

Soul Pets Bk2 1661

Chapter 1661: Depraved Human Territory

The Solar Eclipse lasted for a really long time. Chu Mu assumed it would only last for a few days, or one month at most.

However, it had been several months since the start of Solar Eclipse, yet the sky was still in total darkness, not a trace of light could be seen.

The longer the darkness domainted, the faster the plants wither. Soul Items, Xuan Items and Immortal Items would be lost in great quantities, the entire living world would be in a weakened state.

Furthermore, countless vile creatures would appear during Solar Eclipse. They could get stronger by absorbing the darkness energy, this severely tipped the balance of the ecology.

War and plague followed next.....

It could be imagined that the entire soul pet population would be reduced proportionally after Solar Eclipse. Reproduction and cultivation would become much more difficult than before. This was indeed a slow-acting and long-lasting disaster to the world.

The two agents stayed in Northern Territory for a period of time. They had told Chu Mu some of the old histories, including the origin of the various Undying rank experts as well as a brief explanation of how they became Undying rank.

After that battle against Chu Mu, Ancient Flood Dragon Person quietened down. It ruled over that black ocean it possessed and did not expand again.

One tenth of Zhengming Continent was submerged, and one fifth from Wupan Continent. A total of one quarter of the human territory was occupied by Ancient Flood Dragon Person.

This was actually within the expectation of those leaders. The people living in the land that was occupied had already migrated to other places.....

Resources were limited in the entire human territory. Cities had to take in a large group of migrants and refugees. With the continuous fear from the dark sky, migrants and refugees received unjust treatment. There were people inciting others to start a revolution and attack those beautiful cities by organizing themselves.

When revolution and rebellion started occurring, the formal army had to deploy fighting forces. Hence, a tide of war within the Solar Eclipse swept across human territory.

In Wupan Continent, corpses could be seen everywhere.

Those corpses were either attacked by the suddenly appeared monsters, or killed by other humans. Bandits and thieves roamed around the roads which were normally safe. There were even many cultivators gradually falling to become bandits as well.

The dense darkness not only withered the plants, it also slowly changed the human heart.

Darkness made people panic, as well as enlarging the criminal mindset of some people.

They exposed their greed and desire in the darkness.

They started playing the role of the devil while using the darkness and chaos as the chance to do those things they did not dare to do due to public morality in the past.

The sky was already filled with those membrane-winged demons. They ate living humans and formed groups to hunt.

The soil was already overflowing with grudge and evil aura. Those corpses slowly crawled out from the soil under the nourishment of deathly aura. They carried thick mutated vile gas and corrosive toxins, polluting the surroundings.

Meanwhile, there were also those ambitious people with twisted minds due to darkness hidden amongst the remaining people. They gained an even more daring mindset while most were trembling in fear. They were doing even more horrifying things than those real demons.

Human's natural enemy had never been those wild soul pets, but other humans who had thrown away their humanity. Wupan Continent had degraded from a civilized society to a hell of violence and death during the Solar Eclipse.

Divine Sect had stepped out as the peacekeeper. However, Divine Sect could only restrain most powerful individuals from doing inhuman deeds, they could not stop the countless soul pet trainers at the bottom of the pyramid from turning into devils.

Other factions also made token examples, but every person was selfish. Who could guarantee that those members of justice wearing golden attire cleaned up the Heaven Demons invading the cities not for gaining control of the city?

Solar Eclipse caused resources to be even more limited. In the past, people could obtain the resources to strengthen themselves from some Bewildering Worlds. However, they could only obtain such resources from those around them. The most effective way was to kill the other party.

.....

Similar situation gradually appeared in Zhengming Continent.

One tenth of Zhengming Continent was robbed. There was about one tenth of the population that migrated. At first, the various major factions could organize the migration orderly.

However, even if those migrants settled down, it could not change the fact that resources were getting lesser and lesser.

Monsters roaming in the darkness started to threaten soul pet trainers and the safety of their families. They might still be eaten by the monsters even if they lived in the cities.

Nobody wanted to die, and nobody was willing to watch their family die. In order to survive, everyone was desiring to become stronger. If they wanted to become stronger, they could only snatch resources from others.

On the hundredth day of Solar Eclipse, a rebellion occurred in Zhengming Continent. There were around seven hundred realm cities and kingdom capitals getting occupied. The original citizens were either killed or chased out.

In order not to get invaded by those creatures in the darkness, some cities started to show signs of slavery and used those slaves to feed the monsters.....

This phenomenon also occurred in Heaven Palace.

It was difficult to imagine an originally peaceful and civilized human territory would suddenly become so terrifying. It was so terrifying that it made people suspect if it was a long nightmare.

In a short time, the human population rapidly decreased. Nobody had expected this Solar Eclipse to be so terrifying.

.....

Divine Sect, Elemental Clan, Demon Beast Palace, Xuan Gate Immortal School, Departed Spirit Palace, Ning Family Dynasty, Mu Family Dynasty and Wupan Navy, these eight largest factions in the human territory finally realized how disastrous this Solar Eclipse was. If this continued, nobody could guarantee that the human territory would not become a hell.

In the past, the Royalty that protected the humanity during crisis suddenly became silent, no longer showing up and giving speeches in the human territory.

At this moment, Divine Sect made the decision first and summoned all the leaders in the human territories to Beiming City for a discussion.

Meanwhile, as the sole Undying rank human in the entire human territory, Chu Mu would definitely become the most important guest invited for this discussion. Divine Sect also used Chu Mu's name to make sure all human leaders participated, or else they would bear the consequences themselves.

Some independent human leaders might ignore Divine Sect's summoning, but they definitely would not dare to deny the summoning from the sole Undying rank human.

Of course, Yu Suo was holding on to the lifeline of many leaders. Now, everyone knew Chu Mu was their true master. With so many powerful humans gathering, they did not have to bother about those Royalties who were agents from Heaven Palace.

Beiming City was built on Hermit Mountain in between Wupan and Zhengming Continent. Chu Mu and Beiming City's City Lord Xia Yin were also old acquaintances.

In fact, Chu Mu never regarded the world as his responsibility. He only wanted to protect New Moon Land's people.

However, after being pushed up to such a height, many things seemed to have become his responsibility. After all, if he wanted New Moon Land to be truly peaceful, he had to let this human territory return to its original civilized state. Otherwise, one day, New Moon Land would also turn into hell. In a completely defiled world, no territory could remain clean.

.....

"Big brother, look at those sisters wearing blue clothes," Ning Maner sat on Dead Dream's back and pointed at those holistic figures in the city below.

Chu Mu saw them from far away.

This city seemed to have just suffered from a severe disaster. There were many injured people and plague was spreading throughout the city.

Meanwhile, in the city square, those female soul pet trainers wearing blue clothes were exorcising, healing and guiding the people. They were like female believers spreading a certain peaceful religion.

This allowed the greyish black city to display a not so despairing color.

“They are women from Guang Moon Palace. After the disaster started, they have been silently visiting various cities to solve the problems of plague and exorcising the miasma. They also healed the injured and handicapped, as well as instilling righteous values to those who lost their loved ones.....” praised Xia Yin with a gratifying smile.

“Guang Moon Palace,” muttered Chu Mu.

“Yes, they are Saintess Yu’s disciples. They have learned her neutralizing art. Honestly speaking, when the entire world is falling into depravity, there is still such a faction which is purifying the corruption without asking for anything in return. They maintained a pure heart and are worthy of respect,” said Xia Yin in a serious tone.

Even Divine Sect was unable to completely help the depraved human territory without asking for anything in return. The pure heart of those female soul pet trainers from Guang Moon Sect seemed to be unshaken. To Xia Yin, they should be the most beautiful women in the world.

Watching those women in holy blue attire working hard, Chu Mu fell into a deep thought.

“Young master, she is Evil Good Queen. Her other side is good, pure goodwill to the extreme. You can see she has built Guang Moon Palace in preparation for this Solar Eclipse.....” Old Li’s voice came from Chu Mu’s spatial ring.

Chu Mu had doubted Yu Suo’s hypocrisy, and always thought that whatever she did was to fulfil her ambition.

However, the truth was that she had her ambition, as well as her goodwill. Ambition and goodwill coexisted, that actually suited Evil Good Queen’s true quality.

.....

“Big brother, can I do the same thing as them?” asked Ning Maner.

Chu Mu looked at Ning Maner and did not answer immediately.

“Big brother, our territory is more peaceful because you and the others are there. But there are still many people dying.....” said Ning Maner.

She was the favored child of nature, but had to watch the nature wither.

“Go, Xia Zhixian will teach you what to do,” said Chu Mu.

Chapter 1662: Perfect, There Is A Person To Kill

“However, you need to be prepared to travel around for a long time, be prepared for tiring cultivations, be prepared to be unable to play around, be prepared to be unable to see me for a long time. Are you ready?” asked Chu Mu with a serious expression.

Ning Maner felt a little troubled and whispered, "I want to meet big brother and big sister often."

"It's alright, nobody will force you if you don't want to do it," said Chu Mu.

Ning Maner shook her head and spoke, "I want to do something for them. Big sister is also a really strong Immortal Teacher now. She also don't want to see other places full of depravity. Big brother is always cultivating and travelling around for our sake. What we can do is to help more people under big brother's name. We will make them respect our territory and all of us, then there won't be any war again....."

"No, New Moon Land will never be in a war again," said Chu Mu.

Who would dare to wage war on New Moon Land now?

Ning Maner spoke seriously, "Big brother said that I must learn to be independent. We cannot always let big brother protect us. Also, this is something I want to do the most."

Hearing Ning Maner's words, Chu Mu felt his heartstring pulled.

If..... he suddenly left one day, they would be able to take care of themselves.

Ning Maner was right. Chu Mu stroked her cheek and nodded, "Alright, then do what you want to do."

A smile bloomed on Ning Maner's face, her pure smile could melt the heart of others.

Chu Mu did not possess such a pure kind heart, but he would protect this untainted girl.

Be it Guang Moon Palace or Ning Maner's Messiah Tree power, they might not be able to completely change the entire depraving human territory, but what they did could let those people lost between darkness and light saw a glimpse of hope.

As long as there was hope and faith, the world would not deprive forever.

.....

Chu Mu did not fly very fast. He also wanted to know how big of a change happened in the human territory during the Solar Eclipse period.

In many cities, Chu Mu saw the figures of those Guang Moon Palace disciples. Although there were not many of them, they were quietly doing what they could.

Chu Mu was thinking that while there was no news about Yu Suo, she might be doing the same thing as her disciples in a certain rural city.

After all, she was already insistent on saving people when she was young.

Chu Mu wanted to use soul remembrance to sense Yu Suo's location many times. With his current strength, finding Yu Suo should be very easy.

However, when recalling her detested, cold and furious face, Chu Mu gave up that thought. She finally found some peace and quiet, he should not go and trouble her. There was no need for him to find trouble for himself.

.....

After arriving at Beiming City, Chu Mu noticed that it was in order and did not show any ugliness he saw along the way.

It seemed that Xia Yin had managed this independent territory well.

"I'm just keeping myself in check," Xia Yin showed a self-deprecating smile and indicated that he could not do anything about the surroundings.

"Being able to keep yourself in check is already difficult," said Chu Mu.

Now, even Divine Sect could not keep themselves in check. It was certainly difficult for an independent territory to be so orderly.

Xia Yin humbly smiled.

In the past, Xia Yin would always joke with Chu Mu, and the tone would also be more casual.

However, now, Xia Yin felt a real pressure when talking to Chu Mu. After all, standing next to Xia Yin was the sole Undying rank human. It was not wrong to say that he was the Human God. No matter how calm Xia Yin tried to behave, caution would always be present.

Chu Mu was the last to arrive at Beiming City. There were a total of fifty six human leaders, all of them had shown up this time.

For the eight major factions, all vice sects and above possessed leader rank strength. They made up for two thirds of the total human leaders. The remaining one third were more or less related to these factions, while the last few were either hermits or solos.

Amongst the fifty six, Chu Mu recognized King Ning, Xiao Xueang, Old Sect Master Xiao, Tang Ang, Immortal School's Old Sect Master, Darkness Sect's Sect Master..... a total of less than ten.

As for the others, Chu Mu mostly heard about their names but never really met them personally.

After Chu Mu reached Undying rank, most of the leaders directly or indirectly visited Northern Territory. Chu Mu did not meet them and made Chao Lengchuan in charge of them.

Chu Mu also had a vague impression of these people, but he could not remember who was who.

Out of the fifty six, the person with the strongest aura was Divine Sect's Sect Master Hua Mu. Chu Mu could sense that his strength was already leaning towards Undying rank.

In other words, he already fulfilled the condition to become a god, just that he did not obtain the power of Undying rank.

Divine Sect's Sect Master Hua Mu seemed to be uninterested in worldly affairs and had stepped down for many years. He did not desperately search for methods to reach Undying rank like Vice Sect Master Du Xian.

Chu Mu could tell that this elderly was already holding a mentality of leaving everything to fate.

As for the remaining people, none of them had the qualification to become god, not even Xuan Gate Immortal School's Old Immortal who possessed Limbo Flower.

The leaders present were all standing at the peak of humanity. They had never bowed to anyone.

However, when Chu Mu swept a glance across, none dared to make eye contact with him!

"Is this a conference to worship god?" An independent leader from Wupan Continent finally opened his mouth and broke the silence.

Everyone remained quiet.

In fact, this was a conference to worship god, because an Undying rank was born amongst humans.

Without a doubt, he would be the supreme ruler of humanity.

“I’m not interested,” Chu Mu took an uninterested glance at the person who spoke.

Chu Mu’s Undying rank did not need anyone to support or worship.

“Ahem~!” Divine Sect’s Sect Master Hua Mu coughed lightly and took a glance at Chu Mu. His intention was asking Chu Mu whether he could represent Chu Mu.

Chu Mu nodded.

“It is not Human God Chu Mu’s intention to summon everyone here this time, but our Divine Sect hopes that everyone can treat this Solar Eclipse seriously. The ten thousand year wheel Solar Eclipse is much more terrifying than our expectation. Everyone has seen how chaotic the world has become, right?” Hua Mu was the person with the greatest reputation in human territory after all. Since Chu Mu could not be bothered to talk, Hua Mu was the only person qualified to represent Chu Mu.

“I know, many of you are unconcerned about this matter. Everyone has their own bottom line and code of conduct. I’m not forcing everyone here to treat the world as your own responsibility.”

“However, if the place we live in has completely been defiled, I believe that your disciples and descendents may mysteriously disappear or die in future. You may be able to protect them for decades, but you cannot protect them for centuries, nor can you protect them all the time.”

“In this place, I hope that those individuals unconcerned with the Solar Eclipse to stop being a bystander and manage those you can manage. Don’t make us get distracted to face our own kind when we are focusing on handling those monsters.”

After Hua Mu finished his speech, he took a glance at Chu Mu and hoped that Chu Mu could make a stance.

Chu Mu nodded and calmly spoke, “If you don’t know how to restrain your subordinates or yourself, my soul pets will teach you. Of course, if you are confident that you can defeat my soul pets, I will personally come to take your souls.”

The expressions of those leaders who secretly conducted countless evil deeds immediately darkened.

There were not many completely upright people amongst the leaders. Which leader did not walk down a path paved by corpses to reach this level?

Furthermore, a number of leaders were classic examples of turning pale at the mention of their secrets. The evil deeds they had done in history could be written into many books. They were already planning on reaping more profit during this Solar Eclipse to let them survive better.

There were even some leaders who were the masterminds of some rebellions and revolutions.

Originally, everyone was at leader rank and nobody could really restrict each other.

However, a god suddenly appeared, he was an existence who could fight Ancient Flood Dragon Person all by himself. This caused those leaders to seriously think about whether they should play tricks at the risk of their lives under the eyes of that god.

“Those keeping themselves in check better do some humane acts. Those with ulterior motives better give up on such thoughts, don’t obstruct those who want to exterminate the monsters. My hunting teams will be created today. They actually really wish that you can make mistakes. The only decent opponent for them are you leaders now, and they just happen to be battle maniacs.”

Chu Mu’s hunting teams had already been established before Ancient Flood Dragon Person awakened.

His soul pets were at a really high rank now. They did not need Chu Mu to command them in battle, so he could totally let them roam freely.

Soon, they would also become the soul pets managing the order of the human territory.

Chu Mu did not demand everyone to rise up to oppose the Solar Eclipse disaster.

Solar Eclipse was not scary, the scary thing was these bastards and human trashes.

If they could be kept in check, the conflict would only be between humans and those Solar Eclipse monsters. The world would also be much cleaner.

.....

Chu Mu only had a few words. It was up to them to decide what they would do. Anyway, if Chu Mu heard something negative about them, then they better prepare a banquet to welcome his hunting team.

In fact, Divine Sect only needed these words from Chu Mu. Leaders were on the same level as leaders, only when someone like Chu Mu who completely stood above them making a stance could they truly know how to keep themselves in check.

.....

“Chu Mu, the Royalty asked me to give this to you,” Xia Yin hurriedly ran to Chu Mu’s side and handed over a letter glowly a pale light to him.

“It’s finally here?” muttered Chu Mu.

Heaven Palace’s invitation letter!

They already knew he was the one who stole Solar Eclipse energy and reached Undying rank through it. Then, would this be a trap?

Even if it was, he already stood in the same faction as Demon Ancestor and Yellow Spring Emperor. They should not dare to do anything to him.

He would not be afraid of going to Heaven Palace again. Perfect, there was someone he had to kill.

Chapter 1663: Ten Soul Pets Gathered

Raging wind blew past the ears like a savage beast roar.

Under the dark sky, the Myriad Heaven Dragon Abyss pointed towards the wheel continent where Heaven Palace was located, towards Crimson Sol which was hidden by the wheel continent.

No light from Crimson Sol leaked to the human world. The distant corona traced a lonely arch.....

This was Chu Mu's second time arriving at Myriad Heaven Dragon Abyss.

Its height would instill awe to those who looked up, while chills seeped into the bones when one stood at the peak.

The first to arrive seemed to be Chu Mu. The whereabouts of other era's strongest were still unknown. However, they would show up before long.

"Wuwuwuwu~!" Mo Xie yawned and indicated that it had awoken.

Chu Mu's four soul slots were occupied by other soul pets. Mo Xie could only stay in soul pet space now.

However, Chu Mu could faintly sense that he could still summon more.

Chu Mu attempted to chanted the incantation to summon Mo Xie.

Mo Xie jumped out from Chu Mu's soul pet space with sleepy eyes.

As it stretched itself, its petit body made cracking sounds to loosen its stiffness.

It did a full stretch after a good sleep.

It jumped onto Chu Mu's shoulder and rubbed Chu Mu's cheek.

Chu Mu looked at it in surprise.....

It was not that Mo Xie changed, but he could actually succeed in summoning!

Yu Suo occupied his first soul slot. The hunting team occupied the remaining four soul slots. All of his five soul slots were occupied, so he should not be able to summon any more soul pets.

In the end, little Mo Xie jumped out from its soul pet space!

"I can summon six soul pets?" Chu Mu was secretly astonished.

Soul pet trainer's summoning limit was five, no matter how strong he was. However, Chu Mu could summon six soul pets now.....

Chu Mu hesitated for a moment and attempted to chant another incantation.

"Little Hidden Dragon!" After the incantation was completed, a spectral diagram appeared in front of Chu Mu. Little Hidden Dragon flew out from the soul pet diagram.

Little Hidden Dragon flapped its wings landed on Chu Mu's other shoulder. Its big eyes were staring at Mo Xie.

Little Mo Xie lifted up its paw and shook, indicating that it had no snacks.

Little Hidden Dragon was a little disappointed and squeezed into Chu Mu's spatial ring.

Cling clang clong~! Chu Mu's spatial ring was ransacked by Little Hidden Dragon, but it did not find anything to eat.....

Chu Mu wrenched it out from his spatial ring and flicked its forehead, "Little glutton."

"Shashasha~!" Little Hidden Dragon acted pitifully.

Little Hidden Dragon was just a child that could never grow up. It could not be helped, since it was the only soul pet which was nurtured from its soul pet egg stage.

"Young master, you just summoned your seventh soul pet," said Old Li in surprise as it jumped out.

Chu Mu himself was also surprised. Could it be that Undying rank's soul allowed him to be able to bear the burden of summoning all his soul pets??

Apart from visiting each other's soul pet space, his soul pets had never really gathered in front of Chu Mu before. Thinking that he could actually summon so many soul pets together, he anticipated the moment he summoned all of his soul pets.

Chanting another incantation, Chu Mu continued his summoning.

This time, he summoned Ning.

Chilling ice gathered and Ning came out from Chu Mu's soul pet space. It obediently stood next to Chu Mu.

"Devil Tree."

Chu Mu continued summoning. Devil Tree Battle Soldier also appeared before Chu Mu.

Devil Tree Battle Soldier scratched its head and looked at Little Hidden Dragon, Mo Xie and Ning with its humble face.

Devil Tree Battle Soldier remembered that Chu Mu had summoned Dead Dream, Night, Zhan Ye and Little Yellow Spring. They should have occupied four soul slots. Those four were currently cultivating and travelling in the human territory to find stronger opponents.

However, why did it meet Little Hidden Dragon, Mo Xie and Ning here?

"Ghost King!" Chu Mu continued chanting his incantation in surprise.

Ghost King's body was as huge as a mountain. It looked intimidating when it was summoned by Chu Mu.

However, this fellow felt that its body size did not suit this occasion and shrank itself to about three meters. Its huge curved sword became five meter instead.....

Ghost King was a classical introvert. While the other soul pets were playing around, it would stand at one side and watch. It would occasionally make some weird laughing sound, so everyone knew it was listening to them.

Ghost King looked at the others with a confused expression as well, then look at Chu Mu for an explanation.

“Qin!” Chu Mu's expression remain excited as he continued chanting.

After the incantation completed, a gust of raging wind disturbed the air current in this place.

Binding Wind Spirit manifested within the wind, a pair of bright eyes were examining the other soul pets.

It stretched out its tiny hand and started counting from Mo Xie. One, two, three, four.....

Ning tapped on Qin and indicated that it could stop counting. Other than the four that went to train, everyone was here.

“Wuwuwuwu~!” Mo Xie greeted everyone.

“Shashasha~!” Little Hidden Dragon flew over everyone’s head mischievously.

“Ling~!” Ning just stood next to Chu Mu like a child who still needed to hold hands.

“Qin~!” Qin flew around Chu Mu non-stop.

The quiet gang Ghost King and Devil Tree were similar in height. They looked at each other and scratched their head humbly.

“I will call them over also,” said Chu Mu excitedly.

Chu Mu never expected to be able to summon all of his soul pets.

He did not know what was going on. Why was the summoning not restricted by soul slot after reaching Undying rank?

.....

Dead Dream, Night, Zhan Ye and Calamity received Chu Mu’s mental signal and rushed towards Myriad Heaven Dragon Abyss from different direction.

Chu Mu possessed spatial ability. If he let them use spatial transfer, they could rush back quickly.

.....

The first to arrive was Night. During Solar Eclipse, its speed had reached the extreme. It showed up while elegantly stepping on darkness.

When it landed before Chu Mu and the other soul pets, Night's calm and indifferent eyes suddenly opened wide. It looked at the group of soul pets around Chu Mu in surprise.

"Shashasha!" Little Hidden Dragon saw Night and happily laid itself on Night's dream horn.

Night shook its head and threw this chubby fellow onto the ground. Then, it looked at everyone confusedly.

Night was one of Chu Mu's earliest batch of soul pets. In addition, its personality was calm and composed. It looked like a big brother as it walked towards the other soul pets.

Soon, Zhan Ye and Dead Dream arrived simultaneously.

Zhan Ye stood on Dead Dream. It seemed that they travelled together.

After Zhan Ye and Dead Dream landed, their expressions were similar to Night. They almost thought they returned to Chu Mu's soul pet space.

“Wuwuwu~!” Mo Xie's tail fluttered out and rubbed Zhan Ye's head.

Zhan Ye coolly stood on one side. However, after Little Hidden Dragon crawled up from the ground, it happily jumped onto Zhan Ye's back.....

Finally, Little Yellow Spring appeared while riding on a wave.

Little Yellow Spring did not know anything, so it did not feel strange when seeing everyone gathered.

However, this fellow had a similar personality as Little Hidden Dragon. The two fellows used their tiny forms to fly around the other soul pets.

Mo Xie, Ning, Devil Tree, Night, Zhan Ye, Ghost King, Qin, Little Hidden Dragon, Dead Dream, Calamity, including the White Nightmare which had integrated into Chu Mu's soul, all of these soul pets were next to Chu Mu.

Amongst the soul pets, Mo Xie, Ning, Qin, Dead Dream, Calamity and Little Hidden Dragon could transform into a miniature form. As they played around, this place looked like a soul pet kindergarten.

Old Li squatted at the side and exclaimed as it watched these playful soul pets, “If you tell others that they are the super powerful soul pets standing at the peak of the pyramid, there probably won't be anyone who will believe, hahaha.”

Chu Mu could not be any more familiar with the soul pets present. Their voice, their appearance, their habits, their personalities and their experiences.

They were mischievous, cowardly, honest, silent, aloof, composed, stubborn. However, no matter what their personality or temper were like, they eventually reached the top of the pyramid and became the rulers of their races in his heart.

Normally, Chu Mu could only summon a few of them. When all of them gathered and formed such a peaceful yet rowdy scene, Chu Mu felt an indescribable feeling.....

On the path of cultivation, Chu Mu had never given up before, perhaps because there was faith in his mind. However, it was more because they had accompanied him, making him feel that no matter how difficult this path was, he would not be lonely, helpless and bored.

Defeating enemies that he could not defeat in the past, strengthening their abilities, learning new abilities.....

He was growing, he was also watching them grow and change. There were many unforgettable and tearful experiences.

They were like his children, friends and families.

Many soul pets with high racial rank could not comprehend why some soul pets would sign soul pacts with humans and willingly listen to those humans.

However, a true soul pet trainer would never treat his soul pets as slaves.

As a matter of fact, in order to survive in this cruel environment, the special mutual reliance relationship between soul pets and soul pet trainers prevented them from becoming cold-hearted and emotionless.

After reaching Undying rank, Chu Mu understood that the strongest power was not power of destruction, but time.

No matter how strong the creature was, it could not fight against the flow of time.

However, what time could not take away were those memories etched deep in Chu Mu's soul. The trust, the reliance and the feeling would not be washed away by time or perish over time.

As Chu Mu watched his soul pets, his heart was about to melt.

If there was reincarnation, Chu Mu would unhesitatingly abandon this Undying rank and continue travelling with his soul pets in this vast soul pet world.

Chapter 1664: Yellow Spring Emperor

The soul pet world was vast. There were still many places in the human territory that Chu Mu had never visited before.

Beyond the human territory, there was the endless Eternal Ocean, the vast Demon Continent, the meandering Beast Mountain Range, the dark Ghost race Land and the beautiful Flower Kingdom.

Meanwhile, in between the territories of these major races, there were other races occupying their own territories.

Heaven Palace could cover the light that shone down to the world, but could it really cover the habitat of all creatures?

Beyond the territories of the major races, there were still many beautiful places. There were soul pets and scenery people had never seen before.....

A journey would not end because of suddenly becoming Undying rank, Chu Mu still had many places yet to visit.

The Heaven Palace invitation this time was a trap. However, it was just a difficult obstacle to overcome. Once he overcome this obstacle, there were still many things worth doing in this world.

Mo Xie would grow stronger. It might not be its final mutation.

Devil Tree Battle Soldier and Ning had already broke through the racial rank limit. Could they not advance towards an even higher realm?

As for the Undying rank Zhan Ye, when its power was fully unleashed, could it take on multiple Undying rank by itself?

Little Hidden Dragon could still get stronger by devouring souls. What if it devoured the soul of the wheel's strongest?

Dead Dream was constantly undergoing nirvana. Its Nirvana Rebirth might be able to break the law of its highest racial rank and create the Phoenix race with Undying racial rank.....

How could it come to an end? There were many things he still had to do!

Chu Mu gradually started smiling. This smile was pure, like a person who lost his direction suddenly seeing a straight path leading to the horizon. Even if he did not know where it would take him, he would still look forward to the unknown experiences on this path.

“I may be leaving for quite a while due to the Heaven Palace invitation this time. Although I don’t want to separate from everyone, this chaotic and depraved land needs your maintenance and protection. Qingzi who made food for all of you and Maner who provided energy for all of you also need protection.....” said Chu Mu.

The soul pets quietened down. They surrounded Chu Mu and looked at him without blinking.

“Train well. All of you need to learn to be like Night, Little Hidden Dragon and Zhan Ye. Get used to improving yourselves without me around,” said Chu Mu.

The ten soul pets were still looking at Chu Mu as if they did not understand his words.

“Sigh, never mind. I should just distribute missions for you all,” said Chu Mu helplessly.

They had all reached Immortal rank, their intelligence would not be any inferior to humans. There was no way they did not understand Chu Mu’s words. They were just too lazy to think, since they just needed to execute the decisions Chu Mu made.

“Before I return, clean up this dirty and depraved human territory. One or two of you will take turn to guard Northern Territory, while the others will just travel around freely. When you see those you don’t like or acting arrogantly, just go spar with them. Middle class Immortal rank, high class Immortal rank and peak Immortal rank, there should be plenty of these powerful individuals. You also won’t be bored or lack any opponent,” said Chu Mu.

The hunting team turned from the original four to ten. Solar Eclipse had churned the world into a mess, demons rampaged throughout the world. It was perfect as his soul pets were beginning to lack combat. By letting them act by themselves, it would train their independence and also make contribution to the chaotic human territory.

The ten thousand year wheel was about to end. Ten Undying rank experts would gather in Heaven Palace. According to Elder Li and Lan Qie’s description, this wheel’s strongest was not something that could be determined in a short time.

After going to Heaven Palace, they could not do anything other than staying in his soul pet space. So it would be better to let them out to travel around.

“Old Li, distribute their roles,” said Chu Mu.

“Young master, Ning Maner needs protection. Since she chose to do that, she will definitely encounter troubles.”

Chu Mu nodded and took a glance at Dead Dream, “You will accompany her.”

Dead Dream nodded and gladly took over the role.

“Shashasha!” Little Hidden Dragon raised its claw and was determined to guard Northern Territory.

“.....” Chu Mu naturally knew what it was thinking. It just wanted to stay closer to Ye Qingzi so it could eat snack any time it wanted.

Never mind, Little Hidden Dragon was strong enough to guard Northern Territory. So he would just let it protect that place.

Anyway, when the soul pets got tired, they would return to Northern Territory to rest. The remaining role distribution was not difficult. They could just do what they liked, even if they just wanted to occupy a region to be the lord.

Of course, Chu Mu would not let them get into any accident.

Before the soul pets left, Chu Mu planted two sigils in their souls.

The first sigil was a protection sigil. When their lives were in danger, this protection sigil would protect them so that they would not be killed by some powerful foes.

The second sigil was mental sigil. When one of them was in danger, the other soul pets would sense it. They would gather with the fastest speed possible to ensure that they could reinforce before the protection sigil wore off.

At Chu Mu’s side, they appeared no different from young soul pets with pure heart.

However, after leaving Myriad Heaven Dragon Abyss and heading towards the various regions of the human territories, they would become the nightmare of those rampaging demons!

.....

“Wuwuwuwu~!” While the soul pets left with enthusiasm, little Mo Xie was still lying on Chu Mu’s shoulder and appeared sleepy.

“Sleepy again??” Chu Mu hugged it up.

What could be wrong with it? It just kept sleeping and sleeping.

The nine soul pets had already left. Mo Xie did not seem intending to leave at all. Its eyelids looked heavy and it was grumbling.

“Are you sick?” Chu Mu felt that little Mo Xie had been really sleepy recently.

After using soul remembrance to inspect Mo Xie’s body condition, he realized that Mo Xie was very healthy, there was nothing wrong with its soul either.

It was in good condition, just that it always got sleepy.

In this state, it was unsuitable to travel and train.

“Young master, the enemies you will face are all Undying rank experts. They are well-versed in all kinds of soul attacks and their methods are unpredictable. Mo Xie may not be safe even if it stayed in your soul pet space,” reminded Old Li.

Certainly, when Chu Mu faced Ancient Flood Dragon Person, he clearly sensed his soul pet space suffering from Ancient Flood Dragon Person’s impact.

This impact would not shatter Chu Mu’s soul pet space, but the energy might heavily damage the soul pets inside. This was also the reason Chu Mu let his soul pets out to train by themselves. Their current strength could not endure such impact.

After thinking for a while, Chu Mu felt that it was better to leave Mo Xie with Ye Qingzi. Ye Qingzi would take good care of the sleepy Mo Xie.

“Wuwuwu~!” Mo Xie jumped down from Chu Mu’s shoulder and walked to the edge of Myriad Heaven Dragon Abyss’s peak.

The peak was full of Time Stones. These stones had existed on the peak for countless years. Mo Xie travelled between these Time Stones with great agility.....

Suddenly, its eyes brightened up as if it found a suitable nest. Then, it comfortably laid there and seemed like it wanted to sleep there.

“Speaking of which, when Mo Xie was still in soul pet egg stage, it was brought by Empyrean Cyan Hidden Dragon from Myriad Heaven Dragon Abyss to New Moon Land, right?” said Old Li.

“Wuwuwuwu~!” Mo Xie waved its nine tails to tell Chu Mu something.

“Oh, you are saying this places feels familiar?” asked Chu Mu.

Little Mo Xie nodded its head and used its claw to dig out a little nest.

“Then you want to sleep here?” asked Chu Mu.

Mo Xie nodded again and cried out.

“Alright, maybe you can find your origin,” said Chu Mu.

Myriad Heaven Dragon Abyss was the place closest to Heaven Palace. Mo Xie probably did not want to separate from Chu Mu, so it would just sleep here to wait for him.

Anyway, time would fly past as it slept. Perhaps, Chu Mu would have settled everything when it woke up.

If there was any accident, Mo Xie would also rush to Chu Mu’s side first, regardless if it mutated or not.

Chu Mu knew that Mo Xie would be unwilling to be too far away from him.

Since it liked here, then he would just let it sleep here. In Heaven Palace, Chu Mu could see the peak of Myriad Heaven Dragon Abyss in one glance. He also did not need to worry about any danger.

Honestly speaking, Chu Mu himself was also not used to Mo Xie separating with him. This was also a good thing. He could see this fellow's cute sleeping face anytime even in Heaven Palace.

Chu Mu was thinking whether Heaven Palace might have records about Mo Xie's origin. It was such a unique existence, so it should be impossible for it to appear out of nowhere.

He should start investigating the disappearance of Dragon race in Myriad Heaven Dragon Abyss. It was also that time when Empyrean Cyan Hidden Dragon brought Mo Xie's soul pet egg and flew towards New Moon Land.

"Then wait for me here," said Chu Mu.

Mo Xie extended its tiny tongue and licked Chu Mu's cheek.

However, its eyelids were getting heavier and heavier, it could not resist its sleepiness.

Chu Mu gently put it down onto the soft soil and set up a barrier around it to prevent demons from disturbing its sleep.

"Sleep well."

Mo Xie's sleepiness might be a sign for its mutation.

While Chu Mu was combing its fur, it was already snoring.....

In the past, Mo Xie could only fall asleep on Chu Mu's shoulder or in soul pet space. It was rare for Chu Mu to see it falling asleep on ground.

It seemed that this place might really be related to its birth.

However, just how did it come to this world?

Did the continuous mutation ability really end here?

Various questions surged out in Chu Mu's heart.

"Huhuhuhu!" Suddenly, a huge figure flew past in the sky and charged towards Heaven Palace with extreme speed. An arch-shaped vacuum barrier was left behind by this figure.

Chu Mu raised his head and recognized this being immediately!

Although he had never seen it before, he could be sure that it was the master of Eternal Ocean
——— Yellow Spring Emperor!

Chapter 1665: Lifespan Of The World

Yellow Spring Emperor's appearance was similar to Calamity. It possessed a dragon tail and Unicorn race's body, covered by golden scale armor.

On its two limbs, sharp bone armor protruded out, and many blade-like scales decorated the armor. The scales were densely packed and gave off an intimidating aura with its taut muscles.

Covered in colden scales, he could not see any weak point on Yellow Spring Emperor!

Yellow Spring Emperor twisted its body within the area below Heaven Palace as it seemed to have noticed someone present. It turned its head around and focused on Chu Mu with its dark yellow pupils.

Yellow Spring Emperor sensed Calamity's aura from Chu Mu. It appeared that he was the human who looked after its child.

Little Yellow Spring was Yellow Spring Emperor's youngest child, and was the child that was born between it and Yellow Spring Mother after it had become Undying rank.

Due to the laws of living things, the higher the rank, the lower the probability of fertilization. This was because the offspring would inherit some of the power from the parents, becoming stronger than normal offsprings.

Yellow Spring Emperor had many children, but most were born before it reached Undying rank. Some of those children had already died of old age in the ocean.

Meanwhile, Little Yellow Spring's birth meant that it would inherit Yellow Spring Emperor's Undying rank power. This resulted in Little Yellow Spring gaining a terrifying strength at such a young age, so terrifying that it could not even control itself.

Furthermore, Yellow Spring Emperor did not have any time to educate and restrain Little Yellow Spring. Little Yellow Spring just did everything as it liked and became a little tyrant in Eternal Ocean.

Hearing that humans could tame other races, and Little Yellow Spring certainly did not cause any trouble recently, Yellow Spring Emperor appreciated Chu Mu's ability.

Yellow Spring Emperor stopped in mid-air and examined Chu Mu who was flying towards it.

Yellow Spring Emperor's body size could compare with Ancient Flood Dragon Person. Chu Mu was not even as big as one of its scales. However, this did not obstruct their conversation.

"You are pretty early," said Yellow Spring Emperor. Its voice was thunderous and carried a gust of wind.

Chu Mu was a little surprised. Why was Yellow Spring Emperor also able to speak human language?

As if seeing through Chu Mu's question, Yellow Spring Emperor grinned, "After living for thousands of years, some languages can easily be learned. Undying rank's physique is already different from most other creatures. The racial limit has also become not so obvious."

"I don't really understand," said Chu Mu.

“Simply speaking, Undying means the eternity of the soul. After discarding the physical body, there won’t be so many restrictions between races..... Existences like us can be considered to have started jumping out of the ‘living thing’ boundary,” said Yellow Spring Emperor.

“You mean: Living thing should abide by the laws of birth and death. While we do not abide by that and so we cannot be called ‘living thing’ already?” asked Chu Mu.

“More or less. Oh, old Demon is here,” Yellow Spring Emperor turned its head and looked towards the west.

Chu Mu also looked towards there and saw demonic clouds rumbling in the sky!

Within the clouds, an astonishing silhouette gradually appeared. Chu Mu saw a huge tail that rivaled a mountain range stirring up the clouds.

In front of the tail, a slim body flew out and casually strolled in the demonic clouds.

Even though it was strolling slowly, it arrived before Chu Mu and Yellow Spring Emperor immediately.

Purple flame lingered below its four limbs. A long fox tail was similarly filled with purple flame aura. Silver fur fluttered in the air and its mane dragged behind like a silver cloak.

Solemn, aloof, intimidation and wild, for a moment, Chu Mu thought Mo Xie came to him as it could not bear to be separated.

However, judging from the aura, this Hades Purple Emperor was much stronger than Mo Xie. Its purple flame was not any inferior to the Devil Flame he used!

It was Hades Fox God, Demon Ancestor!

Hades Fox God seemed to have noticed Mo Xie sleeping on the mountain peak and stared at it with its silver eyes.

“It is not Hades,” Hades Fox God similarly used human language.

What astonished Chu Mu was that Hades Fox God’s voice was actually female. The voice was solemn and cold, giving off a dominating tone.

Mo Xie possessed nine tails, this was different from Hades Fox God’s single tail. However, Hades Fox God did not seem to be judging the uniqueness of Mo Xie from that. With the mental strength of an Undying rank, it should be able to see through the multiple fox race bloodline carried by Mo Xie.

“Do you know its origin?” asked Chu Mu.

Hades Fox God shook its head.

“Let’s get to the main topic,” said Yellow Spring Emperor.

Chu Mu, Hades Fox God and Yellow Spring Emperor had come to a consensus to maintain an allied relationship. If any one of them was in danger, the other two must help.

For the trip to Heaven Palace this time, the three of them naturally stood in the same faction.

“Chu Mu, you have just reached Undying rank, so you don’t know many things,” said Yellow Spring Emperor.

“Yes,” Chu Mu nodded.

“I said it just now, Undying rank cannot really be considered ‘living thing’ anymore. We have jumped out from the laws of birth and death. Even though only one Undying rank emerges every one thousand year, the total number will accumulate over the long period of time, to the point that will affect the stability of the world.”

“The reason Undying rank is called Undying, is because our current strength is strong enough to plunder resources from everything. We make use of these resources to exist. However, this act of plundering resources actually defied the laws of nature. After all, resources are not endless, and will even show signs of drying up due to our plunder. Hence, Heaven Palace decided that Undying rank can only exist for ten thousand years at most.”

Ten thousand years at most??

Yellow Spring Emperor and Demon Ancestor should have lived for many thousand years.

“That’s actually quite long?” said Chu Mu.

Hades Fox God shook its head and spoke with its cold female voice, “No Undying rank individual can live for ten thousand years. Because regardless of which era’s Undying rank you are, the settlement follows one ten thousand year wheel.”

Chu Mu’s mouth twitched and spoke, “Then my tenth era.....”

Hades Fox God nodded and spoke, “Not sure if you should feel lucky or sorrow.”

“A ten thousand year period is not as long as you think. In order to preserve our lifespan, we chose to cultivate in slumber. A few hundred years just amounted to a blink of an eye. Furthermore, hasn’t the far away ten thousand year wheel arrived already?” said Yellow Spring Emperor.

“However, why is this decided by Heaven Palace? Didn’t some of those people in Heaven Palace live for tens of thousands of years?” asked Chu Mu.

“Because as long as they covered Crimson Sol, only they can obtain energy, while we can no longer obtain any resources to maintain our lifespan. Of course, we can also plunder, but the price will be the energy source that living things relied on to survive. Crimson Sol no longer provides the source, the world is in a whitering state. If us Undying rank still plunder, it’s the same as using your own race’s lives to exchange for your own life. Then, when all living beings perish and we cannot obtain any more energy, we will die in despair,” said Yellow Spring Emperor.

Hearing Yellow Spring Emperor’s explanation, Chu Mu frowned.

Would Heaven Palace really dare to keep covering Crimson Sol and destroy the living world?”

If they really did that, they would really be too crazy!

“Undying rank’s normal lifespan is about one thousand years. You still have a long lifespan now, but after a thousand years, you must plunder the resources in human territory to sustain your life,” supplemented Hades Fox God, “You should know how strong an Undying rank is. In order to sustain this power, for every one year you extend your lifespan, you require the resources to sustain a hundred billion servant rank creatures.”

“A hundred billion servant rank creatures.....” Chu Mu drew a sharp breath.

This data was simply too enormous!

“That’s fundamentally ten years of lifespan for all creatures in your New Moon Land,” said Hades Fox God calmly. Seemingly to give Chu Mu some time to digest the information, it especially waited for a while before asking Chu Mu, “Are you willing to let your kin die in order to live for ten more years?”

Chu Mu shook his head.

His own lifespan already had a thousand years. It was impossible for him to let his future generations go extinct in order to live ten more years.

However, Chu Mu noticed a problem immediately. He turned his gaze to look at Yellow Spring Emperor and Hades Fox God.....

They should also have a thousand years of lifespan, but they had existed for thousands of years. Did they survive until now with the lives of their own race as the price?

“This exchange only happens during Solar Eclipse. Normally, we can directly obtain energy from Crimson Sol to extend our lifespan. Of course, taking too much resource will cause imbalance to the ecology. So we would choose to slumber most of the time to reduce the exhaustion of lifespan,” said Yellow Spring Emperor.

Chu Mu nodded and understood the general concept.

Heaven Palace held control over Crimson Sol. They held the authority to let the energy in the world wither and exterminate all living things. The extermination included the Undying rank which had a normal lifespan of a thousand years.

In other words, if Undying rank experts opposed Heaven Palace to the end, the result would definitely be the continued existence of Heaven Palace while all living things in the world perished. When all rebels died, Heaven Palace would open up Crimson Sol again to let the world enter the next cycle. It could be said as a new start.

If they did not want this to happen, Undying rank experts had to accept Heaven Palace’s ten thousand year wheel invitation. Even though they knew it was a trap, they still had to go.....

As for how to handle these powerful Undying rank, it would be decided by the wheel’s strongest.

“Then how many of us ten era’s strongest can survive?” asked Chu Mu.

“Nine, fourth era’s strongest has not successfully reached Undying rank. He is not amongst the invitation,” said Hades Fod God.

“At least half will be eliminated. The wheel’s strongest chosen amongst us will stay in Heaven Palace and not descend into the living world again,” said Hades Fox God.

Chapter 1666: Limbo, Underworld, Inferno!

As Chu Mu raised his head, he saw a few arrogant figures flying past under the beautiful corona.

They swept up a huge gust of wind as they flew past. The wind swept from the star river to Myriad Heaven Dragon Abyss, all the way to the place Chu Mu, Hades Fox God and Yellow Spring Emperor’s location.

“It’s Limbo Flower Queen and the others,” snorted Hades Fox God.

It could be seen that Hades Fox God was hostile towards those few.

Limbo Flower queen, Underworld Demon Lord and Inferno Ghost Lord had always been in one faction. Due to the death of fourth era’s strongest, Demon race and Ocean Species lacked one Undying rank. They had been in disadvantage and were suppressed over the years.

However, this time, Chu Mu joined their Undying rank faction and both sides were evenly matched again.

The remaining Ancient Flood Dragon Person, Black Nightmare and Elemental God would be considered as the solo faction.

Of course, if the two major factions wanted to do something to any of the remaining three, they would definitely stick together.

This was also the reason Yellow Spring Emperor did not immediately agree when Chu Mu asked it to take on Ancient Flood Dragon Person together.

If Yellow Spring Emperor attacked Ancient Flood Dragon Person, the other two Undying rank in the solo faction would assume that the two major factions were intending to clean them up. By then, it would become Chu Mu vs Ancient Flood Dragon Person, Yellow Spring Emperor would be facing either Black Nightmare or Elemental God. A conflict like this would only benefit Limbo Flower Queen's faction.

There were hardly any conflicts between Undying rank. After all, they had to reserve their strength for this ten thousand year wheel.

Ancient Flood Dragon Person had always been hiding in black ocean when fighting against Chu Mu because of this reason. If it exhausted too much strength or suffered an irrecoverable injury, it would definitely die in this invitation by Heaven Palace.

Limbo Flower was the offspring of the good side from Evil Good Ancestor. It was in holy blue color and appeared in Flower Beauty form. It looked a little similar to Evil Good Ancestor.

Due to it inheriting the good side, Limbo Flower Queen possessed a ring of corona-like holy halo. It did not seem intimidating and appeared to be gentle.

However, Underworld Demon Lord and Inferno Ghost Lord travelling together with it were the complete opposite!

Underworld Demon Lord was the progenitor of the Abyss Beast race. Its body was robust and exuded a savage aura!

Meanwhile, Inferno Ghost Lord gave off a terrifying aura. It had a creepy face and blood-stained chains entangled on its body. The clanging sound made by the chains as it flew past sounded really horrifying!

Chu Mu had travelled for a very long time, but he had never seen these legendary Undying rank creatures before.

Now, the five Undying Legends had all shown up. Two of them were next to him, while the other three were flying towards Heaven Palace. Their huge frames and tyrannical aura greatly astonished Chu Mu!

“They are already heading towards Heaven Palace, let’s go,” Yellow Spring Emperor stretched its enormous body and flew at the front.

Hades Fox God simply landed on Yellow Spring Emperor’s back and let Yellow Spring Emperor carry it.

Yellow Spring Emperor turned its head helplessly and looked at the lazy Hades Fox God.....

The majestic Yellow Spring Emperor became this demon fox’s mount.

Hades Fox God seemed aloof and did not feel that it was a big deal. Who asked this fellow to be so big and blocked its view?

Yellow Spring Emperor could not do anything about Hades Fox God and continued flying.

Chu Mu did not dare to be so intruding and followed right behind them.

Mo Xie had some connection with Hades Fox God. Although Hades Fox God appeared to be cold and solemn, he still felt some intimacy.

Meanwhile, on Yellow Spring Emperor's side, Chu Mu had signed a soul pact with Little Yellow Spring. Yellow Spring Emperor also treated Chu Mu like a junior, so it would answer the questions Chu Mu asked.

.....

After pushing through that layer of atmosphere, the wheel-shaped continent hovering in the star river gradually appeared.

During the first time he arrived here, this wheel-shaped continent was vertical to the ground. Now, it had become completely horizontal to the earth and covered Crimson Sol which stopped right above it.

Crimson Sol's light still shone onto Heaven City. Hence, it could be seen that the Solar Eclipse energy Yu Suo stole was just a portion of what Heaven Palace received.

As for the remaining Crimson Sol energy, would they be using it to create more Undying rank or for some other purposes??

Heaven Palace still contained many secrets.

The layer of restriction still protected around Heaven Palace. Crimson Sol energy's injection caused this restriction to burn red.

In fact, the entire Heaven Palace's continent was burning red. It felt like a piece of burning astral body.

Heaven Demons detested Crimson Sol's light. It was probably because this continent's back side had already been burned red that those Heaven Demons flooded into the earth after losing their habitats.

An opening was made on Heaven Palace's restriction, leading directly to Heaven City.

Heaven City's Twelve Sol Formation still shot out twelve burning pillars and bound Crimson Sol to prevent it from shifting. Then, the thirty six smaller nodes absorbed the energy emitted by Crimson Sol into Heaven City's diagram. From this angle, Chu Mu could see one Totem Maiden standing on each of the thirty six small nodes.

At the center of the thirty six Totem Maidens, there was a woman kneeling down in the center of the diagram.

The woman was covered in flames and only her silhouette could be seen.

“She should be the new Totem Divine Maiden after Yu Suo and Yu Qie,” muttered Chu Mu.

Totem Divine Maiden’s knowledge came from indoctrinate, while her power came from inheritance. Meanwhile, setting up formations required talent and study.

Yu Suo and Yu Qie both learned the most difficult formation setting. Chu Mu knew from Yu Suo’s memory that Human Mother really appreciated the construction ability of the sisters. She hoped to nurture them into the most outstanding Totem Divine Maidens.

Unfortunately, accidents happened later on.

Yu Suo knew the structure of the Solar Eclipse formation. If her inheritance was not abolished, nobody in this world would be able to steal any energy from her formation.

Chu Mu was thinking that Human Mother probably already guessed who stole from this formation.

.....

After flying into Heaven Palace, Yellow Spring Emperor chanted an incantation to shrink its body.

If it flew into Heaven City with its original body, it would occupy a really large area. This would hinder its movement.

Similarly, Underworld Demon Lord and Inferno Ghost Lord had shrunk themselves. They were currently walking up the long stairs towards Heaven Palace.

“Are you three Yellow Spring Emperor, Hades Fox God and Half Devil Chu Mu?” A man wearing white armor seemed to have been waiting here for a long time.

Chu Mu recognized this person. He should be Guardian Palace Beast Army’s administrator.

Heaven Palace had the Heaven Dragon Army. The chief in command was Dragon Maiden. They also had Heaven Beast Army, the chief in command would be the person before them —— Wang Jiang.

Judging from aura, Wang Jiang’s strength should be fluctuating around Undying rank, similar to Dragon Maiden.

Dragon Maiden was weaker than Ancient Flood Dragon Person, so Wang Jiang should also be weaker than the era’s strongest present.

Wang Jiang’s question was clearly unnecessary. It was impossible to fake the identity of Undying rank, it could be seen through from a glance.

Chu Mu noticed a detail. When Wang Jiang was mentioning Yellow Spring Emperor and Hades Fox God, he appeared to be respectful. However, when Wang Jiang was mentioning his name, that gaze and tone seemed a little strange.

That was quite reasonable. Chu Mu’s Undying rank power came from the Crimson Sol energy stolen from Heaven Palace. Normally speaking, they should be sending an army to capture and

execute Chu Mu. However, they had no choice but to invite him to Heaven Palace as he had become the tenth era's strongest.

Previously, Chu Mu and Yu Suo snuck into this place and stole God Dew. It was nothing as they could not find the culprit.

This time, they stole the most pure and important Crimson Sol energy from Heaven Palace and even let Chu Mu become Undying rank. Yet Chu Mu showed up arrogantly before them and they had to treat him as a guest. Not many could maintain a calm mind.

When Wang Jiang was reciting 'Half Devil Chu Mu', that gaze and tone was saying, "You sinful thief!" Chu Mu did not mind it, they could take it back if they had the ability to. If they wanted to fight, he would accompany them to the end.

Yu Suo had clearly told Chu Mu that even though Heaven Palace appeared to be mighty, enough to order the ten era's strongest like a boss, the fact was that Heaven Demons had clearly threatened their survival.

Currently, it was the important moment for Heaven Palace to absorb energy. Before obtaining enough energy, they would not carelessly do anything to Undying rank experts.

"Lead the way," said Hades Fox God plainly.

Wang Jiang shifted his gaze away from Chu Mu and led the three era's strongest towards Heaven Palace.

.....

“Yellow Spring Emperor, apart from Heaven Palace, there should only be us nine, right?” asked Chu Mu with mental voice after suddenly remembering something.

The reason it was nine was because Chu Tianmang’s breakthrough to Undying rank as fourth era’s strongest seemed to have failed. The energy in Monument Tears had been used by Yu Suo to refine Crimson Sol energy, so the leftover was insufficient to let him reach Undying rank.

“Yes, there are a few more. For example, the strongest Heaven Demon Ancestor and Black Sol’s child trapped in Black Sol. These two beings have lived for countless years and should be stronger than us,” said Yellow Spring Emperor.

“Black Sol’s child??” Chu Mu suddenly remembered the pair of eyes from Black Sol he saw in Evil Temple!

“Why was it trapped??” asked Chu Mu.

“I don’t really know about that, it’s a matter really long ago,” said Yellow Spring Emperor.

A matter even Yellow Spring Emperor said to be really long ago.....

Chu Mu had no idea how to trace back on this.

Chapter 1667: Heaven Palace’s True Appearance

When they entered Heaven Palace, Chu Mu was the one most familiar with the place.

Wang Jiang was leading the way right now and brought Chu Mu, Hades Fox God, and Yellow Springs Emperor to Wheel Palace.

Wheel Palace's guards were more than the other two palaces. They gave people a cold and empty feeling.

The palace's surface was as shiny as crystals and it reflected Chu Mu's figure. Strangely, Chu Mu discovered that the reflection on the floor wasn't of his normal body, but rather the black and white devil person.

Chu Mu felt a bit puzzled by this. Why didn't the shiny floor reflect his normal body?

.....

Wheel Palace was a layered building. On top of one palace was another. This building style was similar to Wanxiang City's Wanxiang Altar.

As they walked up through different palaces, a familiar scene appeared in Chu Mu's mind.

Chu Mu remembered Yu Suo walking through here...

And as expected, when they reached the highest point, Chu Mu's brows creased together.

A stone platform was erected at the highest point of Wheel Palace. The altar was full of grains of sand, left exposed to the sunlight, and at its very center was a needle and a wheel.

The needle was pointing at the sun in the sky. A crimson ray of light ran straight from the sun, through the sky, and connecting to the ground.

The wheel was filled with engravings that were burning in flames. It was particularly striking.

On top of the wheel's needle, Chu Mu could vaguely see a thin young woman exposed to the scorching sun. Even in death, her head was looking upwards, staring at the distant stars.

There was another young woman holding the corpse, dead for some time now, and crying. The cries still echoed in Chu Mu's ears.

Chu Mu's heart was incensed right now. Heaven Palace's cruelty was infuriating.

Chu Mu was able to understand Yu Suo's grievance now. Any person who saw that scene would feel an unforgettable hatred.

A sandy altar, a wheel's needle, and the sun hanging in the sky, raining down its scorching radiance.

Chu Mu was engrossed in the Monument Tear's memory, and his eyes began to blur over.

"Your emotions are agitating." Hades Fox God's cold voice entered Chu Mu's mind.

Chu Mu felt a chilling sensation in his mind and the anger and hatred which had mysteriously come slowly dissipated.

“I was thinking of a few things in the past,” explained Chu Mu.

“Concentrate. This place is Heaven Palace. You can’t guarantee that Heaven Palace has no other ulterior motives. They are a group of very selfish people.” said Hades Fox God.

Chu Mu nodded his head and wiped away the memories that were beginning to disturb his mind.

This happened when he resigned the soul pact. Yu Suo’s memories, to a certain extent, would mix with Chu Mu’s memories and Yu Suo’s emotions would affect Chu Mu’s emotions.

However, thinking about it, if Yu Suo were standing here herself, she would have instantly crumbled.

That scene played in her mind practically all day and night. There was never a moment where she forgot it or it faded.

“Excuse me, could you please wait here a moment? Human Mother, Wheel God, and Divine God will be coming” said Wang Jiang.

After speaking, Wang Jiang turned and left.

“Why weren’t the others brought here?” asked Yellow Springs Emperor, confused.

“Heaven Palace likes to make things unnecessarily complicated,” said Hades Fox God.

As he spoke, Hades Fox God turned its gaze to Chu Mu who was looking a bit absent-minded. He asked: “What’s the matter with you?” “I need to leave for a bit,” said Chu Mu.

Hades Fox God’s silver eyes flashed with a sliver of astuteness as he said: “What did you discover?”

“I’m not sure either.”

“They probably won’t let you just walk around...”

.....

In Guardian Palace, a man tightly wrapped in a windbreaker stood on the domed roof of the large palace.

His hair was silver white and he had a youthful but also weary face.

His eyes were also a silver white color and his pupils were not in focus. He was clearly absent-minded.

If one were to look closely, a layer of faintly discernible devil flames could be seen wrapping his body. These devil flame auras were a silver color and would occasionally show an evil black color. Each time this happened, his pupils would flash with an irrational ruthlessness.

“You know what ought to do, right?” a voice suddenly echoed in this person’s ear.

“You gave me a very stubborn body.” said the man.

“What? You still haven’t completely devoured him?” the voice rang out again.

“I’m nearly done. But it’s not a problem. Don’t forget what you agreed to!” said the man wrapped in the windbreaker.

“Don’t worry, she will learn how to undo the Black Soul’s seal soon. Your body will be able to retain its freedom then.”

“So, do you have the confidence to suppress them? The nine eras of experts?”

“I’ve already split them apart.”

“Then which am I dealing with?” asked the man in the windbreaker.

“Yellow Springs, Hades, and a fellow who’s like you. I believe that his soul will be a delicious meal for you.”

.....

On the wheel altar, Yellow Springs Emperor, Hades Fox God, and Chu Mu were still waiting.

Yellow Springs Emperor was feeling impatient and said: “Is Heaven Palace scheming something again?”

Hades Fox God’s eyes turned sharp as they scoured the surroundings...

Suddenly, a strange flame appeared on the wheel needle’s crimson flame. Immediately after, a glaring fire ring expanded from the center of the needle. It resembled a chain ring that locked the wheel stone altar inside!

More and more of these wheel rings appeared. They intersected with each other at different locations and sealed this area of space!

The wheel rings appeared extremely quickly. Yellow Springs Emperor and Hades Fox God were unable to react in time. By the time they realized that this was a barrier seal, there was no crack left open in the space around the wheel stone altar!

“Ao!!!!!!”

Yellow Springs Emperor let out an angry roar. Its body instantly expanded as it transformed into a long and enormous dragon unicorn!

Its savage claws fiercely struck the wheel barrier, causing the crimson wheel barrier to violently tremble.

But the wheel barrier was abnormally sturdy. Yellow Springs Emperor's undying rank strength was unable to leave so much as a scratch.

Yellow Springs Emperor's attack shook the stone altar, causing Heaven Palace to shake as well.

"It's no use. Since they dared to attack us, it means they have enough confidence to trap us." Hades Fox God was rather calm and he didn't even feel the need to strike.

"These crafty bastards!" Yellow Springs Emperor angrily said.

"Us undying ranks are a threat to Heaven Palace. The emergence of undying ranks are not permitted under their control." calmly said Hades Fox God.

Yellow Springs Emperor struck the barrier, unwilling to accept this. He said: "That is what I said. How could none of the undying rank experts not survive the last wheel? From the very start, Heaven Palace used fake information to trick us! What they're really doing is catching us all in one net!"

"Yes, in fact, the Heaven Boundary Monuments used the tragedies of past undying ranks to transmit this information to us. Unfortunately, we were too cowardly. We should have been fighting against Heaven Palace from the very start," said Hades Fox God.

The Monument Tears recorded only fragments of when the Seven Sins Fox and White Ocean God fought against Heaven Palace. Evidently, Heaven Palace had erased the full scene. Particularly, it had erased the moments of Heaven Palace inviting the undying ranks of the past to Heaven Palace and then attempting to eradicate them all when it came time for the full wheel.

The White God Emperor and Seven Sins Foxes probably had a strength that surpassed the other undying rank creatures by a lot. Once the other experts were killed, only these two creatures, which could be considered Ten Thousand Year Wheel Creatures, could resist Heaven Palace. Ultimately, one had been killed, and the other's species had to carry a sin.

Chapter 1668: The Rage Of Nine Era's Strongest

"Hmph, let me see how Heaven Palace can exterminate us," snorted Yellow Spring Emperor.

Since it responded to the invitation, it was confident of its strength.

Furthermore, would it really be that easy to wipe out nine era's strongest?

If Heaven Palace wanted to attack nine era's strongest, they would be digging their own graves. Yellow Spring was not panicking, and Hades Fox God was similarly calm. They were only furious, furious that Heaven Palace really dared to attack them!

"Don't be too optimistic, they must have made complete preparations, be careful," said Hades Fox God.

Yellow Spring Emperor's strength was no inferior to White Ocean God. If they were going to fight, Yellow Spring Emperor would not mind imitating White Ocean God and repeat the history of giving Heaven Palace a star river tsunami.

"Yes, let's wait and see," said Yellow Spring Emperor.

Hades Fox God did not want to waste its strength on the barrier. Since Heaven Palace intended to trap them here, then let them be.

Hades Fox God turned its head around and looked at the silent Chu Mu.

A trace of slyness flashed across its eyes. It used mental voice to speak to Yellow Spring Emperor, “This kid is quite sharp.”

“Yes,” Yellow Spring Emperor also smiled, “By the way, how long can the illusion you created last before getting discovered by them?”

“Hard to tell. If they want to keep us locked up here, then they won’t realize it. If someone comes.....” said Hades Fox God.

.....

Chu Mu was actually very familiar with Heaven Palace. This place was just this small. Yu Suo’s memory was also filled with Heaven Palace, it would be difficult not for him to be familiar.

Furthermore, he also carried the aura of Heaven Palace members. He actually did not need to hide around. He just had to hide his Devil Fire aura and walk around in open.

As for the Chu Mu trapped on the wheel platform, it was just an illusion created by Hades Fox God using one of his clones and looked exactly like Chu Mu. Chu Mu had left the moment he sensed something amiss.

Chu Mu clearly remembered that the wheel platform should be an execution platform. There also seemed to be barriers or restrictions on it. Wang Jiang bringing them to there was the same as bringing them to an open prison.

Chu Mu could not be certain of Heaven Palace's intention, but found it suspicious. Hence, with the cooperation of Hades Fox God, he secretly left.

Hades Fox God left a trace of mental power in Chu Mu's heart. With this, Chu Mu would be able to hear Hades Fox God's voice.

Judging from the conversation between Hades Fox God and Yellow Spring Emperor, they were indeed trapped.

"Strange, Heaven Palace is in trouble themselves. They have to face the huge threat of Heaven Demons, yet why do they dare to make a move on nine era's strongest? Aren't they digging their own graves?" muttered Chu Mu.

Heaven Palace's behavior was very strange.

Suppose Heaven Palace was able to wipe out these era's strongest in the past few wheels. After suffering the two heavy impacts from Seven Sins Fox and White Ocean God, Heaven Palace had become far weaker than before. With the threat from Heaven Demons, just how would Heaven Palace oppose nine Undying rank? If they exposed their killing intent towards the nine era's strongest so early, the nine era's strongest would obviously join hands to destroy Heaven Palace.

“Grrrr!” Suddenly, a deafening roar rang throughout Heaven Palace. The ferocity of this roar shook Heaven Palace!

Countless white-armored figures immediately swarmed out from Wheel Palace, Guardian Palace and Totem Palace. These people flew into the sky and cautiously watched the guardian platform.

Heaven Palace had three platforms: wheel platform, guardian platform and totem platform.

Chu Mu, Yellow Spring Emperor and Hades Fox God were brought to wheel platform, it was also the place where Yu Qie was executed.

Limbo Flower Queen, Underworld Demon Lord and Inferno Ghost Lord were brought to guardian tower. Chu Mu was currently at the Guardian Palace. He was able to see the highly erected guardian platform getting wrapped around with a crimson flame ring, forming a powerful restriction.

In the restriction, Underworld Demon Lord bulged its muscles and crazily crashed onto the barrier that trapped them!

The power of Undying rank was simply terrifying. Even though the barrier blocked most of the impact, the entire Heaven Palace was still being shaken.

“What’s going on? Why is this happening? These era’s strongest are rebelling!” shouted the Forbidden Army generals angrily.

Heaven Palace's Heaven Dragon army, Heaven Beast army had already gathered. Chu Mu could see densely packed dragons hovering above Heaven Palace's sky. On the guardian plaza, several tens of thousands of White Heaven Beasts neatly lined up!

The originally quiet Heaven Palace showed a clear change due to the impact of an Undying rank, as if a war was about to start.

Chu Mu ignored them and walked straight towards Totem Palace.

Nobody noticed Chu Mu, he reached Totem Palace without any hindrance. He could see the crimson Imperial Concubine Dragon coiling around the roof of the highest point in Pavilion of Myriad Pavilions. That pair of eyes were sharply focusing on the rampage happening on guardian platform.

Dragon army's highest in command —— Dragon Maiden!

Dragon Maiden's legs had recovered. Heaven Palace possessed the ability to resurrect the dead. Dragon Maiden's injury was nothing to them.

Chu Mu found this matter to be suspicious, so he used spatial ability to fly into the pavilion where Dragon Maiden was located at.

Dragon Maiden's sharp gaze turned to Chu Mu and coldly asked, "Who are you?"

"Human world agent. May I ask what happened?" asked Chu Mu.

Dragon Maiden definitely could not recognize the members from the royalties. Chu Mu dared to stand in front of Dragon Maiden because he carried the aura of Heaven Palace himself, as well as the urgency of the current situation. Dragon Maiden would not have the time to check for his identity.

“Era’s strongest are intending to rebel. Inform those in the human world to return and defend Heaven Palace,” said Dragon Maiden without any emotion.

“They intend to rebel? Aren’t they trapped by our barriers?” asked Chu Mu.

“We did not activate the barriers that trapped them. Also, they did not wait at Wheel Palace and went off to wheel platform and guardian platform!” said Dragon Maiden.

Chu Mu frowned and spoke, “Just now, I saw general Wang Jiang personally leading those era’s strongest to wheel platform when I was at Wheel Palace.”

“Nonsense. The invited era’s strongest had always been invited to Wheel Palace, how could we bring them to the execution ground!” scolded Dragon Maiden.

Chu Mu maintained silence and carefully thought through.

.....

Bam! Bam! Bam!

Underworld Demon Lord had a short temper. It kept slamming into the barrier with its body.

The barrier gradually showed cracks and seemed unable to endure this tyrant's slamming.

"You bunch of despicable things!" "You want to erase us from this world! I have not drunk blood for a long time, I heard that your blood is very delicious....."

"When I break this barrier, receive my rage!" Underworld Demon Lord's savage voice rang throughout Heaven Palace. Its voice was thunderous and horrifying.

Heaven Palace's Forbidden Army had already been ready and standing by. Once Underworld Demon Lord broke through the barrier, they would swarm in and would not allow this Demon Lord to wreck a havoc in this sacred Heaven Palace.

Dragon Maiden's expression was getting darker and darker. First, she could not understand why these era's strongest were brought to the execution grounds. Next, she also did not know who activated the barriers to trap them. If Heaven Palace intended to erase these era's strongest, why did she not receive any direction from Human Mother??

"I will ask Human Mother," said Dragon Maiden frustratedly as if she sensed something.

"I will go with you," Chu Mu immediately followed her.

"Mind your own business!" said Dragon Maiden coldly as she sharpened her glare.

Chu Mu did not mind at all and continued following Dragon Maiden.

Dragon Maiden did not want to waste any time and ignored Chu Mu while flying towards Totem Palace.

Divine Maiden Pavilion, it was still that room.

Human Mother seemed unconcerned about what happened outside and continued cultivating in her chamber.

“Human Mother, are we really doing this? Even if we can kill those era’s strongest, we will also suffer heavy casualties,” asked Dragon Maiden immediately.

After finishing her question, Dragon Maiden noticed that Chu Mu also entered and became angry, “What do you think you are? Is this a place you can enter??”

Chu Mu ignored Dragon Maiden and waited for Human Mother’s response.

Human Mother opened her eyes. She first took a glance at Dragon Maiden, then at Chu Mu.

Her gaze stopped on Chu Mu and spoke, “You carry an aura of someone I know.”

“Yes,” Chu Mu did not deny.

It would be impossible for Human Mother not to see through his true identity.

“Why didn’t you fall for the trap?” Human Mother slowly stood up.

She lifted up the curtain and slowly walked out.

Human Mother possessed a breath-taking beauty. This beautiful face seemed to be constantly changing minutely to Chu Mu. For a moment, Chu Mu even felt like Ye Qingzi was standing before him and examining him with a pair of wise eyes!

“I know Heaven Palace better than them,” said Chu Mu.

“Because of Yu Suo? She told you,” asked Human Mother with Ye Qingzi’s appearance.

“Something like that,” Chu Mu nodded.

Human Mother stayed silent for a while and spoke, “Then, who are you willing to believe? Heaven Palace, or.....”

After saying those words, Chu Mu noticed that Human Mother’s appearance changed again and gradually became Yu Suo’s face.

“I only believe in my own judgement,” said Chu Mu.

“I also believe in your judgement,” said Human Mother.

Dragon Maiden could not understand what they were talking about and looked at them in confusion.

“Human Mother, what’s going on?”

“Heaven Palace is about to perish,” said Human Mother.

“Impossible! Those era’s strongest can’t destroy Heaven Palace even if they join hands!” said Dragon Maiden.

“It’s not them,” Human Mother shook her head.

Chapter 1669: Human Mother’s Request

Dragon Maiden looked at Human Mother confusedly.

Currently, those era’s strongest were furiously ramming the barriers. Once they broke through, they would definitely attack Heaven Palace.

If it was not them, who else?

This was clearly an excuse made by those era’s strongest as they intended to rebel.

They wanted a longer lifespan and greater power!

These creatures which had transcended the law of living things had reached their current level by stepping over countless corpses. Their greed and desires could not be satisfied. They definitely wanted to destroy Heaven Palace and become the dominator of the world themselves.

Human Mother did not say anything and focused on Chu Mu instead.

“Can you find Yu Suo?” asked Human Mother.

Chu Mu shook his head, “She can’t wait to see Heaven Palace destroyed.”

Human Mother became silent.

Now, in the field of diagram deployment, only Yu Suo could surpass the current Totem Divine Maiden. Human Mother could return the Totem Divine Maiden’s inheritance to Yu Suo.....

However, if this power was given to Yu Suo, what she might do could be even more terrifying than the current Totem Divine Maiden.

“Human Mother, why do you want that traitor back? She stole Crimson Sol energy.....” Dragon Maiden was getting more confused.

Chu Mu took a glance at Dragon Maiden and wondered just why this woman was so stupid.

“You still don’t understand?” said Chu Mu coldly.

“Understand what?” asked Dragon Maiden.

“It’s not the era’s strongest that want to destroy Heaven Palace, but yourselves,” said Chu Mu.

“Nonsense. We don’t have traitors like Yu Suo!” said Dragon Maiden angrily as she pointed at Chu Mu.

“Then let me ask you, who brought those era’s strongest to the execution grounds?” asked Chu Mu.

Dragon Maiden opened her mouth and wanted to say something, but she did not know how to rebuke Chu Mu.

“Then, who possesses the ability to activate the barriers on those execution grounds? Those barriers can only be activated by the executive members of Totem Palace. Furthermore, do you think those era’s strongest are foolish enough to trap themselves inside in order to find an excuse to attack Heaven Palace??” continued Chu Mu.

Chu Mu’s knowledge about Heaven Palace was far more than those era’s strongest. Through Yu Suo’s memory, he even knew about Dragon Maiden, Human Mother and the other two palaces to some extent. At the start, when Wang Jiang was taking them to the place where Yu Qie was executed, Chu Mu already felt something wrong. Normally, shouldn’t all era’s strongest be gathered in Wheel Palace?

The barriers that trapped all those era's strongest followed immediately afterwards confirmed Chu Mu's doubt!

This Heaven Palace seemed strict and secure, but it had already been infested by something!

They used the identity of Heaven Palace and purposely created conflict between Heaven Palace and era's strongest.

Once both sides clashed, all they had to do would be to clean up Heaven Palace and those era's strongest in the end. Then, a new Heaven Palace would be born!

Heaven Palace had existed for far too long. However, who could be sure that Heaven Palace never changed its master?

At least, in the current ten thousand year wheel, many problems and shortcomings of Heaven Palace that had been hidden for so many years started to frequently appear. The potential threats set off at the same time. This was signifying the downfall of Heaven Palace.

As for the identity of the mastermind, it was easy to guess.

In the human world, those monsters were roaming around freely. In Heaven Palace, those monsters could threaten the existence of Heaven Palace. They even forced Heaven Palace to offer living humans to them as food every year.

Those monsters had plundered many things unknowingly!

Hearing Chu Mu's words, Dragon Maiden was stunned and was overwhelmed by disbelief.

Heaven City was still the same Heaven City, protected by countless Heaven Palace guards. They did not let Heaven Demons take a step closer to the city. Heaven Palace was also heavily guarded and watched over by the three palaces. To Dragon Maiden, Heaven Palace should be an impregnable existence, why did it suddenly become so fragile?

"Corruption..... By making use of the originally pure and desireless human heart, they corrupted them and then corrupted the entire Heaven Palace," said Human Mother.

"Human Mother, then what should I do? Are we going to watch these era's strongest destroy Heaven Palace? Then watch those devils step over our corpses??" asked Dragon Maiden anxiously.

Human Mother did not speak and looked at Chu Mu instead.

Dragon Maiden realized something and hurriedly clung onto Chu Mu, "You are one of the era's strongest. You can tell them that this is Heaven Demon's conspiracy and ask them to stop attacking Heaven Palace....."

Human Mother shook her head and said, "It's useless. If he tells them that we have already been corrupted by Heaven Demons, those era's strongest will unhesitantly stand on the side of Heaven Demons. Our Heaven Palace had built up countless grudges with those past era's strongest. They would rather ally with those devils than believe us. Although we sincerely invited them this time....."

Chu Mu nodded.

Powerful existences like Seven Sins Fox and White Ocean God had already been suppressed and killed by Heaven Palace. Furthermore, from the tone of Yellow Spring Emperor and Hades Fox God, they did not harbor any goodwill towards Heaven Palace, and even seemed to be pressured by Heaven Palace instead.

In that case, no matter what explanation Heaven Palace gave, the era's strongest would fight against Heaven Palace.

Unless Heaven Palace could really bring out the strength to overwhelm all era's strongest.....

Unfortunately, Heaven Palace did not have such strength. Many powerful individuals in Heaven Palace had been corrupted.

"Then what should we do? Human Mother, please tell me what I can do. I won't let Heaven Palace be invaded by those monsters, never!" said Dragon Maiden furiously.

"If Heaven Demons obtain victory in this conspiracy, the human world will become their hunting ground, because they have been feeding on humans. So, are you choosing to stand on our side now?" asked Human Mother as she looked at Chu Mu.

"Not exactly standing on your side," said Chu Mu.

Heaven Demon must be exterminated. Otherwise, those monsters roaming in human territory would be endless. Eventually, they would invade all the way to Northern Continent where New Moon Land's people were at.

As for Heaven Palace, Chu Mu also did not harbor any goodwill. They had been ruling over the world with a superior-like attitude. Their existence was not much different from Heaven Demons. Because if they wanted, they could cover Crimson Sol all the time and turn the human world into hell.

“Do you know why Heaven Palace exists?” asked Human Mother.

“Manage all living beings.”

“No, we are protecting,” said Human Mother.

“Protecting? You covered Crimson Sol in order to live longer, and even turned the living world into hell. This is called protecting?” Chu Mu found it funny.

The words of rulers were always grandiose.

Without them, the world would have been better.

“I know you understood many things from Yu Suo. However, there’s one thing Yu Suo does not know. I cannot tell you this matter. Regardless of what, Heaven Palace cannot be destroyed. I need your help,” said Human Mother with a various serious expression.

Now, Human Mother turned into Ye Qingzi’s appearance again, even her gaze seemed like Ye Qingzi.

This felt as if Ye Qingzi was pleading him.

Chu Mu shook his head and erased this hallucination from his head.

Human Mother saw Chu Mu's action and spoke, "If you see me as the most important person in your heart, then it means you also have many things you want to protect. Just like how you believe in her, please believe in me. Heaven Palace must not be destroyed."

"Give me a reason," said Chu Mu.

Chu Mu was also in a difficult dilemma. He must not let Heaven Demons become the ruler of the world, but he also could not let Heaven Palace stay like supreme beings.

"Dragon Maiden, go outside and wait," said Human Mother.

Dragon Maiden wanted to say something, but after seeing Human Mother's gaze, she had to leave.

.....

Dragon Maiden flew back to Pavilion of Myriad Pavilions.

She could not understand why Human Mother was requesting an outsider to help. His strength was only on par with other era's strongest. Just him alone might not be able to change the current situation.

More importantly, Human Mother held a secret even Totem Divine Maiden did not know. How could she tell such a secret to a person who did not even make a clear stand? She even told a loyal member of Heaven Palace like her to leave.

.....

Soon, Chu Mu also flew to Pavilion of Myriad Pavilions.

Dragon Maiden noticed Chu Mu's expression clearly changed.

"Follow me," Chu Mu told Dragon Maiden.

Dragon Maiden felt a little frustrated. How could this guy use a commanding tone to talk to her?

"I need to protect here," said Dragon Maiden.

"Human Mother's intention," said Chu Mu.

Dragon Maiden flew away while feeling confused. Soon, she received Human Mother's mental voice.

“Why? Human Mother, I can’t understand your decision. Why are you making me listen to an outsider!?” asked Dragon Maiden.

“Don’t ask and do as he says, if you still wish to save Heaven Palace,” said Human Mother with a stern tone.

Dragon Maiden did not dare to rebuke and stared at Chu Mu instead.

“Human Mother will hold back those furious era’s strongest. You and I have a more important matter to do,” said Chu Mu.

Dragon Maiden did not say anything and just responded Chu Mu with her cold glare.

.....

Chu Mu brought Dragon Maiden back to wheel platform.

Within the platform, Yellow Spring Emperor was lying there and seemed bored.

Hades Fox God was using its long snout to comb its bright silver fur elegantly, as if unconcerned about the commotion happening outside.

Dragon Maiden felt even more confused after seeing the two era's strongest.

The other era's strongest were rampaging, but why were these two so calm??

Chu Mu saw those two acting leisurely like that and was speechless.

As expected for two Undying Legends which had experienced the world. Their calmness probably made those conspirators scratch their heads in anxiety.

Actually, Hades Fox God and Yellow Spring Emperor had already heard the conversation between Chu Mu and Human Mother through the sigil Hades Fox God left on Chu Mu. After understanding the truth, Yellow Spring Emperor and Hades Fox God naturally calmed down, they could just watch the other era's strongest rampage around.

"Never mind, Human Mother will not tell this matter to so many people. Let's go, we seem to have something to do now?" Yellow Spring Emperor slowly got up.

Chu Mu nodded. The two Undying rank were certainly very bold. It seemed that they were willing to help him.

Chapter 1670: The Heaven Demon Nest Under Heaven City

"Open the barrier," Chu Mu told Dragon Maiden at his side.

"No! If they harm Heaven Palace....." said Dragon Maiden.

"Have you forgotten what Human Mother told you??" said Chu Mu.

Dragon Maiden gritted her teeth. She walked to the edge of the wheel platform and started chanting an incantation.

Unlocking the barrier was actually very complicated. Dragon Maiden took a long time to completely remove the barrier.

After the barrier was gone, Dragon Maiden still stared at Yellow Spring Emperor and Hades Fox God cautiously.

Meanwhile, Hades Fox God and Yellow Spring Emperor simply ignored Dragon Maiden and looked towards the other execution ground.

Heaven Palace was still trembling and shaking violently. It could be seen that Underworld Demon Lord's rage had reached a peak.

Underworld Demon Lord had a short fuse in the first place, and there was also Inferno Ghost Lord which had a similar temper next to it. Once they struggled free, they would definitely attack Heaven Palace.

Meanwhile, the other three Undying rank were probably provoked in the same way. Soon, these Undying rank would be attacking Heaven Palace.

"Leave those two lunatics alone. Let's do what we need to do," said Hades Fox God.

Chu Mu nodded and spoke, "We need to confirm one matter at Heaven Demon's nest."

“Oh, that big demon, I also want to meet it,” Yellow Spring Emperor seemed rather interested.

Dragon Maiden’s expression changed slightly. Only she knew how terrifying Heaven Demon Ancestor’s strength was. Even a few Undying rank working together might not be able to take it on.

Furthermore, there were countless demons in Heaven Demon’s nest. Barging into there was suicidal.

Heaven Palace organized subjugations, but ended up in total defeat.

.....

Below the wheel platform, Wang Jiang coldly watched Chu Mu and the other Undying rank leave.

Currently, a tightly wrapped man walked over and took a glance at Wang Jiang, “What happened?”

“They escaped!” said Wang Jiang with his head lowered.

“Towards which direction?” asked the man.

“It seems to be.....” Wang Jiang pointed outside the city.

The man pondered for a moment and sneered, “Acting independently like this is no good. Since they won’t comply, then finish them off.”

After saying so, the man took another glance at Wang Jiang, “Continue to provoke other Undying rank. You don’t need me to teach you how, right?”

“No..... No,” answered Wang Jiang hurriedly.

.....

Heaven Demon’s nest was inside this wheel-shaped continent. They disliked light and heat, only the dark cold cave was their favorite.

Chu Mu clearly remembered that beneath the bottomless abyss was actually a demon nest. There were various plants growing inside and countless unknown creatures resided there.

Chu Mu brought the three Undying rank towards this abyss.

Meandering cliff wall and endless darkness, there would always be some unknown existence wriggling at the bottom of the darkness.

Waves of chills surged out from the abyss, blowing past their bodies. They could only smell death and rot.

Chu Mu took the lead and flew down from the cliff. A crimson flame ray shot straight downwards, diving deeper and deeper into the abyss.

Yellow Spring Emperor followed right behind Chu Mu. Its enormous body exuded an intimidating aura.

Meanwhile, Hades Fox God still stood on Yellow Spring Emperor's back. It had completely treated Yellow Spring Emperor as its mount and seemed like it was natural.

Dragon Maiden was at the last. She trembled when she smelled that stench. Every time she fought in Heaven Demon's nest, she would smell this stench. It was the smell of her companions' blood mixed with demons' fluid. The scenes of her companions dying would keep replaying in her mind.

.....

The cliff was very deep, like a blackhole connecting to another world.

When Chu Mu landed, his flame was unable to brighten the surroundings, as the air was filled with darkness and toxin.

Chu Mu slightly frowned.

When Yu Suo jumped into here, only Evil Good Flower family and those Flower Demons were here.

However, the surroundings vines had rotted now. Heaven Demon's excretions could be seen everywhere. This stench was suffocating.

As Chu Mu turned his gaze towards the cliff wall, he noticed many big holes on the wall.

Stench and chills surged out from those caves. The Heaven Demons probably hid inside there. Especially when Crimson Sol was shining above the sky, they did not dare to come out for the moment.

"Why is here also....." Dragon Maiden looked at the surroundings in shock.

"If not, how did Yu Qie get surrounded by those Heaven Demons back then?" said Chu Mu.

There was a plain of black soil land behind Heaven Palace. Beyond the black soil was this abyss.

In the past, countless Heaven Demons swarmed out from here, surrounding Yu Qie and Yu Suo. Even Heaven Demon Ancestor appeared and heavily wounded Totem Divine Maiden Yu Qie.

Although no more Heaven Demon appeared on this land afterwards, it was clear that those Heaven Demons used a certain method to connect their nest and this cliff.

The black soil and rock around Heaven Palace had always been meteors and were extremely solid. Normally speaking, it would be impossible to drill through. Hence, when Dragon Maiden saw so many underground passage, she was astonished.

“Where do these lead to?” asked Yellow Spring Emperor.

“Should be towards Heaven Demon’s nest..... Of course, passing through a place along the way,” said Chu Mu.

After they ventured into the cave, the direction the cave extended towards was also the direction they came from.

As they continued walking forward, Dragon Maiden realized that these caves did not curve or turn much, they seemed to be pointing towards one direction.

The more she walked, the more shocked she was. She already noticed that if they walked a bit further, they would be directly under Heaven City!

“Ssssss~!” Suddenly, a strange sound rang out in the area in front, as if something was rapidly hissing.

Dragon Maiden could not be any more familiar with this sound. It was the noise Heaven Demons made after a full meal!

The sounds overlapped and became clearer. They could tell that a large number of Heaven Demons gathered in the cave opening ahead!

However.....

However, if they head forward a little more, it would be Heaven City above them!

Dragon Maiden had never imagined so many Heaven Demons gathered below Heaven City and Heaven Palace! Furthermore, they might be eating Heaven City's citizens right now!

As the group continued walking forward, a large clearing appeared in front of the cave.

Vile stench made even the air feel viscous. Pairs of eyes glowed in the dark cave.

Chu Mu lit up a cluster of crimson flame and casually threw towards the center of the clearing!

Huhuhuhu~! The light from the flame spread out and revealed countless horrifying creatures in the darkness!

Green and ugly faces, exposed fangs, lumpy membrane wings and sharp claws. Countless of these things were revealed by the flame's light!

The flame only lit up a small area. It was easy to imagine what the rest of the area was filled with!

The countless glittering eyes focused on Chu Mu's group in an instant. They stretched out their tongues and saliva dripped down like rain.

Dragon Maiden drew a sharp breath behind Chu Mu, her face immediately paled!

There were at least over 30,000 Heaven Demons in this clearing!

Furthermore, this place was below Heaven City. In other words, if they drilled through the soil directly, these 30,000 man-eating monsters would appear inside Heaven City!

“So the bugs have already filled the stomach. The glamorous Heaven Palace on the surface is really beyond cure,” said Hades Fox God slowly.

Yellow Spring Emperor nodded.

There was a nest of the natural predator right below one’s own city. What else could be more horrifying?

If not for personally witnessing this, Dragon Maiden would never believe such a horrifying fact.

What were those guardians on patrol doing? Why had they not discovered Heaven Demons gathering here?

What were the decision makers doing? Why were they allowing Heaven Demons to reproduce such a large population?

At first, Dragon Maiden was unable to believe that Heaven Palace would really fall into destruction, because there were too many experts in Heaven Palace.

However, after seeing such an astonishing scene, she had no choice but to believe.

This could only happen if the patrols in Heaven Palace slacked off. These Heaven Demons could only reproduce to such a horrifying number if those decision makers kept compromising.

It was their offerings that fed so many Heaven Demons!

The funny thing was that they even forced Yu Suo and Yu Qie who tried to change everything to death.....

Could such a Heaven Palace really be saved?

Right now, Dragon Maiden even started to suspect whether the Heaven Palace she saw was still the same Heaven Palace in the past. Whether those decision makers wearing human skin were still real people. Perhaps, beneath the human skin, they had the greedy face of a Heaven Demon!

“They seem to be trying to block us?” Yellow Spring Emperor slowly walked into this clearing.

Facing so many Heaven Demons, this Undying Legend never showed any fear.

“Don’t waste too much time here, we need to go deeper,” said Chu Mu in a serious tone.

“Leave these things to me. I haven’t exercised for a long time,” said Yellow Spring Emperor.

After that, Yellow Spring Emperor enlarged its body again. It flew at the front and furious water dragons clustered around its body.

Those Heaven Demons were blasted away into meat jam on the solid stone walls wherever those water dragons glided past!
