Chapter 4241 A Demon Beast in the Realm of a Supreme God

It was obvious that the veiled woman, who was much stronger than Jiang Yu Wei; Hou Dong; and Qiu Ping, was no match for the ten ape-like monsters.

Jiang Yu Wei, Hou Dong, and Qiu Ping were shocked by the result of the collision between the veiled woman and the ten ape-like monsters. They stopped in their tracks before they hastily retreated. Even a powerful imminent Supreme God was no match for the monsters; they naturally did not have delusions about being able to deal with the monsters.

“The tenth level is clearly much harder than the previous level!” Hou Dong exclaimed. At this time, he managed to stay calm knowing that there was another imminent Supreme God in their group who had yet to make a move.

Qiu Ping looked at Jiang Yu Wei with a helpless expression as he said through Voice Transmission, “Junior sister, the four of us are no match for the monsters. Why don’t we let Duan Ling Tian try to kill the monsters on his own now?”

!!

Jiang Yu Wei did not respond to Jiang Yu Wei, and she also did not say anything to Duan Ling Tian and Hou Lian Yu. Instead, she looked at the veiled woman, whose injuries were healing swiftly after she consumed a healing divine pill. Based on the speed of healing, she knew that the veiled woman only suffered minor injuries.

The veiled woman did not seem to be discouraged. After recovering, she instantly launched another wave of attacks. The void shook as she mobilized her bloodline power.

Meanwhile, Duan Ling Tian's eyes narrowed slightly. The veiled woman had used her bloodline power previously, but this one was clearly different and stronger.

Energy surged from the veiled woman for a moment before her first bloodline power appeared and merged with her second bloodline power, boosting her strength to another level.

'She was still hiding her strength?' Duan Ling Tian was rather surprised that the veiled woman had still been hiding her strength when she was dealing with the two imminent Supreme Gods from the Sanction Land. If she had used this bloodline power earlier, those two imminent Supreme Gods would not have been a match for her. In fact, it was likely that the duo would not even be able to withstand ten moves from her even if they joined forces.

'Her strength is very close to that of an ordinary rudimentary Supreme God. If she comprehended just one of the Four Daos of Heaven and Earth to the rudimentary form, she'd be able to rival the weakest rudimentary Supreme God,' Duan Ling Tian thought to himself with a sigh, 'With such strength, she might be able to kill all ten apes if she deals with them one by one.'

Following that, Duan Ling Tian shifted his attention back to the ten apes. 'Something doesn't feel right... The tenth level shouldn't be so easy...'

In Duan Ling Tian's opinion, the ten apes were only slightly stronger than the seven people from the Sanction Land they faced in the ninth level.

Meanwhile, the veiled woman did not seem to have the same thoughts as Duan Ling Tian. A hint of excitement flashed in her crystal-clear eyes as she rushed toward the ten apes again with explosive strength. She was confident she would be able to take down the ten apes with her strength that was

almost comparable to the rudimentary Supreme God. To be precise, according to her mother, she was very close to being on par with the weakest rudimentary Supreme God.

The veiled woman thought to herself confidently, 'I thought I'll need the strength of a rudimentary Supreme God to pass the final level on my own. I didn't expect it to be easier than I expected. I can pass this level on my own!'

At the same time, Hou Lian Yu, Hou Dong, and Qiu Ping could also sense the veiled woman's aura that had gotten stronger.

"She was still hiding her strength?"

"It's a different bloodline power? She possesses double bloodline powers?"

"It's extremely rare for someone to have two bloodline powers. I've only heard of it in the past. I didn't expect to meet someone like that..."

As long as their innate talents were not too low, natives of the Realms of Gods would inherit their respective family's bloodline powers. Although it was rare, there were also some people who inherited bloodline powers from both parents. It was even rarer to be able to use two bloodline powers at the same time. Those who were capable of such a rare feat could boost their strength tremendously when they fused both bloodline powers.

The veiled woman clearly belonged to this incredibly rare group of people.

"She's so strong!" Hou Dong exclaimed.

The veiled woman charged at one of the apes in the realm of an imminent Supreme God and attacked fiercely. She knocked the long staff out of the ape's hand and severed its hand, nearly killing it.

The other four apes with the strength of an imminent Supreme God rushed over in a timely manner and managed to save their companion.

The injured ape let out a thunderous roar that shook the void.

Suddenly, the bright sky darkened.

Subsequently, Duan Ling Tian and the others saw a huge phantom that resembled an ape in the sky. It was rather similar to the Supreme God Phenomenon.

The ten apes glared at the veiled woman before they flew toward the huge phantom in unison.

Although the huge phantom showed no signs of life, the veiled woman felt an ominous feeling rising in her heart. Nonetheless, she still charged forward, trying to stop one of the apes with the strength of an imminent Supreme God.

At the same time, the huge phantom suddenly came to life. It thumped its chest with both hands and growled. The sound was not loud, but ten streaks of golden light suddenly shot out at terrifying speed and enveloped the ten apes.

In the next moment, the ten apes glowed brightly before they turned into streaks of light and shot back into the body of the huge phantom. After a beat, the huge phantom seemed to solidify and

shrink at the same time. In the end, it turned into an ape demon that was barely 1.6 meters tall, it was much shorter than the average man. Similar to the apes before, it held a long staff in its hand. However, unlike the staves from before, this staff was 2 meters long and a clear translucent figure could be seen looming above it.

“A prominent divine artifact with a complete artifact soul!” Hou Dong exclaimed.

Needless to say, Duan Ling Tian and the others could also tell that the long staff in the ape demon’s hand was a prominent divine artifact with a complete artifact soul.

The ape demon was small in size, but it was dressed in a set of armor that made it look even more formidable than the ten bigger apes from before.

The ape demon’s red eyes shone with murderous intent as it looked at the veiled woman and said, “Human, how dare you injure my doppelgangers! You must die!”

As the ape demon spoke, its Divine Energy surged out of its body.

The veiled woman trembled as soon as she sensed the opponent’s Divine Energy.

At the same time, Jiang Yu Wei, who was standing nearby, exclaimed in horror, “A demon beast in the realm of a Supreme God!”

Indeed, the small ape demon was in the realm of a rudimentary Supreme God. Its Divine Energy soared into the sky and turned into flames. Obviously, it comprehended the law of fire.

The veiled woman's eyes brimmed with fear when she discovered that the ape demon's comprehension of the law of fire could manifest a phenomenon that shone for 100,000 miles. There was no doubt the ape demon's comprehension of the law surpassed her comprehension of the law. Perhaps, she could stand her ground with the combination of her double bloodline powers, law, and her prominent divine artifact soul, but just the ape demon's Divine Energy alone took away her advantages. Although she could sense from its Divine Energy that its cultivation base had yet to stabilize, there was no doubt that it was in the realm of a rudimentary Supreme God.

'I'm no match for it...'

With this thought in mind, the veiled woman flashed and hastily retreated. After that, she looked at Duan Ling Tian and said expressionlessly, "If you're confident, then you can make your move now. Otherwise, you might as well conserve your energy and join forces with me. I'm willing to share the reward with you."

In fact, the veiled woman was not being generous. She was only worried that Duan Ling Tian's blind confidence would cause him to face the ape demon directly. If he was seriously injured, it would be impossible for her to deal with the ape demon alone. In the end, none of them would be able to pass the final level. This was something she, along with everyone else, did not want to see.

'I don't think he'll fight the ape demon if he's not confident... If he's capable of killing the ape demon on his own, then I'll admit defeat and concede the final reward to him,' the veiled woman thought to herself. Her eyes did not leave Duan Ling Tian at all as she waited anxiously for his response.

Meanwhile, the ape demon growled and charged over furiously like a blazing flame.

The scorching heat caused the expressions of Hou Lian Yu and the others who were not imminent Supreme Gods to change and retreat.

Chapter 4242 Duan Ling Tian Attacks

‘As expected, it’s not that simple.’

Duan Ling Tian, who did not think that ten apes were a threat previously, nodded inwardly. Previously, he had felt that the final level was too simple and speculated that there was more than meets the eye. As it turned out, he was right. The final level was much harder. The ten apes had turned into an ape demon. To be precise, the ten apes were the doppelgangers of the ape demon. After the apes returned to their original body, the ape demon’s cultivation base rose to that of a rudimentary Supreme God. Moreover, even if it was lacking compared to his law of space, the ape demon’s comprehension of the law of fire was rather profound as well; it could manifest a phenomenon that shone for 100,000 miles.

At this time, the veiled woman’s eyes widened slightly as she watched the ape demon charge over. As she hastily retreated, she looked at Duan Ling Tian and asked in a slightly anxious voice, “Aren’t you going to make your move yet?”

The veiled woman’s voice was no longer as steady as before.

Duan Ling Tian only smiled faintly in response. Then, he teleported and appeared in the path of the ape demon, blocking it.

The ape demon came to a halt and brandished the blazing long staff in its hand.

Bang!

When the ape demon brought the staff down, the void rippled, looking as though it was going to tear.

At the same time, Duan Ling Tian made a move as well.

A dazzling seven-colored sword ray shot out in the sky and blocked the long staff.

Boom!

Another explosion rang in the air as the long staff landed on the seven-colored sword ray. The sword ray dimmed slightly, and the flames on the road seemed to turn smaller as well. After a while, the flames on the staff completely died down while the dimmed sword ray remained.

The ape demon withdrew its long staff and stopped attacking. It looked at Duan Ling Tian with a hint of anxiety flashing in its red eyes as it said, "Human, you're not the one I want to kill."

At this time, the ape demon's hand that was holding the long staff was trembling slightly. Only it knew what it experienced earlier. Although it did not unleash its full strength earlier, it had used about 70% of its strength. However, its opponent was able to stop its attack easily without using the bloodline power. Moreover, its opponent was just an advanced Emperor of Gods, but its opponent's comprehension of the law of space was much more profound than its comprehension of the law of fire. Most importantly, it detected the traces of the Sword Dao, one of the Four Daos of Heaven and Earth, in its opponent's attack.

Meanwhile, apart from Hou Lian Yu and the veiled woman, Jiang Yu Wei, Hou Dong, Qiu Ping gasped in shock. Their eyes were filled with disbelief when they looked at Duan Ling Tian. Although they knew he was strong, they did not expect him to be so strong. Even the veiled woman was forced to retreat by the ape demon, but he managed to gain the upper hand in a direct confrontation with the ape demon.

‘His strength...’

The veiled woman, who was standing in the distance, looked at Duan Ling Tian in shock. The worst-case scenario she had thought of earlier came true; Duan Ling Tian’s strength was comparable to that of an ordinary rudimentary Supreme God. Although the ape demon did not use its full strength, in her opinion, Duan Ling Tian had yet to use his bloodline power as well. It was clear that he was still holding back his strength.

Although Hou Lian Yu already knew Duan Ling Tian was strong, he still could not help but feel slightly shocked.

‘Big Brother Duan is really too powerful... Although he’s just an advanced Emperor of Gods, he has strength that rivals a Supreme God....’

At this time, Duan Ling Tian looked at the ape demon and said expressionlessly, “Attack with all your might. If you want to kill her, you’ll have to go through me first.”

Despite being wary of Duan Ling Tian, the ape demon was infuriated by Duan Ling Tian’s words, which it thought were humiliating. “Human, since you have a death wish, I’ll fulfill your wish!”

Following that, the ape demon roared, and a ten-meter-tall Supreme God Phenomenon appeared. After it merged with the phenomenon, the long staff in its hand grew accordingly as well.

The void shook as the ten-meter-tall ape demon moved, sending out shockwaves into the surroundings. It swung the long staff in its hand as though it was trying to bring the heavens down and dominate the lands.

“Die!” the ape demon bellowed as flames that soared to the sky appeared on the long staff. At the same time, its red eyes glinted before balls of flames appeared like stars in the sky. In just a moment, the balls of flames grew and weaved into a flaming net that closed in on Duan Ling Tian.

Boom!

The long staff fell down like it was capable of cleaving the heavens into two. Hairline cracks appeared in its wake as it swooshed past. Based on this, one could tell how powerful the attack was. Clearly, the ape demon no longer held back and had attacked with all its might.

Hou Lian Yu, Jiang Yu Wei, Hou Dong, and Qiu Ping watched in shock.

“So powerful!”

“I’m afraid that even a weak rudimentary Supreme God would not be able to withstand this strike!”

“He won’t be crushed to death just like that, right? If he dies, we have to escape immediately!”

After that, a portal appeared above Jiang Yu Wei, Hou Dong, and Qiu Ping.

Alas, no portal could be seen above Hou Lian Yu and the veiled woman. They were both focused on Duan Ling Tian at this moment.

Hou Lian Yu's confidence did not waver. He was certain that Duan Ling Tian would win. As such, he ignored Hou Dong's Voice Transmission urging him to open a portal to leave the natural secret realm.

Meanwhile, the veiled woman looked at Duan Ling Tian curiously. She wondered if he was truly a match for the ape demon. If he possessed the strength of a weak rudimentary Supreme God, he would only be on par with the ape demon. It would be also impossible to defeat the ape demon, let alone kill it. Even if he had Hou Lian Yu's help, it was useless. Hou Lian Yu who was only close to becoming an imminent Supreme God was not strong enough to help. Moreover, if Hou Lian Yu made a move recklessly, not only would he be of no help, but he might even become a burden to Duan Ling Tian.

'If he's only on par with the ape demon, I still have a chance to act. With that, I'll still be able to obtain the final reward,' the veiled woman thought to herself hopefully, 'In any case, I'll only make my move once he and the ape demon are injured. Otherwise, he'll definitely get a bigger share of the reward.'

Thought after thought appeared in the veiled woman's mind as she made all kinds of calculations. She knew that her calculations were only useful if she was right about Duan Ling Tian being only as strong as a weak rudimentary Supreme God. If Duan Ling Tian was capable of defeating the ape demon on his own, all her calculations would be for naught. She had no intention of snatching the reward from Duan Ling Tian even if Duan Ling Tian was injured from defeating the ape demon. She had her own principles, after all. She would not deliberately harm others, but she would always guard herself against others.

At this time, Duan Ling Tian, who was surrounded by flames, smiled faintly as he said, "You're as strong as a weak rudimentary Supreme God..."

Duan Ling Tian was incredibly calm. It was as though everything was in his control.

In the next moment, Duan Ling Tian made his move.

A terrifying sword ray shot out as a spatial storm began to rage.

At the same time, Duan Ling Tian cast his Sword Dao, Mastery Dao, and law of space.

Following that, the speed of the flaming net that was closing in on Duan Ling Tian slowed down.

“Mastery Dao?!” the ape demon cried out, alarmed, “Who the hell are you? How can a mere advanced Emperor of Gods comprehend two Daos of Heaven and Earth?!”

The ape demon roared and brought its long staff down to meet the terrifying sword ray. It did not bother to probe the sword ray. Otherwise, it would discover that the sword ray was not just a prominent divine artifact.

Boom!

When the sword ray and the long staff collided, the void began to distort.

Following that, frightening shockwaves rolled out, sending Hou Lian Yu, Jiang Yu Wei, Hou Dong, and Qiu Ping; who were standing quite a distance away; flying back.

Hou Lian Yu, who was standing the closest, spat out a mouthful of blood, and his face paled immediately. However, his eyes did not leave the battle at all. He exclaimed, “Is... Is that a doppelganger from a law?”

“He’s not a native of a Realm of Gods?!” The veiled woman, whose veil was partially removed by the shockwaves, looked at Duan Ling Tian in shock. Initially, she had assumed that he had a formidable background in the Divine Offering Land. She thought that she had never heard of his name before because he had been hiding his strength. However, the reveal of his doppelganger completely shattered her theories. As it turned out, he was not a native of a Realm of Gods. Only those from the lower realms could form doppelgangers from the laws they comprehended.

‘He’s far stronger than a weak rudimentary Supreme God,’ the veiled woman thought to herself with a sigh.

At this time, Duan Ling Tian had already appeared in front of the ape demon. At the same time, his doppelganger that was wielding a seven-colored sword ray appeared behind the ape demon as well.

Chapter 4243 The Fragment of a Prime Divine Artifact

Jiang Yu Wei, Hou Dong, Qiu Ping, and Hou Lian Yu were shocked to see Duan Ling Tian’s doppelganger appear behind the ape demon.

‘I can’t believe that Big Brother Duan is from the lower realm! He’s not a native of a Realm of Gods, but yet, he’s able to achieve such amazing feats!’ Hou Lian Yu marveled inwardly. He was also aware that Duan Ling Tian was younger than him. He could not help but wonder how the lower realms managed to give birth to a heaven-defying prodigy like Duan Ling Tian.

At this time, the ape demon roared thunderously, “No!!!”

When the ape demon discovered Duan Ling Tian’s doppelganger, Duan Ling Tian had already appeared in front of it. It was helpless at this moment. After all, Duan Ling Tian’s doppelganger also possessed a prominent divine artifact with a complete artifact soul.

Swoosh!

A seven-colored sword ray shot out like the Grim Reaper's scythe and pierced the ape demon's body. It trembled violently before tens of thousands of sword rays exploded out of its body, killing it in just a blink of an eye.

A harrowing, desolate, and unwilling cry rang in the air before a huge phantom appeared briefly in the air and fell, indicating the death of a Supreme God. Such a phenomenon would definitely cause a commotion on the Realm Battlefield. However, there was no commotion since only a few people were present in the natural secret realm.

A chilling silence descended after the ape demon's cry faded away.

Hou Lian Yu and the others looked at the purple figure in the distance with eyes that brimmed with shock, fear, and all kinds of complicated feelings.

At this time, Duan Ling Tian looked like an invincible god of war as a huge beam of light shone down on him from the sky.

'I'm not a match for him at all. He's way too strong,' the veiled woman thought to herself, feeling complicated.

Jiang Yu Wei, Hou Dong, and Qiu Ping still had yet to recover their senses. They truly did not expect Duan Ling Tian to be so strong. After a moment, they could not help but turn to look at Hou Lian Yu enviously, wondering where he found such a powerful helper.

Even if Hou Lian Yu did not gain a lot from this natural secret realm, he had gained a lot by being acquainted with such a heaven-defying person. The others no longer dared to provoke Hou Lian Yu when they thought about Duan Ling Tian's strength. There was no lack of enthusiasm on Hou Lian Yu's part as he kept addressing Duan Ling Tian as 'Big Brother Duan'. Moreover, based on the duo's interaction, it was not difficult to tell that the duo had a rather good relationship.

At this time, Hou Dong stepped forward and gave Duan Ling Tian a thumbs-up. "Big Brother Duan, you're the strongest advanced Emperor of Gods I've ever met!" After a beat, he added, "Big Brother Duan, allow me to introduce myself properly. My name is Hou Dong. Hou Lian Yu and I grew up together in the same clan. Big Brother Duan, please feel free to look for me if you need any help in the future. I'll try my best to help you as long as it's within my abilities."

Upon hearing Hou Dong's words, a hint of contempt could be seen in Jiang Yu Wei and Qiu Ping's eyes. After all, Hou Dong's behavior now was truly disgusting. Earlier, Hou Dong had ridiculed Hou Lian Yu and looked down on Duan Ling Tian, but now, he did not hesitate at all to become a bootlicker.

Hou Lian Yu was also stunned by Hou Dong's shamelessness. When he recovered his senses, he said indignantly, "Hou Dong, enough with your bootlicking! Big Brother Duan can look for me if he needs help!"

Hou Dong was not angry at all. Instead, he only smiled when he looked at Hou Lian Yu. His previous arrogance had completely disappeared at this moment.

Suddenly, Qiu Ping looked at the sky and exclaimed, "The additional reward is here!"

A streak of red light carrying a huge piece of metal descended from the sky. The metal piece looked ordinary apart from its terrifying aura. Its aura alone caused the prominent divine artifacts of Duan Ling Tian and the others to shake. Their artifact souls appeared briefly before they returned to their respective prominent divine artifacts.

Duan Ling Tian was looking at the metal piece curiously when he heard Huang'er say in a trembling voice, "Master, this... this is a fragment of a prime divine artifact..."

'The fragment of a prime divine artifact?!' Duan Ling Tian was stunned. He had heard of the prime divine artifact before, but he knew little about it.

At this time, Hou Lian Yu's eyes lit up as he exclaimed, "It's the fragment of a prime divine artifact!"

When Duan Ling Tian looked up, he saw the others looking at the metal fragment covetously.

At the same time, Hou Lian Yu hurriedly said through Voice Transmission, "Big Brother Duan, hurry up and put the fragment of the prime divine artifact away! Although I don't think they have the courage to snatch it from you, it's better to be safe than sorry. What if one of them snatches it first and puts it into his or her destructive spatial ring? At that time, you won't be able to retrieve it even if you kill them."

Upon hearing Hou Lian Yu's words, Duan Ling Tian hurriedly claimed the metal fragment and put it away in his spatial ring. He could also sense half of the force from the law of space disappearing when he grabbed the metal fragment.

'The fragment of the prime divine artifact is terrifying as it is... I wonder how terrifying a prime divine artifact is...'

Duan Ling Tian knew that only supreme powerhouses could cultivate a prominent divine artifact into a prime divine artifact after keeping a prominent divine artifact by his or her side for many, many years. Needless to say, prime divine artifacts were far superior to prominent divine artifacts. Even without an artifact soul, a prime divine artifact could easily destroy a prominent divine artifact

with a complete artifact soul. As such, prime divine artifacts were acknowledged to be the strongest divine weapons in heaven and earth. Under normal circumstances, only supreme powerhouses owned prime divine artifacts. However, there was a small number of advanced Supreme Gods who also possessed prime divine artifacts due to their close connections with a supreme powerhouse. With a prime divine artifact in hand, there was no doubt this small number of advanced Supreme Gods were the strongest among advanced Supreme Gods.

After Duan Ling Tian put the fragment of the prime divine artifact away, Hou Lian Yu said again, “Big Brother Duan, prime divine artifacts can only be cultivated by supreme powerhouses...”

Hou Lian Yu assumed Duan Ling Tian was unaware of how precious the fragment of the prime divine artifact was based on Duan Ling Tian’s reaction so he was quick to explain it to Duan Ling Tian.

“Not only is a prime divine artifact difficult to cultivate, but it also takes a long time to cultivate. For this reason, some supreme powerhouse chooses to cultivate a prime divine artifact using something else other than a prominent divine artifact. Only a peerless material can become a fragment of a prime divine artifact. If I’m not mistaken, that metal fragment you obtained is the Colossal Dark Matter. It’s one of the most precious materials used to forge weapons between heaven and earth. You can use the fragment of a prime divine artifact to cultivate your prominent divine artifact with a complete artifact soul. Once your prominent divine artifact accumulates enough energy from nine fragments, it’ll become a prime divine artifact. As you can see, compared to the conventional method, it’s much faster to cultivate a prime divine artifact this way.”

“The supreme powerhouses would scatter and hide fragments of prime divine artifacts on the Realm Battlefield, using them as rewards. According to the rumors, prime divine artifacts once appeared on the Realm Battlefield as a reward a long, long time ago. However, due to the difficulty of cultivating prime divine artifacts, the supreme powerhouses later changed the rewards to fragments of prime divine artifacts. In any case, the fragment of a prime divine artifact is regarded as a peerless treasure on the Realm Battlefield that even advanced Supreme Gods would fight over.”

Duan Ling Tian had a better understanding after listening to Hou Lian Yu’s explanation. Then, he brought the fragment of the prime divine artifact out before he summoned Huang’er, the artifact soul of the Seven Orifices Exquisite Sword.

“Huang’er, how do I integrate this fragment of a prime divine artifact into the Seven Orifices Exquisite Sword?”

Huang’er could barely contain her excitement as she asked, “M-master, you want to integrate the fragment into the Seven Orifices Exquisite Sword?”

Needless to say, the integration of the fragment of the prime divine artifact into the Seven Orifices Exquisite Sword would benefit Huang’er, its soul, tremendously. Moreover, if Duan Ling Tian managed to obtain nine fragments and integrate them with the Seven Orifices Exquisite Sword, the sword would turn into a prime divine artifact. At that time, as long as Duan Ling Tian was willing, Huang’er would become independent like humans. She would possess a lower cultivation base than the master of the divine artifact, but she could slowly raise her cultivation base. For example, if her master was a supreme powerhouse, she would only possess the cultivation base of an intermediate Supreme God. To become an advanced Supreme God, she would have to rely on her own strength. Even after gaining independence, it would not affect the Seven Orifices Exquisite Sword. After all, prime divine artifacts, unlike prominent divine artifacts, were not reliant on the powers of artifact souls. That was why prime divine artifacts were also known as divine weapons in their most basic form.

Chapter 4244 Luo Yi Yun

While Duan Ling Tian asked Huang’er about the way to integrate the fragment of the prime divine artifact into the Seven Orifices Exquisite Sword, he could feel the artifact soul of the prominent divine sword that his doppelganger from the law of space used becoming restless. As the artifact soul of one of Duan Ling Tian’s prominent divine swords, it could naturally hear Duan Ling Tian and Huang’er’s conversation. It did not speak up since Huang’er had served Duan Ling Tian longer, and its status was much inferior to that of Huang’er.

“Master, it’s not difficult to integrate the fragment of the prime divine artifact into the Seven Orifices Exquisite Sword. All you need to do is hold it in your hand while I use my energy to absorb it. After I fully absorbed it, the Seven Orifices Exquisite Sword will rise to another level. At that time, I’ll be able to help you defeat stronger opponents!” Huang’er said, clearly excited. Although she had served Duan Ling Tian wholeheartedly ever since she became the soul of his Seven Orifices Exquisite Sword, she still could not help but feel excited when she thought of gaining her freedom.

Based on Duan Ling Tian's personality, she thought it was likely that he would set her free once the Seven Orifices Exquisite Sword became a prime divine artifact.

"Alright," Duan Ling Tian said with a nod. Subsequently, he brought the fragment of the prime divine artifact out and held it in his hand. He instantly felt Huang'er's seven-colored energy surging out before it shrouded the metal fragment. At the same time, he could feel his other artifact soul growing more restless as the seven-colored energy entered the metal fragment. However, the artifact soul did not act rashly. He was rather satisfied that the artifact soul was smart enough to know that it was no match for Huang'er.

At this time, Hou Dong took the lead to say with a broad smile on his face, "Congratulations, Big Brother Duan!"

!!

Hou Dong's sudden change in attitude made Hou Lian Yu frown, but he did not say anything. Instead, he followed suit and congratulated Duan Ling Tian as well.

Hou Lian Yu looked at Duan Ling Tian and said, "Big Brother Duan, please visit me when you have the time..."

Hou Lian Yu knew that they would be going their separate ways after leaving the natural secret realm. It was highly unlikely for them to meet again unless they agreed to meet at a base camp beforehand or if fate brought them together again.

"Alright." Duan Ling Tian, who was in high spirits, nodded and smiled upon hearing Hou Lian Yu's words. He said, "I owe you a favor for bringing me to this natural secret realm. I'll repay the favor in the future."

Duan Ling Tian knew that he would not be able to obtain the Sky Ascension Fruit and the fragment of the prime divine artifact if Hou Lian Yu did not invite him to enter the natural secret realm. Without the fragment of the prime divine artifact, his Seven Orifices Exquisite Sword would not have risen to another level, which in turn raised his strength as well.

Before leaving the natural secret realm, Hou Lian Yu reminded Duan Ling Tian through Voice Transmission, looking slightly worried, “Since the fragment of the prime divine artifact has been integrated into your divine sword, it’ll expose as soon as you use your divine sword. If someone obtains your divine sword and destroys its soul, the fragment will still remain intact, and it can be extracted from your divine sword. As such, it’s best not to use your divine sword, especially against opponents whom you’re no match for.”

Duan Ling Tian was aware of this as well. However, he became even more vigilant after listening to Hou Lian Yu’s reminder. He was not an impulsive person and would not take unnecessary risks.

At this time, the veiled woman looked at Duan Ling Tian and suddenly asked, “Duan Ling Tian, can we speak privately?”

Duan Ling Tian was slightly taken aback. He nodded and followed the veiled woman to the side of the valley.

While they stood with their backs facing the others, the veiled woman suddenly took off her veil, revealing her beautiful and exquisite face that would make most men lose their minds. However, Duan Ling Tian remained immune to her beauty. After all, he had yet to meet a woman who was more beautiful than Huan’er. The woman in front of him was indeed beautiful, but she was still lacking compared to Huan’er.

The woman took the lead and began to introduce herself to Duan Ling Tian. “My name is Luo Yi Yun. The name that Junior Sister Yu Wei used to introduce me is fake. I’m a member of the Luo clan in the Divine Offering Land, and my father is the clan leader.”

Duan Ling Tian was shocked inwardly. Based on what he knew, the Luo clan was a prime supreme-rank clan in the Divine Offering Land that was on par with the Xia clan and the Yun clan. Among the prime supreme-rank forces in the Divine Offering Land, there were only three clans: the Xia clan, the Yun clan, and the Luo clan.

Duan Ling Tian was still wondering if Luo Yi Yun was from the prime supreme-rank Luo clan when she said again, “The Luo clan is one of the three prime supreme-rank clans in the Divine Offering Land. Our clan has a long legacy, and we have an ancestor who’s a supreme powerhouse.”

After a brief pause, Luo Yi Yun looked at Duan Ling Tian with bright eyes as she continued to say, “Duan Ling Tian, your background must be ordinary since you’re from a lower realm, and I’ve never heard of you in the Divine Offering Land...”

In Luo Yi Yun’s opinion, even if Duan Ling Tian had joined an ordinary supreme-rank force, he would still be famous due to his heaven-defying strength. Moreover, she could sense that he was much younger than her. Someone like Duan Ling Tian was a monstrous talent even among prodigies.

“I, Luo Yi Yu, represent the Luo clan to invite you to join us. The Luo clan won’t mistreat you if you join us. I’ll make sure that my father adopts you as his godson if you join the clan. With this, you’ll be a young master of the Luo clan as well, just like my elder brothers. Needless to say, you’ll also be given special privileges and treatment. In fact, your treatment might be even better than ours...” Luo Yi Yun said without beating around the bush. She spared no effort in convincing Duan Ling Tian to join the clan, and she spoke as though she had the qualifications to make decisions on her father’s behalf.

“As it turns out, you’re the young miss of the Luo clan. Forgive me for not knowing better,” Duan Ling Tian said with a nod. Then, he continued to say with a faint smile on his face, “However, I have no interest in joining the Luo clan. Thank you for your kindness, Miss Luo.”

Luo Yi Yun did not expect Duan Ling Tian to refuse her invitation so decisively. She frowned slightly before she said, “Duan Ling Tian, if you think my offer isn’t good enough, you can put forth your conditions. If it’s within the clan’s abilities, I can agree to you on my father’s behalf.”

Luo Yi Yun was determined to recruit Duan Ling Tian; she did not intend to give up easily. In her opinion, with Duan Ling Tian’s monstrous innate talent, he had a very high chance of becoming a supreme powerhouse in the future. Even if he failed to become a supreme powerhouse, he would definitely become an advanced Supreme God. With the Luo clan’s ultimate divine weapon, he would be unrivaled among advanced Supreme Gods. All in all, the Luo clan would benefit tremendously from having him in their clan. The clan would definitely gain another powerhouse capable of protecting it.

Duan Ling Tian raised an eyebrow. “My conditions? So I can request anything?”

Seeing that there was a sliver of hope, Luo Yi Yun’s eyes lit up as she hastily replied, “Yes, anything!”

Duan Ling Tian nodded. His narrowed eyes flashed coldly as he said, “Miss Luo, I’ll join the Luo clan if the Luo clan is able to help me kill someone...”

“Who do you want to kill?” Luo Yi Yun asked without missing a beat.

As a prime supreme-rank force, it would not be difficult for the Luo clan to kill someone as long as the other person was not a supreme powerhouse or an incredibly strong advanced Supreme God.

Luo Yi Yun knew she had to ask about the identity of the person whom Duan Ling Tian wanted the Luo clan to kill. Apart from the strong powerhouses, the Luo clan also could not simply kill those

with a powerful background. Moreover, for someone like Duan Ling Tian to need help killing someone, the other person likely was not simple as well.

Duan Ling Tian looked at Luo Yi Yun and said seriously, “The Young Master of the Yun clan, Yun Qing Yan. If the Luo clan kills him, I’ll join the Luo clan.”

Luo Yi Yun’s eyes widened as soon as she heard Duan Ling Tian’s words. When she finally regained her senses, she smiled wryly and said, “I’m afraid the Luo clan is unable to help you kill him.”

Although Yun Qing Yan was not powerful, his background was extraordinary. Moreover, a few elders from her grandfather’s generation were also married to members of the Yun clan. In a way, Yun Qing Yan could be considered Luo Yi Yun’s cousin.

Luo Yi Yun sighed inwardly before she asked, “Is there enmity between the both of you?”

Chapter 4245 The Master of the Sanction Land

In the next moment, Luo Yi Yun regretted asking such a foolish question. How could there be no enmity between Duan Ling Tian and Yun Qing Yan when Duan Ling Tian wanted Yun Qing Yan dead?

Duan Ling Tian was also slightly stunned that Luo Yi Yun asked such an obvious question. He looked at her and did respond to the question. At the same time, he questioned her intelligence.

After a moment, unwilling to give up, Luo Yi Yu asked again, “Do you have other conditions or requests?”

The Luo clan was naturally powerful enough to kill Yun Qing Yan, but the clan would naturally be unwilling to take such a huge risk even if it was for a monstrous talent like Duan Ling Tian. If the matter was not dealt with carefully, it would cause irreparable damage to the relationship between the Luo clan and the Yun clan. How could the Luo clan be willing to take such a huge risk for Duan Ling Tian regardless of how heaven-defyingly talented he was?

“No. It’s pointless to continue this conversation,” Duan Ling Tian said indifferently.

At this time, Duan Ling Tian saw the clouds and wind stirring in the sky. He knew they would be sent out of the natural secret realm soon. Upon seeing this, he recalled the words of his Third Senior Brother, Yang Yu Chen.

“When you’re transported out of a natural secret realm, several spatial points might appear. If you’re able to break through the spatial points, you’ll be rewarded...”

‘I wonder how many spatial points will appear and what kind of rewards I’ll obtain...’ Duan Ling Tian thought to himself curiously. Regardless, he knew the rewards would not be as precious as the fragment of the prime divine artifact. At most, the reward would be as precious as the Sky Ascension Fruit if he managed to break through all spatial points.

At this time, Hou Lian Yu said to Duan Ling Tian, “Big Brother Duan, we’ll be transported out of the natural secret realm soon. At that time, we’ll be sent to a spatial point each and...”

Since Duan Ling Tian was already aware of this, he quickly interjected and told Hou Lian Yu was already aware of the matter.

After a while, a wave of energy swept down from the sky toward Duan Ling Tian and the others. At the same time, a message appeared in their minds.

“Congratulations on passing the natural secret realm.”

At this time, Luo Yi Yun said again, “Duan Ling Tian, come to the Luo clan if you need my help. I’ll try my best to help you as long as it’s within my capabilities.”

Although Duan Ling Tian refused to join the Luo clan, Luo Yi Yu knew it would not be a loss for her to befriend a peerless prodigy like Duan Ling Tian.

“Thank you,” Duan Ling Tian replied through Voice Transmission. He was naturally aware of Luo Yi Yun’s thoughts.

At this moment, Duan Ling Tian and the others felt a pull from the energy before they entered a colorful and seemingly endless passageway.

In the beginning, Duan Ling Tian could still see the others. However, not long after, he lost sight of the others; he was alone. Following that, he found that he had arrived in what seemed to be an eerie prison. He was trapped within huge dark stone pillars.

Roar!

In just a moment, Duan Ling Tian discovered that he was not the only one in the prison. A huge beast with a terrifying aura was in the prison as well. As soon as it sensed Duan Ling Tian’s presence, it woke from its slumber and roared before it pounced at Duan Ling Tian. Its strength was comparable to an imminent Supreme God, but alas, it was nothing in front of Duan Ling Tian.

With just a thought, Huang'er and the Seven Orifices Exquisite Sword shot out, killing the beast in just a blink of an eye.

Duan Ling Tian could keenly sense the subtle change in the Seven Orifices Exquisite Sword.

Huang'er was aware of Duan Ling Tian's thoughts so she explained, "Master, the Seven Orifices Exquisite Sword has only absorbed 1% of the fragment of the prime divine artifact. It'll go through a tremendous change after it absorbs everything."

Duan Ling Tian smiled and nodded. 'I can feel the difference even if it's just 1%. I can already imagine what it'll be like after it completely absorbs the fragment and rises to another level. At that time, my strength will rise as well...'

After Duan Ling Tian killed the giant beast, a divine pill fell from above. However, the divine pill was nothing to him at all. After putting the divine pill away, the colorful passageway appeared again and brought him to the other spatial points.

Needless to say, Duan Ling Tian easily passed the spatial points. His opponents were all beasts; there was no human from the Sanction Land.

Duan Ling Tian did not find anything interesting until he arrived at the final spatial point. He found a branch from the Divine Tree of Life. Although it was just a branch, the vital energy it contained was terrifying.

'This branch must be from a living Divine Tree of Life in one of the Realms of Gods. Otherwise, its vital energy won't be so strong...'

In the past, Duan Ling Tian obtained a dying Divine Tree of Life in a remnant of a Realm of Gods. Many years had passed since then, and the Divine Tree of Life was also deeply rooted in his Little World. However, its vital energy was not strong at all. Moreover, after the previous ordeal, its vital energy had weakened to the point where it was now barely comparable to the vital energy in the branch in front of him.

‘I should be able to use this branch as nutrients for the Divine Tree of Life in my Little World, right?’

Driven by curiosity, Duan Ling Tian threw the branch into his Little World. When the branch landed on top of the Divine Tree of Life, a stream of energy shot out of the dying tree and devoured the branch. In just a moment, the Divine Tree of Life seemed to regain life.

‘It worked!’ Duan Ling Tian wore a satisfied expression on his face. He was surprised that his spur-of-the-moment idea bore fruits.

Not long after that, Duan Ling Tian was finally transported out of the natural secret realm, which was located somewhat close to a base camp, to the Divine Sanction Battlefield.

Hou Lian Yu and the others would also be transported to places nearby, but Duan Ling Tian was not sure when. He knew the others would survive even if they could not kill their opponents in the spatial points since one could leave the spatial points with just a thought. After all, the spatial points were just a means to give extra rewards to those who entered the natural secret realm so there was no real danger.

Duan Ling Tian was definitely the first to be transported back to the Divine Sanction Battlefield since he killed the beasts in the spatial points very quickly.

...

Meanwhile, in a mysterious place in the Sanction Land.

A towering tree that was brimming with vital energy stood tall.

At this time, an old woman suddenly appeared above the tree.

Following that, a slender figure ran out and asked curiously, “Grandmother, why are you here?”

The old woman’s gaze softened when she saw the slender figure. She shook her head and said, “Little girl, I sensed that branch you took away in the past has been consumed by another Divine Tree of Life. It seems like someone obtained a Divine Tree of Life through some means and planted it in his or her Little World. The growth of that person’s Divine Tree of Life is right on track. Perhaps, he or she will follow in your footsteps.”

In the past, the little girl the old woman mentioned stumbled upon the old woman, who was the manifestation of the Divine Tree of Life, by chance in the remnant of a Realm of Gods, and planted the Divine Tree of Life in her Little World. After she became a supreme powerhouse, her Little World also turned into a Realm of Gods accordingly. Most importantly, that Realm of Gods was none other than the Sanction Land.

The slender figure smiled faintly. “Follow in my footsteps? I hope he or she manages to reach the end of the journey. There’s no lack of people who stumbled across remnants of Realms of Gods and the Divine Trees of Life. However, only a few managed to succeed. The Outer Boundary’s situation is rather grim. It’ll be good if we gain another supreme powerhouse. Alas, it’s not so easy to become a supreme powerhouse with just a Divine Tree of Life. I wouldn’t have become a supreme powerhouse if it weren’t for you and the Clear Heavens Divine Wood...”

...

Duan Ling Tian was naturally unaware that when he took the branch of the Divine Tree of Life, he had alerted the Sanction Land's master and Divine Tree of Life.

Chapter 4246 Karma is a B*tch

‘Not only does it feel like my Divine Tree of Life has fully recovered, but it has also grown stronger! The vital energy in my Little World has become significantly richer!’

After leaving the natural secret realm, Duan Ling Tian looked at his Little World and discovered the changes in his Divine Tree of Life.

‘It seems my tree gained a lot from that branch of another Divine Tree of Life. Based on these changes, the other Divine Tree of Life must be in its prime...’

Duan Ling Tian was rather knowledgeable about the Divine Tree of Life. The Divine Tree of Life that he stumbled upon in the remnant of a Realm of Gods contained the World Cleansing Divine Water. His abundant knowledge of the Divine Tree of Life came from the World Cleansing Divine Water.

Under normal circumstances, Divine Trees of Life existed in the Little Worlds of supreme powerhouses. Only those who were incredibly fortunate like Duan Ling Tian would be able to obtain a Divine Tree of Life. With sufficient innate talent, one could become a supreme powerhouse through the Divine Tree of Life. However, this path was much harder compared to becoming a supreme powerhouse through the Five Divine Elements or the Four Daos of Heaven and Earth. Speaking of which, the fastest way to become a supreme powerhouse was through the Four Daos of Heaven and Earth, followed by the Five Divine Elements. As for the Divine Tree of Life and other unconventional methods, they were the slowest methods.

In the past, the World Cleansing Divine Water had said, “Even if one doesn’t have a Divine Tree of Life, one will be able to grow a Divine Tree of Life after becoming a supreme powerhouse. However, if one already has a Divine Tree of Life, after becoming a supreme powerhouse, one won’t be able to grow another Divine Tree of Life.”

After a while, Duan Ling Tian’s thoughts finally drifted away from the Divine Tree of Life.

‘Supreme powerhouses are all outstanding alchemists. It’s not surprising that most of the rewards on the Realm Battlefield are divine pills...’

Most of the rewards Duan Ling Tian and the others gained in the natural secret realm and the spatial points were divine pills.

‘Supreme powerhouses can cultivate prime divine artifacts so they must also be skilled weaponsmiths... I really gain a lot from the natural secret realm... I should enter at least another one or two secret realms after this. Based on my current progress, it shouldn’t be difficult for me to become a rudimentary Supreme God before the chaotic region opens...’

A region connected to multiple Realms of Gods would open every 100 years, and it would stay open for a decade. During the ten years, the secret realms, treasures, and fortuitous encounters would be superior to the ones during normal times. As such, more people would flock to the Realm Battlefield during that time in search of fortuitous encounters.

A smile appeared on Duan Ling Tian’s face as he recalled his time in the natural secret realm. He would have missed out on a lot if Hou Lian Yu from the Divine Offering Land’s Hou clan did not invite him to the natural secret realm.

‘I must repay Hou Lian Yu when the chance arises in the future...’

‘As for the others...’

In Duan Ling Tian’s eyes, the others, including Luo Yi Yun from the Divine Offering Land’s prime supreme-rank Luo clan, were just mere passersby in his life.

...

Duan Ling Tian did not overexert himself after leaving the natural secret realm. When he felt like cultivating, he would find a place to cultivate. When he felt like studying the Sword Dao and the Mastery Dao, he would do so. During this time, his law of space continued to improve as well thanks to the Supreme Powerhouse Divinity in his Little World.

‘Even if the owner of this Supreme Powerhouse Divinity is the weakest supreme powerhouse, his comprehension of the law of space must be able to manifest a phenomenon that can illuminate the lands for ten million miles... Even if he hasn’t reached the Paramount Stage, his comprehension might have reached the Perfection Stage...’

The Perfection Stage and the Paramount Stage were used to differentiate one’s comprehension of the laws. When one’s comprehension of a law had reached perfection, one would be at the Perfection Stage. However, if one comprehended all laws to perfection, one would be at the Paramount Stage.

Based on what Duan Ling Tian knew, no one had yet to reach the Paramount Stage. It was an extremely difficult feat after all to comprehend all laws to perfection.

In the past, Yang Yu Chen had said, “Since the beginning of time, no one has reached the Paramount Stage... That’s why the Paramount Stage is like a myth...”

‘One can also become a supreme powerhouse through a Supreme Powerhouse Divinity. I possess many ways to become a supreme powerhouse, but I wonder which way I’ll end up using to become a supreme powerhouse. According to Sister Water, the best is to become a supreme powerhouse through the Four Daos of Heaven and Earth. Moreover, supreme powerhouses who mastered the Four Daos of Heaven and Earth have the strongest combat powers.’

After listening to the World Cleansing Divine Water, Duan Ling Tian naturally hoped to become a supreme powerhouse through his Sword Dao and Mastery Dao. However, nothing was certain, and he could only try his best. If he stumbled upon an easier path, he would not hesitate to take it. After all, he could continue to comprehend the Four Daos of Heaven and Earth after becoming a supreme powerhouse so it would not affect his future strength even if he used another way to become a supreme powerhouse.

‘I should accumulate more battle merits to open an individual secret realm.’

Duan Ling Tian had a clear goal of what to do next. He planned to accumulate battle merits and open an individual realm. He would trade treasures that were useless to him in the realm for other things.

Apart from that, Duan Ling Tian was also determined to become a rudimentary Supreme GOD before opening an individual secret realm.

...

‘No!’

Duan Ling Tian was flying above a valley on the Realm Battlefield when the void around him began to shake. Following that, an extremely strong energy surged from the valley and shrouded him in just a blink of an eye. It was so fast that he failed to teleport away in time.

‘This isn’t a human’s energy... It’s natural energy from the valley?’

Initially, Duan Ling Tian thought he was being attacked. However, after a while, he did not see anyone. As such, he concluded that it was natural energy.

At this time, Duan Ling Tian felt the energy surging before a spatial tear appeared, revealing darkness behind it. The pulling force from the black hole was so strong that he could not resist it all and was helplessly pulled into the black hole.

‘This... Am I being sent to a natural secret realm to serve as opponents for those from the Sanction Land?’ Duan Ling Tian wondered inwardly after calming down.

Duan Ling Tian smiled wryly. He did not expect to be pulled into a natural secret realm to become an opponent.

‘Karma is a b*tch! It seems like I’ll have to face a group of powerhouses from the Sanction Land who are intent on killing me. They have to be advanced Emperors of Gods at least, right? I’m not sure if opponents are chosen according to the strength of those who enter the natural secret realm. I only hope that those I have to face earlier aren’t intermediate Supreme Gods...’

Duan Ling Tian was naturally worried that the people he had to face in the natural secret realm were intermediate Supreme Gods. With his current strength, he could only kill the weakest among intermediate Supreme Gods. Even then, he would be able to deal with it if a few weak intermediate Supreme Gods joined forces against him.

While Duan Ling Tian was still praying fervently, the darkness receded, and his sight was restored.

‘Where am I?’

Suddenly, Duan Ling Tian heard a commotion. He looked up and saw three people surrounding him. He also saw a huge black hole that was rapidly shrinking behind them. As he continued to survey his surroundings, he found six people, standing in groups of two, below him.

“We’ve become gatekeepers of a level in a natural secret realm for those from the Sanction Land!” someone next to Duan Ling Tian exclaimed as his expression changed drastically.

The other two people who were transported to this place wore unsightly expressions on their faces as well after they discovered the predicament they were in.

Duan Ling Tian was the only one who maintained his composure. In fact, he looked fearless. This was because he had discovered that the three gatekeepers and the six people from the Sanction Land were just advanced Emperors of Gods.

Chapter 4247 Enthusiastically Heading to Their Deaths

In the air below Duan Ling Tian and the other three people from the Divine Offering Land, the six advanced Emperors of Gods from the Sanction Land looked at their opponents indifferently. Clearly, they were not nervous at all.

“In this level, there should be at least one imminent Supreme God among the four of them, right?”

“The five opponents from Divine Offering Land in the previous level were only close to becoming imminent Supreme Gods. Since there are four of them now, one of them has to be an imminent Supreme God. Perhaps, there are two...” another person said gently and calmly. It was as though he was talking about an unimportant matter.

“The six of us are imminent Supreme Gods... Only three of us fought in the previous level, but we still managed to clear the level within ten breaths. If the six of us fight in this level, we should be able to clear the level within five breaths,” the third person from the Sanction Land said with a smile, confident and fearless.

!!

The fourth person shook his head and said with a smile, “Five breaths? I think you underestimate yourself and us too much. If the six of us make a move, even if there are two imminent Supreme Gods among our opponents, it’ll be hard for them to hold on for three breaths, let alone five. All we have to do is make sure that we don’t give them a chance to escape. Since one of us comprehends the law of space, even if one of the opponents comprehends the law of space, it’ll be impossible for them to teleport away. It doesn’t even matter if they have someone who comprehends the law of wind, we have two among us who comprehend the law of wind. Even if the two strongest opponents comprehend the law of wind, we still won’t lose to them.”

The others from the Sanction Land nodded in agreement.

The person who had spoken earlier smiled awkwardly and said, “I only estimated that it’ll take five breaths if we don’t join forces. If we plan well and join forces, it’ll naturally take fewer than three breaths. If we don’t join forces, it’s only natural that it’ll take more than three breaths.”

The six people from the Sanction Land did not bother to lower their voices or use Voice Transmission. It was as though Duan Ling Tian and the others were not around.

Duan Ling Tian did not react at all, but the other expressions of the other three from the Divine Offering Land changed immediately.

“All six of them are imminent Supreme Gods?!”

“It’s over! It’s over!”

It was only natural that the three people from the Divine Offering Land were terrified. They were only advanced Emperors of Gods, after all. They were still quite a distance from becoming an imminent Supreme God.

One of them looked at Duan Ling Tian and the others as he asked hopefully, “You... Are any of you imminent Supreme Gods?”

“I’m not. Even if all four of us are imminent Supreme Gods, do you think we stand a chance to survive? Based on what they said, their previous opponents were five advanced Emperors of Gods close to becoming imminent Supreme Gods, just like us, but they still defeated them. At most, there are one or two imminent Supreme Gods among the four of us. In any case, I’m not an imminent Supreme God,” another person said as he looked at Duan Ling Tian before he finally rested his gaze upon the person who had spoken first at the end of his words.

Upon seeing the other person’s gaze, the person who had spoken first turned pale immediately and said, “Don’t look at me! I’m not an imminent Supreme God.”

After the three people from the Divine Offering Land confirmed they were not imminent Supreme Gods, they looked at Duan Ling Tian in unison.

Faced with the trio's questioning gaze, Duan Ling Tian nodded and calmly said, "I guess I can be considered an imminent Supreme God."

'I guess?'

The trio thought that Duan Ling Tian was just being modest. Since none of them were imminent Supreme Gods, in their opinion, Duan Ling Tian must be an imminent Supreme God. Nonetheless, they were not happy at all.

"It's over. We only have one imminent Supreme God among us... I'm afraid that even if the four of us join forces, we still won't be able to stop one of them, let alone six of them. I didn't think I'd be so unlucky to be pulled into a natural secret realm. Perhaps, I'd have a better chance of surviving if I was pulled in a few levels later. As it is now, I'm dead meat."

The people from the Divine Offering Land did not speak using Voice Transmission as well. As such, their words were heard by the six people from the Sanction Land.

"There's only one imminent Supreme God among the four of them?"

"It seems like I overestimated them earlier. I think even if only three of us make a move, it'll be enough for us to defeat them in ten breaths."

"If the six of us join forces and cooperate well, I feel like we can kill them with just one breath."

Four out of the six people from the Sanction Land stared at Duan Ling Tian and the others with a mocking smile on their faces.

One of the two who remained calm said, "It's better to be cautious. All six of us should fight. We can believe them just because they said only one of them is an imminent Supreme God."

The other person chimed in, "That's right. We have to be careful. We should also plan ahead and try to kill them in the shortest time possible. It's best to treat the four of them as imminent Supreme Gods."

Although the other four people from the Sanction Land thought that the duo was too cautious, they did not object. After all, it would not do any harm to be extra cautious.

"Alright, then let's fight together!"

One of the four people said with a grin, "So what's our plan? I'll follow your commands!"

They looked at the duo who had remained calm up until now, clearly willing to follow the duo's orders.

The duo exchanged a look before one of them said, "My strongest law is the law of space. I'll disrupt the space and work with all of you to take down our fastest opponent. Two of you who comprehend the law of wind should stay on guard to chase those who try to escape. As for the others, just focus on killing them."

Just like before, the people from the Sanction Land did not bother to use Voice Transmission.

Even the cautious duo did not think it was necessary to hide their plan from their opponents. After all, even if all four of their opponents were imminent Supreme Gods, they still had the advantage

since they were six of them. They were confident that the four people from the Divine Offering Land would die.

While the six people from the Sanction Land planned their moves as though they were the only ones in the natural secret realm, the three people from the Divine Offering Land grew more and more desperate.

“They think we’re deceiving them. Alas, I’m really not an imminent Supreme God!”

“It doesn’t matter if they have a plan or not. We’re all dead!”

“I really regret it! If I knew better, I wouldn’t have entered the Realm Battlefield at all.”

The faces of the trio from the Divine Offering Land were pale as they drowned in despair. Moreover, despite the presence of the enemies, they did not mobilize their Divine Energy at all. They only used the bare minimum of Divine Energy to keep themselves afloat in the air. It was as though they had given up resistance.

At this time, Duan Ling Tian stepped forward in front of the trio from the Divine Offering Land. He faced the six people from the Sanction Land as his Divine Energy swept out, and a spatial storm began to rage around him.

As though influenced by Duan Ling Tian, the despairing expressions on the faces of the trio from the Divine Offering Land disappeared and were replaced with ones of grim determination.

“Since you don’t intend to give up, the least we can do is not embarrass the Divine Offering Land!”

“Even if we die, we have to die brilliantly!”

“My lord, I’ll help you!”

The trio from the Divine Offering Land, who seemed to have lost hope just a moment before, stepped forward as well and stood shoulder-to-shoulder with Duan Ling Tian. In their eyes, Duan Ling Tian had stepped forward to protect them earlier.

When Duan Ling Tian saw the trio stepping forward bravely to face death, he was not particularly moved. Instead, he was rather taken aback. ‘They seemed to have misunderstood me. Did they think I’m heading to my death?’

At this time, the six people from the Sanction Land finally made a move. All of them targeted Duan Ling Tian.

“I think we’re too cautious... Those three were obviously on the verge of giving up earlier. If it weren’t for that one imminent Supreme God, they would’ve already given up...” one of them said with a derisive smile.

“Don’t be careless! We’ll kill them according to our plan.”

“Yes. The lion doesn’t hold back even when it’s just hunting down a rabbit. Don’t underestimate our opponents.”

“I’ll disrupt the space now. You two who comprehend the law of wind, keep an eye on the opponent. Make sure no one escapes!”

One of them laughed. “Fortunately, I didn’t comprehend the law of space or the law of wind. Otherwise, I’ll be stuck with such a boring task. I can just focus on attacking and killing them now!”

The six imminent Supreme Gods from the Sanction Land flew toward the four people from the Divine Offering Land, certain about their victory. In fact, they were sure it would be a crushing and overwhelming victory. Even the duo, who were more cautious, thought so.

At this moment, the trio from the Divine Offering Land had already made up their minds to fight to their last breaths and die splendidly on the battlefield. However, a hint of sorrow could still be seen in the depths of their eyes. At the critical moment of life and death, even if they had accepted their fates, it was still difficult to dispel the fear and sorrow that accompanied death.

Chapter 4248 The Final Step

Although the six people from the Sanction Land were certain of their victory, they not only followed their plan, but they also attacked without holding back. Their prominent divine artifact souls with complete artifact souls shone brilliantly in their hands, boosting their strength greatly.

Three imminent Supreme Gods from the Sanction Land flew out toward Duan Ling Tian and the others while the other three got into their respective positions.

When the trio, who comprehended the law of wind and the law of space, saw that Duan Ling Tian and the others had no intention of escaping, they quickly joined the fight as well.

At the same time, the trio from the Divine Offering Land, who stood next to Duan Ling Tian, looked at the first three imminent Supreme Gods from the Sanction Land.

!!

“Let’s attack with all our might!”

“Let’s kill the one that comprehends the law of space! Before we die, let’s kill at least one of them!”

“Kill him!”

In the next moment, the trio from the Divine Offering Land who just managed to rouse their fighting spirit and were about to charge out felt as though they had been splashed by a bucket of cold water.

Duan Ling Tian’s spatial energy swept out and carried the trio away from the battlefield before he erected a protective barrier around them.

The trio from the Divine Offering Land were baffled by the sudden development, wondering why they were pushed back. After a moment, they finally realized that the only imminent Supreme God among them planned to deal with the six imminent Supreme Gods from the Sanction Land alone.

“Why did he do this?”

“We’ll all die sooner or later... Don’t tell me that he thinks we’ll be able to survive after he dies?”

“Forget it. Let’s not waste his good intentions. Let him shine during his last moment before we join him in death!”

The trio from the Divine Offering Land did not have any complaints, and they also did not feel regretful they were unable to kill the Sanction Land’s imminent Supreme God who comprehended the law of fire. After all, the possibility of them succeeding was almost zero. How could the other five imminent Supreme Gods from the Sanction Land do nothing if they joined forces to kill one of them?

Meanwhile, Duan Ling Tian was naturally unaware of the trio’s thoughts. He did not pay attention to the stunned expressions on the faces of the six imminent Supreme Gods from the Sanction Land as well.

Soon after Duan Ling Tian’s spatial storm swept out, he took control of the surrounding space. Subsequently, a seven-colored sword and a woman dressed in a seven-colored robe appeared in the air.

When the six imminent Supreme Gods from the Sanction Land returned to their senses and charged out, Duan Ling Tian slowly said, “Consider yourself unlucky for encountering me.”

Upon hearing these words, the cautious duo from the Sanction Land frowned slightly and grew wary.

On the contrary, the other four imminent Supreme Gods only laughed mockingly.

“This imminent Supreme God is really delusional! He thinks he can fight the six of us alone!”

“He’s biting off more than he can chew!”

“Unbelievable!”

“Ridiculous!”

Alas, the mocking smiles on their faces did not last long.

Duan Ling Tian held the seven-colored sword in his hand. With just a wave, countless seven-colored sword rays swept out, causing the void to shake before hairline cracks appeared. The sword rays glowed brilliantly, looking as though they could destroy everything that stood in their path.

After a brief moment of stalemate, the attacks of the six imminent Supreme Gods from the Sanction Land were completely crushed by the seven-colored sword rays.

At the same time, light that shone down on the lands suddenly appeared.

The trio from the Divine Offering Land, whom Duan Ling Tian protected, exclaimed in unison, “The phenomenon that shines for 100,000 miles!”

At the same time, the calm and cautious duo from the Sanction Land cried out at almost the same time as they hastily retreated.

“Retreat!”

“Hurry up and retreat!”

Alas, the other four from the Sanction Land were a little too slow.

Swoosh!

The domineering seven-colored sword rays destroyed everything in their path before they landed on the four imminent Supreme Gods from the Sanction Land.

“No!”

“Impossible!”

“Arghhh!”

The Sanction Land’s four imminent Supreme Gods’ final unwilling cries echoed in the ears of everyone in the natural secret realm.

At this time, the remaining two imminent Supreme Gods from the Sanction Land exchanged a look and said in unison, “Let’s go!”

Following that, the duo's Divine Energy surged, forming a thick layer of defense in front of them, as a portal promptly appeared above them.

Swoosh!

At the same time, a seven-colored sword ray flew over and destroyed the duo's defenses. However, just as the seven-colored sword ray was about to hit them, they disappeared into thin air.

The seven-colored sword ray that missed its target fell into the mountain range below.

Boom!

A huge ravine that seemed bottomless appeared in the mountain range.

Duan Ling Tian cleaved a mountain range into two with just one sword ray!

After the dust settled, Duan Ling Tian muttered to himself indifferently, "They're quite vigilant..."

Duan Ling Tian was not frustrated that the duo managed to escape. In fact, a faint smile could be seen on his face. It did not matter if he killed those two or not. After all, he was sent here to act as a gatekeeper of a level. It was enough that he survived.

At the same time, the trio from the Divine Offering Land still had not recovered from their shock. They were certain they would die today. After all, their six opponents were imminent Supreme Gods while they only had one imminent Supreme God. Not only that, but their opponents also had

more people on their sides. They had been prepared to fight to their deaths when Duan Ling Tian suddenly sent them away from the battlefield. They assumed that he was going to sacrifice himself to buy them time to survive even if they did not understand his reason for doing so. In the end, they finally realized they had misunderstood the ‘weirdo’ who wanted to die alone. As it turned out, he had no intention of dying at all. Moreover, he also knew he could deal with the six imminent Supreme Gods from the Sanction Land.

When the trio returned to their senses, they looked at each other and began to discuss among themselves, still filled with shock and disbelief.

“He crushed the attacks of the six imminent Supreme Gods and killed four of them with just one strike! If the other two didn’t leave in time, they would have died as well!”

“Those two were fast! If they were just a beat slower, they would have died!”

“How terrifying! His... His strength is comparable to a rudimentary Supreme God, right?”

“Comparable? I think he’s capable of killing some rudimentary Supreme Gods. Even an ordinary rudimentary Supreme God isn’t capable of killing those six so easily.”

After a moment, one of them turned to Duan Ling Tian and said with a bow, “My lord, thank you for saving our lives!”

The other two quickly followed suit.

The trio also introduced themselves to Duan Ling Tian and solemnly promised to help Duan Ling Tian if there was a need in the future.

Duan Ling Tian only smiled perfunctorily. To him, these people were just passersby in his life. He said, “There’s no need for this. It’s your fate that you survived today...”

Just as the energy that brought them here appeared again, one of them suddenly asked anxiously, “My lord, may I ask for your name?”

“My lord, even if you don’t need us to repay you, please tell us your name! You’re our benefactor after all!”

Duan Ling Tian saw no need to lie so he said, “My name is Duan Ling Tian...”

As soon as Duan Ling Tian’s voice fell, the energy brought Duan Ling Tian and the others out of the secret realm.

The trio committed Duan Ling Tian’s name to their memory. After all, if it were not for him, they would have died. They were sure that if they told others about what happened, they would be shocked.

Perhaps, only a few would believe that there was such a terrifying advanced Emperor of Gods in this world. Nonetheless, even these few people might not believe the trio managed to encounter such a person.

For the trio, the experience of being gatekeepers for the people from the Sanction Land would be something they would never forget for the rest of their lives. Naturally, they would also never forget the peerless and elegant purple-clad young man.

...

On the contrary, Duan Ling Tian was indifferent to this incident. It was nothing for him to save the trio. Even if the trio were not there, he would still defeat the six people from the Sanction Land. Saving the trio did not take any effort at all.

‘The Realm Battlefield is really amazing...’

After Duan Ling Tian was sent out, he found that he was not in the sky above the valley. Instead, he was in a stone forest.

Boulders of different sizes were everywhere. The biggest ones were as big as Optimus Prime, and the smallest ones were about seven or eight meters tall. The stone forest was a good hiding place.

Duan Ling Tian did not stay in the stone forest. He continued to explore the Realm Battlefield, gain combat experience, and cultivate.

...

Time passed by silently. The opening of the chaotic region was also drawing closer.

Three years before the opening of the chaotic region, Duan Ling Tian was finally at the final bottleneck in the realm of an advanced Emperor of Gods; he was only one step away from entering the realm of a rudimentary Supreme God.

‘After this, I’ll enter closed-door cultivation and consume the Heavenly Dao Fruit to break through to the realm of Supreme Gods!’

Duan Ling Tian left the inner area of the Divine Sanction Battlefield and returned to the outer area before he found a secluded place. After setting up layers of Formations, he finally entered closed-door cultivation.

Even the slightest disturbance to the Formations would alert him. Since he was on the Realm Battlefield, he naturally had to be cautious.

“The third Heavenly Dao Fruit. With my current cultivation, after absorbing the fruit’s efficacy, I’ll enter the realm of Supreme Gods!”

One could only consume the divine fruits like the Heavenly Dao Fruit thrice at most before they lost most of their efficacy. It was also for this reason that he did not consume the Sky Ascension Fruit he obtained from the natural secret realm. Due to the two fruits’ similar nature, they would repel each other. Otherwise, he would have consumed both the Heavenly Dao Fruit and the Sky Ascension Fruit. He would not have to wait until now to become a Supreme God.

Chapter 4249 Miss Ke’er

The Divine Sanction Battlefield connected the Divine Offering Land and the Sanction Land. It was the battlefield for the people from the Divine Offering Land and the Sanction Land. Needless to say, even the secret realms were a battlefield for the people from the two Realms of Gods.

For most multi-people secret realms, only people from the same Realm of Gods could enter the secret realm together.

There were two types of multi-person secret realms. One was those that could only be opened by people from the same Realm of Gods. After entering the secret realm, these people would explore the secret realm, and they would have to pass various tests together. The second type of secret realm

was much more brutal. Two groups of people from two different Realms of Gods would be transported into the secret realm at the same time to fight to the death. One would not only be rewarded for successfully killing the opponents, but one would also be given additional rewards. However, one would only obtain the additional rewards after one killed all of one's opponents. As though that was not cruel enough, one would not be able to surrender or leave until one killed all of one's opponents.

Single-person secret realms were also equally dangerous and cruel. There were secret realms where two people from two different Realms of Gods had to fight to the death, and the survivor would obtain the additional rewards.

The more battle merits one used to open a secret realm, the better the rewards in the secret realm would be.

Many people like Duan Ling Tian who accumulated many battle merits would only open a single-person realm. Since not many people had a lot of battle merits, it was difficult for them to open a multi-person secret realm.

For example, if one had 100,000 or a million battle merits, one had to find others who also had 100,000 or a million battle merits to open a multi-person secret realm. As such, it was much easier to open a single-person secret realm.

Since Duan Ling Tian was aware of this matter, he decided to open a single-person secret realm once he accumulated enough battle merits. He had no intention of opening a multi-person secret realm at all. After all, by the time he successfully opened a multi-person secret realm, it was likely that the chaotic region would have already appeared.

...

While Duan Ling Tian was in closed-door cultivation to break through to the realm of Supreme Gods, a flash of blinding light appeared in a multi-person secret realm, which required two groups of people to fight to the death in order to leave.

At this time, six people were fighting, with three people in each group.

A dazzling light suddenly burst forth from the body of a veiled woman with a slender figure. Following that, her Divine Energy seemed to have risen to a whole new level.

“A breakthrough!”

The faces of the woman’s three opponents changed dramatically as they hastily retreated.

On the other hand, the woman’s two companions, who were also wearing veils on their faces, were laughing, clearly delighted.

“We might be able to turn the tide and win after all!”

“This is truly a pleasant surprise!”

Since they, the group from the Divine Offering Land, entered this multi-person secret realm, the journey had been like a rollercoaster ride, starting from the initial excitement to the current despair. In the beginning, similar to their opponents, there were five people in each group. They fought

desperately, and two people from each group died. After the deaths of two of their companions, despite having the same number of people as their opponents, they were at a disadvantage; their three remaining opponents were clearly stronger than them. While they were struggling desperately to hold their ground, at the moment when it seemed like they were about to be defeated, the strongest female cultivator in their group suddenly had a breakthrough. Most importantly, based on her Divine Energy, it was clear that she had broken through to the realm of an intermediate Supreme God!

At the same time, after retreating, the three rudimentary Supreme Gods from the Sanction Land, who thought their victory was certain, decided to charge out again.

“She’s still breaking through. We should seize this chance and kill the other two people now!”

The trio from the Sanction Land knew that they could only fight at this moment. At the very least, they still had a glimmer of hope left. They had to make a move now before the woman familiarized herself with her power as an intermediate Supreme God and joined forces with her companions. Otherwise, they would surely die.

“Kill!”

The trio from the Sanction Land rushed out toward the duo from the Divine Offering Land like mad dogs, completely ignoring the woman who was in the midst of a breakthrough.

The expressions of the duo from the Divine Offering Land changed drastically upon seeing this, and they instinctively turned to look at the woman who was breaking through, hoping that the woman would come to their rescue.

However, the woman seemed to have fallen into a strange state at this time. Her Divine Energy was fluctuating violently at this moment, and it seemed like time was speeding up for her.

When one of the rudimentary Supreme Gods from the Divine Offering Land drew close to her, half of his black hair suddenly turned white. The part of his face that was not hidden by the veil and was youthful just a moment ago turned wrinkly, looking as though he had aged many, many years.

“How’s this possible?”

“Not only is she breaking through, but her comprehension of the law of time is improving to another level as well!”

“Although her comprehension of the law of time is improving, something doesn’t seem right...”

The eyes of the duo from the Divine Offering Land, who moved closer to the woman, shone with confusion and disbelief. As they continued to retreat, one of them suddenly asked through Voice Transmission, “Hey, do you think it’s possible that she mastered the Limitless Dao, one of the Four Daos of Heaven and Earth?”

Upon hearing this, the other person’s eyes widened immediately.

“That’s right. When she fought earlier, I already suspected that she comprehended the rudimentary form of the Limitless Dao. Otherwise, even with her profound comprehension and doppelganger of the law of time, she shouldn’t be much stronger than us. However, even after her doppelganger from the law of time was destroyed, she was still much stronger than us. Although I suspected she comprehended one of the Four Daos of Heaven and Earth earlier, I couldn’t confirm it since she attacked very quickly and I wasn’t paying attention at that time.’

“Don’t go so close to her! Her law of time is getting stronger along with the Limitless Dao, and the time around her is flowing so fast that it seems like countless years had passed in just a blink of an eye. Earlier, when I drew close to her, not only did I lose half of my vital energy, but my Divine Energy had also depleted a lot. The Limitless Dao is really terrifying. For now, we should focus on avoiding those three and not getting caught. We only need to hold on until she completes her breakthrough. At that time, after joining forces, it’ll be easy for us to defeat those three from the Sanction Land!”

The duo from the Divine Offering Land gave the woman a wide berth as they played ‘tag’ the trio from the Sanction Land. Playing tag was a nice way of saying they were fleeing from the trio from the Sanction Land.

After a while, the trio from the Sanction Land realized it was not easy to find a chance to kill the duo from the Divine Offering Land. Although they were stronger than the duo, they could not land an accurate killing blow. They really wished they comprehended the law of wind or the law of space. They also wished they could grow a pair of wings at this moment. It would not be so difficult to catch their opponents then.

“Perhaps, we should take advantage of the strange state that woman is in now and kill her before she regains her senses? Once she dies, those two are as good as dead!”

“Alright, let’s kill her first! However, remember not to get too close! Earlier, when one of them was near her, he began to age visibly. At that time, I’d already sensed that something was off with her law of time. After thinking about it, it seemed like she had comprehended the rudimentary form of the Limitless Dao. Now, apart from the breakthrough in her cultivation base, her Limitless Dao is improving as well! It seems like she’s on the verge of mastering the Limitless Dao! I really underestimated her before. I didn’t expect her to be capable of mastering the Limitless Dao! If she successfully becomes an intermediate Supreme God and masters the Limitless Dao, it might not be difficult for her to kill us on her own. We have to kill her first!”

The expressions of the trio from the Sanction Land turned grim, and a hint of unadulterated fear could be seen in their eyes when they realized that the woman was likely about to master the Limitless Dao, one of the Four Daos of Heaven and Earth. After a moment, they tacitly gave up on chasing the duo from the Divine Offering Land and joined forces to kill the woman.

When the duo from the Divine Offering Land saw their three opponents rushing toward the woman, their expressions changed greatly. They did not hesitate and flew over to help her immediately. Alas, they were too far away, and it was too late.

“No!”

One of them hurriedly said through Voice Transmission, “Miss Ke’er, wake up! It’s enough for you to raise your cultivation base now. It’s not too late for you to master the Limitless Dao after you kill them!”

He was aware that the woman was in a profound enlightenment state, which indicated she was close to mastering the Limitless Dao. If she forcibly stopped it now, she might not be able to master the Limitless Dao so quickly after this. However, the current situation left him with no other choice. If she continued to stay in this state, not only would she die, but they would die as well. At that time, there was no use even if she managed to master the Limitless Dao. As such, he decisively woke the woman up even if he felt that it was a pity. He did not think the woman would blame him if she failed to master the Limitless Dao. After all, her life was at stake.

Soon after the Voice Transmission was sent out, the woman suddenly opened her eyes, which seemed to shine with a mysterious light. In the next moment, her eyes shifted to the trio from the Sanction Land who had just attacked with all their might.

The trio’s attacks caused the void to shake, looking as though it was going to tear at any time.

‘I was so close...’ the woman thought to herself with a sigh. Then, her eyes shone with killing intent as she said frostily, “Originally, I thought I’d be able to master the Limitless Dao completely and grow stronger. How dare you obstruct my progress. This might interfere with my plans 100 years later. All of you should go to hell for this!”

Although Ke'er did not completely master the Limitless Dao, she was very close to doing so. Her current strength was completely different from before. After all, she had recovered her cultivation base to that of an intermediate Supreme God.

In Ke'er's previous life, she had chosen the dangerous path to grow stronger. Before she was reincarnated and reborn, she was already an intermediate Supreme God and had already stabilized her cultivation base. Even among the people of the Divine Offering Land, her talent was extraordinary. Her achievements in her previous life were higher than Yun Qing Yan. Due to the many male descendants in the Xia clan, she might not be appointed the Clan Leader of the Xia clan. However, as long as she was powerful enough, her authority in the clan would not be any lesser than that of the clan leader. All these factors undoubtedly fueled Yun Qing Yan's desire for her. After all, as long as he had her by his side, he would have the support of the Xia clan. In turn, it would make the Yun clan stronger, and the elders would also make him the next Clan Leader of the Yun clan.

'As expected, it's the same as when I broke through previously. There's no need for me to stabilize my cultivation base after breaking through to the realm of an intermediate Supreme God; my cultivation base had stabilized as soon as I broke through. I wonder if this has anything to do with my past life?'

After arriving at the Divine Offering Land, she found that every time she had a breakthrough, her cultivation base would stabilize immediately. At that time, she suspected it had something to do with her past life.

In the past, before Ke'er chose to reincarnate, she had just stabilized her cultivation base in the realm of an intermediate Supreme God. As such, in this life, she speculated that there was no need for her to stabilize her cultivation base at all when she became an intermediate Supreme God. Today's breakthrough naturally confirmed her speculation.

Due to her stabilized cultivation base, Ke'er's Divine Energy was stable as well, and she could use it freely without any hindrance.

At this moment, as Ke'er's Divine Energy surged, she fell into a trance. Vivid memories from her past life before she chose to reincarnate appeared in her mind.

'Why did father treat me like that? Is it just because of the fact that I'm not mother's biological daughter?' Ke'er sighed inwardly.

When the trio from the Sanction Land's attacks drew close, Ke'er finally regained her senses. The void rippled in front of her before a slender writing brush appeared in her hand.

The body of the writing was dark green, and it emitted a faint white light. At the same time, the ethereal figure of a little girl loomed above it. Clearly, it was the soul of the writing brush.

Swoosh!

The brush in Ke'er's hand seemed to come to life at this moment, moving like a dragon. With just a few casual strokes, the entire place seemed to have frozen.

The trio from the Sanction Land froze for a fleeting moment as well. However, even after they managed to free themselves from the restraint, their speed had decreased greatly.

"How's this possible?!"

At this time, the expressions of the trio from the Sanction Land changed dramatically. They could sense that Ke'er's Divine Energy was extremely stable and that she was able to use it smoothly. Under normal circumstances, this should be an impossible feat. Not only was it almost impossible to stabilize one's cultivation base immediately after a breakthrough, but even if it was possible, it would take time for one to familiarize oneself with one's new Divine Energy. Based on this, they were confident of killing Ke'er as long as they joined forces. It was beyond their expectations that she would do the impossible.

Finally, one of them roared, "Attack with all your might! Otherwise, we'll die for sure!"

A ten-meter-tall Supreme God Phenomenon appeared, immediately increasing the force of his attacks. At the same time, a blinding blood-red light erupted from his body.

In just a moment, another two Supreme God Phenomena appeared before the other two people from the Sanction Land cast their bloodline powers as well.

Driven by desperation, the trio from the Sanction Land used everything in their arsenal to fight for their survival.

"They want to fight using the Supreme God Phenomenon?" Ke'er smiled indifferently.

Subsequently, Ke'er's Supreme God Phenomenon, which was more than 100 meters tall appeared and looked like an invincible god of war. It loomed over the three Supreme God Phenomena which were only more than 10 meters tall, looking like an adult standing in front of three children.

"She truly stabilized her cultivation base!"

“How’s this possible?!”

The trio from the Sanction Land had already suspected this, but they still held onto a sliver of hope that they were mistaken. They thought that perhaps she was only close to stabilizing her cultivation. However, their expressions changed to one of horror as their last hope was mercilessly destroyed after they saw this demonstration of strength. With her Supreme God Phenomenon, there was no doubt at all that she had stabilized her cultivation base in the realm of an intermediate Supreme God.

“She really has completely stabilized her cultivation!”

“How can that be?!”

The trio from the Sanction Land could not help but shudder when they thought about how Ke’er had immediately stabilized her cultivation base as soon as she had broken through.

The trio from the Sanction Land were not the only ones terrified by Ke’er. Even the duo from the Divine Offering Land were frightened by her heaven-defying feat. They froze and looked at her in shock and disbelief, completely forgetting about attacking their opponents.

“Are my eyes deceiving me?”

“How did she do it?”

Similar to the trio, the duo from the Divine Offering Land were forced to believe this unbelievable feat when they saw Ke'er's 100-meter-tall Supreme God Phenomenon. They were not dreaming, and everything was not an illusion. They continued to watch in shock as her Supreme God Phenomenon attacked along with her writing brush that had grown as tall as a mountain. In just a moment, they saw one rudimentary Supreme God from the Sanction Land fall.

Boom!

After the death of the rudimentary Supreme God from the Sanction Land, a huge translucent figure appeared. It let out an unwilling cry before it crashed to the ground, bringing with it a rain of blood.

Just like that, a rudimentary Supreme God died.

Needless to say, the remaining two rudimentary Supreme Gods from the Sanction Land were completely overwhelmed by despair at this time.

"Take this," Ke'er said indifferently.

The 100-meter-tall Supreme God Phenomenon swung its hand casually, and the brush that was as tall as a mountain fell again.

Boom!

The brush fell toward one of the two remaining rudimentary Supreme Gods from the Sanction Land. He abandoned all thoughts of resisting and fled instead. Alas, as the brush fell, it controlled the flow of time in his surroundings, and the entire place seemed to freeze for a moment.

Clearly, it was the work of the law of time. However, to be able to use the law of time to control one's opponent in such a manner, one's strength had to be superior to that of one's opponent. Otherwise, it would be nigh impossible to take control of the flow of time around one's opponent.

In fact, this profundity from the law of time was similar to the Restraining Profundity from the law of space in the sense that one had to be stronger than one's opponent to successfully restrain one's opponent with the Restraining Profundity. Otherwise, one's opponent would be able to easily break free of the restraint. After all, faced with absolute strength, most techniques were useless.

“No!”

A horrified expression appeared on the face of the rudimentary Supreme God from the Sanction Land when he found that the flow of time around him had slowed down along with his movements. He was further horrified when he found that his attack was also affected even if it successfully sped up time a little. As a rudimentary Supreme God, even if he could not return the flow of time to normal, he could still affect it when he attacked. Needless to say, it depended on his strength how much he could return the flow of time to normal.

Boom!

When Ke'er brush fell, it not only crushed the rudimentary Supreme God's attack, but it landed the rudimentary Supreme God as well. In just a blink of an eye, he began to age rapidly. In the end, he turned into a dried corpse before his bones were reduced to ashes that scattered in the wind. It was as though his existence had been erased by the law of time and a stroke from the brush.

The only surviving rudimentary Supreme God from the Sanction Land cried out desperately, “No, don't kill me! Don't kill me!”

Faced with the next stroke from the brush, the rudimentary Supreme God could only stare at it hopelessly.

There was no resistance at all as Ke'er's brush fell. Just like before, she killed her opponent with just a move.

The law of time turned the middle-aged man into an old man, a dried corpse, and ashes in just a blink of an eye.

Just like that, two rudimentary Supreme Gods died within two breaths.

The phenomena appeared and let out a heart-wrenching cry before they crumbled.

Blood rained down on the two rudimentary Supreme Gods from the Divine Offering Land, sending chills up their spines. It was beyond their imagination that the taciturn woman who called herself Duan Ke'er was so terrifying. Initially, she had kept a very low profile, but later, they discovered that she was stronger than them. At the time when they thought they were going to die, she suddenly broke through to the realm of an intermediate Supreme God. Most shockingly, she managed to stabilize her cultivation base immediately after her breakthrough, subverting their worldviews. They did not expect they would witness something so impossible.

'Only a supreme powerhouse who re-cultivated is capable of this feat, right?'

One of them could not help but let his imaginations run wild. He could not help but wonder if the woman was a supreme powerhouse who had to recultivate from the beginning. If that were the case, it would explain the heaven-defying feat.

After Ke'er's Supreme God Phenomenon disappeared, she glanced at the duo from the Divine Offering Land and said, "The additional rewards belong to me. I don't think both of you have any objections, right?"

Although Ke'er's gaze was calm and without threats, the duo was terrified. They hastily said, "No, no, we don't have any objections! After all, if it weren't for you, we would have died. The additional rewards are rightfully yours. We naturally have no objections!"
