### Chapter 4401 A Battle Between Supreme Powerhouses

“Why should I leave?”

Han Wang’s words brought about a deafening silence.

Apart from the five supreme powerhouses and the members of their respective forces, even the demons from Chi Ming Mountain and Duan Ling Tian were stunned.

Suddenly...

“Chi Ming, attack,” Han Wang said. It was clear now that he had deceived the five supreme powerhouses.

The five supreme powerhouses instantly regained their senses upon hearing this and hastily retreated. How could they not know by now that they had been fooled by Han Wang? All of them glared at Han Wang with eyes burning with the flames of fury.

Chi Ming laughed heartily before he asked, “Han Wang, what do you think of my acting skills?”

At the same time, a miniature mountain appeared in Chi Ming’s hand. When he tossed it out into the air, it began to expand rapidly, covering the sky.

Han Wang replied with a faint smile, “Your acting skills aren’t as good as mine.”

A terrifyingly cold energy surged out of Han Wang’s hands toward Dancing Sun City. In just a blink of an eye, the outer city of Dancing Sun City was covered in frost. The inner city remained unharmed since it was still protected by the five major forces’ Guarding Formations.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

The frost spread quickly, and in just a moment, it surrounded the five supreme powerhouses.

“Nine Heavens Frost,” Han Wang murmured. Although his voice was not loud, everyone heard him clearly.

Upon seeing this, the expressions of the five supreme powerhouses changed again. Clearly, Han Wang had spread his Divine Energy through Dancing Sun City earlier without them noticing, silently setting up an Ice Formation to trap them.

“Han Wang, you cheated!”

Chi Ming laughed heartily. “All of you will die here today! Killing five supreme powerhouses in a battle will be the most glorious feat of my life!”

When the mountain fell, Chi Ming charged at the five supreme powerhouses at the speed of light. In the next moment, earth-shaking explosions rang in the air as powerful energies clashed in the sky.

At the same time, the chilling energy swept out as well.

...

“Let’s get out of here!”

Ta Meng Sha’s voice pulled Duan Ling Tian back to his senses. Then, he discovered that the cage around the outer city had disappeared and many demons from Chi Ming mountain were evacuating Dancing Sun City at this moment. Clearly, Chi Ming wanted his subordinates to leave so they would not be affected during the battle between the supreme powerhouses.

Swoosh!

Duan Ling Tian was naturally overjoyed now that he could leave Dancing Sun City. He did not think the demons would stop him from leaving after this. Even if the three strongest demons under Chi Ming’s command tried to stop him, it would be impossible for them to succeed unless a supreme powerhouse intervened.

After Duan Ling Tian and the three demons left the outer city, the three strongest demons under Chi Ming’s command looked at Duan Ling Tian.

Upon sensing the trio’s gazes, Duan Ling Tian turned to look at them. They did not seem to carry any ill intentions. In fact, the demon standing in the lead wore a rather amiable expression on his face.

“Thank you for sparing my adoptive son’s life. I’ve spoken to our lord, and you can leave Dancing Sun City if Chi Ming Mountain emerges victorious from this battle...”

Duan Ling Tian looked at the demon in the distance and nodded slightly. He finally felt at ease. He wanted to put a safe distance between himself and Dancing Sun City. Who knew if Chi Ming would make him stay after the battle ended? At that time, it would be impossible for him to leave.

“It should be safe now!”

After Duan Ling Tian, Ta Meng Sha, and the others were a distance away from Dancing Sun City, they continued to watch the epic battle.

From afar, Duan Ling Tian saw seven phenomena in the sky. Each phenomenon had its own distinct color.

‘This is the true strength of a supreme powerhouse... How terrifying...’

Duan Ling Tian was able to see the seven phenomena clearly, but no matter how hard he tried, he could not catch the movements of the supreme powerhouses. He only saw their afterimages.

Shockwave after shockwave swept through the ruined city, destroying whatever was left of the city. At the same time, the Guarding Formations protecting the inner city were also visibly weakening as time passed, looking as though they were about to collapse.

‘It must be chaotic in the five major forces now. I don’t think they’ll be able to leave the city unless their respective supreme powerhouses send them out of the city...’

Although Duan Ling Tian could not see what was going on in the inner city, he had no doubt that it was chaotic at this time.

...

Boom! Boom! Boom! Boom! Boom!

Waves of energies continued to clash in the sky above Dancing Sun City, and the shockwaves from the collisions made those in the inner city panic.

“Let’s get out of here! Things aren’t looking optimistic for the old ancestor!”

“The Guarding Formations are about to collapse, and the old ancestor can’t help us now. We have to find a way ourselves!”

“I don’t want to die!”

Many members of the five major forces in Dancing Sun City tried to escape. Alas, as soon as they stepped out of the protection of the Guarding Formations, they were instantly reduced to dust by the shockwaves. Even advanced Supreme Gods were not exempted from this tragic outcome. The shockwaves from the battle between supreme powerhouses were so terrifying that perhaps only top advanced Supreme Gods from the five major forces were able to survive the shockwaves without the protection of the Guarding Formations.

...

“Han Wang, die!”

“Han Wang, you’re really despicable! Aren’t you afraid that you’ll be criticized by everyone in the Outer Boundary?”

The five supreme powerhouses, who were at the end of the rope, began to curse at Han Wang out of frustration and exasperation.

...

‘It seems like the five supreme powerhouses have fallen into a disadvantageous position...’ Duan Ling Tian thought to himself, ‘This isn’t surprising. After all, they wouldn’t have offered up their treasures to Han Wang if they weren’t afraid of Han Wang joining forces with Chi Ming...’

...

Boom! Boom! Boom! Boom! Boom!

The dust and debris stirred up by the shockwaves hid Dancing Sun City from view. After a hundred breaths, the commotion finally showed signs of slowing down.

A voice brimming with agony shouted, “Xue Zheng!”

Another panicked voice cried out, “Split up and run!”

Following that, Chi Ming scoffed and said, “Perhaps, you’d have a chance to escape if you had done so as soon as Han Wang appeared. However, now that his Ice Formation is in place, do you really think you can run? What a joke!”

...

After Chi Ming finished speaking, he coughed slightly. Obviously, he suffered some injuries from the battle as well.

At this time, Han Wang said indifferently, “Seal.”

Suddenly, the dust settled in Dancing Sun City as Han Wang’s terrifying energy swept out domineeringly. The turbulent sky gradually regained its peace, and one could see six figures hovering in the sky as one figure fell and turned into dust.

#### Chapter 4402 The Deaths of the Supreme Powerhouses

‘One of the supreme powerhouses died?’ Duan Ling Tian was stunned.

At the same time, Ta Meng Sha and the other demons rejoiced and celebrated their victory.

“All hail the lord!”

“All hail the lord!”

The death of one of the five supreme powerhouses was more than enough to prove that the others had no chance of winning Chi Ming and Han Wang.

Boom! Boom! Boom!

An explosion rang out as the clouds suddenly turned red before it began to rain blood in Dancing Sun City. The rivers of blood in the outer city seemed to have turned into a sea of blood due to the heavy downpour, heralding the death of a supreme powerhouse.

The Xue clan’s supreme powerhouse, Xue Zheng, who was also the longest-living member of the clan, had perished.

...

Crack!

The members of the Xue clan in the clan’s ancestral hall were shocked when Xue Zheng’s Soul Pearl shattered. Earlier, when they heard one of the supreme powerhouses calling out Xue Zheng’s name, they already had a foreboding feeling. However, none of them expected him to die.

“Old ancestor!”

“Old ancestor!”

As the clan leader and the high-ranking officials of the Xue clan mourned the death of their supreme powerhouse, panic began to set in.

...

“Members of the Kui clan, gather at the ancestral hall!”

“Members of the Yang clan, gather at the ancestral hall!”

After Xue Zhen’s death, the other four demoralized supreme powerhouses ordered their clan members to gather in their respective ancestral halls. There was a portal to the supreme powerhouses’ Little Worlds in each of the clans’ ancestral halls.

As the members swarmed toward the ancestral hall, a terrifyingly cold energy surged up from the ground, freezing almost all of them. Only a few powerful top advanced Supreme Gods managed to escape.

Swoosh!

A gust of strong wind blew through the ancestral halls, killing all the frozen members.

...

The four supreme powerhouses' expressions turned to one of horror when they realized that Han Wang planned to completely annihilate their respective clans as well. They quickly communicated through Voice Transmission.

"Run! There's nothing we can do now!"

"Let's split up. I don't think both of them can catch all of us at once!"

"Whoever survives must avenge all of us in the future!"

Then, the old woman said before she suddenly flashed and vanished from her spot, "Han Wang, I'll avenge my clan in the future!"

"Trying to escape?" Chi Ming, the supreme demon, sneered as he threw a punch.

Although the old woman escaped a thousand miles away from Dancing Sun City in just a blink of an eye, Chi Ming's punch still landed on her. The old woman was already seriously injured from the fight and from forcefully breaking Han Wang's special Formation, which was created with his blood, and now, she was further injured by Chi Ming's punch. Nonetheless, she did not stop running.

When Chi Ming was about to chase after the old woman, the three remaining supreme powerhouses broke through Han Wang's Formation as well and fled in different directions. He exchanged a glance with Han Wang, they both chased after the trio and managed to kill two of them.

Boom! Boom! Boom!

The blood clouds in the sky that were slowly dissipating returned again, and once again, blood rained down on Dancing Sun City.

...

“Old Ancestor!”

“Old Ancestor!”

The members of the two clans whose supreme powerhouses just died despaired.

As for the members of the clans of the two surviving supreme powerhouses, they did not rejoice. After all, they knew they had been abandoned.

“I hope our old ancestor will avenge us in the future!”

“I thought I’d be killed by the Heavenly Tribulation or even killed by some strangers... I didn’t expect to be killed by a supreme powerhouse...”

The members of the five major forces of Dancing Sun City knew that death was imminent. However, some of them did not give up and were still trying to escape.

...

“Comrades! I don’t want any humans to make it out of Dancing Sun City alive!” Chi Ming said loudly. His voice echoed across Dancing Sun City.

The troops of demons outside Dancing Sun City roared and charged toward the members of the five major forces who managed to escape. Dispirited and outnumbered, they were quickly killed by the demons.

...

At the same time, a distance away from Dancing Sun City.

“Ta Meng Sha, where’s that human?” the bat-like demon asked when he discovered that Duan Ling Tian was gone. Then, he added, “It seems like he doesn’t trust us and thinks we’ll force him to stay.”

Ta Meng Sha said with a smile, “It’s good that he left. If our lord refuses to let him go, there’s nothing I can do even if I owe him a favor.”

The bat-like demon looked at Ta Meng Sha knowingly as he said, “Ta Meng Sha, you noticed it the moment he left, right? You deliberately sent us to your adoptive father earlier to give him a chance to leave, am I right?”

Ta Meng Sha scratched the back of his head and asked sheepishly, “How do you know that? Was it so obvious?”

The bat-like demon shook his head. “Oh, well... Although he’s very strong, I don’t think our lord will mind since he’s not a member of any of the five major forces...”

...

Before the second and third supreme powerhouses perished, Duan Ling Tian had already teleported away. He knew the surviving supreme powerhouses would either flee or fight after their clan members were killed on the way to their ancestral halls. Before Chi Ming or Han Wang noticed him, he decided to flee. Although he had no enmity with Chi Ming and Han Wang, his previous experience with the Crimson Demon taught him to avoid supreme powerhouses if possible.

‘They’re so powerful,’ Duan Ling Tian thought to himself as he sighed inwardly, ‘Chi Ming and Han Wang easily defeated those five supreme powerhouses. They even managed to kill one of the five supreme powerhouses so quickly thanks to Han Wang’s Formation that caught them off guard. This proves how terrifying Han Wang is... I wonder if Han Wang is a human, a demon, or another being?’

Duan Ling Tian was blown away by what he saw today. Not only was it his first time witnessing a battle between supreme powerhouses, but it was also his first time witnessing the death of a supreme powerhouse. Although he did not witness the death of the following two supreme powerhouses, he knew they died when he saw the blood-red clouds that appeared in the sky above Dancing Sun City again.

...

‘Although supreme powerhouses stand at the peak with their strength, their deaths happen just as quickly as ordinary people... It seems like there is quite a difference in strength between supreme powerhouses... I wonder how strong Yun Qing Yan is now...’ Duan Ling Tian thought to himself. A hint of fear could be seen in his eyes at this moment.

When he finally regained his composure, Duan Ling Tian finally decided to make his way to the city where Wang Yi Yuan’s clan was based to fulfill Wang Yi Yuan’s final wish. Previously, he had found out that the city was quite far from Dancing Sun City. The journey would take three months at least. Fortunately, he had the foresight to buy a map in Dancing Sun City that showed the locations of various major forces, which included Wang Yi Yuan’s clan and Crimson Demon Ridge.

#### Chapter 4403 The Blood Sea Organization

This was Duan Ling Tian’s longest journey since he came to the Outer Boundary. However, with the map in his hands, he was confident about avoiding dangerous places. Based on his current strength, he was also confident he would be able to escape from everyone under the realm of supreme powerhouses.

Swoosh!

Duan Ling Tian traveled using his flying ship after teleporting away from Ta Meng Sha and the others. Flying ships were a common mode of transportation in the Outer Boundary. People usually put them away before entering cities to avoid unnecessary trouble.

Divine crystals and basic cultivation tools were used as currencies in the Outer Boundary as well.

!!

Duan Ling Tian had amassed quite a number of divine crystals when he was in the God Defying World. He did not use them for cultivation due to the divine pills he refined and the liquid from the divine fountain that he obtained later. As such, he only used his divine crystals to fuel his flying ship or trade for things. However, when he was in Dancing Sun City, he discovered that most people prefer to trade using goods compared to divine crystals. This meant that not everything could be traded for using divine crystals. Similar to most places, the value of an item was not dictated only by its worth and demand. If someone was in urgent need of an item, naturally the item might be sold at a higher price.

Swoosh!

Duan Ling Tian had to make a few detours while he was traveling on the flying ship to avoid dangerous territories owned by supreme powerhouses. Some of them would view flying ships that flew through their territories as threats and would attack without questions.

‘In the God Defying World, supreme powerhouses are mysterious and treated like legends. I only managed to meet one or two supreme powerhouses in the God Defying World. However, in the Outer Boundary, most of the stronger forces are led by supreme powerhouses. Suddenly, it seems like supreme powerhouses are everywhere...’ Duan Ling Tian sighed inwardly.

Duan Ling Tian knew that the supreme powerhouses here were mostly natives of the Outer Boundary. Under normal circumstances, supreme powerhouses from the Myriad Worlds rarely settled down in the Outer Boundary. After all, they carried the responsibility to protect their respective Worlds. This was also the case for the supreme powerhouses of the three strongest Worlds; they would carry out their duties in the Outer Boundary for a period of time before they returned to their respective Worlds. Needless to say, the top supreme powerhouses from the three strongest Worlds were heaven-defying even in the Outer Boundary.

“Wang Yi Yuan’s final wish is simple... He had said that without his protection, his clan would arrange a marriage for his sister. He wished for her to be free. I’ll do all I can to help her, but I’ll have to ask for her opinion as well,” Duan Ling Tian murmured.

...

It would take Duan Ling Tian three months to arrive if he flew at full speed, but it would take him half a year since he flew at the speed of an ordinary advanced Supreme God.

Half a year passed in just a blink of an eye. During the journey, Duan Ling Tian encountered bandits on a few separate occasions, but he easily killed all of them. The strongest one he encountered was an advanced Supreme God who had just stabilized his cultivation base. The other party's strength was just like a rudimentary Supreme God when faced with him. Despite killing quite a few bandits, he did not gain much. After all, all their spatial rings exploded after their deaths. A few offered up their spatial rings to preserve their lives, but there was nothing useful to him in there. This was not surprising since those who were wealthy in the Outer Boundary would not choose to become bandits.

Suddenly...

"My lord, it seems like you're flying in the direction of Blue Dawn City. Can you please give us a ride?"

A hoarse voice that belonged to an old lady rang from outside the flying ship. She sounded weak when she spoke, and it seemed like she was injured.

Duan Ling Tian raised his head and saw an old woman and a young woman.

The old woman spat out a mouthful of blood at this time before she looked at Duan Ling Tian's flying ship hopefully.

On the other hand, the young woman looked anxious and worried.

At this moment, a few voices rang from the distance.

“They’re there! Get them!”

“She finally left the Ye clan! Hurry up and catch her! We’ll offer her to our leader!”

Under normal circumstances, Duan Ling Tian would not intervene in other people’s matters. However, he could not let this matter go after seeing a group of men trying to abduct the young woman.

“Grandma, they’re almost here! Let’s go! The owner of this flying ship is innocent. We shouldn’t trouble him,” the young woman said anxiously.

“My dear, you’re too kind...” the old woman said before coughing up another mouthful of blood. She did not say anything else as she brought the young woman with her and put some distance between them and Duan Ling Tian’s flying ship.

However, before the duo could go far, Duan Ling Tian flew over and left his flying ship. He looked at the old woman and the young woman as he said nonchalantly, “You may board the flying ship.”

“Thank you for your kindness, brother, but it’s best that we don’t trouble you,” the young woman said, feeling grateful. Then, she added optimistically, “We should be able to get to Blue Dawn City before they catch up with us. They won’t dare to act recklessly once we arrive in the city.”

Upon hearing this, a bitter expression on the old woman's face. It seemed like the young woman was unaware of how severe her injuries were and how precarious their situation was.

"With her injuries, she won't be able to bring you to Blue Dawn City in time," Duan Ling Tian said. He could tell the old woman was severely injured. It was a miracle that she was still alive.

The young woman froze, and when she turned to look at the old woman, she saw the helpless expression on the old woman's face.

"Don't worry. You don't have to leave. I'll get rid of them," Duan Ling Tian said to the old woman before he put away his flying ship. Then, he turned around and looked at the black dots in the distance that were growing bigger and bigger.

The old woman sighed in relief. "Miss, he's much stronger than I thought..."

After a dozen breaths, five men, two old men and three middle-aged men in plain clothes, arrived. Their gazes were menacing when they looked at the old woman and the young woman.

One of the old men looked at Duan Ling Tian warily as he asked, "Who are you? Are you going to help them?"

The old man had snow-white hair and brows, but he looked young for his age.

Duan Ling Tian did not respond to the old man's question. Instead, he put his hands on his back and looked at the five men before he calmly said, "I'll give you three breaths to scram."

The old man said, “Sir, I’m the Left Guardian of the Blood Sea Organization.”

The Blood Sea Organization was a nomadic force based in the outskirts of Blue Dawn City. The organization had been around for at least a thousand years and was led by a top advanced Supreme God. Since they moved bases frequently, it was difficult to deal with them unless a supreme powerhouse intervened.

#### Chapter 4404 One Versus Five

“You have two breaths left.”

The old woman and the young woman thought that Duan Ling Tian would be intimidated after hearing that the opponents were members of the Blood Sea Organization. Seeing that he remained calm, they wondered if he was really powerful or if he had just never heard of the Blood Sea Organization.

At this moment, one of the three men looked at Duan Ling Tian murderously as he said, “Left Guardian, there’s no need to waste time talking to him! Let’s just kill him!”

“I gave you a chance to leave so don’t blame me for not showing mercy,” the Left Guardian of the Blood Sea Organization said angrily. He did not care if the purple-clad young man in front of him was a direct descendant of a supreme powerhouse or not. After all, the Blood Sea Organization would leave after completing their current mission. Searching for them would be like searching for a needle in a haystack.

Boom! Boom! Boom! Boom! Boom!

Five phenomena of the laws appeared in the sky as the five men mobilized their Divine Energies and cast their laws.

Based on the phenomena, Duan Ling Tian knew that the three middle-aged men's strength was comparable to the giant ape he encountered in Dancing Sun City and the two old men's strength was comparable to that of the Crimson Demon's personal demon guard.

"Is there a supreme powerhouse in the Blood Sea Organization?" Duan Ling Tian asked the old woman through Voice Transmission.

The old woman hastily replied, "The Blood Sea Organization doesn't have a supreme powerhouse! However, their leader has comprehended the law of death to the perfect form."

After arriving at the Outer Boundary, Duan Ling Tian had encountered a few people who comprehended the laws to the perfect form. The first person was Wu Cang, the Crimson Demon's personal demon guard, and the others were Chi Ming's three strongest subordinates. However, the laws they comprehended were just ordinary laws. In comparison, the law of death was one of the Four Supreme Laws. Unsurprisingly, the Four Supreme Laws that had been comprehended to the perfect form were stronger than ordinary laws that had been comprehended to the paramount stage. Compared to ordinary laws, it was ten times more difficult to comprehend the law of death to the perfect form.

Based on the phenomena of the two old men's law of fire and law of metal that shone for a hundred thousand miles, Duan Ling Tian knew their laws were stronger than his law of space and law of time. His laws could only manifest the phenomenon that shone for ten thousand miles. Apart from their stronger laws, the two old men also possessed prime divine artifacts.

'It seems like this Blood Sea Organization isn't simple. The organization doesn't even have a supreme powerhouse, but between the five of them, they have two prime divine artifacts,' Duan Ling Tian thought to himself with a sigh. Previously, he had asked the old woman if there was a

supreme powerhouse in the Blood Sea Organization to determine his next course of action. If there was a supreme powerhouse, he would spare the five men's lives to avoid offending the supreme powerhouse. After learning that there was no supreme powerhouse in the organization, he no longer had any qualms about killing them.

‘Before becoming an advanced Supreme God, I’ll only be able to fight to a draw with the five of them even with the help of the Divine Tree of Life and the Five Divine Elements. The Divine Tree of Life and the Five Elements can’t help me now, but with my current cultivation base and the Seven Orifices Exquisite Sword, which is now a prime divine artifact, I’ll be able to deal with them...’

The Divine Tree of Life and the Five Divine Elements, excluding the World Cleansing Divine Water, had fallen into deep slumber after they exhausted their energies to help Duan Ling Tian escape from the Crimson Demon's Little World. As such, unless it was absolutely necessary, he did not want to ask for help again.

Swoosh!

The Seven Orifices Exquisite Sword shot out of Duan Ling Tian's hand, and its aura was more terrifying than before.

Before arriving in Dancing Sun City, Duan Ling Tian had traded with the people in the ruined cities to upgrade the Seven Orifices Exquisite Sword to match his strength. After that, Huang'eryl, the sword soul, had entered closed-door cultivation; she could only leave the sword once her cultivation base reached a certain level. However, Huang'er's absence would not affect the power of the Seven Orifices Exquisite Sword as a prime divine artifact.

“Prime divine artifact?!”

The five men from the Blood Sea Organization were shocked when they saw Duan Ling Tian's Seven Orifices Exquisite Sword, but they quickly pulled themselves together. After thinking about it, they thought it was not surprising that Duan Ling Tian possessed a prime divine artifact. After all, they also had two prime divine artifacts among them.

Subsequently, the five men scoffed when they saw the phenomenon of the law that Duan Ling Tian manifested only shone for ten thousand miles.

“Is this all there is to his strength? With such strength, he actually dares to meddle in another person's business?”

In their eyes, Duan Ling Tian's death was imminent.

Meanwhile, the old woman behind Duan Ling Tian fell into despair. She assumed that Duan Ling Tian was very powerful, but based on his current strength display, he was no match for the five men at all.

Seeing that the situation was bad, the young woman cried out anxiously, “Run! You're no match for them!”

Although the young woman did not want to die, she did not want to implicate an innocent person as well.

One of the middle-aged men said with a scoff, “This is all you got, but you want to be a hero and save the damsel in distress? I think you have a death wish!”

Following that, the five men charged toward Duan Ling Tian in unison.

‘Hmm? None of them is going to use their bloodline powers or doppelgangers?’

The five men did not think it was necessary to go all out against Duan Ling Tian. They were absolutely confident that Duan Ling Tian was no match for them at all.

Swoosh! Swoosh!

At this moment, Duan Ling Tian’s doppelgangers shot out from his body.

“Your doppelgangers won’t be able to change the outcome!” the Left Guardian of the Blood Sea Organization said indifferently as he brandished his saber that had been imbued with the law of fire. In just a moment, flames swept toward Duan Ling Tian’s doppelganger from the law of time. He was certain he could destroy Duan Ling Tian’s doppelganger with just one strike.

Chapter 4405 A Peerless Top Advanced Supreme God

Although the old woman and the young woman knew that the purple-clad young man was strong, they did not think he was a match for the five members of the Blood Sea Organization.

Seeing that they had implicated Duan Ling Tian, the young woman felt regretful about not trying harder to dissuade the old woman from seeking help from him.

‘Why isn’t he leaving?’ the young woman wondered inwardly, unable to understand why Duan Ling Tian did not retreat when given the chance.

In the young woman's opinion, Duan Ling Tian was seeking death since two of his opponents had comprehended their respective laws to the perfect form. After all, he had yet to comprehend his law to the perfect form.

!!

'They're seriously underestimating my abilities,' Duan Ling Tian thought to himself with a sigh seeing that the five men treated him as a pushover, 'Since it's like this, I'll end this quickly. In your next lives, I hope all of you won't make the mistake of underestimating your opponents.'

Duan Ling Tian flew toward the three middle-aged men as he used his Sword Dao along with the law of space.

Swoosh!

The seven-colored sword ray and Duan Ling Tian's phenomenon of the law made the surroundings pale in comparison. The seven-colored sword ray in particular looked dazzlingly beautiful but deadly.

"No!"

"How's this possible?!"

The three middle-aged men, who were powerful advanced Supreme Gods in the Blood Sea Organization, could not defend against Duan Ling Tian's sword strike at all. The seven-colored

sword ray crushed their attacks and killed them before they could even use their bloodline powers or doppelgangers.

Meanwhile, the two old men who were exchanging blows with Duan Ling Tian's doppelgangers were shocked by the doppelganger's Sword Dao. Although they had a slight upper hand, they realized it would be difficult for them to defeat the doppelgangers, let alone destroy them. The upper hand they gained was so slight that the tables could turn at any moment. They were further shocked when they realized their companions had already been killed by Duan Ling Tian in just a blink of an eye. Now that they realized they were no match for Duan Ling Tian, who was as strong as their leader, they exchanged a glance before they fled in haste. Duan Ling Tian was a top advanced Supreme God; it would be impossible for most people under the realm of supreme powerhouses to beat him.

'You think you can escape?' Duan Ling Tian smiled faintly before he teleported and blocked the path of one of the old men while his doppelgangers stopped the other old man.

Swoosh! Swoosh!

The two old men quickly used their bloodline powers to protect themselves. They had no intention to fight at all.

"My lord, we admit defeat!" one of the old men said with a grim expression, "I just sent a message to our leader... You'll risk offending the Blood Sea Organization if you kill us. Our leader won't let this matter go. Our leader is almost comparable to a peerless top advanced Supreme God!"

Duan Ling Tian knew that those who were considered peerless among top advanced Supreme Gods were those who had comprehended the law to the paramount stage or possessed some terrifying means.

‘Almost comparable to a peerless top advanced Supreme God?’

Duan Ling Tian did not care about the old man’s threat. Only supreme powerhouses and true peerless top advanced Supreme Gods were a threat to him. He was confident that even if he was unable to defeat the leader who was only almost comparable to a peerless top advanced Supreme God, he could still escape from the other party. Even a peerless top advanced Supreme God would find it difficult to stop him from escaping unless they had comprehended the law of space or the law of time to the paramount stage.

“I don’t mind sparring with him if he comes,” Duan Ling Tian said nonchalantly as he flew toward the old man, who was stronger than the three middle-aged men.

Although the old man used his bloodline power, Duan Ling Tian still managed to kill him in fewer than ten moves.

At the same time, Duan Ling Tian’s two doppelgangers were exchanging blows with the Left Guardian of the Blood Sea Organization. The two doppelgangers with their Sword Dao were on par with him.

“Damn it!” A hint of despair could be seen in the eyes of the Left Guardian of the Blood Sea Organization as he watched Duan Ling Tian kill his companion. The other old man with the Right Guardian of the Blood Sea Organization after all.

“Even if I die, I won’t make it easy for you!” the old man muttered as his eyes shone with killing intent.

Following that, a terrifying energy burst forth from the old man’s body like a beast that had awakened from a deep slumber.

## Chapter 4406 The Leader of the Blood Sea Organization

Under normal circumstances, those in and above the realm of Supreme Gods would not detonate their Little Worlds as a means of death. Not only was it a difficult feat, but the consequences were terrible as well. If they detonated their Little World, not only was the physical suffering unimaginably excruciating, but their souls would also suffer greatly. It was a terrible way to die. For this reason, many of those in and above the realm of Supreme Gods did not have the courage to die in such a way.

“Fool!” Duan Ling Tian scoffed when he saw that the Left Guardian of the Blood Sea Organization intended to detonate his Little World to injure him. He thought the old man was not only stupid, but also crazy for wanting to detonate his Little World. He asked, “Did you forget that I comprehended the law of space?”

In order to detonate one’s Little World, one’s Divine Energy and one’s law had to be perfectly in sync. Although the old man’s comprehension of the law was more profound than that of Duan Ling Tian, the law he comprehended was no match for Duan Ling Tian’s law of space and law of time, which were two of the Four Supreme Laws.

Duan Ling Tian might not be able to simultaneously use his law of space and law of time, but he could use his doppelgangers from the two laws which were nearing their perfect form thanks to the Supreme Powerhouse Divinities. As such, it was almost impossible for the detonation of the old man’s Little World to injure him.

“I hope you enjoy the method of death you chose,” Duan Ling Tian said before teleporting away, bringing his doppelgangers with him. He did not want his doppelgangers to be destroyed by the shockwaves of the explosion. Since he had grown stronger, it would take a longer time for him to create doppelgangers.

Swoosh!

Duan Ling Tian reappeared in front of the old woman and the young woman. He raised his hand and shrouded them with his energy as he said, “If you don’t want to die, don’t resist my energy.”

The old woman and the young woman quickly withdrew their Divine Energies. Their expressions were grim when they discovered that the Left Guardian of the Blood Sea Organization was going to detonate his Little World.

Swoosh!

Duan Ling Tian brought the duo with him as he teleported away. The Left Guardian of the Blood Sea Organization had tried to prevent Duan Ling Tian from leaving by setting up a Formation, but Duan Ling Tian managed to break through the Formation with the help of his doppelgangers.

Boom!

Not long after Duan Ling Tian and the others broke the Formation and left, a thunderous explosion rang in the air. Shockwaves rolled out for a thousand miles, destroying everything in their wake.

Before his death, the Left Guardian of the Blood Sea Organization let out a chilling shriek. In fact, death was swift, but the excruciating pain he suffered before his death felt like an eternity had passed before he died. He regretted choosing this way to die, knowing that Duan Ling Tian escaped completely unharmed.

...

Unlike supreme powerhouses, the death of an advanced Supreme God would not manifest a phenomenon. However, since the Left Guardian of the Blood Sea Guardian was an advanced Supreme God, the detonation of his Little World naturally stirred up a huge commotion that could be seen within the area of ten thousand miles.

“Heavens! A Supreme God detonated his Little World?!”

“These shockwaves came from far away... It seems like the other party was an advanced Supreme God. Otherwise, the shockwaves wouldn’t be able to travel this far...”

“He’s really bold. He’s already an advanced Supreme God, but he dared to detonate his Little World. I wonder if his opponent died...”

“I think so... Otherwise, that advanced Supreme God has died in vain...”

The commotion attracted many people’s attention. Some people even tried to locate the origin of the shockwaves.

...

At the same time, a middle-aged man froze when he sensed the commotion.

The middle-aged man was dressed in a long gray robe, and he was almost 2 meters tall. His long robe could not hide his burly figure at all.

At this moment, killing intent shone in the middle-aged man's eyes as an unsightly expression appeared on his face.

At the same time, the two men standing behind the middle-aged man were shocked as well.

“My lord, this aura... It's the Left Guardian, right?”

“Yes,” the gray-clad middle-aged man replied with a dark expression.

The gray-clad middle-aged man did not waste time and flew toward the source of the commotion. He did not wait for the two old men, leaving them to catch up to him as fast as they could.

...

It did not take long before the gray-clad middle-aged man, who was the leader of the Blood Sea Organization, arrived on the scene.

The explosion had left behind a huge bottomless pit and destruction for miles. The level of destruction was truly shocking.

The people who had gathered here discussed fervently among themselves upon seeing the destruction.

“That advanced Supreme God managed to leave behind such huge destruction... He must have comprehended the law of the perfect form, right?”

“I saw a few phenomena of the laws in the sky earlier from afar. It must have been a battle between powerful advanced Supreme Gods!”

“I can sense a few different energies lingering in this place as well... It seems like more than one person died here... Perhaps, it’s his opponent?”

“I think so. After all, he had to be confident about killing his opponent before he chose to detonate his Little World.”

The gray-clad middle-aged man and the two old men frowned when they heard the hushed conversations in their surroundings.

The gray-clad middle-aged man, who was almost comparable to a peerless top advanced Supreme God, could sense that the lingering energies belonged to five of his powerful subordinates. He murmured, “Apart from the Left Guardian, Right Guardian Gu Luo and the others died as well...”

‘Who did this?’ the gray-clad middle-aged man wondered inwardly as fear flashed in the depths of his eyes. He knew it was not easy to escape the explosion of his Left Guardian’s Little World. There was no doubt that the opponent was as strong as him at least.

The Blood Sea Organization did not have any qualms about killing direct descendants of supreme powerhouses due to their organization’s nomadic nature. However, that did not mean that they would intentionally seek death. For this reason, after speculating about the opponent’s strength, although the leader of the organization was furious, he did not intend to avenge his dead subordinates. He was afraid of the person who killed them. It was not wise for him to provoke someone who was at least on par with him. Who knew if the opponent was stronger? In any case, it was impossible for him to kill the other party if the other party was on par with him. If the other party was stronger, he would definitely be seriously injured if he did not die. He could not afford to suffer injuries since it would affect his chances of survival during his next Heavenly Tribulation.

The two old men looked at each other in shock before one of them asked, “My lord, are you saying the Left Guardian failed to kill his opponent?”

“That’s right,” the leader of the Blood Sea Organization replied solemnly. Then, without another word, he flew in the direction of their temporary base.

The two old men quickly followed suit. At the same time, they spoke among themselves using Voice Transmission.

“It seems like even our leader is afraid of that person...”

“Isn’t it obvious? Moreover, he’s not the kind to seek trouble for himself.”

#### Chapter 4407 Ye Qiang Wei

Duan Ling Tian was naturally unaware that the leader of the Blood Sea Organization had rushed over not long after he left. Needless to say, he was also unaware that the leader of the Blood Sea Organization was frightened and did not intend to pursue the matter. However, he had already speculated that things would turn out this way.

It was a testament to Duan Ling Tian’s strength that he was capable of killing the five members of the Blood Sea Organization. The leader of the Blood Sea Organization was neither a supreme powerhouse nor a peerless top advanced Supreme God. As such, the leader of the organization would not be able to avenge his dead subordinates. Moreover, there was a chance that the leader only viewed his subordinates as tools and did not care about their deaths at all.

Swoosh!

At this time, Duan Ling Tian was in his flying ship.

In front of him, the young woman from before supported the old woman as she said, “Sir, thank you for saving our lives! I, Ye Qiang Wei, will remember this life-saving grace. If you need my help in the future, you can look for me in the Rising Leaf City’s Ye clan.”

At the same time, a hint of shock could be seen in Ye Qiang Wei’s eyes when she looked at the purple-clad young man in front of her. The old woman next to her had told her that the other party was very young. With her strength, she could not sense his age, but she was certain he was not even 10,000 years old. She thought that he was at most a little over 9,000 years old. In comparison, she was only 3,000 years old.

In the Outer Boundary, many powerhouses were often tens of thousands of years old, and there were even those who were 100,000 years old. It was common for advanced Supreme Gods to be close to 100,000 years old. If one was a peerless top advanced Supreme God and one had no problems with one’s Heavenly Tribulations, it was not impossible to live for 100,000 years even if one did not enter the realm of supreme powerhouses.

Those who were under the age of 10,000 were considered relatively young in the Outer Boundary. In fact, even those who were 20,000 or 30,000 years old were also considered young.

Duan Ling Tian looked at Ye Qiang Wei and said indifferently, “It’s just a trivial matter. I just couldn’t stand their attitude. You don’t need to thank me. Since you’re going to Blue Dawn City, we can travel together for now. When we arrive at the city, we’ll part ways. We might not see each other again after this.”

Duan Ling Tian was going to Blue Dawn City to fulfill the final wish of Wang Yi Yuan, whom he had met in the Crimson Demon's Little World. This was his current mission. After completing the mission, he planned to stay in Blue Dawn City for a while to gather more information about the Outer Boundary before leaving. When he came to the Outer Boundary, he had no intention of staying in one city to cultivate. He wanted to travel around as well. After all, he did not only need to cultivate, but he needed combat experience as well.

It was very important for Duan Ling Tian to grow stronger. After all, his wife, Ke'er, would not be able to wait that long. Although he had made great progress in the past, it did not mean that it would be the same in the future. He did not dare to be complacent and was determined to work hard. It was not his ultimate goal to become a peerless top advanced Supreme God; his ultimate goal was to become a powerful supreme powerhouse so he could find that person from the Soul Imprisonment clan who had merged with Yun Qing Yan so he could force that person to free his wife's soul.

Duan Ling Tian did not wait for Ye Qiang Wei's reply. Instead, he took a few steps back and sat cross-legged at the side. He no longer responded to Ye Qiang Wei even when she asked for his name.

A disappointed expression appeared on Ye Qiang Wei's face. This was the first time she had been ignored. It was not like she had never met a prodigy before. In fact, there was more than one young prodigy who was a top advanced Supreme God who pursued her.

Ye Qiang Wei, who was on the other side of the ship, looked at the old woman with a complicated expression on her face as she asked, "Grandma, who do you think he is? I have never heard of someone below the age of 10,000 who's almost on par with a peerless top advanced Supreme God."

The old woman glanced at the young man sitting cross-legged nearby on the other side of the flying ship before she said in a low voice, "I don't think he's from our Divine Sand Realm. I have never heard of such a prodigy in the Divine Sand Realm. In any case, there's no doubt that he has an extraordinary background."

“Not from our Divine Sand Realm?” Ye Qiang Wei’s eyes lit up as she murmured, “I wonder which World he comes from... Even in the Outer Boundary, I have never heard of such a prodigy. He must be the heir of a hidden force. Perhaps, he was cultivated by a supreme powerhouse!”

Ye Qiang Wei was obviously curious about Duan Ling Tian. Worried about being overheard, she said in a lowered voice, “However, this is my first time meeting such a dense person. I introduced myself earlier, but he didn’t even tell me his name. Then, when I asked for his name, he simply ignored me. Is he embarrassed of his name?”

The old woman said with a hint of helplessness, “Miss, he said earlier that we’ll part ways in Blue Dawn City, never to see each other again. It’s best if you leave him alone. With the speed of this flying ship, it won’t be long before we arrive in Blue Dawn City.”

The old woman could naturally see that Ye Qiang Wei was curious about Duan Ling Tian. She had experienced such a thing before, and she knew that curiosity could develop into feelings. She wanted to nip this in the bud so she continued to say, “Don’t forget that we have a business to attend to in Blue Dawn City.”

Ye Qiang Wei nodded. However, a hint of unwillingness could be seen in her eyes when she glanced at Duan Ling Tian who was sitting nearby. Then, she deliberately raised her voice and said, “No matter what, I, Ye Qiang Wei, won’t forget my savior! I’ll definitely repay this favor in the future!”

Duan Ling Tian was not cultivating so he could naturally hear Ye Qiang Wei. However, he remained indifferent and pretended like he did not hear her.

...

It did not take long before the flying ship arrived outside Blue Dawn City.

Blue Dawn City was huge and magnificent. It was no worse than Dancing Sun City.

‘I wonder what rank is Wang Yi Yuan’s clan in Blue Dawn City...’

When Duan Ling Tian was in Dancing Sun City, he found out that the clans in the Outer Boundary’s cities were divided into ranks as well. For example, the five major clans with supreme powerhouses in Dancing Sun City were ranked first in Dancing Sun City. Clans that were ranked second were without supreme powerhouses, but they were rather powerful as well. The clans usually had those who were almost on par with peerless top advanced Supreme Gods.

“I’m going to put away the flying ship now,” Duan Ling Tian said to Ye Qiang Wei, “I’ll take my leave now.”

Before Ye Qiang Wei could react, Duan Ling Tian put the flying ship away and flew into Blue Dawn City.

In just a blink of an eye, Duan Ling Tian vanished from sight.

Ye Qiang Wei truly could not accept Duan Ling Tian’s cold treatment, and she could not help but feel annoyed. “Does he hate me so much? Why is he so eager to part ways? Ha, since you’re in Blue Dawn City, it won’t be difficult for me to find you! We’ll definitely meet again!”

...

Duan Ling Tian was unaware that he had provoked a petty woman. After entering Blue Dawn City, he began to ask around about the Wang clan, which was Wang Yi Yuan's clan.

'The Wang clan used to be one of the strongest clans in Blue Dawn City with a supreme powerhouse... However, 100,000 years ago, the Wang clan's supreme powerhouse perished. As such, the Wang clan dropped from a first-rank clan to a second-rank clan. However, a starving camel is still bigger than a fat horse. Although the Wang clan has dropped in rank, it has deep roots in Blue Dawn City. It's the strongest among second-rank clans in Blue Dawn City. Currently, there are three elders in the Wang clan who are almost comparable peerless top advanced Supreme Gods.

In just half a day, Duan Ling Tian used his divine crystals and managed to gather quite an amount of information in a restaurant in the city. Moreover, he also learned quite a bit about Wang Yi Yuan. Unsurprisingly, Wang Yi Yuan was the most outstanding person among the younger generation in the Wang clan. If it were not for Wang Yi Yuan's talents, how could the Crimson Demon imprison Wang Yi Yuan in the Little World as a candidate to possess?

Coincidentally, someone said, "Did you hear? The prodigy from the Wang clan died. What a pity! He was so young. I heard that he died while he was cultivating and training outside. Wang Yi Yuan was the strongest among the younger generation in the Wang clan while his younger sister is the number one beauty in our Blue Dawn City. His sister was given preferential treatment all thanks to Wang Yi Yuan. After all, the clan had high hopes for him. Alas, now that Wang Yi Yuan is dead, Wang Luo Yu no longer has any protection. With her beauty, it's likely that the Wang clan is going to use her as a tool and marry her off."

"Wang Yi Yuan and Wang Luo Yu are from the side branch of the Wang family, to begin with. It was only due to Wang Yi Yuan's high innate talent that someone from the main branch of the family took them in. Now that Wang Yi Yuan is gone, I'm sure they won't take away Wang Luo Yu's status as a direct descendant. After all, the clan would only attract criticism for their ruthlessness. However, they'll definitely use Wang Luo Yu to force her into a marriage that will benefit the clan. Even when Wang Yi Yuan was still alive, those elders and high-ranking officials of the clan already had this idea. However, Wang Yi Yuan made a fuss so no one mentioned the arranged marriage again. Now that Wang Yi Yuan is gone..."

After listening to the conversation, Duan Ling Tian finally realized the reason behind Wang Yi Yuan's final wish. Wang Yi Yuan was aware that his sister would only be able to live well if he was alive. If he died, his sister would only be used as a tool to benefit the clan.

‘Now that I learned about the ins and outs of the matter, I have to get in touch with Wang Luo Yu first. I’ll tell her about Wang Yi Yuan’s final wish then. After that, everything will depend on her choice. If she’s willing, I’ll try my best to find a place for her where she can be free and doesn’t have to worry about the arranged marriage.’

After leaving the restaurant, Duan Ling Tian walked in the direction of the Wang clan’s estate.

## Chapter 4408 The Wang Clan

In Blue Dawn City, clans of different ranks were distinctly separated. The residences of first-rank clans were naturally located in the best parts of the city. The east of Blue Dawn City was where the four first-rank clans of Blue Dawn City were based. Needless to say, each of the four clans had supreme powerhouses, making them the most powerful clans in Blue Dawn City. Their status was the same as the five major clans of Dancing Sun City, which Duan Ling Tian visited previously. Similarly, each of the five clans had a supreme powerhouse in their ranks. Alas, the five major clans in Dancing Sun City no longer existed. Although not all five supreme powerhouses of Dancing Sun City perished, those who survived had fled Dancing Sun City. Their clans were all annihilated by Chi Ming, his demons, and Han Wang. After all, Chi Ming’s hatred toward them for killing his son would not allow him to let them go.

‘Even supreme powerhouses aren’t invincible. It’s not impossible to kill them...’

Duan Ling Tian had been shocked when he watched the battle at Dancing Sun City. He had seen a supreme powerhouse die and the phenomenon that appeared after the supreme powerhouse’s death. At that time, the clouds turned red, and then it rained blood as though the heavens were shedding tears of blood for the death of the supreme powerhouse.

“Although the Wang clan is now a second-rank clan in Blue Dawn City, their supreme powerhouse and the clan’s glorious past gave them many connections. It was once a first-rank clan, after all. As such, although they didn’t move out of their residence, the other four major clans didn’t give them trouble or force them to move. Otherwise, they might risk offending other supreme powerhouses in the Outer Boundary who had a good relationship with the Wang clan’s supreme powerhouse. The Wang clan’s supreme powerhouse died because of the Heavenly Tribulation. His friends are also supreme powerhouses. Since his friends are still alive, it means that they’re stronger than him. Perhaps, the supreme powerhouses from the four major clans aren’t confident that they’re stronger than those supreme powerhouses. Moreover, the four major clans have nothing to lose by letting the Wang clan continue to occupy their residence. All the profitable businesses are owned by the four major forces, and the Wang clan can’t and also dare not to interfere at all. Since ancient times, the strong are respected...”

Although Duan Ling Tian just arrived in Blue Dawn City not long ago, he already had a clear understanding of the Wang clan.

The Wang clan, formerly a first-rank clan, had a glorious past. When their supreme powerhouse was alive, others would scramble to make a marriage alliance with them. They never needed to propose a marriage alliance. However, after a long time, they were still without a descendant who had a high potential of becoming a supreme powerhouse. For this reason, they began to marry out female members of the clan to ally themselves with powerful forces for their survival. After all, even the supreme powerhouses, who were friends of their clan’s supreme powerhouses, would age and die eventually. At that time, it would be difficult for the clan to maintain their status.

In the past, Wang Luo Yu, who was acknowledged as the number one beauty of Blue Dawn City, was pursued by many direct descendants of supreme powerhouses in the Outer Boundary. As such, the elders of the Wang clan got the idea to marry her off to one of them to forge a connection with a supreme powerhouse. However, at that time, Wang Yi Yuan had shown a high potential of becoming a supreme powerhouse in the future. After weighing the pros and cons, the elders gave in to Wang Yi Yuan and dropped the idea of marrying his sister off. With Wang Yi Yuan around, Wang Luo Yu was safe. Although Wang Yi Yuan was missing, no one made things difficult for her. However, things changed some time ago when Wang Yi Yuan’s Soul Pearl shattered. After Wang Yi Yuan’s death was confirmed, many clan members began to bring up the matter of Wang Luo Yu’s marriage again. Recently, many first-rank clans from the Outer Boundary had come to propose marriage to her.

...

Duan Ling Tian did not waste time and flew to the inner city, east of Blue Dawn City, where the four major clans of Blue Dawn City and the Wang clan were based.

Unsurprisingly, an ordinary person like Duan Ling Tian usually would not be granted entry into the inner city.

When Duan Ling Tian arrived in the inner city near the Wang clan's estate, he was quickly stopped by the patrolling team. One of them stepped forward and said, "Sir, please wait. The area up ahead is the Wang clan's estate."

The patrolling team consisted of one old man and two middle-aged men. Two of them were elders of the clan, and the other man was a disciple.

"I'm here to visit the Wang clan," Duan Ling Tian said calmly to the trio in front of him as he hovered in the air. At the same time, his oppressive and powerful energy from the law of space and the Sword Dao swept toward the trio.

The two middle-aged men's expressions changed drastically, and their faces turned red.

Even the old man could not maintain the calm expression on his face. If Duan Ling Tian did not quickly withdraw his energy, he would have asked for reinforcement from the Wang clan. His expression was dark as he asked, "Sir, what do you mean by that? Are you trying to threaten the Wang clan?"

A faint smile appeared on Duan Ling Tian's face as he replied, "Senior, don't misunderstand me. You're not an ordinary advanced Supreme God... You should be an elder of the Wang clan, right?"

After a brief pause, Duan Ling Tian added, "My name is Li Feng, and I'm a sectless cultivator in the Outer Boundary. When I arrived in Blue Dawn City, I heard that many young talents from powerful clans came to propose marriage in the Wang clan. I also heard that Miss Wang Luo Yu is the most beautiful woman in the Wang clan. I've been wandering for so many years, with no relatives and friends to rely on. I've grown tired of that life. If I can meet Miss Wang and gain her favor, I'm willing to stay and serve the Wang clan..."

Duan Ling Tian had long thought about what to say to the Wang clan. His plan was to enter the Wang clan as a sectless cultivator, get close to Wang Luo Yu, and find an opportunity to bring her away from the Wang clan if that was what she wanted.

Needless to say, it was impossible for him to tell the Wang clan about Wang Yi Yuan's final wish and tell them to give up on the idea of marrying Wang Luo Yu off. After all, the Wang clan definitely did not care about Wang Yi Yuan or his wish now that Wang Yi Yuan was dead. The Wang clan valued benefits more. As such, he could only resort to such a plan.

Duan Ling Tian thought that the best way was to use the Wang clan's greed against them. He was a prodigy below the age of 10,000 and possessed strength almost comparable to a peerless top advanced Supreme God. If he was willing to serve the Wang clan, how could the Wang clan refuse him? This was much more beneficial to them compared to marrying Wang Luo Yu off to another clan.

Duan Ling Tian looked at the elder from the Wang clan and said in a neither servile nor arrogant manner, "You can check if I'm qualified or not. I don't mind sparring with the strongest member of the Wang clan to show my sincerity and strength."

The old man's expression changed slightly upon hearing Duan Ling Tian's words, feeling slightly moved. He could tell that the young man in front of him was strong, much stronger than him. He

could also sense that the other party was very young. He was also stunned when he heard the other party express his wish to fight the strongest member of the Wang clan.

Although the Wang clan did not have a supreme powerhouse or a peerless top advanced Supreme God now, there were two members of the clan who were close to becoming as strong as a peerless top advanced Supreme God. They were naturally the pillars of the Wang clan, and their status was high in the clan. If the duo wished to do so, they could easily remove the current Clan Leader of the Wang clan from his position.

‘I can’t make the decisions for this matter,’ the old man thought to himself. He took a deep breath before he sent a message.

Soon after, another old man with a ruddy complexion, who looked like a sage, appeared in the sky.

The elder and the other two middle-aged men quickly greeted the newcomer respectfully.

“Grand Elder.”

The newcomer was the Grand Elder of the Wang clan and the head of the council of elders in the Wang clan. His status in the clan was only second to the two Supreme Elders.

“Sir, I heard that you want to compete with the strongest members of our Wang clan?” the Grand Elder of the Wang clan asked. His gaze was slightly hostile when he looked at Duan Ling Tian. He thought Duan Ling Tian was too arrogant for saying he wanted to compete with the strongest member of the Wang clan.

“That’s right,” Duan Ling Tian replied indifferently with a nod. As soon as his voice fell, he felt the other party’s energy sweeping toward him. The energy was turbulent and terrifying, but to him, it was just like a passing breeze.

Currently, Duan Ling Tian was only slightly weaker than those who were close to becoming peerless top advanced Supreme Gods. Even then, it would not be easy for those people to defeat him. He would still be able to retreat safely if the situation called for it.

If the two strongest members of the Wang clan, who were almost comparable to peerless top advanced Supreme Gods, fought him, he was not confident about beating them. Since he could not leave due to his mission, if he continued fighting them, he would likely lose. However, he was not worried since it was just sparring, not a life-or-death battle. Moreover, he was confident the duo would be able to see his potential. He was also confident that the Wang clan would be able to see his potential as their son-in-law. Who knew they might even marry Wang Luo Yu to him immediately.

Swoosh!

Duan Ling Tian released energy as well. In just an instant, he ruthlessly dispersed the Grand Elder’s energy. In order to show his strength, he did not hold back and pushed the Grand Elder with his energy.

The Grand Elder of the Wang clan stumbled three steps back, and a hint of blood could be seen at the corners of his lips.

At the same time, the other three men from the Wang clan watched with horrified expressions on their faces. After all, it was just a brief collision of energy, but their Grand Elder was defeated just like that.

Although the Grand Elder of the Wang clan was not anywhere close to being a peerless top advanced Supreme God, he was still a top advanced Supreme God. With his strength, he was among the top ten strongest members of the Wang clan. However, he was defeated in just an instant after a collision of energies.

‘So strong!’

The elder and the two disciples were shocked by their Grand Elder’s defeat. Although they knew the young man in front of them was powerful, they only thought it was because they were weak. However, after the exchange with their Grand Elder, the young man’s strength dawned on them, and they were terrified. Perhaps, the young man was not boasting and was really capable of competing with the strongest members of their Wang clan.

Duan Ling Tian looked at the Grand Elder of the Wang clan and asked with a slight smile, “Grand Elder, do you think I, Li Feng, am qualified to meet the strongest members of your Wang clan and spar with them?”

Duan Ling Tian did not hold back earlier when he let his energy collide with the other party’s energy. He needed to show the other party his strength after all so his plan could proceed smoothly.

Upon hearing Duan Ling Tian’s question, Grand Elder Wang wiped the blood off the corners of his mouth. As expected, his gaze was different now when he looked at Duan Ling Tian and said, “I’ve never heard of a talent like you in the Divine Sand Realm. Sir, may I ask where you come from?”

Divine Sand Realm was one of the places in the Outer Boundary. Duan Ling Tian learned about this while he was in Dancing Sun City. The part of the sea when he had just arrived, the Crimson

Demon Ridge, the ruined cities, Dancing Sun City, and Blue Dawn City were all part of the Divine Sand Realm.

There were 36 Realms in the Outer Boundary, and the Divine Sand Realm was just one of them. Rumors had it that there were no fewer than 100 supreme powerhouses in the Outer Boundary alone.

Duan Ling Tian was shocked when he first heard about this. He did not expect there to be so many supreme powerhouses in one Realm alone. However, during his journey to Blue Dawn City, he passed by forces with supreme powerhouses and no longer found it surprising that there were over 100 supreme powerhouses in the Divine Sand Realm alone. Just Dancing Sun City alone had five supreme powerhouses, and now in Blue Dawn City, there were four supreme powerhouses. In just the two cities alone, there were nine supreme powerhouses. In the Divine Sand Realm, there were more than a dozen cities like Dancing Sun City and Blue Dawn City. Needless to say, some cities only had one or two supreme powerhouses. Even then, just the number of supreme powerhouses in the Divine Sand Realm was about fifty.

Duan Ling Tian replied calmly, "I'm not from the Divine Sand Realm. I heard of Wang Luo Yu, the number one beauty of Blue Dawn City, and I fell in love at first sight when I saw her portrait. That's the purpose of my visit. I planned to join the Wang clan if she accepts me. However, I don't plan to stay forever in the clan. I might stay for hundreds of years or thousands of years, even 10,000 years, but I won't stay forever. I plan to bring my wife with me and travel the world. I want to bring her to various places, and at the same time, I also want to train and gain experience. However, if the Wang clan needs help, I definitely won't hesitate to help as long as it's within my ability to do so. My goal is to become a supreme powerhouse. If I don't leave the Wang clan and only cultivate here, I might not be able to become a supreme powerhouse. Needless to say, even after I become a supreme powerhouse, as long as I'm Wang Luo Yu's husband, I'll still be a member of the Wang clan."

The Grand Elder of the Wang clan was not put off by Duan Ling Tian's words. After all, he knew it was impossible for such a heaven-defying prodigy to stay in the Wang clan forever. He was not certain if Duan Ling Tian was truly in love with Wang Luo Yu or if Duan Ling Tian was just briefly infatuated, but compared to the direct descendants of supreme powerhouses, there were undoubtedly greater benefits to marrying Wang Luo Yu to Duan Ling Tian since Duan Ling Tian was willing to join the Wang clan. After all, not all the direct descendants of supreme powerhouses had the potential to become supreme powerhouses. Moreover, the supreme powerhouses from those forces might perish one day. There was also no guarantee that the forces Wang Luo Yu married into

would help the Wang clan. Previously, this was their option. Being related to a supreme powerhouse was better than nothing. At least, no one would dare to recklessly seek trouble with the clan.

“Young Master Li Feng, I can see that you’re a straightforward person,” the Grand Elder of the Wang clan said. Despite losing to Duan Ling Tian, he wore a smile on his face. At the same time, he sent a Voice Transmission to the Clan Leader of the Wang clan and his great-grandfather, one of the two Supreme Elders of the Wang clan.

“Grand Elder Wang, you’re being too polite with me,” Duan Ling Tian replied with a slight smile.

...

After the Grand Elder of the Wang clan informed the clan leader and his great-grandfather about Duan Ling Tian’s proposal, the clan leader was rather agreeable. He also thought that it would greatly benefit the Wang clan if Duan Ling Tian were to marry Wang Luo Yu.

At the same time, the Grand Elder of the Wang clan’s great-grandfather, a Supreme Elder of the Wang clan, also expressed his willingness to spar with Duan Ling Tian. If it was true that Duan Ling Tian was not even 10,000 years old and was strong enough to spar with him, then they could not let such a prodigy slip away. They had to do everything to make him stay.

After receiving the Voice Transmission, the clan leader sent a message to the leader of the faction that Wang Luo Yu belonged to and asked the other party to convince Wang Luo Yu to marry Duan Ling Tian. If Duan Ling Tian was willing to marry her, it would be a great blessing for her and the Wang clan.

After all, the other party was not even 10,000 years old but was almost comparable to a peerless top advanced Supreme God. Such a person might become a supreme powerhouse before reaching 20,000 years old!

Although there were supreme powerhouses below the age of 20,000 in the history of the Outer Boundary and the Myriad Worlds, they were very rare, and each of them left their marks in history!

...

In a quiet and elegant courtyard in the Wang clan's estate.

Two young women sat in front of a stone table chatting with smiles on their faces.

If Duan Ling Tian were present, he would recognize one of the young women. She was the young woman who came to Blue Dawn City with him, Ye Qiang Wei.

At this moment, the old woman who accompanied Ye Qiang Wei was standing at the side, looking around vigilantly from time to time. It was as though she was trying to slight all the movements around her.

"Sister Qiang Wei, I'm afraid I won't be in Blue Dawn City the next time you visit me... You may not be able to see me again," the other young woman sitting across from Ye Qiang Wei said with a helpless expression on her delicate and beautiful face. The smile on her face vanished as well when she spoke. A hint of pain could be seen in the depths of her eyes when she thought about her brother, Wang Yi Yuan. When she thought about how spoiled and acted she had acted toward her brother, she was filled with remorse. In just a moment, tears began to slide down her cheeks.

"Sister Luo Yu, I'll look for Clan Leader Wang later and tell him that I want to invite you back to my house as a guest! After that, I'll arrange for you to leave. You won't have to return to the Wang clan again!" Ye Qiang Wei said resolutely. This was the purpose of her visit.

“Sister Qiang Wei, I appreciate your kindness,” Wang Luo Yu said as she shook her head, “However, if you do that, you’ll get into trouble as well...”

“I don’t care about getting into trouble, Sister Luo Yu. Back then, if you and Brother Yi Yuan didn’t risk your lives to save me, I would’ve died. Now that Brother Yi Yuan is gone, I’ll treat you like my own sister! Don’t worry. I told my father about what I’m going to do, and he supports me!” Ye Qiang Wei said.

Wang Luo Yu shook her head again. “Sister Qiang Wei, Uncle Ye is currently competing for the position of clan leader in the Ye clan, and it’s a crucial moment for him now. If he provokes the Wang clan now, I’m afraid his supporters will abandon him. I don’t want to affect Uncle Ye. Don’t worry. It’s not necessarily a bad thing for me to marry someone. Even if I don’t like him, I can learn to like him...”

Although Wang Luo Yu spoke calmly, deep in her heart, she felt very helpless. Who would be willing to be sacrificed for their clan’s benefit?

At this moment, someone called out loudly from outside the courtyard, “Luo Yu.”

Subsequently, a strong old man with white hair swiftly walked into the courtyard.

Wang Luo Yu rose to her feet and saluted the old man. “Grandpa.”

Ye Qiang Wei followed suit and rose to her feet as well.

The old man was the leader of the faction Wang Luo Yu and Wang Yi Yuan belonged to. He had taken care of them since they were young and treated them like his grandchildren.

“Miss Ye, you’re here as well,” the old man said with a smile when he saw Ye Qiang Wei.

In the past, the Ye clan was nothing compared to the Wang clan that had a supreme powerhouse. However, now, the Ye clan was not inferior to the Wang clan since the Ye clan had three powerhouses who were almost comparable to peerless top advanced Supreme Gods. Moreover, one of them was the founder of the faction that Ye Qiang Wei belonged to.

#### Chapter 4410 Wang Kui

Ye Qiang Wei was the pride of the Ye clan, and her status was not the same as that of Wang Luo Yu in the Wang clan. The founder of Ye Qiang Wei’s faction was one of the three strongest powerhouses in the Ye clan, and she was highly favored by the founder. Moreover, there were very few female direct descendants in the Ye clan among the younger generation so she was very doted upon. For this reason, even Wang Ming, the leader of one of the factions in the Wang clan, was quite polite and respectful to Ye Qiang Wei.

“Elder Wang Ming,” Ye Qiang Wei said with a nod. She had a rather good impression of Wang Ming. This was because she had heard Wang Luo Yu say that many people began to treat her indifferently after Wang Yi Yuan’s death. However, Wang Ming did not treat Wang Luo Yu indifferently, and he also spoke to her and comforted her several times.

Wang Ming looked at Wang Luo Yu and said with a sigh, “The clan leader sent me a message saying that a talented young man came to the clan, and the other party wants to meet you. The other party said that he’s willing to join the Wang clan for your sake. Needless to say, the clan leader prefers to let that young man join our clan than to marry you off. The clan leader also asked me to inform you about this matter. He’ll send me another message soon, and at that time, I’ll bring you to meet that talented young man.”

Wang Luo Yu smiled bitterly upon hearing these words. The clan leader said that he preferred to let the young man join the Wang clan than marry her off, but there was no difference at all. In other words, the clan leader wanted her to marry the young man. Although she would not be married off to another force, she still could not choose her husband. Fortunately, she had already accepted her fate.

!!

Ye Qiang Wei frowned and said to Wang Ming, “Elder Wang Ming, I came this time to invite Sister Luo Yu to the Ye clan as a guest so she can relax. Elder Wang Ming, I hope you can help her delay this matter...”

Wang Ming shook his head before he said to Ye Qiang Wei, “Miss Ye, I know you really want to help Luo Yu. However, I advise you to give up. If word of this spreads, it’ll affect your father. It might even hinder your father from becoming the Clan Leader of the Ye clan.”

Clearly, Wang Ming was aware of the situation in the Ye clan. Two outstanding members of the Ye clan were now competing for the position of the Clan Leader of the Ye clan, and the duo was evenly matched in every aspect. One of the two competitors was Ye Qiang Wei’s father.

If Ye Qiang Wei offended the Wang clan, it would definitely cause trouble for the Ye clan and upset the elders of the Ye clan. At that time, the opponent of Ye Qiang Wei’s father would definitely gain the upper hand in their bid for the position of the Clan Leader of the Ye clan.

Ye Qiang Wei’s expression changed slightly upon hearing Wang Ming’s words. After a moment, she gritted her teeth and said, “Then, I won’t bring her to the Ye clan. I’ll bear all the responsibility for this matter!”

“You’re going to bear the responsibility for this matter?” Wang Ming shook his head and said, “Miss Ye, you’re too naive. Even if you don’t bring Luo Yu to the Ye clan, as long as people know that you brought Luo Yu away and ruined Luo Yu’s arranged marriage, your father and the Ye clan will still be implicated. Don’t tell me you plan to sever ties with the Ye clan?”

Wang Ming thought that Ye Qiang Wei was too naive. Perhaps, she was too anxious that she failed to see how important and serious this matter was.

Ye Qiang Wei blushed slightly upon hearing Wang Ming’s words. Then, she said solemnly, “As long as Sister Luo Yu is fine, I don’t mind leaving the Ye clan!”

“Sister Qiang Wei!” Wang Luo Yu exclaimed. Then, she said with a soft sigh, “I’d rather die than leave this place with you. If you leave the clan at such a critical moment, Uncle Ye will still be implicated anyway. Sister Qiang Wei, don’t interfere in this matter. No matter the outcome, no matter what the future holds, it’s all fated.”

Ye Qiang Wei fell silent. The gloomy expression on her face showed the turbulent waves of emotions that had been stirred up in her heart.

At this time, Wang Luo Yu looked at Wang Ming and said with a slight smile, “Grandpa, take a seat while you wait for the clan leader’s message.”

Seeing how sensible Wang Luo Yu was, Wang Ming could not help but sigh again. He felt slightly regretful at the same time. If he had known better, he would have sent her away as soon as he found out that Wang Yi Yuan had died so the others would not have a chance to target her. It would not be difficult to send her away at that time, but it was very difficult to do so now. After all, many elders and high-ranking officials in the rank who prioritized the clan’s interests were now staring at Wang Luo Yu, hoping to use her to strengthen the clan.

After taking a seat, a smile replaced the serious expression on Wang Ming's face before he said, "Luo Yu, compared to marrying into another force, it's better to marry someone who's willing to stay in our clan. I heard from the elder of the patrolling team that the young man is very handsome. Most importantly, he's very strong despite his young age. In terms of talent, even the most outstanding member among the younger generation in our clan is inferior to him. In fact, no one among the younger generation in the Divine Sand Realm is a match for him. I'm sure many women are attracted to that young man, but it seems like he only likes you. Perhaps, sometime in the future, you'll be glad that you met him."

Wang Luo Yu did not take Wang Ming's words seriously. She assumed that he was only trying to comfort her. After all, if the other party was so outstanding, why would he fall for a person like her? The only thing she was known for was being the number one beauty in Blue Dawn City, and Blue Dawn City was just one of many cities in the Divine Sand Realm. Let alone the entire Outer Boundary and the Myriad Worlds, there were many who were more beautiful than her in the Divine Sand Realm alone.

Ye Qiang Wei also assumed Wang Ming was trying to console Wang Luo Yu, and she also found his words too exaggerated. She could not help but say, "Elder Wang Ming, if he's so outstanding, how can he be willing to join the Wang clan just for Sister Luo Yu's sake? Based on what you said, he has a high potential of becoming a supreme powerhouse in the future. Why would such a person agree to join the Wang clan for the sake of a woman he had never met before? He had only seen her portrait."

Ye Qiang Wei was from a relatively powerful clan, after all. She was privy to many things and had met many people. She knew how arrogant those young prodigies were. In her opinion, it was impossible for a proud prodigy to marry into a woman's clan, especially when joining the clan would not benefit him. On the contrary, in this case, it was likely that the Wang clan needed to rely on the young man instead of the other way around. As such, if the young man was as outstanding as Wang Ming said he was, there was no way he would join the Wang clan.

...

Meanwhile, Duan Ling Tian was unaware of the discussion going on between Wang Luo Yu and the others. He was now meeting the Clan Leader of the Wang clan in the reception hall.

The Clan Leader of the Wang clan was a tall and burly middle-aged man who seemed to wear a perpetual solemn expression on his face. He had a distinct worm-like scar on his forehead. It was not difficult to remove such a scar, but since he had left it there, it must serve a purpose.

After being brought to the reception hall, the Grand Elder of the Wang clan said, "Clan leader, this is Young Master Li Feng."

"Greetings, Clan Leader Wang. I'm Li Feng," Duan Ling Tian said politely. Although he knew the other party was no match for him, he knew he had to leave a good impression on the other party due to his mission. If he offended the other party, it would make his plan to bring Wang Yi Yuan's sister away even more difficult.

"Young Master Li Feng," the Clan Leader of the Wang clan responded in kind. He had probed Duan Ling Tian with his Divine Consciousness and confirmed that Duan Ling Tian did not only look young and that Duan Ling Tian was indeed young. As such, he was polite to Duan Ling Tian as well. Moreover, he had heard about what happened earlier. He was not much stronger than the Grand Elder of the Wang clan, but the Grand Elder suffered quite a bit due to Duan Ling Tian.

The Clan Leader of the Wang clan smiled and said amiably, "I'm Wang Kui, the Clan Leader of the Wang clan. If you get together with Luo Yu, it's not just an honor to Luo Yu, but it's the Wang clan's honor as well. Young Master Li, I heard that you want to spar with one of our Supreme Elders. I've already spoken to him, and he's willing to space with you. The Supreme Elder said that since you came from afar, you should rest in our clan for a few days and recover your energy before you spar with him."

Duan Ling Tian shook his head and said, "There's no need for that. Clan Leader Wang, please tell the Supreme Elder that I can spar now if he's willing..."

Seeing the hesitant expression on Wang Kui's face, Duan Ling Tian added, "After sparring with the Supreme Elder, I want to formally meet Miss Luo Yu. I want to prove my strength as soon as I can so that the Wang clan will know that I'm worthy of Miss Wang Luo Yu."

Upon hearing Duan Ling Tian's words, Wang Kui smiled and said, "Very well. Since you insist, I'll send a message to the Supreme Elder."

After a while, Wang Kui received the reply from the Supreme Elder and said with a smile, "Young Master Li Feng, the Supreme Elder asked me to bring you to him. We don't want to cause a huge commotion so you'll be sparring in our clan's spatial artifact. Do you have any objections? If you prefer otherwise, we'll look for a remote place for you to spar."

Duan Ling Tian shook his head and replied, "I have no objections. If the space in the spatial artifact is stable enough, we can spar in there."
