

## Sovereign 4441

### Chapter 4441 The Green Flame Saber King?

Duan Ling Tian did not worry about his family and friends due to Huan'er's presence. Apart from his family and friends, he was the only one who knew their whereabouts. Even his master, Feng Qing Yang, did not know their whereabouts. As such, he was also not worried about someone finding them and using them to threaten him into handing over the liquid from the divine fountain he won on the God Defying World's Realm Battlefield.

However, soon enough, Duan Ling Tian thought of a worrying problem.

“Huan'er's strength improved so quickly because of that mysterious energy, and I speculated that it was from a powerful beast supreme powerhouse. However, there's no free lunch in this world. That beast supreme powerhouse had gone to great difficulties to nurture Huan'er... It's possible that there are hidden dangers or conditions...”

It was undoubtedly amazing that Huan'er's strength had increased so greatly. However, if his speculation was right, then it was truly worrying. Nothing came for free after all. Now that she obtained such great strength in such a short amount of time, what kind of price would she have to pay? Before he left, there was nothing amiss, but who knew what would happen in the future?

!!

‘No matter who it is... If they dare to harm Huan'er, I won't let them go!’ Duan Ling Tian thought to himself. His eyes glinted coldly as he thought about the possible hidden dangers behind Huan'er sudden and rapid increase in strength. However, he also knew that it was impossible for him to protect her now unless he was a World Supreme Powerhouse.

“The next stop is... Linked Solitary Realm!”

The Linked Solitary Realm was one of the 36 Realms in the Outer Boundary. It was adjacent to the Divine Sand Realm, and unlike the Divine Sand Realm that was at the periphery of the Outer Boundary, it was closer to the heart of the Outer Boundary. It was also more powerful than the Divine Sand Realm.

The number of supreme powerhouses in the Linked Solitary Realm was not necessarily higher than the number of supreme powerhouses in the Divine Sand Realm; it might even be smaller. However, their strength lay in quality, not quantity. In the Divine Sand Realm, there were only a handful of powerful people like Chi Ming and Situ Lei, but in the Linked Solitary Realm, there were no fewer than ten supreme powerhouses like Chi Ming and Situ Lei. Moreover, in the Linked Solitary Realm, those below the realm of supreme powerhouses were also stronger than those in the Divine Sand Realm. Due to its proximity to the heart of the Outer Boundary, the cultivation of the people in the Linked Solitary Realm was better than that of those in the Divine Sand Realm, which was at the periphery of the Divine Sand Realm.

Duan Ling Tian did not have any specific things to do in the Linked Solitary Realm. It was just one of the stops he had to make on his way to his destination, which was one of the three Realms in the heart of the Outer Boundary.

The true powerhouses in the Outer Boundary were mostly gathered in the three Realms in the heart of the Outer Boundary. Even powerhouses from other Realms would usually go to those three Realms. The three Realms were also known as the Three Great Sacred Realms of the Outer Boundary.

‘There are 36 Realms in the Outer Boundary. There are 18 Realms in the periphery of the Outer Boundary, and a little closer to the center are 9 Realms, including the Linked Solitary Realm. Even closer to the center are another 6 Realms, and finally, at the center, there are the Three Great Sacred Realms...’

Duan Ling Tian's destination in the Outer Boundary was one of the Three Great Sacred Realms. These three Realms were widely acknowledged as the places with most fortuitous encounters. It was even said that these places were favored by the heavens.

'My destination is one of the Three Great Sacred Realms. Starting from the Divine Sand Realm, I'll go to the Linked Solitary Realm and the Peaceful Might Realm... This is the shortest route to my destination...'

'The 36 Realms, especially the Three Great Sacred Realms, are fraught with danger. However, there's no realm that can surpass the Three Great Sacred Realms in terms of fortuitous encounters and opportunities... The three realms have many natural secret realms and trials, and most importantly, they have supreme treasures. It's said that the divine fountain, which liquid I obtained, was found in one of the Three Great Sacred Realms...'

Duan Ling Tian had learned about this from the supreme powerhouse of the Xia clan in the Divine Offering Land. That supreme powerhouse had also told him that it was best for him to go to one of the Three Great Sacred Realms. After all, the danger in the other Realms was not much less compared to the Three Great Sacred Realms, but there were not many fortuitous encounters, opportunities, and treasures there. Nonetheless, the Three Great Sacred Realms were still the most dangerous Realms. In any case, due to how dangerous these Realms were, in the God Defying World, only those in and above the realm of advanced Supreme Gods would go to the Outer Boundary.

"According to the ancestor of the Xia clan, the Transportation Formations in the God Defying World directly lead to one of the Three Great Sacred Realms. This is because the God Defying World is a relatively strong World. On the other hand, the Transportation Formations in the weaker Worlds will only bring one to one of the 33 Realms, not the Three Great Sacred Realms," Duan Ling Tian muttered to himself with a wry smile, "Just as my luck would have it, I was transported to the Realm at the periphery of the Outer Boundary... For this reason, my journey to the Three Great Sacred Realm is a little longer..."

"In the God Defying World, once someone becomes an advanced Supreme God, there'll be a record of it. After that, they'll be sent to the Outer Boundary to carry out their duties in the God Defying World's base in the Three Great Sacred Realms. Some people stay for a long time in the Outer

Boundary due to their tasks. Those who've completed their duty can also choose to stay in the Outer Boundary..."

...

Swoosh!

The flying ship that carried Duan Ling Tian flew northwest at an extremely fast speed, leaving the Divine Sand Realm for the Linked Solitary Realm.

Duan Ling Tian closed his eyes and cultivated in the ship as the battle of two supreme powerhouses flashed in his mind. It was the battle recorded in the Floating Image Pearl that Situ Lei, the Heaven Bearing Sword Saint, had given him.

One of the peerless top advanced Supreme Gods wielded a prime divine artifact and also used the Mastery Dao, one of the Four Daos of Heaven and Earth. Although his law had yet to reach the paramount stage, he was still much stronger than anyone below the realm of supreme powerhouses whom Duan Ling Tian had met. Even Duan Ling Tian did not think he could defeat him.

'If I were to face him, even with my Sword Dao that is much stronger than his Mastery Dao, at most, I'll be able to fight to a draw with him,' Duan Ling Tian thought to himself.

As for the other peerless top advanced Supreme God, he did not use any weapons or the Four Daos of Heaven and Earth. He only used his law of space, and that was enough to suppress his opponent.

When the peerless top advanced Supreme God who comprehended the law of space moved, the space would shake in his wake and spatial cracks would appear. With just a thought, the space

around his opponent began to distort, forming a terrifying force that imprisoned his opponent. In just a blink of an eye, he defeated his opponent.

“So strong!”

Although this was not the first time that Duan Ling Tian viewed the recording, he was still shocked by how powerful the peerless top advanced Supreme God, who comprehended the law of space, was. It was just a sparring session; if it were a life-or-death battle, the opponent would have died countless times over.

However, because it was just a sparring session, the peerless top advanced Supreme God did not go all out when fighting. However, it was still a great help to Duan Ling Tian.

‘Floating Image Pearls that contain the life-or-death battles between peerless top advanced Supreme Gods or peerless top advanced Supreme God and projections of supreme powerhouses are much more valuable...’

Duan Ling Tian continued to replay the scenes of the battle of the peerless top advanced Supreme God who comprehended the law of space in his mind, studying the changes in the surrounding space as the other party moved. He vaguely felt like he had understood something.

Duan Ling Tian was so immersed in this that he lost all track of time. It was not until he heard the World Cleansing Divine Water’s voice that he returned to his senses.

“Little Tian, someone’s tailing you,” the World Cleansing Divine Water said solemnly, “It seems like he harbors bad intentions...”

Duan Ling Tian opened his eyes and saw a black dot that gradually grew bigger and bigger in the flying ship's mirror image. In just a moment, he saw that the other party was a man dressed in a loose black robe. Green flames burned around the other party's body, and he was like a saber as he flew over, looking as though he was going to cleave the world in two.

"The law of fire, but with green flames? I can sense the Saber Dao as well," Duan Ling Tian muttered under his breath.

When the other party drew closer, Duan Ling Tian narrowed his eyes as the figure of a person he had only met once appeared in his mind.

Upon recognizing the other party, Duan Ling Tian muttered to himself, "It seems like the Green Billow City's Meng clan doesn't intend to let 'Li Feng' go for marrying Wang Luo Yu... I'm afraid the only person who can make the Green Flame Saber King personally take action is the new supreme powerhouse from the Meng clan!"

#### Chapter 4442 Fighting the Green Flame Saber King

Duan Ling Tian's eyes glinted coldly as he looked at the saber-like figure in the distance. He thought to himself, 'The new supreme powerhouse from the Meng clan didn't personally take action. Instead, he sent the Green Flame Saber King? It seems like he can't even be bothered to deal with me personally...'

The other party was Tan Xiu Teng, the Green Flame Saber King.

Based on what Duan Ling Tian had heard from the guests of the wedding, Tan Xiu Teng was at most stronger than Wang Kui, the Clan Leader of the Wang clan. Tan Xiu Teng was no match for the two Supreme Elders of the Wang clan. However, if Wang Kui used the trump cards that had been passed down for generations in the Wang clan, there was a chance that he would be able to fight to a draw with Tan Xiu Teng. However, even with the trump cards, Wang Kui was still no match for his clan's two supreme elders.

At this time, the World Cleansing Divine Water asked worriedly, “If he’s sent by the new supreme powerhouse from the Meng clan, do you think the supreme powerhouse is watching secretly? If you defeat or kill the Green Flame Saber King, will he make a move then?”

!!

Duan Ling Tian smiled faintly as he replied, “Sister Water, if the supreme powerhouse were here, do you think he’d waste time by sending Tan Xiu Teng to attack me? He would’ve attacked directly. He must have sent Tan Xiu Teng here alone because he’s confident the latter can kill me. Perhaps, only after I kill Tang Xiu Teng will he realize that he’ll have to personally make a move to kill me...”

It did not cross Duan Ling Tian’s mind at all that Tan Xiu Teng was sent by Meng Yu Zheng, the Young Master of the Meng clan. After all, in his eyes, Meng Yu Zheng was just a good-for-nothing young master. Tan Xiu Teng was ordered to guard Meng Yu Zheng, but it did not mean that just because Meng Yu Zheng was upset, he could order Tan Xiu Teng to follow Duan Ling Tian for thousands of miles and kill Duan Ling Tian.

It was also clear to Duan Ling Tian that Tan Xiu Teng had been waiting for him for a long time. Perhaps, Tan Xiu Teng had never left at all and had been waiting since three years ago.

After listening to Duan Ling Tian, the World Cleansing Divine Water also realized that she had let her worries cloud her mind. She said, “You’re right. However, Little Tian, even if you can kill him, you should just subdue him for now. If you want to kill him, wait until you’re out of the Divine Sand Realm...”

“That’s what I thought as well,” Duan Ling Tian said with a nod. Then, he flew out of the flying ship.

After putting away the flying ship, Duan Ling Tian watched as Tan Xiu Teng flew over from the distance.

When Tan Xiu Teng arrived, a solemn expression appeared on his face that was hidden when he realized that Duan Ling Tian had discovered his presence. He wondered if he had misjudged the situation. Was it possible that there was a supreme powerhouse protecting Duan Ling Tian in the dark? Or did Duan Ling Tian discover him on his own? If so, did Duan Ling Tian sense his energy or did Duan Ling Tian catch sight of him?

Duan Ling Tian looked at the black-clad man in front of him calmly as he said, “Green Flame Saber King... I have to say, your nickname sounds impressive, but you’re no different from a cowardly rat.”

Since Duan Ling Tian had discovered Tan Xiu Teng’s identity, Tan Xiu Teng saw no need to hide his face anymore. With just a thought, he removed the covering on his face with his Divine Energy. Then, he waved his hand, setting up a Formation. In just a moment, a huge light barrier appeared, isolating them.

Duan Ling Tian raised an eyebrow when he saw Tan Xiu Teng’s series of actions. ‘Is he worried that I’ll call for help?’

In the Outer Boundary, communication was not as seamless as it was in the God Defying World. One could only communicate within a certain distance. At this distance, Duan Ling Tian, who had left Blue Dawn City, would still be able to contact the Wang clan.

Duan Ling Tian smiled coldly and said, “By doing this, you’re not only cutting off my means of communication, but you’re also cutting off yours... It seems like you’re incredibly confident about your strength...”

Upon seeing Duan Ling Tian's nonchalant expression, Tan Xiu Teng said mockingly, "Li Feng, stop acting. Do you think I'll be intimidated by your act? Brat, I'm not easily fooled or intimidated! You're not even 10,000 years old! If I, Tan Xiu Teng, can't defeat you, then I've lived for 70,000 years in vain!"

"Intimidate you?" Duan Ling Tian was briefly stunned by these words. Then, the smile on his face widened as he said icily, "We'll see how you feel after this..."

Following that, a dazzling seven-colored sword appeared in Duan Ling Tian's hand. It was the Seven Orifices Exquisite Sword that had transformed into a prime divine artifact.

After the Seven Orifices Exquisite Sword transformed into a prime divine artifact after it successfully absorbed the fragments of prime divine artifacts, Huang'er; the sword soul, had fallen into a deep state of slumber. Once she woke up, she would be able to separate from the sword and live independently. Fortunately, it would not affect the strength of the sword since it was now a prime divine artifact. Prime divine artifacts, unlike other divine artifacts, were powerful on their own.

Swoosh!

The sound of the sword whistling rang in the air as Duan Ling Tian made a move. At the same time, the energy from the law of space surged out violently. Its boundless power seemed capable of destroying the world.

Subsequently, the phenomenon of the law appeared in the sky.

Tan Xiu Teng smiled contemptuously when he saw Duan Ling Tian's phenomenon from the law of space and said, "You're not even 10,000 years old, but your law of space is close to its perfect form. You're the most talented person I've ever met. Your background must be extraordinary. No wonder the Wang clan values you so much and didn't hesitate to offend the Meng clan that has a supreme powerhouse. Alas, you're dreaming if you think this is enough to defeat me!"

As soon as Tan Xiu Teng finished speaking, powerful saber rays burst forth. Although his movements were casual, he manipulated them very skillfully.

At the same time, green flames surged in the sky, seemingly capable of burning the world. Following that, the phenomenon of the law that indicated the law had reached its perfect form appeared in the sky.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

A torrent of green saber rays, imbued by a mysterious energy, shot out fiercely.

Duan Ling Tian, who stood in the midst of the rippling space, faced the green saber rays calmly.

Tan Xiu Teng held a dazzling long saber that exuded a terrifying energy in his hand and continued to send out terrifying green saber rays as he said, "I, Tan Xiu Teng, have killed many prodigies in my life... However, this is the first time I killed a prodigy as outstanding as you! Li Feng, I really have to thank you. If it weren't for you, that good-for-nothing brat wouldn't have offered to lend me the fire-type Supreme Powerhouse Divinity. To show my gratitude, I'll grant you a quick death!"

Tan Xiu Teng spoke confidently and fearlessly as though victory was already in his hand. In his opinion, Duan Ling Tian was no different from a fish on a chopping board, waiting to be slaughtered.

## Chapter 4443 Crushing Strength

‘Good-for-nothing brat? Fire-type Supreme Powerhouse Divinity?’

Duan Ling Tian was briefly startled by Tan Xiu Teng’s words before realization finally dawned on him.

At the same time, the World Cleansing Divine Water said, “Little Tian, it seems like we’d guessed wrongly. It’s clear now that Tan Xiu Teng isn’t sent by Meng Tian Feng, the new supreme powerhouse of the Meng clan. As it turns out, he’s sent by Meng Yu Zheng! Clearly, Meng Yu Zheng bribed him with the Supreme Powerhouse Divinity...”

Naturally, Duan Ling Tian could also guess this by now. It was also not difficult to figure out that Meng Yu Zheng’s fire-type Supreme Powerhouse Divinity was from Meng Tian Feng. He could not help but sigh at how Meng Tian Feng doted on Meng Yu Zheng. It seemed like the rumors of Meng Tian Feng regarded Meng Yu Zheng as the most important one among his descendants were true.

After a moment, Duan Ling Tian’s thoughts shifted back to Tan Xiu Teng.

‘So the famous Green Flame Saber King of the Divine Sand Realm is only this strong?’

Duan Ling Tian smiled slightly as he looked at the arrogant and confident Tan Xiu Teng. Following that, he brandished the Seven Orifices Exquisite Sword and cast his Sword Dao. In just a blink of an eye, a sharp and clear whistling noise rang thunderously in the air.

A gray sword ray shot toward Tan Xiu Teng and his torrent of saber rays, leaving spatial cracks in its wake.

Although Duan Ling Tian's comprehension of the law of space was not as profound as Tan Xiu Teng's comprehension of the law of fire, his ridiculously strong Sword Dao increased his strength to a terrifying level.

On the other hand, Tan Xiu Teng also comprehended the Weapon Dao; in his case, it was the Saber Dao. However, his Weapon Dao was very much inferior to Duan Ling Tian's Weapon Dao. The difference between their respective Weapon Dao was like that of an adult and a three-year-old child.

This was not surprising since even Situ Lei, the Heaven Bearing Sword Saint and one of the strongest supreme powerhouses in the Divine Sand Realm, was impressed with Duan Ling Tian's Sword Dao and even treated Duan Ling Tian like a teacher in regard to the Sword Dao.

Conversely, Situ Lei also acted like a teacher to Duan Ling Tian in other aspects, and Duan Ling Tian learned a lot from him. In Duan Ling Tian's opinion, what he learned from Situ Lei was no less than what Situ Lei learned from him.

"You can't hold a tide back with a broom," Tan Xiu Teng said with a sneer when he saw the lone sword ray. Clearly, he had yet to sense how terrifying and powerful Duan Ling Tian's Sword Dao was. Nonetheless, he was still inwardly surprised by Duan Ling Tian's terrifying strength. Duan Ling Tian was not even 10,000 years old, but he possessed such terrifying strength. Based on his knowledge, there was no one, in the past and the present, in the Divine Sand Realm who possessed such strength when they were not even 10,000 years old.

"No wonder the Wang clan refused the Meng clan for his sake..." Tan Xiu Teng was even more certain now that Duan Ling Tian was from an extremely powerful force outside of the Divine Sand Realm. A hint of fear appeared in the depths of his heart, but it was quickly suppressed by his greed and killing intent. No matter what, he had to kill Duan Ling Tian today. It was not only for the sake of the Supreme Powerhouse Divinity. Now that he offended Duan Ling Tian, he had to kill Duan Ling Tian now to prevent Duan Ling Tian from seeking revenge in the future.

Upon seeing the torrent of saber rays, Duan Ling Tian said with a disdainful smile, “How ostentatious!”

Following that, Duan Ling Tian waved the sword in his hand. With just one move, the deceptively ordinary sword ray seemed to grow stronger, leaving even bigger cracks in its wake. Although its light was not particularly bright, the whistling sound it generated when it moved was thunderous. Compared to the torrent of saber rays, the lone sword ray looked very simple.

Boom!

As soon as the forces collided, the confident expression on Tan Xiu Teng’s face vanished immediately. He could sense the horrifying strength of the sword ray. Apart from the law of space that had yet to reach the perfect form, he could sense the Sword Dao as well. The energy from the Sword Dao was like violent waves, beating him over and over again.

In the beginning, Tan Xiu Teng could withstand it a little. However, it became more and more difficult for him to resist. His face was red from the effort he exerted, and he let out a roar, activating his bloodline power. With that, he was finally able to withstand the force of the sword ray.

Alas, in the next moment, Tan Xiu Teng discovered two figures that resembled Duan Ling Tian flying toward him with swords in their hands. His expression changed drastically again.

‘The sword ray isn’t the extent of his strength?’

At this moment, Tan Xiu Teng’s heart shook. He, who felt like he was standing on top of the world earlier, now felt like he had fallen into hell. His heart pounded in his chest as he thought to himself

in shock and disbelief, ‘H-his Sword Dao... How could it be so strong? At this time, I can only hope that he won’t be able to maintain his sword ray for long!’

Tan Xiu Teng had no choice but to deal with Duan Ling Tian’s two doppelgangers due to their direct assault. Although the doppelgangers from the law of space and the law of time were not as powerful as Duan Ling Tian, they still possessed at least 60 to 70% of his strength.

Since Tan Xiu Teng had to deal with the two doppelgangers, he quickly lost the advantage he had gained from his bloodline power that made him on par with the sword ray. In just a moment, Duan Ling Tian’s sword ray suppressed him again. Moreover, contrary to his expectations, it seemed like Duan Ling Tian had no problem maintaining the sword ray, and it was clear that the sword ray would not be disappearing any time soon. He was forced to retreat repeatedly as he fended off the attacks.

It did not take long before Tan Xiu Teng was exhausted and could no longer hold on. His face was ashen as he asked through gritted teeth, “How can you be so strong?”

The band that tied Tan Xiu Teng’s hair together snapped at this moment, and his hair fluttered messily in the wind, making him look even more pathetic.

Tan Xiu Teng continued to stare at Duan Ling Tian in shock and disbelief. He did not understand how Duan Ling Tian could be so strong. Earlier, he had thought that there was no one in the Divine Sand Realm, whether it was in the past or the present, who was like Duan Ling Tian. Now, he thought that even in the entire Outer Boundary and Myriad Worlds, there were very few people as monstrous as Duan Ling Tian. Perhaps, there was no one like him at all in the Outer Boundary and the Myriad Worlds.

“Who the hell are you?” Tan Xiu Teng asked again as despair shone in his eyes. He was seriously injured, but his opponent was completely unharmed. He was wrong earlier. It was him, not Duan Ling Tian, who was like a fish on a chopping board, waiting to be slaughtered. If he had fled with all his might in the beginning, he still had a chance, but now, he was injured so it was impossible for him to escape. He was helpless, and he knew that death was imminent; before his death, he really

wanted to know who Duan Ling Tian was. After all, Duan Ling Tian was not even 10,000 years old, but he was almost as strong as a peerless top advanced Supreme God. He had never heard of anyone like that in the Outer Boundary and the Myriad Worlds. Even those prodigies with terrifying strength close to that of a peerless top advanced Supreme God were slightly more than 10,000 years old.

“All you need to know is that I’m from the Myriad Worlds,” Duan Ling Tian said indifferently as he waved his hand.

The law of space swept out, quickly and effectively restraining Tan Xiu Teng. It also prevented him from healing his injuries.

“Myriad Worlds? Are you from one of the Three Upper Worlds?” Tan Xiu Teng asked, shocked, “I can’t believe there’s a prodigy like you there. Which of the Three Upper Worlds are you from?”

It was only after Duan Ling Tian came to the Outer Boundary that he learned that the three strongest Worlds were known as the Three Upper Worlds.

The Myriad Worlds were divided into the Three Upper Worlds, 18 Middle Worlds, and the lower Worlds. The God Defying World where Duan Ling Tian came from was one of the 18 Middle Worlds.

“You talk too much,” Duan Ling Tian said with a hint of impatience. Then, he asked, “You said that Meng Yu Zheng sent you to kill me. This means that you’ve been waiting in Blue Dawn City for three years. Is he in Blue Dawn City as well or has he returned to Green Billow City?”

‘If Meng Yu Zheng is still in Blue Dawn City...’ Duan Ling Tian’s eyes shone with killing intent when he thought about it. He thought that Meng Yu Zheng should consider himself lucky if he had returned to Green Billow City.

“He returned to Green Billow City three years ago,” Tan Xiu Teng replied, “I sent him back to Green Billow City three years ago before I returned to Blue Dawn City to wait for you to leave Blue Dawn City.”

A regretful expression appeared on Tan Xiu Teng’s face as he continued to say, “If I had known you’re so strong, I wouldn’t have attacked you no matter what. I didn’t expect that I’d be killed by a young man like you who’s not even 10,000 years old!”

Tan Xiu Teng had thought about his death in the past, and he had thought about the ways he might die. He thought he might be killed by a peerless top advanced Supreme God, a supreme powerhouse, or even the Heavenly Tribulation. However, not even in his wildest imagination did he imagine that he would be killed by a young man who was not even 10,000 years old.

After a moment, Tan Xiu Teng’s expression eased. It was as though he had completely accepted his fate at this moment as he said, “However, if I think about it from another angle, I won’t die in vain if I’m killed by a heaven-defying prodigy like you.”

At this time, Duan Ling Tian who had just spoken to the World Cleansing Divine Water looked at Tan Xiu Teng with bright eyes and asked, “What? You don’t want to live anymore? Are you in such a hurry to die?”

In just a blink of an eye, the killing intent that Duan Ling Tian exuded suddenly disappeared without a trace.

Chapter 4444 Taking a Servant In

“Huh?”

Upon hearing Duan Ling Tian's words, Tan Xiu Teng frowned in confusion. Then, he asked, "Sir, does this mean that you plan to let me go?"

After Tan Xiu Teng finished speaking, he laughed at himself for being absurd. How could Duan Ling Tian possibly spare him? If he were in Duan Ling Tian's shoes, he would not have spared someone who tried to kill him. After all, not killing someone like that was akin to creating future trouble for oneself.

"Let you go?" Duan Ling Tian smiled faintly and said, "I'm not so magnanimous toward a person who intended to kill me. However, if you swear on the Heaven Vault's Blood Oath and acknowledge me as your master and become my servant, I'll spare your life."

!!

Upon hearing this, Tan Xiu Teng sneered and said, "Impossible! I admit that I'm weaker than you. Even if I die, I admit that I lost fair and square. However, it's impossible for me to swear allegiance to you!"

There was a specific master-servant contract when swearing on the Heaven Vault's Blood Oath. After swearing the oath, a master-servant connection would be formed. At that time, the servant could be reduced to ashes as long as the master willed it using the power that governed heaven and earth.

"Boy, perhaps, your elders have never taught you this. Sometimes, people with our cultivation bases place more importance on dignity than life! Moreover, how can someone who lost his freedom overcome his heart devil trial and survive the Heavenly Tribulation?" Tan Xiu Teng said mockingly to the young man in front of him.

In Tan Xiu Teng's opinion, Duan Ling Tian was dreaming if Duan Ling Tian thought that he would become his servant. What a joke! Duan Ling Tian was just an advanced Supreme God, who was admittedly stronger than him. Even if Duan Ling Tian was a peerless top advanced Supreme God or a supreme powerhouse, it was still impossible for him to acknowledge them as his master and become their servant using the Heaven Vault's Blood Oath.

Those below the realm of Supreme Gods would be fine making such an oath. However, for those in or above the realm of Supreme Gods, it would draw the heart devil trial during the once-in-a-thousand-year Heavenly Tribulation, making it almost impossible to survive. This was a flaw of the master-servant contract by swearing on the Heaven Vault's Blood Oath. As such, many of those below the realm of Supreme Gods who had sworn on the Heaven Vault's Blood Oath did not dare to break into the realm of Supreme Gods even if they were capable of doing so, unless their master took the initiative to null the Heaven Vault's Blood Oath. Otherwise, they would almost surely die when they faced their Heavenly Tribulation.

"You think I'm aware of that?" Duan Ling Tian glanced at Tan Xiu Teng indifferently as he said, "I've not finished my words yet. Yes, I asked to make a master-servant contract by swearing on the Heaven Vault's Blood Oath, but I wasn't asking you to make a lifelong contract with me. The contract will last until one year before your Heavenly Tribulation arrives. This won't affect your chances of surviving the Heavenly Tribulation at all. I guarantee that I won't kill you after that. You'll regain your freedom and you have a year to prepare for your Heavenly Tribulation."

Tan Xiu Teng was stunned by Duan Ling Tian's words. Then, the mocking smile on his face vanished, replaced by a solemn expression. His eyes flashed as he asked in a deep voice, "Are you telling the truth?"

If Duan Ling Tian was telling the truth, then Tan Xiu Teng was not averse to it. After all, the reason why those in the realm of Supreme Gods would rather die than make a master-servant contract and swear on the Heaven Vault's Blood Oath was due to the certainty of death when facing the Heavenly Tribulation. However, if the contract was terminated a year before his Heavenly Tribulation as Duan Ling Tian suggested, it would not affect him at all. Moreover, if he agreed to make this contract, his life would also be spared. He now had two choices: agree to become a servant for hundreds of years and his life would be spared or disagree and die. He knew that most people would choose the former.

“Of course,” Duan Ling Tian replied expressionlessly, “With your strength, is there a need for me to lie to you? I’m only suggesting this because I just left the Myriad Worlds and came to the Outer Boundary not too long ago, and I’m unfamiliar with this place. After you help me familiarize myself with the Outer Boundary, do you think you’d still be of use to me? At that time, having you with me will only be a burden.”

Although Tan Xiu Teng’s expression soured when he heard Duan Ling Tian’s words at the end, he knew that Duan Ling Tian was not lying. If Duan Ling Tian were familiar with the Outer Boundary, Duan Ling Tian really would have no use for him, a defeated opponent, at all.

Duan Ling Tian continued to say, “Apart from helping me to familiarize myself with the Outer Boundary, there’s also one thing I want you to do. I want you to lure Meng Yu Zheng out. Don’t worry, you don’t need to kill him. I’ll do it myself.”

Tan Xiu Teng’s expression froze briefly when Duan Ling Tian said that he wanted him to lure Meng Yu Zheng out. However, his expression eased and he sighed in relief when Duan Ling Tian promptly said he did not have to kill Meng Yu Zheng. After all, killing Meng Yu Zheng, the direct descendant of a supreme powerhouse, was not a trivial matter. It was fine if the supreme powerhouse did not care. However, if the supreme powerhouse wanted to, he could trace back to the scene of his descendant’s death with his blood that could help him find the culprit.

Perhaps, others did not know how important Meng Yu Zheng was to Meng Tian Feng, the new supreme powerhouse of the Green Billow City’s Meng clan, but Tan Xiu Teng, who served Meng Tian Feng, was different. If Meng Tian Feng only treated Meng Yu Zheng like an ordinary descendant, how could Meng Tian Feng have given Meng Yu Zheng the Supreme Powerhouse Divinity?

When Tan Xiu Teng first heard that Duan Ling Tian wanted him to lure Meng Yu Zheng out of the Meng clan, he had been sure that Duan Ling Tian wanted him to kill Meng Yu Zheng as well. However, although he was hesitant, he did consider agreeing in order to survive now. He even thought that after he killed Meng Yu Zheng, he would be leaving the Divine Sand Realm with the

person in front of him; perhaps, Meng Tian Feng would not be able to track him down. Moreover, if he killed Meng Yu Zheng, he knew that Duan Ling Tian would not allow Meng Tian Feng to find him easily. After all, if Meng Tian Feng found him, it would not be difficult to find out that Duan Ling Tian was the mastermind. At that time, Meng Tian Feng would definitely kill Duan Ling Tian as well.

Nonetheless, Tan Xiu Teng was very happy when he heard that he did not have to kill Meng Yu Zheng and only had to lure Meng Yu Zheng out, which was a trivial matter. He felt the burden on his shoulders disappearing immediately.

Finally, Tan Xiu Teng looked at Duan Ling Tian and said in a deep voice, “Very well. Since I don’t have to kill him, I have no problem with this. If that’s all, I’ll swear on the Heaven Vault’s Blood Oath now.”

“Alright,” Duan Ling Tian said indifferently with a nod.

Following that, Tan Xiu Teng swore on the Heaven Vault’s Blood Oath and made a master-servant contract with Duan Ling Tian. However, when he was making the contract, he finally discovered that the name of the person in front of him was not Li Feng, but Duan Ling Tian. He was understandably surprised.

‘His name is Duan Ling Tian? So Li Feng is a fake name?’

However, Tan Xiu Teng quickly recovered and thought that it was only natural for Duan Ling Tian to use a fake name. In his opinion, Duan Ling Tian needed to hide his true identity to avoid danger. After all, who knew if other forces from the Myriad Worlds would try to kill him after he left the protection of the supreme powerhouse in the World that he came from? Since Duan Ling Tian came to the Outer Boundary to cultivate, Duan Ling Tian naturally did not have any protection. After all, if Duan Ling Tian was constantly protected, how could he grow any stronger? A blade needed to be sharpened; it was impossible to grow stronger if one was constantly coddled and protected.

In the past, the strongest people in the three major Worlds also risked their lives when they were young and braved all kinds of danger. Their experience contributed to their current strength and status.

‘It’s impossible for someone to be secretly protecting him now... If he were so overprotected, he wouldn’t have been able to achieve so much at this age...’

After Tan Xiu Teng completed the master-servant contract and swore on the Heaven Vault’s Blood Oath, a phenomenon briefly appeared in the sky. A complicated expression appeared on his face when he sensed the connection between him and Duan Ling Tian. He made a careless mistake which resulted in him becoming a servant for hundreds of years. If he could turn back time, he definitely would not make the same mistake again.

At this time, Duan Ling Tian glanced at Tan Xiu Teng and said indifferently, “Let’s go. Lead me to Green Billow City.”

Duan Ling Tian could also sense his connection to Tan Xiu Teng. The feeling was subtle, but he could feel that he now held Tan Xiu Teng’s life in his hand. With just a thought, he could kill Tan Xiu Teng. It would be impossible for Tan Xiu Teng to escape him until the contract ended.

‘This restriction in the master-servant contract is really terrifying, which is good. It means that I don’t have to worry about him messing around. At the same time, I can also let him handle all the trivial matters,’ Duan Ling Tian thought to himself.

In fact, the World Cleansing Divine Water was the one who suggested making Tan Xiu Teng his servant. After listening to her, he found that he agreed with her. Not only could he quickly familiarize himself with the Outer Boundary and have someone deal with trivial matters for him, but he could lure Meng Yu Zheng, who wanted his life, out of the Meng clan. He was simply killing two birds with one stone.

In exchange for those things, Duan Ling Tian did not mind sparing Tan Xiu Teng's life at all. After all, when it came down to it, Tan Xiu Teng was only following Meng Yu Zheng's orders. He would not form a heart devil and affect his chances of surviving the Heavenly Tribulation if he spared Tan Xiu Teng and killed Meng Yu Zheng.

"Yes, my lord," Tan Xiu Teng said respectfully.

"It's fine. Just refer to me as 'young master'," Duan Ling Tian said with a wave of his hand.

"Yes, young master," Tan Xiu Teng said respectfully. Then, he brought his flying ship out and gestured for Duan Ling Tian to board the flying ship first before he steered the flying ship in the direction of Green Willow City.

As Tan Xiu Teng steered the flying ship, his mind began to wander. He knew that Duan Ling Tian spared him because he was not the true mastermind behind the attempt on his life. Then, he thought about Meng Yu Zheng.

'That kid will definitely be scared out of his wits later. He'll definitely regret his actions!'

## Chapter 4445 Meng Yu Zheng

Tan Xiu Teng was close to becoming a peerless top advanced Supreme God after all. He could naturally understand Duan Ling Tian's thoughts. With their cultivation bases, they had to consider their actions all the time to avoid forming the Heart Devil, which would affect their chances of survival during the Heavenly Tribulation.

Tan Xiu Teng knew that if he was not ordered by Meng Yu Zheng and sincerely harbored the intention to kill Duan Ling Tian, it was likely that Duan Ling Tian would kill him. It would be fine if Duan Ling Tian was open-minded. If not, Duan Ling Tian would have to kill him so that he would not form the Heart Devil that would affect his Heavenly Tribulation.

‘Fortunately, I was only ordered to kill him,’ Tan Xiu Teng thought to himself as he sighed in relief.

Then, he shook his head when he thought about Meng Yu Zheng. He knew that Meng Yu Zheng was going to die soon, after all.

‘You can’t blame me. If you need someone to blame, you can only blame yourself for targeting him. Not only did you ruin my life, but you also ruined your own life. However, fortunately, I managed to survive. However, I won’t be able to say the same for you...’

Meanwhile, Duan Ling Tian cultivated without worries in Tan Xiu Teng’s flying ship. He was naturally not worried about Tan Xiu Teng playing tricks now that they had a master-servant contract between them. Although Tan Xiu Teng used to serve Meng Tian Feng, he was not worried about Tan Xiu Teng’s loyalty at all. Even if Meng Tian Feng was strong, he could not compare to the restrictions of the master-servant contract. After all, he would be able to sense it if Tan Xiu Teng harbored malicious intentions toward him, and he could literally kill Tan Xiu Teng with just a thought.

...

In the Meng clan in Green Billow City.

Ever since Meng Yu Zheng returned from Blue Dawn City, he had been depressed, brooding over the things that happened in the Wang clan. Not only was he humiliated by the new son-in-law of the Wang clan, but he was humiliated in front of so many prominent figures in the Divine Sand Realm.

Apart from that, he was also reprimanded by the ancestor of the Meng clan because of the new son-in-law of the Meng clan! With all these things, his hatred toward 'Li Feng' grew even stronger.

'It's been three years... Don't tell me Li Feng didn't leave the Wang clan or Blue Dawn City at all?'

Over the past three years, Meng Yu Zheng could not remember the number of times he hovered in the sky above the Meng clan's estate, looking in the direction of Blue Dawn City and talking to himself.

Feeling confident about his speculation, Meng Yu Zheng muttered under his breath, 'If Li Feng has a supreme powerhouse protecting him when he leaves the Wang clan, it means that Tan Xiu Teng won't have a chance to make a move. If that happened, Tan Xiu Teng would have returned and informed me of this. Since Tan Xiu Teng has yet to return, it means that Li Feng didn't leave the Wang clan and Blue Dawn City at all...'

As usual, after talking to himself for a while, Meng Yu Zheng prepared to return to his room to cultivate. Despite his mood, he naturally did not forget to cultivate. However, it had to be said that his progress over the past three years was not good.

When he cultivated, 'Li Feng' would appear in his mind as though 'Li Feng' was mocking his incompetence. It also reminded him that he was not as good as Li Feng, that he failed to marry Wang Luo Yu, that he was looked down upon by the Wang clan, and that his ancestor did not take his side either. He knew that he was going to form a Heart Devil from this and tried to restrain his thoughts, but it was useless.

Since he was young, this was the first time he had suffered such a setback and humiliation. He hated 'Li Feng' so much that one would think 'Li Feng' had murdered his father.

‘If Li Feng doesn’t die, I’m afraid that I’ll be injured during my upcoming Heavenly Tribulation due to the Heart Devil,’ Meng Yu Zheng thought to himself.

Previously, he was not worried about his Heavenly Tribulation at all; he was even confident he would be able to survive it completely unscathed. However, now that he was sure he was going to form a Heart Devil, he was not certain he would be able to survive the Heavenly Tribulation. His only hope now is to kill Li Feng to survive.

Suddenly...

“Young Master Meng...”

Just as Meng Yu Zheng sighed in disappointment and was about to leave, he suddenly received a Voice Transmission. His eyes lit up immediately. The other party was none other than Tan Xiu Teng, the Green Flame Saber King, whom he had been waiting for, for three years.

Under normal circumstances, Meng Yu Zheng knew that Tan Xiu Teng could not even be bothered to talk to him. The only reason Tan Xiu Teng accompanied him to Blue Dawn City was due to the orders of Meng Tian Feng, the ancestor of the Meng clan. After all, Tan Xiu Teng served Meng Tian Feng.

Meng Yu Zheng also knew that Tan Xiu Teng only agreed to stay in Blue Dawn City and look for an opportunity to kill Duan Ling Tian because he said that he would lend Tan Xiu Teng the Supreme Powerhouse Divinity. Otherwise, how could someone like Tan Xiu Teng listen to his orders?

Meng Yu Zheng could hardly contain his excitement as he responded to Tan Xiu Teng’s message. “Uncle Tan! You... Did you manage to kill Li Feng?”

Tan Xiu Teng did not answer Meng Yu Zheng's question. Instead, he said, "Young Master Meng, if you want to know the answer, meet me a few thousand miles south of the city. At that time, I'll hand the Floating Image Pearl to you. In exchange, you'll lend me the Supreme Powerhouse Divinity.

"I know you've sworn on the Heaven Vault's Blood Oath that you'll lend me the Supreme Powerhouse Divinity after I completed my task. However, I'm afraid that if our exchange takes place in the city, your ancestor might be alerted and stop the exchange. He might even confiscate the Supreme Powerhouse Divinity from you at that time."

Meng Yu Zheng did not doubt Tan Xiu Teng at all. He quickly said, "I understand your concerns, Uncle Tan. You said a few thousand miles south of the city, right? I'm on my way now!"

Meng Yu Zheng was desperate and could not wait to get his hands on the Floating Image Pearl that recorded Tan Xiu Teng killing 'Li Feng'. With the Floating Image Pearl, he would be able to stop the Heart Devil from forming.

In fact, Meng Yu Zheng would not doubt Tan Xiu Teng much if Tan Xiu Teng said that he had killed Duan Ling Tian. However, to be safe, he wanted proof, and he needed to watch the recording of Tan Xiu Teng killing Li Feng. It was not only to stop the Heart Devil from forming, but he also wanted to watch it because he knew he would derive pleasure from watching Li Feng die!

"Li Feng, in the end, you're no match for me," Meng Yu Zheng muttered to himself with a scoff before he flew south toward the agreed-upon meeting place at a high speed, leaving the Meng clan.

Since the distance was not very far from the Meng clan, he did not see a need to bring another person with him and went alone. In his opinion, there was no danger in going alone. After all, within 100,000 miles of Green Billow City, there were very few people who did not know him, the most outstanding one among the younger generation in the Meng clan. Due to his status, even those who were stronger than him did not dare to provoke him.

From the beginning to the end, it did not cross Meng Yu Zheng's mind at all that Tan Xiu Teng would trick him. After all, if Tan Xiu Teng wanted to harm him, Tan Xiu Teng had plenty of chances to do so during their journey to Blue Dawn City, to and fro. There was no need for Tan Xiu Teng to wait until now. Moreover, even after Tan Xiu Teng knew that he possessed the Supreme Powerhouse Divinity, Tan Xiu Teng did not make a move at all during their journey back to Green Billow City even though he was unaccompanied by Meng Tian Feng. At that time, he had left with a few members of the Meng clan while Meng Tian Feng left on his own. If Tan Xiu Teng wanted to harm him at that time, Tan Xiu Teng's success was almost guaranteed.

...

A few thousand miles south of Green Billow City.

Apart from a stretch of mountain range and endless yellow sand, there was no plant at all. It was as though plants had been forbidden to grow in this place.

At this moment, a middle-aged man sat cross-legged in the air with his eyes closed. At the same time, faint green flames danced around his body, looking like sabers at times. Apart from the spatial ring that he wore on his finger, there was a huge and heavy token hanging from his waist. If there were a skilled blacksmith present, he or she would be able to sense the slight fluctuations from the token, and he or she would be able to tell that the token was a spatial artifact.

At this time, the middle-aged man, Tan Xiu Teng, projected his voice into the token and said, "Young master, my Divine Consciousness sensed that Meng Yu Zheng is about to arrive. He came alone. I'm sure he doesn't suspect or doubt anything. After all, in his mind, if I wanted to harm him, I had plenty of opportunities to do so three years ago. Moreover, he's not afraid that anyone will look for trouble with him in this area... I can sense that he's in a hurry. It's obvious that he can't wait to get his hands on the Floating Image Pearl that supposedly contains the recording of your death."

“Mmm,” Duan Ling Tian, who was in the spatial artifact, responded indifferently when he heard Tan Xiu Teng’s words.

In fact, it would be more convenient if Duan Ling Tian had hidden in Tan Xiu Teng’s Little World. However, it was fine for someone weaker to enter one’s Little World, but the same could not be the same for someone stronger. As such, he did not force Tan Xiu Teng, who was clearly worried about this, even if he could force Tan Xiu Teng to do so due to the master-servant contract.

As soon as Duan Ling Tian responded, someone exclaimed, “Uncle Tan, you’re finally back after three years!”

When Meng Yu Zheng arrived, Tan Xiu Teng opened his eyes and rose to his feet. Then, he feigned an apologetic expression and said, “I’m sorry for making you come all this way... However, I’m really worried...”

Meng Yu Zheng did not wait for Tan Xiu Teng to finish speaking and quickly interjected, “Uncle Tan, you don’t have to explain yourself. I understand. Where’s the Floating Image Pearl that recorded you when you killed Li Feng? Hurry up and show me!”

Chapter 4446 Why Are You Here?!

Meng Yu Zheng did not think that Tan Xiu Teng would turn against him so he did not care to listen to Tan Xiu Teng’s explanation at all. He even thought that it was only natural for Tan Xiu Teng to have such concerns. If it were him, he would have been worried as well.

Upon seeing the eager expression on Meng Yu Zheng’s face, Tan Xiu Teng looked even more apologetic as he said, “Young Master Meng, for the sake of safety, what do you think about conducting the exchange in my spatial artifact? If you’re not willing, we can go somewhere further

away. I know you swore on the Heaven Vault's Blood Oath, but supreme powerhouses are too strong... I..."

Just like before, Meng Yu Zheng interjected, "Uncle Tan, I understand your concerns. There's no need to go to another place. I'll enter your spatial artifact."

Supreme powerhouses were very strong and possessed many means. Although Meng Yu Zheng had a good relationship with Meng Tian Feng, he did not know what kind of means Meng Tian Feng possessed. As such, he did not hesitate and agreed to Tan Xiu Teng's request. He did not want to waste time and move to another place.

!!

What Meng Yu Zheng wanted most now was to watch the recording of Tan Xiu Teng killing Li Feng. After that, he would be able to stop his Heart Devil from forming.

'Li Feng, did you think someone like you is worthy of opposing me?' Meng Yu Zheng thought to himself disdainfully.

Meanwhile, Tan Xiu Teng quickly showed an expression of gratitude after hearing Meng Yu Zheng's words. He said, "Thank you for your understanding, young master. Please don't resist. I'm going to send you into my spatial artifact now."

"Alright." Meng Yu Zheng looked eager. He wished he was already in Tan Xiu Teng's spatial artifact at this moment.

Tan Xiu Teng raised his hand, and a gentle stream of energy shrouded Meng Yu Zheng, who did not resist at all, into the spatial artifact.

As soon as Meng Yu Zheng disappeared into the spatial artifact, Tan Xiu Teng's eyes flashed as he looked in the direction of Green Billow City. Then, he quickly fled in the opposite direction at top speed.

At the same time, Tan Xiu Teng tossed out the Formation compass he had prepared beforehand. A few complex Formations appeared, destroying the area along with the mountain range. The force of the explosion caused the space to distort. Tan Xiu Teng had done this to get rid of his tracks. Although it was clear that something had happened here, since he had destroyed this place, when Meng Tian Feng came, it would be difficult for Meng Tian Feng to find any clues that pointed to the culprit. Apart from that, if Meng Yu Zheng did not die here, it would be difficult for Meng Tian Feng to find this place using their blood connection.

...

Meng Yu Zheng was naturally unaware of what was happening outside now that he was in Tan Xiu Teng's spatial artifact. He was currently alone, but he did not think too much of it, waiting for Tan Xiu Teng to come in. Just like before, he was not worried that Tan Xiu Teng would harm him. Put everything else aside, his Supreme Powerhouse Divinity and his other treasures were in his self-destructive spatial ring. If Tan Xiu Teng killed him, Tan Xiu Teng would not gain anything. Even if Tan Xiu Teng managed to obtain the Supreme Powerhouse Divinity and killed him, Tan Xiu Teng had sworn on the Heaven Vault's Blood Oath that he was going to borrow it. If Tan Xiu Teng snatched it away forcefully, Tan Xiu Teng would be punished.

Swoosh!

Just as Meng Yu Zheng expected, Tan Xiu Teng soon entered the spatial artifact. As soon as he saw Tan Xiu Teng, his eyes lit up, and he asked urgently, "Uncle Tan, where's the Floating Image Pearl?"

Tan Xiu Teng did not respond. Instead, he looked at Meng Yu Zheng's spatial ring. His meaning was clear: if you want the Floating Image Pearl, bring the Supreme Powerhouse Divinity out first.

“Uncle Tan, I’ve already made the Heaven Vault’s Blood Oath. I can’t possibly go back on it,” Meng Yu Zheng said as he shook his head and brought the fire-type Supreme Powerhouse Divinity, which was given to him by Meng Tian Feng, out of his spatial ring.

In the past, Meng Tian Feng had also relied on this Supreme Powerhouse Divinity to rapidly improve his law of fire, laying a solid foundation on his road to becoming a supreme powerhouse. Since he did not need it anymore, he had given it to Meng Yu Zheng to help Meng Yu Zheng comprehend the law of fire.

“Uncle...”

Just as Meng Yu Zheng was about to hand the Supreme Powerhouse Divinity over...

Swoosh!

The clear sound of swords whistling rang in the air before blood suddenly spurted out of Meng Yu Zheng's arm socket before his entire left arm, which was holding the Supreme Powerhouse Divinity, fell to the ground with a thud.

“Who is it?!” Meng Yu Zheng's expression changed drastically. He did not look for the attacker. Instead, he quickly mobilized his Divine Energy and channeled it into the Supreme Powerhouse Divinity that lay in the hand of his severed left arm. Once his Divine Energy touched the Supreme

Powerhouse Divinity, he would be able to return it to his spatial ring immediately. Alas, although his speed was fast, there was someone who was faster than him.

Swoosh!

Another stream of Divine Energy landed on the Supreme Powerhouse Divinity before it suddenly vanished. Clearly, it had been brought into the spatial ring of the owner of the Divine Energy.

From the beginning to the end, Tan Xiu Teng only stood motionlessly in the distance as he silently watched everything unfold. Since he did not forcefully seize the Supreme Powerhouse Divinity, he did not break his Heaven Vault's Blood Oath.

Meng Yu Zheng's face was ashen as he swept his eyes past Tan Xiu Teng before he looked around.

Following that, another figure appeared silently like a ghost. The figure belonged to a handsome purple-clad young man.

As soon as Meng Yu Zheng saw the other party, his expression changed drastically. His eyes were filled with shock. He could not believe that he would see the other party here. He exclaimed, "Why are you here?!"

Countless questions raced through Meng Yu Zheng's mind at this moment.

'Why is Li Feng here? Why did Li Feng take away my Supreme Powerhouse Divinity? Didn't I ask Uncle Tan to kill him? Why is he here? How dare he attack me?'

After a moment, Meng Yu Zheng quickly calmed down. He was seeing red as he glared at Tan Xiu Teng, who was standing behind Duan Ling Tian, and said, “Tan Xiu Teng! You actually joined forces with Li Feng to snatch away my Supreme Powerhouse Divinity! Do you think you’ll be able to escape the punishment from the Heaven Vault’s Blood Oath if you do this?”

Meng Yu Zheng looked like a fierce beast at this moment. It was as though he wanted to bite Tan Xiu Teng to death!

#### Chapter 4447 Meng Yu Zheng Is in Despair

Meng Yu Zheng was furious. In his opinion, it would be impossible for Tan Xiu Teng to escape the punishment for breaking the Heaven Vault’s Blood Oath that would undoubtedly kill the other party, but ‘Li Feng’ would be completely unharmed after snatching the Supreme Powerhouse Divinity away.

“Li Feng! Hand the Supreme Powerhouse Divinity over, and I’ll grant you a quick death!” Meng Yu Zheng said grimly. At the same time, he said to Tan Xiu Teng through Voice Transmission, “Tan Xiu Teng, it’s impossible for you to escape punishment from the Heaven Vault’s Blood Oath. However, I’ll nullify the oath if you kill Li Feng for me!”

Meng Yu Zheng did not care about Tan Xiu Teng at all at this moment. In fact, it did not even matter if he lost the Supreme Powerhouse Divinity. Unless Duan Ling Tian was willing, it was impossible for him to snatch the Supreme Powerhouse Divinity back. Moreover, now that Meng Tian Feng was a supreme powerhouse, it would not be difficult for him to obtain another fire-type Supreme Powerhouse Divinity. The most important thing to him now was that ‘Li Feng’ had to die.

Tan Xiu Teng chuckled after listening to Meng Yu Zheng. He said, “Meng Yu Zheng, did you think I asked the young master to snatch the Supreme Powerhouse Divinity away from you?”

‘Young master?’ Meng Yu Zheng’s expression changed slightly. After listening to the way Tan Xiu Teng addressed Duan Ling Tian, a foreboding feeling rose in his heart.

At this moment, Duan Ling Tian said with a sneer, “Meng Yu Zheng, Tan Xiu Teng has nothing to do with this. I took the Supreme Powerhouse Divinity on my own accord. I’m the mastermind behind this whole matter. He didn’t tell me to do anything. As such, he did not violate the Heaven Vault’s Blood Oath, and there’ll be no punishment.”

Meng Yu Zheng looked skeptical as he gritted his teeth and asked in a low voice, “Li Feng, do you think I’ll believe you? Mastermind? Do you even have the capability to be a mastermind of anything?”

Despite his words, the foreboding feeling in Meng Yu Zheng’s heart continued to intensify. He speculated that the mysterious force behind Li Feng must have intervened and rescued Li Feng before Tan Xiu Teng could kill Li Feng. Then, Li Feng must have threatened Tan Xiu Teng into acting against him.

Tan Xiu Teng looked at Meng Yu Zheng indifferently and said, “Meng Yu Zheng, it’s up to you to believe it or not. However, it’s the truth. I did follow your orders. I went after the young master to kill him after he left the Wang clan and Blue Dawn City...”

Meng Yu Zheng did not let Tan Xiu Teng finish speaking before he roared, “Tan Xiu Teng, you’re an idiot! Didn’t I tell you to only make a move when you’ve confirmed that no one was secretly protecting him?”

Meng Yu Zheng thought that the person protecting Duan Ling Tian had to be stronger than Tan Xiu Teng and easily stopped Tan Xiu Teng from killing Duan Ling Tian. Out of desperation, Tan Xiu Teng must have led Duan Ling Tian to him.

Tan Xiu Teng sneered. “Meng Yu Zheng, when I was leaving my mark in the Divine Sand Realm, you weren’t even born yet. Do you think I’d be able to come this far if I were stupid? Obviously, I only made a move after I ascertained there was no one else around.”

Then, Tan Xiu Teng paused for a moment and looked at Duan Ling Tian respectfully. His gaze was slightly complicated as he continued to say, “However, I didn’t expect the young master to be so outstanding. His strength is close to that of a peerless top advanced Supreme God despite being under the age of 10,000. How could I possibly be a match for someone like that? If the young master didn’t spare me, I wouldn’t be alive now.”

Tan Xiu Teng’s words were like a clap of thunder in Meng Yu Zheng’s ears. After a moment, he said skeptically, “Tan Xiu Teng, do you think I’m a fool? Do you think I’ll believe your nonsense? How’s it possible for someone who’s not even 10,000 years old to possess strength that’s close to that of a peerless top advanced Supreme God? Such a person has never been heard of in the Outer Boundary and the Myriad Worlds, let alone the Divine Sand Realm.”

However, despite his words, Meng Yu Zheng, in fact, believed Tan Xiu Teng. After all, he was clearly in a disadvantageous position at this moment. There was no need for Tan Xiu Teng or Duan Ling Tian to lie to him. Moreover, it would also explain why the Wang clan refused him and risked offending the Meng clan for the other party. They were about the same age, but the difference between their strength was like an insurmountable chasm.

If Duan Ling Tian could read Meng Yu Zheng’s mind now, he might not be able to resist telling Meng Yu Zheng that they were not around the same age; he was barely 2,000 years old!

Tan Xiu Teng said, “Like I said earlier, it doesn’t matter if you believe it or not.” After a beat, he added, “Meng Yu Zheng, provoking the young master is the most foolish mistake you’ve made in your life. Because of a woman, you brought upon your own death.”

Meng Yu Zheng glared at the two people in front of him before he said threateningly, “Tan Xiu Teng, Li Feng... You better let me go! Otherwise, I’ll summon my ancestor here with the Phantom Projection Jade Token he had given me!”

Duan Ling Tian smiled when he heard these words.

On the other hand, Tan Xiu Teng said with a sneer, “Meng Yu Zheng, do you think I’m stupid? Your ancestor just became a supreme powerhouse recently. It’s impossible for him to waste his blood essence on a Phantom Projection Jade Token!”

The blood essence of a supreme powerhouse was needed to forge a Phantom Projection Jade Token, and the process was not as taxing compared to using the Supreme Spirit Blood Essence.

The Phantom Projection Jade Token was the jade tokens that those few people, whom Duan Ling Tian met on the God Defying World’s Realm Battlefield, had used to summon the manifestation of their respective supreme powerhouses. At that time, one of his opponents escaped by using the Phantom Projection Jade Token.

Duan Ling Tian had learned from his mistake, and he had been worried about Meng Yu Zheng possessing a Phantom Projection Jade Token as well. However, after bringing up his concerns to Tan Xiu Teng, Tan Xiu Teng reassured him that it was unlikely for a new supreme powerhouse to forge a Phantom Projection Jade Token. After hearing that, he finally felt at ease.

Meanwhile, Meng Yu Zheng broke down after his final attempt to preserve his life was thwarted by Tan Xiu Teng. In just a moment, despair overwhelmed him.

“No! No! I don’t want to die!”

Chapter 4448 Meng Yu Zheng Is Missing

Meng Yu Zheng was in despair.

All supreme powerhouses, new or old, were able to create Phantom Projection Jade Tokens with their blood essence. However, due to the laborious process, most new supreme powerhouses were unlikely to create a Phantom Projection Jade Token since they would be busy stabilizing their cultivation bases. Apart from that, supreme powerhouses would only give these tokens to the direct descendants who were the most talented or the direct descendants they favored the most.

Based on Meng Yu Zheng's status in the Meng clan, he would definitely be first in line to receive a Phantom Projection Jade Token from Meng Tian Feng, his ancestor. Unfortunately, Meng Tian Feng was a new supreme powerhouse who was likely focused on stabilizing his cultivation base. Even if Meng Tian Feng did create a Phantom Projection Jade Token, it would be impossible for him to create one in a short amount of time.

Meng Yu Zheng's expression was unsightly as he dropped to his knees and kowtowed as he pleaded frantically, "Young Master Li Feng, please show mercy! You can have all the treasures in my spatial ring. Just spare my life please!"

Meng Yu Zheng was terrified at this time. He was confident Meng Tian Feng would be able to link his death to Li Feng, but he was not sure Meng Tian Feng was a match for the mysterious force behind 'Li Feng'. He had no doubt Duan Ling Tian was from an extremely powerful force after Tan Xiu Teng said Duan Ling Tian was almost as strong as a peerless top advanced Supreme God despite being under the age of 10,000.

Duan Ling Tian looked at Meng Yu Zheng indifferently and said, "Spare your life? Perhaps, I'll change my mind if I find something useful in your spatial ring. Give up your ownership over the spatial ring now."

Duan Ling Tian would naturally not refuse this offer. Moreover, he did not intend to kill Meng Yu Zheng for now; he was only going to imprison Meng Yu Zheng for now.

According to the World Cleansing Divine Water, Meng Tian Feng, the supreme powerhouse of the Meng clan, would be able to link Meng Yu Zheng's death to him through their blood connection. As such, now was not the right time for him to kill Meng Yu Zheng. He was not strong enough to take on Meng Tian Feng for now.

Meng Yu Zheng took a deep breath and mustered up his courage to say, "Young Master Li Feng, I'm not doubting you, but... but is it possible for you to swear on the Heaven Vault's Blood Oath first that you won't kill me after I relinquish my ownership of the spatial ring?"

Duan Ling Tian raised an eyebrow. The corners of his lips curled up into a contemptuous smile as he said, "You may keep your spatial ring and go to hell. Do you really think I care that much about your possessions?"

Following that, Duan Ling Tian flashed and vanished out of sight.

Meng Yu Zheng's expression changed immediately. He did not expect Duan Ling Tian to be so decisive and difficult to deal with. In the end, he gritted his teeth and hurriedly relinquished his ownership of the spatial ring. Then, he pleaded again, "Young Master Li Feng, I've already done as you instructed. Please spare my life!"

Duan Ling Tian did appear again and did not respond to Meng Yu Zheng's pleas.

Instead, Tan Yu Zheng raised his hand and claimed Meng Yu Zheng's spatial ring. Then, he walked toward Meng Yu Zheng with a sinister expression.

Meng Yu Zheng's expression turned grim, and he said threateningly, "Tan Xiu Teng, my ancestor might be wary of Li Feng due to his background, but if you kill me, my ancestor definitely won't let you go!"

Meng Yu Zheng feared Duan Ling Tian, but he did not fear Tan Xiu Teng even if Tan Xiu Teng was stronger than him.

Tan Xiu Teng smiled slightly and said, "I'm not going to kill you. I'm just going to cripple your cultivation according to my young master's instructions."

Tan Xiu Teng restrained Meng Yu Zheng at lightning speed before his powerful Divine Energy that glowed green from the law of fire surged toward Meng Yu Zheng.

Meng Yu Zheng's eyes widened as he screamed, horrified, "No!"

In just a moment, Meng Yu Zheng fell to the ground unconscious as Tan Xiu Teng's Divine Energy entered his meridians and destroyed his Heavenly Veins.

At this time, Duan Ling Tian reappeared. He glanced at Meng Yu Zheng who was lying motionless on the ground and said, "Make sure he doesn't die. If he dies, it'll be difficult to deal with Meng Tian Feng."

"Young master, rest assured. I won't let him die," Tan Xiu Teng said respectfully, "I don't know much about Meng Yu Zheng, but I know he's too cowardly to take his own life. Even if he's physically crippled, he'll still be begging to live."

Duan Ling Tian nodded. “Good. When the time is right, we’ll deal with him.” Then, he added, “Alright, let’s go to the Linked Solitary Realm now.”

“Yes, young master,” Tan Xiu Teng replied respectfully.

During the journey to Green Billow City, Tan Xiu Teng learned from Duan Ling Tian that the Linked Solitary Realm was just a stop on his way to the Three Great Sacred Realms in the center of the Outer Boundary. In the past, he had spent some time in the Three Great Sacred Realms. In fact, it was due to his time and fortuitous encounters there that he was so strong now. If he had stayed in the Divine Sand Realm, he would not be so strong now. However, it also had to be said that he had many close calls with death during his time there as well.

During the journey to the Linked Solitary Realm, Duan Ling Tian cultivated peacefully in Tan Xiu Teng’s flying ship. Unless it was absolutely necessary, Tan Xiu Teng would not disturb his cultivation.

...

Quite some time after Duan Ling Tian crossed the border into the Linked Solitary Realm, the Green Billow City’s Meng clan finally discovered that Meng Yu Zheng, the young master of the clan, had gone missing. After Meng Tian Feng became a supreme powerhouse, Meng Yu Zheng’s status in the clan had risen greatly as well since he was very favored by Meng Tian Feng.

At this time, the high-ranking officials of the Meng clan were gathered in the clan’s main hall for an emergency meeting.

An old man with a full white beard said grimly, “We’ve searched everywhere, but we still can’t find Yu Zheng. How are we going to explain this to the ancestor when he comes out of his closed-door cultivation?”

“Someone spotted Yu Zheng going south after leaving Green Billow City. However, no one knows why he left the city. Perhaps, he was lured out of the city...”

“Yu Zheng couldn’t have gone too far... He hasn’t returned, and we can’t find him at all. I’m afraid something bad has happened to him.”

“Calm down. You’re overthinking things. Yu Zheng’s Soul Pearl is still intact so he’s definitely still alive.”

“That’s right. What’s important is that he’s still alive. Yu Zheng is a direct descendant of our ancestor. Even if he’s killed, our ancestor will be able to track the killer down...”

“There’s a possibility that the culprit is aware of this. That’s why he didn’t kill Yu Zheng...”

“If that’s the case, the culprit should reach out to us soon with his demands...”

“I agree. Otherwise, there’s no point in taking such risks. After all, our Meng clan now has a supreme powerhouse...”

...

After returning from Blue Dawn City, Meng Tian Feng had entered closed-door cultivation. When he finally emerged from closed-door cultivation and wanted to meet his precious direct descendant, he finally found out that Meng Yu Zheng had gone missing.

“Yu Zheng is missing?” Meng Tian Feng’s expression is extremely dark at this moment. He raised his hand before he slit his palm with a flaming saber. Following that, he stared at the droplets of blood that floated in the air for a moment before he closed his eyes.

The droplets of blood seemed to be boiling at this time.

At the same time, a frown would appear on Meng Tian Feng’s face every once in a while. After about a dozen breaths, he finally opened his eyes, and his expression turned grim as he said, “He’s alive, but something has happened to him. Who has the audacity to abduct my direct descendant? Does he or she think I’m a pushover?”

#### Chapter 4449 The Colossal Heaven Army

‘It’s said that World Supreme Powerhouses are capable of sensing their direct descendants’ situations as long as their descendants are alive,’ Meng Tian Feng thought to himself. As a new supreme powerhouse, he knew he could not find out the specific details of what had happened to his direct descendant, Meng Yu Zheng.

‘The culprit is likely afraid of me tracking him down so he left Yu Zheng alive... However, does he think that I have no other means to investigate this matter?’ Meng Tian Feng thought to himself with a darkened expression.

After that, Meng Tian Feng went to meet the Clan Leader of the Meng clan so they could investigate the matter.

Initially, Meng Tian Feng had been confident that they would be able to quickly investigate the matter and see results. However, he nearly had a stroke when he heard the report from the Clan

Leader of the Meng clan. He did not expect that Meng Yu Zheng, whom he doted on the most, was a good-for-nothing troublemaker and had many enemies outside.

!!

“Old ancestor, I’m afraid there are too many suspects, and it’s not efficient for us to investigate from this angle,” the Clan Leader of the Meng clan said with a wry smile. This was the first task given to him by Meng Tian Feng who had just become a supreme powerhouse. He naturally wanted to prove himself and complete the task. Alas, no one expected that Meng Yu Zheng had made so many enemies without anyone in the clan knowing about it. Moreover, most, if not all, of them hated Meng Yu Zheng to the bones and wanted him dead.

...

Duan Ling Tian was unaware that the Meng clan and Green Billow City were in chaos after Meng Yu Zheng went missing. At this time, he and Tan Xiu Teng had arrived in Gui Lan City, a city in the Linked Solitary Realm. Gui Lan City was their final stop before they made their way to the Peaceful Might Realm. The two Realms were part of the six Realms that were closest to the Three Great Sacred Realms of the Outer Boundary.

Before coming to Gui Lan City, Duan Ling Tian and Tan Xiu Teng had visited a few other cities in the Linked Solitary Realm to gather information and purchase cultivation resources.

Gui Lan City had a Flight Prohibiting Formation and a group of guards patrolling the sky. As such, Duan Ling Tian and Tan Xiu Teng had to walk into the city. Unlike the other cities that were governed by powerful clans, Gui Lan City was governed by a powerful force called the Colossal Heaven Army.

“Young master, it’s said that the Colossal Heaven Army used to be nomadic. Then, when their leader became a supreme powerhouse, they conquered and settled down in Gui Lan City,” Tan Xiu Teng said, “The city was renamed after the Colossal Heaven Army took over. It’s said that the leader named Gui Lan City to remember his late wife by. There are many rumors about the leader’s legendary feats. He was almost comparable to a peerless top advanced Supreme God before he became a supreme powerhouse. Shortly after becoming a supreme powerhouse, he defeated the three supreme powerhouses from the three major clans that governed this city in the past. Ever since then, he was widely acknowledged as one of the strongest supreme powerhouses in the Linked Solitary Realm. After conquering the city, the Colossal Heaven Army seized all the properties that belonged to the three major clans. Everyone knows that the businesses here are mostly owned by the high-ranking officials in the Colossal Heaven Army. Apart from that, there were rumors that their deputy leader had become a supreme powerhouse 1,000 years ago, but no one has been able to verify the rumor.”

Duan Ling Tian’s curiosity was piqued after listening to Tan Xiu Teng’s words.

Unlike the other cities, the main street was abnormally quiet and clean even though there were many people milling about. The people spoke in hushed voices as though they were afraid of something.

Tan Xiu Teng continued to say, “It’s said that the late wife of the leader of the Colossal Heaven Army liked peace and quiet. As such, people are prohibited from making noise in the city. A warning will be given to those who violate the rules, and repeated offenders will be expelled from the city...”

Realization dawned on Duan Ling Tian upon hearing these words. He continued to wander the city, looking for cultivation resources that were useful to him, his family, and his friends. Although he had come here to look for ways to rescue Ke’er, he did not forget to look for things that might be useful to his family and friends.

Before arriving in Gui Lan City, Duan Ling Tian had a feeling his time in Gui Lan City would be different from his time in the other cities. His feeling was proven right when he saw a handsome white-clad young man who was about 180 cm tall. The other party had a pair of distinct eyebrows and distinct blue hair that fluttered in the wind when he walked.

Duan Ling Tian's expression changed immediately when he saw the other party in the sea of people.

Upon sensing Duan Ling Tian's gaze, the handsome young man asked, "Do you know me?"

Following that, Duan Ling Tian felt a bone-chilling aura sweep over him and suppress his Divine Energy in just an instant.

Meanwhile, when Tan Xiu Teng sensed the domineering energy, his body trembled, and his eyes widened in shock. He gulped before he exclaimed inwardly, 'S-supreme powerhouse?!'

#### Chapter 4450 An Invitation From Han Wang

Tan Xiu Teng had met a few supreme powerhouses in his life and could usually identify them. He was not extremely surprised to meet a supreme powerhouse in Gui Lan City. Most supreme powerhouses could easily blend in with the crowd as long as they did not display their strength. Earlier, he had noticed the blue-haired young man, but he did not think the other party was a supreme powerhouse.

'This supreme powerhouse is much stronger than the Green Billow City's Meng Tian Feng,' Tan Xiu Teng thought to himself. He did not expect to run into such a powerful supreme powerhouse as soon as they arrived in Gui Lan City.

At this time, a hint of fear could be seen in Duan Ling Tian's eyes as he looked at the white-clad and blue-haired young man. The other party was none other than Han Wang, the supreme powerhouse whom Chi Ming enlisted help from to take down the five supreme powerhouses of Dancing Sun City. At that time, Chi Ming and Han Wang had joined forces and triumphed over the five supreme powerhouses of Dancing Sun City. Duan Ling Tian had even witnessed the death of

one of the five supreme powerhouses. As though it had happened recently, he could vividly remember how blood had rained down on Dancing Sun City when the supreme powerhouse died.

At this time, Han Wang smiled faintly and said, “Young man, I remember you. You were in the inner city of Dancing Sun City that day. You’re the only human below the realm of supreme powerhouses to have escaped from Dancing Sun City alive...”

!!

Although Han Wang was fighting the other five supreme powerhouses with Chi Ming that day, he was aware of Duan Ling Tian’s spectacular performance at that time. Duan Ling Tian had also caught Chi Ming’s attention at that time. Unbeknownst to Duan Ling Tian, if Han Wang did not stop Chi Ming at that time, Chi Ming would have killed Duan Ling Tian. Duan Ling Tian had survived the massacre of Dancing Sun City thanks to Han Wang’s intervention.

Duan Ling Tian was surprised that Han Wang recognized him. When he returned to his senses, he said respectfully, “I didn’t expect Senior Han Wang to recognize an insignificant person like me.”

“Insignificant?” Han Wang shook his head and said, “Someone with your strength under the age of 10,000 years old is extremely rare in the Outer Boundary and the Myriad Worlds. You’re the most talented person I’ve met in my life.”

At this time, how could Duan Ling Tian not know that he had caught Han Wang’s attention back in Dancing Sun City? In fact, he thought it was likely that Han Wang had seen him defeat Ta Meng Sha and spare Ta Meng Sha’s life.

When Chi Ming and his troop of demons charged into Dancing Sun City, Han Wang was not present. He only appeared when Chi Ming called out to him after the five supreme powerhouses of

Dancing Sun City appeared. It was likely that Han Wang was hiding nearby and observing everything, including Duan Ling Tian's battle with Ta Meng Sha.

"Senior Han Wang, you're overpraising me," Duan Ling Tian said humbly, "I'm only able to possess such strength due to many fortuitous encounters... It's all thanks to my good luck..."

"Good luck?" Han Wang said with a faint smile, "Young man, you're too humble."

Duan Ling Tian only smiled awkwardly. At the same time, he felt much more at ease after Han Wang withdrew his domineering and chilling energy.

Meanwhile, Tan Xiu Teng heaved a sigh of relief inwardly when he saw that Han Wang did not seem to have any ill intentions. When he recovered his senses, he wondered inwardly, 'Han Wang? Why does this name sound so familiar?'

After thinking about it for a moment, Tan Xiu Teng's expression changed and his eyes widened in shock.

A few years ago, Tan Xiu Teng had heard rumors of a supreme powerhouse called Han Wang, who was living in seclusion in the Divine Sand Realm. It was said that after Han Wang arrived in the Divine Sand Realm, a member of a clan with a supreme powerhouse had offended him. As a result, he crippled the other party. At that time, to avenge the dead member, that clan's supreme powerhouse called another supreme powerhouse and went to Han Wang's cultivation ground to kill him. Although the two supreme powerhouses joined forces, Han Wang managed to kill one of them in fewer than 30 moves. With that, the remaining supreme powerhouse lost the will to fight and was killed in just three moves. All in all, Han Wang killed two supreme powerhouses with just 33 moves. After the battle that shook the Divine Sand Realm, he became famous in the Divine Sand Realm, and no one dared to approach his cultivation ground. It was as though his cultivation ground had become a forbidden place.

At that time, Chi Ming had also witnessed the battle. Even Chi Ming was not confident about facing Han Wang.

‘It’s really him! He’s on par or stronger than the top supreme powerhouses in the Divine Sand Realm!’ Tan Xiu Teng exclaimed inwardly as his heart skipped a beat. A hint of fear could be seen in his eyes as he continued thinking to himself, ‘It seems like it’s true that he joined forces with Chi Ming and killed two out of the five supreme powerhouses of Dancing Sun City!’

“Young man, are you heading to the Peaceful Might Realm after leaving the Linked Solitary Realm’s Gui Lan City?” Han Wang asked Duan Ling Tian with a friendly smile, looking elegant.

“Yes, Senior Han Wang. I plan to go to the Peaceful Might Realm next,” Duan Ling Tian replied with a nod.

Han Wang laughed and said, “What a coincidence. I’m going to the Peaceful Might Realm as well to visit an old friend. Why don’t we travel together?”

Duan Ling Tian could not help but feel uneasy upon hearing Han Wang’s words. He wondered if Han Wang harbored ill intentions. He was now very vigilant after his experience in Crimson Demon Ridge.

Han Wang could sense Duan Ling Tian’s unease so he said with a smile, “Relax. I suggested that we travel together because I have a favor to ask of you.”
