Chapter 4581 A Dao Discourse

A hint of killing intent could be seen in Xiao Mu Bai's eyes when he looked at Yun Gu Feng. Today was the day Duan Ling Tian and Feng Qing Yang would share their insight and knowledge with the supreme powerhouses of the God Defying World. It was a once-in-a-lifetime opportunity, and he would not allow any accidents to happen.

“Lord Xiao, I...”

Yun Gu Feng paused in his tracks and smiled wryly at Xiao Mu Bai, who blocked his way. He was about to explain himself when he was interrupted.

“Yun Gu Feng, what are you trying to do? If you don't want to listen to Lord Duan and Lord Feng then you should leave!”

“Yun Gu Feng, if you intend to cause trouble for Lord Duan and Lord Feng, then you and the Yun clan should leave the God Defying World. You and your clan are not welcome in the God Defying World!”

“Yun Gu Feng, Lord Duan has yet to settle the score with you, but you dare to jump out first? You're quite bold!”

Yun Gu Feng was not among the weakest supreme powerhouses in the God Defying World, but he was only considered average or slightly below average. There were many people stronger than him in the God Defying World.

At this moment, except for the supreme powerhouses who had ties with him in the past, all the supreme powerhouses stronger than him spoke up one after another to condemn him. Moreover, waves of Divine Energy swept toward him one after another aggressively. It was as though they would attack and kill him as soon as he made the wrong move.

“Yun Gu Feng, you better explain yourself. Otherwise, you and your clan should leave the God Defying World,” the old man next to Xiao Mu Bai said coldly. As a Lord of the God Defying World, he really wanted Yun Gu Feng and the Yun clan to leave the God Defying World, never to return.

Yun Gu Feng was naturally aware of this. He smiled bitterly, feeling helpless. After a moment, he looked at everyone and said, “You’ve all misunderstood me. I don’t mean to cause any trouble for Lord Duan. In fact, I want to apologize to Lord Duan for the actions of the shameful descendant of my Yun clan. I’ve long expelled him from the clan.”

After that, Yun Gu Feng turned to Duan Ling Tian and bowed respectfully as he said, “Lord Duan, I had already expelled Yun Qing Yan from the Yun clan a long time ago. You may have heard of it, but I’ve also removed Yun Qing Yan’s father, Yun Ting Feng, from his position as the clan leader. As the saying goes, ‘Spare the rod, spoil the child’. Yun Qing Yan ran away, but I’ve imprisoned his father in the Yun clan after the migration to the new Divine Offering Land. I’ll hand him over for you to deal with, Lord Duan. If you want, say the word, and I’ll end his life immediately when I return to the Yun clan.”

Yun Gu Feng spoke earnestly, filled with the desire to survive.

Duan Ling Tian did not pay attention to Yun Gu Feng earlier even though he had seen Yun Gu Feng approaching him. After all, Yun Gu Feng was just an ordinary supreme powerhouse and posed no threat to him. However, he only knew now that the other party was the supreme powerhouse of the Yun clan in the Divine Offering Land.

Duan Ling Tian could not help but sigh emotionally upon hearing Yun Gu Feng's words. This was truly a world where the strong were revered.

In the past, Yun Qing Yan had acted arrogantly in front of Duan Ling Tian. However, when the ancestor of the Yun clan found out that Duan Ling Tian had obtained the liquid from the divine fountain from Xiao Mu Bai. Fearing the consequences of Yun Qing Yan's action, he expelled Yun Qing Yan from the Yun clan.

After Duan Ling Tian became a level-seven supreme powerhouse and surpassed World supreme powerhouses, the ancestor of the Yun clan also took the initiative to remove Yun Ting Feng from his position as the Clan Leader of the Yun clan.

Duan Ling Tian had heard about these matters from Xia Jie. For this reason, he did not plan to do anything to the Yun clan despite possessing the strength to easily annihilate the Yun clan. Moreover, he also knew that no one in the God Defying World would object to his actions if he had done so.

Duan Ling Tian looked at Yun Gu Feng and said expressionlessly, "You can deal with him as you see fit. Apart from that, you also have to deal with the other members of the Yun clan who had acted against me in the past. I don't plan to take action against those who didn't bear any ill intentions against me."

Yun Gu Feng was pleasantly surprised when he heard Duan Ling Tian's words. He quickly said, "Lord Duan, don't worry. I'll investigate the matter thoroughly after returning to the Yun clan. I'll definitely give you a satisfactory explanation!"

Yun Gu Feng was surprised by how reasonable and magnanimous Duan Ling Tian was. Not only did Duan Ling Tian choose to let the innocent go, but Duan Ling Tian also did not order him to leave immediately.

At this moment, Duan Ling Tian added, “When I find Yun Qing Yan in the future, I’ll definitely kill him!”

Upon hearing this, Yun Gu Feng said ruthlessly, “That b*stard! If I find him, I’ll definitely let him die without a burial place!”

Yun Gu Feng really hated Yun Qing Yan. After all, Yun Qing Yan almost destroyed the entire Yun clan. He decided to thoroughly interrogate Yun Ting Feng after he returned to the Yun clan to find out who else was involved in the matter and what else was done. He knew the crisis was not completely over yet. It would only be over if he handled the matter well.

“Lord Duan, you’re truly magnanimous. If Yun Gu Feng and the Yun clan dare to cause trouble in the future, I definitely won’t let them go!” a supreme powerhouse said in an attempt to curry favor with Duan Ling Tian. He also expressed his willingness to monitor the Yun clan.

After that, quite a few supreme powerhouses followed suit, expressing their wish to help Duan Ling Tian.

At the same time, seeing that Duan Ling Tian did not intend to do anything to Yun Gu Feng, a supreme powerhouse; who had a good relationship with Yun Gu Feng in the past, said through Voice Transmission, “Brother Yun, congratulations on getting through this calamity. I had to distance myself from you previously because I really couldn’t afford to offend Lord Duan. I hope you’ll forgive me.”

The other party continued to say, “However, Brother Yun, you must properly handle this matter that Lord Duan entrusted you with. You mustn’t show mercy to those people just because they are your descendants.”

Similarly, a few other supreme powerhouses who used to be close to Yun Gu Feng, send him similar advice.

With this, the minor incident involving Yun Gu Feng came to an end.

Following that, Feng Qing Yang spoke about the evolution of his Sword Dao to the supreme powerhouses of the God Defying World.

Currently, Feng Qing Yang's Sword Dao had evolved into the Time Sword Dao. However, not many supreme powerhouses in the God Defying World comprehended both the law of time and the Sword Dao at the same time so he focused more on speaking about the Sword Dao before he spoke about the Time Sword Dao.

The audience listened with rapt attention, feeling enlightened after they listened to him.

Chapter 4582 The Third Level-Seven Supreme Powerhouse

Let alone in the God Defying World, no one in the Myriad Worlds and Outer Boundary dared to claim that their comprehension of the Sword Dao was higher than that of Feng Qing Yang. Even Duan Ling Tian, who had comprehended the Sword Dao to the seventh stage, was still no match for Feng Qing Yang in this regard.

‘Master’s Sword Dao...’

Duan Ling Tian was also listening attentively to Feng Qing Yang as Feng Qing Yang spoke about his Sword Dao. He knew that there were still many things he could learn from his master.

Although Duan Ling Tian and Feng Qing Yang's Sword Dao shared the same source, as time passed, Duan Ling Tian's Sword Dao had branched out in a different direction according to the law he comprehended, which was the law of space. With the memories of the Void Elder, he completely forged a new path for his Sword Dao.

Nonetheless, Duan Ling Tian was still engrossed in listening to Feng Qing Yang. After all, despite the difference in their Sword Dao, he still benefited greatly from listening to Feng Qing Yang.

Apart from that, those who did not comprehend the Sword Dao but other Weapon Dao benefited greatly as well. Not only that, but those who did not comprehend the Weapon Dao but one of the other Daos of Heaven and Earth also felt like they could comprehend the Sword Dao after listening to Feng Qing Yang.

...

Initially, the supreme powerhouses from the God Defying World thought that Feng Qing Yang and Duan Ling Tian would deal with this matter perfunctorily and only take a day or two to complete the public discourse. Unexpectedly, it took three days and three nights for Feng Qing Yang alone to finish speaking.

"Little Tian..."

When Feng Qing Yang was done, he looked at Duan Ling Tian, indicating that Duan Ling Tian should take over now.

Feng Qing Yang's voice pulled the other supreme powerhouses back to their senses.

Then, Xiao Mu Bai and the other Lords of the God Defying World took the lead and bowed to sincerely express their gratitude to Feng Qing Yang. It was clear to everyone that Feng Qing Yang did not take the matter lightly, and he sincerely shared what he knew with them during the past three days and three nights.

“Thank you, Lord Feng, for sharing your insight and knowledge about Sword Dao with us!”

“I’ve shared all the important knowledge I have of my Sword Dao and didn’t speak much about the part related to my law of time. I hope I managed to provide some assistance to all of you,” Feng Qing Yang said with a smile, “Now, let my disciple share his knowledge and insight with us. To be honest, he has long surpassed me and my expectations. His Sword Dao isn’t inferior to mine. Not only that, but his comprehension of the Limitless Dao and the Mastery Dao is profound as well.”

Recently, Feng Qing Yang and Duan Ling Tian had sparred against each other without anyone’s knowledge. Both of them fought to a draw when Duan Ling Tian only used his Sword Dao. When Duan Ling Tian used his Mastery Dao as well, Feng Qing Yang was no match for him. It was also during this time that Feng Qing Yang discovered Duan Ling Tian’s profound comprehension of the Mastery Dao and Limitless Dao.

“Master, you’re overpraising me,” Duan Ling Tian said as he shook his head and smiled. Then, he turned to everyone and said, “My Sword Dao originated from that of my master. Most of our philosophies are the same. As such, I’ll share the knowledge and insight I gained after forging my own path.”

...

Duan Ling Tian spent a day and a night talking about Sword Dao after he branched out. He also occasionally demonstrated his Sword Dao.

Unsurprisingly, everyone, including Feng Qing Yang, was engrossed in listening to him. Feng Qing Yang was even greatly inspired by it.

Everyone knew that their Four Daos of Heaven and Earth were unique and different. Even if they started from the same source, they would eventually forge their own path as they continued to progress. As such, they knew they could replicate the master and disciple's Sword Dao and could only use it as a reference or an inspiration.

...

After Duan Ling Tian was done with the Sword Dao, he spoke about his Mastery Dao. Perhaps he was influenced by his master, he was also very sincere when he spoke, dedicating three days and three nights to the Mastery Dao before he moved on to speak about the Limitless Dao.

On the second day Duan Ling Tian spoke about the Limitless Dao, no one, including Duan Ling Tian and Feng Qing Yang, expected to be interrupted by a huge commotion.

Boom!

A thunderous sound rang out as clouds began to roil in the sky. Not long after, the heavenly text appeared in the sky again.

'Congratulations to Meng Han, a level-six supreme powerhouse from the Outer Boundary. Now that he has overcome the Fatal Heavenly Tribulation, he's poised to become the third level-seven supreme powerhouse after the historical gap, surpassing Saints and World supreme powerhouses!'

Duan Ling Tian was shocked by the heavenly text.

‘Meng Han from the Outer Boundary? He’s the Saint from the Jade Tide Heavenly Mansion in the Sacred Lightning Realm, the first person to enter the Heaven Traversing Pagoda. He successfully obtained the Heaven Protection Talisman and even overcame the Fatal Heavenly Tribulation without anyone knowing?’

Duan Ling Tian looked at Feng Qing Yang and saw the shock in Feng Qing Yang’s eyes as well.

Feng Qing Yang said through Voice Transmission, “Little Tian, Meng Han is quite remarkable. He’s a level-six supreme powerhouse, but he faced the Fatal Heavenly Tribulation without anyone noticing. He really concealed himself very well. I was just an intermediate Supreme God when I faced the Fatal Heavenly Tribulation, but it had caused a huge commotion.”

“I’m surprised as well. When I faced the Fatal Heavenly Tribulation as an advanced Supreme God, it caused a huge commotion as well and attracted many people’s attention. Fortunately, I managed to escape after that. Otherwise, I would have died.”

Obviously, Meng Han had found a very remote place to face the Fatal Heavenly Tribulation and also used some means to hide the commotion. With this, he did not have to worry about others deliberately interrupting him to sabotage him.

Needless to say, Xiao Mu Bai and the other supreme powerhouses were shocked as well.

“Someone from the Outer Boundary overcame the Fatal Heavenly Tribulation? He’s a Saint, or what we call World supreme powerhouses here!”

“I didn’t expect a World supreme powerhouse to overcome the Fatal Heavenly Tribulation. He must have obtained the Heaven Protection Talisman from the Heaven Traversing Pagoda!”

Suddenly...

‘Congratulations to Meng Han from the Outer Boundary. Shortly after overcoming the Fatal Heavenly Tribulation, he is now the third level-seven supreme powerhouse after the historical gap!’

Chapter 4583 Fang Yi Fan from the Transcendence World

“He broke through so quickly?!”

The supreme powerhouses from the God Defying World were ineffably shocked. From what they knew, Duan Ling Tian and Feng Qing Yang became level-seven supreme powerhouses after overcoming the Fatal Heavenly Tribulation. Among the two, Duan Ling Tian took longer to break through. A few of them looked at the duo and asked about the matter.

“This isn’t surprising,” Feng Qing Yang said, “Meng Han was already a level-six supreme powerhouse, a level away from becoming a level-seven supreme powerhouse. After overcoming the Fatal Heavenly Tribulation, it naturally wouldn’t take long for him to break through.”

Feng Qing Yang continued to say, “As for me, I faced the Fatal Heavenly Tribulation when I was just an intermediate Supreme God. After the tribulation, I became an advanced Supreme God first before becoming a supreme powerhouse. Thanks to the comprehension of my law and Sword Dao, I became a level-seven supreme powerhouse after that.”

“As for Little Tian, he was an advanced Supreme God when he overcame the Fatal Heavenly Tribulation. Before that, he had withheld from entering the realm of supreme powerhouses and ignored the pull from the realm of supreme powerhouses. I’m sure everyone knows why he did so. Under such circumstances, he had to forcefully break through the realm of supreme powerhouses even though he had already passed the Fatal Heavenly Tribulation. I’m sure all of you know how difficult it is to break into the realm of supreme powerhouses after ignoring the call the first time. For all these reasons, it took him the longest among the three of us to become a level-seven supreme powerhouse,” Feng Qing Yang explained.

The supreme powerhouses nodded, enlightened. In fact, they knew many things that Feng Qing Yang pointed out, but they did not put everything together. As such, they were confused when they found out that Meng Han had become a level-seven supreme powerhouse so quickly after overcoming the Fatal Heavenly Tribulation.

“I really didn’t expect the third level-seven supreme powerhouse to appear so soon...”

Many of the supreme powerhouses of the God Defying World were frowning. After all, the appearance of a level-seven supreme powerhouse from the Outer Boundary was not advantageous to the God Defying World. They had just gained the advantage when Duan Ling Tian and Feng Qing Yang became level-seven supreme powerhouses, but now, another one appeared after the appearance of the new entrances to the Heaven Traversing Pagoda.

“Based on this, does this mean there’s going to be many level-seven supreme powerhouses appearing soon?”

“Heaven is really unfair for giving them such a shortcut!”

Many supreme powerhouses from the God Defying World felt dissatisfied on Duan Ling Tian and Feng Qing Yang’s behalf, but the duo remained calm. The duo had long come to terms with this matter. Moreover, in their opinion, if there were no level-seven supreme powerhouses at all except for them, it would be too lonely. Without competition and motivation, their cultivation path would be dull.

At this time, upon hearing the words in his surroundings, the old man next to Xiao Mu Bai shook his head and said, “Even with the Heaven Protection Talisman to block three strikes from the Fatal Heavenly Tribulation, it’s still not easy for level-six supreme powerhouses to survive the tribulation.”

The old man sighed and continued to say, “It’s not as simple as you think. The Meng Han mentioned in the Heavenly Text should be the Meng Han I know. He’s a famous and powerful supreme powerhouse from the Sacred Lightning Realm’s Jade Tide Heavenly Mansion. When he was young, he was also a famous prodigy in the Outer Boundary. Just because it seems easy for him to overcome the Fatal Heavenly Tribulation, it doesn’t mean that it’ll be the same for the others. There were rumors that he perished during his previous Heavenly Tribulation. Who knew that he was still alive?”

The expressions of the supreme powerhouses who felt dissatisfied improved slightly after listening to the old man’s words.

At this time, Duan Ling Tian said, “Everyone, let’s return to what we were doing.”

Subsequently, Duan Ling Tian continued to speak about the Limitless Dao. His knowledge of the Limitless Dao originally came from the Elder Void’s memories, but he had also been studying it for some time. As such, he had made further progress.

Similar to the supreme powerhouses who were listening to Duan Ling Tian attentively, many people from the God Defying World felt dissatisfied on Duan Ling Tian and Feng Qing Yang’s behalf, wondering why heaven was so unfair to them and favor others.

...

Unsurprisingly, Meng Han's breakthrough did not only shock the God Defying World, but it also shocked the other Worlds, especially the Three Upper Worlds.

At this time, there were already a few people from the Three Upper Worlds who entered the Heaven Traversing Pagoda, but most of them returned unsuccessful. Among them, only two people successfully obtained the Heaven Protection Dao Talisman. One of them was Lei Hong; the World supreme powerhouse from the Sun Bright World, and Fang Yi Fan; the World supreme powerhouse from the Transcendence World.

Fang Yi Fan was widely acknowledged as the strongest World supreme powerhouse in the Transcendence Word while Lei Hong was among the strongest World supreme powerhouses in the Sun Bright World. Although they successfully obtained the Heaven Protection Talisman, they were not in a hurry to face the Fatal Heavenly Tribulation. After all, they needed to be fully prepared. However, after they saw the heavenly text that announced the breakthrough of Meng Han, a Saint from the Outer Boundary, they both felt a sense of urgency.

...

"Since Meng Han, that old geezer, managed to overcome the Fatal Heavenly Tribulation, I can't be any worse than him..." Lei Hong muttered to himself.

Lei Hong naturally knew who Meng Han was. Meng Han was from the same generation as his master. In the past, Meng Han had defeated his master during a sparring session. After he became a level-six supreme powerhouse, he tried to challenge Meng Han to avenge his master. However, he was told that Meng Han was not in the Jade Tide Heavenly Mansion. He had visited the Jade Tide Heavenly Mansion a few times but failed to meet Meng Han.

For this reason, he believed that Meng Han was either afraid to face him or Meng Han had been killed by the once-in-10,000-year Heavenly Tribulation. Perhaps, the Jade Tide Heavenly Mansion suppressed the news of Meng Han's death.

It was only after the appearance of the heavenly text today that Lei Hong confirmed that Meng Han was still alive. Just like him, Meng Han had obtained the Heaven Protection Talisman from the Heaven Traversing Pagoda. However, unlike him, Meng Han had already become a level-seven supreme powerhouse, joining the ranks of Duan Ling Tian and Feng Qing Yang.

“He shouldn’t avoid me if I visit him now, right?”

Lei Hong resisted the impulse to face the Fatal Heaven Tribulation immediately and quickly decided to visit Meng Han. He wanted to speak to Meng Han to decide if he was able to face the Fatal Heavenly Tribulation now.

...

Fang Yi Fan shared similar thoughts with Lei Hong. Similar to Lei Hong, he had endured many hardships to reach where he was. As such, he would not recklessly risk his life.

“Let’s seek guidance from Senior Meng Han first.”

With that, Fang Yi Fan quickly left the Transcendence World.

Chapter 4584 The Advantage Given by Heaven

While Lei Hong and Fang Yi Fan were making their way to the Outer Boundary to look for Meng Han, the other supreme powerhouses, who were originally waiting to enter the Heaven Traversing Pagoda, rushed to the entrances of the pagoda. All of them wanted to see if they could successfully pass the tests and obtain the Heaven Protection Talisman.

Up until now, those who failed only suffered injuries, and no one had died. Moreover, one could still enter the Heaven Traversing Pagoda to try again even after one failed. Only those who already obtained the Heaven Protection Talisman were prohibited from entering the pagoda again.

“A level-six supreme powerhouse overcame the Fatal Heavenly Tribulation!”

“If I didn’t know that the Heaven Protection Talisman was not transferable, I’d think that someone gave the talisman to Meng Han...”

“Come on! Let’s try our best to obtain the talisman and overcome the Fatal Heavenly Tribulation. Let’s strive to be the fourth level-seven supreme powerhouse after the historical gap!”

Many of the World supreme powerhouses in the Myriad Worlds no longer hesitated to enter the Heaven Traversing Pagoda. All of them could not wait to see how difficult it would be to obtain the Heaven Protection Talisman. Even those who had already failed once, not counting those who were injured and had yet to recover, could not wait to enter the pagoda again.

Among those who failed, quite a few of them were on par with Lei Hong and Fang Yi Fan. Their failure did not mean that they were inferior to the duo. They failed mostly because they were unlucky or careless during certain tests. They were 80% confident that they would be able to obtain the Heaven Protection Talisman the second time they entered the Heaven Traversing Pagoda.

...

Needless to say, there was a commotion in the Outer Boundary as well after the appearance of the heavenly text.

Many Saints who were originally hesitant also rushed to enter the Heaven Traversing Pagoda.

In the Azure Cloud Saint Sect.

“Old Meng has successfully overcome the Fatal Heavenly Tribulation and broke through in such a short time?”

Zhao An Yi was shocked when he saw the heavenly text. When he recovered his senses, he sent a congratulatory message to Meng Han despite the mixed feelings in his heart.

“Congratulations, Old Meng!”

A month ago, Zhao An Yi had met Meng Han and watched Meng Han enter the Heaven Traversing Pagoda. Meng Han was the first person to enter the Heaven Traversing Pagoda and challenge the tests in there.

After that, Zhao An Yi did not know what happened to Meng Han. He did not expect Meng Han not only successfully obtained the Heaven Protection Talisman, but Meng Han also quietly faced the Fatal Heavenly Tribulation and became a level-seven supreme powerhouse in just slightly over a month. To him, Meng Han’s speed was incredibly shocking.

It did not take long before Zhao An Yi received a reply from Meng Han.

“Little Zhao, you should’ve followed me into the Heaven Traversing Pagoda a month ago.”

Previously, Meng Han had run into Zhao An Yi before entering the Heaven Traversing Pagoda. At that time, he learned that Zhao An Yi did not plan to enter the pagoda immediately.

Meng Han, who had successfully obtained the Heaven Protection Talisman, was naturally knowledgeable about the situation inside the Heaven Traversing Pagoda. Moreover, he was now with Lei Hong and Fang Yi Fan who had entered the pagoda after him. As such, he managed to learn a thing or two from their experience as well.

“What do you mean, Old Meng?”

Meanwhile, Zhao An Yi’s heart skipped a beat when he heard Meng Han’s words. He could sense there was something hidden in Meng Han’s words. Based on Meng Han’s words, it seemed like he had missed out on something.

“The Sun Bright World’s Lei Hong and the Transcendence World’s Fang Yi Fan are visiting me at the Jade Tide Heavenly Mansion now. I learned that because Fang Yi Fan was the second person to enter the pagoda, heaven acknowledged his courage and determination so the difficulty of the tests was reduced by 20%. This naturally contributed greatly to his success in obtaining the Heaven Protection Talisman. He told me that he entered the pagoda more than a day after I entered. If you’d gone in after me, it wouldn’t be difficult for you to pass the tests and obtain the Heaven Protection Talisman after the difficulty was reduced by 20%.”

Zhao An Yi’s expression was quite unsightly when he heard these words. He did not expect such an absurd turn of events. Since when was heaven so considerate?

Soon enough, Meng Han’s message came again.

“Lei Hong from the Sun Bright World entered the pagoda an hour after Fang Yi Fan. As the third person to enter the pagoda, the difficulty of the tests was reduced by 10%, helping him to obtain the Heaven Protection Talisman.”

At this moment, Zhao An Yi could not help but wonder about Meng Han, the first person to enter the Heaven Traversing Pagoda. He asked in a slightly trembling voice, “Old Meng, you were the first to enter the pagoda... Heaven must have reduced the difficulty of the tests by a lot for you, right? The difficulty of the tests was reduced by 20% and 10% for the second and third person who entered the pagoda respectively... Was the difficulty reduced by 30% for you?”

Zhao An Yi was filled with regrets. If he could turn back time, he would enter the Heaven Traversing Pagoda to seize such an advantage.

“That’s right,” Meng Han replied, confirming Zhao An Yi’s speculation, “However, apart from the 30% reduction, after I successfully passed the tests and was rewarded with three talismans as promised, I was further rewarded with another talisman.”

Zhao An Yi felt as though his heart was bleeding when he heard these words. He regretted not entering the Heaven Traversing Pagoda ahead of Meng Han. Otherwise, he would have obtained the things Meng Han did.

“I have to say that the reason I was able to survive the Fatal Heavenly Tribulation was the fourth talisman. Three really weren’t enough. I was only about 10% confident I could survive the tribulation with three talismans. The fourth really changed things for me. Not only did it save my life, but it also helped me become the third level-seven supreme powerhouse after the historical gap.”

Meng Han’s words were nothing short of rubbing salt in Zhao An Yi’s wounds. He quickly ended the conversation by replying, “Old Meng, I have some matters to attend to. I’ll speak to you another time.”

After that, the regretful Zhao An Yi went to a secluded place to vent his frustration, destroying everything in his sight.

...

Meanwhile, Lei Hong and Fang Yi Fan bade farewell to Meng Han and left the Jade Tide Heavenly Mansion before returning to the Sun Bright World and the Transcendence World respectively. Their expressions were rather unsightly. After all, they did not expect Meng Han to be rewarded with a fourth Heaven Protection Talisman.

Chapter 4585 There's Someone Who Feels More Regretful Than All of You

After obtaining the Heaven Protection Talisman, Lei Hong and Fang Yi Fan knew that the talismans were not transferable. The talismans were bound to their owners, and if they gave the talismans up, the talismans would turn into dust.

After they obtained the Heaven Protection Talisman in the Heaven Traversing Pagoda, a reminder appeared in the pagoda, deterring them from forcefully seizing talismans from another person. Without the reminder, it was only natural that many people would try to obtain more talismans using other means. After all, the more talismans they possessed, the more they would be protected when facing the Fatal Heavenly Tribulation. Even one extra talisman could make a great difference.

...

Fang Yi Fan's expression remained unsightly even after he returned to the Transcendence World.

‘I thought I’d be even more confident about facing the Fatal Heavenly Tribulation after speaking to Senior Meng Han... Who knew that not only did it not make me feel more confident, but it also crushed all my initial confidence?’

Meng Han did not hide the fact that the fourth Heaven Protection Talisman he obtained played a great part in his success in surviving the Fatal Heavenly Tribulation. Moreover, according to him, he would have failed if he did not have the fourth talisman. His words were, “It would be impossible for me to survive the Fatal Heavenly Tribulation with only three talismans.”

After hearing all that, how could Fang Yi Fan not know how crucial the fourth Heaven Protection Talisman was?

‘It seems like I have to make more preparations before facing the Fatal Heavenly Tribulation... I can’t rush into it. I’ll just wait and observe for now...’

...

At the same time, Lei Hong who had returned to the Sun Bright World was also in a terrible mood. The result of his visit to the Jade Tide Heavenly Mansion was completely unexpected. However, although his confidence had taken a blow, he was not as depressed as Fang Yi Fan. He was going to make preparations and enter the Heaven Traversing Pagoda.

‘I have to make even more careful preparations. It doesn’t matter if I only have three talismans. I’m not afraid! I must become the fourth level-seven supreme powerhouse after the historical gap! Feng Qing Yang, Duan Ling Tian, Meng Han, it won’t be long before I catch up to all of you! At that time, I’ll definitely test Feng Qing Yang’s strength!’

Lei Hong had been harboring a grudge against Feng Qing Yang ever since Feng Qing Yang stopped him from entering the Heaven Traversing Pagoda. For this reason, he was determined to ‘seek guidance’ from Feng Qing Yang after becoming a level-seven supreme powerhouse himself.

...

At the Sacred Lightning Realm’s Jade Tide Heavenly Mansion in the Outer Boundary.

After Lei Hong and Feng Yi Fan’s departure, a group of Saints and World supreme powerhouses came to visit Meng Han. Similar to the duo, they hoped to gain information from Meng Han that could help them overcome the Fatal Heavenly Tribulation in the future. Many among them had already entered the Heaven Traversing Pagoda but failed to obtain anything. Apart from that, many of them were also injured. Otherwise, they would be in the Heaven Traversing Pagoda, trying to obtain the Heaven Protection Talisman again.

The other Saint of the Jade Tide Heavenly Mansion received this group of visitors and delivered disappointing news to them.

“I’m sorry to say that you’ve all come at the wrong time. My junior granduncle, Meng Han, left shortly after seeing the Sun Bright World’s Lei Hong and the Transcendence World’s Fang Yi Fan off.”

The group of supreme powerhouses was naturally disappointed, but their eyes lit up quickly when they heard the following words.

“However, my junior granduncle is aware of the purpose of your visit. It’s nothing more than to ask about the Fatal Heavenly Tribulation. He has relayed all the necessary information to me so I’ll share with you all I know.”

The group of supreme powerhouses listened to the Saint of the Jade Tide Heavenly Mansion speak about Meng Han's experience. All of them were dumbfounded when the Saint from the Jade Tide Heavenly Mansion finished speaking. Apart from shock, they also felt envious.

"The first person to enter the pagoda was rewarded by heaven? The difficulty of the tests was not only reduced by 30%, but he was also rewarded with an additional talisman?!"

"Did Lord Meng manage to enter the pagoda so quickly because there's an entrance near the Jade Tide Heavenly Mansion?" someone asked.

The Saint of the Jade Tide Heavenly Mansion shook his head and said, "No. My junior granduncle managed to enter the pagoda so quickly thanks to the Jade Tide Heavenly Mansion's connection to Lord Duan. Before becoming a level-seven supreme powerhouse, Lord Duan was a Guardian of our Jade Tide Heavenly Mansion's Golden Dragon Palace. Xiao Tian Ci, the Palace Master of the Golden Dragon Palace, asked for help from Lord Duan, hoping that Lord Duan would allow my junior granduncle to enter the pagoda through the main entrance."

After a brief pause, the Saint of the Jade Tide Heavenly Mansion continued to say, "I'm sure all of you know that Lord Feng is Lord Duan's master. Due to his loyalty, Lord Duan spoke to Lord Feng and allowed my junior granduncle to enter the pagoda using the main entrance."

The others were helpless when they heard these words, and they were also jealous. Why was the Jade Tide Heavenly Mansion so lucky to have connections with someone like Duan Ling Tian?

At this time, the Saint of the Jade Tide Heavenly Mansion asked, "I'm sure you've all heard that the Sun Bright World's Lei Hong and the Transcendence World's Fang Yi Fan have also successfully passed the tests in the Heaven Traversing Pagoda and obtain the Heaven Protection Talisman, right?"

Many people nodded.

“Yes.”

“Ha, that Lei Hong bragged about it to me! How could I not know?”

After that, they learned that the difficulty of the tests was reduced by 20% and 10% for Fang Yi Yan and Lei Hong respectively as the second and third person to enter the Heaven Traversing Pagoda. However, they were not rewarded with an additional Heaven Protection Talisman.

The supreme powerhouses grew even more jealous and regretful.

“Lei Hong didn’t mention this when he was bragging to me about it! If the difficulty of the test was reduced by 10%, I’m sure I would have succeeded as well!” a World supreme powerhouse from the Sun Bright World said. His strength was on par with Lei Hong, and he had higher seniority compared to Lei Hong. If they fought, he would not be at a disadvantage at all.

“Lei Hong and Fang Yi Fan got lucky as well...”

“If I had known about these things, I would have risked my life and tried to be the second person to enter the pagoda!”

The Saint from the Jade Tide Heavenly Mansion looked at the disappointed supreme powerhouses in front of him and said in an attempt to console them, “There’s someone who’s much more regretful than all of you... I heard from my junior granduncle that he ran into another person, who’s on par with him, and they both went to the Heaven Traversing Pagoda together...”

Chapter 4586 Zhao An Yi Is in a Terrible Mood

“That person is rather familiar with Lord Duan. I heard that Lord Duan also allowed him to enter the Heaven Traversing Pagoda through the main entrance after speaking to Lord Feng. If he had entered at that time, he could have become the first or second person to enter the pagoda. After all, Fang Yi Fan, the second person to enter the pagoda, only entered a day after my junior granduncle entered the pagoda.”

The group of supreme powerhouses was naturally shocked.

‘Who was that unlucky guy? He actually failed to seize such a golden opportunity?’

“Who was it?”

“Tell us so all of us can have a laugh!”

...

Meanwhile, Zhao An Yi calmed down slightly after venting his frustration in a remote place near the Azure Cloud Saint Sect. He took a deep breath before he returned to the Azure Cloud Saint Sect. He planned to stabilize his mood for a few days before he entered the Heaven Traversing Pagoda.

Just as he arrived, Zhao An Yi received a message from his junior nephew, Guo Lin.

“Junior uncle, I’ve captured Tuoba Lian Cheng, and I’m on my way back to the sect now. We can consider the task Lord Duan entrusted us complete. With this, we can give an explanation to Lord Duan when he visits.”

Guo Lin did not spare any effort to look for Tuoba Lian Cheng. He encountered several setbacks before he finally found Tuoba Lian Cheng after about a month.

“Alright,” Zhao An Yi replied, sounding exhausted. At the same time, he thought to himself, ‘This brat’s timing is really bad....’

After all, Zhao An Yi managed to calm down after great difficulty, but his emotions were thrown into turmoil again when Guo Lin mentioned Duan Ling Tian.

Previously, Duan Ling Tian had allowed him to enter the Heaven Traversing Pagoda through the main entrance. If he did not refuse at that time, he would have become the second person to enter the pagoda and obtain three Heaven Protection Talismans. He was truly filled with regret.

Zhao An Yi was prepared to enter the Heaven Traversing Pagoda and try his best to obtain the Heaven Protection Talisman. However, he was not very confident about his success. The most important thing to him was to learn as much as he could in the pagoda and familiarize himself with the pagoda. After all, he had heard that many people, who were on par with him or even slightly stronger than him, had failed to obtain the Heaven Protection Talisman.

‘Forget it... The past is in the past. I need to calm down. There’s no medicine for regret. Let’s forget about this matter,’ Zhao An Yi thought to himself in an attempt to console himself.

Zhao An Yi finally managed to calm down again when he suddenly received multiple messages.

After the appearance of the alternate entrances of the Heaven Traversing Pagoda, the Voice Transmission barriers in many territories had been removed so everyone could easily share information about the entrances to the Heavenly Traversing Pagoda.

For this reason, Zhao An Yi could still receive messages from his old friends outside of the Azure Cloud Saint Sect's territory.

Meanwhile, Zhao An Yi's expression grew increasingly dark as he listened to the messages.

"Old Zhao, I heard that you had the chance to become the first person to enter the pagoda but gave the chance to Old Meng. It seems like you really have great respect for your elders!"

"Little Zhao, you're really amazing. You actually didn't even try to enter the pagoda first and allowed Old Meng to enter first! If you didn't plan to enter, you should've spoken to Lord Duan and given the chance to me! If so, I would become the second person to enter the pagoda, not Fang Yi Fan!"

"Zhao An Yi, you old b*stard, you really messed up this time! To think you failed to cherish such a great opportunity! This is really hilarious! If you had rushed ahead, Old Meng might not be the first person to enter the pagoda, and you might have become the third level-seven supreme powerhouse after the historical gap!"

Zhao An Yi's expression was extremely dark, and a hint of dissatisfaction could be seen in the depth of his eyes. Only Duan Ling Tian, Feng Qing Yang, and Meng Han knew about this matter. In his opinion, it was impossible for Duan Ling Tian and Feng Qing Yan to leak the news; the culprit was undoubtedly Meng Han.

Zhao An Yi really wished he could slap Meng Han. However, Meng Han was now a level-seven supreme powerhouse. He could only swallow his anger before he sent a message to Meng Han.

“Old Meng, you’re really despicable. Must you tell everyone that I failed to seize the opportunity? How am I supposed to face the others in the future?”

After a long time, Meng Han still did not respond to Zhao An Yi. He wondered inwardly, ‘Is he not in the Outer Boundary? Or did the Jade Tide Heavenly Mansion put up the barriers again?’

After that, Zhao An Yi ordered his subordinate to put up the Voice Transmission barrier again, blocking all messages from coming in.

Before the barrier was put back in place, he received a few more messages mocking him. Although most of them did not have malicious intentions, he still felt greatly displeased. Fortunately, peace returned after the barrier was activated.

Zhao An Yi’s expression was fierce as he said through gritted teeth, “Once I have a breakthrough, I’m going to teach that old geezer a lesson!”

...

The Divine Offering Land in the God Defying World, one of the Myriad Worlds.

Xiao Mu Bai was listening to Duan Ling Tian speaking about the Limitless Dao when he received a message. Without drawing any attention to himself, he left silently. A hint of reluctance could be seen in his eyes when he turned back to glance at Duan Ling Tian.

After leaving the Divine Offering Land, Xiao Mu Bai quickly went to the entrance of the God Defying World.

The gatekeeper had previously sent a message to Xiao Mu Bai after the visitor announced his identity. He said to the visitor, “Lord Meng, this is Lord Xiao Mu Bai of our God Defying World.”

Before Meng Han responded, Xiao Mu Bai bowed slightly and greeted, “Xiao Mu Bai greets Lord Meng.”

At the same time, Xiao Mu Bai could not help but wonder about the purpose of Meng Han’s visit. Now that Meng Han had broken through, he wondered if Meng Han came to challenge Duan Ling Tian or Feng Qing Yang.

Meng Han said with a laugh, “Lord Xiao, there’s no need to be so formal. I’m here to express my gratitude to Brother Duan and Brother Feng.”

After becoming a level-seven supreme powerhouse, Meng Han’s confidence had been restored. As such, he also changed the way he addressed Duan Ling Tian and Feng Qing Yang.

“Are they in the God Defying World? If they are, I’ll have to trouble you to bring me to them,” Meng Han said.

Xiao Mu Bai quickly sent a message to Duan Ling Tian and Feng Qing Yang. After receiving a reply from the duo, he brought Meng Han into the God Defying World.

When Xiao Mu Bai and Meng Han arrived, Duan Ling Tian was still in the midst of speaking to the group of supreme powerhouses from the God Defying World.

Meng Hao was stunned. He could hear Duan Ling Tian speaking about the Limitless Dao, one of the Four Daos of Heaven and Earth. He was very familiar with the Limitless Dao. After all, he comprehended the Limitless Dao. Before he broke into the Forbidden Realm, he finally allowed his Limitless Dao, which he had suppressed for a long time, to break through. At that time, the breakthrough summoned the Fatal Heavenly Tribulation. Subsequently, he overcame the Fatal Heavenly Tribulation and became a level-seven supreme powerhouse.

Xiao Mu Bai said in a low voice, “Lord Duan is sharing his knowledge with the supreme powerhouses of the God Defying World. He sent me a message saying that’ll take more than a day before he’s done. He has asked me to arrange for a place for you to stay first. When he’s done, he and Lord Feng will visit you. Lord Feng also wants to listen to Lord Duan’s talk about the Limitless Dao.”

At this time, Duan Ling Tian and Feng Qing Yang looked at Meng Han briefly and nodded at him.

“It’s fine. I’ll listen to Brother Duan as well,” Meng Han said with a smile. Then, he added skeptically, “However, I remember hearing that the Dao of Heaven and Earth that Brother Duan is skilled in the Sword Dao, right?”

Although Meng Han had just started listening, he could tell that Duan Ling Tian’s Limitless Dao was not inferior to his. He was naturally shocked and confused.

“Yes, Lord Duan is skilled in the Sword Dao,” Xiao Mu Bai said with a nod, “However, Lord Duan also unexpectedly has a high comprehension of the Limitless Dao.”

Xiao Mu Bai did not reveal that Duan Ling Tian was also skilled in the Mastery Dao. After all, Meng Han was not from the God Defying World.

“What?” Meng Han was further shocked by Xiao Mu Bai’s reply. He knew that Duan Ling Tian’s comprehension of the Sword Dao was very profound. What shocked him was that Duan Ling Tian also had such a profound comprehension of the Limitless Dao.

‘What a monster!’

A hint of fear could be seen in Meng Han’s eyes as he turned to look at Duan Ling Tian. However, he soon became engrossed in listening to Duan Ling Tian as he discovered that many of Duan Ling Tian’s words were of great help to him.

...

More than a day passed in just a blink of an eye.

When Duan Ling Tian finally ended the talk, everyone wished they could listen to him more. They naturally did not forget to thank him.

“Thank you, Lord Duan, for sharing your knowledge with us.”

“Thank you, Lord Duan, Lord Feng!”

The group of supreme powerhouses did not leave immediately. Some of them left when they saw that Duan Ling Tian, Feng Qing Yang, and an unfamiliar old man had left. Quite a few stayed back to chat.

One person looked at Meng Han's back. He furrowed his brows for a moment before he suddenly exclaimed, "I know him! He's Meng Han! The Saint from the Jade Tide Heavenly Mansion in the Outer Boundary's Sacred Lightning Realm! He's the one mentioned in the recent heavenly text! He's the third level-seven supreme powerhouse after the historical gap!"

Some people who were about to leave paused in their tracks when they heard these words. Some of them looked at Xiao Mu Bai since they knew that Xiao Mu Bai had led Meng Han here.

"It's true. That's Lord Meng. He came to look for Lord Duan and Lord Feng," Xiao Mu Bai said.

A demi Saint said with a laugh, "Since Lord Meng came to look for the two lords so soon after his breakthrough, it shows that he has a good relationship with the two lords. This is definitely good for the God Defying World.

Indeed, this was a good thing.

Many people's eyes lit up upon hearing those words.

...

Duan Ling Tian, Feng Qing Yang, and Meng Han entered a pocket of space that Feng Qing Yang created from his Little World. He had left this pocket of space here in the Divine Offering Land so he could return to the God Defying World in an instant if something were to happen.

The independent space that Feng Qing Yang created looked like paradise. A small Divine Tree of Life was growing healthily in the center. There were mountains and rivers, and the air was fresh. The sounds of birds chirping rang melodiously while the fragrance of flowers permeated the air.

The trio entered a pavilion in front of a waterfall before Feng Qing Yang invited Duan Ling Tian and Meng Han to take a seat next to a tea table.

While Feng Qing Yang was brewing tea, Duan Ling Tian asked Meng Han with a teasing smile, “Did you come to show off the fact that you’re now a level-seven supreme powerhouse?”

Previously, Duan Ling Tian had watched Meng Han enter the Heaven Traversing Pagoda. At that time, he had wondered if Meng Han would successfully obtain the Heaven Protection Talisman. He also wondered if the Heaven Protection Talisman would help Meng Han survive the Fatal Heavenly Tribulation. Unexpectedly, in just a little over a month, not only did Meng Han obtain the Heaven Protection Talisman, but Meng Han also successfully overcame the Fatal Heavenly Tribulation.

“Of course not,” Meng Han said as he shook his head and smiled. Then, his expression turned serious as he continued to say, “I came to thank both of you. Not only that, but I also want to express my intention of repaying the favor to both of you. If there’s anything you need my help with in the future, I definitely won’t refuse as long as it’s within my capability!”

Duan Ling Tian and Feng Ying exchanged a look of surprise. They did not expect this from Meng Han. In their opinion, they did not do anything to help Meng Han. Moreover, Meng Han was now also a level-seven supreme powerhouse, but he was still very modest. There was no need for him to go to such lengths. After discussing the matter through Voice Transmission, they still could not figure it out.

Finally, Duan Ling Tian asked, “We didn’t help you with anything. Even if we didn’t allow you to enter through the main entrance, you would still be able to enter the pagoda eventually through one of the alternate entrances.”

“That’s not right. I was able to succeed because both of you allowed me to enter through the main entrance,” Meng Han said before he recounted what happened to Duan Ling Tian and Feng Qing Yang. After that, he said with a sigh, “Without the fourth talisman, it’s unlikely for me to survive the Fatal Heavenly Tribulation. Without it, at most, I have less than a 10% chance to survive.”

Duan Ling Tian and Feng Qing Yang were stunned. They did not expect that their casual decision to allow Meng Han to enter the Heaven Traversing Pagoda through the main entrance would result in this. It was completely out of their expectations that the first person to enter the Heaven Traversing Pagoda would have such rewards. It was truly unexpected!

“The difficulty was reduced by 30%? Not only that, but the most outrageous thing is on top of the three talismans, you’re also rewarded with an additional one after you successfully passed the tests!?”

Chapter 4588 Sparring

“Since the first person to enter the Heaven Traversing Pagoda was rewarded, the second person probably was rewarded as well, right?” Feng Qing Yang speculated out loud as he looked at Duan Ling Tian.

At this moment, Duan Ling Tian thought about someone, and a strange expression appeared on his face. He had thought about Zhao An Yi, the Saint of the Azure Cloud Saint Sect. Back then, Zhao An Yi had come to the Heaven Traversing Pagoda with Meng Han. At that time, he had told Zhao An Yi that he could also use the main entrance of the Heaven Traversing Pagoda, but Zhao An Yi said he had no plans of entering the pagoda yet.

Meanwhile, Meng Han said to Feng Qing Yang, “Indeed. The second person was also rewarded.”

Meng Han told Feng Qing Yang that Lei Hong and Fang Yi Fan from the Three Upper Worlds had visited him before he said, “The duo was the second and third person to enter the pagoda respectively. The second person to enter was Fang Yi Fan, and as a reward, the difficulty of the tests was reduced by 20%. As for Lei Hong who entered third, the difficulty of the tests was reduced by 10%. However, after passing the tests, they were not rewarded with an additional Heaven Protection Talisman.”

After a brief pause, Meng Han continued to say, “Based on the rewards the three of us received, I don’t think the fourth person will be rewarded.”

Duan Ling Tian and Feng Qing Yang continued listening to Meng Han.

“The tests in the pagoda aren’t easy. When I spoke to Lei Hong, he also said that he found it very difficult to pass the tests. As for Fang Yi Fan, he found the tests slightly easier. After all, he had a 10% advantage compared to Lei Hong.”

Duan Ling Tian and Feng Qing Yang also learned from Meng Han that as far as he knew, the three of them were the only ones who had successfully obtained the Heaven Protection Talisman so far. Lei Hong and Meng Han were from the Myriad Worlds, and Meng Han was the only one from the Outer Boundary to have obtained the Heaven Protection Talisman so far.

“In any case, I’ll like to congratulate you, Old Meng,” Duan Ling Tian said as he raised his teacup and toasted Meng Han with tea in place of wine, “From now on, you’ll be the strongest person in the Outer Boundary.”

Meng Han raised his teacup as well and laughed before he said modestly, “It’s only temporary. I know the limit of my strength. There are still a dozen or so people who were on par with me in the past in the Outer Boundary. When they break through, I’m not completely certain I’ll be able to defeat them.”

The trio continued chatting for a while before Meng Han revealed the second reason for his visit.

“After breaking through, I felt rather peerless. Currently, I’m truly peerless in the Outer Boundary. When I thought about both of you, I found myself eager for a sparring session. Apart from thanking both of you, I also came to spar with both of you. What do you think?” Meng Han asked with bright eyes.

“Oh?” Duan Ling Tian said, slightly surprised, “Old Meng, it seems like you’re very confident about your strength. Are you going to challenge the two of us at once?”

Upon hearing Duan Ling Tian’s words, Meng Han was so frightened that he spat out the tea in his mouth.

Feng Qing Yang reacted quickly and evaporated the tea so that it did not land on him and Duan Ling Tian.

Meng Han said with a hint of sullenness, “When did I say I want to challenge the two of you at once? I naturally plan to spar with you separately.”

Although Meng Han had just broken through, he was confident that he was not any weaker than Duan Ling Tian and Feng Qing Yang. However, fighting the two of them at once was nothing more than a fool’s errand. He did not have any confidence at all in fighting the two of them at once.

Duan Ling Tian nodded. Then, he looked at Feng Qing Yang and asked, “Master, do you want to fight Meng Han or should I go first?”

“I’ll go first,” Feng Qing Yang said as he rose to his feet. He smiled faintly before he continued to say to Meng Han, “Old Meng, my disciple has long surpassed me. If you can’t defeat me, then there’s no need to waste your time sparring with him.”

Meng Han’s eyes widened slightly upon hearing these words. However, when he recalled Duan Ling Tian’s profound comprehension of the Sword Dao and Limitless Dao, he did not doubt Feng Qing Yang’s words at all. Then, he said, “Even so, I still want to spar with him. After all, even if I lose, I can at least see the gap between us.”

For almost 10,000 years, Meng Han did not spar with anyone. He had been preoccupied with healing his injuries and preparing for the next Heavenly Tribulation. Now that he had survived the Fatal Heavenly Tribulation after entering the Forbidden Realm and becoming a level-seven supreme powerhouse, there was no doubt that he would survive his next once-in-10,000-year Heavenly Tribulation. With his current strength, he could live for tens of thousands of years or even 100,000 years.

“Old Meng, let’s spar,” Feng Qing Yang said. He was also very eager to fight Meng Han. He volunteered to go first because he was worried that Meng Han would not be in a state to fight after fighting Duan Ling Tian first. He could not wait to fight Meng Han. After all, when he sparred with Duan Ling Tian, he was completely defeated by Duan Ling Tian. This was not surprising because Duan Ling Tian was not only skilled in the Sword Dao, but Duan Ling Tian was also skilled in the Mastery Dao and the Limitless Dao. Unlike the laws where one could only use one law at a time, the Four Daos of Heaven and Earth did not have such a restriction. Coupled with the doppelganger of the law, Duan Ling Tian’s strength was even more terrifying. Just like Duan Ling Tian, his doppelganger could use the Sword Dao, Mastery Dao, and Limitless Dao as well. How could he possibly stand a chance against Duan Ling Tian?

They left the independent space to spar to prevent damage to the space, which was a part of Feng Qing Yang’s Little World, and found an abandoned space to spar in.

Then, Duan Ling Tian watched as his master and Meng Han fought.

Boom!

A thunderous sound rang in the air as Meng Han took the lead and attacked first. He was like a ferocious beast as he pounced toward Feng Qing Yang. The sounds of explosions rang in his wake as lightning flashed in the sky.

Chapter 4589 The Despondent Meng Han

Meng Han quickly cast his bloodline power and secret technique. A red-tinged translucent figure shot out from his body and vanished as quickly as it appeared. Subsequently, his body grew into monstrous proportions, resembling the translucent figure from earlier. He turned into a giant, emitting a red light. Apart from that, the air around him turned frosty. Based on this, it could be seen that he comprehended the law of ice. He was like a frost giant at this moment.

Meng Han brought his gigantic hand down on Feng Qing Yan. It was as though a dark shadow was looming over the entire world. His hand fell looking like he intended to squash Feng Qing Yang like a bug.

Feng Qing Yang looked extremely small in comparison. In fact, he was even smaller than one of Meng Han's fingers.

The surrounding temperature continued to drop. The terrifying cold quickly permeated the air, seemingly trying to freeze everything. Even the spatial tears seemed to be mending at a much slower rate at this moment.

Just as the hand was about to land on Feng Qing Yang, Feng Qing Yang suddenly vanished into thin air. It was as though he had used the Teleportation Profundity from the law of space. However, it was impossible for even the most skilled user of the law of space to cast the Teleportation

Profundity earlier due to the turbulent space. What he had done was used the law of time to slow and stop time briefly. He took advantage of the time and dodged when Meng Han was about to land.

Unsurprisingly, Meng Han and Duan Ling Tian, who did not use his Divine Consciousness, were caught unprepared by this technique.

“The law of time?!”

Meng Han quickly retreated a distance away after his attack missed. At the same time, a foreboding feeling rose in his heart. He had a feeling that Feng Qing Yang was going to follow up with an attack.

Swoosh!

As expected, as soon as Meng Han retreated, a sword ray that seemed capable of piercing time and space shot out toward where he was standing just a moment ago. A long tear appeared in the space immediately. Even from a distance, one could sense the terrifying killing intent of the sword ray.

Although Meng Han would not have been cleaved into two, if he did not retreat in time earlier, he would have been injured.

“I’m not going to hold back anymore,” Feng Qing Yang said calmly as his doppelgangers from the laws appeared one after another. Although his other doppelgangers were inferior to his doppelganger from the law of time, all of them could use the Sword Dao at the seventh stage.

Despite using his Limitless Dao and his bloodline power to turn into a giant, Meng Han fell into a disadvantageous position under the attack of Feng Qing Yang and his doppelgangers. Even if this

was a life-or-death battle, he was certain he could retreat even if he could not win. However, if he continued to fight, he knew he would die if it was a serious fight.

After a brief moment, Meng Han said with a sigh, "I'm no match for you."

Meng Han could not conceal the disappointment on his face as well. He clearly had a hard time accepting this outcome.

Feng Qing Yang was just an unknown intermediate Supreme God not too long ago. He rose to fame when he broke into the Forbidden Realm and overcame the Fatal Heavenly Tribulation before he became a level-seven supreme powerhouse.

In Meng Han's opinion, Feng Qing Yang likely did not have a solid foundation. He was rather confident that even if he could not thoroughly defeat Feng Qing Yang, he would have the upper hand. The outcome was beyond his expectations.

Feng Qing Yang had rich combat experience and was not inferior to Meng Han. Apart from that, Feng Qing Yang's law of time surpassed his law of ice, displaying the superiority of the Four Supreme Laws. Although he had the bloodline power, Feng Qing Yang made up for that advantage with his doppelgangers. Even if the doppelgangers were not as strong as Feng Qing Yang, they were not to be underestimated. Even with his current strength, he did not dare to underestimate them.

After Meng Han admitted defeat, Feng Qing Yang smiled faintly and said with a nod, "That was a great match."

At the same time, Feng Qing Yang felt that his confidence, which was previously demolished by his disciple, had returned. He was not bothered that his disciple defeated him, but his confidence still suffered a blow. Fortunately, his confidence seemed to have returned after he defeated Meng Han.

He even thought that if other level-seven supreme powerhouses appeared, they might not be a match for him.

“As expected of Duan Ling Tian’s master. Your strength is impressive,” Meng Han said. Then, he sighed before he turned and said to Duan Ling Tian, “I don’t doubt that you’re stronger than your master, but I’d still like to spar with you to see the difference in our strength. Please give me some time to recover my energy before I spar with you. Don’t hold back please and attack with all your might. I want to see how long I can last against you.”

In Meng Han’s eyes, Duan Ling Tian was even more terrifying than before. Not only was Duan Ling Tian’s Sword Dao at the seventh stage, but his Limitless Dao seemed to be at the seventh stage as well. At the very least, his Limitless Dao was already at the sixth stage. He knew that if Duan Ling Tian used the two Daos, he would not be able to last long in the fight at all.

...

After Meng Han recovered and sparred with Duan Ling Tian, he discovered that his speculation was right. He was thoroughly defeated. He was in a daze as he bade Duan Ling Tian and Feng Qing Yang farewell, unable to recover for a long time. At the same time, he wondered if Duan Ling Tian could be considered human with his strength.

Meanwhile, Feng Qing Yang looked at the despondent Meng Han sympathetically. Then, he shook his head and said to Duan Ling Tian with a wry smile on his face, “Little Tian, don’t you think you went too hard on him? No matter what, you’re still a member of the Jade Tide Heavenly Mansion, right?”

Duan Ling Tian scratched his head and smiled sheepishly. “He told me not to hold back, right?”

Feng Qing Yang sighed and said, "I didn't expect you to hold back so much when we fought previously."

After saying that, Feng Qing Yang sat cross-legged and closed his eyes. In just a blink of an eye, a sword ray shot out of his body. It spun around him at alternating speeds, stopping and moving again at intervals. Feeling defeated, he wanted to continue comprehending the Sword Dao, hoping to make progress so he could catch up to his disciple.

Seeing this, Duan Ling Tian only smiled awkwardly before he took his leave.

...

"Ke'er should recover soon, right?"

Recently, Duan Ling Tian had been observing Ke'er, who was recovering in his Little World. He could sense her condition was improving, and it seemed like it would not take long before she regained consciousness.

"I wonder who will be the next level-seven supreme powerhouse..." Duan Ling Tian wondered out loud. He was rather curious about this.

After listening to Meng Han's words, it was not difficult for Duan Ling Tian to guess that all the level-six supreme powerhouses in the Myriad Worlds and the Outer Boundary must have made preparations. In his opinion, it was not a problem for them to obtain the Heaven Protection Talisman. He speculated that at least half of these people could successfully overcome the Fatal Heavenly Tribulation.

Chapter 4590 Zhao An Yi Enters the Heaven Traversing Pagoda

At this moment, Duan Ling Tian faintly anticipated the appearance of more level-seven supreme powerhouses in the world. With that, he would not have to deal with the loneliness of standing at the top.

Duan Ling Tian also wondered what the mysterious heaven would do next.

In the past, heaven did not have any movement because there were no level-seven supreme powerhouses after the gap in history. However, heaven made itself known after he overcame the Fatal Heavenly Tribulation. The heavenly text appeared, announcing his deed to the world. Prior to this, neither he nor the group of old men from the God Defying World had heard of heaven intervening in such a way. Naturally, heaven could only intervene indirectly, not directly.

“When there were no level-seven supreme powerhouses, heaven didn’t create the Heaven Traversing Pagoda to give out the Heaven Protection Talisman. Those things only appeared after master and I became level-seven supreme powerhouses. It’s clear that heaven is targeting us. According to the Void Elder’s memories, heaven can’t directly attack a person. It makes sense for heaven to target us with this method. However, could it be a coincidence? What if the appearance of the Heaven Traversing Pagoda was not intentional? What if its appearance was triggered by the appearance of the first level-seven supreme powerhouse after the historical gap? Is there really such a coincidence?”

Based on how much the Void Elder resented heaven, Duan Ling Tian was more inclined to believe that heaven was targeting him and his master. He believed that heaven had intentionally created the Heaven Traversing Pagoda.

“No matter what, I’m not afraid. I’ll face everything as it comes,” Duan Ling Tian said as his eyes shone with determination and ferocity.

In the past, when he was weak, he had never been afraid. He continued to advance and overcome many obstacles and life-death situations before he finally reached the peak. He did not let the difficulties overwhelm him, and he did not falter. Now that he was standing at the peak, he was naturally even more fearless.

“Moreover, I have the Void Elder’s memories. With them, I can learn many things in a short time. It shouldn’t take long for me to catch up to him and become a level-nine supreme powerhouse! I might even be able to enter the mysterious realm that Void Elder speculated about and gain the power to resist heaven. I wonder what kind of realm can give someone the strength to stand shoulder to shoulder with heaven.”

Duan Ling Tian was unsurprisingly curious about the mysterious realm in the Void Elder’s memories that could grant one strength comparable to that of heaven. He also knew that it was only a speculation, but he still could not help but look forward to it.

...

At the Azure Cloud Saint Sect in the Outer Boundary.

“Guo Lin, since you’re here, I’ll leave the sect to you as usual,” Zhao An Yi said seriously to Guo Lin, who had just brought Tuoba Lian Cheng back, “Lord Duan should be coming soon. If I have yet to return from the Heaven Traversing Pagoda, receive him on my behalf, and hand Tuoba Lian Cheng and Han Jiang to him.”

Guo Lin nodded in agreement.

After that, Zhao An Yi left for the nearest entrance to the Heaven Traversing Pagoda. He really could not wait anymore. Initially, he planned to take his time, but whenever he recalled what he had missed, he became very frustrated. In the end, he decided to enter the Heaven Traversing Pagoda

first. Even if he failed to obtain the Heaven Protection Talisman on his first try, he could at least accumulate experience. It would only be a matter of time before he obtained the Heaven Protection Talisman. At that time, he would also become a level-seven supreme powerhouse like Meng Han from the Jade Tide Heavenly Mansion.

Previously, Zhao An Yi had heard from those who had already entered the Heaven Traversing Pagoda that some people stayed in the pagoda for half a month and some stayed for more than a month. Lei Hong and Fang Yi Fan, who successfully obtained the Heaven Protection Talisman, stayed in the pagoda for less than a month.

Passing the tests in the Heaven Traversing Pagoda depended not only on one's strength but also efficiency. If one was efficient, one would exhaust less energy. If one exhausted less energy, one would be able to cope with the subsequent tests better. This was common sense.

...

Zhao An Yi planned to take his time and stay there for more than a month, but who knew he would be forced to come out after 21 days?

He spat out a mouthful of blood. His face was pale, and a hint of fear could be seen in his eyes at this moment.

"The tests are really difficult. I can deal with the tests if I'm at my peak, but the earlier tests have drained me..."

Zhao An Yi reflected on his experience and sighed. He felt that he had used too much energy in each test.

“When I go in again, I have to be more efficient and conserve more energy... I’ll recover my injuries before entering again. I’ll definitely obtain the Heaven Protection Talisman. At most, I have to enter the pagoda a few times.”

Zhao An Yi was injured now and vulnerable to attacks. Although he had many friends in the Outer Boundary, he also had many enemies. Not many people knew he had entered the Heaven Traversing Pagoda previously, but he still had to guard against his enemies. As such, he sent a message to Guo Lin to escort him back to the Azure Cloud Saint Sect.

...

During the journey, Guo Lin did not sense anything wrong with Zhao An Yi because the latter had mobilized his Divine Consciousness. However, as soon as they arrived and Zhao An Yi withdrew his Divine Consciousness, he gasped in shock.

“Why are you so badly injured?”

“It can’t be helped. It’s my first time entering the pagoda after all,” Zhao An Yi said with a helpless expression before he recounted his experience in the Heaven Traversing Pagoda.

“I’m not sure if you’ll encounter the same tests I did when you enter the pagoda, but it’ll definitely do you good to learn from experience. It might help you avoid some trouble in the future,” Zhao An Yi said.

Guo Lin listened carefully, too afraid to miss any detail.
