

Soul Pets Bk2 751

Chapter 751: Anger and Violence of the Same Species, White Nightmare

“Liu Xinji, have a good chat with an old friend. I’ll leave first. If I have time, I’ll come here to offer a sacrifice for your death. Hahaha!!” Eight Desolation’s Ju Que loudly laughed.

As he spoke, he stopped fighting, and urged his giant ice demon and other soul pets to break past the two great saint pets, flying away from the dormant space.

Senior Elder Liu was already losing this fight, so he was simply unable to stop Ju Que from leaving. However, he was afraid that Ju Que would immediately attack Liu Binglan after leaving the dormant space and closely followed behind.

As for half devil Bai Yu, when it let out its devil cry, Senior Elder Liu knew that even among Tianxia City’s experts, there weren’t many that would be able to survive. Right now, all they could do was struggle for their lives.

The moment Senior Elder Liu left the dormant world, he discovered that Ju Que and the Shadow Absolute had left together. Neither of them intended on fighting anymore.

Since half devil Bai Yu had already awakened, there was no need for the two of them to be here now. They only needed to get far away and not be discovered by half devil Bai Yu, and they would be able to watch Tianxia City’s destruction!

“Father, what about Chu Mu?” Liu Binglan saw that Senior Elder Liu had emerged.

Liu Binglan knew that she couldn’t stop it anymore. Half devil Bai Yu was unstoppable. Right now, her only hope was that Chu Mu would be able to leave safely and soundly.

“I was afraid that Ju Que would attack you so I followed him. I’ll go back in. You leave first.” said Senior Elder Liu.

Senior Elder Liu had just finished speaking when he turned around and froze. He stared in terror, and shock at the Eighth Demon Suppressing Monument’s crack!

Liu Binglan also saw the devil figure there. It was the Nightmare that appeared in her nightmare before, and it was standing in front of her right now!

Half devil Bai Yu floated out of the spatial crack. The torrential resentment aura on its body greeted the frozen Liu Binglan and Senior Elder Liu!

“That’s...” suddenly, Liu Binglan discovered that this extremely terrifying Nightmare Emperor Bai Yu was carrying a thin woman whose eyes were closed. Her long hair hung down and her beautiful face was somewhat at peace...

This was a devastatingly beautiful woman. When others looked at her, they would be completely intoxicated. However, Liu Binglan sensed that there was no more life left in her...

The shock of half devil Bai Yu holding his daughter somewhat lessened the fear in Liu Binglan’s heart, because she knew that the half devil should have already become the cruelest and more merciless creature from its struggle between humanity and the devil. Even if its own daughter was standing in front of it, it should have burnt her to a crisp.

However, right now, this universally shocking and strongest half devil in history was tightly holding his daughter. His body, which radiated devilish, evil and grievance auras that was enough to fill the entirety of Immortal City, also contained heavy sorrow and restrained emotions!!

Senior Elder Liu also saw this. It was very hard to believe that half devil Bai Yu would do something like this!

“You, must all die!” half devil Bai Yu apathetically swept his eyes over Liu Binglan and Senior Elder Liu. Within his words was immense killing intent!!

“Hou hou hou hou!!!!!!”

Feeling half devil Bai Yu’s enormous killing intent, the Thousand Wave Beast let out an angry roar, and stared at half devil Bai Yu!

Saint beasts and the half devil were innately opposed. Last time Chu Mu was able to communicate with the saint beasts and the Thousand Wave Beast was able to suppress its outburst against him.

However, the half devil in front of it was much more evil than the half devil Chu Mu. Even if it was an unprecedented expert, the Thousand Wave Beast was still going to bravely charge at it!!!

Half devil Bai Yu's body was completely silver, and he was also burning in a silver devil flame. He stared apathetically at the Thousand Wave Beast.

The Thousand Wave Beast had a majesty that could swallow the mountains and rivers. When it burst out with strength, it could cave in the earth!!

Thus, when the Thousand Wave Beast attacked it, half devil Bai Yu's sorrowful evil eyes suddenly turned fierce. Instantly, an enormous killing intent swept towards the Thousand Wave Beast!

The killing intent howled like wolves and wailed like ghosts. The majesty of the intent was like a charging legion. The Thousand Wave Beast hadn't even managed to follow through with its claws before being stunned by the killing intent!!

The devil flames on half devil Bai Yu's body ignited. A thousand meter curved devil flame ocean domain that was ten times larger than Chu Mu's lit up in Immortal City. The half devil was at the center of all this. The flames razed everything to the ground. It was uncertain how much ground the flames covered or whether the entire Immortal City was covered!

The Thousand Wave Beast hadn't succeeded in its attack before its body was enveloped completely by the devil flames. It was knocked several thousand meters flying by the killing intent!!

"Hou hou hou hou!!!!!!!" but the Thousand Wave Beast wasn't so easily killed.

Although there were devil flames burning its body, it still crawled up from the ground and ferociously charged at half devil Bai Yu.

Half devil Bai Yu slowly turned around, and released two other lights from its demonic pupils. The other lights intersected in front of the charging Thousand Wave Beast, causing space to slowly meld apart. Almost immediately, the space in front turned into a bottomless spatial abyss!

The Thousand Wave Beast was unable to stop this strange other type technique. While charging, it fell into the spatial abyss, its hundred meter body disappearing in the space!

Half devil Bai Yu's gaze revolved and the spatial abyss instantly closed. The Thousand Wave Beast, a near paragon emperor rank, had disappeared from this world!!

Seeing the Thousand Wave Beast disappear like this, unknown to be dead or alive, both Liu Binglan and Senior Elder Liu were horrified. Even their soul pets were potentially weaker than the Thousand Wave Beast, but the Thousand Wave Beast had been so easily defeated. So how insignificant was their strength in comparison?!

However, they could feel that half devil Bai Yu's killing intent had already enveloped them. It would be difficult for them to escape their deaths!

“Nie!!!!!!”

Just as Liu Binglan and Senior Elder Liu felt half devil Bai Yu about to destroy them, a White Nightmare's cry suddenly rang out from the spatial crack!

This cry unexpectedly weakened half devil Bai Yu's ruthless killing intent significantly. Its cruel eyes gradually began to change...

“If you hinder me, I'll kill you!” half devil Bai Yu swept his eyes over Senior Elder Liu and the silver devil flames on its body slowly retracted.

Without waiting for Senior Elder Liu and Liu Binglan to react, half devil Bai Yu suddenly began to float upwards. He was enveloped in torrential resentment aura, and he flew towards the Departed World Gates!!

After half devil Bai Yu left, the pressure instantly disappeared. Senior Elder Liu, who had been put onto the must-kill list by half devil Bai Yu was covered in a cold sweat!!

Liu Binglan's situation was a bit better than Senior Elder Liu's because when half devil Bai Yu released its killing intent, it hadn't completely focused on her. Yet, despite this, when half devil Bai Yu left, her heart was still palpitating.

Liu Binglan didn't know why half devil Bai Yu would let them go, but she was worried about Chu Mu right now, because he was the first one to come into contact with half devil Bai Yu.

Liu Binglan was flying towards the dormant space when Chu Mu, riding on Mo Xie and accompanied by the White Nightmare, flew out of the spatial crack.

Seeing Chu Mu appear, safe and sound, Liu Binglan gave Chu Mu a tearful hug. It was as if she was reunited with someone after a life or death encounter

“Mom, I’m fine.” Chu Mu saw that Liu Binglan was so emotional and hastily consoled her.

“Chu Mu... just now... just now it was your White Nightmare that had half devil Bai Yu...” Senior Elder Liu glanced at Chu Mu’s White Nightmare and his expression was filled with shock.

“Yes, my White Nightmare is Bai Yu’s White Nightmare’s direct offspring.” Chu Mu nodded his head.

“But, don’t half devils not have emotions...” asked Senior Elder Liu.

“If the White Nightmare swallows the human’s soul out of its own accord, the half devil indeed will not have emotions. However, Bai Yu’s daughter, Bai Jinrou, used a dual resurrection to awaken some of her father’s memories. Thus, he should have emotions now.’ said Chu Mu.

Thinking of Princess Jin Rou passing away like that, Chu Mu felt forlorn.

“So you’re saying that the half devil is currently being controlled by the human side, Bai Yu? Is he controlling himself like you can control yourself?” hastily asked Senior Elder Liu.

Senior Elder Liu had experience and somewhat understood half devils, creatures which possessed two souls. He understood that there were many times that the body could be controlled by a different soul!

Chu Mu shook his head and said: “Not completely. Half devil Bai Yu is unable to completely control himself. Princess Jin Rou’s resurrection method should have only half-succeeded. Right now half devil Bai Yu’s killing intent and resentment aura is extremely heavy!”

“He flew towards the Departed World Gates. Is it going to Tianxia City?” Liu Binglan was in a panic.

“Let’s go there first. However, we can’t rashly attack it. Let’s see what it wants to do, before we do anything.” said Chu Mu.

“Can your White Nightmare think of a way to have it leave Tianxia City?” immediately asked Senior Elder Liu.

Chu Mu shook his head and said “Although my White Nightmare is the devil side’s offspring, the kinship between White Nightmare seems to exist only in conflict. If it wasn’t for me forcibly suppressing my White Nightmare, my White Nightmare probably would have forcibly made me undergo a half devil transformation to fight against the half devil Bai Yu!”

“This... then let’s follow first. Maintain a distance away from it.” Senior Elder Liu’s face was unsightly.

Originally, Senior Elder Liu thought that the half devil possessed emotions, and would not be able to slaughter Tianxia City’s populace. However, it seemed that it would be hard to avoid this calamity. The only thing worth rejoicing was that the half devil would not attack Chu Mu.

“Mu Er, is your White Nightmare no longer under your control?” Liu Binglan was shocked by Chu Mu’s words.

“I’m not sure either. Its resentment aura is extremely strong. There’s a chance I’m unable to control it.” Chu Mu turned around and looked at the White Nightmare, suppressing itself, behind him.

Anger and Violence from the same species!

From the moment it was born, Chu Mu’s White Nightmare had an intense desire to defeat its species members!

But Chu Mu never expected that when the White Nightmare saw its own father, its desire to win became extremely intense. It unexpectedly even tried to forcibly control Chu Mu’s half devil transformation to fight against the half devil Bai Yu!

If Chu Mu hadn’t discovered this in time, he probably would have involuntarily transformed into a half devil!

“This... Chu Mu, could your White Nightmare also be the Nightmare Ancestor’s descendant? Otherwise why would it have such a will to fight!!” Senior Elder Liu said in shock!

Chapter 752: Difficult to Extinguish Grievance Aura, Burning Down Tianxia’s Royal Palace

“Why is this related again to the Nightmare Ancestor?” Chu Mu was confused. Could the origins of his White Nightmare really be that great?!

The problem of his White Nightmare had constantly bothered him. It seemed that nobody else’s White Nightmare was as extreme as his, and this was exemplified this time when his White Nightmare conjured great resentment aura and killing intent when it saw its own father. It made Chu Mu feel like it had an urge to kill its own father.

Senior Elder Liu didn’t waste time and told Chu Mu about the tendencies of anger and violence towards its own species while they rode on the Immortal Ming Bird out of the Departed World Gates.

“The White Nightmare is the same as the other Seven Diagram Saint Beasts and possess an ancient king’s inheritance. Soul pets that possess a royal bloodline will always have a powerful resentment aura and desire to defeat towards species members, because they feel that it is themselves that is the king of their species. They feel irreplaceable and unrivaled!”

“Although Bai Yu’s White Nightmare hasn’t reached the strength of the Nightmare Ancestor, due to its half devil ability, it has already become considered, without a doubt, the White Nightmare King in this world. Your White Nightmare also has the blood of a king, so in order for it to become king, it has extreme desire to defeat its own father. This, in fact, is a special survival doctrine that exists in numerous soul pet species - that is, the honor of defeating one’s own father! Most importantly, if they are able to do so, royal bloodline White Nightmares will experience a huge growth in strength. In the future, if they are to encounter another member of the same species, their royal majesty will make the opponent weaker.”

Chu Mu was extremely shocked by this. It seemed that the White Nightmare’s background was not small. Not only was it the offspring of half devil Bai Yu’s devil side, but it even contained the royal bloodline from Nightmare Palace’s Nightmare Ancestor. This was a huge gift given to him by Xia Guanghan...

“In other words, if my White Nightmare is able to defeat the Nightmare Ancestor, its strength will greatly increase, and it will become the King of Nightmares!” said Chu Mu

“Yes, but your White Nightmare seems to be lacking by a lot.” said Senior Elder Liu.

The White Nightmare following Chu Mu instantly flew into a humiliated rage once it heard this. It let out continuous shouts, and began burning the devil flames on its body!!

“White Nightmare, behave. Now is not the time to mess around.” Chu Mu immediately glared at the threatening White Nightmare.

Being glared at by Chu Mu, the White Nightmare obediently lowered its head and slowly extinguished the flames.

Seeing the White Nightmare’s unaccepting and sullen manner, Chu Mu knew that this fellow still had an extremely strong desire to fight in its heart. If it wasn’t because he needed this fellow to stop half devil Bai Yu from attacking Liu Binglan and Senior Elder Liu, Chu Mu would have rather not have summoned this troublesome White Nightmare.

.....

In a war, even a spirit emperor would have very limited power!

However, in this world, there truly existed creatures that could sweep through a battlefield!

This creature was the half devil which was currently staring down, indifferently at the battlefield. Due to its existence, the miserable fight between the humans and Immortal City’s creatures came to a halting stop.

Due to half devil Bai Yu’s eyes, all of Immortal City’s creatures silently lay on the ground. None of them dared make any movements.

Simultaneously, the human camp’s soul pet trainers and their soul pets were frozen in place. They stared up at the evil monarch high above. They didn’t have any thoughts of resisting!!

“Third... third younger brother...” Elder Xie Tao’s expression was filled with shock, and he felt like he was in a dream!

Nightmare Emperor who had been sealed in the dormant space had been awakened!! Moreover, he was holding his daughter, Bai Jinrou, in his arms!

Elder Xie Tao was Nightmare Emperor Bai Yu’s older brother. Upon seeing his young half devil brother that had been sealed and his niece who had lost her life appear in this place, he was so shocked he couldn’t say anything!!!

On the outskirts of Immortal City, several thousands of creatures were occupying the territory. They guarded the vast meandering area. Moreover, all of these creatures were at least at the monarch rank, causing their Majesties to form an engulfing storm.

However, right now, regardless if it was an emperor or monarch, the battlefield was silent. Only Elder Xie Tao looked like he was in disbelief!!

Under half devil Bai Yu’s gaze, no matter how many enemies there were on the battlefield, they were no more than a group of strong ants.

It flew down from the air and into the human defenses.

Instantly, all of the soul pet trainers were frozen and weren’t even able to think.

It ignored the humans and passed through the line of defense towards the Departed World Gates!

This happened extremely fast, no more than a few seconds.

However, to the thousands of soul pet trainers, time passed extremely slowly because it was like a death god that just walked past them!!

Nobody expected that this enormous human army, which could be regarded as Tianxia City’s strongest army, would become so insignificant in front of a paramount creature!

.....

“Where’s half devil Bai Yu?” Senior Elder Liu hastily made his way to the human line of defenses and asked Elder Xie Tao.

Elder Xie Tao still hadn’t recovered. When he saw Senior Elder Liu, his face was full of fright as he said: “Senior Elder Liu, is this true? My brother, he...”

Senior Elder Liu gravely nodded his head: “The situation has already arrived to this point... him not attacking you guys is a fortune among misfortune.”

“Then... then what should we do now?” asked Elder Xie Tao.

“Continue to guard this place. Don’t let the Immortal City sealed creatures enter Tianxia City. As for half devil Bai Yu, we will try our hardest to think of a way to have it leave Tianxia City.” said Senior Elder Liu.

“This... will it work? It has extreme resentment towards Nightmare Palace, Soul Palace, and Soul Pet Palace. I’m afraid that it will immediately destroy our palaces!” said Elder Xie Tao.

Senior Elder Liu obviously knew that half devil Bai Yu didn’t attack the human legion not because it had emotions, but because it very could well be focusing instead on the three Palaces. He wanted revenge for the slaughtered family members!

“Nonetheless, we need to defend this place first. Your niece, Jinrou, could have awakened a few memories within Bai Yu. If that is capable of eliminating the animosity and resentment in his heart, perhaps we have a chance of keeping Tianxia City!” said Senior Elder Liu.

“Jinrou? What happened to Jinrou?” Elder Xie Tao had seen Princess Jin Rou in Bai Yu’s arms, but he didn’t realize that she no longer had any life left.

Senior Elder Liu didn’t have the time to explain. He needed to focus on eliminating half devil Bai Yu’s resentment that manifested from the deaths of his family. The moment the resentment disappeared, the human side would probably be able to take control...

Senior Elder Liu had Xie Tao continue to manage the situation in Immortal City while he charged out of the Departed World Gates in hot pursuit of the half devil.

Chu Mu and Liu Binglan didn't remain either. Right now they had to understand what half devil Bai Yu was going to do.

.....

“Heavens. What's in the sky!!!”

Humans were crowding the streets. Even non soul pet trainers were in the chaos!

Half devil Bai Yu's resentment aura was overwhelming. When it appeared in Tianxia City, resentment clouds had already covered the blue sky!

A moment ago, the sky was clear and boundless with sunlight shining down. But now, the sky was dark and lightning was streaking through the sky. The sudden changes in weather caused the millions of residents to descend into chaos!

In the half devil's eyes, the lives of normal humans were even lower. While it flew across Tianxia City, it couldn't even be bothered to attack these puny normal people!

“Puny humans. You dare call yourself King?!!”

Suddenly, the devilish voice descended, engulfing the city, as if it lightning was surging. The humans with weak resistances had their eardrums ruptured as blood spilled out!!

Half devil Bai Yu appeared at some point in the golden dazzling Tianxia Palace. It coldly roared from the sky and aloofly floated above Li Hong's golden enormous statue!!!

Half devil Bai Yu's eyes gradually turned sharp, creating several other lights!

The other lights swept across, causing countless cracks to appear in Li Hong's supreme golden statue. As half devil Bai Yu concentrated its gaze, Tianxia's King's statue, Li Hong, was shattered to pieces!!!

“Beng!! Beng!! Beng!!!!!!!”

Fragments flew everywhere, smashing into several streets. Large houses were instantly raised to the ground!!

After destroying Li Hong's golden statue, half devil Bai Yu floated towards the golden Tianxia Palace!

This mighty and majestic palace also did not survive under its wrath. Half devil Bai Yu casually performed a hand signal and torrential silver devil flames appeared in the golden palace, engulfing it in an ocean of fire!!!

Not only was Tianxia Palace engulfed, but also the surrounding streets and districts. Countless people instantly died!!

As the devil flames burned, half devil Bai Yu flew into Tianxia King's Palace.

At this point, Senior Elder Liu, Liu Binglan, and Chu Mu arrived. When they saw so many districts ablaze and countless civilians unable to even scream before disappearing from this world, Senior Elder Liu and Liu Binglan felt pained!

"Grandfather, what is he entering Tianxia King's Palace for?" Chu Mu was watching from afar.

"He should be trying to save his daughter." said Liu Binglan instead.

"Save her? Could there be a way to save her?" hastily asked Chu Mu.

"Inside Tianxia King's Palace is hidden an Immortal Fountain which supplies Immortal City with rotten aura. What we call Immortal Spring Water is the idea of life never rotting away. The reason why the sealed creatures in Immortal City won't perish from hunger or a lack of energy is because of the rotten aura inside Immortal City. This rotten aura feeds them."

"Bai Yu probably wants to put that girl in Tianxia King's Immortal Fountain to recondense her life force... but that girl no longer has any life in her. Bai Yu will need to pull out over half of Immortal City's rotten aura in order to revive this girl." said Senior Elder Liu.

Chapter 753: Becoming Half Devil, Body Uncontrollable

Chu Mu and the other two didn't dare get near half devil Bai Yu, even though elder Liu guessed the rotten aura could revive princess Jin Rou.

This was just elder Liu's guess. From past to present, no one had ever forcefully taken all the rotten aura to try to revive someone.

"From my years of experience, the rotten aura in the end still has a bit of decaying component to it. Though it can prevent organisms who have been sealed for decades to die of hunger, it couldn't let someone revive." Old Li said at this point.

Elder Liu looked at Old Li. He was just guessing as well, and indeed wasn't sure whether or not the immortal aura could wake princess Jin Rou up.

"This world has soul items with massive life force. If such an item is given to a person who had just died, it could revive them. However, immortal spring doesn't have this power. It could at most cause little princess's body to not rot for a thousand years, and retain her soul for a certain amount of time." Old Li continued.

The realm throne palace was torched, devil flames burning down the palace that took countless years to build.

Half devil Bai Yu entered the realm throne palace and, after a moment, slowly flew back into the sky from his silver devil flame sea, slowly floating into the sky.

At this time, princess Jin Rou in his lap was soaked. She clearly was drenched in immortal spring and probably absorbed all the immortal spring water in the realm throne palace.

Yet, Princess Jin Rou still didn't wake up.

"Indeed, she can't be awoken....." Old Li shook his head and sighed. "If little princess can be awoken, she should be able to push down the resentment in half devil Bai Yu. If not, Tianxia City probably can't be saved!"

Half devil Bai YYu floated above the realm throne palace, his eyes staring painfully at the pale-faced Bai Jin Rou!

“You all, die for my daughter!!!!!!”

Suddenly, half devil Bai Yu lifted his head and roared towards the dark skies!!!

Tell everyone to die with her!

The previous moment, half devil bai Yu still had some humanity and logic.

Yet. when he found out his daughter couldn't be revived, half devil Bai Yu went completely crazy!

The resentment on his body instantly reached a new high. Chu Mu and the other two were standing dozens of kilometers away yet they could feel the very air burning!!!

Half devil Bai Yu lifted his head, his pupils reflecting the entire dark sky. From deep within his throat came a heaven piercing silver pillar that poured into the low hanging skies!!

The silver light beam slammed into the sky and one could see the sky ripple outwards with the beam as the center, going tens of thousands of meters outwards, each ripple clearly visible!!

The spatial ripples slowly got larger and larger, as if a giant hand was twisting up the skies in Tianxia city. The spiraling spatial ripples slowly started moving in a certain pattern!

“honghonghong!!!!!!!”

Suddenly, the skies looked like they blew up!!

Within the spiraling space, massive silver devil flame asteroids fell from another world into the human dimension!!

Every silver asteroid had a thousand-meter long flame tails. When it collided with the air, it sent a whistling outwards!!

“Beng!!!!!!!!!!”

The first silver devil flame asteroid fell from the clouds, heavily landing in the most populated street area!!

People’s screams filled the space, yet after that huge roar, all the structures were flattened and all the people escaping were vaporized under the blow!!

This entire bustling street area had at least thousands of people within it, yet all of them instantly lost their lives!

“Beng!!!!!!!!!!”

A second silver asteroid fell from the lightning, bringing with it thousands of layers of devil flames that blasted the residential area!

This residential area wasn’t far from Chu Mu. When Chu Mu glanced over, he saw a soul pet trainer summon his soul pet to try to destroy the asteroid!

Yet, the half devil’s power was too large. Even spirit masters were useless under this technique.

Since the soul pet trainer didn’t have the power to destroy the meteor, all the residents of that area were shattered and burnt clean by the devil !

Chu Mu suddenly lifted his head. The entire Tianxia city was covered by the spiraling spatial ripples. More meteors were falling from the skies and into different regions of Tianxia city!!

The entire Tianxia city had countless streets. Even thousands of meters in the sky can’t allow one to see the entire extent of the city.

At this moment, above the massive city, there were countless silver meteors falling into different parts of the city.

Some meteors were falling quite far away. In his vision, the net like city area blew up with tiny fire lotuses.

These tiny fire blossoms constantly happened in all regions visible, uncountable. One glance and one can see tens of thousands of people losing their lives to these silver asteroids!

The whistling silver meteors was a judgment day full of evil!

Seeing the countless silver meteors blast the thousand year old city, seeing countless lives lost under this technique, Liu Binglan held her face as her emotions reached a new peak!

Elder Liu's face was convulsing as he drew blood from his lips from tensing!

"We can't let him destroy our Tianxia city!!" Elder Liu roared and rode his immortal ming bird towards the half devil bai yu!

Chu Mu saw the old man had no regard for his life and wanted to stop him but elder Liu's immortal ming bird was extremely quick, instantly flying ten kilometers away!

Liu Binglan's eyes were also red. Half Devil bai Yu's technique instantly caused at least tens of thousands of people to instantly die. As the soul palace noblewoman, how could she watch as her people were killed so ruthlessly.....

"Mom, don't do anything stupid, you aren't his match." Chu Mu saw that Liu Binglan wanted to fight half devil Bai Yu and quickly pulled her back.

"Her majesty, you should bring young master away from here as soon as possible. You can't stop him," Old Li quickly tried to advise.

"Mom and uncle aren't hoping to defeat this half devil, but if we don't' fight, more people will die....." when Liu Binglan said that, she rode her Star River towards half devil Bai Yu as well.

Chu Mu was stunned by Liu Binglan's last words. Seeing Liu Binglan's figure slowly go away, Chu Mu's heart was extremely conflicted.

“This mindset of having the world as your personal responsibility, is it truly worth it?” Chu Mu muttered.

“Young master, it's like how your goal is to step onto the top of all soul pet trainers. You can give this goal your all. Their goal is to protect soul palace, protect Tianxia city and its countless lives. For this dream, they would give up their lives. Every person has something they would give their lives for.....” Old Li has lived for two hundred years and has seen countless human beings. His words rung true with the values of humans.

“Young master, leave here. Dying for soul palace and Tianxia city is their highest honor. You still have something you would give your life for, so you can't stay in this irreversible calamity. Maybe one day, you can topple soul alliance and rebuild soul alliance. This way, Elder Liu and noblewoman would be proud of you.” Old Li spoke to Chu Mu to convince him to leave.

Yet, seeing his mother and uncle leave determinedly, Chu Mu couldn't just leave right now.

“Nie!!!!!!! Nie!!!!!!!!!!!!!!!!!!!!!!”

White Nightmare's shrill voice sounded in Chu Mu's ears!

Not only humans, soul pets also had things they would burn their lives for. White Nightmare's dream was to defeat its father and become the true king of white nightmares!

Devil flames burned brightly on White Nightmare's body. At this moment, a fighting intent that shocked even Chu Mu charged into Chu Mu's mental world. Chu Mu could feel white nightmare's soul becoming stronger!!

“This.....” Chu Mu was dazed as he watched white nightmare's devil flames grow, his heart in shambles!!

Soul elevation!!

White nightmare completed a strengthening of a rank and entered low class emperor rank!!

Strengthening without any soul item was definitely an extremely rare scene in the soul pet realm!!!

When White Nightmare was pseudo emperor, Chu Mu could already barely suppress the raging fighting intent in the devils' heart. Now that its swelling fighting intent raised it by a rank, Chu Mu found it even more difficult to suppress White Nightmare!!!

"Nie!!!!!!!!!!!!!!"

White Nightmare frenziedly started screaming to push Chu Mu's mind. Chu Mu knew that White Nightmare's instinct to fight its same species was even stronger than its instinct to devour souls. Now that White Nightmare was completely a devil, it wanted to swallow Chu Mu's soul!!!

White Nightmare wanted to become half devil as well!!!

When Chu Mu fought the magnates, his devil had already been instigated and become hard to control.

Now that White Nightmare was a rank higher, Chu Mu couldn't really stop White Nightmare's soul devour!

"Young master!! Young master!!!" Old Li started panicking.

He wanted to bring Chu Mu quickly out of this disaster zone, yet how could he predict White Nightmare would go crazy now!

The painful burning in the soul caused Chu Mu to roar in pain as devil flames darted out of his body uncontrollably!

"Nie!!!!!!! Nie!!!!!!!!!!!!!!!!!!!" Devil sounds collided against Chu Mu's mental world, causing Chu Mu to go crazy!!

"If you want to fight, don't control my soul!!!!!" The pained Chu Mu yelled out!

The burning Chu Mu forcefully cast soul devour and tried to devour White Nightmare's soul!

“Young master.....young master.....you can’t go half devil anymore. Your high temperature will burn away all your memories and make you into a mindless demon!” Old Li shouted in worry!

Chu Mu didn’t want to half devil, but it wasn’t his choice anymore!

Without using half devil, he would get devoured by the crazy White Nightmare, and his body would be the White Nightmare’s to control!!!

Chapter 754: Devil Mask, Human Heart

“It’s over, it’s over!” Old Li standing aside quickly yelled out in panic.

The last half devil was already Chu Mu’s extreme. This half devil meant that even if soul palace could create another ice palace for Chu Mu to rest in, it wouldn’t work; Chu Mu was going to become a devil!

Chu Mu, of course, knew the pros and cons of the situation. Except, as his soul and white devil’s fighting intent combined, Chu Mu’s heart also raged with a killing intent like never before, which lit up his body with a cruelty and need to kill!

More surprising to Chu Mu was when he glanced at half devil Bai Yu, the urge to defeat him became incredibly powerful. It was as if that half devil in front of him wasn’t a being beyond emperor rank, but instead an enemy that he had a deep grudge against for countless years, and one he needed to kill or be killed by!

There couldn’t be two half devils in this world!

Chu Mus’ body burned with the brightest devil flames. He still had his thinking ability right now and had his own soul, but he couldn’t control himself not to fight.

“Huhuhuhuhu!!!!!!!!!!!!!!”

In the air, a silver devil flame comet streaked down from the skies and brought with it countless air currents that flew straight towards Chu Mu’s head!

After becoming half devil, Chu Mu had absolute control over his surroundings. Just as this devil flame meteor was about to hit Chu Mu, half devil Chu Mu slowly lifted a hand and squeezed it lightly!

“Beng!!!!!!!!!!!!!!”

Before the devil flame comet could even touch Chu Mu, it suddenly erupted, sending brilliant flames above Chu Mu. The flamelight brought Chu Mu’s evil face to focus, as a dark and devilish smile flashed onto his face!

Half devils had nothing to fear. Even against foes it could not possibly defeat, its arrogance would never diminish!

.....

In the sky, there was the sacred pet immortal ming bird, elder Liu's Xuanzhen Beetle and Immortal Ming Bird, Liu Binglan’s Palm Dawn Concubine and Star River- these five top tier emperor ranks were attacking half devil Bai Yu.

The battle didn’t last long. These five top tier emperor ranks were already full of injuries!

Elder Liu and Liu Binglan specially brought the fight towards the skies to avoid harming the residents of Tianxia City again through fighting.

Even so, half devil Bai Yu’s destruction still broke down the city area underneath, causing another tens of thousands of people to disintegrate under the devil flames.

Every technique caused Elder Liu and Liu Binglan’s heart to tighten, yet half devil Bai Yu was truly too strong. Five top tier emperor ranks couldn’t even impede it at all!

“Everyone should die!!!!!!!!!!!!!!”

Half Devil Bai Yu’s cold eyes glanced by, its sharp eyes glinting, immediately causing the air to light up and burn with raging devil flames!!

These devil flames were completely under half devil Bai Yu's control, becoming a myriad of beasts that charged towards the five top tier emperor rank soul pets!!

“Honghonghong~~~~~”

The five top tier emperor ranks were all hit by the flame giant's attack. They were originally in a surrounding formation, yet they were now all heavily wounded and sent ten kilometers away!

The sacred pet Immortal Ming Bird had fought endlessly for a couple of days already. After getting hit by the flame beasts, it could no longer withstand the damage. The flame beast slammed it into the ground, creating a kilometer long gouge in the ground that destroyed the street area!!

Elder Li was already standing a ways away from the battle. After both of his top tier emperor ranks were attacked by the flame beasts, the soul devil flames passed through his mental connection with his soul pets and burned elder li's soul. Elder Li had already created a soul remembrance protection, yet he was still burnt.

Elder Li knew that if half devil Bai Yu wasn't still holding his daughter, causing him to be unable to cast certain spells, even if they didn't all die, they definitely wouldn't be let off so easily.

“Binglan, you leave. Having me here is enough.” Elder Liu saw the similarly wounded Liu Binglan.

Liu Binglan was a supreme. She also didn't have a successor yet, so if she died within this fight, then soul palace will permanently lose another supreme. This related to the entire soul palace's future. Elder Liu could die, but Liu Binglan definitely couldn't.

Liu Binglan didn't respond, simply casting an incantation to make Palm Dawn Concubine use its light type healing on Elder Liu and herself, cleansing the burning effects of devil flame!

Light type was something the dark type half devil hated. When the Palm Dawn Concubine cast its light type healing, half devil bai Yu's eyes snapped towards Liu Binglan!

“Huhuhuhu~~~~~”

Half Devil Bai Yu's body suddenly dotted with devil flames, completely shrouding himself and Bai Jinrou into the silver devil flames.

At the same time their bodies burned, just ten meters behind Liu Binglan, a ghostly devil flame burned brightly that created half devil Bai Yu's body!

Half Devil bai Yu single-handedly grabbed the daughter that couldn't be revived, while his other hand extended as a devil claw, casting Obliterating Heart a mere ten meters away from Liu Binglan!

Half devil Bai Yu didn't need much time for Obliterating Heart. His hand slowly entered the mirror-like space in front of him, and suddenly his forearm disappeared into it!

Not far away, Elder Liu saw this technique and his face went pale. The half devil bai Yu's hand wasn't going into empty space, it was going straight towards Liu Binglan's heart!

Once the technique completed, Liu Binglan's heart would instantly burst!

"Attack!!! Quickly attack it!!" Elder Liu frantically commanded his soul pets.

Yet, half devil's other type techniques are too hard to predict. Elder Liu had no confidence that his attacks could cause half devil Bai Yu's casting to lose effect.

Liu Binglan already noticed that half devil Bai Yu was a mere ten meters behind her. In fact, her heart somewhat felt like it was shrinking, and almost stopped beating!

Half devil Bai Yu smiled cruelly because in the next moment, if he pulled his palm back, this woman's heart would have been removed and with a slight squeeze, destroyed. This bloody killing reduced the pain he was experiencing in his soul!!

Death was near. With the threat of life, it forced Liu Binglan's blood to turn around critically.

Just as Liu Binglan was about to cast the last protecting technique, a devil flame body suddenly appeared before her body.

"Huhuhuhu~~~~~"

With Liu Binglan completely unprepared and suddenly enveloped in devil flames, she soon saw the silver body and her own body burn away instantly within the flames, becoming ashes!!

The devil flames appeared very suddenly. When Liu Binglan's body disappeared, Elder Liu saw a burning devil flame hand frozen in space, trying cruelly to pull Liu Binglan's heart out!

If not for Liu Binglan's body disappearing with her heart, her heart would be gone already!!

“Huhuhuhuhu!~~~~~”

A thousand meters away, devil flames slowly burned and, amidst the dancing flames, one could make out Chu Mu's silver body.

Liu Binglan was very close to Chu Mu. She couldn't see beforehand, because it was dark around. Now that she got her sight back, she found a very familiar yet cold and evilly handsome face

“Mu'er.....you.....” Liu Binglan said utterly paled.

She knew Chu Mu's body situation the best, Chu Mu could not possibly go half devil again,, or else it would completely destroy Chu Mu into a mindless devil!!

But, standing by her was the half devil Chu Mu!

Seeing Chu Mu become half devil made Liu Binglan's heart hurt ten times more.

Seeing Liu Binglan's heart break, Chu Mu similarly didn't feel any better.....

This time it truly wasn't him trying to half devil. White Nightmare just didn't listen to him anymore.

When devil flames burned on his body, Chu Mu very clearly that after this battle, even if half devil Bai Yu didn't kill him, he would become a mindless devil.

Thus, Chu Mu's lifespan was just the time he had left as a half devil. Thinking that he would never again see this mother who was still learning to love him, thinking that he will never again meet up with his father who's fighting somewhere unknown to regather his strength, thinking that Ye Qingzi was still waiting for him in some city, Chu Mu's emotions became incredibly somber.....

"You and uncle's soul pets were all heavily wounded. There aren't many people left to save here. Don't make meaningless sacrifices, and just leave."

No matter how heavy his emotions were, Chu Mu's silver face was permanently holding a devilish smile.....

Just like half devil Bai Yu, who was crying nonstop yet his face held its devil smile.

This was half devil, a struggle between human and devil. In other words, they wore the devil masks, yet burned with a pain-stricken human heart!

.....

Chu Mu didn't say much to Liu Binglan anymore, and slowly floated towards half devil Bai Yu!

Two half devils strong enough to shake the world were merely ten meters apart.....

The same silver body, the same devil flames, and the same painful struggle between human and devil.....

The same magnificent yet incredibly short life!

Still having some logic, Chu Mu very likely would permanently become a full devil after this half devil.

Still holding anger and resentment, after Bai Yu vented it all, he could very well become human.

Opposite endings, yet they had to have a fight!

Chapter 755: Half Devil Battle, Bai Yu, Chu Mu!

Half Devil Bai Yu wasn't very willing to attack Chu Mu, because Chu Mu's white nightmare was the devil Bai Yu's sole descendant.

Yet, now that Chu Mu was half devil, it was a separate concept. Before, White Nightmare was very weak, so no matter how angry it was or how hard it tried to provoke him, devil Bai Yu simply viewed it as an obstinate child that wanted to overcome him. Now that white nightmare was a half devil and had gotten much more powerful, it reached invincible emperor rank.

Half devil itself had immense resentment. With it becoming somewhat of an actual threat and still coming to provoke him, Bai Yu naturally gained the resentment, and released his emotionlessly cruel aura.

The rules of survival didn't allow for two half devils. Half devil Chu Mu couldn't stand half devil Bai Yu, yet Bai Yu similarly couldn't tolerate Chu Mu!

"You aren't my match. If you stop me any further, I'll kill you too!" Half devil Bai Yu said coldly to Chu Mu.

This last sentence was the last shred of reason within Half devil Bai Yu speaking. The devil bai yu's descendants were all killed, and he didn't want to personally destroy the last of its descendants.

Yet, if this descendant wanted to rebel and stop him from using killing to alleviate his pain, he definitely didn't mind pulling half devil Chu Mu's heart out and crushing it!

Of course Chu Mu knew he wasn't match for half devil bai Yu. Beyond emperor rank was a large gap above invincible emperor rank, but he will become devil whether he fights or not, so Chu Mu would rather himself go out in an explosive fashion!

At the same time, they released their evil tendencies and stood a mere ten meters away from each other arrogantly. Two tidal auras collided in the air-like storms, creating a spatial gust that continuously destroyed Tianxai City!

The ruins that were created by the silver meteors were swept into the sky and made into a huge turbidness, the greyness shrouding the skies of Tianxia City!

Tianxia City had millions of people that were frantically escaping towards the outside of the city, wanting to leave this sketchy area.

But, many older soul pet trainers knew that with battles of this level, with their speeds, no matter how hard they tried to escape it was meaningless, because any one of the half devils' strides were many kilometers long, while the techniques covered another dozen kilometers. Maybe they could run a couple of kilometers away, but instead have the half devils appear right above them anyway.

“Huhuhuhuhu!!!!!!!!!!!!!!”

Devil flames rolled as Chu Mu's body slowly ascended into the sky.

The fight had to go to higher skies or else Tianxia City will become ruins under their battle. Though it may not destroy the entire city, recovery would be made impossible.

Half devil bai Yu didn't care about the height of their battle, so it followed Chu Mu's body slowly up, holding a smirk on its face!

Wasting time? Half devil Bai Yu laughed coldly. Half devil indeed didn't have much time left, but to destroy the half devil and then the city that angered it was still easily doable!!

Half devil Bai Yu lifted his right arm, devil flames swiftly burning and creating a silver devil sword!

This was the start of Evil Behead! Chu Mu's other pupil could clearly see half devil bai yu's actions!

Since he knew what skill the opposition was casting, Chu Mu's body immediately became phantom-like, half ethereal and flickering.....

“Sila!!!!!!!!!!!!!!”

Half devil's right hand swept outwards. Immediately from all angles, an Evil Beheading ripped through space. There were eighteen total blades!!

Every Evil Beheading was a kilometer long. The sharp blades blocked off almost all avenues of escape for Chu Mu!

Chu Mu was greatly shocked. He could at most instantly cast two Evil Beheadings and had to follow the rules of space. This half devil directly broke through the restrictions of space and threw eighteen Evil Beheadings from all directions. If it were any normal top tier emperor rank, this attack alone could split them into several pieces!!

“Shua!!!! Shua!!!!!!!!!!”

Chu Mu’s devil phantom couldn’t dodge it all, and his chest and back immediately were ripped apart by the two evil slashes, creating two long gashes that put out the devil flames on him and revealed the hollow body underneath!

If all the devil flames on a half devil disappeared, it meant death!

White Nightmare’s power has raised and brought Chu Mu into invincible emperor rank, yet in the very first exchange, he was already wounded!

Most importantly, half devil Bai Yu’s left hand was still holding his daughter. If he used both hands, there would be 36 Evil Beheadings!!

Before fighting him head-on, Chu Mu couldn’t truly feel the half devil bai Yu’s extent of strength!

If not for half devil, Chu Mu questioned whether he would ever be able to reach such an extreme realm of power!

“Devil Space Explosion!”

Chu Mu glided a few kilometers back. His hands burned with two insignificant white flames that burned on either side of half devil Bai Yu!

“Beng!!!!!!!!! Beng!!!!!!!!!!!!!!!!!!”

The two white flames suddenly sank into the space near it. Two cracks appeared and following it, rolling devil flames exploded forth, its paleness instantly lighting up the entire Tianxia City, causing many to be temporarily blinded!

Half devil bai Yu's body tilted forwards slightly, passing between the two devil flame eruptions apathetically. Its body's dancing silver flames merely wavered slightly, while the clothes on bai Jinrou he was holding lifted slightly. It didn't cause any substantive damage to him at all.

It was the half devil without weaknesses, so its defense definitely couldn't be broken through by Chu Mu this easily, especially with other type spatial power that half devil bai Yu similarly controlled!

Half devil Bai Yu suddenly sped up, going so fast Chu Mu with Other pupil had some trouble seeing!!

“Honghonghonghong~~~~~”

Suddenly, half devil Bai Yu's body became a massive fire cloud. This cloud of fire brought whistling like rumbling thunders, like a scorching sun approaching from outer space. Its majesty gave Chu Mu huge visual and mental shock!!

The sun was so large that even the vastless skies couldn't hold it. Chu Mu in the air couldn't dodge it no matter how he flew!

“Honghonghonghong!!!!!!!!!!”

The sun's devil flames instantly swallowed Chu Mu. Compared to the sun, Chu Mu's devil flames were insignificant. Its two hands grabbed this shocking ball of energy as his body was constantly pushed towards the Folding Skies Bewildering World far away!!!

Devil flame sun was a mere kilometer from the ground. If this energy were a tiny bit larger, probably another tens of thousands of people would get disintegrated under this energy!!

The massive energy caused no one to dare look up at this energy that covered the entire sky. When it flew by their heads, it caused everyone to feel the nearness of death. Their hearts nearly stopped in that moment!

The devil flame sun was pushed further and further away. When Half devil Bai Yu's body was outside the tianxia city walls, he suddenly came free from the massive energy ball while the massive devil flame sun continued to blast Chu Mu further into the mountain ranges!

This energy was too massive. Chu Mu had nowhere to dodge but he knew if the energy blast hit him directly, he would be shattered. He could only alleviate it with his two hands!!

Chu Mu's silver arms were almost shattered by this energy blast. The entire sun was thousands of times larger than chu mu, causing his tiny self to constantly fly back as nearly half of his devil flames went out.....

“Hou!!!!!!!!!!!!!!”

Chu Mu let out a painful roar as his devil claws sunk deep into the energy ball thousands of times larger than him. He suddenly started ripping the ball apart towards the sides!!!!

Chu Mu's roars echoed through all of Tianxia City. Despite him getting pushed further and further away, they still felt their hearts trembling!

“Beng!!!!!!!!!!!!!!”

The devil claws gathered black and white energy that wildly split to each side, creating astonishing cracks along the devil flame sun!!

“Houhouhou!!!!!!!!!!!!!!”

Chu Mu roared crazily, his arms almost broken, yet he still used his raw strength to destroy this devil flame sun!!

Within the roar, the devil flame sun finally blew up. The mountains hundreds of kilometers outside of Tianxia City became countless pieces as the flames fell down like a destructive storm!!

“Honghonghonghong~~~~~” countless mountains were flattened by the residual energy of the shattered sun. The remaining devil flames created waves of flames, causing the mountains to look like judgment day, becoming tattered remains of their original selves!

In fact, most of the energy flew into the folding skies bewildering worlds further away. The bottom of the floating mountains were nearly half destroyed, while even the spiraling force itself stopped for a long while!

浩日能量爆开的正中央位置，半魔楚暮身上的魔焰熄灭了大半，他大口大口的喘息着，目光邪然的注视着百公里远的半魔白语！

At the center of the explosion, half devil Chu Mu stood with a greater half of his flames put out. He was breathing heavily as he glared evilly at half devil Bai Yu a hundred kilometers away!

Half devil Bai Yu stood alone in the world, arrogantly floating ten thousand meters above the tianxia city western city wall.

From above tianxia city's bustling center region, a devil flame trail covered half of tianxia city's sky, passing through where half devil Bai Yu stood and then extended to through the hundred kilometers between Chu Mu and Bai Yu before finally stopping right before folding skies. If this energy weren't ripped apart by Chu Mu forcefully, folding skies bewildering world may no longer exist in this world!

Flying above tianxia city, Elder Liu and Liu Binglan were even more shocked. If this technique were thrown at Tianxia City, the entire city would have a kilometer wide gouge from one end to the other!

Half devil Bai Yu's eyes were full of arrogance. Looking at the wounded Chu Mu, he smiled an evil smile, his character as an evil emperor completely displayed at this moment!!

Chapter 756: Cyan Giant, Empyrean Dragon!

Half devil Chu Mu was floating above the mess. He was heavily breathing, his arms hanging by his side and stumbling around. He didn't even have the strength to lift his arms...

Unreconciled, angry, prideful!

In front of the strongest half devil in history, the feeling of being suppressed by the heavens made Chu Mu extremely angry.

Right now, Chu Mu not only had the ambitious heart of a king from the White Nightmare, and could not stand other stronger species members, but also his own stubborn and resilient heart was being struck!

He had never wanted strength more than now. Being able to become an emperor rank soul pet trainer with emperor rank soul pets was far from enough for him!

He needed even stronger strength. He needed to be strong enough to annihilate the Sixteen Absolutes and Eight Desolations. He needed to be able to step over this half devil proclaimed as history's strongest. He needed to become the absolute strongest in this world!

Power!! Power!!!

Chu Mu couldn't stand those stronger than him. This ambitious heart of his was a hundred times stronger than the White Nightmare!!

Silver devil flames burned along Chu Mu's wounds, slowly covering his almost completely dimmed body.

His trembling hands, that he could no longer raise, clenched tight. The festering wounds were seeping with angry, unreconciled flame tongues. These wounds were riddled all over his mercury-cast body!!!

Chu Mu's pained face slowly unfurled into a devilish smile that signaled he would not be defeated. It didn't matter that this smile accentuated his silver devilish face!

Even if the half devil was injured and hopeless, or even if it was torn to pieces, that wild, demonic smile would never disappear. This was especially the case when it was merely wounded and facing an enemy that was difficult to defeat!

.....

Half devil Bai Yu had other pupils, and could see everything within a hundred kilometers very clearly.

“Resentment Gathering... it’s strength is rising?” half devil Bai Yu muttered to himself. He was rather surprised that this immature half devil was able to gather resentment to raise its strength.

However, no matter how much resentment was gathered, it would not be able to surpass the emperor rank and reach the Dominator Rank. And if it could not reach this rank, it would not be able to take a single attack from Bai Yu!

Half devil Bai Yu slowly lowered its head, and used its hand to softly comb Bai Jinrou’s messy hair. It then slowly raised its head and stared at half devil Chu Mu, whose fighting spirit had been reinvigorated.

It raised its hand and folded it. In its palm slowly condensed a spatial energy...

Half devil Bai Yu didn’t want to waste time. This time, he would directly burn Chu Mu to death!

“Ao hou hou hou hou!!!!!!”

From the distant horizon suddenly rang out a dragon roar that violently shook the sky for thousands of meters!!!

“Ao hou hou hou hou hou!!!!!!!!!!!!!!!!!!!!!!!!!!!!”

The second roar entered the half devil’s mind, unexpectedly dispersing the energy condensing on its palm!

Half devil Bai Yu creased its brows, and stared several hundred kilometers away at the sky. He saw an enormous cyan figure above the heavens with imperious energy!

“That’s... that’s...”

Roars ringing in his ears, Senior Elder Liu was shocked, as he stared at the direction of the sound.

In this world, there was still an existence that could interrupt half devil Bai Yu's technique?

What was it?!

From Senior Elder Liu's knowledge, aside from the aging Nightmare Ancestor and Thousand Wave Sacred Region's dormant Thousand Wave Beast King, what other creature in this world had reached this realm?!

Could it be Soul Alliance's Alliance Master's soul pet?

That was impossible and he quickly dismissed this guess. If it was Soul Alliance's Alliance Master's soul pet, it definitely would not have roared at half devil Bai Yu...

.....

Half devil Bai Yu stood in place, and stared at the creature with the extremely powerful aura!

This was the first time Bai Yu had felt threatened since transforming into a half devil!!

He was certain that the enormous cyan figure flying thousands of meters through the sky towards him was an existence at the same rank as him!

Half devil Bai Yu had a few of Bai Yu's memories, and he also couldn't think of what other creature in this world had reached this level!

.....

Far away, half devil Chu Mu also heard the powerful and wild roar!

But Chu Mu wasn't filled with astonishment and curiosity like Bai Yu and Senior Elder Liu, but instead with excitement that was hard to suppress!!!

It had nearly been eight years, but Chu Mu still hadn't forgotten the imposing cyan figure that would rise above the heavens. That was the first time Chu Mu understood the meaning of powerful, and it became the goal in the depths of his heart that he needed to surpass!!

So many years later, and so many things had changed. Chu Mu had never lowered his head in the face of difficulty or forsaken the bumpy path of a soul pet trainer...

This was because in his heart there was hidden a creature like this!!

This creature was in such dire straits that it had to hide beside his younger self while it was shackled to the lowest rank of the food chain. It even had to avoid being hunted by Cyan Birds, these servant rank creatures. But when it grew strong, it soared thousands of meters and defeated the creature unknown and termed as "Prison Island's God"!!!

It had lost its memories and lived in nowhere. It had undergone the most painful mental ruin and fights involving blood, sweat and tears. However, it had still firmly insisted on surviving!

It had done so only to break through its cocoon to transform into a dragon. With one leap it had reached the skies and commanded the heavens!

In Chu Mu's heart, this creature was worth all of his respect and highest honor!

It was the Undying Hidden Dragon - the Empyrean Cyan Hidden Dragon!!!

In Chu Mu's heart, he most respected his father, and then it was this enormous cyan figure!!!

Chu Mu finally understood why the Little Hidden Dragon had let out an impatient and excited cry earlier!

The Little Hidden Dragon had sensed that its mother was currently flying to this dangerous city. It had appeared in the time Chu Mu most needed it!!

Seeing the Empyrean Cyan Hidden Dragon's enormous figure fly to him, and its pure cyan bug-like eyes stare at him, Chu Mu's heart was filled with emotions.

Even though he was a half devil, and his heart was filled with violence and slaughter, Chu Mu remembered when he was young and weak. Chu Mu couldn't help but extend his wounded hand, and rub its cyan forehead.

“Little guy, how are you?”

Chu Mu was now an adult, and the Empyrean Cyan Hidden Dragon seemed to have aged. Its originally cyan colored dragon scales were slightly dimmer and its forehead was no longer as glossy as the Little Hidden Dragon. This was the vestiges of time...

“Sha sha sha sha” the Empyrean Cyan Hidden Dragon let out a soft cry. It would make this noise only to those close to it.

The Empyrean Cyan Hidden Dragon had intelligence, and was extremely surprised by Chu Mu's current state.

The young man from back then on Prison Island that needed to hide and sought survival had completely changed. He had become a devilish young man who was only a step behind from it now. Although this one step was actually a huge gap between the two, and although Chu Mu was only a step behind due to his half devil strength, this was still extremely hard to come by.

Even servant rank creatures could strengthen themselves to reach the peak of the food chain. And even an emperor rank creature could be too arrogant and be killed while at the peak of strength...

The strength of a life form didn't come from its species or rank. Nor did it come from the techniques it wielded. Instead, strength lay in its heart!!

Chu Mu admired the Empyrean Cyan Hidden Dragon's resilience, and the Empyrean Cyan Hidden Dragon admired Chu Mu's unyielding conviction to climb up from the lowest point of life to this high point!!

The Empyrean Cyan Hidden Dragon believed that as long as the human in front of it didn't die, it would absolutely reach the highest point of humanity!

.....

In the sky above Tianxia City, three elders had left the Departed World Gates and appeared beside Senior Elder Liu and Liu Binglan.

Immortal City's situation was rather stable, and these three elders were unable to relax about half devil Bai Yu invading Tianxia City.

Perhaps their strength wouldn't be much, but five high class emperors could fight against a peak emperor rank. These three elders summoned all of their high class emperors and added on Senior Elder Liu and Liu Binglan's six high class emperors, they would be of some use.

However, the moment they reached Tianxia City, they saw the shocking appearance of the Empyrean Cyan Hidden Dragon!!

"That's... that's half devil Chu Chen and an Undying Hidden Dragon - the Empyrean Cyan Hidden Dragon??" Elder Hai Qiu was in disbelief as she stared at the silver and cyan figures above Tianxia City!

The Empyrean Cyan Hidden Dragon's might could still be felt over a hundred meters away. It was hard to believe that just as Tianxia City was going to be destroyed by half devil Bai Yu, the Empyrean Cyan Hidden Dragon, which was ranked among the strongest creatures, would appear and stand together with this young man!

This was the Empyrean Cyan Hidden Dragon that caused a huge uproar in Soul Alliance. It was a dominator rank that made Soul Alliance helpless in front of it!!!

"The Empyrean Cyan Hidden Dragon is the same rank as the Nightmare Ancestor. Why... why did it appear in Tianxia City?!"

"Could the Empyrean Cyan Hidden Dragon have come to help us??" Elder Hai Qiu was still in disbelief.

"It's not here to help us. It's here to help Chu Mu!" said Senior Elder Liu!

Senior Elder Liu understood very well that the Empyrean Cyan Hidden Dragon could not appear without reason in Tianxia City. It appearing above Tianxia City at its most helpless and weakest point could only be explained by Chu Mu. This was because that young man was currently rubbing the forehead of the Empyrean Cyan Hidden Dragon!!

“Chu Mu?? Chu Mu was the one that summoned this strongest Hidden Dragon? How did he obtain the trust and help of a creature of this rank? Doesn’t the Empyrean Cyan Hidden Dragon extremely dislike humans??”

At this point, these elders forgot that Chu Chen was Chu Mu. Although they found it very hard to believe that this young man was able to summon the Empyrean Cyan Hidden Dragon that was comparable to the Nightmare Ancestor and the Thousand Wave Beast King, they were currently witnessing the Empyrean Cyan Hidden Dragon docilely standing next to Chu Mu!

This was extremely hard to believe, but aside from Chu Mu summoning the Empyrean Cyan Hidden Dragon, what else could explain the Empyrean Cyan Hidden Dragon, which loathed humans, coming here?

“It doesn’t matter- if it’s here to help Tianxia City or Chu Mu. We’re saved! Tianxia City is saved!!” Elder Ting was extremely moved.

Elder Ting’s words unloaded the heavy burden off of everyone’s back. Indeed, Tianxia City was saved. What else was more worthy of their tears than saving this ancient city that had fostered their growth?!

Chapter 757: Fight, Empyrean Cyan Hidden Dragon, Half Devil Bai Yu

In Tianxia City’s eastern mountains, Eight Desolations Ju Que, and the Shadow Absolute wore extremely unsightly expressions!

As higher-ups in Soul Alliance, why would they not recognize the Undying Hidden Dragon that had left Wanxiang City in a storm of blood ten years ago?!

“How did that half devil brat call the Empyrean Cyan Hidden Dragon here?!” Shadow Absolute Zhou Shan grit his teeth. If he knew earlier that this brat could do this, he would have killed him!

Chu Mu being able to transform into a half devil through his own volition already made the two Soul Alliance experts extremely surprised. Now that they saw the Empyrean Cyan Hidden Dragon called by him, this had further thrown a wrench into their plans; indeed, even if half devil Bai Yu was stronger, it would not necessarily be the case that it would be able to kill the Empyrean Cyan Hidden Dragon, known as ‘undying’!

They had schemed and calculated in order to ensure the destruction of Tianxia City's roots. However, they never expected that this plan would be ruined by a young man!

"We need to make a move. If this plan fails, we won't be able to explain it to Di Ji and Alliance Master!" Eight Desolation Ju Que said in a low voice.

After speaking, Ju Que jumped onto his Giant Ice Demon. He swept up an icy storm as they flew towards Tianxia City.

Shadow Absolute Zhou Shan also jumped onto his soul pet. If the plan failed, the two of them would be heavily punished. The situation already reaching this extent was already out of their expectations. Thus, Zhou Shan could only make his way to Tianxia City while full of resentment.

Senior Elder Liu swept his gaze over the eastern part of the city, and immediately spotted the Giant Ice Demon!

"They've come!" Senior Elder Liu knew that it still wasn't the time to celebrate. After all, half devil Bai Yu and Soul Alliance's two experts were still present. They couldn't be negligent!

Liu Binglan's Palm Dawn concubine had used light type healing techniques on her and Senior Elder Liu's soul pets, while Chu Mu and the half devil White Nightmare were fighting, thus recovering much of their fighting strength.

They were too weak to fight with half devil Bai Yu, but it wouldn't be a problem for them to deal with Eight Desolations Ju Que and Shadow Absolute Zhou Shan!

The three elders didn't hold back either and summoned their soul pets to meet Soul Alliance's two experts!

Soul Alliance Ju Que and Zhou Shan were clearly going for half devil Chu Mu. If they could get rid of Chu Mu, half devil Bai Yu would probably be able to defeat the Empyrean Cyan Hidden Dragon.

However, the two of them discovered that Senior Elder Liu and the others were already waiting for them. Their faces were unsightly as they said: "You're courting death!!"

“The two of you will leave your lives here today!!” Liu Binglan’s words carried chilling killing intent.

As the Dawn Supreme, Liu Binglan also possessed a bit of inherited power. She was unable to use it before because her soul power was depleted. But now that it had recovered, Ju Que and Zhou Shan were going to die!

“Hmph, even the old Dawn Supreme didn’t dare talk so big!” mocked Ju Que. He rode on his Giant Ice Demon while summoning ice and snow to cover Liu Binglan and the others!

A fight between the human supremes erupted in Tianxia City’s eastern part!

“Ao hou hou hou hou~~~~~”

The Empyrean Cyan Hidden Dragon raised its prideful head, and let out a mighty roar towards half devil Bai Yu a hundred kilometers away!!!

The two dominator rank creatures had auras that would create an endless series of storms that struck hundreds of kilometers of mountains from Tianxia City’s western part to the Folding Skies bewildering world. There were probably hundreds of thousands of soul pets there, but when the aura reached this area, countless creatures began to flee in groups!

The devil flames on half devil Bai Yu’s body were burning exuberantly. The enemy in front of it was one of the few ultra strong existences in this world that could threaten it. If half devil Bai Yu didn’t go use both its hands, he wouldn’t be its opponent.

Promptly, half devil Bai Yu ripped open a warm space in front of it. He slowly placed Bai Jinrou’s corpse inside so that he would be able to use both hands.

Bai Jinrou had only used one hand before, so now that he had put Bai Jinrou down, this showed how afraid he was of the Empyrean Cyan Hidden Dragon.

However, this evil devil’s haughtiness didn’t lessen at all. After placing down its daughter, it moved its demonic body!!

Half devil Bai Yu flying out of Tianxia City was for the best. Chu Mu didn't allow the Empyrean Cyan Hidden Dragon rush over to it because he didn't want the two dominator rank creatures affecting Tianxia City with their techniques.

Seeing half devil Bai Yu make his way over, Chu Mu jumped onto the Empyrean Cyan Hidden Dragon's enormous dragon horn and began to burn his body!

In terms of attributes, the Empyrean Cyan Hidden Dragon was probably a bit weaker than the half devil.

Nonetheless, Chu Mu had the same attributes as it, and possessed a paragon emperor's strength. Essentially, he made up for its deficits, so Chu Mu had to participate in this fight!

Being able to fight alongside the world's strongest creatures was an honor that Chu Mu had dreamed of countless times!

Flying in the sky, facing half devil Bai Yu's torrential devil flames, Chu Mu could feel his blood boiling. The devil flames flickering out of his silver skin made Chu Mu's unfettered fighting intent even more exuberant!

“Ao hou hou hou hou hou~~~~~”

It seemed like it had been a long time since the Empyrean Cyan Hidden Dragon had faced an opponent of this rank. From its dragon roar, it was possible to feel the fighting intent of a prideful dragon!!

Its enormous heavenly cloud-like cyan wings began to beat. It rose higher into the air since being only 5000 meters above the ground would actually hinder its movements. Only by reaching a height of a hundred thousand meters, in the vast aerial region, would it be able to fully show off its dragon might!

The enormous cyan figure rose into the air with a whistle!

The silver devil figure created a devil flame ocean, which unceasingly ascended into the air while covering everything!

The fight between the dominator ranks raged above Tianxia City's eastern skies. Tianxia City's eastern part's millions of residents that were attempting to flee came to an abrupt halt as they looked on with horror at the boundless amounts of energy that raged like a calamity above the vast mountain range and eastern city!

These millions of people were unable to see the cyan light and devil flames collide in the air, but they could see the constant stream of energy falling and destroying the enormous mountains in front of them!

Even though this was a fight hundreds of thousands of meters in the air, they had never before felt that their lives were as insignificant as they were now. This was energy that could easily end their lives!!!

If he had chosen to give up on the soul pet trainer path back then, perhaps today Chu Mu would have become one of these insignificant people and his life would have been decided by the AoE of these powerful techniques that could easily destroy him!

He would be completely different from now, fighting at the summit of the heavens with dominator ranks!

The wind in the aerial region was biting cold like a knife. Chu Mu's hands gripped nothingness, while his other pupils created an evil light that slowly searched for half devil Bai Yu in this devil ocean that reached the horizon!

In terms of strength, the Empyrean Cyan Hidden Dragon was far above half devil Bai Yu. Even if half devil Bai Yu was crazy, he still wouldn't dare fight head on against the Empyrean Cyan Hidden Dragon with strong defense!

“Hu hu hu hu hu~~~~~”

In the devil ocean, a suddenly boiling devil flame ocean suddenly arose around the Empyrean Cyan Hidden Dragon. The devil flame wave transformed into devil flame snakes that propped up their ostentatious bodies!

The devil snakes soared and rampaged, imposingly hissing as they launched themselves at the Empyrean Cyan Hidden Dragon. The devil flames caused the raging flames to slightly dim in color!!

The Empyrean Cyan Hidden Dragon beat its wings, and its enormous body nimbly flew through the devil snakes. Occasionally, it would strike with its claws to instantly extinguish tens of devil snakes at once!

“Below you!” half devil Bai Yu using a technique allowed Chu Mu to grasp its location!

The Empyrean Cyan Hidden Dragon’s cyan pupils locked onto the devil ocean below it. It retracted its wings and transformed into a cyan meteor that terrifyingly created a raging cyan flame as it rubbed against the air and fell into the silver ocean!!

“Hong hong hong hong!!!!!!!!!!”

Cyan energy broke through the sky, and struck half devil Bai Yu’s body. An energy ocean rippled outwards in the aerial region as half devil Bai Yu’s silver devil ocean was instantly extinguished by half!!

Half devil Bai Yu was knocked down by the heavy impact. It fell all the way to five thousand meters when it suddenly regained its balance...

“Beng!!!!!!!!!!”

Its silver feet abruptly stepped in the air!!

This single step unexpectedly caused fissures to appear in the sky!!

From the ground, it seemed as if the dazzling blue sky was being split apart!

Half devil Bai Yu’s silver face silently grew angry. It raised its head and its other pupils stared at the enormous cyan dragon looking down from above. It slowly raised its right arm, its palm faced upwards and fingers gripping the sky!

A powerful pressure began to astonishingly sink down from the sky. The remaining devil flame ocean flipped on its head and burned upside down. Even the Empyrean Cyan Hidden Dragon felt that beating its wings was now strenuous!

Seeing half devil Bai Yu's movements, Chu Mu's heart tightened. Chu Mu was extremely familiar with this technique. It was Shattering Heaven Imprint that was capable of instakilling those of the same rank!!

The Shattering Heaven Imprint half devil Bai Yu used didn't have to be fermented as long as Chu Mu's. As the sky sank, Chu Mu felt countless Nightmares, shrieking and laughing, appear above him. A single order from half devil Bai Yu and they would rip this boundless heaven and earth to pieces!!

"Si la!!!!!!!!!!!"

Half devil Bai Yu finished Shattering Heaven Imprint much faster than Chu Mu's imagined. The first fissure struck the Empyrean Cyan Hidden Dragon's upper limb!

The main fissure from the Shattering Heaven Imprint astonishingly reached several thousand meters in length while the others all reached a thousand meters. This attack was without warning and almost instantaneously struck. There was no time to dodge!

An astonishing crack instantly appeared on the Empyrean Cyan Hidden Dragon's dragon scales. This caused it to angrily roar!!

"There are still many more Shattering Heaven Imprints. You can't face it head on!' Chu Mu said to the Empyrean Cyan Hidden Dragon.

Shattering Heaven Imprint was a spatial fissure, and to a certain, extent it ignored defenses. The Empyrean Cyan Hidden Dragon's unequalled dragon scales that covered its whole body would not necessarily be able to stop it!

Chapter 758: Victory at this moment, Empyrean Dragon vs Evil Devil!

The sky split, the devil claw came. The massive cyan figure flipped in the clouds, dashing through the terrifying energy!

"Ahou!!!!!!!!!!!"

The dragon turned around and slapped its massive claw down, going straight against the dozen Shattering Heaven Imprints!!

The cyan claws were massive, colliding with the black Shattering Heaven Imprint. Immediately, all of the imprints were broken by the cyan claw, becoming the black energy dissipated.

Standing on the empyrean cyan hidden dragon. Chu Mu's arms extended to both sides. The wind cave in his palms suddenly opened, causing some of the imprints to get forcefully absorbed by Chu Mu!

Chu Mu's wind cave at least absorbed a couple of the shattering heaven imprint, the energy almost ripping Chu Mu's palm apart!

Chu Mu knew the maximum amount of imprints his palm could hold was this amount. Any more and his arm would burst open from the power!

“Reverse!!”

Chu Mu's hands waved forth and spit the Shattering Heaven Imprints back out. A bunch of shattering heaven imprints blew forth like dark lightning, magnificently appearing around the half devil Bai Yu!

Half devil Bai Yu didn't dare to take the techniques head on. A massive devil flame sword formation appeared around his body, revolving his body and kept all the shattering heaven imprints outside the formation.

Chu Mu's reverse attack stopped half devil Bai Yu's shattering heaven imprints. He very decisively gave up shattering heaven imprint. He slowly lifted up his hand, and the devil flame sword formation that burned started burning with even brighter silver devil light!

When the devil flame sword formation swirled, it was the half devil's strongest defense. Yet once it moved forth, it was also the sharpest weapon!!

Half devil Bai Yu had a total of 180 swords. Every sword was incredibly sharp but their lengths were surprising. When floating, they seemed like they pierced through the heavens. The sword length was burning with silver evil devil flames, bringing out the dominating manner of the swords even more, ripping through the skies!

Half devil Bai Yu lifted his hand and the 180 heavenly devil swords flew forth with whistles, bringing tidal waves of devil flames that covered the entire skies that reached the east region of the city!

Empyrean Cyan Hidden Dragon flapped its wings, its throat lighting up with dazzling cyan light, gathering energy that blew towards the swords!!!

“Beng!!!!!!!!!!!!!!”

The dragon light was like a beam of light coming through a thunderstorm, instantly shattering thirty heaven devil swords.

However, the remaining hundred heavenly devil sword still split through the skies!!

Half devil Bai Yu controlled his heavenly devil swords to fly without a normal spatial path. These devil flame weapons often darted in and out randomly in the space. Sometimes, these devil swords threatened to fly right out one’s body and split them up!

Empyrean Cyan Hidden Dragon constantly switched positions, while many thousand meter long blades would always appear right where the empyrean cyan hidden dragon was just at. Standing on empyrean cyan hidden dragon’s skull, seeing the fierce devil swords slash sideways, downwards, and right through, Chu Mu was also frightened!

Defending and attacking at the same time, the half devil Bai Yu’s heavenly devil sword formation was even stronger than shattering heavenly imprints. At least, Chu Mu couldn’t control it yet.

The shattering heavenly imprints were indeed powerful, but in emperor rank, to organisms like empyrean cyan hidden dragon, it could directly use its dragon claw to shatter the imprints!

And these heavenly devil swords could come out straight from one’s stomach- it was truly bizarre!!

“Shuaaaaaa!!!!!!!!!!!!!!”

The thousand meter long swords, even without locking onto the empyrean cyan hidden dragon, danced without pattern through the skies, often able to leave wounds on the empyrean cyan hidden dragon!

The swords flew through the winds, crisscrossing. Facing this dense attack, Chu Mu was helpless, only able to use Evil Beheading to cut some of the devil swords apart.

“Aohouhouhou!!!!!!!!!!”

Continuously getting hurt, Empyrean Cyan Hidden Dragon was very angry. It let out a roar to all the ten devil swords and snapped them, its maw exploding with strength that bit through another bunch of devil swords. Its dragon claws gripped shut, snapping countless devil swords as well!

The empyrean cyan hidden dragon didn't have many special techniques, but its unparalleled power solidified its dominator rank. Very quickly, all hundred devil swords were broken through by empyrean cyan hidden dragon's power!

The final five heavenly devil sword appeared strangely above the dragon's head, attempting to pierce through its head.

Chu Mu's palm grabbed and brought all the space in his palm. These heavenly devil swords were grabbed by Chu Mu and casually thrown towards the horizon!

“Beng!!! Beng!!!! Beng!!!!!!!!!!”

Five swords were all thousand meters long, each longer than the mountains at the horizon. When they fell to the ground, they created massive sword craters that couldn't possibly be filled up within a few years!

“Aohou~~~~~”

Empyrean Cyan Hidden Dragon's blood flowed along its scales. Half devil Bai Yu's techniques caused a decent amount of damage to empyrean cyan hidden dragon, creating burning marks on his wings, chest, stomach, and back!

But, the empyrean cyan hidden dragon's powerful self-regeneration showed itself!

No matter how deep the wounds were, as the devil flames disappeared, empyrean cyan hidden dragon's body healed at a visible rate!

Half devil Bai Yu's gaze stared coldly at Empyrean Cyan Hidden Dragon. The half devil Bai Yu indeed had an absolute advantage in terms of type. However, the undead title of empyrean cyan hidden dragon definitely was real. With this regeneration speed, its wounds would probably heal completely again within a few exchanges!

Bug type organisms' stamina was absolutely top tier in all soul pets. Maybe when the half devil of bai Yu ended, empyrean cyan hidden dragon would still be full of fighting intent!

Half devil bai Yu still had some awareness, and realized he couldn't last long against the bug type undead hidden dragon!

"Let's fight it out!!" Half devil Bai Yu stared with some wildness in them!

Its figure slowly floated back. His other pupils turned with a strange glint as cold evil aura emanated its body!

"Ao~~~~~" Empyrean Cyan Hidden Dragon let out a call. Clearly, it warned Chu Mu to be very careful, because it could sense the half devil was about to release its most powerful technique!

Chu Mu didn't dare underestimate anything. Even as an invincible emperor, he could easily get killed by half devil Bai Yu's strongest technique!

Empyrean Cyan Hidden Dragon's dragon scales slowly lit up with pale dragon glow, slowly forming around Empyrean Cyan Hidden Dragon's formidable dragon horn!

The Empyrean Cyan Hidden Dragon's sharpest weapons were its dragon horns. Under its wings' propelling, it gathered the dragon power to its horns, an attack able to destroy an entire continent!!!

Of course, the longer the dragon power collected, the more powerful the energy!

At this moment, Empyrean Cyan Hidden Dragon and half devil Bai Yu were both gathering power. Neither of them dared to release their power easily!

The Cyan Dragon aura and silver evil aura collided up and down. One could see that at the center of the skies, the two energies each took half the sky. Where the energies met, the space clearly twisted, affected by the two sky reaching storms!!

Strangely, no matter how these energies rubbed, how they infiltrated each others' territories, the heavens were absolutely silent. Not even a gust of wind passed through!

The entire world went silent!

There were only the sizzling of the energies as if the judgment day was nearing!!

Chu Mu had already jumped onto its back from its horn. With the two dominator rank powers colliding, Chu Mu could no longer participate. He could only wrap devil flames around itself to ensure the half devil's energies wouldn't harm him!

Finally, empyrean cyan hidden dragon and half devil Bai Yu's energies were already at an extreme!

Empyrean Cyan Hidden Dragon flapped first. One could find that empyrean cyan hidden dragon's wings were wrapped in cyan glows, the speed even faster than before!!

The dragon horn's light was almost expanded infinitely by the wrapping, as if blasting forth. It was so large it reached from one side of the sky to another!

It was very hard to imagine that empyrean cyan hidden dragon's dragon horn attack could cross the entire sky. The majesty of it caused Chu Mu to be shocked!!!

If the technique went towards tianxia city, no one in the city could survive this dragon horn!!

Half devil Bai Yu's pupils were strange. Silver evilness suddenly gathered together and its body disappeared, becoming a world-rending space blade!

The space blade's aura was not any less than the empyrean cyan hidden dragon! Vertically, it reached the skies and the earth. Horizontally, it reached either side of the horizons, splitting the world in four!

At the center, it approached the empyrean cyan hidden dragon's cyan dragon horn!!

Two energies didn't need moving. When they were let go, empyrean cyan hidden dragon and half devil Bai Yu's distance was instantly bridged by the techniques' effects!!!

"Zi~~~~~"

Cyan and silver, the moment they clashed, the energy was so large it caused the skies to fade!!

The entire tianxia city went into the darkness, unable to even see anything within a meter!

The silence was scary around their ears, but their eardrums and minds were facing shock!!

Power at extreme caused an extreme darkness. When their visions returned to normal, the blue skies peeled back block by block, becoming a shocking chaos that revealed a starry sky like scene that was within reach!

Chapter 759: Spiritual Depth, Hidden Flame

"Hong~~~~~"

City west side, from outside the mountain ranges to the city wall, with a resounding boom, everything started collapsing, quickly spreading into the city as well!

One could see that the western city area's structures looked like it was getting pulled down by a massive moving beast. Streets, houses, stores - it all sank into the ground. Countless people who hadn't managed to escape died in this!

The skies were in tatters. Strange yet ruthless winds filled the skies, creating a chaotic wind belt similar to folding skies bewildering world!

The dominator rank collision of energy could likely last a few years before it completely disappeared. At this moment, Chu Mu, receiving the huge blast, had been sent flying. His world was spinning, and he felt as if all his bones were shattered.

Finally, Chu Mu's body slowly stopped in the chaotic wind belt. He opened his eyes, and scanned the turbid skies to quickly find the large cyan figure.

Chu Mu was protected by the Empyrean Cyan Hidden dragon, so the attack wasn't too harsh on him. Even so, Chu Mu sustained pretty heavy wounds.

“Aohou~~~~~”

Empyrean Cyan Hidden Dragon's cyan dragon scales were almost all shattered. Its wounds still burned with white devil flames, decimating its soul!

Seeing Empyrean Cyan Hidden Dragon's shocking wounds, Chu Mu's heart was shocked, and he quickly flew over to absorb the devil flames into the wind cave in his palm.

Without devil flames burning its soul, the Empyrean Cyan Hidden Dragon's pain clearly receded. It flapped its bloodied wings and inspected its surroundings carefully.

“Huhuhuhuhu!!!!!!!!!!”

Suddenly, in front of Empyrean Cyan Hidden Dragon burned a silver devil flame as half devil Bai Yu appeared!

“Die!!!!” half devil Bai Yu spit out a single word.

In the devil flames, half devil Bai Yu's body was more than half extinguished. One could clearly see many parts of its silver body festering already!

Yet, this scary devil forced itself to come over despite its heavy injuries and launch another attack against the Empyrean Cyan Hidden Dragon!

Chu Mu saw this and also casted displacement specter to appear between Empyrean Cyan Hidden Dragon and the half devil!

Half devil didn't have any absolute defensive techniques. Feeling the energy within half devil Bai Yu's hands still being formidable, Chu Mu bit down and imagined the technique that half devil bai Yu cast beforehand!

Heavenly Devil Sword!!

A ring of devil flames lit up around Chu Mu, quickly forming 20 thousand meter long large devil swords that encircled Chu Mu!

“Beng!!!!!!!!!!!!!!”

Half devil Bai Yu's hands blasted energy towards Chu Mu's heavenly devil swords, causing both the swords and Chu Mu to fly many kilometers back!

Feeling no pain, when Chu Mu was sent flying back, he forcefully controlled the twenty devil swords to revert and fly towards the half devil!!

The heavenly devil swords didn't need to follow any path. They strangely appeared on top of, behind, and in front of the half devil.....

“Shuaaaaaa!!!!!!!!!!!!!!”

The thousand meter long swords slashed frenziedly, almost extinguishing all of the half devil's flames!!

“Aohou!!!!!!!!!!”

Empyrean Cyan Hidden Dragon already caught its breath again. A cyan dragon beam gathered within its throat and shot straight at the half devil!!

Half devil Bai Yu already couldn't handle the pressure. When the dragon beam came, the nearly extinguished figure was slammed against the beam and sent flying to the plains north of tianxia city!

“Beng!!!!!!!!!!!!!!”

Dragon beam pushed half devil Bai Yu a few hundred kilometers before exploding. Under the radiance of the cyan beam, the entire unharmed north side of tianxia city was lit up!

Empyrean Cyan Hidden Dragon's last hit caused half devil to lose all its fighting strength. However, Chu Mu still wasn't relieved, chasing all the way to the plains.

The plains had a raging wind blowing through it after Empyrean Cyan Hidden Dragon's dragon beam, so it was hard to see the situation.

“Aohou~~~~~”

Suddenly, Empyrean Cyan Hidden Dragon let out a roar towards the far end of the plains!

Chu Mu looked over, and was surprised to find that within the gray, half devil Bai Yu was dragging its wounded body to fly away!

“Don't chase.” Chu Mu stopped Empyrean Cyan Hidden Dragon's attempt at following.

He didn't tell Empyrean Cyan Hidden Dragon to follow because the half devil was extremely quick and hard to catch up to. On the other hand, half devil Bai Yu's stamina was almost spent, so his half devil phase should end soon.

“Let's hope you can find some life soul item.” Seeing the lonely devil figure bring the long haired girl away, Chu Mu sighed and murmured.

After half devil Bai Yu's half devil finished, there's a high likelihood that he would return to a human state. As long as Bai Yu didn't die, he would definitely heal back and search for soul items for Bai Jinrou.

Yet, such items exist but are incredibly hard to find in this world!

“Shashashasha~~~~~”

Empyrean Cyan Hidden Dragon gazed at Chu Mu and let out a gentle sound.

“Go, your wounds are very heavy. If you meet an enemy now it would be big trouble.” Chu Mu nodded.

In this fight, Empyrean Cyan Hidden Dragon was even more wounded than the time it fought the prison island god. If not for Chu Mu blocking the final attack from the half devil, Empyrean Cyan Hidden Dragon would definitely have life-threatening wounds after the last attack.

Though Empyrean Cyan Hidden Dragon’s self-regeneration was powerful, such a heavy wound could only be cured through chrysalis again.

Of course the Empyrean Cyan Hidden Dragon couldn’t become a chrysalis within human territory. It had to find a quiet place to let itself nurse its wounds.

“Sha~~~~~”

The Empyrean Cyan Hidden Dragon’s body slowly shrunk to only two meters tall, its tired but pure eyes watching Chu Mu.

Hearing what Empyrean Cyan Hidden Dragon said, Chu Mu’s face became slightly pained. He slowly lifted his hands and stared at the burning palms with silver eyes. He looked at the devil he now was.

“Little hidden dragon, Mo Xie, Zhan ye.” Chu Mu casted an incantation to summon his three main soul pets in front of him.

Little Mo Xie immediately jumped onto Chu Mu’s shoulder, all nine of her tails wrapped around Chu Mu while her small mouth let out murmurs and woos.

Little Hidden dragon took the other shoulder, its small claws constantly rubbing against Chu Mu's face.

Zhan Ye stood silently to the side, saying nothing, only watching Chu Mu with its pure black eyes.

"You guys should leave with Empyrean Cyan Hidden Dragon." Chu Mu's burning devil flame palms lightly caressed little Mo Xie's tail.

"Wuwuwuwu!!!!!!" Little Mo Xie was the first to resist. Her nine tails grabbed Chu Mu even tighter.

"Houhou~~~~~"

Zhan Ye roared at Chu Mu but slowly turned around, stepping away towards further in the plains.

Every step Zhan Ye took left a deep imprint in the plain. It had its head down as its black figure slowly became distant.

Seeing Zhan Ye walk further and further away, Chu Mu only smiled proudly. He knew the meaning behind Zhan Ye's last roar. However, once he truly became a devil, would he really be able to return to humanity like half devil Bai Yu?

Even if Zhan Ye found the strongest ice type soul item in the world, if his soul wasn't there anymore, was there any meaning in lowering his soul temperature?

"Little hidden dragon, when you're ninth phase ninth stage, eat this, and you will become the most unique combination between Empyrean Cyan Hidden Dragon and Ghost Dragon!" Chu Mu handed over soul items in his spatial ring to little Hidden Dragon.

These soul items were prepared by Chu Mu for Liu Binglan after he woke up from his icy casket. Chu Mu held back little hidden dragon's phase, but it would eventually hit tenth phase anyways. This last strengthening little hidden dragon had to do itself, or else all the resources Chu Mu spent on it will be wasted.

Little hidden dragon's cyan eyes were already teary. It jumped off of Chu Mu's shoulder and clung onto Chu Mu's calf like a little child.....

Empyrean Cyan Hidden Dragon extended a claw and plucked little hidden dragon off of Chu Mu's leg.

Empyrean Cyan Hidden Dragon knew that after this half devil, Chu Mu likely was going to disappear from this world. Though it wanted little hidden dragon to follow Chu Mu, in this situation, it could only bring little hidden dragon back to train it.

"Leave with your mother. If you find ice type soul items like Zhan Ye in the future, you can come back to look for me." Chu Mu petted the little head of the crying hidden dragon.

"Shashashasha~~~~~"

Empyrean Cyan Hidden Dragon told Chu Mu to not easily give up his own soul because one day, it might awaken again.....

After saying that, it flapped its wings and grabbed the struggling little hidden dragon, departing towards the west side of tianxia city.....

The Empyrean Cyan Hidden Dragon's flight wasn't steady anymore. It really was hurt badly this time, requiring a long time to heal.

Seeing the Empyrean Cyan Hidden Dragon leave with little hidden dragon, Chu Mu wished that the final words of the Empyrean Cyan Hidden Dragon were true. Then, ghost type little hidden dragon may already have surpassed Empyrean Cyan Hidden Dragon and become the strongest hidden dragon!

Though he never stepped on the path to the extreme, if his own soul pets could go beyond emperor rank, Chu Mu felt that there wasn't too much to regret about.

Of course, speaking of regrets, little Mo Xie was the hardest to convince.

Little Mo Xie was very smart. It knew clearly that ice type soul items couldn't wake up Chu Mu after becoming a devil, so she didn't believe the lies Chu Mu told Zhan Ye and little Hidden Dragon. Even if Chu Mu became a mindless, memoryless devil, little Mo Xie wasn't willing to leave.

“Alright, come back into my space.” Chu Mu knew he couldn’t trick little Mo Xie into leaving, so he could only bring her back into his space.

“Night!” Chu Mu cast an incantation, summoning night thunder dream beast before him.

Night Thunder dream beast’s black pupils stared at Chu Mu.....

Night was the only soul pet that didn’t reach emperor rank. Even without Chu Mu, he believed that this proud and noble child of the night would find a demon home and reach emperor rank and continue to roam.....

Night Thunder Dream Beast didn't say much, also turning around like Zhan Ye. However, when it stepped forth, Ye suddenly accelerated, its black figure running rapidly across the windy plains.....

It was getting faster and faster, to the point where the wind could rip its body apart, yet it didn't show signs of slowing at all, as if slowing would cause it to never have the courage to leave again.

Chu Mu stood in place and watched as Ye ran away, suddenly feeling his throat tighten a little.

After a while, when Ye finally disappeared in his vision, Chu Mu murmured, “The next time I see you all, you have to become the kings in each of your hearts!”

For some reason, Chu Mu believed he had the chance to see them again, someday!

“Mo Xie, devil tree, ghost monarch, Qin, Ning. If my soul still remains in this body, you may all be restricted in my soul pet space. If my soul gets destroyed.....and I say if, if my soul disappears, then you will all disappear along with it.....” Chu Mu said.

Chu Mu didn’t select these soul pets, not because Chu Mu had favoritism towards Zhan Ye, little Hidden Dragon, and Ye. It was because for all of Chu Mu’s soul pets, as long as he didn’t summon them, they would all choose to remain in Chu Mu’s soul pet space and die with Chu Mu’s soul together.

Or in other words, none of them believed that Chu Mu would die here. They believed what Empyrean Cyan Hidden Dragon said, that Chu Mu's soul will awaken again someday.

Though they all knew of Chu Mu's body situation and knew the probability was low, as long as there was a sliver of chance, they were willing to wait. It didn't matter that the consequences of waiting were to be permanently locked away or die.

Chu Mu took another look at the mighty Tianxia City. Other than some places still billowing with smoke, it was relatively well preserved. Liu Binglan, Elder Liu, and the other elders can solve the following problems.

With Chu Mu's speed of half devil, the plain and tianxia city was truly just a few steps away.

However, Chu Mu only glanced at the woman bursting with a holy radiance, his silver pupils slightly turning.

Chu Mu turned around and chose east.

This was the direction he wanted to go in. Even if he became a devil, he had to continue down this path.

The silver figure slowly took a step forward, leaving a string of white devil flames on this vast land. The previously dark devil flames became uncontrollable as his soul temperature exceeded a limit, again enveloping Chu Mu's body.....

After an unknown amount of time, Chu Mu's hair turned completely silver, with even his eyebrows getting affected.

Most surprisingly was his pupils. The sadness in them disappeared, slowly becoming an emotionless void.

If one looked closely, one could find a silver flame silently burning deep within those pupils, as if everything about Chu Mu was hidden in this spout of flame deep within those emotionless eyes. This was the spiritual depth.....

Chapter 760: Dark Sky Ocean World, Stormy City

One month later.

After the half devil storm, Tianxia City gradually calmed down.

Additional experts began to arrive at Tianxia City, eventually suppressing Immortal City's riot.

Immortal City's seals principally were unable to handle the heavy load, but after so many emperor rank creatures had been killed, the seals grew sturdier again. After a month of fighting, the Tianxia competition authorities managed to close the Departed World Gates.

The seals becoming sturdy meant that no matter how much the rioting creatures crashed against it, the Departed World Gates wouldn't budge.

Afterwards, an old scholar found a way to seal off the rotten aura in Tianxia's King's Palace.

Rotten aura provided nourishment for the sealed and guardian creatures. The moment the rotten aura was cut off, in a closed off environment, the rioting creatures could only kill each other in order to survive. Thus in half a month, a large portion of Immortal City's sealed and guardian creatures had killed each other.

Once the riot passed, the city was reconstructed. This would take a while for the soul pet trainers with rock type soul pets.

Three months later, Tianxia City had recovered to its flourishing state. However, subconsciously, an atmosphere of nervousness was now prevalent in the public exchanges between soul pet trainers. Higher ranked soul pet trainers realized that the bonds between the factions were quietly being drawn apart.

While Tianxia City was being reconstructed, so was Tianxia's King's Palace.

The election every ten years and Tianxia's King had always been a shrine that every soul pet trainer in Tianxia Realm dreamed of. Even if they could only leave their name on those golden steps, this would still be a paramount honor in their families and groups.

However, this time the golden statue was very astonishing, because nobody expected that the statue, filled with the majesty of a king, would be of a young man. He was casually smiling and standing above the streets of Tianxia City's most flourishing streets...

His face was recognized by many young people who had participated in the Battle of the Realm. Indeed, he had won first place in this competition!

It was very hard to believe that the person who obtained Tianxia Realm's highest honor, Tianxia's King that had a ten year throne, and could make all of Tianxia's experts submit, would be him!

However, underneath this statue was a line of words that explained how he became a king!

"Transformed into a devil and summoned the strongest dragon. Together, they defeated the Evil King Bai Yu, and he used his life to safeguard Tianxia City's thousand year foundation!"

Use his life to safeguard the foundations...

Her Majesty Liu Binglan did not believe these words because she believed that Chu Mu hadn't died yet. He had merely left because he was tired both physically and mentally.

However, every night when she cried, Liu Binglan knew her stubbornness was only deceiving herself.

She was more clear than anyone about the state of Chu Mu's body. The last half devil transformation had caused the burden on Chu Mu's soul to reach the limit, and changed him into a devil. People had indicated that they had witnessed a silver-white haired devil that was wandering alone, eastward. It was like a walking corpse...

Liu Binglan had searched eastward for an entire two months, but aside from the white devil flame marks she found at the beginning of her search, she hadn't found any signs of Chu Mu.

He had transformed into a devil.

Perhaps in the future, some merciless slaughter would occur in a city because of a devil. Or perhaps there would emerge a forbidden land within a forbidden region where any human that entered would be slaughtered because this was a devil's territory. Or maybe even in the future, recorded in

the last page of the human pet reflection would be an ultimately evil devil which would precisely be this devil...

However, nobody would know that this devil was actually the young man which used his life to safeguard Tianxia City's thousand year foundations.

.....

The sun and moon continued to rise and fall.

Time passed and quietly, a year had come and gone. Tianxia City was no longer discussing the Tianxia Storm in its leisure time. People had also gradually gotten used to the statue of the young man standing in the city.

Humans easily forgot things, and after the tense fight in the dark between the three great factions and Soul Alliance, Tianxia City's people had begun to turn their attention towards the fights between the various lands.

In this year, Tianxia City's residents were not discussing Eastern Continent's Wanxian Realm's border.

In the distant continent, there were not many kingdoms near the boundless sea.

Windy Rain City was one of Wanxiang Realm - Qi Kingdom's seaside cities. This city had this unique name because all four seasons of the year, it would be constant rain and wind.

The unique climate of this city originated in the dark and mysterious ocean world deep into the ocean!

This Dark Sky Ocean World had an ancient legend that said that in this world resided a thousand year old ice type and dark type creature. This creature was able to cover the skies with one hand and its roars were capable of creating calamity-level tsunamis. Soul pet trainers that would often enter the ocean to hunt would not dare enter more than a hundred kilometers into this ocean world.

Dark Sky Ocean World was actually a forbidden region. It could not be traversed, nor was there an end to the region and ashore on the other side. Most soul pet trainers that arrived in Windy Rain

City were spirit emperor rank experts, because if one hadn't reached this rank, they wouldn't dare enter the ocean!

There was wind and rain and the ocean sky was dark. Ocean water would constantly strike the shore, spraying the land...

At this season of the year, the ocean was the most violent. Even spirit emperors weren't willing to enter the ocean. Therefore, in this grey ocean, there was only the roar of the ocean water. Even the surrounding shore contained no youngsters training...

Under the ocean spray and under a reef in the ocean, a middle aged man was lying, unconscious, on the shore. The lower half of his body was submerged in the ocean water...

Although the man was unconscious, his arms tightly held a young woman.

This young woman's face was pale, and she trembled as she climbed free from the man's embrace.

The young woman was about 13 or 14. After she struggled free, she strenuously dragged the man out from the water and tried to awaken him with her shouts.

However, when the young woman turned the man over, she discovered that his chest had been dug into and his innards had already been washed away by the ocean water. It looked very nauseating, nearly making the young woman faint.

The young woman shivered and cried amidst the wind and rain for a long while. Sometime later, she calmed down and used her two white hands to dig into the reef composed of silt. She dug until her hands were completely bleeding...

"Although I don't know your name, I'm truly thankful for your constant protection." the young woman used her hands to wipe the tears off her face as she spoke dejectedly.

As she spoke, she slowly placed the middle aged man's corpse into the hole she personally dug. Then, she exhaustedly covered it up.

Afterwards, the young woman staggered along the reef.

When she saw the quiet city amidst the wind and rain, an exhausted smile finally blossomed on her pale face.

Her small body teetered along as she walked towards the unfamiliar city.

.....

One month later.

“Idiot, you can’t do anything! Don’t you know that soul cores of different attributes cannot be placed together? Especially soul cores that counter each other!” a sharp cry rang out from an old street in Windy Rain City.

The people walking nearby all craned their necks to look and after discovering an obese man scolding a young servant girl, nobody paid much more attention and continued with their business.

The obese man had a bit of fame in Windy Rain City, and every few days would venture into the ocean to hunt emperor rank sea creatures that nobody else would dare attempt.

Sea creatures had always threatened Windy Rain City, especially emperor rank sea creatures. The larger ones only had to flip around and would be able to create a tsunami that could launch Windy Rain City residents from one end of the city to the other. Fortunately, the residents here had grown up in the wind, rain and waves. As long as an emperor rank sea creature didn’t attack them, it wouldn’t affect them too much.

Of course, in this city, there was no lack of sea creatures causing disturbances. Right now, there needed to be human experts to deal with these sea creatures. Among them, the obese man scolding the servant girl was a rather famous one of these experts. He was called Zhong Pingsha.

“Whatever, we need to be on our way.” Zhong Pingsha’s companion waved his hands. His companion was a small eyes man about 30 years old. This man seemed to be rather lenient to this servant girl, but occasionally, a strange light would appear in his small eyes.

“If you make another mistake, I’ll sell you!” the obese Zhong Pingsha glared at the young servant girl and continued to scold: “Really, Old Deng had nothing better to do than to find a black faced girl to make a servant girl...”

The young servant girls’ cheeks were black, but her eyes were very bright. She shyly watched Zhong Pingsha and aside from the fear in her eyes, there was also some other complicated emotion. However, she hid it very well. In other people’s eyes, she was a dumb girl.

“Let’s go meet up with Old Deng. Didn’t he say that in the northern rainforest, a very strong White Nightmare appeared? Although I prefer fighting in the ocean, White Nightmare inner crystals are worth a lot.” said the small eyed man.
