### Chapter 1031: Ruining My Plans

Qian Liuguang smiled at Young Master Long and poured him a cup of tea. "Please have some tea, Young Master Long."

"Tea?" Young Master Long glanced at the teacup in front of him and sneered.

"How rare it is for Master Ling to have the mood to sit here and drink tea," he said meaningfully.

"Well..."

Qian Liuguang knew what Young Master Long meant. All his poisonous sacrificial warriors were dead.

However, he was not the one who did it. Young Master Long's poisonous sacrificial warriors were so useless that they could not even defeat the people from Jun Lin Hall.142.93.60.102

They could not even injure the people from Jun Lin Hall!

So what if Young Master Long was angry? He was angry too!

Qian Liuguang hesitated for a moment. When he lowered his head, a glint of hostility flashed across his eyes.

This young man was not only very impatient but also incredibly scheming.

However, it made sense. After all, he was from the Long family, and he was the young master of the Long family, who could rival the young successor of the Long family. He also hailed from the bloodline. If he was brainless, he would have died long ago.

“Young Master Long, what are you talking about? We wouldn’t have suffered such a huge loss if we hadn’t underestimated Qian Jiyun’s strength.”

He looked up and smiled obsequiously at Young Master Long. His scheming gaze had already disappeared. He warned himself not to be careless just because Young Master Long was young.

“Qian Jiyun’s strength...”

Young Master Long’s expression changed at the mention of Qian Jiyun.

Qian Jiyun had destroyed all the poisonous sacrificial warriors he had given to Qian Liuguang. It was only then that he realized it would not be easy to deal with Qian Jiyun.

“Are you really sure Qian Jiyun is the next Demon Heart?”

He would not be able to deal with Qian Jiyun if he truly was the Demon Heart. No one could oppose the Demon Heart on Wulong Mountain. He did not want to follow the path of the aristocratic families 20 years ago..

done.

Chapter 1032: Not That Easy

He was not young back then. He had heard from the elders in his family that if the Long family had not been neutral in that matter, they would have become a sacrificial lamb in the long history of Wulong Mountain like the other aristocratic families.

“He is the next Demon Heart. I can confirm.”

Qian Liuguang would not tell anyone that Qian Jiyun was not the successor to the Demon Heart but to Huayan Peak. The real successor to the Demon Heart was An Jiuyue, the woman by Qian Jiyun’s side.

“However, we don’t know if he can become the Demon Heart.”

“What do you mean?” Young Master Long narrowed his eyes and stared at Qian Liuguang.

Was Qian Jiyun the Demon Heart or not? He could not understand Qian Liuguang.

done.me

“Many people saw the ball of demonic energy above Jun Lin Hall that day. Did you not see it?”

If Qian Jiyun had absorbed such a powerful ball of demonic energy, how could he not become the Demon Heart? Was Qian Liuguang trying to trick him again?

He looked at Qian Liuguang suspiciously.

“Young Master Long, don’t be anxious. Listen to me slowly.” Qian Liuguang smiled at Young Master Long and told him what he knew about the Demon Heart.

“It’s true that Qian Jiyun absorbed that ball of demonic energy, but that doesn’t mean Qian Jiyun has become the High Priest Demon Heart.

“If I’m not wrong, that ball of demonic energy can only activate Qian Jiyun’s identity as the successor. He’s still far from becoming a true Demon Heart.” “Well...” Young Master Long still looked at Qian Liuguang suspiciously.

He was not sure if Qian Liuguang was telling the truth or if he was lying because he wanted him to deal with Qian Jiyun.

He looked at Qian Liuguang and said softly, "What do you want to say? Say it. I'm listening."

He wanted to hear what else Qian Liuguang would say, but he reckoned it would be nothing good.

"Young Master Long, you might not know this, but inheriting the position of

Demon Heart is not that easy."

Qian Liuguang would not let go of this opportunity. If he wanted the Life Stone, he needed the Long family's support.

Although Young Master Long was not the young lord of the Long family, he was still the legitimate son. If anything happened to him, the Long family would definitely get involved and clash with Jun Lin Hall.

"Becoming the Demon Heart requires the accumulation of various valuable items. She... Qian Jiyun still needs many things to become the Demon Heart.

"Right now, he's just a successor, much like the previously rumored successors of the Demon Heart. It's all superficial."

Of course, the truth was far from this. If being the successor was merely superficial, An Jiuyue could not have injured him.

However, he could only say that in front of Young Master Long.

"You're saying that Qian Jiyun isn't the real Demon Heart yet, so it's possible for us to kill him?" As expected, Young Master Long's eyes lit up.

He did not think much of Qian Jiyun in the past, but now that he was about to become the Demon Heart, he had no choice but to make a move.

If Qian Jiyun became the Demon Heart, the Long family would definitely be suppressed on Wulong Mountain. Since those old farts in his family were afraid of trouble and refused to attack the Demon Heart, he would take it upon himself to do so..

Chapter 1033: No One Survives?

He refused to believe that they would not be able to kill Qian Jiyun, even with so many people combined.

“That’s right. Qian Jiyun is not the Demon Heart yet. But he’ll become the Demon Heart soon if we don’t stop him now.” Qian Liuguang narrowed his eyes and smiled when he saw Young Master Long’s expression.

With the Long family’s support, it would be much easier for him to unite the other families. After all, the Long family’s name was very useful.

“Besides, Young Master Long, you might not know this, but Qian Jiyun has a natal beast—the Flame Fox. That’s valuable!”

How could Young Master Long not have heard of the Flame Fox?

He liked listening to the happenings outside the most. He believed he would only understand everything about Wulong Mountain if he listened more. Hence, he had heard about Flame Fox in the past few days.

done.me

“Can the Flame Fox really help its master cultivate?”

In a place like Wulong Mountain, where people cultivated demonic energy, anyone who claimed to not be interested in cultivation would be lying.

Obtaining the Flame Fox to help him with his cultivation would be ideal. No matter how talented his brother was, he would never measure up to him in the future.

“Of course.” Qian Liuguang nodded without hesitation.

“Not only that, but the Flame Fox can also give demonic energy to other people who are close to it when it cultivates. If Young Master Long can obtain it, you will definitely be able to subdue more subordinates to serve you in the future.”

“If that’s true, that would be great.” Young Master Long nodded in satisfaction.

He did not care about subduing anyone else. He only cared about how much his cultivation would improve so that his father would focus all his attention on him.

He looked at Qian Liuguang and asked, “What do you want?”

“I don’t want much. I just hope that Young Master Long can send more people to deal with Jun Lin Hall with me. This time, I’ll kill everyone in Jun Lin Hall and make sure no one survives!”

Qian Liuguang’s cold voice sounded in Young Master Long’s ears.

That’s right. I don’t want much. I just want to destroy Jun Lin Hall and obtain An Jiuyues Life Stone again. As long as I can have the Life Stone, the lives of the others will have nothing to do with me.

“Pft. ” Young Master Long sneered. “You’ll make sure no one survives?”

He glanced at Qian Liuguang disdainfully, finding his words ridiculous. “Master Ling, do you think you can kill everyone in Jun Lin Hall?”

“Uh.” Qian Liuguang was stunned.

Jun Lin Hall’s strength was unknown. He did not know if he was confident in defeating Jun Lin Hall.

However, capturing Qian Jiyun would be enough. He had long said that he only wanted the Life Stone and nothing else.

He did not care if the people from Jun Lin Hall would die or if they would settle scores with the aristocratic families in the future.

“Young Master Long, what are you talking about? You’re talking as if Jun Lin Hall is very powerful. To be honest, I went to Jun Lin Hall yesterday to investigate.

“Now that I’ve investigated them, Jun Lin Hall is not as powerful as we think.

As long as we make the right arrangements, we can still destroy it completely.

“You want to destroy Jun Lin Hall too, right? Jun Lin Hall’s very existence is an eyesore to many people..”

Chapter 1034: What? The Trail Went Cold?

He looked at Young Master Long meaningfully.

Young Master Long’s expression darkened.

He was right. Jun Lin Hall was truly an eyesore to many, especially the Long family. They had painstakingly established themselves as the top aristocratic family for many years. How could they accept the fact that someone else was about to overtake them?

His father had been eyeing Jun Lin Hall for the past few years, but he had always been hesitant.

He hated his father's indecisiveness the most. His weak mentality allowed Jun Lin Hall to develop to its current state.

Now, he even backed the son of a concubine to become the young lord. He was even more muddle-headed in this matter!

"Alright. Send someone to inform me when you attack."

done.me

With that, he stood up and flicked his sleeve at Qian Liuguang. He had reached an agreement with him.

If the Flame Fox was as good as Qian Liuguang had described, he could send some people to deal with Jun Lin Hall. He would wait for Qian Jiyun to fall and take the Flame Fox for himself.

However...

While he did not stop walking away, he did not trust Qian Liuguang.

Qian Liuguang must have his reasons for being so eager to deal with Jun Lin Hall. He knew he could not ask about his true intentions, so he did not.

But that did not mean he was not curious. Naturally, he had to be even more wary of Qian Liuguang in the future.

Behind him, Qian Liuguang chuckled as he watched Young Master Long leave.

He had taken care of one, and it was time to deal with the other aristocratic families. They were easy to handle. He could use the Long family as a stepping stone and reveal some of the valuable things in Jun Lin Hall.

“Have you investigated thoroughly?”

In Qian Jiyun’s study in Jun Lin Hall, Yan Feng and MO Aotian stood talking to him.

Upon hearing Qian Jiyun’s question, they looked up at each other and shook their heads in unison. “Master, we really couldn’t find anything.”

They could investigate the identities of the sacrificial warriors and the aristocratic families behind them, but they could not find out who was the real mastermind behind the people who had been causing trouble for Jun Lin Hall.

“At first, I was suspicious of Master Ling, but later it was proven not to be him, and then the trail went cold,” MO Aotian said, a little embarrassed

“Did the trail go cold, or were the previous leads merely your speculations in the first place?”

An Jiuyue looked up and asked them before lowering her head to play with the alchemical materials in her hand.

Qian Jiyun had ordered people to send her a lot of alchemical materials. She was familiarizing herself with them and wondering when she could start practicing alchemy to benefit everyone.

However, she could not take it anymore when she heard what they said.

What? The trail went cold? It was more like they had not found any clues at all!

“Uhm!” MO Aotian was stunned by her words, and his face burned with embarrassment.

Indeed, the leads from before were fake. Master Ling was not behind this at all. His previous assumption was also wrong. Master Ling did not even know that his master was the Demon Heart at that time. Why would he cause trouble in Jun Lin Hall for no reason?

Hence, it was hard to tell. Investigate this? It was not like they could not find anything either.

“You’re right, Madam. It was just our speculation. It doesn’t count..”

Chapter 1035: It’s Zhao Xiaoli!

“Jun Lin Hall has offended many people. Can we investigate it from this angle?” Bai Ze suggested, leaning against a pillar with his arms crossed.

However, Yan Feng and MO Aotian rolled their eyes at the same time.

If things were really as simple as Bai Ze said, they would not need to do anything. It would have already been thoroughly investigated long ago.

“Ah Ze, we’ve offended many people, but everyone on Wulong Mountain offends someone every day. The number of people Jun Lin Hall has offended is already considered few.”

Bai Ze made them sound like they were wicked. This had nothing to do with them, okay?

Wulong Mountain was a cannibalistic world. No matter how many bad deeds were committed, Jun Lin Hall never actively provoked others.

They were already considered kind on Wulong Mountain!

An Jiuyue looked at Qian Jiyun’s face, which had a knack for attracting unwelcome attention, and muttered, “Maybe someone misses your master and wants him to come back quickly. That’s why they caused so much trouble.”

done.me

She had heard that although many things had happened and Jun Lin Hall had suffered considerable losses, no one had died.

They might have been more cautious after the repeated incidents, but they would not have been on guard the first time. A few deaths would have been normal.

However, there were none.

“If someone truly wanted to attack Jun Lin Hall, it wouldn’t be as simple as making us suffer a few losses.”

Everyone turned to look at An Jiuyue.

An Jiuyue met their strange gazes and asked, “Why are you looking at me like that? Am I wrong?”

She was only speculating. It was not like the truth would definitely be as she said. Was there a need to look at her like that?

“Sister-in-Law is right, Brother. Did one of your suitors cause a commotion on purpose?” Bai Ze reminded Qian Jiyun.

“Bai Ze is right. Hall Master, could it be...” MO Aotian also felt that it was true and looked at Qian Jiyun.

But Yan Feng disagreed. “That’s not possible. The Hall Master rarely goes out at

Wulong Mountain. Even when he does, he wears a mask. It’s impossible...”

Qian Jiyun had only stopped wearing a mask after An Jiuyue came. In the past, he would wear a mask when meeting the other family heads.

How could he attract admirers if they did not even know what he looked like?

“That’s impossible. Unless...”

“It’s Zhao Xiaoli!” Bai Ze and MO Aotian exclaimed at the same time.

“Who is Zhao Xiaoli?” It piqued An Jiuyue’s interest instantly.

She stopped playing with the alchemical materials and approached Qian Jiyun.

However, Qian Jiyun had no clue. He had never heard of Zhao Xiaoli in the first place.

“Who is that?”

Since he had never heard of her, he asked MO Aotian and the other two.

He had never heard of someone even Bai Ze knew. Could he have forgotten something?

“Brother, don’t you remember? Seven years ago, we went to the Yangui Forest to hunt demonic beasts to train. You saved a young lady there. That woman was Yue Xiaoli,” Bai Ze reminded his brother.

“But it’s understandable that you don’t remember her. You haven’t seen her since she was rescued..”

Chapter 1036: Why Lower Her Standards?

Upon hearing that, Qian Jiyun frowned.

“Is she the woman who fed her servants to the demonic beast all because she’s the Long family’s cousin?”

He remembered rescuing someone in the Yangui Forest. He had saved her because he wanted to give the Long family some face, but he had not taken a closer look at what that woman looked like.

After all, why would he look at a vicious person who would personally push her maid and subordinate into the mouth of a demonic beast to save her life?

“Yes, that woman.” MO Aotian snapped his fingers.

“You don’t know how heinous that woman’s actions have been all these years.

You didn’t have the chance to see her because you don’t come to Wulong Mountain often. Otherwise, if she had 100 heads, you would’ve twisted all of them off.”

done.me

Of course, they would not trouble Qian Jiyun and make him handle her.

As for Zhao Xiaoli’s claim that she wanted to devote her life to their Hall

Master to repay his kindness, they only considered it the barking of a mad dog.

Why should they take her seriously?

“It can’t really be her, right?” Yan Feng looked at the others in confusion. Seeing that they all seemed convinced it was her, he began to feel the same way.

‘We’ll investigate it immediately. We must investigate this matter thoroughly.’

With that, he left quickly. MO Aotian did not want to stay in the study, so he followed him out.

Bai Ze realized he was the only single man left in the study.

“Brother, explain this to Sister-in-Law. I’m going out too. Oh, I won’t go too far. I’ll walk around nearby,” Bai Ze said quickly and left.

He did not dare to be too far away from An Jiuyue, the successor to the Demon Heart. Hence, he had to stay nearby.

“Wait... What’s there to explain?” An Jiuyue watched them leave speechlessly.

Qian Jiyun could not even remember that woman. Did they think she would be so jealous that she could not tolerate someone like her?

“I’m not thinking anything weird. Why would I compare myself with a woman like that? It’s not like I have a fever.”

She turned around quickly and looked at Qian Jiyun to express her stand.

She Imew Zhao Xiaoli was not a good person just by their descriptions. Why should she compare herself to a woman like her and lower her standards?

“There’s nothing for me to explain either. I saved someone because I wanted to give face to the Long family. However, it seems like it’s troublesome now.” People with poor character would justify any malicious actions they take.

“Jiuyue, you have to be careful when you go out in the future. Based on what Aotian and the others said, she’s not a good person. I’m afraid...”

“What is there to be afraid of?” An Jiuyue chuckled.

She was not even afraid of Qian Liuguang. Why should she be afraid of a woman?

“However, the Long family is indeed the top aristocratic family. It’s not good to fall out with them directly. But we don’t know for sure if a woman has caused those problems yet. Let’s wait and see what information Yan Feng and the others will find.”

Everything was just speculation now, wasn’t it?

Qian Jiyun looked at her and said softly, “I’m just reminding you.”

However, An Jiuyue was always by his side. With him protecting her, other people could never get close to her, so he felt reassured..

Chapter 1037: So Powerful Now

“I understand. I’ll be careful.” An Jiuyue reassured him. “You don’t have to be so worried. If you’re worried, get Yan Feng to investigate Zhao...”

She looked up at the roof and recalled the woman’s name. Her name was Zhao Xiaoli, was it?

“Let’s investigate Zhao Xiaoli’s background and who she’s been in contact with recently. We should know ourselves and the enemy, right?”

“Okay.” Qian Jiyun naturally agreed.

Meanwhile, a banquet hall elsewhere was bustling with noise and excitement.

done.me

However, people were not gathered for a banquet. Instead, everyone was indignant and cursed one person, who was, of course, Qian Liuguang.

“Master Ling, that’s not what you said when you borrowed people from me earlier. Now that you’ve exhausted everyone, you’re telling me it’s all because Jun Lin Hall is too powerful?”

“Who doesn’t know how powerful Jun Lin Hall is? But can’t we handle one Jun Lin Hall when there are so many of us? Master Ling, are you overestimating the people from Jun Lin Hall or underestimating our own people?”

“I heard that this time, despite so many people, there wasn’t a single bit of harm inflicted on Jun Lin Hall. Master Ling, don’t you think you owe us an explanation?”

The family heads directed their anger at Qian Liuguang.

They had lost many sacrificial warriors. Although the sacrificial warriors were trained to be sacrificed for their families, they should not be sacrificed like this.

The sacrificial warriors they lent to Qian Liuguang basically died for nothing.

“I didn’t expect the people from the Jun Lin Hall to be so powerful now.” Qian Liuguang looked at the people in front of him regretfully and spread his hands helplessly.

“It seems like we need more people to deal with Jun Lin Hall and that arrogant Qian Jiyun. I wonder if everyone...”

“That’s right. Who would like someone to split the pie with us on Wulong

Mountain? Qian Jiyun is powerful, to begin with. Now that he has become the Demon Heart, he's even harder to deal with."

"We lent our people to you to deal with Qian Jiyun. But what did you do in the end, Master Ling?"

"Even if I were to toss the sacrificial warriors into the water, there would've been some ripples, right? Yet, under your command, not even a single person from Jun Lin Hall was killed.

"Master Ling, that's not what you promised us back then!"

"Master Ling, you claimed you could definitely sever one of Qian Jiyun's arms. Look at what you've done now. It's safe to say that you're not only incompetent, but you also ruin everything!"

"I..." Qian Liuguang felt his anger lodge in his throat and almost choked.

How was he incompetent? He only devised this idea to unite these aristocratic families and deal with Jun Lin Hall collectively.

He could not understand why they were being so calculating over just a few hundred sacrificial warriors.

"I admit that I underestimated Qian Jiyun's strength, but now is not the time to talk about this," he reminded the family heads as he spread his hands helplessly..

Chapter 1038: Almost Suffocated

"If we don't talk about this, what should we talk about?" a family head asked him.

"That's right, Master Ling. From what you're saying, the people I lent you died in vain, right? But you don't have to bear any responsibility because it's all Jun Lin Hall's fault?"

“You brought so many people with you, but you couldn’t even chop off one of those subordinates’ heads. Yet you don’t think you’re incompetent?”

“Whoever steps up and brings so many sacrificial warriors into Jun Lin Hall should be able to cause some damage, right? But you’re the one who didn’t accomplish anything!”

“Master Ling, you’ve lost all your face, haven’t you? How dare you gather us together?”

One of the family heads was incredibly furious. He glared at Qian Liuguang fiercely and punched the table so hard that it almost collapsed.

“Alright, alright. Everyone, stop talking.”

However, one of the family heads, who was still a little calm, spoke up.

“Master Ling is right about one thing. It is not the time to discuss success or failure. ”

“That’s right, everyone. We...”

Qian Liuguang felt much better when he saw that someone was finally speaking up for him. He opened his mouth to say something, but that family head continued.

“Be it our guards or sacrificial warriors, they can be traced back to us. Perhaps by now, Jun Lin Hall has already looked into my family. Everyone, we should think of a way to deal with this.”

“What should we do?”

“Damn it, why did we encounter such a troublesome thing?”

“I only loaned out a few sacrificial warriors, and now my family is implicated?”

How detestable. ”

Everyone looked at Qian Liuguang angrily. They wished they could skin him alive.

They were already somewhat afraid of Jun Lin Hall in the past. And now that Qian Jiyun had become the Demon Heart, the fear had only grown. He was a figure who could call the shots on Wulong Mountain.

“Master Ling, we only loaned our warriors to you. We didn’t know what you were going to do with them!” a family head immediately said to Qian Liuguang, distancing himself from this matter.

“That’s right, that’s right. We were just kind enough to lend them to Master Ling. What does dealing with Jun Lin Hall have to do with us?”

“Master Ling, if Qian Jiyun really comes looking for us, you have to speak up for us!”

“That’s right, Master Ling. You came to borrow people from us. We loaned you our sacrificial warriors, so you can’t bite us back, right?”

“Master Ling, you’re someone who knows how to repay kindness, right? We can’t be implicated because you borrowed our people, right?”

Everyone started talking to Qian Liuguang again. In short, this matter had nothing to do with them. They had only loaned some people to Qian Liuguang.

Even if they knew what Qian Liuguang wanted to do with them, they would pretend not to know anything.

“You—!”

Qian Liuguang felt his anger lodge in his throat and almost suffocated.

How could there be people so afraid of death? He refused to believe that if the aristocratic families joined forces, a mere Jun Lin Hall could truly annihilate all of them.

He had already hinted to them that he was acting on the orders of the Young Master of the Long family to do all this.. How come nobody seemed to understand?

Chapter 1039: Reduced to Ashes Overnight

What he did not know was that these family heads were all focused on Qian Jiyun's identity as the Demon Heart!

Qian Jiyun's demonic energy was already strong enough, and a young man would be even stronger than old men like them. Furthermore, they had also watched him absorb so much demonic energy earlier.

Would they be able to defeat such a person?

Everyone cherished their lives. If they could get along peacefully, why would they have to fight to the death?

Besides, everyone understood Master Ling's hints about the Long family. However, Young Master Long was not the young lord of the Long family. He could not represent the Long family.

They would not offend Jun Lin Hall and Qian Jiyun because of Young Master Long.

They had loaned the sacrificial warriors to Qian Liuguang because they were afraid that they would be suppressed after Qian Jiyun became the Demon Heart. However, after a few days, they calmed down and thought about it.

Which aristocratic family on Wulong Mountain was never suppressed by others? Even the top Long family would be subjected to joint suppression by other aristocratic families.

Otherwise, the Long family would have dominated Wulong Mountain all these years. So why would they be concerned with Jun Lin Hall, a rising power?

Moreover, they were only from small aristocratic families. Even if Jun Lin Hall decided to make an example out of a few aristocratic families to establish their might, they would be unlikely to choose them to make a show of strength.

“Jun Lin Hall is growing stronger. It looks like they’re going to swallow small aristocratic families like us. Don’t you want to fight back and secure a piece of the world for your families during these turbulent times?”

“The Demon Heart has just appeared. Qian Jiyun’s foundation has yet to stabilize. It’s a good opportunity to attack him.”

“Haha...” The family heads laughed when they heard that.

However, they were not laughing at Qian Liuguang’s words. They felt that he was too naive.

“Master Ling, you also know that the Demon Heart has just appeared. Have you forgotten how High Priest Demon Heart reduced those great aristocratic families to ashes overnight?”

“We’re all small and insignificant families. We won’t be of much use during the early stages of these turbulent times.”

“Master Ling, if you’re seeking help to deal with Jun Lin Hall, find someone more qualified. Frankly, we can’t take on such a big responsibility.”

“You said you obtained the tacit approval of the Young Master of the Long family, right? Why don’t you ask the Long family to send people to you?”

“That’s right, that’s right! The Long family is the top family. We can’t possibly measure up to a finger of the Long family, even if we joined forces, can we? It’ll be right to invite them.”

“You... Both of you...” Qian Liuguang was furious.

Were they doing this on purpose? They were deliberately bringing up the Long family! They probably did not believe that young master of the Long family.

To be honest, although he had worked with Young Master Long, he also looked down on him. After all, he lacked the proper status and authority.

“So all of you are unwilling? If that’s the case, don’t be jealous when Young Master Long and I obtain the Flame Fox in the future.”

Since he could not convince these people by mentioning the Long family, he would use other valuable things as bait.

He had always known that the Flame Fox could help its master cultivate demonic energy. However, it was not his business whether these people could obtain it or not.

If they were not greedy, they would not be hooked. If they were hooked, it would be because they were greedy.. They could not blame him for that, right?

Chapter 1040: Escalate to This Point

“Flame Fox...

The family heads hesitated when they heard about it.

Everyone wanted a Flame Fox that could help them cultivate. Having that little thing was akin to cultivating with two of themselves and a continuous source of demonic energy.

Everyone had greed, and they were no exception.

They could look down on Young Master Long. After all, they would not gain anything from him.

However, they would not readily let go of what they could attain.

If killing Qian Jiyun meant they could really obtain the Flame Fox, they would naturally help Qian Liuguang. Besides, they would not be helping Qian Liuguang—they would be helping themselves.

A family head said, “Everyone wants the Flame Fox. That’s true.”

It would be a lie to say that he did not want the Flame Fox. Of course, he wanted it!

“But dealing with Qian Jiyun is really very difficult. Master Ling, you have so many people, but he killed all of them as well as your Ling family...”

There was nothing left of the Ling family except an empty shell. He could not make up his mind. He had to carefully consider if he should cooperate with Master Ling.

“Master Li is right. If dealing with Qian Jiyun was that easy, Jun Lin Hall wouldn’t have developed so quickly,” another family head agreed immediately.

“Besides, Master Ling, isn’t it a little too much to make us loan all our people to you? Do you think our manpower can be used at your disposal for your needs?”

“You’re quite the schemer, aren’t you? You want to send our people to deal with Jun Lin Hall while you benefit from it and obtain Qian Jiyun’s Flame Fox, right?”

If that was Qian Liuguang’s plan, they would not cooperate with him. “What are you talking about, Master Qing?”

Upon hearing his words, Qian Liuguang became serious immediately. He no longer maintained his helpless expression.

As long as they were willing to speak, it meant that there was still room for negotiation. As long as he said a few more words, these people would cooperate with him.

“If I want the Flame Fox. I won’t tell you this secret. Honestly. I don’t want the

Flame Fox. I just don’t want Jun Lin Hall to continue sending her to keep prospering.”

He spread his hands, his expression frank.

“You know that Qian Jiyun sent people to destroy my Ling family. I just want revenge. Moreover, Jun Lin Hall is really getting more and more powerful.

“Besides, Qian Jiyun is the Demon Heart now. If we let him continue like this, we won’t have a say in Wulong Mountain in the future. “Do you want things to escalate to this point?”

“Well...” The family heads looked at each other.

Jun Lin Hall showed signs of surpassing the Long family’s might. They initially believed that even if Jun Lin Hall became the dominant force, it would have nothing to do with them.

However, it seemed like that was not the case.

Qian Jiyun was the Demon Heart. If Jun Lin Hall gained dominance on top of that, Qian Jiyun could take their lives whenever he wanted.

Wouldn’t their future be abysmal? Would they become Jun Lin Hall’s obedient dogs?

At the thought of this, the family heads’ expressions darkened..
