Chapter 4701 Level-Eight Dao Establishment Powerhouse

However, unlike his innocent son Yang Chun, when Yang Tian He looked at the people who were causing trouble for the Guo clan not far away, his gaze turned solemn. They did not restrain their Divine Consciousness so he could sense they were level-seven Dao Establishment powerhouses. Although they were weaker than him, they were definitely not ordinary people.

To his knowledge, there was no one like them in Night Forest. In other words, these people were not from Night Forest.

"Shut up!" Yang Tian He scolded his son, Yang Chun, "You foolish boy, what else is in your head besides women? Since two level-seven Dao Establishment cultivators came to the Guo clan to cause trouble, there must be a reason behind it! You don't even know the background of these two people, yet you want to show off in front of that woman. You're simply too foolish!"

"Two level-seven Dao cultivators?"

Upon hearing his father's words, Yang Chun was shocked. He never expected that the people causing trouble for the Guo clan were so powerful; they were only a little weaker than his father. If they wanted to kill him, it would be as simple as stepping on an ant.

...

On the other side...

After learning the ins and outs of the matter from Duan Nian Tian, Guo Qiu's face turned pale. He never expected that his daughter would provoke such powerful figures. In fact, he really did not know about this matter. It was the work of his daughter alone.

"Please, I wasn't aware of this matter. It was the work of my daughter, Guo Li Li! I'll bring her here and hand her over to you!"

Once Guo Qiu finished speaking, he hurriedly brought his daughter Guo Li Li over, with Guo Yao Yao following behind.

Guo Qiu had many sons, but only two daughters, so he cherished his two daughters the most. However, now that his eldest daughter had caused such a huge disaster, he knew he could not protect her. Instead of both of them dying together, it would be better to send his eldest daughter away and let the other party deal with her. This way, he might still be able to survive.

"Father, what are you doing?!" Guo Li Li's face turned pale. Her eyes were filled with terror as she looked at Duan Nian Tian. If she had known about Duan Nian Tian's background earlier, she would not have dared to provoke him. Even if she did provoke him, she would have killed him to avoid trouble!

Guo Qiu had already told Guo Li Li about how powerful the people with Duan Nian Tian were; they were much more powerful than the leader of the Mountain Alliance! This meant that they were at least level-five Dao Establishment powerhouses!

A hint of reluctance flashed in Guo Qiu's eyes, but it was quickly replaced by determination. He gritted his teeth and said, "You made the mistake, so you have to bear the consequences. Don't involve your family!"

Upon hearing this, Guo Li Li's pretty face turned deathly pale, and she trembled violently. Then, she looked at Guo Yao Yao and begged, "Yao Yao, save me, you must save me... Didn't you tell me before that your lover is the son of the Grand Elder of the Carefree Dao Sect? The Grand Elder of the Carefree Dao Sect is a level-eight Dao Establishment powerhouse, right?"

Guo Yao Yao looked helpless. Even if her lover's status was high in the Carefree Dao Sect, so what? He was not here! Moreover, their relationship was uncertain and depended on his father's approval. She knew that his father would definitely want his son to marry someone with a suitable background. If his father was truly against them, she knew her lover would have no choice but to choose his family over her.

This was reality. In this world where the strong was revered, feelings like love were insignificant in front of power!

...

At this moment, Yang Tian He overheard Guo Li Li's words and glared at his son. He said with a scoff, "Didn't you say she was unaware of your identity? It's not just her, even her sister is aware of your identity!"

Yang Chun was stunned. Then, he smiled sheepishly and said, "Father, she really didn't know. I only told her later on. When we first met, she really didn't know."

Coincidentally, at this time, Guo Yao Yao, who was looking around anxiously, suddenly spotted Yang Chun. Her eyes brightened, and she called out, "Brother Chun!"

Yang Chun naturally could not ignore her. He excused himself and quickly flew over.

Yang Tian He frowned slightly. Worried that his son would get hurt, he followed suit.

Guo Li Li, who had already lost hope, looked up when she heard her sister's voice. When she saw the two figures flying over, her eyes shone with hope.

'Is that Yao Yao's lover, Yang Chun, the son of the Grand Elder of the Carefree Dao Sect? Is the person next to him his bodyguard?'

At the same time, Guo Qiu also noticed Yang Tian He and Yang Chun. He knew that his second daughter had a lover and that his background was not bad. However, he did not think much of it since he was certain the other party's family would not approve of his daughter

"Yao Yao, this is my father."

After Yang Chun came over, he introduced Guo Yao Yao to Yang Tian He, "Father, this is Yao Yao."

"Nice to meet you, Uncle!"

Guo Yao Yao's eyes lit up when she saw Yang Tian He, and she quickly bowed to him.

Guo Qiu was also taken aback and quickly bowed respectfully.

"I'm Guo Qiu, the Vice Leader of the Mountain Alliance. Greetings, Elder Yang!"

Yang Tian He, the Grand Elder of the Carefree Dao Sect and a level-eight Dao Establishment powerhouse, was famous on Carefree Island. He was not someone Guo Qiu could easily meet. Even if Guo Qiu met him in the past, he would not have dared to speak to him.

Guo Li Li was even more surprised and delighted when she found out that not only was Yang Chun here, but his father was here as well. With the presence of a level-eight Dao Establishment powerhouse, she now had a chance to survive.

With this, Guo Li Li's gaze changed immediately. Instead of terror, there was only mockery when she looked at Duan Nian Tian. She even said to him provocatively through Voice Transmission, "So what if you brought these people here? Are they as strong as Elder Yang? Do you know who he is? He's the father of my future brother-in-law! His father is the Grand Elder of the Carefree Dao Sect, a level-eight Dao Establishment powerhouse!"

Upon hearing the other party's words, Duan Nian Tian could not help but frown.

'A level-eight Dao Establishment powerhouse? He's much stronger than Uncle Zhao and the powerhouse from the royal family of the Surging River Divine Kingdom. Even if they join forces, they might not be a match for him...'

Although his father was a Dao Merging powerhouse, his father was not present after all. He was not sure if he could deter the other party with his father's name and reputation alone.

Chapter 4702 A Wise Decision

"Brother Chun, our family is in trouble, you must help me!"

Guo Yao Yao did not dare to say this in front of Yang Tian He, so she could only transmit her voice to Yang Chun.

"Since childhood, my sister has always taken care of me and spoiled me very much. I can't bear to see her in trouble! I'm begging you, Brother Chun!"

Faced with Guo Yao Yao's pleading, Yang Chun had no resistance at all. He immediately pleaded with his father to save Guo Li Li.

Although there might be very powerful forces behind these two level-seven Dao Establishment cultivators, as long as the forces behind them were on Carefree Island, it would not be a big problem. After all, the Carefree Dao Sect was the strongest force on Carefree Island!

Yang Chun believed that as long as these two were from Carefree Island, it would be quite easy to resolve the matter if his father asked for a favor.

Yang Tian He frowned. He really did not want to get involved in this mess, but now his son was pleading with him for a woman. As a father, he truly could not bear to hurt his son's feelings. After all, this was his most beloved son!

"Excuse me," Yang Tian He finally spoke up, looking at Zhao An Yi and the Dao Establishment powerhouse from the Surging River Divine Kingdom's royal family. He bowed slightly and said, "I'm Yang Tian He, the Grand Elder of the Carefree Dao Sect. Could you let go of this matter as a favor to me? As long as you spare her life, I'll owe you a favor."

While saying this, although Yang Tian He's tone was gentle, he released his Divine Consciousness in the eighth stage of the Dao Establishment realm, which was stronger than those of Zhao An Yi and his companion. This was to let Zhao An Yi and the other man know his strength.

'Level-eight Dao Establishment powerhouse?'

Zhao An Yi frowned slightly.

On the contrary, the Dao Establishment powerhouse from the Surging River Divine Kingdom's royal family sneered. "Yang Tian He, do you know the identity of Young Master Duan Nian Tian?"

Seeing that the other party was still so fearless after knowing his strength, Yang Tian He was somewhat surprised and subconsciously looked at Duan Nian Tian.

Before Yang Tian He could ask, the powerhouse from the Surging River Divine Kingdom's royal family said, "He's the son of our Surging River Divine Kingdom's new Dao Merging powerhouse, Lord Duan Ling Tian! I'm from the royal family of the Surging River Divine Kingdom, and I came on the order of the royal family's Dao Merging powerhouse, Lord Jiang Tian Zheng, to bring Young Master Duan back."

Yang Tian He's expression changed drastically as soon as he heard these words.

Guo Qiu, who thought Guo Li Li would be saved, also turned pale.

'The son of the new Dao Merging powerhouse from Surging River Divine Kingdom?'

Guo Qiu had only recently heard about the new Dao Merging powerhouse from the Surging River Divine Kingdom, Duan Ling Tian, whose nickname was the 'God Defying Sword'. No wonder when he heard Duan Nian Tian's name just now, he felt it sounded somewhat familiar. As it turned out, Duan Nian Tian was Duan Ling Tian's son!

'It's over!'

Guo Qiu knew that his eldest daughter, Guo Li Li, could no longer be saved. Even if Yang Tian He mobilized the entire Carefree Dao Sect, they might not be able to save her! He panicked, hoping that the other party would only punish Guo Li Li and leave himself and the Guo clan alone.

"Dao Merging powerhouse?!"

Guo Yao Yao's expression changed as well.

Yang Chun, who was next to her, revealed a panicked expression.

They never expected that this matter would involve a Dao Merging powerhouse, and the young man was the son of the new Dao Merging powerhouse in the Surging River Divine Kingdom!

Yang Chun had also heard about the new Dao Merging powerhouse from the Surging River Divine Kingdom. The other party was a prodigy from the world within the Life Creation Chart!

It was said that when he first arrived in the Divine Land a few decades ago, he was only a level-eight Dao Establishment powerhouse. However, in less than a hundred years, he had already entered the Dao Merging realm.

Many people believe that as long as he did not die prematurely, he would definitely step into the Triple Dao Merging realm, becoming a top powerhouse of the Divine Land!

At this point, the Dao Establishment powerhouse from the Surging River Divine Kingdom's royal family stared at Yang Tian He and warned, "Yang Tian He, you can choose to fight us... However, you might not be able to kill us if we join forces. Even if you can, are you going to kill everyone here, including the Guo clan? As long as one person survives, the news of what happened here will surely leak. After all, not many people would give up the opportunity to curry favor with a Dao Merging powerhouse!"

Even if he did not say this, Yang Tian He was deeply aware of this. As such, he did not hesitate to bring Yang Chun to his side before he looked at Duan Nian Tian and said apologetically, "Young Master Duan, I didn't know that you are the son of Lord Duan Ling Tian, and I've offended you. I hope you can forgive me! My son and I will not interfere in this matter. It's up to you to deal with the Guo clan. If you need me to take action on your behalf, please let me know."

Yang Tian He knew that the Carefree Dao Sect could also ask a Dao Merging powerhouse for help, but the powerhouse would not be from the sect. It was impossible for them to go all out for the sect.

Even if the Carefree Dao Sect had a Dao Merging powerhouse of their own now, it was unlikely for the sect to offend another Dao Merging powerhouse for the sake of his personal affairs.

As such, Yang Tian He was quick to admit defeat as soon as he found out about Duan Nian Tian's identity. He did not feel embarrassed at all.

Duan Nian Tian and the others were naturally very satisfied with Yang Tian He's wise decision.

Meanwhile, Guo Yao Yao's pretty face was pale. She originally thought that she could help her sister, Guo Li Li, but she did not expect the person her sister offended had such a powerful background. She felt powerless at this moment, knowing there was nothing she could do to save her sister.

As for Yang Chun's father, Yang Tian He, she had no complaints about his change of attitude at all. After all, if she put herself in his shoes, she would have made the same choice.

'I hope this doesn't implicate me...'

Thinking of this, Guo Yao Yao quickly looked at Yang Chun and said through Voice Transmission, "Brother Chun, I wasn't involved in my sister's matter. I didn't even know about it until now. I beg you to ask your father to save me! I'm afraid they'll vent their anger on me!"

Upon hearing this, Yang Chun looked at his father, only to find that his father's expression was unusually solemn. This was the first time in his life he had seen his father like this. For a moment, he fell silent.

Chapter 4703 Swoop In for the Kill

Although Yang Chun liked Guo Yao Yao and was willing to do things for her, it did not mean he would blindly sacrifice for her. If the other party really wanted to wipe out the Guo clan, even if he begged his father to intervene, his father would not be willing to do so. Most importantly, even if his father was willing, he did not want his father to offend a Dao Merging powerhouse!

There was no Dao Merging powerhouse in the Carefree Dao Sect now!

According to what his father had told him in the past, if a Dao Merging powerhouse took action against the Carefree Dao Sect, even if all the level-nine and level-eight Dao Establishment powerhouses in the sect joined forces, it would still be useless; they still would not be able to escape death.

So, when he received Guo Yao Yao's plea for help, he chose to remain silent.

As for what she would think if she miraculously survived this, he did not care. He could always look for another lover after all. Moreover, if she survived, who was to say the son of the Dao Merging powerhouse would not change his mind and return to kill the Guo clan and Guo Yao Yao? At that time, if he were still with her, he would definitely be implicated.

"Guo Li Li!"

Duan Nian Tian soared into the air, his gaze falling on Guo Li Li as a cruel smile appeared on his lips.

"There was no grudge between us, but you were too arrogant and overbearing, insisting on being my enemy!"

At this moment, Guo Li Li's face turned deathly pale. She hurriedly said, "D-Duan... Duan Nian Tian, although I did some things to you, I didn't really make things difficult for you, did I? If I really wanted to make things difficult for you, would I have let you become a supervisor? If I really wanted to torture you, I would have crippled your cultivation long ago and made you a slave!"

Upon hearing this, Duan Nian Tian smiled icily. "Guo Li Li, do you think I don't know what you're thinking? You didn't kill me or cripple me because you wanted me to suffer on the mining island, hoping that I would change my mind and agree to be with you! Wasn't it your doing when Xue Ping made things difficult for me? He hinted to me more than once that if I didn't want to stay on the mining island, I could leave as long as I agreed to your demands... So, don't pretend to act like you were kind to me! No matter what, you have to die today!"

As soon as his words fell, Duan Nian Tian made a fierce move.

Sword rays raged around him. Then, they formed a giant dazzling sword. It slashed through the sky toward Guo Li Li, sending out terrifying waves of energy.

At the same time, Zhao An Yi and the Dao Establishment cultivator from the Surging River Divine Kingdom also extended their Divine Consciousness toward Guo Qiu and the other members of the Guo clan. At the same time, they did not let down their guard against Yang Tian He and his son. Although Yang Tian He took a step back, who knew if he was telling the truth? It was still best to be cautious.

Faced with Duan Nian Tian's thunderous attack, Guo Li Li instinctively fought back. However, she was soon restrained by Zhao An Yi; her internal energy was sealed, and she could not even move. An expression of despair appeared on her face as she watched death approach.

'Am I really going to die? Is there no hope at all?'

Guo Li Li became more and more desperate!

As though answering Guo Li Li's thoughts, a sudden explosion sounded in the sky, shaking the void with terrifying power. The clouds dispersed, and a figure descended from the sky like a streak of light, rushing toward Duan Nian Tian!

"No!"

The expressions of Zhao An Yi and the powerhouse from the Surging River Divine Kingdom changed drastically, and they immediately took action. Alas, they could only barely withstand the terrifying attack descending from the sky!

Boom!

A deafening explosion rang out, followed by shockwaves spreading in all directions.

Duan Nian Tian's attack was crushed by just the residual energy!

At the same time, Guo Li Li was also freed from Zhao An Yi's restraint. She exclaimed, pleasantly surprised, "A level-eight Dao Establishment powerhouse?!"

Seeing Zhao An Yi and the other person struggling to resist the attacker, Yang Tian He's eyes lit up. He knew his chance to perform had come and quickly took action, helping the two resist the attacker!

"Who are you?!"

The powerhouse from the Surging River Divine Kingdom glared at the newcomer as he said, "I'm a member of the royal family of the Surging River Divine Kingdom! I'm the subordinate of Lord Jiang Tian Zheng, a Dao Merging powerhouse! Do you know what you're doing? He's the son of the new Dao Merging powerhouse in the Surging River Divine Kingdom, Lord Duan Ling Tian!"

Before the newcomer could speak, Zhao An Yi shook his head helplessly. "It's meaningless to tell him all this... He's an enemy of Brother Ling Tian."

At the same time, Zhao An Yi stared coldly at the newcomer. He said with a sneer, "Lei Hong you're really regressing more and more... At least you used to be a powerful supreme powerhouse in the Myriad Worlds and the Outer Boundary. I know you have a feud with Brother Ling Tian. If you're so capable, go find him to settle the score. Why are you here causing trouble for a child? I feel embarrassed for you!"

The newcomer was Lei Hong.

After hearing the news of Duan Ling Tian becoming a Dao Merging powerhouse, Lei Hong, perhaps under pressure and despair, managed to take a crucial step forward after a few nights of drinking. He had become a level-eight Dao powerhouse.

After that, he had gone to the capital of the Surging River Divine Kingdom, thinking that if Duan Ling Tian was not present, he would deal with Duan Ling Tian's family and friends. However, he learned that his family and friends had been relocated by him.

Coincidentally, he saw Sheng An at the Duan Residence at that time and learned about Duan Nian Tian. For this reason, he followed Zhao An Yi and Sheng An to Carefree Island. As a level-eight Dao Establishment powerhouse, Zhao An Yi, who was a level-seven Dao Establishment powerhouse, naturally could not detect his presence.

Originally, he was prepared to take action on the mining island, but when he heard that Duan Nian Tian still wanted revenge, he thought that he would disrupt Duan Nian Tian's plan for revenge first before he killed Duan Nian Tian, swooping in for the kill at the last minute. He felt he could derive more satisfaction that way.

However, Lei Hong did not expect there to be another level-eight Dao Establishment present on the scene. Most importantly, the other party was helping Zhao An Yi.

Lei Hong stared at Yang Tian He and asked icily, "Who are you? As a fellow level-eight Dao Establishment powerhouse, I advise you not to interfere in my affairs. Otherwise, you'll be my enemy."

Lei Hong had been hiding above the clouds. Although he had seen Yang Tian He and his son from afar, he did not know their identities. Not only that, despite knowing Yang Tian He was also a level-eight Dao Establishment powerhouse, he was unaware that Yang Tian He was much more powerful than him, a new level-eight Dao Establishment powerhouse.

Meanwhile, Zhao An Yi and the others continued to attack, but Lei Hong easily neutralized their attacks.

Chapter 4704 Father and Son Reunite

It was because he had advanced to the eighth Dao Establishment realm that he dared to think about causing trouble for Duan Ling Tian's family and friends again. Otherwise, if he were still a level-seven Dao Establishment powerhouse, Yu Xiao and Zhao An Yi from the Azure Cloud Mansion, who were in charge of protecting Duan Residence, were enough to drive him away.

Previously, he went to the capital of the Surging River Divine Kingdom, he was not aiming to defeat these two and redeem himself. He knew that after Duan Ling Tian advanced to the Dao Merging realm, he must have had a profound friendship with the Surging River Divine Kingdom's

royal family. Otherwise, the Duan Residence and the Azure Cloud Mansion would not have relocated to the capital of the Surging River Divine Kingdom one after another. Duan Ling Tian definitely had a good relationship with the powerhouse of the royal family. If he were to take action against Yu Xiao and Zhao An Yi, the royal family's powerhouses would definitely intervene. At that time, he might really be stuck there forever.

His plan was to 'assassinate'. With his current strength, as long as there were no level-eight Dao Establishment powerhouses or above, it would not be difficult for him to assassinate anyone. He could even kill Yu Xiao and Zhao An Yi. However, he did not expect that Duan Ling Tian's family and friends had moved.

After finally getting news of Duan Ling Tian's son, Duan Nian Tian, he followed, thinking he was sure to succeed. But unexpectedly, just as he was about to defeat Zhao An Yi and the other level-seven Dao Establishment powerhouse, a level-eight Dao Establishment powerhouse intervened, neutralizing his attack! It did not take long for him to realize his opponent was stronger than him.

"So what if you're my enemy?"

Faced with Lei Hong's threat, Yang Tian He smiled domineeringly. It was completely different from his previous polite demeanor in front of Duan Nian Tian. It was as if he was two completely different people. And all of this was because he had just received a message from Zhao An Yi.

"Elder Yang, this person is called Lei Hong. He's an enemy of Brother Ling Tian from the world within the Life Creation Chart. Today, I ask for your help to drive him away and escort Nian Tian back to the Surging River Divine Kingdom... I'll repay this favor on behalf of Brother Ling Tian!"

Zhao An Yi did this naturally because he was worried that Yang Tian He would only intervene briefly before leaving. He did not expect Lei Hong to become a level-eight Dao Establishment powerhouse. With this, even if he and the royal family's powerhouse joined forces, they would not be Lei Hong's opponents. It would be impossible for them to protect Duan Nian Tian.

Fortunately, there was still a strong level-eight Dao Establishment powerhouse on the scene.

In order to pull the other party to his side, Zhao An Yi quickly sent a message to Yang Tian He. The implication of his message was that Lei Hong was from the world within the Life Creation Chart and had no backing in the Divine Land. If Yang Tian He helped them deal with him, he would obtain a favor from a Dao Merging powerhouse.

Zhao An Yi believed that Yang Tian He would make the right choice.

"Lei Hong, you won't be able to harm a single hair on this young lad as long as I'm here!"

With a flash, Yang Tian He arrived in front of Duan Nian Tian and protected Duan Nian Tian behind him.

Although Duan Nian Tian knew that the other party was definitely doing this out of consideration for his father, he still hurriedly thanked him and secretly breathed a sigh of relief. Fortunately, Yang Tian He was present. Otherwise, he would have died today. He did not expect that Lei Hong would become a level-eight Dao Establishment powerhouse after coming to the Divine Land. He also knew that it was no coincidence that Lei Hong was here; it was likely that Lei Hong had followed Zhao An Yi and the others here.

"Let me see your skills!" Lei Hong roared. In an instant, the air around his body surged. A terrifying force exploded, causing a rumbling sound. Then, he shot down like a cannonball!

Boom!

As Lei Hong moved, the wind blew violently, and the earth shook.

Seeing this, Yang Tian He's expression darkened. His energy surged, poised to confront Lei Hong.

However, the next scene made Yang Tian He freeze for a moment. He saw Lei Hong, who was rushing toward Zhao An Yi and the royal family's powerhouse, suddenly turned and rushed toward Guo Li Li. Then, he took her and flew toward the distance. Clearly, he had no intention of fighting Yang Tian He.

For a moment, Yang Tian He could not help but feel angry and embarrassed.

"Damn it! How dare he play tricks on me!"

Without any hesitation, Yang Tian He chased after him.

However, because Lei Hong had long had a plan and had acted first, Yang Tian He failed to stop him from escaping. Lei Hong disappeared without a trace under Yang Tian He's Divine Consciousness!

When Yang Tian He returned, his expression was dark as he bowed at Duan Nian Tian and said, "Young Master Duan, it was my carelessness that allowed Lei Hong to rescue your enemy."

"It's okay, Elder Yang," Duan Nian Tian shook his head and said, "Compared to that, I'm just happy I survived."

Next, seeing that Guo Qiu and Guo Yao Yao were unaware of Guo Li Li's actions before, Duan Nian Tian did not hold them accountable. Moreover, Yang Tian He had saved his life today. Zhao An Yi told him that without Yang Tian He, it would be difficult to ensure his safety.

"Young Master Duan, in fact, the matter between my son and Guo Yao Yao hasn't been settled at all, and I haven't agreed to this marriage... You don't have to spare her for my sake!" Yang Tian He said, slightly anxious that the other party would consider this repayment of his favor.

For him, this favor was of no use at all. What he cared more about was the favor of the Dao Merging powerhouse, Duan Ling Tian!

Duan Nian Tian had been wandering outside for many years. Although his strength was still average, he was very astute in social relationships.

"Elder Yang, rest assured, I'll inform my father of this matter and let him know that you saved my life. Hopefully, in the future, he'll help you if you need it." Upon hearing this, Yang Tian He's face immediately lit up with a bright smile. "Thank you, Young Master Duan!" Afterward, Yang Tian He took his son and escorted Duan Nian Tian to the Surging River Divine Kingdom.

Upon returning to the Surging River Divine Kingdom, they naturally met Duan Ling Tian, who had been waiting there for some time.

Seeing the familiar and towering figure not far away with his handsome face, Duan Nian Tian excitedly rushed up.

"Father!" Seeing his son tightly hugging him, with a height similar to his own, Duan Ling Tian reached out and patted his shoulder.

"I'm glad that you're back. Welcome back. Later, I'll take you to your mother. She'll be very happy; she has been missing you for a long time and has been worried about your safety," Duan Ling Tian said as he looked at the unfamiliar faces standing with Zhao An Yi. He curiously asked, "Brother Zhao, who are these four people?"

Chapter 4705 Yang Tian He Asks for a Favor

After returning to the Surging River Divine Kingdom, the level-seven Dao Establishment powerhouse returned to the royal family and reported back. The four people around Zhao An Yi were Yang Tian He and his son, as well as Sheng An and Xue Ping; the two people who helped Duan Nian Tian.

Sheng An and Xue Ping came with the others because they wanted to leave the Mountain Alliance and join the royal family of the Surging River Divine Kingdom. This was also promised by Zhao An Yi to them. Zhao An Yi was confident that the royal family would not refuse to accept them and would arrange a good job for them.

Of course, Zhao An Yi knew well that the royal family would show courtesy to him simply because of Duan Ling Tian. However, when Sheng An and Xue Pin learned that Duan Ling Tian happened to be at the Duan Residence, they still wanted to see Duan Ling Tian first.

"Brother Ling Tian brother, this is..."

Zhao An Yi introduced the four people one by one. When introducing Yang Tian He, he openly stated that Yang Tian He had helped a lot. Otherwise, it would be difficult for him to bring Duan Nian Tian back even though he had a powerhouse from the royal family helping him.

After learning the ins and outs of the matter, Duan Ling Tian's expression darkened. He did not expect Lei Hong to become a level-eight Dao Establishment powerhouse and that his son almost died because of Lei Hong!

"Elder Yang."

Duan Ling Tian looked at Yang Tian He. His handsome face and refreshing smile surprised Yang Tian He. After all, Duan Ling Tian was rather easygoing for a Dao Merging powerhouse, a top existence in the Divine Land.

"Lord Duan, you can just call me Yang Tian He," Yang Tian He said anxiously, bowing to Duan Ling Tian.

"I'll call you Old Yang then."

Duan Ling Tian walked up and patted Yang Tian He on the shoulder. "I only have one son. I really can't imagine how sad it would be if something happened to him... And his mother, my wife, would surely be heartbroken! I, Duan Ling Tian, owe you a great favor. In the future, as long as it's within my power and doesn't violate my principles, I'll definitely help you."

Duan Ling Tian's words were sincere. After all, Yang Tian He had saved his son's life, which was a huge favor.

Hearing this, Yang Tian He's face turned red. "Lord Duan, you're too kind."

Duan Ling Tian patted his shoulder again. "You can stay in the capital of the Surging River Divine Kingdom and see if you have anything you need help with... If you haven't figured it out yet, when you need my help in the future, just look for me. You can also stroll around here and experience the local customs."

With that said, he looked at Zhao An Yi again. "Elder Zhao, I'll leave Old Yang to you. Please take good care of him."

"Rest assured." Zhao An Yi nodded with a smile. "I will definitely make Elder Yang feel at home!"

Then, Duan Ling Tian exchanged a few words with Xue Ping and Sheng An, making the two of them feel flattered. When Duan Ling Tian asked if they needed any help, they bluntly stated that Zhao An Yi had already helped them solve their problems. Upon hearing this, Duan Ling Tian did not say much anymore.

"Yang Chun greets Lord Duan Ling Tian."

Meanwhile, Yang Chun stepped forward excitedly and paid his respects to Duan Ling Tian.

Before Duan Ling Tian could respond, Yang Tian He glanced at his son and said, "Lord Duan, I've already figured out what I want to ask you for."

"Oh? You figured it out so soon? What is it?"

After nodding to Yang Chun, Duan Ling Tian looked back at Yang Tian He, slightly surprised. He felt that Yang Tian He was a little impulsive, but he did not comment on it.

However, Zhao An Yi frowned and said, "Elder Yang, Brother Ling Tian is a powerful Dao Merging powerhouse. You should consider it carefully before asking for a favor. Don't be anxious."

He also felt that Yang Tian He was too impulsive. How could the Grand Elder of the Carefree Dao Sect, the strongest sect on Carefree Island, be so rash?

Yang Tian He smiled and said, "I've made up my mind. Lord Duan, I hope you can accept my son as a disciple."

Everyone including Duan Ling Tian was stunned.

Yang Chun, who was the first to come to his senses, was excited and filled with anticipation. If he could become a disciple of a Dao Merging powerhouse, who would dare to provoke him in the future? However, his joy did not last long.

After Duan Ling Tian recovered his senses, he shook his head and smiled bitterly, "Old Yang, your request is not difficult... However, there are some things I have to tell you. I enter the Dao Merging realm with the Limitless Sword Dao. I believe you must know that there is another cultivator who also cultivates the Limitless Sword Dao."

Without needing to say more, Yang Tian He's expression changed slightly.

"Limitless Sword Dao? Lord Duan, are you serious?"

Although he had heard about Duan Ling Tian ascending to the Dao Merging realm, it was all hearsay, and he did not know what Daos Duan Ling Tian comprehended. However, as soon as he heard the words 'Limitless Sword Dao', he instantly thought of the Myriad Mountain's Chen clan!

The Chen clan had a Triple Dao Merging powerhouse; one of the top powerhouses in the Divine Land. They also had another Dao Merging powerhouse who comprehended the Limitless Sword Dao. In the Divine Land, practicing the same Dao in the same era was taboo.

However, upon further thought, he recalled that Duan Ling Tian came from the Life Creation Chart. Since Duan Ling Tian could enter the Dao Merging realm so quickly, it indicated that before he arrived in the Divine Land, the two strongest Daos he comprehended were probably the Limitless Dao and the Sword Dao. Under such circumstances, practicing the Limitless Sword Dao was only natural.

Seeing Yang Tian He's expression change, Duan Ling Tian continued, "Moreover, the two powerhouses from the Chen clan came to the Surging River Divine Kingdom some time ago, wanting to cause trouble for me... That's why I moved my family and friends away to a place that only I know. Although I can retaliate against other members of the Chen clan for revenge, revenge is pointless once a tragedy occurs..."

Chapter 4706 Feng Qing Yang Becomes a Level-nine Dao Establishment Powerhouse; the Law of Time!

Although Duan Ning Tian could not quite understand some of Duan Ling Tian's words, when he learned that Duan Ling Tian had to hide Li Fei to protect her, he realized things were still dangerous for Duan Ling Tian in the Divine Land even though Duan Ling Tian was now a Dao Merging powerhouse. Moreover, the danger was not from Duan Ling Tian's enemies from the world within the Life Creation Chart such as Lei Hong and Yun Qing Yan. Instead, the danger was from natives of the Divine Land. Not only that, but they were from a powerful force with two Dao Merging powerhouses.

Duan Ling Tian looked at Yang Tian He and calmly said, "I've explained everything to you. It's entirely up to you to decide."

Although Yang Tian He was a level-eight Dao Establishment powerhouse, who was usually composed even under great pressure, he looked slightly embarrassed at this moment. He forced a smile and said, "Lord Duan, thank you for telling me this. If that's the case, it's indeed not very appropriate... After all, I'm not alone; I still have to consider the well-being of the Carefree Dao Sect. It'll be bad if the Carefree Dao Sect were targeted by the Myriad Mountain's Chen clan."

At the same time, Yang Chun was also drenched in cold sweat. The Myriad Mountain's Chen clan was considered one of the top forces in the Divine Land after all. Even without Yang Tian He's reminder, he knew he could not become Duan Ling Tian's disciple.

With this, the farce came to an end.

"Take your time and think carefully about the favor you want."

Duan Ling Tian nodded at Yang Tian He before he looked at Zhao An Yi beside him and said, "Please Elder Zhao, please arrange accommodations for Old Yang and his son. My son and I haven't seen each other for many years, and there are many private matters I wish to discuss with him."

Zhao An Yi quickly led Yang Tian He and Yang Chun away.

Yang Tian He kept apologizing to Duan Ling Tian, but Duan Ling Tian did not mind because if he were Yang Tian He, he would have made the same choice. After all, the Myriad Mountain's Chen clan was not an easy force to deal with. Even if he was a Dao Merging realm powerhouse, he still could not do anything about them for the time being. After all, they also had Dao Merging powerhouses, and most importantly, one of them was a Triple Dao Merging powerhouse.

After Zhao An Yi, Yang Tian He, and Yang Chun left, Duan Ning Tian could not help but ask worriedly, "Father, what did you mean earlier? I don't quite understand. Where's Mother? I miss her, and I want to see her!"

Duan Ling Tian smiled. "Nian Tian, calm down. I'll tell you about it. As for your mother, I'll take you to see her now. We'll talk on the way."

Duan Ling Tian took Duan Nian Tian and set off.

On the way, after Duan Ning Tian learned the ins and outs of the matter, his expression darkened. "Father, isn't the Myriad Mountain's Chen clan too overbearing? After all, it's not your fault! You came from the Life Creation Chart and didn't even know about the existence of the Divine Land, let alone about the Dao Merging realm... How could they cause trouble for you? What do they want? Do they want you to give up on the Limitless Sword Dao? That's ridiculous! Father, I wish I was strong enough to avenge you!"

Duan Ning Tian was livid.

Upon hearing this, Duan Ling Tian smiled. He knew that it would not be easy for Duan Ling Tian to obtain the strength to avenge him. It was not easy to break into the Dao Merging realm after all, and Duan Nian Tian had not even entered the Dao Establishment realm yet.

...

Soon, Duan Ling Tian and Duan Nian Tian arrived at the place where their family was hiding.

Everyone was naturally overjoyed to see Duan Nian Tian and surrounded him.

"Nian Tian, you've grown darker, and you've also become stronger..."

"Brother, you're finally back!"

"Nian Tian, it's good that you're back, it's good that you're back."

Duan Ling Tian stood at a distance with a smile on his face, watching everyone surrounding Duan Nian Tian as if he were the center of the universe.

...

Meanwhile, a figure had entered the Surging River Divine Kingdom from the north.

'In a blink of an eye, it's been decades since I arrived in the Divine Land... Little Tian has entered the Dao Merging realm, and I finally reached the ninth Dao Establishment stage!'

Feng Qing Yang flew toward the Surging River Divine Kingdom, feeling emotional. 'I never expected that the law of time, which is useless in the Divine Land, would enlighten me after I went to that place, transforming it into the Time Dao!'

'My law of time at the paramount stage has undergone considerable transformation and has reached the sixth stage.'

Feng Qing Yang's Sword Dao could reach the ninth stage so quickly thanks to his mastery of the Time Dao. In the past, his Sword Dao was greatly influenced by the law of time. After coming to the Divine Land, the law of time was rendered useless. Although his Sword Dao did not regress, it was lacking. Now that he had mastered the Time Dao, his Sword Dao had once again gone through a transformation with a hint of time attribute. His progress had also become rapid ever since.

A few days ago, his Sword Dao successfully reached the ninth stage, and he also became a level-nine Dao Establishment powerhouse!

'I need to find Little Tian and tell him about this... If his law of space can also transform into the Space Dao, he'll definitely grow stronger! With that, he'll be able to enter the Triple Dao Merging realm by merging the Space Dao!'

In the Divine Land, the Space Dao also existed. If Feng Qing Yang could master the Time Dao through the law of time, it stood to reason that Duan Ling Tian would be able to comprehend the Space Dao through his law of space as well.

Although Feng Qing Yan had not been in the Surging River Divine Kingdom, he had heard about Duan Ling Tian becoming a Dao Merging powerhouse and knew that Duan Ling Tian had moved the Duan Residence to the capital of the Surging River Divine Kingdom.

However, after arriving at the Duan Residence, he found that Duan Ling Tian was not there. Even Yu Xiao, whom he was reluctant to meet, was not there either. As such, he had to go to the Azure Cloud Mansion to find Zhao An Yi.

"Elder Zhao."

Zhao An Yi was surprised to see Feng Qing Yang. After learning that Feng Qing Yang came from the Duan Residence, he told Feng Qing Yang that Duan Ling Tian was in the Duan Residence just half a day ago but had taken Duan Nian Tian, who had just been found, to meet his family and friends.

"They found Nian Tian?"

Feng Qing Yang's eyes lit up. He quite liked that clever Duan Nian Tian and had been worried about his safety. Now that he had returned, he breathed a sigh of relief.

"Why did they leave?" Feng Qing Yang asked. When he learned the ins and outs of the situation from Zhao An Yi, his expression gradually darkened.

"The Myriad Mountain's Chen clan?"

Chapter 4707 Duan Ling Tian Is Excited Because of Fortuituos Encounter

Feng Qing Yang had heard of Duan Ling Tian becoming a Dao Merging powerhouse, but he was unaware that Duan Ling Tian was targeted by the two Dao Merging powerhouses of the Myriad Mountain's Chen clan. Although he had heard people mention that there were others in the Divine Land who also practiced the Limitless Sword Dao, he thought it was merely a coincidence. Moreover, he believed that since Duan Ling Tian was a Dao Merging powerhouse, even if the other party was displeased with him, they would not resort to anything extreme. Alas, he never expected that they would cross the line and find fault with Duan Ling Tian.

Feng Qing Yang's eyes glinted coldly as he thought to himself, 'With the law of the time at the paramount stage serving as the foundation, my Time Dao will soon reach the seventh stage and continue to progress rapidly. It won't take too long for me to reach the ninth stage. It's much faster than the other Daos I comprehended. Merging the Time Dao with the Sword Dao is the best choice for me...'

Before mastering the Time Dao, Feng Qing Yang doubted if he could merge the Daos. However, his confidence had returned, thinking that he could merge the Sword Dao and the Time Dao.

He was eager to find Duan Ling Tian and take him to that mysterious place to see if Duan Ling Tian could comprehend the Space Dao through the law of space. If Duan Ling Tian succeeded, it would not take long for him to comprehend the Space Dao to the ninth stage. Duan Ling Tian's Mastery Dao was rather high as well, perhaps he could become the first Quadruple Dao Merging powerhouse in the Divine Land.

"What? Lei Hong almost killed Nian Tian?"

After learning from Zhao An Yi about what Lei Hong had done, Feng Qing Yang's eyes shone murderously, and his expression turned frosty.

"Lei Hong became so arrogant just because he's a level-eight Dao Establishment powerhouse now? He better watch out... Otherwise, he'll definitely die if I see him!"

Now that Feng Qing Yang was a level-nine Establishment Dao powerhouse and even mastered the Time Dao, he was confident in killing Lei Hong.

'If I also enter the Dao Merging realm, it won't be difficult for me and Little Tian to join forces and kill Chen Ming Hao.'

Feng Qing Yang was confident about his Time Dao. With its control effect, he could affect where time flowed around his opponent. Although it was not as powerful as the law of time at the paramount stage, it was definitely not to be underestimated.

"What are your plans? Are you going to wait for Brother Ling Tian here?" Zhao An Yi asked.

Feng Qing Yang nodded. "I'll wait here for Little Tian to come back. I have urgent matters to discuss with him."

He could only wait for Duan Ling Tian to return, as he did not know where Duan Ling Tian went.

Alas, there was no way for them to communicate remotely like in the Life Creation Chart.

...

It did not take Feng Qing Yang long to wait for Duan Ling Tian to return.

Apart from spending time with his family, Duan Ling Tian spent time comprehending the Mastery Dao as well, hoping to reach the ninth stage as soon as possible. He wanted to merge the Limitless Sword Dao with his Mastery Dao and become a Triple Dao Merging powerhouse.

With that, the conflict between him and Chen Ming Hao would naturally cease to exist.

Perhaps he could not kill Chen Ming Hao due to his grandfather, a Triple Dao Merging powerhouse, but he was determined to vent his anger and beat Chen Ming Hao into a pulp.

Needless to say, his priority was to kill Yu Luo He and take over the Life Creation Chart.

He could see that his family and friends were not accustomed to life in the Divine Land. If they could, they would prefer to go back to their homeland. Even he himself felt the same.

In the Life Creation Chart, he could have multiple doppelgangers to accompany his family while he was cultivating. Most importantly, one could have eternal life in the Life Creation Chart.

As for the heavenly tribulations, as far as he knew, the rules in the Life Creation Chart could be changed by its master. Otherwise, the rules in the era before the historical gap when the Void Elder was still alive would not be different from the rules after the gap in history.

After accompanying his family and cultivating, Duan Ling Tian returned to the Duan Residence to see if anyone he knew had gone there. To his pleasant surprise, Feng Qing Yang was waiting for him at the mansion.

"Master, you're back? You've also become a level-nine Dao Establishment powerhouse?"

He did not expect to see Feng Qing Yang, and he quickly noticed Feng Qing Yang's current cultivation level.

Duan Ling Tian truly admired Feng Qing Yang. If he had not inherited the memory of the Void Elder, it would have been difficult for him to catch up to Feng Qing Yang's Sword Dao, let alone surpass it.

Feng Qing Yang smiled and said, "I came across a fortuitous encounter, and this is also the reason why I came back in a hurry to find you."

After listening to Feng Qing Yang's words, Duan Ling Tian's eyes lit up. Despite already becoming a Dao Merging powerhouse, he was still excited.

"Your law of time helped you comprehend the Time Dao? What kind of place is it? How mysterious! Master, bring me there to have a look!"

Then, he briefly mentioned his own fortuitous encounter. Duan Ling Tian's eyes lit up. Even though he had become a Dao Merging powerhouse, he was still somewhat excited at this moment. Duan Ling Tian could not wait any longer. If he could master the Space Dao through the law of space, his Space Dao's level would be quite high. Perhaps it might even surpass that of the Mastery Dao and reach the ninth stage first.

"Alright."

...

Feng Qing Yang and Duan Ling Tian did not waste time and set off immediately.

On the way, Feng Qing Yang asked about the matter regarding the Myriad Mountain's Chen clan.

"Chen Ming Hao from the Myriad Mountain's Chen clan had repeatedly interfered with my attempts to kill Yu Luo He," Duan Ling Tian said in a deep voice as his eyes glinted coldly.

Feng Qing Yang was surprised. "Yu Luo He? Isn't he the owner of the Life Creation Chart? He was also 'heaven' in the past, right?"

"That's him." Duan Ling Tian nodded.

"How did you find him?"

Feng Qing Yang was perplexed. He did not expect Duan Ling Tian to manage to track down Yu Luo He, whom the Dao Merging powerhouses in the Divine Land were eager to kill.

"After I became a Dao Merging power, I found that I had a connection with the Life Creation Chart... Perhaps I was born there so I could sense its whereabouts..."

Chapter 4708 The Space Dao; Xue Qing Zhu

Upon hearing Duan Ling Tian's words, Feng Qing Yang's eyes lit up, surprised. "Is there such a good thing?" Since Duan Ling Tian could track the Life Creation Chart, as long as he had the ability to kill Yu Luo He or snatch the Life Creation Chart from Yu Luo He, he would be able to become the next master of the Life Creation Chart. With that, those who had been transported to the Divine Land might be able to return to the Outer Boundary and the Myriad Worlds! Although Feng Qing Yang did not think there was anything wrong with staying in the Divine Land, he still felt that he was more accustomed to life in the Solitary Destructive Heaven. Perhaps it was because he had spent most of his time there in the past, or maybe it was because he was getting older and starting to feel nostalgic, preparing for retirement. "Yeah, I didn't expect it either." Duan Ling Tian nodded as his eyes glinted coldly. Then, he sighed and added, "Actually, the first time I found Yu Luo He, he was still seriously injured. At that time, I was more than 90% certain that I could kill him... However, Chen Ming Hao deliberately interfered, and I missed the chance to do so! After that, every time I went to find Yu Luo He, his injuries were getting better... Because Chen Ming Hao kept interfering, Yu Luo He even recovered to the point where he wasn't afraid of me anymore." Upon hearing Duan Ling Tian's words, Feng Qing Yang's expression darkened. His eyes were filled with bone-chilling murderous intent. He silently committed Chen Ming Hao's name to his memory.

Shortly after, Feng Qing Yang brought Duan Ling Tian to the place where he had run into a fortuitous encounter. It was a treacherous place where even level-seven Dao Establishment powerhouses would not dare enter recklessly. The space inside contained various terrifying storms, including time storms and spatial storms. "It was only after I ventured deeper that I comprehended the Time Dao in the midst of the time storm. After that, I found that my law of time was very useful, allowing my comprehension of the Time Dao to advance by leaps and bounds. You should try it too," Feng Qing Yang said to Duan Ling Tian. They were in a forbidden place called the Tyrannical Abyss. Although the storm was raging, they were mostly unaffected. "When I first came here, I was only a level-eight Dao Establishment powerhouse and felt a lot of pressure... It wasn't until I became a level-nine Dao Establishment powerhouse that I could roam freely here. My Time Dao was cultivated in the midst of the time storm here. Since there are also spatial storms here, I think you might be able to comprehend the Space Dao here as well." Feng Qing Yang glanced at the raging storm nearby. The storm that was fluctuating in a strange pattern was a time storm.

As for space storms, there were spatial tears and overlapping voids, creating phenomena similar to when one used the law of space. Upon hearing Feng Qing Yang's words, Duan Ling Tian's eyes lit up. Then he began to wander around the Tyrannical Abyss, deliberately releasing his Divine Consciousness to sense the spatial storms here.

Feng Qing Yang followed closely beside him, continuing to comprehend the Time Dao using his law of time as he watched Duan Ling Tian.

...

In a blink of an eye, 13 years had passed.

On this day, Feng Qing Yang, who was meditating, suddenly sensed a chilling wave of energy sweeping over from a distance. He opened his eyes and saw Duan Ling Tian.

Duan Ling Tian was being attacked by various spatial storms in the Tyrannical Abyss. However, he was not affected.

Feng Qing Yang's eyes lit up as he asked, "You've succeeded?"

Duan Ling Tian nodded and a brilliant smile bloomed on his face. He finally comprehended the Space Dao through the spatial storms here after 13 years. "The insights of the laws of space from

the past indeed greatly helped with the comprehension of the Space Dao... My Space Dao was already at the third stage when I first comprehended it."

Duan Ling Tian felt that there might still be a chance for his Space Dao to surpass the progress of his Mastery Dao. In terms of the Mastery Dao, he had followed the path of the Void Elder because he was unsure of how to forge his own path. Perhaps it would have helped if he had a Dao Merging tablet that contained the Mastery Dao.

However, Dao Merging tablets were supreme treasures in the Divine Land. All forces with Dao Merging powerhouses naturally would not give them up easily.

In the past, Duan Ling Tian had the opportunity to observe the Dao Merging tablet of the Surging River Divine Kingdom because he had helped obtain the Dao Merging tablet from the Temple of Bitter Sea on behalf of the Surging River Divine Kingdom!

During the competition for the Dao Merging tablet, he was their trump card. To put it bluntly, without Duan Ling Tian, the Surging River Divine Kingdom would have lost their Dao Merging tablet to the Temple of Bitter Sea, let alone obtain another Dao Merging tablet.

Although the divine monk of the Temple of Bitter Sea did not say much after suffering the loss, occasionally, Duan Ling Tian could still clearly sense his grudge, as if he had snatched away the divine monk's loved one.

"Master, let's go back." Duan Ling Tian looked at Feng Qing Yang and said, "Now that I've already comprehended the Space Dao. It's useless to stay here any longer..."

"However, I've observed that besides the time storms and spatial storms, there are many other types of storms such as life storms and death storms, but there are no elemental storms here. This means that anyone who comprehended the Four Supreme Laws will have the opportunity to comprehend the corresponding Daos as long as they come here!

"Among my family, there are those who comprehended the Four Supreme Laws in the past, but they can't come here unless they're a level-eight Dao Establishment powerhouse at least. Even if they can come here, they won't be able to comprehend the corresponding Dao with their cultivation level."

...

To their surprise, when they returned to the Surging River Divine Kingdom after 13 years, they ran into Xue Qing Zhu. She was still beautiful and aloof like before. Like an angel sent from heaven.

'Master's wife?'

Duan Ling Tian looked at Feng Qing Yang, and seeing the gentle expression on Feng Qing Yang's face, Duan Ling Tian smiled. Then, he tactfully left the couple, who had not seen each other for 100 years, alone.

The return of Xue Qing Zhu, though surprising, was not unexpected. With her strength, as long as nothing unexpected happened, she would definitely come to the Surging River Divine Kingdom upon hearing the news of Duan Ling Tian becoming a Dao Merging powerhouse.

Chapter 4709 100 Years Later

Duan Ling Tian, Feng Qing Yang, and Xue Qing Zhu did not stay in the Surging River Divine Kingdom for long since people from the Myriad Mountain's Chen clan might come looking for trouble.

At this point, Duan Ling Tian was capable of escaping from the two major threats from the Myriad Mountain's Chen clan, but it would be impossible for Feng Qing Yang and Xue Qing Zhu to escape from them. After all, Feng Qing Yang had yet to enter the Dao Merging realm while Xue Qing Zhu had just become a level-seven Dao Establishment powerhouse. For this reason, the couple followed Duan Ling Tian to meet his family and friends.

When they arrived, Duan Ling Tian could see how delighted Yu Xiao was. Although Yu Xiao was holding Xue Qing Zhu's hands and chatting with Xue Qing Zhu, her gaze would often fall on Feng Qing Yang. Her feelings for Feng Qing Yang were clear. Since this matter could only be solved by Yu Xiao, Duan Ling Tian did not intervene.

In the following period, apart from spending time with his family, Duan Ling Tian used his comprehension of the law of space to comprehend his Space Dao. As such, his Space Dao was progressing rapidly day by day. He was confident that within a few decades, his Space Dao would catch up with or surpass his Mastery Dao. Although he was still trying to figure out how to break into the ninth stage, his Mastery Dao at the eighth stage was not to be underestimated.

Apart from cultivating, Duan Ling Tian also often traveled to almost every corner of the Divine Land incognito with his wives. During this time, they encountered some foolish people who looked for trouble with them. Needless to say, none of them ended well.

"This is Carefree Island. Nian Tian once said that he was trapped on a mining island east of the island called the... Shall we take a look?" Li Fei suggested when they arrived on Carefree Island. She was distressed when she heard about Nian Tian's suffering in the past, but she was grateful that he returned safe and sound.

Li Fei sighed before she continued, "It's a pity that the enemies were rescued by Lei Hong..."

Li Fei's eyes shone with killing intent when she said this. Clearly, she was dissatisfied with this.

"Alright, let's go and have a look," Duan Ling Tian said with a nod. His face was expressionless when Li Fei mentioned Lei Hong, but he said, "Lei Hong better stay hidden for the rest of his life. Otherwise, if I get my hands on him, I'll make sure he dies a torturous death."

Duan Ling Tian did not expect Lei Hong to still hold a grudge even after coming to the Divine Land. Since Lei Hong refused to give up, he naturally would not show mercy.

It did not take long for Duan Ling Tian and the others to arrive at the Night Forest. After asking for directions, they finally found that mining island. Looking at the island, Li Fei felt a pang of sorrow, reminded of Nian Tian's suffering.

They did not stay for long before continuing their journey through the Divine Land.

Duan Ling Tian continued to comprehend the Space Dao while traveling. After all, whether he could deal with the Myriad Mountain's Chen clan and snatch the Life Creation Chart from Yu Luo He or not depended on his comprehension of the Space Dao.

He had a strong feeling that once his Space Dao reached the ninth level, it would be easy for him to merge it with his Limitless Sword Dao. After all, back in the Myriad World, he had practiced the Space Sword Dao. Since he had merged his Limitless Dao and Sword Dao into the Limitless Sword Dao, once he merged the Space Dao with the Limitless Sword Dao, he would enter the Triple Dao Merging realm.

'The Triple Dao Merging realm...'

Duan Ling Tian's eyes shone with excitement when he thought about breaking into the Triple Dao Merging realm. He could only stand at the pinnacle of the Divine Land once he became a Triple Dao Merging powerhouse. Based on his knowledge, there was no one in the history of the Divine Land who had comprehended the Limitless Space Sword Dao. This meant that once he merged the Limitless Space Sword Dao, he would be stronger than most, if not all, of the Triple Dao Merging powerhouses in the Divine Land. After all, the other Triple Dao Merging powerhouses had comprehended existing Daos. Most of them only successfully became Triple Dao Merging powerhouse by studying the Dao Merging tablets their predecessors left behind.

'They killed the previous master of the Life Creation Chart and did everything to kill Yu Luo He, but they definitely did not do it out of pity for humanity! They must be worried that Yu Luo He would successfully merge the Sacrificial Dao with his other two Daos, cultivating a new Triple Dao and becoming invincible in the Divine Land. If that happened, all of them would be negatively affected...'

The Triple Dao Merging powerhouses in the Divine Land comprehended Daos that already existed. As such, although they were stronger than ordinary Dao Merging powerhouses, their strength was still limited. They might even have difficulty facing a truly powerful Double Dao Merging powerhouse. They might win, but it would be difficult for them to kill a truly powerful Double Dao Merging powerhouse.

'If the Chen clan's Triple Dao Merging powerhouse attacks me while Chen Ming Hao interferes with my Limitless Sword Dao, I might not be able to escape from them...'

This was the drawback of comprehending and merging the same Daos. This was also the reason Chen Ming Hao was furious and determined to kill Duan Ling Tian as soon as he could. In the past, as soon as he had learned that Duan Ling Tian was in the Surging River Divine Kingdom, he had brought his grandfather along to kill Duan Ling Tian.

...

In just a blink of an eye, 100 years had passed.

Almost all of Duan Ling Tian's acquaintances from the Life Creation Chart, who were still alive, came to seek refuge at the Duan Residence in the Surging River Divine Kingdom when they heard about him. With this, the Duan Residence became even livelier.

However, Duan Ling Tian's family and close friends had yet to return to the residence. He feared that they would be targeted by the Chen clan or Lei Hong. Since Lei Hong failed to kill Duan Nian Tian, he seemed to have vanished into thin air after escaping with Duan Nian Tian's enemies.

'One more try... If I successfully break through, I'll successfully merge three Daos!'

Over the past 100 years, with his comprehension of the law of space, Duan Ling Tian had successfully comprehended the Space Dao to the ninth stage. Subsequently, he began to merge it with this Limitless Sword Dao, but a few years had passed without success. Nonetheless, he was not discouraged. After all, if it were so easy to merge three Daos, there would not be so few Triple Dao Merging powerhouses in the Divine Land.

Chapter 4710 Feng Qing Yang Merged the Daos

Duan Ling Tian temporarily put Yu Luo He and Chen Ming Hao aside. He knew very well that with his current strength, he could not do anything. Only after he merged his Space Dao with his Limitless Sword Dao, merging three Daos together, would he be able to deal with Yu Luo He and snatch the Life Creation Chart away. At that time, he could also settle scores with Chen Ming Hao, who had been deliberately looking for trouble with him.

The Space Dao was profound and mysterious. In the past few years, he had consulted the two Dao Merging powerhouses from the Surging River Divine Kingdom and Temple of Bitter Sea respectively, asking about the Space Dao. According to the duo, the Space Dao was among the strongest Myriad Daos.

It was said that the creator of the Life Creation Chart had merged the Space Dao and the Time Dao in the past. There were rumors that he was among the very few powerhouses in the history of the Divine Land who had merged four Daos. However, according to Jiang Tian Zheng and Yong Ye the divine monk, the rumors were never verified. After all, the creator of the Life Creation Chart was from ancient times.

When the creator of the Life Creation Chart passed away from old age, the chart was also buried along with him, vanishing from the world. It was only later when someone found it that it appeared in the world again. The person who found it was the former master of the Life Creation Chart before Yu Luo He; he was also 'heaven' during the time the Void Elder was alive.

When he was ambushed and killed, the Life Creation Chart shattered, leading to the deaths of the lives in the Life Creation Chart, who were not as lucky as Duan Ling Tian and the others. Even someone as powerful as the Void Elder did not survive.

As for Yu Luo He, although he was also ambushed, he managed to survive. Although he was severely injured, the Life Creation Chart was only slightly damaged.

"As long as I merge the Space Dao with the Limitless Sword Dao, I won't have to fear anyone in the Divine Land," Duan Ling Tian muttered as his eyes burned with passion and longing. He was once invincible in the Life Creation Chart, but after coming to the Divine Land, that changed. Although he was still considered powerful, there were still others stronger than him.

Putting aside Triple Dao Merging powerhouses, Duan Ling Tian was in fact rather powerful among Dao Merging powerhouses. Perhaps there were only a few who were stronger than him. However, due to Chen Ming Hao's interference, Duan Ling Tian's strength was now ranked at the bottom among Dao Merging powerhouses. After all, each time Chen Ming Hao interfered, his strength would weaken considerably.

While Duan Ling Tian tried to merge the Sword Dao with the Limitless Sword Dao, Feng Qing Yang was trying to merge the Time Dao and the Sword Dao. He had successfully comprehended his Time Dao to the ninth stage a few years ago. Once the merging was successful, he would successfully merge the Time Sword Dao.

Although the Time Sword Dao was not a new Dao in the Divine Land, due to the extreme difficulty of comprehending the Time Dao, there were very few people in the history of the Divine Land who had comprehended the Time Sword Dao. As such, it could be considered a relatively new Dao.

If Feng Qing Yang successfully merged the Time Sword Dao, he would only be second to those few Triple Dao Merging powerhouses in the Divine Land. For example, even if Chen Ming Hao did not interfere, Duan Ling Tian's Limitless Sword Dao still would not be a match for Feng Qing Yang's Time Sword Dao. This was due to how new the Daos were. The older the Daos, the weaker they would be.

Between the master and the disciple, in the end, it was Feng Qing Yang who successfully merged the Daos first, bringing about an earth-shaking phenomenon.

The phenomenon could be seen in distant places, and those who were knowledgeable were shocked.

"Someone successfully merged the Daos!"

"Heavens! What Daos did that person merge?!"

"Based on the phenomenon, one of the Daos is the Sword Dao. However, I can't identify the other one. It's really mysterious, and it feels even more terrifying than the Sword Dao!"

...

At the same time, Duan Ling Tian and the others gathered and looked for Feng Qing Yang after his breakthrough.

"Master, congratulations!"

Duan Ling Tian congratulated Feng Qing Yang before the others followed suit. They were all Duan Ling Tian's family and close friends, and all of them naturally respected Feng Qing Yang from the bottom of their hearts.

Apart from feeling amazed, they were also delighted. After all, with the addition of another Dao Merging powerhouse, they could gain a better foothold in the Divine Land. Perhaps they could come hiding. After all, previously the Chen clan was unscrupulous because only Duan Ling Tian alone was a Dao Merging powerhouse. Perhaps with two Dao Merging powerhouses, the Chen clan would have more scruples.

"Thank you, everyone," Feng Qing Yang responded with a smile. Then, he could barely conceal his excitement as he looked at Duan Ling Tian and asked, "Little Tian, let's find a place to spar?"

"Master, there's no need for that. I'm definitely not your opponent now," Duan Ling Tian said, shaking his head and looking somewhat helpless, "If I try to use the Limitless Sword Dao now, Chen Ming Hao will likely interfere. Even if he doesn't interfere, the Limitless Sword Dao is definitely not as powerful as the Time Dao. The former is not as new as the latter after all."

Upon hearing this, Feng Qing Yang's expression turned solemn and his gaze turned slightly cold as he said, "Little Tian, now that I've broken through, why don't we pay the Chen clan a visit and warn Chen Ming Hao? We're both Dao Merging powerhouses now; we don't have to fear the Chen clan!"

Seeing how eager Feng Qing Yang was to rush to the Myriad Mountains, Duan Ling Tian shook his head and said, "Master, there's no point. Although nothing will happen to us, there's also not much we can do. After all, the clan has a Triple Dao Merging powerhouse. Let's wait until I merge all three Daos before we visit them!"
