

### **Chapter 2441 She's Your Younger Sister?**

When the two Five Tribulation Bodiless Celestials were injured, the muscular middle-aged man had appeared and seized the opportunity to kill them. At that time, the people present on the scene thought the muscular middle-aged man would definitely obtain the Celestial Supreme Treasure. However, contrary to their expectations, when the muscular middle-aged man was about to break the Formations shrouding the Celestial Supreme Treasure to collect it, a grey-clad old man appeared and directly killed the muscular middle-aged man.

Earlier the muscular middle-aged man had proclaimed the Celestial Saber belonged to him. However, when the grey-clad old man appeared, he had said, "Who said it belongs to you?"

The muscular middle-aged man did not even have time to react before he was instantly killed by the grey-clad old man. Everything happened in just a blink of an eye.

The muscular middle-aged man's dying words revealed to everyone that the grey-clad old man was a Six Tribulation Bodiless Celestial! Naturally, everyone could not help but discuss among themselves again when they saw the turn in events. They sighed when they thought of the three Five Tribulation Bodiless Celestials who had died pointlessly.

"Even a Six Tribulation Bodiless Celestial is here! How unexpected!"

"Isn't this natural? There will always be another person to take advantage of the situation as two people fight!"

"Three Five Tribulation Bodiless Celestials have died for a Celestial Supreme Treasure!"

"I don't think they would have thoughts of obtaining the Celestial Supreme Treasure if they knew a Six Tribulation Bodiless Celestial is here. After all, it's impossible for them to defeat a Six Tribulation Bodiless Celestial!"

Under the watchful eyes of the crowd, the grey-clad old man who killed the muscular middle-aged man appeared near the crescent Celestial Supreme Treasure in just a flash. He effortlessly destroyed the Formations shrouding the Celestial Supreme Treasure. A hint of delight could be seen on his face as he held the crescent Celestial Supreme Treasure in his hand. He could not believe this stroke of good luck. After all, he was only passing by when he discovered this earth-rank treasure vault that contained a Celestial Supreme Treasure. On top of that, when he came over, most of the struggle for the Celestial Supreme Treasure was over. He only needed to kill the muscular middle-aged man to obtain the Celestial Supreme Treasure. His eyes were glued to the crescent Celestial Saber as he muttered to himself, "If I were slightly late, you would've fallen into that person's hands."

Although the grey-clad old man did not speak loudly, almost everyone heard his words. They were envious of his luck. However, they were also aware that he could smoothly obtain the Celestial Supreme Treasure due to him being a Six Tribulation Bodiless Celestial. After all, if he was a Four Tribulation Bodiless Celestial or weaker, he would not have been able to obtain the Celestial Supreme Treasure.

"He's talking about the muscular middle-aged man, right?"

“Seems like it. Moreover, it seems like he had just arrived not too long ago!”

“Exactly. Didn’t he say if he had come slightly later he might not have been able to obtain this Celestial Supreme Treasure?”

“If this is the case, then, he’s truly lucky.”

At this moment, Gan Ru Yan’s eyes were shining as she looked at the Celestial Supreme Treasure. “How lucky of him to obtain the Celestial Supreme Treasure!” However, her eyes dimmed when she remembered the grey-clad old man was a Six Tribulation Bodiless Celestial. There was no way she would be able to obtain that Celestial Supreme Treasure.

Ke’er who had heard Gan Ru Yan’s words asked, “Eldest sister, do you want that saber?”

“Ke’er,” Gan Ru Yan looked at Ke’er and laughed bitterly, “Is there anyone who doesn’t want a Celestial Supreme Treasure? However, since he’s a Six Tribulation Bodiless Celestial, the Celestial Supreme Treasure is destined to be his.”

“Well, if you want it…” Ke’er said softly before she disappeared in just a blink of an eye.

Gan Ru Yan was stunned by Ke’er’s words. Before she could even reply, Ke’er had already disappeared from her side. It did not take long before she heard the crowd’s voice that was laced with surprise.

“Who’s she?”

“What a beautiful lady!”

“Not only is she beautiful, but her speed is incredibly fast. I didn’t even notice anything. It seems like she had appeared out of thin air.”

Gan Ru Yan quickly turned to the front and saw a familiar figure blocking the grey-clad old man’s path. At this moment, the grey-clad old man was just about to leave. The person who was blocking his path was none other than Ke’er.

“Ke’er!” Gan Ru Yan exclaimed in shock, “Ke’er, what’re you doing? Come back! He’s a Six Tribulation Bodiless Celestial!” Her voice was laden with panic.

Naturally, Gan Ru Yan attracted many people’s attention as well when she exclaimed out loud.

“T-this lady looks identical to the lady who’s blocking the Six Tribulation Bodiless Celestial!”

“Although their temperaments are different, it’s obvious that they’re twins!”

“Based on the tone of this lady, it seems like she’s afraid of the Six Tribulation Bodiless Celestial. The anxiety in her voice is almost palpable. It seems like she doesn’t think her sister is a match for the Six Tribulation Bodiless Celestial!”

At this time, a courageous onlooker probed Gan Ru Yan’s cultivation base. He exclaimed in shock, “H-her cultivation base is only at the Seventh Form of the Saint Celestial Stage!” A hint of contempt could be heard in his voice as well.

“Seventh Form of the Saint Celestial Stage?”

“Are you joking?”

“You’re right. Her cultivation base is only at the Seventh Form of the Saint Celestial Stage!”

“Even if her sister is more talented than her, how much stronger can she be?”

“Is her sister seeking death?”

When the crowd discovered Gan Ru Yan’s cultivation base was only at the Seventh Form of the Saint Celestial Stage, they thought the lady who was blocking the grey-clad old man’s path was insane and seeking death.

At this moment, another courageous person tried to probe Ke’er’s cultivation base. However, he discovered his Divine Consciousness could not get closer than three meters away from Ke’er. “Hm? My Divine Consciousness can’t get near her!”

“My Divine Consciousness can’t get near her as well!”

Hearing this, many people tried to probe Ke’er cultivation base. However, the results were the same.

“Could she be stronger than all of us?” Someone suggested.

“That’s unlikely. Her twin sister’s only at the Seventh Form of the Saint Celestial Stage. Even if she’s highly talented, she should only be at the Ninth Form of the Saint Celestial Stage or an Eminent Celestial!”

“However, I’m able to probe the cultivation base of a Third Tribulation Bodiless Celestial, let alone an Eminent Celestial. Does this mean she has some sort of treasure that prevents people from probing her cultivation base?”

“That’s highly likely. I heard there’s an assist-type Celestial Supreme Treasure that can repel Divine Consciousness and even defend against soul attacks!”

It seemed like most people present on the scene believed that Ke’er possessed some sort of Celestial Supreme Treasure that would be able to repel Divine Consciousness and soul attacks. With this thought in their minds, they turned to look at Ke’er greedily. However, the greed in their eyes lessened when they saw the grey-clad old man whom Ke’er was standing in front of. At this moment, they finally remembered there was a Six Tribulation Bodiless Celestial around!

“Unfortunately, even if she has an assistive-type Celestial Supreme Treasure, it has nothing to do with us!”

“She has to be insane! If she didn’t block the Six Tribulation Bodiless Celestial’s path, no one would know she possesses an assistive-type Celestial Supreme Treasure...”

“I wonder what goes on in her mind!”

Most people thought Ke'er was seeking death. Initially, they thought she was as strong as the grey-clad old man since she was bold enough to block the grey-clad old man's path. However, when they discovered her sister's cultivation base was only at the Seventh Form of the Saint Celestial Stage, they no longer thought she was a match for the grey-clad old man. After all, how strong could she be when her sister was only at the Seventh Form of the Saint Celestial Stage?

Swoosh!

Under the watchful eyes of the crowd, Gan Ru Yan flew to Ke'er side.

"Senior," Gan Ru Yan said apologetically, "Senior, I'm sorry. My younger sister is ignorant and naive. I'll bring her away now!" Although she knew Ke'er strength was not any weaker than a Three Tribulation Bodiless Celestial, she did not think Ke'er would be a match for the grey-clad old man who was a Six Tribulation Bodiless Celestial!

"She's your younger sister?" The old man in grey asked coldly with a knowing expression on his face.

### **Chapter 2442 Instant Kill!**

"Yes," Gan Ru Yan replied immediately. She did not dare to treat the Six Tribulation Bodiless Celestial with disrespect. After all, a Six Tribulation Bodiless Celestial would be able to kill her with just a finger.

When the grey-clad old man heard Gan Ru Yan's words, he looked at Ke'er and laughed. 'I didn't expect a windfall. Not only did I gain an offensive Celestial Supreme Treasure, but I'm about to obtain an assist-type Celestial Supreme Treasure as well.'

As a Six Tribulation Bodiless Celestial, the grey-clad old man had lived for a long time. Therefore, he was more careful than most and did not act recklessly. Although the lady who obstructed his path looked identical to the lady whose cultivation base was at the Seventh Form of the Saint Celestial Stage, he did not instantly jump to the conclusion that they were twin sisters. Moreover, even when others concluded she possessed an assist-type Celestial Supreme Treasure since their, including his own, Divine Consciousness could not probe her cultivation base, he did not let his guard down even though he shared similar thoughts with them. For this reason, he directly verified the matter with Gan Ru Yan.

The grey-clad old man thought to himself as he looked at Gan Ru Yan, 'Non-Bodiless Celestials who can enter the Beyond Heaven Secret Zone have to be younger than 100 years old. Since her cultivation base is at the Seventh Form of the Saint Celestial Stage, she's certainly younger than 100 years old. Since this lady who's obstructing my path is her twin sister, it means she's also younger than 100 years old. She hasn't even reached 100 years of age, there's no way she's a Bodiless Celestial. At most, she's an Eminent Celestial!' His eyes shone with greed as he thought about this. He, naturally, coveted the assist-type Celestial Supreme Treasure he thought Ke'er possessed.

Under everyone's watchful eyes, the grey-clad old man said threateningly, "Give me the Celestial Supreme Treasure you possess, and I'll only kill you. Otherwise, not only will I kill you and snatch your Celestial Supreme Treasure, but I'll kill your sister as well so you have someone to accompany you to hell." He looked at Ke'er disdainfully as though she was just an ant that he could easily kill. Naturally, he was not wrong in his thinking. After all, as a Six Tribulation Bodiless Celestial, someone who was not even 100 years old was truly like an ant to him.

Gan Ru Yan was shocked by the grey-clad old man's words. Even if her sister were to hand over the Celestial Supreme Treasure she supposedly possessed, he would still kill her? She opened her mouth to interject, "Senior..."

At this moment, everyone looked at Ke'er sympathetically since they thought she would die.

However, Ke'er did not seem flustered by the grey-clad old man's words. She remained calm as she said flatly, "My elder sister wants the Celestial Supreme Treasure in your hand!"

Gan Ru Yan was stunned speechless when she heard Ke'er's words. What kind of situation was this? Ke'er actually took her words seriously! An expression of guilt appeared on her face when she realized Ke'er had obstructed the grey-clad old man's path due to her careless words.

The crowd was, naturally, stunned by Ke'er's words as well. Even the grey-clad old man was no exception.

'Is... she insane?' However, the grey-clad old man was once again shocked when he saw the lady who was obstructing his path seemed to have disappeared into thin air after she spoke. Naturally, he knew it was impossible for her to just disappear.

'No!' A panicked thought appeared in the grey-clad old man's mind at this moment. He tried to focus his attention and managed to catch a brief glimpse of a graceful figure charging at him at a very swift speed. He was horrified when he saw the graceful figure fast approaching him.

'S-seven Tribulation Bodiless Celestial? How can a lady who's younger than 100 years old be a Seven Tribulation Bodiless Celestial?' At this moment, he deeply regretted looking down on this lady and underestimating her.

Boom!

Without any hesitation, the grey-clad old man mobilized the energy in his body at the fastest speed possible. At this moment, he did not even think about killing his opponent. His only wish was to escape even if it meant he had to abandon the Celestial Supreme Treasure he just obtained!

Swoosh!

Energy surged out of the grey-clad old man's body before he shot out like a cannonball in the opposite direction of Ke'er. He thought to himself fearfully, 'Run! I must run!' A hint of frustration rose in his heart, he was a Six Tribulation Bodiless Celestial, who could have expected he would fall to such a state?

Whoosh!

The old man was still desperately fleeing when the void near him suddenly stilled and a graceful figure suddenly appeared. The figure was none other than Ke'er. He gulped and prepared to surrender and hand the Celestial Supreme Treasure to her.

However, before the grey-clad old man could raise the white flag, Ke'er had already acted. In just a flash, white dazzling rays radiated from her body. Like a white flame, it shrouded the grey-clad old man in just an instant. The white light surged to the sky, and the air stagnated in its wake.

When the light finally faded, the grey-clad old man had disappeared. The only thing that remained was the crescent Celestial Supreme Treasure. The crowd watched as the Celestial Supreme Treasure fell into a slender hand.

From the moment Ke'er chased after the grey-clad old man to the moment she killed him, it only took a moment.

"Dead?"

"H-how's that possible?"

"Isn't she the twin sister of the lady at the Seventh Form of the Saint Celestial Stage?"

"Since her elder sister's cultivation base is only at the Seventh Form of the Saint Celestial Stage, this means both of them are younger than 100 years old. How's she so strong?"

"She's not even 100 years old, but she's capable of killing a Six Tribulation Bodiless Celestial? Impossible!"

"More importantly, it seems like she didn't use any Celestial Supreme Treasure when she killed the Six Tribulation Bodiless Celestial! How terrifying!"

The crowd was in an uproar. They were in disbelief that Ke'er managed to kill the grey-clad old man who was a Six Tribulation Bodiless Celestial. Moreover, she had done so without using any Celestial Supreme Treasure! Based on her attack, it seemed like she possessed strength comparable to a Seven Tribulation Bodiless Celestial at least!

"She's definitely not an Eminent Celestial... She must be an old monster!"

"I agree. How can an Eminent Celestial possess strength comparable to a Seven Tribulation Bodiless Celestial without using any Celestial Supreme Treasure?"

Whoosh!

At this moment, Ke'er returned to Gan Ru Yan's side. She smiled as she handed the crescent Celestial Supreme Treasure to Gan Ru Yan. "Elder sister, didn't you say that you wanted this Celestial Supreme Treasure? I've obtained it for you."

However, Gan Ru Yan did not reach out to take it. It was not that she did not want it, but she was still in a state of shock. When she regained her senses, she looked at Ke'er as though she was in a trance. Ke'er did not look any different. However, what had just occurred was still vivid in her mind. She did not expect her sister's strength would grow so tremendously in such a short time. It was beyond the range of her comprehension. The Six Tribulation Bodiless Celestial was so strong, and yet, he could not even withstand a single blow from her sister. She felt as though she was dreaming. Finally, she reached out and accepted the crescent Celestial Saber from her sister, still bewildered. She stammered, "Ke'er... h-how did you..."

Ke'er smiled and said, "Elder sister, let's go somewhere else. I'll explain everything to you."

When Gan Ru Yan heard Ke'er's words, she scanned her surroundings and quickly nodded. Although her sister had gotten much stronger, it seemed like her sister was still the same. Her sister still did not like places with many people.

### **Chapter 2443 Finally... Made It!**

Whoosh!

Gan Ru Yan disappeared from everyone's sight in just a blink of an eye with Ke'er's help.

"What's happening? Is that female cultivator who's at the Seventh Form of the Saint Celestial Stage really her sister?" A Four Tribulation Bodiless Celestial asked with a gulp.

"I'm not sure... All non-Bodiless Celestials who are able to enter the Beyond Heaven Secret Zone are definitely less than 100 years of age. If that lady is as strong as a Seven Tribulation Bodiless Celestial, it's not a surprise if she's the ancestor of the lady at the Seventh Form of the Saint Celestial Stage. How's it possible that she's the younger sister of that lady at the Seventh Form of the Saint Celestial Stage?"

Many people were puzzled.

"Is it possible that..." A Three Tribulation Bodiless Celestial speculated at this moment, "the elder sister was reincarnated? Rumor has it that there's a special technique in Dao Martial Saint Land that allows one to reincarnate."

"You're saying that the lady at the Seventh Form of the Saint Celestial Stage was reincarnated to this era from close to 10,000 years ago?"

"Yes. Otherwise, how's it possible for the Seven Tribulation Bodiless Celestial Stage to address her as elder sister?"

Everyone fell silent when they heard the Three Tribulation Bodiless Celestial's words. They had also heard of the rumors of people being reincarnated, but most of them regarded it as a hoax or just a myth.

In fact, Duan Ling Tian had experienced reincarnation as well through the extraordinary technique, the Three Lives Rebirth Technique, from the Rebirth Martial Emperor on Cloud Continent. It was a rare technique even in the Dao Martial Saint Land.

"Although it seems far-fetched, it's the only plausible explanation."

"True. After all, it's even more far-fetched to believe that the lady is a cultivator who's younger than 100 years old possesses strength comparable to a Seven Tribulation Bodiless Celestial without the help of any Celestial Supreme Treasure..."

"I agree."

...

Meanwhile, Gan Ru Yan was unaware that those people had concluded that she had been reincarnated. At this moment, she was brought to a quiet and deserted valley filled with flowers and birds by Ke'er.

Ke'er looked at Gan Ru Yan and said, "Sister, I know that you have a lot of questions. I'll answer your questions, but I hope you'll keep this a secret from Brother Ling Tian. I don't want him to worry."

"I promise I'll keep it to myself so please tell me." Gan Ru Yan felt a slight tremor in her heart when she heard Ke'er's words. She had a hunch that the method her sister used to increase her strength was extremely dangerous. Otherwise, her sister would not have asked her to keep it secret. As she listened to her sister's explanation, her expression changed drastically.

Gan Ru Yan asked in shock, "You burned your soul and recovered memories from your previous life, and at the same time, your strength increased? Somehow, you avoided the Celestial Ascension Tribulation when you're burning your soul, and your strength is currently comparable to a Seven Tribulation Bodiless Celestial?" After listening to Ke'er's account of what happened, she could imagine the excruciating pain Ke'er had to endure by burning her soul.

A bitter smile appeared on Gan Ru Yan's face as tears streamed down her face. She felt her heart ache for her sister. "Ke'er, is this necessary?"

"Elder sister, I don't want to be a burden to him." Ke'er's reply was simple. Naturally, the 'him' she was referring to was Duan Ling Tian.

"You silly girl," Gan Ru Yan muttered when she heard Ke'er's reply and saw the brilliant smile on Ke'er's face when she spoke about Duan Ling Tian. In her opinion, her sister was being incredibly foolish.

Ke'er quickly changed the topic. "Elder sister, did you just enter the secret zone?"

"Yes!" Gan Ru Yan nodded. "As soon as I entered, I saw the group of people fighting for the Celestial Supreme Treasure." As she spoke, she looked at the crescent Celestial Saber in her hands. Earlier, it did not matter to her who would ultimately possess the Celestial Supreme Treasure. After all, she knew she was not strong enough to contend for the Celestial Supreme Treasure. Who knew, in the end, the crescent Celestial Supreme Treasure would end up in her possession?

"Then, you must already know this is not the Sword Saint Secret Zone left by Senior Feng Qing Yang, right?" Ke'er asked.

"What?!" Gan Ru Yan was stunned by Ke'er's words. This was not the Sword Saint Secret Zone. "Then, what's this place?" She did not doubt her sister's words.

"This place is called the Beyond Heaven Secret Zone..." Ke'er told Gan Ru Yan everything she knew about the Beyond Heaven Secret Zone that she had learned in the past year.

"This Beyond Heaven Secret Zone is connected to five mundane realms? There are only a few of us from the Saint Province Realm in the Beyond Heaven Secret Zone, and the others are from the four mundane realms? Moreover, the other four mundane realms are large mundane realms, and our realm is just a small one?" Gan Ru Yan felt as though her horizon had broadened when she heard Ke'er's words. She was shocked by Ke'er's words. "Apart from that, Eminent Celestials below 100 years of age aren't that rare in those large mundane realms. Moreover, some of them are as strong as Five or Six Tribulation Bodiless Celestials?"

Realization suddenly dawned on Gan Ru Yan. "I see. So those Bodiless Celestials who were fighting for the Celestial Supreme Treasure earlier are from the other mundane realms!"

It had to be said that Gan Ru Yan was really lucky that Ke'er found her almost immediately as soon as she entered the Beyond Heaven Secret Zone. After all, with her cultivation base at the Seventh Form of the Saint Celestial Stage, it would be difficult for her to survive in the Beyond Heaven Secret Zone.

...

Time flew by swiftly and another year passed by in just a blink of an eye.

At this time, many of the weaker Bodiless Celestials left one after another. Apart from those who stayed for the excitement, the stronger Bodiless Celestials remained in the secret zone and patiently waited outside the heaven-rank treasure vault that was left by Li Bai, the Green Lotus Sword Celestial. After all, they had already confirmed a year ago that the three youths inside the heaven-rank treasure vault had obtained the Celestial Supreme Treasure. All they needed to do was wait for the three youths to come out to snatch the Celestial Supreme Treasure away.

"That two young men and that young girl... Are they planning to stay in there for eight or nine more years?" A Bodiless Celestial said with a frown on his face.

"It's fine if they plan to stay for another eight to nine years. I'll patiently wait until they come out. After all, they'll have to come out eventually unless they plan to die in there!" Another Bodiless Celestial said.

Those who entered the Beyond Heaven Secret Zone would gain the innate ability to sense the point of entrance and exit to their respective mundane realm after three years. The secret zone would stay open for ten years. If a person did not leave when the ten years were up, they would be trapped in the secret zone. They would have to wait until the next time the secret zone opened to leave, provided they were able to survive that long. Even if they managed to survive, who knew what their mental state would be like? Moreover, in the Beyond Heaven Secret Zone, one would not be able to attract the Heavenly Tribulation and ascend to a Devata Realm. One's cultivation base would stay stagnant in here. This was a fate worse than death for most people. Knowing this, how could anyone willingly trap themselves in the Beyond Heaven Secret Zone?

A Bodiless Celestial suddenly said at this moment, "I only want a Celestial Sword. I'm not interested in other treasures..."

However, no one paid him any attention. After all, it depended on one's ability whether one could obtain the Celestial Sword once the three youth exited the heaven-rank treasure vault.

...

In the heaven-rank treasure vault left behind by Li Bai, the Green Lotus Hermit.

Xiu! Xiu! Xiu! Xiu! Xiu!

The faint sound of sword howling in the air rang in a lavishly decorated hall.

A purple-clad young man could be seen sitting cross-legged in the air in a spherical light shield formed by tens of thousands of flying swords.

Meanwhile, a beautiful girl and a young man were sitting in a corner each, cultivating.

Suddenly.

Xiu! Xiu! Xiu!

The sound of sword howling in the air turned louder all of a sudden as the swords surrounding the purple-clad young man revolved at an even faster speed.

Just as quickly as the sound had increased, everything suddenly fell silent as though time had frozen.

Boom!

In the next moment, a thunderous and earth-shattering explosion rang in the air as the light shield formed by the swords exploded.

The purple-clad young man who was sitting crossed legged in midair as though he was meditating like a monk suddenly opened his eyes after the shockwave from the explosion subsided. A brilliant smile appeared on his face as he said, "Finally! I did it!"

#### **Chapter 2444 Leaving the Underground Palace**

The purple-clad young man was none other than Duan Ling Tian who had gone into closed-door cultivation for some time.

Duan Ling Tian thought to himself with a gleam in his eyes, 'I was so focused on my cultivation this time that I completely lost track of time. I wonder how much time has passed since I entered closed-door cultivation.' He looked around, planning to ask Han Xue Nai or Zhang Yi about how much time had passed, when he discovered they were both sitting cross-legged in a corner in the lavish hall, cultivating.

'I'll wait for them.' Duan Ling Tian did not wake them. He was not in a rush after all. Naturally, he did not stay idle. He used this time to try and master the Thirteen Green Lotus Swords.

...

Time flew by quickly, and another month passed in just a blink of an eye.

At this time, Han Xue Nai had woken up and discovered Duan Ling Tian had come out of his closed-door cultivation. When she saw him staring at her, she exclaimed in surprise, "Brother Ling Tian, you've come out of closed-door cultivation!"

"Yes." Duan Ling Tian nodded with a faint smile on his face.

"When did that happen?" Han Xue Nai asked.

"It has been a month," Duan Ling Tian said with a smile.

"So are we leaving this place?" A wary expression appeared on Han Xue Nai's face as she said, "I don't know if those Bodiless Celestials are still waiting for us at the entrance. It would be great if there's another exit."

After Duan Ling Tian had gone into closed-door cultivation, Han Xue Nai and Zhang Yi had tried to look for another exit in the underground palace, but their efforts bore no fruit. Eventually, they had to give up and come to terms with the fact that there was only one point of entrance and exit in this heaven-

rank treasure vault left by Li Bai, the Green Lotus Sword Celestial. Apart from that, they had also learned from the group of cultivators who came in previously that a group of Bodiless Celestials was waiting for them outside.

“We’ll wait for Zhang Yi to come out from his closed-door cultivation before we leave,” Duan Ling Tian said indifferently. It seemed as though he was not worried about the Bodiless Celestials who were waiting for them outside of the underground palace.

“Brother Ling Tian, did you gain much during your cultivation this time around?” Han Xue Nai asked. An idea began forming in her head when she saw Duan Ling Tian was unbothered when she mentioned the Bodiless Celestials waiting for them outside.

“It’s not bad,” Duan Ling Tian said with a faint smile on his face.

...

When Zhang Yi finally came out from his closed-door cultivation, five months had already passed.

All in all, roughly two years had passed since Duan Ling Tian and the others entered the Beyond Heaven Secret Zone.

In six months’ time, all of them would be able to sense the point of entrance and exit to their respective mundane realm in the Beyond Heaven Secret Zone. At that time, those who wished to leave would be able to do so. Naturally, those who wanted to stay would be able to do so as well.

Xiu! Xiu! Xiu!

Three distinct sword cries rang out one after another before they finally merged into one at this moment.

Xiu!

The final sword cry was so piercing that it seemed as though it was capable of slashing a hole in the void.

When Duan Ling Tian saw Zhang Yi casting the three swords of the Thirteen Green Lotus Swords, he could not help but praise him. “Zhang Yi, it seems like you made a lot of progress during your closed-door cultivation! You even managed to master the first three swords of the Thirteen Green Lotus Swords!” He was slightly surprised. After all, only those who tried to master the Thirteen Green Lotus Swords would know how difficult it was to master it.

The first sword of the Thirteen Green Lotus Sword might be easy to master, but the subsequent swords would get progressively harder to master. Nevertheless, Zhang Yi managed to master the first three swords of the Thirteen Green Lotus Swords in just one and a half years. It was not an easy feat so it was truly commendable!

Zhang Yi put his Celestial Sword away and asked, “Duan Ling Tian, since even I managed to master the first three swords of the Thirteen Green Lotus Swords, I’m sure you’ve made even more progress!”

“It’s not too bad,” Duan Ling Tian responded vaguely. Then, he said to Han Xue Nai and Zhang Yi, “We’ve been in here for about two years now. It’s time for us to leave!”

Duan Ling Tian had learned from Han Xue Nai that they had been in the heaven-rank treasure vault left by Li Bai for two years now. He wondered if the inheritance from the Great Overarching Golden Celestial had been found at this point.

Whoosh!

Duan Ling Tian waved his hand and a Feng Shui compass appeared out of thin air in his hand. He had obtained this Feng Shui compass earlier in this heaven-rank treasure vault. It should lead them to their next destination that could be either a human-rank treasure vault, heaven-rank treasure vault or the location of the inheritance of a Great Overarching Golden Celestial!

...

Outside the underground palace...

“There’s no one?” Zhang Yi exclaimed in surprise. He was planning to retreat back into the underground palace if there were many Bodiless Celestials outside. He thought it was better to play it safe. He would not give the Bodiless Celestials a chance to attack them. They would be safe in the underground palace that had Formations that prohibited Bodiless Celestials from entering. He thought to himself warily, ‘Are they hiding?’

As soon as that thought appeared in Zhang Yi’s mind, a thunderous sound reverberated in the air.

Bang!

Following that, Zhang Yi saw Duan Ling Tian, who was walking in the lead, stomped his feet before flying forward. In just a blink of an eye, Duan Ling Tian had already traveled a great distance away.

“Brother Ling Tian...” Han Xue Nai called out. Similar to Zhang Yi, she was worried. Just as she was about to warn Duan Ling Tian of the danger, she discovered he had flown far ahead. For this reason, she had no choice but to muster her courage and follow suit.

Upon seeing this, Zhang Yi who was filled with anxiety also followed Duan Ling Tian and Han Xue Nai. As he flew forward, he checked his surroundings constantly as though he was worried someone would strike at any time.

After a few moments, Duan Ling Tian came to a halt, waiting for Han Xue Nai and Zhang Yi to catch up. When all of them gathered, they prepared to move in the direction where the needle of the Feng Shui compass was pointing.

“Those Bodiless Celestials just left?” Zhang Yi and Han Xue Nai were in disbelief. So far, they did not see hide nor hair of any Bodiless Celestial. They could not believe that no one was waiting for them outside the underground palace.

Just as they were about to leave, Duan Ling Tian remarked indifferently, “Here they come.”

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

As soon as Duan Ling Tian finished speaking, before Han Xue Nai and Zhang Yi could even reply, the sound of wind howling rang in the air.

Zhang Yi and Han Xue Nai's expressions changed drastically.

In just a blink of an eye, the three of them were surrounded by roughly twenty people. Among these people, there were old men and old ladies, middle-aged men and middle-aged women, and young men and young ladies. All of them had one thing in common. They were all Bodiless Celestials. Moreover, they were powerful Bodiless Celestials!

"So fast!"

"I can't even see their movements."

Han Xue Nai and Zhang Yi felt chills running up their spines. They could not capture the movements of the Bodiless Celestials at all, let alone figure out where they came from.

On the contrary, Duan Ling Tian remained calm. He was unbothered by the appearances of these Bodiless Celestials. Nary a ripple of emotion could be seen on his face at all.

An old man looked at Duan Ling Tian and his companions greedily as he laughed. "All of you finally left the underground palace! Do you know how long we've been waiting for you?"

A middle-aged man looked at the three of them with a sneer. "This lad and this lass are quite careful. It's a pity that you're both dragged down by this boy. Do you think we can't foresee that you'll run back into the underground palace if you discover our presence earlier?" He had seen how careful Zhang Yi and Han Xue Nai was earlier, naturally, he had also seen Duan Ling Tian charging ahead, seemingly without any care.

All the Bodiless Celestials could have attacked Duan Ling Tian when he charged out. However, they decided to wait until Zhang Yi and Han Xue Nai had caught up with Duan Ling Tian before they made their move. They did not want to risk those three running back to the underground palace. Moreover, all three of them possessed a Celestial Supreme Treasure each. It was better to reveal themselves when all three of them were together.

Zhang Yi only smiled bitterly when he heard the Bodiless Celestials' words. He felt slightly confused. After all, throughout their journey, he had learned that Duan Ling Tian was not a reckless person. Why did Duan Ling Tian act so recklessly this time?

On the other hand, Han Xue Nai's panic subsided. She seemed to be lost in her thoughts when she saw Duan Ling Tian maintaining his composure even after so many Bodiless Celestials had appeared. She thought to herself, 'Is it possible that Brother Ling Tian has a way to deal with them?' She shuddered. These Bodiless Celestials were clearly not ordinary Bodiless Celestials. Could Duan Ling Tian really deal with them?

## **Chapter 2445 Time to Shine!**

Duan Ling Tian looked at the middle-aged man, his words were dripping with disdain as he said, "Do you really think there's a need for us to hide from all of you?" His words were not only directed to the

middle-aged man who said he had dragged Han Xue Nai and Zhang Yi down, it was also directed to all the Bodiless Celestials present on the scene.

Duan Ling Tian's words were, indeed, arrogant and domineering!

Naturally, the Bodiless Celestials were infuriated when they heard these words. They glared at Duan Ling Tian and some of them had even begun to mobilize the energies in their bodies.

"Brat, you're seeking death!" An impatient Bodiless Celestial cried out as he charged toward Duan Ling Tian fiercely. This Bodiless Celestial was the person who had spoken earlier and said that Duan Ling Tian had dragged Han Xue Nai and Zhang Yi down. He was also a Six Tribulation Bodiless Celestial.

As soon as the middle-aged man made his move, the Bodiless Celestials could easily discern his strength. None of them was surprised by this discovery. After all, the Bodiless Celestials who remained were powerful. The weakest among them were Six Tribulation Bodiless Celestials. There were many Seven Tribulation Bodiless Celestials who were present, therefore, a Six Tribulation Bodiless Celestial was no one noteworthy.

Bang! Bang! Bang! Bang! Bang!

A series of deafening explosions rang in the air as the middle-aged man approached Duan Ling Tian. He swung his fists at Duan Ling Tian as he converged his energy in his fists.

Han Xue Nai cried out in alarm, "Brother Ling Tian!" Although she could not catch the middle-aged man's movements, she could clearly feel the wind that was blowing as the middle-aged man moved toward Duan Ling Tian. She could even see Duan Ling Tian's robes fluttering in the wind. How could she not know that the middle-aged man had launched an attack against Duan Ling Tian? Although she had confidence in Duan Ling Tian's strength, she could not help but feel nervous.

Zhang Yi thought to himself when he saw the middle-aged man making a move, 'I'm afraid he's stronger than a mere Four or Five Tribulation Bodiless Celestial!'

The other Bodiless Celestials only watched as the middle-aged man attacked Duan Ling Tian. No one made a move to stop him. It was only natural after all. They were angered by Duan Ling Tian's words. Moreover, when the middle-aged man killed Duan Ling Tian, he still would not be able to leave with Duan Ling Tian's Celestial Sword. They might as well let the middle-aged man do the dirty work for them first.

As soon as the middle-aged man made his move, Duan Ling Tian quickly cast his assist-type Divine Ability. "Elementary Devouring Tactic!"

Under everyone's watchful eyes, Duan Ling Tian began to absorb all the Heaven and Earth Spirit Energy in the surroundings in just a blink of an eye.

Han Xue Nai and Zhang Yi might not be able to sense anything when Duan Ling Tian cast the assist-type Divine Ability, the Elementary Devouring Technique, but the Bodiless Celestials present on the scene could clearly sense it when Duan Ling Tian completely absorbed the Heaven and Earth Spirit Energy in the surroundings. Although they had seen assist-type Divine Abilities from Devata Realms in the past, they were still shocked by Duan Ling Tian's assist-type Divine Ability.

'What a terrifying assist-type Divine Ability!' All of them thought to themselves.

Soon after, they saw a translucent sword appearing in Duan Ling Tian's hand. Their eyes lit up immediately.

"Celestial Sword!" One of them exclaimed.

Boom! Boom! Boom! Boom! Boom!

Explosions continued to ring in the air as the middle-aged man punched down at Duan Ling Tian. The void shook in the wake of his fists. It looked extremely terrifying!

Based on this, the Bodiless Celestials present on the scene could tell that the middle-aged man did not hold back and had unleashed all his strength to deal with Duan Ling Tian. It was obvious he intended to kill Duan Ling Tian with just one strike.

Faced with the middle-aged man, Duan Ling Tian sent his energy into the Celestial Sword as he cried out, "Sword Wielding Art! Thirteen Green Lotus Swords!"

"Thirteen Green Lotus Swords!"

Xiu!

A sword cry rang briefly in the air. Although it was brief, the sound shocked everyone present on the scene.

The sword in Duan Ling Tian's hand shot out immediately. It seemed capable of killing a person who was 1,000 miles away.

Xiu! Xiu! Xiu!

The sound of a sword cry rang in the air again.

The Seven Tribulation Bodiless Celestials could distinctly sense the sword cry that rang consecutively. However, to the weaker Bodiless Celestials, it seemed as though the sword cry had rung at the same time. In fact, only those who were Seven Tribulation Bodiless Celestials or stronger could clearly see Duan Ling Tian's attack.

Duan Ling Tian's Celestial Sword had shot out, followed by sword rays.

The stronger Bodiless Celestials could not see how many sword rays there were. However, they were certain there were more than five sword rays.

"Is this a Divine Ability from a Devata Realm or a Celestial Technique?"

The Seven Tribulation Bodiless Celestials watched as the sword rays caught up to the sword and merged into one before it collided with the middle-aged man's fists.

Xiu!

Another sword cry reverberated in the air. It sounded distinctively more piercing compared to the previous ones.

As the sword slashed across the sky, a terrifying sword ray could be seen in its wake.

Boom!

The sword looked like a monster that could devour the heavens as it met the middle-aged man's punches.

"How's this possible?!" The middle-aged man who was charging at Duan Ling Tian finally recovered his senses. His expression changed drastically when he saw Duan Ling Tian's incoming attack.

Xiu!

At this moment, the sword pierced the middle-aged man's glabella before he could even react. Blood instantly spurting out of the wound. His energy vanished as his eyes turned lifeless.

The old man had died!

All the Six Tribulation Bodiless Celestials present on the scene, Han Xue Nai, and Zhang Yi gasped when they saw this. When they shifted their eyes back to Duan Ling Tian, it was as though they were looking at a monster.

A Six Tribulation Bodiless Celestial was killed by Duan Ling Tian with just a strike!

Although Han Xue Nai had long suspected Duan Ling Tian was more than a match for the Bodiless Celestials before them, it was still a shocking sight when she witnessed it with her own eyes. 'Brother Ling Tian has gotten so strong? It seems like he improved a lot after coming out from his closed-door cultivation!'

Zhang Yi squinted his eyes as he tried to catch Duan Ling Tian's movements. 'Did Duan Ling Tian cast the Thirteen Green Lotus Swords?' Although he could not see, he could faintly sense Duan Ling Tian had cast the Thirteen Green Lotus Swords when he heard the sword cry.

The Six Tribulation Bodiless Celestials present on the scene were shocked and frightened when they saw this. Initially, they did not think Duan Ling Tian posed a danger to them. After all, he was only an Eminent Celestial who was not even 100 years old. How strong could he be? Now that they saw him killed the middle-aged man, they knew they would have died as well if they were in the middle-aged man's shoes.

"H-he managed to kill a Six Tribulation Bodiless Celestial!"

"Is he really younger than 100 years old? Is he just an Eminent Celestial?"

"How amazing! An Eminent Celestial who's younger than 100 years old managed to kill a Six Tribulation Bodiless Celestial who didn't hold back his strength"

"His strength is not any weaker than mine!"

At this moment, after killing the Six Tribulation Bodiless Celestial, Duan Ling Tian looked at the other Bodiless Celestials who surrounded them indifferently as he said, "Do you still think there's a need for us to hide from you?"

All the Six Tribulation Bodiless Celestials did not dare to meet Duan Ling Tian's eyes at this moment. Only the six Seven Tribulation Bodiless Celestials fearlessly returned his gaze. To the Seven Tribulation Bodiless Celestials, Duan Ling Tian was strong, but his strength was on par with a Seven Tribulation Bodiless Celestial at most.

At this moment, an old man who was a Seven Tribulation Bodiless Celestial scoffed and stepped forward. This man was none other than Elder Qi. He was from the same sect as He Rui who was killed by Zhang Yi upon entering the underground palace. Previously, he had conjured up a mirror image to show the other Bodiless Celestials that the three people were still in the underground palace. For this reason, the other Bodiless Celestials patiently waited outside and did not leave.

Elder Qi stared at Duan Ling Tian coldly. "Do you think you'll make it out alive just because your strength is comparable to a Seven Tribulation Bodiless Celestial?"

#### **Chapter 2446 Who Dares to Stop Me?!**

"Brat, you're too arrogant!" Another Seven Tribulation Bodiless Celestial said as he looked at Duan Ling Tian coldly.

A Seven Tribulation Bodiless Celestial scoffed as he looked at Duan Ling Tian with killing intent and chimed in, "Do you think you're invincible just because your strength is comparable to a Seven Tribulation Bodiless Celestial? There are more than one Seven Tribulation Bodiless Celestials here!"

Although the three remaining Seven Tribulation Bodiless Celestials did not say anything, they were looking at Duan Ling Tian with hostility in their eyes.

Upon hearing the words from the Seven Tribulation Bodiless Celestials, the Six Tribulation Bodiless Celestials present on the scene began to whisper among themselves as they looked at Duan Ling Tian warily. Most of them did not think Duan Ling Tian would be able to survive the attacks from these few Seven Tribulation Bodiless Celestials.

"Duan Ling Tian is too arrogant!"

"He thinks he'll be able to survive just because he's as strong as a Seven Tribulation Bodiless Celestial? How naïve!"

"A Seven Tribulation Bodiless Celestial might not be able to defeat him and snatch the Celestial Supreme Treasure away from him, but how could he withstand the attacks from two, three or even four Seven Tribulation Bodiless Celestials?"

"In my opinion, Duan Ling Tian is going to die today!"

Although most of the Six Tribulation Bodiless Celestials knew their chances of obtaining the Celestial Supreme Treasure were slim to none since there were Seven Tribulation Bodiless Celestials present on the scene, some of them still held onto the hope that perhaps, they would be able to obtain the

Celestial Supreme Treasure when the Seven Tribulation Bodiless Celestials were fighting among themselves. Otherwise, they would not have continued to stay in this place.

“So what if there are more than one Seven Tribulation Bodiless Celestial?” A sneer appeared on Duan Ling Tian’s face when he heard the Seven Tribulation Bodiless Celestials’ words. He said indifferently, “My words still stand... None of you scares me.” After he finished speaking, he turned to Han Xue Nai and Zhang Yi and said, “Xue Nai, Zhang Yi, let’s go. I’d like to see who would dare to stop me!”

After Duan Ling Tian finished speaking, he leisurely walked in the direction that the Feng Shui compass was pointing them to. From the beginning until the end, he did not pay any attention to the Bodiless Celestials at all.

Han Xue Nai and Zhang Yi were also stunned when they heard Duan Ling Tian’s words, and they thought he was really fearless!

“Hm?” After taking a few steps forward, Duan Ling Tian noticed that Han Xue Nai and Zhang Yi were not with him. He turned around and saw both of them standing rooted to their spots as though they were frozen. He said with a slight frown on his face, “What are both of you dreaming about? Let’s go!”

“Ah!”

“Okay!”

Han Xue Nai and Zhang Yi cried out as soon as they regained their senses. Both of them followed closely behind Duan Ling Tian, still feeling shaken inwardly. Both of them were really curious if Duan Ling Tian were just putting on a fearless front or if he were truly unafraid of the Seven Tribulation Bodiless Celestials.

Even Han Xue Nai who had always trusted Duan Ling Tian felt slightly nervous at this moment. After all, she was not certain he would be able to deal with a few Seven Tribulation Bodiless Celestials at once.

The Six Tribulation Bodiless Celestials were stunned when they saw Duan Ling Tian really intended to walk away. They began to discuss among themselves.

“He’s insane! Totally insane!”

“Duan Ling Tian is crazy! How dare he ignore those Seven Tribulation Bodiless Celestials?”

“Why is he so arrogant? Is he truly unafraid of those Seven Tribulation Bodiless Celestials?”

“I think he’s just putting on an act!”

After a while, the Six Tribulation Bodiless Celestials’ topic changed to how there were no Eminent Celestials who were stronger than a Seven Tribulation Bodiless Celestial in each of their realms.

“If I’m not mistaken, even an Eminent Celestial who owns a Celestial Supreme Treasure and has mastered several extraordinary Divine Abilities and Celestial Techniques would only have strength comparable to a Seven Tribulation Bodiless Celestial...”

“I’m not sure about other mundane realms, but the strongest Eminent Celestial in our mundane realm is only as strong as an ordinary Seven Tribulation Bodiless Celestial. He’s not a match for those Seven Tribulation Bodiless Celestials who are stronger!”

“In my mundane realm, there’s only one Eminent Celestial in history who possessed strength comparable to a Seven Tribulation Bodiless Celestial...”

“It’s the same for my mundane realm!”

“All of us are from the four large mundane realms, but Duan Ling Tian is only from the small mundane realm, the Saint Province Realm...”

“Even in the history of the four large mundane realms, there were no Eminent Celestials who were stronger than a Seven Tribulation Bodiless Celestial. How’s it possible for a lad from a small mundane realm to be stronger than a Seven Tribulation Bodiless Celestial?”

“Exactly!”

“He’s bluffing! He’s just putting on an act!”

Meanwhile, the six Seven Tribulation Bodiless Celestials were enraged when they heard Duan Ling Tian’s words and saw him walking away, not paying them any attention at all. Some of them were so angry that they began to tremble in anger. They had, naturally, overheard the conversation between the Six Tribulation Bodiless Celestials and agreed with their words. They did not think Duan Ling Tian was stronger than a Seven Tribulation Bodiless Celestial!

Whoosh!

The wind howled in the air as the six Seven Tribulation Bodiless Celestials began to move to stop Duan Ling Tian and his companions from leaving.

Since the Seven Tribulation Bodiless Celestials were barring their way, Duan Ling Tian and his companions had no choice but to come to a halt.

Whoosh! Whoosh! Whoosh!

Han Xue Nai and Zhang Yi’s expressions changed drastically when they saw there were six Seven Tribulation Bodiless Celestials. They did not expect that there would be so many Seven Tribulation Bodiless Celestials present on the scene.

“So many Seven Tribulation Bodiless Celestials?” Zhang Yi froze in fear when he saw the scene before him.

All the Seven Tribulation Bodiless Celestials looked at Duan Ling Tian with killing intent as they began to speak.

“Brat, you’re really bold, I’ll give you that!”

“Do you think we can’t tell that you’re putting on a brave front?”

“Even the strongest Eminent Celestials in Mouro Realm, Yan Huang Realm, Vast Cloud Realm, and Skyline realm aren’t stronger than a Seven Tribulation Bodiless Celestial. Do you think we’ll be fooled and think you’re stronger than a Seven Tribulation Bodiless Celestial?”

Fortunately, Duan Ling Tian was no ordinary Eminent Celestial. Otherwise, he would have fallen to his knees when faced with the murderous gazes from the six Seven Tribulation Bodiless Celestials!

As soon as all of the Seven Tribulation Bodiless Celestials had spoken, Duan Ling Tian’s darkened immediately. Even Buddha would lose his patience with these people’s endless harassment. Their words had successfully angered him. He barked, “Get lost!!”

The six Seven Tribulation Bodiless Celestials were furious when they heard Duan Ling Tian’s words.

“Get lost?”

“He... Did he ask us to get lost? Did I hear wrongly?”

“You did not. He really asked us to get lost!”

One of the Seven Tribulation Bodiless Celestials finally said with a scoff, “You’re seeking death!” His voice was as cold as winter. As soon as he finished speaking, he flapped his arms as though he was a bird as he flew across the sky.

Boom! Boom!

Two large explosions rang in the air as soon as the Seven Tribulation Bodiless Celestial made his move.

At this moment, the remaining five Seven Tribulation Bodiless Celestials were staring intently at the scene unfolding before their eyes. It did not take long for them to realize the person who had made his move was Elder Qi.

Elder Qi was from the same sect as He Run who was killed as soon as he entered the underground palace. It was all due to Elder Qi showing the Bodiless Celestials a mirror image that they managed to discover those three who had first entered the underground palace possessed a Celestial Supreme Treasure each and still had not left the heaven-rank treasure vault.

“Die!” Elder Qi cried out. His energy surged out of his body as he dove toward Duan Ling Tian like a hawk flying in the air. His hands were akin to the wings of a hawk as they sliced through the air.

Duan Ling Tian’s eyes turned cold when he saw this. He scoffed as his body began to emit a dazzling white sword ray. It did not take long before the sword ray shrouded him completely. Those with a higher cultivation base could see that he had seemingly transformed and became part of the tens of thousands of sword rays.

### **Chapter 2447 Killing a Seven Tribulation Bodiless Celestial!**

As Elder Qi dove toward Duan Ling Tian like a hawk, he said coldly as though he was a Grim Reaper who had already decided Duan Ling Tian’s fate, “Today, I must bring you down a notch before I kill you to show you the meaning of, ‘There’s always someone stronger than you in the world.’”

In the distance, Duan Ling Tian's voice rang out among the tens of thousands of sword rays. "There's always someone stronger in this world? Let's see how strong you are..."

Xiu! Xiu! Xiu! Xiu! Xiu!

The sounds of a sword cry reverberated in the air as soon as Duan Ling Tian finished speaking. At this moment, he had completely disappeared, becoming one with the tens of thousands of sword rays. It did not take long before the white light that sword rays emitted turned blindingly bright, causing everyone to squint.

When the light was no longer as bright as before, the people present on the scene realized that the sword rays had merged and transformed into an ordinary sword. The expressions of the Seven Tribulation Bodiless Celestials turned grim when they saw the sword. Although the sword's appearance was ordinary, they had a nagging feeling that there was more than meets the eyes. They were certain that the sword was not ordinary at all.

Whoosh! Whoosh!

Elder Qi continued moving toward Duan Ling Tian as he moved his arms that seemed as though they were sharp blades that could cut through anything. The energy that surged out of his arms seemed to increase at this moment. It was clear that he had unleashed all his strength. He did not hold back his strength since he could sense that the sword Duan Ling Tian had transformed into was not simple. In fact, he felt threatened by the sword. He cried out, "Die!"

Duan Ling Tian's voice rang from the sword after Elder Qi spoke. "You'll be the first Seven Tribulation Bodiless Celestial whom I kill!"

Swoosh!

As soon as Duan Ling Tian finished speaking, the sword shot out toward Elder Qi. However, its speed seemed very slow.

Even Han Xue Nai and Zhang Yi who were the weakest among everyone present on the scene could clearly see the movement of the sword. However, they were unable to see the profundity of this seemingly simple attack. This was only natural since even the Six Tribulation Bodiless Celestials were unable to see it. Only the Seven Tribulation Bodiless Celestials were able to see the profundity of the attack.

The Seven Tribulation Bodiless Celestials' expressions darkened when they saw Duan Ling Tian's simple strike. The profundity of this strike was slightly similar to the profundity of the attack that Duan Ling Tian had used earlier to kill the Six Tribulation Bodiless Celestial.

Earlier, the Celestial Sword had shot out, followed closely by more than five sword rays. In just a few moments, the sword rays had merged with the Celestial Sword, causing a burst of energy. It was a truly terrifying attack. Based on that, they knew this seemingly simple attack had to be terrifying as well.

"Body Sword Fusion! Thirteen Green Lotus Swords!" Duan Ling Tian cried out. His attack contained not only the fourth stage of the Sovereign Heart Sword, but he had also used the Divine Ability from a

Devata Realm, the Thirteen Green Lotus Swords! The Sovereign Heart Sword was like Celestial Techniques, they could be used alongside Divine Abilities to further enhance his strength.

Whoosh! Whoosh! Whoosh!

The distance between Elder Qi and Duan Ling Tian was fast closing as Elder Qi continued to move his arms that seemed like the sharpest blades in the world.

Xiu!

Duan Ling Tian who had become part of the sword shot out leisurely toward Elder Qi, slicing the void open. The hole in the void turned bigger and bigger before it finally seemed to devour Elder Qi for a moment.

A soft but audible noise rang in the air as the sword and Elder Qi who seemed like a hawk finally collided.

The sword that Duan Ling Tian was a part of hovered in the air where Elder Qi was standing earlier whereas Elder Qi had moved to the other side.

Everyone's attention was focused on Elder Qi at this moment as various emotions flitted across their faces.

All of a sudden, a blindingly bright light appeared again from the sword. When the light finally disappeared, Duan Ling Tian could be seen hovering in the air as he looked at Elder Qi.

Everyone seemed to have fallen into a state of confusion as they discussed among themselves.

"He... He seems fine."

"He's unharmed? Then, what was that noise earlier?"

However, it did not take long before they saw Elder Qi's body twitched and a wound appeared on his glabella. The wound widened all the way to his forehead. It was not difficult to see that this wound was enough to kill any Bodiless Celestial! Elder Qi's aura vanished as his body gradually vanished as well. A Seven Tribulation Bodiless Celestial had died just like that!

Silence descended on the entire place at this moment.

After witnessing Elder Qi's death, everyone's eyes darted back to Duan Ling Tian in unison.

An expression of surprise could be seen in Han Xue Nai's face at this moment. All her worries had vanished as well. Although she had always had faith in Duan Ling Tian, she still could not help but worry about him. After all, he was facing such a dangerous situation earlier. She sighed in relief as she thought to herself, 'Brother Ling Tian is capable of killing a Seven Tribulation Bodiless Celestial so easily? Does this mean his strength is currently comparable to an Eight Tribulation Bodiless Celestial?'

"T-this..." Zhang Yi was dumbstruck. Not even in his wildest dreams did he think this would happen. As a cultivator from Yan Huang Realm and a disciple of the Celestial Masters Sect, he knew that the strongest Eminent Celestial in his realm was only as strong as a Seven Tribulation Bodiless Celestial. How could he

not be shocked now that he had seen an Eminent Celestial who possessed strength comparable to an Eight Tribulation Bodiless Celestial?

'Earlier, I overheard the other Bodiless Celestials saying that the strongest Eminent Celestials whom they have heard of only possess strength comparable to a Seven Tribulation Bodiless Celestial. Does this mean Duan Ling Tian has rewritten history? No, wait. There was Feng Qing Yang from the Saint Province Realm who was said to be as strong as a Nine Tribulation Bodiless Celestial. However, Feng Qing Yang only became that strong after he obtained the inheritance from a Great Overarching Golden Celestial. Prior to obtaining the inheritance, his strength, with the Celestial Sword, was only comparable to a Six Tribulation Bodiless Celestial! That's a far cry from Duan Ling Tian's current strength. I can't imagine how terrifyingly strong Duan Ling Tian would be if he manages to obtain the inheritance from a Great Overarching Golden Celestial in the Beyond Heaven Secret Zone!' Zhang Yi was frozen by the many thoughts that flashed in his mind. He was certain that if Duan Ling Tian managed to obtain the inheritance from a Great Overarching Golden Celestial, before he ascended to a Devata Realm, he would definitely be the strongest person in all mundane realms. Even a Nine Tribulation Bodiless Celestial would not be a match for Duan Ling Tian.

Zhang Yi's eyes were bright as he looked at Duan Ling Tian. He was sincerely happy for Duan Ling Tian.

At this moment, the Six Tribulation Bodiless Celestials gasped when they finally regained their senses. On the other hand, the Seven Tribulation Bodiless Celestials' expressions turned grim. A thought flashed in all their minds at this moment.

'He's so powerful!'

### **Chapter 2448 Famous in the Beyond Heaven Secret Zone!**

Duan Ling Tian stood, leaning on his sword, as his purple robes fluttered in the wind. Although his long black hair was being blown by the wind, it did not cover his handsome face. His expression was indifferent when he looked at the remaining five Seven Tribulation Bodiless Celestials, causing chills to run up their spines. "Is there anyone else who wants to challenge me?"

All of them lowered their heads instantly when they heard Duan Ling Tian's words.

Eight Tribulation Bodiless Celestial! This purple-clad young man's strength was definitely comparable to an Eight Tribulation Bodiless Celestial! All of them were certain of this after they witnessed his attack. All of them thought to themselves, 'His attack might be even stronger than an ordinary Eight Tribulation Bodiless Celestial! His strength is probably on par with those extremely strong Eight Tribulation Bodiless Celestials!'

When the Six Tribulation Bodiless Celestials finally regained their senses, all of them gasped in shock. Their eyes were focused on Duan Ling Tian as they discussed among themselves. A hint of fear and wariness could be seen in their eyes at this moment.

"Dead? A Seven Tribulation Bodiless Celestial died just like that?!"

"Heavens! Is Duan Ling Tian a monster? Didn't he come from a small mundane realm? How did he become so terrifyingly strong?"

"Is he really just an Imminent Celestial, not an Eight Tribulation Bodiless Celestial?"

“If he’s a Bodiless Celestial, do you think he would be able to enter the heaven-rank treasure vault left behind by a Great Overarching Golden Celestial?”

Prior to this, none of them had expected that one day, they would be afraid of an Eminent Celestial who had not even turned 100 years old.

One of the Six Tribulation Bodiless Celestials suddenly said, “The last time the Beyond Heaven Secret Zone opened, didn’t an Eminent Celestial from the Saint Province Realm obtain the inheritance from a Great Overarching Golden Celestial? After he obtained the inheritance, he even managed to kill an Eight Tribulation Bodiless Celestial on his way out!”

“I’ve heard about it. That man is called Feng Qing Yang. He’s a peerless cultivator in the Saint Province Realm. Before obtaining the inheritance from a Great Overarching Bodiless Celestial, his strength was only comparable to a Five Tribulation Bodiless Celestial. After he obtained the inheritance, he was only as strong as a Six Tribulation Bodiless Celestial,” another Six Tribulation Bodiless Celestial said.

“Is it possible that Duan Ling Tian has already obtained the inheritance left by a Great Overarching Golden Celestial?” A Six Tribulation Bodiless Celestial speculated.

Silence descended immediately as soon as that person finished speaking.

Indeed! It was possible that the purple-clad young man had already obtained the inheritance left behind by a Great Overarching Golden Celestial, right?

The Six and Seven Tribulation Bodiless Celestials were still staring at Duan Ling Tian in shock and horror when Duan Ling Tian nonchalantly called out to Han Xue Nai and Zhang Yi, “Let’s go!”

When Duan Ling Tian left with his two companions left, none of the Bodiless Celestials dared to chase after him even though he was moving at a slow and steady pace. In fact, some of them even sighed in relief when they saw that he had left.

Among the five Seven Tribulation Bodiless Celestials, one of them still did not give up. He sent Voice Transmissions to the other Seven Tribulation Bodiless Celestials but none of them responded to him. After all, they did not think they would be a match for Duan Ling Tian even if they joined forces.

After a while, one of the Seven Tribulation Bodiless Celestials sighed regretfully. “It’s a pity that I wasted so much time here!”

“You’re right. If I knew Duan Ling Tian was so strong, I wouldn’t have wasted my time waiting for him here. We waited for two years!” Another Seven Tribulation Bodiless Celestial exclaimed.

The Bodiless Celestials who had arrived the earliest and had not left had waited for two years. Based on the turn of events, it was clear that they had wasted their time waiting.

Another Seven Tribulation Bodiless Celestial chimed in at this moment, “Although we have wasted two years, at least we managed to survive. Look at those two! Not only did they waste their time, but they even died!”

Upon hearing this, the remaining Bodiless Celestials felt lucky that they were able to preserve their lives.

“Anyway, is Duan Ling Tian really not a Bodiless Celestial?” After a while, there were still people who doubted if Duan Ling Tian was really an Eminent Celestial.

“I’m certain he’s not. After all, if he’s a Bodiless Celestial, he wouldn’t have been able to enter the heaven-rank treasure vault. Let alone the heaven-rank treasure vaults, even the human-rank treasure vaults bar Bodiless Celestials from entering.”

“Even the strongest existence in the mundane realms, a Nine Tribulation Bodiless Celestial, wouldn’t be able to enter a human-rank treasure vault in the Beyond Heaven Secret Zone!”

“That’s right! There’s no doubt he’s not a Bodiless Celestial!” Many people agreed with this statement.

“If he’s not a Bodiless Celestial, how could he be so strong even though he’s only an Eminent Celestial? Don’t tell me he has already obtained the inheritance left behind by a Great Overarching Golden Celestial in the Beyond Heaven Secret Zone?” A Seven Tribulation Bodiless Celestial said grimly.

Upon hearing this, most of the Bodiless Celestials felt their hearts sink. After all, the most valuable thing in the Beyond Heaven Secret Zone was the inheritance left behind by a Great Overarching Golden Celestial!

“Well, there’s another possibility... Maybe he possesses something that’s not any weaker than the inheritance left behind by a Great Overarching Golden Celestial before he even entered the Beyond Heaven Secret Zone!”

“That’s possible.” Many people nodded in agreement.

“That’s unlikely. If he possesses something like that, is there a point in him entering the Beyond Heaven Secret Zone?” Someone retorted.

“You can’t say that. Maybe he came to help his family and friends. Moreover, is there anyone who would complain about possessing too many Celestial Supreme Treasures?”

At this moment, the source of Duan Ling Tian’s strength became a mystery to everyone. Regardless, all of them were sure of one thing; Duan Ling Tian from the Saint Province Realm was as strong as an Eight Tribulation Bodiless Celestial!

...

Duan Ling Tian would not expect that his actions today would cause him to become famous in the Beyond Heaven Secret Zone.

All the Bodiless Celestials who were present on the scene began to spread word about what had happened wherever they went.

“Duan Ling Tian who’s from the Saint Province Realm possesses strength comparable to an Eight Tribulation Bodiless Celestial despite only being an Eminent Celestial?” Many people were in disbelief when they heard about what happened.

“Are you kidding? A mere Eminent Celestial managed to kill a Seven Tribulation Bodiless Celestial?”

“I don’t care if the others believe it, I definitely don’t believe it or not!”

“I don’t believe it either! In the history of Mouro Realm, the strongest Eminent Celestial only possessed strength comparable to a Seven Tribulation Bodiless Celestial... Moreover, there’s only a handful of such people.”

“It’s the same in Skyline Realm!”

“In my opinion, Duan Ling Tian’s probably not an Eminent Celestial. It’s highly likely that he’s an Eight Tribulation Bodiless Celestial.”

“I heard that Duan Ling Tian entered a heaven-rank treasure vault. How could he enter the treasure vault if he’s a Bodiless Celestial?”

“Who knows what’s true and what’s fake? In any case, I refuse to believe it.”

News about Duan Ling Tian’s feat continued to spread, but many people only regarded it as a rumor and did not believe it.

...

At this moment, Liu Xia who had decided to leave Duan Ling Tian was shocked. She had spread word of Duan Ling Tian and the other two being in the heaven-rank treasure vault in hopes that some Bodiless Celestial would teach him a lesson.

“Duan Ling Tian killed a Six and Seven Tribulation Bodiless Celestial in just one move? The Seven Tribulation Bodiless Celestials present on the scene could only watch as he left with Han Xue Nai and Zhang Yi?” Liu Xia truly did not expect this. However, after mulling over it, she shook her head.

“Impossible! Duan Ling Tian couldn’t possibly be as strong as an Eight Bodiless Tribulation Bodiless Celestial! How could he suddenly become so strong?”

However, deep in the depth of Liu Xia’s heart, she could not help but feel that the news was true. She thought to herself fearfully, ‘In six months, when I’m able to sense the point of entrance and exit to Vast Cloud Realm, I’m going to leave immediately. It won’t end well for me if I encounter Duan Ling Tian... He definitely won’t let me off the hook!’

Although there were still many Celestial Supreme Treasures and Divine Abilities from Devata Realms, Liu Xia did not hesitate to leave. After all, with her strength, there was a low chance of her obtaining any of them. She knew her own strength very well. Moreover, even if she had a high chance of obtaining those things, she still would not stay a moment longer. After spending some time with Duan Ling Tian, she knew what kind of person he was. He was the kind that would not attack if one did not provoke him, but if one were to provoke him, he would definitely return the favor 100 times. Fear coursed through her veins as she thought to herself, ‘I can only hope that I don’t encounter Duan Ling Tian during these six months. Otherwise, there’s no doubt that I’ll die!’

### **Chapter 2449 They Are About to Mee**

In the Beyond Heaven Secret Zone, those who had heard the news could not believe that an Eminent Celestial was capable of killing a Seven Tribulation Bodiless Celestial. The name of that Eminent Celestial

quickly spread like a wildfire in half of the Beyond Heaven Secret Zone. Although the Beyond Heaven Secret Zone was vast, the speed of rumors spreading was incredibly fast.

At this moment, a lady in a fiery-red dress stood in a remote valley. When her fiery-red dress fluttered in the wind, she looked like a fire elf. A hint of surprise flashed in her beautiful eyes as her alluring lips moved when she muttered to herself, "Big brother Duan killed a Seven Tribulation Bodiless Celestial?"

Meanwhile, a lady dressed in white with a veil covering her face stood nearby. Her eyes were also filled with surprise and incredulity as she said, "How's this possible? D-don't tell me he has already obtained the inheritance from a Great Overarching Golden Celestial?"

These two ladies were none other than the two successors from the Seven Absolutes Sect; Feng Tian Wu, the successor of the fifth Absolute, the Blazing Phoenix Progeny, and Mu Yi Yi, the successor of the second Absolute, the Prophet Progeny. Both of them had met up about six months ago in the Beyond Heaven Secret Zone. Due to their strength, they had to keep a very low profile. After all, they might not even be able to deal with an ordinary Eminent Celestial.

Upon hearing Mu Yi Yi's words, Feng Tian Wu nodded. "It's possible..."

"We'll know if he has obtained the inheritance from a Great Overarching Golden Celestial after those people come out. After all, if he has obtained the inheritance of a Great Overarching Golden Celestial, all the Feng Shui compasses from the human-rank and heaven-rank treasure vaults would be rendered useless," Mu Yi Yi said.

"Hmm." Feng Tian Wu nodded her head. She had heard about this not long after she entered the Beyond Heaven Secret Zone.

At this moment, Mu Yi Yi and Feng Tian Wu had already discovered this place was the Beyond Heaven Secret Zone, not the Sword Saint Secret Zone. They knew that the Beyond Heaven Secret Zone was connected to five mundane realms, including the Saint Province Realm. They also discovered that not only powerhouses younger than the age of 100 from the other mundane realms had entered the Beyond Heaven Secret Zone, but they also discovered many Bodiless Celestials had entered the secret zone as well. Among these Bodiless Celestials, there were many Seven and Eight Tribulation Bodiless Celestials. Rumor had it that there were also Nine Tribulation Bodiless Celestials among the Bodiless Celestials!

...

After half a day had passed, Mu Yi Yi's eyes suddenly brightened. She turned to Feng Tian Wu and exclaimed, "They're out!"

Feng Tian Wu asked curiously, "Is the Feng Shui compass they obtained still working?" She sincerely hoped that the Feng Shui compass was not working since it would mean Duan Ling Tian had obtained the inheritance from a Great Overarching Golden Celestial.

Every time the Beyond Heaven Secret Zone opened, only one person would be able to obtain the inheritance from a Great Overarching Golden Celestial. For this reason, once someone had obtained the inheritance, the clues leading to the location of the inheritance would be rendered useless. In order

words, if Duan Ling Tian had obtained the inheritance from a Great Overarching Golden Celestial, all the clues would no longer work.

Mu Yi Yi focused her gaze on the Feng Shui compass for a moment before she replied, “The Feng Shui compass in their hands is still working!”

As a Heaven Defying Dao Cultivator, Mu Yi Yi had mastered a Soul Secret Technique that allowed her to prevent people, including Bodiless Celestials, from detecting her Divine Consciousness. For this reason, although she had been keeping track of a small group of people who had obtained clues leading to the location of the inheritance left by a Great Overarching Golden Celestial after she met Feng Tian Wu, she was not discovered.

A few days earlier, that small group of people had entered a human-rank treasure vault. It was just then that they had come out. As soon as they came out, Mu Yi Yi continued tracking them.

When Mu Yi Yi discovered the Feng Shui compass was still working, she hurriedly beckoned to Feng Tian Wu and said before they left the remote valley, “Let’s go! Let’s follow them!”

Feng Tian Wu was lost in her thoughts. She knew Duan Ling Tian’s strength well. Before they had entered the Beyond Heaven Secret Zone, his strength was comparable to Six Tribulation Bodiless Celestial at most. ‘Big Brother Duan didn’t obtain the inheritance from the Great Overarching Golden Celestial yet... Then, how did he manage to kill a Seven Tribulation Bodiless Celestial? Even if he obtained a Celestial Sword, his strength should only be comparable to a Seven Tribulation Bodiless Celestial. Is it possible that he has also obtained an offensive Divine Ability from a Devata Realm? Based on what I know, there might be Divine Abilities from Devata Realms in a heaven-rank treasure vault. It’s very likely that he has obtained one of those Divine Abilities...’

Feng Tian Wu had sacrificed her life for Duan Ling Tian in the past. For this reason, Duan Ling Tian was moved and her importance in his heart had increased. It did not take long before he fell in love with her. Since she was someone he loved, he, naturally, did not hide anything from her. For this reason, she was able to make accurate guesses about him.

Feng Tian Wu became excited as she continued thinking to herself, ‘If I’m right, Big brother Duan has probably obtained another clue that leads to the inheritance of a Great Overarching Golden Celestial since there would definitely be a Feng Shui compass in a heaven-rank treasure vault.’ How could she not be excited when this meant she would be able to meet him in the Beyond Heaven Secret Zone?

Indeed, there was a point where Feng Tian Wu and Mu Yi Yi would intersect with Duan Ling Tian and his companions. This intersection point was none other than the location of the inheritance from a Great Overarching Golden Celestial!

...

At this moment, Feng Tian Wu and Mu Yi Yi were not the only people from the Saint Province Realm who were making their way to the inheritance left behind by a Great Overarching Golden Celestial.

Hovering above a glacier, Gan Ru Yan who had just found out Duan Ling Tian had killed a Seven Tribulation Bodiless Celestial was shocked as well. “H-he managed to kill a Seven Tribulation Bodiless Celestial? He has become so strong?”

When Gan Ru Yan regained her senses, she turned to look at a lady who looked identical to her. “Ke’er, I had thought your strength had surpassed his! Who knew he would become even stronger?” Her eyes were filled with complex emotions when she spoke. She was shocked that Duan Ling Tian was even stronger than her sister.

Ke’er smiled faintly when she heard Gan Ru Yan’s words, seemingly unsurprised. “Brother Tian is definitely stronger than I am...” At this moment, her eyes were filled with excitement. After all, she would be able to see him in the Beyond Heaven Secret Zone soon.

Ke’er’s understanding of Duan Ling Tian was, naturally, even better compared to Feng Tian Wu. She knew that her man had definitely obtained a Celestial Sword and an offensive Divine Ability from a Devata Realm. She did not even consider Celestial Techniques since she knew he would not try and master a Celestial Technique even if he obtained one. After all, she knew the Sovereign Heart Sword would conflict with a Celestial Technique.

Ke’er thought to herself excitedly, ‘Since Divine Abilities from Devata Realms can only be found in heaven-rank treasure vaults, this means Brother Tian has already entered and exited a heaven-rank treasure vault. He has certainly obtained the clue that leads to the inheritance of a Great Overarching Golden Celestial. Elder Sister and I have passed by many human-rank treasure vaults and are heading toward the inheritance of a Great Overarching Golden Celestial as well. I should be able to meet Brother Tian there!’

...

Somewhere in the Beyond Heaven Secret Zone.

A little girl dressed in golden robes was playing with an iron claw. It could be seen that the iron claw was extraordinary since it was not forged from common iron. Moreover, the aura it emitted was extremely intimidating. Many non-Bodiless Celestials would feel threatened by the iron claw. The golden-clad little girl muttered to herself, “So this is a Celestial Supreme Treasure? Indeed, it’s different from the weapons in mundane realms...”

At this moment, the golden-clad little girl was surrounded by non-Bodiless Celestials and Bodiless Celestials alike. All of them were discussing furtively among themselves.

“Who’s this little girl? Why is she so strong?” A Bodiless Celestial asked in a trembling voice. His eyes were filled with trepidation as he looked at the golden-clad little girl.

“A Five Tribulation Bodiless Celestial couldn’t even endure a single strike from her!”

The strongest person among this group of people was only a Four Tribulation Bodiless Celestial. How could the people in the surroundings not feel afraid when they recalled the scene of the golden-clad little girl killing a Five Tribulation Bodiless Celestial? Where would they even find the courage to snatch the Celestial Supreme Treasure away from her?

**Chapter 2450 Ten Thousand Beasts Heaven**

Whoosh! Whoosh! Whoosh!

Wind whistled in the air as the golden-clad little girl put on the iron claw and quickly extended her hand out.

Rrripp! Rrripp! Rrripp!

As soon as the golden-clad little girl made a move, a ripping sound could be heard. She did not tear the void, but barely-there scratches could be seen in the void. This did not mean the little girl was weak or the claw-like Celestial Supreme Treasure was useless, it was just that the Beyond Heaven Secret Zone was very stable. Even a Nine Tribulation Bodiless Celestial could not tear a hole in the void in the Beyond Heaven Secret Zone.

The onlookers gasped in shock and fear when they saw the ensuing scene after the golden-clad little girl used the Celestial Supreme Treasure.

The golden-clad little girl was none other than Little Gold. She was the Jade-eyed Heavenly Mouse who used to follow Duan Ling Tian. Currently, she had evolved from the Jade-eyed Heavenly Mouse to the Celestial Beast known as the Red-eyed Celestial Devouring Mouse.

After Little Gold, Little White, and Little White entered the Beyond Heaven Secret Zone together, Little Gold found that she was alone after they had entered. She traveled in the secret zone alone all this time and encountered many people who plotted against her and wanted to kill her. However, she managed to kill all of them.

Little Gold had rushed over here today when she heard news about an earth-rank treasure vault that contained a weapon. When she arrived, she discovered the strongest person around was only a Five Tribulation Bodiless Celestial. At that time, the Five Tribulation Bodiless Celestial was just about to grab hold of the Celestial Supreme Treasure when she attacked and killed him. Her actions frightened the onlookers and she easily obtained the Celestial Supreme Treasure since no one dared to contend with her.

Little Gold could feel the greedy and frightened gazes that were trained on her so she shook the iron claw in her hand and smiled as she asked, "Why are all of you staring at the Celestial Supreme Treasure? Are you thinking of snatching it from me?"

Little Gold's appearance was innocent and harmless, but currently, to the onlookers, the smiling Little Gold looked no different from a devil. They were so terrified that they averted their eyes immediately upon hearing her words. Many even turned around and left, thinking they would definitely die if they stayed too long.

"How boring!" Little Gold pouted when she saw more than half the people present on the scene had left. She no longer bothered with the onlookers and put the iron claw away before she left.

The onlookers only watched as Little Gold left, none of them were brave enough to chase after her and snatch the Celestial Supreme Treasure away.

It did not take long before certain news reached Little Gold's ears. "Brother Ling Tian killed a Seven Tribulation Bodiless Celestial with just a strike?"

Although many thought the news was just baseless rumor, Little Gold did not think so. She muttered to herself, "I thought I would be stronger than Brother Ling Tian. Who knew he already possesses the strength to kill Seven Tribulation Bodiless Celestials. Moreover, he's able to do it with just a strike! This means his strength is currently comparable to an Eight Tribulation Bodiless Celestial!" She was not envious that Duan Ling Tian had grown so strong, instead, she was sincerely happy for him.

...

Not long after Little Gold heard the news, Little Black and Little White heard the news as well. Since they were twins, they had used their blood connection to sense and find each other when they arrived in the Beyond Heaven Secret Zone.

"Brother Ling Tian's strength is comparable to an Eight Tribulation Bodiless Celestial?"

"He has gotten so strong!"

After a while, Little Black came to a conclusion. "Since Brother Ling Tian has come out of a heaven-rank treasure vault, with the clue he obtained in there, he must be heading to the location of the inheritance from a Great Overarching Golden Celestial now."

"Then, let's continue with our journey since we've also obtained the clue from this human-rank treasure vault," Little White said as she looked at the Feng Shui compass in her hand. She gestured to Little Black and both of them left in the direction where the compass was pointing.

...

The Ten Thousand Beasts Heaven was one of the 81 Devata Realms.

At this moment, in a magnificent and huge palace in the Ten Thousand Beasts Heaven.

Two beautiful women were seated in the great hall of the palace. One of the women sat on the main seat while the other woman sat on her right.

The woman seated on the right was dressed in red. She had a voluptuous figure and a seductive face. At this moment, her brows were furrowed as though she had sensed something.

"What is it?" The woman who was seated on the main seat was dressed in light green robes. She was beautiful and radiated a pure aura. Her bearing was completely different from the red-clad woman.

"It's nothing, elder sister." The red-clad woman shook her head when she heard the green-clad woman's words. However, the look in her eyes betrayed her thoughts.

"If you have something to do, then, go ahead... It has to be urgent if your men are sending you a message at this hour," the green-clad woman said gently with a smile on her face. When she smiled, it seemed like the flowers were blooming, making people feel as though it was spring.

“There are three little fellows who have not ascended to the Ten Thousand Beasts Heaven after they received the inheritance from the Legacy Blood Pool... Moreover, they have entered a Beyond Heaven Secret Zone. Therefore, my superior wants me to retrieve them from the secret zone and bring them here.” A hint of reluctance could be seen on the red-clad woman’s face at this moment. It was clear that she was unwilling to part with the green-clad woman. “Elder sister, I haven’t seen you for so many years... I’m truly unwilling to leave now...”

“Silly girl.” The green-clad woman shook her head and smiled. “I can just follow you, right? I’m also curious why those three little fellows would stay in a mundane realm and enter the Beyond Heaven Secret Zone even after receiving the inheritance from the Legacy Blood Pool that the Lord had personally refined.”

When people from the mundane realms had a fortuitous encounter and were able to ascend to the Devata Realms, they would usually not waste any time and ascend as soon as they had gotten stronger. Although there were some who continued staying in the mundane realms for various reasons, it was rare for them to be able to enter a secret zone after having such a fortuitous encounter. After all, it was difficult to find the point of entrance and exit of a Beyond Heaven Secret Zone. Moreover, Beyond Heaven Secret Zones, generally, would bar this kind of people from entering. The rules of Beyond Heaven Secret Zones prohibited people who had received inheritances from a Devata Realm from entering. After all, the Great Overarching Golden Celestial who left his inheritance in a Beyond Heaven Secret Zone did not wish his inheritor to have another master or belong to another force in the Devata Realms.

The three little fellows whom the red-clad woman was talking about were none other than Little Gold, Little Black, and Little White. After three of them had received the inheritance from the Legacy Blood Pool, they were automatically considered as being part of the force of the Lord who had refined the Legacy Blood Pool.

The people from the mundane realms were unaware of this rule in the Beyond Heaven Secret Zones. They did not know that their cultivation bases might be destroyed, or even killed, before they were expelled from the Beyond Heaven Secret Zone for violating the rule. Among these people, some of them were taken away by the people from the force they had received their inheritances from, some had their cultivation bases destroyed before they were expelled from the Beyond Heaven Secret Zone, and some were instantly killed by a Supervisory Envoy of the Beyond Heaven Secret Zone!

Due to how extraordinary Beyond Heaven Secret Zones were, the Supervisory Envoys were usually Heaven Emperors’ men. They had lofty backgrounds, and normal people could not afford to provoke them. For this reason, not many forces in the Devata Realm would publicly go against Supervisory Envoys, especially not for people who received the inheritances from their forces.

Therefore, whenever the members from the forces in a Devata realm discovered that people who had received the inheritances from their forces had mistakenly entered the Beyond Heaven Secret Zone, they would only send someone to secretly and quietly retrieve those people before the Supervisory Envoys discovered them.

The red-clad woman had received an order to retrieve Little Gold, Little White, and Little Black from the Beyond Heaven Secret Zone for this reason.

Most people from the mundane realms were under the impression that Beyond Heaven Secret Zones were created by a Great Overarching Golden Celestial since it contained various treasures and the inheritance of a Great Overarching Golden Celestial. However, the truth was Beyond Heaven Secret Zones were jointly created by the 81 Heaven Emperors of the Devata Realms. The secret zones were created by them to provide Great Overarching Golden Celestials with a way to search for inheritors. In order to manage the Beyond Heaven Secret Zones, the 81 Heaven Emperors would appoint their men as Supervisory Envoys to supervise the Beyond Heaven Secret Zones. A Supervisory Envoy usually had to supervise millions of Beyond Heaven Secret Zones due to their great number.

At this moment, the red-clad woman said, "If that's the case, elder sister, let's depart now... The three little fellows who entered the Legacy Blood Pool together are said to be highly talented. That's why I've been ordered to retrieve them from the Beyond Heaven Secret Zone." Although the red-clad woman spoke casually, based on her tone, it could be seen that she respected the green-clad woman a lot.
