

Soul Pets Bk2 571

Chapter 571: Ultimate Technique, Flame Monarch Purgatory (3)

This time, the sin imprints began to rapidly spread, and practically covered the entire sealed space. Even if the Destructive Wind Fairy and Xia Guanghan were at the furthest point of the sealed room, they were still covered by the seal imprint.

As Mo Xie's eyes became more imposing, the sin imprints gradually formed the composition of scalding magma. It began to emulating the scorching flames!!

The purgatory in her eyes had been released into the outer world. This was a demon strength that belonged under the hallucinatory category of effects.

However, the flaming magma flew surged like a wild dragon. The entire space was painted with a ream light and wasn't completely illusory. It truly did possess the heat and violent burning effects of reality!!

The Corrupted Inferno Monarch's sin imprint transformed the purgatory in Mo Xie's eyes into a true, flaming purgatory. The sin flames began to surge up in between the cracks of this space!

Qin Ye's three soul pets, Xia Guanghan's soul pets, as well as Ye Qingzi, Ye Wansheng and Princess Jin Rou's soul pets had been completely enveloped by Mo Xie's purgatory domain.

Ye Qingzi, Ye Wansheng and Princess Jin Rou's faced had all been printed red, and they were incomparably shocked in their hearts!

Mo Xie's technique had covered the entire sealed space, creating a purgatory-like space. This had trapped everyone, and all their soul pets inside a flaming monarch purgatory!

However, Mo Xie's sin imprint and sin flames were extremely special. For the people and soul pets Mo Xie had accepted, regardless of how strong or destructive the sin imprints and sin flames were, they wouldn't harm them at all. It was as if they were in a completely illusory space. The only thing that affected them was the glaring red.

Chu Mu and the others wouldn't be affected by the sin imprints or sin flames, while Xia Guanghan, Qin Ye, and their soul pets were not so well off.

Emperor rank strength was unstoppable. The sin flames were innate fifth rank flames. Aside from the ice type Violent Ice Beast which strength was closer to Mo Xie's, the other soul pets were immediately affected by the most painful sin flame burning!!

The sin flame burned their bodies. But within the heat was also an evil and imposing strength that was capable of burning a soul pet's defense to ashes!!

Not only this, but the sin imprint also existed!

A strange dark red colored sin imprint mysteriously entered the soul pets bodies before rapidly growing, destroying the composition of their bodies!

In other words, the scorching heat from the sin flames seeped into a body from the outside while the sin imprint began to destroy from within. When the two of them combined together, the pain was a thousand times higher than being hit by other techniques!!

A series of painful howls rang out. The first to be unable to withstand this energy was Qin Ye's demon monarch which had the weakest defense. Moreover, when this demon monarch had been fighting the War Court Black Beast, it had continuously been corroded by the dark attribute, causing its defense to drop.

Now, in front of the boiling Flame Monarch Purgatory, this demon was the first to lose the ability to resist!

A dark red sin imprint began to grow out from within the demon monarch's body, splitting it apart. Immediately, the sin flames began to rapidly seep into the sin imprint cracks and violently burning the demon monarch's body!!

The demon monarch's flesh body resembled a rock fissuring under flames as it was struck by the two forms of energy. Its body was slowly peeled apart a little bit at a time~~

Finally, the demon monarch had been completely stripped bare and turned into a pile of scorched ashes that dropped into a Flame Monarch Purgatory!

At the depths of the extremely terrifying Flame Monarch Purgatory, the look of satisfaction on Xia Guanghan, and Qin Ye's had completely disappeared. It had been replaced by fear that went to their souls!

Inside this purgatory, Mo Xie was like a dictator. Even the Violent Ice Beast was undoubtedly dead; obviously the other peak monarch soul pets were no better!

The second body that was destroyed by the sin flames and sin imprints was Xia Guanghan's White Nightmare!

Xia Guanghan's White Nightmare had been injured by Chu Mu's White Nightmare. In front of such tyrannical strength the nine underworld devil flames on its bodies were unable to mount any resistance. Instead, the injuries in its body allowed the sin imprint to enter more easily!

The moment the sin imprint's dark red color strength spread all over its body and even if its defense was stronger, it would still be completely defeated!

Once cracks began to appear on Xia Guanghan's White Nightmare, the sin flames seeped in once more. When the inner and outer strengths combined, this White Nightmare let out a pained cry and the nine underworld devil flames on its body were completely extinguished as it disappeared without a trace in the Flame Monarch Purgatory!!

"Nice job killing!!!! Little fox, kill them all!!!" Ye Wansheng saw that the peak monarch rank White Nightmare had been killed and immediately began to shout!

To a second grade competitor, a peak monarch was an undefeatable existence. Not long ago, when he was fighting the plethora of peak monarchs, Ye Wansheng had no hope. But now that two of the evil people's peak monarchs had been slaughtered, he let out a cry of delight! The best was to kill all of the peak monarchs while also burning Xia Guanghan and Qin Ye to death!!

When Princess Jin Rou saw Mo Xie use such a powerful technique, her face displayed a cold and dismal smile. This fight truly had been too difficult. Princess Jin Rou had never encountered such a strong enemy that had gotten so close to threatening her life. Now that she was seeing Xia Guanghan and Qin Ye's soul pets burn in the Flame Monarch Purgatory, she had no sense of remorse, and also hoped that Mo Xie would be able to completely annihilate them!!

Mo Xie and Chu Mu hated Xia Guanghan to their bones, so the Flame Monarch Purgatory wouldn't let him off easy either!

After killing Xia Guanghan's White Nightmare, the sin imprint and sin flame strength focused on the cowering Bloodthirsty Terror Wolf!

The Bloodthirsty Terror Wolf was essentially the weakest among the peak monarchs. It didn't have any special abilities like the White Nightmare or Violent Ice Beast. If they were to fight head on, a single Sin Imprint Claw from Mo Xie would be able to instakill it.

But now, since the Bloodthirsty Terror Wolf was facing two types of emperor rank crystallized strength, it was even hard for him to escape his death!

Xia Guanghan's face was pale. His eyes had been completely imprinted red by the purgatory. His Bloodthirsty Terror Wolf was not far away from him, and he could only watch as it was burned to ashes by the sin flames and sin imprint!!

The pain and shock caused Xia Guanghan to go crazy. However, he himself was being burned by the Flame Monarch Purgatory. If he didn't have a ninth rank soul armor and soul technique defending him, he would have already been turned to ashes.

"Mo Xie, kill the Violent Ice Beast!" Chu Mu knew that Xia Guanghan, who had lost two soul pets, was of no threat to him anymore. The only one that could actually obstruct Mo Xie was the Violent Ice Beast.

It was impossible for the Flame Monarch Purgatory's strength to be limitless. Therefore, he had to kill the Violent Ice Beast!

The Violent Ice Beast's innate strength was in between a peak monarch and pseudo emperor. Moreover, it had also been strengthened by Qin Ye's soul techniques. Therefore, this soul pet was essentially only weaker than a pseudo monarch by a level.

Mo Xie was a ninth phase middle stage and although she was a low class emperor, her total strength was pretty much equivalent to a tenth phase pseudo emperor. Therefore, her true strength was only one or two levels higher than the Violent Ice Beast. Adding on the Violent Ice Beast's unique ice rebirth ability, it really did pose a huge obstruction to Mo Xie.

However, an emperor was an emperor, and if it wasn't because the Destructive Wind Fairy had the ability to mass-attack soul pets, Mo Xie would be able to even defeat the Violent Ice Beast in one blow!

Right now, the Violent Ice Beast's ice rebirth ability had evidently slowed considerably in Mo Xie's powerful purgatory.

Seeing the Violent Ice Beast repeatedly suffer from the purgatory, Qin Ye forcibly put on a smile and said: "even this technique cannot kill my Violent Ice Beast!!"

Qin Ye barely managed to speak these words, because he knew that the Violent Ice Beast's ice rebirth ability wasn't truly a rebirth technique.

Ice Rebirth sacrificed one's defense as a cost. When a soul pet suffered a rather powerful attack, it would shatter parts of its body to decrease the intensity of the attack.

In other words, this was no true rebirth ability, and if the opponent knew the theory behind this technique, it wouldn't be particularly hard to break through.

Therefore, if the moment the Violent Ice Beast transformed into shattered pieces of ice it was attacked, this would deal true damage to it!!

"So that's how it worked. This is a technique that uses soft to fight the hard. No wonder it could continuously rebirth as if it was immortal!" Old Li suddenly came to a realization.

Seeing the Violent Ice Beast's body continuously disintegrate, Chu Mu also finally understood why this Violent Ice Beast was unscathed no matter how many attacks it took. Obviously, he had been misled by the Violent Ice Beast's so-called "rebirth"!

The Violent Ice Beast had no rebirth ability. Each time it was attacked by Mo Xie's powerful attacks, it would scatter its own body.

It was like if someone punched a pile of sand, the sand would disperse, but no damage would be done!

"Mo Xie, obliterate it!!" understanding the intricacies behind it, a smile rose on Chu Mu's face.

Now that he knew the principle behind the Violent Ice Beast's "rebirth", killing the Violent Ice Beast would be as easy as flipping his hand!

"Wu wu wu wu!!!!!"

Mo Xie had been fighting the Violent Ice Beast for a long time and had long been upset by this. Promptly, she let out an angry howl!

Mo Xie's nine sin imprint tails began to extend, rapidly reaching out at the burning Violent Ice Beast!

The Corrupted Inferno Monarch's nine tails were no longer strictly confined to the shape of nine tails. Mo Xie could weave them together with each other before fiercely binding the Violent Ice Beast within!

There were still a few cracks in between the tails. Mo Xie quickly utilized the sin imprints on her tails to seal up these cracks, not giving the Violent Ice Beast another opportunity to split its body!

"Wu wu wu wu wu!!!!!"

Mo Xie let out a commanding howl. Suddenly, an exceptionally mysterious yet beautiful sin imprint flower technique blossomed on the Violent Ice Beast, rapidly destroying its body!

The Violent Ice Beast was unable to split itself and could only sit there and allow the sin imprint's strength to destroy its body!!

Qin Ye couldn't laugh anymore. His entire face was distorted, and he looked to be in extreme pain.

Chapter 572: Now, Who Controls Who's Life?

"Finally dead." The Violent Ice Beast could no longer remake its body. The sin imprints and the sin flames caused inner and outer ravaging on its body. Finally, this violent ice beast couldn't stop the power of Mo Xie's Flame Monarch Purgatory and was destroyed by Mo Xie. Even its soul was completely destroyed by this energy!

Qin Ye's soul again was wounded. This was his third soul wounded. At this point, his entire person was weak. He laid on the ground like an abandoned dog, his whole body shaking.

The Flame Monarch Purgatory didn't disappear after the Violent Ice Beast died. Mo Xie controlled the sin imprints and sin flames, also starting an attack towards the remaining two soul pets!

"Huhuhuhuhu~~~~~"

Countless fang baring dragons shook their dark red bodies in the purgatory. Blossoms of death filled sin imprints branched out. Infact, these crack swere starting to destroy the entire seal, causing the seal to become even more brittle.

"Young master, let Mo Xie stop her inferno monarch purgatory." Old Li's voice floated into Chu Mu's ears.

"What's wrong?" Chu Mu asked questioningly. "Wouldn't killing them all through flame monarch purgatory be better?"

"I mentioned beforehand that this was a two way seal. The second seal is below the first seal. Your little fox has seal breaking abilities, so its sin imprints will rip open the seal below. I can feel that the seal below is already very brittle. If you release that sealed organism, even your little fox may not be its match." Old Li said.

Chu Mu was startled. He hadn't thought that there would be an even more terrifying creature under the blood beast altar.

Chu Mu glanced at the paining Qin Ye and Xia Guanghan. After flame monarch purgatory was cast and caused both of them to be heavily wounded, the remaining two soul pets didn't pose any threat either.

Immediately, Chu Mu told Mo Xie to stop its Inferno Monarch purgatory.

"Wuwu~~~~~" Mo Xie's eyes burning with sin flames slowly dimmed away. At this point, all the sin imprints slowly retracted back into Mo Xie's silver body.

The dancing flames started disappearing as well. The purgatory that came out of Mo Xie's eyes back off along with the sin flames and sin imprints, retracting back into Mo Xie's pupils.

After the shocking red purgatory disappeared, people were still experiencing the hallucinatory effects of it. Only long after the purgatory was retracted did they recover.

"Is it complete?" Princess Jin Rou started, as if she just woke from a dream, staring slightly blankly at Mo Xie.

Ye Wansheng's heart couldn't calm down for a long time. It was the first time he had experienced the power of an emperor rank at this close distance. Such a power caused one to fear, but also caused Ye Wansheng's heart to roll because this was the powerful energy that he yearned for!

Chu Mu himself was also touched by Mo Xie's Inferno Monarch Rank. The emperor rank and monarch rank's difference wasn't only in speed, power, or defense. Clearly, most emperor ranks had their own special abilities, learnings from countless battles, or innate talent as a higher ranking species!

"Huhuhu!!!!!!!" Mo Xie's sin flames burned again, the piercing dark red giving off an evil and death-like terror.

Every step Mo Xie took would cause a beam of sin flames to sprout, showing off her dominating manner. Facing two top tier monarchs that were ravaged by the inferno monarch purgatory, the comparison brought out the fox monarch's dignity even further!

Mo Xie slowly stepped in front of the Golden Evil Insect. This Gold Evil insect was very resilient; Flame monarch purgatory's sin imprints and sin seals weren't concentrated attacks, so it didn't suffer that incredible damage.

Yet, as this golden evil insect stood before the seven sin fox corrupted monarch rank, it truly was rendered into a small bug, unable to even struggle as Mo Xie daintily grabbed it using her tail!

Nine tails all had sin imprint's power. These nine sin imprints seeped into the golden evil insect's body and slowly destroyed it!

Laying on the ground, Qin Ye's eyes were filled with blood vessels. Currently, they could only watch as golden evil insect was slowly destroyed!

“I, I am soul alliance sixteen absolutes Qin Wu’s son. You can kill all of my soul pets, but you can’t kill me, or else your friends, your family, and all those related to you will die with me!” Qin ye bit his teeth and said both shamefully and threateningly!

Hearing Qin Ye’s words, Princess Jin Rou quickly furrowed her brows. She knew the soul alliance hierarchy well. The sixteen absolutes held a very high position, some even controlling the killing rights of kingdoms and regions!

“Princess, who are the sixteen absolutes?” Chu Mu glanced at Princess Jin Rou and said.

“Soul alliance is different from nightmare palace and soul palace, they all had the position but not the title. The core strength is as such: One master, Two concubines, four heroes, eight disaster, sixteen absolutes. These people were all at the peak of humanity, definitely stronger than our elders.” Chu Mu smiled.

“Stronger than elders!” Chu Mu was secretly surprised. Old Li had once told him that, having a top tier emperor rank isn’t the judge who was the best.

“As long as you know. Between the younger generation, when they fight with elders, my father wouldn’t mind. However, if you killed me, my family situation won’t let this rest, and you will face mortal danger”

Qin Ye specially observed Chu Mu and noticed that he was already showing signs of hesitation. As long as he lived, soul alliance Qin Ye could rise up again. He just needed to live on today, and wash away the shame!

“Princess, can i trust you?” Chu Mu turned around and said.

“What do you think?” Princess Jin Rou seemed to understand his meaning. She let out an upwards smiling face.

Chu Mu nodded and turned away, directly walking towards Xia Guanghan again.

Qin Ye had seen Chu Mu leave, but the rock in his heart finally fell he left . He also laughed at Chu Mu's indecisiveness and mercy. If it were him, no matter who it was, to stop any consequences from happening, he would instantly kill them even if they were the son of the immortal prison!

Yet, Qin Ye hadn't thought of how to leave, when he suddenly felt something creep up his body.

Qin Ye quickly lowered his head and suddenly noticed that, unknowingly, a dark red sin imprint had climbed up onto him, extending from his legs to his stomach, and finally reached towards his head!

Qin Ye's entire body froze as his bloodshot eyes locked onto Chu Mu. Using his most angry voice, he roared, "Chu Mu, if you dare kill me! You..." Beng!!!!!!!! Before Qing Ye could finish speaking, the sin imprints destroyed his body, causing blood to fly everywhere!

Qin Ye's death was truly sad, being rendered without a full corpse!

Qin Ye didn't know. Chu Mu's hatred towards soul alliance was already extremely deep due to his father. Even if you forgot the fact that no one could find out about killings within the seal, even if that sixteen absolute Qin Wu found out, Chu Mu would still kill Qin Ye without hesitation. Chu Mu definitely wasn't a merciful person!

Qin Ye's corpse was shredded very well. This death was hair-raising, especially for Xia Guanghan.

"Attack!! Attack them!! Quickly attack them!!!!!" Xia Guanghan realized that Chu Mu and Mo Xie were walking over, and even started screaming in panic.

Destructive wind fairy, Xia Guanghan's last soul pet, hastily started an incantation of wind type, creating tenth rank destructive winds that swept towards Chu Mu!

The destructive winds were muddy, and seemed to cover the heavens and earth. However, every time it passed by Mo Xie, Mo Xie's tail would extend and slap them out of existence!

Mo Xie's cold eyes glared at Xia Guanghan. She didn't hurry, simply following by Chu Mu's side and walking over equally slowly.

“Moonlight Fox is but a moonlight fox. It will never be the match of White Nightmare. No matter how powerful an ant is, a lion can step on it and kill it.” Chu Mu looked at Xia Guanghan and said in a steady voice to the twisted face of Xia Guanghan.

This was what Xia Guanghan said to Chu Mu back then; Chu Mu remembered this very well.

At that time, Xia Guanghan hadn't known that Mo Xie was a continuously mutating osul pet. At that time, Xia Guanghan was like a deity high above, deciding on Chu Mu's life with ease!

Yet, Chu Mu through life and death, facing mental and physical torture, he never gave up. It wasn't just an attachment to his father, but also an oath to get out of this situation of having his dignity trampled upon and finally control his own fate.

This moment had finally come. Compared to a few years back, Chu Mu and Xia Guanghan's identities were completely flipped. The one controlling Xia GUanghan's life was now Chu Mu!

Mo Xie was very near the destructive wind fairy now. The destructive wind fairy's techniques were also getting increasingly weak, easily dissipated by Mo Xie.

Still using her tail to grab the destructive wind fairy, without the obstruction of the violent ice beast, it had no power to even struggle against the top tier monarch rank seven sin fox corrupted flame monarch .

“Now, who controls who's life?” Chu Mu said calmly as he stared at Xia Guanghan!

Chapter 573: Xia Guanghan, Unable to Escape Death

The dark red sin flames burned shockingly as nine sin imprint tails restricted its body.

The destructive wind fairy couldn't move at all, and was only able to withstand the torture of the sin flames!

And this moment, Xia Guanghan was feeling the same as the destructive wind fairy. Though he wasn't receiving any attacks, his repeatedly damaged soul was choking the life out of him. His veins bulged out on his extremely pale face, and his eyes seemed to be popping out!

Finally, the destructive wind fairy was killed!

As the destructive wind fairy's body was slowly disintegrated by the sin flames, Xia Guanghan's face was twisted even further with pain. However, standing opposite of him was this particular young man. The shame was what caused Xia Guanghan the real pain!

Just as Chu Mu said, who was controlling who's life, who was playing with who's fate?

Back in Nightmare Palace and Prison Island, Chu Mu had always had to find escape from Xia Guanghan's hands. However, after leaving the eternal sea, which trained Chu Mu from a soft boy to a determined young man, Chu Mu had always controlled his own fate.

"Damned!! Damn it!!! The ending can't be like this!! The finale definitely doesn't happen like this!!" Xia Guanghan shouted madly.

Shame and failure were in reality the hardest to accept. especially when he fell to a person he once could have crushed like an ant. In fact, he didn't even want to admit that he was the sole reason why today had become a reality!

"My fate has always been in my hands, yet you have always been just a small stepping stone on my path." Chu Mu said calmly to Xia Guanghan.

At this moment, the hatred in Chu Mu's heart had faded away. Chu Mu knew that, without Xia Guanghan's pressure, he wouldn't be where he was today. Though Chu Mu knew he was still just a smidge in the massive soul pet world, if he had just given up at the time, Chu Mu would definitely regret not being able to stand up and break through mediocrity. He would instead watch as his dignity was shattered and be utterly helpless about it!

"You, you have no reason to talk down to me! Just because you can kill me, what can that prove? It's just your luck! If you didn't have this continuously mutating soul pet, you are nothing, and I would easily kill you!" Xia Guanghan glared deadly at Chu Mu and said angrily.

Chu Mu had to admit that everything changed because he owned Mo Xie!

Chu Mu similarly agreed that he was an incredibly fortunate person.

However, Chu Mu had never relaxed his efforts to become the strongest due to Mo Xie's continuous mutation, neither had he ever slacked off!

Chu Mu got the chance to transform, and he tightly grasped this opportunity to become the strongest he could ever be!

One could say that, other than going into a coma, every night Chu Mu experienced was through meditation, while his day would be filled with constant battles. The luxurious cities, countless entertainments, countless relaxations, Chu Mu didn't step into them a single time. The world was boundless, with countless safe havens, yet Chu Mu only walked the most dangerous bewildering worlds!

Even after stepping out of eternal ocean, Chu Mu never stopped battling, and neither did he ever let the fire of his beliefs die out.

Today, he could control Xia Guanghan's life. Chu Mu didn't feel any happiness from this, however, because Chu Mu knew that, as long as he didn't die, this scene was inevitable; Xia Guanghan was bound to be stamped upon by him, and someone like him wasn't even worthy of being a true adversary for him!

Because Xia Guanghan was too greedy, because of anger and jealousy, he completely lost himself to plotting and didn't seek to strengthen himself. He didn't understand that true power stemmed from within, from belief and confidence in oneself. Xia Guanghan, who once had a place in Nightmare Palace of Tianxia city, was rendered nameless. Even the first tier member Qin ye was more powerful than he was! If he knew to get more powerful, knew to challenge himself, he would probably be near tenth rank title holder. If that were the case, even if Mo Xie mutated, he could still defeat Chu Mu. However, he didn't.....

Someone who didn't understand the true nature of an expert will ultimately become the trash in the eyes of true experts, living petty and withered lives!

"You no longer are qualified to be my opponent." Chu Mu turned around and gave Mo Xie a command.

Xia Guanghan had to die, Chu Mu won't give him any reason to stay live!

Mo Xie's gaze was ice cold. Chu Mu's resentment dissipated when he saw just how pathetic Xia Guanghan truly was. However, Mo Xie's built up anger couldn't be dissolved so easily!

Mo Xie lifted her claw and slowly gathered a ball of sin flames.

Xia Guanghan stared closely at Mo Xie, looking as if he was insane.

However, just as Mo Xie's claws moved, Xia Guanghan's muttered incantation finished!

“Hu~~~~~”

Xia Guanghan's body started becoming ghostly. By the time Mo Xie's sin flame darted up, Xia Guanghan's body had already disappeared, becoming a ghost-like being that floated upwards!

“Hahahah!!! Killing Xia Guanghan isn't that simple!!” Xia Guanghan laughed out loud maniacally. His ghost body quickly floated towards the cracks in the sealed space!

Facing Xia Guanghan with this special soul technique, Chu Mu simply glanced at him slightly and didn't show much astonishment.

“White Nightmare.” Chu Mu gave White Nightmare a command.

White Nightmare quickly casted displacement specter, and easily followed Xia Guanghan's ghostly body!

Middle rank nine underworld devil flames sprouted upwards. Powerful soul burning energy went straight into Xia Guanghan's body. Xia GUanghan's soul was already extremely fragile. The lethal flames quickly burned his ghostly body.

“Ah!!!!!!!!!!!!!! Ah!!!!!!!!!!!!”

Xia Guanghan's painful shout came out. Inside the nine underworld devil flames, his face was twisted, like a ghost, staring at Chu Mu.

”As the body was burned by nine underworld devil flames, Xia Guanghan roared painfully, “Chu Mu, your life will end by the hands of a woman. One day, she will kill you! I, Xia Guanghan, will be a grudging devil down in hell!!”

After White Nightmare burned an organism to death, it wouldn’t become a ghost. So, after Xia Guanghan finished the last curse, he had utterly disappeared from this world!

Xia Guanghan’s last soul technique was a completely useless struggle. This ghost type technique may not be able to be captured by Mo Xie, but White Nightmare’s painful devil flames were the counter to all ghost types. Xia Guanghan’s vain struggles were simply causing him to die more painfully!

“Huhuhuhu~~~~~”

With the death of Xia Guanghan, the battle finally completed.

Ye Qingzi, Ye Wansheng, and Princess Jin Rou all let out a breath. However, Princess Jin Rou noticed Xia GFuaghan’s last sentence and asked Chu Mu quietly, “The woman he mentioned....”

“Nothing, just rambles of a dying man.” Chu Mu shook his head and didn’t answer.

In reality, Xia Guanghan’s words caused Chu Mu’s heart to shake. Though Xia Guanghan didn’t reveal everything, Chu Mu knew that the woman definitely was the defector woman.

Xia Guanghan had plotted with the defector woman. If Xia Guanghan was the defector woman’s subordinate, or if Xia Guanghan was the person defector woman sent to kill him, then that meant Chu Mu was constantly under surveillance!

Xia Guanghan appearing at Gangluo City Chu Family was already a strange event. If it pertained to the defector young girl, however, the two could be connected!

Ye Qingzi stared weakly at Chu Mu. She always habitually wanted to think for Chu Mu. Normally, she could also guess that the woman was most likely the defector woman.....

However, Ye Qingzi clearly barely had the ability to think now. All she felt was countless poisonous bugs eating away at her. To not affect Chu Mu's battle, she hadn't made a single noise. But now, the pain was all over her body, causing her to be unable to stand.

"Qingzi?" Ye Wansheng noticed his sister's situation and quickly went to support her, face full of worry.

Chu Mu immediately came back to his senses and remembered to bring Ye Qingzi back to heal. If anything happened to Ye Qingzi, Chu Mu wouldn't forgive himself. After all, Xia Guanghan and Qin Ye clearly came for him; Ye Qingzi was brought in involuntarily.

"Young master, leave this sealed space first. The sealed space is shaking. If we don't leave soon, there will be big trouble." Old Li said.

Chu Mu nodded and grabbed Ye Qingzi and jumped onto Mo Xie's body.

"Wuwu~~~" Mo Xie was also worried for Ye Qingzi, letting out a faint call.

Scared of Ye Qingzi getting hurt again, Mo Xie wrapped one of her tails around to hold Ye Qingzi so she could lay down more comfortably.

"Mo Xie, break open that seal." Chu Mu said.

Chu Mu and Mo Xie broke through the seal to enter the sealed space. The seal had self-healing functions, which was why Ye Wansheng, Princess Jin Rou, and Ye Qingzi couldn't leave the seal when Chu Mu battled.

Mo Xie's claws shined with a silver glow. With the appearance of the silver moon mark on her forehead, the seal breaking powers adhered to Mo Xie's claws again!

One claw created another large crack in the seal!

Chu Mu told Ye Wansheng and Princess Jin Rou to leave first before finally bringing Zhan Ye and White Nightmare out.

Very quickly, Chu Mu and Ye Qingzi returned to the blood beast altar. He found Princess Jin Rou and Ye Wansheng both standing stock still, so he asked questioningly, "What's wrong?"

"The rock statue guards." Ye Wansheng said as he gazed across the entire plaza, overwhelmed with shock.

At this moment, the plaza originally full of monarch rank rock statue guards was no longer the same. The most terrifying change was the mountains of corpses piled everywhere, creating a stunning scene!!

Chapter 574: Medicine to Heal Qingzi, The Crystal Inside the Holy Stem Flower

Species Calamity led to only a few remaining statue guards staying alive in the plaza.

It was only now that the anger imprinted in these statue guards' eyes had finally disappeared. Facing the corpses of their own species filling this entire plaza, their minds finally awakened, and the statue guards abruptly realized the terrifying effects of this fight.

Mo Xie appearing once again in the plaza caused the remaining statue guards to show fear. In panic, they all began to flee far away.

It was difficult to imagine that these statue guards that had originally been extremely difficult to defeat had turned into stray dogs that could only flee like this.

"These were all gotten rid of by you?" Ye Wansheng couldn't even close his mouth, as he stared in shock at Chu Mu.

Chu Mu only nodded his head, ignoring this and asking Ye Wansheng instead: "What poison did Qingzi contract? How could she become like this?" Ye Wansheng finally came back to his senses. He walked up to Chu Mu, glanced at Ye Qingzi and said: "This is from a soul teacher's soul technique that sacrifices one's blood to strengthen his or her soul pet. The moment the poison invades the arteries in her brain, Qingzi will..." as he spoke, Ye Wansheng walked in front of Ye Qingzi and glanced at her face. Abruptly, he discovered that her cheek had already been filled by poison!

Moreover, Ye Qingzi had gone unconscious at some point!

“Crap, the poison is already extremely close to her brain. Qingzi used this technique once in Li City. Reasonably speaking, this technique shouldn’t be used more than once in three years. Now the poison is still spreading, and before long...” Ye Wansheng’s face was deathly pale.

Previously he didn’t think Qingzi had been too badly poisoned. But now that he looked again, this was already endangering her life. If she wasn’t healed, his sister would be poisoned to death!

Ye Wansheng didn’t think that the situation would become so serious. He looked extremely nervous and he let out continuous streams of sweat!

“What methods of healing her are there?” Chu Mu’s heart was anxious and it seemed like he was going to lose Ye Qingzi. He hastily gathered up the beauty in his arms.

“Only Qingzi herself knows. But now she’s unconscious.” Ye Wansheng’s gaze immediately fell on Princess Jin Rou in hopes that she would know something.

However, Princess Jin Rou shook her head. Evidently, she didn’t know how to save Ye Qingzi either.

“Old Li!!” Chu MU yelled. He pulled Old Li out of his spatial ring. “Stop counting Qin Ye and Xia Guanghan’s goods. Quickly tell me how to save Qingzi!”

Qin Ye and Xia Guanghan’s soul pets all had soul equipment while they themselves wore ninth rank soul armor. Presumably, the inner crystal of the sealed space’s blood beast was in their spatial rings too. Old Li, this greedy fellow, grabbed all of these items after the fight ended.

Chu Mu had no thoughts of determining how many riches Xia Guanghan and Qin Ye had right now. He had only thought of detoxifying Ye Qingzi.

Old Li originally hadn’t paid any heed to this because he felt that the poison would be healed after rest. However, when he discovered that the poison was quickly about to spread to Ye Qingzi’s temples, his face immediately changed!

“How did it become like this?!” Old Li said in shock.

“Stop wasting your words. Quickly think of a solution!” Chu Mu anxiously said.

The poison now covered almost all of her beautiful face. Seeing this, Chu Mu felt like a knife was twisting his heart. No matter what, Chu Mu could not just watch the poison continuously corrode her, causing her to lose her life!

“Young master, normal methods of detoxification won’t work because this soul teacher’s body has been wounded. I’m afraid only the inner crystal of an emperor rank healing soul pet can suppress the poison. Brat Ye, how stupid are you? You clearly knew that your sister was already poisoned, but you still let her use this technique!” Old Li suddenly yelled.

Ye Wansheng was extremely regretful. He really didn’t know that Ye Qingzi had been poisoned in Li City, nor did he realize that the situation had progressed to a stage that would endanger his sister’s life.

“Old Li, you must think of a way to save my sister. As long as you save my sister’s life, I’ll do anything you want.” Ye Wansheng grabbed Old Li’s sleeve and spoke with extremely sincerity.

“I just said, you must use an emperor rank healing soul pet’s inner crystal!” said Old Li, seriously.

“Where can we find an emperor rank healing soul pet’s inner crystal though?!” Ye Wansheng’s face was full of shock as he spoke.

Emperor rank soul pets were innately very few, much less so an emperor rank soul pet with healing abilities!

Moreover, even if they were to find one, in order to obtain an emperor rank inner crystal, one had to kill this emperor rank soul pet!

Tianxia City sold various inner crystals of monarch rank soul pets. However, emperor rank crystals were fewer than few. Especially those innately rare healing type emperor rank soul pet inner crystals.

“Among Soul Palace’s Seven Diagram Saint Pets, the Holy Stem Flower possesses healing abilities. Moreover, the Holy Stem Flower is an emperor rank.” said Princess Jin Rou

Princess Jin Rou's reminder caused Old Li to suddenly understand: "That's right, a Holy Stem Flower's inner crystal works."

"Holy Stem Flower!" Chu Mu's heart sank.

Chu Mu knew that Old Soul Teacher De had a Holy Stem Flower. However, in order to save Ye Qingzi, he would have to take the Holy Stem Flower's inner crystal, which would be equivalent to killing Old Soul Teacher De's Holy Stem Flower. Old Soul Teacher De would never sacrifice his soul pet for Ye Qingzi.

Old Soul Teacher De wouldn't sacrifice his soul pet, nor would other people.

Moreover, the value of an emperor rank didn't even need to be stated while purchasing an emperor rank healing soul pet's inner crystal was impossible. The only possible method was to kill a wild Holy Stem Flower in the Sacred Holy Region.

"Young Master, didn't Old Soul Teacher De tell you that about someone in Tianxia City whose position is even higher than his in Tianxia City. This person is probably a Soul Palace senior elder. If you go back to the city now, and have this senior elder head to the Sacred Holy Region, if your luck is good, perhaps he'll be able to find a Holy Stem Flower in ten days." said Old Li.

"Perhaps? Then won't Qingzi's life still potentially be in danger?" Chu Mu couldn't allow a "perhaps". Even if there was a sliver of "perhaps", Chu Mu couldn't accept this. This matter pertained to Ye Qingzi's life!

"This all depends on her luck. After all, even in the Sacred Holy Region, a senior elder would still find it difficult to find a Holy Stem Flower in ten days." Of course, the senior elder could issue a reward for an expensive flower type emperor rank soul pet's inner crystal from someone's collection. This way she has another way of being saved." said Old Li in a low voice.

Chu Mu had gone completely gloomy. All of Old Li's methods were maybes. If they were unable to collect one, or if the senior elder was unable to find a Holy Stem Flower in time, then Ye Qingzi really would die.

In Li City, Ye Qingzi had used this self-destructive technique in order to fight for time so he could absorb the Jade Spring Holy Blood.

This time, it was because of his enemy that Ye Qingzi had fallen into danger, and she had no choice but to use this technique.

Both times had been because of him. No matter what, Chu Mu couldn't let Ye Qingzi die like this.

"Chu Mu?" Princess Jin Rou saw that Chu Mu wasn't saying anything, and she spoke in a low voice at him.

"Old Li, go with Ye Wansheng and take Qingzi back to the city. Tell that elder about the situation and ask him to take action. Then tell Old Soul Teacher De, and have him collect emperor rank flower type and water type crystals..." Chu Mu didn't hesitate anymore and spoke to Ye Wansheng and Old Li.

"Chu Mu, you're going to?" Ye Wansheng's eyes were flushed red as he looked at Chu Mu. He didn't understand what he was about to do.

Chu Mu didn't respond. He used his hands to caress Ye Qingzi's cheeks as he stared at her.

He had never been through any heart-stirring moments with Ye Qingzi that would make Chu Mu understand how sorrowful and despairful he would feel if he lost Ye Qingzi. He didn't even know when he started liking her. Everything had just been so natural.

However, even if everything had progressed smoothly and everything had been so simple, Chu Mu didn't need some huge event to understand that this feeling was the most pure and cherished thing there was.

Most importantly, Chu Mu was very clear that Ye Qingzi was the woman he most wanted, and the woman he most needed.

Chu Mu couldn't bear it if anything happened to Ye Qingzi. Nothing could happen to her!

When the Holy Stem Flower was mentioned, Chu Mu realized that there was a Holy Stem Flower in the Immortal City that had the greatest chance of saving Ye Qingzi.

It was the defector young woman!

The defector young woman puppet was half human and half soul pet. One of its bloodlines was the Holy Stem Flower. He double checked with Old Li if the defector young woman puppet's inner crystal would save Ye Qingzi.

Old Li responded that it definitely would.

Chu Mu had to settle things with the defector young woman puppet anyways. Ye Qingzi desperately needed to be saved so, in this fight, Chu Mu would give it his all. He was determined to breakthrough to the tenth realm's ultimate honor grounds to find the defector young woman puppet!

"Chu Mu, you really are going to kill the veiled female master?" Princess Jin Rou realized what Chu Mu was going to do and softly spoke.

Chu Mu vigorously nodded his head and said: "With Mo Xie, I have a good chance of killing her. I'm just worried now that the time is not enough."

"You don't need to worry about time. It takes about six days from here to reach the tenth realm's ultimate honor ground. After we reach there, if we follow the green markings, it won't even take us a day to walk out of Immortal City. However, I feel that the veiled female master cannot be this simple. There are probably even people in the first grade who are loyal to her..." said Princess Jin Rou.

"No matter what, I have to try. Princess, give me the Immortal City map." Chu Mu didn't want to delay.

"You aren't familiar with Immortal City. Even with the map, you're bound to take many detours. You may not be able to make it in ten days." said Princess Jin Rou.

"This..." Chu Mu's face showed an unsightly expression.

"How about this, I'll go with you. Have Ye Wansheng take Ye Qingzi back to the city." Princess Jin Rou's tone was flat as she spoke.

Chu Mu was stunned and stared at Princess Jin Rou who was always wearing a veil. For a moment, he didn't know what to say.

“You saved me so I should help you out. Moreover, you forgot that I have another goal in Immortal City.” said Princess Jin Rou.

“Then I give much thanks to Princess.” Chu Mu wasn’t unreasonable. He really did need Princess Jin Rou’s help, since she was familiar with Immortal City. Therefore, he gave a very sincere thanks.

Chapter 575: Killing His Way to the Tenth Realm (1)

“Young master, put these pieces of equipment on. Aside from those among the most powerful in the first grade, no one else has enough money to purchase a ninth rank armor. Give your soul pets all ancillary combat equipment. If you encounter a few first grade experts, your other soul pets will be able to deal with them.

As he spoke, Old Li gave Qin Ye and Xia Guanghan’s spatial rings and their equipment to Chu Mu. At this moment, Old Li didn’t dare take anything.

Chu Mu nodded his head and urged Old Li and Ye Wansheng to bring Ye Qingzi back.

“Chu Mu, please.” Ye Wansheng spoke before picking up Ye Qingzi and rode on his Star Wilderness Devil Colt as he began to head back according to the green patterns.

“Also, young master, although it is not hard for an emperor rank soul pet’s physical strength to recover, it still eats a lot. You must preserve the small fox’s physical strength, otherwise the soul cores will not be enough to fill up the emperor rank’s stomach, and her physical strength will not recover...” Old Li gave another word of advice before he left.

Chu Mu nodded his head and followed Old Li and Ye Wansheng with his eyes as they left with Ye Qingzi.

After they left, Chu Mu’s heart was still difficult to calm down. He took in a deep breath, recovering his emotions.

“Wu wu wu~~~~” Mo Xie intelligently used pitiful appearance, slowly transforming into a small inferno monarch. Her appearance wasn’t too different from her original pitiful appearance, and she was still extremely adorable.

Mo Xie jumped onto Chu Mu's shoulders and used her tongue to lick Chu Mu's cheek. She seemingly was telling Chu Mu not to worry.

Chu Mu rubbed Mo Xie's nine small tails and gradually adjusted his state of mind.

"Chu Mu, Xia Guanghan, and Qin Ye have a total of four ninth rank soul armors and one ninth rank full form offensive soul equipment. Use them all on your soul pets." Princess Jin Rou said to Chu Mu.

"What about yourself?" asked Chu Mu.

"Myself and Bing Ying both have ninth rank soul armors. We're about to fight against first grade experts who are able to enter the tenth realm. Only the Towering Ice Curse Demon Fox and White Nightmare will be a bit of use. My other soul pets will not participate. We'll mainly be relying on you to fight." Princess Jin Rou didn't try to be brave, and indicated that her strength was lacking.

Princess Jin Rou rarely had to worry about funds. She received the pampering of numerous elders and senior elders, and would always receive special treatment from them. But what she did lack was soul pet training.

Chu Mu nodded his head. He put the ninth rank soul armors, and Qin Ye and Xia Guanghan's spatial ring into his soul pet space.

Qin Ye and Xia Guanghan's spatial rings mostly contained medicines, soul crystals, and soul cores. There weren't items with true value.

This was very common. The majority of soul pet trainers, if they had homes, would normally place their goods at their homes when they travelled to dangerous places. This would prevent their spatial rings from being lost, or if something unexpected occurred, they wouldn't lose all their riches.

Zhan Ye and the White Nightmare both already had ninth rank armors. The ninth rank full form offensive soul equipment was given to Zhan Ye.

Zhan Ye was at the ninth phase middle stage. After obtaining a full form offensive soul equipment, it didn't need to use Brave Stinging Heart and its strength would be equivalent to a tenth phase

middle class monarch. Presumably, once Zhan Ye's physical strength and broken limb rebirth abilities fully recovered, its Brave Stinging Heart's final burst would allow it to near the peak monarch rank.

The White Nightmare already had full form soul equipment. The awakening ability it had stolen from the White Nightmare Princess would quickly disappear, and it was about to return to the high class monarch rank. Of course, relying on its nine underworld devil flames, it was only lacking by one level compared to those peak monarchs without ancillary attributes; thus it was capable of fighting against peak monarchs.

Of the four pieces of soul equipment, one ninth rank soul armor was given to Mo Xie, allowing her defensive ability to slightly rise. Of course, to an emperor rank's defense, the ninth rank soul armor was really just decoration.

"Chu Mu you should wear one. Otherwise if that woman attacks you, you won't have the ability to resist." Princess Jin Rou saw Chu Mu was planning on giving the soul equipment all to his soul pets, so she gave advice to Chu Mu.

Towards Chu Mu's actions, Princess Jin Rou was pretty much speechless. If other soul pet trainers had soul armor, they would wear it themselves first. However, Chu Mu had six ninth rank pieces of soul equipment right now altogether, but didn't even plan on wearing one himself.

Chu Mu nodded his head, as he indeed felt this was needed. Promptly, he took one of the soul armors and put it on.

Of the other two, Chu Mu gave one to the Night Thunder Dream Beast and the other to the Ghost King.

In the subsequent fight, neither the Binding Wind Spirit, Ice Air Fairy, or Devil Tree Battle Soldier would be of much use. However, this Ghost King with extremely powerful defense would be able to hold its own.

The Ghost King was now at the ninth phase second stage. Its defenses had been raised to the late ninth rank. After Monarch Ghost Transformation, it would rise to the full ninth rank. If it wore the ninth rank soul armor, it would be able to stop tenth rank techniques!

With full form martial equipment, Chu Mu's strength also greatly rose.

Each ninth rank armor cost 5 million. To a true expert in the first grade, they required at least two months to finish a ninth rank mission with a 1 million gold reward. Moreover, the chances of success were very low.

Furthermore, the majority of competitors would spend endless amounts of money on strengthening and feeding their soul pets. There were not many people who had the luxury of purchasing luxurious soul equipment.

Therefore, even a ninth rank soul armor was rather precious in the first grade. There were not people who, like Chu Mu, had full form warrior equipment or other equipment. Chu Mu thus had a huge advantage!

“Zhan Ye, go back and rest first. White Nightmare, you stay and continue to fight.” said Chu Mu.

Zhan Ye had already finished using its Broken Limb Rebirth technique and required rest to recover. Since it had taken the White Nightmare Princess’ awakening ability, the White Nightmare still had ample fighting strength. Thus he would mainly rely on the White Nightmare to clear the upcoming path.

“Princess, let’s go.” Chu Mu said to Princess Jin Rou.

Princess Jin Rou carried her pitiful appearance ice colored small fox, Bing Ying. She rode on a Nightmare Palace Gale Colt as she followed beside Chu Mu.

.....

.....

The Blood Beast Altar Plaza was a mess. About half a day after Chu Mu and Princess Jin Rou left, Nightmare Palace’s Elder Xie Tao hastily arrived.

Elder Xie Tao had come here mainly to weaken the sealed blood beast’s strength. However, when he saw that the plaza’s statue guards had practically all been turned to smithereens, his face was covered with shock!

“What happened! What... What on earth happened?!” Elder Xie Tao yelled as he slightly lost his bearings.

Elder Xie Tao was extremely clear that if all of the statue guards were killed, then this would affect the second seal’s stability.

Promptly, Elder Xia Tao began to hastily check the state of the seal. This seated person’s face greatly changed, as the second seal had been completely ripped apart by some force!

Even more terrifying was that this extremely powerful emperor rank soul pet that was under the second seal was just about to break the seal!

Xie Tao immediately recognized the gravity of the situation and rapidly condensed his soul remembrance to form a voice. He yelled at the sky: “I am the first seat Xie Tao! All competitors participating in the second grade’s ultimate honor competition listen to me. Immediately follow the green markings and leave Immortal City. Those who don’t listen will suffer the consequences themselves!!”

“...immediately follow the green markings and leave Immortal city. Those who don’t listen will suffer the consequences themselves!!”

This voice quickly spread through a large region of Immortal City. Those second grade competitors who didn’t know of the situation and were lingering near the Blood Beast Altar were attempting to enter. However, after they heard the voice, their faces went blank since they didn’t know what occurred.

“What happened? Could it be they cancelled the competition?”

“What on earth are the Tianxia authorities doing? We risked our lives to make it here. We’re just about to reach the Blood Beast Altar when they suddenly yelled for us to return?”

“If I don’t obtain the second grade’s ultimate honor, I won’t leave Immortal City!”

“Some danger could have emerged. For safety’s sake, we had best leave.”

Various voices rang out in this region of Immortal City.

The majority of people listened to Elder Xie Tao's orders. Although they didn't understand why and were hesitant, they began to leave Immortal City.

However, there were a few overzealous people. After all, they were already so close to Blood Beast Altar. Victory was right in front of them and it was very difficult for them to leave.

.....

Tianxia Plaza

"What is the situation in Immortal City like right now?"

The situation on the Blood Beast Altar had already become the focal point of everyone in the plaza. Even the first grade's information was not as cared about as Chu Mu's information.

When Chu Mu and Mo Xie had entered the seal, the Species Calamity had continued. It could be said that everyone had reached a state of inconceivable shock as they "witnessed" the scene of the statue guards killing each other from the information soul pet circling nearby the Blood Beast Altar.

Moreover, at the end, people didn't even know what exactly had happened. Only a few experienced soul pet trainers could roughly guess that it could have been Chu Mu's emperor rank soul pet using a demon technique, causing the statue guards to point their blades at one another.

"Ye Wansheng is bringing the injured Ye Qingzi away from Immortal City." the messenger soul pet transmitted information about them.

"What about Soul Palace Chu Chen? What is he doing? Was that emperor rank his soul pet? Or was it some powerful creature in Immortal City that came to his aid?"

There were still many people who didn't really believe that Chu Mu truly possessed an emperor rank soul pet.

Among the younger generation, the peak of the first grade was the peak monarch rank. It was practically impossible for an emperor rank soul pet to appear!

“I can’t see where that emperor rank soul pet is. However... Soul Palace Chu Chen and Princess Jin Rou are heading to the depths of Immortal City... that direction... that direction seems to be towards the tenth realm!” transmitted the messenger soul pet.

“What?!! Soul Palace Chu Chen and Princess Jin Rou are going to the first grade??”

This piece of news immediately erupted in the entirety of Tianxia Plaza!!

Chapter 576: Killing towards Tenth Realm (2)

Tenth realm, the default fighting grounds for first tier. Those put into second tier and third tier would never even think of entering!

Yet, Battle of the Realm didn’t clearly set a rule saying third and second tier members couldn’t go towards tenth realm to fight. This was why different tiers could have struggled together in the previous realms.

This was a tradition. It wasn’t because people specially split everyone into three tiers; it was just, as young generation soul pet trainers, changes in age caused a great difference in strength. Three years of age difference often caused an obvious difference in strength.

Because of this, after countless years of hosting Battle of the Realm, the unspoken tradition created tiers, which gained the recognition of Battle of the Realm and created an ambiguous rule.

Over these many years, it wasn’t that no one ever challenged above their own tier, it was only that only one in a couple hundred years would one incident happen.

However, people have seen challenges beyond one tier, but no one had seen someone challenge across two tiers!!

Mu’s outstanding performance in second tier had already made many people categorize him as an expert amongst second tier. Chu Mu also very bravely killed his way to the blood beast altar, so without any mishaps, the ninth realm final honor would be his!

Going from third tier to second tier and gaining the final honor was already a great miracle. What caused everyone to be dumbstruck was this person still wasn't satisfied, wanting to fight his way into first tier in tenth realm!!

The first tier ninth realm and tenth realm are continuous. According to information from informational soul pets, in the first tier ninth realm, there were already a majority that have been eliminated. The remaining 30 people were fighting for the final honor of tenth realm!

These thirty people were definitely the most powerful of the young generation of battle of the realm. The second tier strongest Si Tian couldn't even be compared to these thirty people.

In fact, of these thirty people, many were top tier experts even in the middle aged generation. Unless people were Kingdom masters, palace masters, or tenth level title owners, no one dared to fight them!

That was why when Chu Mu went so headstrong into tenth realm, it caused an unprecedented commotion!

"If someone takes the second tier final honor and the first tier final honor together, it truly would break the record of Battle of the Realm history! Will this person be Chu Chen!?" Zhao Cheng started muttering to himself.

"One lucky chance..... And maybe.....it truly is possible. If that emperor rank soul pet exists....." Shang Heng said.

"Don't emperor rank soul pets easily defect? Chu Mu definitely isn't a spirit emperor yet, so how is he be able to control an emperor rank soul pet? I'm guessing that the emperor rank isn't his. Didn't you hear? The informational soul pets say it has already disappeared." People in soul palace discussed.

"Indeed, you're right. How would Chu Chen have an emperor rank soul pet. If he truly had one, he would be invincible in young and middle aged generation. Even us soul palace only have emperor ranks at the palace master level."

These young generation members' discussion quickly fell into Old spirit teacher De's ears. He humphed and, with no mannerisms of an elder, stood right in the pack of young generation members and said, "What do you kids know? That soul pet definitely reaches emperor rank in power, but its species rank is definitely still monarch rank!"

“Then, you’re saying Chu Chen has created an emperor rank soul pet through strengthening?” Zhao Cheng immediately asked.

Old soul teacher De shook his head. “It isn’t simple to strengthen an emperor rank soul pet at all. If I guessed correctly, Chu Chen’s emperor rank soul pet is the seven sin fox, the most perfect monarch rank soul pet.”

“The most perfect monarch rank? Seven sin fox?” Soul palace members were all confused, never having heard this phrase.

“You bunch of idiots, not taking the time to learn, and now you know nothing!” Old soul teacher de said fumingly.

He proceeded to explain the special existence of the seven sin fox as well as the concept of perfect monarch rank to these soul palace younger generation members.

After hearing it, everyone realized the implications, and all showed envious expressions towards Chu Mu!

As soul masters, being able to ride emperor rank soul pets was incredibly rare. To them, being able to break through the gap from monarch to emperor rank was already incredible!

Seeing these younglings almost salivate in envy, Old soul teacher de also laughed out in satisfaction, “Us soul palace have another abnormal level young man. Hahaha, we will finally suppress Nightmare Palace in the future. This Chu Chen kid truly has future prospect, he’s worthy of being called a young master of soul palace.....”

“Our soul palace young master?”

“What young master?”

“Old soul teacher de, what did you say Chu Chen was?”

The young generation members immediately started gossiping. Even Ting Lan, Li Zhan, Shang Heng, and Zhao Cheng stared blankly, because they all seemed to hear that Old Soul Teacher De referred to Chu Chen as soul palace's young master.

De Old Soul Teacher realized that, in a moment of pride, he accidentally revealed Chu Mu's identity, and he felt ashamed.

"What young master? What are your ears hearing? When did elder say that?" Old soul teacher De started using the tactics of a kid, yelling back at these chattering young generation members.

"All of you go train properly. Those of you with another chance at Battle of Realm, get ready. Those without a chance, you should get pumped up even more. One has to know that if you don't raise your strength before thirty years old, your strength will probably be fixed for the rest of your life. Know that?" To hide his leak, Old Soul Teacher de started to lecture all the young generation members.

These young generation members were all elites of soul palace with titles above seventh level. However, compared to Old soul teacher De, an elder, they were just a group of meddling kids. With Old Soul Teacher De's lecture, all of them could only nod in agreement.

"You have to learn from Chu Chen. This person doesn't care for his own life when he trains. I have never seen him eat and play, have love. He competes whenever he gets time....." Old Soul Teacher De couldn't stop speaking now.

"Indeed, Chu Chen is our role model." Many of the soul palace members present had seen for themselves the battle between Chu Chen and Nightmare Palace young prince. Those who haven't seen it have also heard of it. So, to hear Chu Mu earn honor for soul palace, they were all incredibly respectful.

Old soul teacher De saw that the young fellows no longer dug deeper about his slip, he finally let out a breath quietly.

"Elder De, you just said that if one doesn't reach a certain height before thirty, one will never be able to improve after. Is that really true?" Ting Lan asked.

De old soul teacher cleared his throat and faced Ting Lan. An amiable smile quickly appeared on the elder's face, completely another person than the lecturing character just seconds ago. "Indeed,

this is a cruel reality. Any soul pet trainer would be like this. This is why we soul palace highly value our young generations' self training efforts.

Ting Lan nodded lightly and didn't ask further, going into deep thought.

.....

Immortal City

Chu Mu and Princess Jin Rou had gone deeper into the city for three days already. This was very close to the tenth realm segment portioned out, so it won't take long before they meet first tier experts.

"Chu Mu, we're very close to the second star of your father's soul pet. It may take about two extra hours. Then, your father's sealed soul pet will be in tenth phase, ready for you to release it." Princess Jin Rou looked at the immortal city map and quietly told Chu mu.

Ye Wansheng had already marked the second star location on the map. Now that they had the second tier final honor, they needed to fix the issue of his father's soul pet. Thankfully, this event won't take too long, or else Chu Mu would still prioritize Ye Qingzi, leaving this to a later date to save Chu Tianmang's soul pet.

"En." Chu Mu nodded, heading towards the second star point of the sealed soul pet.

The second star point was more difficult than the first, so white devil won't be its match, meaning Chu Mu had to let Mo Xie attack.

Old Li had specially explained that emperor rank soul pets' stamina doesn't recover well. Chu Mu didn't mind too much. Mo Xie could stay in pitiful appearance which could recover her stamina. Let alone, the strongest soul pet of second star was just top tier monarch rank. Mo Xie didn't even need to use a technique to beat it, saving even more stamina.

"Princess, what experts are there in first tier? Do you know?" Chu Mu asked.

Since they were heading towards tenth realm, he had to understand the situation. After all, Chu Mu knew the first tier wasn't a place he could sweep through with just a one emperor rank soul pet.

“En.” Princess Jin ROu immediately explained the approximate situation of first tier to Chu mu.

Qin Ye’s strength was top five in first tier. The rest of the top five all had main soul pets that reached top tier monarch rank.

The five weren’t ranked by strength. They were soul alliance Li Huang. Princess Jin Rou’s same mother, different father brother Xu Hefeng, Soul Palace Elder Feng’s son Feng Luo, as well as some large kingdom from the eastern Su Sha.

Li Huang Chu Mu had seen. It was the person that Chu Mu saw initially when he went to Holy Stem Sacred Region, the one controlling a enslaved Cyan Hidden Dragon that was extremely arrogant.

Every time he thought back to the cyan hidden dragon’s pained yet soulless eyes, Chu mu felt indescribably painful. Though that cyan hidden dragon was cruel and ruthless, Chu Mu could always feel the cyan hidden dragon’s soul shout towards him for salvation.....

Princess Jin Rou’s brother Xu Hefeng and Princess Jin Rou had never liked each other because of their different fathers. However, this person was incredibly powerful and not below Qin Ye, so Princess Jin Rou warned Chu Mu to be wary.

Soul Palace Elder Feng, one of the four main leaders, had a son with extreme fame and power as well.

Su Sha had an unknown identity that no one bothered to check, but his/her strength was incredible, making him/her one of the strongest dark horses of first tier!

Chapter 577: Undead Tower, The Sealed Sinking Wind Dragon

Su Sha’s identity wasn’t clear. Since this person’s identity wasn’t clear, Chu Mu just assumed this man was the defector young woman’s subordinate. After all, the defector young woman couldn’t possibly head to tenth realm alone.

“That woman has emperor rank strength of the Holy Stem Flower. However, she clearly isn’t tenth phase, so her strength is probably similar to top tier monarch rank. Mo Xie, you said that your seal

breaking was her perfect counter. That's great, so if we find her, killing her won't be too hard." Chu Mu said.

Princess Jin Rou saw Chu Mu and little Mo Xie communicating and a smile crept into the corners of her mouth, "Chu Mu, maybe you can even take the final honor of tenth realm on your way. The final honor's reward is an emperor rank young soul pet. One has to know how hard it is to get an emperor rank young soul pet. This Battle of the Realm may be your only chance. Once you lose it, getting an emperor rank in the future will be near impossible."

Chu Mu nodded and smiled broadly as well.

If time allowed, Chu Mu indeed could consider going to tenth realm for the final honor. After all, its an emperor rank soul pet! After it's tenth phase, he could be equally matched with the so called tenth level title holders!!

.....

The second star point was a decayed large statue. Chu Mu directly released the sealed organism inside.

As Chu Mu expected, the defending organism was indeed a top tier monarch rank soul pet. IF this were before, Chu Mu would have an incredibly hard time dealing with it.

Now, it was different. Mo Xie only fought a couple of rounds without even using techniques before killing this top tier monarch rank defending organism. The entire process was incredibly easy.

"Wuwuwu~~~~~"

Princess Jin Rou's Towering Ice Curse Demon Fox stared wide-eyed at Mo Xie and let out a cute murmur.

Back in Wogu Region, Towering Ice Curse Demon Fox's strength was above Mo Xie. However, who would've thought that Mo Xie transformed and was now a seven sin fox. Facing the powerful top tier monarch that even Towering Ice Curse Demon Fox didn't dare face, Mo Xie dealt with it easily. Both as demon fox species, its strength was already different as night and day. The little ice fox had its dignity hurt.

Princess Jin Rou robbed the little ice ball's fur, knowing that the little fellow was being bitter.

Princess Jin Rou already had mental preparation that Chu Mu's soul pet could continuously mutate. However, she still didn't expect that Chu Mu would leap to such new heights. With the mutated seven sin fox, he could look down upon all young generation members.

"Don't feel bad. Once you're tenth phase, I'll strengthen you and you'll have a chance to reach emperor rank too." Princess Jin Rou gently comforted her little ice fox.

"Wuwuwuw~~~~~" Little ice fox was still dispirited. No matter how much she was strengthened, it wasn't as fast as mutating.

Seeing Chu Mu deal with the top tier monarch rank soul pet, Princess Jin Rou slowly walked over with her map and told Chu Mu, "We'll follow this path until the final honor castle of tenth realm. Along the way will be your father's sealed soul pet location, also known as Undead Forest."

"En, let's leave." Chu Mu said as he jumped onto Night Thunder Dream Beast's back and brought the pitiful appearance little Mo Xie as he continued forward.

In reality, Chu Mu was very curious what princess Jin Rou came to Immortal City to do. As she walked ahead, Chu Mu started staring at her beautiful back image and pondered.

"Chu Mu...." Princess Jin Rou turned around and immediately noticed Chu Mu staring at her, the words getting caught mid throat.

Chu Mu looked a little embarrassed. It seems like his pondering was mistaken to be willful staring.

Chu Mu had to admit that Princess Jin Rou was indeed pretty, to the point where one couldn't control one's imagination anymore. A thread of face veil couldn't block her beauty, only tempting one to dig further to see her appearance.

However, Chu Mu had Ye QIngzi now, and knew that Ye QIngzi was the most suited for him.

So, though he had more contact with the originally untouchable Princess Jin Rou, Chu Mu no longer had any extra thoughts about her.

Princess Jin Rou herself quickly adjusted as well, and continued, "I heard some things about your father's sealed soul pet."

"En, continue talking, I want to hear it." Chu Mu didn't bother hiding his gaze, since he hadn't truly thought astray.

Princess Jin Rou glanced at Chu Mu. She didn't show anything on her face, but she was muttering to herself on the inside, "Chu Mu truly is thick skinned - secretly looking at me yet still acting this calm, doesn't he know he has a woman already, and that his woman is still in danger? Treat emotions more carefully!"

"Chu Tianmang's restriction was covered up very tightly by soul alliance. Only those who were present knows the exact details. About this sealed soul pet in Immortal City, if I'm not mistaken, it should be Chu Tianmang's Sinking Wind Dragon." Princess Jin ROu said.

"Sinking Wind Dragon!"

Chu Mu's heart strings were touched.

It was indeed Sinking Wind Dragon! When he listened to his father talk about all kinds of soul pets, Chu Mu would notice that every time the old man mentioned a few soul pets, he would show sorrow and reminisce.

Chu Mu didn't understand in the past. Now Chu Mu knew. These soul pets were probably the ones that the old man had once owned and had accompanied him in his adventures through the world!

Even the weakest dragon species was at least monarch rank. And, most dragon ranks are said to be extremely powerful presences in monarch rank; though they didn't have the same perfection as the seven sin fox, they were still named invincible amongst monarch ranks!

"This sinking wind dragon was originally supposed to be let free. However, soul alliance Tian Ting gave it an unneeded sentence, which caused it to be sealed under Immortal City for nearly ten years now." Princess Jin Rou said.

“Soul alliance Tian Ting.....the leader of the four absolutes just under the king? Tell me about this person.” Chu Mu furrowed his brow and asked.

“Four absolutes under king was a saying in Tianxia City. In reality, the four absolutes were still far off from the king. However, lets not talk about that and talk about Tian Ting instead.” Princess Jin Rou continued. “Tian Ting was an extremely powerful expert under the titles of soul alliance’s sixteen absolutes. It is said he has the ability to match them.....”

Chu Mu knew that Princess Jin Rou’s news was definitely accurate, and was completely different from the news he heard from the public.

“That’s just hearsay. At least, Tian Ting’s strength can’t match your soul palace senior elders. From what I understand, his strength is around the average of elders. He is from Wanxiang City and was supposed to fight for the sixteen absolute position in soul alliance. However, he instead became the four leaders of Tianxia City, which may be related to the event in eternal ocean.....”

“Tian Ting grew up in Wanxiang City and was incredibly arrogant, often looking down upon experts from Tianxia Realm. Your father Chu Tianmang was from Tianxia Realm, so hearing Tian Ting’s extremely taunting and insulting words, Chu Tianmang went to duel and utterly destroy Tian Ting, even killing one of his main soul pets in anger. That was how both of them started their blood feud. Since Chu Tianmang had lost his power, he came and added a sentence on the Sinking Wind Dragon that was supposed to be spared, causing it to end up in the Immortal City.

After hearing it, Chu Mu’s heart was shaking. He hadn’t thought that Chu Tianmang at that time already had the strength to defeat the leader of the four leaders, Tian Ting, who also had a high likelihood of inheriting the position of sixteen absolute in soul alliance. Just how radiant was Chu Tianmang at his peak?

It was rare to find someone who understood his father well, so Chu Mu asked the questions in his heart.

“Your father’s most radiant moments..... That I don’t know too much about. Mainly, its because the crime your father committed was too grave. Soul Alliance almost sealed off all information about him. I’m guessing that he was undefeated in his own generation however.” Princess Jin Rou said with some thought.

Princess Jin Rou's understanding was limited, so Chu Mu couldn't figure out the truth, only able to change topics and discuss the Sinking Wind Dragon's condition instead.

The Sinking Wind Dragon was a soul pet Chu Tianmang gained later in his life. It had just gotten to tenth phase when it was sealed up, so it was rather behind in terms of Chu Tianmang's soul pets' strengths, but it had great potential. After all, it was a dragon!

Chu Mu couldn't help but think back to Chu Tianmang's description of it, "Sinking Wind Dragon, a body of silver, tall and mighty....."

It is a proud creature, only able to swallow food from the rewards of his battles.....

Its temperament was sometimes gentle as a warm current, sometimes angry as a storming gale.....

It was like wind, praising the freedom of riding the air, flying through valleys, mountains, and clouds....."

.....

Thinking of the proud Sinking Wind Dragon that once flew the world being stuck in a tiny space, unable to get the freedom it so valued for a dozen years, Chu Mu's heart felt even more pained.

Immediately, Chu Mu wasn't willing to wait any longer, hoping they could release the Sinking Wind Dragon and allow it to face the skies again, flowing freely between the winds.....

.....

The Undead Tower wasn't too far. About the fourth day, Chu Mu arrived there.

The undead towers were actually a group of black spire-like structures, each about thirty meters in height, like black swords that stabbed down from the clouds, majestic and imposing!

"Wuwu~~~~~"

Just as Chu Mu was about to step into the range of the Undead Towers, little Mo Xie let out a small whimper to remind Chu Mu that there were people nearby.

Chu Mu and Princess Jin ROu immediately concealed themselves and started observing.

After a moment, Chu Mu saw a couple soul pet trainers loitering around near the Undead Towers as if looking for something.

“Boss Li Huang, you sure the information is accurate, that there is a Sinking Wind Dragon in here?” A slightly shrill voice came.

“There’s no mistaking it. Sinking Wind Dragon’s blood and heart are the perfect soul items for my Cyan Hidden Dragon. It might even have a soul crystal!” Li Huang’s voice came. From his voice, one could tell the greed and cruelty that was undisguisable!

From not far away, hearing this, Chu Mu immediately closed his fists hard!

Chu Mu was just thinking about the incident of Cyan Hidden Dragon. He didn’t think he would find Li Huang here, and find him scheming about the Sinking Wind Dragon -- he truly had outlived his deserved time in this world!!

Chapter 578: Oppressive Second Grade, Relax Your Mind?

“Wait for them to open the seal first before you make a move.” Princess Jin Rou said to Chu Mu softly.

Chu Mu naturally understood this, so he watched quietly from the side.

Chu Mu’s eyes inadvertently fell onto the Cyan Hidden Dragon. The Cyan Hidden Dragon’s body was mighty and powerful. Its body was radiating destructive strength, and its cruel and savage eyes perpetually emitted hostility towards any other creature.

The Cyan Hidden Dragon’s appearance was different to the Empyrean Cyan Hidden Dragon to a certain extent. The Empyrean Cyan Hidden Dragon’s skin color was even deeper and its scales covered its entire body like a cyan metal armor draping its powerful body. The armor outlined the

contours of its imposing body. Whenever its mighty body flew up in the air, galloping through the sky, it resembled the master of a world!

Regardless of appearance or aura, the Cyan Hidden Dragon was clearly inferior to the Empyrean Cyan Hidden Dragon by a level. This much Chu Mu had discovered when he encountered the adult Cyan Hidden Dragon at Li City.

The adult Cyan Hidden Dragon at Li City had strengthened itself to the emperor rank and its strength was even above Li Huang's Cyan Hidden Dragon. While an adult Cyan Hidden Dragon was not an Empyrean Cyan Hidden Dragon, when the adult Cyan Hidden Dragon in Li City had suffered wounds but fought alone against two emperors and countless peak monarchs, it had been tyrannical and imposing, leaving Chu Mu in much shock.

In comparison, Chu Mu could only feel ruthlessness on Li Huang's Cyan Hidden Dragon...

"Big Brother Li Huang, this seems to be a dual star seal. We need to find the two star points to open it." said the sharp voice man from before.

The sharp voiced man was called Zhao Mulin. He was a young expert who controlled plant world creatures. Although his strength wasn't ranking in the top ten of the first grade, his reputation wasn't small either.

"What a joke. Since I've come, of course I would know how to open it." laughed LI Huang as he spoke.

Li Huang walked as he talked to the very center of the Death Forest Tower, and began to use his soul remembrance to arouse the Death Forest Tower's seal, in an attempt to forcibly break the seal.

As Li Huang's soul remembrance entered, black colored energy balls began to emerge at the very top of the sword towers amidst Death Forest Tower. These energies had some attraction force with each other that caused them to slowly link up, drawing the lines of a black seal.

The black energy gradually became clearer and not long after, the entire seal pattern outline appeared above the Death Forest Tower. As the energy condensed, various patterns and charms emerged from within the seal pattern...

As expected, the seal was opened by Li Huang!

Chu Mu was silently shocked in his heart. He was unsure of how Li Huang could open the seal without going through the two star points. Perhaps it was because he had destroyed the two star points that Li Huang was able to open the seal.

The seal had already been opened and one could clearly see the black pattern above the Death Forest Tower forming a special spatial door. The creature inside the seal could fly out while creatures outside the seal could fly in.

“Let’s go in. I’ve heard that this Sinking Wind Dragon is a top quality dragon. I’m not sure how long it’s been sealed for. Perhaps its teeth have all fallen out, hahaha.” laughed Li Huang.

As he spoke, he jumped onto the Cyan Hidden Dragon, and had it fly directly into the seal.

Seeing the three people make their way into the seal, Chu Mu felt it was time to make a move.

“If you don’t want to die, then leave the seal!” Chu Mu walked out from the adjacent black plant wall and with one shout stopped the three people going after the Sinking Wind Dragon.

Li Huang, Zhao Mulin, and another soul pet trainer had just risen into the air on their soul pets. However, after they heard this voice, their hearts went cold and they hastily stopped in their tracks!

These three people, even if they had intentions to fight, were in the tenth realm where there was bound to be many experts. Even they didn’t eliminate the possibility of them being defeated. Therefore, when they heard this voice, they immediately reacted.

However, when the three people discovered that there was only one person, they were stunned.

“That’s strange. Who is this person? I don’t seem to have seen him before.” the other young man had a face of confusion as he looked at Chu Mu.

“I seem to recall... oh, I remember. It’s the person who challenged the grade above him and defeated Nightmare Palace’s young prince. He is Soul Palace Chu Chen that in one go became the second grade’s powerful and popular figure!” Zhao Mulin’s spoke with his sharp voice, but one could see the confusion in his heart manifesting on his face.

Why did this second grade expert run here to the tenth realm?

Even if he walked the wrong path, he strayed way too far off. It would take a few days to go from the tenth to the ninth realm and the path was very separated.

“Soul Palace brat, what did you just say?” Li Huang’s eyebrows rose. He seemed to have a bit of an impression towards Chu Mu, but simply didn’t take him seriously.

Chu Mu knew that there was no point in him speaking. Shouting like this was only to stop them from entering the Sinking Wind Dragon’s sealed space.

Of course, Chu Mu knew that this fight would be difficult to avoid so he didn’t need to be courteous as he said: “I want you to screw off!”

With an emperor rank soul pet, in the young generation, did Chu Mu have to be polite?

“Hahaha, it seems this brat simply doesn’t know where he is!” Zhao Mulin suddenly laughed.

When the three people heard Chu Mu, they guessed that this second grade expert probably thought he was in the ninth realm. In a complete blunder, he had stupidly run to the tenth realm and was now facing these first grade experts!

“There are so many paths in Immortal City you’re not supposed to walk on and red patterns that you’re not supposed to step on. But now you’ve arrived at our tenth realm and still dare yell at us. Aren’t you courting death?!” the soul pet whose name was unknown spoke.

“Listen to us. This is the tenth realm and is the hunting ground of us first graders! The second grade’s strongest people rank within our first grade’s top thirty. But, to us, you’re just a joke!” mocked the sharp voiced Zhao Mulin.

“Zhao Mulin, get rid of him. I don’t want to waste my time because of a Soul Palace trash.” after Li Huang knew of Chu Mu’s identity, he couldn’t even be bothered to look at Chu Mu. He didn’t hide his arrogance.

Zhao Mulin laughed and said silently: Each expert we encounter in the tenth realm is very strong and has caused our mental state to be constantly at edge. Now that we've somehow run into a second grade competitor, I'll take this chance to destroy him and relax myself.

"I'll let you understand the difference between a first and second grader. Would you believe that just one of my soul pets will be able to completely get rid of all your soul pets?" Zhao Mulin wasn't in a hurry. His plant type soul pet was already hiding underground. With just an order, it would immediately spring up.

Chu Mu wasn't afraid. He calmly faced this first grade expert.

Princess Jin Rou didn't appear. She watched from the side. After she heard Zhao Mulin's words, she said in a low voice: "It should be Chu Mu's one soul pet that will be able to get rid of all your soul pets."

.....

"Mo Xie, fight!" ordered Chu Mu.

"Wu wu wu~~~~~"

Mo Xie jumped off of Chu Mu's shoulders. The sin flames on her body began to rapidly spring up. An enormous evil energy suddenly engulfed her surroundings. Compared to the Royal Flame Nine Tail Inferno Fox, this incarnation was much more demonic and tyrannical!!

The opponent had a plant world soul pet, so Mo Xie didn't use sin imprint. Instead, the sin flames wrapped her entire body and her nine tails gorgeously unfurled. Mo Xie abruptly increased her speed. She resembled scalding magma that had been spewn out of a volcano as she flew forth!!

Mo Xie's emperor rank aura suddenly burned the entire black tower like a sea of fire. Li Huang and the two others were immediately stunned and simply didn't understand what had happened!!

Zhao Mulin's plant monarch was hidden underground. Mo Xie had locked onto this soul pet and was rushing towards this plant type soul pet's main body!

Zhao Mulin was unable to react and could only watch as the burning dark red colored sin flames attack the location his soul pet was hidden!!!

“Sin Flame Claw!!”

Mo Xie’s dark red colored sin flame body erupted and an even larger ardent flame rushed towards the three people!

Amidst the gorgeous sin flames, Mo Xie’s powerful body reached out and with a beautiful stretch, her claws imposingly ripped open a dark red colored demonic burning moon blade towards the ground!!

“Si la!!!!!!”

The demonic burning moon blade was two hundred meters long and the incomparably sturdy black brick ground was easily ripped apart like a lotus. The blade rapidly penetrated all the way to the location the plant monarch’s main body was at!!

This plant monarch was unable to dodge and the ripping force destroyed its wood vine body. The fifth rank sin flames entered its body and did double the damage to its body!!

Mo Xie’s emperor rank attacks were capable of instakilling the plant type monarch on their own, but adding on her fire attribute, this doubled the effect!!

“Hu hu hu hu~~~~~”

An astonishing fissure in the shape of the moon flitted past the three people. The sin flames were burning and underneath the fissure, Zhao Mulin’s plant monarch’s life force rapidly diminished. Before long, it had been burned to ashes by the sin flames!

As for how powerful and how high of a temperature this attack was, the nearby three first grade experts could all feel it!

At this moment, Li Huang, Zhao Mulin, and the other member were completely stunned!

This was because the moment the soul pet covered in sin flames attacked, they had realized this was the strength of an emperor rank!!

Zhao Mulin's facial expression, due to the soul pact rupturing, clearly changed, but it was nothing compared to the shock in his heart...

Just now Zhao Mulin had been thinking that they had come across the rare occurrence of encountering a second grade competitor, and wanted to destroy him to loosen his mental state.

Ultimately, the reality had been completely the opposite. The one destroyed wasn't his opponent but himself!

Facing an emperor rank soul pet, his state of mind right now was definitely not relaxed. Instead, it was going to collapse soon!

It was hard to believe... truly too hard to believe. Even Li Huang wasn't any calmer than Zhao Mulin. One had to know that Soul Palace Chu Chen was controlling an emperor rank soul pet. Even his Cyan Hidden Dragon, which was invincible in the monarch rank, wasn't the opponent of an emperor!

However, why had an emperor rank soul pet appeared in a young generation's hands. Moreover, it appeared in the hands of an unremarkable person!

Chapter 579: Unrivalled Monarch, Sinking Wind Dragon Fighting the Cyan Hidden Dragon

Li Huang's strength was the strongest, and he had four peak monarch rank soul pets.

Zhao Mulin was much weaker than Li Huang and only had two peak monarch rank soul pets. The others were all high class monarch ranks.

As for the other member, he didn't even have a peak monarch rank soul pet.

Normally speaking, if one's strength was three levels lower, it was barely possible to fight if one fought with five soul pets against one. However, the difference between the emperor and monarch ranks wasn't merely three levels. Emperor ranks would always possess even stronger strength and it would require at least 10 opponents to make it a fight!

Li Huang couldn't have a soul pet with a special ability akin to the Violent Ice Beast. Mo Xie wouldn't be hindered by having to protect Chu Mu and the others. Thus, while facing the soul pets of these three people, killing them would be easy.

Just as Li Huang and the three others were shocked by Mo Xie's powerful strength, Mo Xie launched another attack. This time, her technique was a group attack!

Amidst torrential sin flames, Mo Xie's silver body suddenly disappeared. Immediately after, nine long flaming dragons flew out. Each one was several hundreds of meters long and as they danced, they swept across the surroundings of the Death Forest Tower. Even if the ground was lit up by blazing waves of flame, one would still feel that the horizon was covered!!

Nine large dragon-like fox tails, each reaching a length of over a hundred meters, danced wildly about. It was a beautiful yet shocking scene!!

This group technique was aimed solely at Zhao Mulin's one peak monarch and the other member's high class monarchs!

The three high class monarchs and one peak monarch were unable to react. The nine dancing dragon tails encompassed the entire Death Forest Tower and swallowed up the four soul pets. Li Huang and the two others once more felt as if a nightmare had descended. They watched with wide open eyes as the four soul pets transformed into ashes under the nine dancing dragon tails!!

The three high class monarchs were all the other soul pet trainer's soul pets. In an instant, he suffered three soul wounds, which caused him to fall back onto the ground as he nearly passed out.

Zhao Mulin's other peak monarch was instantly killed again and his mind immediately collapsed because of this. He could only stand there, dumbfounded. He even forgot to run.

Compared to Zhao Mulin and the other soul pet trainer, Li Huang's reactions were clearly much nimbler.

Although he was shocked in his heart, and even if he found it hard to believe, Li Huan was certain that no matter what, he was not the opponent of the emperor rank soul pet in front of him.

When the nine sin flamed dancing dragon tails appeared, Li Huang frantically jumped onto his Cyan Hidden Dragon's back. He took advantage of Mo Xie attacking his teammates and chose to flee!

"Quickly fly! You dumb dragon!!" Li Huang roared.

Since it was an enslaved soul pet, each time Li Huang gave an order, the Cyan Hidden Dragon's reactions were always half a beat slower. This caused Li Huang to be incessantly angry, especially since right now was a moment greatly concerning his own life and this dumb dragon was still reacting slowly!

The Cyan Hidden Dragon's body jumped up, reaching a height of twenty meters. When it reached the highest point, it spread its wings. Its cyan body barely managed to pass through the nine hundred meter long fox tails as it shakily fled towards the horizon.

Chu Mu saw that the Cyan Hidden Dragon had unexpectedly dodged Mo Xie's nine enormous tail attack, and was somewhat surprised.

But how could Chu Mu let Li Huang ride onto the Cyan Hidden Dragon and escape? Promptly, he agilely jumped onto Mo Xie's back.

"Mo Xie, chase!" Chu Mu ignored Zhao Mulin and the other soul pet trainer who were lying on the ground in fear. He had Mo Xie chase it towards the horizon.

Mo Xie quickly retracted her technique and gorgeous sin flames suddenly ignited under her four paws. Immediately, she began to tread on air!

Mo Xie's air walking technique wasn't actual flying. However, it could tread on air for a short period of time while exploding forth with the same running speed as if she was on the ground. Thus, certain wing type soul pets that wanted to rely on their flying ability to flee could not easily escape from Mo Xie's pursuit.

In between the towering forest towers, a dark red, demonic, and elegant figure sped through the sky. It moved with extreme speed as if it was on the ground, nearing the Cyan Hidden Dragon!

Li Huang had already recalled his other soul pets. Seeing Chu Mu's emperor rank soul pet pursue him, his face immediately paled, and he yelled at his Cyan Hidden Dragon!

The scales on the Cyan Hidden Dragon's body began to shine with a cyan lustre that condensed on two of its enormous flesh wings. This energy immediately increased its flying speed and it was quickly about to pass through the black seal pattern!

“Ao!!!!!!!!!!!!!!”

“Ao!!!!!!!!!!!!!!”

Suddenly, amidst the black seal pattern, the roar of a dragon resounded that caused the entire black horizon to tremble!!!

This roar was even more vigorous than the Cyan Hidden Dragon's roar. Moreover, it was possible to sense that within its roar was mixed in much anger. It used its roar to release its emotions!!!

“Hu hu hu hu hu!!!!!!!!!!!!!!”

Silver colored destructive winds suddenly surged and the black layer of clouds in the horizon began to move due to this wind force!

This powerful wind force originated from the seal pattern!

“It's the Sinking Wind Dragon!!” Mo Xie lifted his head and glanced at the black pattern above the seal tower. The creature covered in dense destructive wind flew out!!

This silver colored figure wasn't as large as the Cyan Hidden Dragon, but its flying speed was astonishing. Even though the Cyan Hidden Dragon was using a technique that increased its flight speed, it wasn't even half as fast as the Sinking Wind Dragon!

Chu Mu himself couldn't even clearly see its figure. He only saw a silver colored wind figure fiercely slam into the Cyan Hidden Dragon. Immediately, a powerful cyclone rose up from the ground straight to the sky! It was shocking!!

The Sinking Wind Dragon's wild nature surpassed Chu Mu's imagination. This creature that had just been released ostensibly needed to release its accumulated anger and the ruthless Cyan Hidden Dragon became the target for this anger!

Relying on its incomparable speed, the Sinking Wind Dragon displayed fighting strength that even slightly shocked Chu Mu. It made the Cyan Hidden Dragon seem very clumsy, slow and powerless, while the Sinking Wind Dragon itself seemed experienced, nimble and wild. In this bloodthirsty battle, it displayed the elegance and spirituality of a soul pet full of wind attributed strength!

Chu Nu didn't chase. Instead, he had Mo Xie stop on a black tower and watch the Sinking Wind Dragon angrily fighting the Cyan Hidden Dragon in the sky!

"Scram!! Scram!!" Li Huang turned pale as he shouted. Originally, he thought that because the Sinking Wind Dragon had been sealed for tens of years, its fighting strength was definitely far from back then. He thought he should have been able to easily deal with it.

He never expected that this Sinking Wind Dragon's strength would surpass his expectations. They were both peak monarchs and they were both unrivalled dragon species in the monarch rank. However, in this air battle, his Cyan Hidden Dragon was being beaten so bad it couldn't even retaliate!

Li Huang, I'll kill however many soul pets that you summon!" Chu Mu didn't participate in the fight between the two dragons. However, seeing that Li Huang was going to summon other soul pets, Chu Mu gave a 'friendly' reminder.

Li Huang's expression was even more unsightly. He simply had no idea what this young man wanted to do!

"Chu Chen, I have no grievances or animosity with you. Why are you forcing me like this? Could it be you want to make an enemy of my Soul Alliance?!" Li Huang said in great anger.

"Leave behind your Cyan Hidden Dragon and you can scram!" Chu Mu coldly said.

Chu Mu still remembered Old Soul Teacher De's intentional warning to him. He couldn't openly offend Soul Alliance.

On the one hand, several messenger soul pets were flying this way, circling far away in a safe spot. On the other hand, Chu Mu didn't want to expend too much of Mo Xie's fighting strength on Li Huang. After all, his greatest enemy was the defector young woman puppet. If she used some special method to breakthrough the tenth phase in this short period of time, Mo Xie wouldn't have enough fighting strength and would be at the disadvantage.

Old Soul Teacher De had said. In a young generation fight, as long as he didn't kill the person himself, the older generation wouldn't find trouble for him. Whether Li Huang himself would find him for trouble later, why would Chu Mu be afraid of him?

Li Huang naturally was worried about his life. Promptly, he jumped off his Cyan Hidden Dragon.

“Ao~~~~~” the Cyan Hidden Dragon saw that Li Huang was fleeing and immediately let out a shout.

“Go far away from me!” Li Huang saw that the Cyan Hidden Dragon was going to follow and immediately was greatly angered.

Li Huang knew that Chu Mu's goal was the Cyan Hidden Dragon. In order to protect himself, how could he let the Cyan Hidden Dragon follow him?

After landing on the ground, Li Huang summoned another peak monarch. He didn't hesitate at all. Seeing that Chu Mu didn't chase him, he hastily rode on his peak monarch and fled in a miserable state!

“Ao!!!!!!!!!!”

The Cyan Hidden Dragon saw that its master was fleeing, and let out a miserable roar.

Although the Cyan Hidden Dragon's mind had been washed by memory fluid, it had known Li Huang for a long time. and still saw him as its master. Now that its master had fled without even turning back, this was an unbelievable blow to its heart!

“Ao hu!!!!!!!!!!!!!!”

The moment the Cyan Hidden Dragon was distracted, the Sinking Wind Dragon's attacks were even more terrifying. Sinking Wind Claw, Destructive Wind Breath, Dragon Wind Meteor...

Various powerful techniques struck the Cyan Hidden Dragon's body. The Cyan Hidden Dragon's advantages lay in its life force and defensive abilities. However, facing these attacks, it had no ability to resist them and was continuously pummeled to the ground!

In this moment, the Sinking Wind Dragon's powerfulness was displayed even more thoroughly. Chu Mu finally understood what truly was an unrivalled monarch. If he didn't have an emperor rank soul pet, there was no way he could fight it!

"Mo Xie, stop the Sinking Wind Dragon. Don't let it kill the Cyan Hidden Dragon." Chu Mu saw that the Sinking Wind Dragon wasn't going to pull back and hastily spoke to Mo Xie.

"Wu wu wu~~~~"

Sin flames ignited once more under Mo Xie's feet and she flew up from the death tower. Her nine tails repositioned in front of her and formed fluffy silver tail clouds that constituted a barrier of protection for the Cyan Hidden Dragon that had been beaten to the ground.

Mo Xie's nine tails inherited her Nine Tail Inferno Fox effect in that their defensive abilities were even stronger than her own body's defensive ability. A series of the Sinking Wind Dragons' attacks rained down, but the Cyan Hidden Dragon protected under the nine tails didn't suffer any actual harm.

Chapter 580: Soaring Bloodlight Appears, Immortal City's Blood Beast Emperor

Tianxia Plaza

"Chu Chen's emperor rank soul pet appears again. Li Huang and the other two have no way of fighting back at all. Zhao Muling crawled his way to escape, while the first tier top five Li Huang gave up his own Cyan Hidden Dragon, and ran away in fear!"

After this news flew into near ten thousand people's ears, a wave of discussion was sparked.

Not only because the first tier expert Li Huang was defeated, but because it also proved completely that this emperor rank soul pet was Chu Mu's!!

“Even Li Huang didn't have any chance at fighting back, who in first tier can stop Soul Palace Chu Chen?”

“With an emperor rank soul pet, Soul Palace Chu Chen clearly wants to sweep through first tier! He truly does want the tenth realm final honor!!”

Initially, everyone was still skeptical, but now everyone believed that this young man was sending a challenge to the young generation of the entire Tianxia Realm!!

Speaking of which, having an emperor rank soul pet, who would stay in the petty competition of second tier final honor? He naturally was going for the tenth realm honor of emperor rank young soul pet!!

“Restriction, this fellow needs to be restricted!!”

“Having an emperor rank soul pet, he is coming to Battle of the Realm just to break all the rules!”

Those that support Chu Mu were cheering for him fanatically, while those who opposed him didn't dare to criticize him, but started heavily suggesting that the Battle of the Realm staff restrict him!

A young man with an emperor rank soul pet meant that the tenth realm final honor emperor rank young soul pet was virtually gifted to him for free.

This would mean that, without any accidents, he would have two emperor rank soul pets.

Even Kingdom masters, palace masters, and tenth rank title holders could only usually have one emperor rank soul pet. Chu Mu was about to have two! How could this be allowed!!

Most importantly, this person was a third tier member. This meant that he still had chances to participate in the Battle of the Realm more times. If he weren't restricted, he may end up with three emperor rank soul pets, and that's if Chu Mu didn't get anymore himself!

Three emperor rank soul pets before 30, he would truly be the first to do that!

“Looks like Chu Chen might actually be restricted from competition.” Shang Heng shook his head helplessly.

Over all these years, only soul palace prince shocked the battle of the realm staff enough to be restricted. Yet, not long after, Soul Palace got another abnormal young man that wouldn't be spared from being restricted!

“Old soul teacher De, will Chu Mu really be restricted from the competition? If so, then doesn't that make his sprint towards tenth realm irrelevant, causing him not to get the young emperor rank soul pet?” Ting Lan opened her mouth to ask.

“Uh, he's definitely getting restricted. However, he's probably going to be restricted from the battle of the realm in six years. This year's rewards will still be in effect. We have an elder in there. If Chu Mu actually gains the tenth realm final honor, and they aren't willing to give it, our elder will step up.” Old soul teacher De said.

“This is good. Oh, right, how is Ye Qingzi?” Ting Lan quickly asked.

A few days ago, she was deeply poisoned and sent back. Everyone saw it and was worried for her.

Old soul teacher De was also a soul teacher, yet he only shook his head, “It depends on her luck now.”

What he meant by luck was whether the elder could bring back the innard crystal of a Holy Stem Flower within ten days. Old Soul Teacher De had already given out a huge bounty to buy a healing emperor rank innard crystal, but such a thing usually needed multiple months of forewarning before being barely able to find a purchase. Ten days was truly too hurried.

.....

Immortal City - Dead Forest Towers

The black clouds were like the Sinking Wind Dragon's emotions. Before, they were rapidly rolling, causing the Sinking Wind Dragon to be incredibly irascible. Now, the black clouds were calmed down, slowly floating in Immortal City's skies, and the Sinking Wind Dragon was also calmer.

Dragons were high intelligence organisms that also cared greatly about the inheritance of blood.

This means they could also smell the blood inheritance within humans.

After Sinking Wind Dragon and Chu Tianmang's soul pact was split, its memory was lost, but it didn't completely forget everything. Once Chu Mu calmed down its emotions, Sinking Wind Dragon smelled the blood that flowed through its former master, and concluded that Chu Mu was the descendant of Chu Tianmang.

Though the Sinking Wind Dragon was irascible, it still had logic, which caused Chu Mu to feel slightly comforted.

Yet, every time he looked at Sinking Wind Dragon's skinny, almost rotting body, Chu Mu felt pangs of sorrow in his heart.

In the battle before, Sinking Wind Dragon casting and controlling destructive wind, so Chu Mu couldn't see its true form. Now, Chu Mu saw the Sinking Wind Dragon's true appearance.

The Sinking Wind Dragon wasn't as big as the cyan hidden dragon species. Its height wouldn't reach ten meters.

The might mentioned before no longer showed on the Sinking Wind Dragon at all. Sinking Wind Dragon was almost just bones and skin, its wind-like body looking as bony as an old man!

What shocked Chu Mu the most was the dark energy that was corroding its body. This corrosion caused the sinking wind dragon's skin to rot!

In the past, Chu Tianmang had always talked about the handsome and mighty nature of the Sinking Wind Dragon, so Chu Mu always had a special respect for it.

Seeing this Sinking Wind Dragon now, it was greatly different from before.

This definitely wasn't an exaggeration from Chu Tianmang. It was this Death Forest Tower's seal that caused a healthy Sinking Wind Dragon to end up like this.

The only thing worth congratulating was, from that previous battle, one could tell that in the decade past, this Sinking Wind Dragon didn't lose its fighting intent!

"Chu Mu, this Death Forest Tower's seal is a punishing seal. It is seeped with dark energy that slowly eats away at the sealed being's life. Usually, seals are imprisonment ones, so the sealed soul pet could simply sleep, and not suffer like this. This seal was a slow acting poison that someone intentionally set up for the Sinking Wind Dragon. After twenty years, the Sinking Wind Dragon will definitely lose all its life force and die....." Princess Jin Rou said in a small voice to Chu Mu.

Chu Mu knew from Princess Jin Rou that the Sinking Wind Dragon's imprisonment length was twenty years, meaning it would be let free after that.

However, with this slow acting dark seal, the punisher wanted Sinking Wind Dragon to die before it could be released; how could Chu Mu not understand this?

"Soul Alliance Tian Ting!" Chu Mu tightened his fist, resentment building up in his heart.

There would be a day where, after he is powerful enough, Chu Mu would kill the leader of the four leaders without any hesitation!

Chu Mu took a deep breath and rubbed the Sinking Wind Dragon's bony body. For some unknown reason, seeing Chu Tianmang's soul pets this pathetic, Chu Mu felt as if he saw his own father's pathetic downfall, causing his heart to hurt even more.

"Honghonghong!!!!!!!!!!!!!!"

Suddenly, Immortal City's ground started shaking!

Chu Mu and Princess Jin Rou both lifted their heads, but they quickly saw an even scarier scene!

Sudden change!!

In some part of Immortal City, a soaring bloodlight appeared, breaking through the skies and dying that entire section of sky blood red!

Even Chu Mu and Princess Jin Rou, who were decently far away, felt their souls shake after seeing this bloody scene!

How powerful would the energy have to be to create a bloodlight that dyed half the skies!!

“Chu Mu, that.....that I think is.....its from the blood beast altar direction!” Princess Jin Rou was stunned, only saying after a long while.

Chu Mu and Princess Jin Rou had been feeling the immortal city’s ground shaking. They didn’t originally mind, but when this beam of bloodlight darted up, they finally realized that it signaled the appearance of an even more powerful beast!!

“Hualala!!!!!!!!!!”

Within the bloodlight, suddenly a purple lighting struck downwards with might!!

That lighting that ripped through the skies seemed incredibly violent and thick. If one were close up, it would probably be even more shocking!!

“That..... That’s fifth rank Sky Thunder, and it’s advanced Sky Thunder at that.....” Princess Jin Rou was shocked but still made the correct judgement acutely.

Chu Mu was similarly astonished; he had no clue the immortal city had such a powerful being in existence!!

Though both energies only appeared for a split moment, the shock it brought to everyone’s heart was hard to describe!

Not only Chu Mu and princess Jin Rou, the second tier and first tier competitors in the immortal city were all subdued by this powerful energy!

.....

It was only after a while that Princess Jin Rou slowly recovered her calm.

She specially glanced at Chu Mu who was still staring at the skies, not knowing whether to say it or not.

“Chu Mu.....” Finally, Princess Jin Rou opened her mouth.

Chu Mu came back to his senses and looked at Princess Jin Rou.

“The entire Tianxia Realm, the only soul pet able to control this fifth rank Sky Thunder is a Sky Thunder Fairy Emperor.....” Princess Jin Rou specially paused and looked at Chu Mu. Seeing Chu Mu look confused, she hesitated but decided to continue, “And only one person owns such a Sky Thunder Fairy Emperor.....”

Chu Mu was a very quick thinker, so he quickly caught onto what Princess Jin Rou meant.

“You’re saying that the soul pet who released the lighting is soul alliance Tian Ting’s?” Chu Mu opened his mouth.

“En, Tian Ting has a high class emperor rank, which is also his main soul pet.” Princess Jin Rou said in a quiet voice.

Of the four leaders in this Tianxia City, other than the king, only Soul Alliance Tian Ting had such powerful strength!! The thunder used to attack the blood light was Soul Alliance’s Sky Thunder Demon Emperor!

“High class emperor rank.....” Chu Mu said slightly absentmindedly.

Mo Xie was low class emperor rank according to Old Li. Low class emperor rank and high class emperor rank had a large difference. Most importantly, Tian Ting definitely didn’t have just one high class emperor rank.

“Someone guessed that Tian Ting wouldn’t have a large breakthrough within ten years. I think that, in ten years, you can kill him easily as if flipping your hand.....” Princess Jin Rou said.

Princess Jin Rou actually was very optimistic about Chu Mu’s future. On one hand, he has the continuously mutating Mo Xie. On the other hand, Chu Mu himself was an expert that Princess Jin Rou respected.

Chu Mu had already stepped beyond the emperor rank bottleneck that countless other soul pet trainers couldn’t do. Before thirty years old, he still had much room for improvement. Princess Jin Rou’s conservative estimate as that in ten years, Chu Mu definitely could kill the leader of the four leaders of Tianxia City!

“Ten years?” Chu Mu mumbled.

He didn’t think he would even need that long!

Not only because of half devil, Chu mu believed that it wouldn’t take ten years before his main soul pet reaches high class monarch, and his other soul pets wouldn’t be much further behind!

At that time, Chu Mu would help his father and the Sinking Wind Dragon get their deserved revenge!
