

Soul Pets Bk2 1641

Chapter 1641: Battle Between Father And Son!

Chu Mu's gaze looked past Chu Tianmang and saw the dragon tail dancing in the dim light.....

Chu Mu had always been facing the enemies by himself. Be it before his friends, families or lovers, he would always stand before them.

However, when he was facing an enemy almost impossible to win, a person stood before him.

Hu!

Ancient Flood Dragon Person's tail swept down and churned up the entire space!

Bam!

The huge tail slapped onto the earth. The earth was completely shattered. The impact of this tail slam crossed over countless mountains and spread all the way to Snow City!

Emperor rank could destroy mountains, Dominator rank could destroy cities, Immortal rank could destroy space, then how terrifying would the destructive power of an Undying rank be??

Standing under the greatly swaying Heaven Boundary Monument, Chu Mu realized the entire surface within his sight was collapsing. The sky cracked open, and the scene bore resemblance to the collapse of Imprint Valley he witnessed in the past!

Bam!

The second slam landed, everything was erased!

With Wanxiang Realm's Heaven Boundary Monument as center, all mountains, plains, cities and strongholds were reduced to powder from the energy fluctuation caused by the tail slam. All living beings within this region were also vanquished!

If such power slammed a few more times, the entire New Moon Land would completely sink!

Rumble rumble~!

As the noise of destruction rang out in all directions, Chu Mu remained standing under the Heaven Boundary Monument.....

Chu Mu and Chu Tianmang were unable to defend against such attacks.

However, they were still under the Heaven Boundary Monument.

Ancient Flood Dragon Person's tail slammed onto the sandy ground around Heaven Boundary Monument. The entire world was collapsing, yet this sandy ground did not break down other than shaking violently.

Chu Mu looked at Chu Tianmang in astonishment.....

The Heaven Boundary Monument generated a barrier and blocked Ancient Flood Dragon Person's attack.

This barrier came from the incantation chanted by Chu Tianmang. It was Chu Tianmang who activated Heaven Boundary Monument's barrier.

Chu Tianmang turned around and saw Chu Mu's astonished expression. He laughed heartily, "As the fourth era's inheritor, I more or less possess some power different from other Monument Tear Individuals....."

"How long can it sustain?" asked Chu Mu seriously.

Ancient Flood Dragon Person's tail chased all the way up to the earth's surface, this meant that it was dead set on killing Chu Mu and Chu Tianmang.

Meanwhile, after Heaven Boundary Monument's barrier was struck two times by Ancient Flood Dragon Person's tail, it showed an obvious crack..... This was only a temporary measure.....

This delay was rather meaningless. Once Ancient Flood Dragon Person truly awakened, they would not be able to escape the pursuit of an Undying rank creature no matter where they ran to.

Chu Mu obtained a new life due to Monument Tear, and would now face death again due to Monument Tear. Chu Mu should have known that the salvation of Monument Tear was not without a price.....

“Very short, but the time should be enough,” Chu Tianmang turned around and held onto that levitating ring, “You have four Main Monument Tears: Half Devil Monument Tear, Sin Fox Monument Tear, Messiah Tree Monument Tear and the most important fourth era’s Ancient Beast Monument Tear.....”

“Main Monument Tear?” Chu Mu was confused. Did Monument Tears have a main or sub difference?

“If an era’s strongest died before the end of the wheel, the soul it left behind will live within Heaven Boundary Monument. Its power will be distributed to the ten Heaven Boundary Monuments, which becomes the ten Heaven Boundary Monuments’ ten Main Monument Tears. During the rest of the time left in the wheel, Heaven Boundary Monuments will choose ten suitable people or soul pets to inherit the Monument Tears and become the real Monument Tear Individuals.”

“Ten?”

There were over a thousand Monument Tear Individuals, why did Chu Tianmang say there were only ten?

“There are only ten real Monument Tear Individuals, the rest are all fake Monument Tear Individuals. The cruel thing is that any fake Monument Tear Individual can take over the position of the Main Monument Tear Individual. As long as the fake can kill the Main and take his Monument Tear,” said Chu Tianmang.

“New Moon Land has two Heaven Boundary Monuments. You obtained the first Monument Tear at the first Heaven Boundary Monument. Back then, you were just a fake Monument Tear Individual. However, when you resurrected your soul with your own Monument Tear at the second Heaven Boundary Monument in Wanxiang Realm and become a Half Human, you were acknowledged by the second Heaven Boundary Monument as a Main Monument Tear Individual. A Half Devil Monument Tear manifested on you, it recorded why you became a devil and how you woke up. In

the next ten thousand year wheel, the ancient text at the bottom of this Heaven Boundary Monument will record your story,” Chu Tianmang walked up to the Heaven Boundary Monument and pointed at a line of text at a spot lower than Heaven Boundary Monument.

Chu Mu opened his mouth wanting to say something, but did not speak out.

Chu Mu could tell from Chu Tianmang’s words that Chu Tianmang knew about what he had gone through very detailedly. This touched Chu Mu’s heart.

“I am the western border Heaven Boundary Monument’s Main Monument Tear Individual, which is the first Heaven Boundary Monument’s Main Monument Tear Individual. You and I are the Main Monument Tear Individuals of the two Heaven Boundary Monuments in New Moon Land,” Chu Tianmang began laughing instead.

Chu Mu did not know why he could still laugh at such a time. However, this laughter was really very familiar, Chu Mu was unable to calm down.

Bam!

Another terrifying slam, Heaven Boundary Monument’s barrier began wobbling violently.

Chu Mu looked outside and saw Ancient Flood Dragon Person’s tail actually coiling outside and became a horrifying long dragon tail formation. Meanwhile, the space outside had been completely destroyed by it!

“Monument Tears derived from other fake Monument Tear Individuals are bonus power. Although these Monument Tears contained less power than Main Monument Tears, they can also greatly

boost Monument Tear Individuals when there is enough quantity..... However, Main Monument Tears usually contained soul sigil. If you want to rob Main Monument Tears from others and activate the power inside, you must kill the owner of this Main Monument Tear,” said Chu Tianmang.

“We can leave these for the future, shouldn’t we consider how to escape first?” Chu Mu interrupted Chu Tianmang.

“Future?” Chu Tianmang was surprised.

Would there be any future?

Chu Tianmang knew very well that it would be impossible to survive from Ancient Flood Dragon Person unless one of them inherited the power of the fourth era’s strongest.

Chu Tianmang could not even speak the things he had hidden in his heart for a very long time. Because he was worried that once he started saying those, he would not have enough time to tell Chu Mu all these important things the fourth era’s Monument Tear Individual must know.

“Listen to me, these are important. The ten thousand wheel is not simply Solar Eclipse.....” said Chu Tianmang in a serious tone.

Chu Mu looked at him and spoke with a similarly serious tone, “What you want to say is not these. What I want to know and hear is also not these.”

Chu Tianmang swallowed the words he almost spoke.....

Actually, he had practised countless times what he wanted to say to Chu Mu once they met. He would even get nervous and anxious each time he practised.

Perhaps they had really been apart for too long. When he actually faced Chu Mu, saw that matured face and calm gaze, Chu Tianmang completely forgot his prepared script. He could only use Monument Tear Individual knowledge to hide his flustered emotion.

Chu Mu had experienced even more things than him. Chu Mu's soul had experienced death and resurrection. Chu Mu had not activated the true power of Monument Tear and yet already stood at the peak of soul pet trainers.....

This path was taken by Chu Mu alone. Nobody helped him or protected him.

“You should know, if we delay this any longer, both of us won't survive,” Chu Tianmang heaved a sigh.

“I'm not a child anymore, don't make decisions for me,” said Chu Mu.

Chu Tianmang was speechless. It took him a while before squeezing out a smile, “What do you plan to do then? I can tell you seriously that if I survived, your mother will still kill me.”

Chu Mu looked at Chu Tianmang who could still make a joke and felt an even more familiar sensation in his heart.

He remembered that when he was really young, Chu Tianmang would always be optimistic no matter how hopeless the situation was.

“There is one strongest person in my heart.....” said Chu Mu slowly.

Chu Mu had always been wanting to surpass this strongest person. However, he did not dare to surpass him easily. It was out of awe, respect, admiration..... It was because he was his father, teacher, friend, many feelings were involved.

Now that Chu Mu’s mentality had matured, he still deeply believed in it. Because this man had saved him two times without him knowing. Or perhaps even more which he could not even guess.

Chu Tianmang looked at Chu Mu with a gleaming gaze. Chu Mu spoke very seriously, Chu Mu’s gaze was really similar to his own.

“In my heart, there is also a person, he is forever the weakest.....” said Chu Tianmang.

No matter how strong he became, Chu Tianmang would always worry about him. No matter how independent he became, Chu Tianmang would always secretly finish off his enemies for him. He was always the weakest person in Chu Tianmang’s heart, a person that always required protection.....

Their gaze met. Chu Mu knew his father Chu Tianmang had already comprehended his intention.

That was great. They could throw away the feeling that harbored a long time ago. They could also throw away any unnecessary emotions.

Since Heaven Boundary Monument arranged them to be fated enemies, they would pitch against each other for once.

Who would inherit the fourth era's strongest? Who would become the Undying rank? They would prove it with strength!

Chu Mu would never accept Chu Tianmang's pitying, protecting attitude to let himself step onto the final peak.

However, if he could defeat Chu Tianmang with his true strength, defeat this strongest person, then be it Undying rank or Servant rank, it would be the greatest peak to him.

Chanting an incantation, a darkness diagram appeared in front of Chu Mu.

Within the diagram, Zhan Ye donning in black armor walked out.

Battle Beast Mo Ye, this was the first race Chu Tianmang taught Chu Mu. They were tenacious and brave.

Chu Mu knew that Chu Tianmang also had a Battle Beast Mo Ye. He knew that Chu Tianmang's strength had also reached the peak. Perfect, these two Battle Beast Mo Ye would ignite this battle between father and son!

"Who wins, who lives," said Chu Mu.

“Good, great, as expected of my son!” Chu Tianmang laughed heartily.

Dilly-dallying waat Chu Tianmang’s style.

Chu Mu did not need a tearful reunion, Chu Tianmang did not need any meaningless touching emotion.....

After so many years, what they needed was only a battle!

Chapter 1642: Life Battle Mo Ye

Chu Tianmang also chanted an incantation, the black soul pet diagram appeared in front of him.

The darkness energy seeping out from the black soul pet diagram was clearly much denser. This showed that it was a Battle Beast Mo Ye leaning closer towards darkness in property.

Two Battle Beast Mo Ye appeared below Heaven Boundary Monument simultaneously. Chu Mu’s Zhan Ye was slightly slimmer in physique, since Zhan Ye’s beast proper was naturally flawed. However, that did not mean Zhan Ye would lose to Chu Tianmang’s Mo Ye in aura.

Both Battle Beast Mo Ye stared at each other with a cold gaze. Black soul shadows manifested on their backs. The soul shadows slowly morphed into robust soul shadows and adhered to their backs.

Mo Ye faced Mo Ye, their soul shadows were already clashing in aura.

Chu Mu took a glance at the barrier outside the Heaven Boundary Monument.

Ancient Flood Dragon Person's tail was still coiling around outside and slamming this barrier.

Chu Mu also did not know how long this Heaven Boundary Monument barrier could last, but he had to carry out this battle no matter what.

When the two Mo Ye clashed, Chu Mu could sense a fervent fighting spirit he had not been able to feel for a long time. It was boiling his bloody like flames covering his entire body!

He had been walking in the direction of a soul pet trainer. He possessed all of the most powerful soul pets he wanted and nurtured them to their peak level.

Then, there had to be someone to inspect his achievements. This person was Chu Tianmang.

Chu Mu originally thought he would have many things to say after seeing his father. However, it was not so in reality, because his soul pets' performance in this battle was enough to show everything he had been through over so many years!

“Grrr!”

Zhan Ye was a battle maniac. Ever since reaching Dominator rank, it could hardly see any of its kin able to match it in strength, let alone at its current strength.

Currently, it was a kin standing before it which similarly stepped into the highest level of Battle Beast Mo Ye race. Such an opponent was enough to make Zhan Ye burn in fighting spirit!

Ferocious as always, tenacious as always, Zhan Ye's soul shadow became its claw's strength and slashed forward. At the same time, Chu Tianmang's Mo Ye did not falter at all.

Black claw flashes clashed against black claw flashes. Sparks scattered about and two streaks of blood spurt out. The red blood scattered onto the sandy ground around Heaven Boundary Monument.

The piece of land around Heaven Boundary Monument was protected by some sort of restriction. It seemed that no power could destroy it.

The clash of strength between Zhan Ye and Chu Tianmang's Mo Ye was actually able to flatten the mountain ranges, but it only left a mark on the ground.

They were injured simultaneously and bled simultaneously. Chu Tianmang's Mo Ye left a deeper claw wound on Zhan Ye's flank, Zhan Ye also bled more profusely. However, an injury of this degree was nothing to Zhan Ye.

It shook away Chu Tianmang's Mo Ye, leapt up and the huge soul shadow on its back wrapped around it to transform into a sky quivering battle hammer!

The battle hammer erased the dim light and blasted straight down.

Boom!

A ring of dark energy ripple swept out with the spot the battle hammer impacted. In an instant, destructive energy filled the entire space within the Heaven Boundary Monument barrier!

Chu Tianmang's Mo Ye was knocked away by this energy ripple, its black body crashed heavily onto the barrier!

The moment Mo Ye was pressed onto the barrier, the terrifying Ancient Flood Dragon Person's tail immediately swept down, aiming at Chu Tianmang's Mo Ye.

Bam!

This tail strike cracked the barrier, the power seeping through the barrier also impacted Mo Ye. The armor on Chu Tianmang's Mo Ye cracked.

Chu Tianmang's Mo Ye was also flung back by Ancient Flood Dragon Person's tail strike, falling heavily before Chu Tianmang.

Chu Mu was shocked. He never expected Ancient Flood Dragon Person's tail strength to be this terrifying. It could actually injure Chu Tianmang's Mo Ye through the barrier.

"It's fine," Chu Tianmang was greatly focused.

He had been watching Chu Mu's growth quietly from afar, watching him getting stronger day by day. How could he not look forward to this battle?

A soul pet trainer should take into account the environmental factors during a battle. Ancient Flood Dragon Person's attack injuring his Mo Ye was also due to his mistake in command.

Chu Mu nodded and ordered Zhan Ye to continue attacking.

The Brave Stinging Heart and Ancient Power Awakening Zhan Ye activated back at Wind Temple had not completely faded away. Furthermore, its strength would also continue to rise as the battle continued.

The person before Chu Mu was the person he wanted to win against the most. This might also be the last battle with this person. Chu Mu would not show any carelessness and do his best to suppress any emotions.

Zhan Ye's attack was very ferocious. Even though Chu Tianmang's Mo Ye was injured in an accident, it did not show any mercy at all. Waves after waves of destructive energy kept surging up within the barrier.

Blood spilled out like a blooming flower. Under the relentless attacks from Zhan Ye, Chu Tianmang's Mo Ye also suffered many more wounds, looking rather heavily injured.

Similarly, Zhan Ye was also riddled with wounds. However, why would Zhan Ye be afraid of getting injured? It was more than willing to fight like this against an enemy as it possessed Broken Limb Rebirth. When the enemy was bloodied, it would roar and recover all wounds. Its armor would be renewed and it would also grow a level stronger!

“Always unleashing powerful strikes, what a fierce Mo Ye. Do you remember what I told you? Battle Beast Mo Ye is a soul pet with the greatest fighting spirit as well as the most stubborn?” Chu Tianmang showed a praising expression and became more gallant in his tone.

“I remember. It is my Mo Ye. After signing the soul pact, it has never been defeated. It is the strongest Mo Ye in this world, as well as the strongest Horn Armor Beast in this world,” Chu Mu nodded with a serious expression.

Chu Tianmang took a glance at his Mo Ye which was rather heavily injured and showed a change in expression. Then, he pointed at it and spoke, “Do you know its origin?”

Chu Mu had seen Chu Tianmang’s Mo Ye when he was little. He could still remember how that fellow was completely covered in blood when Chu Tianmang picked it up, as if it crawled out from a blood bath.

After Chu Tianmang signed a soul pact with it, this armored black creature became something like Chu Mu’s guardian. It would always find Chu Mu and bring him back to Chu Tianmang whenever he got lost in the wild.

It was also Chu Tianmang’s Mo Ye which buried an ideal in Chu Mu’s heart.

Chu Mu must obtain a Mo Ye in his soul pet collection!

“Broken Limb Rebirth, Brave Stinging Heart, Ancient Power Awakening. Your Mo Ye has been built into the most perfect battle soul pet in this world, becoming an unparalleled existence. My Mo Ye does not possess so many luxurious racial techniques, it only possesses one technique,” said Chu Tianmang with a calm voice.

“Life Battle!”

Chu Tianmang recited the name of this racial technique. At the same time, Chu Mu noticed that Mo Ye's bleeding was accelerating!

The faster it bled, the more its life force was lost. How would it fight without sufficient life force??

Chu Mu could not understand why Chu Tianmang's Mo Ye would force itself to lose blood and life force.

However, Chu Mu soon sensed something amiss.

Blood flowed and life force was lost, but this Battle Beast Mo Ye's aura suddenly grew stronger!

"Young master, Life Battle is a life-staking technique of beast type. Some unique battle beasts would grow exponentially stronger as their life force dropped. The closer they were to death, the faster their reaction and offensive strength. Creatures with this semi-suicidal technique usually used it to stake their lives on the line. The mortality rate is much higher, but some creatures which can control this technique perfectly will usually be able to kill their opponent before completely losing their life force..... Your father's Battle Beast Mo Ye is able to survive until now, which means it has never been defeated after using Life Battle. This is a Mo Ye which truly plays around with death!" reminded Old Li.

Blood and life force were rapidly lost, Chu Tianmang's Mo Ye was also rapidly growing stronger.

"Grrrrr!"

Chu Tianmang's Mo Ye roared ferociously. Its black body barged through the countless darkness fatal spikes stomped out by Zhan Ye and charged towards Zhan Ye.

Its black soul shadow was mixed with a dense blood color. It had completely become a bloodthirsty beast, rendering any technique Zhan Ye used into useless decorations.

Blood blade-like claws slapped down. A cluster of bloody scar bloomed brightly. Streaks of blood threads pierced through Zhan Ye's armor and body.

These blood threads were the claw tips of Chu Tianmang's Mo Ye. When it clawed outwards forcefully, Zhan Ye's armor and flesh appeared to be peeled off directly, blood sprayed out in large volume!

Chu Mu drew a sharp breath. The instantaneous explosive strength of Chu Tianmang's Mo Ye was really horrifying!

Zhan Ye had to gradually boost itself through Brave Stinging Heart and Ancient Power Awakening. However, Chu Tianmang's Mo Ye was able to boost its strength several times by entering a near-fatal state. If Zhan Ye was unable to endure such attacks, it would definitely be killed by this powerful Life Battle Mo Ye!

"Zhan Ye!" Chu Mu could clearly feel the pain of armor and flesh getting peeled off. He had already prepared the incantation. Once Zhan Ye's life was in danger, he would immediately summon other soul pets to reinforce.

"Grr~!"

Zhan Ye was still enduring the attacks. It repelled Chu Tianmang's Mo Ye forcefully when almost all of its flesh was peeled off.

Using the little time it bought, Zhan Ye immediately executed Broken Limb Rebirth!

Broken Limb Rebirth's healing effect allowed Zhan Ye's armor to rapidly regenerate. However, the fierce opponent did not give it any chance to fully recover. When Zhan Ye's armor regenerated halfway, Life Battle Mo Ye assaulted again fiercely!

Chapter 1643: Yellow Spring, Inferno!

Zhan Ye's Broken Limb Rebirth had not yet completed, and Life Battle Mo Ye interrupted it. It did not give Zhan Ye any chance to complete Broken Limb Rebirth.

Zhan Ye's armor only recovered halfway, but it had to face Life Battle Mo Ye's fierce attacks.

Sharp claws, armor spikes, blood soul shadow, Life Battle Mo Ye's techniques landed one after another. Zhan Ye's recovered life force from Broken Limb Rebirth was rapidly shaved away again.

Zhan Ye could only slowly gain Brave Stinging Heart's boost by continuing to battle after Broken Limb Rebirth. However, its Broken Limb Rebirth this time only obtained Ancient Power Awakening's effect, it was equivalent to being wasted. Furthermore, Zhan Ye still had to find a suitable chance to use Broken Limb Rebirth again.

After the flow of battle changed, Zhan Ye became very passive. If not for its sextuple life force, it would have died under that fatal blood thread claw.

Chu Mu had to acknowledge that Life Battle had given Chu Tianmang's Mo Ye an extremely terrifying strength. Under Life Battle Mo Ye's pressuring attacks, Chu Mu's Zhan Ye could not find a suitable chance to use Broken Limb Rebirth.

Sharp, fierce and with life at stake!

Zhan Ye had never lost in a melee combat before, but it was forced to back off before the opponent which had grown several times stronger. Otherwise, it might not even get a chance to use Broken Limb Rebirth.

.....

As the bleeding continued faster and faster, Life Battle Mo Ye was still growing stronger as its life force was reducing!

If Zhan Ye could endure the following wave of attack from Life Battle Mo Ye, even without counterattacking, Life Battle Mo Ye would completely lose its fighting strength due to losing too much life force.

However, would Zhan Ye really be able to endure Life Battle Mo Ye's attacks without getting a chance to use Broken Limb Rebirth?

Watching the bloodied Zhan Ye, Chu Mu also knew he could not let it continue.....

Zhan Ye's Broken Limb Rebirth, Brave Stinging Heart and Ancient Power Awakening were certainly perfect. However, once Broken Limb Rebirth could not even be executed, Zhan Ye would be unable to continue this battle.

Zhan Ye's gaze was still burning with fighting spirit. It was severely injured, and it knew Life Battle Mo Ye was not in any better condition. If Life Battle Mo Ye really wanted to risk its own life for the fight, Zhan Ye would definitely accompany it to the end!

However, Chu Mu did not choose to continue this way. He rapidly completed his incantation and summoned little Yellow Spring —— Calamity immediately!

Little Yellow Spring —— Calamity squeezed out from the water diagram. The water dragons surrounding it swept towards the fierce Life Battle Mo Ye!

Life Battle Mo Ye had no choice but to give up attacking Zhan Ye and nimbly returned to Chu Tianmang's side.

The flowing blood was instantly stopped. Life Battle Mo Ye seemed very feeble, but its black pupils still portrayed its raging fighting spirit!

“Zhan Ye, Broken Limb Rebirth!” Chu Mu immediately ordered Zhan Ye.

Zhan Ye roared out and insect fluid filled those horrifying wounds on its body.

The wounds rapidly healed up due to insect fluid. Newly regenerated black armor covered its skin once again!

Zhan Ye was completely recovered. Under the effect of Ancient Power Awakening, its strength was boosted again. Currently, Zhan Ye must have reached peak Immortal rank!

“Good, decisive action,” Chu Tianmang watched Chu Mu's newly summoned soul pet.

Life Battle Mo Ye's instantaneous boost in strength was definitely not something Zhan Ye which required a gradual boost in strength could handle. Chu Mu did not stubbornly make Zhan Ye reach a conclusion with Life Battle Mo Ye could be considered a logical choice. After all, if they continued fighting in that situation, Chu Mu's Zhan Ye had a greater probability of getting killed.

However, by taking a step back and summoning a second soul pet to ease the situation, Zhan Ye was able to gain some room for breathing.

Zhan Ye was different from other soul pets. This little period of rest was enough to let it fully recover its fighting strength and even reach a level higher. Such a progressive method was necessary, because Life Battle Mo Ye might not be able to force Zhan Ye, which had grown stronger, into such a desperate situation again in the following battle.

Since Chu Mu summoned the second soul pet, Chu Tianmang naturally would not make his Life Battle Mo Ye face two opponents by itself, especially when the soul pet Chu Mu summoned was the famous Yellow Spring, one of the five Undying Legends!

After an incantation, a diagram appeared in front of Chu Tianmang!

This diagram was eerily chilling. The instant the incantation was completed, Chu Mu could sense the surrounding getting shrouded in a dense death aura!

Chu Mu stared hard at the ghost diagram. Within the diagram, a blood-colored single-horned head slowly came out.

It looked like a creature wearing a ghost mask and had a long, sharp chin!

Its body was wrapped in ghost chains. Those ghost chains were stained with rust and blood, giving off a creepy impression.

Beneath the chains were a pair of large feet, chains were also wrapped around the ankles!

The creature looked like a giant wearing a ghost mask and wrapped in chains!

“Do you know what it is?” Chu Tianmang pointed at this large ghost giant and asked.

Chu Mu shook his head. He had never seen such a ghost type creature, but judging from the aura it exuded, the racial rank of this creature was very high!

“It is Inferno!” said Chu Tianmang.

Inferno!

One of the Five Undying Legends, the ruler of ghost type creatures with a racial rank even higher than Yellow Spring and Hades!

This was the first time Chu Mu saw the real Inferno, his emotion greatly fluctuated!

Yellow Spring, Inferno!

The two top level soul pets appeared in this battle!

As expected of the final Monument Tear Inheritor, he was able to last through the countless experts chosen by Heaven Boundary Monuments and survived until the end!

After the battle between the two strongest Battle Beast Mo Ye, it would be a battle between two of the Five Undying Legends!

Inferno emitted a dense ghost aura. Its large feet stepped in a pool of blood. The life reaping chains in its hands swept towards Little Yellow Spring like a metal dragon!

The cooperation between Little Yellow Spring and Chu Mu was no longer as poor as before. While Chu Mu's eyes glowed, Little Yellow Spring immediately dodged.

Yellow Spring Calamity gained the effect of Chu Mu's Sharp Eye. Inferno's action was slowed down in its sight. After dodging this probing attack from the opponent, Yellow Spring Calamity cried out and triggered a gushing river from the sky!

The turbulous river poured down onto Inferno.

Inferno waved its chains into a chain shield and blocked the impact from the river. It stabilized its body on the sandy ground and held its ground!

“Huo!”

Inferno opened its mouth, its abdomen churned violently!

There was a huge blood pool in Inferno's stomach. When it roared, the blood pool transformed into a blood river and rumbled towards Yellow Spring Calamity!

The blue river and red blood river clashed and a blood rain showered down!

Chapter 1644: Demon God, Ancient Flood Dragon Person!

Chu Tianmang took a glance at the falling blood rain and rapidly chanted an incantation!

Above him, a large soul pet diagram took shape. A ferocious creature with dragon head and lion body jumped out from the diagram!

Its four limbs stepped on lightning, its body covered in thick purple fur. Powerful purple lightning lingered around it.

This was a Purple Lion Dragon!

Chu Mu saw Chu Tianmang summoning the third soul pet, so he naturally responded with his own.

Pale blue diagram manifested in front of Chu Mu. Little Hidden Dragon slowly flew out from the diagram.

After Little Hidden Dragon flew out, its gaze focused on Chu Tianmang's Purple Lion Dragon and immediately flared up with fighting spirit.

Little Hidden Dragon stopped next to Yellow Spring Calamity, forming a united front against Chu Tianmang's Inferno and Purple Lion Dragon.

.....

.....

Above Eastern Wild Forest, streaks of dazzling meteors shot past the sky, aiming towards New Moon Land's western region.

Those meteor-like figures were Heaven Palace's Forbidden Army.

Dragons flew past and wind raged, giving off an intimidating aura.

At the front of the entire dragon army, a noble Imperial Concubine Dragon flew past the Eastern Wild Forest's sky and disappeared almost immediately from this vast land.

Imperial Concubine Dragon was extremely fast. It did not need much time to check a tiny place like New Moon Land.

On Imperial Concubine Dragon, Dragon Maiden slightly frowned as she focused her gaze in the direction of the second Heaven Boundary Monument.

Over there, she sensed the Solar Eclipse energy fluctuation.

Other than that, she also sensed an extremely powerful aura surging in that direction!

“That place is.....” Dragon Maiden muttered to herself.

The second Heaven Boundary Monument was getting closer and closer. Within the dim light, Dragon Maiden saw a terrifying dragon coiling outside Heaven Boundary Monument!

This dragon’s body was enormous. It coiled from the ground all the way up to the sky, as if countless dragons were entangled together.

The dragon’s head was nowhere to be seen within the coiled body.

“It’s really that guy,” snorted Dragon Maiden.

Five thousand years ago, Ancient Flood Dragon Person was sealed beneath this second Heaven Boundary Monument. Dragon Maiden was at the scene!

Solar Eclipse energy was overflowing from this guy’s Wind Palace, which meant the Solar Eclipse energy theft was this unlawful era’s strongest!

It had not completely awakened, but nobody could prevent this devil from returning to the human world.

Dragon Maiden did not barge in recklessly. She hovered in the distance and watched Ancient Flood Dragon Person slowly unsealing its body with a stern expression.

Suddenly, looking past Ancient Flood Dragon Person's body, Dragon Maiden saw two men on the piece of land around Heaven Boundary Monument.

The two soul pet trainers were protected by Heaven Boundary Monument's barrier, but was trapped by Ancient Flood Dragon Person at the same time. What caused Dragon Maiden to feel more confused was that those two people actually had the mood to duel in such a situation.

Dragon Maiden rode her Imperial Concubine Dragon and flew closer. When she used soul remembrance to sense the situation, her expression showed some changes.

“So they are the fourth era's inheritor and Monument Tear Individual.....”

The moment Dragon Maiden completed her sentence, the world suddenly shook violently!

The dim light instantly died down, a dense humidity shrouded the entire area!

Splash!

Black ocean water swept down and rapidly swallowed this battered land.

The water kept rising in altitude and turned the surroundings into an ocean!

The mountain ranges were submerged in the ocean, the earth was sunk to the bottom. Only the sandy land where the Heaven Boundary Monument was erected on did not get swallowed by the black ocean!

Pale white lightning flashed across the sky, black downpour washed away everything!

A spatial swirl appeared in the pitch-black sky above Heaven Boundary Monument.

This swirl was none other than the spatial passage connected to the dragon body coiling around the Heaven Boundary Monument. Currently, the other half of Ancient Flood Dragon's body was slowly appearing from the swirl!

The area above its chest was human-like. A huge upper torso appeared from the swirl. Metal-like scales covered its body.

The blade-like scales covering its neck flapped open towards the outside, opening and closing along with its breathing.

Its head looked like a human, but its hair became serpents, fluttering around menacingly.

Sharp teeth were exposed from its thick lips. Its dark yellow reptilian pupils shone with tyrant-like cruelty.

In Wind Palace, Ancient Flood Dragon's size was only around ten meters.

However, right now, Ancient Flood Dragon looked like a Demon God which dominated over everything as it descended upon New Moon Land!

Its dragon body coiled between heaven and earth. Its head touched the sky, looking down at the human world swallowed by black ocean.

Pale white lightning flashed past its body. The little white snake-like lightning could only reflect a portion of Ancient Flood Dragon Person's body.

When such a dominating Demon God appeared, the sense of insignificance was naturally born!

Its dark yellow eyes appeared like sun and moon hanging high above in the sky. It turned its eyes and focused on the two humans next to Heaven Boundary Monument.

Within the barrier, Chu Mu and Chu Tianmang had stopped their battle. They raised their heads and also focused on the awakened Ancient Flood Dragon Person.

Ancient Flood Dragon Person laughed, its laughter was as loud as thunder.

It slowly bent down, its huge face gradually approached the Heaven Boundary Monument's barrier.

Carrying a hypocriptic smile, carrying a teasing smile, as well as a little arrogance, Ancient Flood Dragon Person's face filled the view of Chu Mu and Chu Tianmang.

In Ancient Flood Dragon Person's eyes, be it the soul pets of the two humans or the two humans themselves, they looked like toys put inside a glass bead.....

Such was an Undying rank creature!

Seeing its creepy gaze and fake smile, Chu Mu felt as if his body was frozen stiff and his heart stopped beating.

Meanwhile, Chu Tianmang similarly looked at Ancient Flood Dragon Person in astonishment. In his nightmare, this guy had appeared countless times. However, when he actually saw it appearing, that sense of dread became even more real!

Chu Tianmang forcefully bit his tongue.

He had to overcome this fear which robbed away his freedom of movement. Otherwise, he and Chu Mu would never be able to survive.

"Looks like we can't settle our battle," sighed Chu Tianmang.

Chu Tianmang's soul pets did not differ much in strength compared to Chu Mu's soul pets. This battle would take a long time to finish.

Meanwhile, Ancient Flood Dragon Person would not give them so much time as it wanted to take their lives.

“Go with my plan,” continued Chu Tianmang.

“Not yet,” Chu Mu did his best to maintain calmness.

In fact, even if Chu Mu won in this battle between father and son, he would not take away Chu Tianmang’s Monument Tears.

It was not a checkmate yet. As long as Heaven Palace’s Dragon Maiden appeared in time, they might still have a chance to survive.....

Chapter 1645: Dragon Maiden, Ancient Flood Dragon Person!

Chu Mu looked past Ancient Flood Dragon Person’s coiled up body and saw a crimson Imperial Concubine Dragon not far away.

Imperial Concubine Dragon’s size was greatly different from Ancient Flood Dragon Person, but the unique aura around Imperial Concubine Dragon caused Ancient Flood Dragon Person’s black tide unable to approach it.

A woman wearing a dragon-shaped silk robe stood upright on Imperial Concubine Dragon’s head. Facing such a Demon God, her expression was strangely calm, not showing a trace of fear.

“She’s here,” Chu Mu looked at Dragon Maiden.

Chu Tianmang also noticed the unique existence appearing behind Ancient Flood Dragon Person.

“Who is she?” asked Chu Tianmang.

She was able to maintain such composure before Ancient Flood Dragon Person, then she must be an existence on the same level as Ancient Flood Dragon Person.

“Heaven Palace’s Dragon Maiden, I lured her here,” said Chu Mu.

“She is Dragon Maiden? Why would someone from Heaven Palace appear here?” Chu Tianmang frowned slightly.

Chu Tianmang knew more things than Chu Mu, because not only did he inherited Ancient Beast’s power, he also inherited Ancient Beast’s memories.

Once Heaven Palace was involved, people would either perish or work with them. Heaven Palace was a place where reasoning would not work!

“You lured her here? Do you think we haven’t gotten into enough troubles?” said Chu Tianmang with a bitter smile.

“What?” asked Chu Mu confusedly.

“Dragon Maiden and Ancient Flood Dragon Person are from the same era. According to their bloodline, they should be siblings,” said Chu Tianmang.

“Ancient Flood Dragon Person and Dragon Maiden are siblings??” Chu Mu was shocked.

“They are White Ocean God’s children. Ancient Flood Dragon Person is the elder brother. It was born before White Ocean God attacked Heaven Palace. Dragon Maiden was born after White Ocean God was enslaved by Heaven Palace, taken in by Heaven Palace’s God of Wheel.....” said Chu Tianmang.

Chu Tianmang had never seen Dragon Maiden or recognized her. However, he knew that there was such a relationship between Dragon Maiden and Ancient Flood Dragon Person. The information came from Ancient Beast’s memory.

Chu Mu certainly did not expect such a scenario and his heart sank again.

.....

Ancient Flood Dragon Person also seemed to have sensed a unique existence behind it. Its huge face slowly turned around and its dark yellow eyes focused on Dragon Maiden as well as that Imperial Concubine Dragon she rode on.

“Kakaka~!”

Ancient Flood Dragon Person made a strange laughter. Its voice was like metal getting snapped, extremely ear-piercing.

“Are you here to welcome my awakening??” Ancient Flood Dragon Person spoke human language, and its thunderous voice carried a rumbling effect.

Chu Mu was shocked. This guy also knew human language.

Chu Mu only saw Heaven Demon Lord from Heaven Palace which attacked Yu Suo able to speak human language other than the agents of various races.

Was it possible that any creature with human bloodline could speak human language? However, could Ancient Flood Dragon Person and Heaven Demons be considered as possessing human bloodline?

Dragon Maiden stood between Imperial Concubine Dragon’s horns and did not speak a single word.

At this moment, streaks of light approaching this place appeared above the dark ocean surface in the distance.

Countless streaks of light flew past the black ocean, increasing more and more in numbers.

As the light got closer, one could see a large group of winged dragons flying in the sky, slowly covering the dark clouds.

“Yo, so this is how you welcome me?” Ancient Flood Dragon’s wide mouth slowly cracked open. Its sharp teeth were completely exposed, giving off a horrifying feeling as it laughed.

The dragons lined up in rows. The three Forbidden Army generals arrived behind Imperial Concubine Dragon. Over a thousand dragons arranged neatly into a dragon formation.

Although those dragons were large, they could not compare to Ancient Flood Dragon Person which occupied the space between heaven and earth. Even when over one thousand Dragons hovered around with their wings fully stretched, those Forbidden Army soldiers still drew a sharp breath after seeing the enormous Demon God's body.

Qin Ji watched Ancient Flood Dragon Person's body blankly. Its body coiled above the ground, passed through the dark clouds and still had a large section hidden within the cloud layer. It was unimaginable just how big this Demon God was.

Qin Ji knew that when Solar Eclipse arrived, the human world would definitely be in chaos. All kinds of evil creatures would appear or get unsealed.

However, he had never expected to encounter a true Demon God in this place. This Demon God even overwhelmed Dragon Maiden in presence. Their dragon army was just like a group of flies before it, totally insignificant.

From within the coiled up body, he finally saw this guy's head!

It had a human-like face, sharp teeth, wide mouth and creepy laughter!

When those dark yellow eyes focused on him, he felt a chill spreading throughout his body and his scalp getting numbed!

“Looks like five thousand years of sealing did not teach you a lesson. This time, you can die over ten thousand times!” Dragon Maiden looked at Ancient Flood Dragon Person coldly. Under the terrifying aura of Ancient Flood Dragon Person, only she could speak freely.

“Five thousand years, just enough for a nap.....” Ancient Flood Dragon Person laughed and turned around to take a sarcastic glance at Chu Mu and Chu Tianmang in the barrier, “When I was taking a nap, my beloved island was turned into this state.....”

Dragon Maiden snorted, “Do you really think that you can do anything as you please after reaching Undying rank? Hades, Yellow Spring, Inferno, Underworld and Limbo dare not oppose our Heaven Palace. Yet you dare to steal Solar Eclipse formation, you deserve death penalty!”

“I really don’t like your tone. I am your elder brother, you should know how our father disappeared from this world. Isn’t it because of that Heaven Palace you mentioned?” mocked Ancient Flood Dragon Person.

The three Forbidden Army generals opened their eyes wide. The over one thousand Forbidden Army soldiers behind were astonished by Ancient Flood Dragon Person’s words.

Dragon Maiden’s elder brother!

Dragon Maiden was the strongest existence in the entire dragon army. Who would have thought that a Demon God dragon would be sealed in the human world, and that dragon was Dragon Maiden’s elder brother.....

This was a story that went back thousands of years ago, who could live over a thousand years in this world?

Dragon Maiden seemed to dislike mentioning such an old affair.

“Looks like before the ten thousand year wheel ends, one of the era’s strongest will be disqualified,” said Dragon Maiden blandly.

“So you are not here to welcome me..... After sleeping for such a long time, I’m a little hungry. You do look delicious,” Ancient Flood Dragon Person licked its sharp teeth. Its gaze contained cruelty, mockery and greed!

The Forbidden Army soldiers were astonished. That Demon God dragon actually wanted to eat Dragon Maiden??

Dragon Maiden was enraged. She chanted an incantation. Dragon Maiden’s human body suddenly started to merge into Imperial Concubine Dragon’s head.

Imperial Concubine Dragon’s body showed some changes. Its crimson upper body gradually morphed into a huge humanoid shape.

This humanoid shape possessed a long waist, the waist was densely covered in scales.

Above the waist was a pair of breasts. They looked no different from human woman’s breasts, but a layer of dragon scale chest armor covered the breasts.

Above the chest area was the human head. The long hair became red serpents, giving off a bewitching appearance.

All members of Heaven Palace, including the Forbidden Army generals, only saw Dragon Maiden transforming into Half Dragon form for the first time. Chu Mu and Chu Tianmang were also astonished by Dragon Maiden's transformation!

Dragon Maiden was actually a Half Human!

Half Dragon. This was a new Half Human type Chu Mu saw apart from himself, Bai Yu and Yu Suo.....

However, Dragon Maiden's transformation leaned towards the beast side. When Chu Mu transformed into Half Devil, other than burning in flames, he looked not much different from a human. When Yu Suo transformed into Evil Good Queen, only her aura changed and some parts of her skin would gain flower color. When this Dragon Maiden transformed, she appeared similar to Ancient Flood Dragon Person and looked like a Demon God. Other than becoming much larger, she also exuded a terrifying primeval power.

Imperial Concubine Dragon Maiden stretched her body. Compared to Ancient Flood Dragon Person, her body was much slimmer and had less than one tenth of Ancient Flood Dragon Person's length.

However, right now, Imperial Concubine Dragon Maiden raised her head and made a sharp dragon roar towards the dark sky!

The dragon roar contained the sharpest scream of a woman, it was extremely maniacal!

Ancient Flood Dragon Person sneered creepily. It slowly extended its hand and the sharp claws began flashing in cold light.....

“You should know how laughable your power is before me. Come, get into my stomach, let you and I merge as one, becoming the strongest dragon race in the world!” said Ancient Flood Dragon Person arrogantly.

Imperial Concubine Dragon Maiden was already enraged. That guy was still so arrogant even though it was stealing the Solar Eclipse energy. Although Undying rank was boasted to be undying, Heaven Palace had many ways to vanquish an Undying rank creature!

When Imperial Concubine Dragon Maiden roared sharply, crimson light rays poked through the black sky. The light rays shot down as if they came from the stars at the other side of space and pierced through the darkness and black ocean of this world!

Each light ray produced a similarly red dragon after shining down!

Each red dragon was mounted by a soul pet trainer wearing red armor.

Ten red dragons connected from head to tail, forming into a huge red dragon ring.

Within the dragon ring, a huge diagram was slowly traced out as if fresh blood was flowing!

Seeing the huge ten-dragon diagram, Ancient Flood Dragon Person’s creepy laughter became quieter.

Heaven Palace's strength could not be underestimated, especially the power of diagrams.

Imperial Concubine Dragon Maiden was currently borrowing the power from Heaven Palace. If Ancient Flood Dragon Person was too careless, it might really end up getting sealed for another five thousand years.....

.....

Chu Tianmang was surprised to realize that this pair of Demon God dragon siblings were actually hostile to each other right after meeting. He hurriedly asked Chu Mu, "What's going on? Why did that Dragon Maiden say something about stealing Solar Eclipse energy?"

"Evil Good Queen is stealing Solar Eclipse energy. Before coming here, I lured Dragon Maiden to this place....." said Chu Mu.

Chu Tianmang became excited. If Ancient Flood Dragon Person offended Heaven Palace and Heaven Palace vanquished it directly, there would be no need to determine a winner between him and Chu Mu!

Chapter 1646: Monument Tear, Solar Eclipse's Power!

"Go!" Chu Tianmang did not hesitate at all.

Chu Mu nodded. He felt that Ancient Flood Dragon Person's strength might even be more powerful than Heaven Palace's Dragon Maiden.

However, Dragon Maiden represented Heaven Palace after all. Ancient Flood Dragon Person would never be able to win against Heaven Palace. If they could really frame Ancient Flood Dragon Person for stealing the energy this time, that would really resolve a huge threat.

The space outside the barrier had been completely occupied by Ancient Flood Dragon Person. It was impossible to escape through the encirclement. This Undying rank creature could easily wipe them out with a simple technique.

Chu Mu and Chu Tianmang both possessed the ability to tear open space. This Heaven Boundary Monument was connected to Ice Mirror World, it was still possible to escape through Ice Mirror World.

Chu Tianmang knew the text on Heaven Boundary Monument as well as the spatial gate very well. After chanting an incantation, a spatial gate appeared under Heaven Boundary Monument.

The spatial gate definitely connected to a place outside the barrier. Previously, Ancient Flood Dragon Person used its tail to completely coil around the entire barrier. It was impossible to escape through spatial passage as its tail would also cross through space to pursue them.

However, its attention was currently focused on a strong enemy. When Chu Mu and Chu Tianmang entered the spatial passage, Ancient Flood Dragon Person would not be able to stop them even if it noticed. After all, it was facing the similarly Undying rank Imperial Concubine Dragon Maiden, and behind her was a dragon army numbering over one thousand.

The dragon army was actually insignificant to it. However, the dragon formation they arranged into was able to hinder it somewhat.

.....

Chu Mu and Chu Tianmang moved through space very quickly. They forcefully tear apart the chaos and returned to the Wind Palace where Ancient Flood Dragon Person was sealed in.

By following another long underground passage at the Wind Palace, Chu Mu and Chu Tianmang arrived at the abyss well.

Inside the abyss well was a wind tunnel. This wind tunnel had become much more intense compared to the previous time Chu Mu was here. However, with Chu Mu's current strength, this suction force would not cause much trouble.

After flying out of the abyss well, what appeared before Chu Mu and Chu Tianmang was the silent Ice Mirror World.....

Watching the boundless Ice Mirror World, Chu Tianmang recalled the past.

Many years ago, it was in this place that something ridiculous happened. It was here that his fate was connected with an unfamiliar woman, and they even had a child.....

"It did not chase after us," Chu Mu retracted his senses and heaved a sigh of relief.

Ancient Flood Dragon Person and Imperial Concubine Dragon Maiden seemed to have some sort of grudge from the start. From the words Ancient Flood Dragon Person spoke just now, it did not seem to care about the Solar Eclipse energy theft matter which Imperial Concubine Dragon Maiden accused it of.

It seemed that luring Dragon Maiden to Ancient Flood Dragon Person was really a wise decision.

“Yes, hopefully, they both get critically injured,” said Chu Tianmang.

“Let’s leave here first,” said Chu Mu.

With their current speed, it did not take long to leave this Ice Mirror World.

Soon, Chu Mu and Chu Tianmang arrived at Universe Ice Gate.

After exiting Universe Ice Gate, they saw Snow City after a short while of flight.

Snow City was completely white and empty. A thick layer of snow had piled up on this abandoned city.

Horrible cracks appeared at the corner of the city. Those cracks stretched all the way from the second Heaven Boundary Monument to here. Ancient Flood Dragon Person’s tail was truly planet destroying.

Rumble!

The rumbling sounds transmitted all the way to Snow City.

In the distant sky, Ancient Flood Dragon Person’s silhouette could still be seen despite being tens of thousands of kilometers away.

Its body was rapidly tumbling and stirring up the sky.

The black waves pounced into the sky and the terrifying tsunami could swallow everything!

Despite being so far away, Ancient Flood Dragon Person's strength was still so astonishing. It was only one small rank different between peak Immortal rank and Undying rank, yet the difference in power was so huge.

A huge diagram was imprinted in the sky, releasing destructive light rays!

Within the light rays, tiny black shadows flew around Ancient Flood Dragon Person, similarly forming a huge Dragon formation to restrain Ancient Flood Dragon Person!

The crimson Imperial Concubine Dragon Maiden looked like a streak of blinding lightning. Each time she moved, she would cause a quivering tremble. The tremble even transmitted all the way to Snow City.

Chu Mu and Chu Tianmang watched the breathtaking battle between two Undying rank creatures!

With such destructive power, the tiny New Moon Land could not endure their rampage.

There were hundreds of cities from second Heaven Boundary Monument to Snow City. Those cities were either flattened or swallowed by black ocean.

If they did not migrate New Moon Land's citizens to Northern Territory beforehand, countless people would have lost their lives.

Before Undying rank, they could not even be considered ants. Any leak of energy from the techniques could vaporize everything instantly.

The black sky kept collapsing, sweeping up black spatial storms. The earth cracked and crumbled, getting swallowed by black ocean.

Watching those scenes, Chu Mu could not tell if New Moon Land could remain intact after going through this disaster. Even if Ancient Flood Dragon Person was eliminated, could this battered land still be suitable for living?

They definitely could not head east. It was unknown how far Ancient Flood Dragon Person's sensing ability could cover, heading east would be the same as throwing themselves into its mouth.

Honestly speaking, Chu Tianmang also did not know where to go.

Ancient Flood Dragon Person was a threat. Before this threat was truly removed, they would never head to Northern Territory and lead this disaster to their family.

"Go to Tianxia City," Chu Mu eventually decided to return to Tianxia City.

The real stealing formation was in Tianxia City. He wondered how far had Yu Suo progressed.

“Hmm..... However, it seems that Tianxia City is also not safe,” Chu Tianmang pointed to the west where Tianxia City was located at.

The stars in the western sky suddenly made a strange arrangement. Chu Mu found this arrangement similar to the star formation he was familiar with.

“That’s the Star Spatial Transfer Formation. Looks like Heaven Palace is sending something to the human world again,” said Chu Tianmang.

Chu Mu did not know what Yu Suo was going to do after stealing the Solar Eclipse energy. However, it seemed to be the only method to obtain power at Immortal rank right now. Helping Yu Suo to obtain this power was the same as helping himself.

Chu Mu and Chu Tianmang did not stay in Snow City for too long. They headed to Tianxia City immediately.

They could not tell when Ancient Flood Dragon Person would come after their lives, they could only take a step at a time.

.....

Tianxia City, outside the city. Over ten thousand members from human’s elite armies arranged into a strange horned formation and scattered in the empty city.

Each group would be led by a leader rank expert. When Chu Tianmang noticed many famous leaders gathered here, he also showed an astonished expression.

Chu Tianmang did not know about other leaders, but he could not be any more familiar with the old boss of Darkness Sect. Chu Tianmang was still unable to get a clear sense of that old boss's strength. He never expected Darkness Sect's old boss to also appear in Tianxia City.

The person welcoming them was Xiao Xueang. After Xiao Xueang saw Chu Tianmang, his gaze turned a little colder.

"It's you!" How could Xiao Xueang forget the person who injured him?

Xiao Xueang was already a peak existence in the human territory, he had been wanting to find a worthy opponent.

However, Xiao Xueang never expected that he would lose to a person. This person was the one every Fake Monument Tear Individual in the entire human territory wanted to kill!

The Monument Tear Individual who could survive until the end would gain the power to dominate over everything. Xiao Xueang had personally experienced the strength of the Monument Tear Inheritor.

Chu Tianmang would not be polite towards a rival in love. Hence, Chu Tianmang was not friendly towards Xiao Xueang.

.....

After entering Holy Stem Flower Holy Region's palace, Chu Mu noticed that the entire palace was completely covered in Evil Good Flower. Flower vines weaved in between flower petals.

Those flower vines would pulse like veins, or like blood vessels rapidly absorbing something.

Yu Suo remained standing on the stairs of the Holy Altar. Those flower vines twined around her arms. The energy coming from the Holy Region gate seemed to be injecting into her body.

Yu Suo saw Chu Mu and slightly frowned.

"What? Seeing me return alive makes you feel uncomfortable?" Chu Mu clearly saw Yu Suo's frowning expression.

Yu Suo actually did think so in her heart. Just why could this man not die? Even if Ancient Flood Dragon Person did not completely awaken, it should not be able to easily let him return.

"Guardian Palace's people seem to have discovered me," said Yu Suo.

"I saw that. When the star formation above Tianxia City has completely its arrangement, they will show up," said Yu Suo.

"They won't be able to send someone as strong as Dragon Maiden again....." As Yu Suo was speaking, she purposefully took a glance at Chu Tianmang and curved her lips, "I have invited you, but you were unwilling to join. Why are you here now?"

“Are you the same person? Your appearance look really strange,” said Chu Tianmang as he saw Yu Suo’s face dyed in red and blue by flower pigments.

Yu Suo took a deep breath. As expected, like father like son, Chu Tianmang was as annoying as Chu Mu!

“Ancient Flood Dragon Person has started fighting against Dragon Maiden at Wanxiang Realm. Before the outcome is determined, will the Solar Eclipse energy you stole actually work?” asked Chu Mu.

“I don’t know.....” said Yu Suo coldly.

“Don’t know??” Chu Mu’s expression darkened.

“Solar Eclipse energy is too crude. Be it you directly absorbing or me absorbing, we will be burnt to ash!” said Yu Suo.

Chu Tianmang rubbed his chin and watched the stinging hot energy surging through the Holy Region gate.

“Perhaps, you can use Monument Tears to mellow the crudeness of Solar Eclipse energy.....”

Chapter 1647: Repairing Soul Pact

Chu Tianmang’s words lit the light of hope in Yu Suo’s eyes.

Monument Tear was the purest energy in this world, and its property leaned towards water. If Monument Tear could refine the crude Crimson Sol energy, she might really be able to absorb the energy within the shortest time.

Solar Eclipse energy was very vast. This was a huge treasure vault. If she could completely refine it, it was definitely possible for her to reach Undying rank.

“Monument Tear, give your Monument Tear to me,” Yu Suo told Chu Mu.

Chu Mu retrieved one Monument Tear.

This Monument Tear was Yu Suo’s Monument Tear, Chu Mu saw many of her memories through this Monument Tear.

When Yu Suo saw the Monument Tear in Chu Mu’s hand, she was lost in thought for a moment.

This Monument Tear came from her tear, how could she not know the origin of it?

Recalling the ridiculous deed with Chu Mu back in Heaven Palace, annoyance and rage began sprouting in Yu Suo’s heart.

After calming herself down, Yu Suo coldly asked, “You looked into the memories inside?”

Chu Mu nodded.

“Give me!” Yu Suo snatched this Monument Tear with annoyance.

The Monument Tear was cold and pure, yet Yu Suo wanted to crush this Monument Tear.

How could she allow her most fragile side be seen by her most detested person.

“The power inside requires me to activate,” Chu Mu walked up and slowly put his palm above the Monument Tear.

The cold Monument Tear was slowly covered by the palms of Chu Mu and Yu Suo. The warmth of their palms slowly melted the coldness of this Monument Tear into warm teardrop, melding into their body and souls along their palms.

Yu Suo wanted to retract her hand, but the warm power from the Monument Tear was getting transmitted into her soul. Her soul had an indescribable feeling, as if her wound was itching as it healed.....

Suddenly, Yu Suo felt something amiss and hurriedly retracted her hand. She looked at Chu Mu cautiously.

Chu Mu also did not know what just happened.

“Give all your Monument Tears to me,” said Yu Suo.

Chu Mu hesitated a little. However, Chu Tianmang opened his spatial ring and seven Main Monument Tears immediately hovered before Yu Suo.

Chu Mu turned around and looked at Chu Tianmang confusedly.

Chu Tianmang smiled, "It's impossible to determine a winner between us. You don't want to, so do I. Then let's just throw these Monument Tears away, perhaps they will be of greater use to her."

Chu Mu thought over carefully.

Certainly, Chu Mu would never be able to kill his father to obtain his Monument Tears. Chu Tianmang also would not hurt him, those Monument Tears would only be a shackle if they kept them.

Chu Mu opened his spatial ring and handed over all of his Monument Tears to Yu Suo.

"Ten Main Monument Tears....." Yu Suo was astonished. She looked at Chu Mu and Chu Tianmang passing all ten Main Monument Tears to her.

They should know that gathering the ten Main Monument Tears would be the same as inheriting the power of an Undying rank era's strongest. Yu Suo never expected them to have already gathered all ten Main Monument Tears.

"You two should determine a winner," said Yu Suo as she looked at the ten Main Monument Tears.

“Take them. Now, the lives of us father and son are in your hands,” said Chu Tianmang.

“She wants me dead.....” added Chu Mu.

“.....” Chu Tianmang also could not understand just how complicated the relationship between Chu Mu and Yu Suo was like.

However, between father and son, if only one could survive, Chu Tianmang would rather put the hope in Yu Suo. Since this woman could gather so many human experts and even dare to steal Solar Eclipse energy, she might really be able to overturn their fate.

“Settle it between yourselves, I will take a breather outside,” Chu Tianmang waved his hand and could not be bothered to get involved, “These Monument Tears require the inheritor to activate. However, if you directly mix these Monument Tears into the crude Crimson Sol energy, the energy from the two may be able to blend.”

After saying so, Chu Tianmang already reached the door.

He stopped there for a moment, turned to take a glance at Chu Mu, then used mental voice to speak to Chu Mu, “Your relationship with this woman is a little complicated?”

“Yes, a little.....” said Chu Mu.

“Hehe, I feel like seeing myself and your mother back in our youths,” Chu Tianmang chuckled.

“.....” Chu Mu was speechless. How could that be possible!

“You don’t think so? You two look like you have some deep grudges when you meet, yet.....”

As Chu Tianmang spoke, he already exited Holy Stem Flower Holy Region’s palace.

.....

Chu Mu turned to take a look at Yu Suo. She was focusing on refining Monument Tears’ energy, so he decided to just leave.

Honestly speaking, Chu Mu also never expected to leave his life in Yu Suo’s hand.

Perhaps, he held the same attitude as Chu Tianmang.

In this world, there was a strict hierarchy that was extremely difficult to overcome.

This time, Chu Mu truly felt that helplessness.

Before Undying rank, everything was too insignificant.

The dark sky, the black ocean which swallowed the land, the sand cloud, the rampaging storm, the apocalyptic feeling.

Chu Mu walked out of Holy Stem Flower Holy Region and saw Xiao Xueang.

Chu Mu nodded towards him and flew straight to Dual Mirror Mountain.

On the mountain peak, Chu Tianmang was sitting next to the cliff. He was holding a bottle of wine he took from somewhere and drinking.

Chu Mu landed next to him and sat down.

Chu Tianmang passed the wine to Chu Mu.

Chu Mu also took a sip and looked at the dark sky absentmindedly.

Chu Tianmang looked at Chu Mu and rubbed Chu Mu's head, "Are you a little unwilling? If you die I mean."

"Yes," Chu Mu took down Mo Xie which was on his shoulder. He lowered his head and slowly combed Mo Xie's fur.

"Same for me..... After leaving New Moon Land, I lived like a puppet. I have no sense of direction, I don't know what I should do. Sometimes, I'm even thinking why can't those Fake Monument Tear Individuals work harder and give me a clean death. There's nothing for me to hold dear anyway....."

Chu Tianman spoke with a bitter smile, “But after some time, I noticed that living with past memories is still better than death.”

The first ability every living thing learned after birth was survival. It was the same for humans.

Even after losing one’s ego or soul, the instinct to survive would not disappear.

“In the past, I felt that as long as you work hard towards a goal, you will achieve it eventually. I knew about Ancient Flood Dragon Person long ago. I have been working hard to cultivate, but I never thought that I would be so helpless before it,” said Chu Mu.

“There are some creature surpassing the set system in this world. Era’s strongest, god of wheel, as well as that Heaven Palace which existed for countless years..... You have only been in this world for a couple dozen years. Compared to those thousand years, ten thousand years..... Some soul pets are born dominators, some soul pets live as servants for generations.....” said Chu Tianmang.

Chu Mu nodded and did not speak anymore.

Chu Tianmang also did not continue. The two of them sat at the edge of the mountain and drank wine as they watched the dark sky.....

In the sky, the diagram weaved by starlight was becoming brighter and brighter, a huge silhouette shrouded above Tianxia City.

The unknown power came from the distant Heaven Palace and reached this human world.

.....

Holy Region's palace.

The stairs were covered by blue and red flower petals. Yu Suo stood there quietly, all of Chu Mu's Monument Tears hovered in front of her.

Each Monument Tear recorded a portion of Chu Mu's memory. When Yu Suo put these Monument Tears into her soul to purify the crude heat from Crimson Sol energy, Chu Mu's memories gushed into her head.

From surviving as a weakling at Nightmare Island all the way until becoming the human leader. This period of time was very short compared to other human leaders who had lived for hundreds of years. However, he had experienced far more things than those leaders.

Especially when Yu Suo saw Chu Mu transforming into a devil and searching for his own soul in a daze, her heart was also touched by the memory.....

Monument Tears melted one by one, seeping into Yu Suo's body.

These cold and pure teardrops certainly removed the crudeness of Crimson Sol energy. Yu Suo was also slowly absorbing the refined energy.

Unknowingly, the final Monument Tear hovered before her.

This Monument Tear was her own teardrop.

After hesitating for a while, she did not add this Monument Tear into Crimson Sol energy. She slowly integrated this Monument Tear into her own soul instead.

The itching sensation of her soul could be felt again. She was surprised to notice the wounded part of her soul from undoing the soul pact was healing under the nourishment of this Monument Tear.....

.....

Dual Mirror Mountain, Chu Mu raised his head and focused on the star diagram in the sky.

Countless white-armored Heaven Palace guards were deployed in the huge star diagram. They and their soul pets arranged into an intimidating formation and the aura they gave off was almost crushing Tianxia City!

“I have tasted almost everything, but not the blood of those Heaven Palace citizens yet.....” snorted Chu Tianmang.

Saying so, Chu Tianmang turned sideways and was about to have a bout with those Heaven Palace Guardian army.

“What’s happening to you?” Chu Tianmang suddenly noticed the blue soul pact glow manifesting on Chu Mu’s body.

“I also don’t know.....” Chu Mu stretched out his hands and noticed a water stain on his palm, the water stain was transmitting warmth onto his palm.

Accompanied by the warmth, the wounded part of his soul was actually beginning to heal.

“Soul pact light? Who are you signing a soul pact with?” asked Chu Tianmang.

“I never did anything..... Monument Tear, it seems to be Monument Tear.....” said Chu Mu.

“You are signing a soul pact with that woman??” Chu Tianmang took a glance towards the Holy Stem Flower Holy Region and noticed a similar light shining from the palace.

Chu Mu smiled bitterly. The Monument Tear’s power was actually repairing the soul pact between him and Yu Suo!

Chu Mu had already decided to completely sever his relationship with her. There was really no need to repair this soul pact.

“What are you doing?”

“It’s better to undo the soul pact.”

“Why?” reprimanded Chu Tianmang, “She’s absorbing Crimson Sol energy. If you sign the soul pact with her, Crimson Sol energy will also be transmitted to you. You are a fire Half Devil, Crimson Sol energy is more suitable for you!”

Chapter 1648: Heaven Palace, Ten Thousand Years Of Rebellion

“Go, leave these Heaven Palace small fries to us. I believe these human leaders are itching to fight against Heaven Palace,” Chu Tianmang watched those white-armored guards appearing in the sky and told Chu Mu.

Chu Mu nodded. He transformed into a cluster of flame and flew towards Holy Stem Flower Holy Region.

Chu Tianmang took a big gulp of wine and emptied the wine bottle.

He stood up and lightly caressed the cat-like little soul pet on his shoulder.

Strange Mane Demon purred comfortable and enjoyed the caressing.

“I know, I know..... There will still be a chance,” said Chu Tianmang.

.....

In the dark sky, the huge star diagram had been fully sketched. Within the star diagram, white-armored figures appeared like entities descending onto the human world from another world.

White armor, white Heaven Palace Beasts, carried by starlight, the moment these soul pet trainers from Heaven Palace stood above the city, they truly looked like judges of the world. They were

arrogant and powerful. They looked down at this human city, looked down at the humans within the city.

Amongst the army in white, a man wearing white female-type armor stood at the front.

His fringes were white, while his pupils were purple. The White Jade Heaven Beast he rode on was much larger than the White Berserk Beasts other Guardian Palace soldiers rode on.

“New Moon Land.....” The white-haired old man looked at this city with his murky eyes.

Looking down from above, the entire city was empty, there was nothing inside.

New Moon Land’s citizens had migrated half a year ago. Those who left behind in this city must surely be the rebels this time.

Tao Xing was very confused. He did not know how these people gained the courage to oppose Heaven Palace. Did they not know just how many powerful races in this cycle of ten thousand year wheel ended up as history because of such rebellions?

“Tao Xing, what did I tell you? This New Moon Land is just a rebellious race. We should have wiped them out back in the subjugation war. If that happened, how would they have become a threat now?” sneered Gu Hua.

“There are many familiar people,” Rong Wanfeng pointed at the figures below and slowly spoke.

“They have really lived for too long and got bored of living!” Gu Hua coldly stared at those leaders in Tianxia City.

Behind the three of them, two thousand Guardian Palace army gave off an intimidating aura. Following Tao Xing’s order, the white army pressed down towards Tianxia City like a cloud screen from the sky.

.....

“So it’s them.....” Chu Tianmang stood on top of Dual Mirror Mountain and saw the three people from royalty immediately.

Royalty’s Family Master Gu, Family Master Rong and Family Master Tao. These three could not be any more familiar with human leaders. However, who would have thought that they had such a side to them while hiding in the human world?

Xiao Xueang, King Ning, Tang Ang and the others raised their heads and watched the Heaven Palace forces appearing in the sky.

They knew the three people standing at the front, they were the three Family Masters from the Royalty!

“Do you need me to tell you what crime you committed?” Gu Hua stood on the back of his beast and looked at these human leaders arrogantly.

“Why don’t you tell us?” said King Ning calmly.

“Stealing Solar Eclipse Formation’s energy is the same as destroying the order of the entire world of living. This crime is enough to warrant a punishment of having your souls confined for one thousand years. A period of several hundred years already feels long to you, this one thousand years of confinement will make you regret just how foolish your action today is every day,” said Gu Hua.

“I see. Actually, I thought that it would be those three-headed and six-armed gods or something taking our lives. To think that it would be you three old geezers..... Honestly speaking, don’t you feel tired acting as the dogs of Heaven Palace?” King Ning laughed.

“Nonsense! Us three are in charge of Wheel Palace. The identity of the Royalty is just a better role to restrict you foolish creatures! That Ning person, your Ning Family Dynasty has a history of a few thousand years. Do you want your dynasty to be destroyed in your hands?”

King Ning snorted. Ning Family Dynasty had already been secretly controlled by Wupan Royalty. It was up to Wupan Royalty to determine their lives.

Family Master Rong took a glance at these leaders who were controlling the authorities of the human world and slowly spoke, “Looks like the human land needs to change the rulers.”

.....

Over ten thousand human army stayed in Tianxia City. Two thousand Heaven Palace Guardian army stood in the sky above Tianxia City. The two armies faced each other and the tension was reaching the breaking point.

Chu Mu turned around to look at the people in the two camps and felt his heart string getting pulled.

“Young master, this is the war between the human world and Heaven Palace.....” said Old Li.

“Hmm, why did it turn out like this? How is Yu Suo capable of creating such a conflict between the human world and Heaven Palace?” asked Chu Mu confusedly.

“It’s not that Yu Suo is capable, but this world itself possesses such a cycle of conflict. Young master, think about it, Dominator rank and Immortal rank can be reached through some special Immortal Items in this world. However, what about Undying rank??”

“Undying rank is a threshold the entire living world cannot cross. There is almost no resource in the human world that can let those already at the peak of Immortal rank to reach Undying rank. The lifespan of Immortal rank only amounts to hundreds of years. When any creature cultivated to the top, what they care about the most is how long they can live. When their level cannot improve anymore, when their lifespan is gradually exhausting, they will start to fear..... The feeling of slowly aging and waiting for death, do you think those leaders are willing to accept it?”

Chu Mu nodded.

The stronger they were, the greater the authorities they gained, the more they were afraid of death, because they possessed too many things.

Furthermore, cultivators spent a long time cultivating. They did not have the time to enjoy their lives. If they had to leave the world like this, nobody would really be willing.

“It’s not Yu Suo being capable, but she made use of the fear these leaders possess, and controlled the sole resource that can let them see a glimpse of hope. As long as she provides a method of survival for these leaders to preserve their lives and stop their aging, do you think these leaders would be unwilling to work for her?” said Old Li.

Certainly, after Yu Suo reached tenth phase through God Dew, she could even extend Princess Jinrou's life. This was just what those aging and dying leaders desired the most.

“For example, when a dynasty has ruled for a long time, there will eventually be a rebellion. Either a new ruling system is made, or the old ruling system will be maintained. The existence of Heaven Palace will eventually be exposed. After getting exposed, those cultivators forced into a corner will eventually rise up to resist..... White Ocean God, Seven Sins Fox, Heaven Demon, perhaps there were also many other races and creatures rising up to subjugate Heaven Palace which ruled over lives. However, they eventually became history,” said Old Li.

White Ocean God was Undying rank. It had truly ruled its Ocean Species and marched all the way to Heaven Palace.

However, Heaven Palace still stood.

Seven Sins Fox was once the strongest fox race, but now they were shackled with the chain of sin the entire race had to carry.

All these events and the still standing Heaven Palace showed that after so many wheels, Heaven Palace still remained standing, while the rebels were washed away by the tide of history.....

Then, what about Yu Suo organizing the humans to rebel??

If they failed, would Wupan Continent and Zhengming Continent end up as a prison? Would all humans be carrying a racial shackle and be reduced to an even weaker race?

“Perhaps, she may succeed. After all, Yu Suo herself came from Heaven Palace, her older sister is even the Totem Divine Maiden. If the members of Heaven Palace already start to detest and rebel, the problem in Heaven Palace is really reaching a threshold,” said Old Li.

Yu Suo knew everything about Heaven Palace very well.

She knew when Heaven Palace needed to turn, she knew the Solar Eclipse Formation of Heaven Palace, she knew there were still powerful Heaven Demons existing around Heaven Palace.....

“Unfortunately, the human race is still too weak, there is not even one Undying rank. If she can mobilize the Demon race, Ocean Species, Beast race, Ghost race and Flower race, the five major races.....” muttered Old Li.

“Mobilizing the five major races to rebel together?? Isn’t that impossible?” said Chu Mu.

“I feel that it’s actually possible. Ocean Species has rebelled once already. White Ocean God was the example. Demon race also rebelled, Seven Sins Fox’s ending told the world..... And now it's the human race. If Yu Suo reaches Undying rank, they will be the tenth era’s strongest. What she will do is surely the same thing as Seven Sins Fox and White Ocean God,” said Old Li.

Chu Mu did not consider so much into this. After Old Li’s speech, it was true that what Yu Suo was doing was the same thing as those era’s strongest or wheel’s strongest recorded in Heaven Boundary Monuments.

Could it be that a ten thousand year wheel was actually a major rebellion towards Heaven Palace?

If an era's strongest could not shake Heaven Palace, what about a wheel's strongest??

While harboring such a question, Chu Mu entered Holy Stem Flower Holy Region.

Chu Mu's body was glowing with soul pact light, and it was the same for Yu Suo who was standing on the Holy Altar.

Yu Suo was looking at Chu Mu. She also heard the conversation between Chu Mu and Old Li outside.

Without Chu Mu asking, Yu Suo already started to speak, "In the past, there is no such thing as Heaven Demon existing in Heaven Palace."

"Was it because of White Ocean God and Seven Sins Fox?" asked Chu Mu.

Yu Suo nodded, "Yes, White Ocean God and Seven Sins Fox severely damaged Heaven Palace. The high and mighty Heaven Palace had to compromise and use some people to feed Heaven Demons to exchange for a period of peace and restoration."

Chapter 1649: Refining Crimson Sol Energy

Honestly speaking, Chu Mu never thought of living for that long. If not for the threat like Ancient Flood Dragon Person, Undying rank was something he did not really need.

Of course, if he watched people around him slowly aging and suffering the weathering of time, it would not be a good feeling.

The soul pact light was still glowing. Chu Mu could feel the severed soul wound rapidly recovering.

Chu Mu saw the similar light glowing on Yu Suo and was still a little doubtful.

As the soul pact was repaired, the skin color on Yu Suo's face was gradually fading away to her normal skin color.

As if afraid of Chu Mu misunderstanding, she emotionlessly explained, "Crimson Sol energy is fire property. I will pour it into your body, it will be like going through a filter in your body. Then, you will pass the energy to me through soul pact. This way, I can completely absorb the energy. After I absorb the energy, we will undo the soul pact again."

Chu Mu nodded, "Then let's begin."

Chu Mu was still worried about Ancient Flood Dragon Person's side. He did not know if Dragon Maiden could really subjugate that Demon God.

Chu Mu walked towards the Holy Altar. He noticed many flower vines growing out from within the gate. These flower vines acted like blood vessels and were constantly transporting something towards those Evil Good Flowers on the Holy Altar.

"The energy is contained in every Evil Good Flower. I have dripped Monument Tear on every flower. What you need to do later is to absorb the energy from every Evil Good Flower," said Yu Suo.

The soul pact light glowing from the two of them became brighter and brighter. The soul thread connecting to their souls appeared again.

A mysterious sensation swarmed into Chu Mu's heart. It contained a very complicated mental world. Chu Mu was actually very familiar with it, because he could sense this mental world for a very long time before.

The soul pact was completely repaired. Yu Suo's hair gradually returned to the original purple color. Her skin was white like jade and looked even more alluring than before. She was exuding a holy and noble aura again.

Their souls connected once again. Chu Mu's first soul slot was occupied once again. His two empty soul pacts were filled up again. He could even sense Evil Good Ancestor making a strange sound, as if she was very happy.

"What are you feeling happy about!?" scolded Yu Suo frustratedly.

Evil Good Beauty usually listened to her and never disobeyed her. However, after reaching tenth phase, Evil Good Beauty actually forced her to do such a thing with Chu Mu. She really wanted to tear her secondary soul apart for doing this!

"Why do I sense another soul in your body?" asked Chu Mu.

"Don't peep at my soul!" said Yu Suo with great detest.

"Never mind, let's begin, don't waste time," Chu Mu did not dwell into this.

Yu Suo calmed herself and pointed at those Evil Good Flowers in Holy Stem Flower Holy Region, “Those bloomed Evil Good Flowers have absorbed and purified Crimson Sol energy. Those flower buds have not absorbed enough energy yet.”

“What do I need to do?” asked Chu Mu.

“These Evil Good Flowers are similar to soul crystals. You can use your soul remembrance to guide the energy into your body, then transmit the energy to me through your soul,” said Yu Suo.

“So simple?” asked Chu Mu.

“Do you know how much time I took to set up this stealing formation? You didn’t do anything and yet you will be getting half of my harvest. If I never reach Undying rank, I will eat you alive!” grumbled Yu Suo.

Chu Mu could not be bothered with arguing with her, she had a bad temper.

There were around one hundred Evil Good Flowers already bloomed in the entire Holy Region. Chu Mu could sense the rich energy within those Evil Good Flowers.

He walked up to one Evil Good Flower, closed his eyes, and used his soul remembrance to guide the energy within the flower into himself.

The guiding process was smooth. Chu Mu could sense the energy from Monument Tear as he guided Crimson Sol energy from Evil Good Flower to him.

Hu!

After the gentle energy, a gush of violent heat wave swarmed into Chu Mu's body.

This heat wave was extremely sizzling. It almost burned through Chu Mu's body and even damaged his soul.

The burning sensation was too familiar to Chu Mu. It was just like the time when he first became a Half Devil. His head was filled with pain and anger, he was unable to think about anything else.

Yu Suo stood next to Chu Mu. She saw his expression instantly changed and his body was almost burning away. She also began to feel nervous.

Chu Mu was sweating non-stop and his face was spasming. This pure burning pain was not something normal people could endure. Even Chu Mu with Black Nightmare bloodline felt immense torment right now.

"Are..... Are you alright?" asked Yu Suo anxiously.

Chu Mu did not respond. His entire body was wrapped in crimson flame.

Whenever Chu Mu wanted to scream out the pain from the burning, the cool feeling of Monument Tear would interfere and relieve a little bit of pressure Chu Mu felt.

As such, Chu Mu was able to slowly absorb this energy into his body.

Yu Suo thought that Chu Mu would be burned to death by this tyrannical Crimson Sol energy. However, after a while, she could feel vast and pure energy being transmitted from Chu Mu's soul to hers!

This energy was very hot, Yu Suo could feel the boiling energy clearly. However, after Chu Mu's refinement, this temperature was still acceptable. Yu Suo began to slowly absorb the energy into her soul, gradually converting to her own power.

Evil Good Ancestor was the earliest plant soul pet. Its power source was also from Crimson Sol's light. With such a vast amount of energy being injected, Evil Good Ancestor was morphing into an even higher domain.

Evil Good Ancestor greedily absorbed the energy, Evil Good Flowers bloomed one after another under Yu Suo's feet.....

However, soon, the energy faded away as if it had been completely sucked clean.

Yu Suo opened her eyes and saw the pale faced Chu Mu.

Chu Mu was also looking at her and panted a few times before speaking, "This energy is really tyrannical."

"Are you unable to endure it?" asked Yu Suo.

It was just the first Evil Good Flower. There were over a hundred Evil Good Flowers that had stored Crimson Sol energy in this Holy Region. If Chu Mu had to refine them one by one, it would be the same as experiencing over a hundred times of suffering like this.

“It’s difficult, I don’t know how many flowers I can absorb,” said Chu Mu.

Yu Suo was also worried. Seeing Chu Mu’s state, it was already so tiring to absorb one flower.

The energy had already been neutralized somewhat by Monument Tears. Furthermore, Chu Mu had a fire property physique. If Yu Suo directly absorbed the energy, her body and soul might already be burned into ash.

“Continue,” Chu Mu took a few breaths and told Yu Suo.

“Hmph, you can have a taste how you tortured me back then,” snorted Yu Suo as she indicated that she would never pity Chu Mu.

Chu Mu did not say anything and walked towards another Evil Good Flower.

Yu Suo looked away. After seeing him starting to absorb the second Evil Good Flower, a strange feeling began sprouting in her heart.

She had already viewed Chu Mu’s memory once. She personally witnessed Chu Mu enduring the high temperature of his soul and the entire year of pain and suffering after becoming a devil.....

Watching Chu Mu refinding Crimson Sol energy now, she could not help but recall the scenes she saw in those Monument Tears.

She must not pity him!

He was not worthy of her pity!

Yu Suo shook her head to wipe away the unnecessary pity in her head.

The energy from the second Evil Good Flower was transmitted to her. The temperature this time was not so intense, and Yu Suo was able to completely absorb everything easily.

This feeling was like drinking flower nectar. Other than being a little bit hot, Yu Suo did not suffer any backlash from Crimson Sol energy.

However, seeing Chu Mu's state, it seemed that he was in a much worse condition. His face was always spasming, his eyes had become bloodshot.

The third, fourth, fifth, boiling energy passed through Chu Mu's body, organs, blood vessels and soul. This burning sensation could break a person's mind.

However, Chu Mu also knew that this energy was the only way he could increase his strength again.

He did not want to die. He also did not want his father to sacrifice for him. He did not want to be unable to see them again.

Whenever the burning energy entered his body, he would start thinking about letting the heat burn him into ash, but his soul endured the urge every time by holding onto his desperate wish.

“Take a break.....” Eventually, Yu Suo spoke.

Yu Suo was not a heartless person. Seeing Chu Mu’s skin cracking, she did not dare to let Chu Mu forcefully absorb the energy anymore.

Chu Mu heard Yu Suo’s voice and his bloodshot eyes turned to her while still holding an Evil Good Flower.

Chu Mu could not hear what Yu Suo was saying. His head was currently filled with flame, but a voice in his heart was telling him that he had to continue. Only by continuing to absorb Crimson Sol energy, everything would not end due to Solar Eclipse.

Soul remembrance guidance. Chu Mu already lost count of how many Evil Good Flowers he absorbed. He numbly repeated the action and did not know the limit his body could endure.

At his side, Yu Suo noticed Chu Mu was already starting to lose himself. She immediately snatched over the Evil Good Flower in his hand and shouted angrily, “You are crazy! If you don’t stop now, your soul will be burned through!” Chu Mu finally heard Yu Suo’s voice this time. He vaguely felt a cooling sensation being transmitted into his head, allowing his mind to clear up a little.

Hu~!

After Chu Mu stopped, a gush of heat wave spread out from his body and filled up the entire Holy Region palace, lingering around for a long time.

Chapter 1650: Breaking Through The Barrier Of Strength

“Come, I will heal you,” Yu Suo chanted an incantation and used God Dew to heal Chu Mu’s soul as well as the burns on his body.

The flame gradually faded away from his head, he sat down on the stairs tiredly.

At this moment, the flame contained in his body lost control and poured out again. It was not the silver flame or black flame, but the crimson flame from Crimson Sol. It looked as if he turned into a crimson Half Devil.

Yu Suo’s hand stroked past Chu Mu’s cracked skin. The moist flower nectar dripped onto the skin and slowly healed the skin.

“How many left?” asked Chu Mu as he spat out a sigh.

“Around half,” answered Yu Suo.

“Then let’s continue,” said Chu Mu.

Outside the palace, waves of destructive energy rippled out. The human leaders were probably already fighting against Heaven Palace’s Guardian Palace members. It was unknown which side would eventually obtain victory.

However, one thing was for sure. Without an Undying rank, fighting against Heaven Palace was utterly foolish.

“You can’t handle it,” said Yu Suo.

“I can,” said Chu Mu in a serious tone.

“Can what? Can’t means can’t!” said Yu Suo furiously.

Chu Mu was startled and looked at the suddenly angry Yu Suo confusedly.....

“Take a rest. I will distribute those Monument Tears from your father into these Evil Good Flowers,” said Yu Suo with a calmer tone.

Chu Mu nodded and spoke, “Then I will be outside, call me after you’re done.”

“Sure.”

Chu Mu walked down the stairs and exited the palace.

A row of crimson burning footprints still remained along the path he walked.....

A gust of cold wind blew past, Chu Mu took a glance at Tianxia City absentmindedly.

Destructive flashes occurred everywhere in Tianxia City. Tall buildings were destroyed in the battle between human leaders, armies and Heaven Palace.

The intact city a moment ago looked completely different now. In addition to the looming dark clouds, it gave off a suffocating feeling.

Chu Mu did not participate in the battle, because he had something more important to do.

He jumped onto the roof of Holy Stem Flower Holy Region palace. The roof was tall and pointed. Sitting on the roof, Chu Mu could see the flashes of techniques unleashed by those Immortal rank battles. They were beautiful yet deadly.

“Wuwuwuwu~!” Mo Xie sat on Chu Mu’s shoulder and cried out, looking really worried.

Chu Mu put his arm before his chest, and Mo Xie obediently climbed into Chu Mu’s hug. Then, it raised its head and looked at Chu Mu’s eyes.

“Wuwuwuwu~!” Mo Xie made quiet mutterings and used its little tongue to lick Chu Mu’s face.

Chu Mu was absentmindedly watching the sky filled with destructive energy. After feeling the itchiness from Mo Xie’s tongue, he regained his senses.

“It’s not your fault, your mutation should have reached its limit.”

“Wuwuwu~!” Mo Xie was still crying gloomily.

Solar Eclipse, Ancient Flood Dragon Person, Monument Tear Individual, all of these suddenly weighed down on Chu Mu and made him feel helpless.

“When we walked out from that little island, we never imagined that we will reach such a height, right?” Chu Mu rubbed Mo Xie’s furry ears.

Mo Xie half narrowed its eyes and nodded, it really enjoyed Chu Mu’s caress.

Actually, Mo Xie did not care what rank it could reach. It liked battles, it liked sleeping, but it liked staying next to Chu Mu the most.

In the danger they faced this time, Mo Xie felt Chu Mu’s helplessness. It also wanted to do something for him.

However, it did not know just what happened to itself. Its mutation blood which would always boil at the crucial moment was like stagnant water now. After so many years, it did not show any sign of racial mutation.....

Could it really be its final mutation?

Mo Xie did not care how many times it could mutate. What it cared about was whether it could help Chu Mu when he needed its power.

Ancient Flood Dragon Person's threat was the situation where Chu Mu needed power the most. Mo Xie attempted to activate its mutation blood many times, but it only felt sleepy in the end.

It did not know what happened to its body. Little Hidden Dragon, Zhan Ye and Dead Dream could at least fight against Heaven Palace's Forbidden Army for Chu Mu. Yet it could not do anything other than lying on Chu Mu's shoulder.

When Chu Mu was absorbing Crimson Sol energy, Mo Xie felt really bad when it saw Chu Mu persevering despite feeling so much pain.....

"It's fine, it's fine," consoled Chu Mu.

Why would Chu Mu blame Mo Xie for not mutating after so many years? To Chu Mu, the greatest blessing from the heaven was to bring Mo Xie to him.

When he was almost impossible to become a soul pet trainer, Mo Xie's appearance gave him hope. The reason he was able to overcome the obstacle of every rank was mostly because of Mo Xie's mutation leading the path.

When Chu Mu became a devil, he would feel lost. That was because his heart lost the most important piece. Without that longing, he would still be immersed in slaughtering and would not go to the human world to search for his soul.

At Wanxiang City, when facing the powerful Evil Good Queen, at the moment Chu Mu needed to regain his dignity, Mo Xie's mutation changed everything.....

Chu Mu knew very well that if he did not have Mo Xie on his journey, he would either be swallowed in the sea of cultivators or died in some unknown corner. He would not be able to fulfil his soul pet goals and gain lovers, relatives and friends.

In cultivation, Chu Mu had been working very hard without slacking off a bit.

However, there were things that could not be achieved just by working hard. When he faced those obstacles in the past, Mo Xie's mutation helped him overcome them. Perhaps, Mo Xie which could raise its strength infinitely gave Chu Mu a sense of security.

This time, Chu Mu knew that Mo Xie's mutation had really reached the limit.

Mo Xie had already helped him overcome many obstacles, and the obstacle this time needed Chu Mu to overcome himself.....

Hence, no matter how hot or tyrannical the Crimson Sol energy was, Chu Mu had to grit his teeth and endure. This was truly the final hope.

“Wuwuwu~!” Mo Xie's eyelids felt heavier.

It was getting sleepy again. It was unknown when it started, its sleepiness became really severe and it would just fall asleep somehow.

“Just sleep, after you wake up, maybe all of this will be over. You can continue to eat the deserts Ye Qingzi made for you, and you will gain worthy opponents.....” Chu Mu stroked Mo Xie’s neat and clean fur.

Mo Xie did not want to sleep. It bit its tongue to stay awake, but its eyelids were so heavy it was almost unable to keep its eyes open.

“It’s alright, sleep,” Chu Mu bent forward and kissed its forehead.

Mo Xie was beginning to hate its sleepiness. It tried all kinds of ways to fight against the devil of sleepiness, but Chu Mu’s kiss wiped away all of its fighting spirit. It sheepishly closed its eyes and slept enjoyably.

After talking to Mo Xie for a while, Chu Mu’s mood also calmed down.

Not for anyone else, even if just for Mo Xie, he must not fall in this Solar Eclipse.

Raising his head and watching the city filled with destructive energy, his gaze was no longer gloomy or confused like before.

It was not the end yet.

There was still Crimson Sol energy. As long as he could endure the burning from the remaining half of the energy, he or Yu Suo could reach an even higher realm.

Chu Mu's breathing gradually became composed, the crimson flame burning on his body was no longer so violent.....

In this lightless world, lightning flashes, flame flashes and blood flashes sparkled all over the ruined city. Flashes of death filled every place, energy storms generated from clashes between soul pets exploded everywhere.....

At the center of the city, on the roof of the solely standing Holy Stem Flower Holy Region palace, a man burning in crimson Devil Fire stood alone, with a soundly sleeping beautiful demonic fox in his bosom.....

In Chu Mu's life, there had been countless occasions like this, one fox, one man, accompanying each other in loneliness.

Be it facing the army or an invincible enemy, or facing such a chaotic world, this sense of dependence had never changed.

And it would not be allowed to change!

.....

“Huhuhuhuhu~! The crimson flame flickered in the wind violently, pouring out from Chu Mu's skin, eyes and mouth.

These were the impurities from the flame leaving Chu Mu's body. It was clear to see that the flame seeping out from Chu Mu's skin was no longer crimson, but the original black and silver!

These were Chu Mu's original Devil Fire!

However, they seemed to be different from the original Devil Fire. Both black and silver Devil Fire became much more powerful than before!

This was Crimson Sol's power!

Chu Mu originally thought that the energy would show a strong rejection towards his body and would be impossible to integrate as one. However, the moment his mentality changed, the Crimson Sol energy perfectly integrated into his soul, getting absorbed by his source flame!

The uncontrollable flame became tame once again, and its power had clearly grown much stronger. This gave Chu Mu a pleasant surprise!

As expected, Crimson Sol was the purest energy in this world. Chu Mu's strength had been stuck at the peak of Immortal rank. There was nothing that could increase his strength anymore, including Ning Maner's nurturing. However, after absorbing around fifty Evil Good Flowers just now, his strength actually increased!
