Chapter 551: Second Grade's Strongest Fight (1)

Ye Wansheng's Multicolored Devil Tiger was only at the ninth phase middle stage, and was two levels lower than a low class monarch. It would still be ok if it awoke one statue guard, but if it awoke two, it would definitely die.

Ye Wansheng cursed, and chased a few steps after Si Tian before hastily urging the Multicolored Devil Tiger to turn around and flee miserably.

"Crap, that fellow spoke the truth. A hundred meters, and they'll come alive!" Ye Wansheng said.

By now, Si Tian had already made it halfway. He suddenly stopped in his tracks and stared at Chu Mu and the others before saying: "It will take you guys two hours at least to stone statues, right? In two hours, I will have already brought the blood beast's crystal awake. Therefore, I suggest that you best not waste time and obediently leave..."

After speaking, Si Tian arrogantly laughed, and continued walking to the blood beast altar. It didn't matter how close he got to the stone statues, they wouldn't awake.

"What are we going to do? This fellow probably has the strength to fight the final honor blood beast. If we are to waste too much time here, he will take the ninth realm's final honor!" Ye Wansheng said in anger.

"We have no other choice. We need to kill our way through." said Chu Mu.

"Chu Mu, you should walk over without any soul pets. Perhaps you won't wake them up without any soul pets." Ye Wansheng pushed Chu Mu forwards as he spoke.

"Why don't you do that yourself?!" harrumphed Chu Mu.

If one didn't bring a soul pet within the hundred meter range of the statue guard and suffered an attack, the danger would be extremely high if one was attacked.

"Haha, your skin is very thick." Ye Wansheng lightly laughed.

Chu Mu had noticed that Si Tian didn't bring any soul pets with him. Perhaps the statue guards waking up had something to do with soul pets.

Promptly, Chu Mu attempted to walk forwards without any soul pets.

Soon, he stepped within the hundred meter range...

However, the statute guard still moved, and its pair of green eyes stared closely at Chu Mu!

"Fight!" Chu Mu knew that this method didn't work and they could only fight!

Chu Mu quickly retreated and had the Ghost King stand at the front of the fight.

The Ghost King's body burned with ghostly flames. Its body immediately grew from two meters to four meters. Facing the statue guards slowly coming alive, the Ghost King took the initiative to attack first. The monarch ghost sword fiercely hacked at the statue guard!!

'Hong~~~~~'

A ghostly aura of a sword descended, heavily falling on the statue guard!

The statue guard's were forced back a few steps by its strength. Its enormous two feet were heavily pressed into the brick ground as it stabilized its body!!

"It wasn't injured... this thing's defense is very strong!" Chu Mu was silently shocked!

The Ghost King's Monarch Ghost Transformation allowed its strength to double. A full strength swing of its sword caused its might to reach the ninth phase middle stage. However, this attack merely left a light wound on the statue guard's body. In other words, the doubling of strength wasn't able to break the enemy's defense!

A rock type soul pet's superiority was in its defense and its attack strength may have been lacking. However, a low class monarch rock type was hard to kill. If they had to kill one at a time like this, Chu Mu and the others would have to kill fifteen of these ultra-defensive soul pets.

“We should get rid of these as fast as possible.” said Princess Jin Rou.

As she spoke, she chanted an incantation and summoned her White Nightmare.

Princess Jin Rou’s White Nightmare had already reached the ninth phase high stage. It would be much easier to deal with the low class monarch rank statue guards now.

The White Nightmare Princess burned from head to toe with white demonic devil flames and immediately entered the fight, launching attacks at the statue guards!

The White Nightmare Princess was the vanguard, while the other soul pets were its support. It wouldn’t be particularly difficult to kill the low class monarch statue guards, but their defense was annoying, as it wasted everyone’s time.

It was two minutes before the first statue guard was defeated!

“Two minutes to get rid of one. All together, we’ll be able to get rid of them in under an hour!” said Ye Wansheng.

Chu Mu objected to this, because when he awoke the second statue guard, the third one woke up as well!

If they were to fight them one at a time, the concentrated soul pet attacks would speed up the fight a lot, but if multiple statue guards were to awake, the fight would definitely be elongated and become more dangerous!

“Two statue guards woke up at once. Ye Wansheng, have your Sword Beetle be the main attack force.” Chu Mu said to Ye Wansheng.

Ye Wansheng’s Sword Beetle had already reached the ninth phase high stage. It wouldn’t be an issue for it to fight a statue guard head on. The other one would naturally had to be taken on by Princess Jin Rou’s White Nightmare.

After six minutes, Chu Mu and the three others managed to kill these two statue guards with extremely high defense!

Ye Qingzi raised his head, and stared at the Blood Beast Altar at the very center. He discovered that Si Tian had already started fighting with the guardian creature. He probably wouldn't be long before he would be able to open the sealed blood beast!

"If we continue like this, the final honor will definitely be taken by him." Ye Qingzi began to fret.

Chu Mu swept his eyes over Si Tian. The guardian creature ostensibly wasn't much of a threat and it really wouldn't be long before he would be able to kill the guardian creature. Moreover, he was presently being tied up by the statue guards.

"White Nightmare!"

Chu Mu no longer held back. He promptly chanted an incantation, and his body began burning with ice cold nine underworld devil flames!

The nine underworld devil flames began expanding in all directions. Its chilling aura immediately woke up three statue guards!!

The dust from the three statue guards was shaken off as their enormous bodies began to move. Their green eyes lit up and they stared coldly at the extremely powerful White Nightmare!

As a high class monarch, the White Nightmare had an incomparably tyrannical aura. The White Nightmare didn't put the three low class monarch statue guards in his eyes!

"Hu hu hu hu~~~~~"

A nine underworld devil flame emerged on the White Nightmare's palm. It transferred the burning soul energy onto the ground and immediately ten nine underworld devil flames began to shoot up from underneath the ground. They all began to burn around the three statue guards!!

The three statue guards were immediately confined by the White Nightmare's nine underworld devil flames. They stood in anger amidst the flames, and let out rock-like rumbling shouts at the White Nightmare!

“You did well, get rid of the one on the left first!” Chu Mu had the White Nightmare split up the three statue guards with its nine underworld devil flames before having the other soul pets techniques strike the left statue guard!

“Beng!!!!!! Beng!!!!!!”

Techniques of various colors descended on the statue guards. All of these techniques had surpassed the ninth rank in might. If it wasn’t due to the unique composition of Immortal City, the entire plaza probably would have already been blown to pieces by now after any one of these techniques descended!

“Chu Mu, how did your White Nightmare get this strong?” Princess Jin Rou stared in a bit of shock at Chu Mu’s White Nightmare.

The White Nightmare was a ninth phase high stage high class monarch, and its strength was probably a level higher than a tenth phase middle class monarch by a level.

However, the White Nightmare displayed strength that had clearly reached that of a tenth phase high class monarch or perhaps even stronger. The low class monarch rank statue guards were unable to mount any resistance to the White Nightmare techniques.

“A ninth rank soul armor and a ninth rank full form close combat soul equipment. Its wearing 15 billion worth of goods. Such strength is near the peak monarch. How can it not be strong?!” Ye Wansheng responded for Chu Mu with a face full of envy.

These two pieces of equipment would easily raise the White Nightmare from the ninth phase high stage to tenth phase in strength. Adding on the White Nightmare’s being innately one level higher in fighting strength, the White Nightmare’s strength was now in between a high class and peak monarch. These low class monarch statue guards were not on the same level as the White Nightmare.

After fighting with the White Nightmare, the three statue guards were unable to last even two minutes before being defeated!

.....

The subsequent statue guards were unable to pose much of an obstacle to the White Nightmare. Within five minutes, the low class monarch statue guards were all defeated with the exception of the last two middle class monarch rank statue guards.

“Chu Mu, you go first. We’ll deal with the last two statue guards.” said Ye Wansheng.

Chu Mu swept his eyes over Si Tian who was fighting the last guardian creature and nodded his head: “Be careful you guys.”

After speaking, Chu Mu went forth to the Blood Beast Altar with his White Nightmare and Ghost King.

The guardian creature’s strength wasn’t weak. Si Tian had focused all of his attention on the guardian creature, so he didn’t notice Chu Mu and the other’s fight with the statue guards.

When Chu Mu brought his three soul pets up the steps, Soul Alliance’s Si Tian showed a shocked expression!

“How is this possible? How could you be so fast?!” Si Tian stared closely at Chu Mu!

At this moment, Si Tian discovered that Chu Mu’s three other companions were fighting with the last two middle class statue guards. Only, even if there still remained two statue guards, there was no way they could have arrived here so quickly!

According to Si Tian’s estimates, Chu Mu and the others needed at least two hours before being able to kill all of the extremely high defense statue guards. This amount of time was enough for him to get rid of all the creatures in the Blood Beast Altar.

However, not even fifteen minutes had passed, and Chu Mu had managed to make his way over!!

This was truly unexpected by Soul Alliance’s Si Tian!

“You were overly arrogant!” Chu Mu stood in front of Si Tian and spoke with disdain.

Until now, Soul Alliance's Si Tian was the publicly recognized strongest in the second grade. If this was the past, Chu Mu probably would have found it difficult to defeat even the secondary soul pets of an expert like this.

But through the Battle of the Realm, Chu Mu's strength had massively increased. Chu Mu didn't even need to put the so-called strongest person like this!

Chapter 552: The strongest battle in second tier (2)

A black little soul pet with meaty wings, like a bird or a bat, circled the skies of Immortal City.

These small soul pets were informational soul pets. They had no offensive power, and were completely the lowest level reconnaissance soul pets. They had very low intelligence- however, they could send everything they saw to their soul pet trainer through their mental connection.

At this moment, the Blood Beast Altar had one of these informational soul pets above it. It lightly landed on the pillar, its black eyes watching Chu Mu and Si Tian.

"Soul Palace Chu Chen and Soul Alliance Si Tian have met on the Blood Beast altar!"

The informational soul pet sent the message to the informational soul pet trainer, who then gave this information to the rest of the plaza, causing everyone to know about this new development in Immortal City!

"These two people finally met up! This is too exciting!!"

"The first and second strongest people are having a battle, and the victor will gain the final honor of second tier! I truly wish I was present to see just what soul pets they have, and how powerful their soul pet leading skills are!"

The battle between Chu Chen and Si Tian was easily the most awaited, as well as the most attention grabbing, battle. One must know that a true expert didn't just have powerful soul pets, but also superior soul pet controlling skills. If one could see it first hand, the benefits would be immense!

"Soul palace Chu Chen has always been hiding his strength. He may actually get rid of Si Tian!!"
People started discussing.

“How would Chu Chen be Si Tian’s opponent? Since he lost a soul in seventh realm, it’s four to three, Chu Chen definitely will lose.” Soul alliance Feng Kun said with disdain.

Feng Kun was the soul alliance member that was with Shen Yichen. In the battle against Chu Mu, he lost two souls. Before, he had the opportunity to win prizes in all the realms of Battle Of the Realm, but because of losing both his souls, he lost the chance to even participate in Battle of the Realm, so how could he not be angry?

Feng Kun and Si Tian had some relationship, so he specially told Si Tian to rip Chu Mu to pieces if they ever met, or else he wouldn’t be able to rid himself of the hate!

Outside was afire because of Chu Mu and Si Tian’s collision. Many soul pet trainers who hadn’t been paying much attention were drawn in by this commotion, and gathered on the Tianxia Plaza.

As the news spread, the entire Tianxia Plaza had a record amount of people, truly filling the entire area. Watching from above, the plaza barely had any empty space at all!!

.....

“Strange, why isn’t there any news after this long?”

“What’s the situation, why don’t the informational soul pets send more informational soul pets there?”

The more excited the people were, the more anxious they were too. Noticing that news between them wasn’t arriving, all sorts of angry shouting towards the informational soul pets started, almost matching certain sound type soul techniques in loudness!

The informational soul epts trainers were also sweating profusely. It wasn’t that they weren’t giving up any information, but for some reason, all the informational soul pets that originally had vision had lost it, most likely affected by the special ability of some organism in Immortal city.

.....

Blood Beast Altar

Chu Mu had already summoned Mo Xie and Zhan Ye, battling against Si Tian on the blood altar.

Si Tian's power was somewhat out of Chu Mu's expectation. He also had a soul pet that was high class monarch rank!

Si Tian's high class monarch rank was the soul palace seven diagram sacred beast Lin Yin Beast!

Lin Yin Beast was covered in dawnlight armor. Its body was like a tiger, majestic and sacred, emanating a holy energy all over!

The Lin Yin Beast's sub type was light type. Si Tian's Lin Yin Beast definitely wasn't ordinary. Its sub light type was more powerful than any other Lin Yin Beast that Chu Mu had ever seen. This meant that both of its main types had very high talent!

Lin Yin Beast was middle class monarch rank. However, being this highly talented in two types meant that even without any strengthening, its fighting strength was high class monarch rank. It truly was a top quality soul pet, a royal amongst Lin Yin Beasts!

Chu Mu was facing the top tier members of a billion young generation members in Tianxia City. These people's soul pet talents were each more abnormal than the last!

What Chu Mu was creasing his brow about was, if this Lin Yin Beast had such a powerful light type power, then the dark type Zhan Ye and White Nightmare would be restricted to some degree.

So, though White Nightmare's strength was between high class and top tier monarch rank, against a light type soul pet, White Nightmare's strength would be the equivalent of dropping a rank, causing it to be the same as this Lin Yin Beast!

Chu Mu's main reliance was White Nightmare. If the White Nightmare couldn't effectively use its power, then the triple control Chu Mu would definitely be at a disadvantage in battle.

"Your White Nightmare is indeed powerful. However, your luck is too bad and your soul pets are too one-sided." Si Tian laughed.

After speaking, Si Tian directly commanded Lin Yin Beast to attack White Nightmare!

Under the effects of light, Lin Yin Beast's speed increased even more. A slight flash passed on its dawn armor before it became a blur, appearing right in front of the White Nightmare!

White Nightmare didn't know what fear was. Facing the type counter Lin Yin Beast, White Nightmare didn't back off at all. Rolling up its nine underworld devil flames, it collided with the beast and light type energy of the Lin Yin Beast!

"White Nightmare, be careful and avoid its light type energy!" Chu Mu said to White Nightmare.

White Nightmare's temperament was very stubborn. If it fought as it currently was, it would definitely get wounded by light energy. The light type techniques will cause multiple times more damage for White Nightmare, so even if their strengths were even currently, in the collision of techniques, White Nightmare will still be the losing one.

White Nightmare's dark type was relatively weak, so it only lost one rank. If it were a soul pet with more dark type, then being two ranks down was a common matter.

Thus, soul pet trainers had to grow in all aspects. Simply cultivating one's main soul pet would be useless no matter how powerful it was if one met a type or technique counter.

Type counter was indeed headache inducing. Without the type issue, Chu Mu could definitely use the White Nightmare to get rid of this second tier strongest member.....

White Nightmare was only able to get to the Lin Yin Beast. Zhan Ye's broken limb rebirth was back to being available four times. Also, because of the growth in strength before, Zhan Ye would have a harder time gaining back its strength now.

Zhan Ye's hardest counter was demon type. Once a demon type soul pet restricted its movement and technique, it didn't matter how many Broken Limb Rebirths it had.

Unluckily, Si Tian's two middle class monarch ranks had one demon type!

Si Tian's usage of soul pets was far beyond Chu Mu's imagination. Under normal circumstances against demons, even if it were restricted, Zhan Ye could sort of cast a technique or two, causing damage to other soul pets.

Yet, this demon's mental restrictive ability was more powerful than any Chu Mu had seen, causing Zhan Ye to be unable to use techniques at all!

In this situation, Zhan Ye still had to face two middle class monarch rank soul pets. It could be said that Zhan Ye was merely being attacked. If not for the ninth realm soul armor, it would be wounded all over already.

As for Mo Xie, she was ninth phase middle stage, stronger than Si Tian's other middle class monarch rank, so facing it may be somewhat forced.

"White Nightmare and Zhan Ye have been countered!" Chu Mu secretly bit his teeth.

The only thing worth noting was Si Tian didn't have any plant type soul pets.

Beast type soul pets were restricted by plant world soul pets to a certain degree. Mo Xie could use her fire type techniques when dealing with plant world.

Of course, Chu Mu knew that Mo Xie's counters were ice and water type. If not for a water type plant world soul pet, facing an opponent even three ranks stronger would be fine.

"It's just a White Nightmare. No matter how powerful it is, it can't threaten me. Your Mo Ye is already useless, and your Royal Nine Inferno Fox is ninth phase fourth stage. Truly weak. I can almost ignore these soul pets." Si Tian easily controlled the battle, not letting Chu Mu have any time to take revenge.

Chu Mu had been worried his main type was too singular, possibly getting countered by other soul pet trainers and now, his ideas became reality.

"Qingzi, let us handle this. You go help Chu Mu." Ye Wansheng quickly realized that the tragic Chu Mu had both of his main soul pets' types countered.

Ye Qingzi looked at Princess Jin Rou, who told her. "I can face, go help Chu Mu."

Ye Qingzi nodded and rode her Purple Robed Dream Beast into the blood altar along with Water Moon and Wood Tray Spirit.

“Natural Wood Armor!”

Ye Qingzi muttered lightly, as a green glow appeared around the Wood Tray Spirit, slowly creating a young sprout-like branch that appeared on Zhan Ye’s body.

Zhan Ye was wearing ninth rank armor. Adding on its powerful life force, it may be completely countered by another middle class monarch rank, it wouldn’t lose in a short while. With Wood Tray Spirit's defensive ability, Zhan Ye’s injuries would be further lowered. In fact, even if Si Tian’s middle class monarch rank unceasingly threw spells at it, it may not do much real damage.

Zhan Ye’s defense and life force caused Si Tian to bite his teeth and think, “Powerful recover, powerful defense, and having been attacked this many times without dying, it truly is a tough nuisance!”

Si Tian originally wanted to restrict Zhan Ye and let another middle class monarch quickly kill it. However, the middle class monarch rank’s technique had went through all its techniques, and the mentally restricted Mo Ye was still standing. It truly was abnormal!

Now, with the natural wood armor, unless Si Tian’s middle class monarch rank had defense eroding abilities, killing Zhan Ye would cause his soul pet to die of fatigue as well!

Chapter 553: Awaken, The Rock Guardians of the Plaza (1)

“Ascent of the Demon Moon!”

The water glow slowly became a beam of demonic silver moonlight that spilled down from the downcast skies onto Mo Xie.

Mo Xie’s silver fur started moving without any wind. An even more powerful nine tail inferno fox demon aura expanded outwards, causing Mo Xie’s aura to strengthen even further!

The Ascent of the Demon Moon's effects, Mo Xie's ninth phase middle stage to ninth phase high stage, raising their strength by 1!

“Wuwuwuwu!!!!!!!!!!”

Mo Xie's speed suddenly increased, causing her long claws to burn with even stronger royal flames that continuously slashed through Si Tian's soul pets!

Originally, Mo Xie's attacks could barely break through the eighth soul armor wearing ninth phase high stage middle class monarch rank. Under the effects of Ascent of the Demon Moon, Mo Xie's attack became stronger, able to break through this organisms defense as well as allow royal flames' burning effect to flourish, pushing back the ninth phase high stage four winged snake demon.

A few support techniques later, Ye Qingzi's Water Moon and Wood Tray Spirit casted healing techniques. The Wood Tray Spirit healed Mo Xie, while the Water Moon healed Zhan Ye. Very soon, the battle situation was no longer as difficult.

Si Tian glanced at Ye Qingzi's support soul pets and furrowed his brows. He had heard of this powerful duo that took down the two most powerful Nightmare Palace members, and after Ye Qingzi's string of techniques were cast, Si Tian's advantage was gone.

“Get rid of his nine tail inferno fox first!” Si Tian realized that Chu Mu's Zhan Ye couldn't be killed in a short amount of time even with Lin Yin Beast.

Since it couldn't be killed, Si Tian let his demon restrict the Zhan Ye, while his other middle class monarch rank attacked Mo Xie!

Tenth phase middle class monarch rank with a subtype that was clearly two ranks higher than Mo Xie. Adding on another soul pet similar strength to Mo Xie, Mo Xie clearly had difficulty dealing with these two soul pets.

“Qingzi, let your dream beast help my Zhan Ye get out of the mental restriction.” Chu Mu said to Ye Qingzi.

“But, doesn't Mo Xie need my support more right now?” Ye Qingzi said questioningly.

Mo Xie was facing a ninth phase high stage middle class monarch and a tenth phase middle stage middle class monarch. She was facing the Hundred Blade Violent Insect, a bug type soul pet with extremely vicious attacks and would be shredded to pieces with a single bit of inattentiveness!

“Don’t worry, Mo Xie can handle it!” Chu Mu said seriously.

“wuwuwuwu~~~~~”

Mo Xie let out a battle hungry call.

Mutation needed the stimulation of battle. Only when facing a truly challenging fight will Mo Xie evoke the mutation blood she had in her!

“Mo Xie, first contend with the others!” Chu Mu said.

Mo Xie’s attack and defense weren’t the same as these two soul pets, but she had the absolute advantage in speed. Adding on Mo Xie’s dodging abilities, the two soul pets won’t be able to defeat Mo Xie in a short time.

Ye Qingzi saw that Chu Mu insisted on this and didn’t say any more. She told Purple Robed Dream Beast to float towards Zhan Ye and help it out with the battle against the demon.

Si Tian glanced coldly at Chu Mu.

Very quickly, he discovered that Chu Mu was standing at a place where he could directly be attacked. Immediately, Si Tian changed his strategy, and told his Hundred Blade Violent Insect to fake attack Mo Xie, but suddenly switch to attack Chu Mu himself.

Seeing the Hundred Blade Violent Insect jump over, Chu Mu showed astonishment.

Chu Mu was always very aware of his position on the battlefield. This position was always manipulated to ensure he couldn’t get directly attacked, and even if they tried, it would take a while.

However, due to the countless rock guards on Blood Beast Altar, Chu Mu’s movement was limited, and this slight slip had been accurately caught by this fellow!

“Wuwuwuwu~~~~~”

Mo Xie very quickly noticed the Hundred Blade Violent Insect that leaped towards Chu Mu. Letting out an angry call, its nine tails started whipping around!

Nine Tail Confusion!!

Nine tail confusion had a similar effect to Displacement Specter, able to change locations and swiftly appear in another place amidst the illusions.

Mo Xie's speed was faster than the Hundred Blade Violent Insect. After losing the ninth phase high stage middle class monarch, she immediately ran before Chu Mu.

To command Mo Xie better in battle, Chu Mu decided to jump directly onto Mo Xie's back and lay low, very narrowly avoiding the Hundred Blade Violent Insect's blades!

“Shua!!!!!!!!!!!!”

A few silver strands of fur floated down. The Hundred Blade Violent Insect was extremely terrifying. With Mo Xie's defense, if she were hit a single time, it would result in a medium sized injury, or she could even be wounded heavily!

Missing a hit, the Hundred Blade Violent Insect immediately extended its six armor clad legs and chased up the altar's stairs.

Another ninth phase high stage Four Winged Snake Demon blocked off Mo Xie's other escape path, no longer giving Mo Xie enough movement space.

Mo Xie originally could still dart between the two soul pets' attacks. However after Si Tian caught Chu Mu's mistake, Mo Xie's movement area was quickly restricted.

“Let's see where you'll dodge this time!” Si Tian smiled.

Giving a command out, the Hundred Blade Violent Insect's razor sharp arms started waving around, creating criss crosses of blades that swiftly became a blade vortex that rolled towards Mo Xie, not giving Mo Xie any chance to dodge.

The lower altar that Mo Xie and Chu Mu were on was completely blocked off. The sharp blades each extended near hundred meters. Even the hardest black brick floors was ripped open with astonishing cracks. If a soul pet were there, it would definitely be ripped in half!

"Mo Xie, go down!" Chu Mu glanced at the densely packed statue guards in the plaza and commanded Mo Xie to charge right into them!

The entire altar plaza was almost full of statue guards. They way outnumbered the pillars in the tunnel. Almost being anywhere in this area would wake five statue guards up!

Facing the bug blade storm, Mo Xie had no other place to dodge. Jumping immediately off the plaza, her body became a magnificent flaming image that flew past the plaza's edge!!

"Huhuhu~~~~~"

The royal flames remained on the plaza. Her dodging route neared many statue guards' alert ranges. After the fire light flashed past, the dust on the statue guards started shaking off. Their green eyes lit up, as their heads turned over rigidly, staring coldly at Mo Xie who had awoken them.

Si Tian's control over his soul pet was also very adept. After the Hundred Blade Violent Insect attacked, ninth phase high stage four winged snake demon suddenly leaped towards Mo Xie. Its long tail swung heavily towards Mo Xie and slapped Mo Xie and Chu Mu away and directly into the densely packed stone statue guards!

"Wuwuwu!!!!!!!"

Mo Xie knocked down a statue guard and immediately stood back up, bringing Chu Mu onto her back with her tails.

"Mo Xie, quickly run, these rock guards are waking up!" Chu Mu glanced around.

There were hundreds and thousands of guards on the plaza. In the hundred meter radius around Mo Xie, there were at least 20 statue guards!!

Chapter 554: Awaken, The Entire Plaza's Statue Guards (2)

“Long long long long~~~~~”

The ground began to shake. The dust from the twenty stone guards began to fall, slowly revealing their strong armored bodies. Their green eyes lit up, and they all stared at Mo Xie, who had fallen in between them. An enormous aura suddenly pressed down!!

“Wu wu wu wu!!!!”

Mo Xie didn't dare to stay there. She hastily used Illusion and transformed into four illusions that chaotically ran in the sight of the statue guards.

Taking advantage of the statue guards being disrupted by the four illusions, Mo Xie urgently increased her speed!!

“Mo Xie, flee to the left!!” Chu Mu's soul remembrance covered the surrounding area. In the shortest amount of time, he was able to determine where the least amount of statue guards were at.

Mo Xie's four paws practically didn't even hit the ground. As she ran, even more statue guards were awoken by Mo Xie!

A second after she neared the statue guards, they would fully awaken. After fully awakening, these things would use their green colored eyes to fiercely stare at the creature that woke them up, before shaking off the dirt on their bodies and giving chase!

Therefore, Mo Xie could not stop for even a second in the hundred meter area.

Fortunately, Mo Xie could travel over 200 meters in a second. Besides the original 20 statue guards that awoke, the others didn't awake.

Moreover, the statue guards were not as fast as Mo Xie. Before they had awakened, Mo Xie had passed through the thinnest area of statue guards with her fastest speed. When she had agilely done so, she, in a very thrilling manner, fled back to the steps of the Blood Beast Altar.

Ye Qingzi, who wasn't far away, saw Chu Mu and Mo Xie flee back, and she silently let out a cold sweat for him. A little bit later and he probably would be attacked from all sides by over a hundred statue guards!

"You managed to escape. Consider yourself lucky!" Si Tian harrumphed.

The moment his soul pets didn't suffer from Ye Qingzi's disturbance, Si Tian would definitely not allow Chu Mu to so easily escape from the altar plaza's statue guards.

Si Tian swept his eyes over Ye Wansheng and Princess Jin Rou's fight.

He wasn't stupid. If those two managed to defeat the two statue guards and joined the fight here, he would not be able to fight one versus four.

However, right now, Si Tian could not defeat Chu Mu's soul pets in such a short period of time. If things continued, the one who would lose would be him.

Indeed, as the fight persisted, Princess Jin Rou and Ye Wansheng defeated the two statue guards, and each lead their four soul pets to the Blood Beast Altar.

"Haha, the final honor belongs to us!" Ye Wansheng looked at Si Tian and laughed.

Si Tian really was strong, and the attributes of his soul pets hard countered Chu Mu. If Chu Mu was alone, he really would be in trouble.

But now that Ye Qingzi, Ye Wansheng, and Princess Jin Rou had made it to the Blood Beast Altar, Si Tian would no be the four of their opponent's even if he was stronger.

Si Tian quickly retreated to the edge of the Blood Beast Altar, when Ye Wansheng and Princess Jin Rou were about to finish their fight. He clearly was preparing to flee.

“What publicly recognized number one. He was destroyed by us!” Ye Wansheng had no filter on his mouth, and pointed at Si Tian as he mocked him.

As he spoke, Ye Wansheng had his soul pets join in the fight to quickly force back Si Tian’s soul pets.

Si Tian grit his teeth. The main thing was that he never expected Chu Mu to possess an extremely powerful White Nightmare that allowed him to enter the Blood Beast Altar so quickly. Now, he was being surrounded by four people and would definitely lose.

Outside of the altar plaza.

“Quickly look, it’s Chu Chen and Si Tian!” a Soul Pet Palace member pointed at the Blood Beast Altar as he spoke.

The altar plaza was extremely special. When Chu Mu and the three others had passed through the pillared path, there had been statues which they got rid of. However, once they were defeated, another set of statue guards mysteriously replaced the defeated ones.

In other words, another set of statue guards had appeared again on the pillared path which Chu Mu had just walked. These statue guards were guarding the area when the Soul Pet Palace people arrived. If they wanted to approach the Blood Beast Altar, they would have to defeat the new set of statue guards that appeared.

The leader of the Soul Pet Palace team was Wu Qing. He stared at Chu Mu and Si Tian before saying: “It seems that Si Tian is paying bitterly.”

Yes, Si Tian is only one person. That said, Chu Chen’s White Nightmare has a very oppressive majesty. It’s being suppressed by a light type soul pet, yet it can still use such powerful Nightmare techniques!” said one of the members.

Wu Qing immediately shifted his gaze to Chu Mu’s White Nightmare. His face gradually filled with shock and after a while he said: “This White Nightmare is a ninth phase high stage high class monarch. However, relying on ninth rank armor, it’s strength rivals a tenth phase high class monarch!!”

“A tenth phase high class monarch. How is that possible?!” the other few Soul Pet Palace members all stared with eyes wide open at Chu Mu’s White Nightmare.

“It’s really true. I’ve witnessed Si Tian’s Linyin Beast before. It’s a soul pet with two main attributes, beast and light. Its fighting strength rivals a high class monarch and this Linyin Beast has evidently reached the tenth phase. In these circumstances, that White Nightmare is still barely able to fight it to a standstill.” said Wu Qing.

“Si Tian has a tenth phase high class monarch, and so does Chu Mu. These two people are abnormal! With just one soul pet, they can sweep through our second grade!” the others had extremely strange expressions on their faces.

These people didn’t even have tenth phase middle class monarchs. Yet, the two of them up there were both controlling tenth phase high class monarchs. The difference between them was too obvious!

“It seems that Si Tian is about to lose. Team leader, what should we do now?” asked a team member.

“Let’s watch first.” Wu Qing didn’t immediately make his way over, merely watching from the side.

On the Blood Beast Altar, Si Tian’s four soul pets had evidently been wounded. Si Tian himself had no choice but to retreat outside of the Blood Beast Altar.

“You can scram!” Chu Mu coldly said to Si Tian.

Chu Mu had no sense of good will towards Soul Alliance’s people, and Si Tian was no exception.

Therefore, there was no sense of politeness in his words.

Si Tian’s face was extremely unsightly. He stared fiercely at Chu Mu and spoke in a low voice: “You guys believe that you can obtain the final honor? Too naive!!”

“What? You think that you by yourself can deal with all of us?” Ye Wansheng enjoyed bullying others, especially when the bullied person was the legendary Soul Alliance Si Tian.

The feeling of making the second grade's strongest person dejectedly leave was one which Ye Wansheng felt was very refreshing.

Si Tian coldly laughed, but immediately retreated from the plaza filled with various statues.

"Since I have methods of not awakening these statue guards, then I have methods of waking all of these statue guards. These statue guards are all protecting the Blood Beast Altar. If you guys leave the plaza right now, you will have to kill at least 15 statue guards. Your death is assured!" Si Tian continued retreating. As he did so, he recalled three of his soul pets back to their soul pet spaces, leaving only the Linyin Beast out.

The Linyin Beast stopped fighting with the White Nightmare, and quickly retreated to Si Tian's side.

"Hou hou!!!!!!!!!!" suddenly, Si Tian's Linyin Beast let out a roar!!

Each piece of its dawn battle armor shimmered with a scorching light that grew increasingly resplendent!!

Soon, the entire Blood Beast Altar was covered by light. It was dazzling and made it hard to even open one's eyes!

"I originally wanted to obtain the inner crystal from the Blood Beast here before slowly taking care of you. Since you guys have courted death, then don't blame me!!" Si Tian's voice suddenly rang out from the light.

The white light slowly ascended into the air and at the highest point gradually formed shapes. Suddenly, light swords began to rain down from the light onto the dusky plaza!

"Long long long long~~~~~"

The moment the radiance began to shed light, the entire plaza began to violently shake. An enormous rock type aura suddenly pervaded the entire plaza!!!

“What.... What’s happening!!!” the Soul Pet Palace members outside the plaza began to shout in shock.

The light was dazzling, but they were indistinctly able to see the statues in the plaza beginning to move!

“The statues... these statues have come alive!” a Soul Pet Palace person loudly yelled.

The entire plaza was composed of densely packed statue guards. They resembled towering but life-like soldiers. Even if they weren’t moving, they gave people a lot of shock.

However, when all of the statue guards opened their green eyes, their eyes were like stars that covered the enormous plaza. This scene made it even harder for people to breathe!

These were hundreds if not thousands of statue guards that were awakening!!

Each statue guards had strength that reached the tenth phase low class monarch. A hundred to thousand low class monarchs was a terrifying scene!!

“Quickly!!! We all need to leave this place. We absolutely cannot be locked onto by these statue guards, or our death is a certainty!” after Wu Qing saw the scene unfold, his face greatly changed!!

None of the statue guards had strength inferior to his soul pets. Moreover, even if there weren’t a thousand statue guards on the plaza, there were eight hundred. This was a legion of guards that was brimming with destruction. Even if one was stronger, one would not be able to block them!

“Haha, I’ll wait for you guys to die before coming back to collect your corpses!” Si Tian loudly laughed. He immediately recalled his Linyin Beast back to its soul pets space before walking forwards, alone, amongst the legion of countless statue guards!

As he watched the statue guards that continued to awaken around him, a smile rose on Si Tian’s face. He silently thanked Qin Ye: If Qin Ye hadn’t told him of the matters about the Blood Beast Altar’s statue guards while also telling him how to not be attacked by them, he would not have been able to mount such a gorgeous counterattack!

Therefore, if he could obtain the final honor, Si Tian really would deliver a big gift to Qin Ye who had instructed him.

However, as Si Tian proceeded forwards, he didn't discover that some of the taller and sturdier statue guards had locked their green eyes onto him.

Si Tian still believed he wouldn't receive the attacks of the statue guards as he walked among them. But he didn't notice these eyes!

Chapter 555: Thousand Monarch Catastrophe, Self-Seal

Finally, the deep green eyes began to move. Their hands were holding enormous blades composed of special rock. They slowly raised their hands and their eyes were filled with killing intent!1

The majesty of middle class monarchs immediately suppressed all directions. Si Tian suddenly discovered at this moment that he was being surrounded by several tenth phase middle class monarch rank statue guards. Moreover, they were launching attacks at him!!

The middle class monarch statue guards had shocking strength. Especially when they launched attacks at the same time. Even if Si Tian was wearing ninth rank armor, if he received their attacks without any other defenses, he would definitely be smashed to pieces!!

"How is this possible?!! How could they discover me?!!" Si Tian suddenly let out a cold sweat, and his eyes were filled with fear!

Si Tian was presently situated at the very center of the plaza. Around him were at least ten middle class monarch rank statue guards!

Si Tian had been so shocked that his face went pale. He hastily chanted an incantation, and summoned his Linyin Beast in front of him!

Si Tian's summoning speed was very quickly. By the time the attacks came, the Linyin Beast had already appeared by his side and blocked the first round of attacks for him. However, these were ten middle class monarch rank statue guards. Even if the Linyin Beast was stronger, it could not block so many statue guards by itself.

Most importantly, the moment the Linyin Beast appeared, the low class monarch statue guards originally focusing on the Blood Beast Altar unexpectedly turned their heads and stared, eyes full of killing intent, at Si Tian's Linyin Beast!

There were at least 20 surrounding low class monarch statues. When twenty of them attacked, one could imagine how terrifying this was!!

Si Tian was dumbfounded. He never expected that when he awoke these statue guards, he would end up trapped in a plaza filled with death aura.

Suddenly, Si Tian realized something. He saw that he and his Linyin Beast had been completely drowned in the statue guard pack, and angrily shouted in a direction: "Qin Ye!!! You even tricked me!!! You don't deserve a good death!!!"

"Long long long long~~~~~"

Si Tian's roar was quickly engulfed by the noise of countless statue guards. Right now, it didn't matter if Si Tian summoned soul pets. He would not be able to survive from the statue guards plaza...

Not long after, pieces of blood and flesh flew up from the center of the plaza. A captivating red colored splashed onto these grey colored statue guards, making them seem even more savage.

Chu Mu and the three others were on the Blood Beast Altar, and clearly saw Si Tian's death.

There were nearly a thousand statue guards in the plaza. No matter who it was, if one was stuck that deep, one was bound to die.

Now, the four of them didn't have the heart to feel stunned by Si Tian's death because they were standing at the center of the plaza and the statue guards were currently surging towards the Blood Beast Altar!!

Ye Qingzi and Princess Jin Rou were so scared that they lost color in their faces. There were so many statue guards. If they launched attacks at the same time, the entire Blood Beast Altar would be destroyed!

“Chu Mu.” Ye Qingzi grabbed onto Chu Mu’s arm tightly. Her palm was already perspiring with small beads of sweat.

Several hundreds of statue guards. This was practically an unstoppable force!

“Our ending will be like Si Tian...” Princess Jin Rou’s voice was slightly trembling as she spoke.

“Dead. Dead. I never expected that I, Ye Wansheng, would die here!” Ye Wansheng said as he let out a great amount of sweat.

Even if there were only ten statue guards that simultaneously appeared, the four of them would find it extremely hard to deal with. Now a hundred statue guards had appeared!

“Princess, do you know how to use the Blood Beast Altar’s seal?” Chu Mu asked in a low voice.

Princess Jin Rou nodded her head. She was smart and quickly understood what Chu Mu wanted to do. In a bit of shock she asked: “You want to seal us inside?”

Sealing oneself! Right now the only option was to seal themselves inside the Blood Beast Altar’s space in order to avoid this calamity!

Chu Mu said: “We can’t deal with so many statue guards. We can only seal ourselves in the Blood Beast Altar. If you don’t know how to seal us, then we’ll see each other in the underworld.”

“Opening the seal is like undoing the seal. We have to kill the guardian creature and use the soul remembrance to turn around the entire seal pattern and seal ourselves. However, the final guardian creature has hidden itself underneath the steps.” Princess Jin Rou pointed at the crafty guardian creature as she spoke.

The guardian creature was also a statue guard. This statue guard was a completely deep blue color, and very easy to recognize. Si Tian had already killed the other five guardian creatures. He was in the process of killing the last one when Chu Mu arrived. Now, they had to kill this final statue creature in order to enter the seal.

“Long long long long!!!!!!!”

“Long long long long long!!!!”

The enormous rock type energy practically filled the entire space with fine rock particles. These rocks continued to float up from the ground to the dark sky. It seemed as if the earth was about to flip as every particle began to fall to the sky!

Rows of large bodies began to step towards the Blood Beast Altar. For each step these statue guards took, it was clearly possible to feel the entire plaza shake!

Green eyes upon green eyes stared at the four people on the Blood Beast Altar, and an enormous storm-like killing aura surged forwards!!

These statue guards protected the Blood Beast Altar, and didn't dare damage it at all. Therefore, this prevented the statue guards from combining their strength to destroy the four people, because that would also entail damaging the Blood Beast Altar.

However, these statue guards continued to march towards the Blood Beast Altar and before long, the four people would be surrounded. When that time came, the long rock blades in their hands would rip them to shreds.

“Zhi zhi zhi zhi~~~~”

In the black oppressive sky, an agile messenger soul pet was flusteredly flying about. Originally it had planned on collecting information from the altar plaza, but when it got near, it had been swept up by this enormous rock type aura and didn't dare approach. It could only watch from afar and silently transmit information back to the soul pet trainers.

“Holy moly, the statue guards from the entire plaza have been awakened!!”

“These are monarch rank statue guards. Any one of them is able to annihilate all of my soul pets, much less when they number nearly a thousand. How does Immortal City have such a terrifying place!!”

The entire plaza erupted with noise. It had been a long while since they last heard information about the state of Chu Chen and Si Tian's fight. However, when news once more came to them, the situation had completely changed.

Even if it was only an oral recount, everyone in the plaza could ostensibly sense what kind of shocking and terrifying scene had appeared on the Blood Beast Plaza!

"Aren't Chu Chen and the others dead for sure?" when Shang Heng learned of this news, his face greatly changed.

"It's over, it's over. The leader and others are done... how could this happen. This simply isn't a normal competition!" Zhao Cheng yelled.

Ting Lan bit her lips but didn't speak. It didn't matter that these were second grade competitors. Even if they were Palace Lord rank experts, they would still potentially perish!

Chu Ning and Chu Xing were both stunned. With great difficulty, they had witnessed Chu Mu take one step at a time until today. They had even prepared a family book to recount the tale of honor to their family. They never expected that such a terrifying catastrophe would occur in Immortal City!

.....

On the altar plaza.

"Chu Mu, the seal seems to have been opened before, so some of the steps to open it will be saved. Right now, we only have to kill the guardian creature and the space inside the seal will be opened." Princess Jin Rou immediately said to Chu Mu.

"But if we enter the seal, won't we be locked in there the rest of our lives?" said Ye Wansheng.

"We won't. As long as someone opens it, we'll be able to leave. Moreover, this seal seems to have been broken by someone before. So if we use a rather strong attack from within, there is still hope of directly breaking the seal space." said Princess Jin Rou.

"But... the moment we kill the guardian creature, the seal will appear. Once the seal appears, the seal's strength will isolate the outer world with the space inside the seal. In other words, after we

kill the guardian creature, we must head to the center of the altar as fast as possible, or we will be left outside.” said Princess Jin Rou.

Princess Jin Rou’s words immediately caused the other three’s hearts to sink.

The meaning of these words was clearly that there had to be one soul pet that went to kill the guardian creature, but would unlikely return...

Regardless if it was Chu Mu, Ye Qingzi, Ye Wansheng or Princess Jin Rou, they saw their own soul pets as their lives. Having them sacrifice a soul pet was truly very difficult to do. Moreover, the guardian creature wasn’t weak. This wasn’t a task that any soul pet could do.

Most likely only Zhan Ye, the White Nightmare, Mo Xie and Princess Jin Rou’s White Nightmare could kill the wounded guardian creature by themselves.

“After we kill the guardian creature, how long will the seal appear for?” Chu Mu broke the silence with a question.

The statue guards were nearing so they didn’t have time to think too much.

“A second.” said Princess Jin Rou.

Chu Mu immediately swept his eyes over the blue guardian creature that was quickly about to submerge into the plaza. The expression on his face turned into one of concentration.

“You guys stand at the center of the seal, including your soul pets.” Chu Mu said to the three others.

“Chu Mu?” Ye Qingzi looked at Chu Mu. She didn’t know what he wanted to do, but she had an ominous premonition.

“Chu Mu, what are you going to do?” Ye Wansheng felt that there was something wrong.

“Don’t say anymore. Just do as I say.” Chu Mu repeated his words in a serious tone.

The three people, upon seeing that Chu Mu's tone was very heavy, didn't dare say anymore. They hastily gathered at the center of the seal while also recalling their soul pets to their sides.

"Mo Xie, Zhan Ye, White Nightmare, you guys also go there." Chu Mu said to his three main soul pets.

"Wu wu wu~~~~~" Mo Xie quickly let out an unwilling shout.

Mo Xie wanted to kill the guardian creature herself. With her speed, perhaps she had a chance of making it back.

"Nie~~~ nie~~~~" the White Nightmare also offered itself as a volunteer. Its Devil Phantom and Displacement Specter also meant it had a chance of instantaneously moving very far distances.

"Stand inside!" Chu Mu didn't let his soul pets say anymore, and immediately gave his order.

When they found that Chu Mu was having his three soul pets stand in the center of the seal pattern, Ye Qingzi, Ye Wansheng and Princess Jin Rou all abruptly understood - Chu Mu wanted to kill the guardian creature himself!!

Chapter 556: Thousand Enemies, Lone Shadow!

Nine underworld devil flames darted up on Chu Mu's body, wrapping around Chu Mu.

Devil Phantom!

Chu Mu's body flashed, leaving only a flashy flame silhouette before disappearing in place, leaving a string of Nine Underworld Devil Flames in its wake, swiftly nearing the defending organisms!

"Chu Mu!" How could Ye Qingzi be reassured, after seeing Chu Mu going to kill that defending organism alone? She immediately stepped out of the center seal diagram as well.

"Don't go, trust him!" Ye Wansheng quickly pulled Ye Qingzi back.

Even if Ye Qingzi went, there was no meaning in it. All they could do was believe that Chu Mu could kill the defending organism and come back in a short time.

As a seventh remembrance soul master, Chu Mu could have more powerful white nightmare techniques. With his acute judgement, Chu Mu's body darted phantom-like between a couple of rock statue guards!

“Beng!!!!!! Beng!!!!!!!!!!”

The massive sword in the rock statue guard's hands fell down. Each sword was near thousand kilograms heavy, leaving gouges in the staircase of the altar.

The altar was made with special rocks, so being able to make a mark in it meant the power was already past ninth rank. If this fell on a person, their bones would definitely be pulverized!

Chu Mu very closely avoided the rock statue guard attack and floated up behind the defending organism!

Chu Mu's nine underworld devil flames burning hand grabbed onto the rock statue guard's shoulder, his fingers almost sinking into this blue rock statue guard's body.

This blue rock statue guard was already heavily injured by Si Tian, so it was incredibly easy to control it.

Of course, Chu Mu knew that this wouldn't be able to kill this blue rock statue guard directly. Immediately, Chu Mu's nine underworld devil flame hand slowly sank deep into the blue rock statue guard's back!

“Obliterating Heart!!”

Chu Mu's only effective attack under his current state!

If he didn't succeed, the seal wouldn't be open, and the blood beast altar's rock statue guards will kill everyone!

“Chu Mu’s appearance right now.....seems like I’ve seen it somewhere.....” Ye Wansheng stared closely at the nine underworld devil flames burning on Chu Mu.

He vaguely felt that Chu Mu’s demonic character was similar to the half devil that shocked all of Li City.

Of course, Chu Mu remained in his human form, simply using his soul power to cast white nightmare techniques. His stamina, strength, and fighting ability couldn’t be even compared to his half devil state.

The blue rock statue guard was already heavily injured. Chu Mu’s technique cast was very successful, quickly pulling the rock crystal out of its body!

“Chu Mu, come back quickly, the seal is about to start!!” Princess Jin Rou used his soul remembrance to speak to Chu Mu.

Once the innard crystal left the guarding organism’s body, its life force would fall greatly and the seal would open!

“Wuwuwu!!!!!!!” Mo Xie called towards Chu Mu, scared he would be trapped there.

Chu Mu was still holding the organism’s innard. He originally thought that shattering the innard to kill this guard will open the seal.

He would then use this short one second to move. However, he didn’t realize that the guard’s life force immediately fell once the crystal was removed, meaning he had less than a second to act.

“Stay and don’t move!” Chu Mu used his remembrance to tell everyone.

No matter if he could get back in a second, Chu Mu didn’t wish for anyone to step out of the seal. After all, the rock statue guards were already in attacking range. Many of the guards even lifted their blades, and were readying attacks.

Anyone leaving the seal would not help him. If he didn’t succeed, they would just die as well!

Nine Underworld devil flames burned on Chu Mu's body, as he quickly disintegrated in the white flames.

Displacement Specter!

Chu Mu's Displacement Specter could instantly travel 100 meters into distance, taking only a couple hundred milliseconds. The last 100 meters Chu Mu could only use devil phantom to traverse.

If this distance were without obstacles, the time was enough for 100 meters.

However, as Chu Mu appeared near 100 meters from the seal, a rock statue guard even larger than average, likely high class monarch rank, caught Chu Mu's movement, and slammed its rock blade heavily towards Chu Mu!!

High class monarch rank rock statue guard!!

Chu Mu didn't have time to cast devil phantom before the beast type and rock type energy blasted Chu Mu!

Chu Mu was in human form right now. Unable to cast devil phantom, he couldn't dodge the high class monarch rank's attack.

"Hong!!!!!!!"

The blade fell down heavily, blasting the altar's stairs open. The massive energy threw Chu Mu up and away heavily.

Three people saw Chu Mu be attacked, and their expressions instantly changed.

Through countless rock statue guards, the people indeed didn't notice that there was the existence of the high class monarch rank!!

Just then, a deep red line suddenly darted up from underneath!

These deep red lines criss-crossed in front of the soul pet, drawing a red sealing diagram in thin air!

This seal quickly wrapped them up, like a special space that completely isolated them from the outside. Even if they were only a step away from the blood beast altar, they could never step out!

This was a seal, completely blocking all organisms from connecting to the outer world. They wouldn't be killed, but they would never see the light of day!

The moment the seal was being completed, all three people were dazed. They saw past the red sealing lines, and they could see Chu Mu, burning with flames, fall under the swarm of rock statue guards stepping up!

All the rock statue guards that were eyeing them changed their gaze. The moment the seal appeared, they seemed to have lost awareness of the blood beast altar. All of the eyes now turned to the only intruder - Chu Mu!

“Chu Mu!!”

Ye Qingzi stepped forward to break out of the seal. She couldn't simply watch as Chu Mu was torn to pieces by the rock statue guards without doing anything.

Yet, the seals couldn't be broken. No matter how Ye Qingzi slammed the sides, even with her soul pet attacks, she couldn't even affect the seal. She was already in the isolated world. In another second, she would be sealed into the blood beast altar's inner space.

Ye Wansheng and Princess Jin Rou were also dazed. They chose to trust Chu Mu, trust that he could come back in time, but they didn't think it would become like that.

Hundreds of thousands of rock statue guards, making a massive monarch rank army!!!

The plaza was already filled with the killing intent of the rock statue guards, while Chu Mu without a single soul pet was lost deep within this storm. The ending was predictable!

Inside the seal, they couldn't do anything, and were only able to watch as the rock statue guards surrounded Chu Mu.....

The deep red seals slowly became denser and denser, slowly blocking off their vision. In the next second, they were about to completely disappear from this blood beast altar, and enter the inner space.....

“Nie!!!!!!!!!!” White Nightmare’s nine underworld devil flames burned rapidly.

It was trying desperately to cast Displacement Specter to move out of the seal, but no matter how hard White Nightmare tried, it couldn’t break through the space’s control.

“Hou!!!!!!!!!!”

Zhan Ye’s claw heavily slammed into the seal, trying to rip through with its own special energy.

However, the result was the same. Zhan Ye’s attacks couldn’t break through this barrier!

As Opposed to Zhan Ye and White Nightmare, Mo Xie instead was extremely calm.....

Her body slowly sank down as her silver pupils locked onto the deep red barrier. The silver moon mark on her forehead covered by royal flames slowly started reappearing.

“Mo Xie, don’t come out. Even if you mutate, you won’t be the match of all these rock statue guards!”

Deep in the rock statue guard crowd, he felt Mo Xie’s action.

The stage had eight hundred or so low class monarch rank rock statue guards, a hundred middle class monarch rank, and a few high class monarch rank. Even if Mo Xie became pseudo emperor, she wouldn’t be a match for this massive army. After all, Mo Xie wasn’t even tenth phase!

A ninth phase middle stage pseudo emperor rank, Mo Xie’s true strength would be around tenth phase top tier monarch rank. Adding moonlight, it would maybe add one more rank.

With such strength, against a hundred rock statue guards, she may have a chance of breaking free. However, facing an entire plaza of 1000 rock statue guards, even a pseudo-emperor will fall!

Chu Mu's death meant the soul pact breaking. Mo Xie could still stay alive, continue to mutate, and reach the peak of soul pets- there was no need for her to die here with him.....

“Wuwuwuwu!!!!!!!!!!”

Suddenly, Mo Xie called out sharply!

Mo Xie's gaze was very steady. The moonlight on her body was released, as the Silver Moon Fox's seal breaking ability became blades of moonlight that gathered on her claws.

Seal Break!!

Finally, Mo Xie attacked, her claw becoming a seal breaking blade that ripped through the deep red seal and made a special opening!

“Wuwuwuwu!!!!!!!!!!”

Silver fur dancing grimly, Mo Xie's spirited and powerful body became a silver blur as she swiftly darted out of the opening!

At the same instance, the seal completed!

Ye Wansheng, Ye Qingzi, Princess Jin Rou, Zhan Ye, and White Nightmare as well as all their soul pets instantly disappeared in the deep red seal diagram, completely disappearing from this plaza.

The last thing they saw was Mo Xie's silver figure darting outwards, jumping straight into the masses of rock statue guards.....

From Mo Xie's flying figure, they only saw determination- determination without any reason!

Chapter 557: The Trap in the Sealed World

The space in the seal was pitch black, like an underground hole without any light. One could only see infinite darkness and coldness, yet the movement space was very limited.

White Nightmare and White Nightmare princess's pale devil flames shone, barely able to reveal the half dome shaped strange outline of the sealed space.

The entire space was a half-dome inner world. They could only obtain such a small area. The devil flame's glow could only illuminate a small area as well.

The sealed space was very oppressive. Ye Qingzi, Ye Wasnehng, and Princess Jin Rou were all silent in this oppression, causing the entire space to feel even more strange and empty.

At this moment, all of them knew that Chu mu and Mo Xie couldn't live on anymore. What made their heart shake was that not only Chu Mu fell into the marshes of death, but also Mo Xie's last action to dive into the thousand enemies after breaking through the barrier.

Ninth phase middle stage Mo Xie even with Ascent of the Demon Moon could only match one low class monarch rank rock statue guard.

They could, at most, compete against one rock guard statue. After they ran out of the area, they were then against a thousand rock statue guards!

This was an energy that couldn't be dealt with. With Mo Xie's intelligence, she must have known that charging out had no meaning. In fact, she may not even be able to charge up to Chu Mu.

Yet, she still charged out without hesitation, without any reason at all!

Princess Jin Rou almost bit through her lip. She was the only one that knew that Mo Xie was a continuously mutating soul pet.

In reality, an organism like Mo Xie that could continuously mutate, its existence was way superior to humans. Though she was Chu Mu's soul pet right now, from an objective view, this high life form becoming Chu Mu's soul pet was just a reliance at its infant stages. In a hundred years, when Chu Mu died of old age, she could still live and step onto the trek towards a higher life form.

Thus, Princess Jin Rou knew very clearly that, from a life perspective, the human may be a soul pet's master, but to many advanced life forms, humans were just a stepping stone in their life to let them grow quickly. After all, emperor ranks, and even those beyond lived for thousands of years. Becoming a human's soul pet may just be an initial stage in their life.....

Humans and soul pets weren't related in a servant and master relationship, this was something Princess Jin Rou knew perfectly well.

Without Chu Mu, Mo Xie who defied life's rules could continue to grow, becoming the highest life form in existence. She would continue to grow to emperor, past emperor, and even grow to become a being that dominated all life forms, becoming a god-like presence.....

Her intelligence was completely mature, so Mo Xie should know what she should select as a royal flame nine tail inferno fox.

Yet, Mo Xie still made such a decision without any reason, which made people feel even less pleasant.

After a soul pact breaks, no matter how close the soul pet was to the trainer, it would still remain alive. However, Mo Xie's actions was basically ending her own noble life after her soul pet trainer died; this was burying herself with the dead!

.....

"This place should seal the last honor blood beast, why is there nothing?" Ye Wansheng's voice finally broke through the silence.

Ye Wansheng knew that Chu Mu was dead for sure too.

Ye Wansheng was a logical person. He knew there was no reason to feel sorrow for Mo Xie and Chu Mu right now. Instead, he should think of how to live on and seize this opportunity.

Ye Wansheng has already surveyed the surrounding. However, he didn't find any sealed blood beast, which was very strange.

Ye Qingzi was already holding her nose with light sobbing. How would she care at all about whether or not there were any blood beasts in the seal? Her entire being was drenched in a sorrow. From her expression, one could see she was trying her best to hold herself back, except the more she held herself back, the less she could control herself.

“It’s simple, we killed it.”

Suddenly, the empty sealed space rang with an apathetic voice..

This voice was very abrupt, almost instantly awakening the three people. The three people clearly stared blankly, and then they all turned to stare at the corner of the sealed space.

At this moment, two silhouettes appeared in the corner of the sealed space. One was tall and lanky, incredibly pale under the illumination of the White Nightmare flames, almost like a frozen corpse.

The other person had a hollow gaze with a cold expression, However, the person gave off an intimidating feel, clearly a dangerous character!

“The idiot Si Tian actually woke up all the rock statue guards. He was definitely looking for his own death. Good thing you weren’t stupid, knowing to hide into the sealed space.” The apathetic voice came again from the stern and cold man’s mouth.

Seeing this man, Ye Qingzi got a shiver all over!

This man was the person who wanted to kill her and Chu Mu in eighth realm, the first tier expert of soul palace - Qin Ye!

Ye Qingzi would never have thought that Qin Ye would appear here. It almost felt like this entire place was a trap!

“Xia Guanghan!!”

Princess Jin Rou furrowed her brows, anger creeping into her calm pupils.

In the earlier years, Xia Guanghan appeared by Princess Jin Rou's side. At first, Princess Jin Rou thought he was a man truly loyal to her. However, in the following years, she found out just how ambitious Xia Guanghan truly was; he was trying to get well with all the great factions, even laying low in front of her.

Xia Guanghan's laying low caused Princess Jin Rou to feel afraid. When in Jia City, Princess Jin Rou had signaled that those protecting her were also watching her. Princess Jin Rou herself didn't even know when her men had been taken over by Xia Guanghan.

In the near two years, Princess Jin Rou had noticed this man's ambition, and finally got rid of him. However, she never would have expected him to appear here again anyways!

"Princess Jin Rou, the immortal city map was something I gave you. You already successfully brought them into this inescapable space, so there's no point in acting. They are already like turtles in a jar." Xia Guanghan's pale face smiled.

Xia Guanghan's words immediately caused Ye Wansheng and Ye Qingzi's faces to change as their gazes fell on Princess Jin Rou, their eyes showing some hostility.

The brother and sister never would have thought that this would be a trap between Xia Guanghan and Princess Jin Rou, intentionally luring them into this sealed space!

Xia Guanghan's words caused Princess Jin Rou to no longer stay calm, anger taking over her eyes.

Princess Jin Rou never would've thought that Xia Guanghan had calculated his plot to this degree, intentionally letting someone give the immortal city map to her and then guess that she would find Chu Mu and fall into his trap in the end.....

No wonder the seal had signs of being opened. No wonder Princess Jin Rou didn't even need to use remembrance for the seal to reverse. It was all with a reason!

"Seeing your faces full of questioning, since we have time, I'll explain for you all. I gave you the maps to ensure you would go the right way to reach this blood beast altar first. This blood beast altar's seal we had tampered with already. No matter who opens this seal, they would reverse the seal. And, once one of you fell into the seal, I assumed none of you others would simply watch as they were trapped. Then, the princess intentionally told you all the seal wasn't stable and could be destroyed from the inside, this way, you would all enter into the sealed space without hesitation and fall into the trap set up by I, Xia Guanghan....."

Xia Guanghan laughed proudly and continued, “Of course, you all arrived a little later than i expected. The result was that you met with Si Tian, creating such a large commotion outside.”

“However, no matter what, you still stepped into the trap.” Xia Guanhan laughed out loud.

This plan was created ever since Xia Guanghan was told by female master to enter immortal city.

In this sealed space, Xia Guanghan would be able to summon anything. Adding on Qin Ye as a helper, dealing with them would be too easy, and Chu Mu and Mo Xie wouldn’t be able to escape no matter what!

“Don’t look at me like that, they’re intentionally pulling us apart. If i were a trick to pull you into a trap, I wouldn’t tell you about Chu Mu’s father’s soul pet being sealed, and neither would i be “late”. Princess Jin Rou naturally felt the hostility from the Ye family brother and sister and tried her best to remain calm as she explained.

Hearing Princess jin Rou speak, Xia Guanghan blanked. He didn’t think that her simple statement would cause his dissension sowing to fail, so he laughed at himself.

It didn’t matter, however, because they all fell into the trap!

“Chu Mu, I, Xia Guanghan, said I would return it ten fold, so I definitely wouldn’t disappoint. Do you regret facing me now?” Xia Guanghan laughed out loud as his gaze fell towards the three people and numerous soul pets.....

The sealed space was dark. Though Xia Guanghan didn’t see Chu Mu, he subconsciously assumed Chu Mu was simply blocked by a random soul pet.

“Chu Mu, why are you hiding right now? Now, I can give you another chance to challenge me.....” Xia Guanghan snarled with a smile.

The original grudge was something Xia Guanghan would never forget. If not for Chu Mu, his new generation of soul pets would push him to possibly palace master rank, letting him enter the true core of Nightmare Palace. How would he be grovelling in secret like he was right now?

Today, no matter what, Xia Guanghan would let Chu Mu suffer the pain of thousands of knives!

“Chu Mu isn’t here.” Ye Qingzi said coldly.

Ye Qingzi was no longer shrouded by sorrow. Instead, there was the deepest anger in her pupils now!

“Not here? Then.....how about that royal flame nine tail inferno fox?” Xia Guanghan asked, equally astonished.

Chapter 558: One Human, One Fox

On the altar plaza, rock blades full of strength were lifted high into the air. A dozen statue guards had locked onto Chu Mu, and their combined majestic aura were capable of shattering one’s confidence!

They finally launched their death attack!!

Amidst the statue guards, Chu Mu was gripping his stomach, and he revealed a pained expression.

The high class monarch strength directly struck Chu Mu. If Chu Mu’s body hadn’t undergone the Jade Spring Holy Water baptism, this attack was capable of splitting his body to pieces!

Chu Mu stood up with great difficulty. The statue guards didn’t attack very quickly, and when he felt the enormous rock type aura hit him from all directions, Chu Mu didn’t dare hesitate and chanted an incantation!

“Long long long long!!!!!!!”

A dozen rock blades slashed down from all sides. An earth breaking strength abruptly manifested, and didn’t give Chu Mu any room to dodge!

The dozen streams of energy merged into one, its combined might reaching the tenth rank! If it were another environment, everything within a thousand meters around them would have been destroyed!!

The moment the energy surged at him, Chu Mu's body rapidly burned with devil flames!

The devil flames burned his body, quickly transforming it into ashes.

“Hu hu hu~~~~~”

In the next moment, Chu Mu appeared a hundred meters away, leaving the center of the energy blast.

However, the blast of energy was enough to still affect the thousand meters, and Chu Mu merely managed to dodge the strongest area affected.

Soon, a powerful rock type force swept at him like a tide. Chu Mu's body had just emerged from the devil flames before being thrown into an air. Astonishing wounds further appeared on his body. It was as if his body was being torn apart!

“Wu wu wu wu!!!!!!”

Mo Xie angrily gave a cry. Her body illuminated with a silver color as she ran forward. Her four paws carrying royal flames flitted past the heads of the statue guards as she attempted to reach Chu Mu...

“Shua!!!! Shua!!!!!!!”

As Mo Xie flew past them, countless rock blades intersected in midair. Clearly, no matter how high Mo Xie jumped, they would still be able to attack her.

Mo Xie dodged in midair, but the wounds on her body continued to increase. It was as if she was walking under a rain of blades. The faster she went, the more serious the injuries she suffered... however, she continued to do everything to run towards Chu Mu.

Fortunately, the tenth rank energy blast from earlier also affected the statue guards themselves to a certain extent. Mo Xie took advantage of their recoiled state to fly over their heads. If it were

normal circumstances, with Mo Xie's strength, the moment she leapt into the air, she would definitely be killed by countless statue guard rock blades in midair.

"Wu wu wu wu~~~~~"

Finally, Mo Xie landed in front of Chu Mu. As Chu Mu was about to fall into the statue guard group again, she used her tail to pick up the injury riddled Chu Mu.

Feeling the softness of a tail, even though he couldn't open his eyes, Chu Mu knew that Mo Xie had arrived.

Only, right now Chu Mu felt rather helpless and bitter.

"Mo Xie, go to the center of the energy blast. That place should be relatively safer." Chu Mu used soul remembrance to speak to Mo Xie.

Chu Mu naturally knew that staying in the air would definitely cause them to suffer the attacks of hundreds of stone guards. That would be equivalent to suicide.

"Wu~~~~~" Mo Xie quickly landed, dodging a few long range attacks from the statue guards, as she ran towards the center of the energy blast from earlier.

The tenth rank energy had yet to fully subside, and a powerful rock type energy was still spilling over. However, in order to keep breathing, they could only head there. Otherwise, the next time the statue guards launched a group attack, it would inevitably spell their deaths.

"Hu hu hu~~~~" Mo Xie's silver fur disheveledly fluttered in the wind as the remnants of the rock type energy tore at her body...

Finally, Mo Xie arrived at the heart of the tenth rank energy. There had temporarily appeared a rather large hole at the heart, because the energy had surged around in all directions. There would need to be ten seconds before the energy was fully pacified. Therefore, the next round of attacks from the statue guards would probably be in ten seconds.

The White Nightmare had been sealed in the Blood Beast Altar, and even if Chu Mu resolved to bet himself and transform into the half devil, he could not. Moreover, choosing to transform into a half devil was equivalent to burning his soul to death...

“Wu wu~~~”

As they landed on the ground, Mo Xie placed Chu Mu on the ground.

Mo Xie knew that none of her attacks could cause any damage to this tide-like statue guard legion. As she stood next to Chu Mu, she used her tongue to lightly lick the wounds on Chu Mu’s arms. She ostensibly wanted to lessen Chu Mu’s pain.

Chu Mu used her hand to pat Mo Xie’s head. His eyes didn’t show any signs of fear or helplessness in the face of death. Instead, they carried pain and gratification.

“You’re the most obedient, but also the most disobedient.” What else could Chu Mu say? There was no point in berating Mo Xie’s recklessness.

Chu Mu knew that if any of his soul pets were in danger, they wouldn’t hesitate to sacrifice their own lives.

They all had reasons to give their lives for Chu Mu. Zhan Ye’s appreciation, the White Nightmare’s dependence, Ning’s reliance, the White Nightmare’s devotion, Night’s sympathy...

Only Mo Xie, no matter what he did, didn’t need any reason nor any logic.

Just like the beginning. When the Empyrean Cyan Hidden Dragon which could give Mo Xie powerful protection was bringing her along with it, Mo Xie had lain down on the shoulders of the weak human Chu Mu. Just like in the demon’s home. Even if the soul pact had ruptured, Mo Xie still wouldn’t leave him...

“Wu wu wu~~~~~”

Mo Xie murmured, carrying a bit of sadness.

Every time they faced enemies, Mo Xie would stand in front of Chu Mu.

However, right now with enemies on all sides, Mo Xie could only stand next to Chu Mu.

“You’re unreconciled, eh? You only needed a few more years, and we wouldn’t even put a thousand of low class monarchs in our eyes.” Chu Mu had no intentions of complaining.

Any soul pet trainer would face an undefeatable enemy one day. Chu Mu couldn’t continuously be met with good luck, so he didn’t complain. He was only unreconciled for both himself and for Mo Xie...

“Wu wu~~~” Mo Xie raised her head. Her pair of silver eyes watched Chu Mu, as they flashed with a light of determination.

“Of course.” Chu Mu wore a smile now and his eyes were also filled with determination, “We will fight!”

Chu Mu sucked in a deep breath, and stood up with his wounded body.

His black clothes were tattered and broken. His hair was disheveled. It was very similar to when he was surviving on Prison Island like a barbarian.

Mo Xie’s silver body was contrasted by the captivating red blood on her fur, giving off the feeling of a bloodthirsty fox!

When Chu Mu was on Prison Island and required strength in order to survive, the will to become strong had been firmly implanted in the deepest parts of Chu Mu’s heart.

Mo Xie and Chu Mu’s destiny were the same. At her weakest, she had merely been a servant rank small fox that needed to continuously grow, evolve, and mutate.

Back then, corpses had littered the jungle but ultimately the black and silver figures had left proud and aloof...

Now, they were still one human and one fox.

In front of a thousand meter plaza with enemies, no matter how savage the statue guards were or how powerful and terrifying, they were unable to stifle the light in the human and the fox's eyes!

.....

The messenger soul pets circled high above underneath the black clouds. In the small soul pet's eyes, all it could see was this shocking scene.

“Chu Mu and his soul pet have fallen in the plaza of over a thousand low class monarchs...”

When the messenger soul pet's message transmitted to Tianxia Plaza, the entire plaza filled with tens of thousands of people erupted!!

The news continued to spread like a tropical storm!

“How could it be like this?!!”

“Soul Palace's Chu Chen and his soul pets will die like this?!”

“How is he doing now?!!”

Shocked cries continuously rang out. There was an unprecedented commotion among sea and mountain of people in Tianxia Plaza!

Shang Heng, Ting Lan, Zhao Cheng, and the numerous Soul Palace members sat in their spots. From their expressions, one could tell that it was very hard for them to accept this reality.

“Messenger soul pet trainer, they still haven't died yet, right?”

“What about now? Have they been killed yet?”

Every question shouted was louder than the previous. Although everyone knew that Chu Mu could not survive, they wanted to know when this young expert, that had shocked the entire Tianxia City in one go, would fall...

The people that admired and worshipped Chu Mu had to know when exactly he fell!

.....

The messenger soul pet circling above the Blood Beast Plaza shared the same line of sight as its master, so the messenger soul pet trainer could view the situation there.

However, when this messenger soul pet trainer saw it with his own eyes, he had been stunned for a few seconds and for a moment, didn't know how to describe what he just saw.

Ultimately, the messenger soul pet trainer delivered the information.

“They are fighting.”

The messenger soul pet trainer could only use “They are fighting” to describe them. Perhaps he himself felt that describing the details was too difficult, but he could truly feel that they were fighting!

They were fighting!

But wasn't this easy to describe? Didn't all soul pet trainers frequently fight?

However, in front of an enormous number of undefeatable enemies, their will to fight was completely different from one another!

“They are fighting.”

Even the competition authority guards that passed on the message delivered the message in a very low voice. Their low voices circulated through the ears of everyone in Tianxia Plaza.

However, in this moment, a silence washed over the entire Tianxia Plaza.

Chu Mu, wearing ragged black clothes, and the Royal Flame Nine Tail Inferno Fox, dripping in fresh blood. They fought against the boundless mass of the statute guard legion...

Even if the people couldn't see, they were capable of imagining this heart-rending scene in their minds!!!

Chapter 559: Three Main Pets Fight

In the sealed space.

Xia Guanghan stood there. His entire being had been enveloped in a frosty air. One could see the skin on his pale face twitching. as his eyes revealed great anger!

“You’re crazy. If you open the seal, hundreds to thousands of statue guards will charge into here. Can it be that you can deal with them?!!” Qin Ye saw what Xia Guanghan was about to do something and immediately gave an angry shout!

Xia Guanghan really was planning to open the seal. He didn't care about Chu Mu's death, but this Royal Flame Nine Tail Inferno Fox was something he had been scheming for!

“Isn't it just a perfect commander rank Nine Tail Inferno Fox? You just need to spend a bit of money, and you'll be able to purchase one. Even if it's special, could it be even more valuable than the White Nightmare and Warbeast Mo Ye?” said Qin Ye.

“What do you understand?!” Xia Guanghan's state of mind was very messy and his tone carried no trace of politeness.

Qin Ye simply didn't know that this was a continuously mutating soul pet. This soul pet should have been in the hands of Xia Guanghan by now. However, he never expected that only it hadn't fallen into this trap!!

This ending immediately caused Xia Guanghan to feel that the sky was spinning, and for him to blow his top!!

His eyes swept over the three people, and his expression turned sinister and vicious!

“All of you go die!!”

Nine underworld devil flames burst out of Xia Guanghan’s body, as a dense cold aura suddenly enveloped the entire narrow sealed space. The aura immediately suppressed the White Nightmare, and White Nightmare Princess!

This was a White Nightmare that possessed middle rank nine underworld devil flames!!

Xia Guanghan’s expression was malevolent, and his anger right now was akin to the torrential burning of the nine underworld devil flames!!

Finally, the White Nightmare appeared and it astonishingly was a peak monarch rank tenth phase White Nightmare!

“A peak monarch!!!”

Ye Qingzi, Ye Wansheng, and Princess Jin Rou all showed shocked expressions. It was already very difficult for them to deal with a high class monarch rank soul pet much less a peak monarch rank White Nightmare!!

“Nie!!!!!!!”

The White Nightmare standing next to Ye Qingzi let out an extremely mournful cry!

Xia Guanghan’s state of mind was a mess, but the state of Chu Mu’s White Nightmare wasn’t any better. Especially since the human in front of it was the person responsible for harming Chu Mu- a resentment aura began to violently surge!

The flames on the White Nightmare’s body began to rise. Even though it was a high class monarch, in front of Xia Guanghan’s peak monarch rank White Nightmare, it still carried a heavy ruthless aura. Its other pupils stared fiercely at the same species soul pet, not showing any signs of weakness at all!!!

“You ingrate. You being alive is due to me, Xia Guanghan. Now you want to rebel against me?” Xia Guanghan stared at the White Nightmare and spoke with disdain and loathing.

After speaking, Xia Guanghan gave his White Nightmare the order to attack!

The middle rank nine underworld devil flames were stronger than Chu Mu’s White Nightmare’s nine underworld devil flames. This soul burning strength was still able to make its way into the soul even if one had defenses.

The middle rank nine underworld devil flames was a deeper color than the low rank nine underworld devil flames. When the two devil flames clashed in the sealed space, it was possible to clearly feel that Chu Mu’s White Nightmare’s devil flames were being suppressed.

Soon, the middle rank devil flames reached the White Nightmare’s body, burning its arm and leaving a deeply colored wound.

The White Nightmare didn’t care though. It didn’t stop transforming the resentment aura in its body into its own power to increase its strength!

.....

Qin Ye saw that Xia Guanghan had already gone forth, and his eyes locked onto the all-black Zhan Ye as a smile rose on his face.

From Zhan Ye’s eyes, Qin Ye could feel this soul pet’s provocation. Clearly, this Mo Ye was challenging him, and challenging his emperor species Mo Ye!

“You still want to fight? I have time anyways. Sure, I’ll do what you want. But don’t let me down. If you let me down, you won’t be able to keep your life.” Qin Ye also chanted an incantation!

A darkness aura began to pervade the area. This energy was even more dense than a few elemental world soul pets. If it wasn’t because the summoning pattern was a beast type soul pact, people who saw this dark energy would have believed Qin Ye was summoning a dark type elemental soul pet!

In the soul pet pact, an even mightier Warbeast Mo Ye gradually appeared. This emperor species Mo Ye's armor was even shinier and black. As it stood in front of Zhan Ye, the exterior of the two were evidently different!

The emperor Mo Ye was mighty, robust, and its armor was extremely black. This soul pet clearly had innately superior blood lineage and its fighting strength was much stronger than a normal soul pet!

It was dual main attributed, being both dark and beast type. Its darkness attribute was also abnormally talented!

To a soul pet, one attribute being innately talented meant that it was a top quality soul pet amongst top quality. This kind of soul pet would always have an enormous advantage in a fight.

As for being dual main attributed, this meant that the emperor Mo Ye required three times the resources to train in order to raise its dual attributes. Yet, a dual attributed soul pet's strength was always two to three levels higher than the fighting strength rank it was at!

Very obviously, this Warbeast Mo Ye, from its aura, was only a middle class monarch. However, the dual main attributes caused its fighting strength to match a high class monarch. Further adding on its unique darkness strength, even a high class monarch wasn't necessarily its opponent!

Purely from a fighting strength rank perspective, this emperor Mo Ye's strength was three levels higher than Zhan Ye!

Fortunately, this emperor Mo Ye hadn't reached the tenth phase and was situated at the ninth phase high stage. Therefore, it was only higher than Zhan Ye by one level.

Qin Ye's emperor Mo Ye was also clearly wearing an incomparably expensive ninth rank soul armor. Accordingly, adding it all together, this emperor Mo Ye's strength was probably higher than Zhan Ye's by four levels!

"If you don't die within ten minutes, you can live." Qin Ye indifferently said.

After speaking, he swept his eyes over the other restless soul pets, and a disdainful smile rose on his face: "Your soul pets are all practically trash. Therefore, you don't need to court death so urgently. I will summon one main pet and slowly play with you!"

.....

.....

On the altar plaza.

Ten seconds was extremely short, and Chu Mu could clearly feel a rock type energy that was capable of causing one's body to involuntarily tremble surge towards him.

As the slightly turbid air settled around him, rows upon rows of statue guards holding enormous rock blades appeared in front of Chu Mu.

The leader of them was the high class monarch rank statue guard that had stopped Chu Mu from returning to the seal location!

This statue guard was a head taller than the other statue guards, and the rock blade in its hand was incomparably large. As it dragged it along the ground, an ear-piercing friction noise rang out, and a deep mark was left along the ground!

“Ao!!!!!!”

Suddenly, the high class monarch rank statue guard raised the rock blade in its hand, and let out a deep roar.

The moment it lifted its rock blade, all of the statue guards suddenly halted in their tracks. Their green eyes all fell onto Chu Mu and Mo Xie.

For a moment, the surrounding cluster of statue stood there like officers and soldiers as they encircled Chu Mu and Mo Xie into a hundred meter space!

“It's afraid its strength will injure its own people?” Chu Mu quickly understood this high class monarch rank statue guard's intentions.

The entire plaza were all statue guards. If it gathered strength to attack, it would definitely harm its own species. This high class monarch rank statue guard clearly knew Chu Mu and Mo Xie could not flee, and in order to prevent its allies from being injured, this statue guard personally went to battle!

"Beng!!! Beng!!!!!"

The high class monarch statue guard took heavy steps as its green eyes were fully fixated on Mo Xie!

The Advent of the Demon Moon's effect still existed. However, even if this was the case, Mo Xie and the statue guard were an entire three levels of strength different!

"Ao!!!!!!!!!"

The high class monarch rank statue guard let out a roar, and suddenly pointed at the ground!

The ground instantly ruptured and black rock arrows appeared from underneath. They outlandishly flew up, passing right by Chu Mu and Mo Xie!

"Wu wu wu wu!!!!!!!!!"

Mo Xie's nine tails rapidly danced about. The black rock arrows were densely packed like it was raining. Moreover, they were very powerful. They easily passed through Mo Xie's defense and struck her body and nine fox tails.

With Mo Xie's dodging abilities, she could dodge these attacks. The reason why she was using her tails to block them was to protect Chu Mu.

Watching the black rock arrows pierce Mo Xie's body, Chu Mu sucked in a deep breath of air. His black pupils stared at the injury riddled Mo Xie.

"Even if we die, we will have you rock guards accompany us to our deaths!!" suddenly, Chu Mu's body burned with nine underworld devil flames!

This was Chu Mu's final soul power. This soul power transformed into a pale white attack. Chu Mu couldn't let it just waste away in his body for no reason!

As for Mo Xie, she had already entered her mutatoin. The special bloodline that violated all natural laws wouldn't let her die so miserably like this!!

“Mo Xie, species mutate!! Make these enemies that want to kill me pay with their lives!!!”

Only by facing these undefeatable enemies would the mutating blood in Mo Xie's body boil.

Originally Chu Mu planned on having Mo Xie face the Blood Beast in the Blood Beast Altar alone. This way Mo Xie could mutate on the battlefield and enter the pseudo monarch rank.

But now in front of enemies that were a hundred times stronger, even if Mo Xie mutated, it would be very difficult to defeat them. However, Chu Mu didn't feel hopeless. If she could enter the pseudo monarch rank, that would cause countless statue guards to die with them. This was enough!

The nine underworld devil flames on Chu Mu's body transformed into a devil flame ring with Chu Mu at the center. Astonishingly, it began to spread outwards!

The devil flame ring spread to surrounding hundreds of statue guards. Although his nine underworld devil flames was incapable of harming them, it was capable of momentarily causing them to lose sight!

“Wu wu wu wu!!!!!! Wu wu wu wu!!!!!!!!!!”

The moment the white devil flames swept everything up, Mo Xiem who was full of bloodm raised her head in an incomparably proud fashion and let out a fox's howl that came from deep within her soul towards the dark oppressive sky.

“Wu wu wu wu wu wu!!!!!!!!!!”

The sound of a soul-trembling reverberated for a long while in the black sky above Immortal City. The sound seemed to carry an evil strength to it because when it pierced through the low-hanging horizon, the horizon began to strangely warp!!

.....

Chu Mu's soul was rapidly ascending because this was the omen before Mo Xie species mutation!!!

Chapter 560: Torching the World, Seven Sins Fox Inferno Monarch!

.....

Ten years ago

.....

"Chu Mu, today we will talk about a very noble and powerful soul pet." Chu Tianmang was barefoot, his pants rolled up as he stepped on the cobblestoned river floor.

Seven year old Chu Mu also rolled up his pants and stepped into the water. However, he was much shorter, so the river was almost engulfing his thighs.

"What soul pet, is it powerful, can I get it?" Chu Mu's youthful face showed a stubbornness that he wouldn't be pushed away by the river.

Except, in the end he still stepped onto a rather smooth pebble, causing him to fall over into the water.

Just as he was about to get flushed away, Chu Tianmang's big hands extended into the water, pulling the soaking wet Chu Mu out of the water. Seeing his grudging expression, he only responded with laughter.

"They are punished creatures. You are so small, you can't even take the force of the river. How can you capture them? A mere sneeze from them could send you into the skies." Chu Tianmang laughed, and put the dripping Chu Mu onto his back, carrying him as Chu Mu walked against the flow of water.

“A punished creature, why?” Chu Mu asked questioningly.

“Their birth is a sin.” Chu Tianmang said with a smile.

“Birth is a sin?” Chu Mu was even more confused. Wasn’t birth the start of a new cycle? Why was it a sin?

Even if they were incredibly evil in their previous life, wouldn’t birth cause all that to become irrelevant?

“All life forms have to follow a natural order. There are strict ranking systems to restrict the power of organisms of all levels. However, because they are too powerful, their birth could cause a disaster in itself.” Chu Tianmang said.

Chu Mu laid on Chu Tianmang’s back, and opened his eyes wide. Clearly, he was already very interested.

“According to ancient legends, there are seven sins of life. Many highly intelligent species and life forms are tempted by these sins. When any of these sins appear, endless battle would happen. With battle comes death. Especially with massive species, it would create rivers of blood, and send the whole world into darkness.....”

“Amongst the corpses, the rivers of blood, and the endless ruins, there always appears a noble fox monarch. It watches down upon the broken world emotionlessly.....

“This fox monarch is the source of the burning world; it brings disaster with its existence.”

Chu Mu put his chin on Chu Tianmang’s broad shoulders, blinked a couple times, thought carefully before asking, “Ominous disaster organism? Shouldn’t the battle between species be blamed on the internal conflict between species? Why do they put the blame on this fox monarch?”

“Hehe, this is the eighth sin of life: it never directly addresses its own issues. You aren’t wrong. This fox monarch isn’t the source of all evil, it simply appears at the end of disasters. No one knows why it appears.....”

“Even you don’t know?” Chu Mu asked.

Chu Tianmang laughed, and shook his head before continuing, “In ancient times, people ignorantly put all the crimes and blame upon them, so they must be guilty. In fact, people activated powerful seals to lock up these seven fox monarchs’ strengths to let them pay for their crimes of creating disasters, needing a thousand generations before it’s completely paid back.....”

“A thousand generations. A fox monarch’s life span is definitely longer than a humans, so how many years would that take?” Chu Mu asked surprisingly.

“Yes, even today the seven types of fox monarchs are still paying for their crimes.....” Chu Tianmang said ruefully before continuing, “But, even after paying their crimes, even after its power were sealed, it is still very powerful!”

“Even more powerful than the Sinking Wind Dragon you mentioned last time?” Chu Mu asked.

“Sinking Wind Dragon.....” Hearing this name, Chu tianmang suddenly lost focus for a bit.

After laughing bitterly, Chu Tianmang answered seriously, “More powerful! Though they are both monarch ranks, it is stronger than the Sinking Wind Dragon; it is undoubtedly the king of monarch ranks! Even while paying back its crimes, it still has destructive powers!”

Chu Mu grabbed onto Chu Tianmang’s shoulder tightly, and couldn’t wait to learn more about this powerful lifeform that was atoning for its sins!

Chu Tianmang laughed and said, “Remember, they’re called Seven Sin Fox! Seven different types of power containing seven original sins.”

“Seven Sin Fox!!” hearing this name, Chu Mu’s heart was touched. At this moment, he truly wanted to see the noble appearance of these seven sin foxes.

“Seven sin foxes have different names. Only one name was written down in the ancient pet encyclopedia though; its name is Seven Sin Fox Inferno Monarch!”

.....

.....

Above the Immortal City

The dark night engulfed the ground like a black tide, roiling with chaotic wind currents that blew the rubble of Immortal city into the airs. The rubble covered the sealed city, causing the entire region to become muddied!

The most powerful wind currents appeared in the Immortal city blood Beast altar plaza!

This plaza's location made it feel as if the sky were only hundreds of meters away from the ground. The reachable sky caused all the rock statue guards to feel a massive wind pressure upon them!

Nearly thousands of rock statue guards fell into eternal panic. The high class monarch rank rock statue guards even sensed the presence of something about to descend upon the altar. Their bodies started shaking as they let out roars of unease!

“Wuwuwuwuwuwu!!!!!!!!!!!!!!”

Mo Xie's calls pierced the skies. Her silver fur danced like demons, her silver eyes burning with radiant flames!!

They were a pair of pupils full of the power of illusion!!

Through these eyes, one could almost see a world- a world about to be torched and destroyed!!

“Seven Sin Fox Corrupt Inferno Monarch wields the power of fire. People call their flames Sin Flames. Its power is not any weaker than the fifth rank fire type crystals, and its rumored to hide enough power to burn worlds!”

Chu Mu stood blankly behind Mo Xie, as everything Chu Tianmang told him about seven sin fox echoed back through his mind!

Yet, what Chu Mu saw was indeed sprouts of Sin Flames coming out of Mo Xie's silver body, a fifth rank fire crystal even more powerful than the Nine Underworld Devil Flames!

“Seven sin fox!! Mo Xie is mutating to become a seven sin fox!!!”

Chu Mu felt his entire being palpitate along with his heart!

Seven Sin Fox was a being he had long held as a mythical deity in his childhood. Especially with the story of thousands of years to wipe away their sin, Chu Mu's young heart was in shock!

Even after paying back its crimes, even after its power were sealed, it was still the king of monarchs! How dominant and powerful was this!!

“Young.....master!! Young..... master!!! Your small fox..... it's..... its mutating again!!!”

The Old Li that hadn't escaped projected its voice to Chu Mu's mind!!

Old Li had stayed hidden in western kingdom for a long time, so he who loved collecting information knew that Chu Mu's little fox had mutated from Evil Flame Six Tail Demon Fox to Royal Flame Nine Tail Inferno Fox.

A species mutation happening in Chu Mu's soul pet was already a gift from heaven. After all, if Mo Xie hadn't become monarch rank, Chu Mu would never have brought the rest of his soul pets up this quickly.

But, what Old Li couldn't believe was that this little fox that mutated once mutated again!!

Continuous Mutation!!

Old Li knew Chu Mu's little fox had insane talent, but he never would have thought this little fox could continuously species mutate!!!

“Heavens!! The little fox is mutating into a Seven Sin Fox!!! This..... this is the most powerful species of all of monarch rank!! Its natural fighting strength is already Emperor rank!!!!!!” Old Li's

screaming was enough to show just how shocked this two hundred year old raccoon was at the appearance of the Seven Sin Fox!!

Old Li was extremely knowledgeable, so how would he not know of the tale of the seven sin fox? In fact, according to the tales, if one could find the sacred item of the seven sin fox, the seals would be unlocked, and they would become beings that surpassed emperor rank!

“Seven Sin Fox itself is a perfect monarch, able to match pseudo emperores. Adding on its fifth rank crystal sin flames..... its fighting strength could easily match a low class emperor rank! Young master..... young master, low class monarch rank fighting strength, maybe..... maybe you won’t have to die anymore!!!!” Old Li was screaming borderline insanity!

Seven sin fox, emperor rank, and low class emperor at that!!

Even Chu Mu couldn’t have guessed that Mo Xie would mutate into a Seven Sin Fox Corrupt Inferno Monarch at such a life and death moment!

Seven Sin Fox Corrupt Inferno Monarch, this was the most powerful soul pet imprinted into Chu Mu’s brain since he was seven. Chu Mu hadn’t even dreamed that one day he would own one himself!!

Seeing Mo Xie, at this moment, Vhu Mu no longer had any words to describe his inner heart.....

In fact, in Chu Mu’s black sockets, a single, warm tear was quietly sliding out.

It was only one drop, and yet this one drop contained too much emotion!

The glimmer dripped down Chu Mu’s cheek. Completely paying attention to Mo Xie, Chu Mu didn’t notice that, as this tear fell, a strange ripple appeared in the space, and the tear disappeared.....

In the special bottle in Chu Mu’s spatial ring, the amount of Sobbing Monument tears increased slightly.

In reality, Chu Mu had never noticed that the monument tears were slowly increasing. Every time Chu Mu’s soul truly touched a soul pet’s soul, it increased.

Seeing Binding Wind Spirit's memory shards, White Nightmare becoming high class monarch, Zhang Ye sitting upon the mountain of corpses..... the Sobbing Monument Tears were always increasing.

Yet this time, when Mo Xie species mutated to Seven Sin Fox, the amount of tears increased the most out of all!!
