

Soul Pets Bk2 921

Chapter 921: Strengthening the Ice Air Fairy

The dinner banquet was not public. Most of the people invited by Soul Palace were the elders, senior elders, holy guard captains, and other high ranking members of the three great palaces.

Although Soul Alliance knew of Chu Fangchen, this thorny existence, in order to prevent Chu Fangcheng's whereabouts being sold out by internal traitors and subsequently being ambushed, Soul Palace didn't publicly let everyone know about Chu Fangchen.

The grandeur of this dinner banquet did not lie in the luxuriousness of the banquet itself or how lively it was. Instead, it was predicated on the level of people here.

Aside from those that had other pressing matters or were away, the big shots of the three great palaces were pretty much all here.

Of course, as the main party concerned, Chu Mu knew that the higher ups of the three great palaces were going to have a secret meeting to discuss how to deal with Soul Alliance. Chu Mu's arrival happened to allow the meeting to shift forward.

"Your Majesty Diagram Supreme, why haven't we seen Chu Fangchen yet?" Nightmare Palace's Nightmare Emperor Jiang sat on the highest seat and asked with a face of confusion.

Nightmare Emperor Jiang was tall, and the majesty of sitting on the highest seat made him look like a wild beast with powerful strength and a berserk nature that could explode at any point!

Nightmare Emperor Jiang was naturally the most authoritative person in the entirety of Nightmare Palace while also being the strongest person. The appearance of this huge figure caused many people shock, and made them wonder why Chu Fangchen was seen as so important.

Diagram Supreme Ke Yin sat on the host's seat. Nightmare Emperor Jiang sat to his right, while on his left was Soul Pet Palace's Madam Xiao.

The Diagram Supreme was an older middle aged man. His figure was robust and sturdy and he gave off an icy cold, aged feeling. His expression was solemn and cold, resembling an unchanging mask. No matter what happened, his expression wouldn't change.

Right now, Diagram Supreme Ke Yin's eyes were resting Senior Elder Teng, who was in charge of receiving Chu Mu. He didn't say anything.

Senior Elder Teng knew that there were many times when Diagram Supreme Ke Yin's eyes conveyed what he wanted to say. Senior Elder Teng surveyed the surroundings, but still didn't see the main character of today's banquet, Chu Fangchen. Thus, he said to Teng Lang: "Go and hurry him."

A moment later, Teng Lang ran back with an embarrassed look. He whispered something in Senior Elder Teng's ears.

"Senior Elder Teng's expression was embarrassed as well and he said to Diagram Supreme Ke Yin: "That brat unfortunately chose this moment to strengthen his soul pet."

"Oh, his soul pet has increased another rank?" the elders from Snow City had an expression of astonishment.

They had witnessed Chu Fangchen's strength. If his soul pet was to advance another rank, didn't that mean his strength was going to rise another level?!

“It should be one of his secondary pets. Whatever. Since he’s cultivating, don’t bother him. Let’s talk about serious matters first.” said Senior Elder Teng.

“This Chu Fangchen is quite arrogant.” Nightmare Emperor Jiang laughed. From his tone, it was impossible to tell if he was unhappy with Chu Mu or was tolerant.

“Youngsters with abilities always have strange characters. Just leave him.” Nightmare Palace’s Great Senior Elder Shen laughed. He didn’t care at all about Chu Mu’s arrogance of not appearing at this banquet prepared for him.

Although the older people here creased their brows at Chu Mu not appearing, they couldn’t say that they were dissatisfied. After all, the occasion this time was to get everyone to know of this outstanding young man.

However, the younger generation didn’t think like this.

The entire higher echelons of the three great palaces had appeared for him. The lineup of people who appeared was enough to make many outstanding youngsters feel dissatisfied and envious. Yet, Chu Fangchen didn’t even show his face. This was too ungrateful!

Most importantly, they had never heard of Chu Fangchen before. This fellow had jumped out from the rocks and immediately received this kind of treatment. All of them were thus unaccepting of this.

“Why hasn’t Her Majesty Supreme appeared in these past few years?” asked Nightmare Emperor Jiang.

“Her Majesty Supreme is cultivating.” Soul Palace’s Great Senior Elder, Chao Sheng, spoke.

Soul Palace’s Great Senior Elder, Chao Sheng, was the father of the crown prince, Chao Lengchuan. Ignoring Soul Palaces’ Supremes, Great Senior Elder Chao Sheng was Soul Palace’s strongest person. It was rumored he was even stronger than Nightmare Palace’s Great Senior Elder Shen Qiu.

“Oh? Has she improved?” Nightmare Emperor Jiang’s expression slightly changed, and he immediately asked a question.

Supreme beings were a part of both Nightmare Palace and Soul Palace. Nightmare Emperor Jiang naturally cared a lot about Supreme experts, since they represented the strongest positions of both palaces!

“If she doesn’t emerge for a year, there will be a success.” at this moment, Diagram Supreme Ke Yin who wasn’t saying anything finally spoke.

“I hope she’ll be able to succeed. She has been delayed for many years already.” Nightmare Emperor Jiang spoke.

Many people didn’t know what Nightmare Emperor Jiang and Soul Palace’s Great Senior Elder were talking about. Indeed, only senior elder level people had the qualifications to know about the matters of Supreme experts.

.....

Chu Mu hadn't intentionally put on airs and skipped the banquet. Instead, after Ning Maner's spirit aura nourishment, the Ice Air Fairy had touched the entrance of the peak emperor rank. Chu Mu was used to striking while the iron was hot, so he entered closed-door cultivation tonight. He began to use the icy spring he obtained from the ice palace to strengthen the Ice Air Fairy.

Moreover, Chu Mu really didn't know that Soul Palace had intentionally arranged for him to show his face when all of the three great palace's higher-ups were present. He had only believed it was a simple banquet. Thus, after debating, he thought that cultivating was more important.

The strengthening process was not particularly smooth. This was probably because Ning had barely obtained any fighting training in this period of time. Thus, while Chu Mu was strengthening it, he felt that there was a barrier he was unable to cross.

The entire strengthening process had exhausted Chu Mu's estimated soul power. Whether he would succeed or not, Chu Mu couldn't be sure. Indeed, Ning entered into a deep sleep, and whether it would be able to become a peak emperor rank Ice Air Fairy had to wait until it awoke.

After the exhausting strengthening, Chu Mu naturally had no more inclinations of going to the banquet meeting. Thus, he lay on his bed and fell into a deep sleep.

During this period of time, a few people who had never met Chu Mu before came to introduce themselves. However, they were rejected by Ye Qingzi saying that Chu Mu was resting.

"What background does this Chu Fangchen have?! Why is he even more arrogant than Li Hong?!" Xiao Hai spoke with an unhappy expression.

"Our Princess Pang Yue personally came while sick to introduce herself. Isn't this fellow only strengthening a secondary pet? Why is he saying that he's exhausted and is resting?!" Qin Yutong spoke.

As he spoke, Qin Yutong looked at the cute Princess Pang Yue, who could make others feel pity for. He wanted to be outraged on her behalf!

“Whatever. Since he’s resting, let’s not disturb him. Let’s go somewhere else.” Pang Yue was good at understanding others so she didn’t complain.

The higher up meeting didn’t permit the younger generation from listening in. They knew that strengthening a soul pet didn’t take too long, so they had come to meet the arrogant Chu Fangchen. Yet, they were turned away at the door, making them feel very unhappy.

“Hmph, isn’t it just a middle class emperor being strengthened to a higher class emperor? If there’s a chance, I really want to fight against this fellow.” Xiao Hai harrumphed and angrily left Chu Mu’s residence.

Chapter 922: Young Generation Fight

On the morning of the second day, Teng Lang was waiting outside Chu Mu’s courtyard.

“Is this real??” Teng Lang looked at Ye Qingzi who was gracefully walking out of Chu Mu’s room, and his expression froze.

Teng Lang learned only yesterday that Chu Mu had arrived at Wanxiang City’s main Soul Palace. However, he hadn’t known about Ye Qingzi.

He had come early this morning to tell Chu Mu a few things. However, he ended up meeting Ye Qingzi who was coming from Chu Mu’s bedroom!

If a man and a woman were sharing a room alone, what would happen? With Teng Lang's way of thinking, he obviously knew.

"Didn't Ye Qingzi like Chu Mu, who transformed into a devil?" Teng Lang looked at Ye Qingzi with confusion.

"Could it be..." Teng Lang looked rather astonished and after a while, he came up with a conclusion: "Could it be that Chu Fengcheng's charisma is so high that even Ye Qingzi was conquered by him?"

"Young Master Ten." Teng Lang's imagination was running wild, while Ye Qingzi was staring at him.

"Oh... Young Lady Ye, it's been a while." Teng Lang hastily stopped his wild imaginations and wore a casual smile.

"You have come to find my husband?" asked Ye Qingzi.

Ye Qingzi didn't think too much of it and casually spoke. As for brazenly calling Chu Mu her husband, there really wasn't a need for this.

Chu Mu was a huge figure right now and even princess level people from the three great palaces had to come and introduce themselves. Didn't the devastatingly beautiful Princess Pang Yue appear yesterday? Ye Qingzi naturally had to be afraid that the three great palaces would arrange a marriage for Chu Mu, so she told others that her relationship with Chu Mu had reached this level!

“Your... your husband?” Teng Lang’s jaw dropped. Young Brother Chu, oh Young Brother Chu, your actions were so quick! You even married Ye Qingzi who happened to be the current Tianxia King’s woman. It’s fine that you managed to get her, but you even married her!

Ye Qingzi looked confused at Teng Lang. She thought silently: “Could Soul Palace really have arranged a marriage for Chu Mu? Otherwise, why would Teng Lang react so intensely?!”

Ye Qingzi believed that Chu Mu wouldn’t play around with the grass and flowers, but she was afraid that the grass and flowers would come up and play with him...

“He’s already up. You can go in.” Ye Qingzi knew that there was no use in worrying, so she led Teng Lang to the reception hall next to the bedroom.

In the reception hall were a few servant girls holding tea. They were a bit surprised to see Teng Lang, and after respectfully pouring tea for the third young master, they withdrew. Then, they discussed amongst one another who the young man they were serving was. Why was it that, in the span of a day, so many huge figures had come to introduce themselves. Even Soul Palace’s great third young master had personally come.

“Young Brother Chu, you really are too low key. You were so low key last night that you even offended many people. Before last night, many people didn’t know of you, but after last night, many more people now know of you.” Teng Lang saw Chu Mu walked into the reception hall and he couldn’t help but smile and speak frankly.

“I also didn’t know that Senior Elder Teng had summoned all of the higher ups. Eh, whatever. I came to Wanxiang City to primarily cultivate. I’ll be ignoring the matters of the palaces and Soul Alliance for now.” Chu Mu bitterly smiled as he sat down.

Chu Mu's primary goal was to make the Dead Dream his soul pet. There wouldn't be a winner determined between the three great palaces and Soul Alliance for now. Chu Mu could at most deal with the Sixteen Absolutes and Eight Desolations. However, if one of the Four Heroes took action, he would be helpless.

"Haha, that old man didn't care. They only wanted to see who you were, but it's impossible to have old fellows come and introduce themselves to you. As for the younger group, many of the younger women who admired you were disappointed, while the arrogant young men were unhappy..." Teng Lang was very casual.

"Mhm. What's the situation in Snow City?" asked Chu Mu.

Teng Lang was normally in Snow City, and hadn't been in Wanxiang City for long. If he had come to Wanxiang City, there was definitely something up.

"The foundations are steady there and Soul City is also in our hands. These two crucial cities have allowed us to slightly change our position, and has given our people in Wanxiang City the qualifications to talk with Soul Alliance's Four Heroes." said Teng Lang.

Snow City was a tenth rank kingdom city, and the area the kingdom covered was extremely vast. Being able to completely control it was exceptionally important to the three great palaces.

Soul City was also a tenth rank kingdom city. Because it was the birthplace of Soul Church, this city allowed the three great palaces to attract many soul teachers and consolidate a powerful position in humanity's territories, especially for middle or lower ranked members. This was continuous force with much potential and a long term fight. Indeed, all spirit emperors were once middle or lower ranked members.

"So the current situation is at a deadlock?" asked Chu Mu.

“Yes. The Four Heroes won’t easily take action until the very end. We haven’t been completely defeated in the fight over Wanxiang Realm’s territory. Right now, they are relying on the strength of their higher echelons, which is stronger than ours. However, they don’t have the popular opinion. If they were to forcibly overthrow our three great palaces, the entire Wanxiang Realm would descend into chaos, and it’s very likely that the kingdoms would take this opportunity to form their own small countries. If this happens, Soul Alliance won’t be able to take the losses, since they simply don’t have the ability to swallow all of Wanxiang Realm.” said Teng Lang.

“A deadlock is good.” Chu Mu nodded.

If both sides were at a deadlock, Chu Mu had even more time to raise his own strength. Indeed, Chu Mu had no bottleneck right now, and had huge room for growth.

“Haha, it was actually good that you didn’t appear at the evening banquet. Soul Alliance knows that if they completely annihilate us, they won’t be able to control Wanxiang Realm. Therefore, their true goal is likely to nibble away at us, and make the three great palaces their subordinates. Perhaps some of the higher ups in the three great palaces have been brainwashed by them already.” when Teng Lang spoke, he specially lowered his voice.

“Is this real? There are spies already?” Chu Mu creased his brows. The three great palace’s upper echelons were formed by a devoted core, and they would not betray the palaces. However, if one or two of them were lured over, they would definitely be able to leak a huge amount of secrets.

“We’re still not sure. However, my father already senses something fishy. The incident of Soul Pet Palace’s Princess Pang Yue being poisoned is very likely to have been caused by someone leaking her information. You have already been entered onto Soul Alliance’s blacklist. If they have the opportunity, probably even the Fourth Hero Mo Ling will personally take action. Therefore, you must be careful in Wanxiang City and cannot reveal your tracks...” Teng Lang spoke very seriously.

“Why do even the Four Heroes want to deal with you?” to the side, Ye Qingzi creased her brows and spoke, confused.

Chu Mu was currently using his Chu Fangchen identity. Why did the Four Heroes, who were more detached from everyday matters, want to deal with him?

Moreover, this was only Chu Fangchen which could cause the Four Heroes to come. If Soul Alliance were to learn that Chu Fangchen was Chu Mu, wouldn't that make the entirety of Soul Alliance come out to go after him?

“Mo Ling is petty and narrow minded. He cannot stand the fact that Young Brother Chu is an existence that will threaten him in the future. Now only this, the Eight Desolations and Sixteen Absolutes all know of Young Brother Chu. They will all take action against you. You are the same as the Crown Prince right now. If you are allowed to develop, you will become a huge threat to Soul Alliance.” said Teng Lang.

Chu Mu bitterly laughed. He thought he had been low key, yet he was actually being watched by so many Soul Alliance members. It seemed that not attending the evening banquet last night was a wise choice. At the least, the people who recognized him were still limited.

“Great Senior Elder has estimated that under the deadlock, the older generation will continue stabilizing the situation. Soul Alliance's higher ups won't dare show their heads since one small mistake could result in mutual destruction. The next battle will probably be our generation. Both sides will quietly pull out the reserve strength from the higher ups. The moment our generation collapses, we definitely will no longer have the qualifications to continue fighting them. The female soul pet trainer representative of our three great palaces was Pang Yue- being poisoned is a signal.” Teng Lang explained the present situation to Chu Mu.

“Isn't Nie Yunbin one of the Eight Desolations? How can him poisoning Pang Yue be considered part of our generation's fight?” asked Chu Mu, confused.

“Nie Yunbin is the representative of Soul Alliance’s younger generation. Although that fellow looks ugly and old, he’s actually very young. He is definitely at the top of our three great palace’s blacklist. If we let him develop, he will also pose a huge threat to our three great palaces!” said Teng Lang.

Chu Mu never expected Poison Desolation Nie Yunbin to be such a person.

Being able to reach the high class emperor rank under 40 was already very shocking. If Nie Yunbin was considered part of the younger generation, he was under 40.

Most spirit emperors had a lifespan of 100 years. Therefore, spirit emperors under 40 were considered part of the younger generation. Under 30 was considered a youth.

After reaching the spirit emperor rank, one’s lifespan would increase and the aging process would decrease. Thus, 40 was considered young among spirit emperors. What Teng Lang said as the younger generation was therefore referring to soul pet trainers under 40 years old.

Moreover, from others, Chu Mu knew that the declining Tianxia Realm’s younger generation was much weaker than the growing Wanxiang Realm. Becoming a spirit emperor under 30 was ostensibly impossible in Tianxia Realm.

“Then tell me about the strong people on both sides,” said Chu Mu.

If the younger generation fight erupted, this was very beneficial for Chu Mu. At least he would be able to trample on Soul Alliance in public.

“I’ll talk about our side first. The core person is the Crown Prince Chao Lengchuan. He is currently accepting the Eternal Supreme’s inheritance, and will return to Wanxiang City after a bit of time. If you have the chance, you should get to know him.

“The second ranked person is you, but the only people that know of your strength are those of the senior elder rank. Only a few people in the younger generation know. This is why there are so many people unhappy with you. But what does that matter? Just wait until the day your tiger body bristles and those fellows will naturally submit. Our younger generation has a competition between ourselves, but our goal is definitely the same...”

Chu Mu bitterly laughed. Teng Lang made such a strange metaphor... a tiger body bristling...

“The third ranked person is Shen Mo, that flirtatious Nightmare Palace Crown Prince. In the past, he was ranked second, but he’s now voluntarily given up his position. You should understand his strength.”

Chu Mu shook his head. He had never seen Shen Mo truly take action.

“In truth, I don’t really know much about his strength either. This fellow’s greatest ability is to hide his strength. But if this fellow isn’t hiding a peak emperor, I’ll change my surname to ‘Shen’” said Teng Lang.

“The fourth ranked person is Li Yun. Like his father, he’s very elusive and I’m not sure of his strength for now. However, he’s definitely strong. He may or may not be weaker than Shen Mo.”

“The fifth ranked person is Pang Yue. This woman looks cute and delicate. However, she’s actually a fierce woman. Don’t be deceived by her appearance.”

“The sixth ranked person is your big brother, me. Soul Palace’s Third Young Master most, welcomed by young ladies!” as he spoke, Teng Lang looked all flashy, causing the servant girls beside him to cover their mouths and laugh.

Teng Lang fiercely glared at the servant girls and said: “You aren’t allowed to laugh, otherwise I’ll send you to warm the bed for the seventh young master.”

The servant girls’ faces all lost color, and they hastily stifled their laughter.

These servant girls had all been specially trained and were specialized in serving people of the young master and young lady level. Thus, they absolutely would not leak anything their master said.

If they followed the wrong person, their lives would be very miserable.

“Haha, in the past I was actually ranked a lot lower, and didn’t even have the face to show myself in Wanxiang City. Nonetheless, it was thanks to Younger Brother Chu going to the Universe Ice Gates that my Ice Mountain Lion is very powerful now.” Teng Lang raised his eyebrows.

“Oh? You succeeded in strengthening it?” Chu Mu grew interested.

“Yes. After you left, I bitterly trained my Ice Mountain Lion and now, times are completely different. Otherwise, why would I dare come to Wanxiang City? Of course, there are only a few people that know this. I want to be low key and then shock people with one feat!” Teng Lang began to loudly laugh.

“...” Chu Mu finally understood why Soul Palace called the third young master as “the most unrestrained young master”. He indeed was unrestrained.

However, Chu Mu never actually expected Teng Lang to successfully strengthen the Ice Mountain Lion. It seemed that a fortuitous encounter and taking advantage of this fortuitous encounter could allow a person’s strength to greatly rise!

“After that is Qin Yutong, Xiao Hai, Xiao Yufeng, Wang Baisha, and others... there may be a few of them hiding their power or perhaps have maintained a low key nature after having a fortuitous encounter and greatly rising in strength. We’ll have to see in the future when we fight Soul Alliance. I’m sure that each one of us will be able to pull a huge amount of resources. Whether we’ll be able to emerge victorious in the final fight will depend on whether we’ve been able to slowly chip away at Soul Alliance’s younger generation’s power.” said Teng Lang.

Chu Mu nodded his head. It seemed that in the next few years, the younger generation would shoulder a heavy burden.

“As for Soul Alliance, the core person is someone whose name we don’t even know of. That person may be the Alliance Master’s disciple and is known as “Son of Heaven” by Soul Alliance.” Teng Lang began to introduce the people of extreme threat on Soul Alliance’s side.

“Son of Heaven?” Chu Mu never expected someone so mysterious to exist on Soul Alliance’s side.

“Yes. Regardless, he’s very powerful. Chao Lengchuan personally admitted he wasn’t his opponent.”

Chu Mu didn’t know much about Soul Alliance’s Crown Prince’s strength. However, since he had revealed that he could defeat Zhu Yi but was still ranked second, this meant that Soul Alliance’s Crown Prince’s true strength was probably at the very pinnacle of the emperor rank.

Chu Mu believed that the Crown Prince was a heaven-defying person in the younger generation, but he never expected that there was someone in Soul Alliance who stood at even higher heights than him.

This gave Chu Mu quite a large amount of shock. It seemed that Wanxiang City wasn't as simple as he thought!

Chapter 923: These two people are definitely not pure

"The second person is Nie Yunbing. Able to be part of eight desolations, his strength doesn't need more explanation." Teng Lang said.

Chu Mu nodded. Having a cyan hidden dragon, Chu Mu indeed wanted the chance to fight with this poison desolation.

"Third person is Dance Desolation Fang Wu. She is loyal to Heavenly Concubine, and second to soul alliance. If war broke out, even if Heavenly Concubine remained neutral, Fang Wu would probably stand on the side of soul alliance, so this woman we have to be wary of." Teng Lang saw Fang Wu and somewhat understood her strength.

Only thing of worry was that Fang Wu was heavenly concubine's disciple, so her rise in strength was hard to predict.

"Fourth person is hero leader Yuan Sui's disciple Tao Xia. This fellow is either second or forth because people aren't sure. This person is very low profile, and not many people have seen him fight."

"Fifth person is Sea Absolute Yin Zuomin and is known for water type soul pet."

“The people after are mostly scar level people or hidden people. The people who truly were worthy of mentioning were the five people. Comparing the average strength of the top five people, soul alliance is much stronger than us.”

Three palaces covered a large amount of soul pet trainers over the entire human realm, so it had many outstanding people.

Yet, soul alliance's advantage was that their top level experts were stronger than three palace's, including the younger generation. Their top four people were all desolation level, stronger than some three palace senior elders.

Chu Mu remembered these people. If he had a chance to meet them, he would definitely get rid of a few of them.

“After about a year, wanxiang city will have a hidden space that opens. Though I don't know why this space matters, I know that the struggle will be based on us. Whether we can win will determine whether the three palace can continue to reinforce or expand their position in wanxiang city.” Teng Lang said.

“What space?” Chu Mu asked.

Teng Lang shook his head and signalled that he had no clue.

“The sealed tower?” Ye Qingzi asked.

Teng Lang still shook his head, “I'm not sure, but it's a very important space.”

“Speaking of which, do you know where the sealed tower is?” Chu Mu asked.

Chu Mu still remembered that his father’s three main soul pets were sealed in the sealed tower. Even now, Chu Mu could remember the shocking scene of the high tower with chains criss-crossing over it.

“Not many people know of the location of the sealed tower.” Teng Lang also had only heard of it and never seen it before.

The sealed tower is definitely an individual space, but the problem was that Chu Mu couldn't find the space it was in.

Unable to get information on the sealed tower, Chu Mu could only give up and say to Teng Lang, “I have some things to do. About the struggle between the younger generation, if I’m in wanxiang city, I’ll participate. If not, I can only rely on you.”

“You’re going to train again?” Teng Lang said questioningly.

Chu Mu nodded. Without half devil, Chu Mu’s strength was still weak. After all, the enemy he was facing was the entire soul alliance. The mission at hand was to make Dead Dream his own soul pet.

“Ok, you truly are hard working.” Teng Lang was helpless. It seems like other people's strengths didn’t come from nothing; any strength level relied on hard training.

“Then what do you plan on doing?” Teng Lang asked.

“I got a phoenix egg, and it needs to be reborn before I can sign a contract with it. Following that, I have to find the way phoenix’s get reborn.” Chu Mu didn’t say it was Dead Dream, or else it wasn’t any different from saying he was the half devil.

“Phoenix species? Brother Chu, are you kidding me?” Teng Lang said with a face of shock.

The entire human realm’s sole phoenix species organism was Mu Qingyi’s Crown Phoenix king. Teng Lang wasn’t sure if he heard wrong, because the only phoenix people ever knew was the crown phoenix king!

Phoenixes had a species rank of super emperor rank. Once they were tenth phase, they would be invincible emperor rank and has a good chance of reaching dominator rank!

If Chu Mu had a phoenix species egg, it meant that Chu Mu already had a super emperor that might even be at dominator rank!

Teng Lang stared wide-eyed at Chu Mu. The highest species rank soul pet in the world was obtained by the person in front of him, yet this person said it so nonchalantly as if it were a normal soul pet egg!

Brother Chu..... can I see it?” Teng Lang said with some anticipation and suspicion.

“Not now, it’s sleeping and can’t be disturbed.” Chu Mu said.

“Alright, time to find a river and drown myself in it. Compared to you, I feel like I wasted my entire life!” Teng Lang’s self confidence seemed to be severely damaged, as he said with a strange expression.

“It was by luck that I got it....”

“Why don’t I have such luck!! Why are the heavens so unjust!” Teng Lang started howling.

CHu Mu laughed helplessly, this fellow was truly good at exaggerating things.

In reality, Teng Lang wasn’t really exaggerating things. High species ranks soul pets were already rare to find. Getting a young soul pet was even harder. Even the senior elders never got any, yet Chu Mu got one. If the elders found out, they would probably all have similar thoughts as Teng Lang, and the rivers nearby would be full of new bodies.

Only after a while did Teng Lang finally calm down and casually ask, “Speaking of which, is your phoenix a couple with heavenly concubine’s crown phoenix.... Uhh, actually I didn’t say anything.”

Teng Lang originally wanted to tease Chu Mu but suddenly realized that Ye Qingzi was still aside so he quickly shut up.

“No, their types are different. About the rebirth of phoenix species, I may have to consult her. Is she in Wanxiang City?” Chu Mu asked without skipping a beat.

“Wanxiang Altar is the queen’s palace. She should be there. However, the war goddess definitely won’t see you in wanxiang altar palace. Even if she were neutral, she would have to avoid seeing us three palace people in her territory.” Teng Lang said.

“Then can you transfer a message to her for me?” Chu Mu didn’t know how else to contact Mu Qingyi, who lived at the top of Wanxiang Altar.

“This is simple. It mainly depends on whether she wants to see you. I’ll send someone to give her the message.” Teng Lang said.

Teng Lang didn’t waste any time. He knew Chu Mu was a maniac with training, so right after leaving Chu Mu’s palace he immediately sent someone to give the message to the wanxiang altar queen palace.

With a messaging courier soul pet, such a message would get there swiftly.

However, what Teng Lang didn’t expect was a reply that was just as swift.

“This quick, did heavenly concubine refuse?” Teng Lang asked the messenger soul pet trainer in confusion.

Originally, Teng Lang thought Chu Mu was close to war goddess, so seeing her wouldn’t be difficult. However, he didn’t expect the rejection to come so quickly.

“Young master, after heavenly concubine got the news, she sent someone to wait for Mister Chu at the bottom of wanxiang altar. As long as Mister Chu goes there, he can directly see her.” The messenger soul pet trainer said.

“.....” Teng Lang was instantly speechless!

The female war goddess doesn't even see senior elders often! And even if she did, she would delay it for countless days. Why did this queen level figure of wanxiang realm immediately want to see Chu Fangcheng the moment he asked? This was too hard to understand!!

“There has to be something between them!!” Teng Lang was just suspicious before, but now he was sure - their relationship was definitely not pure!

.....

Chu Mu thought he would have to wait a few days to see Mu QIngyi. At least other people so high up, even if they had free time, would often keep people hanging for a few days.

However, Teng Lang's answer caused Chu Mu to be surprised. He wasn't sure whether this woman truly didn't act that way, or simply was interested in him.

“I'll head to wanxiang altar, do you want to come?” Chu Mu asked Ye Qingzi.

Mu QIngyi's immediate summoning even against soul alliance's potential conflicts caused it hard for Ye QIngzi to not be suspicious of the two.

To prove his own faithfulness, Chu Mu of course had to ask if Ye QIngzi wanted to go with him.

“She’s summoning you, so even if I really want to see this war goddess.....” Ye Qingzi said courteously.

Mu QIngyi was powerful and definitely the strongest female soul pet trainer. Ye Qingzi heard of her in the past and though she wasn’t blindly following, she had some respect for this expert.

Chu Mu didn’t say much more, switched an outfit and left to go to wanxiang altar alone.

.....

Wanxiang altar queen palace

The queen palace was the most luxurious palace of wanxiang altar, because this belonged to the one and only queen - Mu QIngyi.

Whether it was her dominator rank strength or her status as wanxiang king’s descendant, she had the right to have such a palace.

The queen palace had a sacred and elegant water fountain within it. Aromatic petals fell from servant women’s slender fingers into the spring, sending ripples upwards.

Within the water, a beautiful woman laid against the poolside, her wet hair falling onto her white and smooth shoulders, still stuck with some fragrant droplets.

Her seductive body was hidden underwater, as if she were a beautiful mermaid napping on the water side, charming yet noble and elegant.....

“Your majesty, Chu Fangchen is waiting outside.” A servant girl walked in and said in a light voice.

“En.” This beautiful queen nodded but didn’t hurry to get out of the warm spring, still laying against the side, half closing her beautiful eyes and lost in deep thought.

Chapter 924: Demon Realm, Phoenix Species Lost Ground

Chu Mu stood in the empty yet unbelievably luxurious palace at the center. To the left and right of Mu Qingyi were orange and red light-armored concubine girls who stood valiantly.

Chu Mu was at least a hundred meters away and a few white fur carpeted stairs apart from the queen’s throne. When Chu Mu had just entered the palace, the two concubine girls were standing beside Chu Mu and telling Chu Mu about etiquette that he would have to uphold when he saw her majesty. These were things such as where he should keep his eyes, how he should walk- they were telling him everything so he wouldn’t have bad manners.

“When her majesty speaks, you have to look down. When you speak, you can stare straight ahead, but you can’t raise your head. If you see her majesty’s robe garments, she will enforce punishments as if you committed a profane crime against her.....”

“You must be careful with your words and can’t use vulgar phrasings, you can’t.....”

The two servant girls had no end to their requirements and often repeated them. Chu Mu originally thought he stood only a hundred meters away from Mu Qingyi’s throne, but after the two servant girls gave him such a large set of manners to follow, Chu Mu realized that many times, there may not be inequalities between people themselves, yet this entire hierarchy of society wanted to maintain distance between people.

“Her majesty is here.”

At the main entrance of the hall, a servant girl announced crisply.

Chu Mu instinctively turned around but was instantly stopped by the two servant girls’ quieter but shrill warnings, telling Chu Mu to back away and to bow to down as her majesty got into her seat.

Chu Mu didn’t want to care about these things, but secretly he wondered why Mu Qingyi wanted to make it so formal to see him. Why couldn’t she just arrange a private room.....

“Speak quickly, her majesty has others she has to see, and their positions are all probably higher than yours.” Servant girl said in a light voice.

The servant girl said this and Chu Mu seemed to understand. It looked like the queen was truly busy today, and was just finding time temporarily to see him.

“Salute by half-kneeling!”

Suddenly, Chu Mu heard the servant girls’ dissatisfied voice aside him again.

Chu Mu directly ignored her, still simply half lowering his head.

Looking down like this, Chu Mu not only could see the edges of Mu Qingyi’s long robe, he could even see My Qingyi's waist and behind wrapped tightly in her robes, creating an alluring scene as she walked lightly.

Chu Mu couldn't help but be attracted by the scene. After a moment, he realized that it was wrong to do this and lowered his gaze more, using the salutation as a cover.

However, Mu Qingyi didn't walk straight to the throne, instead stopping right in front of Chu Mu.

"You just got to Wanxiang City?" Mu Qingyi first looked over Chu Mu before saying.

"En." Chu Mu nodded and naturally lifted his head.

Yet, the next moment Chu Mu's eyes lost some focus.

Her hair fell down like a waterfall, unadorned by any accessories. It wasn't tied up intricately like usual; instead it was scattered out naturally. Having just showered, Mu Qingyi seemed like a whole other person, elegant, gentle, angelic. She had none of the dominator rank aura or powerful manners, instead more gentle, composed, and sacred, leaving a slight ripple in Chu Mu's heart!

Beside him, the two servant girls were still chiding him shrilly. If Chu Mu could be accused for profanity for seeing the edges of her robe, Chu Mu might as well be assaulting her now!

Mu Qingyi's gaze held a hint of laughter. Seeing Chu Mu lose his focus like this, she was rather pleased.

Mu Qingyi indeed didn't mind the Universe Ice Gate, but every time she remembered that a man rejected her goodwill, she would feel uncomfortable. After all, she was the queen of Wanxiang Realm, completely unique.

Such a thing would cause anyone to feel unacceptance, let alone a person like Mu Qingyi.

When Fangchen said he wanted to see her, Mu Qingyi initially wanted to reject the request due to her “hatred at heart”. However, she thought about it and realized that instead of adding to the problem, this was a good chance for her to regain some of her face.

So, today she specially brought out her more feminine side to see if Chu Fangchen could still be utterly unmoved.

“You guys go down.” Mu Qingyi waved her hand and signaled for servant girl to back off.

Mu Qingyi didn't really mind manners, as long as someone didn't stare unreservedly at a certain part of her body.....

The two servant girls aside Chu Mu both were slightly stunned. They originally thought that the man who rudely looked at her majesty would cause her to anger. Instead, they saw her majesty smile gently. For some reason, even they felt that her majesty was incredibly beautiful today.

“Yes.....yes....” The servant girls quickly nodded and backed off.

“You can leave too.” Mu Qingyi glanced at her personal servants and said.

The personal servants all paused too. If they left, this great hall would only have her majesty and this man left. Wouldn't this be too.....

The servant girl finally decided to step back and guard the outside of the palace. Rumors were bound to spread between them, though.

“I heard about the soul city event. It sounds like I truly have to reevaluate how I see you with more respect. However, aren't you only able to control one soul pet because of your soul wounds?” Mu Qingyi couldn't just let Chu Mu stare at her, and had to say something to break the awkwardness.

“One of the white nightmares isn't mine, elder Shen helped me in secret” Chu Mu came back to his senses and quickly explained.

Chu Mu was truly worried that Mu Qingyi would connect him to the silver devil man. If so, he would be in great trouble.

“That means that you already have two top tier emperor ranks, and neither are normal. Other than that, the ice spring should make you another top tier emperor rank. Then, you would have three.” Mu Qingyi said.

After saying this, Mu Qingyi lightly turned around and followed the snow white carpet up the stairs.

“I guess so.” Chu Mu knew he couldn't hide this.

Chu Mu didn't care about the servant girls' previous warning about not being able to go up the stairs and followed Mu Qingyi to the throne.

Seeing the golden throne, Chu Mu couldn't help but smile. He seemed to have one of these thrones that represented the highest authority within humans in tianxia city's palace. Sadly, Chu Mu hadn't had the chance to sit on it yet.

Chu Mu didn't care much. Seeing Mu Qingyi sit on her throne, he sat down on the seat aside.

"Do you know that you're sitting in the hero rank spot." Mu Qingyi lowered her eyes. She just didn't want to stand and speak to Chu Mu, but she didn't expect Chu Fangchen to follow her up so casually.

Mu Qingyi didn't care about identity issues. The issue was, even if queen palace were heavily surrounded by soul alliance palaces, if any hero expert came without warning, Chu Mu's current actions were enough to sentence him to death instantly, and three palace couldn't even retaliate.

"I came this time to ask you about the rebirth of phoenix species." Chu Mu didn't care much and went directly to his main subject.

Mu Qingyi clearly didn't expect Chu Mu to ask such a question and asked, "Why do you ask this?"

Chu Mu hesitated and didn't know whether he should say the truth or give a random excuse.

Thinking about it carefully, Chu Mu felt that if he lied, Mu Qingyi probably wouldn't help him.

“I got a phoenix species young soul pet, but it's asleep and needs to be reborn before I can sign a contract.” Chu Mu kept the truth short.

Mu Qingyi was just about to speak more but after hearing that Chu Mu got a phoenix species soul pet, her beautiful pupils also showed some of her surprise.

Mu Qingyi naturally wanted to ask about the phoenix species soul pets source, but Chu Mu kept it vague, as if he didn't know the origin either.

Mu Qingyi looked at Chu Mu and guessed that he just didn't want to say it. If this was so, there was no point for her to ask more.

“I spent a while collecting texts related to phoenix species to try to find a way for my soul pet to be reborn, but before I get a second dominant rank soul pet, I won't step into the phoenix species lost grounds.” Mu Qingyi said.

“Phoenix species lost grounds? Is it dangerous there?” Chu Mu was hearing this word for the first time.

Mu Qingyi hesitated for a moment before continuing, “Didn't I tell you I saw a atoned sin fox thunder monarch in demon realm? The thunder monarch was protecting the phoenix species lost grounds.”

“Phoenix species have a special location to undergo their rebirth. This location is called a phoenix species lost grounds. It's usually a powerful phoenix's burial ground. A few years ago, to strengthen my soul pets, I specially went deep into forbidden realm's demon realm, but the demon realm was protected by the forgiven fox thunder monarch, so I couldn't even enter the demon realm, let alone get further into the phoenix species lost grounds.”

“.....”Chu Mu laughed bitterly.

Originally he thought the rebirth shouldn't be too hard, yet he never would have imagined it to require him to get into a demon realm protected by the forgiven fox thunder monarch, causing even Mu Qingyi to be unable to get in.....

“Is there no other way?” Chu Mu asked.

The forgiven fox thunder monarch's strength was extremely powerful. Chu Mu himself couldn't possibly deal with it. He couldn't do it with Mu Qingyi either, because he couldn't go half devil in front of her.

“Yes, but I don't want to take that path.” Mu Qingyi said.

“Why?” Chu Mu immediately asked. If Dead Dream were reborn successfully, Chu Mu would have a wing type dominator rank. This was incredibly important for Chu Mu.

“There are many sleeping powerful organisms there that are also the protectors of demon realm. Any organism that posed a threat that entered will get instantly ganged up on.” Mu Qingyi paused and continued, “Anything threatening means dominator rank. This means that if I take that path, I can't summon crown phoenix king.

“In a place like demon realm, you know clearly what would happen if you aren't dominator rank.”

Chapter 925: He is the Hero Chief!

“In a place like demon realm, you know clearly what would happen if you aren't dominator rank.”

Of course, Chu Mu knew. Given that the guardian of the demon realm was a dominator rank Forgiven Fox, if he encountered a dominator rank in the demon realm, if he couldn't summon his own dominator rank, he would be forever trapped there.

"Have you walked that path before?" asked Chu Mu.

Mu Qingyi shook her head and said: "My ancestor left a few trails."

Chu Mu went silent and quietly considered things.

Mu Qingyi saw that Chu Mu wasn't speaking and coolly said: "The second pathway into the phoenix species' inheritance ground has a higher chance of succeeding..."

"Then how do I get there?" Chu Mu wasn't planning on giving up.

Chu Mu needed to find a higher ranking forbidden region anyways to undergo ample training. He also had to immediately finish the Dead Dream's nirvana. Indeed, Chu Mu still needed some time to raise the Dead Dream's phase and stage. Most importantly, after the Dead Dream finished its nirvana, it would get stronger, and this was crucial to fighting the Soul Alliance Alliance Master in the future.

"Tell me your strength." Mu Qingyi said. As she spoke, she felt that Chu Mu would still hide things so she added, "Don't hide anything."

Chu Mu figured that if Mu Qingyi wanted to harm him, she could just summon Soul Alliance's people here and make him die a miserable death in this palace. Moreover, there was no point in

hiding his strength to a dominator rank expert. He promptly said: “A paragon emperor White Nightmare, a Forgiven Fox that’s a grade stronger than a peak emperor, an Ice Air Fairy close to the peak emperor rank, and a Devil Tree Battle Soldier also close to the peak emperor rank.”

“Freak.” Mu Qingyi muttered.

Mu Qingyi had guessed that Chu Mu had those first three peak emperors. She never expected him to also have a wood type peak emperor. This meant that he probably had the qualifications to fight Desolation experts.

Having heard her muttering, Chu Mu bitterly laughed. Ignoring his half devil transformation, he had three peak emperors, while this woman was a genuine dominator rank. Who was the bigger freak?

Of course, Chu Mu couldn’t voice his words. Otherwise, she might get unhappy, and not tell him how to head to the phoenix ground. That would be a headache.

Chu Mu also had a wood type xuan item. Although it was being occupied by the Dead Dream in preparation for its nirvana rebirth, the Dead Dream was only absorbing its life force aura. It would not completely consume the entire xuan item. It probably wouldn’t be an issue for Chu Mu to use the xuan item to strengthen the Devil Tree Battle Soldier to the peak emperor rank. The problem was that the Devil Tree Battle Soldier hadn’t received enough training, and didn’t meet the requirements to advance a rank.

During the time he traveled to Wanxiang City, Chu Mu had put much effort into extracting a bit of energy from the wood type xuan item using his soul remembrance and nourishing the Devil Tree Battle Soldier. Now, the Devil Tree Battle Soldier’s strength had neared the peak emperor rank, and only needed a fitting opportunity to breakthrough to become a genuine peak emperor.

“If you find a soul pet trainer most proficient at supporting while also being a soul teacher, and if you find a thunder type high ranking soul pet trainer, we can leave,” said Mu Qingyi.

“WE can leave?” Chu Mu was stunned, and didn’t know how to react for a moment.

“Didn’t you want your phoenix species child pet to undergo nirvana?” Mu Qingyi raised her brows and countered.

Chu Mu had only come to ask how to undergo nirvana. He didn’t expect that Mu Qingyi also had the same idea. He expected even less for her to be more straightforward than him!

“I just didn’t expect for your Majesty to accompany me.” bitterly laughed Chu Mu.

Mu Qingyi felt that everytime this man used honorifics with her, he was being very fake. She said: “I’m not going with you. You’re going with me. Perhaps the phoenix inheritance ground will only permit one phoenix species to undergo nirvana, or it may allow many phoenix species to undergo nirvana. Therefore, you can only come with me.”

The reality was that Chu Mu knew nothing about the demon realm. There wasn’t anything bad about following Mu Qingyi there. With her strength, their safety would rise.

However, Mu Qingyi also said something that gave Chu Mu a headache. If the demon realm’s phoenix inheritance ground only allowed one phoenix species to undergo nirvana, that would definitely go to Mu Qingyi’s phoenix, and he would have wasted his time.

“There isn’t another phoenix inheritance ground?” asked Chu Mu.

“What do you think?” said Mu Qingyi.

.....

Chu Mu initially hadn't thought that the phoenix nirvana wasn't too difficult of an issue. However, he was now faced by two problems. Firstly, getting into the phoenix inheritance ground wasn't easy. Even if he was going with a dominator rank expert, if they used the second path, they wouldn't be able to summon dominator rank creatures. Yet, without dominator rank strength in the demon realm, it would be very difficult to defend oneself.

Secondly, it was uncertain whether there were two phoenix nirvanas. If there was only one, he would be left without one. Regardless of anything else, the phoenix inheritance ground was known by Mu Qingyi and she would not just give these resources to him for no reason.

After leaving the queen's palace, Chu Mu began to ponder whether to follow her to the demon realm or not.

It was obvious that Mu Qingyi had planned on leaving there, and she would have gone regardless of whether he asked about the emperor species nirvana.

“Even if I cannot complete the nirvana, I will at least be able to use the Forgiven Fox Thunder Monarch to find a way to complete Mo Xie's forgiveness method. This will probably allow Mo Xie's strength to rise.” Chu Mu walked down the steps and muttered to himself.

If he wanted to increase his power, he had to go to the demon realm. Chu Mu felt that he couldn't continue wasting more time and ultimately decided to follow Mu Qingyi to the demon realm.

“Young master, quickly bow. Senior Hero Chief is walking towards you.” suddenly, a servant girl’s voice rang out beside Chu Mu.

Chu Mu was in the midst of thinking and didn’t hear her.

At this moment, a tall man wearing a noble blood red robe, with two attendants behind him, walked over.

The servant girl had already retreated to the side and was bowing in respect. However, Chu Mu was still standing on the narrow stairs, slightly blocking this man’s path.

The blood red robed man didn’t even lift his eyelids or make a sound. He just tilted his body and brushed past Chu Mu.

Chu Mu didn’t care and kept walking down. However, he discovered that the two attendants behind the man were staring at him with anger.

“In front of Senior Hero Chief, do you not know how to make way and bow?!”

“You truly do not know how high the heavens are!’ the two arrogant attendants berated.

Chu Mu was stunned, and immediately turned around and looked at the tall blood red robed man!

He was the Hero Chief!!

Below the Alliance Master, he was the strongest person in the entirety of the human realm!!

Chapter 926: Nie Yunbing's Plot

The blood robed man didn't turn around. He continued up the stairs, and gradually disappeared in a palace that was extending outwards.

Chu Mu followed his figure until he disappeared from his line of sight.

"How strong is her?" Chu Mu wondered to himself.

The Hero Chief was definitely stronger than Mu Qingyi. However, nobody actually knew how strong he was. Perhaps this was because he had never met someone who could force him to truly reveal his full strength!

Chu Mu stopped for a while, and remembered the tall man as he continued walking down the stairs.

Wanxiang Altar's palaces would frequently dazzle people. Given that flying was prohibited, it was often that people would get lost on their way down because they took the wrong path.

Chu Mu was not familiar with this place at all, and could only follow the servant girl down as he surveyed the palaces in Wanxiang Altar.

"Who does this palace belong to?" Chu Mu pointed at three palaces with magnificent auras.

“This place is the realm king’s palace. In the past it belonged to Senior Li Hong. Right now it belongs to someone else.” softly said the servant girl.

“Oh?” Chu Mu raised his brows. As the Tianxia King, wasn’t this his palace?

“Do you want to go in and take a look? This palace isn’t actually occupied by anyone and you can enter at any time.” said the servant girl.

“Sure, let’s go in and look.” Chu Mu nodded his head.

The servant girl seemed to have let out a sigh of relief, and quickly walked in front of him, seemingly guiding him in a hasty manner.

Chu Mu found it a bit strange, but didn’t think too much of it. He stepped into his own palace, and wondered when the day would come that he could bring Qingzi here and confidently present these palaces, even more magnificent than Soul Palace’s palaces, to her. How happy would she be?

.....

The Queen’s Palace.

Guan Guan was waiting outside the great palace, and suddenly discovered a servant girl walking towards her.

“Xiao Jing, weren’t you supposed to bring Young Master Chu down the mountain?” Guang Guan had naturally recognized Chu Mu, and it was her that had arranged for this servant girl to bring him down.

“Qing Qing said that she happened to be going down the mountain anyways to do something for you. Therefore, she replaced me...” the servant girl called Xiao Jing lowered her head as she spoke.

“Huh? I didn’t want Qing Qing to do anything.” Guan Guan creased her brows, and was somewhat confused.

A moment later, she suddenly realized something very serious, and hastily ran towards the great hall.

Right now in the great hall, Hero Chief Yuan Sui and Mu Qingyi were discussing things. Guan Guan stood outside the great hall, hesitating a moment, not knowing whether to tell this to Mer Majesty.

When she had summoned Chu Fangchen, Mu Qingyi had specially told Guan Guan that when she brought Chu Fangchen up, she had to avoid the Soul Alliance palaces. Indeed, Chu Fangchen was essentially a thorn to Soul Alliance, and they would use any methods to get rid of him.

Chu Fangchen had come alone, and if he was discovered by someone who badly wanted to get rid of him, he would probably be met by some dangerous plot to kill him.

Therefore, Guan Guan had gotten the rather sharp servant girl, Xiao Jing, to lead Chu Mu. If he didn’t go to Soul Alliance’s palaces, he wouldn’t be met with obstruction. However, Guan Guan never expected Xiao Jing to, without her permission, hand this task over to another servant girl, Qing Qing.

The servant girl, Qing Qing, was the newest servant girl given to Guan Guan, and she was not very trustworthy. Yet, here she was now, leading the way for Chu Fangchen...

If this was only a coincidence, there probably wasn't a problem. However, if someone were to know of Chu Fangchen's whereabouts and had intentionally bought out Qing Qing or threatened her...

After hesitating a moment, Guan Guan still decided to tell Her Majesty. If something happened to him, not only would Her Majesty heavily punish her, but the three great palaces definitely would not let her off easily.

Guan Guan quickly walked up to Mu Qingyi's throne and used soul remembrance to whisper to Mu Qingyi: "Your Majesty, the person I sent to send Chu Mu down the mountain was switched without my permission. The person switched in is the servant girl most recently added to our Queen Palace."

Mu Qingyi immediately creased her brows and began to think.

A moment later, she felt that things were too fishy. Thus, she said to Hero Chief Yuan Sui: "I have something small to attend to. Could Hero Chief please wait a moment."

The Hero Chief nodded his head. He didn't say anything.

Mu Qingyi quickly left the great hall. If something happened to Chu Fangchen because he had come to see her, Mu Qingyi would become an enemy of the three great palaces.

.....

In the main Soul Palace.

“Young Master, I discovered a corpse.” Holy Guard Captain Jia Ren half knelt in front of Teng Lang, and softly spoke.

“This matter shouldn’t be dealt with by you, the Holy Guard Captain, no?”

“This person was your messenger. He killed himself through poison.” said Holy Guard Captain Jia Ren.

“Suicide by poison?” Teng Lang’s expression immediately changed.

Teng Lang reacted extremely quickly. He didn’t come to the main Soul Palace very often. All of his servant girls, servants, messengers and subordinates were all new. Their trustworthiness completely depended on the people that sent them to him.

“Immediately notify the palace members and Wanxiang Altar’s experts. Have them immediately find Chu Fangchen. Make it their top priority.” said Teng Lang, anxiously.

“Young Master, we can’t order Wanxiang Altar’s experts. Moreover, mobilizing them without reason, this will probably...” said Holy Guard Captain Jia Ren.

“What do you mean without reason?! Chu Fangchen’s whereabouts have been exposed. Someone is plotting against him!!” said Teng Lang.

“This subordinate... this subordinate will notify them.” the Holy Guard Captain finally realized how serious this matter was and hastily left the palace.

.....

Wanxiang Altar, Tianxia King’s Palace.

This palace originally belonged to Li Hong. However, after Li Hong retired from his post, this palace indeed lost an owner and became uninhabited.

When Chu Mu entered the palace, he felt the coldness of the palace. He couldn’t help but secretly shake his head. Such an expensive palace, built by countless people, was wasted just like this...

“Young Master Chu, please take a look around wherever. This servant will pour a cup of spring water for you. The spring water here is particularly special.” the servant girl’s words were rather nervous.

After speaking, she didn’t wait for his reply and quickly walked out of Tianxia King Palace’s main hall.

Chu Mu ignored her. His focus was on the totem drawn on the enormous palace pillars.

The totems were mainly depicting legendary creatures that had appeared in Tianxia Realm. These creatures were only recorded by name in a few ancient texts. As for what shape, attribute or abilities they had, nobody was sure.

Seeing the ancient and mysterious totems drawn on the palace pillars, Chu Mu couldn't help but think of when Old Li told him about looking at humans from a different point of view.

As he was pondering, the temperature of the great hall suddenly dropped!

“Kuang!!!!!!”

Immediately after, the great hall's exit was locked shut. There were two tall doors and after being closed, there wasn't a gap left!

The loud sound interrupted Chu Mu's thoughts. He turned around and discovered that the hall doors had been tightly shut. Moreover, all of the golden windows in the great hall were being shut.

When the golden windows finished shutting, the brightly lit great hall descended into a dark and cold prison!

“Hu hu hu hu~~~~~”

Candelights abruptly ignited on the tall candles. They faintly illuminated everything in the hall while also accentuating many of the totem figures.

In the bewilderment, a few of the mighty models and statues looked even murkier and the entire great hall grew more ominous.

“After my decoration, isn’t this place very similar to the underworld?” suddenly, a voice carrying a trace of a sneer resounded in the hall.

The firelight flickered, illuminated an ugly face. This face was smiling, but the fakeness could make people shudder.

Chu Mu looked on, staring at his tiny, sinister, eyes.

The sudden change had made Chu Mu very shocked. However, Chu Mu’s expression hadn’t changed at all. He watched the exit close very calmly and looking at the darkness enveloping the area, he saw the man who called this place an underworld, appear.

“Who are you?” Chu Mu looked at the man who had lured him here.

“Me? I am the magistrate of this underworld. Today, I want you to die. The only choice for you is the death penalty.” said the ugly man.

“You have issues.” Chu Mu curtly responded.

“Hmph, you still don’t know that your death has come!” sneered the ugly man.

Nie Yunbin had hesitated to sacrifice a few of the spies he had planted in Soul Palace for many years in order to gather information on Chu Fangchen.

Nie Yunbin hated Chu Mu to the heart, because he had killed someone very important to him!

“Chu Fangchen, the last thing you should have done was offend me, Nie Yunbin!” said Nie Yunbin.

“Oh, so you’re Nie Yunbin. Tell me, how did I offend you?” Chu Mu said without a care in the world.

“You obviously didn’t directly offend me. Someone that directly offended me wouldn’t have been able to survive until now...” said Nie Yunbin.

Nie Yunbin wasn’t a soul teacher. The reason why he was called the Poison Desolation was because many of his soul pets were very poisonous and he was known for his poisoning through them.

Because he had come into contact with poison too many times, his body had been negatively affected by a bit of the poison.

The negative reaction could only be cured by “Zhu Chao”. Nie Yunbin had done many things for “Zhu Chao” to finally make “Zhu Chao” agree to cure the poison on his body. This would also increase the poison of his soul pets.

However, despite his great efforts to pander to “Zhu Chao”, “Zhu Chao” had been captured by the three great palaces because of the man in front of him. Whether he was dead or alive was unknown.

Nie Yunbin didn't care about "Zhu Chao's" life or death. However, what made him upset was that all he had done had gone to waste. Moreover, there was a high chance he would remain ugly forever!

The ugly appearance made Nie Yunbin, who was originally considered handsome and who loved to play around with women, increasingly temperamental. Although his outstanding strength allowed him to live the same lifestyle as before, every time he saw the woman who he was on top of secretly reveal a disgusted and terrified expression, he found it increasingly hard to stifle the violence in his heart. Often, he would let it out and use poison to destroy these women so that not even their bodies remained!

The reason why he would be unable to heal was because of Chu Fangchen!!

Nie Yunbin's hatred was basically anger over his destroyed appearance. Therefore, Nie Yunbin definitely had to destroy this fellow's handsome face first and then use poison to torture him to death!

"So it was because of Zhu Chao..." Chu Mu finally understood.

He happened to be looking for Nie Yunbin, but it turned out that Nie Yunbin was already targeting him. This would save him time.

"Just because you defeated Zhu Chao, you think you can look down on everyone? I'm not the only person in Soul Alliance who wants to deal with you!" Nie Yunbin let out an evil grin.

Chapter 927: Great Palace Fight, Dark Fog Snake

The original Nie Yunbing just finished speaking when, from the shadows unilluminated by candle light, two people slowly walked out.

One of them lifted a corner of their mouth, revealing a smile that he prevailed. Those eyes stared at Chu Mu as if he already enacted revenge.

Chu Mu thought this person looked familiar. After thinking carefully, he remembered that this was Zhu Chao's adopted son Zhu Zizhan!

"Chu Fangchen, you didn't expect me to be here, did you!" Zhu Zizhan laughed.

Zhu Zizhan's hatred for Chu Mu was much higher than Nie Yunbing. While Zhu Chao was still there, he was the successor of Medicine Desolation, having a high position within soul alliance.

When Zhu Chao disappeared, Zhu Zizhan's status fell a thousand meters. If not for his spirit abilities being barely good enough to heal poison desolation Nie Yunbing, he would have found it very difficult to stand within soul alliance. At least in this period of time, he had already had to deal with many people he had wronged in the past using his status.

Even now, Zhu Zizhan couldn't forget princess wanning. Though he knew that even after killing Chu Fangchen, he wouldn't get princess wanning. However, he couldn't accept the idea that his beloved woman would fall into the hands of the man that ruined his life!

Thus, today, he had to make Chu Fangchen pay the biggest price, letting him get a taste of terror and wishing he were dead!

Zhu Zizhan actually knew that it was impossible for him to deal with Chu Fangchen himself, so he decided to strike with Nie Yunbing and Mo Ling's loyal subordinates.

Mo Ling's loyal subordinate didn't get a desolation title but was, in reality, not any weaker than most desolation title experts. Many people thought that soul alliance's experts were restricted within sixteen absolute and eight desolations, but the truth was that there were many experts that were loyal to these titles. They were also just as powerful, but they were also low profile so not many have heard of them.

To Zhu Zizhan, Chen Fang was such a person. Though in the soul pet trainer realm, some experts have heard of their name, no one knew he was loyal to soul alliance and to Mo Ling.

With Cheng Fang and Nie Yunbing combined, no matter how powerful Chu Fangchen was, he wouldn't be able to escape this guarded Tianxia Palace.

"Boss Mo Ling said he wanted him alive." Cheng Fang was cool and silent, as if even speaking wastes his time.

"Of course, I will keep him alive and well!" Nie Yunbing laughed.

As he spoke, suddenly the candlelight projected a long, and wriggling shadow that opened its large mouth beneath Chu Mu.

Chu Mu lifted his head and suddenly noticed an icy snake wrapped around the pillar, its neck and skull slowly extending forward while its scary body disappeared into the dark palace roof. One could see a huge coiled silhouette.

Nie Yunbing was still smiling, pleased with himself. This dark fog snake had been laying in ambush in the palace for a while. The poison it exhaled didn't have any smell, but brought with it the effects of Evernight.

Most of the time, others would mistake the poison for a rather dark shadow, but no one realized that they were already in the poison area of dark fog snake.

Nie Yunbing knew that Chu Fangchen wasn't weak. In a one on one, he probably couldn't win. However, the reason he was smiling was because Nie Yunbing never used normal methods in battle. The poison allowed Nie Yunbing to easily kill many people higher levels than them!

While talking, the opponent had already stood in the poison area for a while. Not much longer, his nerves will be paralyzed and the soul pet trainer and soul pet will lose their fighting strength.

"Let's fight!" Nie Yunbing didn't want to waste time anymore. Chu Fangchen were destined to be trapped!

After Nie Yunbing gave the command, the large snake on the roof suddenly unfurled and became a black thunder bolt that pounced downwards, attempting to coil around Chu Mu!

Chu Mu stood motionless, but he glanced at the little Mo Xie on his shoulder.

Little Mo Xie's silver eyes were already bursting with light. Chu Mu knew she was extremely excited. After all, it has been a while since they fought with top tier emperor rank enemies. This dark fog snake was perfect for her taste!

"Wuwuwuwu~~~~~"

After this little fellow entered battle state, her aura changed drastically. The forgiven fox's imposing demon aura and red flames were released at once, instantly dispersing the dark-like poison fog towards the edges of the palace.

The silver shadow dashed forth. Using Chu Mu's shoulder as a launch pad, her beautiful body pierced through the darkness in a cold crescent, passing by the black snake!!

“Puchi~~~~~”

The poison fog became a spray of blood that scattered out into the rest of the palace. The dark fog snake's massive body was thrown outwards like a broken piece of rope, heavily slamming into a pillar and falling onto the ground, leaking blood everywhere!

Clearly, this dark fog snake didn't expect such an insignificant silver fox to explode with so much power. This attack landed fully on its body, ripping open a large bloody wound!!

Nie Yunbing was suppressed by this little fox suddenly appearing, his face full of shock!

One had to know that his dark fog snake was truly a top tier emperor. If the enemy took in some poison before hand, even top tier emperor ranks could be instantly killed. Nie Yunbing would never have expected that after he put his poison in place and told his dark fog snake to assault in surprise, it was still wounded by a seemingly insignificant little fox!

“Boss Nie, be careful, this is a seven sin fox fallen inferno monarch!” Zhu Zizhan saw Nie Yunbing's first hit fail and quickly warned.

Nie Yunbing coldly glanced at Zhu Zizhan. If this fellow knew that the opponent had a soul pet that could hide its aura, why didn't he say so sooner?

“Wuwuwu~~~~~”

Little Mo Xie hadn't even released her pitiful appearance. Looking dainty and delicate, she stood in the candlelit palace, and gave a taunting call to the dark fog snake.

If the opponent were only this powerful, little Mo Xie was destined to be disappointed today!

Nie Yunbing, of course, felt the slight disdain in the little fox's calls towards the dark fog snake. This caused Nie Yunbing to be even angrier. This fox was near death, yet it was still strutting around arrogantly. He's definitely going to pull out the fox's silver fur and throw it in poison for a while!

“Get up, kill it for me!” Dark fog snake wasn't that fragile. Nie Yunbing let out a command.

Dark fog snake's body bled a bit, but it slowly became black pus that formed scars and stopped the bleeding. It slowly climbed up and suddenly spat out a huge mouthful of poison!!!

The poison covered a wide range. If not for the palace, it would be equivalent to sending out a large wave of poison ocean!

“Zizizi~~~~~”

The poison hit the insides of the palace, and sent out black poison gas that filled the palace.

To top tier emperor ranks, the palace wasn't a good place to fight no matter how big the palace was. It caused almost any technique to be unable to be dodged. Yet, this palace was incredibly sturdy, so non dominator ranks would have difficulty destroying it. It looked like Nie Yunbing intentionally picked this place, so he wouldn't leave any chance of escape to Chu Fangchen.

“Wuwuwu!!”

The poison corroded Mo Xie's silver fur, giving her wounds a lot of ugly splatters. Mo Xie immediately let out an angry call!

This was the clean and tidy hair that Ning Maner helped her clean. Seeing Mo Xie's state, if she didn't rip this poison breathing snake into a thousand pieces, she probably wouldn't calm down.

The dark flames burned, and became a large sea of fire that filled the palace. The firelight lit up the entire palace!

In the red of the flames, Mo Xie leaped up over the flames as her nine noble tails constantly extended, to the point where it was even larger than the dark fog snake!

Lifting up her nine massive red flame tails, Mo Xie's body became seven silver figures that pounced forth towards the snake!

“Shuashuashua!!!!!!”

The seven sin fox silver claws all fell onto the dark fog snake. Even if the dark fog snake was coiled up to protect itself, it still suffered multiple extremely deep wounds that sent blood flying in every direction!

Mo Xie's attacks had the effects of red flames. Once a wound was ripped open, the flames would enter the enemy's body and create even worse burning damage. This dark fog snake clearly was only good at setting poison traps and ambushing. It wasn't match for Mo Xie head-on. After one wave of the seven sin fox, the dark fog snake was full of wounds!

"Looks like your poison isn't without any use." At this moment, Chen Fang said coldly to Nie Yunbing.

Nie Yunbing saw that the dark fog snake wasn't match for seven sin fox and quickly cast an incantation to retract it into his soul pet space.

Nie Yunbing's expression became graver, as he no longer dared to underestimate his opponent.

No matter what, Chu Fangchen caused Zhu Chao to lose multiple times in upfront combat. His strength was definitely similar to desolation title experts. Nie Yunbing originally thought his poison realm could allow him to easily take down Chu Fangchen, yet somehow the opponent had a way to resolve his poison.

In reality, Chu Mu had no real way of dealing with the poison. However, Chu Mu was dominator rank so this poison, at most, made it slightly hard for him to breath. As for Mo Xie, under Chu Mu's protection, she wasn't affected by the poison either.

"Let's fight him together in case of any accidents." Nie Yunbing said.

“No need, I’ll watch aside.” Chen Fang said arrogantly.

After he spoke, Chen Fang casted an incantation, from his calm and disdain expression one could tell that this loyal subordinate of Mo Ling didn't truly take Chu Mu seriously!

Chapter 928: Separate Mirror Space

Chen Fang had a reason to be proud. Chu Mu could feel that that fellow was an eighth remembrance spirit emperor!

Sixth remembrance to seventh remembrance was already a hard leap to make. And when Chu Mu got to seventh remembrance, it’s been half a year without much progress. One could see just how large the gap between eighth and seventh remembrance was. At least in a pure collision of soul remembrances, Chu Mu could feel the pressure Chen Fang could put on him!

After finishing his incantation, a demon appeared before Chen Fang, a familiar soul pet that Chu Mu had seen in a bewildering world before: Blue Galactic Demon Emperor!

The blue galactic demon emperor at the time was only pseudo emperor rank. Yet, the blue galactic emperor rank that Chen Fang summoned was definitely top tier emperor rank, with a demon aura even stronger than Mo Xie!

Mo Xie had already removed pitiful appearance. Her silver eyes glared coldly at the demonic blue galactic demon emperor!

The blue galactic demon emperor was incredibly fast. After Chen Fang summoned it into the palace, the blue ghostly figure disappeared in front of Chu Mu. A leaf blade extended with the blue cape like tail, drawing a sharp arc within the flaming palace!

Mo Xie's seven life fox shadow was instantly scattered by this technique, sending countless silver fur around the palace.

Mo Xie's real self couldn't dodge such a swift attack in such a small space. When she stepped again down in the hall full of flames, a bright red wound was now on her body, dripping blood slowly under the bleeding effect of the blue galactic demon emperor.

Mo Xie didn't care about the blood leaking out because, being naturally fight-seeking, Mo Xie hadn't felt pain and bled in a while. Such a stimulus only strengthened Mo Xie's fighting intent!

“Sousou!!!!!!”

Mo Xie's body became a silver blur, as her long tails spread through all the sturdy pillars of the hall, creating countless confusing clouds!

Mo Xie hid within the massive tails that kept interweaving between the pillars. The blue galactic demon emperor also became a nearly invisible blue blur. Both of their speeds were at an extreme of emperor rank!

Cold glows, demon shadows, blood marks, the hall was completely barraged by clashes of silver and blue energy. The energy that usually would spread tens of kilometers away were all compressed into this sturdy palace, creating an energy that caused space itself to distort and the palace to shake!

“Shua!!!! SHUA!!!!!!!!!!”

Silver glow and blue blade beams suddenly intersected at the center of the palace. Immediately, two spurts of blood sprayed out, and Mo Xie's countless silver figures stacked together and appeared in front of Chu Mu.

The blue galactic demon emperor slid to the edge of the palace and heavily slammed into the wall, leaving an imprint. Blood flowed down from the arm that could shift into a blade.

The blue galactic demon emperor clearly was wounded due to Mo Xie's many types. Mo Xie's nine tails especially had a great threat to the blue galactic demon emperor. Not only could they be used to block techniques, they could also explode forth as weapons with surprising power!

However, Mo Xie didn't have much of an advantage in this fight either. The poison of the dark fog snake was already taking effect, causing Mo Xie's defense to be very weak and her wounds to start getting rotten from the poison.

Seeing that Mo Xie was evenly matched against the blue galactic demon emperor, Chu Mu remained calm.

He remembered that at the time, being chased by Xia Guanghan to the edges of the forbidden realm bewildering world, the blue galactic demon emperor that Chu Mu saw was shockingly powerful to him.

Now, the blue galactic demon emperor was far stronger than the one he met before, yet Mo Xie could still come out evenly matched against it after fighting the dark fog snake. It seemed as if the powerful organisms in Chu Mu's past were no longer anything significant.

The opponent clearly couldn't continue to fight single control against him!

Indeed, when Mo Xie and the blue galactic demon emperor fought, Nie Yunbing cast an incantation and summoned three soul pets at once!

In this battle, no matter how sturdy Tianxia palace was, no matter how sturdy the outer layer was, someone will eventually notice. Once the three palace people came forth, their plan would fail, so Nie Yunbing had to take Chu Mu down quickly.

After Nie Yunbing summoned the three soul pets, he immediately commanded them to pounce at Chu Mu!

These three soul pets were beast type, bug type, and vine type top tier emperor, but they had a commonality: all of them had poison. Even emperor rank organisms had lethal danger if they touched this poison.

“Chen Fang, try your best. If the three palace people get here, all of our efforts will be lost.” Though Nie Yunbing was very dissatisfied by Chen Fang’s arrogance, he had to use him to defeat his opponent quickly.

Chen Fang nodded, and no longer fought Chu Mu’s seven sin fox with one soul pet, summoning another three main soul pets!

Chen Fang’s three main soul pets were clearly stronger than Nie Yunbing’s. And from his perspective, six top tier emperor ranks could cause Chu Fangchen to lose all chances to even struggle!

Chen Fang gave a command, and his three main soul pets pounced over as well!

This way, six top tier emperor rank soul pets attacked Chu Mu at once. In such a situation, even invincible emperor ranks would find it hard to deal with!

Chu Mu wasn't hurried. In his silver pupils, these six top tier emperor rank's attacks were unimaginably slow. In fact, Chu Mu even had the time to casually exchange a few thoughts with Mo Xie mentally.

"Mo Xie, your mission today is to defeat that blue galactic demon emperor. Qingzi just happens to be missing a top tier emperor rank demon crystal as an ingredient." Chu Mu said to Mo Xie with his soul remembrance.

"Wuwuwu~~~~~" Mo Xie quickly replied with her mental voice as well.

"Don't get greedy, deal with the blue galactic demon emperor first. These fellows aren't that easily defeated." Chu Mu said.

If Chen Fang, Nie Yunbing, and Zhu Zizhan knew that Chu Mu was still talking to his soul pet about unrelated matters when their soul pets already attacked, their expressions would definitely go sour.

In reality, when the soul pets all attacked Chu Mu, their expressions weren't much better. Their eyes nearly popped out in shock!

Because, when all their soul pets attacked at once, Chu Mu disappeared!

"How.....how is this possible! He..... where did he hide?" Nie Yunbing was the first to speak out!

Chen Fang reacted quickly. After their initial surprise, they immediately used their soul remembrance to look around for where Chu Mu disappeared within the palace.

“He’s still in this palace, his aura is still here!” Chen Fang said.

“But where is he?!” Nie Yunbing, of course, knew that Chu Fangchen was still in this palace. Unless directly destroyed, this palace can’t be escaped. Even other type spatial movements would get stopped by the prison barrier outside!

“Shua!!!!!!!!!!!!”

Suddenly, a ripping sound came from aside, sending a spurt of blood onto a pillar and onto Chen Fang’s feet!

Chen Fang quickly turned around to find that the seven sin fox had since sometime engaged his blue galactic demon emperor too, starting a bloody battle on the other side of the palace.

“Go, kill that seven sin fox!” Chu Fangchen wouldn’t let his blue galactic demon emperor be hurt further, and immediately commanded his ice witch demon emperor to cast an ice type technique towards the seven sin fox!

The same moment the ice witch demon emperor was released, almost the entire plaza was frozen over, creating a thick layer of ice over the ground, roof, and pillars.

Yet, the ice witch demon emperor's ice power couldn't completely cover the thin distance between seven sin fox and ice witch demon emperor while they fought!

This strange scene caused Chen Fang to be utterly confused. When he used his soul remembrance to inspect the space, it was close yet extremely far for Chen Fang- as if there was a light source he could never reach!

“What.....what is wrong!!” Chen Fang seemed worried. He had never met such a strange thing in the past!

“It has to be Chu Fangchen, it could be a dreamland technique!” Nie Yunbing was the first to react and said angrily.

Both of them silently summoned soul pets yet they didn't notice this dreamland within the palace. Now that the opponent was probably hiding in a corner of the dreamland. If they broke this illusion, they could easily take this person down!

“Why is this illusion so realistic?” Chen Fang stared cluelessly at the blue emperor rank.

In such a realistic dream, didn't this mean that his demon fox was more powerful than all his soul pets?

Looking at the palace become dark again, Chu Mu's eyes burned silver, as they hid in the shadows, intently watching these clowns!

To kill them, it was very simple. Yet, to kill them would also reveal his techniques. No other being could kill Nie Yunbing and Chen Fang other than dominator rank power.

Thus, upon dealing with them, Chu Mu just used a simple mirror space technique. Putting Mo Xie and Blue Galactic Emperor Master together, Mo Xie had a 60% of winning.

Chapter 929: Playing with the Enemy

“You can’t hide!!” Nie Yunbin was a bit jittery as he spoke, and he ordered his three poison pets to begin spraying poison!

As the three poison pets opened their mouths, the Tianxia King’s Palace was instantly engulfed and submerged in a poison tide.

The poison had extreme corrosive properties and the frozen ground and walls slowly began to melt. Even the specially made pillars began to collapse from the bottom!

The poison began to rise, and a thick stench filled the palace!

Zhi Zizhan’s strength was comparatively much weaker. Even the stench itself was enough to make him suffocate. In an instant, this fellow’s face turned green and veins began to bulge!

Of course, Nie Yunbin wouldn’t allow Chen Fang and Zhu Zizhan to be infected by the toxic poison. When the poison submerged practically half of the great hall, Nie Yunbin used a poison screen, protecting Zhu Zizhan, Chen Fang and Chen Fang’s soul pets inside.

“Let’s see how long you can last for!” Nie Yunbin continued to order his soul pets to use poison to drown the entire great hall!

“The poison has already submerged half of the great hall. Why hasn’t the illusion broken?” Chen Fang creased his brows and looked at the isolated space on the other side.

The poison wasn't blocked by the spatial isolation, and it flowed into the special space where Mo Xie and the Blue Galactic Demon Emperor were fighting. However, Chen Fang discovered that his attempts to recall the Blue Galactic Demon Emperor were blocked by some special force. This meant that he and his soul pets were incapable of interfering in the fight between the Blue Galactic Demon Emperor and the Seven Sins Fox!

"My three soul pets respectively have blood poison, soul poison, and life poison. Even a stronger person and his soul pet's body, soul and life would be heavily poisoned by staying for a long time in this poison-filled space. I can guarantee that within five minutes, he will appear!" Nie Yunbin was very confident as he spoke!

Nie Yunbin's proficiency towards utilization of poison had already reached a godly realm. When the three poison properties were combined together, the poison would be even stronger. Even if the enemy could use a poison screen, they wouldn't be able to escape unscathed!

Chen Fang was helpless right now and could only wait.

However, before long, he began to grow nervous!

He wasn't nervous because Chu Fangchen hadn't appeared yet, but because in the isolated space, his Blue Galactic Demon Emperor was gradually falling into a losing situation under the Seven Sins Fox's berserk attacks!

The isolated space was only 100 meters away, but Chen Fang couldn't do anything but watch as the wounds on his Blue Galactic Demon Emperor continuously accumulate.

.....

The more Mo Xie fought, the braver she got. It had been a long time since she last fought and the flames covering her body were even more intense than the past, while her method of fighting was more ferocious. The Blue Galactic Demon Emperor could only weakly deal with her.

“Hu hu hu hu hu~~~~~”

Beautiful and bewitching red flames filled the area above the poison, and Mo Xie’s silver body slowly became illusory in the torrential red flames. The only thing left behind were her silver pupils, that seemed particularly demonic amidst the flames!

Suddenly, a demonic light blossomed from Mo Xie’s eyes. It was as if a silver light shot out of a serene flaming world!

Red Flame Purgatory!!

Space began to strangely distort, and everything around her was filled with thick red flames!!

“Hu hu hu hu hu!!!!!!”

Tongues of flames danced in the breeze, resembling countless long red dragons that proudly and domineeringly flew through the space filled with red flames.

The Blue Galactic Demon Emperor was at the depths of this Red Flame Purgatory. It didn't matter how fast it was. It was trapped. The only thing it could do was fearfully dodge the flying fire dragons!

The omnipresent red flames were like an enormous flaming cauldron. The Blue Galactic Demon Emperor was incapable of dodging these powerful fire dragons' charges and flames. It also had to suffer the high temperature burning of the Red Flame Purgatory!

"Hui!!!!!!!!!!!" the Blue Galactic Demon Emperor let out a pained cry. Its blue body had been lacerated by the flames.

Seeing this, Chen Fang grew panicked!

Obviously, in a one on one fight, the Blue Galactic Demon Emperor was not this powerful Seven Sins Fox's opponent. It now had heavy injuries from the red flames. If he didn't recall it back in time, it would be killed!

"Why hasn't the illusion been broken yet!" Chen Fang was a bit angry as he spoke.

The moment he finished speaking, one of Mo Xie's tails, in the form of a long dragon, whistled past the Blue Galactic Demon Emperor, striking the Blue Galactic Demon Emperor. The Blue Galactic Demon Emperor's body was engulfed by flames and was knocked flying into the wall of the great hall. It nearly reduced the great hall into rubble!

"How are you so trash! Is breaking the illusion so hard?!" Chen Fang impatiently roared.

A little bit longer, and his Blue Galactic Demon Emperor would be roasted to death!

Nie Yunbin's face immediately became dark. He silently cursed Chen Fang. If he had the ability, why didn't he just break the illusion himself? Why bother yelling at him?!

However, Nie Yubin was also a bit anxious right now. Logic dictated that once the great hall was covered by poison, Chu Fangchen should be quickly forced out. A normal person would not be able to withstand this extreme poison for so long.

However, the opposing party was still hidden somewhere in the great hall, leaving him in a bind. Everything was too weird!

"Senior Poison Desolation... Senior, could you get your soul pets to expel the poison? I... I can no longer breathe." at this point, Zhu Zizhan began begging in a weak voice.

Zhu Zizhan's expression was no longer filled with the elation of vengeance. His entire being was fumigating with poison so badly that it was difficult to look at. Even the skin on his face was lacerating, making him look disgusting and ugly!

"Hmph, useless thing!" how could Nie Yunbin recall the poison? He ignored Zhu Zizhan, as if he wanted him to just commit suicide.

"No!!" suddenly, Chen fang let out an unpleasantly sharp cry!

Nie Yunbin immediately turned around and discovered that the Blue Galactic Demon Emperor in the isolated space had been completely engulfed in flames. Its skin was torn open and the flames were spilling into its flesh.

The Blue Galactic Demon Emperor no longer had the ability to stand. It could only move in a disarray amidst the red flames, and struggle in pain on the brink of death.

The flaming energy was linked to the soul, causing Chen Fang to experience the scorching pain. Seeing the Blue Galactic Emperor's life force rapidly fade in the flames, Chen Fang clutched his indignant and pained face as if he was going to rip off his own skin!

The previous arrogance on Chen Fang had vanished without a trace. His berserk eyes resembled a starved and berserk wild beast searching for prey. The moment he found Chu Mu, he would eat him alive!

However, no matter how much resentment there was in Chen Fang's heart, he was incapable of finding Chu Mu!

"Even if I destroy this place, I will take your life!!" Chen Fang madly roared. He unexpectedly ordered his soul pets to use a technique on the entire Tianxia King Palace!

"Don't be impulsive! If you destroy this place, we'll all be in trouble!" Nie Binyun hastily warned.

This place was the Tianxia King Palace. Although it had been abandoned for many years, it still carried an extremely important meaning in Wanxiang Altar. If it was destroyed, not only would they incur the wrath of Wanxiang Realm's lord, but the next Tianxia King would not let them off easily, and force them to atone for the sins of destroying the palace. It was no easy matter to construct a palace that could withstand the attacks of a peak emperor attack!

Chen Fang was seething in anger and couldn't care less. Thus, he didn't stop his order!

“Show yourself!!! Show yourself for me!!!” Chen Fang, who had lost a soul, transformed into a berserk beast, not controlling any of his soul pets’ energy.

The energy created by peak emperors was not something a mere great hall could withstand. As the techniques of the three peak emperors blossomed, the entire great hall began to violently shake!!

The barrier on the outside of the Tianxia King’s Palace began to crumble and everything inside the great hall was destroyed. The poison began to also seep through the cracks, and onto the outside.

“Long long long long~~~~~”

The mountains around the Tianxia King’s Palace also began to tremble and the numerous intersecting pathways of stairs began to split apart.

Rocks began to roll down the mountain, smashing into a few palaces at the bottom.

The cowardly servant girls living nearby let out a shrieks and fled in a fright towards the wider patch of land.

.....

As Chen Fang madly sought vengeance, at the very peak of the great hall, a pair of silver eyes were demonically staring at him and his soul pets. At the depths of these eyes was a sense of mockery!

With dominator rank other type strength, Chu MU could cause space to intersect and change as he willed. Added on the secondary darkness attribute, he could hide himself. Even if Chen Fang's soul pets were to randomly attack the entire Tianxia King's Palace, they would not be able to harm even a hair on Chu Mu.

Chen Fang, Nie Yunbin, and Zhu Zizhan simply didn't know that they were not able to find traces of Chu Mu not because Chu Mu had used some witchcraft and confused their line of vision. Nor had he created some illusion. Instead, what they were facing was a dominator rank expert, who fundamentally was not on the same level as them!

Moreover, as long as the enemy wanted it, the lives of their soul pets and themselves would be left behind here.

.....

Under Wanxiang Altar.

"It's there!! It's the Tianxia King's Palace!!" Senior Elder Teng raised his head and pointed at the wobbling Tianxia King's Palace where enormous energy was seeping out of as he shouted.

The moment Senior Elder Teng finished speaking, a Titan Giant appeared. It stepped on the misty clouds and quickly flew towards the Tianxia King's Palace!

The man controlling the Titan Giant was the Diagram Supreme Ke Yin, who possessed absolute power and status in Soul Palace and Soul Pet Palace!!

At the same time, above the Tianxia King's Palace was a unique phoenix species with golden flames that was beating its wings. It resembled a noble and haughty ardent sun that was descending on the Tianxia King's Palace.

Chapter 930: Swords Drawn and Bows Bent

The appearance of the dominator rank Crown Phoenix King ushered in the enormous might of the strongest creature there!

A dazzling golden light covered the area. The Crown Phoenix King lightly beat its wings, and its arrogant eyes coldly stared at the three soul pets acting wildly in the Tianxia King's Palace!

Several gaps had been opened up by Chen Fang's soul pet's destruction. A noble figure was silently waiting above the great hall. Chen Fang's three soul pets were initially wantonly and fearlessly releasing techniques. However, when those eyes fell on them, they timidly retreated back to their master.

Under the Crown Phoenix King, the six peak emperors were insignificant. They no longer dared to make any rash moves. Chen Fang and Nie Yunbin were soaked with sweat as they stood there, staring in fear at the woman standing atop of the Crown Phoenix King!

Wanxiang Altar was the most magnificent symbol of Wanxiang Realm. Although most of it was controlled by the three great palaces and Soul Alliance, neither faction dared destroy the palaces because the owner of the palaces here was the Wanxiang King, Mu Zitian.

Mu Zitian's deterrence ability in Wanxiang realm was not inferior to Soul Alliance's Alliance Master. He had given Wanxiang Altar's palaces to humanity's experts as a gift, while also forbidding the destruction of humanity's first great palaces that had taken countless years to construct.

Every expert that obtained a Wanxiang Altar palace complied with these rules extremely strictly. This included even the Hero experts.

However, the Tianxia King's Palace had been completely destroyed by Chen Fang. Even the barren mountains extending outwards were wobbling. This was absolutely a huge taboo to Wanxiang Altar!

Unfortunately, right now, the successor of the Wanxiang King, Mu Qingyi, was coldly glaring at them. Adding on the powerful might of the dominator rank, Chen Fang, Nie Yunbin and Zhu Zizhan were all in a panic. Why would they dare continue acting recklessly with the War Goddess' dominator rank Crown Phoenix King above them?

Mu Qingyi swept her gaze across, and saw the poison all of the great hall and she her heart sank.

Mu Qingyi knew that Chu Fangchen could only dual control at most. However, the people that had ambushed him were Nie Yunbin, with Desolation strength, and Mo Ling's trusted aide Chen Fang, whose strength was even above Nie Yunbin's!

If the two of them had allied together, it should have been very difficult for Chu Fangchen to have dealt with them in this confined space. Perhaps he had already transformed into pus that was now mixed in with this nauseating poison.

Mu Qingyi's chest faintly undulated. A mysterious anger surged in her heart. She had initially believed that Soul Alliance's people would at least be mindful in Wanxiang Altar. Yet, here were Soul Alliance's people brazenly taking advantage of the palaces to kill others. They had even destroyed the important Tianxia King's Palace to such a degree!!

"Your Majesty, please calm down, please calm down!!" when Chen Fang saw Mu Qingyi appear, his brain immediately awakened, and he fearfully knelt down.

Nie Yunbin realized that the situation had gotten out of control and he hastily kneeled down as well. He pointed at Chen Fang and said: “Your Majesty, I reminded Chen Fang not to forget the Wanxiang King’s rules many times. However, Chen Fang didn’t listen to me and he monomaniacally ordered his soul pets to use techniques to destroy this palace...”

“You!” Chen Fang saw that Nie Yunbing was unexpectedly putting all of the blame onto him. Instantly, his eyes went red and he roared: “This was your idea! It was you that chose the Tianxia King’s Palace. And here you are now betraying your benefactor... Nie Yunbin...”

“Your Majesty, you can see that the destruction of this palace all came from his soul pets’ techniques...”

Both of them knew very well that angering this woman would not lead to a good end. Now wasn’t the time to speak of friendly relations. Moreover, Nie Yunbin already didn’t like Chen Fang’s arrogant attitude. Perhaps he could use this opportunity to make him fall.

Mu Qingyi looked expressionlessly at these two people, allowing them to continue their laughable performance.

A while later, Chen Fang and Nie Yunbin realized that this queen simply didn’t care about their squabbles. Gradually, they shut up because they understood that if they continued, they would only increase the anger of this woman they couldn’t afford to offend.

“Are you finished?” Mu Qingyi sneered.

The two of them lowered their heads, not daring to say anything.

“The three of you can return.” Mu Qingyi coldly said.

“We can return?” the three of them kneeled on the ground looked at each other. This outcome was very surprising.

“Yes.” Mu Qingyi apathetically nodded her head. Then she coldly added, “In three days, someone will come to bring you to the Sealed Tower.”

When the three of them heard “Sealed Tower”, they instantly paled, and a mysterious coldness welled up inside of them.

The Sealed Tower was a true hell. Chen Fang and Nie Yunbin had both guessed that they would be punished this time. However, they never expected Wanxiang Realm’s Queen would lock them up in the Sealed Tower!!

“Your Majesty, we... we definitely will restore this palace. Please calm down!” fearfully said Chen Fang!

Perhaps Chen Fang carried a bit of hope that at least with the Fourth Hero Mo Ling, his punishment wouldn’t be as severe. However, if he was truly sent to the Sealed Tower, his entire life would be ruined!

Nie Yunbin also didn’t expect the Heavenly Concubine to send him into the Sealed Tower because of a single palace. He froze up and his mind went blank.

Nie Yunbin was part of the younger generation, and his future was definitely much more promising than Chen Fang's. The entirety of Soul Alliance viewed him with much importance. If something happened to him, Soul Alliance would even use a Hero to protect him.

He had pushed the blame to Chen Fang, because he understood that Soul Alliance would rather heavily punish Chen Fang and allow him to escape harm. Moreover, he was certain this woman would take account of Soul Alliance's power and put all the blame onto Chen Fang.

However, the reality of the situation completely surpassed his expectations. He was absolutely shocked that Mu Qingyi wanted to throw him into the Sealed Tower!!

"Your Majesty, although the two of them are in the wrong, there's no need to be so harsh with the punishments." at this point, a man's voice slowly floated in.

Hearing this voice, Chen Fang seemed to have seen his saviour. His face broke out into a trace of happiness and he looked with expectation at the man flying in.

Mu Qingyi didn't need to look at the person arriving and knew it was the Fourth Hero Mo Ling. She knew that Mo Ling harbored hard feelings towards Snow City, and thus would have Chen Fang assassinate Chu Fangchen!

"It's not harsh. It's merely sealing their three main pets!" Mu Qingyi harrumphed.

"Three.. Three main pets!" Chen Fang and Nie Yunbin were stunned!

Wasn't it merely a palace? At the very least they could just spend a lot of money to restore it. If their three main pets were to be sealed, they would pretty much be crippled!

Indeed, sealing soul pets was even more severe than wounding a soul or the death of a soul pet.

One year after a soul pet died, the soul would recover and that person would be able to look for a new soul pet. However, if a soul pet were to be sealed, that soul would be forever unusable!

Chen Fang and Nie Yunbin would both rather have five souls wounded than three soul pets sealed!

The Fourth Hero Mo Ling creased his brows. He also never expected Mu Qingyi to be so fierce. She didn't seem like she would give him face.

As they were speaking, an enormous saint beast appeared beside the palace. The rider was Soul Palace's Diagram Supreme Ke Yin!

Behind Diagram Supreme were a group of three great palace experts flying here. There were a total of fifteen people and they were all senior elder and elder rank experts!!

Mo Ling creased his brows. Didn't such a powerful team of experts from the three great palaces mean that they were going to start a war with Soul Alliance?!

"If he's dead, you will accompany him!" Diagram Supreme Ke Yin didn't even look at Nie Yunbin and Chen Fang. Instead, his eyes were like lightning as they stared at the Fourth Hero Mo Ling!

Ke Yin knew that the person who wanted to kill Chu Fangchen was Mo Ling. Chen Fang simply didn't have the guts to touch a person of this rank in the three great palaces!

“The previous Diagram Supreme probably wasn’t even as bold as you.” Mo Ling contemptuously laughed.

However, when he discovered that four senior elders, three elders and three retired experts had appeared behind Diagram Supreme Ke Yin, his expression grew visibly unsightly.

There were a total of fifteen people. If they attacked, he would not be able to defend against them. Most importantly, none of these elders, senior elders, or retired experts were to be trifled with. Among them were a few that even he feared!

The baseline requirement for an elder of the three great palaces was a high class emperor while for a senior elder, one had to have a peak emperor.

However, this didn’t mean that everyone with a high class emperor or peak emperor was an elder or senior emperor. Elders and senior emperors were chosen from these experts. Their strength had to be outstanding, or they had to be a person of virtue and prestige. It was undoubted that all of these people were those with outstanding strength in the three great palaces!

Mo Ling never expected that a single Chu Fangchen could make the three great palaces mobilize such a high ranking team!

“Do you still feel that I’m being arrogant?” Diagram Supreme Ke Yin’s tone carried killing intent. It seemed that he really had the intention of taking action!

Mo Ling grit his teeth in anger. However, he couldn’t afford to underestimate them at all!

“I didn’t teach my subordinate strictly enough. He had evil intentions towards your people. I’m only asking you to be lenient, but you can do whatever you want.” Mo Ling’s attitude quickly changed, and he pushed all the blame onto Chen Fang.

When Chen Fang heard this, he seemed to have been struck by lightning and was stunned!

“Senior, how can you...” Chen Fang had always been loyal to Mo Ling. He never expected Mo Ling to betray him!

“What a scumbag!’ at this moment, a mocking voice rang out from the elders and senior elders.

This voice immediately angered Mo Ling. Mo Ling immediately went red and he stared daggers at the person who spoke.

The person who had cursed Mo Ling was Teng Lang. Teng Lang happened to now have a ice type peak emperor because of Chu Mu. If something happened to Chu Mu, Teng Lang would take that person on even if he knew he wasn’t his opponent. He wouldn’t forget Chu Mu’s favor!

“Diagram Supreme... We couldn’t find Chu Fangchen...” in the deadlock, four elders walked out from the completely destroyed Tianxia King Palace. Their faces were abnormally unsightly as they spoke.

Their words caused the faces of the three great palace members to change. Could Chu Fangchen really have perished under the poison so much so that not even his bones remained?!
