

Soul Pets Bk2 591

Chapter 591: Emperor Group, Chu Mu's Allies

“Chu Mu, wait until the Realm Throne competitions in the future when I obtain the Supreme Throne. I’ll give you the fourth seat’s beast type.” Ye Wansheng shrugged his shoulders and teased Chu Mu who was standing on the illustrious and splendid honor stage.

Chu Mu threw a glance at Ye Wansheng and raised his eyebrows as he asked: “What exactly is your teacher’s inheritance? Otherwise why would you dare talk so big?”

“Haha, it’s a secret!” Ye Wansheng gave a mysterious laugh. Yet, he was still full of confidence.

Since Ye Wansheng wasn’t going to tell him, Chu Mu had to ask Ye Qingzi.

“The four seats have appeared.” at this moment, Ye Wansheng softly spoke to Chu Mu.

Chu Mu’s gaze fell on the four luxuriously dressed men slowly walking over.

The oldest of the four seats was Soul Pet Palace’s Hai Qiu. The corners of his eyes had a few wrinkles. The next oldest was Nightmare Palace’s Xie Tao, then it was Elder Ting, and finally it was the four seat’s head, Tian Ting, who was the youngest.

The four of them didn’t immediately walk over. Instead, they walked first to a group of people with extremely high statuses.

“The status of the four seats is even higher than those with tenth rank honors. The people sitting over there are all Kingdom Lords or representatives from the various kingdoms in Tianxia Realm. There are also tenth rank title experts from the four large factions there. All of them have reached the spirit emperor rank and have emperor rank soul petse.” as Ye Wansheng stood on the honor platform, he wasn’t silent. Instead, he continued to speak quietly with Chu Mu.

Of course, while conversing, Ye Wansheng still maintained a smiling face as he faced the sea of people in the plaza below him.

Chu Mu's eyes fell onto the spirit emperors sitting high up. Aside from the kingdom lords from the various regions, Soul Palace's Palace Lords, Nightmare Palace's Palace Lords and Soul Pet Palace's Palace Lords were also all sitting there. Evidently, this group of people was the strongest group of people in Tianxia City.

Chu Mu was very surprised that almost all of these people had appeared at the Battle of the Realm's honor ceremony.

Although the young generation's Battle of the Realm was a grand occasion, there was no need for so many spirit emperors to appear. Perhaps the young generation's Battle of the Realm had some other meaning?

Chu Mu naturally wouldn't know that the congregation of the spirit emperor level experts here wasn't to congratulate the young generation.

In truth, people behind the scenes all knew that after this year's young generation Battle of the Realm ended, immediately after would be the nomination competition for the one person in every ten years Realm Thrones!

Ye Wansheng had obtained this information from somewhere and told it to Chu Mu, who came to a flash of understanding. It was no wonder that almost all of the tenth rank title experts in Tianxia Realm had appeared.

The Realm Thrones were Tianxia Realm's ultimate honor. What Chu Mu had obtained was only the ultimate honor in the young generation!

"Chu Mu, do you know what the process is for obtaining the Realm Throne?" asked Ye Wansheng.

Chu Mu shook his head. How would he know?

"It's like this. You only need to have one tenth phase emperor rank soul pet, and you are permitted to participate in the Realm Throne competition..." as Ye Wansheng spoke, he threw a strange glance at Chu Mu.

"Participating in the competition doesn't mean you have qualifications. It only permits you to participate. There's also a nomination qualification. The nomination qualification is determined by a nomination card sent out by the previous Realm Throne King. The nomination card will not go to

everyone, but it's merely a mission for those who receive one. If you finish the mission, then you obtain the initial qualifications for the Realm Throne.

After the initial nomination, there's also certain requirements that one must meet. First is reputation. If one's reputation is low or he lacks followers, he or she won't have the qualifications to obtain a nomination. Next is territory. If one's territory is a total mess, then one won't obtain a nomination. Afterwards is strength. Only by passing through these series of requirements will one obtain a nomination. When one obtains a nomination, there will be a statue of this person erected under the Throne Palace steps, indicating that this person has obtained the honor of being genuinely chosen in these ten years.

"Don't look down on this just because it's a nomination. There are many spirit emperors that sharpen their skills for years upon years, but still don't have the qualifications for a nomination.

After one obtains a nomination, he or she can participate in vying for the four seats. These four seats are chosen simply on the basis of strength.

The King is the person elected from the four seats; but there's one aspect that is extremely particular." Ye Wansheng emphasized.

Chu Mu naturally was very interested in everything regarding the Realm Thrones, and promptly listened carefully.

"Although the King is chosen from among the four seats, if the four seats are all weak, then the King seat will remain vacant. In other words, it's not every ten years that someone will be chosen to become King from among the four seats. It is very likely that in this ten years the four seats are all removed. It's said in history that there were fifty years where the King seat was vacant." said Ye Wansheng.

Chu Mu really didn't know that this rule existed. This made Chu Mu think of Princess Jin Rou, who said that the four seats under the King were Tianxia Realm's law itself, but the four seats were very far from the King himself.

Moreover, Ye Wansheng had given him a very important piece of information: "The King is not ordained in Tianxia City, but in Wanxiang City."

When Wanxiang City was mentioned, Chu Mu went somewhat absent-minded.

He was still very far from the Realm Thrones. At least right now he had the qualifications to participate. But if he actually wanted an initial nomination, this was ostensibly impossible.

.....

Up in the stantion, there were approximately a hundred spirit emperors. These people were all the overlords of an area.

Above the hundred spirit emperors were the four seats who ostensibly possessed Tianxia City's entire authority. The four seats were currently speaking with the spirit emperors. Because they were using soul remembrance to block the sound, Chu Mu who was standing on the honor platform couldn't hear them clearly.

Not long after, it seemed that they had finished being assigned, and the numerous spirit emperors all stood up. There were a few that remained in place who would symbolically wait for the Battle of the Realm to finish before leaving.

"They're coming over. They will probably say something encouraging and congratulatory." Ye Wansheng threw a glance over at the spirit emperors, and spoke to Chu Mu in a low voice.

As expected, approximately thirty spirit emperors stood up one by one.

"White Nightmare Palace's Palace Lord - Jia Cunding, expresses his good wishes to the young people under the heavens!" the first spirit emperor made his way over and immediately, a powerful soul remembrance from a competition authority member, announcing his name.

"It's Senior Jia who has two White Nightmare emperors!"

"I haven't seen him in a while. It's said that he's travelling in the eastern area and that his strength has greatly increased. I'm not sure how strong he is now."

"White Nightmares are innately tyrannical. Strengthening one to an emperor rank is harder than other soul pets. However, if one does manage to strengthen one to the emperor rank, its fighting strength will be extremely powerful!"

Clearly, the hundreds of thousands of people present had heard of Jia Cunding's name before. Moreover, they knew a bit about his famous soul pets. From the eyes of these people, it was possible to discern true reverence for experts. This was completely different from reverence for young generation experts. There was no bandwagoning, no blindly following, no concealed jealousy or fake enthusiasm. Instead, it was respect and admiration for true experts!

Chu Mu stood there, and watched Jia Cunding walk forward. This man didn't look too old; furthermore, he gave Chu Mu the feeling as if he had just stepped out of the young generation.

Jia Cunding walked forward and arrogantly glanced at Chu Mu. Speaking at a level that only the two of them could hear each other, he said: "Young generation members with emperor rank soul pets are no longer protected by customary convention. In other words, you are no longer considered part of the young generation. I'll give you a word of advice. Be low-key."

After speaking, Jia Cunding promptly left and didn't say anything more.

Chu Mu didn't really understand his words, but he could be sure that Jia Cunding had enmity towards him. He didn't hide any of the arrogance in his eyes.

Presumably, Jia Cunding had some connection with the three Nightmare Palace young experts he defeated.

"Blue Kingdom's Kingdom Lord - Zhao Qinghe..." another loud voice announced the brilliance of the spirit emperor walking over.

Blue Kingdom had always been a huge kingdom in Tianxia Realm. Thus, Blue Kingdom's status was much higher than other Kingdom Lords!

Chu Mu remembered that Zhao Cheng was a young expert from Blue Kingdom. Since Zhao Kingdom's Kingdom Lord was also surnamed Zhao, presumably the two of them were blood related.

Blue Kingdom's Kingdom Lord was very amicable to Chu Mu, completely the opposite from Jia Cunding. His two eyes expressed admiration and praise for Chu Mu.

"My nephew mentioned that you were his team leader. Haha, in the future if you have any difficulties, you can come and find me, Zhao Qinghe. If you have any questions about emperors,

you can just ask me. My secondary occupation is a scholar.” Blue Kingdom’s Kingdom Lord Zhao Qinghe patted Chu Mu’s shoulders.

“Young master, this Blue Kingdom’s Kingdom Lord is incredible. At least his five main pets are emperors. In comparison, Jia Cunding is trash.” Old Li’s voice slowly transmitted to him..

Chu Mu was astonished in his heart. He never expected this Blue Kingdom’s Kingdom Lord who was as amiable as a businessman would have such strength. He naturally couldn’t be rude and warmly replied: “Then I will thank Blue Kingdom’s Kingdom Lord for your care first.”

Blue Kingdom’s Kingdom Lord faintly smiled as he nodded his head. Then he left and let other people express their wishes.

.....

Everyone could see that the winner of this Battle of the Realm’s ultimate honor was being treated completely differently than the past winners.

In the past Battle of the Realms, only a few spirit emperors from the various large factions had gone over to express their congratulations to the winner. But for this Battle of the Realms, dozens of spirit emperor experts had offered their congratulations!

Even if a spirit emperor didn’t have an official position, he or she was still a supreme expert. As for those spirit emperors with official positions, they further possessed all authority over millions of people.

Now that so many spirit emperors were expressing their good wishes towards this young man, it didn’t need to be said that Soul Palace’s Chu Chen had an unlimited future. He had practically been integrated by these experts into their ranks!

“Young master, these spirit emperors no longer see you as part of the young generation. You’ve already been pulled into the emperor group. In the future, when you understand more, you’ll realize that there are many fights in the emperor faction that both fight in the dark and according to the rules.” said Old Li.

Chu Mu could feel this as well. In Soul Palace, Chu Mu would occasionally see people of this rank and when he did, they would look at him with the eyes of someone looking on at their juniors:

encouragement, appreciation, indifference. They would only laugh a little, but they wouldn't actually care.

But now, these people were clearly roping him in and expressing goodwill. Even if they were innately friendly, their attitudes were completely different. There was no longer that special barrier between the younger and older generation. Instead, there was now the implication of being the same people.

Chapter 592: Trapped in Tianxia City, Chu Mu

“There are limited people with emperor rank soul pets, so any new additions or losses are important. In normal situations, soul emperors wouldn't easily accept new people, because gaining an extra person meant they had to split the resources with one extra person. To the 100 people who left, they probably all remember you now, and are thinking of how to deal with you. Other than Jia Cunding and his fellows, the twenty soul emperors were probably notified by Old soul teacher De and that great elder to let them know you have a behind-the-scenes supporter. If anything happens, help them out a bit. You have to remember them because they're your new allies.” Old Li reminded Chu Mu.

Chu Mu felt like he had walked into a new territory.

The spirit emperors that said hi to him, Chu Mu had to all remember carefully. As a newcomer, he indeed had to pay more attention.

Chu Mu would naturally help out Soul palace spirit emperor experts. But, of these twenty spirit emperors, soul palace members weren't included. Most of them were solo, kingdom masters, or soul pet palace people.

Soul palace people all had identification, so there was no need to bring them in front of Chu Mu; they were default allies of Chu Mu.

As for the spirit emperors who left early, Chu Mu had to be very careful after meeting them. Especially in deep mountains or forests, if they have ulterior motives, they definitely wouldn't even hesitate to steal Chu Mu's resources.

.....

At the beginning of Battle of the Realm was the peak of Tianxia City's population. As the battle of the realm continued, slowly, people who had been eliminated, as well as people who couldn't wait, all left.

Only the last people remained, most of which either lived in Tianxia City or in the cities nearby. Of course, there were people who really wanted to know the results of the competition.

Now that the competition was finally at a close, all those people who weren't part of Tianxia City naturally packed up and left.

Chu Xing and Chu Ning both naturally were going to leave. Before, they planned on writing letters back to send this heavenly good news to the entire clan. They both decided instead that, instead of using letters, since they were both going back anyways, they should just go bring the news themselves.

Thus, the two came to say goodbye to Chu Mu. Chu Mu specially spent an entire day to help the two brothers out before telling them to go back to Chu Family first. If he ever had to go to west kingdom, he would definitely go back and visit.

Chu Mu's family was developing well in western kingdom. They said that there was some property in Wogu Region, and were rising quickly in the past few years- at least much better than they were doing in Gangluo.

Chu Mu originally planned on finding western kingdom kingdom master to help his clan out. However, he was surprised to see that the western kingdom kingdom master didn't seem to be on the list of allies, and all the kingdom masters near there weren't present either. On one hand, they didn't want to get nominated, but they also seemed to be experiencing some matters in that region, the specifics of which Chu Mu didn't know.

Saying goodbye to his two brothers, Chu Mu planned to say goodbye to all the soul palace young generation.

Chu Mu wasn't a lazy person, so he wouldn't get self-satisfied just because of the honor of Battle of the Realm. To enslave defector young woman in Wanxiang City in six years, Chu Mu had to try even harder to raise his strength.

Chu Mu's original plan was to go east after the battle of the realm until he reached Wanxiang City.

The plan towards the east wasn't a bad idea. However, Old Li told Chu Mu to stay in Tianxia Realm for a few more years, and raise all his soul pets' strengths before considering leaving Tianxia Realm. With only little Mo Xie, going east would be too hard.

Furthermore, Chu Mu had to prepare Mo Xie's food fully. In the spatial ring that the defector young woman left, there was only enough for Mo Xie to eat for two months. This was without participating in any battle as well. If she had to fight, it would be a consumption of tens upon tens of spirits. With Chu Mu's current economic ability, he truly wouldn't be able to sustain this. Thus, Chu Mu had to fix the transitional issue between monarch and emperor rank. After all, Chu Mu's pretty much jumped from high class monarch straight to low class emperor. There was a large gap in between that had to be adjusted well. Not only the strength of soul pets, but also the sudden increase in economic stress.

Chu Mu and Ye Qingzi had agreed to leave together beforehand.

However, Ye Qingzi changed her mind after. She still decided to follow Ye Wansheng because there were many things in her soul teacher's will that she needed to search for. These things were all scattered in different places, very likely needing to go in the opposite direction as Chu Mu.

"You currently own an emperor rank soul pet, so anywhere you go, we will become a burden. If you go train yourself, you will find it more comfortable." Ye Qingzi said.

Burdens weren't an issue for Chu Mu. How would having a support soul pet trainer like Ye Qingzi be a burden? However, he did feel like the places he was going to would be very dangerous. Bringing Ye Qingzi may push her into danger again, and her soul pets wouldn't find training easily. Instead, they could train well together away from him.

"Don't worry, after receiving my teacher's will, our strength will increase very quickly." Ye Qingzi smiled mischievously.

"I still don't want to part with you." Chu Mu held Ye Qingzi's small hands and looked into her eyes. He felt that without her, he would be missing something from his life.

Ye Qingzi heard that and immediately blushed. Secretly looking around and finding that no one else heard that, the blush on her face slightly receded and she replied, "Every city I go past, I will leave a message in soul palace. If you pay attention, you will know where I am!"

“Alright, I will.” Chu Mu nodded.

.....

Before, Chu Mu thought he would pack up and leave first. However, Ye Qingzi and Ye Wansheng were even faster, leaving the second day that the Battle of the Realm ended.

Chu Mu had also asked about Ye Qingzi’s teacher’s will briefly, and Ye Qingzi answered by saying it was a very complicated medicinal recipe. The soul items concocted will help increase a soul pet’s strength directly. It is also customized to each soul pet, so in their following selection of soul pets, they have to select certain soul pets.

Chu Mu didn’t understand much of it. But, he knew that if they followed the method written in their teacher’s will, their strength would definitely increase at a rapid pace.

“Qingzi, leaving this quickly isn’t too great, is it? Didn’t you see how sad Chu Mu was when he said goodbye?” Ye Wansheng said on his Star Wilderness Devil Colt as he glanced at Ye Qingzi.

“One more day and he will know.....” Ye Qingzi turned around to look at the Tianxia City slowly disappearing over the horizon.

“Ai, whatever, if we leave we leave. Brother will find you a solution.” Ye Wansheng let out a breath and increased the pace of Star Wilderness Devil Colt’s running.

Ye Qingzi was still thinking of Chu Mu, but decided to leave Tianxia City hastily. No one knew what she was thinking about.

.....

After Ye Qingzi left, Chu Mu felt slightly lost, especially when Ye Qingzi left this hurriedly, not giving Chu Mu any chance to stay with her for a long time.

Since the beauty had left, Chu Mu couldn’t say much, also starting to pack his stuff and continue his training life.

According to what Old Li said, The main mission now was the find spirit resources. While finding spirit resources, he had to increase the strength of all his soul pets.

High remembrance soul master harnessing a tenth phase pseudo-monarch was a limit. So, if Chu Mu didn't reach soul emperor rank, as a low class monarch rank, Mo Xie would be hard pressed to reach tenth phase.

His own strength was a problem that needed to be fixed quickly too.

Chu Mu wasn't actually far from eighth remembrance soul master. It shouldn't take him long to reach that level. Because Chu Mu already had an emperor rank soul pet, the bottleneck between soul master to soul emperor would be significantly easier to close, meaning he wouldn't need too long to reach soul emperor as well.

Chu Mu's only worry was his high temperature soul.

Liu Binglan previously said she would meet with Chu Mu at Tianxia city. However, even Battle of the Realm had ended, yet Liu Binglan hasn't appeared, making Chu Mu extremely worried.

"What is Wordly Immortal Ice? Is it really that rare?" Chu Mu asked Old Li.

"Wordly Immortal Ice is an elemental ice energy crystal higher rank than Glazed Ice. Finding a natural Wordly Immortal Ice is probably enough to raise an emperor rank soul pet's strength. You should understand that, when many emperor rank soul pets need a lot of spirit resources, finding an item that raises their strength will be even harder, so the price of the Worldly Immortal Ice was very high.

"Above worldly immortal ice was Heavenly Immortal Rice. the heavenly immortal ice was the sixth rank snow elemental energy crystal, surpassing any emperor rank soul pet. It was also what could cause a top tier emperor rank to evolve beyond emperor! With the female master's tools, finding heavenly immortal ice was hard, but there was hope for worldly immortal ice.

Chu Mu initially didn't understand emperor rank well. With what Old Li said, he finally realized that the Worldly Immortal Ice could actually strengthen an emperor rank soul pet.

At emperor rank, every rank was a great change to a soul pet trainer's status, so one could see just how precious it is!

“Good thing that young master’s soul remembrance always rises quickly, or else this soul temperature would probably be lethal.” Old Li said.

.....

Controlling the high soul heat, Chu Mu could only lift up his hands with soul remembrance. To completely remove it would depend of if Liu Binglan could find him.

Chu Mu didn’t worry about this issue any longer. After packing away his things, he followed Old Li’s commands and left east.

Old Li had lived for 200 years, so this old man knew many hidden spirit resources springs. They were right south of the Tianxia City, giving people hope on their way back.

Yet, just as Chu Mu was about to leave Tianxia City, there was a group of people that stopped Chu Mu!

“I’m not allowed to leave Tianxia City? Who gave that command?” Looking at these men that all looked powerful, Chu Mu looked at them in shock.

Its leader Tian Ting’s command so, please Boss Chu you should go back.” A soul emperor in charge replied amiably to Chu Mu.

Chapter 593: Thunder from Clear Sky, Tian Ting Threatens

Chu Mu was very confused. Looking at these experts in battle of the realm, he started wondering why Tian Ting would find trouble with him.

Chu Mu naturally knew that if he didn’t obey, these seemingly polite people would definitely attack. He could feel that these people were powerful. Adding on the other few people, he knew he was no match.

In Tianxia City, soul palace’s power was much larger than soul alliance. Tianxia City itself was very safe as well, so Chu Mu wasn’t too worried of any accidents happening, so he backed off.

In reality, Chu Mu was ready to stay in Tianxia City for a while. After all, the battle of the realm staff hasn't given him his emperor rank young soul pet yet.

Chu Mu wasn't worried the competition staff wouldn't give it to him; he just felt more at ease if he had it in his hands.

But, the battle of the realm staff notified him that the emperor rank young soul pet was still in an adjusting phase after birth, so soul pacts couldn't be signed yet.

Chu Mu was ready to go east to look for spirit resources before returning back to get the emperor rank young soul pet.

Emperor rank young soul pet was taken care of by soul palace elder Ting. Not picking it up and immediately leaving was also to reduce his own burden. After all, an emperor rank young soul pet also ate spirits. If he truly picked it up, Chu Mu would be spending at least 300 million gold every day. This was an expense Chu Mu couldn't sustain, so he wisely told elder Ting to keep it for now.

"Ok, I will go back into the city. I can walk around wherever within the city, right?" Chu mu glanced at the people.

"Yes, as long as you don't leave the city, you can walk anywhere." The smiling soul emperor said.

Chu Mu nodded and no longer cared for the couple of people. Jumping onto his night thunder dream beast, he returned back into the city.

Seeing Chu Mu return, the smiling soul emperor's face quickly cooled down with a mocking smile, "A middle class monarch rank Night Thunder Dream Beast still, he's truly dumb lucky to have strengthened a soul pet to emperor rank....."

.....

Returning back into the city, the first thing Chu Mu did was find old soul teacher De, because if there were any reason he was banned from leaving the city, old soul teacher De would know.

When he arrived back at soul palace, a middling bodied yet arrogant man walked out of soul palace, with two women beside him.

One of these women was the incredibly cold and arrogant woman Chu Mu saw in fourth realm, known as Lady Shan by the competition guard.

This Lady Shan was a first tier expert, yet for some reason she didn't participate in the battle of the realm.

Lady Shan immediately noticed Chu Mu walking up and looked surprised.

Before, Lady Shan was completely disdainful at the famous Chu Mu, but now she clearly couldn't have the same attitude, When seeing Chu Mu, her expression was strange, as if she wanted to smile and nod but also didn't know how to.

Seeing Lady Shan's new attitude, Chu Mu smiled secretly, noting how snobbish she was.

Lady Shan wasn't worth noting. The arrogant man, however, caused Chu Mu's heart to sink.

It was the person who imprisoned Sinking Wind Dragon, Chu Mu's great enemy - Tian Ting!

Sinking Wind Dragon was still in Chu Mu's soul capture ring. Chu Mu originally wanted to leave the city and let it out in a silent place.

However, Tian Ting restricted him from leaving, so Chu Mu was afraid he was looking for trouble because of sinking wind dragon.

"Perfect, I have something to say to you, follow me." Tian Ting glanced at Chu Mu lightly. As he finished speaking, he walked towards the courtyard aside. There was no command in his tone, yet the attitude suggested that Chu Mu could only obey.

Tian Ting was the same generation as Chu Tianmang. Chu Tianmang wasn't young, so if Tian Ting was the similar age, he would be in his fifties.

Yet, this middle aged man looked only in his thirties. Every action he had carried a cold arrogance of an upper class man. A clear black wart was on his cheek, causing his laughs to be ugly, which may be the reason why no one has ever seen him laugh truly.

This was soul palace, so Chu Mu didn't worry that Tian Ting had any hidden moves. While he was wondering secretly, he followed without question.

"You wait here." Tian Ting saw that his two follows joined and simply added.

Lady Shan and the other paused and quickly stopped walking, no longer daring to follow.

After reaching the courtyard, Tian Ting specially set down a soul remembrance barrier to avoid their conversation leaking.

He turned around and stared apathetically at Chu Mu.

Chu Mu wasn't sure about it in his heart, but he had nothing to fear, so he stared back, hiding the resentment he had for this man.

"I won't hound you about sinking wind dragon, you can let it free if you want." Tian Ting directly got to the matter.

Tian Ting's tone and attitude made it seem like he didn't do anything shady to the seal, causing Chu Mu to feel very unsatisfied.

It seems like he knew that he was son of Chu Tianmang. If so, Chu Mu didn't have to feign politeness, immediately replying , "Wow, thank you so bunch."

"Cyan Hidden Dragon egg is on you." Tian Ting said as if he knew everything.

Tian Ting's words caused Chu Mu to feel as if thunderstruck from clear skies!!!

How could he knew of little hidden dragon!!

Little hidden dragon was secondary. Most importantly, if he knew about little hidden dragon, then he must know about Mo Xie!

Does this mean Tian Ting already knows of Mo Xie's multiple mutations?

"Keeping elder's face in consideration, I'll give the cyan hidden dragon to you as well." Tian Ting said lightly, clearly disinterested in it as well.

Tian Ting specially glanced at Chu Mu. Seeing his expression change, he looked with disdain and thought, "You think you hid well? Not long after you joined battle of the realm, I found out you were the sole survivor of prison island. If the elder didn't make clear that I could only retract it once the battle of the realm ended, I would have dealt with you long ago!"

Chu Mu's heart shook. He had always thought that his identity as Chu Chen wouldn't be revealed, yet he had no clue that soul alliance Tian Ting knew of it all. Could this Tian Ting be the soul alliance expert that chased the cyan hidden dragon before?

Chu Mu's face sank as he refused to say anything.

Seeing Chu Mu silent, Tian Ting showed even more disdain in his eyes.

Tian Ting had no good feelings for Chu Mu. This mainly stemmed from Chu Mu being Chu Tianmang's son, similarly bossy. If not for Soul Palace noblewoman and soul palace elders, Tian Ting would have assassinated Chu Mu in secret long ago and taken what was his.

The old alliance master had commanded that all items Empyrean Cyan Hidden Dragon took away must be found again. If not for this, he wouldn't have stayed in Tianxia realm for this long.

Now that he finally found it, he ran into soul palace elders. With the force of elders, to not let the elders discover the secret behind it all, Tian Ting couldn't directly disregard their wishes and had to wait until the end of Battle of the Realm.

The restriction on Chu Mu leaving the city was given long ago, but Chu Mu just never noticed.

Now, the changes in Chu Mu's heart was rapid. He finally knew why old soul teacher De was warning him that soul alliance people can't be violated; it must have been because of this incident.

He couldn't possibly go against soul alliance right now. Even if he had the mysterious elder and his mother protecting him, soul alliance would definitely not give up on Mo Xie. After all, it was continuously mutating soul pet. Tian Ting likely got authorization from soul alliance master himself. These were all experts beyond emperor rank!

If he didn't give up Mo Xie, they would definitely also use special methods in which no one would be able to save him.

But to tell Chu Mu to give up Mo Xie? That was even more impossible!!

Specially thinking back to Li Huang's Cyan Hidden Dragon, Mo Xie was ninth phase already. Soul alliance would definitely use memory fluid to wash away Mo Xie's soul, making her a walking husk like Li Huang's cyan Hidden Dragon!

Chu Mu already saw Mo Xie as a part of his life, so how could he give Mo Xie up to the same path as the empyrean cyan hidden dragon!

It wasn't possible!

Chu Mu would never give up Mo Xie!!

.....

Tian Ting stared at Chu Mu. In his eyes, Chu Mu was as weak as a child, so he wasn't afraid of anything Chu Mu could do. Instead, he emotionlessly watched Chu Mu's facial expressions change.

Of course, Tian Ting wasn't that patient. Now that the battle of the realm ended, he wanted to get the items as soon as possible and return back to soul alliance. This has dragged on for too long already.

Immediately, Tian Ting's tone became more severe, "Give up the soul pet egg, don't think that anyone can save you. Somethings you aren't supposed to own. If you give it up early, you can continue out of battle of the realm with your emperor rank young soul pet, hidden Dragon egg, and that emperor rank soul pet you got somehow and continue your training. If not, you will die painfully!"

After saying that, Tian Ting pushed his soul remembrance over, a direct threat towards Chu Mu!

Chu Mu immediately felt an immense pressure causing his head to spin!

This mental pressure only stayed for a second before slowly dimming down.....

Yet, facing Tian Ting's pressure, the grey outlook in Chu Mu's heart quietly lifted!

Because, from Tian Ting's tone one could tell that he didn't know about the continuous mutation, and he didn't know that Mo Xie was brought out of Soul Alliance by empyrean cyan hidden dragon!

Chu Mu was elated!

Him holding his ground has found him a slim chance!

"It looks like only Xia Guanghan and Princess Jin Rou who had always watched his soul pet knew Mo Xie was continuously mutating. This Tian Ting only knew that the Empyrean Cyan Hidden Dragon had a soul pet egg on it, but he didn't know it was Mo Xie!"

"There's still hope, I'm not in desperate grounds yet!"

Chapter 594: Tian Ting, You're Still Not Dead? (1)

Chu Mu truthfully didn't know that Tian Ting actually stopped suspecting Mo Xie because of something accidentally mentioned by the senior elder.

Back then the senior elder silently had people go and protect Chu Mu. When he discovered that he had been targeted by Tian Ting, he expressed that Chu Mu was a young master who was Soul Palace female majesty's son.

The female master's status in Soul Palace was incredibly high. Moreover, she had taken up a temporary official position in Soul Alliance and was the Absolute Star of the Sixteen Absolutes. She was even considered superior to Tian Ting in status.

The Alliance Master didn't want to expose things so he dispatched Tian Ting who wasn't particularly conspicuous. If Tian Ting were to forcibly make a move on Chu Mu, given the Absolute Star's temper, she probably wouldn't hesitate to destroy him.

This matter was done according to the Alliance Master's instructions, who absolutely wanted things to be low-profile. Tian Ting naturally could only tell the senior elder that Chu Mu accidentally obtained Soul Alliance's treasure, he had to hand it back.

When the senior elder had asked what treasure it was, Tian Ting could not be too nervous and pretended to be calm as he said this was a rather important item.

Tian Ting knew that if he told him how valuable the object was, and that the Alliance Master had specially instructed him to complete this matter, the senior elder, that old fox, wouldn't have hesitated to get to the bottom of the matter. If it was divulged, it would bring them much trouble.

In the ninth realm, Chu Mu had summoned an emperor rank soul pet, the Seven Sins Fox.

At that time, the senior elder had come to a flash of understanding and immediately believed that Tian Ting was referring to Chu Mu's Seven Sins Fox Corrupted Inferno Monarch.

But Tian Ting's thought process was not like that. He was clearly very suspicious, and couldn't be certain of anything. He remembered the Alliance Master saying that a restriction had been placed on the soul pet egg, and that it probably wouldn't hatch within the next ten years. However, the appearance of an emperor rank Seven Sins Fox was too abrupt.

But what kind of person was the senior elder? When it came to psychological warfare, Tian Ting was a bit too inexperienced.

Therefore, when Chu Mu had summoned the Seven Sins Fox, the senior elder had maintained his calm and had attracted others' interests by saying: "Yes, it seems that this soul pet truly does have very high talent."

The senior elder's words had been immediately noticed by Tian Ting, and he thought that it was very likely that this Seven Sins Fox had been given by the senior elder and Female Majesty to Chu Mu.

The Seven Sins Fox was a perfect monarch and a soul pact could be signed with it at the spirit master level without it defecting. Although the Seven Sins Fox was rare, compared to emperors or to someone at the level of Tian Ting, it wasn't that remarkable.

Tian Ting had looked down on the senior elder and Female Master then. They had unexpectedly sneakily given the heaven defying soul pet to a young generation. Wasn't this intentionally violating the Tianxia authority's rules?

Tian Ting was the head of the four seats. If a young generation's soul pet had come from an elder, he would not be able to receive any award.

However, Tian Ting didn't want to offend the senior elder so as to prevent that old fox from discovering something. Thus, he turned a blind eye to the matter.

Since the Seven Sins Fox had been allegedly given to Chu Mu by the senior elder and Female Majesty, Tian Ting naturally excluded Mo Xie from the list of possibilities.

Therefore, when Tian Ting told Chu Mu to hand over the soul pet egg, he didn't realize that the egg the Alliance Master had told him to recoup had already hatched. Moreover, it had continuously followed Chu Mu and already mutated into a Seven Sins Fox!

Of course, Chu Mu maintaining his calm was very crucial. If Chu Mu, because of Tian Ting's threat, had sworn out loud never to hand over Mo Xie, then he would have exposed everything.

After some quick thinking, Chu Mu felt that he had to stall Tian Ting. Promptly he said: "I don't know what you're talking about. I only have the Hidden Dragon egg. It hatched not too long ago."

"Stop playing dumb with me. Don't mention the Hidden Dragon egg to me. Immediately hand over the restricted soul pet egg. Otherwise I'll let you die a horrible death!" Tian Ting didn't have the patience!

"A restricted soul pet egg? How could I have such an object?!" Chu Mu was able to pretend when he needed to. Right now he acted righteous and self-confident.

Tian Ting was angry and he immediately grabbed Chu Mu's clothes!

Just now Chu Mu had look startled indicating that the object was in his hands. Even if Tian Ting was stupid, there was no way he would have missed this.

Even now this brat was still playing dumb in front of him. He really didn't even put Tian Ting in his eyes. Did he really believe that this place was Soul Palace and that he wouldn't dare harm him?!

"Tian Ting, this younger generation doesn't understand much. Just educate him a bit, and it will be fine. There's no need to use a soul technique." at this moment, a middle aged man with a hoarse voice spoke.

Tian Ting was startled and turned around. He discovered that a middle aged man with slightly white hairs on his temple had unknowingly appeared in the courtyard. Moreover, he had broken through the soul remembrance barrier he had created earlier without being discovered!

The man walked up to Tian Ting and placed his hand on Tian Ting's shoulder, indicating that he should control his anger.

Tian Ting had a startled expression, and sucked in a deep breath of air!

Chu Mu stared at this man who had suddenly appeared and was silently shocked in his heart. Aside from the king, Tian Ting was probably Tianxia City's strongest person. Yet now an older man he had never seen before had completely dispelled his anger. Moreover, he looked extremely strange!

"Young master, this old fellow is Senior Elder Liu. It seems that someone is going to save you!" Old Li's voice floated out.

"Is Senior Elder Liu very strong?" Chu Mu rapidly asked.

"He's strong and not only normal strong! This old fellow's secondary soul pets can probably destroy Tian Ting!" said Old Li.

Secondary soul pets destroying the head of the four seats, Tian Ting? Chu Mu was shocked. He never expected this old man with a warm face to be so powerful!

"Is he trustworthy?" Chu Mu earnestly asked.

“He’s surnamed Liu. What do you think?” Old Li asked back in return.

Chu Mu had just been overly nervous, and had neglected this detail!

“It’s best if you tell him the truth. This way he’ll be able to help you find a turn for the better. If you hide anything, it may not work in your favor. Afterall, you need to rely on him in order to have a chance of keeping your small fox. Tian Ting isn’t someone easy to deal with. Perhaps he still doesn’t realize that the soul pet egg Empyrean Cyan Hidden Dragon brought with it was the small fox, but if you don’t bring out the object he’s looking for, he’ll quickly target your Seven Sins Fox. Then, after a search, he’ll be able to find out that it can continuously mutate!” said Old Li.

“Yes.” Chu Mu nodded his head and promptly watched the two people without uttering a word.

.....

“Senior Elder Li, because I have to wait until after the Battle of the Realm ends before I return back to Soul Alliance to report, I already politely waited until after the Battle of the Realm ended before conducting my search. Senior Elder appearing here to stop me... could it mean you wish to obtain the Alliance Master’s object?” Tian Ting calmed his temper and spoke with the Senior Elder.

“Of course not.” Senior Elder Liu wore a warm smile and slowly walked up to Chu Mu before saying: “Chu Chen, when you were on Prison Island, did you accidentally pick up something that didn’t belong to you?”

Senior Elder Liu intentionally walked in between Chu Mu and Tian Ting to both protect Chu Mu and to use soul remembrance to communicate with Chu Mu.

“I can manage to keep Tian Ting under control, but if other experts from Soul Alliance appear, not only will you be in trouble, but I also won’t be able to protect you. It’s best if you still give the item that belongs to Soul Alliance back to them.” the senior elder seriously said.

In truth, senior elder had already guessed that the item the Alliance Master wanted was extremely special. Senior elder could only stall for time, but if he truly angered the Alliance Master, then nobody would be able withstand his anger.

“I can’t. It has already signed a soul pact with me!” Chu Mu immediately used soul remembrance to speak with Senior Elder Liu.

Senior Elder Liu’s expression was calm, but he was shocked in his heart: Could it really be the Seven Sins Fox?

Senior Elder Liu didn’t overly communicate with Chu Mu. He sighed and turned around before saying to Tian Ting: “I just spoke a few sentences with him. Don’t worry, the Alliance Master’s item will definitely be given.”

“I have to wait again? Senior Elder, isn’t this just looking down on our Alliance Master?!!” Tian Ting’s attitude was a bit more stubborn.

Tian Ting could no longer wait!

“Chu Chen is young and hot-blooded. He didn’t understand the serious implications of this matter. I just spoke with him, and now he understands and will hand it over to you. This way we won’t harm our friendly relationship. Moreover, the item isn’t on him right now. Chu Chen knew that the object was precious so he hid it. He still needs to go get it. How about you head home first. I’ll send you home myself.” Senior Elder Liu laughed as he spoke.

“Hmph. The Alliance Master’s final deadline is coming up. If you don’t hand it over, I can only report that to the Alliance Master and have him personally deal with it.” Tian Ting coldly harrumphed before turning around and leaving.

Tian Ting wasn’t afraid that Chu Mu and the senior elder were going to try and steal the item. After all, this was the Alliance Master’s object. If anyone dared touch it, he or she would die. This included Soul Palace’s senior elders!

.....

Tian Ting left very bluntly. Of course, he had a face of anger as he left.

If it wasn’t because Soul Palace’s senior elder had mysteriously appeared, this matter would have ended a long time ago. It would have stalled out for so long!

Tian Ting silently resolved that if there was a chance in the future, he definitely would teach Chu Mu a lesson!

After Tian Ting left, the senior elder stood in front of Chu Mu and re-established a soul remembrance barrier.

“You should be called Chu Mu, right?” Senior Elder Liu wore a smile on his face. From looking at his eyes, one was able to discern benevolence; moreover, his expression showed that his actual age was already high.

“Yes.” Chu Mu nodded his head. He looked at the old man in front of him with white hair on his temples. For a moment he didn’t know how to address him because he really didn’t know much about his own mother’s life.

“I am your mother’s adoptive father. When you were younger, I even took care of you for a while.” the old man didn’t talk about the pressing matters, instead speaking about this with Chu Mu.

“This... I don’t have any memories of this. However, since you are my mother’s adoptive father, then you must be my grandfather.” Chu Mu’s initial impression of this ‘grandfather’ was very good.

“Back then when you were in Soul Palace, you were only three or four. Afterwards, your father took you away to Western Kingdom. Western Kingdom is rather far away and the communication there was naturally very little. If you feel that calling a stranger your grandfather is slightly awkward, then just call me senior elder.” Senior Elder Liu was able to see what Chu Mu was thinking.

“No, it’s fine. I am extremely grateful from the bottom of my heart that grandfather is protecting me like this.” Chu Mu wasn’t lacking in manners.

If it wasn’t because his grandfather had appeared in time, Chu Mu probably would have been in big trouble. Chu Mu truly had to give him a heartfelt thanks.

When Senior Elder Liu heard Chu Mu address him as grandfather, the smile on his face got deeper. It seemed that he was just saying all that earlier out of politeness. He really did hope that Chu Mu would recognize him as a grandfather.

The old man warmly spoke for quite a while with Chu Mu.

If the circumstances were normal, Chu Mu would have accompanied the old man to speak for a while. In any case, this was a senior elder rank ultra expert. Chu Mu had never truly interacted with a figure of this level. Being able to talk with him would allow him to learn many things.

However, right now, time was of the essence. Chu Mu viewed Mo Xie as important as his own life, and he had to find a solution to this matter.

Senior Elder Liu could see Chu Mu was worried and he finally let out a light sigh. He said to Chu Mu: “Previously I had Old Soul Teacher De tell you about Soul Alliance in order to prepare your heart.”

“I know. However, I cannot give up my soul pet.” Chu Mu earnestly said.

“There are times when you must reach a compromise. This time, we hold the advantage and if you give your soul pet up to Soul Alliance, I will demand for an item back to compensate your loss. This compensation will definitely be much more valuable than your soul pet.” said Senior Elder Liu.

Chu Mu shook his head and said: “Even if you give me a soul pet that surpasses the emperor rank, I won’t give up Mo Xie. This isn’t a question of whether they can compensate me.”

Senior Elder Liu was stunned. He felt that his own words were a bit pedantic. However, he really didn’t have another option. Senior Elder Liu could only try his hardest to get some benefit for Chu Mu.

“You can obtain other soul pets. You absolutely cannot forfeit your own life because of this matter.” earnestly said Senior Elder Liu.

Senior Elder Liu was afraid of this. Particularly, he was afraid Chu Mu would continue being stubborn.

Senior Elder Liu could see that the Seven Sins Fox in Chu Mu’s hands was a creature the Alliance Master had to have. If it was anything else, with Soul Palace’s prestige, the Alliance Master would

have given up on it. However, this matter concerned the Alliance Master's benefits, and this Alliance Master would not be lenient.

"Is there really no other way?" Chu Mu's heart slowly sank.

Senior Elder De shook his head and said, "Your aptitude is very high. I'm sure in a few years you'll be a force to reckon with in the soul pet domain; moreover, you could even step into higher domains. If you lose your life over a matter like this, you simply won't have any qualifications to talk about resisting Soul Alliance's influence.

You had best not see Tian Ting backing off and giving me the opportunity to delay as this matter not being that crucial. The more he's like that, the more important this matter is. It truly relates to Soul Alliance Alliance Master's benefits. Him giving me face is merely so that I don't see through this matter. Crudely speaking, if you don't hand over your soul pet, your other soul pets will be implicated in this matter. Although I can understand that any single soul pet is like a life to you, you should take the bigger picture into consideration..." Senior Elder Liu was afraid Chu Mu would take extreme measures and continued to persuade him.

"He doesn't want to be seen through? Is that why Tian Ting was so tight-lipped?" Chu Mu asked in a low voice.

"Perhaps." Senior Elder Liu looked at Chu Mu and felt that he should probably give Chu Mu some time to calmly think it through.

Promptly, Senior Elder Liu patted Chu Mu's shoulder and said: "Have a good think about it. I'll come and find you tonight. When that time comes, I hope you'll make a wise and mature decision."

After speaking, Senior Elder Liu gave a deep look at Chu Mu before walking out of the courtyard with his hands clasped behind his back.

Chu Mu's emotions were extremely complicated at the moment. He was rapidly thinking in his head, searching for a trace of hope.

However, when he thought of resisting, his other soul pets and other people who were related to him would be harmed by Soul Alliance. This made Chu Mu even less comfortable in his heart.

“Old Li, do you think Senior Elder Liu would dare kill Tian Ting? Moreover, I heard that Tian Ting was injured when he fought the Blood Beast Emperor in Immortal City?” after a while, Chu Mu asked Old Li two questions.

“This... he probably wouldn’t dare. Right now in the entire Tianxia City, the only person who can kill Tian Ting is Senior Elder Liu. Soul Alliance’s Alliance Master only has to send a group of people to search, and they’ll know who did it. When that time comes, you’ll still be met with trouble. If you want to kill him so he doesn’t say anything, you need to do it in a way that doesn’t invite trouble. Tian Ting’s strength is clear. You won’t be able to find other experts who would dare offend Soul Alliance to kill Tian Ting.” said Old Li.

Tian Ting was probably the only one who knew this secret. If he was able to kill Tian Ting without leaving a trace, then no one would know about Mo Xie!

However, how would he get rid of a spirit emperor with a high class emperor rank soul pet?

Just as he was deep in thought, Chu Mu suddenly discovered that Senior Elder Liu with his two temples of white hair suddenly returned.

Chu Mu looked at Senior Elder Liu and revealed a confused expression.

“I nearly forgot about something else important.” said Senior Elder Liu.

.....

Tian Ting’s manor.

Tian Ting sat heavily in a spacious and splendid hall. His face was downtrodden.

Two deep grey clothed men were kneeling there. Among one of them was the spirit emperor who had prevented Chu Mu from exiting the city.

“Senior, do you have any instructions?” This fat spirit emperor softly asked.

“You two are my most loyal subordinates, eh?” Tian Ting looked at the two of them.

The two spirit emperors suddenly looked at each other in dismay. Being able to become a spirit emperor meant these people were not stupid. Tian Ting suddenly asking them this meant that he wanted them to do something shameful and shady that couldn't bring trouble back to him.

"Of course." said the fat spirit emperor.

"I, Chen Peng, have always been loyal and devoted to Senior." said the man called Chen Peng.

Tian Ting glanced at the fat spirit emperor. As if he felt that this man wasn't fully trustworthy, he waved his hand and said: "You're dismissed."

The fat spirit emperor was stunned and thought in his heart: "Is this good or bad? Whatever, what kind of good things will come out of following Tian Ting? It's best not to worry about these things too much and just to let Chen Peng deal with it."

Chen Peng remained and he was thinking pretty much the same thing as the person who left-whether this was something good or bad.

"I've been in Tianxia Realm for so many years. Do you know why?" asked Tian Ting.

"This... subordinate does not know." Chen Peng lowered his head as he spoke.

"You don't need to understand it in full. This was something Alliance Master arranged. I'll tell you now..." said Tian Ting. A glint passed through his eyes.

Chen Peng listened very closely and was silently shocked: "Tian Ting unexpectedly told me something so important. Doesn't this mean that I'm about to be promoted and rewarded? It seems that my words of sincerity just now had a lot of effect."

Chen Peng couldn't help but sneer at the fat man.

"This subordinate understands. This subordinate has made friends with a few subordinates and they probably will be willing to help. Moreover, they won't leave a trace of evidence behind." earnestly said Chen Peng.

“Very good. After this matter is done, you can take another territory of land to your kingdom. I presume that you’ve wanted this piece of territory for a very long time, right?” Tian Ting rubbed his chin as he spoke.

When Chen Peng heard this, he hastily bowed down and expressed his thanks.

The piece of territory Tian Ting was referring to was a third rank emperor spirit source. Each month, the spirit production would be capable of supplying a low class emperor the resources to continuously fight. This was a rare large sum of resources. If he had this piece of territory, Chen Peng wouldn’t have to fear and worry that he would be incapable of supplying his soul pets sufficient resources. Moreover, Chen Peng would be able to extract extra spirits from this territory and use these extra spirits to exchange for a strengthening spirit item to raise his soul pets’ ranks!!

At the emperor rank, each time a soul pet raised by one class, his status would be completely different!

“Don’t worry, this subordinate will absolutely take back the orthodox bloodline Cyan Hidden Dragon egg. Moreover, that Chu Chen brat...” Chen Peng’s eyes shifted around and didn’t say anything else.

“Ok, you’re dismissed.” Tian Ting satisfactorily nodded his head.

Chen Peng’s face was full of smiles as he left and his heart was bursting with joy.

“A young man with only one soul pet with emperor rank fighting strength. I only need to know his location, and I’ll be able to kill him without leaving a trace. This is practically too easy.”

Of course, Chen Peng wasn’t stupid. Although he didn’t know who Chu Mu’s true backers were, it wasn’t wise to embroil himself in the matter. Therefore, he immediately contacted a dissident group of experts to have them complete this matter.

“I truly never expected that an orthodox bloodline Empyrean Cyan Hidden Dragon egg would be in this brat’s hands. That is a high class emperor rank dragon species and its fighting strength is no less than a peak emperor. If it comes to my hands and I raise it to the tenth phase, I’ll be able to fiercely stomp on Tian Ting. If I manage to raise it to a rank that surpassed the emperor... zeze” Chen Peng

was still calculating if he could conceal himself from Tian Ting and take the Empyrean Cyan Hidden Dragon for himself!

In the large hall.

Tian Ting watched Chen Peng leave, but a smile rose on his face.

Only an idiot would believe that an Empyrean Cyan Hidden Dragon would split off an orthodox bloodline Empyrean Cyan Hidden Dragon egg.

“All of the Empyrean Cyan Hidden Dragon’s offspring are split off Cyan Hidden Dragons. The true offspring inheritance is done through a Jade Spring Holy Blood baptism. How can it directly split off an Empyrean Cyan Hidden Dragon offspring... an idiot is an idiot afterall. However, if he’s able to help me get rid of that brat, it will be good. This will prevent a thorn in my side from remaining in the future.” ridiculed Tian Ting.

Thinking of Chu Mu possessing an emperor rank soul pet in the young generation made Chu Mu apprehensive. Moreover, after this matter was over, he was sure that Chu Mu would loathe him. If the alternative was having to deal with the huge trouble of Chu Mu’s limitless potential, it was better to get rid of him now!

“Husband, has the matter been completed?” an enchanting and charming concubine slowly walked out. Hearing that Tian Ting’s mood wasn’t bad, she hastily pasted her fragrant body to his.

“Almost.” Tian Ting laughed. A slight hint of lustfulness appeared on his serious face. His hand quickly climbed up to this flirtatious concubine’s breasts as passion immediately arose in this hall.

.....

Inside Soul Palace’s courtyard.

Senior Elder Liu walked up to Chu Mu and handed something to Chu Mu from his spatial ring. He said: “This is something your mother had someone bring here. Its a piece of Worldly Immortal Ice. She said your soul is abnormally high temperature and needs to be moderated.”

“Worldly Immortal Ice!!”

Chu Mu's eyes immediately lit up!

Worldly Immortal Ice was a treasure that could cause an emperor rank soul pet fighting rank to increase!

Chu Mu never expected that Liu Binglan was really able to find the extremely rare Worldly Immortal Ice. Most importantly, she had sent it over at this crucial moment!!

Chu Mu obviously wasn't going to use the Worldly Immortal Ice to strengthen his soul pets. Instead, he was going to use it to immediately lower the temperature of his soul!

The moment his soul temperature lowered, Chu Mu could use a power he had been unwilling to use - the half devil!!

"Tian Ting, let's see if you still be so arrogant? Or violent? This time you're definitely dead!!"

Amidst dire straits he had found hope. This made Chu Mu's heart immediately burst with joy!!

Chapter 596: Plan and Kill to Silence

Initially, in Li City, the White Nightmare was only seventh phase middle class monarch rank. Adding on the effects of Jade Spring Sacred Blood, they could kill everything!

Now that white nightmare was ninth phase high class monarch and Chu Mu himself was near eighth remembrance soul master, becoming a half devil now would make him much stronger than before. Adding on the Jade Spring Sacred Blood, he would be even more terrifying!

Most importantly, Tian Ting was injured and didn't have his guard up against him at all!

If Chu Mu could mount a sneak attack, he probably won't even summon a single soul pet before he was instantly killed!

"Tian Ting's last chance for me is tonight, so I will act tonight!"

Chu Mu was very decisive. Since he wants to kill, he won't hesitate the slightest!

The half devil identity was something almost no one knew about. If Chu Mu killed Tian Ting with his half devil state and told elders to create some rumors, then soul alliance won't be able to find Tian Ting's death. No one would know the secret, and Chu Mu would continue to be free and unfettered!

.....

"Young master, there isn't that much Ground Immortal Ice. It is probably enough for young master to use half devil twice. However, if young master wants to kill Tian Ting, I suggest you only absorb some of it to ensure you can reduce your soul temperature after this half devil. The remaining Ground Immortal Ice is best kept to strengthen your Ice Air Fairy." old Li said.

Chu Mu knew that if he took the ground immortal ice, the main effect would be to lower his soul temperature. Though Ice Air Fairy would get the benefits, it would be limited.

If it was used directly to strengthen the ice Air Fairy, its battle strength would raise even more!

"Approximately what rank could we bring the ice air fairy to?" Chu Mu opened his mouth to ask.

"As long as the young master strengthened the ice air fairy to pseudo-emperor and used this earthly immortal ice to continue the strengthening, reaching low class emperor rank shouldn't be an issue. One has to know that this treasure could cause a whole trove of soul emperors to fight over. I don't know where her majesty found this." Old Li said.

"Low class emperor!!" Chu Mu was joyous.

Pseudo emperor and low class emperor wasn't just another jump in strength. That means that if he could find the soul item to strengthen ice air fairy to pseudo-monarch, he could bring it to low class monarch immediately!

Now, even Chu Mu felt that his future was limitless!

Of course, he first had to get rid of the spiky problem at hand. If he didn't kill Tian Ting, nothing he thought about would be useful.

“Young master, for safety, you should go and learn about Tian Ting's main soul pets. Knowing more about the enemy will always increase your chances.” Old Li said.

Chu Mu nodded. He had to find a way to kill Tian Ting today without leaving any trace!

Finding out about Tian Ting's strength wasn't too hard. Chu Mu asked Ting Lan to ask Elder Ting for him.

Ting Lan quickly brought Chu Mu the approximate situation of Tian Ting's soul pets, but also brought bad news to Chu Mu.

“The Battle of the Realm emperor rank young soul pet is stuck in Tian Ting's hands?” Chu Mu was astonished.

So Tian Ting ran himself to soul palace to take away the emperor rank young soul pet!

The meaning in this was to tell Chu Mu, “If he doesn't give up the item tonight, the final honor of first tier, emperor rank young soul pet, won't be his either.”

.....

.....

Tian Ting Residence

Tian Ting had seven soul alliance subordinates, all of which had emperor rank soul pets.

These seven soul emperor experts were in Tianxia Realm all year, representing soul alliance's power and exerted some control over the power in this region.

One of the seven soul emperor who often appears beside Tian Ting was a soul alliance expert named Ma Yilu. This soul alliance expert was in charge of many territories around Tianxia City. Some of these include near a fourth of the spirits near Tianxia City.

If one compared spirits to gold, then spirit sources were gold mines. Through hiring low level soul teachers that knew how to excavate spirits, they could excavate enough spirits to feed the emperor rank soul pets of these soul emperors.

The reason why Tianxia City was the most luxurious city also had a lot to do with the density of spirit sources nearby.

Places with more spirit sources often meant the environment was diverse and robust. All sorts of soul pets would appear, so when soul pet trainers want good soul pets, they often visited these resourceful areas. Soul sources and soul pet sources were complementary.

Ma Yilu had three pseudo-emperor main soul pets. He also wasn't that young anymore and didn't dare to go further up. Therefore, he decided to settle down in Tianxia City and enjoy the fame, position, and power with his three pseudo-emperors and a steady source of spirits.

“贾寸丁，今日怎么有空到天听大人府上来？”马义路刚俸上了这个月的灵，见魔魔宫的贾寸丁前来，不禁打趣道。

“Jia Cunding, why do you have time to come to Boss Tian Ting's residence?” Ma Yilu had just handed over this month's spirits when Nightmare Palace's Jia Cunding came up, so he went and mocked.

Though Jia Cunding was Nightmare Palace, his other identity was a direct subordinate to Tian Ting.

They were both in soul palace, but they were both soul alliance experts too. This placement was a way for soul alliance to monitor the other big factions.

Jia Cunding didn't even lift his head, “Boss's Sky Thunder Fairy Emperor is hurt, and I don't know which bastard said I had a pile of thunder type soul items.”

Speaking of this, Jia Cunding got infuriated. These thunder type soul items were originally for his Chaotic Thunder Sprite to see if he could strengthen it to pseudo-emperor. Though there was only a

1 in 100 chance, the soul items cost him quite a fortune to get. Now, he had to give it up to Tian Ting as medicine for his Sky Thunder Fairy Emperor.

"Hehe, you truly are unlucky." Ma Yilu laughed.

"Why aren't you at your own residence, what are you doing here?" Jia Cunding asked.

"I don't know either. Boss called Li Teng and I over for no reason today, and haven't told us what to do yet." Ma Yilu said.

"His Triumphant Tooth King is hurt. Maybe you guys have to give up something too." Jia Cunding let out a cold humph.

Speaking of the Triumphant Tooth King, Ma Yilu's expression grew worse.

A couple of years ago, Ma Yilu didn't know that Tian Ting was a soul alliance expert sent from Wanxiang City to Tianxia City, so he intentionally was hard on him.

At that time, Tian Ting had summoned an emperor rank Triumphant Tooth King that defeated all three of his pseudo emperors.

So, speaking of this Triumphant Tooth King, Ma Yilu felt uncomfortable. After all, Tian Ting's soul pet's fighting strengths were all pretty terrifying!

Triumphant Tooth King: Beast World - Beast Type - Tooth King Species - Monarch Rank
Triumphant Tooth King

The Triumphant Tooth King naturally were extremely aggressive. They had a body like a lion, but a head of a wolf. It had four eyes and on its shoulders were massive bone blades that could be lifted up or put down flat. Even its movement had great destructive abilities.

The greatest characteristic was the four extremely long and protruding tusks. They were indestructible, and could easily shatter rocks and gold, and it was the feature the Tooth Kings were named after.

Triumphant Tooth King's Tian Ting was another main soul pet that Tian Ting strengthened from monarch rank all the way to high class emperor rank. Before Tian Ting got his Sky Thunder Fairy Emperor, he relied on this Triumphant Tooth King to stay undefeated.

.....

“Jia Cunding, the thunder type soul items are perfect for my Sky Thunder Fairy Emperor. Very well, I will take your gift to heart. Also, I have some other matters to discuss with you so stay at my fort.” Tian Ting sat in the hall, nodding very satisfied towards Jia Cunding.

Jia Cunding was face full of smiles, yet in his heart he had cursed the fake Tian Ting thousands of times over. A sentence was all he needed to take away all the thunder type soul items he had tried so hard to collect!

Jia Cunding saluted and left, following the lead of a female servant to Tian Ting residence to rest.

Normally, Tian Ting Residence had Cheng Peng and the bloated soul emperor nearby. Today, things were different, as Tian Ting left three other soul emperors in the residence.

Tian Ting wasn't stupid. If he let the elder see the restricted soul pet egg, the elder would definitely realize the egg wasn't anything normally. If the elder pulled the trigger and wanted to take it for himself, Tian Ting definitely would be the first to be killed to keep the secret.

Though the chances that an elder attacked him are very low, Tian Ting had to ensure things weren't amiss. He specially kept three soul emperors in his residence. He didn't expect them to do anything, but at least he wouldn't be completely unprepared for the elder.

“Boss, there's a soul palace servant that brings words from Chu Chen.” A family servant came up and knelted down.

“Bring her over.” Tian Ting said.

After a moment, Chu Mu's personal servant Jia Jing appeared in the hall of Tian Ting residence. Seeing Tian Ting, Jia Jing didn't even dare to breath hard. She said quietly, “My.....my young master, told me to say..... to invite you to Departed World gates after the night falls, where he would give up the things himself.

Tian Ting slightly furrowed his brows and hardened his tone, “Tell your young master to send it to my residence himself!

How high was Tian Ting’s soul remembrance? With such a tone, he caused Jia Jing to become even more frantic. Her face paled and said, “Young master..... young master said..... He wanted Tian Ting to bring the emperor rank young soul pet as well. If Boss Tian Ting doesn’t come.....young master..... young master would release the secret of the item.”

Tian Ting slapped the table and suddenly stood up!

The alliance master spoke multiple times that he had to keep it a secret. If it were revealed, Tian Ting would get scolded by the alliance master again. Tian Ting didn’t expect the kid to use that to threaten him.

Jia Jing was frightened by this sudden rise, falling butt first onto the ground and no longer able to speak.

“Heng!” Tian Ting coldly humphed and his eyes stared coldly at Jia Jing.

After a while, Tian Ting finally asked, “Tell your young master I will bring the emperor rank young soul pet, and that if he doesn’t give it up tonight, I Tian Ting won’t be polite anymore!”

Jia Jing quickly got up and ran out frantically.

Before, Jia Jing always thought that the four leader’s leader was handsome and cool, with the appearance of an expert. Today, she saw the beast-like side of them- it truly was terrifying!

Seeing the little servant girl run away, Tian Ting laughed coldly, “A kid with an emperor rank soul pet, I want to see what you can do. Don’t expect Elder Liu to fight because I won’t give him a chance to fight!”

Chapter 597: Plan within Plan, Sinister Tian Ting

When night fell, Chu Mu walked out of his own room. Under the clear moonlight, cold air faintly emanated from Chu Mu's body.

Chu Mu didn't have much time, so after he got the Ground Immortal Ice, he immediately consumed it, and used his soul remembrance to slowly draw it into his soul, pushing down the temperature of his soul.

Thankfully, the process wasn't very long, and the effects of Ground Immortal Ice were incredibly apparent. If it were stretched on for too long, Chu Mu wouldn't be able to execute his plan either.

After absorbing half the energy in the Earth Immortal Ice, Ning, who was connected to Chu Mu, also benefited greatly.

Though Ning only gained a sliver of energy after Chu Mu absorbed most of it, the Earth Immortal Ice was still an absolute treasure used to strengthen emperor rank soul pets. If a normal person consumed it, they would definitely get instantly frozen to death.

After the Earth Immortal Ice's effects, Ning directly fell into deep slumber, needing a rather long process to absorb the soul items full of ice type energy.

Presumably, Ning's fighting strength would increase greatly after it finished absorbing the Earth Immortal Ice energy that leaked from Chu Mu's soul.

.....

Tian Ting was very careful. After learning that Chu Mu wanted to do the exchange at Departed World Gates, he guessed that Chu Mu had other intentions, so he specially called Nightmare Palace elder Ye Tao to soul palace to preoccupy the elder, not letting the old fellow have a chance to attack. He also made sure Chu Mu could only go alone.

No matter how careful Tian Ting was, he wouldn't have too much precaution towards Chu Mu, though.

Chu Mu utilized this mentality of Tian Ting's, intentionally directing Tian Ting's attention to the elder. This way, as long as he thought he had the elder preoccupied, he wouldn't worry about the exchange at all.

Tian Ting doing this also affirmed the assumption that Tian Ting was the only one that knew about the secret.

After walking out of the room, Chu Mu summoned Night and ran towards Departed World Gates.

The reason Chu Mu selected Departed World Gates was to create the illusion that the half devil originated from the strange space. This way, after killing Tian Ting, soul alliance couldn't find their way to him even if they sent people to investigate.

After all, half devil itself was a very dangerous creation. No matter how Soul Alliance searched, they wouldn't be able to find the origin of the half devil, neither would they find out that Chu Mu, a young generation competitor, was actually the half devil!

.....

Once Chu Mu reached near the city gate, he specially stayed for a while.

After not too long, Old Li hurriedly ran over from afar.

"Young master, Tian Ting Residence has three spirit emperors, all of which are soul alliance members. Tianxia City main official - Ma Yilu, freelance expert Li Teng, and Nightmare Palace's Jia Cunding. They're the bottom of the pack in spirit emperors, but they are great enemies nonetheless to young master." Old Li said.

"Old Li, you think these people may know the secret?" Chu Mu said.

"Getting rid of them is safer because even if they don't know the secret, they will know that you're making the exchange with Tian Ting here." Old Li said.

Chu Mu nodded and patted Mo Xie on his shoulder.

In pitiful appearance, Mo Xie leaped off of Chu Mu's shoulder. Under the moonlight's shine, it caused Mo Xie's fur to shine even more enchantingly.

Chu Mu knew that if he didn't show up, Tian Ting probably wouldn't show as well. So, Chu Mu left little Mo Xie near the city gate while he took a detour to reach Departed World Gates.

Departed World Gates was also known as Mirror Sword Mountain. Chu Mu didn't specify their meeting location, but to hide from others, Chu Mu still went to the top of the mountain and slowly waited for Tian Ting to arrive.

On Mirror Sword Mountain's east side, a group of strangely dressed people were swiftly approaching the Departed World Gates.

They all wore masks and black clothes, clearly not wanting anyone to know their identity.

They rode seemingly normal soul pets, and didn't look like very top tier experts, yet they knew how to hide under the moon and approach the Mirror Sword Mountain stealthily.

This group of people had Cheng Peng leading them!

Cheng Peng had already planned on contacting some of his special friends to assassinate Chu Mu and steal the cyan hidden dragon egg on Chu Mu.

, Tian Ting suddenly told him that Chu Mu would appear at Departed World Gate today and asked him to kill all of Chu Mu's soul pets, leaving him with half a life. He also had to do it cleanly and leave no trace.

Though Cheng Peng was the leader, he didn't plan on attacking. After all, if he participated, his soul pets would be revealed and if soul palace investigated, he wouldn't have an easy life after.

"Cheng Qiang, don't worry, they're simply a newbie with a pseudo-emperor rank soul pet. All his other soul pets are garbage. Just get rid of a few souls of his. The spirits you need I will absolutely give you tomorrow." Cheng Peng laughed and said to Cheng Qiang beside him.

Cheng Qiang was a name many people in Tianxia Realm knew, and most people's faces would blanch at the name.

Cheng Qiang was a typical evildoer that soul palace, soul pet palace, and Nightmare Palace all listed as wanted. Even when he was just a soul master, he had done countless evils and often killed

innocents without a thought. He even disregarded rules and killed many young generation members of all factions, angering everyone.

Usually, people wanted like him have an incredibly difficult time. However, this person somehow got a lucky encounter and got the soul items to strengthen his soul pet into emperor rank, making him even more arrogant and wanton!

If Cheng Qiang did it, with his bad reputation, soul palace definitely wouldn't doubt soul alliance. So, Cheng Qiang doing this was a perfect fit!

"Heng, isn't it just the person who took both tier final honors, what's there to be secretive about!" Cheng Qiang was resentful.

"Yes, yes, yes. It seems like brother Cheng Qiang was watching. If so, do you have more confidence now?" Cheng Peng asked.

"It's just a kid, it's not even confidence or not anymore. Just wait to collect the body." Cheng Qiang eyes were cruel. This person was clearly evil on the outside as well!

"This.....this, we can't kill the person. Just kill the soul pets." Cheng Peng said in a small voice.

"Truly a hassle!" Cheng Qiang waved his hand impatiently.

Cheng Peng quickly smiled obsequiously.

Kill? Cheng Peng obviously didn't dare. Especially when elder Liu was still in the city, Chu Mu was from soul palace. After you killed him, elder Liu would definitely investigate.

Cheng Peng dared to kill Chu Mu at most through finding traces of Chu Mu and sending people to assassinate him. He wouldn't possibly dare to do it himself and attract trouble.

Of course, if Cheng Peng knew that Chu Mu was children of her majesty, the grandson of senior elder, he wouldn't execute this mission no matter what. It was unfortunate that Cheng Peng wasn't as good at playing tricks as Tian Ting. Once the matter ended, Cheng Peng would take the blame for sure.

“You guys, create some chaos.” Cheng Qiang commanded his subordinates.

Getting this command, they immediately split into two packs that went towards departed world gates in different directions, moving very stealthily.

.....

“Strange, why are there two groups of people fighting at the bottom of Departed World Gates?” Looking down from above, Chu Mu was confused.

Under departed world gate, there were a dozen of soul pets. These soul pets were all around monarch rank.

The two sides were tightly engaged in battle, sending sparks everywhere. The techniques quickly alerted the nearby guards and citizens.

Chu Mu was incredibly puzzled. Why would two waves of unidentified people appear and fight right where Tian Ting agreed to show up?

“Heihei, kid, aren’t you confused, want brother to explain for you?” Just as Chu Mu was confused, a sly voice came from under the mountain.

Very quickly, a masked man in black came up to Chu Mu.

Chu Mu furrowed his brows. The comer wasn’t friendly, meaning Tian Ting was playing some dirty trick again!

Chu Mu wasn’t flustered. What Chu Mu was confused about was, didn’t Tian Ting want his restricted soul pet egg back? Why is he sending killers instead?

“Can it be..... this Tian Ting, truly isn’t someone easy to deal with!” Chu Mu thought carefully and suddenly understood!

This Tian Ting is truly terrifying. Even if he planned to give up Mo Xie, he wouldn't let him off easily!

“Kid, you don't want to live anymore!!” Cheng Qiang saw that the kid ignored him and instead went into deep thought and immediately roared angrily!!

“Are the two groups down there both your subordinates?” Chu Mu asked calmly.

Cheng Qiang's face immediately darkened under his mask.

The group of people under were naturally set up by him. Though Cheng Qiang was evil, he didn't want to hurt anyone he couldn't afford hurting.

He would usually tell his subordinates to fake fight and throw other faction corpses there.....

Cheng Qiang didn't think the kid would see through his plot so quickly. He always prided himself on his ability to shift the blame this way.

.....

Departed World Gate south dark side

Tian Ting stood alone under the black sky, watching Departed World Gate from far away.

This time, Tian Ting had a plan with some holes, but a plan that could solve things permanently.

Tian Ting knew that Cheng Peng would definitely bring his special friends to kill Chu Mu's soul pets. Once the special friends have taught Chu Mu a lesson, he would appear.

At that time, Chu Mu's soul pets would definitely be more or less all dead, and Cheng Peng would have Chu Mu's spatial ring.

What Tian Ting had to do was appear as a righteous elder, and kill the special friend and the greedy Cheng Peng who wanted the first honor rewards!

In passing, he would also take the spatial ring from Cheng Peng.

Tian Ting believed he definitely would find the soul pet egg.

And even if he didn't find it, Tian Ting wouldn't worry because he would just continue to look. After all, the subordinates weren't his. And if he didn't appear, the kid may just have been killed. He may even become Chu Mu's life saver.

This plan was perfect, but it had a flaw, which was naturally soul alliance master will help tian Ting fill.

“White devil flame? This kid is summoning his White Nightmare? Truly laughable, what can a high class monarch rank white nightmare do?”

Tian Ting watched the Mirror Sword Mountain from afar light up with a sprout of white devil flames and murmured to himself.

Chapter 598: Making an Enemy of the Entire Soul Alliance

Tian Ting didn't move in the darkness. He had already told Chen Peng that he absolutely could not kill Chu Mu. Moreover, he had to kidnap Chu Mu with a spatial ring.

He had to grasp the timing right. If he went too early, Chen Peng wouldn't teach Chu Mu enough of a lesson, and this wouldn't appease the anger in Tian Ting's heart. But if he went too late, Chen Peng and his special friends would have left already.

After waiting for a while, Tian Ting saw that the light technique on the top of Mirroring Sword Mountains was gradually dimming.

Emperor rank strength was naturally very strong. If it wasn't because the Departed World Gates was special, it would have already been destroyed by emperor rank strength.

Therefore, when the commotion on the top of the mountain began to settle down, a smile couldn't help but rise on Tian Ting's face. He guessed that the fight had pretty much ended.

Promptly, Tian Ting chanted an incantation and summoned his capable main pet, a Triumphant Tooth King!

Although the Triumphant Tooth King was a beast type soul pet, it was able to effortlessly climb to the top of this mountain peak with its powerful body.

Soon, Tian Ting pretended to be anxious and distressed as he appeared!

Tian Ting did things very ruthlessly. In order to ensure no survivors remained, he firstly urged the Triumphant Tooth King to the front of the Departed World Gates in order to firstly target the people he used as a diversion!

Tian Ting had to get rid of these people. He couldn't leave anyone that would possibly end up as a sword in his back!

Cheng Qiang's subordinates were mostly at the monarch level; moreover, both sides were fake fighting each other as they would randomly toss corpses onto the ground in order to push the blame onto Nightmare Palace's people.

Chen Qiang was very smart, and knew that Chu Mu definitely had animosity with Jiang Yiteng, Lu Shanli and Xing Yangjie. Therefore, when he tossed the Nightmare Palace members' corpses there, he added on a few markings from Nightmare attacks. This way, Soul Palace wouldn't think it was his people that did it.

"Ok, it's pretty much done. We can stop. Let's leave before the city guards arrive." said the leader wearing a red mask.

"Ok, let's retreat. Big brother should have finished by now." said the leader of the other group.

Most of the soul pets these people were riding on were mainstream soul pets. Among them were a few Cyan Nightmares and Blue Nightmares in order to throw Soul Palace of their tracks.

The average strength of these soul pets was at the high class monarch rank while the leaders' two soul pets had all reached the peak monarch rank.

"Who... who is it!" the red masked leader immediately saw the person rushing towards them.

This person was riding on a violent beast with its teeth bared. Its enormous beast type aura enveloped their location, immediately frightening everyone's soul pets so badly they started to tremble!!

“Emperor... emperor rank!! That's an emperor rank soul pet!!” the leaders' subordinates were immediately stunned by the aura and all wore terrified expressions!!

In front of these small shrimp, Tian Ting sneered. He immediately ordered his high class emperor rank Triumphant Tooth King to launch an attack!!

The Triumphant Tooth Emperor was extremely quick. The high class monarchs were unable to use any techniques before the majority died under the Triumphant Tooth Emperor's mere teeth and claw attacks. Blood flew everywhere!!

Cheng Qiang's subordinates had no ability to resist and most of them were killed by Tian Ting in the span of a breath.

When their corpses began to fall everywhere, the city guard had arrived by then. When the city guard leader arrived, he saw that these criminals had all died. He was incomparably shocked because these people all had high class monarch rank soul pets and were all considered experts!

“Tian Ting... Senior Tian Ting!!” the city guard quickly recognized Tian Ting.

The city guards had seen how strong the four seats were, and were immediately incredibly respectful.

“I don't know where these criminals are from. They wanted to commit a crime in this forbidden area. I'm going to the top of the mountain to capture the criminal's leader. You two team leaders follow me. The rest of you search the rest of this place!” Tian Ting imposingly said.

The city guards hastily nodded their heads. They split into a few small teams and began to search nearby the Departed World Gates.

“The guards made their way over already. It won’t be long before Soul Palace’s people arrive, right?” a smile rose on Tian Ting’s face. He didn’t hesitate at all as he urged his incomparably tyrannical Triumphant Tooth King to make its way to the top of Mirroring Sword Mountain!

The two team leaders immediately followed Tian Ting. They looked at Tian Ting’s Triumphant Tooth King with envy as it ran up Mirroring Sword Mountain as if it was flat land. It was mighty and imposing!

.....

Upon arrival at the top of Mirroring Sword Mountain, the fight had completely settled. There were signs of destruction on the mountain, but they weren’t very evident.

“It seems that Chu Chen, that brat, wasn’t able to resist for long before being captured. Hopefully he suffered a bit. That would be better.” Tian Ting laughed and released his soul remembrance to find Chen Peng.

Quickly, Tian Ting located Chen Peng’s aura on the peak.

The mountain peak was pitch black and the only source of light was the hazy moonlight shining through the fog. However, even the moonlight wasn’t able to actually illuminate the top of the Departed World Gates.

Tian Ting’s soul remembrance located Chen Peng and another figure. He discovered that he hadn’t summoned a soul pet and his smile was even deeper.

“It seems that after he subdued Chu Chen, he recalled his soul pets. This is even better. It’ll be easier to kill him!” Tian Ting laughed.

Promptly, Tian Ting increased his speed. He didn’t pay attention to much as he immediately went to kill Chen Peng and Chen Qiang..

These two people had to be killed, but he wouldn’t immediately kill them. Instead, he had to make sure the guards saw him rescue Chu Mu.

“That person... that person seems to be the Battle of the Realm’s youth, Chu Chen. he seems to have been captured by criminals.” The two city guard leaders quickly saw the situation through the darkness on the top of the mountain.

On the top of the mountain, Chu Mu had been completely suppressed by the two spirit emperors’ mental strength. Chen Peng and Cheng Qiang were extremely angry, as they tried to force Chu Mu to summon his soul pets and hand over his spatial ring.

Chu Mu naturally wouldn’t summon his soul pets. As for his spatial ring, Chu Mu had already handed it over.

However, Chen Peng discovered that the orthodox bloodline Hidden Dragon Egg he wanted was not inside. Instead, there were a few random items inside. This made him extremely humiliated and angry!!

“What courage you have. You dare lay a trap here and harm my Tianxia realm’s young expert! You simply aren’t putting me, Tian Ting, into your eyes!!” Tian Ting saw that the moment was very opportune and immediately he let out an angry shout!

His voice had added onto its soul remembrance effect so that it sounded like a clap of thunder. Even the residence in the city would hear it!

The two guard leaders were clearly stunned before they abruptly discovered that Tian Ting had at some point urged his incomparably powerful emperor rank Triumphant Tooth King to kill the two high soul remembrance criminals!!

Chen Peng and Cheng qiang never expected that they would be used as pawns. When they heard Tian Ting’s shout, their expressions drastically changed! Hastily, they summoned their soul pets!!

“Go die!!” Tian Ting obviously wouldn’t give the two of them an opportunity to speak!

A high class emperor’s fighting strength wasn’t something the pseudo emperor rank soul pets of the two of them could match. Chen Peng had just summoned his pseudo monarch when the terrifying Triumphant Tooth King arrived with its suppressing and powerful beast type aura. Its claws that were capable of destroying the mountain ripped apart the curtain of darkness as it fiercely swiped at Chen Peng!!

Chen Peng rapidly had his pseudo monarch protect him. However, with an entire nine levels of a difference, Chen Peng and his soul pet weren't even able to let out a miserable scream before transforming into pieces under the black claw wind!

Chen Peng's face was the last thing to disappear under the fierce claw. From his pained and shocked face, it was possible to see that even though he died, he never expected his master, Tian Ting, to have done something so ruthless!!

Cheng Qiang saw that the situation was not good and he urged his pseudo emperor to flee!

However, a high class emperor had appeared. Even if Cheng Qiang was considered more tyrannical, he was dead without a doubt. He began to flee while cursing that he had been tricked!

Tian Ting naturally couldn't let Cheng Qiang die without his corpse remaining. After all, the blame still needed to all be pushed onto his body. Promptly, he ordered the Triumphant Tooth King to kill Cheng Qiang but to leave his full corpse.

The two leaders immediately saw the head of the four seats, Tian Ting, instantaneously gain control over the situation. They hastily jumped off of the tree and went to check on the state of Chu Mu.

“Ah!!!!!!!!!!”

A miserable cry rang out as Tian Ting killed Cheng Qiang in the darkness. Immediately, he tossed his corpse to a relatively conspicuous location.

A smile rose on Tian Ting's face. He immediately rode on the Triumphant Tooth King back before heading to the pale faced Chu Mu.

“Senior Tian Ting, Chu Chen's mental strength is a bit weak, but it's not too bad. Fortunately Senior Tian Ting arrived in time. Otherwise, I wouldn't dare think of the consequences.” the two city guards helped prop up the very weak looking Chu Mu as they spoke respectfully to Tian Ting.

Tian Ting wanted this. Thus, he laughed and nodded his head. He looked at the pale faced Chu Mu and calmly said: “You're a popular figure right now and if you are so bombastic with your actions, isn't that just giving criminals the chance to take action? If I had arrived even a bit later, you would have died!”

Tian Ting didn't care if Chu Mu believed him. As long as someone else believed him that was enough. He took his time to take the spatial ring from Chen Peng and indifferently said: "Did you bring the soul pet egg?"

"No." Chu Mu responded.

Tian Ting's expression turned somewhat unsightly. He immediately searched the spatial ring and discovered that there was nothing inside!

He never expected that this brat would truly dare trick him. He really didn't bring the soul pet egg here!

Since this was the case, Tian Ting could only use hard-handed methods. If the senior elder stopped him again, he would have to get Soul Alliance's experts to take action!!

"Brat, you truly have a lot of courage. Do you really believe that just because you have a small amount of strength, you're unrivalled under the heavens? You really are the same as your stupid father who ended up becoming like a dead family's dog!!" Tian Ting barked.

"Angering the Alliance Master is making an enemy of the entire Soul Alliance! Even a senior elder can only dream of saving you. I'll ask you once more. Are you going to hand it over?!!"

The two leaders propping up Chu Mu looked at each other, and didn't know what to do for a moment.

Tian Ting was truly mad now. This brat had disregarded him numerous times now. Did he really believe that with a senior elder he would be able to do as he pleased? Even if a senior elder appeared this time, he still definitely wouldn't show mercy!!

Chu Mu stared at Tian Ting whose fake and sinister face was fully revealed.

Without a doubt, this had all been arranged by Tian Ting. Right now, Tian Ting had lost all of his patience and really was going to attack him.

"I hate people with too much confidence the most. Chu Chen, since you wish to make the entire Soul Alliance your enemy, you have to pay the price!!" Tian Ting saw that Chu Mu was still ignoring him and his anger grew deeper!

"Make the entire Soul Alliance my enemy?" Chu Mu slowly stood up.

At this moment, the two confused leaders wanted to support Chu Mu, but they felt an extremely intense ice aura emanate from Chu Mu's body!!

"Indeed, I do want to make the entire Soul Alliance my enemy! So what?!!"

Chu Mu's voice was like icy fire that flew out. Suddenly, an extremely imposing devil flame surged out of Chu Mu's body. It was like violent wind and surging waves. It was torrential and raging. Its grandeur was strange and shocking!!

The two leaders were unable to react at all. The powerful devil flames immediately spread to their soul pets' bodies before instantly burning their Ice Winged Tigers to ashes!

The two city guard leaders had faces of astonishment. They weren't even able to call for help before the devil flames had already spread to their bodies, also burning them to ashes!

In the darkness, Chu Mu who was half-lying on the ground slowly opened his black eyes. Yet, within his eyes was burning a strange devil flame!!

In order to ensure people didn't expose his half-devil identity, Chu Mu had to silence them by killing them!

"Hu hu hu hu hu!!!!!!!!!!!!!!"

A demonic and imposing devil flame aura surged towards Tian Ting who wore a savage expression. Tian Ting had just taken one step forward when the enormous energy on Chu Mu's body forced him back. Even the high class emperor, the savage and fearsome, Triumphant Tooth King, was unable to take half a step near Chu Mu!!

"You!!" Tian Ting was continuously forced back by this energy. There was incomparable terror on his face!!

Even the high class monarch rank Triumphant Tooth King had been completely suppressed by this aura!!!

How strong was the aura surging out of Chu Mu's body!!

How could twenty-something year old young man have an energy in his body that was capable of forcing back a high class emperor?! Moreover, this was some energy that Tian Ting had never seen before!!

"This... this... this is..." Tian Ting's eyes grew larger, as he personally witnessed a devil flame that he had never seen before rapidly envelop Chu Mu's body.

Moreover, Chu Mu right now resembled a statue cast out of mercury. Chu Mu's eyes were emanating an incomparably demonic light. Looking at it would make one's body tremble with fear!!

In this moment, a scene from a long long time ago unexpectedly appeared in Tian Ting's brain!!

That was also a nightmare burning in white devil flames. But it was several hundred times more terrifying than White Nightmares. It was the world's most evil creature formed through the merging of a human and Nightmare!!

"Half devil!!!!"

"How is this possible?!!! This is absolutely impossible!!!!"

Tian Ting had witnessed a half devil before at a very young age. Moreover, not too long ago, the half devil in Li City had shocked Tian Ting.

This was a sinful and evil devil that would cause the entire soul pet world to turn pale with fear at its mention!!!

Such a creature, the moment it matured, was the descent of a calamity!!

Tian Ting's entire being seemed to have descended into a nightmare. He never expected that a young man would be able to transform himself into a half devil!!

"Soul Alliance, there will be one day when I, Chu Mu, will uproot you." Chu Mu's different pupils released an evil light as he stared at Tian Ting like he was staring at a dead man.

"I'll start with you!!!"

Chapter 599: Half Devil Under the Heavens (1) Part 1

"Triumphant Tooth King!"

Tian Ting quickly retreated, and didn't dare near Chu Mu. He immediately had the Triumphant Tooth King launch an attack!!

The Triumphant Tooth King raised its head and let out an angry roar.

The dark horizon abruptly began to sink as the emperor roared. The Triumphant Tooth King bared its large mouth full of fearsome teeth. As if it had an ability that devoured the heavens, it began to rapidly suck the dark clouds into its mouth!!

Any one of a high class emperor's techniques would undoubtedly shake the heavens and penetrate the earth. The people who had congregated at the city gates due to the activity heard the roar and saw some creature being swallowed by the black clouds on top of Mirroring Sword Mountain. All of them couldn't help but cry out in fear!!

To normal humans, when would they have a chance to see this strength that was devouring a large piece of the horizon?

"Hou Hou!!!!!!!!!!!"

The Triumphant Tooth King finally finished storing up its strength, and it fiercely spat out a black triumphant tooth storm!!

This storm covered the sky and the earth. It practically enveloped the entire Mirroring Sword Mountain. Amidst the hazy mist, randomly flying enormous fierce teeth ripped apart the Mirroring Sword Mountain and the curtain of darkness!!

Tian Ting was the first to attack. Clearly, he wasn't able to maintain his composure; after all, he knew how terrifying a half devil was!

Chu Mu, who was facing the Triumphant Tooth King's attacks, transformed into an illusory state as the technique fiercely ripped at him. He began to float around like a spirit and all of the triumphant tooth attacks swept past his body, not dealing any damage to him.

Instead, Chu Mu moved forwards with his illusory body towards the high class emperor!

Chu Mu clutched his two hands. In front of the Triumphant Tooth King's attack, Chu Mu couldn't completely disregard it. The technique it was using was similar to the Binding Wind Spirit's Hidden Wind technique.

This time, the half devil lived up to Chu Mu's expectations. Its strength was much stronger than Li City. Although Chu Mu couldn't be sure if it reached the peak emperor rank, it was much stronger than Tian Ting's Triumphant Tooth King!

The moment he transformed into a Half Devil, Chu Mu's consciousness was stimulated. If he harbored any hatred in his heart towards a certain person, when he was in the half devil state, this hatred would continuously grow and he would become even more bloodthirsty and ruthless!!

Chu Mu's eyes were like an evil emperor death god staring at Tian Ting. Tian Ting's face was full of horror, and he didn't even dare look back at Chu Mu in the eyes!!

"This is an illusory technique. Break it!!" Tian Ting saw that Chu Mu was using an illusory technique to approach and hastily roared at his soul pet.

The Triumphant Tooth King was indeed a high class emperor and even though Chu Mu was moving like a spirit, it wasn't left without options!

Promptly, the Triumphant Tooth King's pair of eyes flickered with a red light and the edge of its sharp claws also shimmered with a demonic red light!

Demonic Light Claw!!!!

Practically any soul pet that had reached the emperor rank would possess some special energy; for example, Mo Xie's sin imprints!

As for the Triumphant Tooth King's emperor rank ability, it was demonic light, which was a beast type ability. To a certain extent, it was similar to elemental strength crystallization!

This emperor rank strength was the reason why emperor ranks were far stronger than monarch ranks. Although from various aspects its physical traits were only three levels higher, if one were to add on the emperor rank strength every emperor possessed, its strength would not only be three levels higher!

The Triumphant Tooth King's pure beast attacks were not able to deal any damage to Chu Mu. However, the emperor strength demonic light was able to actually strike Chu Mu.

The half devil Chu Mu quickly realized this, and his illusory body gradually solidified!

After solidifying, the half devil Chu Mu greatly increased in speed. The Triumphant Tooth King's demonic light transformed into a pillar of light that pierced through the dark night and flew towards the distant horizon. It was a shocking and frightening scene!!

Chu Mu immediately used Demonic Phantom to dodge. The terrifying blood pillar brushed past his shoulders and the devil flames on his shoulder unexpectedly instantly extinguished!

Chu Mu glanced at his shoulder. After the devil flames extinguished, they reignited after a moment. Although this attack was clearly very powerful, it was unable to deal any real damage to the half devil Chu Mu!

Chu Mu's two hands created two white blades. Facing off against the ruthless Triumphant Tooth King, Chu Mu abruptly brandished his two hands!

Demonic Beheading!!

Two pairs of white devil flame lights intersected with each other. They resembled axles of light in the air that broke through the night sky and passed by the Triumphant Tooth King's body!!

The two Demonic Beheadings were astonishing. They could even be seen from the bottom of the mountain. They resembled two deep white markings breaking apart the dark sky, leaving scars that were hard to refill!

Even if the Triumphant Tooth King was faster, it would still be unable to dodge the Demonic Beheadings that chopped apart space!

“Ao~~~~~”

The Triumphant Tooth King let out a howl. Two clear criss-crossing wounds appeared on its skin that was as tough as black rock crystals. There was still white demonic energy emanating from its wounds. Devil flames quietly began to seep in, and it began to burn the Triumphant Tooth King's soul!

Tian Ting was greatly shocked. His high class emperor rank Triumphant Tooth King's defense and attack were both very strong. However, the half devil Chu Mu was able to use a technique with such astonishing might with the mere wave of its hand!

“Stop him!” Tian Ting naturally knew his strength probably couldn't contend with the half devil!

After speaking, Tian Ting silently chanted two incantations. He waved his two hands. In his left hand was a summoning pattern that gradually grew clearer!

In the pattern appeared a large amount of snowy white feathers that were neatly linked together. It resembled a gorgeous and artistic feather pattern!!

These were four pairs of white feathered wings!! A total of eight feathered wings unfurled from the summoning pattern and irradiated with holy sunlight energy!

This obviously was a wing type soul pet. From its elegant physique, it was a wing type emperor and its secondary attribute was the light attribute!

Chu Mu glanced his eyes over the wing type soul pet.

From Ting Lan, Chu Mu knew about Tian Ting's main pets. This wing type eight white feathered creature was Tian Ting's wing type soul pet - the Eight Feathered Turtledove. A middle class emperor!

Although the Eight Feathered Turtledove was a middle class monarch, its flying speed was faster than numerous high class monarchs. This was one of Tian Ting's main pets!

Tian Ting summoned this Eighth Feathered Turtledove not to fight but to flee!

The Mirroring Sword Mountains were very close to Tianxia City. As long as he managed to flee into the city and summon the thousand heavenly experts cultivated directly by Soul Alliance, relying on the innumerable soul pets, the half devil wouldn't be able to deal with so many elite soul pets, even if it was any stronger!

As for Tian Ting's other hand, he summoned his strongest elemental world soul pet - the Sky Thunder Fairy Emperor!

The moment the Sky Thunder Fairy Emperor appeared, the area around Mirroring Sword Mountains immediately lit up with thunder and lightning that intersected with each other. Countless snaking and curving flashes of lightning wildly smashed the ground and the mountain. The two peaks of Mirroring Sword Mountain immediately began to shake and it seemed like it was going to be blown to smithereens by these violent lightning!

"Stop it!" Tian Ting ordered as he quickly jumped onto the Eight Feathered Turtledove. He immediately flew towards Tianxia City!

Chapter 599: Half Devil Under the Heavens (1) Part 2

Tian Ting's two strongest soul pets, the Triumphant Tooth King and Sky Thunder Fair Emperor, hastily chased after him. Their beast type and lightning type attacks violently bombarded Mirroring Sword Mountains, causing it to intensely shake!

The half devil Chu Mu was very close to a peak emperor rank, but he was still unable to immediately kill the Sky Thunder Fairy Emperor and Triumphant Tooth King working together.

If he took the time to fight the two high class emperors, with the Eight Feathered Turtledove's speed, Tian Ting would already have reached Tianxia City and have found other experts to help. This way, Chu Mu would be met with even more obstacles in order to kill him.

Therefore, Chu Mu ignored their techniques and chased Tian Ting!

“Half Devil Wind Cave!”

In between Chu Mu's fingers emerged a layer of black ripples. As it rippled, space began to peel off.

As space peeled, devil flames began to burn before transforming into a Half Devil Wind Cave that possessed extremely powerful suction energy!!

The wind cave formed black wind patterns that manifested into indiscernible spatial curves. They intensely sucked the surrounding space thus sucking back Tian Ting who was riding the Eight Feathered Turtledove!

“Attack the wind cave!” seeing the situation, Tian Ting hastily ordered his two high class emperor rank soul pets!

The two high class emperor ranks began to ferment techniques. The Sky Lightning Fairy Emperor began to manifest lightning, quickly forming an enormous compression lightning ball that created a buzzing “Zi zi” sound in the air.

If the lightning ball were to blow up with full force, it was capable of destroying an entire city district!

This lightning ball, under the Sky Lightning Fairy Emperor's control, accurately flew towards the wind cave Chu Mu opened. After being sucked into the Half Devil Wind Cave, it suddenly blew up inside!!

Immediately lightning flashed in a dazzling manner, illuminating the city gate region like a white sky. It was even possible to see the terror-stricken faces of the black mass of people on the streets!!

The amount of energy the wind cave could suck was limited. When the Triumphant Tooth King struck the wind cave with its beast type strength, the wind cave finally was unable to bear any more and was destroyed!

Seeing the wind king destroyed, Chu Mu's eyes turned ice cold. He stared apathetically at the Triumphant Tooth King and Sky Thunder Fairy Emperor!

The two soul pets' interference made it hard for the half devil Chu Mu to pursue Tian Ting!!

"I'll kill your soul pets first!!" a demonic smile blossomed on Chu Mu's face. It was a merciless smile. Even high class emperors couldn't help but tremble when they saw it!

The half devil Chu Mu possessed other pupils, and could clearly see through the Sky Thunder Fairy Emperor's and Triumphant Tooth King's movements. The Sky Thunder Fairy Emperor which was stronger than the Triumphant Tooth King didn't use its full strength because it had been wounded not too long ago!

Chu Mu locked onto the Sky Thunder Fairy Emperor that Tian Ting was so proud of.

"Dimensional Devil Flames!"

Chu Mu's mercury cast body slowly disappeared amidst the devil flames, turning into a ball of white devil flames!

The began to slowly expand from the height of a person before finally transforming into a ten meter in diameter white colored devil flames!

The white devil flames expanded as the half devil Chu Mu began storing energy. When the torrential devil flames reached a diameter of twenty meters, the fleeing Tian Ting could clearly feel an enormous energy within the devil flames!!

"This is..." Tian Ting looked with astonishment at the Dimensional Devil Flames. For a moment, he didn't know what kind of strength this was!

The Dimensional Devil Flames were continuously compressed from ten meters to one meter. Finally, they transformed into the size of a heart.

A flaming heart Dimensional Devil Flame?

Tian Ting could clearly see that the Dimensional Devil Flame heart was rhythmically beating. Although it didn't seem like it was of any use, for some reason Tian Ting felt that the Dimensional Devil Flame this time was abnormal. The Dimensional Devil Flame may have grown smaller, but the energy inside still existed...

“What is that bright ball? Can you guys see it?”

“It seems to be a moon. But it's burning!!”

“The moon is on the other side. That is definitely some technique, but it's too far away and I can't see it clearly.”

The thousands of people near the city gate gazed up in shock.

In a fight between high class emperor ranks soul pets, each technique was stunning. Although the Mirroring Sword Mountains were still a great distance away from the city gates and although the fight was thousands of meters in the air, the fight was still able to shock the people in this large city district.

Just as people didn't understand what this ball of light was, it suddenly burst apart with rays a hundred times stronger than the scorching sun. Immediately, everyone looking at the night sky felt a piercing pain in their eyes!!

“Hong!!!!!!!!!!!!!!”

“Hong Hong!!!!!!!!!!!!!!”

An enormous dimensional sound rang out as the Dimensional Devil Flames exploded!

When the first size Dimensional Devil Flames exploded, it created an earth-shaking destructive energy as the torrential devil flames surged, whistling, through the expansive night sky!

The color white was omnipresent!

The entire black night sky had been swallowed up by the pale white and demonic devil light. Even the moon hanging in the horizon had dimmed and lost its color. It was as if a sun with a hundred times the energy had exploded in the night sky!

Devil flames and a demonic light practically illuminated a quarter of the enormous Tianxia City. Underneath the night sky, this energy was incomparably boundless. The Sky Thunder Fairy Emperor's injuries all ruptured, as it was struck by the devil flame energy!!

The Sky Thunder Fair Emperor was already injured before this. Moreover, the half devil Chu Mu was stronger than it. Thus, since this technique was purely aimed at the Sky Thunder Fairy Emperor, how could it withstand it?

Devil flames surged through the air, engulfing the Sky Thunder Fairy Emperor nearly ten thousand meters in the sky. The powerful devil flames blew up its wounds before entering into its body and burning its soul!!

“Hu hu hu hu~~~~~”

The energy even spread to Tian Ting who had flown far away. At this moment, he didn't even have the courage to look back. Despite the Eight Feathered Turtledove having flown so far away, the devil flame wave even struck his back!

The soul rupture soon arrived as the injured Sky Thunder Fairy Emperor was ultimately unable to withstand the energy. In the sky, it transformed into ashes amidst the beautiful devil flames.

Tian Ting's face was full of pain. This wasn't only because his soul pact had ruptured, but moreso because he had put so much effort into the Sky Thunder Fairy Emperor. He never would have expected that his strongest soul pet would be turned to ashes by a single attack of the terrifying half devil!

“Fly!! Fly faster!!!!”

Finally, Tian Ting grit his teeth and roared at his Eight Feathered Turtledove!!

He was certain that the half devil needed to rest for a moment after using this technique. Only by taking advantage of this time to flee even further would he have a chance at surviving!!

Perhaps, even now, Tian Ting still hadn't fully believed in the reality of the half devil that had suddenly appeared. However, the genuine fear in his heart was telling him that if he stayed here, he was undoubtedly dead. The half devil's resenting anger and glare simply didn't belong to this world. The strength that it possessed surpassed the knowledge that everyone had towards soul pets.

This creature, even if one was the same rank as it, was still undefeatable. Moreover, if one was careless, he still had a chance of being insta killed!!

Tian Ting was very resolute. Even though his soul pet had been killed, he decisively fled back to Tianxia City!

Chu Mu's Dimensional Devil Flames were much more terrifying than Li City. From his location, he could see that Tianxia City had been illuminated by his technique.

Tianxia City was winding and continuous. Even from very high up in the sky, one still wouldn't be able to see the end of the city. Yet, a single technique had illuminated a large portion of the city thus demonstrating how powerful it was.

After using the Dimensional Devil Flames, Chu Mu indeed required rest. He gazed coldly at Tian Ting who was fleeing towards Tianxia City.

Chu Mu originally wanted to instantly kill Tian Ting. However, his two emperor rank soul pets were not weak. Thus, he could only kill them first before killing him.

"Even if he flees into the city, killing him will only be a bit more troublesome!" Chu Mu was radiating with killing intent. Inside Tianxia City, no matter who obstructed him, the half devil Chu Mu wouldn't hesitate to kill him. He wouldn't leave anyone alive!!

.....

"My heavens!!! What is the devilish figure standing in the air?!!!"

"Is it a White Nightmare? But it also doesn't seem to be a White Nightmare. A White Nightmare doesn't have a demonic aura like this!!"

When Chu Mu made his way to Tianxia City, the thousands of people on the city wall all let out shocked cries. Their shocked cries created a stir in the city district around them. Immediately, more and more people walked out of their houses and stared at the sky above Tianxia City.

Regardless if it was spirit emperor rank experts or spirit disciple rank weaklings, their first reaction when they saw the figure in the sky was feeling as if a nightmare was descending. It was a shocking and frightening Nightmare descending!!

This was a demonic king. With the empty darkness behind it and the serene white flames as its main feature, it radiated with an evil energy that was incompatible with this world!!

He stood in the black night sky making him seem like a sinister hegemon that was capable of stunning all of the experts congregated in Tianxia City!!!

Chapter 600: Tianxia Half Devil (2)

"That..... that beast in the skies, full of tusks, is it..... is it leader's Triumphant Tooth King!!" At this time, someone saw that behind the demonic devil emperor, there was a tusked beast.

This tusked beast didn't have flight ability, but it relied on its terrifying strength to step on sheer space to chase the evil figure!

"Triumphant Tooth King? Isn't that chief leader's beast type main soul pet? Its said that it has a high class emperor rank strength!"

"Chief leader is fighting this unknown evil devil!!" Some better vision people even saw Tian Ting's figure.

The burning devil full of white devil flame was definitely a powerful emperor rank, and the Triumphant Tooth King was a high class emperor rank too. It's said that fights between emperor ranks often never were visible to the public. After all, emperor ranks' destruction is way too powerful.

Even now, if the two organisms weren't both extremely high in the night sky, how would people be able to lift their heads so relaxedly to watch!

.....

In the skies, Chu Mu, who had just finished a technique glanced tyrannically at the doggedly fleeing Triumphant Tooth King!

Chu Mu's right fist tightened, gathering a white star-like glow!

The fist burning with devil flames sent ripple upon ripple of energy out from Chu Mu's wrist!

Nightmare Ardent Star!

Chu Mu swiftly threw his fist forward!!

As if breaking the night sky, immediately white starlight flew everywhere, like a meteor shower, bright yet bringing a stinging killing intent towards the Triumphant Tooth King!!

Starlight devil flame ejected, each streak covering half the night sky!

Every bit of starlight had powerful piercing abilities. The Triumphant Tooth King's body was continuously attacked, many times directly being pierced through. The ardent stars that pierced through went on towards the horizon, piercing straight through the furthest mountains of Tianxia City!!

The Triumphant Tooth King's body was pierced bloody by the countless shining Nightmare Ardent stars. Even its sturdiest tusks would get shattered when hit, showing just how powerful the technique was!!

“Huhuhu!!!!!!!!!!”

Chu Mu suddenly cast Displacement Specter. When the Triumphant Tooth King was howling from the pain of the technique, he strangely appeared right above the Triumphant Tooth King!

The white devil flames burned like the sun. Half devil Chu Mu was completely covered in the devil flames as he suddenly fell from the skies, flaming body colliding with the Triumphant Tooth King's head!

“Beng!!!!!!”

With this attack, it was immediately blasted from the hundred meter skies, falling swiftly downwards!!

“Honglonglonglong!!!!!!!!!!!!!!”

The Triumphant Tooth King's massive body slammed into a city area, sending the entire group of structures to collapse in a rumble!!

“Evil Nightmare Oblivion!”

Staying in the skies, half devil Chu Mu looked down at the Triumphant Tooth King and slowly started an incantation!

Chu Mu lifted both his hands high up, creating a massive ring of devil flame that circled Chu Mu!

This hoop had a large diameter. People under looked up and felt that even they were covered by it!

Emperor rank energy was always filled with destruction and killing. Seeing the evil devil technique shroud them in the skies, the city area's people immediately became frenetic, all summoning their soul pets to leave the range of this technique.

Thousands of people almost simultaneously summoned their soul pets to escape. This was bound to cause congestion in the streets. In a moment, the region was sent into chaos and panic as more people started regretting why they didn't escape earlier.

“The.....the technique range is shrinking!”

Just as everyone was scattering, a soul remembrance suddenly spread throughout.

This was clearly some soul remembrance expert's doing. After all, such aimless escape would only cause greater chaos. Only organized evacuations could avoid larger casualties.

Of course, the soul remembrance expert didn't lie just to calm down the populace, because half devil Chu Mu's hoop indeed was shrinking!

The process of shrinking was incredibly slow, but it was like a special energy was forcefully pushing down from hundreds of meters in the skies, not leaving the Triumphant Tooth King any chance to get up!

Tian Ting who had escaped further, saw that his Triumphant Tooth King was pressed into the ground and knew how terrifying the half devil's technique was, so he quickly gave the Triumphant Tooth King a command.

Tian Ting's proudest Sky Thunder Fairy Emperor was already killed. If this Triumphant Tooth King were killed as well, even if he lived on, his status would fall greatly!

Triumphant Tooth King's red glow wrapped around his body. At this moment, the pressure on the Triumphant Tooth King weakened, making it able to pick itself off the ground.

In the skies, the half devil Chu Mu saw the Triumphant Tooth King get up and simply said apathetically, "Die!"

Chu Mu's words were like an incantation. The pressure suddenly became greater. The Triumphant Tooth King had barely regained its ability to move when the evil hoop's special energy again bulldozed over!

"Evil Nightmare Oblivion!!" Chu Mu's hands pushed down forcefully!

Immediately, the shrinking evil hoop fell down. While it was falling, the very space seemed to be compressing, creating a spatial storm that rampaged the night sky!

The area covered by the evil hoops had two lighthouses and a fifty meter tall soul pet shelter. As the evil hoop fell down, the two lighthouses and the fifty meter tall structure were all shattered. In fact, hundreds of meters of streets sank under the pressure!

Deep in the center of this oblivion, the Triumphant Tooth King wasn't spared!!

“Hong!!!!!!”

As the street and ground completely collapsed, a massive empty hole appeared in this region of the city!!

The hole was nearly bottomless. Just how many rock layers it fell through, no one could know. Yet around the empty hole, apocalyptic cracks started spreading outwards!!

These cracks followed streets, alleys, passed through houses, courtyards, storefronts, extending a couple thousand meters out, covering a large and bustling city area that sent tens of thousands of people into panic!!

The crowd was dense. All under their feet were deep cracks extending to the the grounds, shockingly covering the streets they usually step on!

Such destruction, to those without soul pets, was a catastrophe!

“That.....that.....that's the chief leader's Triumphant Tooth King!! That's high class monarch rank!!!!”

The more powerful soul pet trainers' emotions were in even greater turmoil. One had to know that even in Tianxia City, the amount of high class emperor ranks were limited and their powers were uncontested. In countless experts eyes, the chief leader's high class emperor rank Triumphant Tooth Beast was unsurpassably powerful!

Yet, such a person that was heralded as the most powerful beast type emperor was slammed deep into the rock layers by a few techniques, dead or alive!

The night sky devil's power shocked the entire city. Many experts who thought they were powerful and wanted to band together to fight the unknown creature instantly shrunk back.

If even high class emperor ranks were this easily destroyed, wouldn't flying up be suicide?

“Are we.....are we dreaming?” beside a broken water fountain, a man in deep gray stared at the sky!

This man was Ma Yilu who was originally waiting silently at Tian Ting Residence. At this moment, he couldn't believe his own eyes.

Beside Ma Yilu was Li Teng. Li Teng looked younger, and his eyes were as wide as they could be. He never imagined an organism could beat Tian Ting's domineering Triumphant Tooth King!

Nightmare Palace Jia Cunding's head was lifted, jaw agape since the beginning!

As a Nightmare Palace member, how could Jia Cunding not identify what the figure in the devil flame was!!

So, of the three people, Jia Cunding's shock was extreme!!

The half devil that has been heralded as the god of Nightmare Palace!! Before, there had just been news of a half devil shocking Li City. The entire Nightmare Palace blew up over it, and before that even settled, the Tianxia City had another half devil!! It was a half devil that could easily beat even high class emperor ranks!!

“Jia Cunding.....this.....this is your nightmare palace organism?” Ma Yilu said slightly stuttering.

Jia Cunding was full of shock, so how could he answer Ma Yilu's question? He could only stare fervently at the half devil in the skies!

Behind these there soul emperors, there were a thousand purely black clothed soul pet trainers!

These were the core power of soul alliance in Tianxia City, the elites!

Listening to Tian Ting, the three hid here originally to stop the soul palace senior elder!

Though they knew they weren't soul palace senior elder's match, and that all of them losing was just a matter of time, these were all elites of soul alliance. No matter how powerful the elder was, he

wouldn't dare to attack this soul alliance power easily because doing that would be declaring war with soul alliance!

At this moment, all thousand elite members were staring into the skies with shock, watching the chief leader Tian Ting escape raggedly towards them.

In this many years, they've only seen the powerful, bold chief leader. When have they seen him like so?

“You!! All of you get over here!! Do you want me to die?!!!”

At this moment, Tian Ting's angry soul remembrance voice came from the skies!!!

Tian Ting ran towards them because he wanted this force that originally stopped the elder to fight.

Now, the Triumphant Tooth King was also killed, none of Tian Ting's middle class emperor rank soul pets could stop the half devil's steps!
