Chapter 621: Peak Monarch, Devil Tree Battle Soldier

“Isn’t following behind Luo Region Sect as they break the encirclement even safer?” Chu Mu raised his eyebrows as he spoke.

A smile rose on Sun Pan’s face as he said: “There are enemies on all four sides, but when I just came from the eastern to northing side, I discovered that these strange creatures are very mobile and the moment an overly strong person appears somewhere, they will immediatley gather there. There will thus be a large number of enemies there and it would be difficult to break out of this for a short while. Moreover, the longer one takes to break out, there is a chance even more creatures will encircle him.”

Sun Pan paused and glanced at the young Chu Mu. With an expression that illustrated his experience, he said: “Have Luo Reigon Sect’s people break the encirclement first from some location. This way, the other creatures from two sides adjacent to it will gather at that spot and then we’ll be able to leave from one of those directions.”

After hearing Sun Pan, Chu Mu’s expression didn’t change, but he was shocked by this fellow’s sinisterness. He unexpectedly wanted to use Luo Region Sect’s people as cannon fodder.

Sun Pan and the other had hidden their strength and they wouldn’t be much weaker than Luo Region Sect’s five elders. If they feigned ignorance of the current situation, Luo Region Sect definitely wouldn’t want to bring extra cumberances with them in order to ensure their survival. They would try and break the encirclement as fast as possible. When that time came, it would be much easier for Merchant Alliance to break the encirclement!”

“You can bring a few important family members with you, but you have to care for their own safety. I suggest that you don’t bring more than three. After all, in your family, aside from those two family leaders, the others are all dead weight. As for those few old fellows from the Great Chu Family, you can also have them come with us. It’s up to them if they want to bring people with them.” said Sun Pan.

The four masters from the Great Chu Family were all afraid of death and they would only bring Chu Xian with them at most. They definitely wouldn’t care about the survival of others. After all, with their strength, it was also very difficult for them to break the encirclement.

Chu Mu definitely had the strength to break the encirclement by himself, but the Chu Family had 500 people, of which 100 were disciples. The important members numbered 20.

The triple control Chu Mu would not be able to protect 20 people in a community that numbered in the thousands. Even with an emperor, it would be rare if someone didn't die.

If he chose to break the encirclement, Chu Mu had to choose Merchant Alliance and the Great Chu Family while selling out Luo Region Sect. Then, he could take the 20 important family members away.

Only, whether Merchant Alliance's people would be willing to allow Chu Mu to bring so many people even if he showed them all his strength was a problem. After leaving, whether he would be able to obtain the spirit source was another problem.

Moreover, Chu Mu felt that it would be difficult to make the Chu Family give up on the 400 family members and tens of thousands of citizens left in Seven Color City with nowhere to go.

"Let me think about it more. I'll give you my answer before Luo Region Sect's people breaks the encirclement." Chu Mu said to Sun Pan.

"You shouldn't have any useless feelings of mercy. When the catastrophe arrives, you will discover that any such mercy is a joke." said Sun Pan.

"I won't leak your plan." Chu Mu calmly said.

Sun Pan didn't say anything more and rode on his Rhinoceros away.

"So young and with such strength. Truly hard to come by. However, youth is youth and he doesn't understand how to scheme, nor does he have firm resolution. He's still trying to hold onto things with no meaning. Does he truly believe that he will be able to protect his entire family by himself?" after Sun Pan left, he began to silently laugh.

When Sun Pan left, Chu Mu continued to remain on the mountain slope.

Approximately half an hour later, a silver and small figure suddenly ran over from far away. It was running at an extremely fast pace. Sun Pan's Rhinoceros wasn't even as fast as 1/10th of it.

When the small figure reached Chu Mu, it agilely jumped onto Chu Mu's shoulder and let out adorable cries.

The one that had come back was naturally Chu Mu's small Mo Xie. Chu Mu had had her maintain her pitiful state to understand the true situation.

"There are that many?" Chu Mu muttered to himself as his expression grew heavier.

"Wu wu wu~~~~" the small Mo Xie looked very worried.

"Can you use Species Calamity to get rid of them?" asked Chu Mu.

"Wu wu~~" the small Mo Xie shook her head.

The limit of Mo Xie's Species Calamity was the middle class monarch rank.

If Species Calamity were to have effect, the precondition was that there was no leader among the enormous community. Back when Mo Xie had used it on the Blood Beast Altar, she had to kill all of the high class monarch rank statue guards first before the technique would have effect.

Among this community, there were definitely leaders above the middle class monarch. Thus Species Calamity wouldn't last very long.

"Old Li, why on earth has the scale of creatures surrounding the city reached a first rank tribe?" asked Chu Mu.

"They've definitely spilled out of the third rank tribe in Western Marsh." said Old Li.

"I already know that. Quickly think of a method to save Seven Color City." said Old Li.

"How can we protect Seven Color City? I can't think of a solution right now, but now that the third rank tribe from Western March has come to occupy this territory, there can only be one reason." Old Li jumped out and extended a black haired claw.

“The emperor rank leader from the third rank tribe wants to occupy the spirit source?” said Chu Mu.

Old Li nodded his head. He laughed and said: “Young master, even the third rank tribe has made a move. This means that the spirit source is a bit special.”

“You’re saying that the spirit source isn’t that simple?” asked Chu Mu.

“Yes, definitely. A third rank tribe’s scale includes one low class emperor and three to five pseudo emperors. Each pseudo emperor will command a first rank tribe. In other words, a third rank tribe is three to five times the scale of a first rank tribe and has one low class emperor in it.”

“Normally, tribes will live together in harmony. The leopard species first rank tribe is on the southern slope so the Western Marsh tribe suddenly becoming active is definitely because the leopard tribe occupied some resource that it shouldn’t have. This is a huge slice of cake that even a third rank tribe is willing to tread through water and fire for.” said Old Li.

“This spirit source has just showed itself and there are already two factions fighting over it. But more than that, soul pets are also fighting over it.” Chu Mu bitterly laughed.

Old Li laughed and had the smug “I told you this spirit source was precious” look.

“It seems that I have to raise my strength as fast as possible. Tonight I’ll try to strengthen the Devil Tree Battle Soldier. Hopefully I’ll succeed.” Chu Mu muttered.

There was still another half a month before it reached the optimal time to strengthen it. After all, some of the spirit item that strengthened it to the high class monarch rank still remained and he normally would have to wait until the medicinal effects completely vanished.

Just recently, the Devil Tree Battle Soldier had been engaged in continuous large scale fights and had obtained ample training. Presumably, it would be able to completely absorb any remaining medicinal effects from the spirit item in half a month with these large scale fights.

After returning to the family, Chu Mu had Chu Tianheng gather all the disciples in the government residence so as to protect against Western Marsh’s legion from suddenly attacking the city.

Chu Mu explained the seriousness of this encirclement to Chu Tianheng. As for the course of action, it would be best if Chu Tianheng and the others made a decision.

Once he explained the situation roughly, Chu Mu returned to his residence. The pressing matter was to raise his strength, otherwise he would be powerless against the first rank tribe's legion.

The tenth rank wood type soul crystal had been obtained by Chu Mu in Zhanli Kingdom. Moreover, Chu Mu still had an emperor rank wood type soul crystal from Tian Ting.

Therefore, as long as he was able to raise the Devil Tree Battle Soldier to a peak monarch rank, he would only have to wait half a year or if there were continuous fights, three to four months, before he could raise it to the emperor rank. Thus, Chu Mu's Devil Tree Battle Soldier emperor was about to be born!

Accordingly, the significance behind strengthening the Devil Tree Battle Soldier from the high class monarch rank to the peak monarch rank was huge. It would also have implications on its group fighting abilities in Seven Color City.

If it was able to evolve to the peak monarch rank, it would have even greater effect in community and tribe fights than the invincible among monarchs White Nightmare. As long as it didn't fight peak monarch ranks head on, in group fights it would be able to obliterate the equivalent of four peak monarch rank legions.

The first rank leopard tribe had already exhausted some of its military force in this disaster. Its remaining military force was equivalent to 20 peak monarchs. If the Devil Tree Battle Soldier successfully evolved, Chu Mu's fighting strength would be equivalent to 20 peak monarchs and he would be able to fight them!

Chu Mu summoned the Devil Tree Battle Soldier. Using a spirit item to strengthen a soul pet was more effective after a good fight.

Chu Mu had it eat the wood type soul crystal before using soul remembrance to guide the pure wood type energy from the soul crystal into around the Devil Tree Battle Soldier's body.

Single attribute strengthening was much easier than multiple attribute strengthening. Chu Mu was currently an eight remembrance spirit master. It wasn't difficult for Chu Mu to strengthen this time especially since he only had to guide a single attribute.

The higher the soul crystal rank, the more energy it contained. Only high remembrance soul pet trainers were able to successfully guide the energy. Therefore, if one's soul remembrance was too low, even with spirit items, the chances of failure would greatly increase.

Additionally, when strengthening a multi-attributed soul pet, one had to simultaneously guide multiple attributes. If the soul pet trainer's guiding abilities were insufficient, there was equally a chance of failure. This was one reason why many soul pet trainers would rather strengthen single attributed soul pets and not multi-attribute soul pets.

The Devil Tree Battle Soldier had been gradually strengthened by Chu Mu from the third or fourth phase warrior rank level. Chu Mu was incomparably familiar with its body's internal composition and its soul. When he integrated the soul crystal's energy into and around its entire body, he guided it with skill.

Quickly, all of the tenth rank wood type soul crystal's energy had been absorbed. None of it had been wasted.

“Ao!!!!!!!!!!!!!!”

Suddenly, the Devil Tree Battle Soldier let out a carefree roar. It suddenly opened its two arms and a cyan light with smatterings of red emerged before retracting into its body!

“Success! Peak monarch rank!!” Chu Mu saw an even high ranked fifth rank wood type strength crystallization slowly appear on the Devil Tree Battle Soldier's body. A smile rose on his face.

Chapter 622: Seven Color City, Great Migration

The fifth rank wood crystallization was pavilion wood. Normally, only emperor rank wood type soul pets would have fifth rank wood crystallizations. Thus, the Devil Tree Battle Soldier being able to comprehend it at the peak monarch rank made Chu Mu's smile even bigger.

Being able to possess wood type crystallization didn't mean the Devil Tree Battle Soldier had emperor rank strength. However, it would allow it to be much stronger in the peak monarch realm as compared to soul pets that only possessed fourth rank wood type crystallization.

Attribute crystallization was similar to demon beast type soul pets' attacking weapons. The Devil Tree Battle Soldier comprehending pavilion wood was equivalent to a demon beast equipped with a tenth rank full form offensive soul equipment at the peak monarch rank. This greatly compensated for the diverse yet weak attacks of the Devil Tree Battle Soldier. Unless it encountered a fire type soul pet which countered plant kingdom soul pets, the Devil Tree Battle Soldier would be able to face even peak monarchs head on.

"Very good, very good. It was even able to make a breakthrough with comprehension at such a crucial moment. Young master's soul pets are truly resolved at improving!" Old Li laughed.

Chu Mu pat the Devil Tree Battle Soldier's shoulder and a smile formed on his face. The Devil Tree Battle Soldier's evolution helped Chu Mu resolve a bit problem.

Although it hadn't reached the emperor rank, with its powerful and multiple technique releases, along with wood type group techniques, it was in no way inferior to emperors in group fights. Most importantly, it was also able to protect many people.

"Young master, with the Devil Tree Battle Soldier, you'll be able to get rid of the leopard species tribe by yourself. The current problem is Western Marsh's involvement and the fact that numerous people in the Chu Family still need your protection." said Old Li.

"I have a solution. Although it's dangerous, I can still give it a try." said Chu Mu.

Chu Mu's solution naturally would not only include protecting the entire Chu Family, but also obtaining the spirit source!

.....

.....

"Chu Mu, are you joking?" inside the great hall, Chu Tian stared at him with his eyes wide open.

The Chu Family's principle members were inside the great hall and when everyone heard Chu Mu's plan, their faces changed.

“This is too dangerous. If there’s a small accident, all of us and the several tens of thousands of people inside Seven Color City will be dead!” Chu Tian firmly objected.

The young generation members were all seated there, ashen faced. They didn’t dare raise any objections.

This time, it had truly reached a time for the Chu Family’s choice. Earlier everyone had been discussing whether to hide in cellars and to wait for Western Kingdom to arrive with aid, or to cast aside a majority of the members and only let a small group of the Chu Family break out of the siege.

Hiding in cellars could only be used if the city hadn’t fallen into enemy hands yet. The moment the city fell, even if they were hidden in cellars, they would still be killed. After all, the powerful soul pets would be able to smell the scent of humans.

As for having only a small portion of the Chu Family break out of the seize, the other 500 members of the Chu Family would be sacrificed. Thus the ones that survived would live in guilt. After all, it wasn’t everyone that had so-called “merciless tactics” in their heart. This was over 400 lives from one’s own family and over 30 thousand civilians.

No matter the choice, it was extremely difficult for the Chu Family.

“The Western Marsh legion will swallow up Seven Color City sooner or later. We definitely can’t save it. We can only change locations.” Chu Mu seriously said.

Chu Tianheng’s expression sank and for a while he didn’t say anything.

At this moment, everyone’s eyes were on Chu Tianheng. They all knew of the present situation and no matter the difficulty, they had to make a decision.

“Chu Mu, we’ll do as you say! There are 500 people in the Chu Family and 30 thousand people in Seven Color City without anywhere to go. Their life or death rests completely in your hands!” finally, Chu Tianheng spoke and his gaze fixed on Chu Mu.

“Don’t worry, I’ll protect everyone as best as I can.” Chu Mu nodded his head.

Chu Mu was confident in his strength. What he needed was Chu Tianheng's complete faith in him; otherwise, if they were delayed at all during their migration, they would be completely wiped out.

.....

That night, Chu Mu told his plan to Merchant Alliance's experts.

Merchant Alliance's experts were all smart people. None of them wanted to be trapped here to death. If they joined the migration to protect Seven Color City's people, things would be much safer.

"Are you joking?? You want to bring a few tens of thousands of people and make your way into the southern side's leopard tribe? Has your mind broken?!!" Sun Yuan loudly cried.

"Even if I believe the fact that you have the assistance of an emperor rank soul pet and are capable of destroying the leopard tribe, I definitely cannot take this risk. The further south we go, the closer we are to the forbidden region. Finding an exit from there is suicide." said Sun Pan.

Sun Pan was very disappointed because Chu Mu clearly didn't plan on joining them as they broke the siege. Instead, he incredibly stupidly wanted to bring everyone from the city with him as he escaped this dangerous predicament.

There were over 30,000 people in the city. Such a large target, the moment they exited the city, would practically become a pile of fresh prey. Those savage and hungry creatures would definitely fight over them. Therefore, even if Sun Pan believed that Chu Mu had the assistance of an emperor rank soul pet, he definitely wouldn't join Chu Mu's plan. That would lead to an even more miserable death than Luo Region Sect's people.

"The southern side doesn't have the Western Marsh's community. If we go in the opposite direction as them, this isn't a bad idea. The fallen valley inside the leopard species territory with walls on all four sides is really much safer than Seven Color City. It's a place of refuge. It's a pity that this variable is too big. I admire your guts and your strength, but I can only wish you the best of luck." said a young six remembrance spirit master.

Chu Mu glanced at this calm young man. He wasn't as emotional as Sun Yuan when he talked. Clearly, this was a young man with judgement ability.

“Since that’s the case, I’ll also wish you all good luck.” Chu Mu also knew that he had no way of begging them to join. This plan was predicated on their trust and immense courage to put one’s life at stake. The fact that they didn’t join was their own matter.

“My name is Sun Silong. I hope that we’ll have a chance to meet again in the future.” the young man called Sun Silong gave a faint laugh and expressed friendliness.

“The strength of Western Marsh’s legion isn’t inferior to a tribe. I estimate that they are going to occupy the entire Western Region soon. As for whether this situation occurs in other regions, I’m not sure. But you must be careful.” Chu Mu saw that Sun Silong was rather friendly and gave him a word of warning.

After Chu Mu finished speaking, the few people from Merchant Alliance revealed shocked expressions.

Before waiting for them to react, Chu Mu had already turned and left. For a moment they didn’t know if what Chu Mu had said was true or false.

“Young master, do you believe that he has the assistance of an emperor rank?” Sun Pan asked in a low voice.

“Sun Yuan sneered and said: “It’s definitely some fabricated lie he used to get us to join in on his absurd plan. As for a first rank tribe surrounding Seven Color City, how is that possible?!”

“We know most of the people in the surrounding few kingdoms with emperor rank soul pets. Moreover, does there exist a person with an emperor rank soul pet at that age?”

Although Sun Silong was young, he was clearly much more calm and acute than the others from Merchant Alliance. He calmly replied: “There actually was someone in Tianxia Realm with an emperor rank soul pet whose age was only about 20.”

“Could... could young master be referring to the person barred from entering the competition...”

“Soul Alliance’s Chu Chen!! That young man who obtained the Battle of the Realm’s first grade ultimate honor!!” Sun Pan abruptly reacted and let out a shocked cry!

“That should be impossible, right? I heard that Chu Chen is an expert raised in secret by Soul Palace and is the same level of an existence as Soul Palace’s crown prince. How could he appear at such a small family. Even if they are both surnamed Chu, that doesn’t mean it’s him, right?” said Sun Yuan, who didn’t really believe it.

“This... if he really is Chu Chen, then what he said could very well be a reality. If Western Marsh has reached the scale of a first rank tribe, then the entire Western Region will be occupied by them. With our strength, we may not be able to break out...”

Sun Silong shook his head and continued to speak: “If he is Chu Chen, he will only possess that one emperor rank soul pet. His other soul pets will probably not be of use. It will be too hard for him to eradicate the leopard tribe. The danger is too high. It’s best if we just stick to our own plan.”

The others all nodded their heads. They ultimately trusted in their own strength.

.....

After Chu Mu told his plan to Merchant Alliance, he was planning on going to Luo Region Sect to take a look.

Right now everyone was in the same boat. If Chu Mu wanted to protect everyone in Seven Color City, he naturally hoped that these people would join him. This was the case even if these fellows had previously proposed such rude and contemptuous requests for the Chu Family.

However, just as Chu Mu was heading to Luo Region Sect, he shockingly discovered that these people had already left!

“They are too rude! They didn’t even let us know before they just fled like this! They even said to let them take charge of the city. If Seven Color City was governed by them, they would just flee the moment danger arose. The civilians in the city wouldn’t be able to survive!” Chu Lan who had followed Chu Mu began to let out a string of curses!

Chu Mu didn’t consider himself to be good or bad. Instead, he was like Ye Qingzi’s principle: he would save as many people until it meant he would be injured.

However, Luo Region Sect’s actions today were truly the epitome of degrading human nature! They didn’t even let others know before fleeing!

Chu Mu knew that the chances of having them join him were close to zero. However, their actions were really infuriating. It served them right that they were being used by Merchant Alliance's people.

When Luo Region Sect had previously proposed swallowing up the Chu Family and Seven Color City, Chu Mu had been very disgusted by them. Now that they had fled by themselves, this made Chu Mu feel even more disgusted towards them.

"Even if they fled, I'll still annihilate them." Chu Mu's eyes were cold and he began to emit killing intent.

.....

After Chu Tianheng made his decision, he spent the entire night congregating all of the residents in Seven Color City. He announced the large scale fleeing plan.

Everyone who remained in Seven Color City were all old residents and they were more clear about Seven Color City than anyone else.

The situation over the past few days had never appeared in the past few tens of years. Therefore, the residents had already predicted that the disaster was about to arrive.

Originally, the thirty thousand people had guessed that the Chu Family that had only governed this city for a few years would forsake this city and leave.

However, when Chu Tianheng, the city lord, announced his decision, the thirty thousand people in Seven Color City were moved.

They were extremely clear that when the disaster arrived, they were just hindrances. Yet, a leader was now going to bring such a large group of them away while also placing themselves into the jaws of death. Such a huge action caused tears to well up in their eyes.

Thirty thousand people should originally have been one enormous team that would be extremely difficult to manage. However, this time everyone was extremely self-aware and completely accepted the Chu Family's management.

When dawn arrived, the huge group of people began to move south.

On the city wall, Chu Mu who was riding on Zhan Ye watched the boundless team of people. His emotions were a bit complicated.

He himself didn't know either if bringing so many people to flee towards the leopard tribe's valley was a smart decision. All he could do was try his best to eliminate the enemies in front of him...

Chapter 623: Seven Color City, Great Migration (2)

On the south side of seven color city there was the large south slope.

This south slope had become a frequent training ground of seven color city soul pet trainers. Further south of this slope were clear hill-like geography, rolling and vast without bound, creating many mountain barriers like a natural barrier separating human society from soul pets.

In this mountainous region, there was one of the threats of all of western kingdom - Panther Species tribe.

In the past decades, Panther Species tribes occasionally sent disasters, around the magnitude of fifth or sixth rank clans. In the close few years, the Panther Species tribe had become increasingly agitated. In the last few years, there were multiple seventh rank clan attacks.

Especially this time, the ninth rank species disaster was the largest in a few decades.

A ninth rank magnitude disaster would have caused lethal damage to seven color city. With that many experts appearing from all over to alleviate the danger, this should have been an event the entire city was celebrating. However, the disaster wasn't nearly as simple as just a first rank tribe.

Third rank tribe, western wetlands was a complete forbidden realm, not belonging to human territory. This time the western wetlands' invasion not only caused seven color city and western region to fall, it would swallow the other two regions on the entire south side of the western kingdom.

A tribe rank disaster had appeared in western kingdom!

This news quickly spread through all of western kingdom, including the nearby Zhanli Kingdom, Luo Kingdom, North Ice Kingdom, and Yuan Kingdom.

This tribe level disaster had erupted very suddenly. Not a single scholar or researcher anticipated it. When western kingdom reacted, the important places of that region were completely taken over by the western wetland organisms.

The only thing worth celebrating was Luo Region Sect and merchant alliance both had pseudo-emperor soul emperors in western kingdom. After the two spirit emperors fought back, they finally stopped the spreading of the tribe level disaster, protecting the western kingdom's other regions.

Luo Region, Jia Region, and Wogu Region and other central regions were still safe, but the north regions started sending soul pet trainer armies to help. In a short while, however, they wouldn't be able to help at all.

Luo Region, Jia Region, and Wogu region were all in self defence, so sending soul pet trainer armies to help the west side regions weren't possible.

.....

The Kingdom Capital of Western Kingdom was in Luo Region's Luo Region City.

Luo Region Sect traced its earliest roots back to Luo Region. Later on, as the faction grew up, it moved to Luo Kingdom, becoming a leader of a second rank kingdom. The power remaining in western kingdom Luo Region city was just the old faction.

Thus, sitting at western kingdom's old Luo Region Sect, there was at least one more pseudo-emperor spirit emperor.

Western Kingdom had another powerful faction, which was great Chu Family!

Great Chu family was a big family helped up by the third rank kingdom Yuan Kingdom. There was also a pseudo-emperor rank spirit emperor that was there, which was great Chu family's family master.

In reality, Great Chu family's power was enough to govern an entire kingdom.

However, the Great Broken Sting Valley was a threat that couldn't be unwatched by Great Chu family and Wogu City. The Great Chu family soul emperors had to restrain the valley.

So, once the Western Kingdom had a great disaster, the soul emperors that could help really were just the Luo region expert and the coincidentally appeared Western Kingdom merchant's alliance spirit emperor.

Western Kingdom Capital City Master Residence Hall

"Western region, Xiling region, Langhe region have completely fallen. Langhe region is a little better with Qing Shang there retired. Western region and Xiling region are completely lost." The man at the main seat of the hall said.

The man was large and burly with dark skin. The emperor formation people all called him Luo Hei instead of his actual name. Those below him all called him Kingdom Master, so not many people truly know his real name.

"Why is Nightmare City completely responseless. The Nightmare Palace people are too quiet." Merchant alliance spirit emperor Sun Qiming said clearly angrily.

Between Western Kingdom and Eternal Ocean was the Eternal Mountain range that extended east to the massive Nightmare City, which held many spirit emperors. It's said that an old elder from Nightmare Palace's previous generation was there to cultivate his mind.

The disaster definitely couldn't reach Nightmare City. However, Nightmare Palace is at the very least one of the most powerful factions of the nearby kingdoms. Refusing to let any news out was too cruel and impassionate of them.

"Don't count on them. They're still busy with Eternal Ocean Ocean Beast..... in summary, western world was beyond help!" Kingdom master Luo Hei said.

"If we knew that western wetlands would fight back, we shouldn't have ever touched the spirit source. Now that the situation is like this now....." Sun Qiming lowered his voice and said.

“This just means the spirit source was indeed large. Even the Western Wetland’s emperor isn’t willing to sit out. We have to hide the reason of the disaster erupting, and no one can know. I will go get help from Luo Kingdom. Once they sweep clean western wetlands, the spirit source will be ours. In fact, maybe our strengths will have a breakthrough again.” Luo hei said.

“Don’t worry, I’m not stupid. We went against orders to dig up the spirit source and caused a leakage instead of getting anything. The result was the great disaster that caused two regions to fall. I know I know, its a large crime. I don’t want to spend the rest of my life in Maze Prison.” Sun Qiming said with dread.

“No one will know of this. The city nearest the spirit source, seven color city, was destroyed too, so no evidence can be found.” Luo Hei smiled.

Sun Qiming then nodded with relief and said, “Let’s control the disaster now. The situation is kind of severe now. If we don’t fix it and the old fellows in Yuan Kingdom find out, we have trouble too.”

Luo Hei nodded.

.....

.....

Barbarian Valley was the resting grounds of the Panther Species. In the Luoshan Mountain Range, there was a special mountain called Barbarian Valley that was also called Luo Valley by the locals.

The Barbarian valley had a ring of mountains around it that reached the clouds. Even monarch rank soul pets have troubles climbing over it. The entire place seemed like a village fenced off by countless wooden stakes.

A hundred years ago, the Barbarian Valley was actually an eighth rank city that was subordinate to ninth rank seven color city.

Later on, with the rise of the panther species, the entire Barbarian Valley was lost. With this loss, the entire region was taken off by soul pet researchers, rendered grey on all maps.

This valley had a path full of weeds. This path used to be a wide passageway as well as the only path towards the inner regions of the valley.

This path was extremely wide, similar to a ninth rank city main street.

However, this path was covered in green moss, submerged in layer after layer and creating a large piece. The two sides were slowly rising slopes that had many holes in. The sunlight could only reach the edges of these holes.

The afternoon sunlight was high up falling down, lighting up the edges of the caves near the caves.

“Hou~~~~~Hou~~~~~”

Outside the caves with sunlight, a few wild panthers with black patterns laid there basking in the sun. Throughout the path, a few hundred panthers stayed in a napping state, letting out yawns occasionally.

“This group of beasts, they don’t even know they’re surrounded by wetland wetlands, still resting in the sun so carefreely.” In the shadows of the path, a faintly visible figure stood there, black pupils glancing the path full of wild panthers.

“Usually, when tribes started disasters, it’s because their population is a little too prolific and their resources were no longer enough to sustain that many panthers. Once the disaster succeeds, the territory will be expanded and resources will increase. If the disaster fails, the population decreases and the tribe stabilizes again.” Old Li said.

“That’s why.....” Chu Mu smiled and said, “Then I’ll help them reduce their population further.”

Occupying the Barbarian valley is a ninth rank clan magnitude. The reason Chu Mu dared to go against the path towards here and bring a large group of people in was because of this barbarian valley.

When Chu Mu came to scout the place out, he found the old address for the barbarian City. And then, with some papers in Seven Color City, he found that this barbarian valley was actually an extremely advantageous geography. It was easy to defend and hard to attack. As long as they

cleared out all the inner panther species and told seven city people to hide in it, with Chu Mu blocking off that path alone, they could protect all of Chu family and seven city residents.

Seven color city was too flat. Under the situation of being surrounded, even if they could barely protect against first rank tribes, they couldn't protect all four sides.

In this barbarian valley and barbarian valley city's old address, however, it was the perfect spot. Once they hid everyone in this old address, Chu Mu could stand at the path and block off all the invaders by himself!

Defend, and he could save everyone in the city!

Attack, and he could eliminate panther species and get the spirit source!

It was truly win-win!

"I didn't want to see everyone in seven color city lose. Along this path, we never got attacked by western wetlands' tribe, or else people wouldn't reach here so easily. Western wetlands probably plan on gathering forces near here to completely get rid of panther species. So, this south side didn't have any species" Old Li said.

"En, as long as they get rid of the ninth rank species, seven color city would probably be safe." Chu Mu said.

Seven color city residence were safe. In the following weeks, as long as Chu Mu got rid of all the panther species nearby, they would have true insurance against disasters.

"Devil tree, help us open a path!" Chu Mu smiled and started an incantation to summon his devil tree battle soldier.

Devil tree battle soldier slowly walked forward from the shadows, its blood-red eyes becoming even more threatening as its strength was much stronger than a normal top tier monarch rank!

"Chu Mu, your devil tree battle soldier....."

Chu Qian, Chu Lang, and Chu He came along with Chu Mu with profiteer teacher and Guo Li teacher. When they discovered Chu Mu's devil tree battle soldier was even stronger, they all stared blankly!

"Top tier monarch rank!! My god, just kill me instead!!" Profiteer was nearly howling!

Chu Mu's devil tree battle soldier was already the sum of them four while it was high class monarch. Now that it's top tier monarch, how terrifying would it be!~

Guo Li rubbed off a little sweat and thought to himself, "Seem like picking to go with Chu family was definitely the right choice. This kid is truly insane!"

Chapter 625: Barbarian Valley, The Life and Death of Seven Color City (1)

On the slope, the panthers comfortably basking in the sun lifted their heads in confusion as they looked confused at the devil tree battle soldier that slowly walked towards their territory.

These panthers seemed to have gotten used to the peace, not realizing that this was an invasion. Instead, they slowly got up and all locked their gazes on the devil tree battle soldier.

These panthers had no idea that countless roots of death were slowly extending towards them underground!

"Ao!!!!!!!!!!!!!!"

Suddenly, devil tree battle soldier lifted his head and let out a bloodthirsty roar towards the entire slope!!

The devil tree battle soldier's eyes were blood red. The Blood Natural Wood it set up in the ground immediately came out of the surface and instantly rooted at least a hundred panthers!

The hundred panthers had no time to react at all before being pulled by a huge force towards the devil tree battle soldier's location!

"Pu!!!!!!!!!! Pu!!!!!!!!!!!!!!!!!!!!!! Pu!!!!!!!!!!!!!!!!!!!!!!"

A hundred roots broke through the earth's surface and disrupted the peace like a hundred sturdy steel beams that suddenly were pulled taut!

The devil tree battle soldier controlled the bloody natural wood and pulled all hundred roots at the same time!

The hundred panthers all immediately left the ground and went flying into the air, quickly gathering at devil tree battle soldier's location!

Chu Qian, Chu Lang, and Chu He all lifted their heads. Seeing a huge group of panthers coming, they blanked for a brief second before all frantically summoning their soul pets.

The two teachers didn't dare hesitate either, telling their high class monarch rank soul pets to attack.

Devil tree battle soldier at the same time he pulled a hundred panthers towards itself, it grew out spear like wood spikes out of its chest!

These natural wood pikes were all a meter long, their points glinting dark red. As devil tree battle soldier's hand swept across, a dozen wood pikes flew out at alarming speeds!

The natural wood spikes had great piercing power. Every pike created a forceful gust that brought a sharp whistling sound with it.

“Pu!!!!!!!!!!!!!!Pu!!!!!!!!!!!!!!Pu!!!!!!!!!!!!!!”

The natural wood flew out, instantly piercing a lot of the panthers in the air and sending blood splattering everywhere!

The dozen natural wood psikes didn't only kill its own count; many panthers were pierced by each pike!

“Ao!!!!!!!!!!” Devil tree battle soldier again let out a howl.

Immediately, another wave of pikes flew threw the air, piercing over!

“Pu!!!! Pu!!!! Pu!!!! Pu!!!!!!!!!!!!”

More panther species were pierced by the natural wood as they were dragged over, letting out wailing screams.

Devil tree battle soldier let out seven full volleys of natural wood pikes over a mere three seconds.

“Beng~~~~~Beng~~~~~Beng~~~~~”

Panther bodies flew down. A hundred panthers, none of them lived, all landing in front of the devil tree battle soldier, leaking blood out that quickly became a stream.....

The people behind Chu Mu had already summoned their soul pets and were ready to kill enemies, yet after they found out they were all dead, they were all flabbergasted.

“These..... These should all be high class warrior rank right.....” Chu Lang’s voice said quietly.

Before Monarch rank, the rank jumps weren’t too large. High class warrior rank and commander ranks were very close. A few normal attacks able to kill a hundred panthers, this killing rate was something only emperor ranks could do!

Devil tree battle soldier’s roots pulling and wood spikes were all very low level techniques. To a top tier monarch rank, they were indeed normal attacks, so how terrifying would it be if it cast a technique!

“Houhouhouhou!!!!!!!!!!!!”

“Houhouhouhou!!!!!!!!!!!!”

Suddenly, a roar sounded in the mountains.

In the hole of every slope, even more deep yellow eyes lit up, lighting up the sides of the slopes like stars!

In the caves, a fierce looking black panther crawled out and swiftly jumped to the top of the slope.

The black panther species inside the caves were incredibly numerous. After a crowd came out, another few groups came out. In a short second, the entire slopes and walls were full of yellow eyeballs!

The amount of panther species was already uncountable, but the feeling of getting watched by so many organisms was truly shiver inducing!

“I will prioritize commander ranks, the weaker ones you guys handle.” Chu Mu said.

The rest of them didn’t have a good expression but all nodded, swiftly summoning their other soul pets.

Chu Qian and the two teachers were four control, Chu Lang and Chu He were three control, she they had 18 soul pets total.

“Houhouhouhou!!!!!!!!!!!!!!”

A few hundred panthers ran over, looking like a black landslide that was falling in the valley, swift, wild, and turbulent!

The devil tree battle soldier’s eyes went bright red as he stepped forward, directly stepping over the previous panthers’ species and slowly inched his natural wood roots forward.

“Natural wood roots!!” Chu Mu commanded!

Devil tree battle soldier’s two thick arms suddenly extended forwards towards the landslide-like panther army.

Blood natural wood pierced straight into the tide, killing at least 20 panthers!

“Natural wood whip!” Chu Mu cast a follow-up technique!

The natural wood branch didn't retract after flying out. First, it went from hard to soft as it became two massive python like branches that swatted towards the sides.

“Pa~~~~~”

“Pa~~~~~”

Two branches flew around, the landslide created by the couple hundred black panthers immediately showed signs of collapsing, immediately slapping panthers aside, shattering their bones and sending blood out!

Seeing the panthers all getting sent aside in groups, the three people and two teachers behind Chu Mu were all swallowing hard. Top tier monarch rank was top tier monarch rank, it was so domineering!!

Chu Qian's three people and the two teachers didn't dare to be slight either. Their elemental soul pets were all attacking the large panther army. Wind, lightning, fire, and ice, these four destructive elemental techniques were all there. After a wave of techniques flew over, another large group of panther species died.

.....

“Longlonglong~~~~~”

“Houhouhou~~~~~”

“Beng~~~~~”

In the barbarian valley, countless noises mixed together. The seven color city residents outside the barbarian valley were all standing there with unease, all pale faced.

The seven color city had thirty thousand people. These thirty thousand people had been around 1000 people that could fight, but it was limited to servant rank because even if they had soul pets, they could only be used to travel.

With such a large group of people appearing near the edges of a forbidden realm, no one could calm down, especially when they heard the barbarian valley roars and agitated rumblings.

Chu clan had a total of 500 people. Half of these were family members without any fighting strength. Around 200 people had around warrior ranks strength, and around 30 had commander rank strength. These were mostly soul pet trainers that have been brought in by Chu family, but weren't named Chu. However, their loyalty was all rather high. Then, there was Chu Tianheng, Chu Tianlin, and a couple of Chu Mu's uncle generation that were pseudo-monarch rank.

Their strengths were all improving these years. Especially, Chu Tianheng had a miracle that caused his strength to increase. Adding the fact that seven color city resources were plentiful, all of their strengths grew. Chu family strength was way higher than the gangluo city phase.

200 warrior rank Chu family members were split up evenly around the 30,000 people team. Thirty main members were even spread out further. Once any emergency happens, they could react in time.

Core members, as well as great Chu family's elders were at the front and back of the team.

Chu Tianheng planned it this way clearly because once a clan attacked, Chu family's people would protect the citizens of seven color city until death.

Of course, Chu family members knew that, whether these ten thousand people's lives could live through would depend on Chu Mu. At the edges of this forbidden realm, Chu family's members were incredibly weak. Any clan could collapse them.

.....

"Clan leader, we're done!" A Chu family member ran over to Chu Tianheng face paled as he said with some despair.

"Calm down and speak slowly." Chu Tianheng's heart tightened but he didn't panic because of this sentence.

"Panther species tribe has noticed us and are coming from barbarian valley. They'll reach here in two hours." Chu family main members said.

“Tianlin, you go into the valley and tell Chu Mu the news.” Chu Tainheng said.

Chu Tianlin nodded and immediately rode his Mo Ye beast towards the slopes.

“Clan leader, quickly make a decision. We’re at the half valley right now, and there’s only one exit behind us. Once the panther species come killing, other than into the valley, we have nowhere to go. In this two hours, there’s no way they can clean up the ninth rank clan.” The member started panicking.

“Go forth and look around some more. Don’t let the news leak. They’re all normal people, so if they find out the panthers are coming, they will fall into chaos, which would cause more people to lose their lives with bad organisation.” Chu Tianheng said.

“But.....”

“Don’t waste your time, the only chance you have is to enter the valley!” Chu Tianheng said louder.

“En, I’ll go look around further.”

After this member left, Chu Tianheng’s eyes slowly became complicated as he rode his light rhinoceros.

He glanced at the couple ten thousand people. Though they were all tight faced, they clearly didn’t know that life and death would be determined in two short hours.

“Tianheng, don’t give yourself too much pressure. No matter how many rank city, you are a good city master.” The old Chu Ming patted Chu Tianheng and said in a low voice.

“Father, I wasted half my life and have only become better in this latter half. After becoming city master of seven color city, I never thought of abandoning them. Not because this seven color city could bring us any benefits, but because this seven color city let me feel the blood burning I had felt when I was young. After twenty years of reality rubbing off on me, I almost forgot the oath I swore in front of all my ancestors to become a city master. Now, I had just picked it up and had found new hope in seven color city, I don’t want it all to get wiped out in this disaster, I really don’t.....” Chu Tianheng said with complicated emotions.

“I understand.....” Chu Ming lightly sighed.

And only him as a father can truly understand the real emotions of this never laughing, stern son.

.....

Chapter 625: Barbarian Valley, The Life and Death of Seven Color City (2)

Inside the Barbarian Valley, Chu Tianlin rode on his black Warbeast Mo Ye quickly on the slope.

The entire slope was filled with leopard species corpses. Fresh blood flowed like a river, flowing off the slope. Looking at this scene, Chu Tianlin’s heart was filled with extreme shock.

Past the slope, the mountain path ahead was spacious and the warm scenery of a valley appeared.

However, this valley that was filled with level green grass and short plants was flowing with blood like a river. There were so many corpses it was difficult to count. In such a short amount of time, they had unexpectedly killed so many leopards.

Following the trail of corpses, Chu Tianlin was still unable to find Chu Mu’s traces.

”“Hou hou hou hou!!!!!!!!!!”

Suddenly, a thunderous sound rang out ahead causing the entire valley to tremble!!

This unexpectedly wasn’t a creature’s roar, but the angry roar of a group of creatures!

Chu Tianlin was astonished and hastily rode on his Warbeast Mo Ye in that direction. The further they ran, the more they discovered a black mass of objects surging forward into the valley from three sides.

Chu Tianlin was too far away and was unable to clearly see what they were. The black mass of objects resembled a black cloud descending on the ground, before filling the center of the valley from above the precipitous mountain range!

The mountain range was tall and precipitous, but was completely covered by the black cloud mass. This scene looked shocking!

Gradually, after the black cloud had surged down, Chu Tianheng finally saw the scene carefully. It was the countless population of the leopard species legion angrily surging down to the center of the valley from their nest!

The majesty they emanated was boundless. Chu Tianlin was standing on the side of the valley where there were no creatures, but he still felt he was about to be devoured by the leopard legion tide!

Finally, the majority of the leopard species had congregated in the center!

“Hong hong hong hong!!!!!!!”

The loud sound of a landslide and earthquake rang out!

Enormous fissures began to suddenly appear in the valley in front of Chu Tianlin. Looking on, he abruptly discovered an incomparably large sinkhole in front of him!

This sinkhole was a trap that was sprung when the leopards attacked. Watching from far away, Chu Tianlin saw the tide of leopards funnel into the sinkhole!

Immediately after, a terrifying miserable scream rang out of the valley. The sound travelled to the clouds and out of the valley, even reaching the distant part of the mountain range!

This was the screams of innumerable of leopards before their deaths!

The sinkhole was an enormous trap. Every one of the leopards that fell into it were killed by the rampant python-like pavilion wood roots inside. Their corpses began to pile up and their blood formed a lake, spilling into the tens of thousands of leopards.

Chu Tianlin was stunned in place. Watching such an enormous leopard species be obliterated so quickly, he even forgot that he had come here to tell Chu Mu and the others about the leopard tribe

communication information. But now, he was watching the leopard legion that was surging and imposing like an an ocean be completely silenced in such a short period!

A long while later, Chu Tianlin finally reacted. He hastily urged his Warbeast Mo Ye to run towards the large trap.

The sinkhole was enormous, and was like a small lake. Chu Tianlin ran along the side of the sinkhole, looking at the pile of leopard corpses quickly flowing out of there. His heart couldn't help but slightly palpitate.

"Second uncle has come!" on the other side of the enormous sinkhole, Chu He watched Chu Tianlin rush over along the side of the sinkhole.

Chu Xian's face was pale as she crouched next to Chu Mu. In front of her were corpses that were slowly piling up. She had already thrown up many times, and was now retching.

Her mental fortitude was slightly lacking, and the scene of countless corpses piling up in a trap was too bloody. Even Chu Lang and Chu He weren't even willing to look at it.

Jian Shang and Guo Li were better off, and didn't react at such a savage scene. However, their expressions still showed that they hadn't quite recovered from the shock of this enormous technique.

Such a terrifying group massacre. It was something only an emperor should have been able to do. They found it very hard to believe therefore that a peak monarch rank Devil Tree Battle Soldier was able to create such astonishing destructive power.

The remaining parts of the panther tribe were barely a threat. Chu Xian, Chu Lang, Chu He, Jian Shang and Guo Li's soul pets all cleaned up while Chu Mu summoned the Ghost King to stuff the plethora of beats corpses.

The smell of blood would easily attract numerous soul pet communities over. Therefore, after such a large scale massacre, they had to leave. If they didn't, they would have to immediately bury them. Moreover, if too many corpses were piled up, it would be easy for a plague to emerge.

"Second uncle, what's the matter?" Chu Mu was calm as if everything was normal. He glanced at Chu Tianlin arriving.

Chu Tianlin finally reacted to this question and hastily said: “The leopard tribe has already mobilized and is already heading towards Barbarian Valley. They will probably arrive in under two hours!”

Chu Mu creased his brows. The appearance of the leopard tribe was much faster than Chu Mu imagined. It seemed that he didn’t have a chance to rest and could only continue fighting!

“You guys stay here and continue clearing up the rest of the community. I will head out and have them begin to migrate in.” said Chu Mu.

“Then what about the many corpses?”asked Chu He, confused.

“After everyone enters, have a thousand people with servant rank soul pets clean up the battlefield. Soul cores, soul crystals and inner crystals are all food for soul pets. If the Western Marsh tribe arrives, we will have to stay a long time in the valley.” said Chu Mu.

“Then what about the blood. Not many people will be willing to clean up...” softly said Chu Lang.

“No worries, once they get used to it they will be fine.” Chu Mu didn’t say anything further. He immediately brought the Ghost King and Devil Tree Battle Soldier, as well as the pitiful appearance small Mo Xie out of the valley.

Jian Shang looked at the enormous lake of blood and flesh. He said: “They are all about to die anyways. How can they afford to care about it being disgusting or not. Truly...”

.....

Chu Mu’s movements were very quick. When he reached the outside of the valley, it had only been about half an hour since the news had arrived.

In other words, the Seven Color City people had an hour and a half to reach the valley. It probably wouldn’t be that difficult for thirty thousand people to enter the valley in this time.

“There are still a few remaining leopards in the valley that I was unable to kill off. If you enter the valley now and encounter a leopard, just kill it.” Chu Mu said to Chu Tianlin.

“There are still leopards? Then aren’t we entering a valley of leopards?” asked the Chu Family main member who had delivered the information earlier.

He had originally gone to take a look at the situation, however, the leopard tribe had mobilized and would arrive in an hour or so. There was nowhere to flee even if he wanted to flee so there was no need to scout.

“All of the remaining ones together don’t even surpass the number in a third rank community. You guys can enter.” said Chu Mu.

The entire valley wasn’t small and if all of the remaining panthers were gathered together, they didn’t surpass a third rank species. This was of no threat to everyone. Upon hearing this news, Chu Tianheng and the other Chu Family main members found it slightly hard to believe.

One had to know that inside the valley was a ninth rank community. This was equivalent to the disaster that had attacked Seven Color City over the past few days.

The ninth rank community disaster had lasted for a few days from morning to night so a few civilians had packed their bags and planned on staying outside the valley overnight.

However, not long after the sun had set, Chu Mu unexpectedly had massacred the ninth rank community to a third rank community. How strong was he to accomplish this?!

“Chu Mu, you really cleared the valley?” Chu Tianheng’s face was full of both worry but also moreso of excitement.

Chu Tianheng was already in a state of half despair. There was only about an hour until the tribe arrived, but Chu Mu’s words had ignited his hope again!

“Yes, let’s not talk anymore. Have everyone get up and immediately enter the valley. The slope isn’t very wide and if thirty thousand people are to all enter, it will take about an hour.” Chu Mu seriously said.

Chu Tianheng didn't dare hesitate and immediately condensed his soul remembrance into a voice, having every Seven Color City civilian enter the valley.

Chu Tianheng understood that the valley path was limited in size and they couldn't all enter at once. Therefore, regardless if the civilians believed or not if the Barbarian Valley had been cleared, he forcibly had everyone enter the valley.

At the beginning, numerous civilians were nervous. After all, the Barbarian Valley was essentially purgatory to them humans.

The first group of people to enter quickly discovered the leopard corpses all over the ground. They were so scared they didn't dare continue forward. This caused a not small wave of commotion.

However, quickly, people discovered that aside from the corpses on the slope, there were no living creatures. Under the protection of the Chu Family members, they began to quickly enter the valley.

Of course, because the scene was so bloody, many people threw up as they walked. They all had pale faces.

"This is too slow. The people at the back will definitely be obliterated by the leopards." Chu Tianheng watched the long group of people entering the valley and his brows creased.

Chu Mu also stood at a higher spot. Right now, he could feel the ground and mountain trembling. Clearly, the leopard tribe was just behind this mountain and would arrive here soon.

"Look, what is that!!"

"Look at the top of the mountain and at the side of the mountain. The moving black objects. Could it be you guys can't see that?!!"

"Heavens, it's the leopard tribe! They've arrived!!!"

Suddenly, a terrified cry rang out from the civilians in the back!

The shock immediately caused them to cry out. The several thousand people in the back could all see it. Not far away, the brownish-yellow mountain range was gradually covered by black figures. They were rapidly rushing towards them!

It was the leopard tribe!!

The leopard tribe that had enveloped the entire mountain range emitted a beast aura that covered the heaven and earth. Underneath the sunset, they looked hair-raising and painted a terrifying scene that made people's feet tremble!!

Chapter 626: Levelling the Mountain Range, Fox Monarch Totem

“Quickly flee!! The leopard tribe has arrived!!!”

A wanderer at the back of the group shouted.

Immediately after, the group in front of him, who were neighbors on the same street, broke into a run while looking backwards in fear.

Shouts began to ring out and the several thousand people at the back who still hadn't entered the valley began to cry and shout. There was no longer any order, as everyone was just running as fast as they could.

There were even a few young woman who were moving together in a circle. But when the torrential aura from the leopard species assaulted them, they became so scared they just squatted on the ground and didn't even have the strength to run. They were trembling from head to toe and didn't stop shrieking.

However, it wasn't only these few women who were like this. A few people with weaker willpowers had been so scared by the leopards' auras that they just crouched on the ground.

“Quickly get up!! If you stay here you will die!!” a few lower rank soul pet trainers were able to maintain their reason and hauled up these people who were unable to move and tried their hardest to force their way into the valley.

The closer the leopard species got, the stronger their aura was. The people with weaker willpowers were unable to even breathe. Chu Tianheng, when he arrived at the back, saw a few thousand people lose the ability to move and his heart sank.

The leopards were getting closer. The slope was already crammed with people and among the few thousand people, only about a thousand of them would be able to enter. The remaining two thousand people, including those who didn't have the courage to take another step, could very well be slaughtered by the leopard tribe!

"Pull them in." Chu Tianheng hastily gathered the Chu Family members behind him and had them have their soul pets pull them in.

But the number of Chu Family members were limited. They would only be able to save as many as they could.

The stronger the aura became, the more people there were that lost the ability to move. The two thousand people at the back's chaotic shouts were gradually swallowed up by the rumbling in the distance.

"Chu Mu, what about Chu Mu. Has anyone seen him?!" Chu Tianheng searched everywhere. Right now only Chu Mu could save the two thousand people.

"He was just there now..." Chu Tianqi surveyed the crowd.

"Over there! He... he's gone in the direction of the panther tribe!!" Chu Ying let out a cry and pointed at the undulating mountain range in the distance!

Chu Tianheng and Chu Tianqi immediately looked in that direction. Abruptly, they discovered that in between two mountains outside the valley was a black clothed Chu Mu!

Even more shocking, beside Chu Mu was a silver bodied pet with nine demonic tails dancing about. It was a noble creature that stood there calmly. In front of the leopard tribe that was like a black wave that enveloped the mountain range, it not only lacked cowardice but also had its own atmosphere that the naked eye was unable to see. It covered a large part of the mountain and caused the rampant panther legion to slow down!

Its mere aura was able to overcome the innumerable leopard legion!!

Chu Tianheng, Chu Tianqi, Chu Ying, and other Chu Family members were shocked by this scene. The leopard tribe was a disaster that was difficult to stop. It was a disaster that humans could only look on, helpless at. Yet, a single nine tailed soul pet was able to slow it down. Such powerful strength allowed them to witness what true strength was. It shocked the hearts of humans. It was like a god that dominated everything!

In between the two mountains, Chu Mu breathed in the air full of the leopard species stench.

Chu Mu's field of view was very wide, and he could see numerous mountains in front of him. However, he wasn't able to see the entire leopard tribe legion since it was too big. Even Chu Mu himself had never faced a legion with tens of thousands of soldiers.

"Mo Xie, raze the mountains to the ground." Chu Mu slowly said.

He pointed at the mountains only about five hundred meters tall. The base of the mountain was several thousand meters in diameter. If normal people wanted to cross it, they would take a very long time.

The mountain range was unbroken and spanned nearly ten kilometers. Within the ten kilometers was the leopard tribe legion's most concentrated area.

The legion moved very quickly, resembling a dark layer of cloud that one would often see floating through the mountain range. They quickly covered an even closer mountain.

"Wu wu wu wu wu~~~~~"

Mo Xie raised her head and let out an emperor's cry!

Her nine tails were fully unfurled and sin flames intensely burned. Immediately, it dyed the surrounding mountain range in a red color!

The flames rose up and various faintly discernible totems of sin words quickly appeared under her feet. The totems grew increasingly beautiful as they gradually began to rise up...

As the sin flame totems began to rise up into the air, they slowly disappeared. However, at the same time, they began to appear on the mountain the leopards were running on.

The sin flame totem was originally merely a weak firelight that ignited above the mountain. However, as Mo Xie's energy condensed, it gradually began to expand, transforming into a shocking flame inscription curse. It resembled a large cloud that covered the mountains in the distance!

"What... what is that?!!" Chu Tianqi's heart was filled with billows. He stared closely at the enormous dark red flame pattern above the leopard mountains!

The flame totem was imprinted in the sky. The firelight resembled a scorching sun that shined like a light screen!!

"Hu hu hu hu hu hu hu!!!!!!!"

Suddenly, on the mountain range, sin flames ignited amidst the black mass of the leopard legion. The flames torrentially burned and even though they were tens of kilometers away, the people standing outside the valley were able to clearly see the outline of the sin flames!

The flames flew up like countless flaming dragons. Their bodies danced underneath the sin flame totem. The moment one of the countless black leopards touched them, they would immediately disappear!

The sin flame totem was still full of boundless pressure and caused the mountain burning to begin collapsing!

"Long long long long~~~~~"

The sin flames were torrential and the mountains were unable to bear such powerful burning. With a loud sound, they began to crumble.

This included the mountains nearby which were filled with leopards!

These mountains were not weak mountains. They were full of thick large stones that were very hard to destroy.

As for the people standing outside the valley, they could clearly see the sin flames cover the mountain. The mountains took a long time to collapse as they were gradually burned down by the flames...

The sin flame totem flames reached the peak of a mountain. The flames were dazzling and practically made it so that no one's eyes could open. The amount of dazzle was much more intense than tens of suns hanging above the mountain range!

Everyone was unable to open their eyes. Both the outside of the valley and inside the valley was dyed dark red. A surging heat wave passed through the mountain range from a dozen kilometers out, reaching the two thousand people outside the valley!

The fiery red persisted for a long period of time. Two thousand people were still in an absent minded state of mind. They could only sense that the heatwave was continuously onslaughting them, and the ground that was continuously shaking. There was also a loud sound ringing in their ears like rolling thunder.

Not long later, everything began to slowly dissipate.

Normal people could not recover their sight so quickly. Only soul pet trainers were able to see what truly happened in the distance.

“The mountains... the mountains were razed!!”

Chu Tianheng was the first to recover his vision. However, when he found the leopard tribe amidst this fiery red world, he saw a shocking scene!!

Those were several mountains!! A single technique was able to completely raze them to the ground!

The surging black tide had disappeared somewhere and it had been replaced by chaotically moving black dots on the mountain. They were dispersed and were completely incomparable to the previous black tide which aura covered the heavens and earth!

“Too inconceivable, too inconceivable!!” Chu Tianqi’s eyes were about to pop out. In front of the panther tribe, everyone was about as small as a rice straw in a large ocean. A rice straw should have

been unable to overcome the large ocean. Yet, a single technique had done just that. This was indescribable with words!

Chu Ying stared with astonishment at the distant mountains that were still in flames. She was someone who often went out to the wild to train. She had previously seen ninth rank techniques that had caused destruction she was envious of. However, compared to the sin flame totem, those ninth rank techniques were about as different as a light wind compared to a hurricane!

Chu Ying guessed that Chu Mu's strength was probably much higher than Sun Yuan's. However, a young generation member was ultimately a young generation member, and could not reach a state that worthy of other people's reverence.

However, during this migration, the strength Chu Mu displayed completely surpassed her expectations and even surpassed her knowledge of soul pets' destructive powers. Up until now, she had never seen a soul pet rely on one technique to raze a mountain range to the ground, obliterating a leopard legion!!

"How... how is this a peak monarch rank's strength..." the Great Chu Family's master, Zhang Ying, was stunned.

Of everyone present, probably only Zhang Ying was clear what rank a creature had to be to create such a destructive force!

"If it's not a peak monarch, could it be..." Chu Tianheng, Chu Tianqi, and the others abruptly realized something!!

Chu Tianheng had heard Chu Mu say that the high class monarch rank soul pets were his secondary soul pet formation. Therefore, he had subconsciously believed that Chu Mu had peak monarch ranks as his main pets.

After that, Chu Tianheng didn't inquire any further because he felt that this answer was already shocking enough!

He never expected that Chu Mu's soul pets would have surpassed the monarch rank range!

One had to realize that Western Kingdom was incomparable to Tianxia City. To any person here, a soul pet that surpassed a monarch was practically a god-like existence!!

The people who saw the scene first were shocked. Thus, when the two thousand people were able to see the flames clearly too, they discovered that the disaster's leopard tribe had disappeared amidst this dazzling fire. They couldn't believe their eyes.

Finally, these people even began to kneel on the ground, believing that Seven Color City's guardian deity had descended, helping them obliterate the disaster!

Every city would consecrate its own guardian deity. This guardian deity was always a powerful city that allowed a city to walk out of the darkness and into the light!

In reality, everyone understood that these guardian deities were the powerful soul pets of powerful experts because only a human's soul pets would protect humans.

Right now, in their hearts, this nine tailed ostentatious fox monarch creature was Seven Color City's new guardian deity!

.....

Chapter 627: Facing the Panther Species Tribe (1)

Where the fire burned in the valley, Chu Mu was there, standing, as the burning gale messed up his hair.

In the previous fight in immortal city, the structure was hundreds of times stronger than normal cities. When Mo Xie released her emperor rank power, Chu Mu was already shocked.

Now, seeing a few mountains instantly becoming flatground, even Chu Mu himself had to sigh. Emperor ranks truly were emperor ranks. Though their energy consumption was massive, they had correspondingly destructive power!

“This technique is too powerful, but it probably will waste five spirits.....” Old Li's voice transmitted over faintly.

From before, the sixty spirits from the deserted young woman had already been used up. In the following time, Chu Mu didn't let Mo Xie battle, so he only used up 60 spirits.

Compared to 1000 spirits, these five weren't really a waste. Of course, this was with the precondition that Chu Mu got Tian Ting's personal ring. Without these 1000 spirits, Chu Mu indeed couldn't withstand such usage.

“Hou~~~~~”

Countless mountains started shaking as a heart shaking roar came from far away!

This voice went a couple dozen kilometers, creating air waves that clearly shook the nearby mountains!!

“Is it the panther species emperor?”

Chu Mu strained his eyes as he looked around, immediately seeing a thick beast cloud shrouding the place where mountain met sky, creating a massive black shadow that caused the nearby region to become incredibly strange!

“This one technique of the fox is equivalent of putting a banner saying “I am an emperor here to ruin your place” over your sin flame totem. How could that emperor rank panther stay put in that case!” Old Li said.

“That's good, it's time to get rid of it anyways!” Chu Mu saw that pseudo-emperor rank had already roared to assert dominance and knew the battle was inevitable, so he didn't back off.

“En, young master quickly get rid of the panther species, and take the one-time spirit source resource immediately. Or else, once western wetlands comes, young master won't have a chance anymore.” old Li said.

Chu Mu nodded and summoned Devil Tree Battle Soldier and Monarch Ghost King forth, ready to take on the entire panther species!

“Panther species had already been weakened by around a forth by the disaster. There was around a fourth in the barbarian valley as well. Now that Mo Xie had wiped out a bunch more, there should

only be less than half. By killing my way over, I just have to get rid of the two top tier monarch ranks and their armies, and then kill the emperor of panther species to be done.” Chu Mu thought to himself.

Though that pseudo-emperor rank was already showing its might, it wouldn't appear immediately to fight against Mo Xie. It definitely would send its armies over to waste Mo Xie's stamina. Only when Mo Xie was tired wouldl it fight.

As a ninth phase low class emperor rank, Mo Xie was similar strength to a tenth phase pseudo-emperor rank. If her stamina were wasted, she definitely wouldn't be the emperor rank's match. If Mo Xie can't stop this panther species emperor, Chu Mu's other soul pets definitely wouldn't be able to stop it either!

“Houhouhouhou~!!!!!!!!!!!!!!”

“Hou!!!!!!!!!!!!!!”

The ground shook as another wave of panthers came!!

Panther species emperor this time truly went all out!!!

“This panther species tribe was much larger than I had previously estimated. This is approximately two ninth rank clans' amount!” Old Li felt the panther species tribe's aura and said.

Mo Xie had already casted the strongest demon type technique once when getting rid of the barbarian valley group, which enraged all of the panthers and baited them into the trap the devil tree battle soldier set up, or else Chu Mu couldn't clean out the entire barbarian valley this quickly.

Before, to let the two thousand people get up, Mo Xie cast another big technique, which wasted her stamina. In the following battle against the two times ninth rank clan, Chu Mu couldn't let Mo Xie waste her stamina again.

“Mo Xie, come back, Devil Tree Battle Soldier, come back!” Chu Mu started an incantation and retracted the devil tree battle soldier and Mo Xie who both needed to conserve their stamina.

“Ning, binding wind spirit!” Chu Mu cast an incantation and summoned his two elemental soul pets.

“Monarch ghost king, use all your rock type techniques to stop the armies from nearing. Ice air fairy, binding wind spirit, don’t hold back on the killing.” Chu Mu said to his three elemental soul pets.

After completing the elemental formation, the mountains started shaking even heavier.

Glancing over, they could see an even larger swarm of panthers were coming from the beast type cloud of the panther species emperor.

Outside the valley, people quickly noticed that even more panther species were coming, meaning an even larger disaster was about to come!

Except, it wasn’t shocking to these people just how terrifying the disaster. Instead, they were shocked that there was a single black clothed teen that always stood between the mountain and panther species.....

His small figure was almost negligible, but he single handedly had an aura that seemed to stop the entire tide, it was a sight that all of them would never forget for the rest of their lives!

Chu Tianheng used his soul remembrance to watch the single silhouette face off against the army. At this moment, he felt something in his heart rolling, and his whole body felt like it was burning up!

“When I was young, I never could reach that height. Is it that I have lost the bravery to change when I got into middle age?” Chu tianheng asked himself!

”Suddenly, he made a decision and said to his family members, “You, bring the remaining people into the valley!”

“Clan master, you are.....” The main members were all dazed. This moment, he noticed that Chu Tianheng had summoned all his soul pets!

“Though its effect is limited, killing some commander, warrior, and servant rank panthers definitely isn’t a problem!” Chu Tianheng said determinedly. At this moment, his eyes were shining with a light of unprecedented resolution!

Before everyone realized, Chu Tianheng was already riding his middle class monarch rank light rhinoceros towards Chu Mu.

“Clan master!”

“Tianheng!”

Chu Ming, Chu Tianqi, Chu Tianjue watched the Chu Tianheng dash away hastily and their hearts were abroil.

They all knew of Chu Tianheng’s steady nature. They never would have thought he would join a battle like a young generation soul pet trainer against an undefeatable enemy!

In the coming ten years, this was the most unexpected thing Chu Tianheng has ever done!

“Yes, how could Chu Mu fight for the family alone!” Suddenly, Chu Tianqi bit down and summoned his low class monarch rank armored beast.

The armored beast ran with power, stepping on the hills and mountains along with the other four monarch rank soul pets following behind Chu Tianheng.

These two old mens’ actions caused Chu family members to be tongue-tied.

Seeing the two brothers kill their ways over, Chu Tianjue cursed angrily and finally rode his soul pet out too.

“Chu Ying, what are you doing! Go back and bring the rest of the people into the valley!” Chu Ming said loudly.

Chu Ying was just about to dash outwards with her father Chu Tianjue but stopped her.

“The fortune tellers said I have a life disaster this year, and they were right! If I can get back, I’ll kill that bastard!” Old lecher Zhang Ying spit out saliva, and finally rode his middle class monarch rank soul pet in with a high class monarch rank devil tree battle soldier.

The silent Chu Moying teacher also hesitated, but seeing that the fearful Zhang Ying had dashed out, why would he stay here? Thus, he casted an incantation to summon his wing type soul pet into the sky!

In one second, the old men all rode their soul pets into the massive panther army, not losing in aura the slightest either!

In the mountains, Chu Mu saw that these people came to assist and smiled as well.

Ghost King, Binding wind spirit were all high class monarch rank, and Ning was ninth phase top tier monarch rank. If they wanted to cast high level elemental techniques, they had to have a safe casting environment.

This group of old men, compared to the entire panther species tribe, was indeed small. However, together, protecting Chu Mu’s Binding Wind Spirit and Ice Air Fairy was more than enough. Killing these panther armies would be much easier!

“Chu Mu, your soul pet can cast all the techniques it wants, we won’t let a single panther near you!” Chu Tianheng jumped off his light rhinoceros and said seriously to Chu Mu.

Even if Chu Mu saw Chu Tianheng’s warm blood calming down, he nodded, “Uncle’s soul pets all have good potential. With some training, they can all become stronger.”

While they spoke, Chu Tianqi, Chu Tianjue and the two experts from Great Chu Family came over. The old men all didn’t waste time talking. All their monarch rank soul pets created an even larger formation that protected Chu Mu and binding wind fairy in the center, while the other soul pets went aside.

Panther species emperor had already locked onto Chu Mu’s aura, while the armies were also going towards Chu Mu.

Even if the panther species wanted to go around Chu Mu and kill towards the valley, their strength was enough to stop anything from entering.

After entering the valley, Chu family's thirty or so commander rank members, 200 warrior rank members, and 1000 servant rank members as well as Chu Qian, Chu Lang, Chu He, and the two great chu family people at the slope, the panther species couldn't kill its way in in a short while!

"They're here!" The Chu Mo in the air immediately dropped down from the skies and added themselves into the main formation.

The binding wind spirit's attack range was the furthest. When the panther species was still a thousand meters away, it started casting an incantation that lifted up destructive winds!

Chu Mu needed to let binding wind spirit reach top tier monarch rank. Once they returned to tianxia city and got the wind type emperor rank soul item, Chu Mu's wind type emperor would be born!

Chapter 628: Meet Panther Species Head On (3)

"Huhuhuhuhu~~~~~"

After the destructive wind completed, a massive swirl quickly picked up, spiraling downwards from the high points of the mountain. One could clearly feel hundreds of powerful wind gusts pass between the panther species tribe!

As long as the binding wind spirit got plenty of time to cast techniques, its destructive strength definitely could increase manyfold. The panther species didn't have very good wind type defense, so the front group of panthers was easily tossed away.

Of course, the amount of panthers that came from each mountain was incredible. The binding wind spirit could only pick up and throw away a couple. Very quickly, more from other positions of the army charged over, their claws approaching like a vortex of claws.

"Let me!" Old lecher Zhang Ying said. He controlled his devil tree battle soldier to quickly throw open a large root net that captured all the attacks!

"Shuashuashua~~~~~"

The roots were easily shattered, but it also successfully defused the first group of panthers' attacks.

And this time, ice air fairy's technique was already complete!

Star Falling Frost!

Frost fell, becoming countless points of starlight that fell with the sunset, falling from the high skies.

The frost slowly penetrated into the panther species body, slowly freezing these organisms bones, blood, and muscles. The cold aura instantly set the entire mountain into a winter season, causing all plants to start to wither!

“Gezhi~~~Gezhi~~~gezhi~~~~~”

Dozens of warrior rank panther species started freezing over as a result of this technique. After an assault from Chu Tianheng's light rhinoceros, they all became frozen chunks of meat that flew everywhere!

The other elemental soul pet techniques all finished after both Ning's and Binding Wing Fairy's. The sum of all these monarch soul pets was not weak either, falling whole groups of warrior rank soul pets!

A the black cloud like panther species group immediately lost over a thousand. WHEN the second wave came, ghost king's rock type prowess was completely displayed. A massive mountain came down from the skies, causing the mountain valley to shatter open.

Under the obstruction of the ghost monarch king, another thousand panther species bodies fell down. The panthers that managed to come out of the gaps in between these techniques didn't even have a chance to cast a technique before getting ripped to shreds by everyone's beast type monarchs.

“Houhou!!!!!!”

On top of a mountain range, a long panther emanating a dark aura let out a roar, its terrifying yellow eyes staring deadly at everyone.

This was a top tier monarch rank panther species!

At its shoulder armor, two sword-like bone protrusions stuck out, while two gruesome black bone wings completely made up of black spikes grew out of its back!

The top tier monarch Black Winged Panther monarch suddenly flapped its wings. Immediately, black wind blew like ten thousand arrows flying out, carpeting everything from the mountain to the soul pet formation of the people.

Every spike was strong enough to pierce stone. This pouring rain like bone spike fell down, causing everyone's soul pets to get pierced to some degree. Many of the elemental soul pets' techniques were interrupted in this process!

"This is a top tier monarch rank black winged panther monarch!!" Zhang Ying called out. After speaking, Zhang Ying quickly told devil tree battle soldier to cast wood wall to protect a few weaker defense soul pets.

"There's a few black winged panther monarchs beside them. They're all about high class monarch rank. If we were restricted by them, we would quickly be surrounded by the panthers!" Chu Tianjue said.

They had five high class monarch ranks total. The rest of them are middle class monarch rank , low class monarch rank, and pseudo-monarch rank. Such a formation was enough to deal with commander rank, warrior rank, and servant rank armies. However, once a panther species monarch rank army appeared, their line of defense would probably be collapsed!

"I will deal with them." Chu Mu said.

Chu Tianheng especially gave Chu Mu a glance because they all knew that Chu Mu still hid a powerful soul pet stronger than monarch rank. Once that soul pet attacked, even top tier monarchs would die!

However, once these people killed their way over, they never saw this soul pet appear. Seeing Chu Mu wanting to bring out his trump card, everyone was excited to see this nine tailed powerful organisms' true appearance.

“Ghost king, come back.” Chu Mu cast an incantation to bring Monarch Ghost King back into his soul pet space.

Chu Mu still had a lot of soul power medicine that Ye Qingzi gave him. With this soul power medicine, Chu Mu could guarantee that his soul pets could be summoned.

After retracting the ghost king, Chu Mu cast another incantation!

This incantation caused Chu Mu’s body to suddenly sprout white nine underworld devil flames, making him seem even more demonic.

The cold devil flames gave everyone shivers. Chu Tianheng, Chu Tianqi, and Chu Tianjue, as well as the two experts all, noticed that Chu Mu was summoning another soul pet and was astonished. More astonishing was that this special devil flame was the Nightmare Palace white nightmare’s signature power!!

“White……white nightmare!!!” The lecher Zhang Ying was the first to stare wide-eyed!

Zhang Ying in great Chu family more or less had some communication with nightmare palace people. He knew clearly that a normal white nightmare was already middle class monarch rank. Once tenth phase, with a little bit of strengthening, it would already be much stronger than the devil tree battle soldier!

So, the middle class monarch rank’s White Nightmare was something Zhang Ying yearned for.

And clearly, the white nightmare Chu Mu was summoning definitely wasn’t as simple as middle class monarch rank. It reached top tier monarch rank!

The white nightmare, once top tier monarch, was invincible in its realm similar to dragon species. Unless it met another duo main type soul pet, there rarely was any organism that could contest its dominance!

As for the top tier monarch rank Black Winged Panther Monarch, it wouldn’t even stand a chance!

With the appearance of the invincible monarch white nightmare, these old men all showed varying expressions of shock and surprise. They were surprised because, with the addition of the invincible

monarch rank, their strength would be even stronger. They were shocked because they could hardly believe how Chu Mu had this many powerful soul pets at such a young age!!

“White devil, kill them!” Chu Mu stepped back as the devil flames of Chu Mu became White Nightmare, a striking smile on its face¹

In the storm like bone spikes, white nightmare’s body was like a ghost. After two sprouts of flames, it went from their mountaintop to the one the black winged panther monarch was at!

“Hua~~~~~”

Nine underworld devil flame tides blossomed gorgeously, quickly devouring five black winged panther monarchs. One of these high class monarch rank black winged panther monarchs didn’t react in time to throw up any defenses, causing it to be burned skinless under the powerful soul devil flames. Even if they haven’t died, they definitely will lose their ability to fight.

“Houhou!!!!!!” Top tier monarch rank black winged panther monarch clearly felt the danger of the white nightmare. It swiftly jumped out of the devil flames and rolled a distance down the slope, putting out the devil flames on it.

The top tier monarch’s reactions were incredible, but the high class monarchs weren’t spared. The other three black winged panther monarchs’ souls were burned, causing their strength to be greatly reduced!

“This white nightmare is truly domineering. That’s a top tier monarch and four high class monarchs!” Chu Tianheng said with some fright!

Chapter 629: Barbarian Mountain’s Leopard Emperor, Emperor vs Emperor (1)

Without monarch rank soul pets attacking, everyone’s soul pets were able to use techniques at will.

The leopard soldier line was already 200 meters away, and when the techniques landed, there only remained a few scattered and heavily injured leopards painfully howling.

Chu Mu saw that everyone was cooperating, preventing the leopard legion from making their way over for a while. Promptly, he focused on the White Nightmare’s fight.

The Black Winged Leopard Monarch lept into the air, flapping its black wings. It continued to launch its bone spikes down.

The White Nightmare was able to fly and quickly arrived in the air to fight the Black Winged Leopard Monarch. It clearly wanted to leave the battlefield to prevent its weak species members from being affected by the nine underworld devil flames.

The nine underworld devil flames had soul burning powers and very effective on the leopard species. If the two peak monarchs fought on the mountain ridge, a huge part of the legion would be affected by the nine underworld devil flames.

“White Nightmare, ignore it. Get rid of those high class monarch rank Black Winged Leopard Monarchs first!” Chu Mu said to the White Nightmare.

The White Nightmare was easily provoked. If Chu Mu didn’t order it around, it would waste even more time.

The peak monarch couldn’t compare to the White Nightmare when it came to speed. After Chu Mu’s order, the White Nightmare used Demonic Phantom and flitted through the air. Continuous phantoms transformed into a long shooting star of flame!

The White Nightmare’s flitting speed grew increasingly fast, creating friction against the air. Dazzling white sparks flew everywhere as it smashed into a high class monarch rank leopard!

“Kaaaan~~~~~”

The high class monarch rank leopard was two to three level lower in strength than the White Nightmare with a secondary attribute. The White Nightmare’s single attack knocked it flying. It’s black body was caught on fire by devil flames!

The other two high class monarch rank leopards immediately surrounded it and launched black phantom attacks at the White Nightmare, preventing it from pursuing their companion!

“Displacement Specter!” Chu Mu immediately gave an order, having the White Nightmare use this technique!

When the White Nightmare landed, its body burned with devil flames, rapidly burning its own body to ashes.

The two high class monarch's technique caught fire as they attacked the air; however, the White Nightmare had already disappeared from its location!

The nine underworld devil flames sprang up again. and the White Nightmare astonishingly appeared in front of the high class monarch rank leopard it had knocked flying. Its claws accurately grabbed its neck and it held it up in the air!

“Beng!!!!!!!!!!!!!!”

Nine Underworld Explosion!

The White Nightmare's palm surfaced with a dazzling exploding flame. This high class monarch rank leopard's neck was instantly blown apart and its body landed in several pieces on the ground.

“Hou hou hou hou!!!!!!!!!!”

The peak monarch rank leopard let out an angry roar. Its black body transformed into imposing bone claws that slashed down underneath the dusky sky!!

“Shua!!!!!!!!!!”

The peak monarch rank technique had terrifying power. It was able to chop apart the location the White Nightmare was at as well as the mountain under it. An astonishing fissure spread from this mountain ridge to another mountain ridge!

The White Nightmare had just finished its attack, and was unable to dodge. A wound was left on its body!

The White Nightmare's ninth rank soul armor was of limited use in the peak monarch realm. Moreover, the Black Winged Leopard Monarch's attack was not weak and could not be looked down upon.

“Nie~~~~~”

The wounded White Nightmare let out an angry roar. Its palm with devil flames made a sweeping motion, forcing the two pursuing high class leopards back. It disobeyed Chu Mu’s order, and made its way into the air to launch a mad attack at the peak monarch!

The angered White Nightmare was able to use Resentment Gathering to increase its strength. To the White Nightmare, the small wounds on its body would not affect its fighting strength.

Quickly, the White Nightmare launched an even more imposing nine underworld devil flame attack. The Black Winged Leopard Monarch was a regular peak monarch and was unable to contest against the invincible monarch with multiple attributes!

Chu Mu originally wanted to command its fight, but when he saw the White Nightmare fight so savagely, he didn’t bother. Instead, he let it do what it wanted.

Chu Mu shifted his attention back to the Binding Wind Spirit and Ice Air Fairy. The majority of the two elemental soul pets’ attacks landed on the area where the leopard legion was most concentrated!

The White Nightmare was indeed very tyrannical. While Chu Mu was focused on slaughtering the leopard legion, he could hear the peak monarch rank Black Winged Leopard Monarch let out extremely painful cries.

These miserable cries were far away from everyone, yet the old men heard it and darted their gazes towards it. They immediately discovered that the peak monarch, which was a threat to everyone, had been killed by the White Nightmare!

They had no conception of time right now, and were just numbly commanding their soul pets to attack. However, they were sure that it hadn’t been long since Chu Mu had sent his White Nightmare to deal with the peak monarch leopard. In such a short period of time, it had been able to kill it. Such strength was terrifying!

“White Nightmare, focus on the monarchs threatening us!” Chu Mu said to the White Nightmare.

“Nie~~~~” the White Nightmare broke into a smile. Its devilish eyes swept over the increasingly concentrated leopard legion as it floated in the air.

If the leopard emperor did not appear, the White Nightmare was the strongest soul pet on the battlefield. Unless three peak monarchs simultaneously appeared, or a group of high class monarch surrounded it, the leopard legion would not be able to stop the White Nightmare’s arrogance!

The fight lasted from dusk until late at night. Chu Tianheng, Chu Tianqi, Chu Tianjue, and the two master’s soul pets had all overspent their physical strength or been heavily wounded.

After their main pets finished fighting, they summoned their secondary pets to continue fighting. They coordinated with Chu Mu’s two elemental soul pets to engage in large scale slaughter. The equivalent of half of two ninth rank communities had died on this mountain!

The tide-like leopard species had clearly been reduced. The fighting abilities of the old men had pretty much reached their limits. Among them, one of Chu Tianjue’s secondary pets had been killed by a high class monarch leopard’s sneak attack. Thus one of his souls was wounded.

“Tianjue, are you ok?” Chu Tianheng saw that Chu Tianjue’s face was pale and asked out of worry.

“No problem, I won’t die.” Chu Tianjue already had four souls. Losing one soul pet had dealt damage to his soul, but he could still fight.

As the leopard legion was reduced, the old men were eventually unable to endure. Not long later, Chu Tianqi’s secondary soul pet had been ripped to pieces by a group of commander rank leopards because he hadn’t recalled it in time.

“Hu hu hu hu hu~~~~” wind sickles swept through. The group of commander leopards were already injured so when the powerful wind sickles arrived, practically none of them were able to defend against them. Flesh and blood flew everywhere as they were sliced to pieces!

Chu Mu had sensed that Chu Tianqi’s secondary soul pet was in danger. However, his Binding Wind Spirit’s technique was still a bit slow, because it had overspent its mental strength.

“First uncle, fifth uncle, sixth uncle, and you two. Go back to the valley first. Leave the rest here to me.” Chu Mu spoke as he recalled his Binding Wind Spirit back to its soul pet space.

“Your soul pets don’t have much fighting strength left. Let’s retreat together.” Chu Tianheng saw that Chu Mu didn’t intend on leaving so he hastily spoke to him.

“If the Leopard Emperor exists, it will be able to destroy Barbarian Valley in a few techniques. It’s a huge danger so I need to get rid of it.” said Chu Mu.

Only an eighth rank community sized leopard legion was left. This was the best opportunity to kill the leopard emperor. If he missed it, the leopard emperor would flee and continue to occupy its territory before seizing the territories of a huge number of communities. If he wanted to kill it then, he would have to face a legion that numbers in the tens of thousands.

“But...” Chu Tianheng was still a bit nervous.

Chu Mu’s Binding Wind Spirit, Ice Air Fairy, and White Nightmare had reached the limits of their fighting strength.

The Binding Wind Spirit and Ice Air Fairy had expended a huge amount, since their chants pretty much hadn’t stopped. Nonetheless, a majority of the leopard legion had been annihilated.

As for the White Nightmare, it had become a monarch assassin. The moment a monarch rank soul pet that posed a huge threat to everyone’s soul pets, it would go and kill it. This included the peak monarch and six high class monarchs that had appeared at the end.

Chapter 629: Barbarian Mountain’s Leopard Emperor, Emperor vs Emperor Part 2

The formation of the six high class monarchs was even stronger than the soul pets of Chu Tianheng, the old men, and Chu Mui’s two elemental soul pets. The White Nightmare naturally sustained numerous injuries after fighting them by itself. After all, three high class monarchs were able to fight one peak monarch. Thus, the six high class monarchs weren’t easy to deal with.

“Night, protect them as they go back.” Chu Mu recalled the Binding Wind Spirit, but summoned the Night Thunder Dream Beast.

Chu Mu understood that there were definitely commander rank and monarch rank leopards hiding in the mountain ridge. They would take advantage of the night’s cover and launch sneak attacks on

the already exhausted humans. If he had Chu Tianheng just leave like this, he was afraid that they wouldn't even make it back to Barbarian Valley before being killed!

“Hui~~~~” the Night Thunder Dream Beast stepped out of the night. It expelled a dense darkness aura, and caused the Night Control effect to envelop the area around it.

With Night Control's protection, even a peak monarch leopard would be deterred from sneak attacking a night soul pet. Therefore, with Night leading the way, they were definitely safe.

“Hou~~~~~Hou~~~~~”

Suddenly, a roar with a boundless wild aura reverberated from the end of the mountain ridge!!

Everyone could feel the entire mountain ridge violently tremble under their feet!!

The palpitating roar was a dozen mountain ridges away, yet they could still feel their ears vibrate. Chu Tianheng and the others all had faces full of fear. They looked at the mountain ridge in the distance under the moonlight. They suddenly discovered that a torrential beast aura dark cloud had covered half of the stars and moon in the sky and it was surging towards them!!

It finally appeared!! The emperor rank ruler of the tribe!!

“That's... that's... the Barbarian Mountain Leopard Emperor!!!” The wave of darkness spread everywhere, covering the earth and heavens!!

The aura was much larger than the combination of two ninth rank communities and resembled a natural disaster. There was no way to stop it or flee!!

Zhang Ying and Chu Moying both had pale faces. They tried their hardest to take deep breaths, but found it hard to even breathe!

“An emperor rank creature!! A true emperor rank!!!!” Chu Moying and Zhang Ying were the only ones here who had witnessed their family leader's soul pet with this type of an aura!!

Back when the Heavenly Devil Insect Emperor had appeared in Wogu City, their family leader had fought several thousand meters in the air. Yet Chu Moying and Zhang Ying could still feel that fearful aura.

At this level of a fight, even a high class or peak monarch would be instantly killed!

“You guys leave! Hurry!” Chu Mu hastily said to them!

Chu Mu never expected that the leopard emperor would take the initiative to attack. Moreover, it was moving so quickly!!

Chu Tianheng and the others were injured. The moment the Barbarian Mountain Leopard Emperor attacked, even if Chu Mu had Mo Xie, its emperor rank technique's AoE energy would crush them to pieces!

The mountain ridge and horizon had been engulfed by the leopard emperor. This powerful majesty caused the old men to tremble in fear.

Promptly, they didn't hesitate to follow Chu Mu's Night Thunder Dream Beast to flee to Barbarian Valley.

The Barbarian Emperor moved very quickly. Several tens of mountain ridges away was very far, and someone standing so far away shouldn't have been in any danger.

However, Chu Tianheng and the others thought that death was very very close to them. Each time they turned around, their scalps would go numb, and fear would take over their minds!

Not only Chu Tianheng and his two brothers, but even Zhang Ying and Chu Ying had never felt the fear from being locked onto by an emperor rank soul pet. The shiver that went from head to toe was akin to having one's neck locked onto by a death god. No matter where they hid, those eyes would follow them. Eventually, it would suddenly appear and take their lives!

“Run!” Chu Mu shouted at them again!

The emperor rank leopard moved faster than Chu Mu had imagined. Moreover, this angry emperor clearly wanted to kill everyone. Chu Mu himself had just stepped into the emperor rank realm and

besides when he was in the half devil state to fight an emperor, this was the first time he truly fought an emperor rank soul pet!

Chu Tianheng and the others didn't dare delay. They rode on their secondary soul pets diligently through the undulating mountain ridges!

Under the boundless night sky, half of the horizon had been covered by the leopard emperor's majesty. Compared to this, the fleeing Chu Tianheng and the others were like slow moving ants in a sandstorm. Even if the Barbarian Valley was very close, if they weren't able to stop it, they would be caught and swept into a sandstorm of death!

Feeling the terror of an emperor, Chu Mu immediately chanted an incantation!

Sin flames ignited beside Chu Mu. A dark red flame began to slowly burn in the pitch black mountain ridges.

Nine gorgeous flame tails unfurled. They resembled nine life-like sin flame dragons that coiled around the mountain ridges as they unfurled!

After mutating to the Seven Sins Fox, the length of Mo Xie's fully unfurled tails was hard to estimate. They would unfurl in all directions and they even touched the adjacent mountain ridge.

Two tails snaked down the mountain ridge while three other tails wrapped around it. The other four tails danced in the sky with the flames burning on them!

“Wu wu wu wu!!!!!!!!!!!!!!”

Suddenly, the Mo Xie in the sin flames let out a cry!

In front of the surging leopard emperor black clouds, Mo Xie's three tails curled around the mountain ridge suddenly tightened!

“Long long long long~~~~~” the mountain range violently shook, and the foundational rocks at the bottom completely collapsed!!

Chu Mu jumped onto Mo Xie's back. Mo Xie began to step into the air and her nine tails all locked up a mountain ridge, completely lifting up the earth before swinging it behind her!

Lifting up a mountain ridge!!!

Zhang Ying turned around and his eyes nearly popped out. He had a look of inconceivableness, as a hundred meter high mountain range was being waved around!

What terrifying strength!!!

Nine majestic tails waved around and instantly, the night sky was filled with flaming dancing dragons. A dark red light shone over the Barbarian Valley and the people there could distinctly see gorgeous tails dancing about as well as the mountain ridge waving around!

A mountain ridge swept across a dozen. The scattered leopards on the mountain ridges looked up and saw a mountain ridge fly over their heads. It scared them so badly that they began to flee in all directions!

The mountain ridge flew further towards the leopard emperor!

Suddenly, an abnormally black figure leapt out. From a distance, it looked like a black speck. However, its incorporeal majesty was much larger than the flying mountain much larger in size than it!

The astonishing flying mountain abruptly came to a halt. Numerous fissures appeared on the mountain, quickly spreading!

“Beng!!!!!!!!!!!!” an enormous sound reverberated around the heaven and earth. The entire mountain exploded under the black figure's attack. It transformed into countless pieces of rock that flew everywhere!!

“Long long long!!!! Long long long!!!!!!!!!!!!”

Each piece of rock was incomparably large. They fell down from the air, causing deep craters in other mountain ridges. It was like a meteor shower that blew up the surrounding ground.

As for the leopards following beside their emperor, the flying shattered pieces of the mountain crushed them to death!

The energy that had crushed the mountain transformed into a wave of air that swept through the pitch black mountain ridges. Not long later, it reached Chu Tianheng and the others who were far away, nearly knocking their soul pets over!

“Too terrifying!!!” Chu Tianjue swept his eyes over the enormous rock that had fallen here and his heart trembled as he spoke.

This was the first time these old men had felt an emperor rank’s strength so close. The feeling of minuteness in their hearts involuntarily arose!

This was an attack five to six thousand meters away. The scene of the mountain blowing up in the night sky caused a huge blow. What could they do in front of such strength?! It would all be futile!

Outside the Barbarian Valley, the Chu Family members that had remained to watch transformed into statues. Shock layered their faces. The clash had occurred dozens of kilometers away, but everyone’s hearts were violently trembling!!

Chapter 630: Barbarian Mountain Leopard Emperor, Emperor vs Emperor (2)

“Hou~~~~~”

The aura of a tenth rank wind type technique swept in from the distance. It carried sand and rocks with it, screaming and whistling!

The leopard emperor was displaying its might towards Mo Xie!!

The aura even devoured a few weaker starlights, covering everyone’s field of vision. The people far away in Barbarian Valley were no longer able to see the stars clearly and could only see this turbid aura!

“Wu wu~~~~~”

Suddenly, in the turbid night sky, a dark fed figure with nine gorgeous long tails rapidly lit up the clouds in the sky with its sin flames blossoming in the darkness. Slowly, it created a huge sea of fire in the night sky that gorgeously burned above the mountains!

The sin flame sea was Mo Xie's domain that had lit the entire sky on fire by brandishing her nine tails!

Barbarian Mountain's Leopard Emperor didn't dare take Mo Xie's flames head on. Its ostentatious black boned wings that reached twenty meters in length retracted and its body suddenly dropped onto a mountain ridge!

The leopard emperor was a pure beast creature. Although its physical composition was not as incredible as a mixed-blooded soul pet, its strength was extremely tyrannical. Just from dropping to a mountain ridge, it crushed the mountain!

"Young master, this fellow's explosive strength is very strong. If it's storing its strength, you absolutely cannot fight it!" Old Li said to Chu Mu. Chu Mu nodded his head. If Mo Xie only had beast type strength, her fighting strength rank would be a little bit lower than a pseudo monarch. She needed the other two secondary attributes to truly be an emperor. Therefore, Chu Mu could not allow Mo Xie to fight the leopard emperor head on!

Mo Xie didn't have wings and could only step on the air for a temporary amount of time. Seeing the leopard emperor fall onto the undulating mountain ridges, Mo Xie also dropped from the air and firmly landed halfway up the mountain on rocks. Her pair of silver demonic pupils stared at the leopard emperor a thousand meters away.

The leopard emperor's deep yellow eyes released a savage glint. Chu Mu was able to tell its coldness from its eyes!

Chu Mu could see what the leopard emperor looked like. It was about five to six meters long and was all black, as if its body was cast out of black steel.

At the location of its feet, bone spurs spiked outwards. They were incomparably sharp. Its emperor bone claws were buried in the rocks and he could see deep claws marks on the rock!

The leopard emperor didn't have anything superfluous on its body. It was a pure black leopard, something numerous commander rank soul pets also were.

However, at the back of its strong body were bone wings formed by countless protruding bone spurs!!

These bone wing were half-retracted right now, but if they were to unfurl, they would resemble two black swords on its back. They were imposing and tyrannical and accentuated its might, wildness and killing intent!

Chu Mu was certain that this was its strongest weapon, and it was not inferior to Mo Xie's fox monarch nine tails!

“Hou hou~~~~~”

The leopard emperor issued a roar to Mo Xie from a distance!!

The roar carried a special mental force. Clearly, it was speaking to Mo Xie!

“Young master, the small fox's species rank is still of a monarch and she's being looked down on by this emperor. Most importantly, the small fox still hasn't reached the tenth phase.” said Old Li.

If Mo Xie hadn't released her multiple attributed aura, she really would've only possessed a monarch rank aura. Presumably when the leopard emperor had made its way over and saw that Mo Xie was only a monarch, it naturally looked down upon her!

“This piece of trash; so arrogant!!!” even Chu Mu could feel the arrogance from the leopard emperor's eyes and he bluntly cursed it!

“Wu wu~~~” Mo Xie's anger was ignited. So what if it was a monarch? It's fighting strength was comparable to a low class emperor!!

If she was able to reach the tenth phase, Mo Xie would be able to annihilate this pseudo emperor in a few techniques!

Therefore, being looked down on by the leopard emperor with lower fighting rank strength made things unforgivable for Mo Xie who was naturally prideful!

“Mo Xie, use sin imprint. Let it witness a low class emperor’s strength. Crush this bastard!” said Chu Mu.

“Wu wu wu!!!!!!”

The dark red colored sin flames slowly receded into Mo Xie’s body and mask-like dark red sin imprints began to slowly appear all over her silver body!!

Mo Xie’s true species was a Seven Sins Fox because it was a legendary soul pet that had been sealed to a monarch in order to atone for its sins!

The sin imprints strength was the accumulation of nearly a thousand eons of atoning for its sins. When the Seven Sins Fox undid its shackles, its strength truly surpassed that of a monarch!!

When she had sin flames, Mo Xie wielded an emperor’s flames filled with might, honor and dignity. But when she had the sin imprint, she would break free of a fox monarch’s shackles, imbuing her with demonic strength, wildness and sins!

The leopard emperor was standing on top of a thousand meter mountain and when it witnessed Mo Xie’s transformation, its yellow eyes changed from contempt to slight fear!

Mo Xie using sin flames was a pseudo emperor!

A ninth phase pseudo emperor in front of a tenth phase pseudo emperor truly was of no intimidation.

However, Mo Xie using sin imprints was a low class emperor!

A ninth phase low class emperor’s strength was in no way inferior to a tenth phase pseudo emperor. Moreover, the strength a low class emperor wielded was often something many pseudo emperors had no chance of stopping!!

“Wu wu wu wu!!!!!!!”

The flames on Mo Xie’s nine tails completely disappeared. In its place appeared incomparably demonic sin imprints. They not only didn’t weaken the boundless and majestic aura from her nine fox tails, but instead added a wild and prideful nature to them!

“Mo Xie, sin imprint nine tails!” Chu Mu gave an order to launch an attack first at the leopard emperor looking down on them!

The dark red sin imprints on Mo Xie’s body were completely under her control. By the time she reached the mountain ridge, a death flower-like sin imprint appeared under her feet. It allowed her to step on the air as if she was stepping on land and moreover left a few cracks in the air!!

Her nine long tails fluttered behind her as she ran. They looked to be wantonly fluttering in the air, but instead, they were rapidly crisscrossing in the night sky as sin imprint strength gathered at her tail!!

“Beng!!! Beng!!!! Beng!!!!!!!!!!”

The nine tails smashed towards the leopard emperor together. Immediately, enormous spatial sin imprints appeared. Each sin imprint was able to destroy space and even more so this weak mountain!

The nine tails continuously attacked, but the leopard emperor didn’t dare try to stop them. Instead, it agilely dodged in between her tails!

However, even if it had even stronger dodging abilities, it still would not be able to dodge the final largest sin attack formed by her nine tails together!

“Beng!!!!!!!!!!”

The final sin attack landed on its body and scars immediately appeared on its body. Its skin instantly ruptured and blood began to seep out!

“Hou hou hou!!!!!!!!!!”

The leopard emperor never imagined that a ninth phase perfect monarch would be able to damage it. Its angry roar also carried a bit of embarrassment. It angrily lept up and the two black swords on its back completely unfurled!!

“Shua!!!! Shua!!!!!!!”

The two wings intersected with each other as two markings appeared visibly in the night sky, chopping towards Mo Xie’s nine tails!!

Mo Xie quickly retracted her nine tails while also making them as supple as ribbons, fluttering about. The strength that was capable of razing mountains swept past Mo Xie’s fluttering tails, merely cutting off a few silver hairs!

“Hou hou hou!!!!!!”

Another roar rang out. After the attack ended, the leopard emperor abruptly jumped up and launched itself at Mo Xie. Its claws filled with bone spurs gathered some black colored energy as it attacked Mo Xie!

“What a crafty fellow. It was unexpectedly gathering strength just now!” Chu Mu was shocked!

The leopard emperor had indeed been looking down on them, but was gathering strength. It waited for Mo Xie to finish dodging before launching an attack at her!

In terms of body composition, Mo Xie was definitely inferior to the leopard emperor and thus could not fight it head on. Especially against this very obvious close-combat technique!

“Mo Xie, Nine Tail Confusion!”

Chu Mu had Mo Xie use her inherited Nine Tail Fox dodging technique.

Unfurling her nine tails, Mo Xie hid her body among these incomparably supple tails.

After reaching the emperor rank, Mo Xie's Nine Tail Confusion was imbued with a demonic illusion effect. When her tails extended, her nine tails transformed into eighteen tails. Her eighteen tails then split apart into even more illusions. Her tails grew increasingly in number and the leopard emperor had no clue what was real and what was fake!

“Hou!!!!!!!!!!”

The leopard emperor disregarded the illusions and its claw attack range suddenly increased. It unexpectedly attacked all of the confusing illusions Mo Xie had created!!

A claw blade that spanned nearly a thousand meters appeared. It swept through the mountain ridge and shockingly tore open the night sky!

All of the illusory tails Mo Xie had created were attacked and disappeared after the imposing strength swept across them!

The leopard emperor's cold eyes looked on. It didn't matter what was real or fake. As long as it attacked all of them, it was bound to attack the true body. The leopard emperor was sure Mo Xie would be injured!

“Shua!!!!!!”

Finally, all of the confusing sin imprinted tails disappeared. The leopard emperor was certain Mo Xie's body was hidden among the illusory tails; however, the technique continued to pass through the sky, not hitting anything. Instead, it left a huge gulch in the ground!

“Wu~~~~~”

Behind the leopard emperor, Mo Xie suddenly appeared and nine real tails began to slowly unfurl!

All of the nine tail illusions had been illusions. Therefore, everything the leopard emperor had struck was illusory. Moreover, after its stored attack, it left open a gap!

“Sin Imprint Claw!!”

Chu Mu gave Mo Xie an order!

The sin imprints on Mo Xie's body had already extended to her claw. Its strength emerged as Mo Xie swiped her claw. Instantly, wilted death flower sin imprint was torn open in the night sky. The leopard emperor which hadn't been able to react in time received this sin imprint attack and its body began to rupture from the inside!!
