

Sovereign 4621

Chapter 4621 Slow and Steady

After Duan Ling Tian broke through and became a level-seven supreme powerhouse, his two children, Duan Nian Tian and Duan Si Ling, were wandering the world when he was reunited with his parents and his wives. Later, when they returned, they followed him to the Divine Offering Land. They were also the first to tell him that they wanted to venture outside.

In fact, it was due to his children's influence that his wives also wanted to travel the world. They did not want to be outshone by the younger generation, after all. That was how he became a 'lonely man'. Fortunately, they were all in his Little World so he could meet them at any time.

"Father, did Si Ling ask for your help?"

Duan Ling Tian's doppelganger from the law of time did not expect to hear this as soon as he met Duan Nian Tian.

'Is this kid competing with his sister?'

"No," Duan Ling Tian replied. He did not care if this would make his son feel defeated. He had heard that when he was not around in the past, his son was very impatient and that he had a close brush with death a few times. Li Fei, Duan Nian Tian's mother, told him that the reason for their son's rashness was due to him feeling like he was not as strong as his sister.

Duan Si Ling, thanks to Feng Qing Yang's guidance, had a very profound comprehension of the law of time. Her cultivation was no superior to that of Duan Nian Tian, but her comprehension of the law was indeed better than that of Duan Nian Tian.

Currently, Duan Nian Tian had already grown into an adult. He was tall and handsome, and his eyes were similar to those of Duan Ling Tian. As for his other features, he took after his mother, Li Fei.

“She didn’t?” Duan Nian Tian could not hide his disappointment when he heard his father’s reply.

At this time, the people who surrounded Duan Nian Tian and intended to kill him were surprised by the sudden appearance of a purple-clad young man. They looked fearful, unable to figure out how he had seemingly appeared out of thin air. This meant that he was much more powerful than them.

“Who are you?”

“Didn’t you hear how he addressed me?” Duan Ling Tian replied casually as he glanced at the people in the surroundings. He raised his hand, causing the void to shake.

The few people were shocked. Following that, their bodies trembled before they began to age rapidly. The middle-aged men turned into old men swiftly while the old men turned into corpses. In the end, all of them turned to dust.

With the law of time, these people quickly turned to dust. The so-called eternal life was nothing but a joke in front of the law of time.

However, it had to be said that the law of time looked especially domineering this time because the few people were much weaker than him. If they were even the weakest supreme powerhouses, Duan Ling Tian would not have been able to do it so easily.

“The law of time...”

Duan Nian Tian’s expression turned gloomier when he saw Duan Ling Tian’s law of time. He knew that his father’s strongest law was the law of space. He could not help but wonder if his father had deliberately used the law of time to remind him that he could not catch up to his sister. After all, his sister’s strongest law was the law of time.

Duan Ling Tian was unaware of his son’s thoughts. Otherwise, he would have kicked his son. After all, this was his doppelganger from the law of time. Apart from the law of time, what other law could his doppelganger use?

Although Duan Ling Tian was unaware of Duan Nian Tian’s current thoughts, he knew that his son liked to compare himself to his daughter so he said, “I know you’re headstrong, and you like to compare yourself to your sister. However, you shouldn’t be so shortsighted. If you want to compare, you should compare yourself to me. What’s the point of comparing yourself to your sister? Moreover, your sister’s profound comprehension of the law of time was due to her fortuitous encounter. Since I already gave you a Supreme Powerhouse Divinity, your comprehension of the law will catch up to hers sooner or later. The gap between both of you will definitely grow smaller and smaller. There’s no need to rush when cultivating. Slow and steady win the race.”

Duan Nian Tian’s expression was normal when he heard the first half of Duan Ling Tian’s words, but when he heard the second half of Duan Ling Tian’s half, his expression turned strange.

After he located his daughter, he quickly went to her and discovered that she was cultivating in an inn in a city. The surroundings were peaceful, and there was no danger. Upon seeing this, he nodded in satisfaction. At least he could rest assured with his daughter.

...

Duan Ling Tian, who was in the Myriad Laws Academy's Inner Palace faction with his seniors, naturally knew what happened from his doppelganger of the law of time.

This was his first time meeting his Eldest Senior Sister, Huangfu Meng Yuan. Previously, when he visited the Inner Palace faction, he did not see her. She had just returned, but left just as quickly after bringing his two senior brothers with her to the Outer Boundary.

After getting to know Huangfu Meng Yuan, he could not but sigh in amazement at how extraordinary she was. Her talent was not inferior to men at all. Coupled with her fortuitous encounters, she had achieved so much at such a young age.

Among the supreme powerhouses in the God Defying World, Xiao Mu Bai was the youngest imminent World supreme powerhouse in the God Defying World. However, when Huangfu Meng Yuan broke through, she also broke his record.

At this moment, Huangfu Meng Yuan asked, "Tell me, junior brother. Do you think I made the right choice by entering the realm of supreme powerhouses first before facing the Fatal Heavenly Tribulation?"

Duan Ling Tian replied with a smile, "Eldest Senior Sister, the Fatal Heavenly Tribulation for advanced Supreme Gods isn't that simple as well. Otherwise, it doesn't make sense that there weren't any advanced Supreme Gods in the Myriad World and Outer Boundary who survived the Fatal Heavenly Tribulation after the historical gap until recently..."

Duan Ling Tian also knew that a large part of his success in overcoming the Fatal Heavenly Tribulation was thanks to the Void Elder's memories.

Chapter 4622 The Heavenly Text Appears Again

Without the Void Elder's memories, Duan Ling Tian felt that he had less than a 30% chance of surviving the Fatal Heavenly Tribulation even if he was just an advanced Supreme God.

"I'm afraid it'll still be very difficult even with the talismans," Huangfu Meng Yuan said with a wry smile, "Although the Sun Bright World's Lei Hong successfully overcame the Fatal Heavenly Tribulation, after the Transcendence Word's Fang Yi Fan was killed by the Fatal Heavenly Tribulation, many World supreme powerhouses are even more hesitant about facing the Fatal Heavenly Tribulation. Moreover, who knew if any of them had died after facing the Fatal Heavenly Tribulation? These are the two reasons there aren't any new level-seven supreme powerhouses after Lei Hong..."

Although Huangfu Meng Yuan had just become an imminent World supreme powerhouse, she was very well-informed. Moreover, she was also very familiar with a Saint in the Outer Boundary. The Saint treated her very well in the past because she was a peerless top advanced Supreme God.

"I heard that Lei Hong took a long time to recover from his injuries from the Fatal Heavenly Tribulation even after he became a level-seven supreme powerhouse. It took a long time before he finally returned to the Cyan Swan Saint Sect," Huangfu Meng Yuan continued to say with a frown.

She had made her breakthrough after Lei Hong successfully overcame the Fatal Heavenly Tribulation. Before that, Meng Han from the Outer Boundary was also successful. For these reasons, she had felt hopeful about her chances. Unexpectedly, not long after she became an imminent World supreme powerhouse, she heard that the Transcendence World's Fang Yi Fan, who was not any weaker than Lei Hong, was killed by the Fatal Heavenly Tribulation. Not only that, but after that, there were no more heavenly texts announcing the successes and breakthroughs of Saints and World supreme powerhouse. For all these reasons, she felt rather demotivated.

"As for the Saint from the Outer Boundary who broke through before Lei Hong, I heard that he was rewarded with an additional Heaven Protection Talisman. Thanks to the four Heaven Protection Talismans, he was able to overcome the Fatal Heavenly Tribulation with minimal injuries and recover quickly."

Duan Ling Tian shook his head and said with a smile, “Eldest Senior Sister, there’s no need to worry so much. Like I said earlier, after obtaining the Heaven Protection Talisman from the Heaven Traversing Pagoda, you just have to make sure you’re well-prepared before facing the Fatal Heavenly Tribulation.”

“Many people rushed to face the Fatal Heavenly Tribulation because their once-in-10,000-year Heavenly Tribulation was fast approaching, and they were afraid they would not be able to survive it. However, you’re so young so there’s no need for you to rush. Lei Hong and Fang Yi Fan were indeed very powerful World supreme powerhouses in the Myriad Worlds, but were they the strongest? Lei Hong is considered relatively young among the World supreme powerhouses, but when he was your age, was he as strong as you? After obtaining the Heaven Protection Talisman, comprehend the Devouring Dao to the seventh stage. At the same time, comprehend a few more laws to the perfect form. If it’s possible, it’s best if you can comprehend a second law to the paramount stage. With that and the Heaven Protection Talisman, I don’t think you need to worry about failing to overcome the Fatal Heavenly Tribulation. To be honest, for a talented person like you, I don’t think you need to worry about the Fatal Heavenly Tribulation with the Heaven Protection Talisman alone.”

Duan Ling Tian had come to this conclusion after speaking to Zhang Shan, who moved his clan to the God Defying World from the Transcendence World. Zhang Shan had a very profound understanding of the World supreme powerhouses in the Myriad Worlds after all.

According to Zhang Shan, before his and his master’s breakthrough, Lei Hong was considered young among the World supreme powerhouses in the Myriad Worlds. He comprehended his laws to increase his strength, surpassing many World supreme powerhouses. Due to his young age, he also did not have to worry about the once-in-10,000-year Heavenly Tribulation.

If Lei Hong did not rush to face the Fatal Heavenly Tribulation and waited another 10,000 or 20,000 years to increase his strength, it would have been much easier for him to overcome the Fatal Heavenly Tribulation.

As for Fang Yi Fan, he was not too old as well. At his age, the once-in-10,000-year Heavenly Tribulation was no threat to him yet. He was likely affected by Lei Hong’s breakthrough and rushed

to face the Fatal Heavenly Tribulation, which unfortunately resulted in his death. Perhaps, he would have survived if he was not so impatient.

Meanwhile, Huangfu Meng Yuan's eyes lit up after listening to Duan Ling Tian's encouraging words. It felt like her confidence had returned to her again. Indeed, she was still young. She had not even faced the first once-in-10,000-year Heavenly Tribulation that supreme powerhouses had to face, but she was already an imminent World supreme powerhouse. As long as she kept raising her Devouring Dao and laws, she would soon become a World supreme powerhouse.

At this time, Duan Ling Tian seemed to have noticed something, and he looked up at the sky.

The originally clear sky in the realm where the Inner Palace faction was located suddenly turned dark as lightning began to flash.

Duan Ling Tian was already familiar with this phenomenon. He laughed and said, "We were just talking about this. I didn't expect that someone would coincidentally overcome the Fatal Heavenly Tribulation at this time."

After becoming a level-seven supreme powerhouse, Duan Ling Tian's five senses had become heightened, far surpassing those of World supreme powerhouses. As such, he was the first to notice the phenomenon before it even manifested.

This phenomenon was similar to the phenomena that appeared when Meng Han and Lei Hong successfully overcame the Fatal Heavenly Tribulation as well. There was no doubt that the heavenly text was going to announce someone's success in overcoming the Fatal Heavenly Tribulation again.

'Who could it be?' Duan Ling Tian wondered as he looked at the sky curiously.

...

There was an expectant expression on his face as he murmured to himself, “I wonder who’s the fifth person to survive the Fatal Heavenly Tribulation... Is it a Saint from the Outer Boundary or a World supreme powerhouse from the Myriad Worlds?”

...

When the deafening roar of thunder rang in the air, everyone looked up at the sky in shock. More and more people guessed what was going to happen next.

“This... Is the heavenly text going to appear?”

“Did someone overcome the Fatal Heavenly Tribulation?”

“Who is it?”

...

At the same time, many Saints and World supreme powerhouses, who had obtained the Heaven Protection Talisman from the Heaven Traversing Pagoda but did not dare to face the Fatal Heavenly Tribulation yet, wore hopeful expressions on their faces.

They watched with rapt attention as the dark clouds parted and the golden heavenly text appeared in the sky.

Chapter 4623 Agu Li

‘Congratulations to Agu Li, the level-six supreme powerhouse from the Primordial World. Now that he has overcome the Fatal Heavenly Tribulation, he’s poised to become the fifth level-seven supreme powerhouse after the historical gap, surpassing Saints and World supreme powerhouses!’

Just as expected, someone had successfully overcome the Fatal Heavenly Tribulation. This time, the person was also a World supreme powerhouse from the Myriad Worlds.

Upon this discovery, many natives of the Outer Boundary were dissatisfied and unhappy. After all, the Outer Boundary only had one level-seven supreme powerhouse.

“Why is it always a World supreme powerhouse from the Myriad Worlds, not a Saint from our Outer Boundary?”

“What’s going on? Are World supreme powerhouses so powerful?”

“Five people have overcome the Fatal Heavenly Tribulation and become level-seven supreme powerhouses, but four of them are from the Myriad Worlds. Does heaven favor the Myriad Worlds over the Outer Boundary?”

...

Almost everyone thought that it was a foregone conclusion that the fifth person to overcome the Fatal Heavenly Tribulation would soon become a level-seven supreme powerhouse, and they were proven right when the heavenly text appeared again.

‘Congratulations to Agu Li from the Primordial World on successfully becoming the fifth level-seven supreme powerhouse after the gap in history, surpassing Saints and World supreme powerhouses.’

It was not unprecedented to become level-seven supreme powerhouses shortly after overcoming the Fatal Heavenly Tribulation. Both Meng Han from the Outer Boundary and Lei Hong from the Sun Bright World quickly became level-seven supreme powerhouses after overcoming the Fatal Heavenly Tribulation. This was because they were already level-six supreme powerhouses when facing the Fatal Heavenly Tribulation.

Unlike Lei Hong and Meng Han, Duan Ling Tian and Feng Qing Yang from the God Defying World did not become level-seven supreme powerhouses immediately after overcoming the Fatal Heavenly Tribulation. Feng Qing Yang took a shorter time to break through while Duan Ling Tian took a longer time to break through. Needless to say, everyone above the realm of advanced Supreme Gods knew the reason for the delay.

...

In the realm where the Myriad Laws Academy’s Inner Palace faction was located.

Duan Ling Tian, who was with his seniors, raised an eyebrow.

“Agu Li...”

Duan Ling Tian had heard of Agu Li.

Agu Li was one of the top World supreme powerhouses in the Three Upper Worlds who was on par with Lei Hong and Fang Yi Fan. Not only that, but he was also younger than Lei Hong and was the strongest among the younger generation.

Duan Ling Tian remembered hearing from Xiao Mu Bai that before Fang Yi Fan was killed by the Fatal Heavenly Tribulation, Agu Li had already obtained the Heaven Protection Talisman. However, he did not face the Fatal Heavenly Tribulation immediately. Based on his success, it seemed that he was wise to wait until today to face the Fatal Heavenly Tribulation.

“This Agu Li from the Primordial World must have been well-prepared,” Huangfu Meng Yuan, Duan Ling Tian’s Eldest Senior Sister, said. Her confidence was dealt a blow after Fang Yi Fan’s death, but it was boosted by Duan Ling Tian’s words. With Agu Li’s success, her confidence rose higher than before. After all, Lei Hong and Agu Li were no match for her when they were her age. If they could succeed, there was no reason why she could not.

...

Unsurprisingly, the Myriad Worlds, including the Primordial World, were in an uproar.

Fang Yi Fan’s demise caused many World supreme powerhouses and Saints to restrain themselves. They no longer dared to rush to face the Fatal Heavenly Tribulation even though they had obtained the Heaven Protection Talisman.

“Agu Li successfully overcame the Fatal Heavenly Tribulation!”

“It seems like Fang Yi Fan’s death was just an accident...”

“I wonder if Agu Li will return to his sect after his breakthrough. If he returns, it means that his injuries aren’t severe. At least, it’s not as severe as Lei Hong’s injuries back then...”

...

The powerhouses from the major forces in the Three Upper Worlds quickly visited the Adagon Tribe, one of the top forces in the Primordial World. It was also the force that Agu Li belonged to, and he was previously the only World supreme powerhouse in the tribe.

After Lei Hong’s breakthrough, Agu Li had gone into hiding, worried that Lei Hong would kill him.

Needless to say, the powerhouses who visited the Adagon Tribe were mostly imminent World supreme powerhouses. Most of the World supreme powerhouses were still hiding from Lei Hong.

“Lord Agu Li has returned?!”

Not long after their arrival, they also found out that Agu Li had returned to the Adagon Tribe. Although Agu Li did not appear, the tribe’s members came out to welcome them.

“Can we request an audience with Lord Agu Li?”

“My junior uncle is preparing to face the Fatal Heavenly Tribulation so he sent me here to seek guidance from Lord Agu Li.”

Most of the visitors came to inquire about Agu Li’s experience when facing the Fatal Heavenly Tribulation.

Apart from the powerhouses from the Three Upper Worlds, imminent World supreme powerhouses from the 18 Middle Worlds such as Xiao Mu Bai from the God Defying World also visited the Adagon Tribe.

Xiao Mu Bai’s arrival quickly attracted people’s attention.

“Isn’t that Lord Xiao from the God Defying World?”

In fact, the God Defying World was only mediocre among the 18 Middle Worlds. However, later on, it suddenly became famous and rose to great heights because the first two people to overcome the Fatal Heavenly Tribulation and become level-seven supreme powerhouses were from the God Defying World.

“Lord Xiao, did you have a breakthrough recently?”

“I didn’t expect you to break through so quickly. How amazing!”

Many people congratulated Xiao Mu Bai when they discovered that he had broken through. At the same time, they wondered inwardly if Xiao Mu Bai was not worried that Lei Hong might show up and kill him. After all, Lei Hong hated the God Defying World to the core.

Suddenly...

Boom!

A deafening explosion rang in the air before a terrifying wave of energy tore through the air like a comet toward Xiao Mu Bai!

Chapter 4624 The Battle Between the Doppelgangers

The terrifying energy made everyone tremble.

The expressions of the few World supreme powerhouses, including Xiao Mu Bai, changed drastically. They could tell that the energy was stronger than that of World supreme powerhouses.

"It's Lei Hong!"

As the wave of energy swept over, someone saw a tall figure in the distance.

Everyone felt chills running up their spines. Just moments ago, they were thinking that Xiao Mu Bai was really brave for showing up openly after becoming a World supreme powerhouse. They wondered if he was truly unafraid of Lei Hong from the Sun Bright World.

After all, Duan Ling Tian had killed two people from Lei Hong's Cyan Swan Saint Sect. One of them was even a World supreme powerhouse. Lei Hong was infamous for being petty and seeking revenge for the smallest perceived slight against him. Needless to say, Lei Hong would definitely hold a grudge against Duan Ling Tian and the God Defying World. If presented with an opportunity,

he definitely would not let those from the God Defying World have an easy time. Perhaps, he might not kill those who were unrelated to Duan Ling Tian, but there was no way he would give up a chance to kill Xiao Mu Bai, who not only had a good relationship with Duan Ling Tian, but was also a World supreme powerhouse.

As expected, Xiao Mu Bai had just arrived at the Adagon Tribe in the Primordial World, and Lei Hong had already shown up.

"Lei Hong."

An indifferent voice that seemed to have come from all directions suddenly rang in the air.

The crowd regained their senses and turned around in unison to see a purple-clad figure flying over and deflecting Lei Hong's attack at lightning speed.

Swoosh!

After Lei Hong's attack collided with the purple-clad figure's energy, it quickly dissipated without any commotion.

"That's the law of time!"

Many people quickly realized that someone had cast the law of time. Following that, they also recognized the purple-clad figure.

"That's Duan Ling Tian from the God Defying World!"

"I thought Duan Ling Tian's strongest law is the law of space? Is this his doppelganger from the law of time? I didn't expect him to comprehend the law of time to the perfect form as well!"

Indeed, Duan Ling Tian had sent his doppelganger from the law of time. No one would be able to tell that it was a doppelganger if it did not make a move or if someone in the same cultivation realm probed it with Divine Consciousness.

Duan Ling Tian stood in the air after destroying Lei Hong's attack. He watched coldly as Lei Hong flew over. He said with a sneer, "You're truly cautious. It seems like you only know how to hide and send your doppelganger out. Alas, with your strength, you can forget about laying your hands on a Lord of our God Defying World."

Lei Hong's doppelganger only smiled when he heard these words. He said disdainfully, "I didn't know you have a hobby of protecting weaklings from the God Defying World. To think that a high and mighty level-seven supreme powerhouse is acting as a bodyguard for a new World supreme powerhouse. You're truly an embarrassment to us all..."

"What's embarrassing is if I thwart your plans to kill the Lord of our God Defying World," Duan Ling Tian retorted before he made a move.

Although it was not difficult for Duan Ling Tian to destroy Lei Hong's doppelganger, he did not intend to do so. After all, it would not affect Lei Hong much. At most, Lei Hong had to spend some time to create another doppelganger. Moreover, Lei Hong's doppelganger of the law was on par with that of Duan Ling Tian. However, Duan Ling Tian had yet to use his Limitless Dao and Mastery Dao.

Boom! Boom! Boom!

The two doppelgangers seemed to fight casually, but each of their moves caused the void to twist and crack.

Apart from a few World supreme powerhouses, everyone retreated far away, afraid of being implicated.

Lei Hong and Duan Ling Tian's doppelgangers were only evenly matched for a short time. The doppelgangers' respective laws were similarly comprehended to the perfect form, and Duan Ling Tian only used one Dao of Heaven and Earth. However, Duan Ling Tian still gained the upper hand after about more than 100 moves because the law of time was one of the Four Supreme Laws.

At this time, the main entrance of the Adagon Tribe and several buildings nearby had already been destroyed by the shockwaves of the battle between the two doppelgangers.

Suddenly, Duan Ling Tian and Lei Hong separated and faced each other from afar.

Everyone was puzzled by the sudden actions. They did not understand why Duan Ling Tian suddenly retreated when he clearly had the upper hand.

Not long after that, Xiao Mu Bai and a few World supreme powerhouses suddenly turned to look at the Adagon Tribe.

A figure flew over, leaving ripples in the void in his wake. His Divine Consciousness swept out, overwhelming Xiao Mu Bai and the others.

"A level-seven supreme powerhouse!"

"It's Agu Li from the Adagon Tribe!"

A group of people flew behind Agu Li. They were a mix of imminent World supreme powerhouses and ordinary supreme powerhouses from the Adagon Tribe.

"Gentlemen, please take your fight somewhere else. Don't forget you're in the territory of the Adagon Tribe now," Agu Li said, clearly unhappy. He was a burly young man who was almost 2 meters tall. He wore a loose long robe, and he had a buzz cut. His gaze was profound, and he had distinct facial features.

At this time, Lei Hong said to Agu Li through Voice Transmission, "Agu Li, why don't you join forces with me to destroy Duan Ling Tian's doppelganger? We're both from the Three Upper Worlds after all. I'm sure you're not happy about the God Defying World, a Middle World, rising in ranks and surpassing us, right?"

If Agu Li helped him destroy Duan Ling Tian's doppelganger, Lei Hong would be able to kill Xiao Mu Bai after that.

Meanwhile, Duan Ling Tian and the others looked at Agu Li after he spoke.

Chapter 4625 Duan Ling Tian's Trap

After listening to Lei Hong's Voice Transmission, Agu Li looked at Duan Ling Tian's doppelganger from the law of time before shifting his eyes to Xiao Mu Bai. He naturally saw through Lei Hong's intentions. Destroying Duan Ling Tian's doppelganger would not affect Duan Ling Tian at all, but it was different from the new World supreme powerhouse from the God Defying World.

After a while, Agu Li replied to Lei Hong without using Voice Transmission, “Lei Hong, the Upper Three Worlds only have two level-seven supreme powerhouses. Offending Duan Ling Tian is no different from offending the other level-seven supreme powerhouse from the God Defying World. There’s also that level-seven supreme powerhouse from the Outer Boundary. As such, I have no interest in joining forces with you.”

Everyone was shocked when they learned that Lei Hong tried to rope Agu Li into helping him deal with Duan Ling Tian.

“Lei Hong wants Agu Li’s help to destroy Duan Ling Tian’s doppelganger!”

“But Agu Li has no interest at all!”

“That’s not surprising. After all, Agu Li has no enmity with Duan Ling Tian. Why would he provoke Duan Ling Tian for no reason? Moreover, didn’t you see how Duan Ling Tian didn’t care at all when he killed those two people from Lei Hong’s Cyan Swan Saint Sect?”

“If Agu Li joins forces with Lei Hong and offends Duan Ling Tian, who knows if Duan Ling Tian will kill people from the Adagon Tribe as well?”

The supreme powerhouses were not sure if another person would attack the Adagon Tribe directly, but they were sure Duan Ling Tian would do it if Agu Li provoked him.

Meanwhile, Duan Ling Tian’s doppelganger from the law of time chuckled when he heard Agu Li openly refusing Lei Hong. He said mockingly, trying to provoke Lei Hong, “Lei Hong, why don’t you come here yourself if you want to destroy my doppelganger?”

At the same time, Duan Ling Tian had already arrived in the Primordial World in person. He was hiding nearby behind a spatial barrier. If Lei Hong showed up, he would kill Lei Hong without hesitation. He was trying to lure Lei Hong out now so he could kill Lei Hong.

In fact, Duan Ling Tian only came up with this idea when he heard from Xiao Mu Bai that a group of people was going to the Primordial World to see if Agu Li had returned to the Adagon Tribe. They wanted to see if Agu Li recovered from his injuries faster than Lei Hong did after facing the Fatal Heavenly Tribulation. Lei Hong took decades to recover before he finally returned to the Cyan Swan Saint Sect. If Agu Li was heavily injured, it would also take him a long time before he returned to the Adagon Tribe.

At that time, Duan Ling Tian had a feeling that Lei Hong was going to show up at the Adagon Tribe. As such, he asked Xiao Mu Bai to go to the Adagon Tribe as well while his doppelganger from the law of time secretly protected Xiao Mu Bai. He knew that it was likely that Lei Hong would only send his doppelganger, but he still wanted to give it a try. He would not show up in person unless Lei Hong showed up in person.

Lei Hong scoffed and looked at Agu Li coldly. Then, he quickly retreated, intending to escape.

However, Duan Ling Tian's doppelganger from the law of time made a move and prevented Lei Hong's doppelganger from leaving.

With that, a fierce battle broke out between the two doppelgangers again.

The void cracked more and more as time passed. Just like before, Duan Ling Tian gained the upper hand after some time.

With Agu Li's presence, the Adagon Tribe did not suffer any more damage.

While they watched the battle, the other supreme powerhouses also observed Agu Li. They discovered that he was completely unaffected by the battle. Then, they began to discuss among themselves through Voice Transmission.

"Do you think this is Agu Li's doppelganger or his true self?"

"I don't know. I can't tell at all."

"We won't be able to tell if he doesn't make a move or another level-seven supreme powerhouse probes him with his or her Divine Consciousness."

'This Duan Ling Tian is truly a monster! Not only did he comprehend the law of space to the paramount stage, but he even comprehended the law of time to the perfect form at such a young age!'

'Lei Hong's doppelganger is going to be destroyed...'

As soon as this thought appeared in Agu Li's mind, Lei Hong's doppelganger finally succumbed to Duan Ling Tian's relentless attacks. Before the doppelganger was destroyed, Lei Hong said threateningly, "Duan Ling Tian, you'll find out soon that making an enemy out of me is the biggest mistake of your life!"

'He didn't appear?'

Duan Ling Tian was disappointed when he saw that Lei Hong did not appear after his doppelganger was destroyed. It had to be said that the latter was really very cautious.

At this moment, Agu Li cupped his fists together at Duan Ling Tian from afar and said, "Brother Duan, I'm impressed by the strength of your doppelganger. I'm sure your doppelganger is the strongest among level-seven supreme powerhouses."

After all, this was not Duan Ling Tian's strongest doppelganger, but it was already so powerful. One could only imagine how powerful his doppelganger from the law of space was.

Agu Li's friendly attitude was a stark contrast to that of Lei Hong.

There was no reason for Duan Ling Tian to treat someone who was friendly coldly. As such, he turned around and said to Agu Li with a smile, "Brother Agu Li, it seems like you've been hiding your strength. Lei Hong is no match for you at all."

Chapter 4626 Agu Li Goes to That Mysterious Place

Duan Ling Tian was speaking the truth and not trying to flatter Agu Li. He also knew that Agu Li was not using his doppelganger now. Earlier when Agu Li protected the Adagon Tribe, the World Cleansing Divine Water could sense the subtle energy from Agu Li's law. His true self also came out from behind the spatial barrier after Lei Hong was destroyed and observed Agu Li.

As for his assessment of Agu Li's strength, seeing how he was not injured, it meant that he had easily overcome the Fatal Heavenly Tribulation. Even if he was injured, it was not so severe, and he quickly recovered.

Agu Li was taken aback by Duan Ling Tian's words. Based on Duan Ling Tian's words, it was clear that the latter knew he was not using his doppelganger without using his Divine Consciousness. As expected of the extraordinary genius from the God Defying World.

Agu Li withdrew his law of water from the surroundings and took a deep breath before he said with a smile, "I wasn't intentionally hiding my strength. I was indeed on par with Lei Hong in the past. However, before facing the Fatal Heavenly Tribulation, I've made progress with the other laws I comprehended."

Duan Ling Tian knew that World supreme powerhouses could use their doppelgangers to help when they faced the Fatal Heavenly Tribulation. Needless to say, the Heaven Protection Talismans were the most crucial for them when facing the Fatal Heavenly Tribulation. After all, in the past, there were World supreme powerhouses who comprehended two to three laws to the paramount stage but were still killed by the Fatal Heavenly Tribulation.

Meanwhile, Xiao Mu Bai and the others were shocked by Duan Ling Tian and Agu Li's exchange.

"Based on Lord Duan's words, it seems like this is Lord Agu Li's true body. It seems like he didn't suffer any severe injuries!"

"Lord Agu Li must have been well-prepared. He raised his comprehension of his other laws and faced the Fatal Heavenly Tribulation with the help of his doppelgangers."

"In comparison, Lei Hong and Fang Yi Fan really took a huge risk when they faced the Fatal Heavenly Tribulation. In the end, Lei Hong barely made it, and Fang Yi Fan died."

“I think it’s not as simple as it sounds. Lord Agu Li’s laws must have also been very close to a breakthrough, to begin with. It’s impossible for them to improve so much in that short time he used to prepare to face the Fatal Heavenly Tribulation.”

After discussing among themselves for a while, they finally left. After all, they had already obtained the answer they came here for. Before they left, they bade farewell to Duan Ling Tian and Agu Li.

After everyone left, Agu Li asked with a smile, “Brother Duan, why don’t we have a drink since you’re here?”

“Alright,” Duan Ling Tian replied before he sent a Voice Transmission to Xiao Mu Bai and said, “Lord Xiao, you can leave first. My true body will escort you back.”

After all, who knew if Lei Hong would try to attack Xiao Mu Bai on the way back to the God Defying World?

Xiao Mu Bai left with a group of powerhouses, leaving Duan Ling Tian’s doppelganger from the law of time behind.

...

Duan Ling Tian followed Agu Li into the Adagon Tribe.

The Adagon Tribe looked ordinary from the outside, but after passing through the mist Formation, a whole different world was revealed. It was like a paradise. The fragrance of flowers permeated the air as birds sang. It was peaceful.

Agu Li brought Duan Ling Tian to his cultivation ground to drink and chat.

During the process, Duan Ling Tian gained a deeper understanding of the Primordial World.

Apart from that, during their chat, Agu Li also brought up the nine mist-shrouded places in the God Defying World, which also existed in the Transcendence World and the Primordial World according to Zhang Shan.

Duan Ling Tian shook his head and said, “Brother Agu Li, you’re wrong. In fact, my master went to one of those places as well...”

Agu Li inhaled sharply. He was shocked by Feng Qing Yang’s assessment.

“Based on the vital energy, your master thinks they’re at least on par with level-eight supreme powerhouses?”

After a moment, Agu Li asked, puzzled, “Then why did the heavenly text say we’re the first few level-seven supreme powerhouses after the historical gap?”

“What if they already existed before the historical gap?” Duan Ling Tian asked in return.

Agu Li’s expression changed again when he heard these words. This would make sense.

After a while, Agu Li also discovered that Duan Ling Tian had no interest in exploring that mysterious place as long as it did pose a threat.

On the contrary, after chatting with Agu Li, Duan Ling Tian realized that Agu Li was very eager to explore the mysterious place.

...

Duan Ling Tian was right. Not long after Duan Ling Tian's doppelganger left, Agu Li went to one of those mist-shrouded places. He was mentally prepared to fight the guardians of that place, but just like Feng Qing Yang, he was forced to retreat and was nearly injured.

‘So strong! However, I didn’t sense any Dao of Heaven and Earth from the attack earlier!’

Chapter 4627 Once Again Puzzled

‘Its strength is comparable to a level-eight supreme powerhouse at least...’

It really shocked him that he, a level-seven supreme powerhouse, was forced out by whatever was there with just one move.

“It must have existed before the historical gap. Otherwise, how could those nine mysterious places not be recorded in any text in the Primordial World. Apart from the Three Upper Worlds, according to Duan Ling Tian, these places also exist in the God Defying World. I’ve also heard about their existence in other Worlds...”

Agu Li took a deep breath before he made his way to another mist-shrouded place in the Primordial World.

Similar to the first time, he was forced out with just one strike, Because he was well-prepared, he escaped unscathed.

‘This is definitely not the same beast as before. Its aura and power are different...’

He wanted to check if the creatures were all the same, but he did not dare to do it before his breakthrough because he was not sure he would be able to retreat safely.

After that, Agu Li visited the remaining seven mist-shrouded places.

‘All nine creatures are different. They’re all extremely powerful and are at the very least comparable to a level-eight supreme powerhouse!’

Agu Li’s expression turned grave. The confidence that he had gained after becoming a level-seven supreme powerhouse had been dealt a huge blow. Although he was, according to the heavenly text, the fifth level-seven supreme powerhouse after the historical gap, he was not the fifth strongest person in the world. There were at least nine ancient creatures that were much more powerful than him. Perhaps, due to certain rules, they could not wander out of those places. Otherwise, they would have wreaked havoc in the world.

‘Fortunately, it seems like they can’t leave. Otherwise, I don’t know what kind of bloody destruction they would bring to the Myriad Worlds and the Outer Boundary...’ Agu Li sighed in relief.

The five level-seven supreme powerhouses in the Myriad Worlds and the Outer Boundary stood at the peak, surpassing World supreme powerhouses and Saints. However, they were still no match for those ancient creatures.

After thinking about it for a moment, Agu Li left the Primordial World and went to the God Defying World.

...

“Brother Agu Li?”

Duan Ling Tian did not expect to see Agu Li so soon after they parted ways.

“What’s the matter, Brother Agu Li? Did you explore those mysterious places?” Duan Ling Tian asked with a knowing smile.

“Yes,” Agu Li nodded and said solemnly, “Brother Duan, your speculation is right. I think the nine mist-shrouded places indeed lead to a secret realm. I’ve checked all nine entrances in the Primordial World, and they have the same Heaven and Earth Spirit Energy that is different from that of the Myriad Worlds and the Outer Boundary.”

“I haven’t been to those places before, but I can arrange for someone to lead you there,” Duan Ling Tian said. He did not sense any malice from Agu Li, and he could tell that Agu Li only wanted to investigate those places so he called Xiao Mu Bai over.

Soon after...

“Lord Xiao, thank you for your help,” Agu Li said with a smile.

After seeing the duo off, Duan Ling Tian did not see them again until half a month later.

“Brother Duan!”

Agu Li’s expression was very solemn as he recounted his experience to Duan Ling Tian.

“I know you have no interest in those places, but I thought I should share my findings with you. When I investigated the nine entrances in the Primordial World, I encountered nine different creatures in the nine entrances. Like I said before, they likely lead to different areas of the same secret realm. However, after investigating the entrances in the God Defying World, I discovered that the nine beasts here are the same as the ones in the Primordial World.”

Agu Li paused for a moment before he continued to say, “We can’t say for sure that the nine entrances all lead to one secret realm. They could very well lead to nine secret realms. However, I’m inclined to believe they lead to one secret realm. Like I said before, the energy in those nine places are the same...”

Although Duan Ling Tian was not interested in this matter, he was still surprised by Agu Li’s discovery.

‘So there are at least nine ancient creatures that are at least as powerful as level-eight supreme powerhouses?’

Duan Ling Tian frowned and searched the memories of the Void Elder for information. However, he could not find anything at all about the nine mist-shrouded entrances, which was very strange.

‘The Void Elder lived during the time before the historical gap. If I’m not mistaken, those entrances and the place they lead to should have existed before the historical gap. That’s why it’s strange that there’s no information about them at all in the Void Elder’s memories. It’s as though they didn’t exist...’

Duan Ling Tian shook his head helplessly.

After Agu Li left the God Defying World for the Transcendence World, Duan Ling Tian could not help but sigh at his pursuit of knowledge.

‘I hope his curiosity won’t stir up any trouble... He was forcefully driven out every time, and those creatures can’t seem to leave... I really hope nothing happens...’

Chapter 4628 A Hundred Years Later

Even after gaining a better understanding of the mysterious places from Agu Li, Duan Ling Tian was still not interested. Nothing was more important to him now than to grow stronger. He would rather use the time and energy he had to study the Void Elder’s memories. It was best if he could become as strong as the Void Elder as soon as possible or even surpass the Void Elder. At that time, it would not be too late to explore those mysterious places when he was free and bored.

‘Now that the fifth level-seven supreme powerhouse appeared, there’ll be more and more level-seven supreme powerhouses...’ Duan Ling Tian thought to himself as his eyes glinted fiercely, ‘They better not cause any trouble. Otherwise, I won’t hesitate to kill them!’

With his current strength and the speed of his growth, Duan Ling Tian was not afraid of ordinary level-seven supreme powerhouses at all.

...

After three months, Agu Li visited Duan Ling Tian again.

“Brother Duan, I visited many of those mist-shrouded places, including the ones in the Transcendence World. I discovered that the nine entrances there indeed lead to the same place. Similarly, those creatures guarding the entrances were also the same!” Agu Li said with a fervent gaze, “Although the nine creatures are strong, if we, the level-seven supreme powerhouses, join forces, I’m confident we’ll be able to kill them. Before I came to you, I visited Brother Meng in the Outer Boundary’s Jade Tide Mansion. He said that as long as you agree, he’ll also agree to make a move. Why don’t all of us join forces?”

Agu Li really wanted to know what lay behind the entrances that those creatures guarded. He also wondered if his cultivation would benefit from it. However, even if it was not beneficial to his cultivation, he would be happy as long as his curiosity and obsession was satisfied. Although he was certain the entrances led to the same place, ultimately, it was just a speculation. Unless he could confirm it for himself, he could not be 100% certain.

Currently, there were five level-seven supreme powerhouses in the Myriad Worlds and the Outer Boundary: Feng Qing Yang, Duan Ling Tian, Meng Han, Lei Hong, and Agu Li.

Meng Han had expressed that he would follow Duan Ling Tian’s decision. As for Feng Qing Yang, who was Duan Ling Tian’s master, if Duan Ling Tian agreed, it was likely that Feng Qing Yang would agree as well. Since Lei Hong and Duan Ling Tian had enmity between them, Agu Li dismissed the idea of asking for Lei Hong’s help. According to his speculation, the four of them should be enough to deal with the nine creatures.

At this time, Duan Ling Tian shook his head and said, “Brother Agu Li, I have no interest in this matter for the time being.”

He could see from Agu Li’s expectant gaze that Agu Li was obsessed with that mysterious place. Alas, he did not share Agu Li’s enthusiasm. Who knew if there was an even more terrifying existence in that place?

With his current strength, he did not have to be afraid of those nine creatures. However, who knew what else was there in that place? The gatekeepers were already so powerful. It stood to reason that there were even more powerful creatures.

This was also a big part of the reason for his lack of interest in that place. He only wanted to study the Void Elder’s memories now. He would explore that place once he was as strong as the Void Elder.

“Brother Duan...” Agu Li continued to persuade Duan Ling Tian due to his obsession with that place. After Duan Ling Tian refused him, he promised the latter many benefits. Although they were not very useful to Duan Ling Tian, they were very useful to his family.

Alas, Duan Ling Tian did not need those things for the time being. Even if he needed them, he could easily exchange for them with various world-rank and saint-rank forces.

In the end, seeing that he would not be able to convince Duan Ling Tian to join him, Agu Li could only leave. However, his expression turned dark as soon as he left the God Defying World.

“I can’t believe Duan Ling Tia would refuse me so vehemently. I was already very humble as a level-seven supreme powerhouse when I spoke to him, and yet, he still refused me!”

Although Agu Li was upset with Duan Ling Tian, he had no intention of making an enemy out of Duan Ling Tian.

Previously, when he went to look for Meng Han to speak to the latter about this matter, Meng Han had clearly expressed his stance. Duan Ling Tian had helped him to enter the Heaven Traversing Pagoda first, which resulted in a great benefit, so he stood on Duan Ling Tian's side unconditionally. In fact, as long as Duan Ling Tian asked, he would not even hesitate to join hands with Duan Ling Tian to deal with Lei Hong.

In conclusion, among the five existing level-seven supreme powerhouses, two of them; Feng Qing Yang and Meng Han, were on Duan Ling Tian's side. Even if Lei Hong agreed to join forces with Agu Li, just the two of them still would not be able to deal with those creatures.

'It seems like I can only wait until there are more level-seven supreme powerhouses. At that time, I'll persuade them to join hands with me to explore that mysterious place. There might be a huge fortuitous encounter waiting for us there. Who knows I might even be able to catch up to or surpass Duan Ling Tian and the others despite breaking through later...'

Agu Li felt impatient again when he thought about this. However, he still managed to restrain himself. Even if he managed to convince others to join him in the future, he still had to prioritize his life. A huge fortuitous encounter was great, but his life was more important.

...

In the God Defying World, Duan Ling Tian continued to study the Void Elder's memories, and his strength was gradually increasing. He did not encounter any trouble during the process. Before becoming as strong as the Void Elder, it was unlikely that he would encounter any trouble in his cultivation.

During this time, his family members also sought help from him. He would send his doppelganger from the law of time to help them while he continued to cultivate.

...

Time flew by, and in just a blink of an eye, another 100 years had passed.

On this day, there was a huge commotion in the Myriad World and the Outer Boundary due to the familiar phenomenon that appeared in the sky. Two heavenly texts appeared consecutively, announcing the success of someone's success in overcoming the Fatal Heavenly Tribulation and becoming the sixth level-seven supreme powerhouse after the gap in history.

Chapter 4629 Xue Qing Zhu

'Congratulations to Xue Qing Zhu, a level-six supreme powerhouse from the Outer Boundary. Now that she has overcome the Fatal Heavenly Tribulation, she's poised to become the sixth level-seven supreme powerhouse after the historical gap, surpassing Saints and World supreme powerhouses!'

100 years after the Primordial World's Agu Li overcame the Fatal Heavenly Tribulation and became a level-seven supreme powerhouse, another person finally managed to break through and entered the realm of level-seven supreme powerhouses. This person was from the Outer Boundary, and the second person from the Outer Boundary to become a level-seven supreme powerhouse.

Needless to say, there was a huge uproar in the Outer Boundary.

"Hahaha! There's finally another level-seven supreme powerhouse in the Outer Boundary!"

“That’s right! Previously, four out of five level-seven supreme powerhouses were from the Myriad Worlds. Only one was from the Outer Boundary. For this reason, cultivators from the Myriad Worlds have been acting very arrogantly toward us in recent years! Based on the way they spoke, you’d think that they themselves were level-seven supreme powerhouses!”

“Ha! Our Outer Boundary had a deep foundation. Sooner or later, we’ll catch up to and surpass the Myriad Worlds.”

“Xue Qing Zhu? The Seventh City Governor of Jin Dynasty’s Thirteen Cities in the Sacred Wind Realm?”

“That’s her. She went missing in recent years, and I almost forgot about her. She’s truly a monstrous genius...”

“Indeed. In the past, she was once known as the youngest Saint in the Outer Boundary.”

The 13 Cities of the Jin Dynasty was a saint-rank force. As its name suggested, the force was a combination of 13 cities. The 13 cities were spread far and wide, and each city was governed by a powerful City Governor. Initially, the cities were all allies. Later on, under the initiative of a few City Governors, all of them became sworn brothers and sisters and officially combined the cities into one force.

Previously, in the 13 Cities of the Jin Dynasty, the Grand City Governor, the Second City Governor, and the Seventh City Governor were Saints. Among the three, the Seventh City Governor was the youngest, and she inherited the position from her predecessor.

Before inheriting the position, she had to address the other City Governors respectfully. However, after inheriting her position, she addressed them as ‘brother’ or ‘sister’. This had long been decided

when the original City Governors became sworn brothers and sisters. Their rankings were decided based on the order they became sworn siblings.

...

In Jade Bamboo City.

A burst of hearty laughter rang from outside the city before a booming voice said, “Congratulations, Seventh Sister!”

Following that, a tall and burly figure appeared in the sky above the City Governor’s Mansion in the east of the city. It belonged to a bearded middle-aged man with thick eyebrows and big eyes.

Several figures flew up into the sky one after another and greeted the newcomer respectfully.

“Greetings, Grand City Governor!”

“Why are you here? Where’s your City Governor??” the bearded middle-aged man asked, puzzled.

‘Is Seventh Sister not back yet? That must be it. Otherwise, she would have come out and greeted me. Does this mean she’s injured?’

A hint of worry flashed in the bearded middle-aged man’s eyes when he thought about this.

The group of people was demi Saints of Jade Bamboo City, and they were only second to Xue Qing Zhu in the city. They would usually help her handle all affairs of the city when she was in closed-door cultivation.

The bearded middle-aged man frowned. He could not figure out why Xue Qing Zhu went to the Myriad Worlds. He wondered if she went there to find someone to spar with after her breakthrough. After all, the two sword cultivators who broke through first and became level-seven supreme powerhouses were in the God Defying World.

Xue Qing Zhu was also a sword cultivator and was acknowledged as the strongest sword cultivator in the 13 Cities of the Jin Dynasty. She naturally cultivated the Sword Dao.

At this moment, another burst of laughter rang in the air.

“Seventh Sister, congratulations! I didn’t expect you to break through ahead of me and Big Brother! Even if Big Brother and I join forces now, we won’t be able to defeat you!”

The laughter sounded like it belonged to a child. However, the figure that appeared in the sky above the City Governor’s Mansion in Jade Bamboo City belonged to a girl who looked about 13 or fourteen years old. Her hair was braided into two pigtails. Her features were delicate.

When the girl flew over, she saw the bearded middle-aged man, and a smile appeared on her face immediately.

“Big Brother, you came earlier than I did!”

Meanwhile, when the group of demi Saints saw the girl, a hint of fear could be seen in their eyes when they greeted her. It was as though they were more afraid of her than the bearded middle-aged man.

“Greetings, Second City Governor!”

“Second Sister,” the bearded middle-aged man nodded and said, “We came here in vain. Seventh Sister has gone to the Myriad Worlds.”

“She went to the Myriad Worlds?” the girl asked, puzzled, “Why did Seventh Sister go to the Myriad Worlds?”

After listening to the bearded middle-aged man’s speculation, the girl’s eyes lit up.

“Second Sister went to the God Defying World? That’s the World with two level-seven supreme powerhouses, right?”

“Second Sister, don’t tell you want to go there as well?”

The bearded middle-aged man knew the girl very well, after all. It was not difficult for him to guess her thoughts.

Needless to say, despite her appearance, the girl was not young. She was at least old enough to be Xue Qing Zhu’s ancestor. However, she was young at heart, and she took on the appearance of a young girl.

The bearded middle-aged man knew better than to talk about age in front of the girl. He knew that she disliked being told that she was old. In heart, she was forever a young girl!

...

In the God Defying World.

Duan Ling Tian was stunned when he received the message from Xiao Mu Bai.

“Xue Qing Zhu from the Outer Boundary, who just became a level-seven supreme powerhouse, wants to spar with me and master and compare our Sword Dao?”

Duan Ling Tian did not expect the other party to come so soon after her breakthrough. Moreover, he also just found out that she was a sword cultivator.

If Duan Ling Tian was just an ordinary level-seven supreme powerhouse, he would be glad to spar with someone in the same cultivation realm as him. After all, it was an opportunity for him to learn and improve. However, if he sparred with Xue Qing Zhu now, it would be akin to bullying her. After all, his Sword Dao had risen to the eighth stage after he studied the memories of the Void Elder.

Chapter 4630 Win Her Over

Duan Ling Tian felt that his master would likely not refuse the other party's challenge.

Soon enough, Xiao Mu Bai's subsequent message also confirmed his speculation. Feng Qing Yang agreed to spar with Xue Qing Zhu, the new level-seven supreme powerhouse from the Outer Boundary.

Duan Ling Tian had already expected this. If Xue Qing Zhu comprehended another Dao of Heaven and Earth and not the Sword Dao, there was a chance Feng Qing Yang would reply. However, since Xue Qing Zhu comprehended the Sword Dao to a high level, which showed that she was a genius in the Sword Dao, Feng Qing Yang would definitely be glad to spar with someone like her.

"Lord Duan, I'm bringing her to the Solitary Destructive Heaven to meet Lord Feng. She insists on sparring with you after she spars with Lord Feng," Xiao Mu Bai said.

"If she can beat my master, I'll spar with her. Otherwise, she'll only be embarrassing herself if she insists on sparring with me," Duan Ling Tian said indifferently.

If others, including Xue Qing Zhu, heard Duan Ling Tian's words, they would think he was arrogant. After all, they were all level-seven supreme powerhouses, but he said she would embarrass herself if she insisted on sparring with him.

However, Xiao Mu Bai was not like the others. After all, he had a certain understanding of Duan Ling Tian's true strength. Apart from having a profound Sword Dao, Duan Ling Tian's Limitless Dao and Mastery Dao were also very profound. Unlike the laws, the Four Daos of Heaven and Earth could be used at the same time. Moreover, even if Duan Ling Tian was still a level-seven supreme powerhouse, he believed that Duan Ling Tian was very close to the realm of level-eight supreme powerhouses.

"Alright, I'll convey your message to her."

Xiao Mu Bai was currently communicating with Duan Ling Tian using his doppelganger who was in the Divine Offering Land. He had left his doppelganger in the Divine Offering Land so it would be easier for him to communicate with Duan Ling Tian. After all, Duan Ling Tian was now the strongest protector of the God Defying World.

...

Duan Ling Tian thought the matter was over. Unexpectedly, Feng Qing Yang, his master, came a month later.

"Master!"

Apart from Feng Qing Yang, there was another young woman dressed in a light green dress. She held her sheathed sword in her hand. Her temperament was extraordinary, and she was a peerless beauty.

It was not difficult for Duan Ling Tian to figure out that the other party was Xue Qing Zhu, the new level-seven supreme powerhouse from the Outer Boundary. He thought that she had left long ago after sparring with his master. Who knew that not only did she not leave, but she even came to look for him with his master? Since Xiao Mu Bai did not inform him of this, it meant that Xiao Mu Bai was also unaware of this visit.

"Little Tian," Feng Qing Yang said, looking a little shy, "This... This is Xue Qing Zhu, the City Governor of Jade Bamboo City of the 13 Cities of the Jin Dynasty in the Outer Boundary."

Duan Ling Tian was slightly puzzled when he saw how stiff and shy his master was. What was going on? From the moment he met his master until now, he had never seen his master in such a state before.

Duan Ling Tian's eyes darted between Feng Qing Yang and Xue Qing Zhu for a moment before realization quickly dawned on him. After all, he was the father of two children and the husband of four wives. He quickly figured out that something must be going on between the two. Moreover, based on Xue Qing Zhu's indifferent expression, it was obvious that his master's love was one-sided for now. In any case, this woman might be his master's future wife!

With this thought in mind, Duan Ling Tian did not dare arrogantly. He looked at Xue Qing Zhu and said with a smile, "Greetings, City Governor Xue. I saw the heavenly texts, but I didn't expect the new level-seven supreme powerhouse to be a woman. Congratulations! It's truly a great feat!"

Xue Qing Zhu shook her head when she heard Duan Ling Tian's compliment. She said with a smile, "Mr. Duan, you're overpraising me. I can't compare to you at all. Two days ago, I learned about your real age from Mr. Feng. When I was your age, I was even a supreme powerhouse."

In the Outer Boundary, Xue Qing Zhu was considered a very young powerhouse. She was about the same age as Feng Qing Yang. For this reason, she was famous among the Saints in the Outer Boundary. She was shocked when she learned about Duan Ling Tian's true age from Feng Qing Yang.

"It's all thanks to my master's guidance," Duan Ling Tian said modestly with a smile. Then, he looked at his master meaningfully as he said through Voice Transmission, "Master, you should go for it if you like her. I've never seen you so shy before."

Feng Qing Yang did not expect Duan Ling Tian to see through him, and he naturally felt a little embarrassed. He replied with a smile, "What nonsense are you spouting? What do you mean by 'I like her'?"

Duan Ling Tian continued to say teasingly through Voice Transmission, "Master, do you really not like her? If you don't like her, I might pursue her. After all, she's excellent in all aspects. She's

powerful as well. I'll be glad if I can marry her. Moreover, the marriage will also improve the overall strength of the God Defying World."

As soon as Duan Ling Tian finished speaking, he could sense the murderous aura from his master. He laughed and said, "I'm joking!"

With this, Duan Ling Tian also confirmed that his master liked Xue Qing Zhu.

At this moment, Xue Qing Zhu looked at Feng Qing Yang with admiration in her beautiful brown eyes as she said, "Mr. Feng is really powerful. When I sparred with him, I quickly fell into a disadvantageous position. If he hadn't shown mercy, I would've been defeated very quickly."

Duan Ling Tian said with a smile, "Speaking of, City Governor Xue, I think you and my master are destined for each other."

"Hmm?" Xue Qing Zhu looked at Duan Ling Tian curiously, wondering what he meant.

Duan Ling Tian said, "As we all know, my master is the first level-seven supreme powerhouse after the historical gap; he's also the first male level-seven supreme powerhouse after the historical gap. As for you, City Governor Xue, you're the first female level-seven supreme powerhouse after the historical gap. It feels like you're destined for each other. City Governor Xue, if you're still single, I'd like to recommend my master. He has not married yet, and he has never been in any relationship."

Duan Ling Tian did not beat around the bush and seized the opportunity to win her over. To be precise, he was helping his master to win her over.
