned around and wrapped his arm around Ye Qingzi.

“Can we also go with them?” pleaded Ye Qingzi in Chu Mu’s bosom.

Undying rank Ancient Flood Dragon Person, this was a deadly existence.

Why should Chu Mu take on such a terrifying existence by himself?

Ye Qingzi did not care whether New Moon Land could survive or not, she cared about Chu Mu’s safety.

Now that New Moon Land’s citizens were migrated, they could just offer this land to that Ancient Flood Dragon Person. There was no need to fight a meaningless battle with their lives on the line.

Chu Mu did not answer. He just understood a matter a while ago.

“Chu Mu?” Ye Qingzi looked at him.

Chu Mu kissed her forehead and spoke, “Ning Maner told me a sentence before. Only when one stands at a certain height can one see the truth behind matters..... Honestly speaking, I also don’t want to face an enemy I have no hopes of winning. However, if I don’t face it, I will face another enemy.”

“Another enemy? Is that enemy even stronger than Ancient Flood Dragon Person?” Ye Qingzi was confused.

“Yes, to me, this enemy is an existence impossible to win against,” Chu Mu nodded.

“You cannot avoid it?” asked Ye Qingzi.

“I have been avoiding it for a long time. I don’t understand it in the past, but now, I know avoiding it is meaningless. I have to face it eventually,” said Chu Mu.

“Monument Tear Individual?” Ye Qingzi immediately reached such a conclusion.

Chu Mu nodded.

The identity of Monument Tear Individual was a restriction. Rather, after Chu Mu reforged his soul through the Monument Tear, he was tightly bound by this identity. He had to continue walking on this path.

“Why?” Ye Qingzi wanted to know the answer.

New Moon Land had been safely migrated. Why did Chu Mu still need to face Ancient Flood Dragon Person? If he could not win, he could just retreat. No matter how strong Ancient Flood Dragon Person was, it could not swallow the entire human territory.

“Actually, there is a form of competition existing between Monument Tear Individuals. This is also the reason why Fake Monument Tear Individuals appeared. As long as you can kill a Monument Tear Individual, you can obtain his Monument Tears.”

“I am the fourth era’s Monument Tear Individual, there are also many other fourth era’s Monument Tear Individuals, including Seven Sins Fox Light King.....”

“However, I have never encountered many truly strong or threatening Monument Tear Individuals so far. Do you know why?”

Ye Qingzi looked at Chu Mu and was unable to guess his meaning.

Chu Mu was a Monument Tear Individual, and possessed many important Monument Tears of the fourth era, even Ancient Beast Soul’s Monument Tear was in his hand.

However, other than Madam Huo’s batch, Chu Mu never encountered any truly strong Monument Tear Individuals.

Monument Tear Individuals struggled through bloody battles, constantly getting pursued by other Monument Tear Individuals and constantly pursuing other Monument Tear Individuals.....

Chu Mu had never encountered such cases.

“Is someone protecting you?” guessed Ye Qingzi.

He hugged the smart Ye Qingzi even tighter and spoke, “All Monument Tear Individuals are the most outstanding experts chosen by Heaven Boundary Monument to inherit the Undying rank era’s strongest position. There may be around one thousand such candidates, in addition to the greedy Fake Monument Tear Individuals..... They are all lunatics who will do anything to reach Undying rank.”

“However, not long ago, Monument Tear told me that there are only two fourth era’s Monument Tear Individuals left.....”

Ye Qingzi was astonished and asked, “Two??”

“One is me.....” Chu Mu showed a bitter expression, “I had always thought he was far away from me and was unable to understand why he was unwilling to see me. Only when two Monument Tear Individuals are left, I realized that he had always been by my side.....”

Ye Qingzi looked at Chu Mu in surprise and asked, “He..... He has been killing other Monument Tear Individuals and Fake Monument Tear Individuals for you?”

“Yes,” Chu Mu nodded.

Chapter 1624: True Nature of the Solar Eclipse!

The scorching sun’s thousand rays illuminated Zhengming Continent’s massive expanse of empty land.

Due to the large amount of snow, many people didn’t remember what season it was now.

On this long path from Zhengming Continent to the Northern Territory, the long line of people swept up dust that pervaded the air.

The dust gave off a jittery feeling under the sunlight as they obstructed one's vision and forced people to take careful breaths.

"We've entered Northern Territory Border Kingdom." a New Moon Palace army commander loudly spoke to the migrating group that was lined up like a long dragon.

These people had been the first ones to migrate and they were riding on very fast mounts.

Some emperor and dominator rank creatures had a body several hundred or a thousand meters large. These large creatures would be able to carry tens of thousands of people. Sitting on top of them was like riding on a moving piece of land.

Northern Territory used to be a soul pet world. It was filled with dangerous forests and mountain ranges. However, after several years of purging these dangers, it gradually became a place suitable for human habitation. It was also possible to often see people from other border kingdoms coming here search for treasures and to capture soul pets.

The first group of people was about 3 million people. These 3 million people were mainly composed of builders and those that elevated the livelihood of society. They would build and improve Northern Territory so that future people who migrated here would have a better place to live.

"I see a city. Is that Northern Territory's main city? It looks enormous?" said a person standing on the Mountain Abyss Beast.

The Mountain Abyss Beast was a soul pet over a thousand meters large. The migraters had set up tents on its back, making it seem like an island.

However, when they saw Northern Territory's main city, joyous smiles appeared on their faces. They quickly packed up the things inside their tents and prepared to enter the city.

The midday sunlight shone down from high above, illuminating Northern Territory's main city.

The main city was mainly of a white color while its city walls were a light blue. The unending city walls stretched from this side of the horizon to the other side. It was impossible to see where the city wall ended. This opened the eyes of many people who had never ventured out of New Moon Land before. It was several times larger than Wanxiang City's city walls.

These people knew that New Moon Land had another territory, and that it was located on Zhengming Continent's northern extreme. However, they had never expected for the city in this territory to be so grand and majestic. These people who were initially exhausted and dispirited from the migration gradually began to lighten up when they saw this city.

Suddenly, a shadow began to envelop the horizon.

The shadow was enormous and covered the sky.

All of the migraters were able to see that darkness was swallowing up the other side of the city, gradually devouring the city initially emerged in sunlight.

Soon, the terrifying darkness, spread over to the 3 million migraters that were lined up like a long dragon. As they witnessed this frightening scene, they descended into terror.

The darkness was extremely thick. When it arrived, they were all caught unprepared. It felt as if the cloak from the god of death was covering them over.

Everyone stood there, stunned, and watched the darkness quickly devour the bright and beautiful world of sunlight.

The solar eclipse that happened once every 50 years!!

It was as a solar eclipse!

If one were to look up, it was possible to see a dark outline appear on the sun and gradually expand, swallowing up the sun bit by bit.

As the sun was devoured, the vast expanse of land was ruled by darkness. It was so dark that one could not see his finger!

In the thick darkness, nobody could see anyone else. Even the firelight from fire types oil pets were unable to expel the solar eclipse's primordial darkness.

.....

New Moon Land, Wanxiang City.

The city had mysteriously become bleak. The streets were filled with dust, the palaces were empty, and the plazas were silent.

Therefore, when the darkness began to slowly swallow up the light in the city, nothing seemed particularly sudden.

Chu Mu sat on a sculpture on Nightmare Palace's roof. When darkness arrived, he lifted his head and looked unmovingly at the fiery red sun being slowly devoured.

A clear splotch of black appeared on the sun. Initially, only the edges of the sun had been bitten off. But gradually, the darkness became an arch door that slowly closed.

The solar eclipse...

The solar eclipse had ultimately arrived.

A mysterious and indescribable complex feeling filled Chu Mu's heart.

The devil that had instilled the human world with incomparable fear and had even had the western territory willingly conceded to it was about to awaken. It had entered its sleep under New Moon Land.

The first thing it would see when it awoke would be New Moon Land.

If it was insane, and saw that there were human cities all over the earth, it would probably crush all of the cities in an instant into dust.

It wouldn't be long before Chu Mu would be able to see a vast body of water that swallowed up the piece of land he was standing on. Then, there would be countless evil creatures wreaking wanton havoc and destroying everything New Moon land's people had spent thousands of years building.

.....

"Chu Mu." Princess Jinrou sat beside Chu Mu and called out to him.

She seemed to have discovered something. The expression on her face was of slight astonishment and it took a while before she came back to her senses.

"What's the matter?" asked Chu Mu.

"I calculated it. This day and that day are the same," said Bai Jinrou.

"Which day?" Chu Mu didn't understand what she was saying.

"It's the day Yu Suo told me about. Only on that day can you see Heaven Palace's existence by standing in Myriad Heaven Dragon Abyss and looking up," said Bai Jinrou.

"Are you certain it's the same day?" Chu Mu was stunned.

Princess Jinrou seriously shook her head.

If the day of the solar eclipse was the same day it was possible to see Heaven Palace's projection, this definitely wasn't a coincidence.

Perhaps when Yu Suo had brought him to see the projection, she was secretly telling Chu Mu a very important piece of information!

"Let's fly over and see." Chu Mu pulled Princess Jinrou's hand and flew straight into the sky.

Only by flying to the highest point in the sky could they see the true appearance of the solar eclipse.

Chu Mu and Princess Jinrou left the ground and flew into the clouds.

After passing through the clouds, they passed through the dark and cold second layer of the sky and continued onto the third layer of the sky's bright and starry world.

The solar eclipse was still ongoing. After swallowing the human territory, the darkness continued to expand into the Ocean species' Eternal Ocean and the Demon species' land.

As the two of them flew higher, many stars and meteors would appear around them. They were lying still in the dark and starry sky, beautifully streaking past them or orbiting according to a certain path.

Chu Mu and Princess Jinrou passed through the scattered mass of stars and meteor sand flew towards the scorching sun.

The sun was very, very far away from them. Chu Mu and Princess Jinrou had to find a place where their vision wasn't being obstructed to clearly see the sun. This way, they would finally be able to determine if their guess was right.

"Chu Mu, come here!" Princess Jinrou found an angle where their vision wouldn't be obstructed by the stars. They would be able to see the sun from there!

Chu Mu landed on an enormous meteor.

When looking at the distant sun from the third layer of the sky, the sun was comparatively enormous. It felt as if one's entire field of view was occupied by the burning ball of fire.

Sunlight came from the distance, landing on Chu Mu and Princess Jinrou with a pure heat.

Originally, many scholars believed that a solar eclipse happened because the sun temporarily stopped burning.

A sun that wasn't burning naturally could not emit light and light was the energy source of all living things and the land. Without this energy source, living things would die out.

Currently, as Chu Mu stood in the third layer of the sky and stared at the sun, he was confident that this theory by the scholars was wrong.

The sun was still burning. It hadn't stopped for a second. Chu Mu and Princess Jinrou could clearly feel the fiery light.

However, why hadn't the light reached the human land? Why had the land suddenly become dark??

Neither Chu Mu nor Princess Jinrou said anything. They knew that the cause of the solar eclipse would soon be revealed before their eyes.

The most majestic thing in the sky was the sun. it represented the source of all living things. All life forces had been given life because of its burning.

It was an enormous burning object in the sky that had been burning for an unknown period of time. When its light arrived in the world and to the people, it granted the world and the people energy. This was why there were various spirit items, xuan items, immortal items and elemental world soul pets.

Elements were innately forms of energy and elemental world soul pets had been born from this energy.

After there were elemental world creatures, plant world creatures that understood how to absorb this energy and transform it into nutrients were born. They changed the environment of the world and provided an environment where demon beast world soul pets could live.

And with demon beast world soul pets, there would be death. With death, there would be departed spirits and thus departed spirits were born.

Elements, plants, demon beasts, and departed spirits. These formed the complete soul pet world.

And all of this originated from the sun that endlessly burned.

In the past, humans had thought that the solar eclipse - the cause of exhaustion, sickness, and death of all creatures - was because the sun had temporarily stopped burning.

However, in reality, the sun was still burning during the solar eclipse. It never stopped.

This meant that there was something stealing the energy source of all creatures...

.....

Finally, the thing Chu Mu and Bai Jinrou were waiting for, appeared!

Under the sun's scorching flames, it ascended into the sky. It was slowly spinning around as it blocked, absorbed, and stole the energy that the sun was providing for all creatures!

As it watched the aerial territory slowly spin around under the scorching sun, Chu Mu and Princess Jinrou looked at each other with astonishment.

It was indeed it!

When they first stepped into Heaven Palace, Princess Jinrou had been astonished why the disk-like Heaven Palace hung vertically.

Now she understood.

When Heaven Palace's territory flipped onto its side so that it was parallel to the sun, the sun would be blocked!

All of the sunlight and energy would be stolen by the twelve great formations, and thirty-six small formations. None of it would reach the human world...

This was the solar eclipse that occurred once every 50 years!!!

In other words, it was Heaven Palace controlling and ruling over the world's laws of survival and laws of life!

Chapter 1625: Stealing the Solar Eclipse Energy

The enormous piece of land slowly expanded, transforming into an enormous floating disk!

The disk ascended as it spanned out. The higher it got, the greater the area it covered!

Nobody had been able to explain the appearance of solar eclipses. Who would have thought that the natural laws that governed the world actually came from Heaven Palace which hovered above the world!

When it was vertical and perpendicular to the sun, the sun could be seen rising and setting, and the moon would appear and disappear. However, on a set day every fifty years, Heaven Palace would ascend and flip over!

The flip casted a shadow that left the Human, Demon, Ocean, Beast, Plant, and Ghost species in darkness. This darkness would last for a very long period of time.

When there was no sunlight, all living creatures would suffer and the laws of life would be broken.

Later, to the fear and the lacking of natural resources brought about by the darkness, species would begin to wage war. This would fill the land with death, disease, and illness. This would deal a heavy blow to the living world.

Until now Chu Mu had believed that this was a natural law. It was a law that existed since time immemorial. However, everything he was currently witnessing had completely overthrown this deeply rooted theory!

Chu Mu looked at the enormous land disk blocking all of the sunlight, stunned. From his position, he could see the outline of a formation!

This formation was created by Heaven City. A total of twelve sunlight rays could be seen shooting towards the sun. There were thirty six even slimmer sunlight rays wrapping around these smaller light rays!

When the sun and the spinning Heaven Palace happened to line up exactly, the twelve light rays became twelve enormous light locks.

These light locks fastened onto the sun, preventing the sun from moving!

All of the light and all of the energy traveled through the twelve enormous bridging locks to form a cone that passed through the stars and poured everything into Heaven city.

The white Heaven City set ablaze as the piercing light made it difficult to open one's eyes!

"This is the solar eclipse..." Chu Mu was entranced as he watched.

If the people down there could see this shocking and horrifying scene, many ideologies would collapse!

"Unbelievable... unbelievable!" Old Li's voice rang out.

"Even your Demon species didn't know the solar eclipse was caused by Heaven Palace?" asked Chu Mu.

Old Li shook his head and said: "This secret is probably only known by Heaven Palace members, and the experts of each generation who reach the undying rank. I think I understand why that woman brought you to stand in Myriad Heaven Dragon Abyss to look up at Heaven Palace's projection. In fact, she already knew that the solar eclipse was actually Heaven Palace spinning and ascending."

"She even had us bury those seeds in the formation eyes... those formation eyes are Heaven Palace's solar eclipse formation!" Princess Jinrou covered her mouth in shock.

Chu Mu creased his brows. What plan did Yu Suo have by leaving those seeds in Heaven Palace's solar eclipse formation?

"Young master, the Evil Good Primogenitor is the plant world's earliest creature. In other words, the Evil Good Primogenitor can directly absorb the sun's energy. Heaven Palace is currently stealing the energy that originally belonged to the creatures of the world. This energy is capable of nurturing the lives of a myriad of creatures. It is the world's largest energy. By leaving those seeds in the solar eclipse formation, she's clearly stealing the purest solar life force energy through Heaven Palace's solar eclipse formation!" Old Li came to a sudden understanding.

"It should be impossible with just those few seeds to steal Heaven Palace's solar eclipse formation energy?" said Princess Jinrou.

"That's probably only just one of her measures," said Chu Mu.

That woman was an expert at scheming. Their trip to Heaven Palace was very likely the last step in her scheme. There was definitely an enormous flower formation somewhere in the world that had been meticulously schemed for a long period of time. This flower formation was connected with Heaven Palace's seeds and the moment Heaven Palace's solar eclipse formation began to absorb energy, she would begin to steal that energy!

"If her stealing is a success, it's very likely that the Evil Good Primogenitor can instantly enter the undying rank!" said Old Li.

The solar energy was enormous. If this energy was concentrated onto a single living being's body, and added on the fact that the Evil Good Primogenitor was innately the most ancient creature born under the sun, it was definitely possible for it to become an undying rank!

“Chu Mu, can you sense where she is?” hastily asked Princess Jinrou.

“Stop her?” said Chu Mu.

“No. When I helped her put those seeds in, I snuck into a totem maiden’s soul. Those formations have an energy tracking imprint. If she uses those seeds to steal energy, her location will be exposed to those powerful totem maidens. Heaven Palace will send people to capture her.” said Bai Jinrou.

“Young master, they’re already started moving!” Old Li pointed at Heaven Palace as he spoke.

Chu Mu immediately used soul remembrance to look into the distance. Indeed, numerous smatterings of black dots appeared from Heaven Palace. These black dots were rapidly descending towards the ground and they quickly disappeared from Chu Mu’s sight.

Those small black dots were Heaven Palace’s Imperial Guard Dragon Species. The ones mobilized were very likely to be Heaven Palace’s Guardian Palace experts!

“Chu Mu, aren’t you going to go help her??” when Bai Jinrou saw the legion dispatched by Guardian Palace to capture the thief, she immediately grew worried.

Bai Jinrou didn’t like Yu Suo, but right now, Yu Suo was standing on the same side as them right now.

Chu Mu hesitated. He remembered in Heaven Palace that he made it clear to her that they wouldn’t cross each others’ paths anymore.

However, as he watched the hoards of powerful Guardian Palace experts, Chu Mu also began to worry a bit.

This woman's courage was too enormous. She had even done something like this.

Indeed, the glorious Seven Sins Fox species of the past and White Ocean God had both violated Heaven Palace's rules and were suppressed by Guardian Palace before being sealed and severely punished.

Stealing the solar eclipse formation's energy like Yu Suo was doing was definitely an unforgivable and severe offense in Heaven Palace. If she was captured by Guardian Palace, who knew how cruel of a punishment she would suffer from Heaven Palace.

"Chu Mu, are you really not going to help her?" Princess Jinrou looked with a bit of shock at Chu Mu.

Chu Mu seemed to be indifferent towards all this. Bai Jinrou didn't understand.

"I don't know where she is," said Chu Mu.

It wasn't that Chu Mu didn't want to help. Rather, he had undone his soul pact with Yu Suo and didn't know where she was hiding.

"Young master, don't you have a drop of her Monument Tears? Perhaps through the Monument Tear's memories you'll be able to find where she laid her formation," said Old Li.

“This...” Chu Mu hesitated again.

The truth was that Chu Mu didn’t want to look at the Monument Tear. Since he told her he wouldn’t have any more involvement with her anymore, Chu Mu didn’t want to look through her story.

“Hurry. If you help her step into the undying rank, she’ll definitely help you deal with the Ancient Flood Dragon Person,” said Princess Jinrou.

“If she steps into the undying rank, the first person she’ll kill is me,” bitterly smiled Chu Mu.

“She won’t,” Bai Jinrou said with great certainty.

“How do you know she won’t?” Chu Mu was confused.

With how much she hated him, Chu Mu thought that once she possessed absolute strength, the first thing she would take revenge on wasn’t Heaven Palace. Instead, she would deal with him first. It was difficult to fathom this woman’s temper.

“I can read her mind. She has never thought about killing you.” Bai Jinrou said very seriously.

There were some people that understood how to hide their thoughts. Bai Jinrou’s mind-reading was unable to see the thoughts of some very strong-willed people, especially people with dual personalities like Yu Suo.

However, no matter how many personalities she had, she only had one heart. On that day in Heaven Palace, Princess Jinrou had managed to see her inner heart in that instant Yu Suo lost control of her emotions.

Chu Mu looked at the serious Bai Jinrou. He thought about the moment Yu Suo shed the tear when she retracted the poisonous sting and slapped him.

“Alright,” Chu Mu opened his soul pet space and retrieved the Monument Tear that belonged to Yu Suo.

Chu Mu placed the Monument Tear in his hand. The Monument Tear quietly melded into Chu Mu’s skin and then seeped to his soul. It entered his healing soul wound.

The soul wound was from his rupture with Yu Suo’s soul. The instant his soul ruptured, he felt so much pain he wished he were dead.

When the Monument Tear flowed through the wound, Chu Mu’s vision suddenly changed.

The space in front of him began to warp and change. Chu Mu saw a blurry outline of Era Hall that gradually grew clear.

Inside Era Hall, Yu Suo raised her hand and fiercely slapped his face. At the same time, a tear dripped down from her eye, falling into Chu Mu’s mind.

The tear let out a ripple, as if it had fallen onto a calm lake. A change occurred in each part of space the ripple reached.

Chu Mu's eyes grew hazy. Princess Jinrou extended her hand and lightly placed it on Chu Mu's forehead, entering the story recorded in the Monument Tear with Chu Mu.

.....

It was a white city and a white palace. Everything was an aesthetic white.

It was a silent bridge that resembled a white rainbow that reached a floating meteorite amongst the stars. On top of the meteorite was a white pavilion.

Chu Mu stood at the center of the white bridge. Princess Jinrou stood beside him.

“Big sister, big sister!”

An adorable young girl with chubby cheeks ran across from the other side of the bridge. She wore an aggrieved but adorable expression. She was wearing a beautiful princess dress as she ran by the illusory Chu Mu and Princess Jinrou towards the pavilion on the meteorite.

In the pavilion was another young girl. Her gentle and elegant temperament was the complete opposites as the young girl running over. In fact, there was the wisdom and calm of an adult that could be seen in her young and sharp eyes.

Princess Jinrou looked at two identical-looking girls with shock.

“Which one is Yu Suo?” asked Princess Jinrou.

“The younger sister,” said Chu Mu.

Chapter 1626: Twin Sisters, Yu Suo and Yu Qie

“What?” The sister shifted over to make room for her little sister and asked caringly.

“They’re mocking me and saying I know nothing.” The little sister felt so wronged she was nearly crying.

“No problem. You don’t need to learn anything. Diagrams and star routes are very boring to learn. They don’t want to learn it either, but their elders forced them to.”

“No, I need to learn it too, I can’t let them laugh at me!”

Seeing her little sister be so serious, she could only nod and say, “Fine, I’ll teach you.”

Chu Mu and Princess Jin Rou both walked past the nearly identical little girls and were more surprised.

“So Yu Suo actually had an older twin sister.” Bai Jinrou glanced at the sister.

Originally, as a seven to eight-year-old little girl, she shouldn’t have had any “air” or character. Or rather, the complaining and crying little girl was a normal appearance. The sister was truly too composed and elegant. Her eyes were crystal clear, yet the emotion that showed in her eyes was not fitting of her age.

Chu Mu looked at the sister, and was secretly confused as he thought back through Yu Suo's memories.

Why had he never seen her sister's figure in the memory fragments he had seen in Yu Suo?

As they watched, the pavilion slowly warped until Chu Mu couldn't see the scene anymore.

In the fuzziness, only the two delicate girls were still easily seen.

In a moment, the pavilion disappeared. A new scene appeared like an ink painting unfolding. Chu Mu saw the little sister Yu Suo stand at the walls of the Heaven City.

Yu Suo was older now with an adorable figure. She was slowly showing the beginnings of what would be a truly world-shattering beauty.

She was still wearing a blue dress. Her purple hair was braided into two ponytails that laid at her sides.

Chu Mu and Bai Jinrou walked before her and noticed she was staring out beyond the Heaven City.

"Chu Mu, it's that white town." Bai Jinrou pointed at the town beyond the city wall.

Chu Mu glanced out and saw that outside the town, there was an absolute mess of corpses. Blood flowed like rivers down the dark soil!

Chu Mu clearly remembered that day when thousands of people in the town walked out like livestock to feed the monsters that came out of nowhere. The scene was incredibly cruel and scary.

The ten-year-old Yu Suo stood on the city wall and watched as all this happened.

She stood there wide-eyed, as if her soul was swallowed as well. She couldn't believe that the beautiful heaven city would create such a cruel scene.

“Yu Suo, Yu Suo....”

A beautiful woman ran over frantically.

Yu Suo was still standing there, staring in disbelief at the bloody scene.

“You can’t be here, you’re so disobedient!” The woman yelled in dissatisfaction.

“They..... Why are they feeding themselves to the monster??”

Chu Mu stood right by Yu Suo and that woman. What surprised Chu Mu was this woman’s appearance wasn’t visible!

It was a very beautiful woman. Yet, when Chu Mu glanced at her face, he only saw a vague shimmer. She wasn't wearing any veil, but it seemed like it anyways. He could see all the perfect parts of her face, but couldn't even see the whole thing at once.

“Human Mother!!” Chu Mu suddenly remembered. Wasn't this the Human Mother training in the curtains?

Her appearance was constantly changing, becoming even women most familiar to him!

“Chu Mu, you know her?” Bai Jinrou pointed at Human Mother, who was still berating Yu Suo.

Chu Mu shook his head and said, “You can see her?”

“No, such strange people. I always think she looks familiar but strange.....”

Human Mother brought Yu Suo away and into the Heaven Palace.

.....

“Sister, sister.....” After Yu Suo was scolded by Human Mother, she ran back to her own room. Seeing her sister reading in her room, she immediately came over and started crying.

Yu Suo was sobbing uncontrollably so her sister put down the thick diagram book that questioned what had happened.

Yu Suo just repeated the bloody scene we saw in the town.

Sister Yu Qie seemed to already know this cruelty and remained silent.

“Sister, don’t they always surround you? Why can’t you tell them to stop doing that? It’s so sad.” Yu Suo asked.

“That’s the job of Guardian Palace, I can’t do that.” Sister Yu Qie said.

Yu Suo was still crying nonstop.

Yu Qie tried to comfort her, but the stubborn Yu Suo kept asking her to save them.

She seemed to be used to her sister’s crying. She calmly opened her book and, while listening to her sister cry, she calmly used her fingers to touch the markings on the book to remember those pictures in her head.

Yu Suo saw that her sister wasn’t paying attention and sat aside angrily, muttering, “how can sister be cold-blooded like the others too.”

“We grow old and die very slowly here. To create a balance in mankind, to maintain balance and longevity of Heaven City, there have to be some people that make a sacrifice. In reality, it isn’t that

the Guardian Palace was throwing them into feed the despicable monsters, but they instead were sending themselves in to die. They could choose to fight, but their strength is nothing compared to the monsters. So, slowly, they got the habit of no longer fighting.” Yu Qie said calmly.

“Does sister mean that this is because they haven’t trained well?” Yu Suo said.

Sister Yu Qie nodded.

“But..... I don’t train either, why am I not thrown into that town?” Yu Suo asked.

“Because you’re my sister.”

.....

Chu Mu stood by Bai Jinrou. She whispered to Chu Mu, “Why does this sister feel more like a mother?”

“She must have inherited some things. Her thinking, wisdom, and values aren’t at the same age as Yu Suo.” Chu Mu said.

Inheritances don’t have to be power. Sometimes it is also a large amount of information.

For example, Old Li doesn’t only own his own knowledge. He’s the wisdom inheritor of the demon species envoys.

Yu Suo's sister showed a calmness, wisdom, and profound intelligence that typically came from an adult. This meant that she definitely knew more than an average ten-year-old.

When treating her twin sister, many times she felt like a mother taking care of her, comforting her, teaching her things.

Indeed, in the following few memories, Yu Qie always had her uncanny intelligence. Very rarely could one see a pure and naive smile on her like other children, nor could one see any emotions of panic or anger. In fact, even when Yu Suo's troublemaking causes her to become incredibly annoyed, she still simply holds her book and reads calmly.

"Two completely different personalities in a pair of twins. However, I can tell that Yu Suo relies on her a lot. She asks her for everything and goes to her whenever she is troubled." Bai Jinrou smiled.

Women were always easily touched by emotional stories. In reality, Bai Jinrou didn't expect Yu Suo to be like this as a kid. In fact, it seemed that the sister was more like Yu Suo because they both had the same wisdom and calm.

Chu Mu was instead wondering something else. Just who was Yu Suo's sister in Heaven Palace? Yu Suo had never mentioned her sister but instead had revealed that she often asked the Totem Divine Maiden a lot of questions.

Can it be that Yu Qie was the Totem Divine Maiden??

Chu Mu's guess wasn't validated because all of Yu Suo's monument tear memories revolved around her and her sister.

.....

Without even realizing, Yu Suo and Yu Qie both reached the age of fourteen and became beautiful girls. Especially when they wore the same things, the doubled beauty was indescribable.

Chu Mu's question remained in his heart.

Finally, there was a memory that identified the sister Yu Qie.

Indeed, she was the one that governed the entire Totem Palace, the Totem Divine Maiden.

It was hard to believe that the totem palace that governs the entire world, the palace that governs the natural order, was held by a girl of such young age!

However, with a close thought, with the quality that Yu Suo revealed, it indeed fit the divine maiden role well. She wasn't frightened, annoyed, angry, or happy ever. The wisdom and calm was never fitting of her age. It's hard to imagine how much information was thrown in her brain for her to become like this.

The reason he could confirm his guess is because of something that happened to Yu Suo.

Yu Suo collected her thoughts and held a totem book, reading it in a pavilion.

At this moment, there were a few twenty-year-old men and women who walked over the bridge with laughter.

They didn't notice Yu Suo when they walked over, but when they walked in, their smiles immediately disappeared.

"Forgive our trespasses Divine Maiden. We didn't know you were reading here. Sorry for the disturbance."

"We don't mean offense, please forgive us Divine Maiden."

Their frightened gestures caused Chu Mu to recognize one; it was Yu Tian, the one Yu Suo viewed as a sworn enemy!

Yu Suo saw these people all so frightened and immediately laughed, "I'm not my sister, I'm Yu Sha."

Yu Tian and the others even kneeled down. Seeing Yu Sha face full of smiles, they all glanced at each other.

"Oh, so its the dispensable one." Yu Tian immediately stood up and muttered.

"Yeah, and she really does look like the real one too."

Yu Suo heard this and her smile froze.

This wasn't the first time Yu Suo had heard the word "dispensable"!

Chapter 1627: A Twins' Destiny (1)

Yu Suo returned to her room, and the book she was reading was ripped apart.

As her wisdom matured, she slowly noticed that her existence within the Heaven Palace was truly meaningless.

Everytime someone mistook her for Yu Qie, they would share the same strange expression and then call her the same piercing words, dispensable.

She returned to her room very angry and upset.

She saw her sister still at the window reading. She didn't know when, but she learned to hide her thoughts and not reveal everything to her sister.

While Yu Qie hadn't noticed, Yu Suo started memorizing the more important restrictions and diagrams within the Totem Palace.

There were ranks in the totem maidens. Only a certain rank could learn higher diagrams and seals. And, in Yu Qie's room, every diagram from the lowest rank to the top tier Eclipse Diagram were there.

Oftentimes, Yu Suo found this stuff very boring and never watched it. She only did things she wanted to do.

However, as their age and wisdom grew, she found that she couldn't really get what she really wanted, nor did she have any power. Everything had to be approved by her sister Yu Qie.

"Her rebellious phase is here." Bai Jinrou watched Yu Suo slowly hide her thoughts and start learning forbidden techniques and exclaimed her conclusion.

Indeed, the young girl phase always created thoughts, especially when living under a goddess like sister.

.....

"What is she doing?" Bai Jinrou saw Yu Suo run out of the tunnel and into the Goddess Palace.

Yu Suo ran out into the Heaven Palace and through another special tunnel to leave the city and reach the town outside.

She put the energy crystals she stole into the dirt in the town and created a strange diagram.

"It should be to help take over the sacrifice of the small town." Chu Mu said.

Chu Mu saw these memories from Yu Suo before. She ran out alone and set down an incredibly powerful killing diagram!

When the day came, Chu Mu and Princess Jin Rou saw Yu Suo stand in the town. When the monsters ran over and flew over, she activated the buried diagram!!

A massive killing diagram appeared, absorbing the powers of the sun and moon, becoming daggers that cut through all the man-eating monsters.

The few thousand people in the town stared wide-eyed at the killing diagram, not knowing what had happened.

People died every year this time. It's a tradition that has lasted tens of thousands of years without being broken.

Yet today, because Yu Suo opened this killing diagram and saved them, those getting slaughtered were no longer human but ugly creatures.

The people who survived in the town were dazed. Everyone in the Heaven City was also dumbfounded.

However, the rebellious Yu Suo was quickly taken away by the Guardian Palace.

Chu Mu and Princess Jin Rou's scenes suddenly started switching very quickly. They saw the closed off Yu Suo, saw her and Yu Qie fighting, and then saw her get punished. However, she remained with her ways and continued to kill the monsters with the diagrams she had learned.

"Cold-blooded, heartless- you have no compassion!"

“This has nothing to do with compassion. Some rules can’t be broken. You only see the surface.”

“Using people to feed the monsters and letting an entire city watch them be killed. They’re our people. How are you different from those monsters?”

“You don’t understand. Some people are meant to be sacrificed so the Heaven Palace’s balance isn’t ruined.”

“Rules, balance, laws, all I hear you speak about is that.... You never punish those that deserve punishment. Those that use their privileges wrongfully continue to have privileges. Those that wrong others continue to be safe. Yet, those monsters that we can kill? We comply and feed them with live people?”

.....

There was a long period of memories after there where all Chu Mu saw was a tightly shut room with Yu Suo sitting within.

After not too long, Yu Qie would always lead her out. She would be happy on the inside but would frown and refuse to comply.

“This is the last time. Don’t be reckless.” Sister Yu Qie said calmly.

“You’ve said this many times.” Yu Suo didn’t care. After Yu Qie opened the restrictions, she left and ran away.

.....

“Chu Mu, why is Heaven Palace giving these humans to the monsters? I also feel like Yu Suo didn’t do anything wrong.” Princess Jin Rou asked.

“Probably because an organism strong enough to threaten the Heaven Palace lays there. It needs the blood of people to maintain its life.” Chu Mu said.

This is what Chu Mu got from Yu Suo’s memory.

Indeed, the consequences of Yu Suo killing those Heaven Demons finally appeared. In one blood moon night, the Heaven City invited in countless Heaven Demons and Heavenly Devils!

Heavenly Demons are flying creatures with meaty wings under their arms. They’re like beast bats, armed with fangs and claws!

These monsters covered the skies and retreated like a tidal wave to devour everything outside the city.

The city was destroyed and the guards were slaughtered. Even Heaven palace was heavily wounded. The entire city was filled with bloodshed and gnawed corpses.

Heaven City and Heaven Palace suffered huge losses. The people who died were far more than the amount that died every year. In fact, even many experts died in this terrifying assault.....

.....

Within the Heaven Palace barrier, Yu Suo watched the bloodshed in a daze.

Beside her was Yu Qie.

Yu Qie's expression was still as calm as ever, without any emotional movement.

"Sister, why do you not help?" Yu Suo asked.

Totem Divine Maiden, as long as she intervenes, these monsters can't possibly enter the city nor create such large losses.

"Guarding the Heaven City and Palace are their duties. I have my duties."

"Your duty is to watch them die?" Yu Suo was furious!

Totem Divine Maiden had Undying rank power. Not only could she kill the city and the monsters, she could even kill the ancestor demon that threatened the palace itself.

As long as the ancestor was killed, wouldn't the Heavenly Palace be free of worries?

Why was she not attacking and watching everything unfold with cold blood?

Yu Suo couldn't understand her sister's apathetic actions, nor could she understand why, as the highest authority within Heaven Palace, could she not care for the livelihood of the citizens!

She was filled with rules, laws, and bindings. Her body, eyes, and soul were tightly wrapped in them. There was no room for change. Yu Sha was starting to wonder whether her sister Yu Qie even had the concept of humanity left.

"Why did the Divine Totem Maiden not help?" Princess Jin Rou had the same question.

Chu Mu shook his head. He didn't know either.

He remembered that Yu Suo said the only thing the Totem Divine Maiden was responsible for was time!

However, that was probably a mocking comment towards her sister.

.....

"Every action has an effect. The thousands of people you saved have caused these tens of thousands of experts to die. Yu Suo, please stop going against the Palace's rules, alright? If you don't want to see more people die." Yu Qie said to Yu Suo.

“That’s because you didn’t save them!” Yu Sha was disappointed.

In her heart, her sister was the most perfect and knowledgeable person in the world.

However, after seeing her so cold-blooded, Yu Suo was getting more and more disappointed. She didn’t know why all these people were being eaten every year, and the city was being attacked. She had the power to change everything, yet she was hiding in the safest barrier within Heaven Palace and watched calmly as everything unfolded.

She didn’t help because she was afraid!

Every person at the tip of the pyramid was afraid of death. They want to reinforce their power and never take any risks. They’d rather comply and make more people sacrifice themselves than let any harm befall themselves.

.....

“Chu Mu, was Yu Qie really that cold-blooded?” Princess Jin Rou saw Yu Suo and Yu Qie fight and was completely enraptured by their moral struggles.

“Many things aren’t what they appear to be.” Chu Mu felt that this sentence of Yu Qie ran true.

Young people often have less mature thought processes, but in their rebellious phase, they feel as if they could understand everything. They would take surface value as truth and their stubbornness will cause their faith to be unwavering and even overzealous.....

Just like how the thousands of people dying in the town were hiding tens of thousands of potential deaths. Chu Mu felt that Yu Qie had a reason not to help, and it was a reason that the adamant Yu Sha wouldn't believe in.

.....

“Yu Sha, don’t go to the dark cliff. There’s a new demon there.”

“Other than flowers, I saw nothing.”

“Just don’t go. You have the same aura as me on you. It’ll think you are me and try its best to kill you.”

Hearing this annoyed Yu Sha, “You are you, I am I. You’re a cold-blooded person anyway, so why care if I’m in danger. You could watch me die calmly like you did before for others. I wouldn’t want you to think I’m trouble anyways.”

“I don’t think you’re trouble. You’re my sister.”

“Sister? What difference does it make when I’m this dispensable. You’re also using your power unfairly. I’ve done so many outrageous things. I belong with the town, being devoured by monsters, yet just because I’m your sister, I can still wander around the Heaven Palace all day. Countless people wish I were dead here.” Yu Sha said self mockingly.

“Yu Sha!” Sister Yu Qie’s gaze sharpened.

She was angry!

This was the first time Chu Mu and Bai Jinrou saw the sister angry.

Yu Sha didn’t dare to speak anymore. She didn’t expect the always composed sister to scold her either!

Chapter 1628: A Twins’ Destiny (2)

The dark cliff was located behind Heaven City’s Heaven Palace. That place was a barren land without any creatures or plants.

In fact, it was rare to ever see plants in Heaven Palace, so when Yu Suo discovered a holy blue and captivating red Evil Good Flower by the dark cliff when she was very young, she began to treat that place as her own secret small world.

When she was heartbroken and didn’t want to tell her big sister, Yu Qie, she would sit beside the cliff. She would breathe in the wind coming from the starry river and look at the distant and endless stars.

When she realized that plants needed nutrients to grow, every once in awhile, she would secretly go to Human Mother’s room to steal God Dew energy.

She never took the whole God Dew. Instead, she would extract a portion of the dew and drip it on the holy blue and captivating red flower’s petals, allowing this flower that had managed to bloom in Heaven Palace to continue growing.

Divine Dew was what Yu Qie used to recuperate and she clearly knew that the energy was lacking. She also knew who did it. However, compared to recklessly killing Heaven Demons and Heaven Devils, Yu Qie felt that Yu Suo taking the God Dew to raise a small life form was harmless. Thus, she kept one eye closed towards this.

.....

Pavilion of Myriad Pavilion's Moon Spring was also a place Yu Suo frequented.

There used to be a few girls who would also come here to play around and chat. However, for some reason, whether it be her bigger sister becoming the Totem Divine Maiden or Yu Suo committing a mistake that caused the city to fall into panic, these young girls would intentionally keep their distance.

Heaven Palace had changed, almost instantly becoming unfamiliar to her as well as all the people.

She sat by herself next to the spring, listening to others talk. She was able to see the world on the ground from the spring water.

Thus, she just stared intently at the calm spring water.

"This spring can see our world?" Bai Jinrou stood next to Yu Suo and earnestly looked at the spring.

“Yes, it’s a reflection spring. Soul palace also has a spring-like this that can see Immortal City.” Chu Mu nodded his head.

“I can imagine that she really wanted to go to our world at this moment.” Bai Jinrou softly said.

“In an environment where there are restrictions and controls everywhere, one’s independence will indeed be sacrificed.” said Chu Mu.

As the two of them talked, a person appeared beside the spring.

The person looked about twenty and refined in manner. However, his eyes hid many other things.

“Yu Suo.” the man smiled and walked in front of her.

Yu Suo glanced at the man as a sliver of disgust rose in her heart.

At some point in time, Yu Suo had stopped wearing the same clothes as her older sister. She began to sport her own style and so nobody would confuse her with her older sister anymore.

It was normal for Yu Suo to hate the person in front of her. She didn’t forget that time in the pavilion when this person had told her that she was dispensable.

Even more laughable was that this man thought that she hadn’t heard him. And now he enjoyed showing up in front of her and courting her favor.

“Some people are really interesting. This man called her dispensable when she was young, but when she grew up and grew beautiful, he began to shamelessly chase after her...” said Bai Jinrou.

Chu Mu didn't say anything. If it was only because of calling her “indispensable”, Yu Suo probably wouldn't hate Yu Tian so much.

Could Yu Tian have used some sinister scheme to do something shameless to her?

That couldn't be it. After all, the person who did something shameless to her was him.

“A little while ago I was patrolling outside the city. Guess what I saw.” Yu Tian began to search for a topic.

Yu Suo didn't have the slightest bit of interest.

Yu Tian kept speaking: “It was a plant time soul pet. I heard someone from the older generation say that it was a flower devil progenitor. You can't imagine how terrifying the scene was. Everything under the dark cliff was densely packed with flower vines. These vines were as thick as demon pythons. It looked like an enormous python net.”

“Dark cliff?” Yu Suo was stunned.

Wasn't that the place she nurtured that evil good flower?

The evil good flower was very young and Heaven Palace's environment was very unsuited towards plant growth. If Yu Suo hadn't used the God Dew these past years to nurture it, this tiny evil good flower would definitely have withered and died.

However, Yu Suo never expected that there was such a terrifying flower devil primogenitor underneath the dark cliff. That small evil good flower would definitely be devoured!

Yu Suo didn't even think about it and immediately ran towards the dark cliff.

That flower was the only one in Heaven Palace. To Yu Suo, it was the same as her. It lived in a place it didn't belong.

Moreover, after many years of nurturing it, Yu Suo saw it as her own soul pet. How could she let that monster underneath dark cliff eat it?!

"That evil good flower is the flower devil primogenitor... Yu Suo is overly anxious." Bai Jinrou watched the extremely anxious Yu Suo.

"Yes. It's possible that many years ago the evil good flower was only a small plant. But after this many years..."

Chu Mu still felt confused as to why Yu Suo hated Yu Tian so much.

If Yu Qie was the Totem Divine Maiden, then wasn't what Yu Suo was doing right now the exact opposite as her older sister, Yu Qie? In fact, wasn't opposing her?

Could it be that a huge fracture had occurred in their relationship that caused them to become enemies from the closest of family?

If this was the case, Chu Mu felt that was too tragic.

However, Chu Mu also felt this probably wasn't the case. The anger and grievance in Yu Suo's heart was very difficult to describe. It probably wasn't a falling out that happened...

Yu Suo and her big sister, Yu Qie, indeed had incompatible characters. Her reliance on her older sister could still be seen, even now. Her big sister was like her mother, while Yu Qie's calm and intelligent character had never changed. She was very tolerant of her younger sister, Yu Qie's, various rebellions, and needless troubles. Yu Qie would only smile when she saw Yu Suo. Thus, their relationship probably wouldn't be affected or broken up by anything external.

"Chu Mu, what are you thinking about?" Princess Jinrou looked at Chu Mu, who wasn't talking.

"I'm thinking about Yu Tian's eyes just now," said Chu Mu.

.....

Yu Suo had no soul pets and she could only run to dark cliff.

Eventually, she exited Heaven City and passed through the barren land behind Heaven Palace. She gradually grew further away from Heaven Palace.

The closer she got to dark cliff and when she thought about the incomparably large flower devil monster underneath the cliff, Yu Suo's face grew a bit pale.

But how could she bear to watch that only flower be eaten?

“Ge zhi Ge zhi Gezhi~~~~~”

Suddenly, the ground in front of Yu Suo split apart, revealing an enormous crack!

From within the azure and black cracks in the ground, a monster without a scalp burrowed its way out!

Immediately after came its claws. Between its claws and arms were black wings that resembled the wings from bats!

Yu Suo had seen countless monsters like this before. They had even frequently appeared in her dreams. They were the Heaven Devils that threatened Heaven Palace's existence!

Why would this place have Heaven Devils??

Dark cliff, situated behind Heaven Palace, was not a place suitable for any creature to live. This place was completely barren and no creature would appear here.

However, a Heaven Devil had appeared. It had appeared right in front of her!

Its body wasn't large, but from its aura, Yu Suo could tell that this was the strongest Heaven Devil she had seen!

This was no longer a normal Heaven Devil demonic creature. Instead, it was a genuine Heaven Devil King!

From its eyes, she could see this monster's anger!

For the last countless number of years, their Heaven Devil species had been able to taste the delicacy of the human race. However, there was suddenly a day when some of the Heaven Devils that had gone out to eat had been mercilessly killed by this young girl. Not a single one returned alive!

"Hehe... what a delicious... what a delicious woman..." the Heaven Devil King opened its mouth. From its sticky saliva-filled throat came the human language!

Yu Suo was stunned. She never imagined that the Heaven Devil monsters would be able to speak the human language!

The adjacent Chu Mu and Princess Jinrou were also stunned. Certain soul pets that had powerful mental strengths could mentally communicate with humans. However, communicating in the human language was practically impossible. Old Li and the Mermaid Princess were both species' envoys and it was because they had a human bloodline that they could speak the human language.

Could this incomparably ugly Heaven Devil monster had the bloodline of humans?

“I... I like... like the scent... the scent on your body...” the Heaven Devil King stepped forwards towards Yu Suo!

Yu Suo's face went pale from fear. She was enshrouded by this monster's terrifying aura and she was unable to move. She could only watch this monster grow closer to her.

Suddenly, the purple crystal pendant on Yu Suo's neck, as if it had sensed that her life was in danger, blossomed with a purple radiance!

Chu Mu looked at the purple crystal pendant and suddenly remembered that when he had fought her in Wanxiang City, he had shattered her crystal pendant.

And if he remembered correctly, Yu Qie also had an identical crystal pendant hanging from her neck.

The crystal pendant formed a purple barrier that protected Yu Suo.

However, the Heaven Devil's strength was extremely terrifying. With one strike, the crystal protection was shattered. The enormous energy swept up seemingly shattered this area of the barren land!

Yu Suo was completely possessed with fear. She was unable to use any of the incantations to protect herself. And even if she could successfully chant them, in front of this powerful Heaven Devil King, it was equally useless!

As she watched Yu Suo exposed defenseless in front of this monster's claws, Bai Jinrou grew anxious as well.

At this moment, from above Heaven Palace flew a purple light that resembled a furious meteor. It hurtled towards this place at an unimaginable speed!

Chapter 1629: Heaven Palace's Calamity

"How strong!!" Princess Jinrou looked with astonishment at the light shadow that appeared above Heaven Palace.

Chu Mu was also astonished.

Such speed far surpassed Chu Mu's imagination. Even if Chu Mu used other pupil, he was only able to see a blur of light fly by.

Chu Mu and Bai Jinrou had been following Yu Suo's memories from her childhood until she grew up.

Her older sister, Yu Qie, gave Chu Mu and Bai Jinrou the feeling of a gentle and weak girl. They couldn't feel any trace of fervor or fury from her. She was simply an ethereal and gentle girl.

However, the moment Yu Qie flew over from Heaven Palace, her refined and elegant manner disappeared. Chu Mu and Princess Jinrou saw a young woman with a cold and imposing aura and fluttering hair. Wherever she flew over, the earth would split apart and when she hovered in place, several meteorites would circle her.

The aura she emitted suppressed others to the point that they couldn't breathe. Chu Mu and Princess Jinrou were only watching Yu Suo's memories, but as they stood there, they could also feel Yu Qie's unparalleled strength!

"Big sister..." tears were streaming out of Yu Suo's eyes. As she faced death, the only thing in her mind was her big sister. Fortunately, she really had come.

Yu Qie aloofly hovered between the Heaven Devil King and Yu Qie. She glanced at Yu Qie whose arm was bleeding and her eyes turned extremely sharp!

Chanting an incantation, Yu Qie was like a death goddess that controlled all of the destructive force in the world. She used a formation to incite the meteorites outside the sky to smash into the Heaven Devil King

As the Heaven Devil King stood there, it ostensibly knew that it would not be able to block this woman's terrifyingly powerful blow. It just stood there, like a madman, madly laughing!!

The meteors smashed down, instantly killing the Heaven Devil King. Its body was turned into meatpaste that flew through the air.

Even through the sound of smashing, it was still seemingly possible to hear the Heaven Devil King's mad laughter. It was sharp and ear piercing!

Chu Mu and Bai Jinrou were even more shocked when they saw this. This young girl, only fourteen or fifteen years old, possessed the strength of an undying rank. Indeed, the Heaven Devil King's strength was not inferior to any of the human leaders' high class immortal rank soul pets. Yet, Yu Qie had only mobilized a meteorite formation to smash it into nothingness!

Chu Mu and Princess Jinrou couldn't believe that this was really the young girl who was able to silently read a book while dealing with her troublesome younger sister. If this strength that was capable of dominating everything was placed in the human world, the so-called leaders, eight great factions, and royal family would be jokes in comparison!

This was probably Chu Mu's third time witnessing undying rank strength.

The first time Chu Mu witnessed it was in the Heaven Boundary Monument when he saw the boundless ocean scene of the White Ocean God engulfing Heaven Palace.

The second time was in Evil Temple. When he looked directly at the Black Sol, he saw the Black Nightmare that had been there for countless eras.

And this time, Chu Mu witnessed undying rank strength from Yu Suo's memories. And this strength came from a girl without the slightest hint of fervor.

Chu Mu initially thought that Yu Qie was still in the Totem Divine Maiden's slowly maturing phase. Only when she became more mature would she be able to wield genuine Divine Maiden strength. Who would have thought she was already an undying rank existence at her age? It was no wonder White Ocean God hadn't been able to destroy Heaven Palace. As long as a Totem Divine Maiden was there, an undying rank expert could not destroy Heaven Palace.

However, this made Chu Mu think of an important question.

If Heaven Palace had a nearly undefeatable expert like this, then didn't that mean that the Heaven Demon and Devil species that threatened Heaven Palace had terrifyingly powerful creatures?!

Also, why did the Heaven Devil King let out a mad laugh before being killed? Was it not afraid of death at all??

“Big sister...” Yu Suo was terrified and threw herself into Yu Qie’s embrace.

Yu Qie softly consoled her and said: “Can you go back yourself?”

“Yes.” Yu Suo nodded her head.

“Why don’t you go back then,” said Yu Qie.

Yu Suo looked with confusion at her, “Big sister, aren’t you going to return with me?”

“I’ll be right by your side. Close your eyes. No matter what happens, don’t open them.” calmly said Yue Qie.

“Why?” Yu Suo didn’t understand.

Yu Qie didn’t respond. She just stared with her pair of calm eyes at Yu Suo.

Yu Suo still didn’t understand. She watched Yu Qie...

Finally, Yu Suo didn't inquire further. She tightly closed her eyes.

"Remember, don't open them. Walk towards Heaven Palace," said Yu Qie.

"Ok, ok!" Yu Suo earnestly nodded her head.

.....

"Si la!!!!!!!"

Suddenly, the earth split apart!

Right behind Yu Qie, amidst countless enormous crushed and flying rocks, a huge Heaven Demon Devil frighteningly appeared. It seemed to occupy the entire dark sky!

Its black flesh was filled with furry ghost spikes while its chest muscles contained a malevolent mouth with sharp teeth. Its long arms hung from its sides connected to a pair of enormous black wings that were capable of covering the starry sky!!

Its face that was filled with malignant tumors slowly stretched forwards and broke into an incomparably greedy and terrifying fake smile!

"Big sister..." Yu Suo heard the hair-raisingly terrifying noise and immediately trembled.

“Do as I said.” Yu Qie was still calm.

Yu Qie’s calm made Yu Suo feel somewhat comforted. She tried her best not to imagine what that terrifying noise was as she forced herself to take steps towards Heaven Palace.

Yu Suo walked a few steps when suddenly, the ground on either side of her horrifyingly split open!

It was identically malevolent faces, bat-like wings, and fierce laughter!

“Beng!!!!!”

“Beng!!!!!!”

"Beng!!!!!!!"

The ground continuously ripped apart. The entire azure and black ground became flying rocks as several monsters burrowed their way out from underground!

It was imaginable how soul-shockingly terrifying of a scene it was to see a flat azure and black ground rip apart as countless Heaven Devil Demon monsters filled the area!

Chu Mu and Princess Jinrou were both stunned!

These Heaven Devil Demon monsters had extremely powerful auras. All of them had reached the immortal rank!

They were surrounding and hunting these two young twin sisters.

Accurately speaking, they were hunting Heaven Palace's Totem Divine Maiden. They wanted to force the Totem Divine Maiden to stay on this patch of land forever!

It wasn't that Yu Suo didn't want to open her eyes now. Rather, she didn't even have the courage to do so.

Chu Mu and Bai Jinrou were only watching Yu Suo's memories, so they were only able to see darkness right now.

However, the sounds of the earth splitting apart and palpitating roars allowed Chu Mu and Bai Jinrou to imagine that the surroundings were filled with countless Heaven Devil Demon monsters!!

Yu Suo's delicate figure violently trembled. She tightly clenched her eyes shut and walked one step at a time towards Heaven Palace.

Tear after tear streamed down her cheeks.

As each tear dropped to the ground, they reflected the present scene. A black mass of demons and devils had obstructed all traces of light, not leaving any gaps open.

Amidst the tide of Heaven Demon Devils, a figure that was as bright as the stars and as holy as the moon weaved through the demon and devil monsters like a bolt of lightning...

Even if they couldn't see what was happening, Chu Mu and Bai Jinrou were able to imagine it.

The gentle and weak young girl wore her holy blue dress as she tightly shut her eyes and walked with tears streaming down her face towards Heaven Palace.

Ahead of her, the black mass of Heaven Demon Devils were like layers of black mountains. It was as if she had fallen into an abyss of monsters where there wasn't any trace of light.

And beside her was another young girl who was wearing the same holy blue clothing and looked extremely alike. This girl, from beginning to end, stayed around her. Her blue colored dress became a captivating red color and even her purple hair was dyed in blood...

This was just protecting her, but it deeply shocked Chu Mu and Bai Jinrou!

.....

"This was a trap... those demons seemed to have been lying in wait for Yu Qie to appear. This was definitely a trap," said Bai Jinrou.

The moment Yu Qie flew here, she knew it was a trap.

It was impossible to tell if Yu Qie had made her cowardly younger sister close her eyes because didn't want Yu Suo to see her become a killing devil or because she didn't want Yu Suo to lose the courage to keep moving after seeing these malevolent monsters.

In Chu Mu's eyes, undying ranks were the same as gods.

However, in front of countless immortal rank Heaven Demon Devils, and even as Yu Suo's tears fell, Chu Mu saw an even more terrifying scene...

Even though he could only see a single head, Chu Mu was certain that the one fighting Totem Divine Maiden Yu Qie was the greatest monster - the one who instilled fear through the entire Heaven Palace just from hearing his name - the Heaven Devil Ancestor!

Even the Heaven Devil Ancestor had appeared. This was definitely a meticulously crafted trap!

Someone was using the twin sister relationship between Yu Suo and Yu Qie to lure Totem Divine Maiden Yu Qie into this trap. Then, the Totem Divine Maiden would be surrounded and hunted!

This area was behind Heaven Palace, but the hordes of monsters prevented Guardian Palace's guards from coming to help!

Experts like Totem Palace's Human Mother and Long Ji had already taken action. A war between Heaven Palace and the Heaven Demon Devils had been ignited because of this!

A mass of black, savage and terrifying Heaven Demon Devils and orderly rows of white Heaven Palace soldiers...

When Yu Suo opened her eyes and saw that an unprecedentedly large war had broken out in Heaven City and this area of land, there was no fear in her heart, nor was there shock...

In this instant, she understood what was hidden behind the death of the small village. She also understood the distinction between Yu Qie taking action and not taking action.

It was because she didn't understand anything that a Heaven Palace calamity had erupted!

Chapter 1630: No Mistakes Allowed

When everything returned to peace, blood-drenched the land and slowly flowed down.

The corpses were covered in blood water and a putrid smell permeated the air.

Yu Suo walked safely back into the Heaven Palace. Her shoes and clothes were filled with blood. Even her face.

She saw the unprecedented disaster and called out to Yu Qie.

"Will she be okay?" Princess Jin Rou asked worriedly.

Chu Mu pointed at the direction where a mountain of corpses laid.

A team of white armored advanced guards came in, all flying on white dragons. They guarded a bloodied young girl as she slowly walked over.

In Yu Suo's impression, her sister was always calm. When had she ever seen her like the massacring goddess she was now, or when had she ever seen her look this tired?

Yu Suo ran towards her. At this moment, the guards stopped her from nearing Yu Qie at all.

Yu Qie simply smiled and said nothing, following those guards into the Heaven Palace.

At that moment, Yu Suo felt something was off.

These people originally meant to protect her, fear her, why were they acting like they were detaining her now??

.....

Time passed on for a while.

In this time period, Yu Suo remained in her room.

Outside her room, there were always two female guards. If she left her room, these two guards would follow her around. If she wanted to leave the Goddess Building, the two guards would stop her.

She hadn't seen her sister Yu Qie in a while. This feeling of being under house arrest was causing her to feel more and more uneasy.

.....

Suddenly, the door was opened, and Chu Mu saw a mature, beautiful, and dignified woman step in.

Chu Mu couldn't see her appearance, but it was clearly the extremely special and mysterious Human Mother.

"Where's sister? Where is she? Why can't I find her anywhere in Goddess Building. Where did you take her?" Yu Suo grabbed Human Mother's sleeve and asked hurriedly.

Human Mother didn't reply. She simply walked around in Yu Suo's room and grabbed a random book, "In the following time, come to my room every day to train. I'll teach you some things."

Yu Suo was stunned.....

Human Mother's words were incredibly familiar. When she and her sister were still young, Human Mother also walked into their room and said the same words to Yu Qie.

In the following time, sister Yu Qie got more and more distant from her. She was the Totem Divine Maiden while Yu Suo was nothing. She didn't even need to train like the other maidens.

"Why..... why?" Yu Suo asked Human Mother questioningly.

“The Totem Divine Maiden position can’t be left empty.” Human Mother said calmly.

Hearing this, Yu Suo knew what had happened.

“Let me see sister.”

“No way.”

“If I don’t see her, I won’t learn any of this boring stuff!” Yu Suo said very seriously.

Totem Divine Maiden wasn’t something anyone could inherit. Training a Divine Totem Maiden required pure blood but also the indoctrination of the values of a divine maiden.

Since Yu Qie was a perfect fit, then as her sister, Yu Suo also had the same basic requirements. The only thing she was missing was long term indoctrination, learning, and guidance.

The person responsible for training Divine Maidens was Human Mother. The choice then of course was also Human Mother’s decision.

Yu Suo didn’t understand why Human Mother chose her. She was not suited for the role at all in terms of personality.

“Only once,” Human Mother finally agreed.

.....

Yu Suo saw her sister in Guardian Palace.

In that calamity, she got very wounded. Even after this long, Yu Suo could still see Yu Qie’s tiredness.

“Why have they imprisoned you here. You’re the Totem Divine Maiden, what gives them the power to do so?” Yu Suo saw the fragile sister and couldn’t help but tear up.

“I’m no longer it, you are it now,” Yu Qie said calmly.

“I am not. I can’t take this spot.” Yu Suo knew herself too well and knew that the things she learned were far from her sister.

“It’s simple, the only thing the Totem Divine Maiden is in charge of is time. However, you have to be careful not to surpass this responsibility.”

Yu Suo shook her head. In her heart, no one was more suited for the position than her sister.

“I shouldn’t have listened to that devil’s words. I shouldn’t have left the Heaven Palace. If they don’t let you go, I won’t learn the things I need to.....” Yu Suo knew that this trap must have something to do with Yu Tian. He was using their sisterly relationship to set down a trap.

“Don’t be reckless. Because my soul was wounded, the time I control is already in chaos. The deaths in the mortal world will be far beyond those in this war. You have to fix everything.....”

“I don’t understand, what do those lives have to do with you?”

“You’ll understand soon enough.”

“How will they punish you?”

“It’s not punishment, I am willing to make up for my mistakes.....”

Human Mother didn’t let Yu Suo and Yu Qie speak for too long.

Yu Suo begged Human Mother to forgive her sister Yu Qie.

“I was the one who did something wrong, why are you punishing her?”

“You aren’t wrong,” Human Mother said.

“If I didn’t run out, sister wouldn’t have come out to save me. I was also the one that angered the demons.”

“You aren’t wrong, she is wrong,” Human Mother replied with the same tone.

Bai Jinrou stood aside and glanced at Chu Mu without understanding.

“Why aren’t they punishing Yu Suo but are instead punishing the Divine Totem Maiden, Yu Qie?” Bai Jinrou asked.

Chu Mu was also questioning why, but quickly Chu Mu understood.

Suddenly, he felt that the rules in Heaven Palace were indeed cruel.

“Divine Totem Maiden is in charge of time. This “time” should mean the time within the mortal realm, the rise and fall of the sun, the tides, and such. If she suffered heavy wounds, the mortal realm will go into chaos. Nights and days may reverse, all organisms will lose their schedules. Human Mother says that the sister Yu Qie was wrong because as the Divine Totem Maiden, she should never have left the Heaven Palace.....”

Even if it meant her sister’s life was lost, she shouldn’t have left.

It was cruel, excessively cruel.

Yu Suo had no position within Heaven Palace. If she left the palace, there were no real consequences even if she were killed by monsters.

However, Yu Qie couldn't do the same thing. She was the Divine Totem Maiden. She had to guard her position. Even more so, she shouldn't have left her position and start a battle that endangered the entire Heaven Palace. Her wounds have also caused the mortal realm to fall into a dark age.

Totem Divine Maiden only had to do one thing that seemed incredibly simple. However, if it went wrong, the consequences were unimaginable.

.....

In the long time following, Yu Suo never saw her sister Yu Qie ever again.

Every day, she repeated the same things.

She still wasn't the Totem Divine Maiden but was learning for the position.

Time seemed to extend endlessly for her to gain knowledge. When she used to be called dispensable, Yu Suo had thought of switching spots with her sister to become the Divine Totem Maiden.

However, before she even took the role, she already felt shackles of responsibility weighing her down so much that she could barely breathe. They were so heavy, she nearly lost herself amongst it. It didn't allow for any recklessness or mistakes.....

She slowly understood why sister Yu Qie said she was the real dispensable one.....

The town's people were still dying. She no longer dared to go kill monsters and save their lives because she knew she would have to pay a larger price. She no longer dared to go help the only flower on the cliff of the Heaven Palace because she knew there possibly were demons waiting for her there.

Days felt like years. Divine Totem Maiden governed the time of mortals but couldn't govern her own time. Time felt sluggish. She was only fifteen, yet Yu Suo felt like it was even longer than a dozen years.

"I want to see her."

"No, she's still receiving her punishment."

.....

"I want to see her."

"No."

.....

Finally, the rebelliousness within her bones made it unbearable to wait any longer to see her sister.

Just a few days before she took on the Divine Totem Maiden position, she left the Goddess Building through a secret tunnel.

She knew where her sister was receiving her punishment. She put on a veil and passed through the Guardian palace to reach the Wheel Palace.

At the top of the Wheel Palace, there was an upside down Star River Wheel.

The Galaxy Wheel was a miniature representation of the entire Heaven Palace. On it, she could see the punished sister Yu Qie.

.....

When she stepped into the Star River Wheel and saw the axle, she was stunned.

A hot wind blew past and fell on her face.

Chu Mu and Princess Jin Rou also stood aside Yu Suo. They also saw the Star River Wheel's axle needle.....

On that needle, a shriveled corpse hung there!

Her hair was already burnt, her clothes in tatters. Her skin was so dry it stuck to her bones..... Only her eyes remained calm like water.

And it was only those eyes that convinced Chu Mu and Bai Jinrou to believe that it was Yu Qie.

The three of them were all stunned.

The Yu Suo in the past, Chu Mu and Bai Jinrou watching in her memories, they always thought that as the Divine Totem Maiden, even if she were punished, she would at most be removed from duty and imprisoned.....

Yet, what they didn't ever expect was that they really hung Yu Qie on the needle and left her to the strongest of elements.....

And she had stayed in the sun for a very long time now.

She was dead.

She had a pair of unforgettably clear and calm eyes. No matter how hard the sun burned them, it couldn't take away from the spirit within these eyes.
