Chapter 741: Throne Candidate, Chu Mu

Chu Mu's half devil slowly ended. What Chu Mu didn't expect was that after this half devil, Chu Mu's soul remembrance grew to second remembrance.

Raising his own strength could effectively increase his tolerance. This was a good thing for Chu Mu.

Yet, even with the spirit remembrance increase, heavy side effects appeared!

After Chu Mu's evil devil flames disappeared, an unblockable high heat welled up into his soul, causing his mind to be dizzy and not even able to think.

When Chu Mu lost half devil, the immortal ming bird perfectly came and caught the spent Chu Mu.

Chu Mu felt his body start to burn up, and his consciousness weakening.

Finally, Chu Mu heard Old Li say a string of words in his ear before he completely fell over onto the immortal ming bird's back.

"Top tier emperor rank backlash was too strong. Even with second remembrance and having a body that experienced jade spring sacred blood, its hard for him to withstand it. Let's hope it doesn't worsen, or else young master's side effects will be much worse than all the previous half devil attempts."

"No matter what, young master has to stay strong throughout this, or else you may never wake up!"

.....Old Li's warning was the last thing Chu Mu heard.....

Gaining immense power had to come with a price!

In history, the half devils that appeared all became demons and lost their soul to the heat. The ability to extract his soul away from White Nightmare afterwards was already a god-given gift. Sustaining some backlash was necessary.

.....

"Ming~~~~~"

Sacred pet immortal ming bird knew Chu Mu had a devil in his body. The departed world gates needed some time before opening, so the immortal ming bird signaled to the other sacred pets to use their sacred powers and open a portal through the springs towards soul palace to send out Chu Mu first.

The reason this chaos could be suppressed was mainly due to Chu Mu's efforts. The sacred pets couldn't just watch as he became a devil after!

Thousand Wave Beast was the strongest, so it directly contacted the spring to use its mental voice to tell soul palace people they were about to send Chu Mu forcefully out of Immortal City.

Elder Liu and Liu Binglan of course cared for Chu Mu's safety. They immediately went towards the Thousand Wave Palace sacred spring, and decided to cast power on their end as well to let Chu Mu leave Immortal City first.

Above the Thousand Wave Beast suppressing demon monument, other than the nearly dead Xuanzhen Beetle, the other three sacred pets took up three points of a star formation. They resonated with the spatial structure of the sacred spring, and forcefully opened a very narrow spatial tunnel.

In reality, every suppressing demon monument spring had a special spatial connection with soul palace springs. The immortal city departed world gates weren't the only entrance. Yet, this entrance could only be opened up with three sacred pets combined. The organisms with immortal aura didn't have a chance in opening it.

Thousand Wave Beast's reflection in the spring showed the blossoming sacred light on the three sacred pets. Above the spring on the opposite side, an identical three point sacred totem appeared!!

Above the real spring, the fake reflected world, two identical totems matched each other and caused the entire Thousand Wave palace to emit dazzling lights, as if a miracle just appeared!

At the center of this sacred light totem laid the unconscious Chu Mu, floating in the middle!!

The lights and shadows mixed and spaces matched. Chu Mu's body slowly became ephemeral on top of the suppressing monument spring.

At the same time, the Thousand Wave Palace's spring's totem slowly recreated Chu Mu, with a little evil still remaining!

Chu Mu's black hair was already completely silver. The evil aura hadn't completely been shed yet. Floating in the air and facing upwards, Chu Mu caused a visual shock to many spirit emperors!

Because, even when unconscious, everyone could feel the young man was like a sleeping devil, his mouth corner showing a sliver of a cruel smile, as if he could open his eyes at any time!

Through the reflection, no one could feel half devil's aura. Now that half devil Chu Mu was right in front of everyone, the evilness that felt like the Devil himself arrived truly showed everyone how powerful the half devil was!

"Chu Mu.....he's turning into a devil!" Elder Liu said in a deep voice!

Elder Liu had seen the true process of a half devil becoming a devil. Chu Mu's hair turning silver was a precursor to it!

Liu Binglan saw that Chu Mu was sustaining devil flames, and her heart was nearly shattered. She immediately flew over to the totem and hugged Chu Mu.

"So hot!!" When Liu Binglan hugged Chu Mu, she immediately felt a spout of devil flames invade her body, causing burn damage to her soul.

Liu Binglan's spirit remembrance was extremely high, and she had a very powerful soul, so she didn't really get wounded. If anyone else hugged Chu Mu, they may be instantly burned to death by the slivers of devil flame!!

“Where’s the ice type soul items I told you to gather? Quick, send it all to holy stem palace!” Liu Binglan’s eyes were red. If Chu Mu had any problems, she would never forgive herself for the rest of her life.

Liu Binglan had clear foresight, already prepping a large amount of ice type soul items for Chu Mu.

The healing palace in holy stem palace had a large heap of ice type soul items. The entire healing palace was already like a freezer. Liu Binglan didn’t care about the ice’s influence anymore, throwing Chu Mu on top of all the ice type soul items.

Chu Mu’s body quickly froze over. The ice seeped into his soul, and finally slightly pushed down the devil flames.

At this time, Old Li leaped out in time and said to Liu Binglan and Elder Liu, “These ice soul item types aren’t right. Even any higher rank items won’t be of use. Heavenly Immortal Ice is the only way to truly suppress it.”

“I.....I’m going to Forbidden Wu Realm right now!”, Hearing Old Li say, that Liu Binglan immediately stood up and was about to go to forbidden realm!

“Binglan, calm down.” Elder Liu immediately stopped her.

“Let’s not discuss whether the forbidden realm truly has heavenly immortal ice. Even if we go there and back, it would take a year, which won’t help the current situation!”

Liu Binglan truly didn’t calm down. Seeing Chu Mu’s hair completely white, his entire body burning with devil flames, her heart felt like it was getting daggers. The entire tianxia city’s fate shouldn’t have depended on a child. Even if she had to use the holy stem flower’s forbidden technique, Liu Binglan would be willing.

“Noble woman, don’t think about the worst case. Your preparation of ice type spirit items are the largest greatest help for young master. Young master’s willpower is powerful. He’s fought the White Nightmare for nearly ten years, and he will definitely get through this.” Old Li said urgently.

Old Li spoke the truth. If half devil Chu Mu completely became devil, even if all the sacred pets died, Old Li wouldn't let Chu Mu cast half devil. Now that the entire healing palace was covered in ice type soul items, it could help Chu Mu greatly, and at least completely stop Chu Mu from becoming a devil.

"En, Binglan, you stay here and protect Chu Mu for a few days. I will go deal with the immortal city's issues. Don't worry, the child did a great service for Tianxia City. Soul palace, Nightmare Palace, and Soul Pet Palace definitely won't let any harm get to him!" Elder Liu said very sincerely.

Chu Mu's fight against the giants was truly a world shocking act. In fact, if Elder Liu gave his commendation, even if Chu Mu's true strength wasn't at the peak of humanity, just by his actions, he could definitely get Chu Mu to become the owner of the ten year realm throne!

The realm throne's true meaning was to award those with great contributions to tianxia city, and not always to award the strongest person. This was why the ten year realm throne wasn't often taken from the four leaders!

As long as they could calm down the immortal city chaos, Elder Liu definitely would try to bring Chu Mu to the position of ten year realm throne!

On one hand, Chu Mu's act completely fulfilled the requirement to become the king of tianxia city. On the other hand, pushing Chu Mu to the high seat would also give him protection, causing even the soul alliance master to be somewhat afraid of the consequences.

As for killing Tian Ting, it was an even smaller of an issue!

"Godfather, you go deal with the city." Liu Binglan slowly calmed down.

She knew that though the chaos was stopped within immortal city, sealing back the tens of thousands of organisms with only the sacred pets wasn't easy!

Not all soul pets were willing to go back to their seals, so another fight was inevitable. The only lucky thing was that the battle was within immortal city, and if taken gradually, it wouldn't cause great unrest in society. Of course, this battle could last a very long time.

Elder Liu glanced at Chu Mu, and turned to leave the healing palace.

Liu Binglan sat by Chu Mu, and started to bring the emperor rank ice type soul items into Chu Mu's high-temperature body.

"Noblewoman, you have to take it slowly, and can't be too quick or else you'll harm his body." Old Li was afraid that she would be too worried, and give all the ice type soul items to Chu Mu at once. This could cause Chu Mu to instantly freeze to death from the massive ice type influx.

However, Liu Binglan had this mental strength at least. With her high remembrance spirit emperor powers, she didn't have to work hard to guide the emperor rank ice type soul items into Chu Mu's body.....

.....

Almost the entire day, Liu Binglan repeatedly guided ice energy into Chu Mu's soul. Though Liu Binglan's soul power was hefty, it couldn't last an entire day of wastefulness. Slowly, Liu Binglan's face turned ice cold, and her lips were purple from the temperature.

"Your majesty, you should heal up, your soul power is dwindling." Old Li saw that Liu Binglan was tired and stopped her from continuing

Liu Binglan couldn't stand straight anymore. Old Li quickly went out to call some servants to bring Liu Binglan back to rest.

"He should wake up now. This wave of ice type soul items is enough to create a high class emperor rank. It's good that soul palace is spending this money or else young master would have lost big on this bet. Ice air fairy should receive some benefits through this too. Once it goes to sleep, it will wake up an emperor rank!" Old Li saw Chu Mu frozen into an ice cube and muttered to himself.

Chapter 742: Torrential Resentment, Immortal City's Fight Erupts!

Senior Elder Liu forbid the spirit emperors from leaking that Chu Mu was a half devil.

However, he also knew that not all of the spirit emperors would listen. This news would ultimately reach the ears of Soul Alliance.

In order to protect Chu Mu, Senior Elder Liu sent Holy Guard Captain Zhuo Nong and a group of Holy Guards to protect him.

The fight between the saint beasts and magnates had greatly suppressed the riot in Immortal City. Three days after Chu Mu left Immortal City, all of the spirit emperors and spirit monarch legions in Tianxia City began to station themselves at the Departed World Gates, waiting for it to open.

The moment it opened, the sealed creatures and guardian creatures would rush out like a tide. Senior Elder Liu made mental contact with the saint beasts in hope that they would be able to head to the Departed World Gates to help the human camp block the charging sealed and guardian creatures.

When the Departed World Gates opened, the spirit emperor legion and spirit master legion immediately went to the outskirts of Immortal City through the Departed World Gates. Once they entered, the first thing that entered their eyes wasn't the huge horde of rioting creatures, but the four saint beasts of Soul Palace!

Of the four saint beasts, the Thousand Wave Beast was the mightiest. Its head was a deep purple color, and it ostensibly resembled the legendary Qilin. When it fought, it was malevolent and demonic. But when it was silent, it exuded a righteous aura that was extremely mighty. Added on its enormous beast body that was nearly a hundred meters large, humans were exceptionally tiny in comparison. When its prideful head looked down, the humans with weak mental resistance couldn't even stand properly!

The Immortal Ming Bird was noble, holy, and pure. This made many of the Immortal Ming Bird Soul Palace spirit emperors let out an exclamation in their hearts. As for those who had taints in their heart, when they stood next to the Immortal Ming Bird, they felt rather ashamed!

The Binding Wind Spirit was an imposing spirit. It flew high up in the air, gracefully and spirited like a wind that was difficult to catch.

Of course, everyone was clear that when the Binding Wind Spirit was docile, it resembled a warm breeze, but when it was angry, it was like a merciless storm!

The Xuan Zhen Beetle was heavily wounded, but its tenacious bug type life force had allowed it to survive under the dark corrosion of the Evernight Emperor. When Senior Elder Liu entered the Departed World Gates, he immediately brought the Xuan Zhen Beetle back to Soul Palace to heal it. He hoped that it, having contributed greatly, would be able to recover.

However, the chaos in Immortal City far surpassed the expectations of the spirit emperors!

The existence of the three saint beasts were indeed able to have some intimidation effect, but the number of sealed and guardian creatures were too many. Moreover, when they felt the Departed World Gates open, these creatures wouldn't give up the chance to escape!

As expected, not long after the gates opened, Immortal City finally boiled over!

Even with the saint beasts' pressure, the originally calm Immortal City was suddenly filled with space-shattering roars!

The roars were formed by boundless anger that filled the heaven and earth. They swept from one end of Immortal City all the way to the Departed World Gates!!

The three saint beasts simultaneously released their auras, forming a holy light shield that stopped the torrential resentment.

However, this was still incomparable to the aura of all the sealed and guardian creatures in Immortal City combined. The resentment aura heavily smacked into the human camp, causing them to go pale!

"The resentment aura is so heavy. It seems that the reason the plotters were able to make Immortal City riot was not only because they spent over ten years plotting..." Senior Elder Liu let out a sigh. His two profound eyes stared at the ancient city covered with resentment aura!

"Senior Elder, what's the reason for this? Could these sealed and guardian creatures not even be putting the ancient saint beasts in their eyes?" asked Elder Ting.

Originally everyone believed that after the fight in which Chu Mu lead the three saint beasts, the creatures in Immortal City would calm down. Moreover, the Thousand Wave Beast had appeared too. Suppressing the riot in Immortal City should only have been a matter of time. They never expected that after they opened the gates, the originally obedient creatures instantly revolted with torrential auras. They even ignored the three saint beasts' mighty and angry roars!

“Immortal City has sealed too many creatures and has surpassed the city’s limitations. The records have written that every once in a while, Immortal City must be swept through, so as to prevent the resentment aura from suppressing the sealed energy in Immortal City. Those plotters took advantage of the fact that Immortal City cannot handle the current load and unsealed several seals. Added on the fact they started destroying the seals over ten years ago, they were able to ultimately create this riot. The saint beasts are able to suppress the riot, but only to a certain extent. It’s mainly up to us to slowly suppress the riot... however, how did the plotters know about things even our Soul Palace didn’t know about?!” said Senior Elder Liu.

Whether Immortal City was able to handle the current load was something even Soul Palace didn’t know. Moreover, the record was from several hundred years ago. Who would have imagined that it there would be a day when the enormous sealed city would be overloaded!

“This fight is inevitable!” sighed Elder Hai Qiu!

“Right now, we have the advantage. It’s much better than the previous situation. We should be rejoicing over this.” said Elder Xie Tao.

The humans really did have the advantage and could suppress the riot in Immortal City. If the magnates were able to break through the Departed World Gates and broken space, the human camp experts would not have been able to stop these sealed creatures from stepping into Tianxia City!

There were about 4000 in the spirit master human camp. This was the first time for most of them, who had been gathered from various kingdoms, to have entered the Immortal City. When they entered and looked onwards, they saw the ancient and dilapidated city filled with torrential resentment aura. They also saw numerous extremely rare and dangerous creatures, making their hearts anxious!

For spirit masters, in order to encounter high class monarchs, peak monarchs and paragon monarchs, most of the time one would have to enter deep into a bewildering world. Moreover, they also required a team in order to deal with them. However, in Immortal City, these creatures were merely the thugs of even more powerful creatures!!

Moreover, emperor rank creatures, which were like a death god in the eyes of spirit masters, were not rare beings in Immortal City! The creatures that were roaring from the roofs of buildings, running below the broken city wall and coldly occupying the spacious main streets were all emperor rank!

Emperor rank creatures could not be described as omnipresent. However, right now, with a single glance one would be able to see tens of them!!

This shocking scene made the spirit masters feel as if they had stepped into hell!!

“Hou hou hou hou!!!!!!!”

“Ao wu!!!!!!!”

“Huo!!!!! Huo!!!!!!!!!!!!!!!!!!!!!!”

A wall of dust was formed from the palpitating roars, and it rushed towards the spirit masters!

Finally, the true battle erupted!!

Currently, the humans discovered that Immortal City was moving...

Countless Immortal City creatures were running towards them making it seem as if the ancient and large city was charging at them!

In this moment, speed and dodging weren't of much use. Moreover, powerful strength had become grains of sand under a huge wave!

The disaster scale of this fight would probably far surpass the Western Front's Hibernating Desolation War!

.....

Under the ancient sky, the flowers were still blossoming brightly and people continued to bustle about. Occasionally, an incorporeal spatial vibration would occur in this city, causing the city, a few thousand years old, to vibrate.

“What's up with today? It's like there's been a series of continuous small earthquakes.”

“Ya! I arranged the soul cores on my shelf but one of these vibrations messed everything up, ruining my morning of work!”

.....

“Do you feel that the Beast Fighting Arena is shaking?”

“Could it be that Seven Rock Giant Beast using some earthquake technique?”

“But a mere ninth phase commander can’t have that much skill, right?”

.....

“Something big has happened recently in Tianxia City.”

“Don’t talk nonsense. That’s no good.”

“I heard from the Chen Family that their eighth remembrance spirit master family lord was enlisted by the three big factions. That family master secretly returned to his family once and told his family to leave Tianxia City. Isn’t this something big happening?”

“Now that you mention it, I also heard a few people say that it’s now rare to see spirit master seniors in a number of areas now.”

.....

Tianxia City’s streets and alleys were filled with these rumors. Society enjoyed gossiping and exaggerating.

However, there was no way that they expected that no matter how much they exaggerated their beliefs this time, they still wouldn’t reach the level of the truth. The reality this time and its effects were probably tens of thousands of times more terrifying than people imagined!

It wasn't that Tianxia City's higher-ups didn't know that they should have moved these people with limited fighting strength to other places.

However, if Tianxia City was no longer safe, there would be nowhere else to go in Tianxia Realm. By not moving them, they hoped that after the disaster broke out, the entire city would be able to work together and defend against the riot.

In truth, these people that were going about their lives as they usually did should have been extremely grateful, because if it wasn't for Chu Mu transforming into a half devil to kill the four magnates, today it probably would have been the magnates leading the countless Immortal City creatures out of the city and in front of these normal people.

.....

But the person that already suppressed the riot to its lowest point was lying on a rectangular coffin-like ice bed...

He was naked and covered in frost, as if he was a corpse that had been frozen solid for countless years.

Beside the ice coffin was flower type spirit emperor Xiang Yiyun. A trace of red was visible on her white face, as she used soul remembrance to guide the ice type spirit items into his soul.

Liu Binglan had already expended all of her soul power, but Chu Mu constantly needed someone to help him lower his soul's temperature. Therefore, this task was given to Xian Yiyun to substitute.

When half of her soul power had been consumed, she was clearly able to feel the frost on Chu Mu's body tremble. This was signs of him awakening!

Xian Yiyun let out a smile, and hastily summoned a servant girl to inform the recuperating Liu Binglan.

But when she turned around, Xian Yiyun saw that Chu Mu had opened his eyes. She astonishingly discovered a silver demonic light flickering in Chu Mu's eyes. It created a brilliant resplendence that was capable of captivating one's soul. Then, it disappeared and his eyes returned to their original black color!

Xiang Yiyun was stunned for a moment. When she discovered that Chu Mu's eyes, full of a demonic nature were staring at her, her heart began to violently beat, and a hint of flusteredness appeared on her face!

Chapter 743: Nightmare Emperor Bai Yu's Daughter, Bai Jinrou

Chu Mu opened his eyes, and saw the flustered Xiang Yiyun. He felt confused.

He attempted to move, but discovered his body had been frozen solid. If he tried to forcibly move his body, perhaps a bone would break.

"You... you shouldn't recklessly move." Xiang Yiyun recovered, but her face was completely red. Even she didn't know why she was flustered.

Xiang Yiyun was actually in a normal state of mind. If it was another spirit emperor standing in front of Chu Mu, even he or she would have been flustered for a while. After all, this young man was a half devil!

Chu Mu blinked as a response.

Not long after, Liu Binglan entered the ice palace, and looked happily at Chu Mu.

As she got older, age didn't leave any vestiges on Liu Binglan's body. However, her motherly love grew even deeper. When she saw Chu Mu finally awaken, her eyes became red, and she didn't stop asking Chu Mu if he felt uncomfortable somewhere.

Ever since being thrown onto Prison Island, Chu Mu had spent most of his time alone. Now he was a mature person and didn't really need the care of others. However, having someone else care for him like this did in fact make his heart warm, especially since it was his own mother.

This made Chu Mu, who had never really interacted with his mother from a young age, have a slight change in heart.

Liu Binglan lightly wiped her tears. For many years now she had stubbornly refused to shed a tear, but in this short period of time, she couldn't stop crying.

Chu Mu was barely able to stretch out his frozen hand from the ice coffin-like bed. He robotically helped Liu Binglan wipe her eyes.

This inadvertent action startled Liu Binglan, and a tear-filled smile appeared on her face.

Chu Mu had only done this subconsciously, but Liu Binglan could see that Chu Mu truly recognized her as a mother.

Liu Binglan had always been aware that although Chu Mu hadn't rejected her as a mother, he had always been apathetic and unfamiliar towards her.

It was only now that she could see emotions in his eyes; but even this minute change was huge to her, who always blamed herself for being a poor mother.

To the side, Xian Yiyun looked at Liu Binglan and was stunned. This cold beauty was so beautiful she could stifle one's breath. Yet, when she actually wore a warm smile, she would display another type of magnificent beauty that made it difficult for even Xiang Yiyun as a woman to move her eyes.

"What's the matter?" Liu Binglan grasped Chu Mu's frozen hand, and saw that his expression had suddenly changed.

It was a lot of effort for Chu Mu to open his mouth so he used soul remembrance to tell Liu Binglan, "Nothing. There are certain things that give off a strange light when they cry."

"Liu Binglan didn't pay much heed to his words and said, "You must be hungry. I will get something for you to eat."

"I'm not hungry. Too many ice type spirit items have been used. My soul is already immune to them. Help me undo the freezing..." Chu Mu said with soul remembrance.

As Liu Binglan helped him heat up, Chu Mu's mind grew clearer. But he did as Old Li said and slept here for a few more days.

Afterwards, Chu Mu discovered that his soul had barely lowered in temperature. Xiang Yiyun had helped him guide ice type spirit items into his soul, but they were barely of any effect. This was essentially wasting these emperor rank ice type spirit items on him; therefore, when Chu Mu awoke, he stopped her.

“Ok, mother will help you undo the freezing.” Liu Binglan nodded her head.

Old Li had already said that they needed Heavenly Immortal Ice, this pure spirit item, in order to truly have an effect on Chu Mu’s soul temperature. Liu Binglan thus planned on bringing Chu Mu immediately to Wu Forbidden Region once his soul power recovered.

“Sister Lan, I’ll undo the freezing. Your soul power still hasn’t recovered.” Xiang Yiyun didn’t want Liu Binglan to exhaust herself, so she took it upon herself to guide the ice type energy out of Chu Mu’s body.

“Who put me in this ice coffin...” Chu Mu muttered. When he had glanced before, he felt that it wasn’t very pleasing to look at. Not that he had actually gotten up and could have a look, this really was an ice coffin!

Chu Mu was subconsciously about to climb out of the bed, when he suddenly discovered that Xiang Yiyun’s face was red.

“Eh... my clothes were all burned...” Chu Mu was embarrassed because he hadn’t realized he was naked. He hastily grabbed a robe from his spatial ring and wrapped himself.

He never expected that he would completely reveal himself in front of two women. Liu Binglan was his mom so Chu Mu didn’t care about that. But Xiang Yiyun... there were a few first times that Chu Mu had to leave for Ye Qingzi!

Of course, if Chu Mu knew that when he was washing off the Little Hidden Dragon’s stomach acid, he had faintly revealed himself to most of the male and female spirit emperors watching in Soul Palace, how strange would his expression be?

.....

Chu Mu knew that Liu Binglan had spent a large amount of soul power to help him lower his soul temperature. So he wanted her to rest while he went to move around.

But Liu Binglan couldn't stop worrying about Chu Mu and followed him.

While he walked around Soul Palace, Chu Mu discovered that many people were looking at him strangely. Even the older people were looking at him with a bit of respect.

Chu Mu had spent a while in Tianxia City's Soul Palace and was familiar with a few people. But their expressions were the same as the other's. This made Chu Mu feel strange.

"The reflection spring is able to see what's going on nearby the Demon Suppressing Monuments. So everyone knows about you transforming into a half devil." explained Liu Binglan.

"What, they know?!" Chu Mu went pale!

The half devil was one of Chu Mu's secrets among secrets. He absolutely could not let others know, otherwise it would be virtually impossible for him to move about in the soul pet trainer realm. Moreover, he would be suppressed by his great enemy, Soul Alliance!

Most importantly, the Empyrean Cyan Hidden Dragon, the Little Hidden Dragon, and Mo Xie could all be inferred from this!

"Don't worry, your grandfather has already commanded that because you protected our Tianxia City this time, our Soul Palace, Nightmare Palace, Soul Pet Palace, Elemental Sect, Merchant Alliance and Hunting Association will recommend you to be a master in this ten year Realm Throne. After Immortal City is pacified, you will be Tianxia City's King. Even if Soul Alliance is enormous and tyrannical, they won't dare do anything to you, at least in these ten years." calmly said Liu Binglan.

"Tianxia's Realm Thrones? Recommending me as the King?" Chu Mu's expressions weren't particularly diverse most of the time. Using Ye Qingzi's words to describe it, he would always have a grim expression from morning until night. But right now his expression was exactly the same as a commoner who suddenly obtained a heavenly benefit!

It wasn't that Chu Mu wasn't calm enough, but rather that the crown that had been plopped onto his head suddenly was too big!

The first time he had stepped into Tianxia City and saw those magnificent thrones, Chu Mu's heart had been filled with emotion and placed the Realm Thrones as his highest goal. Now, a few years later, he was going to be seated on the King's throne. This was like a dream!!!

Liu Binglan saw that Chu Mu was shocked, and informed him of the requirements for the ten year Realm Thrones. Chu Mu finally understood that what the Realm Thrones required were contributions to Tianxia City relying on one's own strength. Of course, without absolute strength, one would not be able to contribute in the way of saving a several thousand year old civilized city.

Since he was going to become Tianxia's King, it was impossible for him not to be excited. Especially to a young person like Chu Mu. He was probably the youngest person in the past thousands of years to ascend the throne!

Most importantly, with the support of the three large factions, he ostensibly didn't have to worry about Soul Alliance seeking trouble for him. It didn't matter if others knew about the half devil and perhaps in the future, the three great factions would provide for all of the spirit items needed to raise his soul pets' strength. As long as he focused on training, the water would flow where the canal was formed!

.....

Next, Chu Mu inquired about Immortal City's riot.

Liu Binglan responded that the situation was not good, and they needed a long time before it would be suppressed.

"The situation has already suppressed to its lowest limit. What comes next is a matter of time. I believe that it will be slowly pacified." Liu Binglan thought that Chu Mu was worried about Tianxia and let out a slight smile.

But why would Chu Mu be worried about Tianxia? He only felt that if they weren't even able to get this disaster under control despite his utmost efforts, then it wouldn't be worth it. Moreover, how would he be able to give the scheming defector young woman a slap on the face?

"Mom, just now you said you planned on pardoning prisoners and having them recall their Immortal City soul pets?" Chu Mu thought of this and immediately inquired about it.

“Yes, what’s the matter?” Liu Binglan didn’t know why he was interested in this.

“Then... then can the Princess be pardoned?” Chu Mu unexpectedly was thinking of Princess Jin Rou. He was not willing to see this girl, in the prime of her youth, be imprisoned for an entire 20 years.

Liu Binglan saw that he cared about this woman and she seemed to realize something. She knowingly laughed and softly said: “Wait until you become King. When that time comes, who won’t you be able to pardon?”

Chu Mu knew that Liu Binglan had misunderstood and helplessly shook his head.

“I have a list of prisoners to pardon. On there is her name, Bai Jinrou.” Liu Binglan knew that Chu Mu had a woman already, but why would she care about how many women he had? Moreover, she had seen Princess Jin Rou before, and felt that she suited Chu Mu quite well.

“So she’s surnamed Bai...” this was the first time Chu Mu had heard Princess Jin Rou’s full name.

“Yes, didn’t I tell you that she was the daughter of last generation’s Nightmare Emperor?” said Liu Binglan.

“Wait... her full name is Bai Jinrou?” Chu Mu was suddenly stunned, rooted on the spot.

Liu Binglan looked, confused, at her son.

“Was the previous Nightmare Emperor called Bai Yu, the person who transformed into the strongest half devil?” hastily asked Chu Mu.

Liu Binglan didn’t understand why Chu Mu’s expression had turned so grave and nodded her head: “Yes, it’s him!”

“Bai Yu was the strongest half devil in history. In that year, it’s unknown how many peak emperor rank experts fell just to get him under control. Therefore, the older generation is scared at the mere

mention of a half devil; the losses that year were too much. The reason why Tianxia City has declined so much now is directly because of half devil Bai Yu.”

Liu Binglan’s words made Chu Mu tremble!!

A freezing feeling surged up in his heart, moving to his various body parts. It was so cold he shivered!!

“Half devil... half devil Bai Yu didn’t die, right?” Chu Mu said in a very cold voice.

“How did you know?” Liu Binglan revealed an astonished expression.

The secret of half devil Bai Yu not dying was only known by those of the Senior Elder rank or higher. Only Chu Mu knew of himself and Senior Elder Liu knowing about this secret. Even Old Li didn’t know about this!

“Then.. then half devil Bai Yu... is.... Is he sealed in Immortal City?!” when Chu Mu asked this, he felt his breathing become abnormal.

Because he sensed that this plot still hadn’t been stopped yet...

It was very likely that this plot had only now truly reached its peak!!

Chapter 744: Half Devil Bai Yu, Sleeping Hero!

Liu Binglan was dumbstruck by Chu Mu’s stern questioning!

Liu Binglan wasn’t dumb; she instantly connected all the questions together and came to a conclusion she didn’t dare to continue with!!

“Quick.....quick answer me!” Chu Mu saw Liu BInglan freeze up and asked even more hurriedly.

“Impossible, half devil Bai Yu was sealed when he was still half devil, and is likely still half devil, but his seal can’t be opened up. Even if all of the immortal city died, the seal will stay. It’s impossible!” Liu Binglan kept shaking her head. She couldn’t believe this reality!!

Seeing the always calm Liu Binglan like this, Chu Mu’s heart sank.

Indeed, Chu Mu’s half devil ancestor Bai Yu was sealed in immortal city!!!

The tales of devil emperor Bai Yu Chu Mu heard from Old Li many times. He was definitely a devil amongst devils. Even when Tianxia realm was full of elder level experts, they couldn’t stop this devil!!

Old Li told Chu Mu briefly about half devil bai Yu’s stories. Tianxia City was a realm city and should have countless experts. There was no way there were this few top tier emperor and high class emperor ranks like today!

Yet, now, only the main factions’ elders were around, and top tier emperor rank senior elders were very rare. This was all because of the half devil!!!

At the time, half devil Bai Yu killed countless supreme experts, causing the three factions’ position in Tianxia city to be greatly wounded. This was the main reason why the three factions fell behind, and could no longer compete against soul alliance!

Causing an entire realm city’s top tier experts to fall, causing severe damage to the three factions that were powerful enough to cover the entire human kingdom, half devil Bai Yu’s strength no longer needed additional explaining!!

If the defector young woman’s true goal was to awaken half devil Bai Yu, then the already weakened Tianxia city was truly not far from death!

This was why Liu Binglan could no longer continue thinking, and wanted to deny reality. This was because if it were all true, then her worst nightmare would become real!

“We can go and check maze prison now and find out.” Chu Mu looked at the panicking Liu Binglan and said.

Let's hope.....let's hope he was just overthinking. Chu Mu could only sigh at this thought.

Liu Binglan didn't hesitate at all. She cast the incantation to summon Star River, and flew over to the soul pet palace maze prison.

Liu Binglan's status meant she didn't need to follow any rules. She directly called the managing female prisoner Huang Yinglian.

"She was always in her room." Huang Yinglian said there was no way princess Jin Rou could get out of the prison herself.

Only when Liu Binglan saw Princess Jin Rou could she be completely relaxed, so she immediately told Huang Yinglian to lead her towards the lakeside wood lodge Princess Jin Rou was in.

.....

"Impossible, impossible, how could she go missing!" Huang Yinglian's face turned pale.

Searching through all the places and even asking all the other female prisoners, yet no one knew where princess Jin Rou went!

The female spirit emperor before actually mentioned that it had been a while since they saw her.

"Look around more!" Liu Binglan's face was pale. She had expended a large amount of soul power to save Chu Mu and now, in the face of great danger, she was even frailer.

Chu Mu saw Liu Binglan in her state. His heart was also flipping, but he acted much calmer.

He shook his head to Liu Binglan, and told her there was no meaning in searching more.

Liu Binglan didn't want to give up and still told everyone to go look for princess Jin Rou.

Chu Mu grabbed Liu Binglan's slightly trembling hand and said, "She already escaped. Before, when Zhang Siyuan escaped from prison, she planned it. Zhang Siyuan didn't actually escape; he

simply hid in some place in maze prison, while they told a person that looked like Zhang Siyuan to walk around outside. That way, the guards in the prison would think Zhang Siyuan escaped, which prepared her for her real escape.”

Liu Binglan was indeed panicking. So many years, she had never panicked like this before, Only until Chu Mu calmly grabbed her hand did she realize that a true conspiracy was gathering, hiding behind the massive chaos in immortal city and slowly nearing Rianxia city!!

“And, she may have entered the prison intentionally because that way princess Jin Rou could send her soul pets into immortal city with reason and prepare for today, a whole year later.” Chu Mu said slowly.

Princess Jin Rou escaping prison caused Chu Mu to instantly remember the white figure he saw in immortal city!

Only now did Chu Mu realize what the somewhat familiar white figure Chu Mu saw on the first day was!

It wasn't Chu Mu's misconception. That was the soul pet princess Jin Rou had sealed away in immortal city a year ago. The white figure that flashed past was princess Jin Rou's Cursed Ice Sealed Demon Fox!!

Chu Mu heard Old Li speak of it before. The cursed ice sealed demon fox is a higher species evolution of silver moon fox. Mo Xie came from a silver moon fox and later became moonlight fox. However, she kept the seal break species technique of silver moon fox.

As a higher species, Towering Ice Curse Demon Fox, after special training, definitely had one of the strongest abilities to break seals in the world, and this strength had nothing to do with its combat strength!

Before, Chu Mu thought that princess Jin Rou was a woman, and tended to like fox species soul pets, so he didn't think much about its ability to break seals. Mainly, princess Jin Rou's towering ice curse demon fox had a powerful sub type of ice, so Chu Mu always thought its seal breaking ability wouldn't be powerful.

Yet, if princess Jin Rou had always been hiding a powerful seal break ability, or if Princess Jin Rou picked towering ice curse demon fox just for today.....

Maybe princess, even when she was a young girl, was thinking of a way to bring her father devil emperor Bai Yu out!!

Connecting it to the familiar white figure Chu Mu saw in immortal city, to when princess Jin Rou wanted to participate in battle of the realm but didn't want the honor, to when princess wanted to enter immortal city but didn't express her intent.....

Raising the towering ice curse demon fox, getting into a battle of the realm, scouting out the ninth realm of immortal city, getting herself jailed to easily let the seal breaking fox enter immortal city, and then waiting for immortal city's chaos to come.....

There weren't that many coincidences in this world. All of this pointed to what Bai Jinrou was about to do!

"I heard Old Li say that immortal city and tianxia city appeared in the same era. At that time, soul palace and nightmare palace weren't split yet....."

"This means that, inside immortal city, other than the seven suppressing demon monuments corresponding to the seven diagram sacred pets, there is an eighth demon monument, this eighth suppressing demon monument....."

Chu Mu's guess was bold and surprising. When he said this, his gaze fell on Liu Binglan's pale face.

Liu binglan nearly bit through her lip. She was also staring at Chu Mu and finally nodded difficultly. Saying in a shaky voice, "Immortal city.....indeed has an eighth suppressing demon monument, nightmare suppressing demon monument!"

"You guess correctly.....the eighth suppressing demon monument has an organism in it that isn't a sacred pet but....."

"Bai Yu devil emperor!!" Chu Mu almost spoke at the same time as the hesitant Liu Binglan.

As they said the name, both Chu Mu and Liu Binglan felt a massive ice mountain fall on their backs, causing them to realize just how shocking the true conspiracy was!!

.....

Getting to this conclusion that neither dared to believe, Liu Binglan jumped onto Star River and ran towards the departed world gates!!

This was a true world destroying ploy, so massive that it stifled their breaths!!!

.....

Flying towards departed world gates, Liu Binglan told the full story of the bloody events that caused the downfall of a whole generation of top tier experts!

“At the time, tianxia city had countless supreme experts dying to it. Devil emperor Bai Yu was unstoppable. Even when all the tianxia city experts gathered forces, they weren’t a match.....”

“Soul palace had four supremes. Supreme Tu, Supreme Chen, Supreme Zhou, and Supreme Ming. Mother’s teacher, the previous Supreme Chen and the top tier Supreme Zhou died in this battle!”

Soul palace had four supreme level experts that even nightmare palcae had to respect!

However, inner palace members all knew that the previous generation of four supremes almost all retired, while Supreme Chen and Zhou even lost their lives!

Supreme Tu had a successor. Liu Binglan was Supreme Chen’s successor, or else Liu Binglan wouldn’t have a noble position this young.

The most damaged was supreme Zhou! Before he died, he didn’t get a good disciple to pass their skills down. A supreme position passed on for a few thousand years completely disappeared from soul palace history!

In the past, there were four most powerful supremes. Now, there were only three, and there would always only be three now.

When Old Li mentioned the soul palace supreme positions, he had mentioned offhandedly that Supreme Zhou's position had always been vacant. Hearing Liu Binglan explain, he finally understood why the position was empty! Two supremes dying while two retired, one can imagine how terrifying the bloody event was!!

And all of this happened because of devil emperor Bai Yu!!

Hearing all this, the raging emotions in Chu Mu's heart grew ever stronger!!

"Then.....then who defeated him in the end??" Chu Mu quickly asked.

Liu Binglan shook her head emotionlessly, "No one beat him. Even with the four supremes dying, no one could stop the devil emperor....."

"Then how did you manage to seal him up?" Chu Mu followed up.

Chapter 745: Strongest Half Devil in History

.....

Liu Binglan continued, "That year, Ten year Realm Throne Li Hong was an expert, but he was far from a supreme level expert..... when everyone was tactless, he thought of a great plan of sealing devil emperor Bai Yu into the eighth suppressing demon monument!"

"It was likely the only way left, so your uncle was in charge of leading the devil emperor to eighth suppressing demon monument in Immortal City."

"The suppressing demon monuments are the earliest relics of soul palace. They had the most ancient binding power, and perfectly countered the white nightmare! That year, Li Hong combined all the expert's strengths to open up eighth suppressing demon monument and forcefully sealed the devil emperor away, forcing him into a thousand-year slumber....."

"It was then that the half devil's world-destroying finally ended!"

“And from then on, soul palace, nightmare palace, and soul pet palace three factions completely died, unable to be matched against soul alliance.....”

After hearing Liu Binglan’s words, Chu Mu felt his heart nearly jump out of his mouth!

Combining all the supreme experts in the three factions still didn’t kill devil emperor Bai Yu and only forced him into slumber. This strongest half devil truly was truly unprecedentedly powerful!!

“Half devils are usually short-lived, but if the half devil Bai Yu was forced into sleep before, when he wakes up now, Bai Yu would still have another collision with the white nightmare’s soul. Half devil Bai Yu would still appear!!” Chu Mu was a half devil himself. He knew exactly how half devils existed!

Thus, the half devil phenomenon at the time never ended, simply because half devil was only sleeping!!

Now that a couple of years had passed, the calamity may very likely continue in Immortal City!!

At least, Chu Mu finally knew the defector young woman’s true intentions!

This was a truly despicable and shudder-inducing woman!

.....

Star River’s flying speed was always very quick, but for the worried Liu Binglan, it was still too slow.

Finally, she was at the departed world gates. Seeing the gates, Liu Binglan’s heart shook; these departed world gates might as well be just flimsy disguises to the devil emperor Bai Yu!

“Shashasha~~~~Shashasha~~~~~”

Right before entering departed world gates, Chu Mu’s little hidden dragon suddenly let out a yell, wanting urgently to leave the space.

“Little hidden dragon, stop fussing. No one is allowed to come out right now!” Chu Mu knew that none of his soul pets could show themselves this fight. Chu Mu truly understood how important power was at this point!

Little Hidden Dragon didn't stop babbling its hidden dragon's nonsense. Feeling that little hidden dragon wasn't reporting anything dangerous, he just stopped the excited shouting and Chu Mu directly shut it up.

This truly wasn't a good time for little hidden dragon to be throwing a fuss because Devil Emperor Bai Yu could already be reviving!

Liu Binglan didn't even have time to speak to the spirit emperors at the gate, immediately riding Star River into Immortal City.

The fight between Immortal City and human city started because of fights like these. When Liu Binglan and Chu Mu entered, they immediately heard the deafening noise!

Glancing across, the beasts were proliferating, densely packing up the ten kilometers of city wall around Immortal City!

And on the dozens of meters of city wall, there was rolling dust, as countless organisms welled towards the departed world gates' position!

The humans only had a ten kilometer defense line, but they were defiant that all sealed organisms would remain more than 10 kilometers from the gates!

Even in the desolation hibernation battle in western kingdom, Chu Mu had never seen a large gathering of soul pets fighting together!

On such a battlefield, even spirit emperors became extremely small!

The bloody fight caused Immortal City's outer city regions to become like human hell!!

The overflowing resentment had materialized already, buffetting their faces like a storm. Seeing this, Liu Binglan again was shocked.

Immortal City's chaos was far from easily quelled. Holding countless resentments, Immortal City had become a true hell, one that could topple thousands of years of human civilization!!

.....

Liu Binglan found elder Liu within the army.

Yet, when Liu Binglan and Chu Mu finished saying their guesses, the always calm Elder Liu's body shook violently, nearly unable to stand anymore!

Elder Liu was already spent in energy. The only senior elder in Immortal City was him. In this state, after Liu Binglan stated her guess on the conspiracy, the old man who experienced the half devil's might personally instantly aged!

"Hai.....hai Qiu.....I'll leave this hear up to you!" Elder Liu didn't dare say another word. After a very long time, elder Liu finally said to Elder Hai Qiu.

"Senior elder, this is?" Hai Yu saw Elder Liu's suddenly aged face and was shocked. Just what could cause this unwavering elder level expert to be like so?

Elder Liu didn't respond, immediately summoning top tier emperor rank Immortal Ming Bird and jumped on its back flying far away straight towards the eighth suppressing demon monument!

Half devil Bai Yu hadn't appeared, yet so there was still a chance. Elder Liu had to go towards the eighth suppressing demon monument once no matter what!

Liu Binglan couldn't care about her low soul power anymore. After telling Chu Mu to leave tianxia City as soon as possible, she rode her Star River and followed Elder Liu into the forest.

There were many high class emperor ranks in the chaotic army of Immortal City that wanted to stop the top tier emperor ranks from entering deep into the city, but they couldn't, only able to watch frighteningly at the skies.

None of the other elders knew what happened, so they could only follow Elder Liu's guidelines, continuing to command this massive battle!

Seeing Liu Binglan and Elder Liu fly away, Chu Mu didn't feel great. If they told him to stay behind right now, Chu Mu couldn't do it.

Since he could communicate with the seven sacred soul pets, he may be able to stop the eighth remembrance suppressing demon monument from being broken. Chu Mu didn't want Liu Binglan and Elder Liu to lose their lives, so he immediately called out with his remembrance, "Immortal Ming Bird!"

Chu Mu knew that without half devil, he was way too weak and couldn't go recklessly. He immediately called sacred pet Immortal Ming Bird from the chaotic army.

"Ming!!!!!"

Sacred pet Immortal Ming Bird heard Chu Mu's calling, and immediately left the battlefield, bringing glorious light towards Chu Mu's location.

Chu Mu leaped up and jumped onto the Immortal Ming Bird's back. The sacred pet flapped its wings up, giving off an ephemeral feeling that shocked the nearby spirit emperors!

Sacred pets were almost worshiped, yet someone was riding it like a soul pet, and even rode it towards deeper into Immortal City.....

"What's up, Elder Liu and noble woman both flew far into Immortal City. I also saw someone call over the Immortal Ming Bird and called it away." Zhao Qinghe walked in front of Elder Hai Qiu and started asking.

Elder Liu and noble woman's departure was something Hai Qiu saw. Yet, because his attention was all put somewhere else, he didn't notice Chu Mu. Now that Zhao Qinghe brought it up, he immediately glanced at the far skies and indeed saw that the sacred light enshrouded sacred pet Immortal Ming Bird had unknowingly flown through the broad battlefield and flew towards Immortal City.

"Why would the sacred pet leave without reason? You said the sacred pet immortal ming bird was called away, who has the power to command the sacred pet?" Hai Qiu asked questioningly.

“I think it was a young man.....” A spirit emperor by Hai Qiu said.

“Young man?” Hai Qiu paused before suddenly blurting out, “It’s Chu Chen!”

Through the reflection spring, all the spirit emperors saw that Chu Mu could communicate with the sacred pets and to a certain degree command them. This was something even elder Liu and noble woman couldn’t do.

So, if anyone were riding the sacred pets, it would probably be Chu Mu, who awakened them!

Yet, wasn’t Chu Mu still healing, why was he back in Immortal City and hurriedly going deeper into the city?

“Maybe he’s going to summon the other sacred pets!” Zhao Qinghe said.

Elder Hai Qiu nodded and felt like that was a good probability!

“En? Why is the Thousand Wave Beast leaving too!!”

But, not long after, the king of beasts seven diagrams sacred pet’s leader also left the battlefield, completely unblockable as it stepped through countless organisms deeper into Immortal City.

The Thousand Wave Beast was the general of this battle. Its departure was basically boosting the morale of the sealed army while weakening their own morale!

“Maybe it’s something extremely important. The sacred pet binding wind spirit stayed, though.” Zhao Qinghe said.

In such a fight, sacred pet binding wind spirit’s destructive capabilities were even stronger than the Thousand Wave Beast. With sacred pet binding wind spirit, the human side wouldn’t be too pressed for help.

.....

“Thousand Wave Beast came as well? Does he feel something as well?” Flying above Immortal City, Chu Mu turned around to find the thousand wave beast slamming its way through countless sealed organisms’ territories, causing even the armies to make way for it!

Sacred pet Immortal Ming Bird fought continuously and was tired already, so its speed wasn’t as fast as Elder Liu and Liu Binglan’s top tier emperor ranks.

The Thousand Wave Beast ran incredibly dominatingly, yet its speed was barely at pace with the flying Immortal Ming Bird, so Liu Binglan and Elder Liu both didn’t notice Chu Mu bringing two sacred pets along with him.

“If the half devil Bai Yu truly awakens, even all seven sacred pets together would be useless.” Chu Mu sighed and shook his head.

“Young master, just pray that the princess doesn’t really do anything that stupid, because there indeed is a way for her to awaken her father devil emperor Bai Yu, one that I mentioned to you before.....” Old Li’s voice slowly came over.

Chapter 746: The First Ten Seals, A Dormant World (1)

The eighth Demon Suppressing Monument was not located in the depths of Immortal City. As they got nearer, Chu Mu astonishingly discovered that the eighth Demon Suppressing Monument was close to the ancient castle from the tenth realm’s ultimate honor.

Back then, Chu Mu was only on the slope under the ancient castle, and hadn’t seen what was behind the ancient castle. Unexpectedly, there was another reflection spring like the other seven Demon Suppressing Monuments.

From far away, Chu Mu discovered that behind the ancient castle was an evil light and evil cloud that was more intense than the anger formed by the resentment aura of all the sealed creatures. It hovered above the ancient castle!

The resentment aura was rather reserved and if one got close, he wouldn’t be able to tell that such a huge amount of resentment aura had been condensed here!!

Flying in the front, Senior Elder Liu and Liu Binglan had unsightly expressions. En route, they had hoped countless times that this was a mere conjecture. But when they saw the resentment aura form an evil cloud, essentially, their nightmares had become a reality!

“Father...” Liu Binglan felt as if she had dropped into an ice cave. If Nightmare Emperor Bai Yu had truly awakened, nobody in Tianxia City could stop him!

“We need to be calm. He still hasn’t awakened!” although Senior Elder Liu wanted Liu Binglan to remain calm, it was possible to see that this old man found it hard to remain calm!

He stared at the reflection spring. Suddenly, he discovered a long haired man standing at the top of the ancient castle who wore an evil smile as he looked at Senior Elder Liu and Liu Binglan.

Senior Elder Liu was stunned. He immediately turned around to look at Liu Binglan who was equally shocked by the long haired man’s appearance. After a moment, she said in a low voice: “It’s the Shadow Absolute - Zhou Shan!”

Previously, Xiang Yiyun had told Liu Binglan that the Shadow Absolute had appeared in Nightmare Palace. Liu Binglan didn’t think that this fellow was here to save Tianxia City. Moreover, she didn’t have any good-will towards him. Instead, she was a bit nervous of him.

However, he never expected that one of the grand Sixteen Absolutes of Soul Alliance, a paramount expert, was one of the plotters for destroying Tianxia City!!

“You guys finally appeared. I, Zhou Shan, waited for you guys for such a long time!” the Shadow Absolute Zhou Shan wore an arrogant smile!

“Zhou Shan, why are you doing something so egregious? Aren’t you afraid of suffering heaven’s wrath?!” Senior Elder Liu was seemingly going to spit flames out of his eyes from his anger!!

“Heaven’s wrath? Old man, it seems you still don’t understand. Strength is the heavens, and it decides everything in this world!” the long haired Zhou Shan was full of indifference as he spoke.

Liu Binglan was also trembling, and she tried to control her emotions.

“Father, I’ll deal with him. Think of a way to break through the evil cloud domain and the external seal to enter the Demon Suppressing Monument!” Liu Binglan said to Senior Elder Liu.

As one of the Sixteen Absolutes as well, Liu Binglan wasn’t weaker than the Shadow Absolute. Since half devil Bai Yu still hadn’t appeared from the Demon Suppressing Monument, this meant that they still had time!

At this point in time, Senior Elder Liu couldn’t hesitate out of worry. He told Liu Binglan to be careful while he rode on the peak emperor rank Immortal Ming Bird towards the reflection spring behind the ancient castle!

Shadow Absolute Long Shan didn’t care about Senior Elder Liu’s departure. He maintained his sneer while his gaze fell on Liu Binglan. With a trace of phoniness in his voice, he said; “I’ve heard that the cold beauty, Star Absolute, has shocking talent with exceptional strength. Today I’ll get a chance to experience it for myself!”

Liu Binglan wasn’t going to speak rubbish with a person like this. She immediately ordered Xing He to attack. She wanted to kill this bastard as fast as possible!

Liu Binglan had two peak emperor rank soul pets. One was Xing He, who she was riding on, while the other was a peak emperor rank Palm Dawn Concubine. Her strength was ranked 10th among the Sixteen Absolutes, while the Shadow Absolute who was also a supreme expert with two peak emperor ranks was ranked 11th in strength.

Although her strength was ranked slightly higher than the bastard in front of her, Liu Binglan didn’t dare underestimate him at all, because this fellow’s methods were vicious and ruthless. None of the other Absolutes were willing to end up on this fellow’s bad side!

.....

Peak emperor ranks had shocking destructive force. When Chu Mu was a few ten kilometers away from the ancient castle, he discovered a beautiful rain of meteors, hidden with killing intent, rain down from the sky. They smashed into the ancient castle’s surroundings!

There were originally a few low rank creatures that weren’t aware of the danger wandering nearby the ancient castle. But after the beautiful rain of meteors, these sealed creatures were all instakilled!

“There’s someone who can fight against mom?” in the energy-filled battlefield, Chu Mu discovered that a long haired man was standing at the very top of the ancient castle which wasn’t being attacked while controlling two peak emperor ranks. He was fighting against Liu Binglan’s Xing He. This made Chu Mu shocked!

Liu Binglan’s strength was probably the strongest of anyone Chu Mu had ever seen. Even if he transformed into a half devil, he couldn’t be sure that he would be able to defeat the two peak emperor rank Liu Binglan. If it wasn’t because the Departed World Gates had to remain closed, with her strength, it would be no problem to get rid of the two magnates.

However, Chu Mu never expected that someone would appear in Immortal City who could fight against her!

“Young Master, this fellow is 100% one of Soul Alliance’s Sixteen Absolutes - Shadow Absolute Zhou Shan!” Old Li immediately recognized this long haired man!

“Soul Alliance? Could this plot have been formed by Soul Alliance in the dark?” said Chu Mu in shock.

“Whether Soul Alliance is the mastermind behind this is hard to tell right now. At the very least, Zhou Shan’s reputation has always been bad. If it wasn’t because he was very strong, he would have already been imprisoned. However, young master needn’t worry. Her Majesty’s strength is ranked higher than the Shadow Absolute’s. Even if she can’t beat him, she won’t lose.” said Old Li.

“That’s good. Why do I feel as though the eighth Demon Suppressing Monument is different from the other Demon Suppressing Monument?” Chu Mu’s attention quickly fell on the reflection spring behind the ancient castle.

The reflection spring was still the reflection spring, but Chu Mu felt something weird about this place. When he had summoned the Immortal Ming Bird, Chu Mu had experienced a special connection with the Demon Suppressing Monument’s ancient words. However, with this eighth Demon Suppressing Monument, Chu Mu didn’t feel any special connection with the ancient words!

“This eighth Demon Suppressing Monument is a bit particular, and probably isn’t easily summoned. Young Master should go to Senior Elder Liu first. He’s near the spring, and has probably encountered some serious problem.” said Old Li.

Since Liu Binglan could deal with Shadow Absolute Zhou Shan, Chu Mu didn't linger on the battlefield. He immediately urged the Immortal Ming Bird to fly through the battlefield.

Liu Binglan saw Chu Mu urging the Immortal Ming Bird to fly across. She wanted Chu Mu to leave, but Chu Mu was already flying towards the Demon Suppressing Monument's spring. Since she was in the middle of a fight, she could not stop him.

"Don't worry, I have two saint beasts protecting me. Nothing is going to happen!" Chu Mu knew that Liu Binglan was worried, and promptly used soul remembrance to tell her this.

Liu Binglan quickly discovered the Thousand Wave Beast traversing behind Chu Mu, shaking the ground with each step. Thus, she eased her worry.

Liu Binglan didn't have the two saint beasts help her fight because she understood that since Zhou Shan was willing so casually to let Senior Elder Liu head to the Demon Suppressing Monument, there were even stronger opponents there. Having the two saint beasts follow Chu Mu to the Demon Suppressing Monument lessened the chance of their nightmare from occurring.

"Even the saint beasts came... it's a pity... they're all going to die!" Shadow Absolute Zhou Shan also didn't stop Chu Mu or the two saint beasts.

Zhou Shan understood that he was only able to deal with Star Absolute Liu Binglan. If the Senior Elder and two saint beasts were to team up together against him, he could only flee.

.....

"Grandfather, what's the matter?" when Chu Mu flew near the spring, he discovered that Senior Elder Liu was pacing back and forth next to the spring with a pale face!

The eighth Demon Suppressing Monument's spring was larger than the other Demon Suppressing Monuments' springs. Aside from the ceaseless resentment aura surging up from the spring, forming evil clouds, Chu Mu didn't see any sign of Princess Jin Rou. Nor did he see any other subordinates of the defector young woman.

"Chu Mu, why are you here? Hurry up and go back. Have the Immortal Ming Bird immediately take you away!" Senior Elder Liu thought exactly the same as Liu Binglan, and he didn't want Chu Mu to interfere with this matter!

The half devil had indeed brought enormous destruction to Tianxia City. However, Senior Elder Liu believed that a half devil that could control its own thoughts would be able to lead Soul Palace, Nightmare Palace, and Soul Pet Palace back to retrieving the honor they once lost. Therefore, even if the half devil was a dark spot in everyone's minds, Senior Elder Liu still saw Chu Mu as more important than everything else!

"I'm already here though. Why don't you just tell me what's going on. Aside from Shadow Absolute Zhou Shan, there's nobody else here. The Nightmare Emperor probably hasn't awakened yet." seriously said Chu Mu.

Senior Elder Liu sighed and said: "Just now when you entered this place, did you not feel a powerful exclusion force? That's the evil cloud domain. A powerful resentment barrier formed by half devil Bai Yu's resentment aura. It's used to prevent us from entering this place and stopping him from reawakening. I had my Immortal Ming Bird use up all of its physical strength just to use its strongest attack and destroy the resentment aura barrier. Otherwise, we would not have been able to step within a thousand meters of the spring!"

Chu Mu was stunned and stared at the surrounding strange evil clouds. When he entered this place, he indeed had sensed that the evil clouds contained extremely enormous resentment aura energy preventing him and the Immortal Ming Bird from entering. He never expected that the evil cloud domain was broken through!!

"So you're saying that half devil Bai Yu really is reawakening. But there's nothing here?" hastily asked Chu Mu.

"The eighth Demon Suppressing Monument is different from the other seven. In reality, it's a pathway to the first ten seals!"

"The first ten seals are not located within the Immortal City pocket of space. Instead, they exist in another small world underneath Immortal City known as the Dormant World!"

"When Nightmare Emperor Bai Yu was lured by us into the Dormant World, we closed off the Dormant World and forcibly sealed him inside. No matter how strong the creature is, as long as it stays enough time in the Dormant World, it will be forced to eternal rest!"

Chapter 747: The First Ten Seals, A Dormant World (2)

From Senior Elder Liu's description, Chu Mu realized that within the space of Immortal City was another special spatial world. This world sealed the top ten ultra destructive gods over the past thousands of years.

Nightmare Emperor Bai Yu had annihilated the experts from the three great factions, causing him to rank within the top ten. Moreover, because he had been forced to sleep for under 20 years, the chances of him reawakening were extremely high.

The dormant world was a completely sealed space and a long time ago, an extremely powerful White Nightmare guarded this place. It prevented all creatures from entering the dormant world, and any creatures that awakened in the dormant world from exiting.

However, after Nightmare Palace and Soul Palace split, the eighth Demon Suppressing Monument lost its guardian creature. To prevent mishaps from happening, Soul Palace sealed off the entire dormant world. Even the eighth Demon Suppressing Monument's passageway was sealed. After all, if even one of the destruction gods left the dormant world, it would destroy the Tianxia Realm!

Since Soul Palace had a method of sealing the eighth Demon Suppressing monument's passageway to the dormant world, it also had a method of opening it. The only time it had opened was when Nightmare Emperor Bai Yu had appeared to lure him inside.

Half devils possessed the other attribute, and they were ultra emperor rank creatures. Thus, Nightmare Emperor Bai Yu was able to freely enter Immortal City and with its power, it wasn't afraid of entering the dormant world.

However, the dormant world wasn't a normal space. It was an absolute danger zone that had been established for thousands of years to seal those with strength. Therefore, Nightmare Emperor Bai Yu's carelessness had lead to him being sealed in the dormant world!

In the future, to prevent special methods from opening the seals, the three great factions simply locked up the dormant world!

The dormant world was extremely secure, and even the ultra emperor rank other type half devil was unable to escape.

Nonetheless, nothing in this world was absolute. There were innumerable creatures, various species, different techniques and all kinds of mutation talents within species. It was impossible to say that

you could not find a creature that would be able to open a spatial path to the completely sealed dormant world.

Thus, Senior Elder Liu was in a complete daze, because someone had precisely found this method of entering the dormant world!!

Senior Elder Liu's only hope was that the dormant world was extremely secure. Right now, it was unknown when the dormant world was broken into, which made Senior Elder Liu feel like he had been plunged into an ice bath.

"Could it be the Towering Ice Curse Demon Fox?" Chu Mu used his soul remembrance to scan and discovered that there was a crack in the Demon Suppressing Monument.

"Young master, the Towering Ice Curse Demon Fox probably doesn't have the ability to. This was probably done by the defector woman." said Old Li.

"Grandfather, no matter what, we need to go in and take a look; otherwise, we'll be too late." said Chu Mu.

While Senior Elder Liu was talking about what happened in the past, he had ordered his soul pets to disperse the evil aura in the spatial crack; otherwise, they would not be able to enter.

"Chu Mu, it's better if you don't enter." after Senior Elder Liu had the Immortal Ming Bird disperse the evil aura, he planned on entering.

But Chu Mu was already here, so he naturally wouldn't leave. The moment Senior Elder Liu rode on his Immortal Ming Bird into the dormant world's spatial crack, Chu Mu had the Immortal Ming Bird Saint Pet follow. The large Thousand Wave Beast also lit up in holy light and shrunk into a small mythical dog-like being that jumped onto the Immortal Ming Bird Saint Pet.

When they flew into the spatial crack, Chu Mu was surrounded by chaos.

This so-called chaos was nothingness. It was the exact opposite of the space creatures relied on to survive. Only absolute strength of special energy could disperse the nothingness and chaos, linking two nearby chaotic spaces together.

Moreover, even if the chaos was ripped open, the chaos could reforge itself. Only special entrances like the Departed World Gates or Sacred Region Gates would be able to forge a permanent spatial bridge between two spaces.

When Chu Mu passed through the ripped open chaos, he gradually felt the existence of space. However, the ice-cold aura that greeted him made him shiver from head to toe!

Finally, an ice white light emerged in the chaos. It was as if he had passed through a crack in a mountain and was greeted by the sudden emergence of another world!

Completely white!!!!

Everywhere he could see was a shocking snow-white world!!!

Everything here was still and frozen. Regardless if it was the enormous and imposing mysterious ice peak, or the endless horizon of frozen ground, all of this made Chu Mu's soul cold and gave him an unprecedented shock!

This world was completely different than a normal arctic. Even breathing would disturb the silence of this place!

Moreover, Chu Mu had a misperception that in this space, even time had stopped!!

The dormant world didn't mean that all of the creatures that entered this place were dormant. Instead, it meant that the space itself was dormant. As for how long it had been dormant, no one knew.

Perhaps it had been dormant forever...

.....

"Liu Xinji, I trust you have been well since we've last met!"

Suddenly a sharp cold laughter broke the silence of this world. This caused Chu Mu, who was intoxicated in the silence and stillness, to return to his senses.

A thousand meters away from Chu Mu, under the mysterious ice peak was a white haired old man!

This old man wasn't moving just now, melding in with the dormant world. This was why Chu Mu hadn't discovered him upon entering this space. If he hadn't said anything, Chu Mu wouldn't have realized that another living person would be here!

"Ju Que!!" Senior Elder Liu looked at the white-haired, white-bearded and white-moustached old man, and was even more shocked than when he had entered the dormant world!!

Seeing Senior Elder Liu lose his bearings, Chu Mu was extremely astonished. Rationally speaking, Senior Elder Liu should not be weaker than Liu Binglan, but when he saw this old man, his face was filled with fear and disbelief. Could this plain-looking old man be stronger than Senior Elder Liu?!

"Young master, this... this... is too terrifying. Even the Eight Desolations' Ju Que has appeared!!" Old Li said in shock!

"Eight Desolations? Is that Soul Palace's Eight Desolations who have strength even above the Sixteen Absolutes?" asked Chu Mu in shock.

"Precisely! This old fellow is the head of the Eight Desolations!!"

"His title is 'Eight Desolations' Ju Que! He is much stronger than the Shadow Absolute, and aside from the Underworld Senior and the Great Senior Elder in Soul Palace, nobody is his opponent. Don't be deceived by the fact he only looks sixty or seventy. This old fellow has lived for over a hundred years!!" Old Li's voice was very urgent and he nearly choked on his words!

Chu Mu was truly stunned! The strength of the Sixteen Absolutes could already contend with senior elders. Thus, the Eight Desolations were probably experts comparable to Seniors. Yet, this fellow in front of him was the head of the Eight Desolations. He probably would only see magnates like the Evernight Emperor as insignificant beings. Seeing Ju Que standing in front of him, Senior Elder Liu let out a haggard laugh; his emotions were at the opposite end of the spectrum out of the extremity of the situation. His laugh made Chu Mu sad in his heart because this was a truly hopeless laugh!

"In the past, I refused to believe that you guys were going to exterminate us. I never expected, truly never expected... that you... really wanted us old factions to disappear from this world!!!" as

Senior Elder Liu's haggard laugh rang out, Chu Mu saw tears fall from the corners of his eyes, and condense into ice as they fell onto the ground!

It was hard to imagine what level of sorrow it had to be to make this peak emperor standing atop the heaven and earth to shed silent tears.

Even now, Chu Mu had no idea how old and how many older matters this plot involved, nor how many disputing factions this involved...

"Liu Xinji, times have changed. Regardless if it's me, you or Soul Palace. It's time for us to step off the stage..." slowly said the old man, Ju Que.

"Young master, a hundred years ago he was a Palace Lord of Soul Palace. Afterwards, he left Soul Palace and joined Soul Alliance. Back then, Soul Alliance was not as influential or large as it is now... there have also been great transformations in these hundred years and now Soul Alliance's strength is probably truly capable of destroying the three great factions!"

Old Li sighed before continuing:

"Young master, it seems that this time Soul Alliance truly wants to deal with the three great factions. They plan on using Immortal City's riot and awakening Nightmare Emperor Bai Yu to destroy the foundations of Soul Palace, Soul Pet Palace, and Nightmare Palace. The three great factions won't even have a path to retreat!"

"This schemer of this plot indeed is the defector young woman who you signed a soul pact with over ten years ago, but behind her is Soul Alliance!!!"

Old Li's words rendered Chu Mu speechless for a long while!

If the three great factions didn't exist, where would Chu Mu be able to make a home for himself in this world?!

Soul Alliance's ambition!!

Soul Alliance already sat in the most powerful position, but now they wanted to uproot the three great factions and completely overthrow them!!

.....

“Chu Mu, leave. Go to a place that Soul Alliance will never be able to find...” in the silent world, Senior Elder Liu’s haggard voice rang out.

Chu Mu was stunned in place. He watched the desolate and aged Senior Elder Liu on the icy floor with an extremely complicated expression...

Senior Elder Liu’s words contained too many hidden meanings. He was not only telling him that in the future, the three great factions including Soul Palace would be destroyed, but he was also conveying the hope he had for Chu Mu!

Even though he had really known Liu Binglan and Senior Elder Liu for a few years, right now Chu Mu was unable to take that step away.

If he turned around, there was a high chance he would never be able to see Senior Elder Liu or Liu Binglan again...

Chapter 748: Heavenly Pointing Ice Stone, Frozen Nightmare Emperor

Tianxia City's three factions had thousands of years of history, even though almost all the true faction elders and senior elders were now in Wanxiang City.

However, soul alliance wanting to destroy Tianxia city with immortal city was synonymous to declaring war with the three factions. The three factions had nowhere to back off to; they would either bow down in subordination or die!

The three factions had passed their traditions on for thousands of years. Even if they died, soul alliance wouldn’t be able to wipe them out completely in a short time.

Yet, if that happened, Elder Liu couldn’t guarantee Chu Mu and his half devil ability a complete growing environment. Even if the soul alliance master had to come himself, they would definitely get rid of a sentient half devil threat like Chu Mu.

So, Elder Liu had to tell Chu Mu to leave, leave the fight that was about to come between the three factions and soul alliance and slowly grow up. Once he was more powerful, he could come back. Elder Liu trusted Chu Mu's potential and had faith he would step beyond even supremes!

"Chu Mu, leave now, tell the sacred pets to move you further away!" Elder Liu couldn't rally the three factions to give Chu Mu protection and so he had to make him leave!

Chu Mu stood there but didn't nudge.

He knew Elder Liu wasn't match for the Eight Desolations' Ju Que. If he brought the two sacred pets away, Elder Liu will definitely die here.

"Immortal ming bird, Thousand Wave Beast, you two fight this old fellow!" Chu Mu said to immortal ming bird and Thousand Wave Beast!

Half devil Bai Yu hadn't awakened yet. This old man should be the last barrier. If he could be restricted, Chu Mu could fly to the top of the mysterious ice peak and possibly stop princess Jin Rou from summoning half devil Bai Yu!

This way, the Tianxia City's foundations could be protected. If the three factions' other experts all came back from Wanxiang City to Tianxia City, soul alliance may not be able to topple the three factions. After all, Chu Mu believed that the three factions must have some stronger beings, or else how could they stand as thousand year old factions!

Nightmare Palace's Nightmare Elder, Soul palace's Seven Diagram Ancestor, Soul Pet Palace's Palace Suppressing Sacred Pet, these were all organisms that could cause soul alliance eight desolations to fear!

So, no matter what, Tianxia City must be saved or else no matter how powerful Chu Mu was, it would be very difficult to destroy soul alliance who would then be controlling everything!

"Ming~~~~~"

Sacred Pet immortal ming bird felt the arrival of danger. It flew beside Liu Binglan's immortal ming bird, wanting to fight alongside its ally.

Thousand Wave Beast's body continued to expand, quickly becoming a few hundred meters large and swept its menacing aura forwards towards the eight desolation Ju Que!!

"Chu Mu, you are....." Elder Liu stared confused at Chu Mu!

"Uncle, don't give up until the last moment!" Chu Mu said seriously!

Half devil Bai Yu wasn't awake yet. The reason they put an eight desolation Ju Que there was to make them lose the will to fight. If Soul Alliance wants to destroy the three factions, then let them fight to the end!

Elder Liu looked at Chu Mu and saw his resolute black eyes. Facing an immeasurably powerful opponent, if a young man could be this determined, why would he, a top tier spirit emperor, be afraid? Why did he have to imagine everything to be hopeless. And, even if it were hopeless, did it mean he wouldn't fight?!

Chu Mu's words caused Elder Liu to rise up in spirit. The three factions have faced countless threats in the past thousand years, yet they're still around!

They couldn't just give up now. Even if they burned up their lives, they had to protect Tianxia city!!

Elder Liu took a deep breath and laughed out loud again. This time, the laughter didn't have any despair, instead it was full of heroism!!

"Chu Mu, the sacred pets and I will restrain this old fellow. Climb to the top of the mysterious ice mountain!" Elder Liu got pumped up and was full of fighting intent again and said to Chu Mu.

Chu Mu nodded and immediately summoned Mo Xie. Telling the two sacred pets to guard him, he wrapped around to the other side of the mountain.

The eight desolation person didn't mind Chu Mu's actions. It was as if everything was certain already, and even if elder Liu flew up, nothing would matter.

This elder's gaze fell on the sacred pet immortal ming bird and thousand wave beast, and a flash of belittlement flitted across his eyes, "Immortal Ming Bird, Thousand Wave Beast, how long have

you accepted the suppressing demon monument's inheritance? Compared to the sacred pet ancestors I know, you guys are truly weak!"

To this elder that had lived for centuries, it was even older than the two sacred pets. In his eyes, these two sacred pets were probably the younger generation!

The suppressing demon monument sacred pets were all inherited. In every generation of soul palace, the sacred pets had different strengths. The longer the sacred pet slept within the suppressing demon monument, the stronger it was!

To an extremely old soul palace elder, these two sacred pets didn't have enough years yet. Getting summoned this soon caused them to be of limited use. Of course, soul alliance when deciding to defeat Tianxia city naturally considered the suppressing demon monument sacred pets, or else they didn't need to bring an expert like eight desolation. If defector young woman wanted to control everything, she would have made Tianxia City hell already!

"You should have been buried long ago, so I, Liu Xin, will send you the last leg of this journey!!" Elder Liu knew he wasn't match for the eight desolation Ju Que, but with the two sacred pets, he couldn't be defeated in a short amount of time!!

Seeing the two sacred pets already heading towards the eight desolation Ju Que, Elder Liu cast an incantation to summon top tier emperor rank Xuanzhen Beetle and joined the fight against the Ju Que in this sleeping space!!!

.....

Everything felt motionless in this Dormant World. When Chu Mu turned around, he was shocked to discover that no matter how world shaking the battle between Ju Que and elder Liu was, it couldn't break a single ice shard of this Dormant World.

In fact, Chu Mu could feel that the top tier emperor rank techniques that could reach tens of kilometers outside of the world were all weakened within, as if restricted by some ancient law.

Maybe it was this strange restriction that made devil emperor Bai Yu, who controlled Other type, unable to leave this sleeping space.

"Wuwuwuwu~~~~~"

Little Mo Xie's claws couldn't sink into the ice mountain, so she could only step on air as she ran towards the top of the mountain!!

The mysterious ice mountain was near ten thousand meters tall. When Mo Xie ran to the upper half, a azure sky appeared in Chu Mu's eyes!

In reality, Chu Mu was already five six thousand meters into the skies. He had to look very far to see the white sealed horizon. It was like he was climbing a lone peak towards the heavens!

Of course, Chu Mu knew the skies were all projected. Once he got to even higher ground, it would become muddled, unable to extend endlessly like the real world.

"What's that?" When he was at the peak of the mysterious ice mountain, Chu Mu immediately saw a Heavenly Pointing Ice Stone!

Inside this Heavenly pointing ice Stone was a man with hair, brows, and beard all silver white!!

If Chu Mu saw himself after half devil, he would be shocked because this man's frozen expression was almost identical to his own when he was about to become half devil. Even when sleeping, the face had an evil that seeped into one's heart. Its shut eyes looked as if they were about to open at any second, and let out a piercing gaze!

Nightmare Emperor Bai Yu!!!

The middle aged man was Nightmare Emperor Bai Yu!!

.....

"Father, you'll never have to withstand the pain of half devil ever again." Princess Jin Rou muttered as she kneeled before the stone.

The man frozen inside the ice was Princess Jin Rou's father. She had almost forgotten what her father looked like.

But, her childhood memories were too too deep. Princess Jin Rou would never forget that her father was sealed away in such a desolate land!!

“Princess.....” Chu Mu slowly walked by Princess Jin Rou.

Princess Jin Rou didn’t seem to have done anything, simply kneeling there, causing Chu Mu to let out a breath.

Chu mu had once wondered whether princess jin rou and defector young woman was the same person. When this massive plot caem together and brought in princess jin rou, Chu Mu again overlaid the two.

Yet, thinking about it carefully, Chu Mu still felt the princess was the princess and the defector young woman was another person.

The princess’s hair was messily draped over her, covering he rpretty side face. This was the first time Chu Mu saw her without her veil.

On princess Jin Rou’s leg was an ice colored little fox. It was princess’s favorite towering ice curse demon fox, yet the demon fox had its eyes closed, in slumber.....

He couldn’t feel any life force coming from the fox anymore. Chu Mu knew it was in eternal slumber.

“When I was very little, father gave Bing Ying to me. At the time, even though my soul remembrance was extremely weak, the commander rank Bing Ying stayed by me.....” Princess Jin Rou stayed kneeling. She didn’t even look at Chu Mu, only muttering.

“Princess Jin Rou, you didn’t use your own life to awaken your fatehr, right?” chu Mu didn’t know whta ht princess was saying.

But, seeing princess Jin Rou unharmed, CHu Mu let out a breath of relief.

Awakening half devil bai Yu wasn’t easy. Even if they entered the sleeping space, because everything was still, any power couldn’t break through the sleeping seal.

Only Old Li's resurrection method through burning the blood of one's closest relative could work.

Initially, when Chu mu was locked in immortal city, Liu Binglan told Chu Mu to kill himself and enter fake death so she could use her life to save his!

Similarly, in the Dormant World, only using one's closest relative's life could awaken half devil Bai Yu.

Chu Mu heard elder liu say that half devil bai yu's only relative was Bai Jinrou. Since Princess Jin Rou was kneeling in front of her father and muttering, she clearly didn't give up her life, meaning the half devil won't awaken!

"With the strongest sealing and cursing powers, Bing Ying chose to replace my life with hers....." Princess Jin Rou said in a voice so quiet Chu Mu almost couldn't hear.

Chu Mu was stunned!

That meant Nightmare Emperor Bai Yu was still going to awaken!!!

Chapter 749: Bai Jinrou, Two Resurrections

A year of prison has caused princess Jin Rou's expression to look very miserable. Her emotions were complex; she seemed dejected and dispirited, yet also had a hint of excitement.

Her face had teary streaks, clearly having sobbed just now. She sobbed about the thought of seeing her father again, but also for the Towering Ice Curse Demon Fox that died for her.

However, no matter how pathetic the princess looked, how pitiful, Chu Mu couldn't tolerate her actions!

Chu Mu stepped up and grabbed princess Jin Rou's skinny shoulders and dragged her up from her kneeling position!

Princess Jin Rou didn't resist. Her eyes darted around, not daring to meet Chu Mu's eyes.

Chu Mu was staring at her furiously right now. When she entered the prison at first, Chu Mu was empathetic for her, and even wanted to save her from the prison.

Yet, what he never predicted was Princess Jin Rou, as a nightmare palace princess, would go to soul alliance and become the tooth and claw of defector young woman, wanting to destroy Tianxia City!

Chu Mu didn't want to believe this anymore, that the woman in front of him was the one originally standing on the boat dock, pure yet melancholic, the girl that once caused Chu Mu's heart to palpitate.

"Do you not know what you have done?" Chu Mu questioned!

Facing Chu Mu's furious questioning, Princess Jin Rou kept her head down and hesitated for a long while before very quietly saying, "If your father were trapped here, what would you do?"

"I....." Chu Mu immediately froze.

If Chu Tianmang were sealed here, would he really be able to walk down the soul pet trainer path and completely forget about his father?

"Your father is already a half devil. You aren't waking your father up. You're waking up the white nightmare who destroys for pleasure. If you have any scrap of conscience left, immediately try to stop his awakening!" Chu Mu said sternly.

"The summoning is complete. This Heavenly Pointing Ice Stone will melt, and he will awaken. Even without me, the female master would not be able to awaken him." princess Jin Rou said.

The mention of female master immediately caused Chu Mu's rage to flare up even further.

Chu Mu right hand suddenly went from pressing down on her shoulder to choking her neck!

How could princess Jin Rou block it? She immediately couldn't breathe and started struggling against Chu Mu weakly with her two hands.

She couldn't say a single thing, only able to look at the furious Chu Mu with her complicated and pained eyes.

Chu Mu's chest was heaving. He truly wanted to bring out a sprout of devil flames from within him and burn this woman to the ground.

Yet, what was the use of killing her now?

The Heavenly Pointing Ice Stone had a large amount of water around it, meaning it was melting. When it completely melted was the moment the half devil Bai Yu was awakened!

Finally, Chu Mu released his hands.

Princess Jin Rou fell bonelessly to the ground, using one hand to prop her frail body up and dry heaved.

Though Chu Mu didn't cast devil flames, his jade spring sacred blood infused body had much larger strength than most soul pet trainers. If Chu Mu gripped any tighter, the princess's fragile throat would have been snapped.

Princess Jin Rou fell to the ground and coughed heavily. She looked up at Chu Mu and said, "Chu Mu, sorry....."

"Saying sorry to me? I, Chu Mu, don't consider myself a good person, but I would never do such a wicked deed. There are millions of people in Tianxia City. If they all died due to this catastrophe, using all of your future generations' lives wouldn't be able to repay this!!" Chu Mu had never been as angry as today.

Chu Mu was not only angry at why he never noticed defector young woman's ploy, but he was more angry at just how ignorant Princess Jin Rou was!!

Chu Mu's chiding caused Bai Jinrou's whole body to feel as if it were struck by lightning!

Maybe, all this time she was fixated on saving her father, she truly forgot the consequences of what success would potentially bring!

“I.....I just wanted to save my father, I woke.....woke up only my father’s soul.” Bai Jinrou said dazedly.

Chu Mu didn’t want to hear her say anything more. He turned around resolutely and stared intently at the half devil Bai Yu within the heavenly pointing ice stone!

If this most powerful half devil awakens, Chu Mu could only use his last resort!

Using devil to fight devil!!

Chu Mu knew that his half devil wasn’t half devil Bai Yu’s match, but half devil Bai Yu had been sealed for so many years. In the moments that he awakened, he definitely would still be in a weak stage. Maybe he could kill the half devil while it was still leaving its sleep!!

“Chu Mu, I.....I’m not like what you think.....” Princess Jin Rou slowly stood up and stared at Chu Mu’s back image. “I only woke up my father’s soul. If my father’s soul can overpower the white nightmare’s soul, he would become a man again and not a devil.”

Hearing Princess Jin Rou’s words, Chu Mu scoffed, laughing at Princess Jin Rou’s naivety.

“Half devil isn’t as simple as you think. You’ve been lied to by that woman.”

“I read through countless nightmare palace archives and reached the conclusion myself, and.....and.....the female master that has some feud with you is also half human half soul pet, yet she has her own thoughts.....” Bai Jinrou was firm.

Chu Mu looked back at the extremely stubborn Princess Jin Rou and said, “Half devil is far from being as simple as you think. With your father having suffered more than a decade’s worth of mental torture, his mental state is constantly at the edge of collapse. Even if there is a chance your father’s soul can beat the white nightmare’s, it will be a process in which he would remain the emotionless yet unstoppable half devil!”

Chu Mu himself was a half devil, so how could he not understand the half devil’s nature!

Half devil meant the fight between human and white nightmare soul, which created the most powerful devil. Becoming a devil or becoming a human wasn't scary; the scariest thing was being both.

Chu Mu didn't know if Princess Jin Rou could make her father beat the white nightmare, but a decade ago, the demon emperor Bai Yu's half devil didn't end. In this time, the half devil would still release its cruel nature. Putting aside the lives of Tianxia City, it may even torch this daughter of his, one who endured more than a decade to save him.

“Hong~~~~~”

Suddenly, under the ice came a huge shaking, causing even Chu Mu standing ten thousand meters above ground to feel it.

Chu Mu didn't say anything else to Bai Jinrou. He quickly ran to the edge of the mountain and looked down at the situation between Elder Liu and Ju Que.

Through the faint icy air, Chu Mu found that elder Liu on immortal ming bird was hovering pale-faced at the height of five thousand meters!

Under Elder Liu was a massive mountain range like ice demon. This ice demon was what shook the entire sleeping world!!

“Young master, this Ju Que's powers are outstanding, elder Liu may not be able to withstand it for any longer.” Old LI said.

Chu Mu was utterly anxious now, yet he couldn't do anything. Even if he became half devil again, he had to save it for the weakened half devil Bai Yu instead.

“Young master, the little princess may have been forced. Defector young woman's influence is too broad, and little princess didn't have any real power within nightmare palace. If the defector young woman wanted to control her, it wouldn't be too hard. There is a large puddle of water around the Heavenly Pointing Ice Stone, meaning it is melting. The defector young girl probably got a power that could melt the ice within the sleeping world. The little princess was probably just forced over as a backup plan. However, the princess seemed to have failed to awaken her father and the towering ice curse demon fox died for it.” Old Li started speaking for princess Jin Rou.

“I know, that’s why I didn’t kill her.” Chu Mu nodded.

If Bai Jinrou awoke the half devil, then the frozen half devil definitely would shatter the ice with other type power instead of wait for it to slowly melt.

Bai Jinrou didn’t lie; even without her, defector young woman had ways to awaken half devil Bai Yu.

This was also the reason Chu Mu didn’t instantly kill Bai Jinrou. She may have just wanted to leverage the woman’s plans to let her father go.

“En, why is there the smell of blood?” Suddenly, Chu Mu’s brows furrowed.

Chu Mu turned around and suddenly noticed princess Jin Rou had unknowingly fallen down by the heavenly pointing ice stone!

Her hair was splayed apart and she was on her side. Her right wrist had blood pouring out of it, almost dying her entire fragile body red!!!

“She.....she committed suicide.....” Old Li screamed.

Chu Mu quickly ran to Bai Jinrou and brought out medicine from his spatial ring to stick into her mouth as well as rub on her arm.

Yet, the medicine that Chu Mu gave the princess did nothing to stop the flow of blood. For some reason, some blood marks were on her wound to stop it from closing up.

These blood marks constantly drew on princess Jin Rou’s life and blood and slowly flowed towards the heavenly pointing ice stone!

“Princess, what.....what are you doing!” chu Mu didn’t think she would give up her life again after her towering ice curse demon fox died for her. Looking at her pale and beautiful face, Chu Mu’s heart was a mess.

“Use.....use my second.....second chance at life, maybe.....maybe I can Help my father defeat the white nightmare.....” Bai Jinrou said.

“Is it worth it, when you know very well you’ve failed already.....”

Bai Jinrou’s life was quickly fading. She half laid against Chu Mu’s body but closed her eyes.....

If Bai Jinrou succeeded, her father would have his own thoughts and not become a devil full of killing.

Yet, no matter success or failure, seeing Bai Jinrou give up her life a second time to wake up her father's own soul caused Chu Mu to choke up a little, unable to speak anymore.

Chapter 750: Human or Devil, The Plaintive Cry of a Father!

“Old Li, can this sacrificial awakening truly only awaken Bai Yu’s soul. Will it stop the White Nightmare’s soul from awakening?” Chu Mu looked at the traces of blood slowly seep into the Heavenly Pointing Ice Stone.

“Young master, I’m not sure either. Just now, I wanted to tell you that you could have misunderstood the young princess.” Old Li stood to the side and looked at the fallen jade-like woman in Chu Mu’s embrace. He shook his head repeatedly and sighed.

Old Li pointed at the Heavenly Pointing Ice Stone and said: “The defector young woman probably found a method that allowed one to melt the Heavenly Pointing Ice Stone a few years ago. This method probably wouldn’t even need the young princess’ blood sacrifice, and would be able to release the half devil. The young princess’ original aspiration should have been just to protect her own father, and to allow him to return to human form from the half devil. Therefore, she intentionally cooperated with the defector young woman, and when the defector young woman went to thaw the Heavenly Pointing Ice Stone, she attempted to awaken the human side of the half devil.”

“Although I’m not sure if this method would succeed, this woman probably isn’t as you said - it’s not that she doesn’t care about the millions of lives at stake. Instead, she’s using this method to save Tianxia City and save her father...”

Chu Mu had just nearly killed Bai Jinrou, but now watching her life fade away, he felt extreme sorrow.

“Ge zhi~~~ Ge zhi~~~~~”

Behind Chu Mu, the ice had thawed nearly a meter, and he could hear the sound of the ice fracturing.

At some point, a dense grievance aura cloud had condensed above the mountain peak, and was filling the blue sky with torrential rage!

Suddenly, an unprecedentedly strong aura shot out from the Heavenly Pointing Ice Stone behind Chu Mu’s back.

Chu Mu didn’t even have the courage to turn around!!

Originally, Chu Mu thought that if the half devil was just awakening, its body would be extremely weak, and perhaps he would be able to deal with it.

However, Chu Mu shockingly discovered that the grievance aura from the ice stone was so large that it could directly attack a spirit emperor’s soul. The aura was so large that Chu Mu couldn’t even imagine transforming into a half devil, because he knew that even if he did, in front of the pair of disdainful eyes behind him, he was simply like a child!!

Nightmare Emperor Bai Yu!!

Nightmare Emperor Bai Yu had awakened!!!

The dormant space should have been completely silent like a picture. However, the moment Nightmare Emperor Bai Yu awakened, the entire dormant space was filled with unprecedented movement. The glaciers seemed like they would collapse at any moment!!

Chu Mu had witnessed the Evernight Emperor’s domain - a darkness that covered the heaven and earth and could control everything within. But right now, even if half devil Bai Yu hadn’t covered the dormant space with his devil flame ocean, Chu Mu was still able to feel its tyrannical aura!!

There was no place in the space that could escape its demonic pupils. It was as if the entire dormant world was in the palm of his hands. He only had to lightly pinch his hands and the space would collapse!!

This was the first time Chu Mu truly felt the boundless pressure from a creature that surpassed the emperor rank!

Perhaps White Nightmare Bai Yu was even slightly stronger than the previous strongest creature Chu Mu had seen - the Empyrean Cyan Hidden Dragon!

At the beginning, the Empyrean Cyan Hidden Dragon didn't add any pressure to Chu Mu. When it fought with the ocean's heavenly sword in Prisoner Island's ocean, the weak Chu Mu had been unable to witness the fight.

Right now, Chu Mu was standing in front of a creature that was very likely stronger than the Empyrean Cyan Hidden Dragon and that was looking down on him, not even 2 meters away. If its gaze was even more slightly sharp, it was enough to kill him!!

However, the half devil Bai Yu had already awakened, and it never actually attacked Chu Mu!

.....

"Young... young master... ten years ago... in order to prevent people from using this kin-sacrifice method to awaken Nightmare Emperor Bai Yu, all of Bai Yu's White Nightmare's direct descendants were killed. That is... except for your White Nightmare..." Old Li was stunned, and spoke in a trembling voice to Chu Mu.

Chu Mu was completely frozen. He found it hard to even move a finger.

Old Li's trembling words allowed him to understand why half devil Bai Yu, only a few meters away from him, didn't release his tyrannical instincts and kill him!

This was because Chu Mu's White Nightmare was Bai Yu's White Nightmare's descendant!

The half devil was formed by the merging of Bai Yu and his White Nightmare's souls. There were two sides to it - the human side and the devil side.

Chu Mu had not only signed a soul pact with the devil side's descendant but was also holding the daughter of Nightmare Emperor Bai Yu, Bai Jinrou, in his arms. He happened to have both the human and devil side's only descendants with him right now!

However, Chu Mu understood that the half devil should be emotionless. Thus, the fact that he had emotions now made him extremely shocked!

Chu Mu attempted to turn around and slowly, he was greeted by a face burning in evil devil flames. This face as much more evil than his own half devil!!

Chu Mu attempted to look up at his eyes...

But he shockingly discovered that in this ruler's eyes that should have been filled with contempt for all living beings, was now rarely seen sorrow!!

Nightmare Emperor Bai Yu's eyes weren't staring at Chu Mu but rather at Princess Jin Rou in his arms!!

Suddenly, Nightmare Emperor Bai Yu stretched out his hands at Chu Mu and took Bai Jinrou, who practically had no more life in her. He cradled her in his arms!!

Silver tears fell from his eyes, falling on Bai Jinrou's bloodstained clothes...

"Half devil... half devil tears... young... young master, the young princess likely succeeded." Old Li was in a bit of disbelief as he watched half devil Bai Yu!

Chu Mu was essentially face to face with half devil Bai Yu whose majesty of a ruler was capable from overturning the head or earth. But aside from this, Chu Mu also felt the same aura that came from Chu Tianman, the aura of a father!!

.....

In the blink of an eye, ten years had passed. Perhaps Bai Yu wouldn't believe it, but his young daughter from back then had already become a beauty capable of shattering the hearts of others.

However, when he awoke, his now adult daughter had fallen into an eternal slumber and was dithering between life and death...

Half devil Bai Yu slowly lowered his head and kissed her pale forehead.

This kiss was very short, but his silver tears streamed out!!

Suddenly, half devil Bai Yu lifted his head, and his extremely evil face instantaneously transformed into a malevolent nightmare...

A broken heart and a destructive Nightmare!!!

“How could you treat my child like this...”

.....

“You.. how could you treat my child like this!!!!!!”

.....

A devilish voice pierced the heavens and the earth. The aura on half devil Bai Yu's body rapidly increased and caused the dormant world to violently shake!!!

.....

The first person to hear the nightmare voice was Eight Desolation's Ju Que and Senior Elder Liu!

Eight Desolation's Ju Que understood that the half devil had awakened, and he cracked a smile.

The method of thawing the Heavenly Pointing Ice stone was given to him by Di Ji. If Senior Elder Liu had discovered them five days ago, perhaps they could have stopped him. But now, it was too late!

After 5 days of thawing, the Heavenly Pointing Ice Stone had completely dissolved and the half devil Bai Yu had completely awakened. With his slaughtering aura from his struggle between a devilish character and human character, nobody in Tianxia City could stop him!!

Moreover, back when the three great factions had sealed half devil Bai Yu, they had done something stupid by killing all of his descendants.

Right now that the half devil had awakened, he let out a cry because he learned of these things through Bai Jinrou's memories!

Presently, the half devil was questioning why Tianxia City dared to kill all of his descendants!!!

With such deep grievance, there was no way the half devil would let Tianxia City remain!

Soul Alliance had formally declared war against the three great factions. As long as they could get rid of their roots in Tianxia City, the three great factions would ultimately perish!

Eight Desolation's Ju Que was over a hundred, and he let out a wild laughter that was full of ambition. He already couldn't wait to see Soul Alliance control everything under the heavens and hold in his hands the most ancient and plentiful resources!

.....

The devil sound didn't stop in the dormant world. It passed through the Eighth Demon Suppressing Monument's passageway and entered Immortal City, whistling into Liu Binglan's ear!

Liu Binglan was at a disadvantage in her fight because she had spent too much soul power over the past few days rescuing Chu Mu. hearing the devil noise, she froze!

The nightmare became true!!

Liu Binglan clearly remembered hearing this noise in her nightmare!

.....

The devil noise reverberated in the sky above Immortal City. Both the humans and the Immortal City creatures, currently at battle, could hear it!

For a moment, all of the sealed and guardian creatures fell into silence. None of them dared move.

As for the human camp, the spirit emperor and spirit master legions were trembling in fear!!

.....

But the sound continued to pass through Immortal City and even reached Tianxia City!!

Evil and devilish!!

This was an existence that could truly cause the entire world to tremble!!

It was warning everyone that it had awakened!!

Its voice was laying a curse upon everyone, that everyone would become dead souls under its claws!!
