

SOVEREIGN 1771

Chapter 1771: Divine Ability — The Six Harmonies Golden Body

If the khaki light around the gigantic statue's body was a defensive technique of the Divine Ability, then this Divine Ability must be absolutely wonderful!

Although Duan Ling Tian did not use all his might when he slashed at the statue earlier, it was still equivalent the entire strength of an ordinary Martial Cultivator at the peak of the Refined Saint Stage.

However, the strike had been blocked by a gigantic statue at the Mastery Refined Saint Stage instead.

Naturally, Duan Ling Tian had also noticed although the gigantic statue had blocked his attack, the khaki light around its body began to dim as well. Moreover, its body seemed to become heavier, and its speed was decreasing as well.

'It seems like this Divine Ability is powerful, but it depletes a lot of energy as well. When it blocked my sword earlier, it has almost used up its entire strength. Currently, it's like an arrow at the end of its flight.' The moment Duan Ling Tian thought of this, he slashed his golden light sword again with a flick of his wrist.

This time, he directly decapitated the gigantic statue's head.

Crashed!

Now that its head was shattered, the gigantic statue crashed on the ground and lost its vitality immediately.

"Huh?" However, at the moment the gigantic statue collapsed, Duan Ling Tian realized the place seemed to be vibrating again as a wave of dense aura shrouded the floor he was on in just an instant. The vibe it emitted was ancient as though it had seen the vicissitudes of life.

"This is..." Soon after, Duan Ling Tian's gaze landed on the space that was emitting the aura.

There seemed to be a crack in the air. Inside that crack, a gigantic stone tablet appeared out of nowhere. The stone tablet descended on the ground, causing the entire tower to vibrate a little.

The stone tablet laid on the ground, emitting an ancient vibe that was filled with the vicissitudes of life. It was as though it was trying to tell everything in its surroundings that it had existed for a long long time.

"Six Harmonies Golden Body? This is a Divine Ability?" When Duan Ling Tian's Divine Consciousness tried to probe the stone tablet, he noticed a message was sent back to him from the tablet.

At this moment, he realized he was right about a Divine Ability Relic being stored in the tower. This stone tablet was exactly one of the Divine Ability Relics inside the Saint Martial Secret Zone.

"Looks like everything I've gone through earlier was just a test before I'm able to obtain it... The defensive Divine Ability that the gigantic statue mastered is none other than this Six Harmonies Golden Body. Although it's called the Golden Body, the Divine Ability's energy that covered the surface of the

gigantic statue was khaki in color.” Duan Ling Tian also understood that it was exactly because the gigantic statue had activated the Six Harmonies Golden Body that his first slash with his sword was unable to break its defense.

“Even if a person who’s at the peak of the Refined Saint Stage has cast the strongest defense in the Earth Rank Saint Grade Martial Tactic, he would still be unable to defend against my sword earlier. The gigantic statue, on the other hand, managed to withstand it by only using the True Origin at the Mastery Refined Saint Stage and the Divine Ability, the Six Harmonies Golden Body.” When Duan Ling Tian recalled the scene earlier, he knew the Divine Ability, the Six Harmonies Golden Body, was not something ordinary.

Just when Duan Ling Tian was about to memorize the Six Harmonies Golden Body, he heard a commotion that caused him to snap back to reality. At the same time, he extended his Divine Consciousness and looked at the entrance of the staircase.

After a span of more than ten breaths, three figures walked in one after another.

“What’s going on?”

“There seem to be two piles of stones on every floor. Does this place really contain the Divine Ability Relic?”

The three young men who climbed up to the final floor of the tower discussed among themselves.

Soon after, their eyes landed on the gigantic stone tablet in the distant.

“What’s that?”

“Could it be a Divine Ability Relic?” Somebody answered and three pairs of eyes lit up immediately. They instantly walked nearer so they could study the Divine Ability Relic.

“We meet again.” At this moment, an indifferent voice reverberated behind the three men suddenly. It was none other than Duan Ling Tian who had somehow appeared behind them.

Based on Duan Ling Tian’s words, it was as though he knew the three men before him. To be exact, it seemed as though he knew some of them.

When two out of the three men heard this sentence from behind them, horror dawned on them immediately.

“L-Ling Tian!” They were no strangers to this voice. It was Ling Tian’s voice. He was the strongest person among the younger generations in the Mystical Sky Mansion. It was also the Ling Tian whom they had escaped from previously.

That was right!

Two out of the three people were none other than Peng Cen and Hu Rui, the Mystical Palace’s disciples who had seized the chance to run away when Duan Ling Tian was chasing after Zhao Ji.

It did not cross their minds that they would meet Duan Ling Tian here.

“Ling Tian?” At the same time, the third person finally turned around and looked at Duan Ling Tian who was standing nearby in shock.

It was apparent he did not expect to meet Duan Ling Tian here.

“Both of you...” However, the man soon noticed Peng Cen and Hu Rui’s faces that had turned pale as though they were afraid. His heart jolted immediately as a thought popped up in his mind.

He immediately took a few steps back and distanced himself from the two men.

After he had taken a few steps back, he hastily explained to Duan Ling Tian, “Ling Tian, I’m actually not that close to them. I’m a Yellow Palace’s disciple. I just happened to pass by and was dragged along by them to explore this place.”

Duan Ling Tian glanced at him indifferently before nodding. Then, he turned to look at Peng Cen and Hu Rui again. “How brave both of you are! To think you dare to disregard my words just like that.”

Peng Cen and Hu Rui lowered their heads and could not come up with any reply.

Naturally, they were feeling extremely remorseful at this moment. If they had known Duan Ling Tian would find this place just by knowing the general direction, they would not have escaped.

Whoosh! Whoosh!

When Duan Ling Tian saw the two of them keeping quiet, he was too lazy to talk to them anymore. With just a raise of his hand, two streaks of sword rays rapidly flew across the room and killed them. To be more exact, it killed their clones.

At the instant when their clones were killed, both of their Divine Consciousness also returned to their bodies before they were kicked out by the Saint Martial Secret Zone

Currently, only Duan Ling Tian and that Yellow Palace’s disciple were left on the highest level of the tower.

“You’re not going to leave? Don’t tell me you also want to leave together with them?” Duan Ling Tian asked as he glanced indifferently at the Yellow Palace’s disciple.

The Yellow Palace’s disciple had long been scared by Duan Ling Tian’s earlier actions. He did not expect Duan Ling Tian to decisively attack and send Peng Cen and the other man out.

When he heard Duan Ling Tian’s words, he immediately snapped back to reality and hastily turned around to head downstairs.

He only had one thought in his mind now, and it was to leave this place as soon as possible.

He did not dare to think of the Divine Ability Relic at all.

With Ling Tian here, he would not have a share at all even if it was a high-grade Divine Ability Relic.

After that Yellow Palace’s disciple left, Duan Ling Tian’s Divine Consciousness merged with that gigantic stone tablet again, and he began to memorize the Divine Ability contained in it, the Six Harmonies Golden Body.

When Duan Ling Tian was memorizing the Divine Ability, the Six Harmonies Golden Body, the group of people outside the Saint Martial Secret Zone noticed a commotion in the entrance of the Saint Martial Secret Zone again.

Soon after, they saw two people emerging from the entrance.

“Peng Cen? Hu Rui? Why did you t-two come out as well?” Upon seeing these two men, the Palace Master of Mystical Palace could not help but be taken aback.

These two people were disciples from his Mystical Palace. Both of their cultivation base had already entered the peak of the Pristine Saint Stage, and in terms of strength, they ranked at the top among the Mystical Palace’s disciples at the peak of the Pristine Saint Stage.

However, they had been eliminated in just three days. They were only half a day later than Zhao Ji.

“Lord Palace Master, we were eliminated by Ling Tian.” Peng Cen and the other man smiled wryly. At the same time, they glanced at Zhao Ji who was standing nearby, and they did not feel too bad anymore.

It was fortunate they were not the first one to be kicked out.

Seeing another person who ranked the lowest, especially someone at the Intermediate Refined Saint Stage, they did not feel too sad even though they felt regretful for being eliminated.

“Ling Tian again!” Upon hearing Peng Cen’s words, the place broke into an uproar again. “What’s that little fellow trying to do?”

The Palace Master of Mystical Palace looked at Peng Cen and the other man before asking in a deep voice, “Both of you have enmity with Ling Tian as well?”

“Lord Palace Master, before we entered the Saint Martial Secret Zone, we’ve never interacted with Ling Tian before,” Peng Cen replied bitterly.

“Then both of you...” The Palace Master of Mystical Palace frowned immediately. He thought he had good judgment. Although he had only seen Ling Tian before and had never interacted with him, he did not think he was someone who would create trouble for no reason.

When Peng Cen saw the crowd’s baffled expressions, he quickly recounted what had transpired between them and Ling Tian, including how they had escaped when he was chasing after Zhao Ji.

“Both of you are really... How could you just abandon him and escape just like that? If it was someone else, they wouldn’t have let both of you go as well.” The Palace Master of Mystical Palace shook his head and did not blame Ling Tian. If he was in Ling Tian’s shoes, he would have done the same thing as well.

It was not only the strongest of the species that survived, but the quickest to act as well.

This was the rule of survival. It’s nature’s selection.

Peng Cen continued to tell them when they encountered Ling Tian again, they saw a gigantic stone tablet that looked like a Divine Ability Relic.

“What?” When Zhao Deng heard Peng Cen’s words, horror dawned on his face immediately. “You mean... Ling Tian has already obtained a Divine Ability Relic?”

Zhao Ji who stood beside Zhao Deng had a terrible expression as well.

He was kicked out by Ling Tian only after three days of entering the Saint Martial Secret Zone. On the other hand, Ling Tian had already obtained a Divine Ability Relic so quickly!

He hated it!

He itched to shred Ling Tian into thousands and thousands of pieces.

“That should be the case.” Peng Cen nodded.

After Peng Cen’s confirmation, the crowd broke into an uproar again. “It has only been three days, but Ling Tian has already obtained a Divine Ability Relic?”

“I wonder what Divine Ability Relic it is!”

Soon after, the Palace Master of Earth Palace looked at Peng Cen and the other man as he asked, “Hey! Both of you! Tell us the characteristics of the place that houses the Divine Ability Relic!”

In the history of Mystical Sky Mansion, whoever entered the Saint Martial Secret Zone and obtained a Divine Ability Relic would have to follow the Mystical Sky Mansion’s rules and reveal the process of how they obtained the Divine Ability Relic.

So many years had gone by, and the Mystical Sky Mansion had also recorded quite many ways of obtaining various types of Divine Ability Relics.

If somebody went through the same process, they could use the record to deduce the type of Divine Ability that the Divine Ability Relic contained.

Chapter 1772: A Month Later

“A six stories tower that one could only enter after one has killed three wild beasts that could coordinate their attacks?”

“There are two piles of stones on every level?”

“Other than the two piles of stones, there’s also a gigantic statue on the sixth floor? And there’s a stone table that might be a Divine Ability Relic?”

The high-ranking officials present on the scene learned about six stories tower from Peng Cen in detail.

“If I remember correctly, it should be the Six Harmonies Tower! The Divine Ability that Duan Ling Tian obtained must be the Six Harmonies Golden Body!” In the end, Meng Qing, the Mansion Master, regained his senses first. He continued to say, “Although the Six Harmonies Golden Body can’t be considered as a high-grade Divine Ability, it’s not weak as well. Among the Divine Abilities in the Saint Martial Secret Zone, it would be ranked as a medium-grade Divine Ability.”

“To think that it’s a medium grade Divine Ability!” Everyone immediately broke into an uproar again.

Initially, they had thought since Ling Tian had only entered the Saint Martial Secret Zone for three days, it would be considered good enough if he found and obtained a low-grade Divine Ability Relic and Divine Ability. They did not expect Ling Tian would find and obtain a medium-grade Divine Ability Relic and Divine Ability.

“I’ve heard of the Six Harmonies Golden Body before. It seems like it’s a defensive Divine Ability!” Qian Ping Sheng, the Palace Master of Yellow Palace, chimed in.

“A medium-grade Divine Ability... Damn it!” After hearing that Duan Ling Tian had obtained a medium-grade Divine Ability, Zhao Deng and his son’s expressions turned even graver. Their hatred toward Duan Ling Tian also grew a lot.

“Not bad, not bad.” Zhu Lu Qi, the Palace Master of Heaven Palace, nodded his head in satisfaction. He was not stingy with his compliments.

“He has only entered the Saint Martial Secret Zone three days ago, but he has already obtained a medium-grade Divine Ability?” Standing by the side, Ku Mi could not help but feel shocked as well since there were only a few people capable of accomplishing something like that after they had entered the Saint Martial Secret Zone in the history of Azure Cloud Mansion.

Although Duan Ling Tian knew that news about him obtaining the Divine Ability from the Divine Ability Relic he found would be spread out by Peng Cen and the other man, it did not cross his mind that based on Peng Cen’s words, Meng Qing, the Mansion Master of Mystical Sky Mansion, would be able to deduce the Divine Ability contained in the Divine Ability Relic he found was the Six Harmonies Golden Body.

“This Six Harmonies Golden Body could only be sensed but not explained. No wonder it’s said that one can only try to comprehend and master it after breaking through to the Divine Saint Stage. However, according to Elder Huo, I don’t have to wait until I break through to the Divine Saint Stage. I only need to break through to the Eminent Saint Stage to comprehend Divine Abilities.” Duan Ling Tian knew his situation very well.

As time passed, a day and a night went by. Duan Ling Tian had also successfully memorized the Six Harmonies Golden Body, including some information that could only be sensed but could not be explained.

When Duan Ling Tian withdrew his Divine Consciousness, he realized the gigantic stone tablet had already disappeared.

Apart from that, the Six Harmonies Tower he was in and the Formation that contained the tower disappeared as well. At this moment, he was back in the stone forest. He could no longer sense any Formation in the stone forest. It was obvious the Formations were all destroyed once he had memorized the Six Harmonies Golden Body and completed the mission.

“I wonder what grade this Divine Ability, the Six Harmonies Golden Body, that I obtained is? How good would it be if Elder Huo is here with me. He’ll definitely know what grade the Six Harmonies Golden Body is,” Duan Ling Tian muttered to himself as he left the stone forest.

“The most important thing now is to reunite with Wang Fei Xuan and Liu Jian... I don’t even know where they are or if they’ve already met one another. The Saint Martial Secret Zone is so huge, I’m sure it won’t be easy for me to meet them.”

More than twenty days had passed. Although Duan Ling Tian encountered many people, he had yet to encounter Wang Fei Xuan and Liu Jian.

Naturally, during these twenty over days, he had gained some things as well.

He had found another Divine Ability Relic and memorized the Divine Ability in it.

That Divine Ability was called the Flaming Clone. Although its name sounded quite powerful, based on Duan Ling Tian’s judgment, the grade was not as high as the Six Harmonies Golden Body.

Not only were the trials to obtain it much easier, but the content of the Divine Ability was easier to memorize as well.

Duan Ling Tian was not even certain if it would help much if he used it.

“There are only two months left. I hope I’ll meet them as soon as possible.” Duan Ling Tian wandered around the Saint Martial Secret Zone as he searched for traces of Divine Ability Relics.

During these twenty over days, although he came across many people, he did not attack them at all since he had no conflict with them. He did not have the thought that fewer people meant fewer competitors. Thus, he did not randomly attack everyone he met.

“Huh?” When Duan Ling Tian was passing through a dangerously steep barren mountain, he heard the sounds of fighting from the distant. However, the sound of fighting did not last too long before it finally came to a stop.

Duan Ling Tian curiously went over to the place.

With just a glance, he saw three people surrounding one person.

Duan Ling Tian remembered the person who was being surrounded. He was a new Heaven Palace’s disciple who entered the Mystical Sky Mansion at the same time as him. However, they had never had any interactions before.

The other three people were not Heaven Palace’s disciples.

Duan Ling Tian raised a brow and decided to meddle when he saw the new disciple was forced into a corner by these three people. The reason was simple. It was because the person being surrounded was a Heaven Palace’s disciple!

One of the three people surrounding the Heaven Palace’s disciple said, “We’re from the Zhao Clan. If you tell us where the Divine Ability Relic is hidden, we’ll owe you a favor. When we leave here, we’ll inform Vice Mansion Master Zhao Deng about this and let you join our Zhao Clan. If you join our Zhao Clan, you’ll be able to roam about freely in the Mystical Sky Mansion,”

“Boy, with your strength, it’s useless even if you know where that place is. There’s no way you’ll pass the trials to obtain the Divine Ability Relic. You might as well tell us, and the Zhao Clan will owe you a favor,” another person chimed in.

“Hurmph! A man is someone who knows how to recognize and adapt to a situation. If you don’t want to be kicked out like your partner, you better obediently tell us what you know.” Unlike the previous two men’s soft approach, the third person immediately took the hard approach.

“Kicked out like my partner?” That Heaven Palace’s disciple did not panic although he was surrounded by the three men from the Zhao Clan. Instead, he smirked coldly. “Kick me out if you want! I really want to see how you’re going to find that place after kicking me out!”

The three Mystical Sky Mansion’s disciples from the Zhao Clan did not expect this Heaven Palace’s disciple to be so audacious. Their expressions turned glum immediately.

Soon after, one of the Mystical Sky Mansion’s disciples from the Zhao Clan who had spoken earlier said again, “How about this? As long as you’re willing to share the location of that place with us, we’ll let you join our little team. When the three of us have found a Divine Ability Relic each, we’ll give the fourth Divine Ability Relic to you.”

Based on his words, it was apparent he had decided to take a step back.

“Who knows if the three of you will go back on your words!” When the Heaven Palace’s disciples heard his words, the smirk on his face widened.

“You... What do you want then?” The three Mystical Sky Mansion’s disciples from the Zhao Clan began to get angry. Faced with this stubborn Heaven Palace’s disciple, they really did not know what to do.

Initially, they thought they could kill the chicken to frighten the monkey by eliminating his partner. However, it seemed like the method was completely useless.

After thinking about it for a moment, the Heaven Palace’s disciples replied irritably, “Alright, I can join your little team, but I want the second Divine Ability Relic we encounter! Not only that, but all of you must swear by the lightning penalty oath, and no change of decision is allowed!”

“No!” When they heard his words, the three Mystical Sky Mansion’s disciples from the Zhao Clan instantly refused his proposal in unison.

“We can’t give the second Divine Ability Relic to you... We can only give you the third one at most. As for the lightning penalty oath, we agree to swear on it,” one of the Mystical Sky Mansion’s disciples from the Zhao Clan said, “This is the lowest we can go! If you’re still unwilling to share with us, we’ll have no choice but to eliminate you regardless if we can find that Divine Ability Relic or not!” The Heaven Palace’s disciple’s originally frowning face eased up immediately.

As he was about to agree to it, a voice suddenly sounded and interrupted him. “The Zhao Clan?”

Upon hearing the voice, the Heaven Palace’s disciple looked toward the source of the voice. With just a glance, they saw a tall and handsome approaching them from the distant sky. As he moved, he emitted a powerful aura that made others feel inferior.

“Senior Brother Ling Tian!” When Heaven Palace’s disciple saw the person who had come, he cried out in delight.

“Ling Tian?!” Upon hearing the voice coming from their backs, the three Mystical Sky Mansion’s disciples from the Zhao Clan who had yet to turn around paled when they heard the Heaven Palace’s disciple’s words.

Ling Tian!

Naturally, they were no strangers to this name! After all, this person had publicly slapped Zhao Ji twice and made himself a mortal enemy of the Zhao Clan.

The three of them turned around and looked at Ling Tian who was making his way over with a grave expression. Hints of dread could be seen in their eyes as panic filled their hearts.

Duan Ling Tian came to a halt in front of the three Mystical Sky Mansion’s disciples from the Zhao Clan. He looked at them coldly and asked, “Do you know where Zhao Ji is?”

“No, we don’t!”

“Senior Brother Ling Tian, we’ve no idea where Senior Brother Zhao Ji is!”

The three of them thought Duan Ling Tian was looking for Zhao Ji so they quickly replied truthfully, “Senior Brother Ling Tian, we’re not lying to you! We really don’t know where Senior Brother Zhao Ji is at this moment! If we know, we’ll definitely join him since there’s strength in numbers in the Saint Martial Secret Zone.”

Upon hearing their words, Duan Ling Tian was rendered speechless. They had misunderstood the meaning of his words.

“I’m not really asking where Zhao Ji is,” Duan Ling Tian’s gaze turned slightly cold. “I’m just trying to tell three of you that Zhao Ji’s already waiting for three of you outside!”

Chapter 1773: Two Divine Abilities!

Upon hearing Duan Ling Tian’s words, the three Mystical Sky Mansion’s disciples from the Zhao Clan finally understood Duan Ling Tian’s words no matter how slow-witted they were.

Horror dawned on their faces immediately.

“Ling Tian, y-you’ve killed Senior Brother Zhao Ji’s clone?” When the Mystical Sky Mansion’s disciples from the Zhao Clan looked at Duan Ling Tian again, terror could be seen in their eyes.

Despite knowing Ling Tian and Zhao Ji had enmity between them, it did not cross their minds he would dare to kill Zhao Ji in the Saint Martial Secret Zone.

In fact, the strongest Mystical Sky Mansion’s disciples from the Zhao Clan who entered the Saint Martial Secret Zone this time was Zhao Ji.

In the Zhao Clan, Zhao Ji was the person with the highest chance to obtain a high-grade Divine Ability Relic and break through to the Divine Saint Stage. It would allow him to comprehend and master the Divine Ability contained inside the Divine Ability Relic.

Killing and eliminating Zhao Ji meant that the Zhao Clan had lost a Divine Saint Stage powerhouse who could comprehend and master a Divine Ability from the Saint Martial Secret Zone.

This was undoubtedly a great loss to the Zhao Clan!

“I remember I encountered him on the third day we came in. Since we’re fated to meet, wouldn’t it be unkind of me if I don’t send him out?” Duan Ling Tian replied nonchalantly as though he was talking about something that was unrelated to him.

After that Heaven Palace’s disciple who was being surrounded heard Duan Ling Tian said that he had sent Zhao Ji out, a shocked expression appeared on his face.

Although he knew about Ling Tian and Zhao Ji’s dispute, it did not cross his mind that Ling Tian was bold enough to directly kill Zhao Ji’s clone.

He was even more shocked when Duan Ling Tian’s words sank in.

Zhao Ji was eliminated on the third day after entering the Saint Martial Secret Zone?

“Z-zhao Ji is just too unlucky, right?” The Heaven Palace’s disciple was rendered speechless. At the same time, he could not help but pity him as well.

“Three days?” Although the three Mystical Sky Mansion’s disciples from the Zhao Clan already knew Duan Ling Tian had eliminated Zhao Ji, they were still shocked when they heard his words.

Originally, they had thought Zhao Ji was only eliminated by Duan Ling Tian a few days ago. They did not expect that Zhao Ji was eliminated three days after he came in.

Just how unlucky was he?

Thinking of the word ‘unlucky’, three of them exchanged glances with each other. They could see they were all thinking about the same thing. Speaking of unlucky, were they not unlucky as well.

They knew they would be eliminated by Ling Tian soon —

“Let’s flee! Although the chance is slim, it’s better than to stand here and wait for death!”

“I agree! Let’s flee!”

“Flee!”

Soon after, the three Mystical Sky Mansion’s disciples from the Zhao Clan transmitted their voices to each other and came to a tacit agreement.

At this moment, they had completely thrown the Heaven Palace’s disciple they were cornering to the back of their minds. Only one thought was left in their minds, and it was to escape from Ling Tian.

The weakest among the Mystical Sky Mansion's disciples from the Zhao Clan was at the peak of the Pristine Saint Stage while the other two more powerful ones were at the Early Refined Saint Stage. After coming to an agreement, one of them counted down through Voice Transmission. The three of them simultaneously made their moves and fled in three different directions. Only then would they stand a chance in escaping!

Even if only one of them managed to escape, it was still better than having the entire army wiped out.

They did not even think of pleading with Duan Ling Tian.

Even Zhao Ji from their Zhao Clan had already been killed and eliminated by Ling Tian. Even if three of them lowered themselves and kneeled down to plead for their lives, they would still be killed.

Since this was the case, was it not better to try and escape?

"Zhao Ji did not even manage to flee from my grasp. Do three of you think you're stronger than him?" Duan Ling Tian was already prepared. The Sun True Origin was glowing on his skin. When he saw those three escaped in three different directions, he instantly activated the Sun True Origin that was enveloping the surface of his body and transformed it into six streaks of golden rays that shot out dazzlingly in all directions.

Whoosh! Whoosh! Whoosh!

Those three who had fled not far away was caught up by the six streaks of sword rays that were as dazzling as the sun as it landed on them.

The place between their brows and their hearts were pierced.

The three figures vanished immediately.

Gasp!

Although the Heaven Palace's disciples had already expected such an outcome, he still could not help but gasp as he stood at his spot.

Among the younger generation in the Mystical Sky Mansion, it was very likely that only this man could kill two Early Refined Saint Stage Martial Cultivators and a Martial Cultivator at the peak of the Pristine Saint Stage with just a raise of his hand.

After killing the three Mystical Sky Mansion's disciples from the Zhao Clan, Duan Ling Tian's face began to ease up.

When he had slapped Zhao Ji twice publicly, the enmity between him and the Zhao Clan had long been formed. Moreover, it had also reached a point of no return.

Was there a way to return to how it was before?

Zhao Ji's father, Zhao Deng, was the Vice Mansion Master of Mystical Sky Mansion, and his grandfather was even one of the two great Guardians of the Mystical Sky Mansion.

These two close relatives of his were leaders with the highest positions in the Zhao Clan.

Since he had offended Zhao Ji, it was equivalent to offending the Zhao Clan as well.

Duan Ling Tian knew this clearly. That was why he did not even hesitate when he killed Zhao Ji previously and the three Mystical Sky Mansion's disciples from the Zhao Clan earlier.

Since he had already offended them, he did not mind offending them further.

After nodding toward the Heaven Palace's disciple as a greeting, Duan Ling Tian turned around to leave.

The Heaven Palace's disciple was stunned when he saw this.

He had thought of many possible scenarios, but it did not cross his mind that Duan Ling Tian did not even say a word and would leave after saving him by killing the three Mystical Sky Mansion's disciples from the Zhao Clan.

Did he not hear the conversation between him and the people from the Zhao Clan? Did he not know he had the clues that lead to a Divine Ability Relic?

He thought about it again and found it impossible.

From Duan Ling Tian's calm manner earlier, it was apparent he was biding his time at the side for a long time so he must have heard their conversation.

Since Ling Tian was leaving, it was obvious he did not plan to force him to reveal the clues he had leading to the Divine Ability Relic.

The Heaven Palace's disciple had guessed correctly. Although Duan Ling Tian did not mind snatching clues that led to Divine Ability Relics from disciples of other palaces, he did not have the heart to snatch clues from Heaven Palace's disciples.

No matter what, he was also a Heaven Palace's disciple and had reaped benefits from the Heaven Palace's Spirit Pool.

He felt a sense of belonging to the Heaven Palace.

"Senior Brother Ling Tian!" Seeing how Duan Ling Tian was leaving further and further away, the Heaven Palace's disciple became anxious and immediately chased after him.

"Is there anything else?" When Duan Ling Tian heard his voice, he came to a halt and turned around to look at the Heaven Palace's disciple with a puzzled expression.

After taking a deep breath to calm himself down, he replied, "Senior Brother Ling Tian, I want to work together with you."

"Work with me?" Duan Ling Tian smiled. "I heard earlier that you have clues leading to one Divine Ability Relic. Even if we manage to pass the trials, it'll be a problem later to decide who gets to memorize Divine Ability first. It'll be fine if I haven't agreed to partner up with other people since we can look for other clues for other Divine Ability Relics for the other person. However, the problem is, I've already agreed to work with other people. I'm worried I'll encounter them before we manage to find a second Divine Ability Relic."

Duan Ling Tian added, "I promised one of them to give them the first Divine Ability Relic we encounter once we reunite."

"Senior Brother Ling Tian, the fact that you said such words means that you're a man of your words. I, Xiao Dun, admire you lot!" The Heaven Palace's disciple said with admiration. Then, he shifted the topic and continued to say, "However, the clues I have lead to not only one, but two Divine Ability Relics! If you work with me, Senior Brother Ling Tian, how about we split the Divine Ability Relics?"

After he had finished speaking, he looked at Duan Ling Tian with anticipation.

"Two Divine Ability Relics?" Upon hearing his words, Duan Ling Tian was taken aback. He did not expect Xiao Dun who was only at the peak of the Pristine Saint Stage managed to find clues leading to two Divine Ability Relics in just a month after entering the Saint Martial Secret Zone.

"Yes." Xiao Dun nodded. Then, as though he was reminded of something, he let out a long sigh. "Actually, the two Divine Ability Relics were found by my friend. He has cultivated a secret tactic that's related to the eyes. His vision is better than ordinary people! Due to that, he could find clues leading to two Divine Ability Relics in just a month. Unfortunately, just as he was about to find another Divine Ability Relic so that we can search for another person at the Refined Saint Stage to work with to go through the trials, we encountered those three men who killed him."

When Xiao Dun reached the end of his sentence, a regretful expression could be seen on his face.

"That's indeed quite a pity." Duan Ling Tian nodded. He was quite shocked. Even he only managed to obtain two Divine Abilities after entering the Saint Martial Secret Zone for a month.

Although Xiao Dun's friend did not obtain the Divine Ability, he managed to find clues leading to two Divine Ability Relics. His luck was in no way inferior to his own.

"I wonder what grade the Divine Abilities inside the two Divine Ability Relics are?" Duan Ling Tian was very curious about this. For a moment, he seemed to have forgotten to agree to Xiao Dun's request of working together.

"Senior Brother Ling Tian." Duan Ling Tian finally snapped back to reality when Xiao Dun spoke again.

"I can partner up with you, but how should we split the Divine Ability Relics?"

"I'll tell you about the information I have of the places where the two Divine Ability Relics are, Senior Brother Ling Tian..." Xiao Dun did not keep anything to himself and revealed everything he knew.

The two Divine Ability Relics were similar to the ones Duan Ling Tian had encountered previously. One would need to enter it through an Illusory Formation, and after one had entered, one would have to face the first trial.

The first trial of the first Divine Ability Relic that Duan Ling Tian encountered was slightly more difficult. For this reason, the Divine Ability he obtained was at a higher grade as well.

From Xiao Dun's description, the first trial of the two Divine Abilities he encountered was as difficult as the Divine Ability Relic that contained the Divine Ability, the Six Harmonies Golden Body.

It was apparent the Divine Abilities contained in the two Divine Ability Relics were in no way inferior to the Six Harmonies Golden Body.

“Your friend’s quite lucky.” Duan Ling Tian sighed emotionally.

Chapter 1774: A Palace And A Swamp

Three people appeared once again at the entrance of the Saint Martial Secret Zone.

“Why are three of you here?” When Zhao Deng saw the three men who came out, his expression turned grim immediately since these three men belonged to the Zhao Clan.

In fact, there were only five men from the Zhao Clan who had entered this time, including Zhao Ji. However, four people had been kicked out in just a span of a month.

Upon seeing Zhao Deng whose expression had turned grave, the three Mystical Sky Mansion’s disciples from the Zhao Clan had a bitter expression on their faces. They could not help but curse inwardly, ‘If it’s not because your son has offended him, we wouldn’t have been kicked out!’

Nobody could blame them for having such thoughts.

Although they were Mystical Sky Mansion’s disciples from the Zhao Clan, they never had any interaction with Duan Ling Tian before, let alone offending him.

The reason Duan Ling Tian killed their clones and sent them out from the Saint Martial Secret Zone was all due to their backgrounds. Apart from being Mystical Sky Mansion’s disciples, they were from the Zhao Clan as well.

Faced with Zhao Deng’s grave expression, one of the Mystical Sky Mansion’s disciples from the Zhao Clan finally mustered up his courage and replied, “Our three clones were killed by Ling Tian. He’s just too powerful, and we’re completely powerless in front of him!”

Ling Tian!

Ling Tian again!

Upon hearing his words, many people present on the scene shifted their eyes that contained hints of pity to Zhao Deng.

“Him again!” Zhao Ji exclaimed in a deep voice. He seemed to have forgotten himself again. His eyes gleamed fiercely, and killing intent could be seen in them as well.

At the same time, a young man beside the Palace Master of Earth Palace whispered to him, “Lord Mansion Master, they were the ones who killed me and kicked me out.” Hints of delight could be seen in his eyes as he gloated over their misfortune.

This young man was the Mystical Sky Mansion’s disciple who was with Xiao Dun previously. The two Divine Ability Relics that Xiao Dun knew about was discovered by this young man.

After he had discovered the two Divine Ability Relics, before he even had a chance to explore the places, he had already been eliminated. One could just imagine how frustrated he was.

However, currently, when he saw the three Mystical Sky Mansion's disciples from the Zhao Clan who had eliminated him were also eliminated not long after he had been eliminated, he was beside himself with joy. All the frustration he felt in his heart had also vanished without a trace.

The Palace Master of Earth Palace nodded. "What a pity the two Divine Ability Relics you've discovered have gone to waste. That Heaven Palace's disciple has really lucked out... Seeing how three of them are kicked out not long after you came out, I think Ling Tian must have made his move and rescued that Heaven Palace's disciple."

"I think so too." The young man nodded. At the same time, he sighed in relief. His eyes contained hints of envy but not jealousy.

This was because he and Xiao Dun, the Heaven Palace's disciple, were both good friends who had known each other before entering the Mystical Sky Mansion. After discovering Xiao Dun was unharmed, he heaved a sigh of relief instead.

"Damn it! That Divine Ability Relic is going to end up in Ling Tian's possession again!" Zhao Deng was boiling with anger. One could imagine if Duan Ling Tian was right in front of him, he would not hesitate to kill him at all.

When Zhao Deng and his son were still boiling with anger to the point of almost passing out, the young man standing next to the Palace Master of Earth Palace looked at the three Zhao Clan's disciples and feigned a pitiful sigh as he said, "It seems like some people are destined to miss the two Divine Ability Relics that I discovered."

"What did you say?!"

"Two Divine Ability Relics?"

"Both of you discovered two Divine Ability Relics?"

At once, the three Zhao Clan's disciples widened their eyes and looked at the young man, the Earth Palace's disciple whose clone was killed and eliminated by the three of them, with disbelief.

"I've already been kicked out. Is there a need for me to lie? I think Senior Brother Ling Tian and Xiao Dun must be on their way to get the two Divine Ability Relics now," the Earth Palace's disciple replied indifferently. Based on the tone of his voice, he was taking pleasure in their misfortune.

"This..." The three Zhao Clan's disciples were dumbfounded. Two Divine Ability Relics had escaped them just like that?

"Two Divine Ability Relics!" Many eyes immediately shifted again to look at Zhao Deng who was so furious until his body was trembling slightly when he heard the Earth Palace's disciple's words.

"How's this possible? What did Ling Tian do to have such good luck?!" Zhao Ji's eyes were bloodshot while an expression of discontentment appeared on his face.

“Ling Tian’s really lucky.” Qian Ping Sheng, the Palace Master of Yellow Palace, could not help but sigh.

“Indeed.” Many people agreed.

“Haha... Junior Brother Ling Tian’s really quite unpredictable.” Gu Li laughed.

‘Ling Tian’s really quite lucky... I wonder if he’s our Young Mansion Master or not.’ Standing by the side, Ku Mi appeared calm, but his heart was a different story.

Meanwhile, in the Saint Martial Secret Zone, Duan Ling Tian looked at Xiao Dun and said, “According to you, the first trial of the two Divine Ability Relics have almost the same level of difficulty. Based on this, it’s very likely the Divine Abilities should be about the same grade. Since you’re the one who provided the information about the Divine Ability Relics, you can take your pick first.”

Since they were about the same, Duan Ling Tian did not make a fuss about it.

Xiao Dun looked at Duan Ling Tian and asked carefully, “C-Can I choose the one in the palace?” There was a hint of anxiousness in the depth of his gaze.

After taking a deep look at Xiao Dun who was waiting anxiously, Duan Ling Tian finally nodded. “Sure.”

Although the level of difficulty for the first trials of the two Divine Ability Relics was about the same, the locations of the two Relics were on opposite sides of each other.

One of the Divine Ability Relics was located in a magnificent palace. That was where Xiao Dun and his friend failed the first trial.

The other Divine Ability Relic was located in a gloomy and dark swamp. It was completely opposite from the former one.

Although the first trials for these two places were about the same in terms of difficulty, most ordinary people would choose the former since the place was more majestic. The Divine Ability contained in the Divine Ability Relic should not be simple as well.

If Duan Ling Tian were to pick first, he would also instinctively pick the former.

However, since Xiao Dun had already picked one, he did not say anything since Xiao Dun was the one who had provided the information leading to the two Divine Ability Relics.

“Then, let’s get the Divine Ability Relic that you’ve picked first. After you’ve memorized the Divine Ability contained in it, you can bring me to the location of the second Divine Ability Relic. I’ll explore the location of the second Divine Ability Relic on my own so you can go on and search for another Divine Ability Relic. That way, you won’t have to waste your time,” Duan Ling Tian told Xiao Dun.

“Senior Brother Ling Tian, you trust me so much?” Xiao Dun was slightly taken aback by Duan Ling Tian’s plan. Initially, he had thought Duan Ling Tian would want to go to the swamp first to memorize the Divine Ability, but it did not cross his mind that Duan Ling Tian would help him to obtain his Divine Ability Relic first.

“We’re all Heaven Palace’s disciples so there’s nothing to not trust,” Duan Ling Tian said casually. However, when Xiao Dun heard this, he felt so ashamed he wished the ground would swallow him up. In fact, he had been slightly selfish by picking the Divine Ability Relic located in the palace.

Taking a deep breath, Xiao Dun made his decision and said, “Senior Brother Ling Tian, maybe we should switch our Divine Ability Relics. Even if the Divine Ability Relic hidden in the palace has the same grade as the one in the swamp, I still think the one in the palace will be better...”

“The fact that you said such words means you’re sincere enough. However, since we’ve already made a decision, there’s no need for us to change it. The Divine Ability Relic in the palace will be yours,” Duan Ling Tian replied, “Just lead the way.”

After he asked Xiao Dun to lead the way, he followed behind Xiao Dun as they made their way to the first Divine Ability Relic.

A day and a night passed had passed as Duan Ling Tian followed Xiao Dun into a vast grassland before they finally came to a halt in front of a huge lake.

“The entrance is in the lake?” Duan Ling Tian raised his brow, astonished.

“Yes.” Xiao Dun nodded before making his way in first. He entered the lake as adept as a fish.

Duan Ling Tian followed suit.

Since their cultivation bases had reached a certain level, entering a lake was as easy as traveling on land. With the True Origin enveloping them, they blocked the water out completely.

When they were nearing the bottom of the lake, Duan Ling Tian noticed the ripples from a Formation.

As they entered deeper into the lake, Duan Ling Tian realized Xiao Dun had disappeared before his eyes. As he went deeper, his vision turned black.

When light appeared again, Duan Ling Tian regained his senses and discovered he was in another place.

This place appeared dignified. A palace could be seen in front like a gigantic beast lying prone on the ground. It was exactly like what Xiao Dun had described earlier.

“Senior Brother Ling Tian, there are five flying-type fierce beasts guarding the entrance of the palace, and their strength is at the peak of the Pristine Saint Stage.” At this moment, Xiao Dun’s voice entered Duan Ling Tian’s ears. “The five flying-type fierce beasts are of different species so all their techniques are different as well. Previously, when we came here, we were almost killed. Based on our previous estimation, we needed at least three people at the peak of the Pristine Saint Stage to kill them before we can enter the palace. However, someone at the Refined Saint Stage or above should be able to kill them all by just relying on their strength.”

When Xiao Dun reached the end of his sentence, he looked at Duan Ling Tian with a burning gaze. Duan Ling Tian was someone at the Refined Saint Stage or above. Moreover, he was not an ordinary Refined Saint Stage powerhouse!

“Alright.” Duan Ling Tian nodded before making his move. Like a bolt of lightning, he charged out and made his way to the palace.

At this moment, the entrance to the palace was tightly shut.

When Duan Ling Tian was halfway there, a few sharp cries resonated in the distance.

Subsequently, five gigantic figures appeared out of thin air above the palace.

Chapter 1775: Rock Heaven Hall

The five gigantic figures were the five flying-type fierce beasts that Xiao Dun had described earlier.

The five flying-type fierce beasts were all different. Some looked terrifying while some looked rather pleasant. There was even an almost bald bird that did not have many feathers on its body.

The only similarity they shared was they were all birds!

Along with a few ear-piercing cries, the five flying-type wild beasts charged at Duan Ling Tian immediately at a speed so fast that it resembled five bolts of lightning.

“Just some stray birds! How dare you act all mighty in front of me!” Faced with the five menacing flying-type fierce beasts, Duan Ling Tian snorted coldly in disdain.

In the next instant, without too many actions, the Sun True Origin surged out of his body and transformed into streaks of sword rays that rapidly whirled around his body before it transformed again into a gigantic bell. It was none other than the Colossal Sword Bell that Duan Ling Tian created based on the Colossal Arrow Bell.

Boom! Boom! Boom! Boom! Boom!

...

One must admit that the attacks from the five flying-type fierce beasts that were at the peak of the Pristine Saint Stage were incredibly powerful. Every time they attacked, it would make the air tremble. When the attacks landed on the Colossal Sword Bell, it caused the latter to shake as well.

Although it shook, it showed no signs of crumbling at all.

“How powerful!” In the distant, Xiao Dun was dumbfounded. Although he knew this Senior Brother Ling Tian was very powerful, he was still shocked when he witnessed Duan Ling Tian’s strength with his own eyes.

To think that he and his friend were chased by these five stray birds previously!

However, when it was Senior Brother Ling Tian’s turn, the situation had completely turned around. Senior Brother Ling Tian merely cast a defensive technique and that five stray birds could not even break his defense at all no matter how much they tried with all their might.

“How weak... This is so boring.” Seeing how the five flying-type fierce beasts could not break his Colossal Sword Bell no matter how much they tried, Duan Ling Tian felt disappointed. With just a thought, the Colossal Sword Bell disappeared while hundreds of sword rays that formed the Colossal Sword Bell shot toward the five flying-type fierce beasts instantly.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

...

In just an instant, it seemed as though it was raining swords. However, instead of falling vertically like rains, the swords were moving horizontally.

The swords covered the sky and set off a series of ear-piercing sounds. It seemed as though the sky was about to tear in their wake.

The five flying-type fierce beasts vanished after being baptized by the 'rain of swords.'

"They're like the three fierce beasts at the entrance of the tower." Upon seeing this, Duan Ling Tian's heart leaped slightly as he recalled the Six Harmonies Tower that housed the Divine Ability Relic that contained the Six Harmonies Golden Body.

You're reading on .com Thanks!

Although there were only three fierce beasts guarding the entrance of the Six Harmonies Tower, their joined attacks were in no way inferior to the five flying-type fierce beasts since the former were able to coordinate their attacks.

Rumble!

When the five flying-type fierce beasts were killed, the great entrance to the palace finally opened.

'As expected, it's indeed the same as the Six Harmonies Tower,' Duan Ling Tian thought to himself.

Since the entrance had already opened, naturally, he would enter it. Duan Ling Tian did not stop and immediately entered the palace.

Xiao Dun followed closely as he watched Duan Ling Tian's silhouette with enthusiasm in his eyes.

After they entered the palace, Duan Ling Tian realized the trials were similar to the trials in the Six Harmonies Tower.

Naturally, what he meant by similar was the difficulties increased level by level. Similarly, each of the opponents he faced was stronger than the previous ones.

As they were moving through the palace, Xiao Dun's gaze became even more heated as he looked at Duan Ling Tian.

There was no need for him to do anything at all. To be more exact, he had no chance to do anything at all. Senior Brother Ling Tian was just too fast when he dealt with the trials they encountered.

Naturally, Xiao Dun would not even be able to pass if he made a move during the later trials.

Duan Ling Tian who was walking in the hallway of the palace suddenly came to a halt as he said to Xiao Dun as he looked ahead, "There's only one hall left in front. If I'm not mistaken, the Divine Ability Relic should be inside!"

Upon hearing that, Xiao Dun raised his head and looked at the palace's last big hall that they had yet to enter. There was a plaque above the entrance of the big hall that was carved elegantly with three words. Rock Heaven Hall.

The three words subtly emitted a sense of pressure as though there was some special force contained inside.

"Divine Ability Relic!" Upon hearing Duan Ling Tian's words, Xiao Dun became slightly excited since he would be able to obtain a Divine Ability Relic soon. Although it was uncertain if he would be able to master it in the future, having a shot at it was better than none at all.

Moreover, based on the trials they encountered along the way, he was certain this Divine Ability Relic would not be a low-grade one!

Although he had entered the Mystical Sky Mansion quite late, he had also heard that the more difficult the trials were, the Divine Ability Relics were most likely of a higher grade.

Due to this reason, Xiao Dun was excited. He looked forward to seeing what kind of Divine Ability was contained in the Divine Ability Relic inside the Rock Heaven Hall.

Before they entered, Duan Ling Tian reminded Xiao Dun, "After we enter, don't leave my side. If I'm not mistaken, there should one last trial in there."

With his experience from the Six Harmonies Tower, he believed there would still be a trial awaiting him in the Rock Heaven Hall.

It was because a presence that was similar to the gigantic statue in the Six Harmonies Tower had yet to appear in this palace.

"Alright, Senior Brother Ling Tian." Throughout their journey, Xiao Dun had already regarded Duan Ling Tian as a deity. It was only natural for him to trust Duan Ling Tian's words unconditionally.

"Let's go in." After Duan Ling Tian heard Xiao Dun's reply, he did not waste any more time and strode into the Rock Heaven Hall.

Although the name Rock Heaven Hall sounded quite nice, when Duan Ling Tian entered the hall, he discovered the hall was unlike the other halls in the palace. There was nothing in the Rock Heaven Hall other than countless irregular rocks.

In fact, the big halls he had gone through before this were all magnificent.

However, this Rock Heaven Hall looked extremely rundown and ugly.

Duan Ling Tian was not the only one who was dumbfounded. Even Xiao Dun was dumbstruck as he muttered, "Senior Brother Ling Tian, are we really still in the palace? Why do I feel like we've entered the wrong room?"

Entered the wrong room!

Indeed, Duan Ling Tian felt the same way.

However, the baffled expression on his face disappeared and was replaced by a solemn expression.

Duan Ling Tian's gaze soon landed on the countless of irregular rocks. He was shocked. "These rocks are originally inanimate. However, currently, it feels like they're filling up with vitality. What are they?"

Duan Ling Tian obtained this information from his Divine Consciousness.

"Senior Brother Ling Tian, these rocks seem a little weird..." At the same time, Xiao Dun also noticed the rocks on the floor was strange.

Bang!

As soon as Xiao Dun's words left his mouth, a loud bang resonated from behind Duan Ling Tian. He instinctively turned around and discovered the only exit of Rock Heaven Hall was blocked by a rock door, effectively trapping him and Xiao Dun inside.

Unlike Duan Ling Tian who remained calm, horror dawned on Xiao Dun.

Whoosh! Whoosh! Whoosh!

...

At this moment, the air in the Rock Heaven Hall, that was closed tightly, began to stir as gusts of wind began to blow. Initially, the wind was quite mild. However, in the end, it turned as fierce as a hurricane as it blew at Duan Ling Tian and Xiao Dun, causing their robes to flutter loudly.

"Senior Brother Ling Tian... T-the rocks seem to be moving!" Xiao Dun suddenly cried out with a trembling voice.

Duan Ling Tian nodded. He had noticed it as well.

As the hurricane continued to wreak havoc in the Rock Heaven Hall, the rocks on the floor began to tremble as well. Initially, only those small rocks shook, but in the end, even those rocks that could be considered as gigantic began to shake violently as well.

Soon after, both of them discovered some of the smaller rocks had already flown up into the air and were continuously gaining height.

Gradually, the remaining rocks began to rise up into the air as well.

Under the watchful eyes of Duan Ling Tian and Xiao Dun, when all of the rocks rose up into the air, they actually merged into a rock golem that was as big as a small mountain.

The rock golem did not have eyes or mouth. However, its vitality resembled that of a fierce beast. It was not just for decoration.

Boom!

Without warning, the rock golem moved. As it lifted a leg and dropped it on the ground, it caused dust to fly in the air. The entire Rock Heaven Hall quaked as though an earthquake had just taken place.

Boom! Boom! Boom!

...

The rock golem took a few strides forward again and caused the Rock Heaven Hall to shake violently. Even Duan Ling Tian and Xiao Dun began to sway from the effect.

Boom! Boom! Boom! Boom! Boom!

After a few steps, both of them realized the rock golem's speed had increased. Initially, it was just walking, then it began to gain speed and was currently charging at them with ever increasing speed.

At the same time, the aura the rock golem emitted began to intensify as well. Its aura crashed at them like waves, almost suffocating Xiao Dun.

As for Duan Ling Tian, he was not affected at all.

Xiao Dun whose face was flushed from anxiety rose up into the air and hastily reminded Duan Ling Tian, "Be careful, Senior Brother Ling Tian!"

However, Duan Ling Tian did not seem to hear him at all. To be exact, he was ignoring him. He charged toward the rock golem whose speed was still increasing.

His palm had somehow shot out Sun True Origin that transformed into a dazzling golden three-foot-long blade.

After the rock golem's aura became stable, Duan Ling Tian thought to himself, 'The aura on the rock golem has finally stabilized... Mastery Refined Saint Stage! It's the same as the gigantic puppet on the final level of the Six Harmonies Tower!'

"I'd like to see whether you can withstand a casual strike of my sword like that gigantic puppet or not!" His heart leaped as he abruptly pounced forward like a bolt of lightning. The tip of the three-foot-long blade was pointed at the rock golem.

Chapter 1776: Another Defensive Divine Ability!

Originally, Duan Ling Tian had just casually said that. However, when his sword hit the rock golem, the outer layer of skin on the rock golem blocked his sword.

In fact, the force of his sword was equivalent to the full strength of an ordinary Martial Cultivator at the peak of the Refined Saint Stage.

"This..." This familiar scene made Duan Ling Tian dumbstruck as well.

Previously, when he was in the Six Harmonies Tower, the gigantic statue had used the Divine Ability, the Six Harmonies Golden Body, to block his sword. However, the rock golem had withstood his sword with his body alone.

How could he not feel astonished?

"Wait a minute!" Soon after, Duan Ling Tian noticed something was amiss.

When his gaze landed on the rock golem again, he realized the rock golem's outer skin had begun to crack as though it was shedding its skin. The outer layer of skin turned into dust and scattered in the wind as though it was never there.

At the same time, Duan Ling Tian's Divine Consciousness could clearly sense that the rock golem's aura had suddenly weakened a little as though its strength had depleted.

"The layer of outer skin was not part of his body? Could this also be a Divine Ability?" The scene before him was similar to what had happened in the last level of the Six Harmonies Tower.

When he had damaged the gigantic statue's Six Harmonies Golden Body, the gigantic statue's aura had also weakened a little. Then, it was subsequently destroyed by him due to the depletion of its energy.

The rock golem before him was the same as well. After its outer skin cracked and turned into dust, it had depleted its energy.

Bang!

As Duan Ling Tian pushed out his palm on the rock golem that was charging toward him, his Sun True Origin surged violently into the rock golem's body.

At this instant, the rock golem trembled. Its energy that was already depleting was suppressed before its body was destroyed by the Sun True Origin.

In the end, the rock golem turned into rocks again.

However, after it had transformed into rocks, it transformed into dust that covered the entire place. It rose with the wind before it settled in the Rock Heaven Hall.

The dust transformed back into dust while the earth transformed back into earth.

Upon seeing this, Xiao Dun who was hovering nearby was dumbstruck. "That's all?"

However, in the next instant, his expression turned grave again. The Divine Consciousness he released detected a tremble in the air.

After the rock golem was destroyed, the air seemed to stir again.

'The rock golem earlier was already so ridiculously strong, please don't tell me there's an even stronger one?' The moment he thought of this, he frowned.

It was fortunate he came with Duan Ling Tian. Otherwise, even if he managed to get himself more helpers, he would not have been able to pass the rock golem trial.

"The Divine Ability Relic is going to reveal itself soon... If I'm not mistaken, the Divine Ability contained inside should be quite a powerful defensive Divine Ability." At this moment, Duan Ling Tian spoke as his voice clearly entered Xiao Dun's ears.

The Divine Ability Relic was going to reveal itself soon?

A defensive Divine Ability?

“Where’s it?” Xiao Duan was looking left and right when he noticed a crack in the air.

Subsequently, a gigantic stone tablet appeared from inside before it dropped on the ground with a loud bang in the Rock Heaven Hall.

“Memorize it... I’ll wait for you,” Duan Ling Tian said to Xiao Dun before he sat down at the side and shut his eyes to attain mental composure.

After taking a deep breath, Xiao Dun suppressed the excitement in his heart and quickly thanked Duan Ling Tian, “Thank you, Senior Brother Ling Tian!”

If it was not for Duan Ling Tian’s help today, he would not have been able to touch the Divine Ability Relic even if he knew the location of the Divine Ability Relic.

When he recalled the trials they went through earlier, fear still lingered in his heart.

“It’s really a defensive Divine Ability!” Initially, Xiao Dun did not pay too much attention to Duan Ling Tian’s words since the Divine Ability Relic had not appeared yet. By right, no one would know what kind of Divine Ability it was. However, when he extended his Divine Consciousness into the stone tablet, he discovered it was indeed a defensive Divine Ability.

“Rock Heaven Wall!” The Divine Ability contained inside the stone tablet was called the Rock Heaven Hall, it was a defensive Divine Ability.

To be honest, Xiao Dun was a little disappointed that he obtained a defensive Divine Ability.

After all, the spear and shield had always been on opposite sides in this world.

In the Dao Martial Saint Land, Martial and Dao Cultivators who had the same level of cultivation base and had cultivated the same level of offensive and defensive technique respectively, the spear would usually be able to break the shield even though the process was slightly harder.

For this reason, Xiao Dun wanted an offensive Divine Ability more!

‘How good would it be if I chose the other Divine Ability Relic.’ The moment such a thought appeared in his mind, he dismissed it. ‘What am I thinking? If it wasn’t for Senior Brother Ling Tian’s help, it would’ve been impossible for me to obtain a Divine Ability even if I know where the Divine Ability Relic is... Not only that, but I’m the one who picked this Divine Ability Relic first.’

The moment he thought of this, his face flushed. ‘And I don’t even know whether the Divine Ability contained in the other Divine Ability Relic is a defensive Divine Ability or not. Even if it’s not, Senior Brother Ling Tian more than deserves it.’

When Xiao Dun’s thoughts reached here, he became more open-minded and immersed his entire heart and soul into the stone tablet that contained the Divine Ability.

“What a marvelous defensive Divine Ability! Even if this defensive Divine Ability is not a high-grade Divine Ability, it could be considered as a medium-grade Divine Ability, right?” The more he understood the Rock Heaven Wall, the more shocked Xiao Dun was. From the description of the Rock Heaven Wall, it was definitely not a low-grade Divine Ability.

After a day and a night, Duan Ling Tian opened his eyes.

“He’s still not done?” Due to the fact that it only took him a day and a night to memorize the contents of the Divine Ability, the Six Harmonies Golden Body, Duan Ling Tian had thought Xiao Dun would also be able to memorize everything in one day and one night. However, he realized he was mistaken.

“Based on the trials we went through to obtain this Divine Ability Relic, the defensive Divine Ability Relic that Xiao Dun obtained should be at the same level as the Six Harmonies Golden Body. Since it’s a defensive Divine Ability, I don’t need it at all. I wonder what kind of Divine Ability is contained in the other Divine Ability Relic that’s located in the deepest part of the swamp.” Unknowingly, Duan Ling Tian had begun to look forward to seeing the Divine Ability Relic located in the swamp.

‘I hope it’s an offensive Divine Ability,’ Duan Ling Tian thought to himself.

Currently, he already had a defensive Divine Ability, the Six Harmonies Golden Body. Coupled with the Golden Crow’s Wings that Elder Huo had passed on to him, he was only short of an offensive Divine Ability now.

‘It’s said that Divine Ability Relic only allows one person to comprehend it, but let me see if I can memorize it as well while Xiao Dun’s memorizing it.’ The moment Duan Ling Tian thought of this, he curiously extended his Divine Ability to approach the stone tablet that contained the Divine Ability.

However, before his Divine Consciousness even managed to touch the stone tablet, it was blocked by a resistant force that came from the stone tablet. His Divine Consciousness was unable to get near it at all. ‘To think it actually repelled my Divine Consciousness... Looks like a Divine Ability Relic does indeed only allow one person to memorize and comprehend it.’

Duan Ling Tian shut his eyes to attain mental composure again and waited patiently when he realized Xiao Dun was not going to finish memorizing the Divine Ability anytime soon.

Another two days and two nights had gone by, Xiao Dun finally finished memorizing the Divine Ability contained in the Divine Ability Relic after three days and three nights.

At the same time, Duan Ling Tian and Xiao Dun realized their sights had gone dark, and when light appeared again, they were back at the lake.

“Senior Brother Ling Tian, let’s go and get the other Divine Ability Relic.” Xiao Dun did not break his promise. After he had memorized the Divine Ability Relic, he brought Duan Ling Tian to the location of the second Divine Ability Relic.

“Oh! Senior Brother Ling Tian! Before the Divine Ability Relic appeared earlier, how did you know it’s a defensive Divine Ability?” Xiao Dun asked curiously as he looked at Duan Ling Tian.

“It’s because during the last trial, the rock golem cast a defensive Divine Ability. I’ve also discovered a Divine Ability Relic previously. That’s how I know the Divine Ability contained in the Divine Ability Relic would usually appear at the final trial,” Duan Ling Tian answered.

“I see.” Xiao Dun finally understood. At the same time, he asked casually, “Senior Brother Ling Tian, what kind of Divine Ability did you obtain?”

“Just like yours. A defensive Divine Ability,” Duan Ling Tian added again.

“A defensive Divine Ability as well?” Xiao Dun was stunned for a moment before he smiled. “It’s a good thing you didn’t choose that Divine Ability Relic earlier. Otherwise, it’ll be a waste.”

“Not really,” Duan Ling Tian replied noncommittally to Xiao Dun’s words, “Although both of them are defensive Divine Abilities, they’re also separated into different grades. Not only that, but not all defensive Divine Abilities can be successfully comprehended. The defensive Divine Ability that you memorized might be more suitable for me than the one I memorized earlier. Perhaps, I might successfully comprehend the Divine Ability that you memorized but fail to comprehend the one that I memorized.”

“You have a point.” Xiao Dun nodded in agreement. Every Divine Ability had its own characteristic and could not be regarded as being in the same category.

The second Divine Ability Relic was located in a desert.

The desert stretched out as far as the eyes could see. Due to the fine sand flying in the air and the wind, one’s vision would be obstructed.

The location of the other Divine Ability Relic that Xiao Dun knew of was right here.

“Your friend is quite amazing. To think that he actually found a Divine Ability Relic that’s hidden here.” Duan Ling Tian sighed emotionally.

When they reached the destination, Xiao Dun told Duan Ling Tian, “Senior Brother Ling Tian, continue to walk for less than twenty meters, and you’ll encounter a Formation to enter the location that houses the Divine Ability Relic... I won’t follow you there and be a hindrance to you!”

“Alright.” Duan Ling Tian nodded and did not say much as he made his way forward on his own.

Just as he had expected, after walking for less than twenty meters, Duan Ling Tian’s sight turned dark, and he disappeared from Xiao Dun’s sight.

When Duan Ling Tian appeared again, he was in a dark swamp.

“Now that Senior Brother Ling Tian’s gone, the path in front of me won’t be that easy anymore.” Xiao Dun could not help but feel slightly disappointed when he saw Duan Ling Tian disappeared before his eyes. Regardless, he knew his partnership with Duan Ling Tian was merely a temporary deal.

Chapter 1777: High-Grade Divine Ability Relic?

‘Now that the deal has ended, I’ll need to rely on myself to walk the path in front of me,’ Xiao Dun sighed inwardly.

With his strength, every step would indeed be difficult for him in the Saint Martial Secret Zone.

Perhaps, he might be able to pass the trials of a low-grade Divine Ability Relic, but it would be impossible for him to pass the trials of a medium or high-grade Divine Ability Relic.

'Why am I thinking so much for? Currently, I've already obtained an uncommon medium-grade Divine Ability, and this is already a pleasant surprise! With my current strength, it would be too greedy of me to ask for more Divine Abilities.' The moment Xiao Dun thought of this, he felt much more at ease and a smile appeared on his face.

He had finally come to terms with this.

"Senior Brother Ling Tian, all the best to you." After Xiao Duan glanced in the direction where Duan Ling Tian had disappeared, he turned around and became a lone ranger.

Meanwhile, Duan Ling Tian who had entered the swamp began to welcome his first trial.

The first trial was four wild beasts that appeared out of the swamp to block his way.

When the four wild beasts joined forces, their strength was on par with the five flying-type fierce beasts at the entrance of the palace.

However, these four beasts were from the same tribe so they had a tacit understanding with one another. Even so, they were just four wild beasts at the peak of the Pristine Saint Stage. They were no match for Duan Ling Tian no matter how much they understood each other.

For this reason, Duan Ling Tian managed to kill all of them with just a raise of his hand.

"Why is there no movement?" After killing the four wild beasts, Duan Ling Tian stretched out his Divine Consciousness everywhere, but he did not sense any movements.

In fact, whether it was the Six Harmonies Tower or the palace before this, a great door would open up after he passed the first trial.

Only when he had passed all the trials would he be able to obtain the Divine Ability Relic that was hidden inside!

However, at this moment, although he had already killed the four beasts that should be the first trial, he did not sense any movement in the surrounding. How should he go about the next trial and the ones after to obtain the Divine Ability Relic inside this swamp area then?

"Huh?" Duan Ling Tian was still baffled and thinking about this matter when his Divine Consciousness suddenly gave a jolt. "What's going on?"

From his Divine Consciousness, he could sense a slight movement from the surrounding of the swamp area. The originally calm swamp began to bubble and boil, gradually increasing its strength. In the end, it was like a raging wave.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

...

When Duan Ling Tian was staring at the swamp's surrounding solemnly, swift figures shot out of the swamp and covered the sky. They appeared in every direction around Duan Ling Tian, surrounding him like locusts. The light from above was blocked off as well.

“These wild beasts...” At this moment, Duan Ling Tian discovered the figures surrounding him were wild beasts.

These wild beasts were identical to the four wild beasts he had killed earlier.

“Intermediate, Mastery, and even the peak of the Pristine Saint Stage... There’s even Early Refined Saint Stage wild beasts as well!” After Duan Ling Tian activated his Divine Eyes and stretched his Divine Consciousness out to envelop the surrounding wild beasts, he soon discovered the weakest among these wild beasts were at the Intermediate Pristine Saint Stage while the strongest ones were at the Early Refined Saint Stage.

There was not one but nine Early Refined Saint Stage wild beasts!

Nine Early Refined Saint Stage wild beasts!

Roar!

Roar!

Aaaooo!

...

Duan Ling Tian glanced at the wild beasts that seemed as many as a swarm of locusts. He could see there were thousands of them. “What kind of wild beast is this? To think that the clan is actually so huge!”

Duan Ling Tian could tell the wild beasts before him all came from beneath the swamp.

When he killed the four wild beasts earlier, he had enraged the wild beasts’ clan.

“Look at these wild beasts... Don’t tell me this is the first trial for the Divine Ability Relic?” Even Duan Ling Tian had no idea why such a thought suddenly rose up in his mind. The moment this thought appeared, it stayed in his mind.

After a while, Duan Ling Tian’s eyes lit up.

If this clan of wild beasts was the first trial for the Divine Ability Relic, did it mean the Divine Ability contained in the Divine Ability Relic was more powerful than his Six Harmonies Golden Body and the one that Xiao Dun’s obtained?

The moment he thought about this, he became excited.

As for the group of wild beasts before him, although they were great in numbers and quite powerful, they were nothing in front of him.

“However, why are they only staring at me and not attacking?” Duan Ling Tian was a little baffled when he saw the thousands of identical wild beasts not making any move at all. He did know what this group of wild beasts was trying to do.

At this moment, Duan Ling Tian also took the time to study the group of wild beasts.

To be honest, although he had killed four of the wild beasts earlier, he did not bother looking closely at them at all. Now that he had the time, he carefully examined the characteristics of these wild beasts.

The type of wild beasts before him were humanoid wild beasts. Their bodies were swollen and they had a pair of flesh wings behind their backs. They had thick skin that was covered with wrinkles on their bodies. Coupled with their enormous head, they looked extremely disgusting.

Among the group of wild beasts, the nine Early Refined Saint Stage wild beasts were the biggest in size. Each of them was about five meters tall.

Those slightly weaker were about four meters tall.

The weakest ones were the shortest and smallest.

“Huh?” All of a sudden, Duan Ling Tian’s Divine Consciousness gave a jolt. He could sense a powerful aura had appeared at the swamp area behind him.

The aura was so powerful that it was even greater than the nine Early Refined Saint Stage wild beasts.

Colossal Sword Bell!

When Duan Ling Tian sensed the aura seemed to have dangerously locked on him, he immediately activated the Sun True Origin in his body.

In just a blink of an eye, streaks of golden dazzling sword rays formed a defensive layer around his body. It looked like a gigantic bell.

Bang!

At the moment the Colossal Sword Bell was formed, a loud sound resonated and the Colossal Sword Bell shook violently. As it turned out, a gigantic figure had tried to sneak an attack on Duan Ling Tian.

Although it could be considered successful in its sneak attack, it was unfortunate it could not break the defense of the Colossal Sword Bell at all.

Meanwhile, Duan Ling Tian turned to look at the thing that tried to sneak an attack on him. It was a wild beast that was almost ten meters tall.

The appearance of this wild beast was identical to the thousands of wild beasts in his surrounding.

However, there was a golden dazzling crown on the head of this wild beast that was the size of a small hill, revealing his extraordinary identity.

Roar!

Auuuuu!

Growl!

...

At the same time, the thousands of wild beasts that were originally quiet in his surrounding looked at the crowned wild beast one after another and howled. Their high-pitched voice seemed to be filled with respect.

“It seems like this must be the king of the wild beasts.” Duan Ling Tian would have lived his entire life in vain if he still could not figure this out.

“The Mastery Refined Saint Stage... This wild beast king is actually at the Mastery Refined Saint Stage! If this group of wild beasts is really the first trial to obtain the Divine Ability Relic then the Divine Ability contained in it must be extremely high-grade! Naturally, a high-grade Divine Ability means the trials are going to be extremely difficult.” Initially, Duan Ling Tian was consumed with excitement. However, when he thought more about it, it was as though a cold bucket of water had been poured on him as he snapped back to reality.

Since the first trial to enter was already this difficult, would the coming trials be any easier? Of course not!

“I’ll stop thinking about the other things for now. The most important thing now is to solve this problem first.” Soon after, Duan Ling Tian shifted his attention back to the group of wild beasts in front of him. It was apparent from how the group of wild beasts had gathered to surround him while their king made a sneak attack that they did not come with good intentions.

Roar!

As the wild beast king roared furiously, the thousands of wild beasts that were originally watching by the side charged at Duan Ling Tian menacingly with a murderous gleam in their eyes.

When the thousands of wild beasts charged at Duan Ling Tian, his heart tightened even though he had been through and seen a lot.

Naturally, this did not mean Duan Ling Tian was afraid of them, it was just an instinctive reaction.

“Trying to win through numbers?” Faced with the clan of menacing wild beasts, Duan Ling Tian sneered.

In the next instant, the air within a 100-meter radius of him began to tremble before a gigantic golden ball enveloped the area.

However, the group of wild beasts did not seem to fear anything as they charged into the 10,000 Swords Territory that Duan Ling Tian had activated immediately.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

...

Inside Duan Ling Tian’s 10,000 Swords Territory, 10,000 sword rays whizzed around. Those weaker wild beasts that charged in were killed immediately while the strong ones were killed after withstanding two to three moves. Those that were even more powerful, on the other hand, were able to endure for a while, but in the end, they still could not escape death.

Soon after, the nine Early Refined Saint Stage wild beasts charged in as well.

“I’ve been waiting for you for a long time.” From when Duan Ling Tian had activated his 10,000 Swords Territory until now, he was merely watching by the side and only used his mind to control the Territory. Now that he saw the nine Early Refined Saint Stage wild beasts were charging in, he lifted his right hand slightly.

In the next instant, without any movement, his entire being vanished into thin air.

In just a blink of an eye, he appeared again on the same spot.

As for the nine Early Refined Saint Stage wild beasts, they fell from the sky one by one and lost their lives.

Roar!

When the nine Early Refined Saint Stage wild beasts died, the wild beast king outside the Territory seemed to be able to feel it as it let out an ear-deafening roar before charging into Duan Ling Tian’s Territory as well.

The remaining wild beasts charged into Duan Ling Tian’s Territory as though they were given a boost when they saw how furious their king was.

Unfortunately, only death awaited them.

“What? You’re going to avenge them?” Faced with the king of the wild beasts that was charging at him with bloodshot eyes, Duan Ling Tian sneered and charged at it as well. The sword ray in his hand shone in all directions like a dazzling sun.

Chapter 1778: Abyssal Swamp

The Mastery Refined Saint Stage wild beast king did not have a defensive Divine Ability like the gigantic statue and the rock golem. For this reason, he was killed by Duan Ling Tian’s attack that was equivalent to the full might of a Martial Cultivator at the peak of the Refined Saint Stage.

When the wild beast king died, the other wild beasts did not panic. Instead, they went berserk. Moreover, the surrounding swamp began to bubble and boil as well. One by one, wild beasts shot out from the swamp. Although the numbers were not as many as before, there were at least several hundreds of them.

The strongest among the several hundreds of wild beasts that had just joined the remaining wild beast army were only at the Early Refined Saint Stage.

For this reason, no matter if the numbers of wild beasts increased their strength, it did not pressure Duan Ling Tian at all.

They charged into Duan Ling Tian’s 10,000 Swords Territory one after another like flying moths that were attracted to fire regardless of danger. It was as though they were only living for this moment of glory.

As time passed by, Duan Ling Tian became slightly bored.

In the end, although he knew these wild beasts were mirror images that were formed from the Illusory Formation, and they would evaporate when they die, Duan Ling Tian was still stunned by how fearless they were of death.

In the end, he no longer made any move and let the 10,000 Swords Territory kill the wild beasts that entered it.

Only until the last wild beast had died that Duan Ling Tian finally breathed a sigh of relief.

Before he even finished sighing in relief, a voice resonated from all directions and entered his ears clearly. "Little guy, congratulations for passing the first trial of the Abyssal Swamp. There are eight more trials awaiting you, and I'll be waiting for you at the last one!"

This voice seemed as though it belonged to an old man. Duan Ling Tian was momentarily stunned before he became excited.

"When I was going through the Six Harmonies Tower or the Six Halls Palace, I didn't get a reminder at all... Moreover, the attack from the group of wild beasts earlier is only the first trial to obtain this Divine Ability Relic? This place where this Divine Ability Relic is hidden is called the Abyssal Swamp?" After taking a deep breath, Duan Ling Tian finally calmed down.

In fact, although he had his suspicion, he was not entirely certain if the attack from the group of wild beasts was the first trial. If it was the first trial then it would mean the Divine Ability contained in this Divine Ability Relic would be extraordinary or at the very least, it would be definitely more powerful than the Six Harmonies Golden Body that he obtained and the Rock Heaven Wall that Xiao Dun obtained.

However, after he heard the reminder from that ancient voice that seemed to resonate from all directions, Duan Ling Tian was finally able to confirm his suspicion.

"This Divine Ability Relic must contain a high-grade Divine Ability!" Originally, Duan Ling Tian thought the Six Harmonies Golden Body that he obtained could be considered as pretty good. However, he finally realized, now that he had this to compare to, that it must only be a medium-grade Divine Ability.

It was always the scariest to make a comparison since inferiority and superiority would be instantly revealed.

"The voice earlier seemed to say I have eight more trials ahead of me? Where's the second trial going to take place then?" Duan Ling Tian felt puzzled as the Divine Consciousness he stretched out sensed some movement in the sky at the side.

When he shifted his gaze over, he saw that a crack had appeared out of thin air... Subsequently, a heavy and big door appeared slowly before Duan Ling Tian. The door revealed a path that led to an unknown place.

'The door opens after I passed the first trial. Just as I expected, this is just the same as the previous three Divine Ability Relics that I encountered before this. However, the first trial of this Divine Ability Relic is much more difficult than the others,' Duan Ling Tian thought to himself.

“As for the reason why Xiao Dun said the level of difficulty for the first trial is similar to the first trial in the Six Halls Palace... Well, it’s probably a misunderstanding. Perhaps, it did not occur to him that the four wild beasts were merely the prelude to the first trial. The first trial would only appear after the four beasts are killed.” Naturally, Duan Ling Tian knew why Xiao Dun would misunderstand since he and his partner could not defeat the four wild beasts.

Although the four wild beasts were fewer than the fierce beasts that showed up in the Six Halls Palace’s first trial, due to the reason they were from the same clan, they had a great understanding of each other. Due to this, the strength of their joint attacks was in no way inferior to the joint attacks of the five flying-type fierce beasts at the entrance of the Six Halls Palace.

The latter appeared to attack at the same time, but in truth, they were in a chaotic state.

“Let’s go in!” Duan Ling Tian’s heart leaped as he charged through the heavy and big door.

What awaited him inside?

Duan Ling Tian was curious.

However, he also knew the trials ahead would not be easier than the first trial.

As he walked through the big door, darkness enveloped him. It was only until Duan Ling Tian activated the Sun True Origin on his body that made his entire body shine like the sun that this dark space revealed what it was.

It was a dark tunnel heading downward.

Duan Ling Tian was currently standing above the tunnel. At first, the tunnel’s path was straight with a corner several hundreds of meters away.

‘The terrain of this tunnel is getting lower and lower. Don’t tell me it’s bringing me somewhere? Maybe the end of the tunnel is where the trial is located?’ The moment he thought of this, he picked up his speed.

What would the second trial be?

He had no idea.

Although the unknown was scary, the moment he thought of how the Divine Ability contained in this Divine Ability Relic would most likely be a high-grade one, he became excited again.

“I guess I’m about a hundred meters underground now, right?” As time went by, Duan Ling Tian only felt the tunnel seemed to be endless. It was fine initially. However, he began to feel a little impatient after a while. “I must be at least 300 meters underground now, but I still haven’t reached the end yet! How long is this tunnel?”

Although Duan Ling Tian was impatient, he did not give up, and he kept going further in.

A day soon passed by in just a blink of an eye.

“I must be more than 1,000 meters underground now.”

Two days had gone by.

“It’s 2,000 meters now.”

Three days went by.

“I’m already 3,000 meters in. Is this going to continue?” Three days later, Duan Ling Tian was still walking in the tunnel. He came to a halt for the first time and no longer moved forward. He stood there as he said through clenched teeth, “I really can’t believe this!”

The moment he finished speaking, he began to move as fast as a specter.

Another day went by, and he was 10,000 meters in. However, he still did not reach the end of the tunnel.

It was as though this tunnel did not have an end.

“I see.” Duan Ling Tian came to a halt and no longer seemed as impatient as before. Instead, he smiled knowingly. “So this is actually the second trial! What a brilliant Illusory Formation! If I didn’t activate my Strange Pupil half a day ago, it would’ve been really difficult for me to notice that I’ve been walking on the same path. 10,000 meters my foot! Currently, I’m only about 1,000 meters underground! The reason I felt I had already made it to about 10,000 meters underground is all thanks to the Illusory Formation in this tunnel!” Since the tunnel looked practically the same, Duan Ling Tian did not realize that he had been walking on the same path over and over again.

However, when he activated his Strange Pupil and studied the details inside the tunnel clearly, he finally noticed that he had been walking on the same path.

The reason was the Illusory Formation!

“This Illusory Formation must be the second trial.” Duan Ling Tian took a deep breath as he immersed his entire being into the Illusory Formation.

If he wanted to break this Illusory Formation, he must find the foundations, and more importantly, the core of the Illusory Formation.

For this reason, when Duan Ling Tian continued to walk down the tunnel, he extended his Divine Consciousness completely to explore the surrounding as he searched every nook and cranny.

At the same time, he also leaned his entire body on one side of the stone wall and released all his Sun True Origin into the tunnel’s stone wall. As long as he sensed something hidden inside it, his Sun True Origin would immediately shatter and destroy it.

Naturally, he was also still using his Strange Pupil as it continued to deplete his Spiritual Energy.

After it was completely depleted, he stopped to recuperate. After he recuperated, he continued again.

Just like this, six and seven days went by.

As the saying went, 'Good things come to those who wait.' On the seventh day, Duan Ling Tian finally found the first foundation of the Illusory Formation hidden inside the tunnel. He instantly activated his Sun True Origin to destroy it.

If it was the core of the Formation, the Formation would be gone if it was destroyed.

However, if it was just one of the foundations of the Formation, unless it was an important foundation, it would not be able to break the formation.

This was Duan Ling Tian's current situation.

However, now that he had found his first Formation's foundation, he was filled with enthusiasm. Half a day later, he managed to find the second foundation of the Formation and destroyed it.

This Formation base was obviously much more important than the previous one.

The moment it was destroyed, a ray of light suddenly appeared at the end of the dark tunnel. Although it was far away, Duan Ling Tian was still able to see it. "That's the exit?"

At this moment, Duan Ling Tian also noticed the Illusory Formation had been destroyed by him.

"This trial is really time-consuming." Although there were no fighting or killing in the second trial, it had taken ten days of Duan Ling Tian's time. If he could pick, he would rather pick a trial similar to the first one.

The second trial was too mentally exhausting.

Duan Ling Tian walked out of the tunnel by following the ray of light.

Whoosh! Whoosh! Whoosh!

At the moment when Duan Ling Tian walked out of the tunnel, his heart jolted as he sensed a hostile aura. He immediately activated the Sun True Origin in his body that transformed into thousands of sword rays before it formed the defensive Colossal Sword Bell around him.

Boom! Boom! Boom

...

As soon as the Colossal Sword Bell was formed, Duan Ling Tian suddenly felt a tremble. Subsequently, waves of mysterious forces began to rain down on him menacingly.

Chapter 1779: Winged Fiery Beast!

It had already been one and a half months since they entered the Saint Martial Secret Zone.

More and more Mystical Sky Mansion's disciples were being kicked out from the Saint Martial Secret Zone, but some of these eliminated Mystical Sky Mansion's disciples did not leave in a hurry. Instead, they also waited outside the entrance. They wanted to ask about the others and what they had gained. Apart from that, they also wanted to see how many people would be able to survive a full three months in the Saint Martial Secret Zone.

Once three months were up, everyone who was still inside would be automatically sent out by the Saint Martial Secret Zone. Otherwise, they would not be sent out unless they died in there.

“The Divine Ability Relic I found was just too ridiculous! There were two of us at the peak of the Pristine Saint Stage and one at the Early Refined Saint Stage, but we still couldn’t pass the sixth trial. The guardian beast of that level was at the Intermediate Refined Saint Stage! After we realized we couldn’t defeat it, we tried to flee. In the end, the other two managed to escape, but I was a little slow and was killed by the fierce beast with one slap!” One of the Mystical Sky Mansion’s disciples let loose a torrent of words. A bitter smile and an unwilling expression appeared on his face when he reached the end of his sentence.

“Looks like the difficulty inside the location of the Divine Ability Relic you came across is pretty much the same with the one that I found. However, our little team is a little stronger than yours. Apart from me who’s at the peak of the Pristine Saint Stage, the other two are at the Early Refined Saint Stage. We passed the sixth trial with our joint efforts, but we failed the seventh trial.” The other Mystical Sky Mansion’s disciple smiled wryly. “If I’m not mistaken, that must have been the last trial! The trial was a puppet at the Mastery Refined Saint Stage. Although it’s not as powerful as a Martial or Dao Cultivator at the Mastery Refined Saint Stage, it’s not something two Early Refined Saint Stage Martial Cultivators could handle.”

“Mastery Refined Saint Stage puppet? All of you were killed?” The former asked the latter in shocked.

“No... They managed to escape, but I was killed.” The latter had a bitter smile on his face.

“Looks like we share the same unfortunate fate then.” The former smiled wryly as he sighed. Then, as though he was reminded of something, he looked at Qian Ping Sheng, the Palace Master of Yellow Palace, who was nearby. “Lord Palace Master, since the trials to obtain the Divine Ability Relics we encountered were so difficult, the Divine Ability contained inside must be a high-grade Divine Ability, right?”

This Mystical Sky Mansion’s disciple was from the Yellow Palace.

“High-grade Divine Ability?” Upon hearing his words, Qian Ping Sheng shook his head. “Based on your descriptions earlier, the Divine Ability Relics both of you encountered must be a medium-grade Divine Ability Relic. If it’s a high-grade Divine Ability Relic, the first trial is not something both of you will be able to pass.”

“What?!” Upon hearing that, the Yellow Palace’s disciple gasped. “The trials to obtain the Divine Ability Relic was so difficult but it only contains a medium-grade Divine Ability? Can anybody even get their hands on a high-grade Divine Ability at all?”

At the same time, the Mystical Sky Mansion’s disciples who were all kicked out shifted their attention to Qian Ping Sheng too.

“In the history of our Mystical Sky Mansion, there are not many people who managed to obtain the high-grade Divine Abilities inside the Saint Martial Secret Zone... It’s said that if you don’t have a cultivation base at the Mastery Refined Saint Stage and above, it’ll be impossible for you to challenge the high-grade Divine Ability Relic’s trials on your own! It’s not even certain you can face the trials of a high-grade Divine Ability Relic even if you’re at the peak of the Refined Saint Stage,” Qian Ping Sheng

added, "Naturally, that's only if you go through the trials alone. If many people join forces, the cultivation base requirement could be lowered a little, but it can't be below the Intermediate Refined Saint Stage. In the history of our Mystical Sky Mansion, the lowest cultivation base group that obtained a high-grade Divine Ability was a team of Martial Cultivators who were at the Intermediate Refined Saint Stage. They succeeded because the high-grade Divine Ability Relic they encountered was slightly inferior in regards to grade. In the Saint Martial Secret Zone, even high-grade Divine Ability Relics are separated into various grades and levels as well. In the history of our Mystical Sky Mansion, some of the high-grade Divine Ability Relics are completely untouchable."

Qian Ping Sheng continued saying, "Naturally, those high-grade Divine Ability Relics are much superior in grade and contained a more powerful high-grade Divine Ability."

The high-grade Divine Ability Relics were separated into various grades and levels!

The Mystical Sky Mansion's disciples present on the scene felt that they had learned a lot.

Buzz! Buzz! Buzz!

...

At this moment, the whirlpool at the entrance of the Saint Martial Secret Zone suddenly whirled, attracting the attention of almost everyone on the scene.

"Somebody came out again!" Many Mystical Sky Mansion's disciples exclaimed.

At the same time, a figure also appeared from the entrance of the Saint Martial Secret Zone.

"Xiao Dun!" The moment this person came out, an Earth Palace's disciple went up to him immediately, "How did you get sent out?"

At the same time, the three Mystical Sky Mansion's disciples from the Zhao Clan standing behind Zhao Deng had a murderous gleam in their eyes.

They recognized Xiao Dun as that person whom they had surrounded and attacked inside the Saint Martial Secret Zone. It was exactly because of Ling Tian's intervention that he was able to remain in the Saint Martial Secret Zone, and they were kicked out instead.

Now that they saw Xiao Dun, they were reminded about their sad past that took place two weeks ago.

The Earth Palace's disciple who went up to Xiao Dun asked, "Weren't you saved by Senior Brother Ling Tian?" This Earth Palace's disciple was the one who was originally working together with Xiao Dun and was kicked out by the three Mystical Sky Mansion's disciples from the Zhao Clan.

The clues that led to the two Divine Ability Relics that Xiao Dun knew about were both discovered by him.

"Yeah." Xiao Dun nodded. "I was rescued by Senior Brother Ling Tian, but that was ten days ago. After I brought him to the location of the Divine Ability Relic, I went separate ways with him. However, prior to

that, I managed to obtain one of the Divine Ability Relics and memorized a Divine Ability.” When he reached the end of his sentence, he smiled brightly.

Upon hearing that, the Earth Palace’s disciple smiled as well, “That’s great!”

However, when Xiao Dun looked at the Earth Palace’s disciple again, his smile faded. “Brother Zheng, I’ve given one of the Divine Ability Relics you discovered to Senior Brother Ling Tian. You won’t blame me, right?”

Qin Zheng, the Earth Palace’s disciple, shook his head and said, “Of course not! I’ve already been kicked out. Naturally, those two Divine Ability Relics were up to you to deal with. Since Senior Brother Ling Tian has helped you to obtain one of the Divine Abilities, it’s just right for you to give the other one to him.”

It had been two weeks since he was eliminated so he had already calmed down and come to terms with.

Whatever was supposed to happen would happen. That was how it was.

That was why when he learned that Xiao Dun had obtained one of the Divine Abilities contained in the two Divine Ability Relics, he was happy for Xiao Dun from the bottom of his heart.

“Ling Tian?!” The people present on the scene heard Xiao Dun’s words. Qian Ping Sheng, the Palace Master of Yellow Palace, even looked at him and asked, “What kind of Divine Ability did Ling Tian help you to obtain?”

The moment such words came out of Qian Ping Sheng’s mouth, most of the people shifted their attention to Xiao Dun.

This, included Zhu Lu Qi, the Palace Master of Heaven Palace.

Xiao Dun could ignore other people’s eyes, but he did not dare to ignore Zhu Lu Qi since he was the Palace Master of the palace he belonged to. If he wanted to have a good life in the Mystical Sky Mansion, it would depend on whether the Palace Master of Heaven Palace thought highly of him or not.

Under the watchful eyes of the others, Xiao Dun replied, “The Divine Ability I obtained is called the Rock Heaven Wall!”

Rock Heaven Wall!

The moment these words left his mouth, the group Vice Mansion Masters of Mystical Sky Mansion were shocked.

Even Meng Qing, the Mansion Master of Mystical Sky Mansion, who was sitting cross-legged far away had opened his eyes immediately and looked at Xiao Dun.

Xiao Dun’s heart leaped when he noticed Meng Qing’s gaze on him. He could feel the pressure turned heavier.

“Among medium-grade Divine Abilities, the Rock Heaven Wall is one that’s top-rated... It’s your luck you’re able to obtain the Rock Heaven Wall, and I hope that you’ll be able to break through to the Divine Saint Stage and successfully comprehend and master this Divine Ability in the future,” Qian Ping Sheng

told Xiao Dun, "In the history of our Mystical Sky Mansion, although there were many people who had obtained this Divine Ability, very few of them managed to break through to the Divine Saint Stage so we've never seen anyone mastering this Divine Ability before, let alone passing it down."

"It's a top-rated Divine Ability among medium-grade Divine Abilities?" Upon hearing his words, Xiao Dun's eyes lit up immediately. It did not cross his mind that the defensive Divine Ability, the Rock Heaven Wall, that he obtained was actually not an ordinary medium-grade Divine Ability.

"Congratulations, Xiao Dun," At the same time, a few Heaven Palace's disciples who were kicked out congratulated him one by one.

There were jealousy, envy, and hatred in the depth of their eyes.

Whichever Mystical Sky Mansion's disciple who managed to obtain a medium-grade or above Divine Ability Relic in the Saint Martial Secret Zone and memorized the Divine Ability it contained would be heavily nurtured by the Mystical Sky Mansion in the future.

For this reason, every Mystical Sky Mansion's disciple who entered the Saint Martial Secret Zone would be bursting with energy to obtain a Divine Ability Relic.

Although there were some people who had memorized Divine Ability before Xiao Dun, the Divine Abilities they memorized were all low-grade Divine Abilities.

"Congratulations, Xiao Dun." At this moment, Zhu Lu Qi, the Palace Master of Heaven Palace, also smiled as he looked at Xiao Dun. This Heaven Palace's disciple whom he did not pay much attention to appeared quite promising now.

"Thank you, Lord Palace Master." Xiao Dun was overwhelmed by the compliments and glory.

When the disciples from the other three palaces looked at him, jealousy, envy, and hatred could be seen in their eyes.

The expressions of Zhao Deng, his son, and the other three Mystical Sky Mansion's disciples from the Zhao Clan had turned slightly grave as well.

In their opinion, that should be the Zhao Clan's Divine Ability.

'Ling Tian! Ling Tian!' At this moment, whether it was Zhao Deng or Zhao Ji, the hatred they had toward Duan Ling Tian in their hearts had deepened even more.

"Rock Heaven Wall... If I'm not mistaken, you and Ling Tian must have entered the Six Halls Palace!" Zhu Lu Qi looked at Xiao Dun, and after he finished saying this, he asked again, "You said you gave the other Divine Ability Relic to Ling Tian. What are the characteristics of the location that houses the Divine Ability Relic?"

It was apparent Zhu Lu Qi also wanted to find out what kind of Divine Ability Duan Ling Tian would obtain.

"After we've entered the location of the Divine Ability Relic, the first thing that appeared was a swamp area. There were four ugly and disgusting wild beasts that appeared during the first trial." Xiao Dun even described the appearance of the wild beasts on purpose.

When Xiao Dun described the appearance of the four wild beasts, Zhu Lu Qi narrowed his eyes while Qian Ping Sheng even exclaimed out loud, "Winged Fiery Beast!"

Winged Fiery Beast!

Meng Qing, the Mansion Master of the Mystical Sky Mansion, who was originally sitting cross-legged nearby immediately stood up when he heard Xiao Dun's description.

Chapter 1780: The Number One Divine Ability!

Zhu Lu Qi, the Palace Master of heaven Palace, stared at Xiao Dun with a burning gaze as he further asked for confirmation, "Are you sure the location of the Divine Ability Relic is a swamp area? Not only that but are you certain you didn't exaggerate the appearance of the four wild beasts?"

At this moment, Xiao Dun also noticed the atmosphere was not quite right. Although that was the case, he still nodded in confirmation to Zhu Lu Qi's questions. "I'm certain what I said is correct. On top of that, I entered that place together with Brother Zheng so he can prove what I said is true."

After saying that, Xiao Dun looked at Qin Zheng, that Earth Palace's disciple.

In fact, the two Divine Ability Relics he knew were both discovered by Qin Zheng so he had gone to the location of the two Divine Ability Relics with Xiao Dun before.

It was only until they were stuck at the first trial that they decided to flee and look for another person to join them.

Who knew they would encounter the three Mystical Sky Mansion's disciples from the Zhao Clan who tried to take advantage of them. In order to kill the chicken to scare the monkey, the three of them had even killed Qin Zheng's clone.

The moment Xiao Dun's words left his mouth, the group of Mystical Sky Mansion's high-ranking officials, including Meng Qing, the Mansion Master of Mystical Sky Mansion, shifted their attention to Qin Zheng in unison, giving him a sense of pressure.

Qin Zheng did not dare to dally and quickly nodded his head in confirmation. "Xiao Dun's right."

"It's really that place!" After they received confirmation, the group of Mystical Sky Mansion's high-ranking officials, including Meng Qing, shook their heads.

Zhao Deng, who was one of the Vice Mansion Masters of Mystical Sky Mansion, had a gloating look in his eyes as though he was taking pleasure in other people's misfortune.

Xiao Dun noticed the strange atmosphere at once and could not help but ask Zhu Lu Qi, "Lord Palace Master, is there something wrong?"

"There's nothing wrong." Zhu Lu Qi shook his head. "In the history of our Mystical Sky Mansion, many people have found the location of that Divine Ability Relic you mentioned, but nobody has ever passed the first trial of that Divine Ability Relic! Not only that, but very few people were able to escape from the trials of that Divine Ability Relic too!"

“What?!” Upon hearing his words, many Mystical Sky Mansion’s disciples were shocked.

Xiao Dun and Qin Zheng were dumbfounded. They looked at each other and could see the disbelief in each other’s eyes.

They had tried to pass the first trial of that Divine Ability, and it did not seem as difficult as they had described.

“Lord Palace Master, Brother Zheng and I have entered the location of that Divine Ability Relic before. The first trial only had four wild beasts at the peak of the Pristine Saint Stage. The difficulty is equivalent to the first trial of the Six Hall Palace. It’s not so difficult until the point where nobody in the history of our Mystical Sky Mansion has ever succeeded in passing it, right?” Xiao Dun could not help but ask.

Qin Zheng nodded his head as well. Since he was there, he agreed with Xiao Dun’s words.

“The four wild beasts that you encountered are not the first trial of that Divine Ability Relic... The first trial of the Divine Ability Relic will only begin for real after the four wild beasts are killed!” Zhu Lu Qi shook his head and explained, “After killing that four beasts, thousands of wild beasts identical to the four wild beasts will appear in the surroundings of the swamp! That’s a huge clan of wild beasts! There are more than ten of them that are at the Refined Saint Stage and above. Their king’s strength, in particular, is at the Mastery Refined Saint Stage. It has almost reached the peak of the Refined Saint Stage! Just by cultivation base alone, they might not seem strong since none of them is at the peak of the Refined Saint Stage, but just the sheer number alone is awfully terrifying! Among the thousands of wild beasts, the weakest ones are at the Pristine Saint Stage. When they appear, they’ll cover the entire sky. Nobody will be able to withstand it unless it’s the Territory of an Eminent Saint Stage powerhouse or higher! In the history of our Mystical Sky Mansion, there was a little team of one Dao Cultivator at the peak of the Refined Saint Stage, one Mastery Refined Saint Stage Martial Cultivator, and three Intermediate Refined Saint Stage Martial Cultivators who tried to enter the location of that Divine Ability. However, in the end, the entire team was wiped out just like that! When the thousands of wild beasts charged at them, they only managed to kill a few hundred of them before they were killed.” Zhu Lu Qi finished saying this in one breath.

Gasp! Gasp! Gasp! Gasp! Gasp!

...

The moment Zhu Lu Qi’s words left his mouth, the group of Mystical Sky Mansion’s disciples present on the scene gasped one after another.

“My dear Lord! What kind of Divine Ability Relic is that! Just the first trial alone is ridiculously difficult!”

“How horrifying!”

“Although Ling Tian is powerful, he’s only at the peak of the Refined Saint Stage. He’ll most likely die if he enters that place!”

“With Ling Tian’s strength, perhaps, he might have a chance at obtaining ordinary high-grade Divine Ability Relics. However, it’s apparent this high-grade Divine Ability Relic is not something that he can deal with!”

“Just how terrifying is the Divine Ability contained in this high-grade Divine Ability Relic?! It’s already shocking enough just thinking about it!”

“It’s certain that the Divine Ability contained in that Divine Ability Relic must be extraordinary. Be that as it may, nobody would be able to obtain it no matter how extraordinary it is.”

“That’s right! It’s just too difficult.”

...

After the group of Mystical Sky Mansion’s disciples returned to their senses, they discussed among themselves. None of them thought Duan Ling Tian would be able to pass the first trial of that Divine Ability Relic.

A rare smile appeared on Zhao Ji’s face. It was a gloating smile that spoke of his delight at Duan Ling Tian’s misfortune.

“That four wild beasts are the prelude to the first trial of that Divine Ability Relic?” Upon hearing Zhu Lu Qi’s words, Xiao Dun could not help but gasp before exchanging glances with Qin Zheng. Both of them saw the shocked and baffled looks in each other’s eyes.

Not even in their wildest dreams would they think the Divine Ability Relic they thought was a medium-grade Relic would actually turn out to be such a horrifying high-grade Divine Ability Relic!

“Then, does this mean Senior Brother Ling Tian is in danger?” The moment Xiao Dun thought of Duan Ling Tian, regret filled his heart.

If he had known how dangerous that Divine Ability Relic was, he would not have brought him there. After all, Duan Ling Tian was his life savior, and he was not the type who was ungrateful and would leave his benefactor in the lurch.

Zhu Lu Qi looked at Xiao Dun and asked solemnly, “When did Ling Tian enter the location of the Divine Ability Relic?”

At this moment, he could not help but worry about Duan Ling Tian’s safety.

After all, in the Mystical Sky Mansion’s history, the location of the Divine Ability Relic was the number one forbidden place in the Saint Martial Secret Zone. Its name was enough to make people tremble.

Ling Tian who was the most outstanding disciple among the younger generation in their Heaven Palace and the entire Mystical Sky Mansion, on the other hand, had actually unknowingly entered that place.

How could he not be worried?

In fact, the benefits Ling Tian reaped in the Saint Martial Secret Zone were very important to the Mystical Sky Mansion.

With his innate talent, he would definitely be able to break through to the Divine Saint Stage if he did not die suddenly.

On top of that, the possibility of him comprehending and mastering the Divine Ability he obtained from the Saint Martial Secret Zone was also greater than other people.

It was precisely because of this, he did not hope for Duan Ling Tian to be kicked out so fast.

“About ten days ago,” Xiao Dun answered after a moment of silence.

Ten days ago?

Upon hearing Xiao Dun’s words, Gu Li who had been standing quietly by the side could not help but sigh in relief. “He has entered the location of that Divine Ability Relic ten days ago, but up until now, he hasn’t come out yet. I think Senior Brother Ling Tian must have turned the misfortune into a fortune.”

Gu Li’s assumption was what most people thought as well.

“It seems like Ling Tian has gotten himself out of trouble.”

“That’s right! He has not been kicked out after ten days, he must have fled and left that Divine Ability Relic alone.”

“Although the Divine Ability inside the Divine Ability Relic is good, it’s still impossible for Ling Tian to obtain it with his strength.”

Many Mystical Sky Mansion’s disciples discussed among themselves. They felt Duan Ling Tian must have survived the attack from the group of wild beasts and left that Divine Ability Relic behind.

Previously, Xiao Dun’s mind was in chaos from being too worried. Now that he had calmed down, he sighed in relief as well. ‘It has already been ten days since then, and Senior Brother Ling Tian hasn’t come out yet. He must have left the location of that Divine Ability Relic. I hope he doesn’t think that I wanted to harm him.’ Xiao Dun smiled wryly when he reached the end of his thoughts.

“It has already been ten days, and he has not been kicked out?” Zhao Deng’s expression was grim. It was obvious Ling Tian had fled the location of that Divine Ability Relic alive since he had not been eliminated even though he had entered that place ten days ago.

At this moment, the gloating smile on Zhao Ji’s face froze as well.

From the beginning until the end, nobody, including Meng Qing, the Mansion Master of Mystical Sky Mansion, felt that Duan Ling Tian would be able to pass the first trial of that Divine Ability Relic, let alone obtaining the Divine Ability inside it.

In the history of the Mystical Sky Mansion, the location of the Divine Ability Relic that Duan Ling Tian entered was the number one forbidden place in the Saint Martial Secret Zone!

Not only that, but Divine Ability it contained was also widely acknowledged by former seniors in the Mystical Sky Mansion to be the number one Divine Ability among the various Divine Abilities in the Mystical Sky Mansion’s Saint Martial Secret Zone.

“Ling Tian’s really lucky. To think that he actually entered the location of the number one Divine Ability Relic in the Mystical Sky Mansion’s Saint Martial Secret Zone. However, if his cultivation base is only at the peak of the Refined Saint Stage, it’ll be impossible for him to pass the first trial of that Divine Ability Relic, let alone obtaining that number one Divine Ability.” Although Ku Mi was from the Azure Cloud Mansion, he had heard about the number one Divine Ability inside the Mystical Sky Mansion’s Saint Martial Secret Zone.

There was no Divine Ability Relics in their Azure Cloud Mansion’s Saint Martial Secret Zone that could compete with that Divine Ability Relic in the Mystical Sky Mansion’s Saint Martial Secret Zone at all.

Naturally, whether it was the Azure Cloud Mansion or the Mountainshade Black Market, none of them coveted that extraordinary Divine Ability Relic in the Mystical Sky Mansion’s Saint Martial Secret Zone. This was because they knew it was impossible for anybody in the Lower Province of the Dao Martial Saint Land to obtain the Divine Ability inside that Divine Ability Relic.

Naturally, Duan Ling Tian was unaware of what was happening outside. He did not even know that the location of the Divine Ability Relic he had entered was widely known as the number one forbidden area that housed the number one Divine Ability in the Saint Martial Secret Zone in the history of Mystical Sky Mansion.

This Divine Ability was also the nightmare of the younger generation in the Mystical Sky Mansion’s history.

Nobody had ever passed the first trial of this Divine Ability Relic, let alone obtaining the Divine Ability.

Duan Ling Tian did not know what was happening outside, and the people outside had no idea what was happening inside.

They did not even know that Duan Ling Tian had already passed through the first and second trials of that horrifying Divine Ability Relic and had successfully walked out of the tunnel of the second trial where the third trial would take place.

Boom! Boom! Boom! Boom! Boom!

...

Duan Ling Tian activated his Colossal Sword Bell and managed to withstand that terrifying force that rained down like a waterfall before successfully making his way to the flat land ahead of him.
