

Soul Pets Bk2 641

Chapter 641: Kingdom Lord's Scheme, the Chu Family's Predestined Fate

"Then where is this great hero? Can you invite him over?" Luo Hei swept his gaze across and slowly spoke.

Everyone looked around, searching for Chu Mu. But Chu Mu wasn't among them.

"Senior Kingdom Lord, some illness has emerged among the people here, and Chu Mu had gone to another city to find medicine for it." Chu Tianheng stepped forward and spoke.

Although Chu Tianheng had lowered his head, his eyes were staring up, and he was carefully examining the expression from these two seniors.

When Luo Hei and Sun Qiming heard that Chu Mu wasn't here, their faces grew much darker.

Both of them were very clear that a spirit source was extremely valuable. If a spirit emperor obtained it, he would definitely flee right away, and not give others the chance to steal it. Therefore, when the two of them heard that Chu Mu had left, they naturally thought that Chu Mu had fled.

"Hmph, he fled so quickly!" Luo Hei sneered.

"It seems that we were a step too slow, and gave this criminal the chance to escape." immediately said Sun Qiming.

The words of these two seniors immediately made everyone confused. The hero to them, Chu Mu, had suddenly become a criminal in the Kingdom Lord and Senior Sun's eyes. Moreover, they claimed that Chu Mu had fled?

"Senior Kingdom Lord and Senior Sun, why do you call the person who saved us a criminal?" Chu Tianheng raised his head and stared at these two spirit emperors.

"Yes, Chu Mu saved all of us. He's our guardian angel. How can he be a criminal?" the Chu Family was unhappy.

“Truly stupid civilians, even consecrating him as a hero. Could it be you never thought of how this disaster had occurred?!” Kingdom Lord Luo Hei emphasized these words and immediately, a powerful soul remembrance weighed down. It caused everyone from the Chu Family to not dare say another word.

“Isn’t this a natural disaster?” Chu Tianlin had his family calm down and asked a question.

“Natural disaster? What a joke!” Luo Feng mocked.

Sun Qiming said: “After the fight these past few days with Western Marsh, we’ve become aware that the Western Marsh has come to Barbarian Mountain Range for the huge resources which were hidden here. However, these resources were mysteriously taken away, causing the spirit energy to spill out.”

“We should have originally reported this matter to other kingdom members so we could join together to deal with this. However, some person has embezzled the resources, and didn’t tell anyone. This has caused the Western Marsh to arrive first and engulf Western Kingdom. This disaster isn’t a natural disaster but a human-caused disaster!

“Even now you’re still in the dark about this and have consecrated the person who caused this disaster as your hero. If the two of us didn’t come to expose this, how long would you be deceived for?” Luo Hei said in a righteous tone.

Luo Hei’s words immediately sent the Chu Family into a panic!

“The disaster... was the disaster truly caused by Chu Mu...”

“That’s impossible. How could Chu Mu be someone who would do something to upset both the common people and the heavens.”

“Senior Kingdom Lord, there could be some mistake here, or it could be the fault of someone else.” Chu Tianling hastily defended Chu Mu.

“Hmph, do you think that people who are capable of annihilating the leopard tribe can be found anywhere? Moreover, the resources that triggered the Western Marsh disaster have been taken. It’s definitely all on him.” coldly said Sun Qiming.

“This... after annihilating the leopard tribe, Chu Mu had really been missing for a period of time...” softly said an outsider.

Luo Hei maintained a cold facade and emphasized: “In the entirety of Western Kingdom’s southern side’s three regions, over half of the population has perished. How many people have died because of his crime!! Doing such a nefarious act in my Kingdom... even if I have to chase him to the ends of this world, I will bring him before justice.”

“He used you to hide him and act as a shield, hoping that you wouldn’t realize. As long as you tell us the direction he went, not only will we not pursue this matter with you guys, but we’ll also think of a way to save you from here.” said Sun Qiming.

These words stunned everyone in the Chu Family. They had completely overturned Chu Mu’s image in their hearts!

“Impossible. Chu Mu would never do something like this.” Chu Xian shook her head and determinedly refused to believe their words.

“Senior Kingdom Lord, you must carefully investigate this matter. You absolutely cannot accuse someone wrongly.” most of the others didn’t believe either.

Luo Hei and Sun Qiming’s faces changed. They never expected these people to be so obstinate!

It seemed that Chu Mu really had formed a very good impression in their hearts. Even they, with their statuses, were unable to make these people come to a full belief.

Seeing that they were so obstinate, Luo Hei and Sun Qiming faintly felt like they were going to erupt!

They had come up with this allegation in order to find out the location Chu Mu went, and they were also planning to spread this story to the outside world and shift the blame to Chu Mu.

Of course, due to Qiu Di’s relationship, Luo Hei and Sun Qiming didn’t plan on letting the Barbarian Valley people survive. If they did, it would be easy to determine the truth.

“All of you shut up!”

Suddenly, a voice rang out through the tent. Immediately, this suppressed all of the hubbub in the Chu Family.

“Family leader...” everyone’s eyes quickly fell on Chu Tianheng.

Chu Tianheng gritted his teeth and said: “This matter truly has something to do with Chu Mu. He previously inadvertently mentioned this matter to me. At the beginning, I didn’t understand the relationship behind this, but now that the two seniors have come forth to speak about it, this disaster was truly the cause of Chu Mu’ mistake.”

“Family leader!”

“Tianheng!!”

“Big brother, this... why would you believe that...”

Everyone was shocked. They never expected Chu Tianheng to say something like that.

Luo Hei and Sun Qiming immediately revealed traces of faintly discernible smiles. It seemed that this family leader was very tactful.

“You leader is very smart. Then, family leader, do you know where this man named Chu Mu went? If we can capture him, it will be merit for you.” Luo Hei finally wore a smile as he spoke.

“Senior Kingdom Lord, he went to Nightmare City. Previously, I found it strange that he went to the further Nightmare City instead of the closer Luo Region City to find medicine. So it turns out he fled. As for whether he truly went to Nightmare City, I’m not too sure...” said Chu Tianheng.

“Nightmare City?” Luo Hei’s face immediately changed. He silently conjectured whether Chu Mu was from Nightmare Palace. If he was, then it would be a bit troublesome to deal with him.

“Seniors, previously I was hidden in the dark and mistakenly saw the criminal as a hero. It was us that was stupid. Please don’t worry, seniors. I, Chu Tianheng, will definitely represent the Chu

Family in exposing his crimes. Moreover, Seven Color City's people all know of his true appearance. I will inform them all of this disaster's criminal." said Chu Tianheng.

Chu Tianheng's words immediately angered many of the Chu Family. They understood that if Chu Mu really was the criminal, he could have just taken the item and fled. There was no need to protect them; they were just a burden. Therefore, even if the disaster had something to do with Chu Mu, they believed that it was an unintentional mistake from him, and he truly wanted to protect the Chu Family.

Luo Hei and Sun Qiming looked satisfactorily at Chu Tainheng, and began to converse with soul remembrance.

"This Chu Tianheng is very tactful. We can use him to disseminate this matter and shift the blame to Chu Mu. We may not be able to obtain the spirit source, but we definitely won't be blamed." Sun Qiming used soul remembrance to speak to Luo Hei.

Luo Hei was presently worried about people investigating matters after this disaster. Fortunately, these thirty thousand Seven Color City citizens could act as the perfect testimony. If they could really make them believe that it was all Chu Mu's doing, they wouldn't have to kill them.

"I don't know what relation Liu Di has with the Chu Family. Moreover, Chu Mu is also surnamed Qiu, so he presumably has some relation with the Chu Family. If there really is a relation, this family leader could be intentionally tricking us..." said Luo Hei.

"Then let's leave them for now. In any case, Liu Di won't return for another ten days. Let's get a better understanding of the situation first. It won't be too late if we take action then." said Sun Qiming.

"That Chu Mu seems to really plan on saving these people. If this Chu Family really is his family, then he will definitely come back. We can wait here and spread our net. We can leave them alive to force him to hand over the spirits." Luo Hei nodded his head.

The two of them had a discussion and came to a conclusion.

Promptly, Luo Hei said: "We will rescue you out of this valley as soon as possible. However, Western Marsh's influence is still too big. You still need to wait here for a period of time.

“We will wait here patiently. We would just trouble Senior Kingdom Lord to think of a way to give us medicine to stifle the illness.” said Chu Tianheng hastily.

“Ok.” Luo Hei responded, “We’re going to clear up Seven Color City’s disaster right now. You must absolutely not leave the valley.”

.....

After the two seniors left, inside the big tent, everyone’s faces were dark. They all glared silently at the family leader, Chu Tianheng.

Chu Tianheng didn’t say anything about it. He just had them continue doing what they were doing. He ignored their voices of protest.

.....

“If you want to trick the enemy, you must first trick you own people.” Chu Tianqi used soul remembrance to speak to Chu Tianheng who was leaving.

Chu Tianheng stopped and looked at Chu Tianqi. With a bitter smile he said: “You saw?”

“Luo Region Sect’s people planning on governing our Seven Color City is proof that the Kingdom Lord already knew of the resource. The so-called spirit energy leaking was very well caused by them. Now, they want to shift the blame to Chu Mu.” Chu Tianqi nodded his head and conversed in soul remembrance with Chu Tianheng.

“Mhm, if we didn’t cooperate, they may have killed us to silence us. We can only delay them right now. Tianqi, go and inform Chu Mu’s Devil Tree Battle Soldier that he hid in Barbarian Valley. See if it can communicate with its master.” said Chu Tianheng.

“Big brother, this time could truly be our Chu Family’s calamity and disaster. One mistake, and we could all perish.” Chu Tianqi was gloomy.

“We’ll get past it.” Chu Tianheng patted his fifth brother, Chu Tianqi, on the shoulder.

Chu Tianheng was presently walking to the tent of the Great Chu Family's four masters.

Chu Tianheng understood that if he wanted to completely hide this matter, he would have to first kill Luo Region Sect and Merchant Alliance's people.

Therefore, before Kingdom Lord Luo Hei and Sun Qiming could silence them, Chu Tianheng had to silence these two groups of people, taking advantage of the fact that those people did not know they were in Barbarian Valley yet.

"How can this be?! This Luo Hei truly isn't a person!!" Jian Shang was the first to jump up!

Jian Shang thought he only pretended to be virtuous and loved taking advantage of others. However, he couldn't stand such a rude thing. Today he finally saw Western Kingdom Kingdom Lord's true face!!

"Family leader, don't worry. We'll get things done very cleanly. After all, this matter concerns our life and death!" said the old lecher, Zhang Ying.

Chapter 642: Nightmare Palace's Female Soul Teacher, Jian Qin

.....

Nightmare City

It wasn't long after Chu Mu rode on the Night Thunder Dream Beast into Nightmare City when he obtained the Devil Tree Battle Soldier's terrible news.

It was impossible for a soul pet and soul pet trainer to communicate from such a long distance. However, Chu Mu could detect how far away his soul pet was from him.

Therefore, Chu Mu had previously told the Devil Tree Battle Soldier that if something unexpected occurred, it should travel in his direction.

If a serious matter occurred, for example if Barbarian Valley was met by an attack, the Devil Tree Battle Soldier would move further away from Chu Mu. This would indicate to Chu Mu that he should immediately head back.

Chu Mu could sense that the Devil Tree Battle Soldier had moved towards him, meaning that something happened in Barbarian Valley, but he still had a bit of time.

“Western Kingdom is fighting with Western Marsh, and Western Marsh doesn’t have the ability to spare forces to for Barbarian Valley. Moreover, the Devil Tree Battle Soldier hasn’t fought yet, so what on earth has happened?” Chu Mu calmed down and pondered about what could have happened.

"There’s no point in thinking so much. I’ll find healing medication first then exchange for the spirit items the White Nightmare needs. Then I’ll immediately head back to Barbarian Valley.” said Chu Mu.

Chu Mu was in Nightmare City and had to finish these two tasks. Otherwise, the Chu Family would be wiped out by the illness while trapped in Barbarian Valley.

.....

Chu Mu still had his seventh rank title Nightmare Prince identity title, so entering Nightmare Palace was extremely easy.

“Old Li, where should I go to exchange? Are spirit emperor exchanges different than normal exchanges?” said Chu Mu.

“Young master, you should wear a mask. You should avoid being recognized by others and pretend to be a wandering spirit master. This way, people won’t know what’s real about you and won’t dare find trouble for you.” said Old Li.

Chu Mu did as he said and bought a silver mask in a market. He also hid his aura.

Chu Mu was originally wondering what he should do in a spirit emperor exchange, but it turned out to be the same as a normal exchange and also in the same large hall.

Only, the spirit master exchange occurred in a special room. Most items were exchanged with other items. It was more rare to exchange using spirits.

Spirits were consumables and most spirit masters would keep them. After all, spirit sources were not found anywhere. This also meant that spirits were very popular to be exchanged for. They were not like other items that would stay here for a long time before being exchanged for.

As long as one had enough spirits, there would definitely someone who was willing to exchange and the price often wouldn't cause too much of a shock.

After Chu Mu wore the mask, the old man who recommended Chu Mu to the spirit emperor exchange room used a complex gaze to look at Chu Mu; but he didn't dare ask anything.

"Everyone calls me Old Shi. I'm equivalent to a custodian here. When everyone obtains a spirit emperor rank item, they will give it to me, and I'll create a list. If someone wants to exchange, I will notify the owner of the item, whose name will be kept a secret. I act as a middle man, but even if you were to point a knife at my neck, I still wouldn't divulge the owner's identity." Old Shi ostensibly could see that Chu Mu didn't really understand spirit emperor exchange systems. Thus he gave a very cordial introduction.

At this moment, Old Li's voice rang out: "Young Master, the backings of these spirit emperor middlemen are powerful figures who control much of the economy. As long as it isn't above a fifth rank emperor spirit item, you won't have to worry about giving it to this old man to watch over. You won't have to worry about him stealing it. Aside from Nightmare Palace, the various large factions all have people like this. Once every while, these middlemen will convene together and will help the people who stored their items with them exchange them. Of course, many spirit emperors will appear when that happens and when they find something they like, they will purchase it with spirits. If they don't have spirits to exchange and use items, the big factions will have an old appraiser to appraise the value of the item."

Chu Mu nodded his head. He didn't have the heart to fully understand the spirit emperor exchange system. Promptly, he got straight to the point and inquired if there were spirit items that had a hundred percent chance of strengthening a peak monarch rank White Nightmare to an emperor.

"A hundred percent? An item like this will be extremely expensive!" Old Shi emphasized.

"Do you have it or not?" Chu Mu also added emphasis.

“This... we do have it, but it’s not easy to be exchanged for.” said Old Shi.

Spirit items that strengthened a White Nightmare were best-selling and practically all spirit emperors in Nightmare Palace would fight for an item like this. Who would be willing to give one away to exchange?

Moreover, people who did sell a mainstream emperor spirit item like this would always try and make a profit by raising the price.

“I’ll use spirits to exchange for it!” said Chu Mu.

“Spirits!” Old Shi’s eyes lit up, but he quickly coughed, covering up his fervent expression. He said: “Are you clear how many spirits are required to exchange for a White Nightmare Soul?”

“Give me a number.” said Chu Mu.

“This...” Old Shi’s eyes spun and he hesitated before saying, “Twenty thousand spirits!”

Twenty thousand spirits happened to be the standard price, and Chu Mu didn't feel that the old man’s price was unreasonable.

“I want to immediately obtain this item.” said Chu Mu.

“If you can immediately give me twenty thousand spirits, I will immediately give you the White Nightmare Soul.” the old man bluntly said.

The old man had been paying attention to Chu Mu’s eyes under the silver mask. The old man felt that this man truly had spirits, but didn’t have too many. As for being able to hand over twenty thousand spirits at once, this old man didn’t have too much hope of this.

How many kingdoms, spirit sources and years of accumulation were required to gather twenty thousand spirits? Moreover, the spirit emperor’s soul pets that occupied said spirit sources also would have to not eat.

These past few years had been in turmoil, and spirits were lacking. The old man knew that spirits were rare and precious. Unless someone slaughtered their way into a forbidden region, normal spirit emperors were unable to mysteriously obtain twenty thousand spirits. At least in Western Kingdom it was impossible.

“If you don’t have this many, take out as many as you have. The remaining amount can be exchanged with using mainstream emperor spirit items. Of course, you must have at least ten thousand spirits. If you don’t have that, you will have to give a little extra.” the Old Man saw that the opposing party had hesitated and gave Chu Mu a way out.

Chu Mu had hesitated because he was conversing with Old Li. Since this exchange had authority and had safeguards, Chu Mu directly handed over the spirit spatial ring.

“You can use soul remembrance to search. There are twenty thousand spirits inside!” said Chu Mu.

The Old Man looked a bit surprised, and he quickly used spirit remembrance to search.

The old man was suspicious at the beginning, but when he felt the enormous spirit energy in the spatial ring, a shocked and excited expression appeared on his face.

“These really are spirits. An entire twenty thousand spirits. Not even one fake one!” this old man had spent half his life doing this job, so how could he have counted the spirits incorrectly? His eyes lit up, and he became much more cordial to Chu Mu!

This Nightmare City was incomparable to a large city like Tianxia City and twenty thousand spirits could be considered a huge amount. Selling them in batches would allow one to obtain much profit!

.....

The exchange went very smoothly. When Chu Mu handed over the twenty thousand spirits, the old man immediately gave the White Nightmare soul to Chu Mu.

Chu Mu had previously already obtained a spirit item that could refine souls. This was an item that could strengthen the White Nightmare’s soul, and was the most efficient strengthening method for a creature that devoured souls.

After Chu Mu obtained the emperor rank White Nightmare soul, a smile rose on his face.

Subsequently, Chu Mu only had to raise himself to the spirit emperor level before being able to evolve the White Nightmare to the emperor rank. The most important thing was that the emperor rank White Nightmare would have a secondary attribute, making its strength more powerful than normal pseudo emperors. There was a chance it would be able to fight one versus two!

Of course, Chu Mu would also be able to evolve it right now. He only needed to have confidence in his soul remembrance at the ninth remembrance spirit master rank being able to suppress an emperor rank first rank White Nightmare Soul and imbue it into the White Nightmare's soul.

However, if he attempted it at the ninth remembrance, there was a chance the hundred percent effectiveness spirit item would fail.

.....

Time was running short, so after Chu Mu left the spirit emperor exchange, he took off his mask, and immediately issued a huge gold reward for the medication; he also detailed the situation of Barbarian Valley's illness.

The reward amount was enormous, and not long after Chu Mu issued it, a female soul teacher from Nightmare Palace appeared.

This female soul teacher was beautiful and elegant. She gave people the feeling of refined beauty. Chu Mu was surprised that Nightmare Palace would have a soul teacher like this and he indistinctly felt that he had seen this female soul teacher somewhere before.

"Hello, I'm called Jian Qin. I am a soul teacher about to reach the ninth rank. Where is the illness you speak of?" asked the woman called Jian Qin.

"It's in Western Kingdom Western Region Seven Color City." Chu Mu knew that the situation was pressing so he didn't hide anything.

"Seven Color City? Hasn't that place fallen? You're telling me there are survivors there?" immediately asked Jian Qin.

Chu Mu knew that if he wanted to eradicate the illness, he had to describe the situation to the soul teacher. Thus, he explained the situation of the fortunate thirty thousand survivors from Seven Color City. He also described the symptoms of the illness.

“Purely from your description, an even stronger soul teacher would not even be able to concoct a medicine for this. I can only go myself to diagnose it.” said Jian Qin.

“This... can Young Lady Jian Qin come with me to Barbarian Valley? There are thirty thousand people there, and the illness rank is very high. If we don’t solve this in ten days, I’m afraid many people will die.” Chu Mu earnestly said.

Chu Mu was clear that if the illness continued to spread, even the Chu Family’s lives would be threatened. He had to immediately deal with it.

“That place has been surrounded by the Western Marsh Tribe. Nightmare Palace temporarily cannot dispatch experts to protect me as I go to Seven Color City. Even if I wanted to go...” said Jian Qin.

“I can guarantee your safety.” Chu MU hastily said.

Chu Mu could see that this soul teacher seemed to really care about the survivors.

Jian Qin blinked her eyes, and she looked at Chu MU. She didn’t seem to believe that the young Chu Mu would be able to protect her as they passed through a tribe.

“I will give you a large reward, and I will pay for all of the necessary ingredients. Just tell me what you want to bring.” Chu Mu had been with Ye Qingzi for a long time and knew that medications required a large amount of materials.

“I only want to save them. This isn’t a problem of the reward. As long as you can guarantee that I will be able to safely enter Barbarian Valley that you spoke of, I am willing to follow you.” earnestly said Jian Qin.

.....

Chapter 643: Seething with Anger, Chu Mu

“Young master, Elder Liu already told you that you can continue to use Chu Chen. Just tell this girl your identity as Chu Chen. A young soul pet trainer and soul teacher like her definitely comes from Tianxia City too.” Old li said.

“This is Nightmare Palace, is using a soul palace identity good?” Chu Mu asked.

“Stay at ease. Hai Qiu, that old fellow, knows your identity as a son of a Noble one, and will only be extremely polite to you. Adding on the little princess’s relationship, as long as you don’t do things blatantly, you should be fine in Nightmare Palace.” Old Li said. Chu Mu nodded. He realized that taking out his identity of Chu Chen was indeed a lot more convenient. After Qian Qing saw Chu Mu hesitate, she said lightly, “if you can’t do it, Qian Qing really can’t do much.”

“I am Chu Chen. if you believe in me, then immediately come with me to barbarian valley. The plague truly is pretty severe.” Chu Mu said very directly. “Chu Chen?” Qian Qing didn’t immediately realize at first. After all, there wasn’t a Nightmare palace young generation expert with that name. However, with some thinking, Qian Qing’s face slowly revealed shock, her spirited eyes staring wide-eyed at Chu Mu. After looking him over up and down, she finally said, “You’re soul palace Chu Chen? The person who won the final honor of second and first tier?”

“En.” Chu Mu nodded. Qian Qing indeed came from Tianxia City. She in fact as a first tier competitor herself, yet she didn't like participating in fights, so she always acted as a soul teacher that helped the people who participated in Tianxia Realm. The first time Qian Qing heard of Chu Chen wasn’t actually at the final honor ceremony. Instead, it was the fight against Jiang Yiteng. At the time, Jiang Yiteng, Xing Yang, and Lu Shanli were three second tier nightmare palace young generation experts who fought Chu Chen and were hurt, so she healed them. Since the man before her was Chu Chen, then Qian Qing naturally knew he had the ability to protect her to enter the valley.

“Lady Qian Qing, things are very pressing. There may be another danger in the valley that that could affect their lives. Please decide quickly. If you don’t trust me, Chu Chen, I will just have to find someone else.” Chu Mu said.

“En, en, I will come with you.” Qian Qing actually stared blankly for a while before reacting and saying, “I will have to prepare some things. Collect these things in Nightmare City; we may need to use it in barbarian valley.” As she spoke, Qian Qing listed out a series of medicinal ingredients that Chu Mu should gather.

Qian Qing's expression was clearly strange, but Chu Mu didn't think much of it. Taking the list, he immediately went to nightmare city great hall to look for related items. If the hall didn't have it, he would go straight to the nightmare city auction hall. Qian Qing didn't ask Chu Mu to collect anything extremely rare, and Nightmare City was larger than even the kingdom capital, so he quickly gathered all the materials.

When Chu Mu was waiting for Qian Qing in the auction hall, he happened upon a rare ghost type soul crystal. "Young master, buy that ghost type soul crystal." Old Li said.

Though Chu Mu still didn't know a lot about strengthening types, it clearly wasn't the time to ask. Instead, he should just collect all the ghost type soul items he needed. Ghost type soul crystals were obviously more expensive than mainstream soul crystals. However, soul items good for warrior rank soul pets wasn't expensive at all, so Chu Mu didn't even blink as he bought it and stashed it away into his spatial ring.

Qian Qing didn't make Chu Mu wait too long. Originally, Chu Mu thought Qian Qing would bring another person. After all, a woman like her was more or less taking a risk when going on a trip with a man of an opposing faction. Surprisingly, however, Qian Qing seemed to decide to travel with Chu Mu alone, causing Chu Mu to feel strange.

Chu Chen's identity was very famous in Tianxia realm, but he was still from soul palace in the end. This soul teacher was definitely an important character in nightmare palace. Chu Mu had no idea why this woman had this much confidence in him. Such a thing naturally wasn't something Chu Mu asked about. After buying a huge pile of medicine, water, and food, he left Nightmare city with Qian Qing.

"My soul pet is faster, you should get on too." After exiting nightmare city, Qian Qing summoned an inferno bird and signaled for Chu Mu to retract his night thunder dream beast. Qian Qing's inferno bird was top tier monarch rank. This was surprising for Chu Mu. Since she was an expert with top tier monarch rank, why didn't she appear in Battle of the realm?

Chu Mu knew that flying would be faster, so he leaped onto the inferno bird's back and flew towards the barbarian valley with Qian Qing. "Able to have emperor rank soul pet, why don't you have a suitable wing type soul pet?" After the inferno bird flew, Qian Qing asked curiously.

"I haven't met any I really find suitable....." Chu Mu explained briefly. Hidden dragon species could fly, but weren't wing type soul pets. They could fight in the air because of their powerful bug and beast type abilities. However, with similar strength, if they fought against wing type soul pets, they would be at a slight disadvantage..... Chu Mu didn't speak much, and Qian Qing seemed to

be a quiet girl too. Both of them were speechless throughout the journey, with Chu Mu even directly entering cultivation state. Qian Qing also closed her eyes to rest, but one could tell she was very curious about the man who won the first tier final honor, as she occasionally stole glances at him.

.....

After around eight days, Chu Mu finally returned from his trip to the Nightmare city and back. What caused Chu Mu to be surprised was that the western region that seemed to be completely occupied by the western wetlands showed signs of retreat. When Chu Mu exited the barbarian valley, he had to use quite some effort. However, on the way back, it was much more relaxing. Chu Mu didn't even need to call Mo Xie out to scare the lizard species, only needing White Nightmare to lead the way.

"Able to push back western wetlands in such a short time, an expert must have intervened. Maybe the people in barbarian valley are already saved." Qian Qing said. Though Qian Qing was in Nightmare City, she seemed to be very alert about the situation of Western Kingdom falling.

"If they were saved, that would be best." Chu Mu said. The plague in barbarian valley was mainly caused by everyone being locked long term in the stagnant and corpse-ridden air of the valley. If they could leave and breath fresh air, with some medicine, even if they couldn't completely eradicate the plague, it could stop the plague from worsening. When nearing the barbarian valley area, lizard species started appearing again. Chu Mu and Qian Qing didn't dare fly overhead openly, so they fell down and decided to walk the mountain routes.

When nearing the barbarian valley mountain, Chu Mu could already communicate with his devil tree battle soldier to a certain degree. "They're still in the valley, and we have to enter from a different route because the valley entrance is sealed off." Chu Mu said coldly.

"Sealed off?" Qian Qing said questioningly. If a plague location were sealed off, it means it was being quarantined. If there was no other way, to prevent the plague from spreading, they may burn all the plague victims alive!

Chu Mu got some fuzzy information from the devil tree battle soldier, but he needed to make his way into completely understand the situation. The steep mountains of barbarian valley weren't a big trouble for Chu Mu. Very quickly, Chu Mu brought Qian Qing quietly into another part of barbarian valley. The barbarian valley tents were still gathered together. However, one could clearly tell from high up that a large group of tents were secluded in another area.

.....

“The aura of the plague soul pet is in the entire barbarian valley, and it isn’t a normal plague. This is much worse than what you described.” Qian Qing furrowed her brows as she looked at the pallid people in the simple tents.

“How is it like this.....I only left for eight days, there is no way it spread this quickly.....”

Chu Mu had never expected such a scene. Immediately, Chu Mu didn’t dare to hesitate and went straight to the large tent. Chu Mu switched attires so no one could recognize him. When Chu Mu brought Qian Qing into the tent, he found Chu Tianqi, Chu Tianlin, Chu Tianjue all on the ground.....

“Which family’s kids are so rude, coming in here randomly!” Chu Tianjue didn’t know who entered and quickly yelled out. Chu Tianjue seemed to have been holding this anger for a while, so he yelled very loudly. The others quickly reacted as well, turning to look at Chu Mu and Qian Qing who had just entered the tent. “What happened, why is the plague suddenly much worse?” Chu Mu immediately used his soul remembrance to tell everyone his identity.

Chu Mu was very careful, because the two experts that devil tree battle soldier mentioned could still be laying in ambush. “Chu Mu!!” Chu Tianheng was the first to react, his eyes tightly watching Chu Mu as he quickly ran up to him. Once others knew of Chu Mu’s identity, they all came over to surround him, as if they all saw hope itself.

“Uncles, please calm down and speak slowly.” Chu Mu forcefully pushed down everyone’s emotions with his soul remembrance, causing everyone to realize how they lost their composure. They all sat back down and told someone to guard the outside of the tent, letting no one in. Once that was in place, Chu Tianheng slowly started explaining all the events that happened with the arrival of kingdom master Luo Hei and Sun Qiming.

In the large tent, the temperature dropped very quickly. The anger in Chu Mu’s heart was already forming powerful resentment that caused the nearby air to change! “Unforgivable!!” Chu Mu’s entire person was ice cold, every word filled with killing intent. It has been incredibly long since Chu Mu had been this angry!!

Luo Hei and Sun Qiming pushing the blame to Chu Mu, Chu Mu could put aside for now. However, what was truly merciless and heartless was their attempt to lock away the entire barbarian valley to let everyone die painfully under the plague, an act that raised people’s hackles!!

Chapter 644: Strengthen Emperor Rank White Nightmare

“Great uncle, second uncle, sixth uncle!!!” At this time, a woman’s voice shouted shrilly and hurriedly.

“Truly nonsense. Who still has the energy to yell around.” Chu Tianqi quickly realized it was his daughter Chu Yishui’s voice, and quickly walked out of the tent. Yet, not after long, Chu Tianqi brought Chu Yishui into the tent. At this moment, everyone could sense the change of expression on Chu Tianqi’s face!

“Father he.....he.....he’s almost done.....” Chu Tianqi used the lowest of voices to announce this bad news. This sentence caused everyone to feel struck by lightning, immediately stopping everyone in their place!

Even Chu Mu forced his anger down and asked Chu Tianqi of his specific situation, “What’s wrong with grandfather!”

“Old man wasn’t feeling good before, and with the awful environment, he accidentally contracted the plague. This plague was already lethal for old people, and I asked kingdom master and Sun Qiming to bring the old man out before, yet they truly wanted to kill us all!!” Chu Tainheng’s entire body stiffened as his fists curled up very tightly, shaking slightly!

“First, bring me over to see him.” At this time, the silent Qian Qing spoke. Hearing Chu family’s conversation, she had a general understanding of the situation. She was incredibly angry at kingdom master Luo Hei’s actions as well, and she never would have expected there to be such a politician that acted with total disregard for his countrymen!!

Chu Mu knew the old man’s life was the most important matter at hand, so he quickly told Chu Yishui to lead the way and go with Qian Qing towards the tent Chu Ming as at. On the eighth day, half of Chu family’s soul pet trainers were infected with the plague. Only the spirit teachers and masters were still holding out. On the ninth day, another large group of people would probably be killed.

Along the way to Chu Mings tent, Chu Mu was again surprised to find that the pit originally filled with panther species was now filling up with normal resident corpses.....

“These are all the people that died from the plague. There are more than 5000 now. After tomorrow, the people who die will double because all of our medicinal teachers were taken away by the

kingdom master and Sun Qiming. Chu He and Chu Qian were also taken as hostage.” Chu Tianqi looked at the corpse pile full of all sorts of bugs and said through clenched jaw.

To save the seven color city residents, Chu Mu also spent a large amount of effort. Now that he saw a huge pile of corpses, most of which were old or female, it was incredibly miserable. His anger towards Luo Hei and Sun Qiming was also at a peak. Qian Qing bit her lips and didn't dare to glance at the corpses anymore, quickly following behind Chu Mu.

Everyone's emotions were at a low. When they reached Chu Ming's tent, and saw the old man laying there, barely breathing, his dry lips trembling, the decrepit and weakened state he was in while still suffering from the torments of illness caused all of them to feel heartbroken. Qian Qing knew the old man was in danger, so she quickly summoned her grass type soul pet and examined Chu Ming's body. After an inspection, Qian Qing quickly told her grass type soul pet to cast some techniques and also give the old man some life energy..... however, this series of healing didn't cause Chu Ming's situation to get any better.

“Young lady, it's fine.....” Chu Ming waved his hand weakly, watching as Qian Qing tried to cure him. Chu Ming knew Qian Qing was a very high ranked spirit teacher. However, the closer he was to death, the clearer his thoughts were. Chu Ming was very sure that his near-death state wasn't only due to the plague; he had lived to the end of his life as well.....

“Father, don't be like this. Chu Mu is already back, we have hope!” Chu Tainheng's eyes were red, quickly kneeling down beside Chu Ming. As the eldest son, Chu Tianheng was very ashamed of himself because in the last few years of his old father's time, he couldn't live it peacefully, instead being stranded in a simple tent stricken with illness.....

This time, Chu Mu's uncles also kneeled down to beg the old father to not give up.

“Please, believe in me old man, give me some more time and you can quickly be free to move around again.” Qian Qing quickly comforted as well. Chu Ming again waved his hand, his wrinkly eyes barely open as he said again breathlessly, “Even if you heal me, I won't have any more comfortable days ahead.....this way is fine..... this soul teacher should try to figure out how to save the others with plagues.....”

Since the old man's mind is made up, no one could stop him. Qian Qing got up, and looked at Chu Mu, saying in a low voice to Chu Mu, “The old man was already unwell before, so the plague took the remains of his life. Qian Qing, in reality, can't do much about it either, I'm very sorry.....”

Chu Mu stood by Chu Ming's bedside motionlessly, looking like a stern black statue. His heart felt unbelievably complicated right now. In front of him was an elder with no blood relation to him, yet it was his true family. Even though Chu Mu was trying his best to convince himself that the old man was dying peacefully and normally, but the rage in his body was already covering his entire body!

Grief and anger, these two emotions consumed him, causing him to be barely suppressing his emotions. "Chu Mu....Chu.....Chu Mu....." Old Chu Ming lightly waved for Chu Mu to come. "Chu Mu, grandfather is calling for you." Chu Tianjue quickly pushed Chu Mu. Chu Mu only then recovered from his emotional stupor, quickly walking in front of Chu Mu and half kneeling beside him, "Grandfather....."

"Don't be like this, child, control.....control your emotions....." Chu Ming quickly saw the emotions Chu Mu was hiding and lightly comforted him.

Chu Mu nodded, pushing down his near-erupting emotions.

"I, your grandfather, have squandered my life without much achievement, but I am proud to have you all as son and grandsons. Your father and you..... if possible, let everyone else in seven color city live..... but only do what you are able to" Chu Ming didn't speak much. In two short sentence, it covered a lot.

Chu Mu nodded heavily. Even without Chu Ming saying it, Chu Mu wouldn't have let seven color city or Chu family perish in this barbarian valley here!"

"You guys can leave.....I want to spend this last moment to talk with him....." After Chu Ming finished talking, he waved for everyone to leave.

"Him?" Chu Tainheng paused and suddenly realized. However, he found that the old man was staring into empty space and not at anyone, yet his eyes were showing complicated emotions that no one could read.

"You should leave, I have things to say to him, everyone leave....." Chu Ming repeated. This time, Chu Tainheng seemed to finally understand what he meant, his face showing a bitter smile.

"Grandfather, third brother isn't here....." Chu Tianheng was just about to say when Chu Tianheng immediately stood up to stop Chu Tianjue's words.

“Leave.....” Chu Ming continued to wave his hand. When Chu Tianjue was interrupted halfway, Chu Mu finally understood Chu Ming’s emotions. He specially glanced at everyone and noticed that everyone was silent, but holding expressions of helplessness, sadness, and bitterness. Finally, everyone left the tent. They knew that after they left the tent, they would never see the old man anymore, so everyone walked with heavy steps.

After leaving the tent, Chu Mu pulled Qian Qing aside and said very seriously, “Lady Qian Qing my grandfather wished for everyone to live. This plague is something I can’t stop.”

“I understand. I will try my absolute hardest to not let the old man leave with regrets.” Qian Qing understood Chu Mu’s emotions.

“Thank you, I, Chu Mu, owe you a favor.” Chu Mu said. After speaking, Chu Mu walked towards the cousins and uncles. Chu Tainheng and the folks all wanted to ask Chu Mu how to solve the problem in front of them.

“Don’t worry, I will deal with it completely. Kingdom master Luo Hei, Sun Qiming will all die!” Chu Mu said coldly.

“Chu Mu, don’t be rash. They are after all two spirit emperors and they have subordinates too. Tomorrow, the people outside the valley will kill their way in. They don’t plan to leave us alive past the ninth day. Chu Qian, Chu He, and Cu Lang with other young generation members were all taken captive.....” Chu Tainheng explained the situation to Chu Mu.

“I know what to do. Great uncle should partner with Lady Qian Qing to deal with the plague issue. Leave everything else to me!” Chu Mu said.

“Chu Mu.....” Everyone was still worried because they knew Chu Mu only had one emperor rank and couldn’t deal with two soul emperors. They didn’t want a young generation member like Chu Mu with limitless potential to have any accidents. But, Chu Mu didn’t say much, deciding to leave alone and not give anyone a chance to stop him.

.....

After the two events, Chu Mu had collected even more resentment, growing the devil inside himself. Chu Mu’s eyes were slowly burning with devil flames.

“Young master, please don’t use half devil. Soul alliance people are all trying to find the half devil. If you use it here, with soul alliance’s power, they will quickly track you down. Not only will you be heavily suspected, but your family may also fall too.” Old Li said.

“I know, I don’t need you to say that.” Chu Mu answered. Chu Mu still had half of the ground immortal ice, completely enough for him to use half devil again. But, kingdom master Luo Hei and Sun Qiming were residing in the middle of the humans of western region city and seven color city. Chu Mu’s half devil definitely would raise people’s attention, bringing the lead Soul Alliance lost at Tian Ting over to here.

“Then what do you plan on doing.....” Old Li asked.

“I will strengthen White Nightmare to emperor rank! No matter how hard the emperor rank nightmare soul is, I will take it down today.” Chu Mu said determinedly. Tomorrow, Chu Mu would make Kingdom Master Luo Hei and Sun Qiming pay the price!!

Chapter 645: Confrontation of Souls

A ninth rank spirit master seemed to only be a step away from the spirit emperor rank. However, the soul remembrance difference was enormous. It would be very difficult to guide an emperor item’s energy with ninth rank spirit master remembrance. Additionally, it could cause the energy to end up dispersing.

Fortunately, the White Nightmare emperor’s soul that Chu Mu had obtained only had one difficulty: the soul could potentially try and devour him, attacking his soul.

Only spirit emperor rank people would be able to withstand this kind of soul attack. Nonetheless, due to Chu Mu’s half devil transformation, his soul’s ability to withstand the Nightmare flame burning was very high.

The only problem right now was whether his weak ninth remembrance spirit master rank would be able to control an emperor Nightmare’s soul so that the White Nightmare would be able to devour it!

After Chu Mu left, he went in search of an area where no one would disturb him.

The emperor's soul was collected in a special soul device. When Chu Mu took it out, he summoned White Nightmare.

"The enemies are two spirit emperors, and they both have pseudo emperor rank soul pets. Moreover, their secondary pets have probably reached the peak monarch rank. Thus, they can summon a total of eight peak monarch pets..." Chu Mu spoke to the White Nightmare and the small Mo Xie on his shoulder.

"Nie nie~~" the White Nightmare cracked a smile and confidently told Chu Mu that it would definitely be able to subdue the emperor's soul!

"Wu wu wu~~~" the small Mo Xie also made some noise, and indicated for Chu Mu to calm his emotions.

Chu Mu had to succeed. Otherwise, everyone in the Chu Family and the citizens of Seven Color City would all perish tomorrow!

In the past, most of Chu Mu's strengthenings had had a hundred percent chance. Chu Mu would rarely have to worry about failure; additionally, even if he failed, the repercussions weren't serious.

Chu Mu had initially planned on gathering all the necessary spirit items and waiting until he reached the spirit emperor rank before attempting to strengthen. But now, the situation was dire and he had to strengthen at the ninth remembrance. Thus, exactly how much the chance of failure rose, Chu Mu was not too clear about. However, he understood that he absolutely could not failure because the repercussions were too high.

Chu Mu took in a deep breath. He knew that if his body contained any resentments while he was guiding the emperor's soul, it would instead help the Nightmare devour him. Therefore, it would also increase the chance of failure. He had to calm his state of mind.

A while later, Chu Mu's eyes returned to their normal tint. It was now that Chu Mu finally decided to begin!

"White Nightmare." Chu Mu had Mo Xie guard nearby, not letting anyone near. At the same time, he summoned the White Nightmare next to him.

Chu Mu cautiously opened the device and slowly released the emperor Nightmare's soul.

A biting cold emperor aura immediately covered the surrounding area, igniting the plants in this area with a serene devil flame!!

The emperor Nightmare's soul flames had enormous energy. Chu Mu shockingly discovered that when the aura proliferated, it burned everything within a thousand meters of him, while he himself was placed in an ocean of Nightmare flames!!

Since Nightmare flames could burn souls, this ocean of flames would cause extreme pain and suffering to a normal soul pet trainer. Only spirit emperor rank experts would be able to remain conscious in these devil flames!

“Nie nie~~~Nie nie~~~~~”

Once the emperor Nightmare's soul was released, it immediately let out a palpitating cry. It resembled a Nightmare that had finally been freed after being imprisoned for many years!

“Nie~~ Nie~~~~~”

The emperor Nightmare's soul quickly discovered Chu Mu, and instantly let out a nefarious laugh!

A wave of mental energy transmitted into Chu Mu's brain. The emperor Nightmare's soul was full of mockery, and it was clearly telling Chu Mu, “A mere ninth remembrance spirit master wants to control me?”

Before the Nightmare emperor had been released, it had been in a state of induced half-sleep. Nonetheless, it understood that its soul would become food for surviving members of its species.

However, after it was awakened, it joyously discovered the human and his White Nightmare that wanted to devour its soul still hadn't reached the emperor rank.

Two creatures that hadn't reached the emperor rank wanted to devour it? Its emperor rank arrogance began to baselessly mock and pressure the two of them!

“White Nightmare, devour it!” Chu Mu gave the White Nightmare an order!

The soul form White Nightmare didn't have any defensive or true offensive abilities. Thus, Chu Mu had his White Nightmare devour it!

The White Nightmare's body flashed and the nine underworld devil flames on its body began to overlap with the Nightmare emperor's soul!

The Nightmare emperor's soul was incapable of dodging and was quickly devoured by the White Nightmare.

However, Chu Mu was clear that it was far from this simple.

Chu Mu used his soul remembrance and his soul link with the White Nightmare to immediately enter its body!

"What powerful flames!!"

There was a wave of flames that struck him. The moment Chu Mu's soul remembrance entered, he immediately detected the soul remembrance backlash that struck his own soul!

Chu Mu utilized his soul remembrance guide. The White Nightmare needed to use Soul Devour; therefore, it had now become a contest of soul vs soul. As a soul form Nightmare emperor, it was naturally unafraid of Chu Mu and the White Nightmare's weak souls. It began to construct its own devil flame castle, not giving Chu Mu or the White Nightmare any chance to succeed.

Chu Mu's soul remembrance and the White Nightmare's soul also began to launch attacks, attempting to disperse its soul before devouring it.

However, Chu Mu discovered that each attack would only disperse a tiny amount of the emperor Nightmare's soul. At this pace, it would take a few months before they succeeded. Most importantly, Chu Mu probably didn't have enough soul remembrance to last this long.

In this situation, Chu Mu and the White Nightmare were in a bind.

“No wonder humans that haven’t reached the spirit emperor rank are unable to strengthen emperor rank soul pets. It’s not merely that the rate of failure increases, but that it’s impossible to accomplish!” Chu Mu’s heart was anxious as he spoke.

Soul remembrance could be compared to an arm, while the soul could be compared to a heavy piece of prey. If the arm didn’t have enough strength, how would it be able to lift the piece of prey to feeds its soul pets?

“Young master, after you release its soul, if you don’t succeed, it will flee. Don’t give up so easily!” Old Li’s voice rang out.

“Also, you must be extremely careful. Your body already has a Nightmare in it. If the emperor Nightmare’s soul merges into your body, it will transform you into a half devil. However, due to it being an emperor rank soul, it will be much stronger than you, causing your usual temporary half devil state to become permanent!!”

Old Li had emphasized this while Chu Mu was strengthening, because the chances of this weren’t high. Chu Mu’s soul remembrance had entered his soul pet’s body and unless the White Nightmare emperor had a method of utilizing the soul link between Chu Mu and the White Nightmare to forcible enter Chu Mu’s soul...

Chu Mu didn’t respond. He continued to concentrate on finding a gap in the emperor Nightmare...

.....

“What on earth happened?”

“I’m not sure. Just now a pillar of flames sprang up and burned a huge area before quickly disappearing.”

The flames are nothing. It’s the aura that is terrifying. I feel that my entire body is trembling.”

The abnormalities from Chu Mu strengthening the White Nightmare were detected by the Chu Family disciples. Many people went there to check it out.

“All of you return!” at this moment, a strict voice yelled out.

Nearby the dithering Chu Family disciples, Chu Tianlin appeared. They hastily bowed towards him before retreating.

Chu Tianlin watched these curious young soul pet trainers and helplessly shook his head. These people didn't know about tomorrow's huge crisis.

"Young Lady Jian Qin, this should be the aura from Chu Mu's White Nightmare, right?" Chu Tianlin glanced at the adjacent Jian Qin and softly spoke.

"Mhm, I also felt the Nightmare aura. However, this aura is extremely powerful." Jian Qin nodded her head.

Jian Qin had already ordered her grass type soul pet to find the cause of the illness. In order to treat it, finding the root was the first thing to do, otherwise the illness may come back.

Chu Mu?" not long after walking forward, Chu Tianlin astonishedly discovered Chu Mu standing on a spacious grassy patch of ground. Next to Chu Mu astonishedly was the nefarious White Nightmare!

The serene devil flames silently burned the surrounding hundred meters. At the very center of the flames was Chu Mu and his entire body was burning with white devil flames. It was as if a Nightmare had latched onto his body. Chu Tianlin was stunned by this!

"Don't go over!" Jian Qin saw that Chu Tianlin was about to rush over and she hastily stopped him.

"But... But isn't Chu Mu about to be burned to death?!" Chu Tianlin frantically said.

"He's using a Nightmare soul to strengthen a White Nightmare. It's an emperor Nightmare. If you go over, your soul will be burned to ashes." Jian Qin was a Nightmare Palace person, and obviously understood what Chu Mu was doing.

"We should leave this place and not let others near." said Jian Qin.

As she spoke, Jian Qin didn't stay there. She immediately turned and left. However, as she left, she intentionally turned back and glanced at Chu Mu. Her eyebrows were tightly knit together...

"Ninth remembrance spirit master... he wanted to strengthen it to an emperor White Nightmare even at this rank..." Jian Qin muttered to herself.

.....

The nightmareish ninth day finally arrived. The Kingdom Lord's lackeys that blocked outside the valley finally entered.

These lackeys were Luo Qiufeng, Luo Qiusheng, and other Luo Region Sect members.

Chu Tainheng had wanted the Great Chu Family's four masters to silence these people. However, they had already known of the Kingdom Lord and Sun Qiming arriving at the valley. They didn't succeed in killing them. Instead, they ended up telling Kingdom Lord Luo Hei and Sun Qiming about Chu Mu and the Chu Family.

herefore, Luo Hei and Sun Qiming took Chu Xian and others as hostages. The others sealed off the valley in order to cause the illness to torment them until death.

"We'll wait until sunset because by then, the only ones that remain will be soul pet trainers. We'll get rid of them, and our mission will pretty much be finished," said Luo Qiufeng.

"Yes, no one in the outside world knows about Barbarian Valley. Even if they do find Barbarian Valley, their deaths would have been because of the illness, and will have nothing to do with us. Hahahaha~~~" Luo Qiusheng nodded his head.

Chapter 646: Emperor, White Nightmare!

When dusk fell.

Due to the spreading of the illness, the people guarding the valley weren't willing to enter. Therefore, they had no idea what was occurring inside the valley.

Luo Qiusheng and Luo Qiufeng were both Luo Hei's lackeys. Their souls were wounded, but they each had a peak monarch rank soul pet. With this kind of strength, it was impossible for people in the valley to flee from them.

"They should pretty much all be dead. Let's enter." Luo Qiufeng said.

Luo Qiusheng nodded his head and swept his eyes over the other soul pet trainer sent by Kingdom Lord Luo Hei.

This soul pet trainer was called Qing Nan, and he was a capable underling. He had three peak monarchs. Therefore, with him, even if everyone in the valley combined their strengths, it would still be impossible to escape.

Qing Shan was short, and his eyes were small. He gave off the feeling that his eyes were hiding some dark intentions; thus when people looked at him, they never thought he was a good person.

Qing Nan walked ahead of them. He turned around and coldly swept his gaze over Luo Qiusheng and Luo Qiufeng as he said: "You guys will take action. I don't want my soul pets to fight in such a dirty place."

"Don't worry, we'll get rid of them all." Luo Qiusheng and Luo Qiufeng hastily spoke.

.....

The three of them rode on their soul pets into the valley. In their minds, they imagined Barbarian Valley littered with corpses. After all, Qing Shan had played a part in this illness, causing it to become even more serious.

"That's strange, why has the odor become lighter?" Qing Shan creased his brows.

Qing Shan was a soul teacher himself, but was a dark soul teacher which the Soul Temple did not recognize. The illness was something he created. In a closed environment without cure for fifteen days, even a spirit master would be infected.

However, Qing Feng was shocked because the illness inside Barbarian Valley had weakened.

“They... they don’t seem to have died!” Luo Qiufeng looked at the camp in the distance, but found that many people were still walking about there!

“Hmph, someone helped them get rid of the illness!” Qing Nan harrumphed and abruptly slapped the soul pet under him.

“These people are still struggling at death’s door. Why don’t I give them a hand!” said Luo Qiufeng.

The soul pets these three were riding on were all peak monarchs. Their angry charge caused the ground to tremble. When the residents in the distance saw these savage creatures charging at them, they were all flustered.

“They’ve arrived. Everyone summon their soul pets!!”

In the underbrush, Chu Tianheng gave an order. Immediately, thirty spirit teachers appeared as well as a large group of commander rank soul pets. They attempted to stop the three of them.

Although nearly a hundred soul pets had appeared, Qing Nan revealed a smile as he said: “Dying of illness was already my charity towards you. If you fall into my hands, you’ll wish you had died!”

A group of commander rank soul pets wasn’t of much threat to peak monarchs. Despite being faced by so many Chu Family members, the three of them were not afraid; indeed, they began mocking them.

“A group of idiots. I’ll show you the difference between monarchs and commanders!” said Luo Qiufeng. He urged his peak monarch rank Shackled Magic Ox Beast to charge into the Chu Family spirit teacher camp!!

“Moo!!!!!!!!!!”

The wild ox was incomparably irascible. It brandished its enormous arms, instantly smashing a few commander rank soul pets into meat paste. Fresh blood flew everywhere!!

After Luo Qiufeng attacked, Luo Qiusheng ordered his Silver Armor Heaven Ox to charge at another group of commander rank soul pets.

Luo Qiufeng's Silver Armor Heaven Ox was not something commander rank defenses could stop. At least 5 commander rank soul pets were instantly killed from its charge. The difference in strength was immense.

After the charges, the Chu Family's commander rank soul pets were utterly defeated. It wasn't even close.

Seeing these people overestimate themselves, the three people began to laugh. What was more exciting than watching their soul pets crush their enemies as if they were stepping on ants?

"Tianheng, we aren't their opponents." Chu Tianlin's forehead was full of sweat.

These spirit teachers from the Chu Family were all elites. However, in the eyes of Luo Region Sect, they couldn't even take one attack. If they continued like this, even if they wouldn't be killed by the illness, they would be slaughtered by these three people.

"I'll deal with them. Have your soul pets retreat further away." at this moment, the soul teacher, Jian Qin, stood forth.

Jian Qin didn't say anything more. She immediately chanted an incantation and her slim figure was quickly wrapped by a white devil flame!

White Nightmare!!

Jian Qin had summoned the White Nightmare, which was a soul pet with an even more intense aura than the three Luo Sect Region member's peak monarchs.

The Chu Family members were all shocked. They never expected that this young and beautiful female soul teacher was also a powerful soul pet trainer with a peak monarch rank White Nightmare!!

The appearance of the White Nightmare undoubtedly gave the Chu Family hope!

“Oh? An expert.” Qing Nan quickly noticed the appearance of the White Nightmare. His eyes fell on Jian Qin.

“It’s... it’s a White Nightmare! Moreover it’s a peak monarch!!” Luo Qiusheng and Luo Qiufeng’s faces changed.

Most White Nightmares had multiple attributes. If it reached the peak monarch rank and the opposing soul pet’s attributes did not counter it, it would have no problems fighting one versus two. If its attributes were also strengthened, fighting one versus three was also possible. Neither Luo Qiusheng or Luo Qiufeng’s peak monarchs had multiple attributes so they were naturally afraid.

“I thought it was Chu Mu, but it turned out to be a woman. A single White Nightmare is nothing to be afraid of!” although Qing Nan was astonished, he was still very calm.

As he spoke, Qing Nan chanted an incantation and summoned another peak monarch!

An icy cold aura instantly froze the earth. The atmosphere that had been heated by the White Nightmare abruptly dropped, and even the White Nightmare’s aura was covered!!

“Tundra Ice Beast. It’s a peak monarch rank with a secondary attribute!!” Luo Qiufeng and Luo Qiusheng were immediately happy.

The Tundra Ice Beast instantly suppressed the majesty of Jian Qin’s White Nightmare. Its ice attribute was a clear counter to the fire attribute, causing the White Nightmare to lose the effect of its secondary attribute, transforming it into a normal peak monarch!

Although Jian Qin didn’t cause the entire fight to turn in her favor, she was at most the equivalent to Qing Nan. She wasn’t able to stop Luo Qiufeng and Luo Qiusheng’s peak monarchs.

“Has Chu Mu not finished? If he doesn’t appear soon, we’re going to lose miserably.” seeing people continuously lose their lives at the hands of Luo Qiusheng and Luo Qiufeng, Chu Tianlin was extremely anxious.

.....

Deep in Barbarian Valley.

Chu Mu, whose entire body was engulfed in devil flames, was still standing there. He had been like that the entire day.

Suddenly, Chu Mu opened his eyes and scorching white devil flames seemed to spit out from his eyes. It was incredibly nefarious!

Slowly, the devil flames on his body began to dissipate and his pupils returned to their original black color...

“Hu...” Chu Mu let out a long breath of air and it seemed that his heart was beating very fast.

“Young master, you’re too... what’s it called... who on earth would play with their life like you do!” Old Li saw that Chu Mu had recovered to his normal self and hastily jumped out. He began grumbling to him.

Chu Mu managed to break into a smile as he said: “I succeeded, so it’s fine.”

“Succeeded... You used your own soul as a bait! You wanted the emperor Nightmare to devour it so that you could get rid of its defenses! If you didn’t succeed, your soul really would have been devoured, and you would have turned into a Nightmare!!” Old Li yelled.

Strengthening the White Nightmare was extremely difficult, and Chu Mu practically had no option. His soul remembrance was too low.

Old Li’s word of reminder back then had allowed Chu Mu to think of a method to bait the emperor Nightmare into his soul to devour him.

This method was obviously dangerous, because if Chu Mu’s White Nightmare wasn’t able to devour the emperor Nightmare before it managed to enter Chu Mu’s soul, Chu Mu’s soul would have been completely devoured by the Nightmare...

This was the first time Old LI had seen someone use their own soul as bait to complete a Nightmare strengthening. Chu Mu’s method was obviously unprecedented.

“Nie~~~~~ Nie~~~~~”

Suddenly, a devil cry rang out!

At the same time the devil flames on Chu Mu’s body dissipated, the devil flames on the White Nightmare’s body abruptly increased. Devil flames flew everywhere and its wild majesty began to proliferate, covering the entire Barbarian Valley!!

This was true emperor rank devil flames and when the White Nightmare released it, his aura was even stronger than the ninth phase Mo Xie!

Its energy began to spread, unhinged. Even the Chu Family and the three members of Luo Region Sect fighting in the valley were able to feel the terrifying Nightmare power!!

“What... what happened!!” Qing Nan’s face changed. He stared in shock at the biting cold

Jian Qin was a Nightmare Palace member and understood best what this Nightmare aura meant. Huge shock rose in her heart. She never expected that Chu Mu was really able to subdue an emperor Nightmare soul as a ninth remembrance spirit master and strengthen a pseudo emperor White Nightmare!!

The White Nightmare could rely on multiple attributes to fight those a level higher than it!

The moment he managed to strengthen the White Nightmare to the pseudo emperor rank, with its abnormal attributes, there would be no problem for it to fight one versus two!!

A single pseudo emperor White Nightmare was absolutely comparable to two pseudo emperors!!

.....

Deep in Barbarian Valley.

“The emperor Nightmare’s soul has been devoured, and the White Nightmare has been strengthened to an emperor!!”

Feeling the onslaught of the majestic aura that was unable to harm him, an excited smile arose on Chu Mu's face!!

"Nie~~~~~ Nie~~~~~" the White Nightmare stared at Barbarian Valley in front of it and it let out a shout at Chu Mu.

"They've come? Perfect, let's use their lives as a warm up now that you've become an emperor!!"

"Get rid of them then we'll make our way to Western Region City where we'll take Kingdom Lord Luo Hei's and Sun Qiming's trash lives!!" Chu Mu had a merciless smile!!

A pseudo emperor rank White Nightmare was comparable to two pseudo emperors. In addition to Mo Xie, Chu Mu had the equivalent of three pseudo emperors. Luo Hei and Sun Qiming were going to die!

Chapter 647 Inside Barbarian Valley

Chu Tianheng knew that his commander rank soul pets don't threaten the top tier monarch rank at all. Especially the Silver Armor Heaven Ox, its defense couldn't be broken even if the commander rank soul pets all gathered together to launch a single attack, which would result in at most a shallow cut!

"No one can break through my Silver Armor heaven Ox's defense!" Luo Qiufeng said mockingly.

Chu Tianheng's commanding abilities were good. He let a couple commander rank soul pets bait the Silver Armor Heaven Ox in before gathering all 40 commander ranks to attack at once. However, when everyone saw that the forty commander ranks' attack only left a shallow mark, everyone felt hopelessness!

The wide disparity in strength caused no one to have any fighting intent, only able to command their soul pets to back further and further up!

"Qiufeng, why aren't you leaving yet! Don't you feel that White Nightmare's aura!" Suddenly, younger brother Luo Qiusheng yelled at Luo Qiufeng.

Luo Qiusheng and Qing Nan already didn't dare to fight anymore, because they sensed the powerful White Nightmare's aura from deep in the valley. It was definitely more powerful than any monarch rank soul pet!!

Though Luo Qiufeng was the older brother, his soul remembrance wasn't as high. He always thought it was just the top tier monarch rank aura of Qian Qing's White Nightmare. He didn't realize that there was an incredibly terrifying presence inside the valley!!

"Leave? Even if there is that White Nightmare, my Silver Armor Heaven Ox's defense is enough to fight against it!" Luo Qiufeng dismissed!

Luo Qiufeng was just getting started with the killing, so he truly didn't want to leave yet. And, Chu Tainheng's move to assassinate him truly angered him. He just wanted to kill all of Chu Clan right now!

"Kill just a few more!" Luo Qiufeng said.

Luo Qiusheng naturally couldn't let him continue to be this stupid. Just as he was about to say that there may be an emperor rank White Nightmare in the valley, a scene abruptly caused Luo Qiusheng to be unable to speak!!

A figure completely covered in resentful flames, full of evil that seemed to emanate from inside the body, sent frigid air outwards. It looked like fire, but it was a materialization of negative emotions. It was like facing a resentful devil, staring directly into its crimson eyes.

Luo Qiusheng could no longer speak, staring stupefied, as the devil like phantom neared the Silver Armor Heaven Ox!

Suddenly, the devil shadow appeared, evilly floating behind the Silver Armor Heaven Ox!!

The Silver Armor Heaven Ox was top tier monarch rank. From all of Chu Family's perspective, it was a killing monster, already drenched with blood.

Yet, this powerful Silver Armor Heaven Ox was clueless about the devil that appeared behind it. It was still letting out fearsome roars towards all the commander rank soul pets!

“That’s.....” Luo Qiufeng was behind the Silver Armor Heaven Ox. Seeing it float behind the Silver Armor Heaven Ox, he became a stiff statue as well!

The White Nightmare slowly extended its devil claw, and stabbed it into the Silver Armor Heaven Ox’s body!

With resentful flames inserted, it slowly started burning away the top tier monarch rank Silver Armor Heaven Ox’s innards!

“Huo~~~Hu~~~~~” The Silver Armor Heaven Ox was just roaring when its lungs were suddenly filled with devil flames. Its roars quickly became the spewing of devil flames, causing its roaring to suddenly stop.

“Huo!!!! Huo!!!!!!”

Silver Armor Heaven Ox’s roars quickly became painful roars, as roiling devil flames came out of the Silver Armor Heaven Ox’s mouth!!

“Huhuhuhuhu~~~~~”

The devil flames grew stronger and stronger, burning its way from inside of its body out.

Very quickly, the Silver Armor Heaven Ox’s body was covered in resentful flames. Even its outer armor was burnt through, rendered to ashes!

“This.....this Silver Armor Heaven Ox’s defense was useless - it was burnt to ashes!” Chu Tianjue’s jaw fell slack.

The other soul pet trainers were even more shocked. All forty of their commander ranks together could only leave a small scratch on its armor. Such a defense was too powerful for them to imagine.

Yet, in mere seconds, this Silver Armor Heaven Ox was burnt to ashes. That was a top tier monarch rank’s best defense! Just how powerful was this devil like being!!

“Exterminate them all, including their souls!” At this point, an icy command came.

Chu family suddenly reacted and turned around to find Chu Mu, also shrouded in a cold aura, walking over. His stature was exactly the same as the white nightmare, as if it was merely a shadow that split off from this man!!

“Nienie~~~~~”

White Nightmare cracked a cruel smile, its body slowly burning into nothingness with the devil flames!!

Everyone stared closely at the devil phantom, but they noticed that three devil shadows appeared, floating scarily behind Luo Qiufeng, Luo Qiusheng, and the Shackled Signal Ox Beast!

Luo Qiufeng and Luo Qiusheng were both high remembrance spirit masters. They immediately felt a cold resentment pour into their bodies from behind them, like an evil and vengeful spirit.

The Shackled Signal Ox Beast also noticed the presence of White Nightmare. It kept trying to turn itself around clumsily, waving its arms around. However, no matter which way it turned, the devil was always behind it.

The three devil shadows all only appeared for a split second, leaving an afterimage. The next second, White Nightmare appeared in another place, its burning white claws holding something.

The White Nightmare didn't have any splitting techniques. The reason everyone saw three devil shadows was because the White Nightmare was truly too quick. These three motions seemed to happen at the same time.

“What.....what are those.....”

The White Nightmare grabbed three things in its claws. All three of these things were still sticky with blood, and still pumped!!

Hearts!!

Three fresh hearts!

“Nie nie~~~~~” White Nightmare laughed as its devil claws suddenly tightened, shattering all three hearts at once!!

Three hearts. Two were human, and one was the crystal of the Shackled Signal Ox Beast!

After its claws tightened, the innards blew up!

Luo Qiufeng and Luo Qiusheng both fell down at the same time, the corner of their mouths leaking blood.

The Shackled Signal Ox Beast even let out a roar before blood spewed out from its mouth. While its roar was still echoing, it slumped to the ground!

With their hearts shattered, none would survive!

Shattering their hearts didn't seem to satisfy the White Nightmare's killing. The White Nightmare's two evil pupils suddenly lit up. Immediately, the three lifeless corpses started burning!!

As Chu Mu said, if they were destroying even their souls, then White Nightmare won't let them remain corpses!!

Luo Qiusheng, Luo Qiufeng, and Shackled Signal Ox Beast quickly turned into ashes, their souls disintegrating along with their bodies!!

Two top tier monarch ranks and two high remembrance spirit masters were instantly killed. Qing Nan was shaking all over, quickly about to retract his soul pet!

When Qing Nan sensed the emperor rank White Nightmare aura, he already began to escape. He was a couple hundred meters away already.....

Yet, after the White Nightmare became an emperor rank, it was extremely fast, with well trained movement. How could Qing Nan possibly escape!?

White Nightmare's body flashed, almost immediately appearing beside the Tundra Ice Beast.

No matter how much the Tundra Ice Beast countered White Nightmare, it wouldn't be of much use against the emperor rank!!

White Nightmare's claws extended, becoming a blade. The technique it was casting was the Demonic Beheading that Chu Mu used in half devil state!!

Demonic Beheading was an Other type technique that directly ripped the space apart!

The demonic beheading flew past, leaving a tear in the space the blade passed through. This tear just happened to coincide with the Tundra Ice Beast's skull, causing its head to split off from its body!!

Devil Flames spread, darting into the Tundra Ice Beast and burning it!

After the demonic beheading, White Nightmare didn't care about Tundra Ice Beast anymore, floating forwards again. Tundra Ice Beast's body only then blew up from the neck down!!

Qing Nan escaped very quickly. However, he still couldn't escape death. Very soon, a bleak scream came from the forest ahead, along with a wave of devil flames that spread in all directions, disintegrating everything!!

In a short time, the few undefeated soul pets were all turned to dust. Those were all top tier monarch rank soul pets!!

Top tier monarch rank, to them, were a peak they never even hoped to achieve in their lifetime. Just when did any of them expect such a powerful being to still be instantly killed!!

Chu family members were still stock still, including Chu Tianheng, unable to believe what just happened.

Just previously, they had seen how powerful White Nightmare's invincible monarch rank strength was. How could they expect that today, this White Nightmare transcended top tier monarch and became a true emperor rank!!

In fact, they were sure that this White Nightmare's aura was even stronger than Chu Mu's nine tailed inferno monarch!!

Of course, Mo Xie's aura was weaker than White Nightmare because Mo Xie was only ninth phase right now.

Chu Mu didn't reach soul emperor rank, so Mo Xie couldn't reach tenth phase, meaning she was only as powerful as a normal pseudo emperor rank.

Meanwhile, White Nightmare was pseudo emperor rank with fire, dark subtypes. This caused it to be able to handle two normal pseudo emperor ranks by itself!

"Chu Mu, your White Nightmare....." Chu Tianheng stared blankly before saying to Chu Mu.

"En, the strengthening was successful, its an emperor rank now." Chu Mu nodded.

"Emperor rank, another emperor rank!" Chu Tianheng, Chu Tianjue, and Chu Tianqi's faces were beyond surprised.

Chu Mu already had a pseudo emperor rank seven sin fox. Now that he had the emperor rank white nightmare as well, his strength was even stronger than the kingdom master!

One has to know that the kingdom master that brought disaster upon all of chu family only had one pseudo-emperor rank!!!

Chapter 648: Your death date is here

"Great uncle, don't say that much. I'll go save Chu Qian, Chu He, and the others. You should stay in the barbarian valley for now." Chu Mu said.

Chu Qian, Chu He, and the others were all kingdom master Luo Hei and Sun Qiming's hostages. If Chu Mu didn't appear in time, they would get killed by Luo Hei and Sun Qiming.

“They’re in western region city. The western region armies are in the western region kingdom capital cleaning up the remaining western wetland forces in the other regions. Kingdom master Luo Hei and Sun Qiming should all be there, so Chu Qian is probably there as well.” Chu Tianheng said.

Beforehand, Chu Tianheng and co didn't have much hope for saving Chu Qian and Chu He. After all, Luo Hei and Sun Qiming added together was too much for even Chu Mu, who had an emperor rank, to handle. Going to western region city would only cause him to fall prey to their traps.

Now, Chu Tianheng and people could relax, because Chu Mu had the power to go against three first rank kingdom masters. Chu Qian and Chu He had a chance to be saved!

“Don’t worry, I’ll be back soon!” Chu Mu said.

After speaking, Chu Mu turned to Qian Qing and said, “I’ll leave here up to lady Qian Qing.”

Qian Qing was also powerful. As long as there aren’t any spirit emperors, she should be able to handle it as well.

“En.” Qian Qing nodded and didn't say much.

“Mo Xie, White Nightmare, come!” Chu Mu jumped onto Mo Xie, and brought White Nightmare towards western region city.

.....

Western region city had fallen before, and had been conquered by western wetlands.

Now, although western wetlands was mostly cleaned out, it would still take a lot of time and money to reconstruct the entire city.

The western kingdom soul pet trainer base was in this city. Near the night, the army stopped battling to rest and waited until the next morning to fight. After all, the western wetlands creatures were used to night battles.

Near the night, the city walls were covered in the slimy secretions of various western wetland lizards. Every twenty meters stood a soul pet trainer with an elemental soul pet standing guard on the city wall.

From the city wall to the center plaza mainstreet, there were soul pet trainers of western kingdom. These soul pet trainers totaled 20,000 people, with an average fighting strength of warrior rank.

The closer they got to center plaza, the higher the army's ranks were.

There were around 2000 people with an average of commander rank power.

There was around 100 people with an average of monarch rank power.

A kingdom's strength normally wasn't this great. Many of these people in the army were assisting troops from other kingdoms. Or else, with just the army of one kingdom, there was no way they could compete against the third rank western wetlands.

Of course, most importantly, there was an extremely powerful human expert that appeared in the depths of western wetlands that caused the territory to get ruthlessly flattened. He himself single handedly destroyed nearly half of the western wetlands, causing the western wetlands plan of taking over the humans to be disrupted.

Under pressing circumstances, the western wetlands had to back off, or else this fight between human and soul pet wouldn't have ended this quickly.

The center plaza's greatest golden tent was where kingdom master Luo Hei slept. In the main tent, there were three smaller golden tents, one of which housed Qing Nans' loyal subordinate Luo Hei.

Qing Nan guarded the outside of the fence, so his tent was supposed to be empty.

However, Sun Qiming, looked over at the few young generation members who had their souls sealed off who was within all these tents .

"Not even appearing now, if you dare to lie to me again, I'll kill one of you first!" Sun Qiming said.

Sun Qiming's people knew from Chu family that they were looking for medicine to cure the plague. Chu Mu was a chu clan member, so there was no way he would forsake the captives now.

Luo Hei and Sun Qiming caught these people to convince Chu Mu to come and trade something for it.

Sun Qiming's lips twitched, and his soul remembrance concentrated to form mental energy that attacked Chu Qian and Chu He!

The two of their soul remembrances were sealed. Compared to a spirit emperor, their mental resistance abilities were much weaker. Such a powerful mental attack instantly caused their faces to pale.

"Heng, you are truly reckless. I'll give you a few more days and if they don't appear, just wait to die!" Sun Qiming said coldly.

After speaking, Sun Qiming walked out of the tent and had his aides guard the outside. There was no way anyone would be able to enter.

"What!!!! What is this!!!!!!!"

"Such a luxurious soul pet, whose is it?!!!"

In the far distance of another room, a commotion started.

As a dark crimson firework slowly neared, even more fans started screaming!

Sun Qiming covered his eyebrows, secretly murmuring that the armies of western kingdom truly had no manners, yelling this rashly!

Sun Qiming turned his head, his eyes following the main street path. He suddenly noticed a glamorous and noble fox monarch running over, its surprising group of sin imprint inferno fox tails constantly shifting along with the fast running, creating a magnificent yet menacing scene.

“This.....” Sun Qiming was dazed. Just from the aura alone, one could tell that it was a monarch rank soul pet. However the pressure it was giving off was even stronger than emperor rank soul pets!!

Though there were a decent amount of spirit emperors in western kingdom, they all had their own responsibilities and wouldn't randomly appear in a place. Sun Qiming immediately saw the black clothed man on the back of this fox monarch and started guessing which expert this man was!

The inferno monarch's speed was very quick, dashing like lightning and thunder to get near the center plaza.

Fox monarch was slightly obstructed by the alarmed spirit master army. However, even monarch rank soul pets couldn't stop this onslaught. Very quickly, the fox monarch again dashed to the golden tent of kingdom master Luo Hei.

“Who is it?”

A cold voice came from within the golden tent.

“Chu family Chu Mu!” Chu Mu sat on Mo Xie while a bunch of soul master level experts came over. However, Chu Mu completely disregarded all of them!

“Hahah~~~~ You indeed appeared!!” Kingdom Master Luo Hei said.

The next moment, the tent opened and Luo Hei walked out alone, his sharp eyes staring at Chu Mu and Mo Xie!

“This.....” Luo he said slightly confusingly at Chu Mu's soul pet. Clearly, he hadn't seen this seven sin fox!

Luo Hei only found out from some of the more cowardly people of Chu family that Chu Mu had a nine tailed emperor rank soul pet. As for what species, he wasn't sure.

“We're here, where's my family!” Chu Mu stood by Mo Xie, and looked down at kingdom master Luo Hei as he asked coldly.

“They’re all in my hands. If I move a single finger, they would all die. So, you should be careful with what you say.” Kingdom master Luo Hei said to Chu Mu with his soul remembrance

This was where their army’s main base was. Kingdom master Luo Hei didn't want to have the news of them taking hostages leaked accidentally.

Chu Mu naturally took Chu Clan’s lives as the priority, so he directly jumped off of his soul pet.

“Chu Mu, you have great guts. You actually dare to steal the spirits from right under my nose? Having emperor rank soul pets at this young age is indeed impressive. However, you kids don’t understand the rules of spirit emperors. Some things can’t be stolen or taken, or else you will bring death to yourself!” Luo Hei said in a teaching tone with his soul remembrance.

Luo Hei wasn’t afraid of Chu Mu’s soul pets. Even if Luo Hei didn't fight himself, their 100 spirit masters that averaged at a strength of monarch rank could cause Chu Mu to die a horrible death.

I have a 10,000 spirits. Let me see these people or else you won’t get any of this.” As Chu Mu spoke, he took out a spatial ring.

The spatial ring only had the remaining 10,000 spirits inside. To Luo Hei and Qiming, 10 thousand spirits was already a high number. After all, these people only had a normal pseudo-emperor rank!

Luo Hei cast his soul remembrance outwards the moment he sensed it. When he accessed the spatial ring of Chu Mu, he indeed found that the spirit aura was overpowering, meaning there was at least 10,000 spirits in it!

After staying around for so long, he hadn’t ever truly seen 10,000 spirits together. The pseudo emperor rank he had just had high talent, and succeeded in the one in ten chance of strengthening to cause him to leap in status.

“This.....this is all that was within the spirit source?” Luo Hei’s eyes glowed with greed as he said.

Before, Luo Hei and Sun Qiming were all struggling over a resource of a couple thousand spirit source. If he could get a couple thousand spirits immediately, it was already a large sum of money

even for kingdom master. After all, there were a total of 100 extra spirits in all of western kingdom every month. Getting a thousand spirits through the territory would need seven full years!

What Luo hei and Sun Qiming didn't expect was that the panther species had another spirit source that could create over 10,000 spirits. It could create another 1000 spirits every month. This basically doubles the output of western world. Even if it would still take a while to make an emperor rank, he could use these resources to create an invincible monarch rank to improve his strength!

Seeing Luo Hei show himself so easily, Chu Mu laughed despicably. If Luo Hei knew the true amount was 30,000, the entire western kingdom could fall and everyone could die- he still wouldn't give in!

There were nearly 10,000 spirits, enough to create a pseudo emperor rank. Once received, Luo Hei could become a second rank kingdom master! Luo Hei took a deep breath, adjusted his excited emotions and quickly used his soul remembrance to say to Sun Qiming not far away, "Go and get the Chu family people over."

Sun Qiming was right beside. He similarly felt the spirit amount and was nearly salivating. He immediately turned around and went back into the tent.

The next moment, Sun Qiming suddenly ripped open the golden tent that held Chu Qian and Chu He as he said angrily, "They're.....they're gone!!"

"What's gone?" Luo Hei said stupidly.

"The people of Chu family!!" Sun Qiming said.

When Luo Hei and Sun Qiming were in shock, Chu Mu smiled.

Chu Qian was already saved by Old Li. So, it was time for Luo Hei and Sun Qiming to die!

Chapter 648: Chu Mu Fighting Two Spirit Emperors (1)

"Ignore them. Take down Chu Mu first!!" said Kingdom Lord Luo Hei.

Using the Chu Family member as hostages was to force Chu Mu to come here. Now that this goal had been achieved, the hostages were useless. At most, they would be able to expose the matter about Barbarian Valley. However, there were only unimportant people left from the Chu Family and, as a Kingdom Lord, he would be able to find someone to spread that they were spouting fake news. There wouldn't be people that believed them!

Sun Qiming nodded his head and chanted an incantation, summoning an emperor rank soul pet!!

An enormous pattern appeared next to the golden tent. The tent was ten meters high, but as the pattern flashed, an Violent Blood Pool Beast which head was reached a height above the tent appeared!

This emperor rank Violent Blood Pool Beast's muscles were bulging, and its skin was as glossy as a sleek piece of stone. Its Arms, waist, shoulder armor, thighs and head were composed of weapon-like spiky bones. It looked malevolent and fierce, much more so than commander rank Violent Blood Pool Beasts. This type of a soul pet would be a killing machine if thrown into a community of soul pets. Its entire body was composed of weapons!!

"Hou hou hou hou!!!!!!"

The Violent Blood Pool Beast's eyes were flushed red. When it let out a roar, a bloody mist billowed through and covered the entire tent!

The emperor's roar had shocking intimidation effect. The surrounding spirit masters were all so frightened they began trembling as they stared at this savage emperor rank soul pet!

"Isn't... isn't that Senior Sun's emperor Abyss Beast?!!"

"What tyrannical majesty. How many monarchs would one need to defeat it?!!"

"Who on earth has the guts to provoke Senior Sun? That's practically suicide!"

The strongest Violent Blood Pool Beast had appeared. Thus, this was no small matter. The spirit masters stationed nearby didn't immediately head there because this was an emperor rank soul pet and their monarchs could be instakilled if it was careless!

Moreover, everyone could see that Kingdom Lord Luo Hei was there too. Even if something unexpected occurred, the two of them had emperor rank soul pets. What couldn't they deal with?

“Get rid of his fox monarch!!” Sun Qiming naturally knew that Chu Mu's fox monarch was an emperor rank soul pet. He didn't dare look down on it, and immediately gave his emperor Abyss Beast an order!

The bloody mist around the emperor Abyss Beast grew increasingly dense. It had completely covered the central plaza and was continuing to spread through the city.

Chu Mu was in the path of the blowing dense bloody wind. The wind even caused Mo Xie's silver fur to flutter!

“Beng!!!!!!!!!!”

A wave of trembling occurred, and a footprint-like hole abruptly appeared in the ground. Around the hole, cracks began to proliferate. This was the Violent Blood Pool Beast's charging strength. When it ran at full speed, it was capable of knocking down the entire street!

The Violent Blood Pool Beast and the leopard emperor were both beast types. However, the Violent Blood Pool Beast's strength was definitely higher than the leopard emperor while its speed was inferior!

Seeing its charge, Mo Xie didn't meet it head on. Instead, she carried Chu Mu and dodged in another direction.

Mo Xie was extremely fast. She left a few flaming footprints at a few locations on the plaza as she moved to a ruined stone building.

The Violent Blood Pool Beast's reaction speed was equally fast. When it saw Mo Xie dodge, its powerful steps came to a halt. It abruptly raised its two arms and fiercely smashed the ground!

Instantly, a blood energy rushed through the plaza, surging towards Mo Xie.

The bloody energy easily ripped apart the solid ground. The stone buildings in a half-destroyed state were razed to the ground!!

Mo Xie saw the energy pursuing her, and she hastily changed locations. Her body hid in another building of the large exchange. At this moment, the bloody red colored energy struck.

Outside the plaza, the damaged buildings that were over thirty meters tall all collapsed. It was chain effect that lasted a few blocks as dozens of damaged buildings became ruins!

“This strength... is too terrifying!!”

“An entire three blocks... are all gone, just like that...”

The spirit master army nearby the battlefield were all flabbergasted by this. The reality was that they rarely saw emperor rank soul pets display their strength.

Seeing the three streets destroyed by one technique, they were able to clearly understand the strength difference between an emperor and a monarch!!

“Sun Qiming, don’t let him flee!” Luo Hei angrily roared. He swept his gaze over the two people behind him and said: “Follow Sun Qiming. Gather the spirit master army and have them block off the eastern side. We cannot let this criminal flee!”

Kingdom Lord Luo Hei immediately gave an order.

There were over a hundred people in the spirit master army. Moreover, all of them could summon four soul pets. All together, they possessed an enormous amount of strength!

“Yes!!”

Luo Hei’s two subordinates immediately bowed. The dark yellow clothed spirit master rode on their Phantom Sables and chased in the direction Chu Mu was fleeing in. The other subordinate moved quickly to the spirit master army. He was going to send the troops to surround Chu Mu!

After giving his order, Kingdom Lord Luo Hei chanted an incantation!

The opponent was also an expert with a pseudo emperor. Sun Qiming, by himself, would not be able to defeat him. Indeed, the fox monarch clearly had the demon attribute, so if it felt like fleeing, Sun Qiming's Violent Blood Pool Beast would not be able to make it stay.

Luo Hei's incantation finished. The soul pet he summoned was an emperor rank Destructive Wind Fairy!

Wind type soul pets were extremely fast. Luo Hei didn't summon any other soul pets for the time being. Instead, he ordered the Destructive Wind Fairy to chase in the direction Chu Mu had fled.

The violent wind it controlled swept up countless pieces of debris from the city. The debris was then spread throughout the air. Utilizing the Destructive Wind Fairy's help, Kingdom Lord Luo Hei was able to step in the air. It was as if he was controlling a huge wave of air that covered the heaven and earth. Its majesty was shocking!

"With my emperor fairy present, you think you can flee?" in the air, Luo Hei quickly discovered a silver figure quickly moving between the buildings in the city!

"Suppress its speed!!" Luo Hei pointed at Chu Mu and Mo Xie, giving his Destructive Wind Fairy an order!

The Destructive Wind Fairy chanted an incantation. Its technique was still in embryonic stages when the weather in the entire night sky transformed. A dark black horizon began to pressure downwards and gradually appeared a horrifying wind pressure!!

"Huhuhuhuhuhuhu!!!!!!!"

A violent wind formed, and it began moving the debris from one city district. Immediately after, the people in the distance were able to visibly see a black wind pressure down from atop the district's countless roofs!!

The air pressure began to increase. It was as if the sky was sinking down. The roofs of the standing buildings in this city district were crushed to pieces. A bolt of lightning streaked through the sky. The blinding white flash only added shock to this scene!!

"Wu wu wu~~~~~"

The powerful air pressure caused Mo Xie's body to become heavier and her running speed visibly slowed.

"Stop." Chu Mu swept his gaze over the black destroyed city district. He had Mo Xie stop running.

Chu Mu had come here to take the lives of these two trash spirit emperors. Why would he choose to flee? He had baited them here because he didn't want to fight the two spirit emperors in the midst of such a large army of soul pet trainers.

"Hahaha, let's see where you can flee? Hand over the spirits and perhaps we'll let you live." Sun Qiming's laughter rang out from another street.

"Beng!!!!!!!!!"

A row of shops was destroyed by a pair of blood red energy arms. Debris flew everywhere and a ten meter tall Violent Blood Pool Beast took heavy steps forward. Its face was full of malevolence and savagery!

Sun Qiming was next to the Violent Blood Pool Beast. He was riding on a three meter tall Ice Falcon!!

Even higher up in the air, Kingdom Lord Luo Hei saw that Sun Qiming's Violent Blood Pool Beast had caught up and a smile rose on his face.

They just had to get rid of Chu Mu's emperor rank fox monarch and ten thousand spirits would belong to them!

Luo Hei looked down. To prevent Chu Mu from fleeing, he had the Destructive Wind Fairy erect wind energy on all four sides of this district. The area of the wind force was very wide. Even if emperor rank soul pets entered, their speed would decrease.

After Luo Hei erected the last wall of wind energy, he suddenly discovered that a demonic white Nightmare figure had appeared fifty meters behind the Violent Blood Pool Beast!

“What is that?” Luo Hei was confused, and he wasn’t able to immediately recognized this soul pet.

However, when Luo Hei focused his soul remembrance and used it to look, his face immediately changed!

A White Nightmare!! An emperor rank White Nightmare!!

Luo Hei was a Kingdom Lord, and obviously knew that if a White Nightmare reached the emperor rank, it was capable of fighting one versus two. In the pseudo emperor rank, it rarely had opponents!

While Luo Hei was extremely shocked, he was also confused as to why an emperor rank White Nightmare had suddenly appeared here!

“Hong!!!!!!”

An underworld lotus suddenly erupted where the emperor Abyss Beast was standing. The emperor Abyss Beast should have been unmovable as a mountain. However, when this underworld lotus erupted, the Violent Blood Pool Beast was knocked flying. The thick defensive skin even began to fester!!

Sun Qiming stared blankly as his emperor rank Violent Blood Pool Beast was knocked flying by a single attack, while its flesh lacerated from burns!!

“How is this possible?!!” Sun Qiming roared!

The Violent Blood Pool Beast was a true emperor. Just now Sun Qiming had detected a creature approaching him and had the Abyss Beast adopt defensive measures.

However, even in a defensive position, the Abyss Beast was still injured. Therefore, wasn’t the soul pet that attacked his Abyss Beast an even stronger emperor?!!

It was impossible for someone from Western Kingdom with an emperor rank soul pet to appear here. Therefore, Sun Qiming had no idea whose emperor had attacked his soul pet. He turned around in confusion.

A devilish figure radiating in coldness entered his vision. Sun Qiming was instantly so shocked he couldn't say anything. His eyes carried slight panic as he stared at the emperor rank White Nightmare!!

Chapter 649: Chu Mu Fighting Two Spirit Emperors (2)

"Whose... whose White Nightmare is this! Why are you attacking my Violent Blood Pool Beast!" Sun Qiming yelled in shock!

"Your death is imminent, and you still don't know?!" mocked Chu Mu.

Sun Qiming turned around, and discovered that the emperor rank White Nightmare's figure and appearance was exactly the same as Chu Mu. It was as if the devilish figure had split off of this man's body!!

"How is this possible?! You have two emperors?!" Sun Qiming's face was full of disbelief.

A young man with one emperor rank soul pet already gave Sun Qiming and Luo Hei much shock. If they hadn't determined that he had come from the Chu Family, they would have considered whether this young man had the support of some huge faction. Otherwise, relying on his own strength, a twenty year old young man would not be able to reach this level.

However, the appearance of the White Nightmare emperor gave Sun Qiming the feeling as if he had been struck by lightning. Firstly, this young man was stronger than them, first rank Kingdom Lord spirit emperors! Secondly, they were very clear that a pseudo emperor rank White Nightmare as much stronger than normal pseudo emperors!

"White Nightmare, don't let others enter this place!" Chu Mu quickly gave the White Nightmare an order.

The White Nightmare's resentment aura's dense resentment flames serenely began to pervade the area. It clashed with the Violent Blood Pool Beast's bloody mist. However, the latter immediately collapsed while the former continued to rapidly proliferate through the entire district.

Chu Mu understood that the spirit master rank army would appear soon. With the addition of the spirit master rank army, they would pose a huge threat to Chu Mu. Therefore, he couldn't let them enter the battlefield.

After giving the White Nightmare an order, Chu Mu gave Mo Xie an order to fight the Violent Blood Pool Abyss Beast.

“Wu wu wu~~~~~”

Mo Xie increased her speed. The sin flames on her body began to rapidly extinguish as dark red sin imprints appeared on her quick moving front limbs. They were like indistinct dark red lightning bolts!

“Illusion split!”

Chu Mu didn't have Mo Xie save her physical strength!

Mo Xie's body split into six. Six true fox monarchs moved forward together. Their long tails were beautifully unfurled on the street. It was magnificent!

“Sin Imprint Claw!”

Mo Xie's true body was at the front while her illusions were half a beat behind her. The dark red claw flew across the air, and ripped the Violent Blood Pool Beast's body.

“Sou~~~~~”

Mo Xie flitted past. All of Mo Xie's illusions with seventy percent of her strength used Sin Imprint Claw. Each illusion attacked a different spot on the Violent Blood Pool Beast's body.

The Violent Blood Pool Beast's flesh was burned by the resentment flames and in the innards of its broken body, sin imprints appeared. This caused its skin to crack like a fractured rock!

The Violent Blood Pool Beast used its claws to block a few attacks, making its body seem even more strained. It angrily punched its arm at one of Mo Xie's illusions!

“Beng!!!!!!”

The Violent Blood Pool Beast’s punch landed on the ground, causing the entire street to collapse. A row of buildings were demolished and a loud rumbling sound echoed through the entire district.

The Violent Blood Pool Beast’s reality ability was very strong, however its judgemental abilities were lacking. It was unable to find Mo Xie’s true body. Although it had a strong attack, it only managed to knock Mo Xie flying without dealing much damage.

.....

As Mo Xie fought the Violent Blood Pool Beast, the White Nightmare was fermenting its technique!

Finally, it finished its technique!

Four boundary separating devil flames began burning on the ground from one street to the next.

“Nie!!!!”

Suddenly, a shocked devil cry resounded through the night sky. Those who heard it trembled with fear; even their souls were shattered by this piercing cry!!

“Hu hu hu hu hu!!!!!!”

Anywhere the boundary separating marks moved, devil flames would spring up. Instantly, the entire district was filled with white resentment flames. An astonishing white torrential sea of flames appeared in the district!!

Luo Hei’s subordinates were mustering a large force of spirit masters to block off the eastern district and planned on surrounding Chu Mu. However, before the spirit masters had managed to gather nearly 2000 meters away, the sea of flames suddenly appeared. The entire district and its hundreds of streets and thousands of buildings were completely submerged in devil flames after the devil cry!!

The height of the resentment flames reached the roofs of the buildings. All of the spirit masters stood, dumbfounded, in place and watched the district engulfed in devil flames. Not a single one of them dared step a foot inside!!

Thus, the spirit master legion numbering in the hundreds was forced back.

.....

Kingdom Lord Luo Hei watched from the sky. His face was pale from the reflection of the beautiful yet terrifying sea of flames below him.

The emperor rank White Nightmare's technique exemplified the difference in strength between a Nightmare emperor and a normal emperor. Neither Luo Hei's Destructive Wind emperor or Sun Qiming's Abyss Beast emperor could create something so terrifying!!

"Luo Hei, what are you still staring at?! Help me!!" suddenly, amidst the white sea of flames below, Sun Qiming's angry and frightened voice rang out!

When Luo Hei had had the Destructive Wind Fairy erect the four wind boundaries, he had also summoned his other four peak monarch rank main pets. These four peak monarch rank soul pets were supposed to fight on the ground.

However, as he watched the torrential sea of flames, Luo Hei hesitated.

The strength of his peak monarchs were not even 20 percent of the White Nightmare emperor's. If they were to participate, they would be easily instakilled.

"Extinguish the sea of flames!" Luo Hei didn't allow his four peak monarch rank soul pets fight. Instead, he had the Destructive Wind Fairy suppress the terrifying sea of flames first!

The Destructive Wind Fairy used air pressure to press down. A powerful spiral wind force slowly manifested and as it continued its incantation, the spiral transformed into an emperor hurricane that stretched from the ground to the black layer of clouds!

The emperor hurricane's span extremely quickly and it engulfed the roaring devil flames. Soon, the devil flames from a few dozen blocks were absorbed by hurricane, transforming the hurricane into a white colored devil flames hurricane!

As the hurricane spun faster and faster, the amount of fire it absorbed was more and more. However, there was a limit to how much the hurricane could absorb. It only managed to extinguish a third of the sea of flames before it could not anymore. It was then swept to another district by the Destructive Wind Fairy.

The battlefield had become a place of ruins, even more destitute than when Western Marsh had occupied this place!

“Jie Jie~~~~~”

Amidst the wanton flames, the White Nightmare's figure outlandishly floated past a few of Sun Qiming's peak monarchs. In its hands were two living and beating inner crystals!

These two inner crystals were from two of Sun Qiming's peak monarchs.

Sun Qiming had also summoned four peak monarchs. If it wasn't for their obstruction, the White Nightmare would have already made its way to the Violent Blood Pool Beast and coordinated with Mo Xie to kill with Abyss Beast emperor.

However, even with the obstructions, Sun Qiming's peak monarchs only managed to block the White Nightmare for a brief moment. Moreover, in order to obtain this brief moment, he had to sacrifice two souls!

“Pai!!!!” the White Nightmare mercilessly crushed the two inner crystals in its hands. It demonically gave a peculiar smile at the pale faced Sun Qiming!

This was the first time Sun Qiming fought an emperor rank White Nightmare. This harrowing feeling caused fear to rise within him!

Sun Qiming's other two peak monarchs no longer dared to try and stop the White Nightmare. Thus, like a remote phantom, it began to float towards the Violent Blood Pool Beast in order to kill it!

The Abyss Beast emperor was already wounded and had strength comparable to the fox monarch emperor. If the White Nightmare joined in, the Abyss Beast emperor was definitely dead!

Seeing the White Nightmare emperor grow closer and closer to his Abyss Beast emperor, Sun Qiming raised his head, and prayed that Kingdom Lord Luo would be able to stop it.

“You... you still aren’t sending your soul pets down?!! Do you really think our Violent Blood Pool Beast and Destructive Wind Fairy can contend against his soul pets?! The moment my Abyss Beast emperor dies, don’t even think of living!!” seeing Luo Hei cower like that, Sun Qiming angrily roared at him.

Two of Sun Qiming’s souls had been injured and his emperor rank Violent Blood Pool Beast was in an imminent crisis. Yet, Luo Hei was still hiding in the sky using techniques that were incapable of stopping the White Nightmare emperor. Why would Sun Qiming not be mad?

“Go down, stop the White Nightmare!” Luo Hei finally dispatched his four peak monarchs.

Luo Hei’s four peak monarchs didn’t have the ability to fly, but the Destructive Wind Fairy’s control over the wind allowed them to hover in the air.

The four peak monarchs were all sent to the ground, and they used techniques to attack the White Nightmare.

“White Nightmare, ignore them. Focus on killing the Violent Blood Pool Beast!” Chu Mu gave the White Nightmare an order.

The White Nightmare was easily angered. If it spent time killing these peak monarchs, it would definitely give the Violent Blood Pool Beast a chance to catch its breath.

Moreover, Luo Hei’s Destructive Wind Fairy was continuously using wind type techniques to suppress Mo Xie. It delivered many injuries to her. If her dodging abilities weren’t so strong, Mo Xie would definitely have been heavily wounded already.

Luo Hei was smart, and knew that against Chu Mu’s two emperors, he had to use his peak monarchs to delay the White Nightmare while focusing on getting rid of Mo Xie.

If they managed to make Mo Xie lose her fighting strength and then combined all of the peak monarchs and two emperors to deal with the White Nightmare, Chu Mu would be disadvantaged in this fight!

.....

The White Nightmare didn't violate Chu Mu's orders this time. It ignored the four peak monarch attacks and forcibly broke through the Destructive Wind Fairy's wind barrier!!

"It's over!!"

Seeing the White Nightmare emperor reach his Violent Blood Pool Beast, Sun Qiming's face turned unsightly!

Sun Qiming understood that it would be very difficult for his Violent Blood Pool Beast to block the White Nightmare emperor's terrifying attack. Any of the White Nightmares techniques would be able to deliver a fatal blow!

Chapter 650: Purgatory, Incinerate the Pool Beast Emperor

"Send him into hell!" Chu Mu gave a command!

White Nightmare's evil pupils slowly lost their demonic glint, its pupils becoming hollow!

White Nightmare let out a roar, slashing forward with its devil claw. Immediately, two other type spatial black holes opened up!

These black holes were like quicksands, clearly showing signs of spatial collapse nearby!

The collapsing region got larger and larger, slowly devouring the position of the pool beast emperor!

From afar, the two spatial quicksands were like the opening gates of hell that pulled in the dead from afar!

Pool beast emperor attempted to leave, yet half of its body was already in the spatial quicksand. This spatial quicksand constantly sucked the pool beast emperor's body in.....

If its entire body fell into the spatial quicksand, it couldn't even think of the terrifying things that would happen. At this point, its face was full of worry and terror, unable to think of a way to fix this White Nightmare emperor's strange techniques!

“Huhuhuhu~~~~~”

In the night sky, a huge mountain sized wind pressured downwards!

This was the destructive wind emperor's wind type technique. Kingdom master Luo Hei couldn't let Sun Qiming's pool beast emperor get killed. At this point, he commanded destructive wind emperor to use wind type techniques to destroy White Nightmare's space quicksand.

“Huhuhuhu!!!!!!!!!!!!!!”

The tornado the destructive wind emperor created was already over a thousand meters wide. Compared to the mere fifty meters of the White Nightmare's spatial quicksand, it was massive.

The turbid wind fell down, constantly pouring into the spatial quicksand.

But, the spatial quicksand was like a bottomless hole that was unmoving as the emperor rank wind type technique. It was still pulling the pooled beast towards hell. The lower half of pool beast was completely stiff, while the upper half was still sustaining a certain amount of wind type damage from techniques.

“Houhouhou!!!!!!” Pooled beast emperor let out a pained howl, its destructive arms frenziedly breaking nearby space to shatter the spatial quicksand!

Seeing the pooled beast emperor sink deeper and deeper, Luo Hei's four top tier monarch ranks constantly casted techniques to attack this spatial quicksand.....

“Beng~~~~~”

Finally, when the pooled beast emperor was devoured to its chest, the quicksand trap that the soul pets were all attacking slowly showed signs of dissipating.

The quicksand trap slowly shrunk as the space returned to normal. The violent blood pool beast pulled itself back out of the spatial quicksand.

However, once pulled out, its body from the chest down was already ripped apart by some terrifying energy, bloodied and torn to the point of bone showing.

Seeing his pool beast emperor this damaged, Sun Qiming's heart was pumping with fear. This White Nightmare emperor's technique was extremely dangerous, almost instantly killing his pooled beast emperor!

This pool beast emperor was what caused Sun Qiming to become a powerful presence in merchant alliance. If he lost the pooled beast, Sun Qiming was nothing!

"You're happy too soon, that's the spatial quicksand, not hell." Suddenly, an evil sound floated over!

Sun Qiming paused and then stared in shock as, through the ruins of the structures, he saw Chu Mu. Immediately, his face was filled with terror.

While Sun Qiming and Luo Hei's collected efforts destroyed White Nightmare's strange technique, Mo Xie was already gathering up another technique!

At this moment, her technique was complete. The technique she was casting was the most powerful Flame Monarch Purgatory!

Mo Xie's eyes burned with the primal sin flames, dark and demonic, yet it was calmly burning, burning the world reflected within Mo Xie's eyes!

Suddenly, the primal sin flames appeared in the realm world. At the same time, this entire region seemed to fall prey to Mo Xie's pupil world. Sun Qiming and the yellow clothed man's soul pets were all shrouded in it, as if entering an illusory world!

"What.....what is this!!" Sun Qiming shouted out loud and frenziedly tried to back away.

However, what caused their hairs to stand on their ends was, no matter how they moved, his soul pets and him were constantly within this hell!

“Huhuhuhu!!!!!!!!!!”

Within the dark red territory, rolling heat waves came over as strange sin imprints covered the world, like a devil extending its sickly blood claws outwards.

The combination of sin imprints and sin flames caused Mo Xie’s destruction to raise another rank! At this moment, Mo Xie’s demon pupils were gazing at this pool beast emperor, meaning it had completely fallen into the Flame Monarch Purgatory. Though others may have a chance at escaping, the pooled beast emperor couldn’t escape no matter what!

“Houhouhou!!!!!! Houhouhou!!!!!!!!!!”

The heavily injured violent blood pool beast let out a roar. Though the attack hadn’t truly come, the feeling of falling into another powerful soul pet’s territory had already magnified the fear within the pool beast’s heart.

Suddenly, a sprout of sin flames started burning, darting from below the pool beast’s feet to its head, completely encasing its bloody body in sin flames.

Violent blood pool beast’s alarmed cries quickly became pained howls!

“Gezhi~~Gezhi~~~Gezhi~~~~~”

At the same time the sin flames burned, the claw-like sin imprints entered the violent blood pool beast, starting to rip apart the beast’s body from the inside!

The violent blood pool beast was already heavily injured. Combining the terrifying power of sin flames and sin imprints, as the violent blood pool beast was howling, its life left its body at an extremely fast rate. Its shrieks were audible throughout all of western kingdom city!

“Luo Hei!!” Sun Qiming let out an involuntary cry.

This time, Sun Qiming truly felt his pool beast emperor walked towards death. If it didn't succumb this second, it was the next second.

Kingdom master Luo Hei's destructive wind emperor was in the sky. Though it wasn't affected by the Flame Monarch Purgatory, its wind type techniques couldn't stop Mo Xie's low class emperor rank ultimate technique in such a short time, especially when the sin imprints were completely unaffected by wind type techniques.

Let alone the fact that Chu Mu's White Nightmare wasn't there just for decoration. When Destructive wind emperor's powerful wind type techniques fell down, wanting to throw Mo Xie thousands of meters away, all the wind power was sucked away by the White Nightmare's nightmare black holes!

“Beng!!!!!!!!!!”

Finally, within the purgatory, the pool beast emperor's body was completely destroyed!

This meat mountain fell down heavily, becoming countless meat squares that were still being burned by the dark red sin flames.

If the violent blood pool beast was still at its peak state, it may be able to block the technique. However, after being severely injured, the violent blood pool beast definitely couldn't survive the flame monarch purgatory!

Sun Qiming's entire person seemed to have lost his soul, as he stared idly at the pool beast emperor's corpse.

At this moment, his face was filled with pale pain. At the same time, he couldn't accept the death of his violent blood pool beast. In fact, he felt that this was all just a nightmare, because he and Luo Hei were still planning on how to receive this massive spirit source before, and he was imagining how he would become a second rank kingdom master.

Yet now, his emperor rank pool beast was killed. Not only were his dreams shattered, he couldn't even hold his current position.

“Die with your soul pet!” Suddenly, the cold voice sounded again!

Sun Qiming instantly realized. Only then did he notice that the merciless Chu Mu didn’t plan on letting him go. Sun Qiming was ice cold with fear, as he pathetically scrambled onto his top tier monarch rank ice falcon to escape.

With only top tier monarch rank soul pets, Sun Qiming had become an ant that could be easily crushed without any threat.

A single sin imprint followed and quickly neared Sun Qiming’s ice falcon.

It couldn’t resist in the slightest, and was immediately destroyed into countless ice shards. Sun Qiming cast a soul technique to protect his body and barely block the sin imprint.

However, very quickly, sin flames darted up. Able to block a hit from the sin imprints, he couldn’t stop the next attack. Sun Qiming was devoured by the flames amidst his own pained screams!

Mo Xie’s sin flames burned very slowly. This was intentional by Chu Mu, because he wanted Sun Qiming to burn to death slowly under this unbearable pain!!

“Ah!!!!!!!!!!!!!!!!!!!!!!”

Sun Qiming’s screams echoed through this city area. High up in the air, Luo Hei’s face twitched as he watched Sun Qiming rolling around as he was painfully burning.

With Sun Qiming dead, Luo Hei couldn’t possibly go up against Chu Mu with just one emperor rank and four top tier monarch ranks.

At this time, Luo Hei’s face no longer was filled with the satisfaction and greed from getting a large amount of spirits. If he knew this abnormal young man had two emperors, there was no way he would have so brashly paid such a heavy price to fight. In his current situation, he was both regretful and angry!

“Fly towards the spirit master army!”

Luo Hei saw the situation, and quickly started to escape.

Utilizing the destructive wind fairy's high ground advantage, Luo Hei didn't bother to even care about his four top tier monarch rank soul pets, directly escaping towards the spirit master army.

.....

This battle that shook half the city area caused all the armies to watch from afar already. Most of these people were witnessing the clash between emperor ranks for the first time.

On the main street, the warrior rank armies and commander rank armies totalling a couple ten thousand people were all staring wide-eyed at other half of the city rendered into ruins, unable to come back to their senses for a while.

"Kingdom master has a command to immediately form teams and attack the intruder!" Just as everyone was staring shocked, a commander shouted with his remembrance out loud.

Gathering the crowds! Luo Hei was about to use the entire western kingdom army to fight Chu Mu!

"Is this a joke? That's an emperor rank- won't we all be going towards our certain death?!"

"One technique was enough to destroy half the city. If that same technique is used with us, won't we all die!!"

"Our mission is to destroy the western wetlands, why are we going against an unknown human expert!"

The commander rank army and warrior rank army leaders were the first to oppose the command!

The kingdom master was the leader of all of western kingdom. However, the kingdom master could directly command only the city commanders of the great cities, and these city commanders could only lead the city guards.

These western kingdom armies were mostly western kingdom free soul pet trainers. They came from all different kinds of families, clans, and powers, and some even came from other kingdoms.

To tell these people averaging warrior and commander rank to fight against an emperor, they may have an advantage in numbers to suppress the emperor, but they would definitely be giving up thousands or even tens of thousands of lives. Who could guarantee that they wouldn't be one of those that died unfortunately?
