Chapter 4121: Famous

“What’s the point of pointing fingers and shirking responsibility now?” the Leader of the Lone Primordial Spirit Congregation said coldly, “Now that we’ve received news from the Myriad Laws Academy, the only thing we can do is to send someone to the academy to verify that the prominent divine sword Duan Ling Tian used is indeed his own, not borrowed.”

Upon hearing this, an elder in the congregation asked doubtfully, “Leader, didn’t the teacher on duty in the Palace of Death already verify this matter?”

The Leader of the Lone Primordial Spirit Congregation replied calmly, “The teacher on duty was Yuan Dong Chun. Yuan Dong Chun is a good friend of Yang Yu Chen, the Vice Academy Master of the Myriad Laws Academy. We can’t rule out the possibility of him covering for Duan Ling Tian. Hence, we have to confirm this matter ourselves. If Duan Ling Tian truly owns the prominent divine sword with a complete artifact soul, then forget it. After all, Wang Yun Sheng, Hong Li, and the others voluntarily signed the death pact. However, if we find out that Duan Ling Tian borrowed that prominent divine sword, we’ll demand an explanation from the academy!” Then, he looked at Lu Tian Feng before he continued to say, “I’ll leave this matter to you. Bring your disciple to the academy to verify this matter. It’s best that you investigate this matter honestly and not resort to dirty tricks. The academy can easily look for a neutral third party to verify this matter, and if it’s discovered that you employ dirty tricks, our Lone Primordial Spirit Congregation will have to shoulder all the blame. Remember my words. No dirty tricks.”

Lu Tian Feng nodded and said, “I understand. Don’t worry, Leader, I know what to do.”

Lu Tian Feng was sensible enough to know the right thing to do. He dared to make a move against those related to Duan Ling Tian in the lower realms because he knew there was nothing anyone could do as long as there was no evidence. At most, people would only suspect the Lone Primordial Spirit Congregation. However, if he played dirty tricks or acted against Duan Ling Tian when probing Duan Ling Tian’s artifact soul, the Myriad Laws Academy definitely would not let him go. After all, Duan Ling Tian had the support of Yang Yu Chen, the Vice Academy Master of the Myriad Laws Academy now.

...

While the high-ranking officials in the Lone Primordial Spirit Congregation were in a meeting, the life-or-death battle, which was between Duan Ling Tian, Wang Yun Sheng, Hong Li, and the other three people, in the Myriad Laws Academy's Palace of Death had also come to an end.

News about Duan Ling Tian killing Wang Yun Sheng and four disciples from the Lone Primordial Spirit Congregation using a prominent divine sword with a complete artifact soul spread like a wildfire in the Myriad Laws Academy along with news that the prominent divine sword was not borrowed.

"I really didn't expect Duan Ling Tian to own a prominent divine artifact with a complete artifact soul! Wang Yun Sheng, Hong Li, and the others really died in vain!"

"I agree. If they knew that Duan Ling Tian owns a prominent divine artifact with a complete artifact soul, they definitely wouldn't agree to fight Duan Ling Tian in a life-or-death battle."

"How could they have known? Duan Ling Tian hid his prominent divine sword for so long. During the Seven Mansions Feast, his performance was amazing, but he didn't use his prominent divine sword with a complete artifact soul."

"That's not surprising. It only means that all of the young prodigies in the Seven Mansions weren't strong enough for him to use his prominent divine sword with a complete artifact soul."

"Didn't you say he came from a lower realm? Where did he get a prominent divine sword with a complete artifact soul?"

"He must have obtained it from a Supreme God or a supreme powerhouse's legacy in our Profound Energy Land. The artifact soul's intelligence must have reached maturity so he could wield the sword."

"He's too lucky, right? Even among those who stumbled upon legacies of supreme powerhouses and Supreme Gods, there were very few who obtained a prominent divine artifact with a complete artifact soul!"

After the life-or-death battle, Duan Ling Tian, who was already somewhat famous in the Myriad Laws Academy, became even more famous.

There were also many people who thought it was a pity that Duan Ling Tian killed the five disciples from the Lone Primordial Spirit Congregation. After all, they were all outstanding young prodigies and had the potential to become Supreme Gods.

Many people also thought that Duan Ling Tian's action was not without consequences.

“The Lone Primordial Spirit Congregation has always been petty and vengeful... I’m afraid they won’t let Duan Ling Tian off so easily...”

“They won’t let Duan Ling Tian off? What else can they do? Duan Ling Tian and the congregation already had enmity between them. Duan Ling Tian had suspected that the Lone Primordial Spirit Congregation of killing those related to him in the lower realms. Otherwise, he wouldn’t have challenged Wang Yun Sheng to a life-or-death battle.”

“That’s right. I also think that Duan Ling Tian planned to seek revenge by challenging Wang Yun Sheng to a life-or-death battle. It’s his way of avenging those innocent lives.”

“In any case, all the parties involved voluntarily signed the death pact. Even if the Lone Primordial Spirit Congregation is unhappy, there’s nothing they can do. At the very least, they would not be able to do anything openly.”

“That’s right. As for what they do in the dark... Even if Duan Ling Tian didn’t kill those five, I don’t think the congregation would let him go in the first place...”

“Duan Ling Tian is likely aware of this so he didn’t hold back and killed those five people from the congregation.”

“If he had the chance, I don’t think Duan Ling Tian would spare any of the disciples from the Lone Primordial Spirit Congregation.”

“I’m afraid the congregation is going to send people here. Although the life-or-death battle has ended, they’ll definitely come to verify if that prominent divine artifact with a complete artifact soul truly belongs to Duan Ling Tian.”

For a time, many people discussed the Lone Primordial Spirit Congregation that suffered a loss at Duan Ling Tian’s hands. They thought that the Lone Primordial Spirit Congregation deserved it since they provoked Duan Ling Tian first. Otherwise, Duan Ling Tian would not have targeted Wang Yun Sheng and the others.

There were also few people who knew that Yuan Dong Chun, who was on duty in the Palace of Death during the life-or-death battle, had a good relationship with Yang Yu Chen, who was Duan Ling Tian’ Third Senior Brother. This knowledge brought about a new round of discussion.

As expected, the Lone Primordial Spirit Congregation sent two people to the Myriad Laws Academy. They sent an old man and a woman. After meeting the high-ranking official of the academy, the academy asked Yang Yu Chen to contact Duan Ling Tian so the duo from the Lone Primordial Spirit Congregation could verify the ownership of the prominent divine artifact.

“They want to verify the ownership of my prominent divine sword again?” Duan Ling Tian frowned when he received the message from Yang Yu Chen.

“Yuan Dong Chun, who was on duty in the Palace of Death that day, is my friend,” Yang Yu Chen said, “The congregation is likely worried that he covered for you during the life-or-death battle. Don’t worry. They won’t dare to play any tricks. After all, we can easily find a neutral third party to verify this matter.”

After listening to Yang Yu Chen, Duan Ling Tian finally understood why Yuan Dong Chun kindly dissuaded him that day and was extremely patient. As it turned out, Yuan Dong Chun had a good relationship with Yang Yu Chen.

“I’ll come and pick you up now,” Yang Yu Chen said.

“Alright,” Duan Ling Tian replied.

After more than a dozen breaths, Yang Yu Chen arrived and brought Duan Ling Tian to meet the duo from the Lone Primordial Spirit Congregation.

During the journey, Yang Yu Chen said, “The Lone Primordial Spirit Congregation sent two people here this time. One of them is Lu Tian Feng, the Vice Leader of the Lone Primordial Spirit Congregation. He’s an intermediate Supreme God, and even in the congregation, he’s known to be ruthless. Based on the news I received, he’s also likely to be the one who sent people to the lower realms to kill those related to you. However, there’s no concrete evidence to prove he’s the culprit. It’s difficult to find evidence regarding this matter, after all.”

Duan Ling Tian’s eyes glinted coldly upon hearing Yang Yu Chen’s words. It did not matter that there was no concrete evidence. As the saying went, ‘there’s no smoke without fire’. He believed that Lu Tian Feng was the one behind the killings.

Yang Yu Chen continued to say, “Lu Tian Feng is accompanied by one of his disciples who’s a rudimentary Supreme God. She’s a woman, and the artifact soul of her prominent divine artifact soul is also female. She’ll be the one to probe your artifact soul later.”

Yang Yu Chen was very calm from the beginning to the end. After all, he knew Yuan Dong Chun did not favor Duan Ling Tian because of their good relationship. He was also certain that Duan Ling Tian’s prominent divine artifact would not have another person’s aura. There was no doubt that the prominent divine artifact sword belonged to Duan Ling Tian.

However, a few days ago, Yang Yu Chen had been shocked when he learned that Duan Ling Tian had killed five disciples from the Lone Primordial Spirit Congregation with a prominent divine artifact with a complete artifact soul. However, after thinking about it, he thought that he should not be surprised. After all, Duan Ling Tian was extremely lucky and had achieved many miraculous feats even though he was not 1,000 years old. At the very least, in the history of the Inner Palace faction, there was no one who achieved as much as Duan Ling Tian did at his age.

Yang Yu Chen said, "In any case, this is just a formality. They won't dare to play tricks in the academy."

"Alright," Duan Ling Tian replied with a nod as the killing intent in his eyes slowly faded away.

Lu Tian Feng, the Vice Leader of the Lone Primordial Spirit Congregation, was an intermediate Supreme God. Currently, Duan Ling Tian was no match for him. Given the chance, he definitely would kill Duan Ling Tian, and he could do it with just a flick of his finger.

"They're with Vice Academy Master Yu now," Yang Yu Chen said.

"Vice Academy Master Yu?" Duan Ling Tian raised an eyebrow, "So he's one of the two Vice Academy Masters from the Legacy faction?"

Chapter 4122: Just a Joke?

Yang Yu Chen nodded. "That's right. Don't worry. Although I'm an eyesore to him, in this matter, he won't dare to make things difficult for you unless he's willing to suffer the consequences. Moreover, after that old geezer spoke to you, he had warned the other two Vice Academy Masters and the members of the Legacy faction and told them to leave you alone. Currently, I'm sure they don't dare to make a move against you at all. In fact, they might even protect you if they find out someone else is targeting you."

After Yang Yu Chen finished speaking, he and Duan Ling Tian laughed at the irony of the members of the Legacy faction having to protect Duan Ling Tian.

Duan Ling Tian knew very well that this was only possible because of Yang Yu Chen. Without Yang Yu Chen, who knew if the Academy Master of the Myriad Laws Academy would help him to this extent? As such, he felt very grateful and that he owed Yang Yu Chen a huge favor.

Soon after, Yang Yu Chen led Duan Ling Tian to a hall in the Myriad Laws Academy where the academy received guests.

There were people standing on both sides of the hall. An old man stood at the lead at each side, and one person; a woman and a middle-aged man; stood behind them respectively.

After leading Duan Ling Tian into the hall, Yang Yu Chen began to make the introduction. He gestured at a skinny old man with a medium build and said, "Junior brother, this is Vice Academy Master Yu."

Vice Academy Master Yu's name was Yu Ying.

"Vice Academy Master Yu," Duan Ling Tian greeted.

Yu Ying forced a smile on his face as he said, "I've long heard of you, Duan Ling Tian. This is the first time Vice Academy Master Yang has accepted a disciple on behalf of his master. He has a very discerning eye so there's no doubt that you're very outstanding."

Yu Ying was not stingy with his praise at all, and he was very friendly when he spoke. If Duan Ling Tian did not know better, he would not have been able to guess that there was a conflict between Yu Ying and Yang Yu Chen. He could not help but sigh at Yu Ying's acting skills. Outwardly, he said modestly, "You're overpraising me, Vice Academy Master Yu."

Following that, Yang Yu Chen introduced Duan Ling Tian to the middle-aged man standing behind Yu Ying. He was Yu Ying's disciple.

After Duan Ling Tian greeted the middle-aged man, the middle-aged man replied warmly, "Junior Brother Duan."

The middle-aged man was older than Yang Yu Chen. Yang Yu Chen's master and the middle-aged man's master were from the same generation, but due to Yang Yu Chen's strength and status, the middle-aged man had to address Yang Yu Chen as 'junior uncle'.

At this time, Yu Ying smiled and looked at the two people standing on the other side and said, "Alright, let's not forget about our guests. I'm sure Vice Leader Lu and his disciple can't wait to get down to business."

"It's nothing," the old man standing on the other side, who was dressed in a gray robe, said with a smile, "I've waited for so long it's fine to wait a little longer." After saying that, he looked at Yang Yu Chen before he continued to say, "Vice Academy Master Yang, when we met previously, you weren't a Vice Academy Master. I didn't expect that in just a few thousand years, not only did you become a Vice Academy Master, but you also broke through and became an intermediate Supreme God."

In the past, Lu Tian Feng had met Yang Yu Chen when Yang Yu Chen was just an ordinary teacher in the Myriad Laws Academy. Yang Yu Chen could only be considered his junior at that time. After a few thousand years, the junior from the past was now standing on equal footing with him, making him feel jealous. There was no doubt that Yang Yu Chen was a peerless prodigy of the Myriad Laws Academy.

"I was just lucky," Yang Yu Chen said with a slight smile, "Vice Leader Lu, we've not met for so many years, but you're still as charming as ever."

Lu Tian Feng said with a sigh, "I'm getting old. You young people will be the leaders in the future..."

Following that, Lu Tian Feng looked at Duan Ling Tian, who was standing next to Yang Yu Chen, and said with a faint smile, "Vice Academy Master, this must be Duan Ling Tian, your junior brother whom you accepted on behalf of your master, right? I heard of his name before. He's the strongest among those under the age of 10,000 in the Seven Mansions. He's not even 1,000 years old, but he's already an intermediate Lord of Gods. His potential is truly limitless!"

Lu Tian Feng directly said that Duan Ling Tian was not even 1,000 years old.

Duan Ling Tian and Yang Yu Chen were relatively calm, but the expressions of Yu Ying, his disciple, and Lu Tian Feng's disciple changed when they heard this revelation, and they instinctively turned to look at Duan Ling Tian in shock. After all, they were under the impression that Duan Ling Tian was almost 3,000 years old. How could they not feel shocked when they heard that he was not even 1,000 years old?

Yang Yu Chen looked at Lu Tian Feng meaningfully as he said with a faint smile, "It seems like Vice Leader Lu expended quite a bit of effort to investigate my junior brother. I didn't expect you to know about this matter. Did you find out about this in the lower realms?"

Duan Ling Tian's eyes shone with murderous intent as Yang Yu Chen spoke. Lu Tian Feng's words were tantamount to an admission that he was the one who sent people to lower realms to kill those related to him.

Lu Tian Feng laughed. "I was the one who sent a representative to the Pure Yang Sect to invite Duan Ling Tian to join our congregation. At that time, I sent people to the lower realms to find out more about your outstanding junior brother. I was truly shocked by the results of the investigation. If it weren't for the fact that those I sent to the lower realms were reliable, I wouldn't believe that a person from a mundane realm could achieve so many miraculous feats."

Lu Tian Feng sighed emotionally before he continued to say, "I'm afraid the word 'prodigy' isn't enough to describe him. It's not an exaggeration to call someone like him a monstrous talent or the son of heaven."

Without waiting for a reply, Lu Tian Feng turned to Yu Ying and said, "Vice Academy Master Yu, based on your earlier reaction... Could it be that you were unaware that Duan Ling Tian is not even 1,000 years old?"

A complicated expression could be seen on Yu Ying's face as he said, "Indeed, I was unaware of this matter until now."

Lu Tian Feng smiled and said, "I can imagine what you're feeling right now, Vice Academy Master Yu. When I first learned about it, I was shocked as well. What a pity. Not long after that, I received news that Vice Academy Master Yang had successfully recruited him on behalf of his master..." He looked at Yang Yu Chen again and said with a sigh, "If I knew it earlier, I would've told the representative I sent to offer Duan Ling Tian better conditions. This will definitely be the biggest regret in my life. I'm not surprised if I form a Devil's Heart because of this matter..."

Lu Tian Feng's expression turned solemn as he asked, "Vice Academy Master Yang, I don't suppose you're willing to part with your junior brother?"

Yang Yu Chen raised an eyebrow. "What do you mean by that, Vice Leader Lu?"

Lu Tian Feng looked at Duan Ling Tian before he said, "I'd like to ask Vice Academy Master Yang to allow Duan Ling Tian to join our Lone Primordial Spirit Congregation. Don't worry. I won't let him suffer. I'm willing to accept him as a disciple on behalf of my master as well and acknowledge him as my junior brother. His treatment will be even better than that of our Holy Sons."

The expressions of Yang Yu Chen, Yu Ying, and Yu Ying's disciple changed slightly upon hearing Lu Tian Feng's words. They were not fools. How could they not understand the meaning behind Lu Tian Feng's words? Lu Tian Feng's words only sounded like an invitation, but it was likely that as soon as Duan Ling Tian left the Myriad Laws Academy, he would kill Duan Ling Tian.

Lu Tian Feng continued to say, "I'm also willing to compensate you generously, Vice Academy Master Yang, if you agree to my request. I promise that the compensation will be to your satisfaction."

It was clear that Lu Tian Feng was hoping to bribe Yang Yu Chen in exchange for Duan Ling Tian's life.

At this moment, the polite smile on Yang Yu Chen's face had already disappeared. His eyes glinted with killing intent as he said, "Vice Leader Lu, in the future, it's best if you don't make this kind of joke. Otherwise, don't blame me for being impolite."

Lu Tian Feng laughed when he heard Yang Yu Chen's words. He said, "Vice Academy Master, as you said, it's just a joke." Then, he turned to ask Duan Ling Tian. "Duan Ling Tian, I didn't scare you, did I?"

Duan Ling Tian replied calmly, "Vice Leader Lu, do I look like I'm scared? It's just a joke, after all."

Despite his polite words, Duan Ling Tian was even more determined to kill Lu Tian Feng. So what if Lu Tian Feng was an intermediate Supreme God? He might not be able to kill Lu Tian Feng now, but that would not be the case in the future. After all, he

could not even kill an intermediate Supreme God, how could he go to the Divine Offering Land and save Ke'er from the clutches of two prime supreme-rank forces?

At this time, Yang Yu Chen said with a hint of impatience, "Let's get down to business."

"Alright."

Lu Tian Feng nodded as the smile on his face vanished. Then, he called out to the woman standing behind him.

The woman's appearance was ordinary, and she looked very rough and tough temperament. When she stepped forward, a crystal bead the size of a baseball appeared in front of her.

The crystal bead shone brightly before an old woman dressed in a light blue robe appeared.

At the same time, Yang Yu Chen said to Duan Ling Tian through Voice Transmission, "She's Lu Tian Feng's disciple. It's said that she didn't want her artifact soul to be more beautiful than her so she created this appearance for the artifact soul when the artifact soul was born."

Duan Ling Tian was rather surprised when he heard that there was actually someone who was worried about their artifact souls looking better than they did.

After a moment, Duan Ling Tian asked, "With Lu Tian Feng's disciple's cultivation base, it's not hard for her to change her appearance completely, right?"

Chapter 4123: Lu Tian Feng's Scheme

"It's easy to change one's appearance, but it's hard to change one's temperament," Yang Yu Chen said through Voice Transmission, "Can you imagine how she'd be like if she had a beautiful appearance with her temperament?"

Duan Ling Tian's imagination ran wild when he heard Yang Yu Chen's words, and he was horrified by what his mind had conjured up.

Yang Yu Chen continued to say, "Moreover, when your cultivation base reaches a certain level, it's easy to see through appearances. It's also for this reason that once people reach a certain level, they don't bother to alter their appearances. It's useless to change one's appearance if others could see through it, after all."

Duan Ling Tian nodded. He was also aware of this.

After becoming a King of Gods, apart from having to face a Heavenly Tribulation every 1,000 years, one's perception would become much sharper. One would be able to perceive many things, and a person's true appearance was one of them. The higher one's cultivation base, the higher one's perception would be.

Even the most ingenious disguising method that changed one's bone structure was not without flaw. Even if one could deceive oneself and others, one still could not deceive the heavens.

Becoming a King of Gods was like obtaining the approval of the Heavenly Dao. As such, one would have keener senses.

For example, after becoming a King of Gods, even if Duan Ling Tian could not completely see through another person's disguise, he could still sense that the other person's appearance was not real. However, most people he met did not give that feeling, meaning that most people did not change their appearances.

Yang Yu Chen continued to say, "Lu Tian Feng's disciple, Tie Sheng Nan, is very proud and prideful. She naturally disdained to change her appearance. Moreover, she knows very well that even if she changed her appearance, she could not change her temperament."

Duan Ling Tian understood Yang Yu Chen's words.

Since Tie Sheng Nang was proud and prideful, she definitely would not change her appearance since it could be seen through. At that time, people would definitely make fun of her and mock her behind her back.

At this time, Yang Yu Chen saw that Tie Sheng Nan's artifact soul had completely manifested so he said, "Junior brother, you should summon your artifact soul out as well."

Yang Yu Chen wanted to resolve this matter as soon as possible so the duo from the Lone Primordial Spirit Congregation could return to where they came from.

Duan Ling Tian did not waste time. With just a thought, a sword shining with colorful lights appeared in front of him. Following that, a figure dressed in a colorful robe appeared in the air; it was none other than Huang'er.

Huang'er remained aloof when faced with so many people. She was just a noble queen overlooking her courtiers.

At this time, Duan Ling Tian sensed a strong hostility. Surprisingly, it was not directed at him but at Huang'er. The hostility came from Tie Sheng Nan and her artifact soul.

At the same time, Lu Tian Feng, the Vice Leader of the Lone Primordial Spirit Congregation, said, "Let's start."

Lu Tian Feng's eyes gleamed after he finished speaking. Although he did not touch Duan Ling Tian's sword, his Divine Consciousness could clearly sense that Duan Ling Tian's sword was not simple. In fact, Duan Ling Tian's sword was not inferior to his own prominent divine artifact. He had nurtured and cultivated his prominent divine artifact with a complete artifact soul for many, many years before it reached its current level. When he thought about the difficulty he faced in order to raise his artifact soul to such a level and saw that Duan Ling Tian, a mere intermediate Lord of Gods, easily owned such a prominent divine artifact, jealousy burned in his heart immediately. For the first time in his life, he was jealous of a young man who was not even 1,000 years old.

'With such a prominent divine artifact, when he becomes an Emperor of Gods in the future, he won't have to waste time nurturing his prominent divine artifact. Since a prominent divine artifact could help one with the Heavenly Tribulation, many Emperors of Gods spent more time nurturing their prominent divine artifact with complete artifact souls than cultivating... However, with this sword, Duan Ling Tian can concentrate on cultivating...'

With this thought in mind, the flames of jealousy in Lu Tian Feng's heart surged higher. When he was a young intermediate Lord of Gods, he did not even dare to think about possessing a prominent divine artifact with a complete artifact soul.

'Someone like him shouldn't exist in this world...' Lu Tian Feng's desire to kill Duan Ling Tian grew even stronger at this moment. If he were not on the grounds of the Myriad Laws Academy and if Yang Yu Chen and Yu Ying were not present, he would have killed Duan Ling Tian at this moment.

While Lu Tian Feng was lost in his thoughts, Tie Sheng Nan said respectfully, "Master, I'll start now."

After giving instructions to her artifact soul, the old woman began to probe Huang'er.

When the old woman's Divine Consciousness returned to her, Tie Sheng Nan asked with bright eyes, "What's the result?"

Lu Tian Feng looked at the old woman hopefully. He hoped with all his heart that the old woman would say that there was another person's aura in Duan Ling Tian's artifact soul. However, he knew that the possibility was very low. Otherwise, Yang Yu Chen and Duan Ling Tian would not be so confident.

"His artifact soul only has his aura. There's no trace of another person's aura. The prominent divine artifact is undoubtedly his," the old woman said.

It was not that the old woman did not want to frame Duan Ling Tian to help Tie Sheng Nan and the Lone Primordial Spirit Congregation. However, Lu Tian Feng had made it clear that they had to be truthful.

After the old woman finished speaking, Yang Yu Chen smiled at Lu Tian Feng and said, "Now that the result is out, it's proven that our Myriad Academy Law didn't wrong the Lone Primordial Spirit Congregation, right?"

Lu Tian Feng smiled as well. "Vice Academy Master Yang, I'm only going through the formality for the sake of the congregation. Personally, I don't doubt the impartiality of the Myriad Laws Academy. Since the matter is over, my disciple and I will take our leave."

After bidding farewell to Yang Yu Chen, Lu Tian Feng bade farewell to Yu Ying, who was standing next to Yang Yu Chen.

When Lu Tian Feng came, he still held hope that there would be another person's aura in Duan Ling Tian's artifact soul so he could use it as an excuse to kill Duan Ling Tian. However, when he saw Yang Yu Chen and Duan Ling Tian earlier, he knew he was going to be disappointed. In the end, the result was just as he had expected.

...

After leaving the Myriad Laws Academy, Lu Tian Feng and Tie Sheng Nan made their way back to the Lone Primordial Spirit Congregation.

During the journey, Tie Sheng Nan asked, "Master, did you deliberately mention that Duan Ling Tian isn't even 1,000 years old in front of Vice Academy Master Yu and his disciple or was it just a slip of the tongue?"

Similar to Yu Ying and his disciple, Tie Sheng Nan only found out earlier that Duan Ling Tian was not even 1,000 years old. Her master did not mention anything about this before this so she began to suspect her master had done it deliberately.

"Of course, it's deliberate," Lu Tian Feng's narrowed eyes shone with killing intent as he said, "Yu Ying is one of the Vice Academy Masters from the Legacy faction. Su Bi Lie, the Academy Master of the Myriad Laws Academy, clearly favors Yang Yu Chen as his successor. As such, Yang Yu Chen is an eyesore to Yu Ying and the other Vice Academy Master. Not only is Yang Yu Chen more talented and has better comprehension skills, but he's also younger than time. Perhaps, the only disadvantage was that Yang Yu Chen didn't have any outstanding juniors, unlike Yu Ying and the others who had many disciples and descendants in the Myriad Laws Academy. However, this disadvantage disappeared when Duan Ling Tian appeared. Duan Ling Tian broke the balance. The more outstanding Duan Ling Tian is, the more unfavorable it will be for the Legacy faction. With this, do you think Duan Ling Tian will be able to have an easy time in the academy?"

Lu Tian Feng smiled sinisterly after he finished speaking.

Tie Sheng Nan's eyes lit up. "Master, you're saying that the Legacy faction will get rid of Duan Ling Tian? It makes sense... They can't do anything to Yang Yu Chen, but it's not difficult for them to deal with Duan Ling Tian. In order to prevent Yang Yu Chen from succeeding the Academy Master, they'll do what they can to kill Duan Ling Tian. It's not impossible for them to sacrifice one of their Emperors of Gods to kill Duan Ling Tian!"

Lu Tian Feng's smile grew wider and wider as he listened to Tie Sheng Nan's words.

...

In the Myriad Laws Academy.

After Lu Tian Feng and his disciple left, Yang Yu Chen and Duan Ling Tian bid farewell to Yu Ying and his disciple and left.

On the way back, Duan Ling Tian said with a smile, "Vice Leader Lu deliberately revealed to Vice Academy Master Yu that I'm not even 1,000 years old... Is he hoping to use Vice Academy Master Yu's hand to kill me?"

Yang Yu Chen smiled. "Isn't it obvious? Alas, he probably didn't expect that the Academy Master would take action and warn those from the Legacy faction to protect you."

...

Back in the hall in the Myriad Laws Academy.

Yu Ying and his disciple did not leave immediately after Duan Ling Tian and Yang Yu Chen left.

Yu Ying's disciple asked with a hint of disbelief, "Master, is Duan Ling Tian really less than 1,000 years old?"

Yu Ying's eyes flashed as he said, "It should be true. Lu Tian Feng deliberately revealed that because he hoped to use my hand or the faction's hand to kill Duan Ling Tian. If it was before, we would still do it even if we knew he was using us. Alas, the Academy Master has spoken. With that, Duan Ling Tian's safety in the academy is guaranteed. In fact, if Lu Tian Feng tries to attack Duan Ling Tian in the academy, we'll have to protect Duan Ling Tian, let alone kill him!"

“Third Senior Brother,” Duan Ling Tian asked doubtfully, “Why do the Lone Primordial Spirit Congregation and the other heavyweight supreme-rank forces send their disciples and clan members to the Myriad Laws Academy?”

Before coming to the Myriad Laws Academy, Duan Ling Tian already knew that some heavyweight and ordinary supreme-rank forces enrolled their younger generation in the Myriad Laws Academy. Apart from that, although there were currently no known students from prime supreme-rank forces, there were a few rare precedents in the past. Moreover, who knew if there were indeed students from prime supreme-rank forces now who concealed their identity and background to join the academy? In the past, he had assumed that those who enrolled in the academy only joined the academy because their treatment in their respective sects was not very good. However, after joining the Myriad Laws Academy, he realized that he had been very wrong. None of the students from both heavyweight and ordinary supreme-rank forces were mediocre at all. In fact, they were all outstanding prodigies in their respective forces and had the potential to become Supreme Gods in the future.

For example, the five disciples from the Lone Primordial Spirit Congregation whom Duan Ling Tian killed were all extraordinary. As the Holy Son of the Lone Primordial Spirit Congregation, Wang Yun Sheng was one of the top disciples in the congregation. As for Hong Li and the other three people, although they were slightly weaker than Wang Yun Sheng, they were still outstanding prodigies in their own rights. If two of them joined forces, it would be enough for them to fight Wang Yun Sheng for hundreds of rounds before being defeated. If three of them joined forces, they could certainly fight Wang Yun Sheng to a tie at least, and they even had a chance of winning. If the four of them joined forces, there was no doubt they could defeat and possibly even kill Wang Yun Sheng.

“Apart from those five from the Lone Primordial Spirit Congregation whom I killed, I heard that the other three disciples of the congregation in the academy aren’t simple at all. One of them is only second to the Holy Sons of the congregation. I also heard that those three are from a different faction from Wang Yun Sheng so they didn’t join him to target me,” Duan Ling Tian continued to say, revealing what he heard to Yang Yu Chen, “All in all, it seems like the students in the academy aren’t your average Joes. They’re all the best among the younger generation in their respective forces. Even the most average students here from ordinary supreme-rank forces are the best in their respective forces.”

After Duan Ling Tian finished speaking, Yang Yu Chen smiled and said, “You just joined the academy not too long ago. I didn’t expect you to have already noticed this.”

When Yang Yu Chen first joined the Myriad Laws Academy, it took him quite a while before he noticed this. Hence, he was slightly surprised that Duan Ling Tian noticed it

so quickly. However, he also knew that Duan Ling Tian's conflict with the students from the Lone Primordial Spirit Congregation was a huge factor in his early discovery.

Yang Yu Chen nodded and said, "You're right. The students in the academy from heavyweight supreme-rank forces are the cream of the crop in their respective forces. Even if they aren't the most outstanding, they're definitely much better than the average disciple. I found it strange as well when I first noticed this. Later, I learned from Second Senior Brother that the academy has something that the heavyweight supreme-rank forces want. In the past, the founder of our Myriad Laws Academy made a promise to those heavyweight supreme-rank forces. It's a long story. Why don't you come over and chat at my place?"

Instead of sending Duan Ling Tian back, Yang Yu Chen led Duan Ling Tian to his courtyard. A huge mansion stood in the courtyard with plenty of space outside.

When they walked in, there were a few attendants cleaning up the place.

Yang Yu Chen dismissed the attendants, and when there were only him and Duan Ling Tian left, he said, "The academy managed to obtain something back then, and not only the heavyweight supreme-rank forces contributed to it, but our Inner Palace faction contributed to it as well. It was also at that time that our Inner Palace faction obtained the Supreme Powerhouse Relic. Since the founder of our faction found the Supreme Powerhouse Relic on his own and obtained it without help, even if the others were jealous, they could not do anything about it. Moreover, our faction has never received special treatment or resources from the academy, and our members were treated like ordinary students or teachers. As such, no one could object to us keeping the Supreme Powerhouse Relic to ourselves. However, in the past, there were a few cases where a few outsiders were granted access to the Supreme Powerhouse Relic after paying a certain price."

After a pause, Yang Yu Chen continued to say, "Back to the topic... What the academy obtained back then could not be considered a Supreme Powerhouse Relic. However, it's an independent realm created by not just one, but a few supreme powerhouses. That independent realm serves as a training ground and contains many fortuitous encounters left by supreme powerhouses. Moreover, the independent realm is constantly changing."

"Constantly changing?" Duan Ling Tian was puzzled.

Yang Yu Chen nodded. "That's right. Before our academy opens that place, the independent realm will change. For example, the sceneries and ways to encounter fortuitous encounters will change every time the independent realm is open. Moreover, in addition to the existing fortuitous encounters, there'll be new fortuitous encounters as well. In short, you can consider that place as a place where those from the dozen or so heavyweight supreme-rank forces benefit from..."

Realization on Duan Ling Tian, and his eyes lit up. “Then, this means that that place is similar to the Realm Battlefield?”

“That’s right,” Yang Yu Chen replied with a nod and a smile. He thought that Duan Ling Tian was indeed smart, being able to catch on so quickly. He continued to say, “Like the Realm Battlefield, that place is filled with fortuitous encounters that supreme powerhouses deliberately left behind. However, unlike the Realm Battlefield where everyone in the Realms of Gods can enter, one can only enter that place after one’s granted access by the academy. It also has its own set of restrictions. For example, that place is a training ground for the younger generation. As such, only those below the age of 10,000 can enter that place. There’s a limit to the number of people who can enter that place at a time. The limit is 100 people. Out of 100 places to enter that place, the academy holds 20 places. The remaining 80 places are distributed among the heavyweight supreme-rank forces.”

“That place is called the Trial of Gods. It’s said that after its creation, the supreme powerhouses made all top forces in the various Realms of Gods fight for it. At that time, our Myriad Laws Academy successfully seized the 100,000-year ownership of the Trial of Gods. There’s no doubt that the other heavyweight supreme-rank forces contributed to the success. As such, they would be given a chance to enter the Trial Ground every time it opens. However, since this chance was obtained a long time ago, as time passed, a few conditions were imposed. As such, many forces send their younger generation to the Myriad Laws Academy to become students. After becoming students, they’ll have to accumulate enough points before they’ll be qualified to enter the Trial of Gods. Among the eight students from the Lone Primordial Spirit Congregation, only four of them have enough points to enter the Trial of Gods. However, among the four, three were killed by you.”

Yang Yu Chen smiled before he continued to say, “When the Trial of Gods opens again, I’m afraid that there won’t be too many people from the congregation entering it. It’s going to open soon, and it won’t be easy for them to obtain so many points in such a short time. It’s also for this reason that the congregation definitely won’t let you off after you killed Wang Yun Sheng and the others. They could’ve sent a rudimentary Supreme God to the academy to solve this matter, but they sent their Vice Leader instead. Based on this, you can see that they place a lot of importance on this matter.”

Duan Ling Tian learned a lot after listening to Yang Yu Chen. He was most surprised by the Trial of Gods. Before listening to Yang Yu Chen, he did not know such a place existed. It was a place created by several supreme powerhouses that was constantly renewed and contained many fortuitous encounters.

‘As expected of the top forces in the Realms of Gods... Even supreme powerhouses took the initiative to help them cultivate their younger generation...’ Duan Ling Tian sighed inwardly.

Such a thing was not possible in the Pure Yang Sect. Only prime and heavyweight supreme-rank forces would be given such an opportunity. This was especially true for prime supreme-rank forces that had the support from a supreme powerhouse. It was only natural that these forces would seek benefits for their younger generation from their respective supreme powerhouse.

After a moment, Duan Ling Tian asked curiously, “Third Senior Brother, have you entered the Trial of Gods?”

Yang Yu Chen nodded. “Of course. It’s not just me. Eldest Senior Sister and Second Senior Brother had also entered the Trial of Gods. When the Trial of Gods opens, you and Fourth Junior Sister will be able to enter as well. The Inner Palace faction is given a chance to enter every 10,000 years. If the chances weren’t used, they can be brought forward once. This means that if the chances weren’t used twice, there’ll be only two not three chances to enter the Trial of Gods when it opens again.”

Chapter 4125: How Playful

“In the past 10,000 years, no one in the Inner Palace faction met the requirements to enter the Trial of Gods. As such, we have an extra place. This time, our faction can send two people into the Trial of Gods,” Yang Yu Chen said to Duan Ling Tian.

“We’re only given one place to enter the Trial of Gods every 10,000 years?” Duan Ling Tian frowned slightly as he asked, “Is that enough?”

“We’re considered lucky to be given one place,” Yang Yu Chen said with a smile, “Back then, during the fight for the Trial of Gods, the founder of our faction discovered the Supreme Powerhouse Relic and obtained it. According to the words left behind by the supreme powerhouse, the Supreme Powerhouse Relic would belong to the person who discovered it. This is also another reason why no one dares to snatch the Supreme Powerhouse Relic from our Inner Palace faction. The Legacy faction can’t obtain it, but they definitely won’t sit back and do nothing if outsiders try to snatch it from us. No matter the conflict between the two factions, ultimately, they still belong to the academy.”

Duan Ling Tian finally knew the origins of the Inner Palace faction’s Supreme Powerhouse Relic and why it only belonged to the Inner Palace faction. Previously, all he knew was that the founder of the faction discovered and obtained it, but he did not know the details.

Yang Yu Chen said with a smile, “Like I said earlier, we’re considered lucky to be given one place, considering our faction obtained the Supreme Powerhouse Relic. Moreover, due to the low number of members in our faction, one place is usually more than enough. Even if it’s not enough, we can compete for a place like ordinary students do. I

said earlier that the academy has 20 places to enter the Trial of Grounds. Our Inner Palace faction has one place, and the Legacy faction has ten places. This means that there are another ten places up for grabs in the academy. The condition is that one can't be from a heavyweight supreme-rank force. However, in the past, there was a rare case when a member of a prime supreme-rank force took advantage of the loophole and enrolled in our academy to enter the Trial of Gods. This doesn't happen often since prime supreme-rank forces don't lack places like the Trial of Gods. They have living supreme powerhouses supporting them, after all. Moreover, they're proud to their bones so they usually disdained to do such things."

After listening to these words, Duan Ling Tian could not help but think of his wife, Ke'er.

'Since prime supreme-rank forces don't lack such places, why did Ke'er go to the Realm Battlefield?'

After all, the fortuitous encounters on the Realm Battlefield and in the Trial of Gods were somewhat similar.

After a moment, Duan Ling Tian looked to Yang Yu Chen for answers again.

After hearing Duan Ling Tian's question, Yang Yu Chen shook his head and smiled, "Junior brother, only the average person would ask such a question. You overlooked a very obvious thing. Compared to the Trial of Gods, the Realm Battlefield carries risks and uncertainties. Moreover, unlike the Trial of Grounds, one would gain first-hand combat experience on the Realm Battlefield. Moreover, there are more fortuitous encounters on the Realm Battlefield and some fortuitous encounters on the Realm Battlefield are even better than those in places like the Trial of Gods. The Trial of Gods were created by a few supreme powerhouses, but at least more than a dozen supreme powerhouses left fortuitous encounters on the Realm Battlefield. You can liken places like the Realm Battlefield and Trial of Gods to a big chess board for the supreme powerhouses, and supreme powerhouses usually prefer big chess boards like the Realm Battlefield, which is much more exciting."

After listening to Yang Yu Chen, Duan Ling Tian could not help but feel distressed for Ke'er. 'So she entered the Realm Battlefield for this reason?'

After taking a deep breath to calm down, Duan Ling Tian asked again, "Third Senior Brother, with my current strength, I should be able to protect myself to a certain extent if I enter the Realm Battlefield, right?"

Yang Yu Chen frowned upon hearing Duan Ling Tian's words. "Junior Brother, it's best that you dismissed this thought for the time being. There are countless Lords of Gods and Emperors of Gods on the Realm Battlefield. Although your strength is comparable to an ordinary rudimentary Emperor of Gods now, it's not worth mentioning on the Realm Battlefield. Let alone extraordinary Emperors of Gods, there are even Supreme

Gods on the Realm Battlefield. There aren't many restrictions in there so it's common for Supreme Gods to kill Emperors of Gods there."

"In fact, there's a clear rule in the Myriad Laws Academy's Legacy faction, the heavyweight supreme-rank forces, and the prime supreme-rank forces. For the safety of their members, only advanced Emperors of Gods who possess prominent divine artifacts with complete artifact souls can enter the Realm Battlefield," Yang Yu Chen said. He had spoken very seriously, worried that Duan Ling Tian would not take his words to heart.

After listening to Yang Yu Chen, Duan Ling Tian realized once again how lucky he had been to survive the Realm Battlefield in the past.

Ye Bei Yuan, the Lord of Gods who helped Duan Ling Tian on the Realm Battlefield, was also lucky to have come out of the Realm Battlefield alive. Moreover, Ye Bei Yuan stayed close to the safe zone and did not venture to the center of the Realm of Battlefield.

In the heart of the Realm Battlefield, countless Lords of Gods and Emperors of Gods died every day. Once in a while, even Supreme Gods died. If the fight was fierce, a few Supreme Gods might even die in a day.

In the Realms of Gods, not all Supreme Gods belonged to a supreme-rank force. There were many who were also sectless cultivators. Some of them used to belong to a supreme-rank force but left to improve themselves due to the threat of their impending Heavenly Tribulation. Needless to say, the Realm Battlefield was a great chance for them to improve their strength.

The Realm Battlefield, unlike the Trial of Gods, did not have an age restriction. Anyone could enter the Realm of Battlefield.

"Junior brother," Yang Yu Chen said again, "Looking for fortuitous encounters on Realm Battlefield is like searching for a needle in a haystack. In comparison, there's a higher chance of you finding a fortuitous encounter in the Trial of Gods. Without exception, Eldest Senior Sister, Second Senior Brother, and I came across fortuitous encounters in the Trial of Gods. With your current strength, entering the Trial of Gods is undoubtedly better for you than entering the Realm Battlefield. Moreover, the Trial of Gods is opening soon..."

Duan Ling Tian said reassuringly, "Third Senior Brother, don't worry. I won't enter the Realm Battlefield any time soon."

After that, Duan Ling Tian asked Yang Yu Chen about the opening day of the Trial of Gods. He sighed in relief when he found that it would open in 100 years. He could wait for another 100 years, but he would not be able to do so if it was a few hundred or 1,000 years.

'It'll be difficult for me to break through and become an Emperor of Gods in 100 years, but I'm sure I'll be able to become an advanced Lord of Gods before entering the Trial of Gods. I should continue to cultivate to get as close to breaking through and becoming an Emperor of Gods. With that, perhaps, I have a chance of breaking through in the Trial of Gods,' Duan Ling Tian thought to himself as his eyes shone brightly.

Yang Yu Chen's expression was solemn as he said, "Junior brother, just because you killed those five students from the Lone Primordial Spirit Congregation, don't be complacent and think that those who enter the Trial of Gods aren't a threat to you. Let me put it this way. Wang Yun Sheng was not the strongest person among the younger generation in the Lone Primordial Spirit Congregation. Even if you didn't kill him, in another few decades, the congregation will be sending another two Holy Sons to the academy. Most importantly, if there's no accident, those two Holy Sons will likely be intermediate Emperors of Gods when they enter the Trial of Gods. After all, the heavyweight supreme-rank forces would send very outstanding prodigies to the academy, but it's not certain that they'll send their most outstanding prodigies from their respective forces."

Duan Ling Tian shuddered inwardly upon hearing Yang Yu Chen's words.

'Intermediate Emperors of Gods below the age of 10,000? This means that they're already rudimentary Emperors of Gods now...'

"Even if such a prodigy only joins our academy a few decades before the Trial of Gods opens, he or she can easily accumulate enough points to enter the Trial of Gods. After all, emperor-rank tasks reward one with more points compared to lord-rank tasks."

In the Myriad Laws Academy, points were obtained by completing various tasks issued by the academy, teachers, or even students.

"So Fourth Senior Sister and I don't have to accumulate points to enter the Trial of Gods?" Duan Ling Tian asked again.

"Of course not," Yang Yu Chen said with a smile, "As I said before, our Inner Palace faction is given a place every 10,000 years. Coincidentally, we have an extra place so we have two places this time. Moreover, no matter what, the Inner Palace faction, just like the Legacy faction, is a faction of the Myriad Laws Academy. It'd be too unfair if we weren't even allotted a place."

Then, as though he just recalled something, Yang Yu Chen looked at Duan Ling Tian and said, "Although your Fourth Senior Sister is an advanced Emperor of Gods, you mustn't think that she'll be able to help you in the Trial of Gods. The Trial of Gods is a very strange place. You'll be transported to different places once you enter the Trial of Gods. Moreover, you may not even recognize each other even if you manage to meet each other."

“We may not even recognize each other?” Duan Ling Tian was curious.

“That’s right,” Yang Yu Chen said with a nod, “Not only will your appearance change in there, but your aura will change as well. You won’t be able to find out anything even if you use your Divine Consciousness to probe the other party. However, needless to say, your weapons won’t change. As such, many people identify each other through their prominent divine artifacts.”

Duan Ling Tian was even more intrigued after listening to Yang Yu Chen’s words.

‘What kind of place can change a person’s appearance and aura?’

Duan Ling Tian could not help but sigh when he thought about how playful and arbitrary the supreme powerhouses were for coming up with such a thing.

Chapter 4126: An Advanced Emperor of Gods Killed a Supreme God

At the same time, Duan Ling Tian’s heart stirred when he recalled that his Fourth Senior Sister was already an advanced Emperor of Gods despite being under 10,000 years old. Compared to the two Holy Sons who were rudimentary Emperors of Gods, she was even more monstrously talented.

Duan Ling Tian sighed inwardly when he thought about his Fourth Junior Sister who had a difficult past. Perhaps, her current achievements were due to her past and dedication.

Duan Ling Tian’s Third Senior Brother, Yang Yu Chen, was also just as talented. He also became an advanced Emperor of Gods before reaching the age of 10,000 and went on to become a Supreme God when he was just slightly over 10,000 years old. It had to be said that entering the realm of a Supreme God was extremely difficult. After all, it was the last realm before one became a supreme powerhouse.

After a moment, Duan Ling Tian asked curiously, “Third Senior Brother, are there prodigies below the age of 10,000 like Fourth Senior Sister who are also advanced Emperors of Gods in the Profound Energy Land?”

Duan Ling Tian only knew that his Fourth Senior Sister, Lang Chun Yuan, was an advanced Emperor of Gods below the age of 10,000 in the Myriad Laws Academy. Although he was not very sure about the other heavyweight supreme-rank forces or prime supreme-rank forces in the Profound Energy Land, he thought it was likely that there were others like Lang Chun Yuan in those forces.

“Of course,” Yang Yu Chen said, confirming Duan Ling Tian’s thoughts, “Put the other forces aside, there’s also an advanced Emperor of Gods below the age of 10,000 in our

academy's Legacy faction. The other heavyweight supreme-rank forces naturally have such a prodigy. However, some of the forces might hide their existence. As for prime supreme-rank forces, most of them have more than one of them. This isn't surprising since prime-rank forces have better resources than heavyweight supreme-rank forces."

Yang Yu Chen looked at Duan Ling Tian before he asked, "I'm sure you've heard that there's only a minor difference in overall strength between prime and heavyweight supreme-rank forces, right?"

Duan Ling Tian nodded and said, "It's said since prime and heavyweight supreme-rank forces both have advanced Supreme Gods, the difference in their strength isn't big."

Upon hearing these words, Yang Yu Chen smiled wryly as he said, "The truth is, the difference in strength is rather huge. Just the number of advanced Supreme Gods in those forces alone is on a different level. It's just that most advanced Supreme Gods in prime supreme-rank forces live in seclusion. Some people think they're dead and some know they're alive. They rarely make an appearance. As such, most members of their respective forces have never even seen them before."

It was only at this time that Duan Ling Tian realized how wide the chasm was between prime and heavyweight supreme-rank forces. No wonder prime supreme-rank forces did not lack places like the Trial of Gods to cultivate the younger generation. With all these factors, no wonder the overall strength of heavyweight supreme-rank forces could not compare to that of prime supreme-rank forces. As it turned out, rumors of there only being a small difference in strength between the forces only started because those advanced Supreme Gods from prime supreme-rank forces kept their existence hidden most of the time.

"If there's nothing important in the coming 100 years, why don't you return to cultivate in your cultivation ground in our Inner Palace faction's independent realm? The Legacy faction won't have the courage to act against you after being warned by the Academy Master, but I'm worried the Lone Primordial Spirit Congregation might ask their disciples to look for trouble with you. With the right threat and reward, it's not difficult to find an Emperor of Gods to sacrifice his or her life just to kill you," Yang Yu Chen said worriedly, "Before you killed Wang Yun Sheng and the others, the congregation wasn't aware of your hatred toward them. After all, you didn't retaliate. However, now that you made a move and tore off all pretenses, they definitely won't let you go. It doesn't matter that you signed a death pact and had the right to kill them. At most, they would have to make a move against you in the dark."

Yang Yu Chen did not disclose to Duan Ling Tian that the Holy Sons of the Lone Primordial Spirit Congregation, who were rudimentary Emperors of Gods, would be arriving in the Myriad Laws Academy very soon. When they arrived, it was likely that they had already broken through and become intermediate Emperors of Gods. He did not want Duan Ling Tian to challenge the duo. After all, the duo was far superior to Wang Yun Sheng.

“I’ll do whatever I can to help with your cultivation in the next 100 years. Since you’re an alchemist, let me know if you need any medicinal herbs to refine divine pills. Although your strength is incredible at your age, it won’t give you an advantage in the Trial of Gods. It’s best if you’re able to become an advanced Lord of Gods before entering the Trial of Gods.”

As an intermediate Lord of Gods, Duan Ling Tian was only comparable to ordinary rudimentary Emperors of Gods. If he became an advanced Lord of Gods, he would have an edge over rudimentary Emperors of Gods.

Duan Ling Tian did not refuse Yang Yu Chen. Instead, he said, “Third Senior Brother, I share the same thoughts as you.”

Duan Ling Tian was aware that killing Wang Yun Sheng and the others was tantamount to declaring war on the Lone Primordial Spirit Congregation. There was no doubt that the Lone Primordial Spirit Congregation would seek revenge. After all, in the past, Duan Ling Tian only refused to join their congregation, but they destroyed and killed everyone related to him in the lower realms. One could only imagine what they would do now that he killed five of their young prodigies, one of which was a Holy Son. Fortunately, the Myriad Laws Academy served as a deterrent so the congregation did not dare to act excessively in the open. For now, the congregation was likely waiting for the Legacy faction to get rid of him. However, when they eventually learned that the Legacy faction would not make a move against him after being warned by the Academy Master of the Myriad Laws Academy, the Lone Primordial Spirit Congregation would definitely take matters into their own hands.

A hint of relief could be seen on Yang Yu Chen’s face when he heard Duan Ling Tian’s words. Then, he said with a hint of complaint, “I wish Fourth Junior Sister is as sensible as you.”

Duan Ling Tian was slightly surprised. “Third Senior Brother, isn’t Fourth Senior Sister rather easy to get along with?”

“Easy to get along with?” Yang Yu Chen shook his head as he thought to himself, ‘She’s only nice to you because you’re her junior brother...’

Lang Chun Yuan did not listen to the members of the Inner Palace faction except for their Eldest Senior Sister. She had never listened to Yang Yu Chen or their Second Senior Brother. However, she had taken a liking to Duan Ling Tian after he joined the Inner Palace faction.

...

As Duan Ling Tian expected, a few months after he returned to the Inner Palace faction’s independent realm, the Lone Primordial Spirit Congregation learned about the reason why the Legacy faction did not make a move against Duan Ling Tian.

“That old geezer, Su Bi Lie, personally warned the Legacy faction and prohibited them from making a move against Duan Ling Tian? Is it because of Yang Yu Chen? Is he determined to make Yang Yu Chen his successor? Isn’t he worried those old men in the Legacy faction will rebel?”

Lu Tian Feng, the Vice Leader of the Lone Primordial Spirit Congregation, was naturally displeased and disappointed when he found out about the Legacy faction’s situation. He had been anticipating an exciting show between Duan Ling Tian and the Legacy faction, and he did not expect Su Bi Lie to intervene.

Lu Tian Feng scoffed. “Since the Legacy faction is unreliable, we’ll just have to find someone to do the dirty job. The Legacy faction isn’t the only place in the academy where we can find Emperors of Gods to do the job.”

Lu Tian Feng’s eyes glinted coldly as he relayed his order to his subordinate.

Shortly after that, a few members of the Lone Primordial Spirit Congregation left the estate. They carried with them the information of several members of the Myriad Laws Academy who were Emperors of Gods. These people were teachers and students who were either sectless cultivators or from ordinary supreme-rank forces and insignificant emperor-rank forces. They joined the Myriad Laws Academy due to its superior cultivation environment and resources.

Lu Tian Feng planned to use this information against them and force them to do his bidding.

“Threaten them if we can’t bribe them. Humans are selfish creatures, and they all have weaknesses. It’s best if you threaten them with their descendants. I don’t care how many descendants they have, capture all of them as long as they’re not in the academy!”

...

The Seven Mansions were insignificant in the Profound Energy Land. Most people had never heard of the Seven Mansions until Duan Ling Tian’s appearance during the Seven Mansions Feast.

However, at this time, the Seven Mansions suddenly became famous again.

“Did you hear the news? An advanced Emperor of Gods from the Seven Mansions broke into a supreme-rank force and killed a Supreme God?”

“Are you sure it’s true?”

“The news is spreading like a wildfire. How can it be fake?”

“An advanced Emperor of Gods killed a Supreme God? Are you joking?”

“I’m not!”

“Which supreme-rank force is it?”

“It’s a new supreme-rank force. Its ranks rose because of that Supreme God who was killed. He only broke through and became a Supreme God not long ago.”

“Even so, it’s unlikely for an advanced Emperor of Gods to kill a rudimentary Supreme God, right? The difference in strength is like heaven and earth. How did that advanced Emperor of Gods do it?”

Chapter 4127: You’ll Still Be Our Junior Brother

“Junior brother.”

Duan Ling Tian was immersed in his cultivation when Yang Yu Chen, who rarely returned to the Inner Palace faction’s independent realm, came looking for him.

“Third Senior Brother, what’s the matter?” Duan Ling Tian asked curiously when he saw Yang Yu Chen’s hurried state.

“You have a good relationship with Ye Chen Feng when you were in the Pure Yang Sect, right?” Yang Yu Chen asked.

Duan Ling Tian nodded. “We get along quite well. In fact, he’s like a brother to my master.”

Duan Ling Tian knew of Ye Chen Feng’s admiration toward his master because of his master’s high attainment in the Sword Dao.

After a moment, Duan Ling Tian’s eyes widened slightly as he asked anxiously, “Third Senior Brother, did something happen to Elder Ye?”

In the past, Ye Chen Feng had helped Duan Ling Tian tremendously to raise his cultivation base in a short time during the Seven Mansions Feast. He would not have been able to rank first in the Seven Mansions Feast if it were not for Ye Chen Feng’s help. As such, he had always felt greatly indebted to Ye Chen Feng even if Ye Chen Feng did not ask for anything in return. It was only natural that he was worried about Ye Chen Feng.

“He’s fine. He’s living better than all of us,” Yang Yu Chen said when he realized Duan Ling Tian had misunderstood his words. His expression was slightly strange as he continued to say, “He has broken through and become an advanced Emperor of Gods.”

Duan Ling Tian smiled when he heard Yang Yu Chen’s words. He was sincerely happy for Ye Chen Feng. He knew it was only a matter of time before Ye Chen Feng broke through and became an advanced Emperor of Gods. Even when he just joined the Pure Yang Sect, he knew that Ye Chen Feng was the most likely person to become an advanced Emperor of Gods in the Pure Yang Sect. However, he did not expect Ye Chen Feng to do it so soon. He could not help but wonder if Ye Chen Feng’s breakthrough had anything to do with the Secret Holy Land, in which he had helped obtain the slots during the Seven Mansions Feast.

After a moment, Duan Ling Tian sensed something was amiss. He asked, “What’s wrong? Third Senior Brother, you didn’t come just to tell me that Elder Ye has become an advanced Emperor of Gods, right? Moreover, your expression is rather strange.”

Duan Ling Tian had noticed Yang Yu Chen’s strange expression, but he did not pay attention to it until now. After all, he was shocked by the news of Ye Chen Feng’s breakthrough. It was only when he calmed down that he noticed that Yang Yu Chen seemed to have something else to say.

Upon hearing Duan Ling Tian’s words, Ye Chen Feng’s expression turned solemn as he said, “After becoming an advanced Emperor of Gods, without waiting for his cultivation base to stabilize, Ye Chen Feng went to a supreme-rank force and challenged the force’s only rudimentary Supreme God.”

Duan Ling Tian was shocked by Yang Yu Chen’s words. Why did Ye Chen Feng challenge a Supreme God? Did Ye Chen Feng lose his mind? Although Ye Chen Feng was outstanding and was stronger than most whose cultivation base was a level higher than his, the difference between an Emperor of Gods and a Supreme God was not insignificant. Even if the Supreme God had also yet to stabilize his cultivation base, the difference in strength was still very big.

Yang Yu Chen asked with a smile, “Do you want to know why he challenged that Supreme God?”

“Third Senior Brother, I’m more concerned about how he escaped in the end,” Duan Ling Tian said solemnly. Since Yang Yu Chen had said earlier that Ye Chen Feng was fine, he surmised that Ye Chen Feng must have successfully escaped. Moreover, Yang Yu Chen would not be smiling if something happened to Ye Chen Feng. After all, Yang Yu Chen was aware of his good relationship with Ye Chen Feng.

“Relax. I’ll tell you about that later,” Yang Yu Chen said. Then, he began to explain, “It started because that Supreme God was too overbearing. When Ye Chen Feng was still a Lord of Gods, that Supreme God was an advanced Emperor of Gods. In the past, the

other party almost killed Ye Chen Feng because of a trivial matter. Ye Chen Feng was very fortunate that a rudimentary Supreme God happened to pass by at that time. As such, the other party didn't dare to act rashly for fear of provoking that rudimentary Supreme God, and Ye Chen Feng found a chance to escape. The other party was unaware that Ye Chen Feng was a disciple of the Pure Yang Sect at that time so he did not follow up on that matter. No one knew about this matter at all until Ye Chen Feng went to that supreme-rank force. It was also then that the other party, who became a rudimentary Supreme God, finally remembered Ye Chen Feng."

Duan Ling Tian stared at Yang Yu Chen intently as Yang Yu Chen continued to say, "The other party's expression changed drastically when he found out that Ye Chen Feng, the Lord of Gods he almost killed in the past, had become an advanced Emperor of Gods. With this, there was no doubt that it was just a matter of time before Ye Chen Feng surpassed him. For this reason, the other party didn't hesitate and attacked Ye Chen Feng."

Despite Yang Yu Chen's relaxed tone, Duan Ling Tian could not help but shudder inwardly when Yang Yu Chen said that the Supreme God attacked Ye Chen Feng.

At the same time, various questions appeared in Duan Ling Tian's mind. How did Ye Chen Feng escape? Did someone rescue Ye Chen Feng? Did Yang Yu Chen rescue Ye Chen Feng? Was that why Yang Yu Chen came looking for him today so that he could brag about it?

In Duan Ling Tian's opinion, Ye Chen Feng had just broken through and become an advanced Emperor of Gods. As such, it was unlikely for his cultivation base to be completely stabilized. Although his Sword Dao was extraordinary and his comprehension of the law was comparable to that of an ordinary Supreme God, it was still unlikely that he was a match for a rudimentary Supreme God.

Needless to say, Duan Ling Tian was thoroughly shocked when Yang Yu Chen said that Ye Chen Feng had killed that rudimentary Supreme God. Ye Chen Feng had gone to that supreme-rank force just to kill that rudimentary Supreme God to seek revenge.

'Elder Ye is truly vengeful. As soon as he was strong enough, he went to seek revenge. The shocking thing is that he's able to kill a Supreme God so soon after becoming an advanced Emperor of Gods!'

Duan Ling Tian recalled the instances of Ye Chen Feng's vengeful behavior and the stories he had heard from Zhen Ping Fan. It seemed like Ye Chen Feng would not forget even the smallest slight against him. At the same time, he was glad he did not make an enemy out of Ye Chen Feng.

When Duan Ling Tian returned to his senses, he asked Yang Yu Chen, "How did Elder Ye become so strong? He has only broken through recently, but he can already kill a rudimentary Supreme God!"

Yang Yu Chen shook his head and said, "I was going to ask you this question. It's impossible for an advanced Emperor of Gods, who had yet to stabilize his cultivation base, to kill even the weakest rudimentary Supreme Gods. At the very least, it's unprecedented in the Profound Energy Land. Such a feat is impossible for me and Eldest Senior Sister when we'd yet to stabilize our cultivation base after becoming an advanced Emperor of Gods. Ye Chen Feng is truly a monster. It seems like I've underestimated him in the past."

Yang Yu Chen sighed before he continued to say, "What a pity. If I knew then what I know now, I would've brought him back with me to the Myriad Laws Academy back then..."

"Third Senior Brother, with this, the other heavyweight supreme-rank forces must have sent people to the Pure Yang Sect to recruit him, right?" Duan Ling Tian asked.

When Duan Ling Tian was still in the Pure Yang Sect, Zhen Ping Fan had mentioned that Ye Chen Feng would need to become an advanced Emperor of Gods at least before the heavyweight supreme-rank forces would recruit him. However, there was no question now that those forces would be scrambling to recruit him now that they knew he could kill a rudimentary Supreme God as soon as he became an advanced Emperor of Gods. Following this logic, in the future when Ye Chen Feng became a rudimentary Supreme God, it should be as easy as killing a chicken for him to kill an intermediate Supreme God. After all, the difference in strength between a rudimentary and intermediate Supreme God was much smaller compared to the difference between an advanced Emperor of Gods and a rudimentary Supreme God.

"Of course," Yang Yu Chen said confidently, "I heard that even the Legacy faction is looking to recruit him. They must be in a hurry to act since I brought you back from the Pure Yang Sect. Yu Ying, the Vice Academy Master whom you met previously, has already gone to invite Ye Chen Feng to join the Legacy faction. However, who knows if he'll be successful."

Yang Yu Chen smiled at Duan Ling Tian meaningfully before he said, "Junior brother, since you and Ye Chen Feng have a good relationship, why don't you convince him to join our Inner Palace faction? Although our Supreme Powerhouse Relic can only be accessed after 10,000 years, I promise he'll be able to go in the next time it opens!"

Duan Ling Tian was startled when he heard Yang Yu Chen's words. "Third Senior Brother, the Supreme Powerhouse Relic can only be accessed after 10,000 years? Why is it so long? Didn't Fourth Senior Sister enter the Supreme Powerhouse Relic 2,000 years ago before I did?"

Yang Yu Chen shook his head and smiled wryly. "It's all your fault, junior brother. The amount of energy consumed in the relic corresponds to the time one spent in there. Compared to Fourth Junior Sister, do you know how long you stayed there?"

Duan Ling Tian felt embarrassed upon hearing Yang Yu Chen's words. As it turned out, the Supreme Powerhouse Relic would only be accessible 10,000 years later because of him. Even if they could force their way in, the outcome was naturally not good.

"Junior brother, do you want to try inviting Ye Chen Feng to join us? Tell him that he'll become your Fourth Senior Brother. Fourth Junior Sister will then become Fifth Junior Sister. You'll be unaffected and remain our junior brother," Yang Yu Chen asked with a hint of eagerness. He really wanted Ye Chen Feng to join the Inner Palace faction.
