

Chapter 3351: Celestial Lords with the Five Divine Elements

“With just one point I’m ranked in 137,615th place?” Duan Ling Tian raised his brows slightly as he looked at Little Gold. “It seems like not many have entered the Purgatory Battlefield.”

Although the Purgatory Battlefield was a treacherous place, there were many Celestial Lords from various Devata Realms who were willing to risk their lives to enter the battlefield. After all, despite the danger, there were many treasures and fortuitous encounters there. In fact, many Celestial Lords, who could not break through and become Celestial Emperors, successfully broke through after entering the Purgatory Battlefield. Some of them even managed to become titled Celestial Emperors.

When Duan Ling Tian saw he was ranked within the 140,000th place with just a point, he assumed that was roughly the number of people who had entered the Purgatory Battlefield.

Upon hearing these words, Little Gold shook her head and explained with a smile, “Brother Ling Tian, one’s name would be struck off the ranking if one leaves the Purgatory Battlefield before accumulating two military merit points. Apart from that, after accumulating two or more points, if one leaves and doesn’t enter the Purgatory Battlefield for more than 100 years, one’s name would also be removed. Some of these people can’t enter because they’d become Celestial Emperors. For those who can’t enter due to other circumstances, if they choose to enter the Purgatory Battlefield again, they would have to start from the bottom again. Therefore, based on our rankings, it means that there are more than 100,000 people who have accumulated two or more points in the past 100 years. Do you still think the number is small?”

Duan Ling Tian learned new information about the Purgatory Battlefield again after listening to Little Gold. It seemed like the number of people who came here was higher than it seemed.

“Brother Ling Tian,” Little Gold added, “Usually, those who ranked from the 101st to the 1,100th place rely on joining forces to climb up the ranks. Those who ranked in the top 100 are usually very capable. Before being promoted to the rank of Commander, one would have to pass a test. In fact, if you take a closer look at the ranking, you’ll see that the rankings of those who ranked 135th to 600th have stagnated, and they all have the same number of points.”

Duan Ling Tian instinctively checked the ranking. True enough, he saw more than 400 people at and below the 135th place with the same number of points.

Little Gold continued to say, “It’s because they haven’t passed the promotion test that they all have the same number of merit points. The limit of military merit points one can accumulate is 1,000 military merit points. To accumulate more than 1,000 merit points, one has to pass the promotion test. After passing the test, the limit will be raised to 2,000 military merit points. Therefore, without passing the test, you won’t be promoted no matter how many merit points you’ve accumulated. These excess points can only be used to exchange for opportunities to enter secret zones.”

Duan Ling Tian glanced at the ranking again and discovered more than 40 people who ranked before the 135th place. Some of them shared the same number of points, which was 2,000 points, and some of them had more than 1,000 points. It was clear that the higher the rank, the higher the limit of the military merit points would be. Only the top two people on the ranking had 8,000 military merit points.

“Each time, the limit would be raised by 1,000 points. The highest limit is 8,000 points. Look at the top two people on the ranking. Although both of them have 8,000 points, it’s likely that they have actually accumulated more than 8,000 points. They could’ve accumulated more than 10,000 points or even 100,000 points, but we’ll never know due to the limit,” Little Gold said. After a beat, she added, “Many people fail to advance because they keep failing the promotion tests.

“Are tests difficult?” Duan Ling Tian asked curiously.

“The tests’ difficulty level increases with each passing one. Why I said most of those who are ranked from the 101st place to the 1,100th place usually rely on joining forces and are unable to advance is because the tests are individual tests. One can only rely on one’s strength to pass the test. For this reason, those who rely on others to advance would find it difficult to climb up the ranks after a certain rank,” Little Gold continued to explain, “Those in the Purgatory Battlefield refer to passing the tests as passing the tribulations. Those who pass the tribulation after accumulating 1,000 points are considered top Lieutenants. Although they’ve yet to enter the top 100 and become Commanders, their strengths shouldn’t be underestimated. On the other hand, Commanders who break the 2,000-point limit are referred to as level one Commanders, those who break the 3,000-point limit are referred to as level two Commanders, and so on. Finally, those who break the 7,000-point limit are called level seven Commanders.”

Little Gold paused for a moment after she finished speaking to allow Duan Ling Tian time to digest the information before she continued to say, “It’s said the two level seven Commanders who have 8,000 points are stronger than most Celestial Emperors...”

Duan Ling Tian’s eyes widened in shock upon hearing these words. “Stronger than most Celestial Emperors?”

Little Gold nodded. “I was shocked as well when I heard this. After all, at most, the level seven Commanders are Ten Directions Celestial Lords. No matter how powerful they are or how high their comprehension of the laws is, they can’t fuse profundities. So how can they be stronger than Celestial Emperors?”

Duan Ling Tian nodded in agreement.

At this moment, Little Gold’s eyes flashed as she said in a solemn voice, “However... It’s not so shocking when you think about those extraordinary and heaven-defying Celestial Lords out there. These Celestial Lords are said to possess the legendary Five Divine Elements or other heaven-defying techniques. Those who possess Divine Elements with the highest forms are naturally the strongest...”

Duan Ling Tian was shocked when Little Gold brought up the Five Divine Elements. So there were Celestial Lords who possessed the Five Divine Elements in the Purgatory Battlefield.

“In fact, no ordinary Celestial Lords would be able to break the 7,000-point limit. In fact, it’s already difficult for ordinary Celestial Lords to break the 4,000-point and 5,000-point limit. Even comprehending all the profundities of a law to the mastery stage isn’t enough to break the 1,000-limit unless they’re not humans like me, Little Black, and Little White. Top-tier Celestial Beasts like us have a chance of breaking the 2,000-point limit with our unique techniques if we’re Ten Directions Celestial Lords who have

comprehended all the profundities to the mastery stage. For Huan'er who's close to a Divine Beast, she might be able to break the 3,000-point limit..." Little Gold looked at Huan'er at the end of her sentence.

"It's almost impossible for non-humans to break the limits after the 3,000-point limit unless they too possess the Five Divine Elements. There's a suspicion that those who manage to accumulate more than 4,000 points possess the Five Divine Elements. There's no lack of people who want to rob the Five Divine Elements from these people. Since most people aren't stupid enough to use their real names, it's difficult for these greedy people to look for those they suspect possess the Five Divine Elements. Apart from that, it's difficult to search for someone since we can all change our auras and also disguise ourselves."

As soon as Little Gold finished speaking, she suddenly transformed into a huge boulder before she reverted to her human form again as if to prove a point.

'The Five Divine Elements?' When Duan Ling Tian recovered from his shock. When realization dawned on him, he could not help but ask the World Cleansing Divine Water in his Little World, "Sister Water, why didn't you tell me about this earlier? This has to be the main reason you want me to come to the Purgatory Battlefield, right? You're hoping to evolve using this opportunity..."

"Yes," the World Cleansing Divine Water said, "I didn't mention it because I'm afraid you'd overthink matters. However, it's not too late for you to back out at this moment... After all, there are many people in this Purgatory Battlefield with higher forms of Five Divine Elements. If we join forces, we might be able to defeat seventh-form Divine Elements. However, we'll be doomed if we encounter eighth-form Divine Elements. However, I don't if there's anyone who possesses an eighth-form Divine Element..."

Upon hearing these words, Duan Ling Tian's eyes were shining brightly as he looked at Little Gold and Huan'er before he said, "Little Gold, Huan'er, let's leave!"

Chapter 3352: The Greater the Risk, The Greater the Rewards

"Leave?"

Little Gold and Huan'er were confused and surprised when they heard Duan Ling Tian's words. However, Huan'er did not question his words and supported his decisions as always.

On the contrary, Little Gold could not help but ask, "Why do you want to leave suddenly?"

Even the Five Divine Elements assumed Duan Ling Tian planned to leave because he did not want to take the risks in the Purgatory Battlefield. All of them respected his decision and did not object to it. After all, they would be risking their lives as well. There was a possibility they might perish if they encountered Divine Elements with higher forms than them.

Duan Ling Tian looked at Little Gold and shook his head as he said with a smile, "I don't want to become the fool who uses his real name in the Purgatory Battlefield."

When Little Gold recovered from the shock, her eyes brightened immediately. "Brother Ling Tian, does this... does this mean you possess the Divine Elements?"

Duan Ling Tian nodded slightly.

“Brother Ling Tian, you should’ve told me about this. Then, I would’ve told you about what I know before we enter the Purgatory Battlefield,” Little Gold said with a wry smile on her face.

“So how do we leave?” Duan Ling Tian asked.

“We’ll need to find the transportation site. Just think of it, and we’ll be led to it. It’s far more complicated to leave to prevent people from escaping when they encounter a stronger opponent,” Little Gold replied.

Duan Ling Tian thought about the transportation site as Little Gold instructed before he felt a force guiding him toward a certain direction.

“There it is!” Little Gold pointed in the direction where Duan Ling Tian felt the force was guiding him.

Following that, the trio made their way to the transportation site.

Up until now, Duan Ling Tian had yet to have a good look at the Purgatory Battlefield due to the thick fog shrouding the place. The atmosphere was gloomy and oppressive, making him eager to leave this area as soon as possible.

About half an hour later, the trio finally arrived at the transportation site. A stone platform similar to the ones they saw outside hovered in the air.

“Let’s leave.”

As soon as the trio stood on the platform, their names appeared in the air.

Duan Ling Tian.

Huan’er.

Little Gold.

“Our names will be erased since we only have one point... It’d be difficult if we’ve accumulated more than two points. If we want to remove our names, we can only enter again after 100 years have passed,” Little Gold said.

“Fortunately, you told me about this earlier,” Duan Ling Tian said with a nod.

In just a few moments, the trio was transported out. They arrived in the sky above a wasteland in the Jade Emperor Heaven; it was different from the place they had entered earlier.

As soon as the trio appeared, they caught the attention of two Celestial Emperors who were battling near the transportation site in the Jade Emperor Heaven. They were two middle-aged men who somewhat resembled each other. Their eyes were filled with unconcealable lust as soon as they saw Huan’er.

“Let’s go,” Duan Ling Tian said after he briefly glanced at the two middle-aged men. Following that, he mobilized his energy to bring Huan’er and Little Gold away.

Upon sensing the energy from Duan Ling Tian, whom they assumed was the leader of the group, one of them exclaimed, “A Celestial Lord?”

The middle-aged man who was dressed in an azure robe said with a smile, "Elder brother, it's my turn to choose first, right? You can choose the golden-clad young woman; I want the white-clad woman!"

Upon hearing this, the middle-aged man who was dressed in green robes scoffed. "In your dreams! I want the woman in white! You can have the young woman in gold! If you're not willing, you can fight me for it."

The azure-clad middle-aged man smiled sheepishly before he asked, "After you're done with her, why don't you let me have her?"

"We'll talk about this when the time comes," the green-clad middle-aged man replied noncommittally.

"Alright. We should kill that young man first. He's such an eyesore," the azure-clad middle-aged man said with a chuckle. Then, he shot out, transforming into a ball of flames, toward Duan Ling Tian.

At the same time, killing intent shone in Duan Ling Tian's eyes when he heard the two middle-aged men's conversation and his expression darkened immediately. He did not hesitate to borrow the Five Divine Elements' powers. Following that, the Seven Orifices Exquisite Sword that he had brought out turned into a seven-color sword ray before he merged himself and the spatial energy from the law of space with the sword ray.

"How dare a puny Celestial Lord like you attack me?" The azure-clad middle-aged man scoffed when he saw Duan Ling Tian making a move. However, as Duan Ling Tian drew closer, his eyes widened in horror. "No, no, how's this possible!?"

As soon as the seven-color sword ray collided with the ball of flames, Little Gold saw the sword ray easily pierced the ball of flames, killing the azure-clad middle-aged man. The sword ray did not stop and its momentum did not lessen as it continued to shoot toward the green-clad middle-aged man.

"No!" The green-clad middle-aged man who had just witnessed the death of his brother did not even have time to react, let alone figure out how a Celestial Lord managed to kill a Celestial Emperor, when the sword ray was just barely inches away from him. He hastily pulled his Celestial Weapon out to defend against the sword ray. Alas, although he was slightly stronger than his brother, resistance was futile. The sword ray easily breached his defenses.

"This... How's this possible!?" Before his death, the green-clad middle-aged man sensed the auras of the Five Divine Elements: metal, wood, water, fire, and earth. It was beyond his understanding how someone managed to possess all Five Divine Elements.

After the green-clad middle-aged man died, the seven-color energy sword returned to Duan Ling Tian before vanishing into thin air.

Little Gold stared at Duan Ling Tian with her mouth agape; her eyes were brimming with admiration and awe. "Brother... B-brother Ling Tian, you possess all Five Divine Elements?"

Since Duan Ling Tian did not bother to conceal the auras of the Five Divine Elements from Little Gold and she was standing next to him, she could clearly sense the auras of all the Divine Elements along with the energy from the law of space.

Duan Ling Tian nodded slightly in response.

“T-this... T-this... This is unbelievable!” Little Gold looked at Duan Ling Tian incredulously. She did not even think it was possible for someone to possess all of the Five Divine Elements until today. When she calmed down slightly, she asked curiously, “Brother Ling Tian, how did you obtain them?”

Duan Ling Tian smiled before he said, “Let’s make our way to the transportation site as we speak...”

At this time, Little Gold finally noticed Huan’er who was holding onto Duan Ling Tian’s arms looked calm. She asked, slightly surprised, “Huan’er, you know about this?”

Huan’er smiled and nodded slightly. Since Duan Ling Tian treated Little Gold as his younger sister, she naturally treated Little Gold like her younger sister as well even though Little Gold was, in fact, a few years older than her.

During their journey to the transportation site, Duan Ling Tian answered all of Little Gold’s questions. He did not bother hiding anything from her since he trusted her not to betray him.

After listening to Duan Ling Tian’s words, Little Gold said, “Brother Ling Tian, you’re really lucky! All the sixth-form Five Divine Elements are willing to stay with you!” Soon after, a slight frown appeared on her face before she added, clearly worried about Duan Ling Tian, “However, this means it’d be very dangerous for you to enter the Purgatory Battlefield... Normal people might not discover the Five Divine Elements, but those who possess them can easily detect them.”

“I know.” Duan Ling Tian nodded with a gentle smile on his face. “Don’t worry about me. You should worry about those who possess any of the Five Divine Elements. After all, it goes both ways, right? Moreover, I can’t be so unlucky as to meet an eighth-form Divine Element as soon as I enter the Purgatory Battlefield, right?”

Soon after, the trio arrived at a transportation site to the Purgatory Battlefield.

Chapter 3353: Purgatory of Myriad Changes

This time, Duan Ling Tian did not use his own name. Instead, he used Xia Fei Wu as a pseudonym. The pseudonym was a portmanteau of the names of his three loved ones, Ke’er, Li Fei, and Feng Tian Wu. Xia was the Ke’er’s family name in the Divine Offering Land, and the words ‘Fei’ and ‘Wu’ came from Li Fei and Feng Tian Wu’s names respectively.

As for Huan’er, she used the name Du Tian Ling. Instead of using her father’s surname, Lian, she decided to use her mother’s surname, Du. Then, she switched Duan Ling Tian’s around and came up with Tian Ling.

Finally, Little Gold switched her name to Jin Yue. Jin was taken from her name, and the word Yue was related to the Blood Moon Ridge in the Ten Thousand Beasts Heaven. She was a member of the Blood Moon Ridge after all.

Xia Fei Wu.

Du Tian Ling.

Jin Yue.

Now that their names had been replaced with new ones, the trio entered the Purgatory Battlefield again. Perhaps, apart from supreme powerhouses, no one would be able to connect the trio to their real names.

“We should alter our physical appearances as well,” Duan Ling Tian said to Huan’er and Little Gold.

Duan Ling Tian changed his appearance to that of a handsome teenager who looked about 17 years old. Even then, he could not hide his extraordinary bearings. He looked like a young scholar, completely different from his original appearance.

Huan’er changed herself into a 16-year-old girl. Although she was still beautiful, it was nothing compared to her original appearance.

Finally, Little Gold looked like a little girl who was not even ten years old with two cute braids. She giggled and said, “If Little Black and Little White came here, they definitely won’t be able to recognize us...”

“That’s only natural. After all, we’ve changed our appearances,” Duan Ling Tian shook his head and said with a smile, “To further guard our identities, try to communicate through Voice Transmissions as much as possible. Unless we can kill all those who suspect us, we still risk being exposed.”

“Alright, we will communicate through Voice Transmission from now on,” Little Gold responded enthusiastically.

Needless to say, Huan’er had no objections as well.

“Little Gold, the points of the people we kill will go to us, right?” Duan Ling Tian asked.

“That’s right,” Little Gold responded, “The points will only go to the person who deals the killing blow. Therefore, if you want to help someone gain points, you can only injure the opponent and let the person you want to help deal the killing blow.”

“Alright.”

...

In just a blink of an eye, Duan Ling Tian, Huan’er, and Little Gold had already been in the Purgatory Battlefield for a month now. However, during this time, the opponents they encountered all possessed very few points. Even after killing all of them, Duan Ling Tian did not even make it into the top 100,000.

“Little Gold, let’s go to the Purgatory of Myriad Changes,” Duan Ling Tian said to Little Gold.

The Purgatory of Myriad Changes was in the heart of the Purgatory Battlefield where free secret zones that one could enter without using military merit points mostly appeared. For this reason, almost half of the number of people who entered the Purgatory Battlefield would go to the Purgatory of Myriad Changes. As a result, there were always battles there, and it was also a place where many died. Naturally, this place was also where one could quickly earn points.

Whenever a free secret zone appeared, it would remain open until the number of people in the zone reached the limit. Once one entered the secret zone, one was free to roam the entire place and search for treasures and fortuitous encounters. It was not surprising that there were many people lurking

around, hoping to gain points by preying on those who were waiting for the appearance of a free secret zone. Depending on one's luck, the Purgatory of Myriad Changes could be heaven or hell.

Upon hearing Duan Ling Tian's words, Little Gold voiced her concerns, "Brother Ling Tian, shouldn't we lay low? Although the Purgatory of Myriad Changes is vast, there are many people there as well. What if we're unlucky and encounter someone with a seventh-form or eighth-form Divine Element? What are you going to do at that time?"

It would not be too risky if Duan Ling Tian did not possess the Five Divine Elements. Possessing a Divine Element was like painting a huge target on one's back for those who also possessed Divine Elements to see, let alone Duan Ling Tian who possessed all of the Five Divine Elements.

Usually, one would only attack someone who possessed the same Divine Element since one could only evolve one's Divine Element by devouring the same Divine Element. Moreover, since the Five Divine Elements were all prideful, it would be somewhat difficult to try to attack another person with a different Divine Element to gain their Divine Elements since Divine Elements were usually too prideful to share the same host. Based on this, one could see how rare Duan Ling Tian's situation was. He was lucky that he encountered the Divine Elements when they were in their lower forms since it was easier for him to persuade them. Although the World Cleansing Divine Water had quite a high form when Duan Ling Tian first encountered it, it was easily persuaded to join Duan Ling Tian because Duan Ling Tian had obtained the Divine Tree of Life in the remnant of a Realm of Gods. At that time, the World Cleansing Divine Water was also desperate to leave the remnant of the Realm of Gods. For these reasons, it put its pride aside and decided to share a host with the other Divine Elements.

However, for Duan Ling Tian who possessed all Five Divine Elements, it meant that he was a target for everyone who had a Divine Element regardless of which one it was.

"There might not be anyone with an eighth-form Divine Element in the Purgatory Battlefield," Duan Ling Tian said reassuringly, "Even if there is, I might still be able to kill him or her before the eighth-form Divine Element can make a move on the Five Divine Elements in my body. Without a host, it won't be able to devour my Five Divine Elements even if it survives." His eyes flashed brightly at the end of his words.

Duan Ling Tian had spoken to the World Cleansing Divine Water at length about this matter. Naturally, things were not as simple as Duan Ling Tian described to Little Gold. He had downplayed the situation so as not to worry Little Gold and Huan'er. Despite being silent, he could tell Huan'er was worried about him as well judging by how tight her grip around his arm was.

"Different situations call for different actions... I, Duan Ling Tian, have been through highs and lows. Those who want me dead must be prepared to die!" Duan Ling Tian said as his eyes shone with determination.

With just a thought, the trio was guided by a force to the Purgatory of Myriad Changes.

...

A few days passed before they drew close to their destination. The force grew stronger and stronger as well as they drew closer. At this point, the trio was silent; all of them were on guard.

During the past few days, they have killed more than ten people. This number surpassed the number of people they killed a month ago.

Soon enough, the gloomy wasteland in their surroundings gradually changed. The ground and the mountains seemed to be drenched in blood. Blood was everywhere as far as the eyes could see.

“This must be the Purgatory of Myriad Changes.”

At this moment, Little Gold suddenly looked at the corner of a towering mountain that was behind a medium-height mountain. As a rodent Celestial Beast, her senses were very sharp; they were considered extraordinary even among Celestial Beasts and Divine Beasts. “Brother Ling Tian, there are people over there...”

As soon as Duan Ling Tian and Huan'er looked in the direction of Little Gold's gaze, voices suddenly rang from the mountain peak.

“They discovered us?”

“Brother Xian, that little girl doesn't seem to be human...”

“Even if she's a Celestial Beast, it should be impossible for her to discover us. She must be one of those Celestial Beasts with extraordinarily keen senses...”

Four young men who looked identical, save for a few differences, suddenly walked out. Since this was the Purgatory Battlefield and they can easily change their appearances, these young men might not necessarily be quadruplets.

“Consider yourself unlucky for running into us,” one of the four young men said with a smile as he suddenly shot into the sky.

Following that, the other young men flew in different directions, surrounding Duan Ling Tian and the two women.

The four young men were positioned in a unique formation when they surrounded the trio.

Upon seeing this, Duan Ling Tian cocked an eyebrow. “A Joint Strike Formation? We can't be sure yet who's unlucky for running into whom...”

Meanwhile, Little Gold heaved a sigh of relief inwardly when she received a Voice Transmission from Duan Ling Tian, telling her that none of the four young men possessed the Five Divine Elements. When she shifted her gaze back to the young men again, her corners of lips lifted up into a smirk.

Chapter 3354: The Fifth-Form Chaos Divine Flame

Celestial Talismans such as communication talismans could not be used in the Purgatory Battlefield. However, Celestial Weapons and artifacts were permitted.

At this moment, the four young men who surrounded Duan Ling Tian and the others brought their Celestial Weapons out; two of them used swords, one used a saber, and the other one wielded a spear.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

The four young men seized the opportunity to strike first to gain the upper hand. In the Purgatory Battlefield, surviving was the most important. Everything else was not important in comparison to keeping oneself alive. Therefore, one would either agree to get along or kill.

“Hmm?”

When the four young men struck, their attacks merged in a strange manner. The combined force of their attacks that was on par with that of a Celestial Emperor startled Duan Ling Tian slightly. Naturally, this level of attack was no cause for concern for him.

“It seems like it’s your bad luck for running into me...” Duan Ling Tian glanced at them indifferently before he brought out his Seven Orifices Exquisite Sword. Apart from that, he used the space energy from the law of space and the powers from the Five Divine Elements as well. However, he did not borrow much of the Five Divine Elements’ powers although it would not affect the number of times he would be able to use their powers. Just a little of their powers, after they stayed in his Little World that contained the Heaven and Earth Spirit Energy from the remnant of a Realm of Gods, were enough to deal with the four young men after all.

Duan Ling Tian simply slashed the sword horizontally without any flowery movements, launching a seven-color sword ray that swept toward four young men’s combined attack.

Boom! Boom! Boom!

The frightening sword ray swept out like a tsunami, easily destroying the four men’s combined attack like a predator devouring its prey.

“The law of space a-and... and the Five Divine Elements?!”

“It’s the Five Divine Elements!”

“H-he has all Five Divine Elements?!”

The four young men were frightened out of their wits when they discovered not only did Duan Ling Tian possess the Divine Elements, but he possessed all Five Divine Elements. Alas, before they could even react, the seven-color sword ray landed on them, killing them instantly.

After everything was done and dusted, Little Gold asked with a smile, “Big Brother Ling Tian, with these four young men, you should have quite a lot of military merit points now, right? They were quite strong, after all.”

Upon hearing these words, Duan Ling Tian checked his points. “My current points allow me to enter the top 100,000. I’ll be able to enter the top 10,000 soon. As for their strength, their combined strength is comparable to that of an ordinary Celestial Emperor.”

“Huh? So little points? Oh, well, at least they helped you to enter the top 100,000.” Little Gold looked somewhat disappointed upon hearing Duan Ling Tian’s words. After a beat, she added, “In fact, their combined strength isn’t too bad. It’s just a pity that they ran into you.”

"I guess they just entered the Purgatory Battlefield not too long ago." Duan Ling Tian smiled faintly. Then, he said to Little Gold, "Alright, we should explore this place and take advantage of the terrain here and find a place to hide. It'd be good if we can find a place that's suitable to launch sneak attacks."

As for Huan'er, Duan Ling Tian did not really need to explain much to her since she would follow him wherever he went.

The Purgatory of Myriad Changes' terrain would change from time to time. Moreover, not everyone in the Purgatory of Myriad Changes would be submitted to the same change.

For example, earlier, the terrain under Duan Ling Tian, Huan'er, and Little Gold's feet had shifted, bringing them close to the four young men. However, on the young men's side, their terrain did not change at all. It was simply Duan Ling Tian and the others walking close to their hiding place. It was as though the terrain in the Purgatory of Myriad Changes had delivered the trio to the young man.

At this moment, the trio finally found a place to hide. Duan Ling Tian decided to find a place to hide since he thought it would be more advantageous. After all, he stayed put, the changing terrain would definitely send someone to them sooner or later.

Not long after the trio hid behind a peak of a mountain, Little Gold, who had especially good eyesight, looked to the left. "There!"

"There's another person on the other side as well." Just as Little Gold discovered people on the left side, Duan Ling Tian discovered one person on the right side.

As soon as both sides met, they immediately confronted each other.

"One versus two?" Little Gold's eyes were bright as she watched the people. "He must be quite strong since he's bold enough to come alone to this place. However, is he strong enough to fight two people at once?"

"We'll find out in a moment," Duan Ling Tian said with an indifferent smile on his face.

As soon as his voice fell, the Chaos Divine Flame's voice rang in his ears. "How lucky! He has the fifth-form Chaos Divine Flame!"

Duan Ling Tian instinctively turned to look at the middle-aged man who was fighting two people at once.

The middle-aged man was dressed in a green long robe, and his appearance was ordinary. He wielded an enormous saber when he fought, and based on the techniques he used, it was clear he had comprehended the law of fire.

On the other hand, the green-clad middle-aged man's two opponents were rather strong as well. Their strength was almost that of a Celestial Emperor; this meant their strength was at the peak of the Celestial Lord stage.

Swoosh! Swoosh! Swoosh!

The green-clad middle-aged man attacked with his flaming saber, sending out balls of flame. At this time, he had yet to use the power of the Chaos Divine Flame in his body.

“Why hasn’t his fifth-form Chaos Divine Flame discover your presence?” Duan Ling Tian asked curiously. He knew that Divine Elements could sense each other, and the World Cleansing Divine Water had spoken to him about this before as well.

From the moment the green-clad middle-aged man arrived, he did not glance in Duan Ling Tian’s direction at all. It was clear his fifth-form Chaos Divine Flame had not detected the presence of Duan Ling Tian’s Five Divine Elements.

“Since the moment you stepped foot onto the Purgatory Battlefield, all of us have been concealing our auras. If you don’t make a move, Divine Elements with lower forms than us won’t be able to detect our presence...” the World Cleansing Divine Water explained, “However, if that Chaos Divine Flame has the same form as the Chaos Divine Flame in your body, it would be able to detect the Chaos Divine Flame in your body, but it would not be able to detect the four us. This applies to all similar elements. A World Cleansing Divine Water that has the same form as I do would be able to detect but not the others. A Divine Element has to be in the seventh form at least to discover all of us...”

Duan Ling Tian nodded after listening to the World Cleansing Divine Water’s explanation.

“Those two aren’t his opponents at all. The power he gets from his fifth-form Chaos Divine Flame isn’t little...” the Chaos Divine Flame said.

As though proving the Chaos Divine Flame’s words right, the green-clad middle-aged man who seemed to be losing suddenly erupted with strength from his fifth-form Chaos Divine Flame when his two opponents let down their guards.

Boom! Boom! Boom!

In just a moment, the two were killed by the green-clad middle-aged man. Needless to say, apart from their Spatial Rings, their military merit points had also gone to him.

“Let’s make a move now!” Duan Ling Tian said to Little Gold at this moment. He was not going to let go of the opportunity to gain more military merit points. Most importantly, he was not going to let go of the chance to let his Chaos Divine Flame devour the middle-aged man’s fifth-form Chaos Divine Flame.

At this point, the middle-aged man also discovered the trio’s presence.

“Oh? Another three people are delivering themselves to me?” The green-clad middle-aged man’s eyes flashed with killing intent. The flames surging around his body from his previous fight had yet to dissipate as he flew toward the trio.

The green-clad middle-aged man was a Ten Directions Celestial Lord who had comprehended all the profundities from the law of fire to the mastery stage. Coupled with the fifth-form Chaos Divine Flame in his body, his strength far exceeded those of the four young men whom Duan Ling Tian killed earlier.

Nevertheless, Duan Ling Tian did not even need the Chaos Divine Flame’s help to deal with the green-clad middle-aged man. He smiled, revealing his pearly white teeth, as he said, “Thank you.”

The green-clad middle-aged man was momentarily confused when he saw the smile on Duan Ling Tian’s face. ‘Thank you? For what?’ After he recovered his senses, he said disdainfully, “Thank you? Brat, don’t

tell me you think you can obtain my military merit points because you have two additional people on your side...”

Duan Ling Tian, who was standing in front of the middle-aged man, held the thrumming Seven Orifices Exquisite Sword in his hand as he said with a grin on his face, “No, you misunderstand. I’m not only taking you for delivering your points to me, but I’m also thanking you for delivering your Chaos Divine Flame to me...”

“You discovered the Chaos Divine Flame in my body?” The green-clad middle-aged man’s gaze turned frosty when he heard Duan Ling Tian’s words. However, his expression changed drastically when he heard his Chaos Divine Flame’s voice.

“Run now! He has a sixth-form Chaos Divine Flame! If you fight him, I won’t be able to help you at all!”

The green-clad middle-aged man was still in a daze as the fifth-form Chaos Divine Flame said in a panic-laden voice, “No, it’s too late to run! Hurry up and kill him! Do it before his Chaos Divine Flame has a chance to devour me! Hurry! He might not be stronger than you.”

To save itself, the fifth-form Chaos Divine Flame intended for the green-clad middle-aged man to kill Duan Ling Tian. After all, he managed to kill Duan Ling Tian, the Chaos Divine Flame in Duan Ling Tian’s body would be without a host. Even a sixth-form Chaos Divine Flame would find it hard to devour a first-form Chaos Divine Flame without a host. This was because the strength the host provided to a Divine Element was essential in devouring another Divine Element.

“Sixth-form Chaos Divine Flame?” The green-clad middle-aged man finally regained his senses; his expression was grim. He did not waste time and struck with all his might like his life depended on it, which was indeed the case. If his Chaos Divine Flame was devoured, only death awaited him. Moreover, there was a chance that he would also die even if he managed to kill his opponent. After all, his opponent’s Chaos Divine Flame definitely would refuse to stay in his body. If it entered another person’s body, would he not be killed as well?

In just an instant, flaming energy sabers seemed to weave a net in the sky, closing in on Duan Ling Tian. Moreover, even if he killed the counterpart after the devouring is complete, he might not be able to avoid death.

Chapter 3355: The Myriad Phenomena Formation

Swoosh!

The middle-aged man attacked with all his strength. A flaming net, which contained the force of all the profundities from the law of fire that had been comprehended to the mastery stage, fell on Duan Ling Tian.

However, a piercing sword cry rang in the air as the sword ray from the Seven Orifices Exquisite Sword cut through the flaming net as though it was made from paper. The seven-color sword ray devoured the flames like a ravenous beast. With just one strike, Duan Ling Tian destroyed the flaming net.

As the middle-aged man watched in horror as Duan Ling Tian easily destroyed his attack, his fifth-form Chaos Divine Flames’s terrified voice rang in his ears. “Heavens! Not only does he have the sixth-form, but he has the sixth-form Profound Divine Metal, Clear Heavens Divine Wood, World Cleansing Divine

Water, and Chaos Divine Earth as well! How's this possible? What kind of monster is he? How can he have all Five Divine Elements? Moreover, all of them are in their sixth forms! I'm done for!"

"No!!!" the middle-aged cried out, seemingly regaining his senses when the seven-color sword ray was just inches away from him. He mobilized his energy immediately in an attempt to block the seven-color sword ray. At the same time, he shouted at the fifth-form Chaos Divine Flame anxiously, asking for help.

Alas, the middle-aged man's call for help went unanswered. After all, the fifth-form Chaos Divine Flame could not even protect itself at this moment; how could it have time to help the middle-aged man?

Duan Ling Tian's attack contained the forces from the Divine Elements except for the Chaos Divine Flame. This was because the Chaos Divine Flame had shot out of his body and entered the middle-aged man's body to devour the middle-aged man's fifth-form Chaos Divine Flames. It did not need help from the other Divine Elements to devour a fifth-form Chaos Divine Flame.

Boom!

The seven-color sword ray quickly killed the middle-aged man.

At the same time, Duan Ling Tian's Chaos Divine Flame shot out of the middle-aged man's body and returned to Duan Ling Tian's Little World. Needless to say, it had successfully devoured the fifth-form Chaos Divine Flame.

At this time, Little Gold's voice suddenly rang in the air. "Wow! Brother Ling Tian, you've just entered the top 700 and became a lieutenant! It seems like that middle-aged man was a lieutenant..."

In the Purgatory Battlefield, those who ranked in the top 1,100 would be given military titles. Those who were ranked in the top 100 would be given the title of Commander while those who ranked from 101st to 1,100th would be given the title of Lieutenant.

Since Duan Ling Tian killed the middle-aged man, he naturally obtained the middle-aged man's military merit points and shot into the top 700. Duan Ling Tian's pseudonym, Xia Fei Wu, rose in ranks swiftly like a dark house before everyone's eyes. However, no one really paid attention to the name Xia Fei Wu since there were many talented people in the Purgatory Battlefield as well. Moreover, he only entered the top 700. Perhaps, once he rose higher in ranks, he would gain more attention. Compared to the small number of Commanders, there were many Lieutenants after all.

Little Gold thought to herself, 'It's unfortunate that this man ran into Brother Ling Tian. With his strength, if he didn't die, it's likely that he'll be able to become a Commander...'

Since Little Gold had witnessed the middle-aged man's strength earlier, she knew that he would have continued to rise in ranks if Duan Ling Tian did not kill him.

After a moment, Little Gold said with a smile, "Big Brother Ling Tian, you have 800 military merit points now. You can exchange them for a chance to enter a secret zone... Even if you spend your points, it won't affect your ranking..."

With Little Gold's reminder, Duan Ling Tian focussed his thoughts. It did not take long before a few options to enter the secret zones appeared in his mind. These options were similar to options in games

that he played during his time on earth. No wonder this place was rumored to be part of a game between supreme powerhouses.

Soon after, Duan Ling Tian discovered that it cost very little points to enter a secret zone with other people. The more people he entered the secret zone with, the fewer military merit points it would cost. Needless to say, the fewer people, the more it would cost.

“500 military merit points? It costs so many points to enter the secret zone alone?” Duan Ling Tian could not help but exclaim.

“If I choose to enter alone, I’ll be able to bring people with me as long as I’m willing...” Duan Ling Tian sighed in relief when he saw this note under the option to enter the secret zone alone. Naturally, under normal circumstances, he would have preferred to enter alone. However, Huan’er and Little Gold were with him at this moment.

After a brief moment, Duan Ling Tian said, “Huan’er, Little Gold, I’m going to exchange my military merit points for a chance to enter a secret zone now. We’ll enter the secret zone together...”

With just a thought, Duan Ling Tian exchanged his military merit points to enter the secret zone alone. In just a blink of an eye, 500 military merit points were deducted. However, the total number of points he had obtained thus far was still displayed next to his current remaining points.

Following that, a guiding force appeared and began to pull him in a specific direction.

“It’s there,” Duan Ling Tian said before he led Huan’er and Little Gold away. In just a blink of an eye, they left the Purgatory of Myriad Changes.

...

Duan Ling Tian finally came to a halt after a day and a night in a seemingly endless desert. To be precise, they were now at the ruins in the desert. The buildings in the ruins were dilapidated; the years had left their marks on them.

“We’re here.”

“Big Brother, is the secret zone in the ruins?” Little Gold asked.

“No.” Duan Ling Tian shook his head. “It’s on the other side of the ruins. We’ll need to pass through the ruins to get to it.”

Huan’er and Little Gold followed Duan Ling Tian’s lead and descended from the sky.

The trio entered the ruins through a path. With just a glance, one could see the path was forcefully made. After traveling for a while, the path suddenly came to an end. Perhaps, the powerhouse who created the path found nothing of value in this place and decided to leave. In any case, this meant the trio was now faced with a dead end.

Little Gold asked, “Brother Ling Tian, what should we do now?”

Following that, Huan'er who was usually silent said, "Brother Ling Tian, I can sense the aura of an Illusory Formation from where the path ends..."

After Duan Ling Tian finishes speaking, the Seven Orifices Exquisite Sword appeared in Duan Ling Tian's hand. He brought the sword down cleanly, forging a path into the Illusory Formation.

As soon as the trio entered the Formation, Huan'er said helplessly, "Brother Ling Tian, this Formation is too strong. My current strength isn't enough to break the Formation at all. In fact, even if I were a Celestial Emperor now and further mastered my inherited techniques, I still might not be able to break this Formation..."

"This isn't surprising," Duan Ling Tian said with a smile, "The Purgatory Battlefield is a playground created by supreme powerhouses after all. How can the Formation they created to separate the secret zone from the battlefield be easy to break?"

Duan Ling Tian followed the instructions he had received earlier and easily broke the Formation before he continued to lead Huan'er and Little Gold inside.

Soon enough, a palace appeared in the distance in front of the trio. On both sides of the path that led to the palace entrance were numerous statues of boys, girls, young men, young women, old men, and old women. There were also statues of Celestial Beasts of all shapes and sizes that resembled dragons, tigers, and leopards, just to name a few.

"We're here," Duan Ling Tian said, "The secret zone is in the palace. No, this entire place is the secret zone..."

At the same time, Duan Ling Tian had a feeling the statues that lined the sides of the path were tests he had to overcome before entering the palace. Perhaps, this was the first test in the secret zone.

"Follow me," Duan Ling Tian said as his eyes glinted. In just a moment, the Seven Orifices Exquisite Sword spun around his body. At the same, he called out, "Sister Water, can you see if there's something strange with the statues?"

The World Cleansing Divine Water promptly replied, "It's the Myriad Phenomena Formation!"

"The Myriad Phenomena Formation?" Duan Ling Tian was puzzled.

"This Formation can't be completely broken. It's a kind of Illusory Formation that has both defensive and offensive strength. You'll have to overcome many challenges to pass through this Formation..."

Chapter 3356: The Law of Time and Royal Grade Pills

"Then how should I pass through this Formation?" Duan Ling Tian went straight to the point.

"With our powers, there's no need for you to worry. We'll act according to the situation," the World Cleansing Divine Water said, "Don't forget, our combined strength is more powerful than that of a seventh-form Divine Element. This Formation won't pose a problem to you. Moreover, this is only the first of the tests in the secret zone. If you can't even pass the first test, how are you going to face other tests in the future?"

Duan Ling Tian realized he had been too cautious and pessimistic upon hearing the World Cleansing Divine Water's words. Ever since he heard the Purgatory Battlefield was created by supreme powerhouses, he had subconsciously thought of it as a difficult and dangerous place.

Following that, Duan Ling Tian no longer hesitated and led Huan'er and Little Gold away. As they traveled on the path to the entrance of the palace, the statues came to life one after another and attacked Duan Ling Tian. However, he discovered the strongest of the statues was only comparable to a Ten Directions Celestial Lord who had comprehended all profundities to the mastery stage. Such strength was no threat to him at all. Therefore, the trio successfully entered the palace.

As soon as Duan Ling Tian stepped foot into the palace, he suddenly came to a halt. He could sense a law that he was familiar with.

"The law of time?"

As soon as they entered the palace, Duan Ling Tian discovered that their movements and time seemed to have slowed down tremendously.

Huan'er asked curiously, "Brother Ling Tian, is this the law of time?"

"Yes." Duan Ling Tian nodded solemnly. Although he had briefly comprehended the law of time in the past, he did not successfully comprehend the Fundamental Profundity from the law of time because he was too focused on the law of space. He felt that this was an opportunity for him to comprehend the law of time.

"Time Elemental Profundity..." Duan Ling Tian focused his mind. He raised his hand, and his Celestial Origin Energy surged out with a raise of his hand. In just a moment, he felt as though he had been enlightened.

"This... This is the Time Elemental Profundity?" At this moment, Duan Ling Tian felt as though he had grasped the fundamentals of the law of time. Naturally, this was just the first step. After all, the power of the law of time did not come from its Fundamental Profundity alone, but it came from the combination of all the profundities.

"If I can comprehend the law of time, I'll be able to control the speed of time. In fact, after comprehending it to a certain stage, I can even stop time." Duan Ling Tian was aware of how formidable the law of time was. Similar to the law of space, the law of time, also one of the Four Supreme Laws, was not easy to comprehend. Moreover, it was also much more powerful compared to the other Supreme Laws. Perhaps, due to its difficulty, he had never met an opponent who had comprehended the law of time.

'Although the law of time is powerful, I'll have to start from the beginning if I want to comprehend it. I've comprehended the law of space to such a stage that I don't have much time to comprehend the law of time. Moreover, after becoming a Celestial Emperor, I'll have to focus on fusing my profundities through the Supreme Powerhouse Divinity.' Duan Ling Tian was aware that it would not be time-effective for him to comprehend the law of time now so he was not too excited when he comprehended the Time Elemental Profundity.

After Duan Ling Tian sorted his thoughts, he asked, “Little Gold, what’s in this secret zone? Is it Celestial Fruits and Celestial Pills that can boost a Celestial Lord’s strength?”

Duan Ling Tian’s main purpose for coming to the Purgatory Battlefield was to obtain Celestial Fruits and Celestial Pills that would boost his cultivation base. He wanted to become a Celestial Emperor as quickly as he could to improve his comprehension of the law of space. Otherwise, as long as he was not a Celestial Emperor, he would not be able to improve his comprehension of the law of space by fusing profundities.

Due to the treasures in the secret zones, many Celestial Lords flocked to the Purgatory Battlefield even though it was deadly and fraught with danger. Otherwise, why would these Celestial Lords risk their lives to come to such a deadly place?

Little Gold smiled before she replied, “Brother Ling Tian, whether it’s this secret zone or other secret zones, Celestial Fruits and Celestial Pills are the most basic treasures in the secret zones. The most valuable treasures one can obtain in a secret zone are Divine Artifacts and things that can help with one’s comprehension of the law. There are other treasures as well that are only beneficial to those who aren’t humans. You can use these treasures to trade with non-humans..’

Duan Ling Tian discovered the Celestial Fruits and the Celestial Pills he coveted were not considered valuable at all in the secret zones after listening to Little Gold’s words.

Following that, Duan Ling Tian continued walking. After he left the main hall, he encountered another test in one of the hallways.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

Dark figures shot out from the shadows and began to attack at lightning speed.

Before Huan’er and Little Gold could react, the Seven Orifices Exquisite Sword spun out and easily destroyed the dark figures.

As the trio continued down the hallway, they were attacked by the dark figures nine times. Each time they appeared, they would grow stronger. Nevertheless, they did not pose any problem to Duan Ling Tian’s Seven Orifices Exquisite Sword. Even the strongest among the dark figures only lasted a short moment against the Seven Orifices Exquisite Sword.

This was not surprising since the Seven Orifices Exquisite Sword that had been boosted by the powers of the Five Divine Elements had boosted Duan Ling Tian’s strength so much that he was even stronger than most ordinary titled Celestial Emperor.

At this moment, Little Gold could not help but grumble, “We weren’t rewarded for the first test. Don’t tell me we’re not going to be rewarded after this round of tests as well!”

Duan Ling Tian shook his head before he said, “If I’m not mistaken, the reward for the first test should be the chance to comprehend the law of time.” He had comprehended the Fundamental Profundity from the law of time in an abnormally short time after all.

“What? Just that? Can that even be counted as a reward? How ridiculous. Whoever can comprehend the law of time in the time it took to enter the hallway must be a monstrous genius! It’s clearly an impossible feat!” Little Gold frowned.

Little Gold was right. If Duan Ling Tian did not encounter the law of time in the past, he would have not have been able to comprehend the Time Elemental Profundity from the law of time earlier.

Duan Ling Tian smiled. “It’s not completely useless. It serves to build your foundation. If we encounter the law of time again, our comprehension will surely deepen...” He was confident about this since it was precisely because he had encountered the law of time in the past that he managed to quickly comprehend the Time Elemental Profundity earlier.

Swoosh!

The moment Duan Ling Tian’s voice fell, a gentle breeze blew in the hallway, causing him to instinctively raise his head. Soon after, he discovered a bottle of pills had appeared in his hand.

Duan Ling Tian looked at the bottle of the pills for a moment. “These are Royal Grade Pills?”

“Royal Grade Pills?” Little Gold’s eyes lit up when she heard Duan Ling Tian’s words. She looked at the words on the bottle before she said, “Brother Ling Tian, these pills can boost the cultivation bases of Celestial Lords, and they were refined by Royal Grade Celestial Alchemists at the very least. However, you can only consume Royal Grade Pills three times. After that, they won’t be effective. Since you don’t know what they are, I assume you’ve never eaten Royal Grade Celestial Pills...”

When Little Gold was in the Blood Moon Ridge, she had eaten Royal Grade Pills so she was somewhat knowledgeable. Since she had already consumed Royal Grade Pills thrice, the pills were no longer useful to her.

“Boost the cultivation bases of Celestial Lords?” Duan Ling Tian’s eyes brightened. Indeed. Not only had he never eaten Royal Grade Pills before, but he had never seen them before as well. Due to the rarity of Celestial Pills that could boost his strength, he had never eaten any Celestial Pills after becoming a Celestial Lord. After all, Royal Grade Celestial Alchemists and those at a higher stage who could refine such pills were rare. Most heaven-grade forces and a small number of Heavenly Emperors’ forces did not have such Celestial Alchemists. Apart from the Heavenly Emperors’ forces, perhaps, only those heaven-grade forces with a long history had such Celestial Alchemists.

When Duan Ling Tian looked into the pill bottle, he discovered there were ten Royal Grade Pills. After giving three pills to Huan’er, he asked, “Little Gold, how long would it take us to absorb the efficacy of the pills after eating it?”

Chapter 3357: Cultivating in a Frenzy

“Brother Ling Tian, the Royal Grade Pills will take effect quickly. It’ll only take a few days for the three pills to take effect. For those below the stage of an Eight Trigrams Celestial Lord, the three pills can raise a level of their cultivation bases,” Little Gold replied, “After all, Royal Grade Pills are incredibly effective at boosting Celestial Lords’ cultivation bases. It’s a pity they’re so rare...”

“In that case, Huan’er and I will eat the pills and cultivate for a few days before we continue to explore this place. Little Gold, I’ll have to trouble you to protect us while we cultivate...”

“Alright.”

Duan Ling Tian and Huan'er did not waste time and quickly ate the Royal Grade Pills before they sat cross-legged and began to cultivate.

Since Duan Ling Tian had full control of the Heaven and Earth Energy in his Little World, he channeled some of it toward Huan'er as well to help with her cultivation. Despite the energy coming from a remnant of a Realm of Gods, it was not inferior to those from Realms of Gods.

Just as Little Gold had said, Duan Ling Tian and Huan'er managed to raise their cultivation bases in just three days.

Duan Ling Tian could clearly feel the changes in his energy. Even Huan'er's energy and aura seemed more ethereal than before, like that of a fairy.

...

As they continued to explore the secret zone, they encountered many other tests. Needless to say, Duan Ling Tian easily passed those tests. He even managed to obtain two Celestial Fruits that could boost his cultivation base as soon as he ate them. He did not need to cultivate after eating the Celestial Fruits. He was naturally delighted that he could save time.

At this moment, the trio had come to the area behind the palace. Little Gold frowned and asked, “Why can't we leave the secret zone?”

Duan Ling Tian said, “There's a voice in my mind asking me if I want to take the test to raise the limit to 1,000 military merit points...”

The voice was gender-neutral, causing Duan Ling Tian to be unable to guess if the owner of the voice was male or female.

As soon as Duan Ling Tian's voice fell, the same voice rang in Little Gold and Huan'er's minds as well.

Little Gold said decisively, “Let's get the test over it. After all, we'll have to face it sooner or later.”

Following that, the trio flew up into the sky toward three mysterious gateways in the sky,

Little Gold said, “Brother Ling Tian, Huan'er, after passing the test, we'll be transported out to the same place. Let's wait for each other there...”

Following that, the trio entered the three gateways respectively.

...

‘It's difficult for human Ten Directions Celestial Lords who didn't comprehend a Supreme Law to break the 1,000-point limit even if they've comprehended all their profundities to the mastery stage. However, it's possible for those who learned extraordinary techniques to break the limit even if they didn't comprehend any of the Four Supreme Laws. Those who are capable of breaking the 1,000-point limit are the top lieutenants and level-one Commanders...’

These thoughts were running through Duan Ling Tian's mind as he appeared above a raging sea of flames. He only regained his senses when he felt the heat from the surging flames beneath his feet.

Subsequently, he surveyed his surroundings and discovered the sea of flames seemed endless. Moreover, he could sense a strange aura in the sea of flames.

“Well, let’s just get this over it.”

Duan Ling Tian easily passed the test and broke the 1,000-point limit.

Boom! Boom! Boom!

The Seven Orifices Exquisite Sword that had been boosted by the Five Divine Elements and the law of space struck the sea of flames.

When the explosions died down, Duan Ling Tian saw the corpses of some creatures floating in the sea of flames. At the same time, he saw a few flaming Celestial Beasts charging toward him.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

The seven-color sword ray spinning around Duan Ling Tian suddenly multiplied and swept toward the unintelligent flaming Celestial Beasts like a tsunami, easily killing them.

In less than 15 minutes, Duan Ling Tian’s surroundings changed, and he discovered he was standing in the empty area behind the palace.

“Huan’er and Little Gold aren’t out yet?”

It took another half an hour before Huan’er appeared, and another additional fifteen minutes before Little Gold appeared.

“Huan’er, you’re really fast!” Little Gold exclaimed. She was not surprised to see Duan Ling Tian, but she was surprised that Huan’er had passed the test faster than she did. Although she was Huan’er was a Divine Beast, she did not expect Huan’er to be so much stronger than her. She turned to Duan Ling Tian and asked through Voice Transmission, “Brother Ling Tian, after Huan’er came out, how long did it take before I came out?”

“Not long.” Although Duan Ling Tian had only reunited with Little Gold recently, he could tell Little Gold had a tendency to compare herself to Huan’er. Therefore, he only gave a vague answer.

“Brother Ling Tian, please be specific,” Little Gold said anxiously, “How much longer did I take?”

Since Little Gold was insistent, Duan Ling Tian could not continue protecting her pride. He could only answer honestly, “15 minutes...”

“How can you say 15 minutes aren’t long...” Little Gold looked crestfallen when she heard Duan Ling Tian’s reply. However, she quickly collected her thoughts, and her eyes shone with determination.

‘I mustn’t slack off in my cultivation anymore! Huan’er’s younger than me, but she’s stronger than me. Although she’s a Divine Beast, the conditions of my cultivation in the Blood Moon Ridge are superior to hers.’

Little Gold knew that if Huan'er were given great cultivation resources and treatments for 200 years like she was given in the Blood Moon Ridge, Huan'er's current strength would probably be comparable to an ordinary titled Celestial Emperor. Hence, she did not use the excuse of Huan'er being a Divine Beast to justify her weaker strength. If she had been more hard working in the past, it was likely that she would not be inferior to Huan'er now.

If Duan Ling Tian could read Little Gold's mind, he would have felt relieved that Little Gold was not discouraged.

...

After leaving the secret zone that Duan Ling Tian had traded for to enter with 500 military merit points, the trio continued exploring the Purgatory Battlefield. So far they were lucky in that they did not mean opponents who were stronger than them.

Gradually, their points had reached 2,000 points. Naturally, they had accumulated more than 2,000 points, but due to the limit, their points stayed at 2,000.

If there were no limit, Huan'er would have accumulated slightly more than 2,000 points while Little Gold would have accumulated almost 3,000 points. However, Little Gold was behind Huan'er in ranking since Huan'er had accumulated 2,000 points first. Little Gold managed to accumulate more points than Huan'er because the last person she killed had more than 1,000 points.

Meanwhile, if there were no limit, Duan Ling Tian would have accumulated 6,000 points.

"It's about time for us to enter another secret zone to break the 2,000-point limit," Little Gold said.

Up until now, the trio had only entered one secret zone.

Following that, the trio exchanged their military merit points to enter a secret zone one after another.

After the trio successfully broke the 2,000-point limit, Little Gold who had felt the strain of the test said, "Brother Ling Tian, I'm afraid 3,000 points is as far as I can go. With my current strength, I won't be able to break the 3,000-point limit."

Duan Ling Tian was not surprised by these words since Little Gold had predicted this outcome before they entered the Purgatory Battlefield. He also knew that since Huan'er was a Divine Beast, she had a slight advantage as well.

In the end, Duan Ling Tian said to Huan'er and Little Gold, "Let's focus on raising our cultivation bases for now. Little Gold, try your best to break through and become a Ten Directions Celestial Lord. With that, you might be able to break the 3,000-point limit."

As Duan Ling Tian suggested, the trio spent the next period of time cultivating in a frenzy.

Little Gold, who had sensed Duan Ling Tian's Heaven and Earth Energy from his Little World when cultivating, said, "Brother Ling Tian, after cultivating next to you, I don't feel like returning to the Blood Moon Ridge anymore!"

Chapter 3358: Duan Ling Tian Becomes a Ten Directions Celestial Lord

In just a blink of an eye, a few decades had passed. A few decades were not long to Celestials in Devata Realms, but to someone who had ascended roughly 200 years ago, a few decades felt like a long time.

In a stone forest under a gloomy sky, a figure shot out from behind a huge boulder and flew up into the sky. The figure looked at the sky and murmured to himself, "30 years passed in just a blink of an eye..."

The figure belonged to a handsome young man dressed in a purple robe. His eyebrows that lent him a valiant air framed a pair of eyes that flashed with nostalgia. However, in just a moment, his eyes shone icily as though he had just recalled his enemy.

At this moment, a peerless beauty appeared next to him and hugged his arm before she asked in a low voice, "Brother Ling Tian, are you thinking about Sister Ke'er, Sister Fei'er, and Sister Tian Wu?"

Duan Ling Tian recovered from his dazed state and asked with a faint smile, "Huan'er, why did you come out?"

"I followed you here when I saw you stopped cultivating. Brother Ling Tian, did you already break through and become a Ten Directions Celestial Lord?" Huan'er asked.

Recently, Little Gold and Huan'er had broken through and become Ten Directions Celestial Lords after one another. Duan Ling Tian was the only one who had yet to become a Ten Directions Celestial Lord since his cultivation base was lower than the two of them when they started cultivating.

Duan Ling Tian nodded and said with a smile, "Yes, I've just broken through..."

During the past few decades, apart from cultivating, Duan Ling Tian had continued searching for people to eliminate once he ran out of Celestial Fruits and Celestial Pills. This was so he could accumulate enough points to exchange for a chance to enter secret zones to obtain more Celestial Fruits and Celestial Pills. During that time, he had encountered a few people who possessed Divine Elements. Fortunately, the strongest person he encountered only possessed a sixth-form Divine Element. He had yet to meet anyone who possessed a seventh-form or an eighth-form Divine Element.

Since Duan Ling Tian's Divine Elements managed to devour sixth-form Divine Elements respectively, all his Divine Elements, except for the Chaos Divine Earth, had evolved to seventh-form Divine Elements. Moreover, for the Chaos Divine Flame that had devoured a sixth-form Chaos Divine Flame and several fifth-form Chaos Divine Flames were close to evolving to its eighth form.

"Brother Ling Tian, Huan'er," Little Gold called out after she emerged from the stone forest. Her eyes were bright when she overheard Duan Ling Tian was now a Ten Directions Celestial Lord. She moved next to Duan Ling Tian and Huan'er before she asked, "Brother Ling Tian, are we going to leave the Purgatory Battlefield now or are we only leaving once we become Celestial Emperors?"

None of them were interested in rising in ranks or obtaining a title in the Purgatory Battlefield. Their main purpose was to obtain the treasures here to quickly become Celestial Emperors. Little Gold had only asked this question because now that all of them have become Ten Directions Celestial Lords, with Huan'er and her close to becoming a Celestial Emperor, it would not be long before they were transported out of the Purgatory Battlefield. After all, the Purgatory Battlefield was only open to Celestial Lords.

“Let’s stay a little longer,” Duan Ling Tian replied as his eyes glinted, “I’ve only just become a Ten Directions Celestial Lord... Who knows if I might be able to find higher grade Celestial Fruits and Celestial Pills to raise my cultivation base if we stay a little longer?”

Duan Ling Tian was not lying to Little Gold. However, his main purpose of staying a little longer was due to the Five Divine Elements.

Apart from the Chaos Divine Earth, the other Divine Elements had transformed into their seventh forms. If Duan Ling Tian stayed in the Purgatory Battlefield, his Five Divine Elements could continue to increase their strengths.

After evolving, Duan Ling Tian recalled the World Cleansing Divine Water saying that if they joined forces, they had nothing to fear even if they encountered eight-form Divine Elements. For this reason, he wanted to stay a little longer so his Five Divine Elements could continue to increase their strengths.

Currently, after breaking another point limit, Duan Ling Tian was a level-six Commander. If he broke another point limit, he would become a level-seven Commander. Up until now, there were only two level-seven Commanders in the Purgatory Battlefield, and he had yet to meet any of them.

The strongest opponents he had met so far were two level-six Commanders whose Divine Elements he had absorbed. One of them was a top Celestial Beast like Little Gold who possessed a sixth-form Profound Divine Metal and a Divine Artifact. Apart from Duan Ling Tian, there were very few people who were a match for him in the Purgatory Battlefield. The other person was a Divine Beast like Huan’er who possessed a Divine Artifact and a fifth-form World Cleansing Divine Water. Although he was strong, he was still killed by Duan Ling Tian. After killing the top Celestial Beast and the Divine Beast, not only did Duan Ling Tian gain many military merit points, his opponents’ Divine Artifacts, and Divine Elements, but he also obtained many things that boosted Huan’er and Little Gold’s cultivation bases.

“Alright!”

After listening to Duan Ling Tian’s words, Little Gold and Huan’er naturally did not have any objection.

“Let’s go to the Purgatory of Myriad Changes!” Duan Ling Tian knew he did not have much time left in the Purgatory Battlefield. He did not plan to enter any more secret zones since the treasures in there could no longer help him much.

While the trio traveled, Duan Ling Tian asked, “Sister Water, is there really no way for us to let the Divine Elements we encounter enter Huan’er and Little Gold’s bodies?”

Over the past decades, Duan Ling Tian had asked the World Cleansing Divine Water this question many times.

“I’ve said these to you many times now... Unless it’s a life-or-death situation, I don’t think they should risk trying to get all Five Divine Elements to reside in their bodies...” the World Cleansing Divine Water replied.

The Five Divine Elements chose their hosts, not the other way around. For example, when Duan Ling Tian first encountered the Chaos Divine Flame, his Profound Divine Metal had to convince the Chaos

Divine Flame to share a host. At that time, if the Chaos Divine Flame refused, there was nothing that could be done at all.

In the Purgatory Battlefield, it was possible that the Divine Elements might choose a host out of desperation after their former hosts were killed. However, this meant that there was a chance the Divine Elements would abandon the host that they had chosen in desperation when they encountered another host they were satisfied with. Not only would that negatively affect the hosts who were abandoned, but those who were abandoned risked getting killed by the Divine Elements' new hosts. Even if the new hosts did not have the intention to kill in the beginning, the Divine Elements would definitely persuade their new hosts to kill the hosts they abandoned.

The World Cleansing Divine Water continued to say, "Although there's a good chance that the Divine Elements might not abandon Huan'er since she's a good host, I can't say the same for Little Gold. A top Celestial Beast is rare, but it isn't rare enough."

Duan Ling Tian fell silent. This was not the first time he had heard these words. Put Little Gold aside, he was not sure if he should let Huan'er take such a risk.

After a moment, Duan Ling Tian finally made up his mind. 'Let's not take such risks for now. Even if Huan'er obtained a Divine Element, it won't improve her strength much. Moreover, I'll protect her so it doesn't matter if she's a little weaker. As for Little Gold, I'll let her decide once she becomes a Divine Beast. The Purgatory Battlefield isn't the only place with the Five Divine Elements after all. There'll definitely be Celestial Emperors in the Nine Serenities Battlefield who possess Divine Elements as well. At that time, if she decides she wants a Divine Element, I'll enter the Nine Serenities Battlefield and help her obtain one.'

During their trip back to the Purgatory of Myriad Changes, the opponents whom Duan Ling Tian encountered were all rather weak. In fact, he could not be bothered to deal with some of them and let Huan'er and Little Gold deal with them instead.

At this moment, the Chaos Divine Earth's childish voice that was brimming with excitement suddenly rang in Duan Ling Tian's ears. "A sixth-form Chaos Divine Earth! Finally! It's finally here!"

At the same time, two figures suddenly appeared in front of Duan Ling Tian. One of them belonged to a 3-meter-tall and muscular man who was shirtless. Meanwhile, the other figure that sat on the tall and muscular man's shoulder was a short and skinny old woman.

Chapter 3359: Encountering a Divine Beast

Although the muscular man and the skinny old woman were both staring at Duan Ling Tian, their gazes were different. The skinny old woman looked at Duan Ling Tian as though she was looking at a priceless treasure. Her eyes shone with greed and excitement. This was because her sixth-form Chaos Divine Earth had also detected Duan Ling Tian's Chaos Divine Earth.

A creepy and nefarious smile appeared on the woman's face as she said, "Boy, the Chaos Divine Earth in your body is mine."

Duan Ling Tian only smiled faintly in response to the old woman's words.

“Kill him!” The old woman’s expression darkened as she bellowed, “I’ll leave the two girls to you, and I’ll deal with this brat!”

Duan Ling Tian’s current appearance was that of a white-clad teenager with the name Xia Fei Wu.

“Understood.”

The old woman shot up into the air as soon as her voice fell while the muscular man charged toward Little Gold and Huan’er like a tank. Despite his size, his speed was incredibly fast. Flames began to surge from his body as shot toward the two women. Clearly, he had comprehended the law of fire.

“Huan’er, let me handle this muscle head... I’ll leave that old woman to you,” Little Gold said before she charged out to meet the muscular man.

Upon hearing Little Gold’s words, Huan’er teleported and appeared behind the old woman.

Swoosh! Swoosh! Swoosh!

The old woman spun around and unleashed a freezing energy. Based on this, it was obvious she had comprehended the law of ice. The energy seemed capable of freezing everything in its path, but it was still easily destroyed by Huan’er. She continued to attack, unfazed.

With that, Huan’er and the old woman continued to fight, seemingly evenly matched.

On the other hand, Little Gold had transformed into a huge golden mouse with powerful jaws that could not wait to crush her opponent’s bones.

At the same time, the muscular man let out a roar before he transformed into a humongous tree. The branches and leaves from the tree shot toward Little Gold menacingly like missiles.

Similar to Huan’er and the old woman, Little Gold and the muscular man seemed to be evenly matched.

At this time, the old woman who was fighting Huan’er suddenly transformed into a terrifying giant black hawk that was also a top Celestial Beast.

Sharp saber rays shot from the hawk’s claws toward Huan’er, but Huan’er remained unfazed. After all, how could a top Celestial Beast be a match for Huan’er who was a Divine Beast?

“Brother Ling Tian, ask your Chaos Divine Earth to attack her,” Huan’er said before the giant silhouette of the Thousand Phantom Ice Fox that was the size of a small hill appeared at her back.

The giant hawk’s eyes widened when he saw the silhouette. “Y-you... Y-you’re a D-divine Beast?!”

Upon confirming Huan’er was a Divine Beast, the force from the law of earth surged out of the old woman’s body.

At this moment, Duan Ling Tian teleported next to the old woman when the energy from her law of earth slightly waned. “Did you forget about me?”

Swoosh!

At this moment, the eyes of the Thousand Phantoms Ice Fox seemed to flash before a strange energy rolled out and shrouded the giant hawk, causing the giant hawk to fall into a daze.

Swoosh!

In just a split second, a seven-color sword ray shot toward the giant hawk with a force so destructive that it could crush anything that stood in its way.

As the seven-color sword ray drew closer, an energy similar to that from the law of earth suddenly surged out of the giant hawk that was still in a daze. It was the old woman's Chaos Divine Earth that had appeared to protect its host.

"How stupid! You can't even protect yourself, and you still want to protect your host!" The childish voice of Duan Ling Tian's Chaos Divine Earth rang in the air as it shot out of Duan Ling Tian's body toward the giant hawk.

"No!" the giant hawk cried out in despair when the energy from the Chaos Divine Earth suddenly disappeared. At this moment, she realized the Chaos Divine Earth could not even protect itself, let alone protect her.

Swoosh!

The seven-color sword easily cleaved the giant hawk into two before reducing it to ashes. What was left were two mustard energies battling each other at this moment.

In the beginning, the two Chaos Divine Earths were evenly matched. However, the balance was easily broken as soon as the remaining Divine Elements in Duan Ling Tian's Little World attacked. In fact, any of the seventh-form Divine Elements was enough to help the Chaos Divine Earth deal with the old woman's Chaos Divine Earth. Therefore, one could imagine how easy it was to deal with the old woman's Chaos Divine Earth when the four seventh-form Divine Elements helped Duan Ling Tian's Chaos Divine Earth.

Subsequently, Duan Ling Tian's Chaos Divine Earth successfully devoured and absorbed the old woman's Chaos Divine Earth and transformed into a seventh-form Chaos Divine Earth.

"I've finally achieved the seventh form!" The Chaos Divine Earth's childish voice was brimming with delight and excitement. Since the other Divine Elements had achieved their seventh forms, with the Chaos Divine Flame close to achieving its eighth form, the Chaos Divine Earth had been feeling anxious. How could it not feel ecstatic now that it had achieved the seventh form?

"Lady Mian!" The giant tree that was battling Little Gold roared furiously when he discovered his companion's death. His power suddenly surged, causing Little Gold to fall into a disadvantageous position. Nevertheless, he was easily taken down by Duan Ling Tian's Seven Orifices Exquisite Sword.

"Let's go!"

After killing the Celestial Beast and the Celestial Tree, Duan Ling Tian brought Huan'er and Little Gold again. All those who encountered the trio did not survive. They encountered a few people who possessed sixth-form Divine Elements, but none of them were the Chaos Divine Flame. Otherwise, Duan Ling Tian's Chaos Divine Flame would have long evolved into an eighth-form Chaos Divine Flame.

...

At this time, Duan Ling Tian had spent a decade wandering the Purgatory of Myriad Changes.

“A seventh-form World Cleansing Divine Water!” This was the first time Duan Ling Tian had encountered a seventh-form World Cleansing Divine Water after wandering the place for a decade.

“A seventh-form World Cleansing Divine Water?” Duan Ling Tian’s opponent who possessed a seventh-form World Cleansing Divine Water was a tall and burly middle-aged man with a solemn expression on his face. His eyes flashed with greed when he looked at Duan Ling Tian.

“Sister Water, it seems like you’re in luck!” Duan Ling Tian said to the World Cleansing Divine Water.

“Don’t be careless,” the World Cleansing Divine Water said in a grave tone, “His seventh-form World Cleansing Divine Water makes me feel uneasy. Their bond is so incredibly strong that there’s a possibility that the World Cleansing Divine Water had chosen him as its host when he was still in his mother’s womb. Moreover, he’s not human; he’s likely a Divine Beast.”

Duan Ling Tian’s eyes widened upon hearing the World Cleansing Divine Water’s words. A Divine Beast? Huan’er was the only Divine Beast that he had met. Who would have thought the second Divine Beast he met would be his opponent?

“Brother Ling Tian, there’s something about him that feels strange to me.” Little Gold’s voice rang in Duan Ling Tian’s ears.

The grimness in Little Gold’s voice was something that Duan Ling Tian rarely heard. He knew that Little Gold must have sensed his opponent was different. He explained, “He’s a Divine Beast...”

“What?” Little Gold was stunned. When she regained her senses, her eyes shone when she looked at the middle-aged man. “Brother Ling Tian, it seems like I’m rather lucky today!”

“Lucky? What do you mean?” Duan Ling Tian asked, puzzled.

“I’ll explain to you once we eliminate him,” Little Gold said,

At this time, Huan’er’s Voice Transmission rang in Duan Ling Tian’s ears. “Brother Ling Tian, please be careful. There’s something about him that makes me feel uneasy.”

Huan’er was a Divine Beast that specialized in Illusory techniques so her senses were not as keen as Little Gold who was a Celestial Rodent. Similar to most rodents, Celestial Rodents were incredibly alert, unlike most predators.

“Huan’er, he’s a Divine Beast just like you,” Duan Ling Tian explained. Without waiting for her reply, he looked at the middle-aged man and said indifferently, “You’re the first Divine Beast I encountered in the Purgatory Battlefield. You better attack with everything you have. Otherwise, you don’t stand a chance against me.”

The middle-aged man’s expression changed drastically upon hearing Duan Ling Tian’s words.

Chapter 3360: The Turquoise Water Divine Tiger

“You’re quite observant for being able to tell that I’m a Divine Beast...” A hint of surprise could be seen in the middle-aged man’s eyes when he looked at Duan Ling Tian. “Nevertheless, you’re overestimating yourself. Since you seem to be in a hurry to die, I’ll send you to your death now.”

The middle-aged man twitched slightly when he finished speaking. Following that, a giant silhouette appeared around him and gradually solidified. With that, the middle-aged man vanished. What stood in his place was a fierce turquoise beast that resembled the legendary white tigers from earth.

Meanwhile, after the middle-aged man reverted to his true form, Little Gold paled. She could barely resist his dominating aura as the silhouette of her true form flashed at her back.

At the same time, the silhouette of the Thousand Phantoms Ice Fox had also appeared behind Huan’er.

In fact, both Little Gold and Huan’er did not summon the silhouettes of their true forms. They had appeared on their own accord after sensing the aura of a Divine Beast.

At this moment, the fierce turquoise tiger shifted its disdainful gaze on Little Gold to Huan’er and said, “I didn’t expect to meet the Phantom Fox Clan’s Thousand Phantoms Ice Fox here.”

“Turquoise Water Divine Tiger!” Huan’er finally identified the middle-aged man’s true form based on her inherited memories.

The Turquoise Water Divine Tiger was a Divine Beast that appeared once every 100,000 years. Similar to the dragon clan’s Ten-clawed Divine Dragon, this Divine Beast’s offensive strength was high, unlike the Thousand Phantoms Ice Fox that was skilled in illusions. In terms of offensive force, the Thousand Phantoms Ice Fox was only comparable to top Celestial Beasts.

“Come at me altogether...” A bluish energy shot out the Turquoise Water Divine Tiger. A scroll appeared above his head and slowly unfurled. Its aura was ancient and overwhelmingly oppressive. Even Emperor Grade Celestial Weapons with souls did not have such a threatening aura.

“Devata Artifact.”

Duan Ling Tian, Huan’er, and Little Gold could instantly tell the scroll was a Devata Artifact.

Soon after, Little Gold exclaimed in surprise, “Isn’t this the Painting of the Divine Water, one of the Sect Guarding Devata Artifacts from the White Tiger Clan?! I didn’t expect the White Tiger Clan would bestow such an item to you when you’re not even a Celestial Emperor!”

The White Tiger Clan was also a heaven-grade force, but they were not in the Ten Thousand Beasts Heaven. Their reputation and strength were not inferior to the dragon clan at all. For this reason, Little Gold had heard about the White Tiger Clan and their two Sect Guarding Devata Artifacts when she was in Blood Moon Ridge.

The White Tiger Clan’s Painting of the Divine Water was said to be able to hold an entire realm. Its attacking strength was also said to be inexhaustible.

“You are not as ignorant as I thought you’d be,” the Turquoise Water Divine Tiger said, slightly surprised, as he glanced at Little Gold.

Little Gold continued to say, "The White Tiger Clan really kept you hidden quite well. I've not heard anything about the emergence of a Turquoise Water Divine Tiger... It's not really surprising since they probably want you to grow into your full potential first lest you're harmed or killed..." After a beat, she muttered, "A Divine Beast with a Devata Artifact and a seventh-form World Cleansing Divine Water... You must be one of the two people who're ranked top, right?"

The two people who were ranked at the top were the only ones who had reached the 8,000-point limit. They were also the only two level-seven Commanders in the Purgatory Battlefield.

"Bai Shui Han?" Little Gold said tentatively.

"Girl, you're clever." The Turquoise Water Divine Tiger grinned before energy that had been boosted with the law of water rose like a tsunami. It kept surging higher and higher, looking as though it would fall at any time.

"It's a pity all of you will be buried here." The Turquoise Water Divine Tiger's eyes flashed coldly before he attacked.

"Strike with all your strength when you find an opening." The World Cleansing Divine Water's voice rang in Duan Ling Tian's ears.

Duan Ling Tian did not dare to be negligent. He quickly summoned the Godly Image Phenomenon's Pine Willow Divine Tree and boosted it with the power of the Five Divine Elements. Following that, he hurriedly mobilized his space energy and brought the Seven Orifices Exquisite Sword out to further boost the Pine Willow Divine Tree.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

The branches shot out like giant pythons in the air toward the Turquoise Water Divine Tiger.

"Huan'er, Little Gold, just stand aside and watch," Duan Ling Tian said to Huan'er and Little Gold.

Meanwhile, a few of the branches landed on the Turquoise Water Divine Tiger. However, the bluish energy around him only made him as slippery as an eel, causing the branches to slide past him harmlessly.

Naturally, this was just a probing attack by Duan Ling Tian. The power from the Five Divine Elements contained in the attack was so slight that the Turquoise Water Divine Tiger did not even notice it.

"Is this all you've got?" The Turquoise Water Divine Tiger scoffed. Then, the Devata Artifact above his head shone before the blue energy rolled out like a tsunami toward Duan Ling Tian. To be precise, it was sweeping toward the Pine Willow Divine Tree that Duan Ling Tian summoned.

"Boy, you should let the two women help you." The Turquoise Water Divine Tiger laughed heartily. Although he had three opponents, in his opinion, they were no match for him. Perhaps, if the Thousand Phantoms Ice Fox was the one who possessed the seventh-form World Cleansing Divine Water, he would have been wavier. However, since it was a human who possessed the World Cleansing Divine Water, he had nothing to be afraid of at all. There were many restrictions for humans after all. Even if the human in front of him possessed a Devata Artifact and a seventh-form World Cleansing Divine Water, he was certain he could easily overpower the human.

Apart from that, the Turquoise Water Divine Tiger was not afraid of Huan'er and Little Gold at all. The Painting of the Divine Water in his possession not only held great offensive force, but it could dispel illusions as well. Therefore, he was not afraid of the illusions that the Thousand Phantoms Ice Fox, who was only a Celestial Lord, might cast. Without illusory techniques, the Thousand Phantom Fox was no different from a top Celestial Beast.

"You're not worthy of having three of us attack at the same time," Duan Ling Tian said indifferently. Naturally, he was aware of the Turquoise Water Divine Tiger's thoughts. He knew the Turquoise Water Divine Tiger underestimated them, and he could use this to his advantage.

"Try to kill him in one move!" Duan Ling Tian said to the Five Divine Elements and Huang'er. Following that, he controlled the branches from the Pine Willow Divine Tree and swung them at the Turquoise Water Divine Tiger.

The branches of the Pine Willow Divine Tree that had taken form slammed heavily against the Turquoise Water Divine Tiger.

"You're just like an ant trying to shake a tree." The Turquoise Water Divine Tiger scoffed. He shot out in the sky; the blue energy around him illuminated the entire place in just an instant.

Whoosh! Whoosh! Whoosh!

At the same time, water surged out endlessly from the Painting of the Divine Water.

After enduring three waves of the Painting of the Divine Water's attack, the Pine Willow Divine Tree vanished into thin air.

"How weak." The Turquoise Water Divine Tiger sneered. "Boy, you're going to die soon, and the World Cleansing Divine Water in your body will be mine!" He laughed happily, certain that he would obtain Duan Ling Tian's World Cleansing Divine Water.

'After I kill this boy and claim his World Cleansing Divine Water, my World Cleansing Divine Water can finally evolve to the eighth form!' the Turquoise Water Divine Tiger thought to himself excitedly. A hint of viciousness flashed in his eyes as he turned to look at the purple-clad figure standing nearby.

"Boy, one's wealth can land one in trouble. You can only blame yourself for possessing the World Cleansing Divine Water. Otherwise, I wouldn't have bothered to kill you." During his time here, the Turquoise Water Divine Tiger had encountered many humans that were not too weak, but he did not bother killing them for the military merit points. He only wanted to fight with truly strong people. In his opinion, although Duan Ling Tian looked weak, he was probably considered strong among humans.

"What a load of crap!" Duan Ling Tian said coldly. In just an instant, his space energy surged, and he teleported behind the Turquoise Water Divine Tiger.

The Turquoise Water Divine Tiger reacted quickly and turned around as soon as Duan Ling Tian appeared. At the same time, his Painting of the Divine Water thrummed loudly as it released destructive waves of blue energy. "Boy, it's time for you to die now."

For a time, the blue energy illuminated the gloomy sky of the Purgatory Battlefield.

Duan Ling Tian who stood in front of the tsunami-like energy looked as insignificant as an ant at this moment. Due to his size, it seemed like he would be easily devoured by the waves of blue energy.

Just when the Turquoise Water Divine Tiger thought victory was in his hand...

Swoosh!

A seven-color sword ray flashed in the midst of the blue light. It was like a star trying to lit up the dark sky.
