### Chapter 4451 A Floating Image Pearl That Contained the Battle Between Two Peerless Top Advanced Supreme Gods

Duan Ling Tian was stunned when he heard that Han Wang wanted to request a favor from him. He wondered why such a powerful supreme powerhouse would need his help specifically.

‘Did he discover some ruins that supreme powerhouses can’t enter so he needs someone below the realm of supreme powerhouses to help him?’ Duan Ling Tian speculated inwardly. After a moment, he dismissed this thought and continued thinking to himself, ‘No, this doesn’t make sense. I’m not a peerless top advanced Supreme God after all. Based on Han Wang’s strength and status among supreme powerhouses, it won’t be difficult for him to find a peerless top advanced Supreme God, right?’

Sensing Duan Ling Tian’s hesitation, Han Wang said with a smile, “Rest assured, it’s not difficult. My old friend in the Peaceful Might Realm has a junior who comprehended the law of death to the perfect form at slightly over 10,000 years of age. My old friend is worried that his junior is blinded by arrogance and ignorance and that his junior will suffer as a result. My old friend said that perhaps, his junior would only learn a lesson after he’s defeated by someone stronger. It doesn’t matter if the opponent is younger, but it’s even better since you’re younger. You might not be able to defeat him, but I’m certain that you’re at least on par with him. At that time, his ego will suffer a blow, and it’ll humble him.” His smile widened as he continued to say, “If you help me and my old friend, I won’t be stingy with my rewards. I believe my old friend won’t be stingy with his reward either. Well, what do you think? Don’t you think this is an easy job?”

Duan Ling Tian thought to himself in shock, ‘He comprehended the law of death to the perfect form at slightly over 10,000 years of age?’

!!

A person like that was considered a top prodigy in the Outer Boundary and the Myriad Worlds. With this innate talent, he would definitely become a supreme powerhouse as long as he did not die prematurely.

However, Duan Ling Tian did not take Han Wang's comment about how he might not be able to defeat the other party. After all, he had held back much of his strength when he was in Dancing Sun City. Moreover, he had grown stronger since that time when he was confident that he was on par with Chi Ming's three subordinates who possessed strength that was almost comparable to a peerless top advanced Supreme God.

Seeing the pensive expression on Duan Ling Tian's face, Han Wang asked again, "So, what do you think?"

Duan Ling Tian regained his senses and quickly replied, "Senior Han Wang, I'm honored to be able to help you out and to travel to the Peaceful Might Realm with you."

Duan Ling Tian was very cautious when dealing with Han Wang, a supreme powerhouse. He knew that if Han Wang wanted him to die, it would be impossible for him to survive.

"That's great!" Han Wang said with a laugh, "Since you agreed, this is a token of appreciation. I believe it'll help you tremendously in your cultivation. If you're able to grow stronger from this and defeat my old friend's junior, I believe my old friend will be even more delighted."

After Han Wang finished speaking, he tossed a Floating Image Pearl to Duan Ling Tian. It looked identical to the one that Situ Lei, the Heaven Bearing Sword Saint, had given to him. Similarly, the recording in the Floating Image Pearl could not be duplicated and doing so would cause the Floating Image Pearl to self-destruct. The restriction was very strong that even supreme powerhouses could do nothing about it.

Han Wang glanced at Tan Xiu Teng, who was standing behind Duan Ling Tian, before he said to Duan Ling Tian through Voice Transmission, “This Floating Image Pearl contains the recording of two peerless top advanced Supreme Gods, and one of them comprehended the law of space... to the paramount stage...”

Duan Ling Tian’s eyes widened in shock upon hearing Han Wang’s words. His breathing quickened when he realized that he had obtained a precious treasure. After receiving the Floating Image Pearl from Situ Lei, he understood how useful the recordings were. His law of space, which had been stagnant, improved greatly after he studied the recording from the Floating Image Pearl that Situ Lei had given him. As such, he had no doubt the new Floating Image Pearl he had just obtained would help him improve his law of space greatly. After all, Han Wang’s Floating Image Pearl was even more precious than that of Situ Lei. The latter’s Floating Image Pearl only contained the battle of a peerless top advanced Supreme God with a cultivator who was not a peerless top advanced Supreme God. On the other hand, the former’s Floating Image Pearl contained the battle between two peerless advanced Supreme Gods. It was a supreme treasure in both the Outer Boundary and the Myriad Worlds.

When Duan Ling Tian returned to his senses, the Floating Image Pearl was already hovering in front of him.

At the same time, Han Wang said, “I’m staying in the residence of the leader of the Colossal Heaven Army. Once you’re done with your business in the city, look for me there. Tell the patrolling team that you have a meeting with me.”

Following that, Han Wang’s chilling energy dissipated, and he vanished in just a blink of an eye.

Duan Ling Tian reached out for the Floating Image Pearl and quickly put it away in his spatial ring. He took a deep breath to calm down his excitement as he thought to himself, ‘Why did Senior Han Wang give me the Floating Image Pearl in advance? Isn’t he worried that I’ll run away with it? No, it’s impossible for me to run away with it. Not only would it be easy for him to track my movements with his Divine Consciousness in Gui Lan City, but there are also the members of the Colossal Heaven Army who are likely watching me like a hawk.’

Based on Han Wang's words before he left, it was obvious that he had a good relationship with the leader of the Colossal Heaven Army.

#### Chapter 4452 A Life-Or-Death Battle Between Two Peerless Top Advanced Supreme Gods

Needless to say, Duan Ling Tian was not so foolish as to run away with Han Wang's Floating Image Pearl. Moreover, he was a man of his word. When Duan Ling Tian was captured by the Crimson Demon, he had made a promise to fulfill Wang Yi Yuan's dying wish, and he kept his promise even though no one would be the wiser if he did not fulfill the promise.

'I'll definitely be able to improve my law of space with this Floating Image Pearl,' Duan Ling Tian thought to himself as his eyes shone brightly.

'I'll look for an inn so I can study the recording now... According to Senior Han Wang, one of the peerless top advanced Supreme Gods comprehended the law of space. Then, what about the other peerless top advanced Supreme God?' Duan Ling Tian wondered inwardly. He could not wait to study the recording in the Floating Image Pearl at all.

Driven by his curiosity and anticipation, Duan Ling Tian quickly found an inn and got two rooms for himself and Tan Xiu Teng.

At the same time, Tan Xiu Teng wondered why Duan Ling Tian went to an inn when they had just arrived at Gui Lan City. Moreover, with their cultivation bases, the journey to Gui Lan City was not tiring at all; for this reason, they did not need to rest. Nonetheless, he was certain that Duan Ling Tian had his reason for doing so.

'The Floating Image Pearl must contain some precious recordings... The young master clearly lost his composure earlier...' Tan Xiu Teng thought to himself as his heart skipped a beat, 'At the very least, it must have the recording of at least one peerless top advanced Supreme God... It's likely

that the peerless top advanced Supreme God who had a very profound comprehension of the law of space...’

Even supreme powerhouses coveted this kind of Floating Image Pearl. After all, there were not many supreme powerhouses who comprehended the law of space to the paramount stage. Such a Floating Image Pearl could help them further their comprehension of the law of space.

...

Duan Ling Tian was unaware of Tan Xiu Teng’s thoughts. In fact, he did not care even if Tan Xiu Teng knew about the Floating Image Pearl’s content. After all, before the Heaven Vault’s Blood Oath’s master-servant contract ended, Tan Xiu Teng would not be able to harm him at all.

‘Let’s see what law the other peerless top advanced Supreme God comprehended...’

Duan Ling Tian brought a few Formation compasses out and secured his room before he brought the Floating Image Pearl out. After extending his Divine Consciousness into the Floating Image Pearl, he found himself in complete darkness. Soon enough, he found that he was seeing the endless void, which was the space between Myriad Worlds and the Outer Boundary. It was a place where many supreme powerhouses stayed to cultivate and comprehend the Dao.

‘I heard that only supreme powerhouses or peerless top advanced Supreme Gods are capable of recording peerless top advanced Supreme Gods due to their movements. This recording has been tuned to slow down the speed of their movements. If I were to witness a battle like this in person, I won’t be able to see their movements clearly at all...’

When Duan Ling Tian witnessed a battle between supreme powerhouses for the first time, his strength was slightly weaker than what it was now. Although peerless top advanced Supreme Gods

were weaker than supreme powerhouses, it would still be difficult for Duan Ling Tian to see their movements clearly.

Swoosh!

At this moment, a tall and muscular middle-aged man dressed in a long green robe appeared before Duan Ling Tian's eyes. He looked dignified and aloof. As soon as he appeared, it was as though he became one with his surroundings.

‘He must be the peerless top advanced Supreme God who comprehended the law of space!’

It did not take long that the middle-aged man was the peerless top advanced Supreme God whom Han Wang mentioned.

At this time, a voice echoed in the endless void.

“Yu Tian, the Lord of Kong World, will bear witness to our life-or-death battle!”

Duan Ling Tian's heart skipped a beat upon hearing this. At the same time, he realized that he was watching this through the eyes of a World Supreme Powerhouse, who recorded this battle.

Soon after, another person appeared in front of Duan Ling Tian.

“He Jiu You!”

The other person was an old man who was dressed in a grey Taoist robe. His hair and brows were as white as snow, but his face looked relatively youthful. His figure flickered every once in a while, appearing and disappearing.

At this time, the old man said indifferently, “The Lord of the Kong World will judge which of us is stronger today. Let’s see if your law of space or my law of time, which had both been comprehended to the paramount stage, is stronger...”

‘He comprehends the law of time!’ Duan Ling Tian was shocked. His law of time was close to the perfect form, and it was only slightly weaker than his law of space.

‘I’m sure Senior Han Wang didn’t expect that I comprehend the law of time as well! A life-or-death battle between two peerless top advanced Supreme Gods who comprehended the law of space and the law of time respectively. Nothing is more valuable to me than this at this moment!’

Duan Ling Tian could not contain his excitement at all at this moment.

Chapter 4453 The Residence of the Leader of the Colossal Heaven Army

Duan Ling Tian heard someone sigh before saying, “Gentlemen, is this necessary? Both of you are peerless geniuses; the Outer Boundary and the Myriad Worlds will suffer a loss if either one of you dies. Stop this nonsense.”

The person who had spoken was the Lord of the Kong World.

“Lord, nothing can change my mind!”

“Only one of us will survive if neither of us becomes a supreme powerhouse today!”

The two peerless top advanced Supreme Gods’ gazes were filled with determination and fighting spirit.

‘The two peerless top advanced Supreme Gods were forcing themselves to break through with a life-or-death battle?’

Duan Ling Tian knew it was much more difficult for peerless top advanced Supreme Gods to become supreme powerhouses. The path to becoming a peerless top advanced Supreme God was difficult, and the path to becoming a supreme powerhouse after that was even more difficult. Among the peerless top advanced Supreme Gods in the Outer Boundary and the Myriad Worlds, perhaps, only less than 10% successfully became supreme powerhouses.

‘Perhaps, these two peerless top advanced Supreme Gods were also at their wit’s end...’

‘Perhaps the two peerless advanced Supreme Gods are at their wits’ end...’ Duan Ling Tian said inwardly. He speculated that the duo must have lived a long time and was not confident about facing their upcoming Heavenly Tribulation and resorted to such a drastic measure to break through.

‘If my speculation is right, since they were not confident about surviving their Heavenly Tribulation, they had to be at least 100,000 years old...’ Duan Ling Tian thought to himself.

Subsequently, Duan Ling Tian dismissed his thoughts and turned his attention back to the life-or-death battle that was about to begin. He had to watch the battle carefully, after all. Apart from the

laws they comprehended, he would be able to gain valuable insight as well due to their rich combat experience. Although he had rich combat experience as well, it naturally could not compare to the two peerless top advanced Supreme Gods whom he speculated to be about 100,000 years old.

The Lord of the Kong World said, “Very well, gentlemen. I’ll stand guard and make sure no one takes advantage of the situation while both of you fight...”

After saying that, the Lord of the Kong World sighed heavily, already lamenting the imminent death of one of the duo.

Duan Ling Tian’s heart pounded loudly in his chest, and he could feel adrenaline coursing in his veins as he waited for the life-or-death battle between the two peerless top advanced Supreme Gods to start. It was going to be the most epic battle he had ever seen. After all, when the supreme powerhouses fought in Dancing Sun City, he could not catch their movements at all. Let alone supreme powerhouses, if he were to witness this battle between two peerless top Supreme God, he would not have been able to see their movements clearly as well.

“Let’s begin,” one of the two peerless top advanced Supreme Gods said.

The two peerless top advanced Supreme Gods made a move in unison.

Duan Ling Tian watched as the law of space and the law of time, which had been comprehended to the paramount stage, clashed. He was mesmerized and engrossed in watching this amazing display until it ended with the death of the peerless top advanced Supreme God who comprehended the law of space.

‘Hm? So the law of space isn’t a match for the law of time?’ Duan Ling Tian argued with himself inwardly, ‘No, that’s not necessarily the case. The peerless top advanced Supreme God who comprehended the law of time won because he planned his moves meticulously. For experts, small

details place crucial roles in winning a battle, after all. I have to say, I didn't know the law of time could be used in such a way...'

Duan Ling Tian realized how formidable the law of time could be after watching the battle. His law of time would not stand a chance against the peerless top advanced Supreme God's law of time at all.

"Let's watch it again..."

...

Duan Ling Tian lost count of the number of times he had watched the battle. However, he was able to further his comprehension of the law of space and the law of time as time passed.

'The law of time is even more amazing than I expected... How amazing! It can make time flow rapidly in a specific place. However, I can break the restriction from the law of time with the law of space's Teleportation Profundity...'

...

When Duan Ling Tian finally emerged from his room, he realized that he had spent three months watching the same battle over and over again. His law of time and law of space did not improve significantly yet, but he knew the insights he gained would help him to quickly comprehend the two laws.

'I didn't expect three months to fly by just like that...' Duan Ling Tian thought to himself before he said to Tan Xiu Teng, "Let's explore the city before we look for Senior Han Wang."

“Yes, young master,” Tan Xiu Teng replied. At the same time, a hint of surprise could be seen in his eyes when he looked at Duan Ling Tian. Although he did not know why, he could see that Duan Ling Tian had grown even more confident than before.

‘Did the young master grow stronger again?’ Tan Xiu Teng wondered as the shock in his eyes was replaced with admiration.

Tan Xiu Teng used to think he was very talented, but Duan Ling Tian’s appearance had disabused him of that notion.

‘He’s a real monster...’

If Tan Xiu Teng had Duan Ling Tian’s innate talent and comprehension skills, perhaps, he would have become a peerless top advanced Supreme God or even a World Supreme Powerhouse by now.

...

Gui Lan City was governed by the Colossal Heaven Army, and most of the businesses in the city were owned by the army as well.

Unlike the cities Duan Ling Tian had previously visited, Gui Lan City was much more organized and peaceful.

Previously, in other cities, many people coveted the items that Duan Ling Tian bought. Quite a few of them tried to rob him before they were frightened away or killed depending on the severity of their actions. Unless the opponent was strong, Tan Xiu Teng would always take action.

“The Colossal Heaven Army is doing a good job governing the city,” Duan Ling Tian said when he found that there was no one tailing him, coveting the things he bought.

Tan Xiu Teng added, “I heard that Gui Lan City is safe and peaceful... It really lives up to its reputation!”

After obtaining what they needed, Duan Ling Tian said, “Let’s go look for Senior Han Wang and make our way to Peaceful Might City.”

Upon hearing Duan Ling Tian’s words, Tan Xiu Teng’s expression turned solemn, and a hint of fear and worry could be seen in his eyes.

The residence of the leader of the Colossal Heaven Army was like the grand palaces of rulers of the land. The leader of the Colossal Heaven Army was a powerful supreme powerhouse, and rumors had it that he had killed many supreme powerhouses.

#### Chapter 4454 A Distinguished Guest

After conquering Gui Lan City, the leader of the Colossal Heaven Army changed his title to ‘Lord’ to sound more sophisticated. However, his men would address him as ‘commander’ privately just like they did before.

‘The Lord of the Colossal Heaven Army must be as strong as Senior Han Wang. After all, birds of a feather flock together,’ Duan Ling Tian thought to himself.

Based on the battle between supreme powerhouses in Dancing Sun City, Duan Ling Tian knew how powerful Han Wang was. He was so powerful that even Chi Ming, the supreme demon of Chi Ming Mountain, was respectful to him.

The Lord of the Colossal Heaven Army was one of the top supreme powerhouses in the Linked Solitary Realm and was stronger than the top supreme powerhouses in the Divine Sand Realm.

Duan Ling Tian speculated that Han Wang and the Lord of the Colossal Heaven Army were on par with each other because Han Wang spoke about the other party casually and had said the other party was an old friend. Clearly, Han Wang treated the other party as an equal.

...

When Duan Ling Tian arrived at the entrance of the residence of the Lord of the Colossal Heaven Army, he announced his intention to the patrolling team.

“Young master, our lord has informed us to bring you in when you arrive. We’ll inform Master Han Wang of your arrival.”

After seeing the indifferent patrolling members changing their attitude after he announced that he was here to see Han Wang, Duan Ling Tian was even more certain of his speculation. If Han Wang was weaker than the Lord of the Colossal Heaven Army, the patrolling team would not have been so respectful.

“Young master, this way please,” one of the patrolling guards said before leading Duan Ling Tian and Tan Xiu Teng through the main entrance.

The other patrolling guards looked at them respectfully as they left. When they finally disappeared from sight, they returned to their positions and began to chat through Voice Transmission.

“Hey, who is he? What relationship does he have with Master Han Wang?”

“I don’t know. Lord Hu only said to treat him as Master Han Wang’s direct disciple. Perhaps, he’s Master Han Wang’s direct descendant?”

“Master Han Wang’s direct descendant? I’m really envious! Master Han Wang is on par with Lord Hu, after all.”

“I heard that Lord Hu and Master Han Wang had sparred in the past, and it ended in a draw. However, according to Lord Hu, Master Han Wang is 30,000 years younger than him. Perhaps, at the same age, Master Han Wang might be stronger than Lord Hu...”

“Before Master Han Wang became a supreme powerhouse, he was very, very, very close to becoming a peerless top advanced Supreme God. At that time, he was widely acknowledged as being invincible among those below the realms of peerless top advanced Supreme Gods and supreme powerhouses in the Nine Eastern Realm.”

“I wonder why Master Han Wang didn’t become a peerless top advanced Supreme God first before becoming a supreme powerhouse. After all, he was really, really close to becoming one...”

“Perhaps, he was worried about the difficulty of becoming a supreme powerhouse if he were to become a peerless top advanced Supreme God first...”

...

Duan Ling Tian was naturally unaware of the guards' conversation. The patrolling guard led him past a few small guest courtyards before he arrived at a huge courtyard in the inner area.

The patrolling guard said to two maidservants standing in front of the courtyard, "This is Master Han Wang's guest. Master Han Wang has been informed of his arrival."

The young and beautiful maidservants' eyes lit upon hearing this, and they quickly bowed respectfully at Duan Ling Tian.

"Young master, please rest first. Let me know if you need any assistance," the patrolling guard said.

Duan Ling Tian nodded slightly. He ignored the two maidservants that were exchanging looks.

At this time, the patrolling guard added, "Young master, these maidservants have not been touched before. They are here to serve you, and they won't disobey you."

"Alright," Duan Ling Tian replied indifferently.

Subsequently, the maidservants showed Duan Ling Tian and Tan Xiu Teng to their respective rooms. The spacious courtyard, which was grandly decorated unlike the others, had six rooms. Obviously, this courtyard was reserved for important guests. Duan Ling Tian occupied the master bedroom while Tan Xiu Teng occupied the room next to his.

‘It seems like I have Senior Han Wang to thank for this treatment...’

Duan Ling Tian naturally knew that he was only treated as a distinguished guest because of Han Wang.

There were at least a dozen cultivators in the Colossal Heaven Army who were on par with Duan Ling Tian. To be precise, according to Tan Xiu Teng, there were 13 cultivators in the army who were close to becoming a peerless top advanced Supreme God like Duan Ling Tian. As such, based on Duan Ling Tian’s strength alone, it was impossible for him to receive such a treatment.

‘I’ll wait until Senior Han Wang is ready to meet me...’

...

A day and a night later.

The two maidservants looked at each other with disappointed expressions on their faces. They were sent here to ‘serve’ Duan Ling Tian. After doing so, they would not have to serve another person again. They were naturally happy to serve the handsome Duan Ling Tian. Alas, he did not show any interest in them at all.

...

The next day.

Han Wang finally appeared in Duan Ling Tian's courtyard. He asked with a smile, "How should I address you?"

"Li Feng," Duan Ling Tian replied. He was reluctant to reveal his true identity to Han Wang. After all, who knew when word of him possessing liquid from the divine fountain would spread to the Outer Boundary? It would definitely bring unwanted trouble if he rashly revealed his identity. Who knew if Han Wang would covet the liquid from the divine fountain? It was not that he questioned Han Wang's character, but he was just being cautious. After all, Han Wang was not just a supreme powerhouse, but a powerful supreme powerhouse.

Han Wang did not think too much about it and did not think that Li Feng was just a pseudonym. He said, "People call me Han Wang, but my name is Han Yu Qing."

Han Wang smiled and continued to say, "Li Feng, my old friend; the Lord of the Colossal Heaven Army, wanted to meet you as soon as he heard about you. Are you willing to meet him? If not, we can leave."

Duan Ling Tian's heart skipped a beat when he heard that the Lord of the Colossal Heaven Army wanted to meet him.

Chapter 4455 Hu Bu Gui and Hu Fei Yan

Duan Ling Tian was not even 10,000 years old, but he was close to becoming a peerless top advanced Supreme God. He knew that the Lord of the Colossal Heaven Army wanted to meet him because Han Wang had told him about this. Otherwise, there was no other reason for the Lord of the Colossal Heaven Army to meet him.

"I'm honored that the Lord of the Colossal Heaven Army wants to meet me. I'll naturally oblige," Duan Ling Tian replied.

Han Wang had said that it was up to him if he wanted to meet the Lord of the Colossal Heaven Army or not, and he did not plan to refuse. Before arriving in Gui Lan City, Tan Xiu Teng had spoken about the Lord of the Colossal Heaven Army many times, and he could see that Tan Xiu Teng respected the Lord of the Colossal Heaven Army. Moreover, the Lord of the Colossal Heaven Army was also among the top supreme powerhouses in the Linked Solitary Realm.

For this reason, Duan Ling Tian also wanted to meet the Lord of the Colossal Heaven Realm. If he could get acquainted with such a person and they had no conflicts, he could only benefit from it. Although he was far from being able to speak to the other party on equal footing, it was still not a bad thing to get acquainted with the other party.

!!

Han Wang smiled slightly and said, “You won’t regret meeting him. I have to say, both of you have fate. He also comprehends the law of space. That’s also one of the reasons he wants to meet you. In fact, he was the one who gave me the Floating Image Pearl I gave you. He had obtained it a long time ago and spent many years studying it until it was no longer of use to him...”

Upon hearing this, Duan Ling Tian was even more interested to meet the Lord of the Colossal Heaven Army.

...

Han Wang led Duan Ling Tian to the training ground to meet the Lord of the Colossal Heaven Army. The training ground was located in the residence, but it was actually an independent realm. It was located in the deepest part of the residence, and without Han Wang, Duan Ling Tian would not have been able to find his way at all.

When they arrived at the entrance of the training ground, Tan Xiu Teng, the famous Green Flame Saber King in the Divine Sand Realm, had to wait outside since the Lord of the Colossal Heaven only wanted to meet Duan Ling Tian. He was naturally envious, but he was not surprised. Although he was not too bad, he knew he could not compare to Duan Ling Tian at all in terms of talent, strength, and background.

Swoosh!

Duan Ling Tian's vision turned dark briefly as he was transported into the independent realm. When his vision returned to him, he found that he was in a lush jungle. He quickly regained his bearing and followed Han Wang to a thatched hut.

Duan Ling Tian had wondered about the appearance of the Lord of the Colossal Heaven Army before this. In his mind, he thought that the other party had to be a valiant and bold middle-aged man. However, when he finally met the other party, he discovered that reality was very different from his imagination.

The Lord of the Colossal Heaven Army was a handsome young man dressed in a scholar's robe. He even looked a little frail. He held a folding fan in his hand and seemed to have a perpetual polite smile on his face. At this moment, he looked at Duan Ling Tian before he turned to Han Wang and asked with a smile, "Brother Yu Qing, this is the young man you spoke about?"

"That's right," Han Wang replied with a nod. Then, he looked at Duan Ling Tian and said, "Li Feng, this is Hu Bu Gui, the Lord of the Colossal Heaven Army."

This was the first time Duan Ling Tian had heard of the name of the Lord of the Colossal Heaven Army.

“I’m Li Feng. Greetings, Lord Hu,” Duan Ling Tian said as he bowed respectfully at Hu Bu Gui, the Lord of the Colossal Heaven Army. In terms of seniority and strength, Hu Bu Gui surpassed him after all.

“Not bad,” Hu Bu Gui said with a nod. His eyes flashed as he said, “I heard from Brother Yu Qing that you’re already close to becoming a peerless top advanced Supreme God despite being very young. I also heard that your strength doesn’t come from the laws, bloodline powers, or the doppelgangers, but from your Sword Dao. My deputy is also close to becoming a peerless top advanced Supreme God. Are you interested in sparring with him?”

As though he was worried Duan Ling Tian would refuse, Hu Bu Gui continued to say, “Needless to say, if I find flaws in your place during the sparring session, I’ll point them out to you and advise you after. Although I’ve yet to comprehend the law of space to the paramount stage, I’m close to it. With that, I think I’m still qualified to guide you.”

After that, Hu Bu Gui unfolded the fan and fanned it slowly as he waited for Duan Ling Tian to speak.

“Lord Hu, it’s my honor to receive advice from you,” Duan Ling Tian said, clearly agreeing.

Hu Bu Gui nodded slightly upon hearing this, and just a few moments later, a figure appeared in the independent realm.

Following that, a melodious voice called out, “Greetings, godfather.”

The newcomer was a woman dressed in a red robe and silver armor. With her delicate face, she looked charming in her attire.

‘This is the deputy commander of the Colossal Heaven Army?’ Duan Ling Tian was slightly surprised. He did not expect the woman to be the deputy commander of the Colossal Heaven Army. Apart from that, based on her words, she was also the goddaughter of Hu Bu Gui.

After a moment, Duan Ling Tian recovered his senses. After thinking about it further, he was no longer surprised. Although women were slightly weaker, there are still many powerful women. Just like other cultivators, there were also female supreme powerhouses and female World Supreme Powerhouses.

After greeting Hu Bu Gui, the woman looked at Han Wang and said, “Greetings, Senior Han Wang.”

Han Wang laughed and said, “Fei Yan, it’s been a long time since we last met. I didn’t expect that when we meet again, you’re already almost as powerful as a peerless top advanced Supreme God. Previously, when Brother Bu Gui mentioned his deputy, I assumed it was one of those two people; I didn’t expect it to be you.”

Han Wang was naturally familiar with the woman. She was Hu Bu Gui’s goddaughter. She was now almost 20,000 years old, and her innate talent and comprehension skills were excellent. She was stronger than most men. However, he was unaware that she was now almost as powerful as a peerless top advanced Supreme God.

Han Wang turned to Duan Ling Tian and said with a smile, “Li Feng, Fei Yan had already comprehended the law of space to the perfect form, and now, she must be stronger. Apart from her law of space, she also comprehended the Mastery Dao.”

The Mastery Dao was one of the Four Daos of Heaven and Earth. Apart from the Sword Dao, Duan Ling Tian had also comprehended the Mastery Dao. However, his Mastery Dao was far inferior to his Sword Dao.

“You might be able to learn from her as well when you spar with her,” Han Wang added.

As soon as Duan Ling Tian learned that Hu Fei Yan also comprehended the law of space to the perfect form, he had already begun to look forward to sparring with her. It was only natural for him to gain insight if he sparred with an opponent whose law of space was more profound than his. It would depend on him how much he could gain from their exchange.

Initially, Duan Ling Tian only agreed to spar with Hu Fei Yan because he wanted Hu Bu Gui’s advice. However, now, even if Hu Bu Gui did not offer to advise him, he would still want to spar with Hu Fei Yan. After all, he also comprehended the law of space and the Mastery Dao, and this was a good opportunity to improve himself.

“Him?” Hu Fei Yan looked at Duan Ling Tian with an expression of shock, skepticism, and confusion on her face. Although it was brief, there was also a hint of contempt. She could sense that the purple-clad young man in front of her was very young; she did not know his exact age, but she knew he could not be older than 10,000 years old. She found it puzzling that she was asked to spar with someone who was not even 10,000 years old.

Hu Fei Yan looked at Hu Bu Gui and asked with an unnatural expression on her face, “Godfather... Earlier, you said that he’s no weaker than I am? Him?”

Hu Fei Yan did not doubt her Hu Bu Gui, but she found it really difficult to believe that someone who was not even 10,000 years old was almost as strong as a peerless top advanced Supreme God.

Hu Bu Gui naturally understood Hu Fei Yan’s thoughts. He said, “Fei Yan, don’t look down on Li Feng just because he’s young. Although it’s rare for people under the age of 10,000 years old to be almost as strong as a peerless top advanced Supreme God, it’s not unprecedented. In the Upper Three Worlds of the Myriad Worlds, there are a few people like that in each of them. In the Outer Boundary, based on what I know, excluding him, there are no fewer than five people like that.”

With this, Duan Ling Tian also learned that there were a few young people with strength close to that of a peerless top advanced Supreme God.

‘Based on Lord Hu’s words, there are no fewer than people like me in the Outer Boundary and Myriad Worlds...’ Duan Ling Tian thought to himself.

However, Duan Ling Tian was not surprised by this revelation. After all, since he was able to do it, there was no reason others could not do it. Moreover, there were also those who enjoyed superior cultivation resources and stayed in a superior environment.

#### Chapter 4456 The Three Great Sacred Realms

Despite his diligence, Duan Ling Tian also knew very well that he would not have been able to achieve so much without fortuitous encounters. Without the fortuitous encounters, it would be very difficult for him to catch up to the top prodigies in the Outer Boundary and the Myriad Worlds, let alone surpass them.

Most people, including the two supreme powerhouses in front of Duan Ling Tian, only knew that he was younger than 10,000 years old. It was likely that they assumed that he was about 8,000 or 9,000 years old. They would be thoroughly shocked if they find out that he was only about 2,000 years old now. It was almost impossible for even the top prodigies in the Outer Boundary and the Myriad Worlds to achieve what he had achieved at his age.

Meanwhile, after listening to Hu Bu Gui, Hu Fei Yan, who had felt slightly contemptuous earlier, wore a serious expression on her pretty face immediately. Before she flew up high into the sky, she said, “Since you’ve said so, godfather, I’ll spar with him.” Then, she turned to Duan Ling Tian and said, “Please follow me.”

“Alright.”

Duan Ling Tian did not waste time and flew up into the sky to spar with the powerful woman in front of him. According to Hu Bu Gui, the Lord of the Colossal Heaven Army, Hu Fei Yan was almost as strong as a peerless top advanced Supreme God. Not only that, but she had also comprehended the law of space and one of the Four Daos of Heaven and Earth. Although he looked calm inwardly, he was brewing with excitement to fight inwardly.

In Duan Ling Tian's eyes, Hu Fei Yan was different from the Supreme Elder of the Blue Dawn City's Wang clan whom he sparred with previously. After all, she comprehended the law of space and the Mastery Dao. If it were in the past, perhaps, it would be difficult for him to fight to a draw with her. However, he had grown stronger since that time he fought the Supreme Elder of the Wang clan. It was not impossible for him to fight her on equal footing, but he was not very confident about defeating her. Unless Hu Bu Gui exaggerated her strength, he did not think he would be able to defeat her and would likely fight to a draw with her. However, that was only if he did not rely on the Divine Tree of Life and the Five Divine Elements in his Little World. With their power, he was sure he could defeat her. However, he did not plan to rely on them. Out of the Five Divine Elements, excluding the World Cleansing Divine Water, the others were still recuperating and in a deep state of slumber. Even the Divine Tree of Life was greatly weakened. Although it was recovering faster than the four Divine Elements, it only recovered about 30% to 40% of its strength. Even if he asked for the Divine Tree of Life's help, the help it provided would be limited... unless he also asked for help from the World Cleansing Divine Water. However, he did not want to deplete the strength of the World Cleansing Divine Water and the Divine Tree of Life without good reason. After all, it was just a sparring session. He would only ask for help if his life was at stake and he had no other choice.

When Duan Ling Tian came to a stop in front of Hu Fei Yan, she said loudly with a hint of arrogance, "I, Hu Fei Yan, have cultivated for more than 10,000 years, and I've never been defeated by someone younger than I am. There's also no one younger than me or the same age as me who could withstand ten moves from me..."

Hu Fei Yan was clearly very proud of this. She was peerless among her peers; she had far surpassed her peers that it was difficult for them to catch up to her.

Upon hearing those words, Duan Ling Tian smiled indifferently and said, “Put aside the Myriad Worlds, just the Outer Boundary alone is so vast. Deputy, have you traveled to all corners of the Outer Boundary? Did you also challenge everyone from the same generation as you?”

Hu Fei Yan frowned slightly and said, “No, but I’ve traveled to the surrounding areas of the Linked Solitary Realm. No one in the same generation as me is a match for me, and I’ve never heard of anyone stronger than me in my generation.”

Duan Ling Tian continued to say with a smile, “The surrounding areas of the Linked Solitary Realm? So, you’ve never been to the Three Great Sacred Realms, deputy? Those who are truly talented are likely all gathered at the Three Great Sacred Realms...”

‘The Three Great Sacred Realms?’

Upon hearing Duan Ling Tian’s words, Hu Fei Yan instinctively glanced at one of the two figures who had also flown up. In the past, her godfather had never taken her to the Three Great Sacred Realms. He also did not seem to like talking about the Three Great Sacred Realms. Even the members of the Colossal Heaven Army knew this and took special care not to mention the Three Great Sacred Realms in front of him. For this reason, she, who respected her grandfather, subconsciously disliked the Three Great Sacred Realms and did not have any desire to go there. However, despite her dislike, when she became almost as strong as a peerless top advanced Supreme God, it had crossed her mind a few times to go to the Three Great Sacred Realm. She knew many prodigies, who were on par with her, were gathered there. She had thought about speaking to her godfather about this matter, but she did not know how to bring it up, afraid of making her godfather upset.

For all these reasons, Hu Fei Yan instinctively looked at Hu Bu Gui when Duan Ling Tian brazenly mentioned the Three Great Sacred Realms. She was worried it would upset Hu Bu Gui. After all, this was a sensitive subject for Hu Bu Gui. Initially, she assumed that Hu Bu Gui’s expression would at least change a little even if Hu Bu Gui would not get angry at their guest. However, to her surprise, Hu Bu Gui was calm as though he did not hear Duan Ling Tian’s words at all.

At the same time, Han Wang, who noticed Hu Fei Yan's look, turned to Hu Bu Gui and asked through Voice Transmission, "Fei Yan hasn't been to the Three Great Sacred Realms before?"

"That's right," Hu Bu Gui replied, "In the past, she was not strong enough to protect herself there. However, now, if she wants to improve and become a peerless top advanced Supreme God, she'll have to go to the Three Great Sacred Realms. I plan to send her there soon..."

"Then you..." Han Wang trailed off, looking apprehensive.

Hu Bu Gui seemed to know what Han Wang was going to say. His expression turned cold immediately as he said, "If those people are honest and don't target Fei Yan, then it'll be fine... Otherwise, if they dare to target her, then they can't blame me for breaking my promise of not stepping foot into the Three Great Sacred Realms again!"

#### Chapter 4457 Fighting Hu Fei Yan

Duan Ling Tian and Hu Fei Yan looked at each other silently for more than a dozen breaths before she finally said, "I'm going to make a move after three breaths..."

As Hu Fei Yan spoke, she mobilized her Divine Energy, poised to strike. She had reminded Duan Ling Tian because she did not want to take advantage of him.

With this, Duan Ling Tian, who understood her intention, had a better impression of her. He said with a slight smile, "Go ahead, deputy."

Following that, Duan Ling Tian's expression turned serious as his Divine Energy surged violently. At the same time, he imbued his Divine Energy with the law of space, causing the void to shake.

!!

The void around Duan Ling Tian and Hu Fei Yan trembled and shook as they stood across from each other. However, it could be seen that the distortion and turbulence of the void around Hu Fei Yan were much more intense compared to that of Duan Ling Tian. This was not surprising since she had comprehended the law of space to the perfect form while Duan Ling Tian was only close to comprehending it to the perfect form.

Hu Fei Yan moved at lightning speed. When she made a move, a Feng Shui compass, which emitted a terrifying aura, appeared in her hand. Based on its aura, it was clear that it was a prime divine artifact.

In fact, Hu Fei Yan did not think Duan Ling Tian was stronger than her or even on par with her. However, since her godfather had praised him so much, she did not dare to underestimate him. As such, she did not pull her punches as soon as she attacked. She had also used her Mastery Dao. The only thing she had yet to use was her bloodline power. When she moved, the void shook. It was as though she could control space.

‘So strong!’

Duan Ling Tian, who was facing Hu Fei Yan, turned serious. He could see clearly the differences between those who were almost as strong as peerless top advanced Supreme Gods as well at this moment.

For example, if the Supreme Elder of the Blue Dawn City’s Wang clan fought Hu Fei Yan, Duan Ling Tian thought that it was likely that the supreme elder would be defeated by Hu Fei Yan. However, he also knew that it would not be easy for Hu Fei Yan to defeat the supreme elder; she would likely win by a narrow margin. Nonetheless, a victory was still a victory. No matter how narrow the margin was, it was not a tie. It also meant that there was a possibility that one could kill the other.

Swoosh!

Duan Ling Tian did not dare to let his guard down. He brought the dazzling Seven Orifices Exquisite Sword out before he flew out as well, mobilizing his Divine Energy, law of space, and Sword Dao. Although Hu Fei Yan was powerful, he did not look weak in comparison.

...

At the same time, before Duan Ling Tian and Hu Fei Yan were about to clash, Hu Bu Gui's eyes suddenly lit up as he said, surprised, "Brother Yu Qing, although I believed you, Brother Yu Qing, deep down I still had some doubts. However, after seeing him now, I have to say that you're right! This Li Feng is really amazing! This is my first time seeing someone, excluding World Supreme Powerhouses, who comprehended the Sword Dao to this extent. Although he has yet to comprehend the law of space to the perfect form, his Sword Dao alone is enough to make him almost as strong as a peerless top advanced Supreme God. If he comprehends the law of space to the perfect form, he'll like be invincible among those below the realm of peerless top advanced Supreme Gods!"

Hu Bu Gui continued to look at Duan Ling Tian with bright eyes and an expression of amazement on his face.

...

Swoosh!

Boom!

Duan Ling Tian's domineering sword qi collided with the opposing force that seemed capable of controlling space, causing the void to ripple. Fortunately, this place had the protection of a supreme powerhouse. Otherwise, spatial cracks would have already appeared.

The duo was almost as powerful as peerless top advanced Supreme Gods. When they collided, it would naturally create spatial cracks even if the space in the Outer Boundary was much more stable than that of the Myriad Worlds.

...

"I have seen someone whose Sword Dao wasn't any weaker than his. The other party was a peerless top advanced Supreme God. It's a pity that he failed to become a supreme powerhouse in the end..." Han Wang said. Although he knew Duan Ling Tian was strong, he was still surprised by his performance.

"With his Sword Dao, if he comprehends the law of space to the perfect form and enters the realm of supreme powerhouses, he might not be any weaker than us," Hu Bu Gui said with an emotional sigh. Then, as though he had thought of something, he added, "Brother Yu Qing, he's a monstrous prodigy... I have a feeling he's aiming to become a peerless top advanced Supreme God... If you have a chance, you should dissuade him. After all, once he becomes a peerless top advanced Supreme God, the path to becoming a supreme powerhouse will become infinitely more difficult. In both the Outer Boundary and the Myriad Worlds, very few peerless top advanced Supreme Gods successfully became supreme powerhouses after all..."

Hu Bu Gui shook his head. A hint of envy could be seen in his eyes when he spoke. After all, if a peerless top advanced Supreme God successfully became a supreme powerhouse, he or she would be almost as strong as a World Supreme Powerhouse. If one's comprehension of the Four Daos of Heaven and Earth was profound, it would not take long for one to become a World Supreme Powerhouse after that.

“There’s no need for you to worry about this,” Han Wang said nonchalantly with a slight smile as he watched the two evenly-matched opponents fight, “Moreover, do you think a monstrous prodigy like him needs my input in this matter? Based on his Sword Dao, if he comprehends the law of space to the perfect form and enters the realm of peerless top advanced Supreme Gods before becoming a supreme powerhouse, I think there’s a possibility that he might directly become a World Supreme Powerhouse...”

Han Wang’s gaze was complicated at this moment. After all, there were only a few dozen known World Supreme Powerhouses in both the Outer Boundary and the Myriad Worlds. Even if there were reclusive World Supreme Powerhouses whom no one knew about, it was impossible for their number to exceed fifty in both the Outer Boundary and the Myriad Worlds.

World Supreme Powerhouses stood at the peak in the Outer Boundary and the Myriad Worlds. They could easily kill ordinary supreme powerhouses with just a thought.

Although Hu Bu Gui and Han Wang were relatively strong, even if they joined forces, they were still far from being a match for a World Supreme Powerhouse. They would not even be able to escape from a World Supreme Powerhouse. That was how strong World Supreme Powerhouses were.

After listening to Han Wang, Hu Bu Gui nodded and said, “That’s true... Someone like him must already have a plan... Considering his young age, I’m certain he’ll choose to become a peerless top advanced Supreme God first...”

Hu Bu Gui felt that he had been rash earlier with his words. If he were in Li Feng’s shoes, with this high innate talent and comprehension skills, he might also choose to become a peerless top advanced Supreme God first. With that, he had a chance of directly becoming a World Supreme Powerhouse after breaking through. Even Hu Bu Gui, who could easily kill two or three weaker supreme powerhouses, was in awe and fearful of World Supreme Powerhouses.

At this time, the eyes of Han Wang, who was watching the fight, suddenly lit up before he said, “They exchanged more than 100 moves, but neither of them had yet to gain the upper hand. Based on Fei Yan’s stance, it seems like she’ll use her bloodline power soon.”

Hu Bui Gui took a look before he nodded and sighed softly. “Although Fei Yan is older than Li Fei, she doesn’t have Li Fei’s composure at all. She’s already lost her cool...”

Han Wang said with a smile, “It’s normal. Based on what they’d shown so far, Fei Yan seems a little stronger, but his combat experience is richer than hers. It’s hard to imagine how a young man who’s not even 10,000 years old has such a rich combat experience...”

Han Wang was truly surprised by Duan Ling Tian’s combat experience. It was not inferior to that of cultivators below the realm of supreme powerhouses whom he had met.

“You’re right... Although Fei Yan won’t be able to defeat him, she’s indeed a little stronger. She should be able to suppress him slightly, but they’re still evenly matched. Fei Yan is obviously anxious because of this... She’ll likely use her bloodline power to gain the upper hand, but he can also use his bloodline power or doppelgangers... I wonder if his doppelganger or bloodline power is stronger than Fei Yan’s bloodline power...”

...

At the same time, a red light burst forth from Hu Fei Yan’s body, causing her hair tie to snap. Her originally long black hair that was fluttering in the wind seemed to be dyed red at this moment. At the same time, blood qi lingered around her. A grim expression could be seen on her delicate and beautiful face. She was like a completely different person at this moment.

Chapter 4458 Leaving the Linked Solitary Realm

Hu Fei Yan's transformation was not limited to just her appearance and temperament, but her strength had risen greatly as well after she used her bloodline power.

For a moment, Duan Ling Tian even had the illusion that Hu Fei Yan was no longer human, but a cold and terrifying bloodthirsty monster.

Boom!

Hu Fei Yan used her prime divine artifact at this time, and an even stronger spatial storm began to rage. It did not take long before spatial cracks finally appeared.

!!

'What a powerful bloodline power!'

Duan Ling Tian had witnessed many people using their bloodline powers in the past. However, he felt that Hu Fei Yan's bloodline power was the strongest he had seen, excluding the bloodline powers of the five supreme powerhouses of Dancing Sun City, which he could not see clearly. He felt like her bloodline power was much more terrifying than that of the Supreme Elder of the Wang clan.

Although the Wang clan did not currently have a supreme powerhouse, they used to have one and were the descendants of a supreme powerhouse after all. It was only natural that the bloodline powers of descendants of supreme powerhouses were powerful.

'Perhaps, Supreme Elder Wang Jing Rao's bloodline power isn't that strong because he's not a descendant, but is only distantly related to the supreme powerhouse?'

Duan Ling Tian quickly dismissed his thoughts. After all, he did not have time to ponder on this matter when he was facing the ferocious Hu Fei Yan. He quickly summoned his doppelganger from the law of space.

Swoosh!

Another Duan Ling Tian appeared immediately. Despite his expressionless face and lifeless eyes, he was not much weaker than the real Duan Ling Tian.

With the doppelganger from the law of space, Duan Ling Tian did not lose ground to Hu Fei Yan. His improvement in the law of space had naturally made his doppelganger stronger, much stronger than he had expected. He also knew that his improvement in the law of space was not the only reason his doppelganger had grown so strong. It was also because his cultivation base had stabilized.

...

The fight went on for another few hundred moves before Hu Bu Gui, the Lord of the Colossal Heaven Army, finally stopped them.

At the same time, a hint of fear could be seen in Hu Fei Yan's eyes when she looked at Duan Ling Tian. After their fight, she could keenly sense how terrifying the young man, who was not even 10,000 years old, was. It was her first time meeting such a monstrous prodigy. With this, her pride and arrogance seemed to crumble as well. As it turned out, there was someone more outstanding than her.

In the past, her godfather had often told her that there were many monstrous prodigies in the Outer Boundary, and she had also heard about it from others. However, she did not think too much about it; she thought that perhaps, the rumors were exaggerated. After all, the rumors about her in the surrounding areas of the Linked Solitary Realm were exaggerated as well. She had heard people saying that she was close to becoming a peerless top advanced Supreme God and that she was not even 10,000 years old. However, at that time, she was not only more than 10,000 years old, but her strength was nowhere close to that of a peerless top advanced Supreme God.

‘I’m nowhere as talented as he is...’

Although the fight ended in a draw, Hu Fei Yan was unsurprisingly disappointed. After all, their strength might be similar, but she was much older than Duan Ling Tian. If Duan Ling Tian was the same age as her, perhaps, Duan Ling Tian would likely be stronger than her.

Seeing the disappointment on Hu Fei Yan’s face, Duan Ling Tian said, “Your strength is impressive, deputy. I’ve fought a few people who were almost as strong as peerless top advanced Supreme Gods in the past, but none of them were as strong as you are...”

At the same time, Duan Ling Tian thought to himself, ‘It seems like this female deputy commander of the Colossal Heaven Army is very competitive...’

Han Wang laughed and said, “Li Feng, you’re much stronger than when I last saw you. How surprising! Initially, although I was confident you’d fight to a draw with Fei Yan, I thought you’d be a little worse for wear at the end of the fight. I didn’t expect it to be so easy for you.”

Hu Bu Gui looked at Duan Ling Tian appreciatively as well before he turned to look at Hu Fei Yan and said softly, “Girl, do you see the difference between you and a real prodigy now?”

Hu Fei Yan returned to her senses and smiled bitterly. She had always been very proud of herself, and she regarded herself as her godfather's pride. However, today, she finally realized that she was truly lacking and was not yet qualified to become her godfather's pride. She needed to work harder.

The eyes of Hu Fei Yan, the youngest Deputy Commander of the Colossal Heaven Army, shone with determination at this moment. However, the determination was soon replaced by shock when she heard Hu Bu Gui's following words

"Li Feng is traveling to the Peaceful Might Realm with Brother Yu Qing. You're free to go with them. They might go to the Three Great Sacred Realms too so you can follow them. Even if they decide not to go, you should still go and gain more experience..."

Hu Fei Yan looked at Hu Bu Gui in shock and disbelief. It was as though she was looking at a stranger. After all, her godfather had never hidden his dislike for the Three Great Sacred Realms. For a moment, she even wondered if he was possessed.

"Godfather... You... you..."

Hu Bu Gui was naturally aware of his goddaughter's thoughts. He said casually, "I didn't mention the Three Great Sacred Realms in the past because you weren't strong enough to go there on your own. However, with your strength now, you can adequately protect yourself as long as you're not reckless." Then, he added through Voice Transmission, "Before leaving, I'll give you three drops of Supreme Spirit Blood Essence. Since there are only three, you should only use them when it's absolutely necessary."

Needless to say, neither Han Wang nor Han Wang heard the last part of Hu Bu Gui's words.

Han Wang likely would not have any reaction, but Duan Ling Tian would have been shocked and amazed by Hu Bu Gui's generosity.

Hu Bu Gui looked at Han Wang and said with a smile, “Brother Yu Qing, when you’re on your way to the Peaceful Might Realm, please tell this girl more about the Three Great Sacred Realms...”

“Alright,” Han Wang said with a nod. Then, he said to Hu Fei Yan with a smile, “I plan to leave Gui Lan City immediately after this. However, since you’re coming with us, I’ll wait for you to make preparations.”

“Senior Han Wang, I don’t have much preparation to make,” Hu Fei Yan said. A hint of excitement and anticipation could be seen in her eyes at this time. She did not hide her desire to go to the Three Great Sacred Realms at all at this moment.

...

Soon after, Duan Ling Tian left the Linked Solitary Realm. Apart from Tan Xiu Teng, now there were two people with him: Han Wang and Hu Fei Yan.

Chapter 4459 It’s Him!

The party of four flew on Hu Fei Yan’s flying ship, making their way to the Peaceful Might Realm from the Linked Solitary Realm.

Hu Fei Yan was the Deputy Commander of the Colossal Heaven Army. As such, people in and around the Linked Solitary Realm and the Peaceful Might Realm were familiar with her flying ship. As such, no one dared to provoke them, and their journey was very smooth. It was also for this reason that they decided to use her flying ship.

During the journey, although Hu Fei Yan was not a particularly talkative person, she would ask Duan Ling Tian questions from time to time. It was clear she was curious about him. When she learned that he came from the Myriad Worlds, she was slightly surprised. Just like Tan Xiu Teng, she assumed Duan Ling Tian was from one of the Three Upper Worlds, and Duan Ling Tian did not deny nor confirm it.

Before leaving, Duan Ling Tian had reminded Tan Xiu Teng not to reveal his real name without permission. As such, Han Wang and Hu Fei Yan continued addressing him as Li Feng.

Tan Xiu Teng was now restricted by the Heaven Vault's Blood Oath. He naturally would not go against Duan Ling Tian. However, he could not help but feel puzzled; he could not figure out why Duan Ling Tian did not want to reveal his true identity to others. Naturally, he would never be able to guess the reason Duan Ling Tian wanted to hide his identity was due to the liquid from the divine fountain that he obtained while he was in the God Defying World.

Even supreme powerhouses coveted the divine fountain. If people found out that he was Duan Ling Tian from the God Defying World who possessed liquid from the divine fountain, he would definitely be targeted.

Although Tan Xiu Teng was not weak and was quite famous in the Divine Sand Realm, almost no one had heard of him outside of the Divine Sand Realm. He did not have connections to powerful people in the Outer Boundary. It was not surprising that he did not know about Duan Ling Tian, the heaven-defying prodigy from the God Defying Realm who had obtained a large amount of liquid from the divine fountain.

Duan Ling Tian was aware of this so he did not bother to hide his identity from Tan Xiu Teng. In his opinion, Tan Xiu Teng would not come in contact with powerful people even if they were traveling together. However, he did not expect that they would meet not one, but two supreme powerhouses so soon after they left the Divine Sand Realm.

After a moment, Duan Ling Tian looked at Han Wang, who was resting with his eyes closed, fearfully as he thought to himself, 'It seems like Senior Han Wang usually stays in the Divine Sand

Realm and the Linked Solitary Realm, but I wonder if he's heard of me... If my identity is exposed, I might be in danger. Fortunately, Tan Xiu Teng swore on the Heaven Vault's Blood Oath. Until the contract expires, I don't have to worry about him exposing me. I have to change the color of my robes occasionally so people won't make the connection...'

Duan Ling Tian hoped to become a peerless top advanced Supreme God first before his identity and the fact that he possessed the liquid from the divine fountain were exposed. With that, at the very least, he would have some sort of protection.

Meanwhile, the more Tan Xiu Teng thought about it, the more he felt like something was amiss. He speculated inwardly, 'I wonder why young master won't let me reveal his name... Don't tell me the force or supreme powerhouse behind him has a conflict with Han Wang or the Lord of the Colossal Heaven Army?'

Tan Xiu Teng naturally could never guess that it was because his young master possessed treasures that even supreme powerhouses coveted.

...

When they crossed the border of the Peaceful Might Realm, Han Yu Qing finally opened his eyes. Seeing that Duan Ling Tian was not cultivating, he took the initiative to chat with Duan Ling Tian. He asked about Duan Ling Tian's experience after leaving Dancing Sun City.

Duan Ling Tian recounted what had happened in the Blue Dawn City's Wang clan. Naturally, he concealed many things as well. He did not mention that he went to the Wang clan to marry Wang Luo Yu in order to fulfill a promise. He only said that he fell in love with Wang Luo Yu.

“As expected, even prodigies can’t resist beautiful women... Li Feng, I really envy your passion,” Han Wang said. After sighing, he continued, “I forgot. You’re not even 10,000 years old. When I was your age, I was also filled with passion...”

A hint of nostalgia could be seen in Han Wang’s eyes when he finished speaking. He was clearly recalling his past. He had broken the hearts of many beauties, and he had also fallen in love. However, the person he loved had turned into dust with the passage of time, and he was so devastated by the parting that he had given up on love altogether...

“I heard that you advised the Heaven Bearing Sword Saint in the Divine Saint Realm. I’m sure his Sword Dao will improve significantly... Who knows I might not even be able to defeat him in the future...” Han Wang said. Although he was not familiar with Situ Lei, the Heaven Bearing Sword Saint, he had heard of Situ Lei. He knew a few supreme powerhouses in the Divine Sand Realm, and Chi Ming, the supreme demon from Chi Ming Mountain. He had heard about Situ Lei from Chi Ming, and he also knew that when Chi Ming and Situ Lei fought in the past, the fight had ended in a draw.

“It’s a pity I didn’t comprehend the Sword Dao... Otherwise, I could have gotten some inspiration from you,” Han Wang said, feeling slightly envious of Situ Lei. It was difficult to grow stronger in the realm of supreme powerhouses after all. It was not that there was no one who could provide the kind of help that Duan Ling Tian provided Situ Lei. It was just that those people were stronger than him or World Supreme Powerhouses. How could it be easy to seek help from those people? Even if they were willing, he would definitely have to pay a considerable price. Moreover, there were also risks; he could not guarantee that the other party did not harbor ill intentions. He would naturally feel more at ease if the other party was weaker than him. If he was stronger, he would have the upper hand. Considering all things, how could he not envy Situ Lei?

“Senior Han Wang, you’re overpraising me,” Duan Ling Tian said, “Your Mastery Dao likely isn’t much weaker than mine.”

After saying that, Duan Ling Tian glanced at the beautiful figure sitting cross-legged with her back facing them nearby. Then, he said, looking slightly puzzled, “Senior Han Wang, when I fought Deputy Commander Hu earlier, I had felt that her Mastery Dao was a little familiar. I only saw the

initial moment when you made a move in Dancing Sun City, but I still found the similarities between your and Deputy Commander Hu's Mastery Dao..."

Han Wang said with a smile, "Li Feng, you have quite a keen sense. That girl, Fei Yan, comprehended the rudimentary form of the Mastery Dao on her own. Later on, I formally guided her..."

"I see..."

Han Wang's explanation completely resolved Duan Ling Tian's doubts. As it turned out, Han Wang was Hu Fei Yan's teacher in the Mastery Dao.

After that, Han Wang took the initiative and told Duan Ling Tian about the descendant of his old friend in the Peaceful Might Realm.

The other party was a prodigy who comprehended the law of death to its perfect form before reaching 10,000 years old, and he was not any weaker than Hu Fei Yan before her breakthrough. Currently, although he was slightly weaker than Hu Fei Yan, he was younger than Hu Fei Yan. He would likely be stronger than Hu Fei Yan at her age.

"Since Fei Yan has broken through, he likely won't think much of it if he were defeated by her. Only someone like you who's about his age and has the strength to defeat him can humble him..." Han Wang said.

An expression of pity appeared on Tan Xiu Teng's face when he overheard Han Wang's words. He truly pitied the descendant of Han Wang's old friend.

‘That kid is out of luck...’

In the beginning, Tan Xiu Teng was curious about the supreme powerhouse who was Han Wang’s old friend. In his opinion, the other party was definitely not simple since he was friends with Han Wang. He thought that the other party had to be a famous figure in the Peaceful Might Realm. He was familiar with the top supreme powerhouses in the Peaceful Might Realm, and when he heard the other party’s name from Han Wang, he paled in shock.

“It’s him!”

#### Chapter 4460 The Divine Tree of Life of a World Supreme Powerhouse

There were many powerful cultivators and powerful supreme powerhouses in the Peaceful Might Realm. The Peaceful Might Realm was relatively close to the Three Great Sacred Realms, after all. It was stronger than the Linked Solitary Realm, which was stronger than the Divine Sand Realm.

There were very few people who could defeat Hu Bu Gui, the Lord of the Colossal Heaven Army, in the Linked Solitary Realm. However, there were no fewer than three known supreme powerhouses who could defeat him in the Peaceful Might Realm.

Tan Xiu Teng, who was familiar with the supreme powerhouses in the Peaceful Might Realm, had heard of the supreme powerhouse whom Han Wang mentioned. Although the other party was not among the strongest in the Peaceful Might Realm, the other party was only second to the strongest ones in the Peaceful Might Realm. The other party was not any weaker than Han Wang and Hu Bu Gui. Most importantly, the other party’s father was one of the three strongest supreme powerhouses in the Peaceful Might Realm. His father was said to be almost as strong as a World Supreme Powerhouse; he was an imminent World Supreme Powerhouse. It was widely known in the Outer Boundary and the Myriad Worlds that imminent World Supreme Powerhouses were invincible among those below the realm of World Supreme Powerhouses.

Although Tan Xiu Teng expected Han Wang's old friend to be extraordinary, he did not expect it to be so shocking. After all, even a third-tier supreme powerhouse in the Peaceful Might Realm could be considered among the top supreme powerhouses in the Divine Sand Realm, which was located at the periphery of the Outer Boundary. If Chi Ming and Situ Lei, who were among the strongest in the Divine Sand Realm, came to the Peaceful Might Realm, they would barely make it into the third tier. Not only was Han Wang's old friend among the strongest second-tier supreme powerhouses, but his background was very extraordinary as well.

After a moment, Tan Xiu Teng called out to Duan Ling Tian and told him about Han Wang's old friend.

Duan Ling Tian was shocked as well.

"I didn't expect someone from the Divine Sand Realm to know so much about the supreme powerhouses in the Peaceful Might Realm," Han Wang said, slightly surprised by how knowledgeable Tan Xiu Teng was.

Tan Xiu Teng smiled wryly and said, "Lord Han, Lord Ku Mu's reputation has spread far and wide. Everyone knows his master is an imminent World Supreme Powerhouse. Those who pay a little attention know about this... Even if one isn't familiar with the second-tier supreme powerhouses in the Peaceful Might Realm, one has definitely heard of Lord Ku Mu."

"Back then, before Lord Ku Mu was a second-tier supreme powerhouse, he offended someone powerful from the Three Great Sacred Realms, and the other party even went to the Peaceful Might Realm. At that time, everyone thought he would surely die. However, at the critical moment, Lord Yuan He took action and killed that person. It was also at that time that people from the Peaceful Might Realm found out that Lord Ku Mu, a third-tier supreme powerhouse at that time, was the son of Lord Yuan He. After that, news of that spread like a wildfire in the Outer Boundary. Although I was just a young man who had not even broken into the realm of Supreme Gods at that time, I had also heard about it," Tan Xiu Teng explained.

Duan Ling Tian gained a lot of useful information after listening to Tan Xiu Teng.

As it turned out, Han Wang's old friend was the son of Yuan He, one of the three most powerful supreme powerhouses in the Peaceful Might Realm, and he was an imminent World Supreme Powerhouse.

However, no one knew if Yuan He and Ku Mu were their real names.

"What a coincidence," Han Wang said with a smile, "When this happened, I hadn't broken into the realm of Supreme Gods as well..."

Upon hearing these words, Tan Xiu Teng shut up and only smiled bitterly. Even if Han Wang had not become a Supreme God back then, Han Wang was likely an advanced Supreme God like him back then. However, many years later, Han Wang had become a supreme powerhouse, a relatively powerful supreme powerhouse who could be a top supreme powerhouse in the Linked Solitary Realm and a second-tier supreme powerhouse in the Peaceful Might Realm. On the other hand, he was still in the realm of a Supreme God.

Meanwhile, Duan Ling Tian thought about the favor Han Wang asked of him. The other party was a descendant of Ku Mu, which meant that the other party was a descendant of Yuan He, the imminent World Supreme Powerhouse. It was not surprising that the other party was arrogant. Moreover, with two big shots supporting the other party, one could only imagine what kind of resources the other party had enjoyed since young.

After a moment, Duan Ling Tian glanced at Hu Fei Yan. From the beginning until now, she did not say anything nor did she look surprised. Obviously, she had known about Ku Mu and Yuan He.

...

Under Han Wang's direction, the group traveled to a place that was like the land of ice. The ice on the ground spanned a vast area, and when they traveled further in, they saw towering glaciers. However, after passing a very tall glacier, the surroundings changed, and they found themselves in a green valley with fragrant flowers, lush trees, and chirping birds. The snow and glacier surrounding the periphery of the valley contrasted the valley greatly.

Duan Ling Tian and Tan Xiu Teng were slightly surprised by the abrupt change.

Seeing the surprise on the duo's faces, Han Wang asked with a smile, "After seeing this, did both of you think that my old friend comprehends the law of life?"

Tan Xiu Teng nodded while Duan Ling Tian looked at Han Wang skeptically.

'If it's not the law of life then what is it? Is it the Divine Tree of Life? However, if it is, won't it greatly exhaust the energy of the Divine Tree of Life in the supreme powerhouse's Little World? I don't think many supreme powerhouses would waste the energy of their Divine Tree of Life on something so extravagant, right? After all, the Divine Tree of Life could help them during critical moments...'

"My old friend comprehends the law of wood, not the law of life," Han Wang said with an emotional sigh, "This place is constructed by the Divine Tree of Life in his Little World. It's impossible for me to act so extravagantly and use my Divine Tree of Life in such a manner. However, he's different. Although our strength is about the same, the Divine Tree of Life in his Little World used to be the Divine Tree of Life of a World Supreme Powerhouse. For this reason, this kind of consumption of energy is nothing at all to his Divine Tree of Life. It can easily be replenished with just one breath."

Duan Ling Tian was stunned by Han Wang's words.

‘The Divine Tree of Life used to belong to a World Supreme Powerhouse? This means that Senior Ku Mu obtained it after the death of a World Supreme Powerhouse? However, it’s certain that the World Supreme Powerhouse didn’t die from the Heavenly Tribulation. Otherwise, the Divine Tree of Life would have been destroyed by the Heavenly Tribulation as well...’

‘Even World Supreme Powerhouses who stand at the peak of the Outer Boundary and the Myriad Worlds can’t escape death... Was he killed by another World Supreme Powerhouse? Did a few World Supreme Powerhouses join forces to kill him? What an amazing Divine Tree of Life... I wonder if Senior Ku Mu discovered it himself, or did his father give it to him?’

Many thoughts raced through Duan Ling Tian’s mind after he heard Han Wang’s words.
