Chapter 4191: The Imminent Supreme God From the Soaring Divine Kingdom

“You’re also an expert in the law of destruction?”

The young girl did not seem to fear the dark knight at all. On the contrary, she seemed excited.

“It seems like you’re quite strong! You’re the perfect opponent for me to test my strength! I’ve yet to fight a Supreme God after becoming one myself!” the young girl said with a smile before charging toward the dark knight.

The dark knight imbued his long jet-black spear with the law of destruction before he charged out as well, looking like a tank.

Following that, two humongous translucent figures appeared in the sky when the young girl and the dark knight simultaneously cast the Supreme God Phenomenon.

The translucent figure of the Supreme God Phenomenon cast by a rudimentary Supreme God could grow to more than 10 meters tall while the Supreme God Phenomenon cast by an intermediate Supreme God was at least 100 meters tall. As for the Supreme God Phenomenon cast by an advanced Supreme God, it was at least 1,000 meters tall.

‘The Supreme God Phenomenon... I didn’t expect it to be so powerful. No wonder Third Senior Brother vehemently refuted me when I said the Supreme God Phenomenon was useless. I truly wasn’t aware of its strength at all!’

The young girl was none other than Lang Chun Yuan.

While Lang Chun Yuan fought with the dark knight, their respective Supreme God Phenomena fought as well.

Since Lang Chun Yuan had only become a rudimentary Supreme God recently, her Supreme God Phenomenon was only slightly over 10 meters tall while the dark knight’s Supreme God Phenomenon was nearly 20 meters tall.

The duo's destructive energies were so fierce that some of the weaker inhabitants in the surroundings perished immediately.

At this time, the dark knight suddenly roared.

In just an instant, the inhabitants of Destiny Canyon in the surroundings seemed to have gone berserk as they rampaged toward the heart of Destiny Canyon and left, leaving only Lang Chun Yuan and the dark knight behind.

The void shook violently, looking as though it was about to tear as the duo continued to fight.

...

'It seems like I'm not very lucky...' Duan Ling Tian sighed inwardly.

Before Duan Ling Tian could absorb all the energies from the rewards he received, he was disturbed by a huge commotion.

The ground quaked continuously as though tens of thousands of beasts were stampeding across the land.

The cave Duan Ling Tian was in shook violently as well, causing rocks to fall and stirring up dust from the ground. If Duan Ling Tian did not set up a Formation to support the cave, the cave might have already collapsed.

Duan Ling Tian did not need to guess to know that the commotion was caused by the rampaging inhabitants of Destiny Canyon.

'Let's see where they are coming from.'

With this thought in mind, Duan Ling Tian flew up into the sky and looked in the direction of the commotion. He saw a huge dark mass approaching from the left.

The birds that were startled by the commotion tried to take flight, but they were attacked by a terrifying energy and exploded into mists of blood before they were able to do so.

‘It shouldn’t be a problem for me to kill the inhabitants in the realm of an advanced Emperor of Gods now that my strength is comparable to an imminent Supreme God or an imminent Supreme God. However, if I kill too many inhabitants in the realm of an advanced Emperor of Gods, an inhabitant in the realm of a rudimentary Supreme God will appear. I’m no match for a Supreme God now...’

After confirming the direction that the inhabitants of Destiny Canyon were swarming toward, Duan Ling Tian turned to leave. He would be safe as long as he traveled parallel to them. Once he arrived at the heart of Destiny Canyon, they would stop outside of it.

‘So this is the way to the heart of Destiny Canyon...’ Duan Ling Tian thought to himself as he followed the rampaging inhabitants of Destiny Canyon. With this, he also discovered that his previous location was not in the heart of Destiny Canyon.

‘I’ll likely run into many advanced Emperors of Gods during my journey to the heart of Destiny Canyon. It’ll be easy for me to kill them in the beginning, but it’ll become harder once everyone’s gathered. I have limited time,’ Duan Ling Tian thought to himself.

During his journey, Duan Ling Tian killed all the participants from the other Divine Kingdoms whom he ran into. Although he had yet to fully absorb the energies from his previous rewards, he could continue to accumulate rewards and absorb them when he had the time.

Unsurprisingly, all of the advanced Emperors of Gods were in shock before Duan Ling Tian killed them.

“Duan Ling Tian!”

“Why is he so strong?!”

Apart from being shocked, some of them also lamented their bad luck for running into Duan Ling Tian.

Duan Ling Tian's points continued to rise as he traveled to the heart of Destiny Canyon. The difference between his points and those of the person in third place was huge, and he was about to catch up to the person in first place.

Many of the participants' points were rising as well, but their rise was not as drastic as that of Duan Ling Tian.

Similar to Duan Ling Tian, the other participants were also making their way to the heart of Destiny Canyon. They would kill weaker participants or inhabitants of the canyon they came across to accumulate points and rewards. Alas, not all of them managed to survive before reaching their destination, killed by stronger opponents.

After killing another inhabitant in the realm of an advanced Emperor of Gods, Duan Ling Tian glanced at the ranking.

"Why aren't there any changes in Fourth Senior Sister's points?"

Duan Ling Tian discovered that Lang Chun Yuan's points had remained stagnant as he closed the gap between them. Currently, there were fewer than 1,000 points between them.

'What's Fourth Senior Sister doing? I hope she's okay,' Duan Ling Tian thought to himself as he frowned, worried about Lang Chun Yuan. He knew that the advanced Emperors of Gods from the various Divine Kingdoms were no match for her. The only threat to her was participants who became Supreme Gods in the canyon or inhabitants in the realm of Supreme Gods. Unfortunately, there was nothing he could do for her except to pray for her safety.

Duan Ling Tian continued to move.

After a moment...

Bang! Bang! Bang! Bang! Bang!

A series of explosions rang in Duan Ling Tian's ears before he heard someone shouting.

"Liu Qi, we're both imminent Supreme Gods! If we continue to fight, both of us will end up injured. Aren't you worried about others taking advantage of the situation?"

Another person scoffed before saying coldly, “Ha! Do you think I’ll listen to you? Keep dreaming! You killed my son! I’ll kill you even if it means I’ll die or end up severely injured. You can only prepare to die if you’re not going to go all out!”

The commotion grew softer and softer. Clearly, the fight was moving further and further away toward the heart of Destiny Canyon.

The man who had spoken first was trying to make his way to the heart of Destiny Canyon, but he was repeatedly stopped by the other man.

At the same time, Duan Ling Tian’s eyes lit up as he followed the duo.

‘Two imminent Supreme Gods? Is this a trap or are they really enemies?’

Based on their words, it seemed like they were enemies since one of them killed the son of the other person. However, there was no guarantee that it was not a trap. Instead of searching all over the place, it was easier to cause a commotion to lure others into their trap.

Duan Ling Tian did not forget to hide his presence as he followed the duo.

Meanwhile, it did not take long before the two imminent Supreme Gods were injured. The man who had spoken first finally gave up on leaving and confronted the other person.

With this, Duan Ling Tian easily confirmed that it was not a trap.

‘How lucky! I managed to run into two imminent Supreme Gods,’ Duan Ling Tian thought to himself with a smile. It would be difficult for him to kill the duo if the duo was in peak condition. However, the duo was now injured, and it would be easy for him to kill them with a sneak attack. He was not 100% confident he would be able to kill the duo if he openly attacked them.

Swoosh!

Duan Ling Tian teleported and appeared near the duo.

“Who is it?!”

The two imminent Supreme Gods retreated quickly when they sensed Duan Ling Tian’s presence.

At the same time, Duan Ling Tian appeared in front of one of the two imminent Supreme Gods. Before the other party could react, he released a seven-colored sword ray.

Swoosh!

When the seven-colored sword ray entered the imminent Supreme God’s body, his body lit up before it exploded into tens of thousands of sword rays, causing him to die immediately.

“Duan Ling Tian?!” the remaining imminent Supreme God exclaimed in shock at this moment. His expression changed as he tried to flee. However, in just a moment, a golden figure appeared, blocking his path.

Duan Ling Tian frowned slightly. He recognized the newcomer, also an imminent Supreme God. The imminent Supreme God was a mansion master in the Soaring Divine Kingdom. He recognized the other party because when the people from the Soaring Divine Kingdom and the Jade Bow Divine Kingdom met, Yun He had told him through Voice Transmission that the other party was one of three imminent Supreme Gods among the people from the Soaring Divine Kingdom.

Chapter 4192: The Enmity Between Duan Ling Tian and the Imminent Supreme God From the Soaring Divine Kingdom

Bang!

The injured imminent Supreme God was now caught between the newcomer, an imminent Supreme God in peak condition, and Duan Ling Tian, who was staring at him menacingly. In fewer than two breaths, he was killed by the newcomer, an imminent Supreme God from the Soaring Divine Kingdom.

‘He stole from me!’ Duan Ling Tian’s expression darkened immediately. In his opinion, he discovered the two imminent Supreme Gods first. After killing one of them, the newcomer made a move during the critical moment.

Duan Ling Tian reacted very quickly. As soon as the second imminent Supreme God died, he used his Divine Energy to separate the other party's prominent divine artifact with a complete artifact soul and spatial ring. Following that, he pretended to make a move to claim the prominent divine artifact.

When the imminent Supreme God from the Soaring Divine Kingdom saw this, his expression darkened before he made a move.

Upon seeing this, Duan Ling Tian suddenly teleported away and claimed the spatial ring instead.

The imminent Supreme God's expression worsened. He came to a stop and bellowed, "Duan Ling Tian, how dare you steal from me!"

At the same time, Duan Ling Tian teleported to the prominent divine artifact with a complete artifact soul.

In Duan Ling Tian's opinion, the spatial ring and the prominent divine artifact with a complete artifact soul rightfully belonged to him. Moreover, he felt that the imminent Supreme God from the Soaring Divine Kingdom should be grateful that he did not intend to seek justice for killing the injured imminent Supreme God. If the imminent Supreme God from the Soaring Divine Kingdom refused to back down, he naturally would not back down as well. After all, now that he was an intermediate Emperor of Gods, he was confident about defeating an imminent Supreme God.

Boom!

Just as Duan Ling Tian reached out for the prominent divine artifact with a complete artifact soul, the imminent Supreme God from the Soaring Divine Kingdom made a move. He flew over and punched his fist out. At the same time, his prominent divine artifact shone with a dazzling golden light just like the sun as it swept toward Duan Ling Tian.

Duan Ling Tian launched a seven-colored sword ray immediately, blocking the imminent Supreme God's attack as he grabbed the prominent divine artifact and put it away.

"Duan Ling Tian, do you have a death wish?" the old imminent Supreme God from the Soaring Divine Kingdom asked furiously. He cast his law of metal that shone as brightly as the sun and imbued it with his Divine Energy; his attack looked like the sun that could burn everything in its path.

“You showed disrespect first,” Duan Ling Tian said nonchalantly. At the same time, his seven-colored sword ray shot toward the old man again.

The two attacks seemed to be evenly matched when they collided.

The backlash from the collision forced Duan Ling Tian back a dozen steps while the old man was forced back 20 steps.

‘How can an intermediate Emperor of Gods be so powerful?’

The old man’s face flushed red as he looked at Duan Ling Tian and said angrily, “Duan Ling Tian, you stole my spatial ring and prominent divine artifact! Are you trying to provoke me?”

“Your spatial ring and prominent divine artifact?” Duan Ling Tian said with a scoff, “Old geezer, you know the truth. Stop yapping. Otherwise, I’ll make you pay with your life.”

Duan Ling Tian’s eyes shone with killing intent at the end of his words.

The old man’s expression changed drastically when he suddenly recalled that Duan Ling Tian was a rudimentary Emperor of Gods capable of killing advanced Emperors of Gods before they entered Destiny Canyon. Now that Duan Ling Tian was an intermediate Emperor of Gods, Duan Ling Tian was as strong as an imminent Supreme God. If Duan Ling Tian continued to grow stronger, it would be easy for him to kill an imminent Supreme God.

The old man scoffed. To preserve his image, he feigned calm despite shuddering in fear inwardly. Before turning into a streak of golden light and leaving, he said, “Duan Ling Tian, I won’t let this matter go!”

“I won’t let this matter go as well,” Duan Ling Tian said with a sneer as he watched the old man flee. He decided to kill the greedy old man after he stabilized his cultivation base.

There were rules in Destiny Canyon, and Duan Ling Tian had learned about them from Yun He before entering Destiny Canyon. One of the rules prohibited participants with the same strength from interfering with each other’s fights unless one of the parties involved requested help. It was only natural that the violation of this rule would breed enmity.

Duan Ling Tian felt that it was impossible for the imminent Supreme God to be unaware of the rule. The imminent Supreme God did not think twice about violating the rule because he thought that Duan Ling Tian was a pushover.

‘Perhaps, he didn’t expect my strength to be on par with his after I became an intermediate Emperor of Gods,’ Duan Ling Tian speculated inwardly.

...

Duan Ling Tian was right.

The expression of the old man, who was a mansion master in the Soaring Divine Kingdom, was unsightly as he fled.

‘I thought that he’d still be weaker than I am after becoming an intermediate Emperor of Gods. I didn’t expect his strength to be on par with mine! Once he stabilizes his cultivation base, he’ll definitely be stronger than me! It’ll be easy for him to kill me at that time. Damn it! I shouldn’t have been greedy!’ the old man thought to himself with a sigh, ‘I better report this matter to the Lord and resigned from my position as mansion master. I’ll go to the capital and serve as a guard for the royal family. With the Lord’s Decree, the Lord will be able to protect me in the Soaring Divine Kingdom. No matter how monstrously strong Duan Ling Tian becomes, he and the supreme-rank forces he joins won’t be able to lay a finger on me!’

With this thought in mind, the old man heaved a sigh of relief.

...

Duan Ling Tian was naturally unaware that the old man was terrified to the point where he decided to resign from his position as mansion master and serve under the Lord of the Soaring Diving Kingdom as a guard.

He continued on his journey to the heart of Destiny Canyon, gaining a lot of rewards on the way.

A few days later, he discovered that the inhabitants of Destiny Canyon seemed to have stopped their rampage and slowly disappeared. With this, it was not difficult for him to guess that he had arrived at the heart of Destiny Canyon.

‘I should find a place to settle down and absorb the energies I gained from the rewards. I have to stabilize my cultivation base as soon as I can. If I succeed, I’ll be able to kill imminent Supreme Gods...’

After the confrontation with the imminent Supreme Gods from the Soaring Divine Kingdom, Duan Ling Tian encountered a few more imminent Supreme Gods. Needless to say, they all tried to kill Duan Ling Tian but failed. Even so, he was rather frustrated because he was unable to kill those people that provoked him. All he could do was defend himself and prevent them from killing him.

...

When Duan Ling Tian entered closed-door cultivation, a commotion broke out among the participants in Destiny Canyon when they saw Duan Ling Tian’s points had surpassed those of Lang Chun Yuan by a few hundred points. He was now ranked first.

“How did Duan Ling Tian manage to accumulate so many points?”

“Lang Chun Yuan is comparable to an ordinary Supreme God so it wasn’t surprising that she was able to accumulate so many points. However, even if Duan Ling Tian is capable of killing advanced Emperors of Gods, he’s still now comparable to imminent Supreme Gods, right?”

“Is it possible that he had a breakthrough and became an intermediate Emperor of Gods?!”

“That’s possible!”

Many people were still unaware that Duan Ling Tian had become an intermediate Emperor of Gods. However, after he was ranked first in the individual ranking, many began to speculate that he had become an intermediate Emperor of Gods and was as strong as an imminent Supreme God.

As time passed, a few imminent Supreme Gods who ran into Duan Ling Tian also confirmed the speculation, shocking everyone.

“Duan Ling Tian just became an intermediate Emperor of Gods, but he already possesses the strength of an imminent Supreme God? He’s a monster!”

“A monster is an understatement! If you ask me, he’s truly heaven-defying!”

“I didn’t expect there to be a day where I’m afraid of an intermediate Emperor of Gods! I’m actually praying that I don’t run into him lest he kills me!”

...

While more and more participants arrived at the heart of Destiny Canyon as they discussed Duan Ling Tian, Lang Chun Yuan finally stopped fighting with the dark knight.

“You’re nothing special, and you’re no match for me. Alas, I can’t kill you. Otherwise, an intermediate Supreme God will appear after your death. I’m no match for an intermediate Supreme God now so... goodbye!” Lang Chun Yuan said as she abruptly stopped the fight. After bidding farewell to the dark knight, she quickly left and made her way to the heart of Destiny Canyon.

‘Although I can’t kill the other participants now, I can still help junior brother if he needs help. Just because I can’t kill them, it doesn’t mean that I can’t injure them...’

Lang Chun Yuan could have left Destiny Canyon and quit the Battle of the Divine Kingdoms after becoming a rudimentary Supreme God. However, she did not do so because she wanted to help Duan Ling Tian to become an intermediate Emperor of Gods.

To her surprise, when she arrived at the heart of Destiny Canyon, she learned that Duan Ling Tian had already become an intermediate Emperor of Gods. Then, when she checked the individual ranking, she was shocked again by Duan Ling Tian’s points.

‘Junior brother has surpassed me?’

‘Based on his points, he must have become an intermediate Emperor of Gods with all the rewards he received. How remarkable! His strength is now comparable to that of an imminent Supreme God. He’s even more talented than all of us! I believe even Eldest Senior Sister wasn’t as strong as junior brother when she was an intermediate Emperor of Gods! Eldest Senior Sister and Second Senior Brother will definitely like junior brother when they meet him!’

A warm and gentle smile blossomed on Lang Chun Yuan's face as she continued thinking to herself, 'I wonder when Eldest Senior Sister and Second Senior Brother will return from the Realm Battlefield...'

Chapter 4193: The Battle of the Divine Kingdom Is Coming to an End

The inhabitants of Destiny Canyon stopped rampaging as soon as all the participants arrived at the heart of Destiny Canyon. Apart from that, before the rampage ended, they would not attack those who were already in the heart of Destiny Canyon.

Since the heart of Destiny Canyon was small, the chances of the participants from the various Divine Kingdoms were rather high. As such, many of the weaker ones were killed.

The competition between the participants was intense in Destiny Canyon. They could only rely on themselves to obtain treasures and rewards. As such, they could not even trust those who came from the same Divine Kingdom. Although they would not gain points from killing those from the same Divine Kingdoms, they would still be rewarded.

Before the inhabitants of Destiny Canyon began to rampage, participants rarely killed each other. However, now that all of them were driven to the heart of Destiny Canyon, life-or-death fights were very common.

At this time, a group of advanced Emperors of Gods from the same Divine Kingdom gathered discreetly before they began to discuss the Earth Flaming Buddha Lotuses.

"Someone from the Fallen Heroes Divine Kingdom obtained an Earth Flaming Buddha Lotus. He's an imminent Supreme God."

"The prince of the Wind Chime Divine Kingdom, Feng Xiao Xiao, obtained an Earth Flaming Buddha Lotus as well!"

"It's not surprising that an imminent Supreme God from the Fallen Heroes Divine Kingdom obtained an Earth Flaming Buddha Lotus. However...However, Feng Xiao Xiao isn't an imminent Supreme God, right?"

One of them sighed before saying, “Feng Xiao Xiao hid his strength. I was there at that time when he snatched the Earth Flaming Buddha Lotus away. No one knew he was an imminent Supreme God. As such, when he approached the lotus, the imminent Supreme Gods, who were fighting at that time, did not pay attention to him at all. They assumed the advanced Emperors of Gods in the surroundings would be enough to stop him. When he finally revealed his strength and escaped with his law of wind, which he had comprehended to a high degree, it was already too late.”

A few of them were surprised upon hearing this.

“If that’s the case, Feng Xiao Xiao really hid his strength very well.”

“It’s definitely worth it for him to expose his strength in exchange for the Earth Flaming Buddha Lotus. It seems like the Wind Chime Divine Kingdom’s royal family will soon have two Supreme Gods...”

At this time, one of them suddenly exclaimed, drawing everyone’s attention, “Impossible?”

“What’s wrong?”

“Why are you so surprised?”

The other advanced Emperors of Gods were curious.

The advanced Emperor of Gods, who had exclaimed in shock, wore a strange expression on his face as he said, “Hey, look at the individual ranking. Feng Xiao Xiao’s name has disappeared from the list!”

The others’ eyes widened in surprise before they quickly checked the individual ranking.

One of them said, “Did you overlook his name? Feng Xiao Xiao is an imminent Supreme God. He comprehended the law of wind as well. Except for that demonic girl, it’s unlikely that the others can kill him, right?”

“That’s right. Even so, it shouldn’t be a problem for him to escape from that demonic girl!”

After checking the list again, the group of advanced Emperors of Gods confirmed that Feng Xiao Xiao's name had indeed vanished from the individual ranking, indicating that Feng Xiao Xiao was dead.

...

At the same time, members of the Wind Chime Divine Kingdom also discovered Feng Xiao Xiao's absence on the individual ranking. Their expressions changed immediately.

"The prince is dead?"

"Who killed him?"

"Apart from Lang Chu Yuan from the Jade Bow Divine Kingdom, no one should be capable of killing him..."

"Unless a few imminent join forces, it's impossible for anyone else to kill him..."

...

Apart from the people of the Wind Chime Divine Kingdom, everyone else was shocked when they found Feng Xiao Xiao, who had obtained the Earth Flaming Buddha Lotus, had died. Many of them began to speculate among themselves. They wondered if Feng Xiao Xiao died before or after he had consumed the Earth Flaming Buddha Lotus. They thought that it would be a waste and a pity if he had died after consuming the Earth Flaming Buddha Lotus. After all, if he did not die, he would surely become a Supreme God.

It did not take long before everyone stopped discussing Feng Xiao Xiao and shifted their attention to other matters. Many of them began to discuss Lang Chun Yuan, the advanced Emperor of Gods representing the Jade Bow Divine Kingdom who had strength comparable to a rudimentary Supreme God.

"I witnessed Lang Chun Yuan killing about 30 advanced Emperors of Gods when they surrounded her. I didn't stay until the end, but I saw her cast a Formation to trap the advanced Emperors of Gods before killing them."

“Lang Chun Yuan is a monster! She’s everyone’s nightmare!”

“I pray that we won’t run into her!”

“Perhaps, she has already become a rudimentary Supreme God? If that’s the case, she won’t be able to kill us anymore!”

“You’re right. Participants who become rudimentary Supreme Gods in Destiny Canyon are prohibited from killing other participants who are still Emperors of Gods...”

It did not take long again before the topic switched to Duan Ling Tian.

“By the way, Duan Ling Tian, the rudimentary Emperor of Gods from the Righteous Divine Kingdom, is also very terrifying! I saw him kill two advanced Emperors of Gods in a row!”

“I heard about his heaven-defying strength as a rudimentary Emperor of Gods...”

“Ha! Did all of you just come out from closed-door cultivation?”

“That’s right. What’s wrong? Don’t tell me Duan Ling Tian has become an intermediate Emperor of Gods?”

“Yes. Duan Ling Tian is on par with an imminent Supreme God now that he has become an intermediate Emperor of Gods. After arriving at the heart of Destiny Canyon, he killed many people. He’s now ranked first in the individual ranking. Didn’t any of you check the ranking?”

“Heavens! He’s really ranked first! What a monster!”

“He’s as monstrous as Lang Chun Yuan!”

“No wonder those supreme-rank forces were scrambling to recruit him! If nothing goes wrong, Duan Ling Tian and Lang Chun Yuan will definitely join those supreme-rank forces after leaving Destiny Canyon!”

...

While the participants fought and killed in Destiny Canyon, the 30 Lords of the Divine Kingdoms waited calmly, unaware of what was happening in the canyon. Not only were they unable to see what was happening in Destiny Canyon, but they were also unable to see the individual ranking and the Divine Kingdom ranking. They would only know the results after the Battle of the Divine Kingdoms ended. When the battle ended, a mirror image displaying the individual ranking and the Divine Kingdom would appear in the sky above Destiny Canyon.

Some of them sat cross-legged with their eyes closed as they waited. It was difficult to tell if they were cultivating or resting.

In any case, based on their past experiences, they knew the Battle of the Divine Kingdoms should be ending soon.

...

Time in the Trial of Gods flowed at the same speed as the real world. In just a blink of an eye, a year had passed.

The Myriad Laws Academy seemed normal, but almost everyone was paying attention to the situation in the Trial of Gods. They were curious about the progress those who entered the Trial of Gods had made so far. Over the past year, many Soul Pearls of those who entered the Trial of Gods had shattered, indicating their deaths.

In the independent realm of the Myriad Laws Academy's Inner Palace faction.

A young man sat alone in front of a stone table as he drank wine.

'In just a blink of an eye, Fourth Junior Sister and junior brother have already been in the Trial of Gods for a year. It feels strange that Fourth Junior Sister isn't around. I wonder if she'll become a Supreme God. She should be able to break through if nothing unexpected happens. Similarly, junior brother should be able to break through as well...'

...

In the Trial of Gods.

Back in the Southern Heaven Continent's Destiny Canyon.

Swoosh!

A young girl appeared at the core of the heart of Destiny Canyon. It was the deadliest place in the canyon because the core was guarded by nine terrifying demon beasts on par with imminent Supreme Gods. Even then, these demon beasts might not be a match for imminent Supreme Gods since they did not possess prominent divine artifacts with complete artifact souls. However, if the nine demon beasts joined forces and formed a Blood Formation, even dozens of imminent Supreme Gods would not be a match for them. At this time, the nine demon beats had already killed a few imminent Supreme Gods.

Many people did not dare to come to this place, but the young girl did not seem worried at all.

'I can't kill the participants, but I can kill the inhabitants of the canyon. Rumor has it that the nine demon beasts are stronger than ordinary rudimentary Supreme Gods once they join forces and form a Blood Formation. I wonder if they're stronger than that dark knight. That dark knight is too weak. I could kill him within three moves. I hope the nine demon beasts won't disappoint me. Otherwise, I'll bring junior brother here and sacrifice them as a gift to him!'

Chapter 4194: Moving Forth Unrivaled

The core region of the heart of Destiny Canyon was like a forbidden land to the participants from the various Divine Kingdoms.

However, at this moment, a fierce battle was taking place in the core of the heart of Destiny Canyon. A young girl was battling nine demon beasts alone.

Some of the demon beasts had enormous wings, and some were as big as mountains. There was even a python that was 1,000 meters in length. Each of the nine demon beasts had strength comparable to imminent Supreme Gods, and when they joined forces and formed the Blood Formation, they could even kill rudimentary Supreme Gods.

Boom! Boom! Boom!

“Not bad, not bad. The nine of you are much stronger than that dark knight!”

At this time, Divine Energy surged from her body. Her Divine Energy had changed subtly; it was stronger now.

“The fortuitous encounter I had in the past helped me to completely stabilize my cultivation base when I was an advanced Emperor of Gods. However, it’s different this time. After becoming a rudimentary Supreme God, although my cultivation base has stabilized for the most part, it’s not completely stabilized. I didn’t expect that fighting with the nine of you will help me to further stabilize my cultivation base! Come! Don’t hold back now!”

Although the young girl possessed a petite figure, she seemed to possess godly strength as she fought the demon beasts, shaking the earth and overturning heaven.

...

At the same time, people outside of the core of the heart of Destiny Canyon heard the commotion, but no one dared to venture into the core to have a look. After all, it would be tantamount to looking for trouble.

“What’s happening?”

“Is someone fighting in there?”

“I can sense the nine demon beasts’ auras. Who in heaven can fight them for so long?”

In the end, they only tried to take a look from the distance before they hurriedly left.

...

At this time, the inhabitants of Destiny Canyon had stopped rampaging, and the participants from the various Divine Kingdoms had also arrived at the heart of Destiny Canyon, which indicated the end of the Battle of the Divine Kingdoms was drawing near. There was not much time left.

“For the remaining time here, it’s best for me to search for treasures and fortuitous encounters. Even if my luck isn’t particularly good, I should still be able to kill a few inhabitants of the canyon or participants from the other Divine Kingdoms.”

“There’s no need to provoke that girl, Lang Chun Yuan. If I encounter her, I should run. I’ll be out of luck if she chases after me...”

“It’s the same for the other monster from the Righteous Divine Kingdom, Duan Ling Tian. I’ll try my best not to provoke him as well.”

There were quite a few imminent Supreme Gods who were unwilling to provoke Duan Ling Tian. After all, Duan Ling Tian was just a new intermediate Emperor of Gods, but he already possessed the strength of an imminent Supreme God. Even if he could not defeat them now, the same could not be said for the future. He was young, and his future was boundless. If they provoked or offended him, they would only be creating trouble for themselves in the future.

As for Lang Chun Yuan who represented the Jade Bow Divine Kingdom, not only were they unwilling to provoke her or offend her, but they even prayed fervently that they would not run into her. Most of them thought that it was likely that she had already become a rudimentary Supreme God at this time. Even if she had not become one, she still possessed the strength of one, and killing them would be as easy as killing chickens.

...

Duan Ling Tian was unaware of the commotion in the heart of Destiny Canyon. At this moment, he was immersed in absorbing the energies from the rewards he received to stabilize his cultivation base. He only opened his eyes when he finally stabilized his cultivation base.

“My strength has improved significantly. With this, ordinary imminent Supreme Gods are no longer a match for me...”

Duan Ling Tian rose to his feet with a smile on his face. However, his eyes glinted coldly as the figure of an old man appeared in his mind. He muttered to himself, “If I meet that old geezer before leaving the canyon, I’ll definitely kill him!”

Duan Ling Tian was aware that it would be rather difficult for him to kill the old man after leaving Destiny Canyon. After all, there was no doubt that the Soaring Divine Kingdom would protect the old man.

‘I wonder how many days we have left here? It shouldn’t be long before we’re transported out of the canyon. I should try to gain as much as I can during this time...’

With this thought in mind, Duan Ling Tian flew out. He did not bother to conceal his presence at all as he did so. In his opinion, the only person in Destiny Canyon who could suppress him now was his Fourth Senior Sister, Lang Chun Yuan. After all, even if there was an extraordinary imminent Supreme God among the others, it would be easy for him to escape even if he could defeat the other party. No matter how strong imminent Supreme Gods were, they were still advanced Supreme Gods after all. It would be a different story if his opponent was a rudimentary Supreme God. The realm difference alone would give the other party a huge advantage.

Soon after, six people saw Duan Ling Tian flying past them. They looked at him with predatory expressions on their faces.

“It’s Duan Ling Tian!”

“We have an imminent Supreme God with us, and we have numbers on our side. On the contrary, he’s alone. Why don’t we make a move on him?”

“Alright.”

The six advanced Emperors of Gods approached Duan Ling Tian and surrounded him.

Duan Ling Tian was stunned upon seeing this. ‘They actually took the initiative to send themselves to me... Do they have the confidence to kill me?’

The six advanced Emperors of Gods, one of which was an imminent Supreme God, did not waste words and attacked immediately, making their intentions to kill Duan Ling Tian very clear.

One of the advanced Emperors of Gods who comprehended the law of space quickly sealed the space to prevent Duan Ling Tian from escaping.

Duan Ling Tian raised an eyebrow and said, “Very well. Let me test your strength.”

Following that, the space around Duan Ling Tian began to shake before seven-colored sword rays shot out and formed a spherical defensive barrier around him. Then, he wielded his sword and stabbed at the imminent Supreme God.

Boom! Boom! Boom! Boom! Boom!

At this time, the attacks of five advanced Emperors of Gods shot over but were easily deflected by Duan Ling Tian's seven-colored barrier.

The strength of Huang'er, the sword soul of the Seven Orifices Exquisite Sword, had also improved significantly after Duan Ling Tian's breakthrough. She defended Duan Ling Tian with all her might, and the attacks of the five advanced Emperors of Gods were unable to touch Duan Ling Tian at all.

"How's this possible?!"

The expressions of the five advanced Emperors of Gods changed drastically and their eyes widened in shock upon seeing this.

At the same time, Duan Ling Tian met the attack of the sixth advanced Emperor of Gods, an imminent Supreme God.

The imminent Supreme God comprehended the law of water. He brandished the sword in his hand before waves appeared in the sky and formed a blue sword ray that shot toward Duan Ling Tian.

Red light gleamed on the surface of the imminent Supreme God's sword, which was the artifact soul of the sword. Apart from that, dark mist swirled around the blade of the sword, making it look like a demonic weapon. The void around the sword began to ripple as the imminent Supreme God seamlessly imbued his sword with the law of water.

Swoosh!

The sword ray flew toward the seven-colored sword ray from the Seven Orifices Exquisite Sword. When they collided, they were stuck in a stalemate for a few breaths before they exploded.

Terrifying shockwaves swept out, causing the space to distort and tear.

At the same time, the other five advanced Emperors of Gods stood rather close to Duan Ling Tian since they had just attacked Duan Ling Tian. As such, they did not have time to react before they were struck by the shockwaves. Although they quickly resisted, they were still sent flying. One after another they spat out blood.

Among the six people, only the imminent Supreme God was unaffected. However, his expression at this moment was incredibly grim. At the same time, his heart shook as he thought to himself, 'How is Duan Ling Tian so strong? He easily defended against the other five and held his ground with me!'

Following that, the imminent Supreme God's expression changed when he recalled something.

'No! Earlier, his sword soul was defending him and didn't take part in the attacks...'

The imminent Supreme God knew very well what this meant. It meant that once Duan Ling Tian's sword soul joined in the attack, Duan Ling Tian would be able to easily destroy his attack. Moreover, he was intent on killing Duan Ling Tian earlier so he did not hold back when he attacked earlier.

'I'm no match for him!'

As soon as this thought appeared in the imminent Supreme God's mind, the sound of a sword cry pulled him back to his senses. Following that, he saw a seven-colored sword ray flying out before killing his five comrades from the same Divine Kingdom.

'Run!'

The imminent Supreme God's heart raced in his chest as he turned around and ran away without any hesitation. Waves appeared beneath his feet, carrying him away. Alas, he soon saw a purple figure standing in his path. He instinctively turned to change directions, but he discovered that the space had been sealed. He could only give up on escaping to attack the sealed space. This was the only choice he had at the moment. He was still rational enough to know that fighting Duan Ling Tian would only increase the chances of him dying.

"You're too weak," Duan Ling Tian said with a sigh before he flew closer to the sealed space. Then, he waved his hand, sending the Seven Orifices Exquisite Sword and Huang'er into the sealed space.

In just two breaths, Duan Ling Tian killed the imminent Supreme God.

‘I’m quite lucky,’ Duan Ling Tian thought to himself after he received the rewards and continued on his journey.

...

It did not take long before news of Duan Ling Tian’s terrifying strength began to spread again.

“The Righteous Divine Kingdom’s Duan Ling Tian has already stabilized his cultivation base in the realm of an intermediate Emperor of Gods?! He’s almost invincible now, slaughtering all the imminent Supreme Gods he encountered as though they were chickens!”

Chapter 4195: Enemies Crossing Paths

News of Duan Ling Tian, a rudimentary Emperor of Gods who had become an intermediate Emperor of Gods in Destiny Canyon, becoming almost invincible after stabilizing his cultivation base spread quickly.

“It seems like the Jade Bow Divine Kingdom’s Lang Chun Yuan is the only one who can defeat him...”

“That’s only natural. To begin with, she already possesses the strength of a rudimentary Supreme God. There’s even a high chance that she’s already broken through and become a rudimentary Supreme God.”

“If she has already become a rudimentary Supreme God, it means that she can no longer kill the participants in Destiny Canyon. However, that doesn’t mean she can’t injure the participants...”

“If I have Lang Chun Yuan’s help, there won’t be a need for me to fear Duan Ling Tian!”

...

Similar to the others from the various Divine Kingdoms, the participants from the Righteous Divine Kingdom were shocked when they heard about Duan Ling Tian's strength.

“Not only did Duan Ling Tian become an intermediate Emperor of Gods, but he has also stabilized his cultivation base? Is this a joke? How did he do it?!”

“Duan Ling Tian broke through so soon? Most importantly, he's now stronger than an imminent Supreme God?”

“This is really shocking. Before entering Destiny Canyon, he can't even compare to imminent Supreme Gods. To think that he's now stronger than imminent Supreme Gods!”

Yun He, who was the most familiar with Duan Ling Tian among the people from the Righteous Divine Kingdom, was also in shock and disbelief.

‘Duan Ling Tian has grown so strong?’

Yun He had met Duan Ling Tian during the competition to select the interim Mansion Master of the Divine Spirit Mansion and had witnessed Duan Ling Tian's progress since then. Despite Duan Ling Tian's talent, he knew that Duan Ling Tian was weaker than him when they entered Destiny Canyon. After all, his strength was almost that of an imminent Supreme God. He really did not expect that after entering Destiny Canyon, Duan Ling Tian's strength would surpass his so quickly.

‘Is the news reliable?’ Yun He wondered inwardly, feeling skeptical. However, his doubts were immediately dispelled when he checked the individual ranking list.

Suddenly...

“Yun He!”

A figure flew over and appeared in front of Yun He in just a blink of an eye.

Yun He's expression darkened immediately. He said, “Wang Chun Yi, why are you following me? We've fought twice since we entered the canyon. There's nothing you can do to change things!”

Wang Chun Yi was an advanced Emperor of Gods from the Sedge Mountain Divine Kingdom who was on par with Yun He. After entering Destiny Canyon, the duo crossed paths and fought, but the fight ended in a tie.

After arriving at the heart of Destiny Canyon, the duo met again. This time, the both of them were confident about the improvements in their strengths and were certain they could break the tie. Alas, when they fought again, the fight ended in a tie again.

The duo's second fight took place only a few days ago. As such, Yun He did not think that Wang Chun Yi's strength could have improved enough to break the tie. He said, "Wang Chun Yi, why don't you stop wasting time and look for fortuitous encounters or treasures instead?"

Wang Chun Yi smiled before he said, "Your words are not wrong if... I came alone..."

Yun He's eyes widened and his expression changed as soon as he heard Wang Chun Yi's words.

In the next moment, an advanced Emperor of Gods who comprehended the law of space appeared behind Yun He silently.

"Hu Bo!" Yun He's heart sank immediately.

Hu Bo was also from the Sedge Mountain Divine Kingdom. He was Wang Chun Yi's junior brother and was on par with Wang Chun Yi.

Yun He was aware of Hu Bo's strength. Hence, he knew that he did not stand a chance if Wang Chun Yi and Hu Bo were to join forces.

'I have to run!'

Yun He did not hesitate and tried to escape. Alas, he found that he was trapped by a powerful force.

'The Restraining Profundity!'

Yun He struggled to break free of the Restraining Profundity. In the past, he had heard that Duan Ling Tian had also used the Restraining Profundity from the law of space to prevent his targets from

escaping. None of Duan Ling Tian's targets escaped, and they were all killed by Duan Ling Tian in the end.

Yun He did not expect that he would face another person who used the same technique today.

At this time, Hu Bo and Wang Chun Yi joined forces and attacked simultaneously, severely injuring Yun He's internal organs.

"Hu Bo, do you think you can kill me using the Restraining Profundity? Do you think you're Duan Ling Tian?" Yun He said with a sneer. Following that, he flashed and vanished from his spot.

Yun He's face was as pale as paper as he fled for his life. He did not stop moving even as he threw up blood.

Upon seeing this, Wang Chun Yi said frostily before he chased after Yun He, "Get him! He can't escape from us!"

Hu Bo did not hesitate and followed suit.

...

In another part of the heart of Destiny Canyon.

An old man flew in the air with a dark expression on his face.

'Damn it! I can't believe that Duan Ling Tian managed to stabilize his cultivation base so quickly in the canyon! Greed made me provoke a monster. I shouldn't have interfered back then...'

The old man was none other than the imminent Supreme God who was a mansion master from the Soaring Divine Kingdom. Previously, he had interfered and tried to take advantage of the situation while Duan Ling Tian was in the midst of killing two people.

Back then, the old man was able to escape since Duan Ling Tian was still not strong enough to kill an imminent Supreme God. Nonetheless, he regretted his actions immediately. He knew then that Duan Ling Tian could kill him as soon as Duan Ling Tian stabilized his cultivation base. As such,

he planned to resign from his position as mansion master to serve as a guard for the royal family of the Soaring Divine Kingdom, hoping to obtain the protection of the Lord of the Soaring Divine Kingdom. However, he really did not expect Duan Ling Tian to stabilize his cultivation base so quickly.

‘I can’t leave Destiny Canyon ahead of time unless I become a Supreme God... The only thing I can do now is to find a good place to hide. I only need to hide for a short time since we’ll be transported out of the canyon soon... Duan Ling Tian comprehends the law of space. He’s fast, and he can use the Restraining Profundity. I won’t have a chance to escape at all if I run into him!’ the old man thought to himself, feeling panicked. There was nothing he wanted more than to leave Destiny Canyon now. Alas, he could only try to find a good place to hide for now. His chances of survival would rise greatly as long as he was able to leave Destiny Canyon.

Swoosh!

After half a day, the old man spotted a mountain forest in the distance. His eyes brightened immediately.

“That forest there is a good hiding place. Duan Ling Tian won’t be able to find me if I hide there. Ha! Duan Ling Tian, so what if you’ve stabilized your cultivation base and have become stronger than me? There’s nothing you can do to me if you can’t find me! Once I leave Destiny Canyon, you won’t be able to lay a finger on me as well!” the old man muttered with a smug expression on his face.

...

At the same time, the purple-clad Duan Ling Tian flew past a mountain forest to a barren land.

‘There’s such vast barren land in the heart of Destiny Canyon?’ Duan Ling Tian looked at the seemingly endlessly barren land in surprise.

“I don’t think there’s anyone in such a desolate place... It’s not an ideal hiding place, after all,” Duan Ling Tian muttered to himself.

Just as his voice fell, Duan Ling Tian sensed someone’s presence in the distance. He raised an eyebrow when he sensed the other party heading in his direction.

‘Someone actually came to this place? He or she is unlucky to encounter me in this desolate place...’

Subsequently, Duan Ling Tian cast the Double Teleportation Profundity and appeared in front of the other person in just a blink of an eye. When he saw the other person, he was stunned. “It’s you?”

The old man’s expression changed drastically when he saw Duan Ling Tian. His eyes widened in shock and disbelief as he stammered, “I-Impossible! H-how is it possible that you’re here as well?”

The old man reacted quickly and turned to flee without any hesitation.

At the same time, Duan Ling Tian made his move. He mobilized his Divine Energy through his 99 Heavenly Veins and cast the Restraining Profundity.

The old man’s expression changed again when he realized he was trapped. He quickly brought his prominent divine artifact with a complete artifact soul out and attacked the barrier. Needless to say, it was futile. His attacks barely scratched the surface of the barrier.

Duan Ling Tian crossed his arms before he said with a sneer, “What a coincidence. We meet again. I didn’t expect to meet you again so soon... You won’t be able to escape this time.”

Chapter 4196: It’s Just a Prank

“Duan Ling Tian...”

Finally, the imminent Supreme God from the Soaring Divine Kingdom stopped his attempt to break free of the Restraining Profundity. He knew his actions were futile.

The old man was keenly aware that his life was at the mercy of the purple-clad young man in front of him. Hence, he did not hesitate to plead for his life. At the same time, he regretted provoking Duan Ling Tian again.

“I apologize for my previous actions! I’ll make it up to you! I’ll help you kill an advanced Emperor of Gods! If that’s not enough, how about two... or three? Apart from that, I’ll owe you a favor as well! If you need my help in the future, I definitely won’t refuse you! I’ll do my best to return the favor!”

Duan Ling Tian looked at the old man indifferently, ignoring the old man's pleas. "Do you think I need your help with killing advanced Emperors of Gods? I really didn't expect that I'll meet you again so soon. It seems like our encounter is destined. Not only that, but your death is also destined. Die."

Duan Ling Tian's eyes glinted coldly as he made a move.

The old man quickly defended himself, but alas, he was no match for Duan Ling Tian at all. Unsurprisingly, he was killed in just a blink of an eye.

Swoosh!

A beam of light shone down on Duan Ling Tian after he killed the old man.

Following that, Duan Ling Tian continued to wander the heart of Destiny Canyon. There was not much time left before the Battle of the Divine Kingdoms would end. He wanted to make full use of his remaining time in the canyon, hoping to obtain as many rewards as possible.

To return the favor to Zhu Ying Jun, the Lord of the Righteous Divine Kingdom, and Yun He, Duan Ling Tian decided not to kill the people from the Righteous Divine Kingdom. He naturally did not have such considerations for the participants from the other Divine Kingdoms. This was a place where the strong preyed on the weak, after all.

Duan Ling Tian did not explore the barren land. Instead, he flew in another direction, a place parallel to the barren land that he had yet to explore. Soon after, he saw a man being chased by another two men.

'Brother Yun He?'

It did not take long for Duan Ling Tian to identify the man being chased as Yun He, the right-hand man of Zhu Ying Jun. Yun He was the one who brought him to the capital of the Righteous Divine Kingdom.

Duan Ling Tian had no impression of the two men chasing Yun He at all and quickly deduced that the duo must be from another Divine Kingdom.

Yun He looked terrible as he struggled desperately to escape. He could tell the two men were quickly catching up to him, and he knew that it would be over for him once the two men caught up to him.

The two men from the Sedge Mountain Divine Kingdom smiled contemptuously when they saw how helpless Yun He was.

“Yun He, you can’t escape from us!”

“Yun He, you’ll die today.”

The duo mocked Yun He, certain that they would be able to kill Yun He.

‘I didn’t expect to die here...’ Yun He thought to himself as he sank into despair, ‘At least I didn’t meet in vain. I managed to meet a monstrous talent like Brother Ling Tian in my life. It’s a pity I don’t have a chance to meet him again before I die...’

However, Yun He’s eyes soon widened in disbelief when he saw the purple-clad figure standing in the distance looking at him. Then, a wry smile appeared on his face as he thought to himself, ‘To think that I’m hallucinating before my death.’

Yun He was still very confident that he was hallucinating when he discovered Wang Chun Yi and Hu Bo seemed to have frozen up.

“D-Duan Ling Tian...”

The duo looked at Duan Ling Tian in shock. They did not expect to run into Duan Ling Tian. They had also heard the rumor of Duan Ling Tian stabilizing his cultivation base in the realm of an intermediate Emperor of Gods. Most importantly, they also heard that Duan Ling Tian was now stronger than imminent Supreme Gods.

The duo looked at each other before they exclaimed in unison, “Run!”

The duo cursed inwardly as they turned hastily and ran away.

‘Damn it! Why is Duan Ling Tian here?’

‘Communication Jades are useless in Destiny Canyon, right?’

‘How lucky is Yun He for Duan Ling Tian to show up here?’

At this time, Hu Bo, who comprehended the law of space, tried to cast the Teleportation Profundity. He soon discovered that the space had been disrupted and that he could not teleport away.

Hu Bo and Wang Chun Yi’s expressions changed drastically as they struggled in futility to break free.

At the same time, Duan Ling Tian walked over and said to Yun He teasingly, “Brother Yun He, you don’t look too good...”

Yun He naturally felt embarrassed. However, he quickly recovered and said seriously, “Brother Ling Tian, don’t let them escape. They’re advanced Emperors of Gods. You’ll receive double rewards by killing them.”

“Rest assured, Brother Yun He. They won’t be able to escape from me,” Duan Ling Tian said before he glanced at the duo who was still struggling to break free of the Restraining Profundity.

Yun He followed the line of Duan Ling Tian’s sight and saw the duo attacking the space around them. No matter how hard they attacked, the space did not even ripple.

Who knew how many times the duo had attacked before faint ripples finally appeared? Even then, Duan Ling Tian casually strengthened the barrier with his Divine Energy, and the faint ripples faded away immediately.

The desperate duo finally gave up on attacking the barrier.

Wang Chun Yi inhaled deeply before he turned to look at Yun He and said with a smile, “Yun He, do you really think we were trying to kill you? It was just a prank! We would’ve caught you in an instant if we didn’t intentionally hold back earlier...”

Wang Chun Yi did not hesitate to lie to save his life, trying to convince Yun He that it was just a prank.

Hu Bo quickly recovered his senses and chimed in, “That’s right. Yun He, it was just a prank. Don’t take it so seriously.”

Yun He scoffed. “A prank? Do you think I’m a fool? Or do you think Brother Ling Tian is a fool?”

Duan Ling Tian had no interest in the trio’s exchange at all. In his eyes, the duo was like walking double rewards. After a moment, he asked with a smile, “Brother Yun He, do you have any last words for them?”

Yun He shook his head slightly upon hearing Duan Ling Tian’s words.

Wang Chun Yi and Hu Bo’s expressions changed immediately upon hearing Duan Ling Tian’s ominous words.

Wang Chun Yi fell to his knees immediately and began to kowtow to Duan Ling Tian as he pleaded for his life.

At the same time, Hu Bo claimed that he found a secret realm in the heart of Destiny Canyon. He said that he failed to open the secret realm and that only imminent Supreme Gods could open the secret realm. Unsurprisingly, he said that he would lead Duan Ling Tian to the secret realm if Duan Ling Tian spared his life.

Alas, the duo did obtain the result they had hoped for.

In just a blink of an eye, Duan Ling Tian killed the duo without batting an eyelid. His robes fluttered in the wind as he stood in the air. He looked like a cold immortal, indifferent to the life and death of all living things.

Yun He could not help but gasp as he watched the scene in front of him. He did not expect Duan Ling Tian’s strength to improve to this extent after becoming an intermediate Emperor of Gods and stabilizing his cultivation base in Destiny Canyon.

‘Before entering the canyon, Brother Ling Tian has already said he would break through and stabilize his cultivation base. However, no one believed him at that time!’

Yun He suddenly recalled that Duan Ling Tian had confidently told the people from the supreme-rank force who came to recruit him that he would be able to break through and stabilize his cultivation base in Destiny Canyon. At that time, everyone did not believe him and many even thought that he was just boasting.

‘I wonder how those people from the supreme-rank force will react after Brother Ling Tian leaves Destiny Canyon? They’ll have to fulfill their promises to him and help him become an advanced Emperor of Gods if they want him to join their force.’

Soon after, Yun He’s eyes widened as another thought appeared in his mind. He looked at Duan Ling Tian and thought to himself, ‘This... Does this mean that Brother Ling Tian is confident about becoming an advanced Emperor of Gods soon?’

At this time, Duan Ling Tian looked at Yun He and said, “Brother Yun He, I think you should find a safe place and hide now that everyone has arrived at the heart of Destiny Canyon.”

Chapter 4197: Three Rudimentary Supreme Gods

Yun He was not offended that Duan Ling Tian suggested that he hid until the end of the Battle of the Divine Kingdoms. On the contrary, he was moved by Duan Ling Tian’s concern for his safety. He did not even think about following Duan Ling Tian or asking for Duan Ling Tian’s protection. Although they were somewhat familiar with each other, he was reluctant to take advantage of Duan Ling Tian.

Yun He recalled something at this moment, and his expression turned solemn as he said, “Brother Ling Tian, based on your current strength, not many people are a match for you in Destiny Canyon. However, please be cautious even if you’re now ranked first in the individual ranking. The ranking doesn’t reflect one’s strength. You’re definitely among the three strongest participants, but Lang Chun Yuan from the Jade Bow Divine Kingdom is undoubtedly the strongest among all the participants. She hasn’t even become a rudimentary Supreme God, but she previously killed about 30 advanced Emperors of Gods and a few imminent Supreme Gods before obtaining the Earth Flaming Buddha Lotus. In my opinion, it’s likely that she has now become a rudimentary Supreme God. Even if she hasn’t, I’m afraid she’s still stronger than you, Brother Ling Tian.”

In Yun He's opinion, Duan Ling Tian was no match for Lang Chun Yuan now unless Duan Ling Tian became an advanced Emperor of Gods. He believed that Duan Ling Tian would be capable of killing rudimentary Supreme Gods once Duan Ling Tian became an advanced Emperor of Gods.

"Brother Yun He, thank you for your kind reminder," Duan Ling Tian said.

Yun He was naturally unaware that Lang Chun Yuan was Duan Ling Tian's Fourth Senior Sister. As such, he was also unaware that Lang Chun Yuan was no threat to Duan Ling Tian no matter how strong she was.

After bidding farewell to Yun He, Duan Ling Tian continued to wander the heart of Destiny Canyon and killed almost everyone he encountered. The only exceptions were the people from the Righteous Divine Kingdom.

Many people from the Righteous Divine Kingdom who witnessed Duan Ling Tian's strength were shocked. At the same time, they were grateful that he did not make a move on them due to them representing the same Divine Kingdom.

"Duan Ling Tian has become so strong!"

"He's a monster!"

"He was not this strong during the banquet!"

...

At the same time, when the other participants checked the individual ranking, they were shocked when they discovered that he had accumulated more than 10,000 points. As a result of his massive contribution, the Righteous Divine Kingdom was also ranked first in the Divine Kingdom ranking.

However, the Jade Bow Divine Kingdom, which was now ranked second, was only 2,000 points behind the Righteous Divine Kingdom. This was because Lang Chun Yuan was also 2,000 points behind Duan Ling Tian.

"Duan Ling Tian has accumulated more than 10,000 points!"

“Not only did he break the previous record, but his record is far above the previous record!”

“No wonder the supreme-rank forces are so eager to recruit Duan Ling Tian and Lang Chun Yuan. They’re extraordinary!”

“Previously, I felt rather dissatisfied that I wasn’t recruited by the supreme-rank forces, but now I understand why...”

“They’re truly monsters...”

Since no one was aware that Duan Ling Tian and Lang Chun Yuan were from the same force, they naturally did not think that the duo was familiar with each other. Moreover, there were even some people who anticipated a fierce fight between the duo.

“The huge commotion from the core of the heart of Destiny Canyon has yet to stop. There are rumors that Lang Chun Yuan has become a rudimentary Supreme God and that she’s there fighting the nine demon beasts.”

“Even a rudimentary Supreme God might not be a match for the nine demon beasts if the nine demon beasts join forces...”

“Some people tried to challenge the nine demon beasts in the past. Alas, they couldn’t even hurt the nine demon beasts. Perhaps, they would stand a chance if all of them consume an Earth Flaming Buddha Lotus and become a rudimentary Supreme God in the canyon before they join forces to fight the nine demon beasts.”

Duan Ling Tian overheard the conversation of the group of advanced Emperors of Gods when he appeared. Before killing them, he learned that Lang Chun Yuan might be in the core of the heart of Destiny Canyon, fighting the nine demon beasts.

‘The nine demon beasts’ Blood Formation makes them stronger than an ordinary rudimentary Supreme God?’ Duan Ling Tian thought to himself with a grim expression. He knew he was no match for the nine demon beasts. Moreover, if any one of the nine demon beasts comprehended the law of space, he would certainly die since he would not even be able to escape.

‘I should go and take a look. If Fourth Senior Sister is really fighting the nine demon beasts, perhaps, I can help her if she needs it.’

With this thought in mind, Duan Ling Tian made his way to the core of the heart of Destiny Canyon, which was quite a distance away from his current location.

...

In a valley near the core of the heart of Destiny Canyon.

An explosion rang in the air as a cave in the valley collapsed.

A figure hovered in the sky as a translucent figure about 10 meters was slowly taking form.

“I, He Yu Lin, have finally become a Supreme God!”

The figure belonged to a tall and aloof young man. The hem of his black robe fluttered in the air although there was no wind. He was an imminent Supreme God until he managed to obtain an Earth Flaming Buddha Lotus. After consuming the lotus and entering closed-door cultivation, he successfully broke through into the realm of a rudimentary Supreme God. Now that he became a rudimentary Supreme God, he could no longer kill the other participants and could only kill the inhabitants of Destiny Canyon.

“I shouldn’t leave yet...”

Although He Yu Lin was free to leave Destiny Canyon, he chose to stay after becoming a rudimentary Supreme God. He could still gain rewards from killing the inhabitants of Destiny Canyon, after all.

“Alas, I’m still no match for the nine demon beasts in the core of the heart of Destiny Canyon once they join forces,” He Yu Lin muttered as his eyes glinted, “I wonder if there’s anyone who has become rudimentary Supreme Gods in the core. Perhaps, we can join forces to deal with the nine demon beasts. It’s said that the nine demon beasts are the ultimate test in the Battle of the Divine Kingdoms. Although killing them won’t give us many points, we’ll receive a handsome reward from the God of Creation...”

He Yu Lin's eyes brightened even more at the end of his words.

“Alright, let's head to the core of the heart of Destiny Canyon!”

...

At the same time, there were another two rudimentary Supreme Gods who were also making their way to the core of the heart of Destiny Canyon as well. Clearly, they shared the same thoughts as He Yu Lin.

Similar to He Yu Lin, they had also become rudimentary Supreme Gods after consuming the Earth Flaming Buddha Lotus. The fact they successfully obtained the Earth Flaming Buddha Lotus showed how strong they were.

If they had failed to break through and become rudimentary Supreme Gods, after being advanced Emperors of Gods for so long, their upcoming Heavenly Tribulation would have been deadly.

...

While the three new rudimentary Supreme Gods were making their way to the core of the heart of Destiny Canyon, another person who obtained an Earth Flaming Buddha Lotus as well was in the midst of trying to break through into the realm of a rudimentary Supreme God.

Each time the Destiny Canyon opened, six Earth Flaming Buddha Lotuses would appear. This time, among the six participants who obtained the lotuses, three, excluding Lang Chun Yuan, had become rudimentary Supreme Gods. This was not unprecedented in the history of the Battle of the Divine Kingdoms. In the past, five rudimentary Supreme Gods emerged after the end of the Battle of the Divine Kingdoms.

...

When the three rudimentary Supreme Gods, who were from different Divine Kingdoms, arrived near the core of the heart of Destiny Canyon, they encountered some of their comrades who came out of hiding after sensing the trio's respective auras.

The trio was baffled when they saw their comrades hiding.

“Why were all of you hiding?”

“There are only a few days left before we’ll be transported out of the canyon. Why are you hiding when you should be maximizing the use of your time?”

“Are all of you waiting to leave the canyon?”

The advanced Emperors of Gods who had just come out of hiding smiled wryly upon hearing those questions.

“You’re unaware of what has been going on. The Righteous Divine Kingdom’s Duan Ling Tian has stabilized his cultivation base and is stronger than an imminent Supreme God now. He’s been going around killing participants from the other Divine Kingdoms. Many of our comrades have been killed by him!”

“We’ll die for sure if we don’t hide and run into him!”

“We know that coming to Destiny Canyon is a once-in-a-lifetime opportunity, but we’re too afraid to wander around...”

The trio felt invincible after becoming rudimentary Supreme Gods. They were furious when they learned about how pitiful their respective comrades were.

“Everyone, come with me! I want to see if Duan Ling Tian has the guts to make a move on you with me around! If he dares to make a move, I’ll severely injure him and let you kill him!”

Since Duan Ling Tian was just an intermediate Emperor of Gods, the rudimentary Supreme Gods could not kill him due to the rules. However, they were not prohibited from injuring him.

The eyes of the advanced Emperors of Gods lit up immediately. Although Duan Ling Tian was now stronger than an imminent Supreme God, they did not think he was comparable to a rudimentary Supreme God at all. With a rudimentary Supreme God by their side, they naturally no longer feared Duan Ling Tian.

Chapter 4198: Duan Ling Tian Is Seriously Injured

The three rudimentary Supreme Gods brought their comrades as they headed to the core of the heart of Destiny Canyon. The three of them shared the same goal of joining forces to kill the nine demon beasts to injure Duan Ling Tian if they ran into him so their comrades could kill him.

...

Duan Ling Tian was unnaturally unaware that he was now the target of three advanced Emperors of Gods who had become rudimentary Supreme Gods after consuming an Earth Flaming Buddha Lotus each.

When he arrived at the core of the heart of Destiny Canyon, he heard an earth-shattering commotion in the distance. The commotion grew louder and louder as he drew closer to that place.

‘Although there’s still a distance, the commotion is still so loud... Even a battle between two ordinary rudimentary Supreme Gods won’t be so intense, right? I wonder who’s fighting the nine demon beasts. Is it really Fourth Senior Sister? Only Fourth Senior Sister has the means to do so once she becomes a rudimentary Supreme God, right?’ Duan Ling Tian wondered inwardly, ‘If it’s not Fourth Senior Sister, it has to be a few people who became rudimentary Supreme Gods after consuming the Earth Flaming Buddha Lotus.’

At this point, Duan Ling Tian was not 100% certain that Lang Chun Yuan was the person fighting the nine demon beasts.

As he made his way over, he encountered a few demon beasts comparable to imminent Supreme Gods, and he easily killed them.

...

After Duan Ling Tian left the area, a few advanced Emperors of Gods came out of hiding.

“Duan Ling Tian is really as strong as rumored!”

“He easily killed two demon beasts that nearly killed us with just a strike!”

“It’s hard to believe that he’s just an intermediate Emperor of Gods...”

“Well, there’s no doubt that he’s just an intermediate Emperor of Gods. I sensed his Divine Energy when he made a move earlier.”

...

Although Duan Ling Tian was strong, his Divine Consciousness was still inferior to that of an advanced Emperor of Gods due to the difference between their cultivation bases. As such, it was almost impossible to discover their presence unless they were very close or if they probed him with their Divine Consciousness.

Nonetheless, although Duan Ling Tian failed to detect their presence, he knew that there would be advanced Emperors of Gods hiding. He did not bother wasting time searching for them since he was anxious to find out who was fighting the nine demon beasts.

When Duan Ling Tian arrived at the battlefield...

‘Fourth Senior Sister?’

The forest in the vicinity had been razed to the ground.

The nine demon beasts’ strength that had been boosted by the Blood Formation caused Duan Ling Tian to shudder involuntarily. With this, he further confirmed that he was no match for the nine demon beasts at all.

At this time, Lang Chun Yuan hovered in the air. Her face was slightly pale. Clearly, she was not having an easy time. Nonetheless, she was still in better shape compared to the nine huge demon beasts whose bodies were riddled with wounds.

After a moment, Lang Chun Yuan and the nine demon beasts clashed again. Soon after, she quickly retreated. It was then that she discovered Duan Ling Tian’s presence. Her eyes lit up immediately as she called out, “Junior brother? You came just in time! I need your help to restrain one of the demon beasts to disrupt their Blood Formation. At that time, I’ll take the chance to kill one of them. As long as one of them dies, their strength will be greatly weakened.”

Without any hesitation, Duan Ling Tian flew toward the nine demon beasts as Lang Chun Yuan made her move again. The Seven Orifices Exquisite Sword appeared in his hand; it glowed brightly before it shot toward one of the demon beasts that was the size of a small hill.

Although the demon beast was enraged, it did not bother to deflect Duan Ling Tian. It knew that it could not be distracted at this moment. Otherwise, the Blood Formation would be disrupted. At that time, all the demon beasts would not be a match for Lang Chun Yuan.

Swoosh!

Following that, the demon beast quickly used the law to form a shield around its body. The shield looked sturdy and impenetrable.

‘You’re ignoring me? Very well, I’m going to kill you,’ Duan Ling Tian thought to himself as his eyes glinted coldly, surprised by the demon beast’s reaction. The Seven Orifices Exquisite Sword in his hand glowed and shot out with all its might toward the demon beast again.

The void rippled in the wake of the Seven Orifices Exquisite Sword.

At this time, the demon beast finally sensed the huge threat coming its way. Its eyes widened in horror as it cried out for its companions.

The other eight demon beasts sensed the demon beast’s crisis and turned around in unison. Their eyes shone murderously as they roared and charged toward Duan Ling Tian.

Duan Ling Tian felt overwhelmed by the nine demon beasts’ auras at this moment. He felt as though he was suffocating. However, he did not retreat under the immense pressure. Instead, he continued to attack the demon beast with his Seven Orifices Exquisite Sword.

Swoosh!

At this time, a seven-colored sword ray shot out and penetrated the shield of the demon beast.

‘Die!’ Duan Ling Tian roared inwardly.

At the same time, the seven-colored sword ray, which had penetrated the demon beast's shield, grew even brighter than before.

...

The demon beast screeched in pain, causing the advanced Emperors of Gods hiding in the distance to feel as though their eardrums were about to burst.

The advanced Emperors of Gods looked at each other and saw the look of disbelief on each other's faces.

"Was that from a demon beast? Duan Ling Tian just went there not too long ago. This means he must have joined forces with whoever is there to fight the nine demon beasts, right?"

"I wonder if one person or a few people were fighting the nine demon beasts before Duan Ling Tian joined in the fight..."

"Who knows? However, if only one person was fighting the nine demon beasts before this, that person could only be Lang Chun Yuan. It also means that she's now a rudimentary Supreme God."

"I agree. If it's more than one person, then it's likely those who recently became rudimentary Supreme Gods in the canyon."

...

At the same time, Duan Ling Tian hastily teleported away after delivering the blow.

Unfortunately, it was too late. Among the eight demon beasts, there were a few who comprehended the law of space, and they seemed to have anticipated this. They disrupted the space, causing Duan Ling Tian to be unable to cast the Teleportation Profundity.

'Damn it!' Duan Ling Tian cursed inwardly as he backed away with a solemn expression on his face.

At this time, the eyes of the demon beast that Duan Ling Tian attacked turned lifeless. In the next moment, its body exploded with tens of thousands of seven-colored sword rays.

“Junior brother!” Lang Chun Yuan cried out. She tried to save Duan Ling Tian, but she was a step too late.

The eight demon beasts charged over, and Duan Ling Tian was sent flying back like an arrow. He spat out a mouthful of blood, shocked. Fortunately, he managed to kill one of the nine demon beasts, effectively disrupting their Blood Formation. Otherwise, he would have died. After all, with the Blood Formation, the nine demon beasts were stronger than ordinary rudimentary Supreme Gods. Without the Blood Formation, the demon beasts were only comparable to imminent Supreme Gods even if they joined forces.

Although Duan Ling Tian had hastily erected a barrier earlier, he was still severely injured from this blow. Nonetheless, he still sighed in relief after his close brush with death. ‘That was close...’

Meanwhile, Lang Chun Yuan’s eyes turned red in anger as she cried out, “How dare you!”

Lang Chun Yuan’s destructive aura and killing intent surged suddenly. It was as though she had transformed into a bloodthirsty demon at this moment.

Duan Ling Tian watched as Lang Chun Yuan grew to about 10 meters tall before she killed one of the demon beasts with just a punch. Following that, she charged toward another demon beast.

Seeing this, Duan Ling Tian hurriedly cried out, “Fourth Senior Sister, don’t kill them! Stop them from escaping so I can kill them when I recover!”

Lang Chun Yuan’s eyes seemed to become less red when she heard Duan Ling Tian’s voice. She nodded and said, “Alright.”

Following that, Lang Chun Yuan stopped the remaining seven demon beasts from escaping and pushed them to the ground. The seven demon beasts were no longer a match for her at this time.

Meanwhile, Duan Ling Tian sat cross-legged in the air and quickly consumed a bottle of healing divine pills before he recuperated using the energy from the rewards he received. Although this was a waste, he was desperate to recover as soon as possible so that he could kill the remaining seven demon beasts. He had previously heard that the nine demon beasts were the ultimate test in Destiny

Canyon. As such, those who killed the demon beasts would be greatly rewarded by the God of Creation.

‘I need to recover quickly. This amount of energy is nothing compared to the reward I’ll receive from the supreme powerhouses if I manage to kill the seven remaining demon beasts...’

Duan Ling Tian could not wait to find out what reward for killing the demon beasts would be.

In just a blink of an eye, half a day had passed, and Duan Ling Tian managed to heal about 50% of his injuries.

Suddenly, Lang Chun Yuan raised an eyebrow, sensing something in the distance.

“Hmm?”

Swoosh! Swoosh! Swoosh!

Three figures suddenly appeared in front of Lang Chun Yuan, staring greedily at the seven demon beasts that were restrained on the ground.

Chapter 4199: Puzzled

The trio who had just arrived were the three participants from other Divine Kingdoms who became rudimentary Supreme Gods after consuming an Earth Flaming Buddha Lotus each.

At this time, the trio looked away from the seven demon beasts that were restrained on the ground and surveyed their surroundings. They saw Lang Chun Yuan, who had restrained the seven huge demon beasts, and Duan Ling Tian, who was sitting cross-legged in the air to heal his injuries.

At the same time, the presence of the trio caused Duan Ling Tian to open his eyes.

“Duan Ling Tian!”

The trio naturally recognized Duan Ling Tian easily. After all, Duan Ling Tian, the prodigy, was in the limelight before entering Destiny Canyon, and they had been paying attention to him.

Following that, the trio said almost simultaneously, “Everyone, come here!”

As soon as the trio’s voices fell, the group of people from the three Divine Kingdoms, who had waited outside of the core of the heart of Destiny Canyon, quickly entered the core with bright eyes. They were only able to enter the core so fearlessly due to the presence of the rudimentary Supreme Gods from their respective Divine Kingdoms.

The other people around them could only look at them in envy.

“I didn’t expect that those three would become rudimentary Supreme Gods after obtaining the Earth Flaming Buddha Lotuses.”

“Since those three just arrived, then the person fighting the nine demon beasts all this time must have been the Jade Bow Divine Kingdom’s Lang Chun Yuan!”

“It also means that Duan Ling Tian and Lang Chun Yuan joined forces to deal with the nine huge demon beasts... I wonder what the situation is like in there. I really want to have a look.”

“Don’t even think about it. If you go in there, they might mistake you for someone who’s trying to take advantage of their weakened state and kill you.”

...

Meanwhile, the three rudimentary Supreme Gods’ comrades entered the core of Destiny Canyon and saw Duan Ling Tian, Lang Chun Yuan, and the seven bound demon beasts.

“Duan Ling Tian!”

Most of them kept their attention on Duan Ling Tian, who had slaughtered many people from their respective Divine Kingdoms. He had killed everyone he encountered. As such, his points had risen greatly and exceeded 10,000 points, breaking the highest record set by a participant from the past.

They looked at Duan Ling Tian boldly, bolstered by the presence of the three rudimentary Supreme Gods.

“Scram,” Lang Chun Yuan said coldly as she swept her gaze across the three rudimentary Supreme Gods. She did not pay attention to the others at all.

Upon hearing this, the expressions of the three rudimentary Supreme Gods turned rather unsightly. They sneered inwardly, wondering if Lang Chun Yuan was unaware that they could tell she was already at her limit. After all, why did Lang Chun Yuan only restrain the demon beasts instead of killing them? They were confident that Lang Chun Yuan was only capable of restraining the demon beasts and was unable to kill the demon beasts. Not only that, but they were confident that they would be able to kill Lang Chun Yuan. For now, they stared at Duan Ling Tian intently, deciding to kill Duan Ling Tian, who was still recovering, first.

“Ignore her. Let’s kill Duan Ling Tian first,” He Yu Lin said frostily, “You killed so many people from the Rameau Divine Kingdom. Today, it’s your turn to die.”

Now that He Yu Lin was a rudimentary Supreme God, even if Duan Ling Tian was in peak condition, he still would not fear Duan Ling Tian, let alone now that everyone with a discerning eye could see that Duan Ling Tian was injured.

The other two rudimentary Supreme Gods were also staring at Duan Ling Tian coldly.

“Duan Ling Tian, you must die today! Prodigy? Talented? In front of a powerhouse like me, you’re nothing!”

The trio completely disregarded Lang Chun Yuan at this moment. They were certain Lang Chun Yuan was already at her limits restraining the seven huge demon beasts and as such, was no threat to them unless she decided to let go of the seven demon beasts. However, even if she decided to free the seven demon beasts, the demon beasts would definitely attack her as soon as they regained their freedom.

‘Three rudimentary Supreme Gods...’

Duan Ling Tian stopped healing his injuries and rose to his feet. Although he had yet to fully recover, his current strength was still no weaker than that of an imminent Supreme God. The Emperors of Gods the trio brought with them were no match for him at all.

Duan Ling Tian smiled as he asked, “All of you... want to kill me?”

The trio looked at Duan Ling Tian with cold gazes while the Emperors of Gods they brought here sneered at Duan Ling Tian and mocked him.

“Duan Ling Tian, you should be proud that you’re still alive until now after killing so many people.”

“That’s right. Moreover, you should feel honored that three rudimentary Supreme Gods even deigned to make a move on you.”

“Duan Ling Tian, we’ll be able to obtain rewards from you after the three rudimentary Supreme Gods injure you!”

The eyes of the Emperors of Gods shone brightly with greed. Although there were nearly 20 of them, they would still gain a lot from Duan Ling Tian even if the rewards were divided because Duan Ling Tian had gained a lot from killing so many people.

At this moment, Lang Chun Yuan said, “Since you refused to leave when I asked, don’t even think of leaving this place today.”

Following that, Lang Chun Yuan flew over. At the same time, she continued to restrain the seven demon beasts. In the beginning, her speed was a little slow, but it did not take long before her speed picked up. When she arrived near the group of people, she moved at lightning speed. Every time she waved her hand, a flash of light would appear briefly before disappearing into thin air.

When the three rudimentary Supreme Gods regained their senses, Lang Chun Yuan had already returned to her original spot. In the next moment, she activated the Formation that she had just set up with multiple Formation compasses.

As soon as the Formation was activated, the surroundings seemed to restrict everyone. Following that, the void in the area in the range of the Formation began to ripple.

Those who comprehended the law of space soon discovered that they could not use the Teleportation Profundity.

Apart from the three rudimentary Supreme Gods who felt that Lang Chun Yuan was just putting on a show, the expressions of the others changed drastically. Previously, Lang Chun Yuan had killed about 30 advanced Emperors of Gods after activating the Trap Formation. Moreover, at that time, she was just an advanced Emperor of Gods; now, she was a rudimentary Supreme God.

At this time, He Yu Lin, the rudimentary Supreme God from the Rameau Divine Kingdom, said indifferently, “Lang Chun Yuan, if you were in peak condition, the three wouldn’t dare to say that we’d be a match for you even if we joined forces. Alas, you fought the nine demon beasts and even have to restrain seven of them now. Perhaps, Duan Ling Tian even snuck up on you earlier. Clearly, you’re already at your limits. Otherwise, you would’ve killed the demon beasts by now.”

The other two rudimentary Supreme Gods nodded in agreement.

“Don’t worry, Lang Chun Yuan. It’ll be your turn after we kill Duan Ling Tian... Unless you do the smart thing and leave Destiny Canyon now.”

One could leave Destiny Canyon after becoming a rudimentary Supreme God. It was a rule of Destiny Canyon, and the trio was aware of it. Even then, the trio was not in a hurry to kill Lang Chun Yuan. In their opinion, it was beneficial to them if Lang Chun Yuan continued to restrain the seven demon beasts. However, even if Lang Chun Yuan decided to leave Destiny Canyon, it would not affect them greatly as well. They would still be able to kill the seven demon beasts. They could no longer kill the other participants, but they could still kill the inhabitants of Destiny Canyon.

“Fools!” Lang Chun Yuan said icily after the three rudimentary Supreme Gods finished speaking. Following that, she released her hold on the seven demon beasts and attacked the three rudimentary Supreme Gods.

A destructive energy swept out, shaking the sky, as Lang Chun Yuan attacked.

The three rudimentary Supreme Gods’ eyes widened and their expressions changed when they sensed the force of Lang Chun Yuan’s attack.

“How’s this possible?!”

It was beyond their expectations that Lang Chun Yuan possessed such strength. If she possessed such strength, why did she not kill the remaining demon beasts but only restrained them instead?

Although the trio was puzzled, they did not let their guard down. They hurriedly made a move against Lang Chun Yuan, who was so fearsome that they could palpably feel her oppressive aura.

The trio soon discovered that even after joining forces, they did not have an easy time facing Lang Chun Yuan, who was a rudimentary Supreme God like them. It did not feel like they were facing a rudimentary Supreme God; it felt more like they were facing an intermediate Supreme God.

At this time, Duan Ling Tian also attacked the Emperors of Gods who followed the three rudimentary Supreme Gods here. Before they even regained their senses, seven-colored sword rays were already whizzing past them, easily killing two of them. When they regained their senses, their expressions changed greatly before they hastily attacked Duan Ling Tian.

“Attack together! Kill him!”

“With so many of us, we’ll definitely be able to kill him!”

Among the advanced Emperors of Gods who joined forces to attack Duan Ling Tian, there were two imminent Supreme Gods. This placed a lot of pressure on Duan Ling Tian. If he were not injured, he would have been able to easily defeat them. Alas, he was injured now.

Due to his injuries, Duan Ling Tian did not fight them directly. He suddenly moved, and in just a blink of an eye, he reappeared near the seven demon beasts.

The eyes of the seven demon beasts that were attacking the Trap Formation lit up upon seeing Duan Ling Tian before they pounced at him.

Duan Ling Tian seemed to have already expected this. He spun around before he rushed toward the group of Emperors of Gods. Then, he nimbly avoided the attacks of the powerful Emperors of Gods and destroyed the attacks of the weaker Emperors of Gods.

At this time, the seven huge demon beasts that were chasing after Duan Ling Tian saw the group of Emperors of Gods who were standing in their path. They were chasing after the culprit who broke their Blood Formation, which resulted in the deaths of their companions. They were already enraged, to begin with. Now that a group of people stood in their way, hindering their pursuit of said culprit, it was only natural that they grew even more enraged. As such, they ferociously attacked the people who stood in their way.

The expressions of the Emperors of Gods changed drastically.

The two imminent Supreme Gods quickly moved out of the demon beasts' path before they warned the others.

“Get out of their way! Don't attack them! Their target is Duan Ling Tian!”

Unfortunately, the other Emperors of Gods' speed was not as fast as the two imminent Supreme Gods. Moreover, since the two imminent Supreme Gods warned them against attacking the demon beasts, it made it even easier for the demon beasts to kill them.

In the end, the seven demon beasts killed five Emperors of Gods and severely injured the others before they continued to chase after Duan Ling Tian. Only the two imminent Supreme Gods were uninjured.

With this, the tragic smell of blood soon permeated the entire place.

Chapter 4200: One Died and Two Escaped

“Duan Ling Tian!”

At this time, the injured Emperors of Gods from the three Divine Kingdoms only looked at Duan Ling Tian. Although the two imminent Supreme Gods were uninjured, they did not chase after Duan Ling Tian. Similar to the others, they watched as the seven demon beasts chased Duan Ling Tian.

Duan Ling Tian did not confront the seven demon beasts that were chasing him. Instead, he kept flying, evading the demon beasts and healing his injuries at the same time. He did not use much of his Divine Energy to do this. Even if he did, he could replenish them with the energies he obtained from the rewards by converting them to Divine Energy. Although it was quite a waste, he naturally did not care at this moment when using the energies from the rewards could save his life.

‘I need more time to heal my injuries. I can only kill the seven demon beasts after I recover. However, I'm afraid I don't have enough time...’ Duan Ling Tian thought to himself as he continued to evade the seven demon beasts. At the same time, he glanced at Lang Chun Yuan, his Fourth Senior Sister.

At this time, Lang Chun Yuan and the three rudimentary Supreme Gods used their Supreme Powerhouse Phenomena to fight. Her destructive energy was overwhelmingly strong that she was not at a disadvantage at all fighting the three rudimentary Supreme Gods who joined forces.

The expressions of the three rudimentary Supreme Gods were unsightly at this moment.

The Emperors of Gods were also shocked by Lang Chun Yuan's strength.

"Lang Chun Yuan is so strong?"

"As expected. After all, she was already as strong as a rudimentary Supreme God when she was just an advanced Emperor of Gods. Now that she has become a rudimentary Supreme God, she's able to fight three rudimentary Supreme Gods at the same time without losing the advantage!"

"It's not just that, but I feel like she's gaining the upper hand as well."

The Emperors of Gods, especially the two uninjured imminent Supreme Gods, began to panic when they saw Lang Chun Yuan gaining the upper hand. They quickly shifted their attention to the Trap Formation, hoping to find a way to break the Formation so they could leave. The situation was growing more and more unfavorable toward them. Unfortunately, no matter what they did, the Trap Formation stood strong, showing no sign of collapse.

"The Trap Formation is connected to her Divine Energy. The Trap Formation won't break as long as her Divine Energy isn't exhausted and she's alive."

The two imminent Supreme Gods looked at each other in despair. They knew that it was over for them once Lang Chun Yuan defeated the three rudimentary Supreme Gods.

Duan Ling Tian was also slightly surprised when he saw Lang Chun Yuan gaining upper hand. After all, they were all rudimentary Supreme Gods, but the gap between the trio and her was so wide.

'Fourth Senior Sister is so strong now?'

Lang Chun Yuan had yet to master the Sword Dao and Mastery Dao like Duan Ling Tian. She had only mastered the rudimentary form of the Mastery Dao recently. Even then, her combat power was

comparable to the strongest rudimentary Supreme Gods despite only becoming a rudimentary Supreme God recently.

‘It’s only a matter of time before Fourth Senior Sister defeats them... I hope she ends the fight soon. Otherwise, I’m afraid I’ll have to use most of the energies from my rewards.’

Duan Ling Tian’s Divine Energy continued to deplete as he evaded the seven demon beasts, and he had to replenish it using the energies from the rewards.

Although the seven demon beasts’ Divine Energies were not endless, as the strongest in Destiny Canyon, they likely had a reservoir of energy from rewards to replenish their Divine Energies.

‘What a pity that I won’t be able to obtain their rewards after killing them... It would’ve been a huge gain for me.’ Duan Ling Tian sighed inwardly as he glanced at the seven demon beasts that were growing more and more energetic.

One would not be able to obtain the rewards of the person one killed. One would only be rewarded for the kill and obtain the other party’s points, provided the other party was a participant.

Inhabitants of Destiny Canyon did not possess points so one would not be able to inherit points from them and would only be rewarded and obtain points from the kill.

For example, Duan Ling Tian would only receive 100 points for killing a demon beast. However, if he killed an Emperor of Gods, not only would he receive points for the kill, but he would also obtain the Emperor of Gods’ points. Since Duan Ling Tian killed a lot of Emperors of Gods, his points quickly exceeded 10,000 points.

...

About a quarter of an hour later...

“Die!” Lang Chun Yuan cried out.

Then, Lang Chun Yuan appeared behind one of the three rudimentary Supreme Gods before a wave of destructive energy swept toward the other party. She disregarded and avoided the attacks of the

other two rudimentary Supreme Gods as she swiftly attacked her target. Just like that, she killed the rudimentary Supreme God.

Following that, a beam of light shone down on Lang Chun Yuan from the sky.

At the same time, Duan Ling Tian and the others watched as a burst of light appeared before a huge figure rose from the place where the rudimentary Supreme God died. A roar filled with unwillingness rang in the sky before it fell to the ground heavily.

Boom!

After the figure fell to the ground, it exploded, and a blinding light spread in all directions, covering most of the heart of Destiny Canyon before it disappeared.

...

This scene was witnessed by almost everyone, participants and inhabitants alike, in Destiny Canyon.

“That... Isn’t that heaven and earth phenomenon that appeared when a Supreme God dies?!”

“A Supreme God died!”

...

Duan Ling Tian read some ancient books and learned about the phenomenon that would appear upon the death of a Supreme God. It was his first time witnessing such a scene so he was naturally shocked.

‘The phenomenon that appeared upon the death of a rudimentary Supreme God is so eye-catching. How much more grand would it be if an intermediate or advanced Supreme God died?’ Duan Ling Tian wondered inwardly.

Just like that, a rudimentary Supreme God died. He died before he even left Destiny Canyon.

At this time, the two remaining rudimentary Supreme Gods did continue to attack Lang Chun Yuan and retreated instead. They exchanged a look and saw the fear in each other's eyes.

"He Yu Lin, now that Zhang Chun is dead, we'll die for sure if we continue to fight her. I think we should try to break the Formation and leave."

"I agree. Let's try to break the Formation together."

The two rudimentary Supreme Gods had lost all will to fight after Lang Chun Yuan killed their comrade. They quickly and wisely reached an agreement and wasted no time in attacking the Trap Formation.

Bang!

Soon after the duo joined forces to attack the Trap Formation, a huge opening appeared. It was big enough for several people to leave at the same time.

"Let's go!"

The duo did not hesitate and prepared to leave.

Suddenly...

"I'll say this for the last time. Don't even think about leaving since you refused to leave earlier."

The duo, who was about to escape, watched as the opening suddenly disappear into thin air.

"What's happening? How's this possible?"

"Look behind her! She moved the opening we created there!"

"Damn it! I didn't expect her to be able to do that!"

After the opening moved behind Lang Chun Yuan, everyone watched as the opening shrank swiftly. In just a few breaths, the opening disappeared as though it was never there at all.

All the openings created in the Trap Formation would mend themselves as long as Lang Chun Yuan, the person who set up the Formation, did not die and did not run out of Divine Energy.

He Yu Lin and the other rudimentary Supreme God looked at each other, and no longer wanted to test their luck. They came to a tacit agreement before their figures started to flicker. Following that, a black hole suddenly appeared and began to pull them over.

Upon seeing this, the two uninjured imminent Supreme Gods wanted to seize the chance and follow the two rudimentary Supreme Gods, but they were ruthlessly blocked by the black hole. They could only watch helplessly as He Yu Lin and the other rudimentary Supreme God were transported out of Destiny Canyon.

After becoming a rudimentary Supreme God, one could leave Destiny Canyon whenever one wanted with just a thought. However, most people would not leave the canyon immediately. After all, they could still benefit from staying in the canyon.

He Yu Lin and the other rudimentary Supreme God naturally wanted to stay in Destiny Canyon as well. As such, they tried to break out of the Trap Formation first instead of leaving the canyon directly.

‘They left...’ Duan Ling Tian felt that it was a pity that the two rudimentary Supreme Gods managed to escape. However, he also knew that it was good enough that Lang Chun Yuan managed to kill one of them.

‘However, why didn’t that person leave before Fourth Senior Sister killed him?’ Duan Ling Tian wondered inwardly, puzzled.

The others were puzzled as well.

Only Lang Chun Yuan knew that she had used some technique to confuse her target at the critical moment, stopping her target from leaving Destiny Canyon.

Now that one rudimentary Supreme God died and two escaped, the two uninjured imminent Supreme Gods and the injured Emperors of Gods fell into despair.

“It’s over!”

Boom! Boom! Boom!

At this time, Lang Chun Yuan quickly restrained the seven demon beasts that were chasing Duan Ling Tian.

Then, Duan Ling Tian, who was no longer being chased, stopped moving and looked at the two imminent Supreme Gods. He shook his head and said with a sigh, “You’re too impulsive. Did you think you’d be safe just because of those rudimentary Supreme Gods? You could’ve continued to hide instead of sending yourselves to your deaths here.”

One of the two imminent Supreme Gods scoffed before he said, “Duan Ling Tian, do you think your outcome will be any better than ours? If she kills us, do you think you can live?”

In his opinion, Lang Chun Yuan would definitely kill Duan Ling Tian after killing them.

At the same time, the other imminent Supreme God looked at the seven bound demon beasts with a frown. A growing sense of unease appeared in his heart as he thought to himself, ‘Why isn’t Lang Chun Yuan killing the seven demon beasts? She won’t be sent out for killing them since they’re not from the Divine Kingdoms. Moreover, she’s so strong that it’ll be easy for her to kill Duan Ling Tian. Why did she allow Duan Ling Tian to heal his injuries instead of killing him?’
