

Sovereign 4461

Chapter 4461 Ku Mu

“The Divine Tree of Life in Ku Mu’s body was obtained by his father in the past. At that time, his father helped him place the tree in his Little World. A large part of his strength comes from that powerful Divine Tree of Life,” Han Wang continued to say.

Duan Ling Tian nodded in understanding. Ku Mu was powerful, but his father was even more powerful. His father also managed to obtain a World Supreme Powerhouse’s Divine Tree of Life after the World Supreme Powerhouse’s death. That kind of Divine Tree of Life was undoubtedly a peerless treasure.

Those capable of killing World Supreme Powerhouses were naturally World Supreme Powerhouses themselves. Under normal circumstances, the murderer would seize the dead World Supreme Powerhouse’s Divine Tree of Life, unless the dead World Supreme Powerhouse managed to send his Divine Tree of Life to the turbulent space before his death.

Although the Divine Tree of Life of a World Supreme Powerhouse was not comparable to a World Supreme Powerhouse, its strength was naturally extraordinary. Let alone finding such a Divine Tree of Life, even if one managed to find it, it would be difficult to convince it to acknowledge one as its master. Since Yuan He, Ku Mu’s father, managed to obtain and Ku Mu managed to obtain its approval, it could be seen that the duo had extraordinary means as well.

‘Senior Han Wang wants me to spar with the descendant of such a powerhouse?’ Duan Ling Tian thought to himself, feeling slightly helpless. At the same time, he decided that he would hold back slightly when sparring with the other party even if he was stronger. He might not know the other party, but there was no doubt that the other party’s background was extraordinary. It was best not to offend such a person.

At this time, Han Wang swept his gaze around the paradise-like valley in the midst of a land of snow before he called out, “Brother Ku Mu, I’m here!”

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

In just a moment, there were movements in the valley. Countless vines flew out and entangled in the air before it finally turned into a figure. The figure belonged to a skinny old man dressed in a loose gray robe. He was so thin that it seemed as though a gust of wind could blow him away. However, his eyes were sharp, unlike those of an old man.

The old man laughed and said, “Brother Yu Qing, I’ve been waiting for you for a long time. Previously, you told me that you found a prodigy below the age of 10,000 who can help me educate my incompetent great-great-grandson. Is he the young man next to you?”

The old man shifted his gaze to Duan Ling Tian after he finished speaking.

Duan Ling Tian froze before his body began to tremble from the paralyzing fear that crept up on him. He felt as though his life and death were out of his control at this moment. Just like that, he could tell how terrifying the old man was.

After a moment, Duan Ling Tian took a deep breath and mobilized his Divine Energy, law of space, and Sword Dao before he resisted and destroyed the pressure bearing down on him. Then, he said, “Greetings, Senior Ku Mu. I’m Li Feng.”

Ku Mu, the old man, widened his eyes imperceptibly as he thought to himself, shocked, ‘Although his law of space has yet to reach its perfect form, his Sword Dao is really shocking...’

Ku Mu had heard about Duan Ling Tian's ability from Han Wang, whose real name was Han Yu Qing. Although he had heard about how powerful Duan Ling Tian's Sword Dao was, seeing it for himself was naturally different from just hearing about it. Indeed, the Sword Dao was just as powerful as Han Wang had claimed. It was at least a level higher than his father's Devouring Dao, also one of the Four Daos of Heaven and Earth.

'It's really unbelievable that a young man who's not even 10,000 years old manages to comprehend the Sword Dao to this extent...'

When Ku Mu returned to his senses, he looked at Duan Ling Tian and said with a smile on his face, "Young man, I heard about how extraordinary you were from Brother Yu Qing. I thought he was exaggerating at that time. However, after meeting you, I realized now that he wasn't exaggerating. You're indeed stronger than my great-great-grandson."

Then, Ku Mu sighed before he asked, "Li Feng, to have such achievements at such a young age, you must have an extraordinary background. Where did you come from?"

Duan Ling Tian stuck to his story and said, "Senior Ku Mu, I'm from the Myriad Worlds."

Duan Ling Tian did not further explain, and Ku Mu also did not ask any more questions. Ku Mu could tell that Duan Ling Tian did not intend to reveal which World he came from. He speculated inwardly, 'Perhaps, he's worried about enemies from his World targeting him in the Outer Boundary...'

Ku Mu did not find this suspicious. After all, many people from the Myriad Worlds were killed after coming to the Outer Boundary by their enemies since they were no longer under the protection of their respective forces in the Outer Boundary. Despite the danger, people still came to the Outer Boundary. After all, they would not be able to improve if they only stayed in the Myriad Worlds. Moreover, only those who were able to overcome great danger would be able to rise to the peak and become supreme powerhouses.

At this time, Hu Fei Yan, the Deputy Commander of the Colossal Heaven Army, stepped forward and greeted Ku Mu. “Greetings, Senior Ku Mu. We’ve not met for many years, but you still looked as energetic as before...”

Ku Mu turned to look at Hu Fei Yan and said with a smile, “I was so distracted by Li Feng earlier that I forgot about you. I heard Brother Yu Qing say that your godfather allowed you to go to the Three Great Sacred Realms. I almost couldn’t believe it when I first heard about it. It seems like he finally thought things through...”

Hu Fei Yan looked at Ku Mu curiously and asked, “Senior Ku Mu, what do you mean by ‘he’s finally thought things through’?”

Upon hearing these words, Ku Mu’s expression changed slightly before he glanced at Han Wang. Then, he shook his head and replied, “I just meant that he finally decided to allow you to go to the Three Great Sacred Realms. In the past, he must have been worried that you weren’t strong enough to protect yourself in the Three Great Sacred Realm. If you were to go there rashly, you’d be in danger. Now that you’re almost as strong as a peerless top advanced Supreme God, you’re better equipped to protect yourself there.”

Ku Mu clearly did not want to continue on this topic as he turned to Han Wang and said, “Brother Yu Qing, all of you should rest here first. My great-great-grandson will only return in about two months...”

Following that, Ku Mu made arrangements for them to stay in the valley.

...

Over the next two months, Ku Mu, being a considerate host, did not let them wait in vain and gave them advice regarding their cultivation.

Although Ku Mu comprehended the law of wood, he possessed the Divine Tree of Life of a World Supreme Powerhouse after all, and his father was an imminent World Supreme Powerhouse. He was naturally unlike others and was very knowledgeable. Duan Ling Tian and Hu Fei Yan both benefited greatly from him during the two months they stayed in the valley.

Thanks to Duan Ling Tian, even Tan Xiu Teng was given the opportunity to ask for advice about cultivation from Ku Mu. Ku Mu was also patient for Duan Ling Tian's sake and answered his question. He was naturally overjoyed by the opportunity, and he was filled with gratitude when he looked at Duan Ling Tian again.

Previously, Tan Xiu Teng's loyalty to Duan Ling Tian came from the Heaven Vault's Blood Oath. However, he now felt that it was not a bad thing to follow Duan Ling Tian. What he had gained in the past two months exceeded his thousand years of hard work. Moreover, his life was not at risk at all during the two months. Usually, to gain something, one would have to face danger.

...

"Li Feng, Brother Ku Mu's descendant is back."

Duan Ling Tian was resting in his room when he heard Han Wang's voice that bypassed his noise-canceling Formation. With this, he was once again reminded of how powerful supreme powerhouses were.

'With my strength now, it'll be easy for a supreme powerhouse to kill me. It won't be any harder than cutting grass or killing a chicken...'

Duan Ling Tian felt slightly helpless, but he grew even more determined to grow stronger.

‘It’s time to fight...’

Duan Ling Tian naturally knew that now that Ku Mu’s great-great-grandson had returned, he would have to spar with the other party soon.

Chapter 4462 He Luo

Duan Ling Tian had delayed going to the Three Great Sacred Realms to spar with Ku Mu’s great-great-grandson.

According to Ku Mu and Han Wang, Ku Mu’s great-great-grandson had grown arrogant due to his talent. Even Ku Mu was helpless against his great-great-grandson. He even felt that Ku Mu did not achieve as much as he did when Ku Mu was his age and that he would definitely surpass Ku Mu in the future.

Based on what he had heard, Duan Ling Tian already knew that the other party was arrogant and felt that he was above his peers because his peers were inferior to him.

Although Ku Mu’s great-great-grandson had heard about top prodigies in the Three Great Sacred Realms and the Myriad Worlds who were not even 10,000 years old but were already almost as strong as a peerless top advanced Supreme God. However, he did not think much about it. After all, he had only heard about them and had never met them before. Ku Mu did not allow him to go to the Three Great Sacred Realms so he did not have a chance to meet such prodigies at all. For this reason, he dismissed those rumors and thought that they were exaggerated.

...

After greeting Han Wang, a tall and aloof handsome young man dressed in a dark blue robe looked at Duan Ling Tian and asked, “Are you the person my great-great-grandfather mentioned? He said that you’re not even 10,000 years old, but you’re stronger than I am.”

At the same time, Duan Ling Tian sensed a wave of Divine Consciousness sweeping toward him. Since the other party was only a Supreme God, he could have easily blocked the other party’s Divine Consciousness, but he did not do so, allowing the other party to probe his age.

If one’s age was below 10,000 years, it could be easily confirmed with Divine Consciousness. In the Outer Boundary and the Myriad Worlds, the age of 10,000 seemed to be the differentiator.

People with the same cultivation bases could detect if someone was 10,000 years old or below through their Divine Consciousness. As for those with different cultivation bases, those with a higher cultivation base could roughly sense if the other person was over 10,000 years old without using Divine Consciousness.

“You’re really not even 10,000 years old,” the young man said with a nod. Then, he smiled disdainfully as he continued to say, “I believe that you’re younger than me, but I don’t believe that you’re stronger than me...”

At this time, Ku Mu, who had just arrived, frowned. He looked at the young man and reprimanded the young man, “He Luo!”

The young man quickly removed the disdainful smile on his face while Ku Mu smiled apologetically and said to Duan Ling Tian, ‘Li Feng, my great-great-grandson has been spoiled by me. I hope you don’t take it to heart.”

Duan Ling Tian smiled slightly and said, “Senior Ku Mu, it’s nothing. I’ve met many narrow-minded people like your great-great-grandson in my life, and I’m already used to it...”

‘Narrow-minded?!’

Unsurprisingly, He Luo, Ku Mu’s great-great-grandson, was angered by Duan Ling Tian’s words. He said, “Li Feng, how dare you call me narrow-minded?! Initially, I planned to go easy on you when we spar. However, it seems like I have to teach you a lesson later! Otherwise, I’m not qualified to be the descendant of a supreme powerhouse!”

He Luo’s eyes burned with the flames of fury. If Duan Ling Tian did not come with Han Wang, he would have killed Duan Ling Tian to vent his anger. After all, Duan Ling Tian had humiliated him with his words.

“Alright, I look forward to it,” Duan Ling Tian said with a faint smile, “I heard from Senior Han Wang that you just returned. Do you want to rest before sparring with me?”

Although Duan Ling Tian wanted to get this over with as quickly as he could so he could go to the Three Great Sacred Realms, he did not want to take advantage of the person in front of him. Since He Luo had just returned, it was only fair that He Luo had time to rest first.

He Luo said with a sneer, “No need. I returned using the flying ship and I’ve not fought for a long time so my Divine Energy is full. We can spar now!”

He Luo’s eyes shone with fighting spirit when he spoke.

“Alright, this is what I want as well,” Duan Ling Tian said with a nod.

Sensing the tense atmosphere, Han Wang and Ku Mu exchanged a look before they spoke through Voice Transmission.

“Brother Ku Mu, I’m afraid your great-great-grandson is going to suffer... Don’t worry. I’ll tell Li Feng to go easy on him so he doesn’t lose too badly.”

“There’s no need for that, Brother Yu Qing,” Ku Mu replied, “He Luo needs to lose fair and square. Tell Li Feng not to hold back and go all out. I’m here so He Luo’s life won’t be in danger. The faster Li Feng defeats him, the better it’ll be. I’ll tell He Luo to go all out and warn him not to underestimate Li Feng as well. If Li Feng can defeat him within ten breaths, I’ll double the rewards I planned to give him.”

Han Wang could feel how frustrated Ku Mu was with his great-great-grandson when he heard these words. He did not waste time and sent a message to Duan Ling Tian.

Meanwhile, Duan Ling Tian’s eyes lit up when he heard Han Wang’s words. Previously, Ku Mu had promised to give him a Floating Image Pearl that recorded the fight of a peerless top advanced Supreme God who comprehended the law of time since Ku Mu did not have the recording of a peerless top advanced Supreme God who comprehended the law of space. However, to him, the recording of a peerless top advanced Supreme God who comprehended the law of time was just as precious.

‘So if I defeat He Luo within ten breaths, he’ll give me two Floating Image Pearls? I wonder what kind of law the peerless top advanced Supreme God comprehended in the other Floating Image Pearl...’ Duan Ling Tian wondered inwardly.

Although Duan Ling Tian felt that the rewards surpassed what he had to do, he did not plan to refuse Ku Mu's offer since he really wanted another Floating Image Pearl. In the end, he decided that he would repay this favor in the future.

Duan Ling Tian knew that if he refused, it was no different from deliberately slowing down his speed to become stronger. How could he do that when he had to become stronger for Ke'er, his family, and his friends? After coming to the Outer Boundary, he realized how vast the world was. What if a World Supreme Powerhouse attacked the God Defying World in the future? The God Defying World was not among the three strongest Worlds, after all; it was just one of the 18 Worlds under the three strongest Worlds. During his time in the Outer Boundary, he had also heard many stories about Worlds like the God Defying World that were destroyed for various reasons. The survivors of those Worlds were mostly only supreme powerhouses and their close relatives.

...

The cold wind blew as Duan Ling Tian and He Luo stood across from each other. The two young men's robes fluttered in the wind as they stared at each other fiercely.

Finally, Duan Ling Tian said unhurriedly, "You better not hold back. I don't want you crying foul when you lose. I'm not interested in sparring with you again."

Chapter 4463 Duan Ling Tian Fights He Luo

He Luo raised an eyebrow and said with a scoff, "Don't worry, I won't hold back. I don't know if you're really that strong, but my great-great-grandfather warned me not to underestimate you."

Earlier, He Luo had sensed that Duan Ling Tian was at least 3,000 to 4,000 years younger than he was so he thought that Duan Ling Tian was about 5,000 years old. As such, he found it hard to believe that Duan Ling Tian was stronger than him. However, he did not take his great-great-grandfather's warning lightly. If it were another person, he would have scoffed.

‘You’re only 5,000 years old, but you think you can defeat me?’

In He Luo’s opinion, there might be cultivators under 10,000 years old who were stronger than him in the Outer Boundary and the Myriad Worlds, but the difference in their ages should not be so big.

Boom!

At this time, a powerful black energy surged out as He Luo mobilized his Divine Energy and the law of death. His eyes shone with killing intent as death energy lingered around him; it was as though a demon had been awakened in his body.

Swoosh!

Subsequently, a narrow and slightly curved knife appeared in He Luo’s hand. It was clearly a prime divine artifact. Naturally, no one was surprised. He was the great-great-grandson of a supreme powerhouse after all.

At this time, Han Wang, Ku Mu, Hu Fei Yan, and Tan Xiu Teng turned to look at Duan Ling Tian.

Duan Ling Tian held a seven-colored sword in his hand as the void around him began to distort. As a spatial storm raged around him, spatial cracks began to appear as well. At the same time, he emitted a terrifying sword intent; it was as though he had turned into a very sharp sword, poised to attack at any moment.

‘The Sword Dao!’

Earlier, when He Luo sensed that Duan Ling Tian had yet to comprehend the law of space to its perfect form, he grew even more contemptuous. However, his expression turned grim when he sensed how extraordinary Duan Ling Tian’s Sword Dao was.

He Luo had comprehended the Weapon Dao many years ago, but he only comprehended its rudimentary form. It was naturally too weak to boost his strength significantly. At this moment, he instinctively cast his Knife Dao, but it dissipated quickly. This was also how he knew how terrifying Duan Ling Tian’s Sword Dao was. Duan Ling Tian’s Sword Dao had quickly suppressed his Knife Dao before the fight even started.

‘How’s this possible? How did he comprehend the Sword Dao to such an extent when he’s so young? Did he inherit the legacy of a World Supreme Powerhouse?’ He Luo speculated inwardly. Needless to say, legacies from World Supreme Powerhouses were superior to those from other supreme powerhouses.

He Luo quickly recovered from his shock and scoffed. Although Duan Ling Tian’s Sword Dao was extraordinary, Duan Ling Tian’s law of space was weak. As such, he did not think that Duan Ling Tian was stronger than him. However, he now knew that he could not afford to underestimate Duan Ling Tian.

Swoosh!

The wind whistled in the air and spatial cracks appeared when He Luo brandished his knife. The death energy lingering around his body converged at the tip of the knife before it shot toward Duan Ling Tian.

In just a moment, a dark energy gathered around Duan Ling Tian and restricted his movement.

‘How strong,’ Duan Ling Tian thought to himself. The death energy was rather powerful. It disrupted the space around him and prevented him from teleporting away. After all, he could only use the Teleportation Profundity in a stable space. The law of death, before reaching the perfect form, naturally could not disrupt space, but after it reached the perfect form, it was not difficult to disrupt the space to prevent teleportation.

Han Wang’s eyes widened upon seeing this. Then, he turned to Ku Mu and said, “Brother Ku Mu, your great-great-grandson’s law of death has improved significantly! If he improves his law of death or makes progress in his Knife Dao, he’ll be almost comparable to a peerless top advanced Supreme God!”

After Han Wang finished speaking, he was shocked to discover the shocked expression on Ku Mu’s face. He wondered inwardly, ‘Is Brother Ku Mu unaware of He Luo’s progress as well? Did He Luo just have a breakthrough in his law of death recently?’

Indeed, Ku Mu was unaware that He Luo’s law of death had improved because He Luo only had a breakthrough while he was away.

A faint smile appeared on Ku Mu’s face as he thought to himself, ‘This brat... He has grown stronger again... It seems like Li Feng won’t be able to defeat within ten breaths. Even among those who were close to becoming peerless top advanced Supreme Gods, there’s a difference in strength. Due to his young age, I doubt he’ll be able to defeat He Luo in ten breaths...’

Due to He Luo’s recent improvement and Duan Ling Tian’s young age, Ku Mu no longer thought that Duan Ling Tian would be able to defeat He Luo in ten breaths. Although he knew of cultivators like Duan Ling Tian who was not even 10,000 years old but were almost as strong as a peerless top advanced Supreme God in the Outer Boundary and the Myriad Worlds who were capable of doing so, he did not think Duan Ling Tian was among them.

...

“Restraining Profundity!”

Duan Ling Tian knew that forcefully freeing himself from He Luo’s restraint now with his brute strength was not the best move. It would waste his time even if he was confident he could free himself. When he freed himself, He Luo’s knife would have already arrived. As such, he decided to cast the Restraining Profundity to dispel the death energy and to stabilize the space around him to free himself.

“Teleportation Profundity!”

Following that, Duan Ling Tian vanished into thin air after freeing himself from He Luo’s restraint.

Chapter 4464 The Sword of Time

He Luo’s tactic was to restrain Duan Ling Tian with the law of death before delivering a heavy blow. However, his plan failed when Duan Ling Tian broke free and teleported away.

Swoosh!

The powerful knife ray descended and cut a towering glacier in half. When the upper half of the glacier tumbled down, it set off an avalanche that shook the ground while a small spatial tear in the sky began to mend itself.

“Use your bloodline power. Otherwise, I’ll be able to defeat you in three moves.”

Duan Ling Tian's nonchalant voice echoed in the sky, but he was nowhere to be seen.

He Luo's expression darkened when he heard Duan Ling Tian's words.

"How confident! I'll show you how powerful my bloodline power is!"

As soon as his voice fell, He Luo cast his bloodline power. As blood qi rose from his body, his strength rose significantly and his knife turned red.

At this moment, the contempt in He Luo's heart had completely disappeared. After Duan Ling Tian broke free from his law of death, he finally realized how strong Duan Ling Tian was. After all, 90% of powerhouses who comprehended the law of death to the perfect form were not capable of using it the way he had used it earlier. It was a technique that his great-great-grandfather had helped him develop. It was thanks to this technique that he was able to easily defeat opponents with the same cultivation base. However, Duan Ling Tian managed to free himself without using his doppelgangers or bloodline power. This alone showed how strong Duan Ling Tian was. Under such circumstances, how could he dare to be careless at this moment?

"Do you think I won't be able to find you if you hide?" He Luo asked as his eyes flashed. At the same time, his Divine Consciousness swept through his surroundings. In the next moment, a knife ray shot out.

When the knife ray shot out, Duan Ling Tian suddenly appeared in front of it. Then, he quickly disappeared again, dodging the knife ray before charging toward He Luo with the sword in his hand.

‘Wait, something’s not right!’

He Luo very quickly noticed that the person in front of him lacked vitality even if he resembled Duan Ling Tian. Even the seven-colored sword in Duan Ling Tian was the same. Since he comprehended the law of death, he was very sensitive to vitality energy, unlike ordinary people.

‘It’s his doppelganger!’

It did not take long for He Luo to figure it out. He launched a knife ray toward the doppelganger before he flew away.

Swoosh!

As soon as He Luo flew away, another figure appeared where he originally stood as a grey sword ray shot out of a spatial tear. Duan Ling Tian had teleported away and attacked while He Luo was distracted, but He Luo reacted quickly and managed to escape.

Meanwhile, the two supreme powerhouses watched the fight with bright eyes.

As for Hu Fei Yan and Tan Xiu Teng, they were shocked and felt anxious for He Luo. They did not think they would be able to react in time if they were in He Luo’s shoes.

‘Although I’m no match for the young master and Deputy Commander Hu, I thought I was on par with Lord Ku Mu’s descendant... However, after watching this, I don’t think I’d be able to withstand more than a dozen moves from him,’ Tan Xiu Teng thought to himself, feeling disheartened.

Tan Xiu Teng was considered a genius in the Divine Sand Realm, and he took pride in this. However, after witnessing how monstrous He Luo and Duan Ling Tian were despite being younger than 10,000 years old, he felt embarrassed to call himself a genius.

“He Luo’s reaction time is amazing. He’s able to detect Li Feng’s doppelganger so quickly and dodge Li Feng’s attack,” Han Wang said as he looked at Ku Mu.

“That’s because he comprehends the law of death. Those who comprehend the law of death can quickly sense the lack of vitality in doppelgangers in just a moment,” Ku Mu said with a smile, “If he didn’t comprehend the law of death, he might have been minorly injured by Li Feng earlier.”

A hint of excitement could be seen in Ku Mu’s eyes, amazed by Duan Ling Tian’s strength. Duan Ling Tian was younger than He Luo, but he was so powerful. Duan Ling Tian was undoubtedly a monster among monsters.

Han Wang shook his head and said, “Brother Ku Mu, based on the current situation, He Luo might not be able to withstand more than ten moves from Li Feng.”

Meanwhile, after He Luo dodged the attack, Duan Ling Tian and his doppelganger flew toward He Luo. With just two moves, they managed to suppress He Luo and gained the upper hand.

‘The difference in their strength is too great...’ Ku Mu thought to himself in shock. Then, he said with a sigh, “His Sword Dao is too terrifying... I don’t think any supreme powerhouses in the Outer Boundary and the Myriad Worlds, excluding World Supreme Powerhouses, have comprehended the Sword Dao to such a high level!”

Han Wang nodded in agreement as he said, “Indeed... It’s difficult to think of anyone, excluding World Supreme Powerhouses, who can rival his Sword Dao in the Outer Boundary and the Myriad

Worlds. Perhaps, only the Sword Dao of the Sword of Time from the God Defying World was stronger than that of Li Feng...”

Ku Mu turned pensive upon hearing Han Wang’s words.

The Sword of Time was a genius from the same generation as Yuan He, Ku Mu’s father. Just like Yuan He, he was an imminent World Supreme Powerhouse. In the past, Yuan He was defeated by the Sword of Time. Unfortunately, the Sword of Time offended a World Supreme Powerhouse in the past and was killed. Otherwise, he would have become a World Supreme Powerhouse by now. According to Yuan He, Ku Mu also learned that the Sword of Time’s law of time became stagnant after reaching the perfect form, and it was thanks to his Sword Dao that he became an imminent World Supreme Powerhouse. Without his Sword Dao, he would be ranked at the bottom among the supreme powerhouses in the Outer Boundary and the Myriad Worlds.

“Even among World Supreme Powerhouses, the Sword of Time’s Sword Dao was unrivaled...” Ku Mu muttered under his breath.

...

If Duan Ling Tian overheard this conversation between Ku Mu and Han Wang, he would have been shocked to learn that the God Defying World, where he had come from, had such a monstrous sword expert in the past. If his master, Feng Qing Yang, had heard it, he would have recognized the Sword of Time that the duo mentioned. After all, he had inherited his sword skills from the Sword of Time. The Sword of Time could be considered Feng Qing Yan’s master and Duan Ling Tian’s grandmaster. Alas, Duan Ling Tian was unaware that Feng Qing Yang had inherited his sword skills from the Sword of Time.

...

Meanwhile, Hu Fei Yan shook her head and murmured to herself, “He’s lost the fight…”

As soon as Hu Fei Yan’s voice fell, a loud explosion rang in the air.

He Luo fell to the ground after Duan Ling Tian’s attack landed. A huge hole appeared in the thick layer of ice, and he was nowhere to be seen. After a few moments, he emerged from the freezing water. His face was pale as he exclaimed, “H-how’s this possible?! He’s so much younger than me, but he’s so much stronger! Impossible!”

He Luo did not suffer any serious injuries, but he seemed to be suffering from a mental breakdown at this moment.

Chapter 4465 Hu Fei Yan Follows Duan Ling Tian to the Three Great Sacred Realms

He Luo was born with a silver spoon in his mouth, and he was envied by many because his great-great-grandfather was a supreme powerhouse and his ancestor was an imminent World Supreme Powerhouse. As such a descendant, it was only natural that his innate talent and comprehension skills were superior to those of his peers and even those who were older than him. Under such circumstances, it was not surprising that he became arrogant.

Although his great-great-grandfather had warned him that he might not be able to defeat Duan Ling Tian, he did not believe it, especially when he discovered that Duan Ling Tian was about 3,000 to 4,000 years younger than him. It was out of his expectations that he would be defeated even after he had a breakthrough and fought with all his might.

‘How’s this possible?’

This thought kept flashing in He Luo's mind. He really could not believe that he lost to someone so young.

!!

Meanwhile, Ku Mu; He Luo's great-great-grandfather, and Han Wang were shocked to see He Luo experiencing a mental breakdown after losing to Duan Ling Tian.

"Brother Ku Mu, he's taking this loss much harder than we expected," Han Wang said solemnly.

Ku Mu frowned slightly. He did not expect He Luo to react like this after losing to his peer even if He Luo had lived a smooth-sailing life since he was young. Perhaps, the blow was even more devastating because He Luo knew that if Duan Ling Tian was the same age as him, Duan Ling Tian would have been able to crush him like an ant.

Swoosh!

At this time, Hu Fei Yan flew over and stood next to Duan Ling Tian before she looked at He Luo who was sitting on the ground dejectedly.

"Li Feng, is he going to be okay? It seems like he suffered a huge blow... Won't you offend Senior Ku Mu by doing this?" Hu Fei Yan asked through Voice Transmission.

Duan Ling Tian replied indifferently, "It's not my idea to spar with him so I'm not at fault. It's Senior Ku Mu's idea so if he wants to blame someone, he can only blame himself or even Senior Han Wang. I was only following instructions given by Senior Han Wang to spar with He Luo. Moreover, I wouldn't be here if Senior Han Wang didn't invite me here."

In fact, Duan Ling Tian did not think Ku Mu would blame him. After all, even supreme powerhouses cared about their reputation. Apart from that he could tell that Ku Mu and Han Wang were very close. Otherwise, Han Wang would not have spent a fortune just to help Ku Mu teach He Luo a lesson.

Duan Ling Tian looked at He Luo and shook his head as he thought to himself, ‘He Luo must have discovered that I’m much younger than him, that’s why he’s so shocked. He wouldn’t have reacted like that if I’m only slightly younger than him...’

Duan Ling Tian was aware that those about the age of 10,000 could only roughly sense his age like Han Wang and Ku Mu. He could not imagine how He Luo would react if He Luo knew his true age.

...

After the fight ended, He Luo was still dispirited no matter how hard Ku Mu tried to make him snap out of it. As such, Ku Mu’s expression turned rather unsightly.

At the same time, Han Wang told Duan Ling Tian to return to his courtyard first before he continued to say through Voice Transmission, “Li Feng, Brother Ku Mu has said that he doesn’t blame you for his great-great-grandson’s reaction, and he won’t go back on his words to reward to you. However, you’ll have to wait for a few days because he’ll have to get one of the Floating Image Pearls from his father, Senior Yuan He.”

Duan Ling Tian nodded and left after speaking to Han Wang.

Hu Fei Yan shook her head and left as well. There was no point in her staying after all. It was best to leave Ku Mu alone to deal with He Luo.

Tan Xiu Teng followed closely behind Duan Ling Tian and said reverently through Voice Transmission, “Young master, you’re really strong! Based on your strength, you should be one of the strongest among those who are close to becoming a peerless top advanced Supreme God!”

Not all cultivators had the same strength after all even if they were in the same realm. The strongest one could kill the weakest one even if it would not be an easy job.

“In fact, He Luo is strong as well... Our cultivation base might be the same, but his techniques are superior to mine. As expected of the descendant of Lord Ku Mu and Lord Yuan He,” Tan Xiu Teng said with a hint of envy. In his opinion, if he were in He Luo’s shoes, he would also be just as strong.

At this time, Hu Fei Yan suddenly called out from behind, “Li Feng! When are you leaving for the Three Great Sacred Realms?”

Hu Fei Yan naturally planned to go to the Three Great Sacred Realms as well. However, previously, she thought she would go alone since she was not sure if Duan Ling Tian or Han Wang was going as well. However, after confirming that Duan Ling Tian was indeed heading to the Three Great Sacred Realms, Han Wang had suggested that the duo traveled together, and the duo agreed.

If Hu Fei Yan were weak, Duan Ling Tian would not have agreed to it since she would only be a burden. However, he knew she was not much weaker than him. With a strong companion, their survival chances would be higher when they go to the Three Great Sacred Realms that were fraught with danger.

“We’ll leave in a few days. I’ll let you know when we’re leaving,” Duan Ling Tian replied. He naturally would wait for the two Floating Image Pearls promised by Ku Mu before he left for the Three Great Sacred Realms. The Floating Image Pearls would help him further comprehend the law of time, which would in turn make him stronger. With that, he would be invincible among those below the realms of peerless top advanced Supreme Gods and supreme powerhouses in the Outer Boundary and the Myriad Worlds. After that, he would continue to work harder to become a peerless top advanced Supreme God.

‘I should be able to comprehend the law of space and the law of time to their perfect forms soon with the Floating Image Pearls that contained the recordings of the life-or-death battles between peerless top advanced Supreme Gods... Once I comprehend both laws to their perfect forms, I might even become a peerless top advanced Supreme God!’

Currently, most of Duan Ling Tian’s strength came from his terrifying Sword Dao. If his law of space and law of time reached their perfect forms, he believed he had a chance of becoming a peerless top advanced Supreme God.

Chapter 4466 Two Floating Image Pearls

Duan Ling Tian waited two days before he received the Floating Image Pearls promised by Ku Mu. After that, he was going to leave for the Three Great Sacred Realms. He was not concerned about He Luo’s condition after losing. If He Luo managed to recover, it might be a turning point that could propel him to another level.

Duan Ling Tian was not worried about Ku Mu blaming him as well since Ku Mu was the one who suggested this. Ku Mu was the one who asked Han Wang to find a prodigy below the age of 10,000 to defeat his grandson so his grandson would not be complacent and arrogant. Most importantly, Han Wang had reassured him two days ago that Ku Mu did not blame him for what happened.

Han Wang visited Duan Ling Tian and passed him the Floating Image Pearls as he said, “He Luo is much better now. It’s only a matter of time before he fully recovers. Here are the two Floating Image Pearls from Brother Ku Mu as promised. He needs to keep an eye on He Luo so he won’t be able to see you off.”

Duan Ling Tian's eyes lit up upon seeing the two Floating Image Pearls. After accepting them, he said politely, "Senior Han Wang, please thank Senior Ku Mu on my behalf after I leave. I won't forget this kindness, and I will repay it in the future."

It was not just Ku Mu. Duan Ling Tian also felt grateful to Han Wang. After all, they had given him the precious Floating Image Pearls that contained recordings of peerless top advanced Supreme Gods as tokens of their appreciation. Defeating He Luo was an easy task for him. As such, he felt like he had gained more than they had gained to the point where he felt like he had taken advantage of the situation. Alas, it was an offer he could not refuse since he truly needed the Floating Image Pearls.

"Alright, I'll convey your words to Brother Ku Mu," Han Wang said with a slight nod as he looked at Duan Ling Tian with a look of approval.

Floating Image Pearls that contained recordings of peerless top advanced Supreme Gods were rare even for supreme powerhouses. However, Han Wang was willing to offer up his to Duan Ling Tian because he felt that there was no loss in establishing a relationship with a monstrous prodigy like Duan Ling Tian. As long as Duan Ling Tian did not die prematurely, he was certain that Duan Ling Tian would rise to the peak. He also knew that his good friend, Ku Mu, shared the same thoughts as him. As the saying went, 'Great minds think alike'.

Han Wang looked to the side in the direction where Hu Fei Yan was temporarily staying before he said again, "Apart from that, I'll have to trouble you to look after Little Fei Yan during your journey. She might be older than you, but her life experience is lacking compared to yours. Brother Bu Gui said that he'll owe you a favor for this."

Duan Ling Tian smiled slightly and replied, "Senior Han Wang, rest assured. It's only natural for us to look after each other when we're traveling to the Three Great Sacred Realms together."

“It’s a relief to hear that,” Han Wang said with a nod, “I won’t be seeing you off, but let me know when you’re leaving.”

“Alright,” Duan Ling Tian replied.

After Han Wang left, Duan Ling Tian returned to his room and checked the two Floating Image Pearls with his Divine Consciousness. His breathing hitched when he briefly saw the recording with the peerless top advanced Supreme God who comprehended the law of time.

‘I wonder what laws the other peerless top advanced Supreme Gods in the other Floating Image Pearl comprehended...’ Duan Ling Tian wondered inwardly.

After checking the second Floating Image Pearl, he exclaimed inwardly, ‘He comprehended the law of life! Amazing! As for his opponent, he comprehended the law of fire!’

Duan Ling Tian felt extremely lucky at this moment. His comprehension of the law of life was only behind his law of space and law of time thanks to the Divine Tree of Life in his Little World. Moreover, his comprehension of the law of fire was only behind his law of life.

Duan Ling Tian’s eyes shone like the stars in the night sky as he thought to himself, ‘With these two Floating Image Pearls, I’ll be able to improve my law of life and law of fire quickly! At that time, the doppelgangers from these two laws will also further boost my strength!’

...

The next day, Duan Ling Tian sent a message to Hu Fei Yan about his intention to leave. The latter quickly met up with him before they left the winterland with Tan Xiu Teng following closely behind. Before they left, he also sent a message to Han Wang to inform Han Wang of his departure.

When Han Wang received the message, he was sitting across from an old man with a chessboard between them. The old man was none other than Ku Mu, and standing behind Ku Mu was none other than He Luo, who had fully recovered.

“Little Li Feng and Little Fei Yan have just left,” Han Wang said to Ku Mu.

Upon hearing the name ‘Li Feng’, He Luo’s eyes widened slightly.

Ku Mu sighed and said, “Brother Han Wang, we greatly underestimate Li Feng...”

Han Wang nodded. “Indeed, we really underestimated him.” Then, he glanced at He Luo before he continued to say, “If He Luo didn’t say anything, we wouldn’t have known he’s only about 5,000 years old. To think such a young person is close to becoming a peerless top advanced Supreme God. I’ve never heard of such a prodigy in both the Outer Boundary and the Myriad Worlds.”

Chapter 4467 To the Sacred Wind Realm!

Supreme powerhouses, even with their varied levels of strength, were considered the peak existence in the Outer Boundary and the Myriad Worlds. There were not many cultivators who successfully became supreme powerhouses. Supreme powerhouses had mostly lived a long time and had seen and experienced many things. One could only imagine what it meant that the two relatively powerful supreme powerhouses, Han Wang and Ku Mu, were shocked by Duan Ling Tian’s strength and age.

“We did the right thing by establishing a good relationship with him,” Ku Mu said to Han Wang.

Han Wang’s eyes flashed as he said with a slight smile, “I’m really curious about how strong he’ll be in the future. I also wonder if he’ll become a peerless top advanced Supreme God first before becoming a supreme powerhouse...”

Ku Mu thought about it for a brief moment before he replied, “Do you think a monstrous prodigy like him will choose to become an ordinary supreme powerhouse? If he becomes a peerless top advanced Supreme God first, he has a chance of becoming a World Supreme Powerhouse as soon as he breaks through. However, he’ll have to comprehend the law of space to the paramount stage first before he breaks into the realm of supreme powerhouses...”

...

Duan Ling Tian was naturally unaware that the two supreme powerhouses were discussing him after he left.

At this time, Duan Ling Tian, Hu Fei Yan, and Tan Xiu Teng were on Hu Fei Yan’s flying ship.

The Peaceful Might Realm, where they had left, was next to the Sacred Wind Realm, one of the Three Great Sacred Realms. The Three Great Sacred Realms of the Outer Boundary were the Sacred Wind Realm, the Sacred Fire Realm, and the Sacred Lightning Realm. Before they were known collectively as the Three Great Sacred Realms, they were known as the Wind Realm, the Fire Realm, and the Lightning Realm respectively.

At this time, Duan Ling Tian and Hu Fei Yan were chatting.

“I’m sure you’ve heard of World Supreme Powerhouses by now, but you might not be aware that it’s only what they’re called in the Myriad Worlds,” Hu Fei Yan said.

Duan Ling Tian raised an eyebrow and asked, “So what are they called in the Outer Boundary?”

Duan Ling Tian was curious, wondering why Hu Fei Yan brought his matter up.

“World Supreme Powerhouses are called Saints in the Outer Boundary,” Hu Fei Yan said.

‘As expected... Since they’re acknowledged by everyone in the Outer Boundary, it’s only normal that they’re called Saints,’ Duan Ling Tian thought to himself.

“There’s a saying that the calamity would befall heaven and earth if one provoked a Saint. It’s not entirely unfounded. Saints might not be able to destroy the entire Outer Boundary, but they’re capable of destroying the Myriad Worlds,” Hu Fei Yan said.

Duan Ling Tian did not doubt Hu Fei Yan’s words at all. After all, even ordinary supreme powerhouses were capable of destroying one World, let alone World Supreme Powerhouses.

“Almost all of the Saints in the Outer Boundary are gathered in the Three Great Sacred Realms, and saint-rank forces as the strongest forces in the Three Great Sacred Realms and the Outer Boundary,” Hu Fei Yan said as she looked at Duan Ling Tian meaningfully, “And there is more than one saint-rank force in each of the Three Great Sacred Realms.”

In Hu Fei Yan’s opinion, Duan Ling Tian must have come from a saint-rank force with a Saint. Even Hu Bu Gui, her adoptive father whom she looked up to and admired the most, was no match

for Saints. According to her adoptive father, he would not even be able to withstand half a move from a Saint.

Duan Ling Tian learned more about the Three Great Sacred Realms after he listened to Hu Fei Yan. He could not help but ask, “Deputy Commander Hu, how do you know so much about the Three Great Sacred Realms when you’ve never been there?”

Hu Fei Yan said, “Godfather gave me a jade token containing information about the Three Great Sacred Realms. That’s why I know about those things...”

Duan Ling Tian nodded. It made sense that Hu Fei Yan knew so much about the Three Great Sacred Realms thanks to Hu Bu Gui, the Lord and Commander of the Colossal Heaven Army.

At this time, Hu Fei Yan’s eyes suddenly widened before her expression turned cold.

Upon seeing this, Duan Ling Tian shook his head and smiled faintly before he asked, “Is someone blocking our path?”

The influence and reputation of the Colossal Heaven Army were known in the Peaceful Might Realm. As such, they did not encounter any problems when traveling in the Peaceful Might Realm. However, after leaving the territory of the Peaceful Might Realm, they had encountered at least a dozen groups of bandits blocking their way. The bandits they encountered ranged from ordinary advanced Supreme Gods to powerful advanced Supreme Gods comparable to Tan Xiu Teng.

Although Tan Xiu Teng was weaker than Duan Ling Tian and Hu Fei Yan, he was still capable of going against powerful advanced Supreme Gods. Previously, when they were stopped by a group of bandits, he managed to kill the leader of the bandits after dozens of moves. After that, he killed the other bandits.

“Deputy Commander Hu, I’ll deal with them,” Tan Xiu Teng said as he rose to his feet. His eyes burned with battle intent. He knew that he likely would not be able to help much after they arrived in the Three Great Sacred Realms. After all, most of the cultivators there would be on par with him at least and close to the realm of peerless advanced Supreme Gods.

Even among those who were close to the realm of peerless top advanced Supreme Gods, their strengths varied. The strongest ones among them were mostly focused on cultivating to become a top peerless top advanced Supreme God or a supreme powerhouse. This was the most important thing to them, after all. They naturally did not have time to cause trouble.

Chapter 4468 Zhong Yue

Tan Xiu Teng’s eyes burned with battle intent as he flew out of the flying ship. He was excited to fight the bandits to improve himself, after all. Previously, when he went to the Three Great Sacred Realms, he had spent a fortune to hire powerhouses to protect him.

In the area between the Three Great Sacred Realms and the Peaceful Might Realms, flying ships could be seen flying back and forth, and these flying ships mostly belonged to powerful forces or powerful cultivators in the area. There were also flying ships that ferried people from the Divine Sand Realm to the Three Great Sacred Realms, and under normal circumstances, there were about thirty to a hundred passengers on board this flying ship. In the past when Tan Xiu Teng went to the Three Great Sacred Realms, he had shared the flying ship with about forty other people. Whenever they encountered bandits, the powerhouses on board would either chase them away or kill them.

‘I don’t have to worry about my opponents being stronger than I am... If I’m no match for them, young master and Deputy Commander Hu will help me!’

Due to Duan Ling Tian and Hu Fei Yan’s presence, Tan Xiu Teng was able to fight without any worries. After all, the duo was close to becoming a peerless top advanced Supreme God and were very powerful.

!!

‘There are only four of them?’ Tan Xiu Teng raised an eyebrow when he saw the people who stopped them.

The group consisted of two young men, a young woman, and a disheveled middle-aged man. The two young men and the young woman stood shoulder to shoulder in front while the middle-aged man stood at the back, slightly bowing.

Tan Xiu Teng’s eyes narrowed slightly when he saw the word ‘Yuan’ that was embroidered in the middle of the middle-aged man’s robe. He found the middle-aged man’s robe slightly familiar, and it did not take long before he recalled that a group of bandits that he previously killed wore the same robes as well. The leader of the group of bandits was rather strong, and before the leader died, he said threateningly to him, “You’ll regret it if you kill me!”

At that time, Tan Xiu Teng had ignored the other party’s threat and killed the other party. He had grown numb to this kind of threat. After all, he had received similar threats during his time in the Divine Sand Realm, and most of them proved to be just empty threats in the end.

‘Are they here to avenge that person’s death?’ Tan Xiu Teng wondered inwardly as he narrowed his eyes. Previously, when he had killed the leader of the bandit, he had heard a slight commotion in the forest nearby. At that time, he assumed it was a demon beast or a passing cultivator who was scared away by his Divine Energy. At this time, based on the current situation, it seemed like the person from that time was the disheveled middle-aged man.

As expected, the disheveled middle-aged man glared at Tan Xiu Teng and said, “My lord, he’s the one who killed my leader! He’s only slightly stronger than my leader, but he was much faster. That’s how my Yuan Organization was annihilated by him!”

With this, Tan Xiu Teng learned that the group of bandits he killed previously was known as the Yuan Organization. Moreover, based on the middle-aged man's words, it was clear the other three people were not from the Yuan Organization.

At this time, a young man dressed in a white robe with golden trimmings stepped forward. He looked at Tan Xiu Teng condescendingly and asked, "So you're the one who killed my junior brother, Zhang Yuan?"

Tan Xiu Teng had never heard the name 'Zhang Yuan' before, but he knew that it was likely the leader of the Yuan Organization whom he had previously killed.

'I didn't hold back at all when I killed that group of bandits... This young man said he's Zhang Yuan's senior brother, and it's clear that he's here to avenge Zhang Yuan. Since he dares to look for me, he's likely stronger than I am...' Tan Xiu Teng thought to himself as he sighed inwardly. He did not expect to encounter someone stronger than him before they even arrived in the Three Great Sacred Realms. Following that, he did not hesitate to inform Duan Ling Tian about what happened.

...

At this time, Duan Ling Tian was still chatting with Hu Fei Yan, unaware of what was going on outside until he received Tan Xiu Teng's message. He raised an eyebrow and smiled before he said, "Tan Xiu Teng said that he might not be a match for those people outside..."

"How does he know he's not a match for them when they haven't fought yet?" Hu Fei Yan asked with a slight frown on her face.

"Let's go and have a look," Duan Ling Tian said as he rose to his feet, "We need to stretch our limbs anyway."

The duo flew out of the flying ship that was hovering in midair and landed next to Tan Xiu Teng.

After Hu Fei Yan put her flying ship away, a young man dressed in a green robe laughed and said, “Zhong Yue, he’s not alone so don’t be embarrassed to ask for help from us. Miss Linghu and I are here to help you after all.”

‘Miss Linghu’ was naturally the young woman standing next to the green-clad young man. Her appearance was ordinary, and her expression was extremely cold.

Hu Fei Yan’s eyes lit up with excitement upon hearing this name. She stared at the white-clad young man and asked, “Zhong Yue? The Young Master of Mount Tai’s Zhong clan in the Peaceful Might Realm?”

Duan Ling Tian was slightly taken aback by Hu Fei Yan’s reaction. When he returned to his senses, he thought, “Hu Fei Yan seems to know him, and she seems eager to fight him. She really lives up to her reputation as the Deputy Commander of the Colossal Heaven Army.’

Chapter 4469 Tan Xiu Teng Is in Despair

The members of the Colossal Heaven Army were famous in the Linked Solitary Realm for their love of fighting. Clearly, Hu Fei Yan, the Deputy Commander of the Colossal Heaven Army, was excited to have encountered a strong opponent.

‘The Young Master of Mount Tai’s Zhong clan?’

Duan Ling Tian shifted his eyes to the white-clad young man. The other party was likely close to becoming a peerless top advanced Supreme God as well. Otherwise, Hu Fei Yan would not be so excited. After a moment, he shifted his eyes to the green-clad young man and the ordinary-looking young woman with an extraordinary bearing standing near Zhong Yue.

‘If he’s Zhong Yue, then he’s definitely close to becoming a peerless top advanced Supreme God. Those two spoke so casually to him so they must be on par with him...’ Duan Ling Tian thought to himself. At the same time, he became even more vigilant. It seemed like he was going to have to join forces with Hu Fei Yan to deal with their opponents.

!!

Duan Ling Tian thought that Zhong Yue’s force was likely very powerful. After all, an ordinary force would not be able to nurture such a person.

On the other hand, Tan Xiu Teng’s expression changed drastically when he heard Hu Fei Yan’s words.

‘Mount Tai’s Zhong clan?! He’s the Young Master of the Zhong clan? I actually killed the junior brother of such a person?! Damn it! It seemed like I’d kicked the hornet’s nest!’ Tan Xiu Teng thought to himself as chills ran up his spine.

Tan Xiu Teng knew a thing or two about the forces in the Peaceful Might Realm thanks to the time he was traveling in the past. The Mount Tai’s Zhong clan might not be a top supreme-rank force in the Peaceful Might Realm, but it was still a second-tier supreme-rank force. The force’s strongest supreme powerhouse was relatively powerful as well and was only slightly weaker than Ku Mu.

‘If I’m not mistaken, the current Clan Leader of the Zhong clan is the direct descendant of the strongest supreme powerhouse among the three supreme powerhouses in the clan. He’s only slightly

weaker than Lord Ku Mu. If this young man is the Young Master of the Zhong clan, then he's also a direct descendant of that supreme powerhouse! I actually killed his junior brother!' Tan Xiu Teng thought to himself as he shuddered inwardly.

Subsequently, Tan Xiu Teng hastily said to Duan Ling Tian through Voice Transmission, "Young master, you must save me if he's really the Young Master of the Zhong clan! I killed his junior brother previously because he blocked our flying ship!"

Tan Xiu Teng truly feared for his life at this moment. After all, the result of provoking a strong powerhouse in the Outer Boundary could be fatal.

When Duan Ling Tian heard the fear in Tan Xiu Teng's voice, he could not help but ask curiously, "Is the Zhong clan very powerful?"

While Duan Ling Tian and Tan Xiu Teng were speaking through Voice Transmission, the white-clad young man looked at Hu Fei Yan and said arrogantly, "That's right. I'm the Young Master of the Zhong clan! How dare you kill my junior brother! I'll appease his soul today by killing all of you!"

"We'll see if you're capable of that, Zhong Yue!" Hu Fei Yan said as she stepped forward. Her Divine Energy, which was imbued with her law of space, surged, causing spatial tears to appear. At the same time, she brought her prime divine artifact, a Feng Shui compass, out.

The ground shook as the phenomenon of the law, which indicated Hu Fei Yan had comprehended the law of space to its perfect form, appeared in the sky.

Zhong Yue's expression darkened upon realizing his opponent was not simple. He recalled the eager and excited expression on Hu Fei Yan's face when she learned about his identity and speculated that she was likely on par with him. At the same time, he could not help but wonder when the Peaceful Might Realm had such a talented person. After all, he knew, or at least heard of, all cultivators who

were close to becoming peerless top advanced Supreme Gods in the Peaceful Might Realm, and she was definitely not among them.

At the same time, the green-clad young man's eyes brightened upon hearing Hu Fei Yan's words. He said to Zhong Yue with a smile, "Zhong Yue! She's as strong as you! It seems like you'll need our help..."

"Do you know her?" Zhong Yue asked with a slight frown on his face.

The green-clad young man looked at Hu Fei Yan again before he said, "If I'm not mistaken, she's Deputy Commander Hu Fei Yan of the Colossal Heaven Army. She's the adoptive daughter of the Commander of the Colossal Heaven Army in the Linked Solitary Realm."

Zhong Yue's expression turned unsightly upon hearing this. No wonder he did not recognize her. As it turned out, she was not from the Peaceful Might Realm.

Zhong Yue knew almost all of the cultivators close to becoming a peerless top advanced Supreme God in the Peaceful Might Realm, but he also knew their weapons of choice and their strongest laws. As for those outside of the Peaceful Might Realm, he might not have met them before or known them as well as those from the Peaceful Might Realm, but he had at least heard of them. As such, he had heard of Hu Fei Yan of the Colossal Heaven Army. He also knew that Hu Bu Gui, her adoptive father and the Commander of the Colossal Heaven Army, was slightly stronger than his ancestor. Not only that, but according to his ancestor, Hu Bu Gui actually came from the Three Great Sacred Realms. There were rumors that Hu Bu Gui was from a saint-rank force in the Three Great Sacred Realms. It was only natural that people were wary of those who came from saint-rank forces.

Zhong Yue took a deep breath, and his expression eased. After that, he cupped his fists together at Hu Fei Yan and said, "So it's Deputy Commander Hu. I won't introduce myself since you already know who I am. This young man next to me is Leng Jing. He's the nephew of the Clan Leader of the Leng clan in Frozen Land. As for this young woman, she's the daughter of the Clan Leader of the Linghu clan in the Divine Gateway. Her name is Linghu..."

Before Zhong Yue could finish speaking, Hu Fei Yan interjected, “You’re Linghu Yun Di? I heard that you’re invincible among those below the realm of peerless top advanced Supreme Gods in the Peaceful Might Realm.”

At the same time, Tan Xiu Teng fell into despair when he heard Zhong Yue’s introduction of his companions.

The Frozen Land’s Leng clan was on par with the Mount Tai’s Zhong clan in the Peaceful Might Realm. However, the Divine Gateway’s Linghu clan was among the strongest supreme-rank forces in the Peaceful Might Realm. The Linghu clan’s strongest supreme powerhouse was an imminent World Supreme Powerhouse comparable to Ku Mu’s father, Yuan He.

Although Zhong Yue’s attitude had changed compared to before, Tan Xiu Teng knew the other party would not let him go for killing the other party’s junior brother.

“Young master...” Tan Xiu Teng called out to Duan Ling Tian with a hint of desperation in his voice. In his opinion, Duan Ling Tian was his only hope now.

Chapter 4470 What’s Duan Ling Tian’s Choice?

In fact, Tan Xiu Teng was not 100% certain Duan Ling Tian could save him, but he was at his wit’s end. He continued to plead, frightened, “Young master, I killed those people because he was blocking our way. I was only carrying out your orders...”

It was not surprising that Tan Xiu Teng was frightened. After all, let alone the Linghu clan, the Leng clan and the Zhong clan were forces to be reckoned with in the Peaceful Might Realm.

‘She’s invincible among those below the realm of peerless top advanced Supreme Gods?’ Duan Ling Tian thought to himself. He ignored Tan Xiu Teng’s pleas and looked at the ordinary-looking young woman. He did not expect the other party to be so extraordinary. Even Hu Fei Yan seemed surprised.

“Deputy Commander Hu, you really live up to your reputation. I’m surprised you know me. The Linked Solitary Realm is far from the Peaceful Might Realm after all,” Linghu Yun Di said with a slight nod. Her voice was friendly, and she did not put on any airs at all.

!!

After a brief pause, Linghu Yundi added, “An elder whom I respect very much has a close relationship with your godfather. He told me several times that he would have visited your godfather in the Linked Solitary Realm if it were not for an incident that happened in the past. He said he was too embarrassed to meet your godfather after that incident.”

Zhong Yue’s expression darkened upon hearing these words.

Hu Fei Yan seemed surprised and confused.

On the other hand, Tan Xiu Teng’s eyes brightened when he heard Linghu Yun Di’s words. Perhaps, Linghu Yun Di would not stand on their side, but based on her words, there was a chance she might stay neutral. In his opinion, if Linghu Yun Di did not get involved, as long as Hu Fei Yan was willing, she would be able to save him.

‘I hope Deputy Commander Hu won’t object to protecting me for young master’s sake and also because of how diligent I have been...’ Tan Xiu Teng thought to himself anxiously. His life was at stake after all.

“I’ve never heard my godfather mention this matter before,” Hu Fei Yan said. Her expression had eased as well.

Linghu Yun Di was acknowledged as being invincible among those below the realm of peerless top advanced Supreme Gods. Although Hu Fei Yan had never fought with Linghu Yun Di before, she knew she was no match for Linghu Yun Di. With the varying strengths of cultivators in the same realm, it was not impossible for the strongest cultivator to kill the weakest cultivator in the same realm.

Linghu Yun Di sighed softly and said, “Perhaps, your godfather is still angry at the elder. This matter still weighs heavily in that elder’s heart. I hope Deputy Commander Hu will speak to your godfather on my elder’s behalf. He’s really regretful...”

Hu Fei Yan was startled by Linghu Yun Di’s modest behavior. At the same time, she wondered if Linghu Yun Di’s elder was also a supreme powerhouse. After a moment, she nodded and replied, “I’ll relay your message to my godfather.”

“Thank you,” Linghu Yun Di said sincerely. Then, she glanced at Zhong Yue and said tonelessly, “Zhong Yue, I won’t allow you to look for trouble with them. I heard that your junior brother was expelled by your master previously. He was a direct disciple of a supreme powerhouse, but instead of improving himself, he sank into depravity and even became a bandit. He should’ve known the risks of becoming a bandit. His actions were tantamount to seeking death. You can’t blame anyone for his death.”

Zhong Yue’s expression turned unsightly upon hearing these words. Earlier, Linghu Yun Di had followed them here because she was bored. He thought that he could use this opportunity to get close to Linghu Yun Di and forge a connection with the Linghu clan. He did not expect the situation to take a sudden twist at all.

Zhong Yue took a deep breath to calm down. Then, a warm expression appeared on his face as he said, “Miss Linghu, I won’t look for trouble with Deputy Commander Hu, but...” He trailed off and glanced at Tan Xiu Teng before he continued to say, “However, I won’t allow my junior brother’s murderer to escape!”

Upon hearing these words, Linghu Yun Di did not respond to Zhong Yue. Instead, she turned to look at Hu Fei Yan. If Hu Fei Yan wanted to protect Tan Xiu Teng, she would intervene on Hu Fei Yan’s behalf. She was willing to do this if it could help resolve the issue between her elder and Hu Bu Gui. She owed the elder for taking care of her for so many years, and she found it distressing to see her elder living in guilt. In the past, she had gone to Gui Lan City to meet Hu Bu Gui, but he refused to meet her when he found out that she was from the Linghu clan. As such, she hoped to resolve this matter through Hu Fei Yan.

Duan Ling Tian, who was silent until now, glanced at Hu Fei Yan. He had gotten to know her a little better during their journey, but he was uncertain about how she would respond to the words of Zhong Yue, the Young Master of Mount Tai’s Zhong clan. After all, she had no relations with and obligations toward Tan Xiu Teng.

At the same time, Tan Xiu Teng stared at Hu Fei Yan with pleading eyes.

“What do you think?” Hu Fei Yan asked. At the same time, she said through Voice Transmission, “With Linghu Yun Di’s presence, we’ll be able to save Tan Xiu Teng’s life now. However, the Zhong clan will definitely make a move later. Not only is Zhong Yue’s father the clan leader, but his ancestor is also the strongest supreme powerhouse in the clan. It’s said that the Zhong clan’s ancestor dotes on him as well. Zhong Yue is strong not only because of his innate talent and comprehension, but it’s mostly because of his ancestor.”

After a pause, Hu Fei Yan continued to say through Voice Transmission, “We’ll be able to avoid future troubles if we hand Tan Xiu Teng over to Zhong Yue.”
