

Soul Pets Bk2 761

Chapter 761: Heavenly Concubine's Order, Spirit Emperor Young Woman

North of Windy Rain City, at the end of the two hundred kilometer rainforest was Wanxiang Realm's Qi Kingdom's Qi City. This was a famous eighth rank kingdom city in which the number of experts alone was more than the number of wandering soul pet trainers in Windy Rain City.

Qi City's City Lord appeared to be a wandering soul pet trainer who had relied on himself to become outstanding. However, those who actually knew him also knew that City Lord Wei Fangqing actually held a position in Soul Alliance, and that his position was rather high!

Soul Alliance's supreme experts were the Sixteen Absolutes and under them were Thirty Two Scars. The Thirty Two Scars were equivalent in status to the three palace factions' elders. This was precisely a status that Qi City's City Lord Wei Fangqing enjoyed in the surrounding tens of kingdoms.

Today, Qi City Lord Wei Fangqing didn't have much to do. The younger generation in his family was engaged in a competition and as an 'upstanding and virtuous' city lord, he had to instruct the backers of his family.

Instructing the backers of the family referred to inviting disciples from other famous families within the city.

However, he hadn't even been able to watch one round of the competition when he received news of something.

"Heavenly Concubine's order. Could it be that the experts from the three great palaces have appeared here?" Wei Fangqing was doubtful in his heart, but he still respectfully greeted the person who gave him the order.

Of course, this respectful greeting wasn't to the cold-faced female reconnoiter, but rather for the golden order in her hand.

"Heavenly Concubine is currently searching for a 13 year old young woman who has come from the other side of the Dark Sky Ocean World. It's very likely that she landed in one of the big cities near the dark ocean. No matter the cost, you must find this young woman." the female reconnoiter's voice was a bit sharp.

Wei Fangqing slightly raised his head and asked in a low voice: “There are many cities along the dark shore. There are hundreds of thousands if not millions of 13 year old girls within them. Does Her Majesty Heavenly Concubine know if this girl has any unique parts about her?”

“This girl’s soul remembrance is rather high.”

What exactly was a high soul remembrance for a 13 year old young woman? Spirit soldier or spirit teacher? Was this something unique?

“How high?” asked Wei Fangqing.

“Spirit emperor.” the female recon's voice was calm as she spoke. She seemed to have given out numerous orders already so she didn’t find anything strange about what she said.

“Ok, spirit emperor...” Wei Fangqing subconsciously nodded his head. However, his expression quickly paused and he realized that something was wrong.

“This Ji Servant, you just said... spirit emperor?” Wei Fangqing made sure his words were clear.

“Yes, spirit emperor. You cannot reveal any of this to your subordinates when you issue a capture warrant. Have them take away all girls of this age with high soul remembrance. It won’t be long before Heavenly Concubine personally comes himself. If you manage to find her, Her Majesty Heavenly Concubine will heavily reward you.” the female reconnaitre spoke very quickly. She didn’t care if Wei Fangqing heard her clearly or not and once she finished speaking, she turned and left.

City Lord Wei Fangqing maintained his polite actions, but the expression on his face had frozen up.

“Spirit emperor and as a 13 year old girl. What kind of a joke is this. Disregarding Qi City, even in the entire Wanxiang Realm or even Tianxia Realm there wouldn’t necessarily be one, right...” after a while, Wei Fangqing finally managed to say something.

It was not doubted that spirit emperors were the peak of humanity.

Being able to enter the spirit emperor rank at the age of 13 would make one an absolute genius. The number of geniuses among Wanxiang Realm's tens of billions of citizens were extremely few. However, a 13 year old girl entering the spirit emperor rank was inconceivable!

Right now, Wei Fangqing really found this hard to believe. However, Heavenly Concubine had already given his order. As Soul Alliance's supreme existence, Heavenly Concubine obviously wouldn't joke about something like this. This meant that this young spirit emperor really existed!

Under Soul Alliance's Alliance Master were a pair of concubines: the Empress Concubine and the Heavenly Concubine. The Empress Concubine perennially wore a golden mask. It was said that even the Four Heroes had only ever seen her bewitching lips and perfect chin.

The Empress Concubine had always been regarded as the most mysterious woman among Soul Alliance's experts. But her methods had even made the Alliance Master's personal strategist concede defeat.

As for the Heavenly Concubine, she was regarded as the number one outstanding woman in a thousand years. Although her methods were not as godly as the Empress Concubine who managed to accrue huge amounts of power within Soul Alliance in a short period of time, she possessed something which allowed her to occupy an unshakable supreme position. This something was absolute strength which made even the leader of the Four Heroes afraid.

Wei Fangqing really could sweep across the surrounding dozens of kingdoms with his strength. However, at the end of the day, he was merely one of the Thirty Two Scars. Compared to the Heavenly Concubine, there was a whole world of difference in terms of both strength and status. Therefore, when the Heavenly Concubine personally gave an order, even if it meant finding a needle in a haystack, Wei Fangqing had to mobilize everyone possible to find this needle!

Of course, Wei Fangqing was also still wondering about the reason why Her Majesty Heavenly Concubine wanted to find this young girl. Indeed, wouldn't it mean that in the future the title of the number one outstanding woman in a thousand years would belong to this girl if she had the chance to grow up?!

"No wonder she wanted to keep it a secret. If this evildoer truly exists..." muttered Wei Fangqing.

"Aide!" Wei Fangqing didn't dally. He promptly summoned his aide and gave him the Heavenly Concubine's order.

“Senior Kingdom Lord, should we continue searching for the devil?” asked his aide.

“No. It’s just some false rumor created by commoners. Even if it does really exist, it won’t mysteriously just come to us!” said Wei Fangqing.

The rumor of the devil had come and go this past year in Wanxiang Realm. Some people said that this devil was actually an extremely strong White Nightmare because many White Nightmares took the appearance of a human. Others said that it was likely this was a half human half pet from legends, and was the most mysterious creature in this world.

This devil’s strength varied from person to person. Some said it was a high class emperor, some said it was a peak emperor and others said that it was a paragon emperor, nearing an existence that surpassed emperors. None of the rumors were able to give a precise answer.

However, one thing could be certain. This devil did exist. Many people had personally witnessed and someone had even seen its silver demonic eyes. However, after meeting its cold gaze, this soul pet trainer’s soul was wounded...

Wei Fangqing had also heard of the devil. The rumors were particularly abuzz most recently in his kingdom. In order to make his citizens feel at ease, he dispatched a group of experts to find traces of the devil. However, they didn’t find anything valuable.

There weren’t many who had heard of the devil’s rumors, especially those wandering soul pet trainers who stayed somewhere else for too long.

For example, Zhong Pingsha, Deng Fenghe and Liu Yuming, these three famous spirit emperors in the hunting world, hadn’t heard of it before.

Recently, the dark ocean had been rather unstable and the three of them were getting sick of just sitting around. Once they heard of the devil from an older hunter, they laughed and guessed that this ‘devil’ was really just an emperor rank White Nightmare.

Moreover, they felt that this White Nightmare was actually just a Nightmare Palace member’s soul pet. Due to the death of its master, it had become a wild White Nightmare.

A pseudo emperor’s inner crystal was worth 500 spirits, a low class emperor’s 2000 spirits and a middle class emperor’s 10,000 spirits. Emperor rank soul pets consumed an enormous amount every

day so the three of them naturally didn't care about how terrifying the devil in the rumors was. They prepared their items and stepped into the rainforest to begin looking for tracks of that White Nightmare.

"Haha, this White Nightmare is truly young and impatient. It's footprints are so evident that it's basically guiding us!" Zhong Pingsha stood in the rainforest and let out a hearty laugh.

"It really is a White Nightmare in a human form. It's footprints are basically the same as a human's. No wonder those fishermen thought it was a devil..." the narrow-eyed Liu Mingyu ridiculed.

Those spirit soldiers and spirit teachers hadn't even seen a monarch rank White Nightmare before. But these three spirit emperors had seen more than most people. What 'devil' was there. It was definitely a White Nightmare that took the form of its dead master!

"Devil?? Is it a human or a devil?" muttered the young servant girl, who wasn't complaining about the rain, as she lowered her head and looked at the burnt white devil flame footprints.

This young servant girl was the young woman who washed up on the dark ocean's shore a month ago. When she managed to crawl into Windy Rain City, she had been absolutely spent. She happened to encounter Deng Fenghe who was coming back, unsuccessful, from the ocean and became his servant girl.

Deng Fenghe normally didn't restrict her freedom. After her wounds healed, she would often wander nearby the residence, often going to older people to ask questions.

As for the rumor of the devil, the young girl had also learned of it from those old people.

As chance may have it, Deng Fenghe became interested in hunting the devil and the servant girl who took care of him on a daily basis naturally followed alongside.

"The rainforest is so large, but the footprints were probably only from a few days ago. Let's rest a night first." Zhong Pingsha was rather fat and even his soul pets were fat. His physical strength wasn't very high.

The rainforest was vast so eventually the emperor rank soul pets would grow tired.

“Ok, it’s not like this devil understands how to hide itself. It will be easy to find.” nodded Deng Fenghe.

As the three of them spoke, they found a rather flat area of land. They created a water barrier here, to keep the rain on the outside and began to pitch tents.

The three of them were all spirit emperors. The rainforest wasn’t a dangerous bewildering world so they didn’t have to worry about creatures causing them trouble.

They pitched four tents. The servant girl had followed them for many days and was very tired. After glancing at the pitch-black forest, she entered her tent to sleep.

However, not long after she fell asleep, she suddenly sensed her tent being softly opened. A small-eyed face entered the tent, and the eyes gleamed a lecherous light in the darkness.

The young girl quickly awoke, but she calmly did not utter a noise. She had already discovered Liu Mingyu’s intent a while ago. However, what made her extremely angry was that this old pervert dared to enter her tent!

She had already blackened her face and worn ugly and shabby clothes. She originally thought that due to her young age others wouldn’t find trouble for her. Thus, she never expected this type of perverted bastard.

As a young girl, she was innocent and pure, but this didn’t mean she didn’t wasn’t cautious against others. When Liu Mingyu entered, she quietly condensed her soul remembrance...

Chapter 762: Mysterious Species King

“Ah!!!!!!!!!!”

Suddenly, a shrill scream cut open the silence of the night, echoing through the wet rainforest!

A group of night dwelling birds flapped their wings, escaping from their nests as they were frightened.

“What’s the matter, what’s the matter?” Deng Feng woke up and quickly let out his soul remembrance.

Deng Fenghe’s soul pet was just outside the tent. Its furry head only lifted slightly with confusion when it heard the scream.

The soul pet didn’t sense any danger near, so the scream truly came unexpectedly.

“That girl!! It was that stupid girl!!!!” Suddenly, Liu Yuming came out from a side tent, painfully grasping at his eyes, his fingers almost sinking into his eyeballs!

Mental Burn!

As a spirit emperor, Liu Yuming only needed a thought to make the girl speechless, so Liu Yuming didn’t have any guard against her. Yet, he didn’t expect that when he pounced forth to enjoy her tender body, he was severely mentally burned, his eyeballs almost completely burned!

“Liu Yuming, what are you doing, how many times do I have to tell you to not bother the girl!” Deng Fenghe said angrily.

“That stinking brat.....that brat’s soul remembrance is extremely high!!” Liu Yuming painfully casted a water type soul technique to cleanse his eyes.

Deng Fenghe and Zhong Pingsha walked by Liu Yuming, they especially looked at his eyes. Seeing that nearly half was burnt off, their faces were shocked.

Liu Yuming was a third remembrance soul emperor, so even without defense, he shouldn't have been burnt this badly!

“Where’s the girl?” Deng Fenghe ran to the tent and looked around but didn't see the girl anywhere.

Immediately, Deng Fenghe cast soul remembrance and sensed the nearby thousand meters.

It hadn’t been long since Liu Yuming screamed. If he released his soul remembrance, he could definitely find the girl.

Yet, Deng Fenghe, other than finding a few animals darting around, didn't sense the tracks of the girl at all. This girl had just disappeared without any traces!

"Is this girl's soul remembrance truly that high?" Deng Fenghe's heart slowly rippled.

"Let's chase after her, this girl's origins were unclear from the get-go!" Zhong Pingsha said.

.....

The rainforest was especially humid, so footprints are often left in the ground. To experienced hunters, these footprints are the easiest to detect. As long as it isn't washed out by the rain, they are easily trackable by their prey.

Under a hundred-year-old tree, a thin and lonely figure was curled up silently in the tree hollow, her wet clothes sticking to her dirtied skin.

Cold, darkness, hungry, and tired, she slowly fell into bitter tears. Her usual smile could always affect many lives and could even give dying vines another life. She always loved facing every person with a sweet smile.....

Yet, she was now hiding in a completely strange place crying, not knowing where to go next.

The entire night, she was hiding in this tree hollow to affect the other three's vision. She especially left a string of footprints that led another direction, so tonight, this tree hollow should be safe. The second day, she woke up and the drizzle finally showed signs of stopping. Grass, leaves, and mud mixed scents wafted through the air. The little girl cupped some of the gathered water outside the tree hollow and washed her face.

After washing her face, the little girl's black face seemed to have shed a layer, revealing her pale but tender skin.

With a little bit of brushing, the little girl looked entirely different, instantly going from a little brat to a beautiful fragile little beauty!

No wonder Liu Yuming, a soul emperor, would find interest in this little girl. Presumably, the fellow who probably often committed such atrocities had seen through her dirtied face and saw this beauty already.

On the north end of the rain forest was the even more flourishing Qi City. After leaving the three behind, the girl could only walk barefoot.

Yet, a mere half an hour out, she suddenly found a row of heavy footprints!

These footprints still had white flames, size not unlike those of an adult.

“Is it the devil man in the legends?” Little girl covered her mouth and thought silently.

The footprints were very fresh, meaning the devil man was near her.

The little girl wasn’t afraid at all, following these footsteps forward.

After another half an hour, the little girl’s footsteps came to an abrupt halt because between the branches, she saw that on a lone rock two hundred meters ahead, an organism burning with pale flames laid there.....

“This is.....this is a White Nightmare?” The little girl said to herself, her bright eyes curiously examining it.

White nightmare had rather noticeable characteristics. It was that no matter what state it was in, its eyes were always white. Though there were many whites, the white nightmare’s pupils were the same color as its devil flame.

“Isn’t the devil man’s eyes supposed to be silver?” Little girl thought to herself strangely.

Presumably, the devil man was indeed just a white nightmare in the shape of a man, which was then exaggerated by people in the city not familiar with white nightmares.

At least now the little girl proved that the devil man was indeed just a pure white nightmare in the form of a young man.....

“It seems injured?” Little girl quickly noticed that the white nightmare’s chest flames were almost all extinguished, meaning he was heavily damaged on the chest.

“Nie~~~~~” the “devil man” seemed to have noticed the little girl and let out a hostile cry!

“Don’t be afraid, I won’t hurt you.” Little girl quickly walked over and put her soft hand on its chest.

White Nightmares usually had some violence in them. They would attack others actively and not let anything near them, not even similar species.

And, though this white nightmare was weakened, its aura showed that it was a high class emperor rank!!

High class emperor ranks were all very powerful beings in Dark Sky Ocean. Having such an organism appear in human territory will cause immense terror!

Yet, something strange happened!

Such a high class emperor rank white nightmare should have hostility and belittlement with everything, yet when this little girl neared, it allowed it to come closer. Its eyes weren’t showing apathy or belittlement, instead showing some confusion.

Seeing the “devil man” not holding hostility towards her, the little girl smiled.

The little girl’s smile had a special contagious power, able to affect people and also soul pets. Her smile caused the “devil man”’s expression to change again, becoming gentle.....

“Let me heal you.” Little girl wasn’t afraid. She sat down by the white nightmare and cast an incantation.

Little girl’s recovery technique was very effective. When it fell on white nightmare’s chest, the devil flames slowly lit back up and the wounds quickly closed.

“Nie~~~~~” White Nightmare saw that its wounds were recovered, and let out a call towards the little girl.

“Don’t thank me, there were many old friends of mine who liked fighting who often came to me with a body of wounds, and I would always heal them.” The little girl laughed, unbelievably able to understand the white nightmare completely.

“Nie~~~~~” White nightmare had no hostility at all now, instead telling little girl something.

“Ah? Where is this? I don’t know either, I’ve been here for only a month.....”

“Nie~~~~~”

“You got lost? You’re looking for your king?” Little girl’s face showed shock but she quickly asked again.

Little girl was very knowledgeable of soul pets. She knew that a king of a soul pet was definitely not a leader of a tribe, or the strongest organism in the realm. It was truly the king of the species!

The king of a species, no matter where it went, it had the utmost authority in front of its own species, able to command all of them!!

The reason the young girl was so surprised was because through the white nightamre’s words, the “king” it mentioned was truly the species king, a white nightmare king that was unbelievably powerful!

Little girl could tell that this white nightmare was already high class emperor. This should already be a very strong presence in Wanxiang City. Yet, when this high class emperor rank’s wounds got better, it already wanted to get up and go back to its king. Every time it mentioned king to the young girl, it would show respect and fear for its leader.

“Able to garner this much respect from a high class emperor rank, just how powerful is this king? Very likely it is one of the most powerful organisms within Wanxiang City!” Young girl thought to herself.

“White nightmare, I have nowhere to go right now. Will your king take me?” Little girl asked in a small voice.

White Nightmare quickly responded.

“You don’t have to worry about that. Those with hostility towards me are only people.” Young girl quickly said with confidence.

Little girl knew that she had a lot of enemies that were all very powerful. Soul emperor ranks like Deng Fenghe were spirit emperors and still couldn’t dodge her.

Knowing that there was a king above this high class emperor rank, little girl felt like she had to fall subordinate to this mysterious king, or else within a few months, she would get brought away by those previous people.

Chapter 763: Girl with special attraction

Qi City City Master Fort

“City master, we found traces of the girl you were looking for.”

Zhong Pingsha’s face quivered as he respectfully kneeled down before city master Wei Fangqing.

Zhong Pingsha’s most powerful soul pet was just a low class emperor rank. Even this city master’s secondary soul pets could easily kill all his soul pets. Zhong Pingsha usually had a soul emperor’s arrogance, but he didn’t dare be disrespectful in front of this city master.

“Oh? You have news this quickly?” Wei Fangqing lifted an eyebrow.

Wei Fangqing didn’t really believe that there was a thirteen or fourteen year old girl that reached spirit emperor, yet in a few days someone had already reported it.

While surprised, Wei Fangqing smiled. This was a person that the Heavenly Concubine wanted. If he was able to find her, it would be a great service, and the reward could probably raise his power once more!

“Very well, where is the person?” Wei Fangqing asked.

“We met in the rain forest, and she used her soul remembrance to attack my companion. We found two sets of footprints a few days later, corresponding to a devil man and the girl, so we suspect the devil man has taken the girl and is escaping east.” Zhong Pingsha said.

Zhong Pingsha wasn’t stupid. He didn’t mention that the girl stayed with them for a whole month, in case the city master blamed them.

“Devil man?” Wei Fang furrowed his brows. He didn’t believe the devil man existed, yet he appeared right with the girl he wanted. Truly strange.

“My two comrades have already followed the steps out, but the devilman’s strength probably isn’t something we can deal with. City master.....” Zhong Pingsha said.

Zhong Pingsha and his two companions weren’t inexperienced. When they saw the devil flames left behind, they knew that it was a White Nightmare with advanced devil flames, most likely a high class emperor rank!

“En, lead the way- I, city master, will go personally!” Wei Fangqing didn’t hesitate, standing up and saying.

Walking out of the city master hall, Wei Fangqing even called over two spirit emperors and also told someone to send the message to Heavenly Concubine!

“City master, you said Heavenly Concubine is in Qi Kingdom?” Zhong Pingsha heard Wei Fangqing’s task for the sub commander, and his entire face full of fat widened in shock and excitement.

“En.” Wei Fangqing only nodded, not saying much else.

Zhong Pingsha’s face was full of emotions. In this Wanxiang Realm, who didn’t know of heavenly concubine? Even the spirit emperors had to treat this woman as a female war goddess. Not only because of her authority above everyone, but also her incredible strength was unmatched in the human realm!!

Wanxiang Realm's spirit emperors were also all highly positioned, each a hegemon of their own region. Yet, between hegemons, there was a huge power disparity too. Zhong Pingsha knew fully well that a low remembrance spirit emperor was like a fat fly in front of Heavenly Concubine. A casual slap would cause him to die.

Putting aside heavenly Concubine, the female spirit emperors under her were also all famous, none of which he could trouble!

In eighth rank kingdom Qi Kingdom, Zhong Pingsha and his two companions were only lower level spirit emperors. City master Wei Fangqing was already a character they were lucky to be in contact with, let alone Heavenly Concubine, which even Wei Fangqing had to treat with absolute respect.

Thinking that the girl was someone Heavenly Concubine put down a great reward to find, Zhong Pingsha wanted to slap himself. If he gave the girl to Heavenly Concubine, he may even have been brought into her faction, and his status would become a whole new level!

"Stupid Liu Yuming. If not for him, I would have had a chance to appear in front of heavenly concubine!!" Zhong Pingsha was angered.

Heavenly Concubine was always hard to meet with. Letting such a rare opportunity slip by, Zhong Pingsha wished he could cut Liu Yuming up into pieces immediately!

.....

Qi Kingdom east side

White Nightmare was pretty wounded, so its speed couldn't be at its peak. However, to follow its king's steps, even though it hadn't recovered its stamina, it didn't want to waste too much time.

It knew that going eastwards would allow it to meet up with the king.

"So, the rumors of a devil man that has been circulated around is not you, but your king?" Little girl sat on white nightmare's back and said.

A wild White Nightmare was carrying a human girl. If this scene were seen by others, it would definitely become the talk of the town. After all, wild White Nightmares were always full of evil and had very deep hostility towards other species.

Even when you signed a soul pact with it, when it grew, it may directly devour you, if you didn't have enough soul power, so it was known to be evil and dangerous.

However, a little beauty laid on White Nightmare's back, not fearful at all. Instead, she seemed used to it, as if she was familiar with communicating with wild soul pets.

This was the reality. This little girl had come into contact with all sorts of wild soul pets since birth. She had a special closeness on her, causing all organisms to lower their guard around her. Even when wounded, soul pets would always come to her side to look for healing and help.

In reality, in the human realm, many people were born with strange talents. For example, some soul pet trainers had unique insights on certain types, giving them special effects when controlling soul pets of that type.

Some soul pet trainers were naturally mellow, allowing them to approach wild soul pets easily, and greatly increase their chances of signing a soul pact.

Of course, the girl's talent was abnormal, so abnormal that even high class emperor rank soul pets with high intelligence didn't have any wariness of her.

“Nie~~~~~”

White Nightmare seemed to have already caught its king's scent and followed forth. It even specially warned little beauty that she had to be very respectful or else she could get killed!

The young girl was a human after all. If she didn't heal him, White Nightmare wouldn't even have thought about bringing a human before its king.

“Don't be scared. Some of my old friends were beings similar to your king. They may even be crueller than your king, but they would never get angry at me.” Little beauty smiled cutely, not knowing what fear was.

If it were any other female spirit emperor, they would definitely be scared stiff at the sight of a high class emperor rank White Nightmare. This little girl was truly special; maybe this was the reason why heavenly concubine wanted to find her.

“White Nightmare, there seems to be someone chasing us from behind!” Little girl turned around and saw that at the far end of the rain, a grey organism with feathered wings was dashing through and quickly approaching.

“Nie~~~~~”

White Nightmare also turned around to glance at it, its other pupils locking onto the grey organism!

“Its a Turbid Feather Demon Emperor, the same rank as you, but its much faster than you!” Little girl quickly figured out what organism it was, even before the White Nightmare.

Because of its wounds, White Nightmare had been flying very slowly. Now that the Turbid Feather Demon Emperor was chasing, it immediately casted devil phantom to accelerate eastwards!

“Why are there so many experts here. It’s been a month, and there are already high class emperor rank experts.” Little girl grumbled.

High class emperor rank in human realm was already near the top. Little girl thought that by hiding, she could merge in with the commander ranks and monarch ranks, yet she already brought a high class emperor rank enemy looking for her.

And, she believed that these chasing people definitely won’t give up because of a gap of the sea. Presumably, it won’t be long before a group of even stronger people would chase her like rabid dogs.

The girl’s exceptional approachability was useless against humans, so her best move was to find an extremely powerful organism.

Both being high class emperor rank, White Nightmare’s strength may be a rank stronger than the Turbid Feather Demon Emperor, but it was much slower.

As the distance was slowly closed, the Turbid Feather Demon Emperor was already 4000 meters away. At this distance, the young girl could see a middle aged stranger smiling disgustingly at her.

Beside the middle aged man was the fat Zhong Pingsha. At this moment, Zhong Pingsha's gaze was burning, as if he was looking at a huge feast, causing the little girl to feel uneasy.

"Why are these people chasing me, are they communicating with the previous people? When did they expand their reach to here? Did the Sang Guards all die in Tianxia realm and Wanxiang realm because someone leaked information?" Little girl bit her lips. Seeing the chasers getting closer and closer, she got more uneasy.

Even if she escaped, she would be followed by many people. It seems the world no longer has anywhere for her to exist!

"White Nightmare, go and find your king. They only came for me." Little girl said to White Nightmare.

From Zhong Pingsha and Wei Fangqing's eyes, she got this answer. Though White Nightmare was high class emperor rank, it was wounded and wasn't match for the middle aged man controlling the Turbid Feather Demon Emperor.

"Nie!!!!!!!!!!!"

White Nightmare suddenly stopped, and stared angrily at this feathered demon emperor. If not for his wounds, White Nightmare would burn this Turbid Feather Demon Emperor to a crisp!!

"Hahaha, still trying to run. Little girl, you truly have some ability, able to make this devil man help you!" Zhong Pingsha laughed.

Before, Zhong Pingsha found little girl and white nightmare, yet white nightmare was too powerful and they didn't even dare near it. Now that one of the Thirty Two Scars of Soul Alliance, Wei Fangqing, was here, even the devil man had to die!

Thinking that this little girl could allow him to get in contact with the high up Heavenly concubine, Zhong Pingsha's smile became even more greasy!

“Nie!!!!!!!!!!!!!!”

White nightmare was incredibly stubborn. Even when it was wounded, it didn't back off at all, slowly releasing its devil flames.

Wei Fangqing stared solemnly at this devil man. He thought that the devil man would at most be middle class emperor rank, yet he now saw that it was a high class emperor rank!

High class emperor ranks usually existed in super bewildering worlds that humans dared not enter, or lived deep in the forbidden realm. How is such a powerful soul pet be in the human realm? Wei Fangqing himself was shocked. When had high class emperor ranks become so easily found? If it ran to his Qi City, the casualties would be innumerable!

Chapter 764: Silver Devil!

“Move back!” Wei Fangqing swept his eyes over Zhong Pingsha.

Zhong Pingsha had thought the White Nightmare was approximately a middle class emperor. But when it released its aura, he realized that it was a high class emperor.

He was secretly very happy. Thankfully he hadn't hastily made a move, otherwise the three of them would have all died.

Wei Fangqing naturally would not have the wing type Turbid Feather Demon Emperor fight alone against the White Nightmare. Promptly, he chanted an incantation, and summoned his second high class emperor rank soul pet!

Wei Fangqing had a total of three high class emperors. In his opinion, two of his main pets would be more than enough to deal with the injured White Nightmare.

Wei Fangqing summoned his second soul pet - Fu Sheng.

Fu Sheng: Plant world - vine type - Fu Shen Species

Fu Sheng were plant world soul pets and unique in the sense that they hovered above the ground. Moreover, they had the mobility of a demon. Although they were not as agile as a demon, they were able to dodge normal demon attacks and could also create vine defenses like other plant world soul pets.

Fu Shen looked like ginseng on the outside and their roots would expand like jellyfish. After being summoned, the azure colored Fu Shen attached a few of its roots onto the Turbid Feather Demon Emperor.

Hovering in the air, it looked like a bubble in water.

Wei Fangqing was an experienced soul pet trainer and naturally understood that plant world soul pets needed to be cautious in front of White Nightmares. The reason he had summoned the Fu Sheng was because he had added a secondary water attribute to the Fu Sheng, allowing it to be immune against the fire attribute to a certain extent!

Normally speaking, when a soul pet trainer obtained a top quality plant world soul pet, most of them wouldn't mind spending resources to add on a secondary water attribute so as to prevent their soul pet from being countered by fire type soul pets. Moreover, there were also many other effects of the water attribute including weakening, creating a surge of water, and purifying...

Seeing the high class emperor rank Fu Shen appear, Zhong Pingsha, hiding far away, immediately heaped on words of flattery. However, Wei Fangqing ignored him and gave his soul pets an order to attack!

Most White Nightmares had rather extreme characters. Even if they knew the opponent was stronger than them, they were still going to fight.

Carrying this conviction, the White Nightmare's white eyes savagely stared at the Turbid Feather Demon Emperor. Devil flames were slowly burning on its arms, causing the atmosphere around it to ignite!!

"Hu hu hu hu hu!!!!!!!!!!!!!!"

The White Nightmare was the first to attack. A high rank resentment flame swept up!!

"Overestimating your capabilities!" sneered Wei Fangqing!

Even if it was an uninjured White Nightmare, Wei Fangqing would still be able to deal with it!

Promptly, Wei Fangqing gave the Fu Sheng an order!

The Fu Sheng's vines began to extend, forming a green ocean that met the White Nightmare's devil flame wave head on!!

"White Nightmare, don't go. You aren't their opponents!" when the girl saw the White Nightmare fight without hesitation, she panicked.

She and the White Nightmare were strangers who met by chance, but she didn't wish for this White Nightmare, who was monomaniacally chasing its king, to be killed in order to protect her!

The girl obviously underestimated the White Nightmare's aggressive nature. At the beginning, the White Nightmare's aura really did threaten Wei Fangqing's two high class emperors.

However, after the water-added Fu Shen created the intersecting ocean of vines in the air, the White Nightmare's devil flames were severely limited including in the movement aspect!

"Let's see how long you can last for!" Wei Fangqing cracked a smile.

A high class emperor White Nightmare's inner crystal was very valuable for Wei Fangqing. Not only would he be able to capture the person the Heavenly Concubine wanted, but also obtaining a high class emperor's inner crystal was extremely profitable!

Vine types had the strongest control ability among plant world soul pets. Moreover, they had mighty attacks. The devil flames on the White Nightmare's body completely dimmed. Added on the Turbid Feather Demon Emperor's imposing attacks, the White Nightmare gradually found it harder and harder to defend!

"Senior City Lord's strength is indeed amazing. A high class emperor rank White Nightmare is unexpectedly being pushed into a corner where it doesn't even have the strength to fight back. Amazing!" Zhong Pingsha had a face full of smiles as he flattered.

Behind him was Liu Mingyu and Deng Fenghe. They were also continuously praising the power of Wei Fangqing's soul pets.

These words of flattery comprised 40 percent of their speech. The other 60 percent was their amazement towards Wei Fangqing's two high class emperors, especially the Fu Sheng. The entire aerial region had been originally dominated by the White Nightmare's devil flames. But now it had transformed into an azure forest, extending 6 to 7 kilometers. Even the powerful White Nightmare had been firmly restricted within!

“Nie!!!!!!”

The White Nightmare trapped in the Fu Sheng's aerial forest let out an angry cry. Resentment Gathering caused its strength to slowly rise.

However, the speed at which its strength rose was too slow, and it wasn't able to manifest into anything useful!

Seeing the White Nightmare slowly being covered by the enormous green vine forest. The young woman grew increasingly nervous. Unfortunately, she didn't know any useful attacking spirit techniques, and couldn't help the White Nightmare at all in this fight.

“Hehehe, girl, let's see where you'll flee to this time!” suddenly, an ugly voice rang out from beside her.

The girl turned around and astonishingly found that Liu Mingyu had unknowingly appeared beside her. His eyes that had been scorched by a mental attack had already recovered!

Liu Mingyu was riding on a four-clawed bird. Taking advantage of her defenselessness, the bird grabbed the girl's shoulders and lifted her up!

“Let... let me go!!” the girl squirmed around, struggling to free herself. However, its claws had stuck into her shoulders, causing blood to slowly seep out!

“Don't harm her!” at this moment, Zhong Pingsha let out a shout!

Zhong Pingsha still didn't clear why the Heavenly Concubine wanted to find this girl. However, Wei Fangqing had indicated that she had to be captured alive. Therefore, no matter what, not harming this girl was the best!

“Nie!!!!!!!!!!”

The White Nightmare discovered that the girl had been captured by Liu Minghe's bird and let out an angry devil cry. But it couldn't do anything while entrapped by the Fu Sheng's roots!!

“Hmph, you're going to die!” killing intent appeared in Wei Fangqing's eyes and he gave the Turbid Feather Demon Emperor an order!!

The Turbid Feather Demon Emperor was very fast, and it abruptly flew across the White Nightmare's body, leaving an enormous cut on its waste area, nearly severing its body in half!

Wei Fangqing wore a smile. It seemed that the White Nightmare's high class emperor crystal was going to be his!

“Yi!!!!!!!!!!”

Suddenly, the Turbid Feather Demon Emperor let out a sharp cry. Wei Fangqing's smile instantly froze, because he discovered that when the Turbid Feather Demon Emperor gave the White Nightmare a fatal strike, its body was mysteriously enveloped by a ball of silver flames!!

These silver devil flames were extremely terrifying, instantly burning the Turbid Feather Demon Emperor's feathers to a crisp!

“Beng!!!!!!!!!!”

Spatial explosion! Wei Fangqing hadn't been able to react before the Turbid Feather Demon Emperor was suddenly blown up into pieces by a gorgeous devil flames. The pain of his soul fracturing reached him!

“This... this... this!!!” Wei Fangqing was so shocked he couldn't say anything. He stared in astonishment at the ball of silver devil flames in the distance!

The silver devil flames were much more tyrannical than resentment flames. Among the flying devil flames, Wei Fangqing saw a demonic devil figure standing emotionlessly there. Its silver pupils were like terrifying swords that stabbed into the depths of his soul!!

Wei Fangqing was a seventh remembrance spirit emperor, and spirit emperor mental attacks were almost all useless against him.

However, when he locked eyes with this devil, the fears in his heart began to ceaselessly enlarge. A chilling aura surged through his soul, expanding through his entire body!!

A creature that could instakill his Turbid Feather Demon Emperor with one attack!!!

“Devil!!!” Wei Fangqing’s voice was trembling!

He had heard of the rumors of the devil. In these legends, the devil’s pupils were silver, and its body was covered in silver devil flames. From head to toe, it exuded an evil aura. There were also several rumors of its strength.

However, Wei Fangqing never expected that the devil’s strength would be so terrifying. In front of it, he was practically an insignificant child - a joke and weak!

“Nie!!!!!!!!!! Nie!!!!!!!!!!”

The heavily injured White Nightmare suddenly out a jubilant devil cry!

“Is that the king the White Nightmare spoke of?!!” the girl strenuously turned her head and stared at the extremely apathetic silver figure!

The silver aloof devil figure slowly raised its hands, forming it into a claw as if it was going to grab something!

“Si la!!!!!!!!!!”

Suddenly, the silver devil's arms pulled back, causing a terrifying spatial air flow to appear. The flow reversed, ripping the 7 kilometer vine forest formed by the Fu Sheng into green shreds!!

This was the plant world Fu Sheng's strongest plant domain. Creatures of the same rank were ostensibly unable to break through it. However, it had just been easily ripped apart. This caused Wei Fangqing, Zhong Pingsha, Liu Mingyu, and Deng Fenghe to wear expressions of fright and shock!

The silver devil had so easily done it, without even using a technique. What rank did it have to be to rip apart a high class emperor's domain like that?!

"Nie!!!!!!!!!!!"

After the green vine forest was ripped apart, the White Nightmare, recovered its freedom. It hastily used Displacement Specter, respectfully appearing beside the silver devil. It resembled a loyal servant standing behind its master!

Chapter 765: Feeling it Beneath One's Dignity to Take Action

"Nie~~~~~"

The White Nightmare shouted at Liu Yuming with anger.

The silver devil slowly turned its gaze to Liu Yuming.

Liu Mingyu instantly felt as if he had been dropped into a bottomless ice pit. The cold goosebumps made him not want to move at all.

The enormous bird under him also seemed to have been frozen in midair.

The bird's claws loosened, and the girl dropped from the air. But at this moment, the silver devil raised its hands and devil flames ignited on her body.

The girl's small body instantly transformed into ashes in the devil flames. However, beside the White Nightmare also appeared identical devil flames. In the midst of these devil flames, the girl slowly manifested.

“Tha... thank you.’ the young girl’s face was slightly pale as she spoke to the silver devil.

But the silver devil didn’t look at the girl. If it wasn’t because the White Nightmare had told it that the young girl had helped heal it, the flames that ignited on her probably would have been real devil flames.

“Let’s go.” suddenly, the silver devil spoke. Its tone was apathetic, similar to a young man’s voice. Nonetheless, it was heavy and emotionless.

“Nie~~~~~”

The White Nightmare carried the girl on its back, ignoring the four humans. Seeing its king turn and leave, it hastily followed.

Seeing the silver devil and White Nightmare take the girl and leave, Wei Fangqing and the three others were stunned. On the one hand, they had just clearly heard the silver devil speak in a human tongue and on the other, they couldn’t believe that the silver devil had let them go!

Indeed, a single technique from the silver devil had instakilled a high class emperor rank Turbid Feather Demon Emperor. Killing the four of them would be extremely easy for it!

Moreover, they could tell from the evil aura on the silver devil that it wasn’t a benevolent creature!

In truth, the four people were right to be worried, because the silver devil hadn’t planned on leaving them alive. It wasn’t required to deal with this level of people.

“White Nightmares... why are there so many White Nightmares!!!”

Just previously, Wei Fangqing had been rejoicing that he had escaped a disaster. However, suddenly, his face paled because not long after the silver devil left, he was surrounded by a group of White Nightmares!

Each White Nightmare took a human form. In fact, it could be said that these White Nightmares had modeled themselves on the appearance of that silver devil. This group of evil White Nightmares quickly surrounded them!

“High class emperor... high class emperor... peak... peak... peak emperor!”

Wei Fangqing swept his eyes over them and froze. His eyes were filled with deep fear!!

Middle class emperor rank creatures mainly only appeared in forbidden regions and high class emperors could really only be found deep inside forbidden regions. However, a glance with his eyes and Wei Fangqing was met by at least 7 high class emperors in this White Nightmare group!!

Wei Fangqing became even more hopeless and shocked when he discovered that among them, two of them had even stronger auras than high class emperors. These White Nightmares had most likely reached the peak emperor rank!!

Peak emperors!!! These were ultra-strong creatures that only appeared in the deepest parts of forbidden regions. Of humans who possessed peak emperor ranks, all of them were among the most authoritative humans. The three great factions' senior elders and Soul Alliance's Sixteen Absolutes were these authoritative humans who stood atop the pyramid precisely because they possessed peak emperors!

Thus, the appearance of two peak emperor White Nightmares in this group made Wei Fangqing extremely shocked!!

Zhong Pingsha and the other two couldn't comprehend anything in the face of the White Nightmare group's aura. The only thing they could feel was the incessant terrifying laughter of the White Nightmares in their ears!

They finally understood why that silver devil had left. With this group of subordinates, it couldn't be bothered to take action. This also demonstrated how terrifying the silver devil, that could instakill a high class emperor, was!!

“Hu hu hu hu hu~~~~~”

Devil flames covered the sky, illuminating the rainforest in a pale white. Even the curtain of rain covering the sky was evaporated!!

The high class emperor rank White Nightmares were capable of leaving Wei Fangqing and the others without a proper burial site, even more so the peak emperors!

The devil flames were torrential and the four of them didn't even have the time to scream. Their bodies and souls were both burned to ashes, disappearing forever from this world.

.....

300 meters away.

“What a cold evil aura. Could it be the devil that has recently been causing a hubbub?” a female soul pet trainer riding on a Seven Colored Phoenix stared at the flash of white light in the distance as she spoke with a serious expression.

Next to the female soul pet trainer were also seven other female soul pet trainers riding Seven Colored Phoenixes.

Seven Colored Phoenixes were emperor rank soul pets with noble figures. Their feathers were composed of seven different colors and their most beautiful parts were their seven fluttering tails. When they flew, they were trailed by seven pieces of beauty and resembled a flying rainbow!

There were 7 Seven Colored Phoenixes and 7 female soul pet trainers. They flew together and when they flew across the sky, they resembled magnificent fairies descending into the mortal world.

However, among the 7 Seven Colored Phoenixes was a woman riding a Nine Colored Phoenix. This woman had a well-rounded but slim figure. On her supple waist was a nine colored streamer that only accentuated her nobleness and beauty.

She wore deep purple colored rose patterned clothing. From her collar extended a beautiful hood that resembled a flowery crown. She had fine black hair that neatly fell out of the hood.

She was dressed well and elegant like a fairy, carrying a feeling of mystery.

The woman's facial features weren't capable of causing the downfall of countries. However, they were capable of moving others. But perhaps what was most captivating about her was her mature charm that was like a fine aged wine. She had a refined yet enchanting demeanor.

Of course, the seven female soul pet trainers following this Heavenly Concubine understood that this noble woman was only one side of her character. Hidden behind this absolutely talented Heavenly Concubine was a set of imposing eyes that stemmed from her long occupancy of power, capable of causing others from thinking anything profane about her!

That side of her was full of fighting spirit, killing intent and force that was befitting of the strongest person in the soul pet world!

The Heavenly Concubine's eyes were also staring at the pale white devil flames in the distance. Her beautiful and elegant face was indistinctly filled with seriousness and graveness.

"Your majesty, there have been a series of rumors from the nearby kingdoms about a devil. It's said that its strength is extremely powerful..." said the female soul pet trainer who spoke previously.

"That should be in the direction where Qi City's City Lord said the girl was..." said another female soul pet trainer.

"Could that devil also be going for that girl?"

The Heavenly Concubine creased her brows. She knew that the girl had a special connection with soul pets.

"Perfect. I'll get rid of the devil as well to prevent future harm!!" faintly said Tian Ji.

Chapter 766: Messiah Tree, Spirit of All

"Heavenly Concubine, why are you spending so long to look for that girl, is she special in any way?" The female soul pet trainer who talked the most asked in a low voice.

Normally, this was the only subordinate that dared to ask anything because she had stayed with heavenly concubine for the longest. The other servants often had questions but dared not ask them.

“She grew up in the ancient messiah tree, her body creating the densest spirit source. Her blood is the purest spirit, not only having a special healing effect to soul pets, but can also allow organisms at a certain bottleneck to breakthrough.” Heavenly Concubine explained indifferently.

“Messiah Tree? Isn’t that the legendary organism full of the purest and densest spirit source?”

“No, I saw on ancient texts that the messiah tree isn’t a soul pet, it’s just a plant that gathered the spirit of the world. It doesn’t have any offensive capabilities but it has many powerful organisms protecting it; it is the energy and life source of an empire.”

“If that girl grew up in the world’s largest spirit reserve, shouldn’t her spirit be very dense as well?”

Since Heavenly Concubine spoke, all the maids asked their own questions too.

“Messiah Tree isn’t a soul pet, it’s the master of spirit sources.” Heavenly Concubine said.

Once you reach spirit emperor, the need for a spirit source becomes incredibly large. Whether one’s strength can increase depends on whether a soul pet trainer can get a spirit source.

This master of spirit source was a thing of legends. If one compared a normal spirit source to a pool, a large spirit source would be a lake. Then, the master of spirit sources would be as vast as the boundless seas- full of endless spirits. Any organism that lived near this spirit source could gain an extra rank!

This meant that a servant rank soul pet that lived near the master of spirit sources and grew to tenth phase would become warrior rank. With this logic, if a soul pet with species rank of emperor rank lived there and was influenced by the messiah tree over the long term, it could very likely surpass emperor rank!!

All the while, master of spirit sources lived in legends. Some people even thought that it was a random tall tale made up by people who couldn’t explain the existence of soul pets beyond emperor rank.

Seven heavenly concubine servants always thought the master of spirit source was just a myth, yet they didn’t expect to hear it from Heavenly Concubine!

Heavenly Concubine obviously couldn't be lying, because she was the only person other than the soul alliance master to reach the depths of forbidden realm. She had seen more organisms and life forms than humans had documents, and knew a lot that humans didn't.

If Heavenly Concubine said the messiah tree existed and the master of spirit sources was real, then it must be!

And if the little girl they were looking for grew up next to the messiah tree, then it meant she grew up getting influenced by the purest of spirit sources. Such a young girl definitely had a special aura that could cause wild soul pets to like her and protect her like they would for the messiah tree!

.....

Qi Kingdom as an eighth rank kingdom had over ten lower ranking kingdoms beneath it.

In the east part of Qi Kingdom was Feng Kingdom. At the edge of the endless rain was a vibrant maple forest. The name of this kingdom came from this seemingly endless burning sea of leaves!

Every time it was autumn and the maples fell, it would interlace with the endless rain on the western side and create a beautiful scene.

In this maple filled forest, a devil shadow full of devil flames stood like a statue, its eyes gazing respectfully at the silver figure under the maple tree.

Strangely, in this group of advanced White Nightmares, there was a young girl looking all around with her spirited eyes, looking completely out of place with the evil White Nightmares, yet somehow she was communicating with them perfectly and smoothly.

"Where are you all going? Even in the place, I was, very few soul pets dared to roam human territory this blatantly. And also, why does your king speak our human language?" The little beauty was very curious about the group of White Nightmares that appeared in human territory. She wasn't afraid at all, running by the White Nightmare she first got to know and grabbed the other White Nightmare's devil flame arm.

When the beauty spoke, the White Nightmares' king slowly turned around, and its silver eyes glanced at the girl, showing some suspicion. The king had 10 White Nightmares under him, eight of which were high class emperor and the other two were top tier emperors. Yet, strangely, the 10

White Nightmares that usually were incredibly violent and hated humans didn't show any animosity towards the girl, instead viewing her as a little girl of the same species.

However, though White Nightmare's king was suspicious, he didn't have any extraneous emotions, instead glancing up to stare into the east.

He didn't know why he had to walk east, as if a voice was present in his chaotic and blank mind, telling him that east was moving forward.....A devil's cruelty, bloodthirst, and love for killing were things he all had. However, as this need for killing got stronger and stronger, he could always feel something in his head that couldn't be dismissed, causing him to continue eastward and bring his blank mind in pursuit of nonexistent footsteps.

White Nightmares always liked to live alone, yet as he was traveling mindlessly through this foreign world, a White Nightmare emperor that he defeated started following him.

This White Nightmare emperor met him in an unknown space in the forbidden realm. After he defeated this White Nightmare emperor, it started following him, along with its nine White Nightmare subordinates.

In his mind, he always felt like he wasn't the same species as these White Nightmares, having a key difference, yet he couldn't figure out what the difference was!

Not knowing what species he was, not knowing where to go, there was just one stubborn thought he couldn't dismiss, so he continued on his lonely path eastwards.

In people's eyes, devils were cruel, bloodthirsty, and only yearned for killing and power. However, how could humans know that devils were the most lost creature on this planet? They were advanced creatures, so how could they not have intelligence? But, so what if they had intelligence. They didn't know where they wanted to go and what to do..... to seek out power? They were born with dominator rank power, so was there really anything left in this world for him to be afraid of?

Lost and hollow!

This sense of hollowness wasn't something killing could fill. The number of tribes and humans he had killed could be counted with units of ten thousands, but he never felt fulfilled.

Thus, one day he stopped this meaningless killing and started to comply with the strange thought and calling he felt in his heart and started eastward.....this sound brought him eastwards and also, occasionally, he noticed there was one memory in his mind. This memory was very strange, because he saw a handsome beast running, fighting, escaping, and sad..... Thus, he followed this last memory of his to try and find where this sorrowful beast went.

This direction was also eastwards, coinciding with his inexplicable desire.

“.....I’m.....I’m called Ning Maner. You can speak the human language, right?” Little beauty had approached the White Nightmare king’s side and asked slightly scaredly.

The little beauty had an amiability towards almost all wild soul pets. Of course, this was wasn’t absolute; if the organism had animosity towards her, she could feel it too.

Yet, the girl named Ning Maner felt like the king was very strange. Her talent allowed her to directly communicate with most wild soul pets and become good friends. She still remembered that when she got sick at the age of ten, a dominator rank organism laid by her side and protected her for a whole month.

The little girl guessed that this silver king would very likely be a dominator rank presence. Such a presence should definitely be invincible in this land. What confused the girl was she often communicated with dominator rank beings, and they were all very friendly towards her as well. Why was this king so indifferent towards her, even acting like she didn’t exist?

In the past, even king like organisms treated her very well, complying with most of her requests as well.

Having grown this old, it was the little beauty’s first time that a soul pet treated her like nothing! This caused her to feel slightly defeated, after having boasted confidently towards the first White Nightmare.

The devil man looked down and its silver eyes stared emotionlessly at this little human girl. As if suddenly thinking of something, the devil man stared in disgust and said coldly, “What kind of charming spell did you cast on my subordinates to cause them to acknowledge you?”

The devil man didn’t even know why he had such a great disliking for women with special charming capabilities

“Ah? I.....I didn't cast any soul technique, this is a talent I got from the messiah tree. All organisms have respect for the messiah tree, and I grew up under the nurturing of the messiah tree, so I have its spiritual aura. Since all organisms respect the messiah tree, they are usually kind to me as well.” Little beauty quickly told the king her situation.

The little beauty's heart was also palpitating furiously. Since her birth, other than some ambitious human experts, this was the first time she had an organism question her and show animosity.

The devil man didn't understand what the girl was saying. About her spiritual aura, though, he felt that it seemed to make his brain slightly less chaotic and clearer.

Seeing that the king no longer had his attention on her, she backed off carefully and muttered to herself, “Why can this king speak the human language so fluently? Was he a human expert's soul pet before?”

Chapter 767: Concubine Fights Devil Man

.....As nighttime approached, the maple forest became bleakly cold with the autumn winds.

“Hou~~~~~”

Suddenly, a howl ripped through the silent night, bringing a sound wave that caused the night to shake and spread throughout the entire maple forest. All the trees bent under the howl, sending leaves flying everywhere.

Little beauty Ning Maner was laying by the wounded White Nightmare and sleeping in its arms. This howl woke her up, and caused her to curl up pale-faced further into the White Nightmare's arms.

At this time, all ten White Nightmares stood up and gazed at their king!

Their silver devil flames burned, and their king lifted its head emotionlessly. Looking through forest leaves, he looked at the massive beast figure that was running over in the night!

“Make it shut up.” Devil man glanced at the resting beast, and said to the top tier emperor rank White Nightmare beside it.

The White Nightmare emperor smiled and its white pupils danced with devil flames. Its long claws slowly gathered a white blinking energy.....in the skies, seven Seven Colored Phoenix slowly floated. Their glows were already hidden as they glanced down at the White Nightmare shadows in the maple forest!

The one that let out a roar was the concubine Xue Tang’s main soul pet. Maybe it was because these concubines were always at the peak of human strength, so even against an enemy like these devils, they would be used to announcing their presence as the descent of the heavenly concubine palace with a roar. It was like how a special announcing happened everytime heavenly concubine went anywhere important.

Heavenly concubine servants gained this habit since a while, but seeing that they did it even against the cruel and mysterious devil man, it meant they really didn’t have much regard for these devils, as if they would escape at the mere name of the heavenly concubine!

“Houhouhou!!!!!!!!!!”

Another roar came as the beast decided to establish its dominance, coming with great impetus!

Yet, just as the roar ended, very unremarkable devil flames became a white beam that instantly streaked across the black night. Before the concubine servants could react, it very accurately pierced the roaring beast’s throat!!

Blood flew out from the massive beast’s maw. A hole the size of a thumb appeared on its throat!

The massive beast’s head flew back, and its eyes nearly popped out. It couldn’t scream as blood welled outwards.

The heavenly concubine’s seven servants all were dazed, as they stared at the beast that was instantly killed, speechless!!

Concubine Xue Tang’s little face was twitching, as the pain of her spirit pact getting split, causing her entire body to shake in pain!

Heavenly Concubine was much calmer than her servants and concubines, but her eyes couldn't hide the shock in her heart!!

The beast had an undefeated defense in middle-class emperor rank. Even a high class emperor rank needed a fully charged attack to break through its defense!

But, the White Nightmare used a single technique to instantly kill the beast before everyone could react, killing the middle class emperor rank instantly!!

Once one was at emperor rank, a rank of difference meant instant kill unless it had any special abilities. A technique to wipe out the foe was something the concubine always did- many times a hit from her sub soul pets was enough.

Instant kills were often, yet someone able to instantly kill the high class emperor rank armored beast was incredibly rare in Wanxiang Realm. In fact, she could name every single person that could do this!

Before, the heavenly concubine always thought the devils were just a group of organisms that came from some bewildering world or forbidden realm. Thus, when the beast roared, she still didn't give the devils any regard.

Yet, because of her disregard, a nearly high class emperor rank armored beast died!!

"Top tier emperor rank!" Heavenly Concubine furrowed her brows and her face became graver!

With heavenly concubine's strength, she wasn't afraid of the top tier emperor ranks, but top tier emperor ranks were incredibly terrifying presences in Wanxiang Realm. With such an organism roaming human society, if she hadn't just seen it, wouldn't it cause a huge calamity?

"Top tier.....top tier emperor rank, this devil man's strength.....how can it be so powerful!" The servants and concubines' faces all changed, especially Xue Tang who lost the beast.

At this moment, servants and concubines all lost their laziness and contempt, as sternness replaced it, staring tightly at the devil shadow that was now laughing mockingly!

“Nie~~~~~”

White Nightmare emperor let out a mocking laugh that was hair-raising, as if asking the killed beast, “Let’s see you roar again!”

“Tie Xing, you attack!” Heavenly concubine glanced at the thirty year old female and said.

The woman called Tie Xing nodded as her shock faded and slowly became sharp. This caused her previously somewhat masculine face to become even colder!

“Her majesty, leave this White Nightmare who hurt Xue Tang to me and my Ocean dawn soul pet. No need to let Tie Xing fight.” A woman said with a bloodthirsty smile.

This woman was called “Luo Heng”, and was the most battle-hungry of the Thirty Two Scars. She used to be an assassin before heavenly concubine brought her in as a subordinate.

Luo Heng and Xue Tang had a close relationship. Seeing her hurt, she was naturally angry!

Luo Heng didn’t have any top tier emperor rank soul pets, but she had a high class emperor rank Hai Shu with main water type and subtype with light. The main type completely countered a White Nightmare’s devil flame, while its light subtype could restrict the white nightmare’s dark type as well. The Ocean Dawn was a White Nightmare’s greatest counter. Even a rank’s difference couldn’t change the advantage it gets.

Heavenly Concubine hesitated and glanced at the other devil shadows around the White Nightmare.

“Tie Xing, look after Xue Tang and let Luo Heng attack.” Heavenly Concubine nodded.

Luo Heng had defeated an elder from nightmare palace a few years ago. She was a very famously vicious female soul pet trainer. She cast an incantation, summoning the massive sea beast shrouded in seawater and slowly floated downwards in rolling tides!

Luo Heng started as another six servants slowly rode their Seven Color Phoenix down!

“Huahuahua!!!!!!!!!!!!”

Ocean Dawn's shrouding ocean water became a flood that poured into the forest from thousand meters above the ground. The massive forest couldn't withstand the pressure, instantly becoming an ocean, as all the trees were snapped and rolled through the waters!

High class emperor ranks, especially water type attacks, were very magnificent. Weaker ones created rivers and waterfalls, while stronger ones could drown mountains and create oceans!

"Where can you hide now?" Luo Heng said resentfully, as she caused Hai Shu to pour more and more sea into the forest to defeat all the devil men!

The seawater almost devoured everything. Luo Heng was sure that all of the devils were definitely painfully, rolling in the seawater. In a minute, their stamina would be out!

"Gugugu~~~~~"

Suddenly, a massive whirlpool appeared in the middle of the rising ocean, as if a bottomless pit appeared that quickly drained away all the water.

The water level quickly fell no matter how much water Ocean Dawn made.

Not long after, the ocean disappeared, leaving only a maple forest wrecked and puddles.

"Why.....how....." Luo Heng was shocked as she saw her water type technique instantly defeated.

Water type technique's weakening ability was extremely powerful. Though it wasn't offensive, it was hard to dodge. Luo heng's Ocean Dawn used this to defeat many nightmare palace experts, and it had never failed. She had no idea why it was so unsuccessful today.

"Nienie~~~~~"

Suddenly, a devil's laugh came from behind Luo Heng. Luo Heng turned around and found that a devil shadow had appeared beside her Ocean Dawn, its devil claws already extending into Ocean Dawn's body!

Obliterating heart!!!

Luo Heng recognized this technique; it was the White Nightmare's most terrifying instant killing technique!!!

Luo heng's heart went cold. This white nightmares strength was far beyond her imagination. Its water type and light type counter didn't seem to work at all. Was this a White Nightmare already at invincible emperor?

"Tie Xing!" Heavenly Concubine yelled coldly.

The woman named Tie Xing immediately told her soul pet to attack!

Tie Xing's Seven Color Phoenix gathered together a rainbow energy that was sent towards the White Nightmare!!!

Tie Xing's seven color phoenix was a top tier emperor rank soul pet, and Tie Xing was the strongest female soul pet trainer with her fame spreading across all of Wanxiang Realm. She was the Xing Jue of soul alliance's sixteen absolutes. She had a heart like steel, and only knew how to cultivate!

The rainbow energy became many beams of light that was sent towards White Nightmare's head, neck, heart, and stomach!!

"Nie~~~~~"

White Nightmare emperor was angry that someone interrupted its killing. The other hand opened up palm first towards the beams as a wind cave appeared in its palm, forcefully taking in the four beams in!

Chapter 768: Is this Actually a Forbidden Region or a Human Region?

The White Nightmare Emperor being distracted gave Luo Hen a chance to escape. She hastily retreated towards the Heavenly Concubine as her Ocean Dawn transformed into a thousand layer wave.

Just now, the threat of death caused Luo Hen to realize her Ocean Dawn simply wasn't the White Nightmare's opponent. She was both shocked and fearful!

"Jie jie~~~~~"

But the White Nightmare Emperor had locked onto its prey already. Why would it let it go?

Its palm that absorbed the Seven Colored Phoenix's four lights turned to the fleeing Ocean Dawn and Luo Hen, forcibly reversing the wind cave!!

Reversal!!

The peak emperor rank Seven Colored Phoenix light technique outlandishly flew out of the wind cave towards the Ocean Dawn!!

If it was the White Nightmare's own technique, the devil flame and dark type would have been considerably weakened against the Ocean Dawn. However, the Seven Colored Phoenix's wing type energy light was the one that struck the Ocean Dawn, meaning that its death was inevitable!

"Pu pu pu pu!!!!!!!"

Four pillars of light pierced through different locations on the Ocean Dawn's body. The Ocean Dawn was covered in a tide of water, and let out a miserable cry that resembled ocean waves crashing onto the shore as its body transformed into dead water that fell from the sky!!

Luo Hen had been rejoicing over being able to escape this disaster, but in the next instant, the soul pet she was most proud of met the same fate as the enormous beast. Killed in one shot. Her own shoulder was pierced by the light pillar, with blood flying everywhere!!

The White Nightmare's reversal strike was something the Heavenly Concubine never expected. She watched with open eyes as her subordinate's high class emperor was killed by her own soul pet's technique

All of the Concubine's servant girls sucked in a breath of cold air. This White Nightmare's strength surpassed everyone's imaginations. Moreover, its method of fighting was extremely crafty. It unexpectedly understood that its Obliterating Heart technique wouldn't finish, so it instead used the Seven Colored Phoenix's light beam interrupting it to kill the Ocean Dawn!

If the White Nightmare's technique had struck the Ocean Dawn, it would not have been able to instakill it because its attribute was being countered. Thus, the White Nightmare Emperor's technique reversal could be described as beautiful!

Right now, female soul pet trainer called Tie Xin's face was black, and her heart was filled with anger!

The Heavenly Concubine's expression was unsightly and she ordered another concubine servant to save Luo Hen. Her eyes, originally without any ripple of emotions, now radiated coldness and killing intent!

"Tie Xin, kill it!" the Heavenly Concubine ordered!

Tie Xin nodded her head. She urged her peak emperor rank Seven Colored Phoenix to circle above the White Nightmare Emperor.

Tie Xin's Seven Colored Phoenix naturally was not the White Nightmare's opponent. Thus, she chanted an incantation and summoned another two amin pets!

A dense ghost aura spilled out, covering the darkness. A ghost figure appeared, but its aura was as if a million malevolent ghosts had covered the night sky, and it let out a jittery cry!!

At the same time, a demon emperor with azure colored eyes appeared. A set of black poisonous teeth that extended from its top lip to its chin exuded a cold light!

Demon aura was everywhere and it looked savage. This was a Poison Teeth Demon Emperor, one of the most savage species of demons!

Most female soul pet trainers chose water, light or flower type soul pets; more support types. However, this cold-hearted soul pet trainer also had two malevolent peak emperors aside from her Seven Colored Phoenix. This woman was definitely not a benevolent-type, and could be even more savage than those evil criminals!

"These people are very strong!"

The young girl, Ning Maner, hidden behind the wounded White Nightmare, was silently shocked.

Reason dictated that the word “emperor rank creatures” should have been powerful in themselves in Wanxiang Realm. Middle class, high class and peak emperors were even moreso at the top of the food chain in Wanxian Realm. Thus, nobody expected that there would appear a group of powerful humans among which high class emperors weren’t even considered much. This couldn’t help but cause the young girl to reevaluate her understanding of Wanxiang Realm.

In reality, this young girl was misunderstanding Wanxiang Realm. She didn’t know that the person pursuing her was the strongest woman in the human domain: Soul Alliance’s Heavenly Concubine, a woman above millions!

While the young girl was shocked, the White Nightmare was also astonished. With its understanding of humans, the strongest humans should only be at the peak emperor rank. Moreover, the number of peak emperors was very limited. Within billions of humans, the chances of encountering a peak emperor human was close to zero.

Thus, it was unexpected that not long after entering human society, it encountered a group of peak human experts.

Of course, shock was just shock. Its silver eyes changed a bit!

Thirst for blood, thirst for slaughter, and thirst for fights were the instincts of a devil. This blank devil had its own intelligence, and there was no way it didn’t know it was currently wandering in human territory. However, what did it matter? Being surrounded by humanity’s experts was what it really wanted. It was only then could it kill as much as it pleased and fight as much as it pleased. It was incomparable to slaughtering tens if not hundreds of thousands of those ants purely by raising its hand!

“Fang Wu, go and help Tie Xin.” coldly said the Heavenly Concubine.

The Heavenly Concubine’s gaze was cruel. Although the White Nightmare fighting Tie Xin hadn’t reached the paragon emperor rank, it wasn’t far. Even with three peak emperors, there would still be losses in order to defeat it.

Due to underestimating the enemy and carelessness, two of the Heavenly Concubine’s soul pets had died. It had been so many years since this had happened. Thus, it caused anger to well up within her, who had looked down upon everyone for so long.

The woman called Fang Wu stood up and glanced at the Heavenly Concubine.

Fang Wu was the only person in the human domain without a title or any prestige. She was a female soul pet trainer from the same generation as the Heavenly Concubine. Ten years ago, Wanxiang Realm's spirit emperor general assembly had placed her on par with the Heavenly Concubine.

However, ten years later, because Fang Wu had been defeated by the Heavenly Concubine after challenging her and completely stowed away her ambition to defeat and replace the Heavenly Concubine. She had now become a faithful and arrogant concubine servant!

Fang Wu was the head of the seven concubine servants and the strongest amongst them. The number of people that could force her hand could be counted. Fang Wu understood that since the Heavenly Concubine wanted her to take action, she was definitely angry.

"Your majesty, don't worry. I will capture that White Nightmare alive." coolly said Fang Wu.

While facing the Heavenly Concubine, Fang Wu's eyes were extremely reverent and respectful. However, when she turned around and faced her enemy, her eyes were filled with arrogance and contempt!

Among the female soul pet trainer ranking, she devotedly served the Heavenly Concubine and Empress Concubine, but after them she was the strongest female soul pet trainer in this world. She was also the only female among the Eight Desolations - Dancing Desolation!

The seven concubine servants could be regarded as the strongest women in humanity's domain. Even those with only middle class emperor ranks were among the strongest because they were still young. Probably in ten year's time, they would stand in the highest domain and be revered by humanity!

Ostensibly, all of humanity's strongest and most promising female soul pet trainers had gathered here. It was no wonder that they always acted arrogantly. With such strength, they were capable of sweeping through the slightly weakened three great palaces!

"You should take action too." the silver devil raised its head and stared at the female soul pet trainer, Fang Wu, with a powerful aura, as it spoke to the White Nightmare emperor next to it, who was itching to fight.

Fang Wu's aura was stronger than Tie Xin's. This meant that her strength was stronger than the three peak emperor Tie Xin.

If this king still had its memories, its heart would have been in turmoil. Due to inadvertently sheltering a young girl, he ended up attracting the ultra experts from Soul Alliance's Thirty Two Scars, Sixteen Absolutes and Eight Desolations. Most shockingly, above these three female spirit emperors was an escorted woman riding on a Nine Colored Phoenix that was hard to see!

"Jie jie~~~~~" the White Nightmare emperor standing next to its king cracked a smile.

Under the king were a total of 10 White Nightmares. Two of them were peak emperors. The White Nightmare that swore to follow its king wasn't the White Nightmare emperor currently fighting but rather the fellow letting out a terrifyingly demonic laugh!

This fellow was the king's strongest White Nightmare. In the past 100 years, this fellow that followed respectfully and sincerely, followed the silver devil had ruled a tenth rank tribe that was nearly the size of an empire!!

A Nightmare Tribe!! This was a Nightmare Tribe hidden in the most southern part of a forbidden region which humans had yet to discover!! Its scope was second only to Nightmare Palace's Nightmare Holy Region!!

This tenth rank Nightmare Tribe's ruler, capable of stunning billions of humans, was now standing here next to the silver devil, and letting out a pleased and crafty laugh!

"Nie~~~~~"

The Nightmare ruler floated up demonically towards Soul Alliance's Dancing Desolation whose eyes were filled with contempt!

Fang Wu was still focused on the White Nightmare fighting Tie Xin. The two peak emperors she was controlling had secondary attributes and they were hiding in the dark night, thinking they were crafty. They were waiting for an opportunity to give the White Nightmare a fatal strike!

However, Fang Wu didn't know that the mysterious and powerful Nightmare ruler that was from the depths of the forbidden region's most southern parts was currently targeting her. According to its king's instructions, it was to kill that woman!

At the spirit emperor rank, soul pet trainers were able to hide their aura. It was unlikely that they would be attacked by soul pets because they were often invisible to them. Although this Nightmare ruler didn't know why its king wanted it to kill this woman, since it was its king's orders, it would do as ordered!

"Fang Wu, there is a White Nightmare approaching you!" suddenly, the Heavenly Concubine's anxious voice rang out!

Fang Wu was stunned, and swept her soul remembrance over the area beside her. She abruptly discovered a pair of demonic eyes staring at her. It made her feel as if she was submerged in icy water!!

"This... this... this is a true paragon emperor!!" after the Heavenly Concubine's warning, the other concubine servants discovered this Nightmare ruler. The shock in their hearts was hard to describe!

A paragon emperor!! This was a soul pet that only experts at the Four Heroes rank possessed!!!

The concubine servants with less experience were about to stop thinking! Was this place really an area controlled by humans, or was it actually a wild forbidden region that human's strongest experts didn't even dare enter. Why would so many ultra strong creatures, strong beyond imagination, appear!! If these creatures were to attack human cities, how many kingdoms would disappear from a human map!!!

Chapter 769: A Direct Descendant of A Species' Ancestor, the Crown Phoenix King

"What on earth is going on?!!"

"Your Majesty Heavenly Concubine, this..."

Encountering an emperor rank soul pet in human territory was already rather rare. The appearance of a peak emperor rank was thus equivalent to a calamity!

But now, not only was there a peak emperor rank White Nightmare, but even a paragon emperor rank White Nightmare. Didn't these creatures, tyrants in forbidden regions, know this was human territory?

Perhaps these magnate rank creatures were imitating those peak human experts who traversed the depths of forbidden regions, and were also going to enter human territory to do the same?

But this was something rare throughout history, right?

“Imagine if this group of devils hadn’t been encountered by us... then a terrifying calamity would have occurred!” the Heavenly Concubine’s heart was in shock.

She was someone who often entered the depths of forbidden regions and had encountered paragon emperors before. However, encountering a paragon emperor within human territory was akin to an enemy appearing in her own bedroom. Even if she was able to discover it in time, the feeling of intrusion would make her feel angry and embarrassed!

“Those who intrude into our Wanxiang Realm must be punished!” the Heavenly Concubine’s beautiful eyes slowly became a sharp and cold. She was full of a powerful aura that couldn’t help but make those emperor rank Seven Colored Phoenixes fearful!

"Your majesty, you are going to take action?" the adjacent servant girls could see that Tian Ji, who normally couldn’t be disdained to take action in human territory, could no longer stop her anger!

It had to be admitted that this group of ultra strong devils with mysterious origins, made them extremely shocked. The group had even made them, a consort of girls who couldn’t find opponents among humans, suffer a loss!

However, no matter how shocked they were, they would never retreat. An expert ranking in the top three among humans was now standing beside them. Even a paragon emperor, considered a tyrant within the wild forbidden region, would have to retreat against her!

“Your subordinates are incapable. Your majesty has to take action once again.” the concubine servants were pleased in their hearts that they would be able to take revenge for their two comrades who had each lost a soul pet. However, on the surface, they seemed humble and deferential.

As loyal subordinates, they should have done their best for their master to weaken the strength of the opponent in fights they could not win but could not avoid. It had been many years since the Heavenly Concubine had taken action in human territory. This could be considered the only time after the Heavenly Concubine had stepped onto the summit of humanity!

The Nine Colored Phoenix, just like its master, also carried an exceptional and unrivalled aura. It beat its wings and floated into the battlefield filled with torrential devil flames.

This Nine Colored Phoenix was one of the rare paragon emperors from human territory that dared fly in a forbidden region. It was also the wing type soul pet the Heavenly Concubine was most proud of!!

Although the Heavenly Concubine was taking action, she didn't summon any other soul pets. Instead, she rode her Nine Colored Phoenix into the fight between Fang Wu and the Nightmare ruler.

"Hmph, how crafty!" the Heavenly Concubine's imposing gaze swept over the Nightmare ruler that chose to immediately retreat!

As a paragon emperor as well, in an aerial fight, the Nightmare ruler would definitely be suppressed by the Nine Colored Phoenix. When the Nightmare ruler saw it fly over, it thus chose to instantly retreat, indicating that it was much smarter than those aggressive Nightmare Palace White Nightmares!

However, there wasn't much sense in retreating. In the Heavenly Concubine's eyes, the Nightmare ruler that dared enter human territory from the forbidden region was going to die after encountering her!

Chanting an incantation, the Heavenly Concubine had lost her patience against the White Nightmares that had made her angry and embarrassed. She was going to summon another paragon emperor to annihilate them!

"I really don't like your aura. It makes me think of an extremely loathsome woman..."

Just as the Heavenly Concubine chanted an incantation, suddenly an extremely outlandish devil voice rang out, coldly, in her ears!!

The Heavenly Concubine trembled. The muttering devil voice in her ears gave her the feeling that a death god was issuing a warning!!

Although she had traversed the depths of forbidden regions, the Heavenly Concubine had never felt this kind of threat before. It made her feel cold even at the bottom of her soul!!

The Heavenly Concubine hastily stopped her soul pet summon incantation and poured her soul remembrance into the expensive pendant on her neck!

After energy was imbued, a purple colored rose soul armor appeared on her clothes, wrapping her entire body, separating her from the death god!

“Beng!!!!!!”

In the next instant, the Heavenly Concubine’s extremely valuable tenth rank soul armor was shattered by a single silver claw strike. Her body fell through the air like a falling leaf!!

The Nine Colored Phoenix was only able to react after its master had been knocked flying. It hastily beat its wings, transforming into a nine colored rainbow that flew through the air, intercepting its master as she fell to the ground!

“Pu~~~~~”

Fresh blood spurted out. The Heavenly Concubine’s hand was tightly clasped onto her Nine Colored Phoenix’s feathers. She was half-kneeled on her soul pet, and her arrogant eyes were filled with fear and an anger that stemmed from her defeat!!

“Your... your majesty...”

The seven concubine servants were all stunned. They hadn’t actually seen what had happened. They only saw the soul armor on the Heavenly Concubine shatter and blood spray... humanity’s nearly unrivalled human had been injured!! Even Fang Wu, who had followed the Heavenly Concubine for the longest, had never seen this before!!!

“Jie jie jie jie~~~~~” the crafty Nightmare ruler let out a very inappropriate eerie and terrifying laugh. It mockingly floated behind the silver devil and looked very subservient!

The Nightmare ruler had just retreated because the human woman who was stronger than it was about to take action, and also because its king was about to take action too!

Since its king was going to take action, it didn't need to do anything. This extremely crafty Nightmare ruler only needed to follow behind its king and mock its enemy's puniness and stupidity!

The Nightmare ruler's actions caused the Heavenly Concubine and the seven concubine servants to abruptly realize that there existed a silver devil among the devils!

In the few rounds of fighting just now, even the Heavenly Concubine hadn't noticed the existence of this silver devil. It wasn't until they horrifyingly saw the Heavenly Concubine being injured did they realize that there existed an existence even more powerful than paragon monarchs among the devils!!

Injuring the Heavenly Concubine and causing the Nightmare ruler, capable of sweeping through the depths of forbidden regions, to become humble and subservient. How strong was this silver devil?!!

If the appearance of the two peak emperor White Nightmares earlier had made the Heavenly Concubine and the concubine servants feel like there were billows in their hearts, then the appearance of the stronger silver devil could be described as raising a sea wave that reached the heavens. It practically undermined their ability to withstand!

“Unforgivable! Unforgivable!!!”

The Heavenly Concubine didn't even wipe away the blood on her lips. Her eyes were giving off sparks as she stared at the silver devil!

This unprecedented humiliation caused the Heaven Concubine to both forget the shock from facing a dominator rank devil, and to have anger fill her brain!

She chanted an incantation, not hesitating to summon her strongest mian pet!!

This was because she understood that only her main pet had a chance of defeating the absolute creature in front of her!

“So it turns out you are a woman who has stepped into the dominator realm.” the silver devil silently watched the ancient, dignified pattern summoned by the Heavenly Concubine. Its apathetic and emotionless eyes were unexpectedly now filled with astonishment!

In the one year this devil had traversed the forbidden region, the strongest enemy it had encountered was the Nightmare ruler that now refused to leave its side. It never expected that not long after entering human territory, a human expert with a dominator rank creature would appear. It seemed that entering human territory wouldn't be so boring!

Of course, this silver devil was like the young girl, Ning Maner, in that neither expected the woman in front of them to represent humanity's strongest. Even if it had traversed human's territory like it had aimlessly done so in the southern wild forbidden region, it definitely would not encounter a human stronger than this woman. This was completely a meeting of coincidence!

The incantation was complete and from the ancient pattern slowly appeared a soul pet that resembled the soul pet on the last page of the human "Pet Encyclopedia".

The "Pet Encyclopedia" recorded all of the known soul pets throughout humanity's thousands of years of civilization. And those creatures that were recorded in the last tens of pages were undoubtedly creatures with heaven-defying strength. These existences were like legends that couldn't be sought after!

The soul pet the Heavenly Concubine summoned was precisely one of the ones on the last pages of the thick Pet Encyclopedia. It was a creature drawn on the ancient goat-skin page and known by humans as the Crown Phoenix King, the ancestor of myriad demons!!

The Crown Phoenix King was a fire type, wing type supreme. Its wing type feather species and fire type demon species were direct descendants of their respective species' ancestors!

Such a creature was definitely on the same level as Soul Palace's Seven Diagram Saint Region's King!!

If the devil still had its previous memories, the Crown Phoenix King would have made it go mad because when it was young, it thought that if it had the chance to even see this legendary creature, its life would not have been in vain.

Of course, it never expected that after transforming into a devil, it would face off against this legendary creature, which was but a dream to countless soul pet trainers, and stare at it with a mocking gaze.

“This woman is very scary. She was even able to make this direct descendant of ancestor species her own soul pet!” the young girl, Ning Maner was still hiding behind the eight high class emperor rank White Nightmares as she softly spoke.

“Everyone retreat!!” the Heavenly Concubine yelled. Her entire brain wasn’t filled with anger, and she still remembered to have her subordinates retreat.

Even peak emperors had to retreat a hundred kilometers when dominators fought. This was even more the case for the younger concubine servants still raising middle class emperors!

The king also swept its gaze over the White Nightmare subordinates insistent on following it. It swept its hands, indicating that they should retreat, so as not to be involved with this powerful, crazy woman!

Chapter 770: Dimensional Leak, Spatial Hourglass

Little beauty Ning Maner followed behind the White Nightmare, turning her head around to watch constantly. She had seen dominator rank battles before, yet she didn’t expect to spark one after entering this region. While she felt bad, she also was curious about the battle between dominator ranks.

“Nie~~~~~” White Nightmare couldn’t let this little girl stay there. With how fragile she was, she needed to be protected even a hundred kilometers away. No matter how courageous she was, or how curious, he had to drag her far away.

On the other side, similarly, the servants and concubines who stopped battling hadn’t recovered from their disbelief and shock.

They were all at the top levels of soul pet territory. The dominator rank organisms that they had seen were only the Empyrean Cyan Hidden Dragon and the heavenly concubine’s Crown Phoenix King who were involved in the bloody event ten years ago in Wanxiang City. This silver devil man was the third time they’d seen such a level of organism. Appearing so unexpectedly, any soul pet trainer would need a while before being able to process it.

Both sides backed off. Heavenly Concubine riding her Crown Phoenix King wiped off a trickle of blood from her lips onto her snow white hand, her eyes now gleaming with wild fighting intent!

The Crown Phoenix King was burning with golden flames. This flame was pure and burning, completely different from the cold and evil devil flames of the devil man. When the two types of flames collided, they lit each other up and canceled each other out..... The Crown Phoenix King's figure didn't have the large stature of most high ranking organisms. Its body was delicate and intricate, its golden feathers and elegant curves creating a beauty that crowned it as the empress of all organisms.

And, Crown Phoenix King's aura was more noble and dignified with its burning golden flames, as opposed to the holy and refined elegance of the Immortal Ming Bird.

Its dream-like appearance and the golden light that affected the heavens and earth. With a noblewoman like Heavenly Concubine atop it, flying into vision, she could easily be a war goddess!

"Though I don't know what empire's king you are, but if you dare walk into my territory and hurt me, I'll burn your evil soul into ashes!" Heavenly Concubine said!

It may be a soul pet empire's king, but heavenly concubine was the queen of humans too!

As she spoke, her gaze became firm and full of killing intent. At the same time, the golden crown phoenix king unfurled its wings and swelled up in golden flames!!

This was the combination of wing type and fire type techniques. Its golden figure almost reached the realm of instant moving, creating a golden trail of light!

This line crisscrossed and created a restraining totem often seen in sealing diagrams!

Sealing diagrams often needed geography, energy vessels, ancient languages and many other requirements. This Crown Phoenix King truly was a direct descendant of ancestral organisms, able to create sealing totems with its own power!

This Crown Phoenix King's golden sealing totem was the higher level of Immortal Ming Bird's wing type restraint. This restraint was completely at the level of sealing diagrams. If caught by this, it may be stuck for even a few years!

Every part of the golden sealed totem brought with it powerful restricting abilities when it was drawn. This energy suppressed the silver devil man's evil aura and movement, and once the totem was complete, the seal would be at its most powerful

Silver devil man constantly casted displacement specter and relied on its control of space to dart through the golden diagram, using its devil claw to destroy every energy foci in the seal, causing the totem to lose power!

The golden totem was massive, creating a glow that shrouded the entire forest. Yet, as the important spatial nodes were broken by the silver devil, this miracle like golden totem simply became a pretty painting in the sky. The sealing effects were only useful on high class emperor rank organisms.

Flying casually out of the totem, the silver devil man had an arrogant look of contempt on its face. Its humanoid face again caused the heavenly concubine to feel her pride mocked!

The Crown Phoenix King's type didn't have any advantage in this battle. Since other type was always known to be mysterious, in similar rank battles, an other type organism that wasn't countered by any types indeed had the power to mock other organisms. Using seals or binds on other type organisms was definitely a waste of time.

Heavenly concubine quickly realized that this silver devil man couldn't be beaten with normal tactics so she quickly told her Crown Phoenix King to have a fight of elements!

A fight of elements means a battle between golden flames and devil flames!

The silver devil man hadn't met an opponent like this in a while. Whatever way the opponent wanted to fight, he would fight back in the same way!

The two dominator rank devil flames were both seventh rank elemental crystals. When the flames roiled, the entire hundred kilometer radius was covered in golden and silver sea of flames!

The burning holiness and the evil coldness each took half the sky initially. Slowly, the golden flames took the skies, while the silver devil flame took the ground, cutting the heavens and earth in two!

Devil flames strictly peaking weren't fire type. It was the manifestation of the other type's ability to attack the soul. After getting a fire subtype, it became other fire, devil flames!

As the direct descendant of the ancestor of flames, the Crown Phoenix King's control of fire was at a peak. In pure control of fire, the silver devil flames were suppressed. This suppression quickly meant the golden sea of flames devoured the silver world in overwhelming advantage, cleansing all the evil powers.

“Huhuhuhu~~~~~”

On the burnt land, the silver devil man had long since escaped the flames. It gazed at the sweeping golden flames, and its face finally became more serious!

“Ming~~~~~”

In the sky, taking up the entire air region, the Crown Phoenix King covered in golden flames gazed down at the devil man and let out a provoking call.

Standing on the Crown Phoenix King's back, the heavenly concubine's face slightly relaxed, as she took the upper hand in the last exchange.

Since this war goddess had become a soul pet trainer, she was constantly involved in fights, so failure was something she dealt with often. However, after she had reached her current height, she never allowed herself to fail again. Seeing the threatening silver devil man pushed away, she naturally felt like she gained some face back.

Of course, she wouldn't dwell on it and get confident. After gaining the advantage, she followed up with another attack. When the silver devil man's devil flames darkened, she sent golden flames towards the devil man!

“Spatial Hourglass!”

The silver devil man extended to arms and gestured into space!

Where the silver devil man's hands passed, the space seemed to get isolated, no longer merging with the rest of the world!

The golden flames rolled down yet something strange happened. When all the flames came and reached this independent space, it would mysteriously extinguish!

The golden flames was like an ocean. When this entire ocean poured downwards, it was an immense amount of fire energy.

Yet, no matter how vast the flame ocean was, the golden flames would slowly disappear when it reached that space, like sand in an hourglass!

Heavenly Concubine stared shocked, as the golden ocean that gained her an advantage simply vanished. She was again grave-faced. She had fought other type soul pets before but it was her first time seeing such an inexplicable technique.

The silver devil man slowly smiled evilly. In everyone's eyes, the golden ocean disappeared. However, in his eyes, it didn't disappear; it simply went to the bottom half of an hourglass!

The upper portion of this spatial hourglass was a normal space, while the lower half was the space controlled by the devil man. The devil man created a hole between the two dimensions to create a flow of energy as an hourglass!!

This spatial hourglass could deal with all elemental energy!

But since it was an hourglass, it flowed both ways. This meant that this spatial hourglass could be flipped around too!

“Flip around!”

The silver devil man's arms extended and his palm flipped over slowly!

At the same time, the independent space experienced a strange flip!!

When the hourglass flipped over, it meant all the vanished energy reappeared!

However this time, it wasn't the golden flames that went into the hourglass, but instead it was afflicted silver devil flames!!

“Huhuhuhuhu~~~~~”

Piercingly cold soul devil flames flew out, starting as a spark and quickly becoming a silver devil flame ocean that surrounded heavenly concubine and her Crown Phoenix King!

The silver devil flames came without warning. Heavenly concubine's face turned pale as she quickly rode her Crown Phoenix King into higher skies!

Not long ago, her golden light lit up the sky. Now, evil silver commanded all. This instant switch caused the heavenly concubine and her Crown Phoenix King to run away in fear!!

.....A hundred meters away, seeing the heavenly concubine and crown phoenix king back off to avoid its attack, little beauty Ning Maner commented very experiencedly, "Being so aggressive against an other type dominator rank organism, she truly is looking to get beat. However, this king really is powerful, having a strong control over other type!!"

"Nie~~~Nie~~~~~Nie~~~~~"

Seeing the arrogant human woman retreat, the evil and mischievous white nightmares all let out mocking laughs, of which the nightmare commander had the shrillest of laughs!

With laughs coming from the devils, the seven servants and concubines couldn't say anything back!!

They had never expected their war goddess to run away so pathetically under an attack. The feeling of their belief being questioned pounded their minds, causing their face to be filled with astonishment and disbelief!!
