Chapter 1061: Thinking About His Future

“You can’t blame him. Someone did it on purpose. Perhaps news has gotten to him yet.” An Jiuyue put in a good word for MO Aotian.

However, she also felt uncomfortable.

It was not that she cared about the rumors and gossip, but Bai Ze was too innocent. He was probably...

“You may leave,” she said to the guard.

After he left, she turned to look at Qian Jiyun.

“You’ve been looking at Ah Ze strangely recently. Do you have something you want to say to him?” she asked Qian Jiyun.

How could Qian Jiyun not understand the situation? He realized Bai Ze had really misunderstood him. It was true he often looked at Bai Ze, but his thoughts never swayed in that direction!

“I’ve been wondering if Ah Ze will stay in Jun Lin Hall or go to your Demon Heart Hall since he has the Demon’s Heart.”

He had been thinking about this and wanted to get Bai Ze’s opinion. However, he was afraid Bai Ze would feel abandoned and hurt, so he hesitated and did not mention it.

“Why are you talking about the Demon Heart Hall too?”

An Jiuyue was amused. She did not expect Qian Jiyun to mention the Demon Heart Hall to her. Was its existence really that important?

“Someone else mentioned it to you?”

Qian Jiyun was leading her back to the study when he stopped in his tracks and glanced at her.

Besides him, Yan Feng and Bai Ze were the only ones who knew An Jiuyue was the Demon Heart. Between the two of them... He could not think of anyone who would mention this to An Jiuyue.

“Wei Na.” An Jiuyue shrugged and asked with a smile, “Who else? He even suggested that I take Bai Ze in as a protector of the Demon Heart Hall.” Qian Jiyun was stunned.

In fact, he shared the same thought. Bai Ze would not be of much use here, but he would be different with An Jiuyue.

He had the Demon’s Heart, so his demonic energy achievements in the future would be greater than his. He would have a brighter future in the Demon Heart Hall and could be of greater help to An Jiuyue.

“What do you think?” he asked her.

“Me?” An Jiuyue smiled. “I’m still thinking about it. Should I... Forget it. Let’s not talk about it now.”

She shook her head and continued walking towards the study. Qian Jiyun followed closely behind.

Behind them, Bai Ze appeared out of nowhere and heaved a sigh of relief as he watched them leave.

“Thank goodness!” He patted his chest.

He realized his brother had been looking at him strangely, not because he wanted to kill him but because he was thinking about his future.

Yan Feng saw Bai Ze standing there in a daze. He patted him on the shoulder and asked, "Bai Ze, what are you doing here?"

"Nothing."

Bai Ze shook his head and could not help but wonder if the Demon Heart Hall was really that good.

"Yan Feng, do you think Sister-in-Law will build her own core hall?" he asked.

"Of course." Yan Feng nodded without hesitation.

How could the god-like High Priest Demon Heart of Wulong Mountain not have her own hall and power?

What would happen if she had nothing?

"Oh, okay." He nodded thoughtfully.

"So Sister-in-Law will have her own Demon Heart Hall in the future, and Brother Yun will oversee Jun Lin Hall, right?" "Of course..."

Yan Feng wanted to say that this was certain..

Chapter 1062: Convert It Into the Demon Heart Hall?

However, on second thought, he felt that something was wrong. The Hall Master and Hall Mistress were husband and wife. Why would they live in two separate places on Wulong Mountain?

The corners of his mouth twitched secretly, and he looked up at Bai Ze seriously.

Bai Ze blinked at him and asked, "You thought of it too, didn't you?"

Yan Feng was silent.

Yes, he did. If their Hall Mistress really built the Demon Heart Hall, wouldn't their Hall Master be left to cry?

Most importantly, the Hall Master did not seem to have thought of this at all.

He was still patiently and meticulously thinking about where to build the

Demon Heart Hall and how to best build it to showcase his wife's qualities.

The Hall Master had personally instructed him to do these things. He had even kept this a secret from the Hall Mistress, planning to give her a surprise.

But for some reason, he felt that their Hall Master might be in hot water if the Hall Mistress was surprised.

To be honest, An Jiuyue had been thinking about this too. Should she use her points to purchase a hall to build her Demon Heart Hall or snatch Qian Jiyun's Jun Lin Hall and convert it into the Demon Heart Hall?

They were husband and wife anyway. What belonged to Qian Jiyun essentially belonged to her too.

An Jiuyue was counting the things Qian Jiyun had prepared for her in the study.

"These are high-grade items! Qian Jiyun, Jun Lin Hall's riches are plentiful! How can you take these out so casually?"

She glanced at Qian Jiyun before looking at the pile of things on the ground.

When she asked Qian Jiyun for these things and gave him a list, she thought he would need some time to prepare them. She did not expect him to bring them all to her in half a day.

In fact, Qian Jiyun had told her he could take whatever she wanted from the warehouse. She thought he was joking with her.

After all, the items she wanted were expensive. According to Wei Na, they were rare even on Wulong Mountain.

She never expected him to have everything!

“What do you want these for?”

Qian Jiyun only smiled and did not answer An Jiuyue’s question.

He found it odd that An Jiuyue wanted these things. Most of them were alchemical materials, while others were materials used to make incantations. They were all rare and strange.

“We have King-level alchemists in Jun Lin Hall. If you need to refine an artifact, you can instruct them to do it,” he added.

“I’m not refining artifacts.”

An Jiuyue shook her head and crouched down to organize the items. “Jun Lin Hall’s defense is too lax. I plan to set up an array that can attack and defend.” I’ll make sure there’ll be no return for Qian Liuguang. She did not say the last sentence. This array formation would be very useful in the future, but it would be used to deal with Qian Liuguang for now. “Set up an array?” Qian Jiyun realized that she was doing this for Jun Lin Hall.

He had considered setting up an array in the past, but very few people knew how to do so, let alone anyone skilled at it. Wulong Mountain had almost no experts in this field.

He heard that there was one in the Long family who had lived for more than a thousand years. Even Lord Long could not order that person around.

He had nothing to do with the Long family, so naturally, he could not ask for their help.

“Mhm.” An Jiuyue nodded.

“Setting up the Nine Wills Demon Art Array is very difficult. Help me set up a

Demon Art Array first. We can add the Nine Wills gradually in the future..”

Chapter 1063: Die With the Enemy?

The Demon Art Array was enough to deal with Qian Liuguang.

“Set up the array with me when it’s dark. Call Bai Ze and Yan Feng along. MO

Aotian too. Just these people. I don’t want the others.”

She then thought of Gu Chi, who was always with MO Aotian.

“That Gu Chi is always by MO Aotian’s side. What’s their relationship?” She could guess what was going on, but she still had to ask.

“Aotian cares about Gu Chi, but Gu Chi...”

Qian Jiyun stopped mid-sentence. After all, it was MO Aotian's matter, so he could not say much.

"It's normal for Gu Chi to be unwilling."

Which grown man would be willing in this kind of situation? If she were Gu Chi, she would be considered kind enough not to hold a knife to MO Aotian's neck and force him to stay 10 meters away.

"Let him come too. Having one more person will be helpful. Since he's someone we can trust, he should know how to activate this array," she said.

"Okay," Qian Jiyun replied.

"Sister-in-Law, you know about array formations?"

Bai Ze and the others were called over. When they heard Qian Jiyun say that they wanted to set up a defensive array for Jun Lin Hall, everyone looked at An Jiuyue as if she were a rare pet.

"A little."

An Jiuyue looked up at Bai Ze and handed the blueprints to Qian Jiyun and the others.

"This is the array diagram. You should familiarize yourselves with it first."

She had drawn this earlier. It contained only a diagram of the Demonic Arts Array and nothing about the Nine Wills.

She had no intention of telling them about the Nine Wills anyway. Once the Demonic Art Array was completed, Qian Jiyun would accompany her to add the remaining nine demonic wills.

"Yan Feng, there are nine Demon Absorbing Stones here. Place them in the nine places drawn on the diagram. You don't have to hide them deliberately. You can place them in obvious spots."

The Demon Absorbing Stones would become invisible once the array formation was completed. No one would notice them if they passed them by.

“You’re only in charge of keeping an eye on these nine Demon Absorbing

Stones. Make sure no one takes them away before I finish setting up the Demon Art Array.”

“Yes, Mistress.”

Yan Feng took the Demon Absorbing Stones from her and left with his blueprint.

The Demonic Absorbing Stones were small. Yan Feng could hold all nine of them in one hand. However, they contained a lot of demonic energy. If someone with an unstable mind held them, they might go berserk.

After Yan Feng left, An Jiuyue took out a stack of charms.

There were a total of 27 charms. She gave Bai Ze, MO Aotian, and Gu Chi nine each. She instructed them to hold them carefully before she began explaining their uses.

“Every charm here represents a gate. There are 27 charms, but only one life gate. The others are all death gates. 27 light beams will emerge later. “Once Jiyun alerts you, release the charms you have into the 27 light beams.” “Yes, Mistress,” MO Aotian and Gu Chi replied in unison.

Only Bai Ze looked down at the charms in his hand and back up at her with a conflicted expression.

“Sister-in-Law, do we just... place them anywhere we want?” he asked.

There was only one life gate among the 27 charms. If they placed it carelessly, no one would know where it was.. Wouldn’t they die with the enemy if they activated the array?

Chapter 1064: No Need for a Life Gate

“Yes, you can place them however you want.” An Jiuyue nodded.

“Bai Ze, why do you have so many questions? We’ll do whatever Mistress wants us to do,” MO Aotian said as he patted Bai Ze’s shoulder.

Gu Chi did not say anything either. No one knew what he was thinking.

“Well... Alright. ‘

Bai Ze nodded, and the three of them dispersed in three different directions.

An Jiuyue looked at MO Aotian’s back and touched her chin. “Jiyun, isn’t MO

Aotian a little too generous?”

Anyone would ask the question that Bai Ze had. However, MO Aotian did not seem to care at all.

Gu Chi’s expression showed that he trusted her. However, she could tell that MO Aotian did not share the same trust. He did not trust her, but he did not even ask the necessary questions.

“He trusts Gu Chi,” Qian Jiyun said calmly.

“If Gu Chi is the second most perceptive person on Wulong Mountain, there’s no one else who could be ranked first. He trusted Gu Chi, so he didn’t ask.” An Jiuyue rolled her eyes.

“You might as well tell me that he became the Third Palace Master only because he’s got Gu Chi,” she snapped.

“MO Aotian is capable in his own ways,” Qian Jiyun said.

“Alright, alright.”

Qian Jiyun could say whatever he wanted. It did not matter much to her anyway.

“Can we really put the charms anywhere? If this array succeeds, can you find the life gate?” Qian Jiyun asked.

“What life gate?” An Jiuyue looked up at Qian Jiyun in confusion.

Qian Jiyun was confused too.

What life gate? Didn’t Jiuyue just talk about the life gates and death gates?

“There’s no life gate?”

“Of course not.” An Jiuyue shrugged and replied without hesitation.

“My offensive and defensive array is used to deal with external enemies. Its purpose is to kill all the enemies. Why would I need a life gate?”

Who in their right mind would make a life gate to give the enemy a chance to

escape?

“Oh, right, I forgot to tell you. There are nine Demon Absorbing Stones in this array. They will make the demonic energy around Jun Lin Hall stronger, so it will be easier to cultivate.”

Of course, this would only happen after adding the nine demonic wills. The stones were useless now.

“Anyone who cultivates in the array will be recognized as one of us by the array and won’t be injured,” she explained.

“So there’s no need for a life gate,” Qian Jiyun concluded.

An Jiuyue raised her eyebrows and replied matter-of-factly, “Uh-huh.”

“What do I have to do?” Qian Jiyun asked her.

“Well...

An Jiuyue raised her hand and covered her face guiltily, trying to block her eyes from him.

“Well, Jiyun, your task is more tiring. You just have to dig a few pits.”

She took out a shovel from her space and handed it to Qian Jiyun. When she saw his puzzled expression, she quickly explained.

“I didn’t make you do such a tiring job intentionally. I just don’t want the others to know where the array-setting Spirit Stones are. Not even Yan Feng and Bai Ze should know, so you’re the only one who can do it.

“Don’t worry, I won’t make you do it alone. I’ll help you dig. Look, I’ve even taken out my shovel..”

Chapter 1065: Why Was Wei Na Calling Her Stupid?

“I’ll dig. You don’t have to do it. It’ll be tiring.”

Qian Jiyun spoke calmly and took the two shovels from her hands. He tossed one aside and brought her to choose a place to dig the pits.

“No...

An Jiuyue turned around and looked at the shovel lying pitifully on the ground as he wrapped his arms around her waist and led her forward.

Even if he doesn’t want me to dig with him, he should, at least, let me put the shovel back in my space! Why did he throw my shovel away? I bought it with money!

Over an hour later, An Jiuyue finally chose a place with Qian Jiyun.

“Um... Are you sure it’s here?”

An Jiuyue looked at where they were standing and then at Qian Jiyun.

She had been deliberating where to place the array-setting Spirit Stones for over an hour. She could not help but feel uneasy, fearing they would be dug out.

There was no assurance that no one would covet the array-setting Spirit Stones, even though it would be difficult and maybe fatal to extract them once the array was finished.

She told Qian Jiyun that they could place the stones anywhere as long as it was safe.

Qian Jiyun said he had thought of a place. It would definitely be safe to leave the stones there. Hence, he brought her here...

“Are you going to dig a hole at the bottom of the lake?”

They were on a lake in Jun Lin Hall. Although it was not very big, it was very deep. Was Qian Jiyun sure he wanted to place the stones under it?

“Let me make this clear to you first. I want to dig four pits, each 10 meters deep. Are you sure you want to dig underwater?”

The array-setting Spirit Stones were comprised of three auxiliary array stones and one Spirit-Sealing stone. Every stone had to be buried deep in the ground. She handed the blueprint to Qian Jiyun for him to take a closer look at. “Wait for me.” Qian Jiyun glanced at the blueprint in her hand and plunged into the lake.

“Hey!” An Jiuyue wanted to call out to him, but it was too late.

She glanced at the shovel that was still on the small boat. He did not even bring a tool to dig. How was he going to dig up the soil to bury the stones? Should she send the shovel down?

“Master, are you stupid?” Wei Na asked speechlessly after prying into his master’s thoughts.

“What do you mean?”

What did he mean by that? Why was Wei Na calling her stupid?

“Master, this is Wulong Mountain. You only need to bury a few things. Why would there be a need for shovels that can only be used in ordinary planes?” Wei Na reminded her helplessly.

Qian Jiyun’s demonic energy was already very high. He could easily lower the auxiliary array stones and Spirit-Sealing stones to a depth of 10 meters underground.

“That... makes sense.”

An Jiuyue recalled that only people who did not know how to use demonic energy or Original Soul energy would dig a hole.

Even she could easily put an item 10 meters underground, not to mention Qian Jiyun. It was even easier for him.

“Forget it; let’s not think about this anymore. I should take this time to draw the Spirit-Sealing Charm.”

She muttered as she took out a blank paper charm from her space. She held it in her left hand and bit her right index finger, using her own blood to draw a symbol on the blank paper charm..

Chapter 1066: Demon- Sealing Charm

Once she finished drawing, a bright light shot out from the paper charm, almost blinding her.

The charm instantly floated into the air.

“Thankfully, it’s nighttime. Otherwise, it’d be too scary,” Wei Na muttered in the space.

That was the Spirit-Sealing Charm that would initiate the Nine Wills Demon Art Array. Once this charm was drawn, everything within a five-kilometer radius would be colored blood red before the array was activated. This phenomenon was also known as a blood mist.

They would be terrified if they could see how everything before their eyes was blood red in the daytime, wouldn’t they?

“I shouldn’t have drawn this charm so quickly,” An Jiuyue muttered.

It was harder to draw the Spirit-Sealing Charm. She thought she would not succeed unless she drew over 10 to 20 of them. Perhaps she would only succeed after Qian Jiyun came out of the lake?

She did not expect to succeed on her first try!

“Master, are you not fully aware of your capabilities?” Wei Na rolled his eyes in the space.

She might not be good at other things, but drawing charms was her forte. Moreover, she was the successor to the Demon Heart. The Demon Heart was most proficient in charms!

What was the point if she could not even draw a Spirit-Sealing Charm?

“The Spirit-Sealing Array is one of the most challenging to draw. Don’t you know that?” An Jiuyue replied.

“Alright, I understand.”

What was Wei Na supposed to say? He merely nodded in response.

However, there was still something he did not understand. He needed his master to explain it to him.

“Master, why did you draw the Spirit-Sealing Charm instead of the Demon-Sealing Charm? People on Mist Dragon Mountain cultivate demonic energy. Won’t drawing the Spirit-Sealing Charm backfire?”

An Jiuyue’s lips twitched. “There’s no such thing as a Demon-Sealing Charm, okay?”

“There’s no Demon-Sealing Charm? I thought there was one,” Wei Na said weakly.

“What do you know? If you don’t understand, don’t speak. Can’t you stay quiet?” An Jiuyue snapped at him.

The Spirit-Sealing Charm was enough. Why did he have to mention the Demon – Sealing Charm?

It was not that there was no Demon-Sealing Charm. However, she dared not draw it casually because...

All the demonic energy in Wulong Mountain would slowly gather towards Jun Lin Hall if she drew and used the Demon-Sealing Charm.

Over time, Jun Lin Hall would become a place that all the aristocratic families of Wulong Mountain would fight over. Jun Lin Hall would not be able to live in peace.

Hence, she would use some Conversion Crystals to convert the Spirit-Sealing Charm into a Demon-Sealing Charm later.

Of course, this conversion would take place gradually, so only a small amount of demonic energy would be absorbed each day.

However, even a small amount would be enough for the people in Jun Lin Hall to cultivate much faster than others. That was enough. There was no need to rush.

“Don’t ever mention the Demon-Sealing Charm again. It’s not something that can be used on Wulong Mountain.”

How could she not understand what Wulong Mountain was like? If the

Demon-Sealing Charm was used, she, the Demon Heart, could cease to exist.

“Alright, I understand. Don’t be angry, Master. I won’t mention it again,” Wei Na replied quickly.

He knew how powerful the Spirit-Sealing Charm was. Since his master did not want to talk about it, he would not.. There was no need to fly into a rage!

Chapter 1067: Can't Get Any Information Out of Them

“Master, there’s one more thing. You...”

Wei Na had something else to tell An Jiuyue. However, An Jiuyue had no time to listen to him since Qian Jiyun had already returned to the boat with a splash.

“Put this on quickly.” An Jiuyue took out a cloak from her space and handed it to Qian Jiyun.

“Okay.” Qian Jiyun took the cloak and put it on. “I’ve already placed the items according to the location drawn. What should we do now?”

“Leave the rest to me.”

An Jiuyue gestured for Qian Jiyun to sit down. She would have to handle the upcoming matters on her own.

Remember, when our boat gets overturned later, get me to the shore. I don’t want to swim in the water,” she reminded Qian Jiyun as she prepared for the next step.

“Okay,” Qian Jiyun replied.

Time passed bit by bit.

Four hours later, Qian Jiyun and An Jiuyue had changed into dry clothes and were already sitting in the study.

“Sister-in-Law, I can feel that the demonic energy in the hall has become stronger, ” Bai Ze remarked after sensing that the demonic energy in the surroundings had really grown stronger.

“Really?”

However, MO Aotian was unperturbed. He really did not sense any difference. Everything seemed to remain the same.

Yan Feng and Gu Chi nodded too. They could not sense anything new either. Did they become less sensitive?

“Yes. How can there be no difference?” Bai Ze replied.

An Jiuyue glanced at Bai Ze and said, “Ah Ze, go back and cultivate.”

“Don’t absorb too much demonic energy. If your body absorbs too much demonic energy, I won’t be able to protect you,” she warned.

It was normal for Bai Ze to sense the difference. It was not MO Aotian and the others’ fault, nor was it Bai Ze’s fault. It was just that Bai Ze had the Demon’s Heart within him, so his body involuntarily absorbed the surrounding demonic energy.

Since he had absorbed the demonic energy, MO Aotian and the others could not sense it.

“Use the technique I taught you and cultivate well. Ask me if you don’t understand anything,” she added.

“Alright, Sister-in-Law,” Bai Ze replied.

After glancing at Qian Jiyun, he left the study to cultivate. “Aotian, how’s your investigation going?”

After Bai Ze left, Qian Jiyun asked MO Aotian and Gu Chi.

MO Aotian crossed his arms and replied coldly, "We've only identified two people within the hall. We haven't found out who the mastermind is. Those two seem to be sacrificial warriors. They are tight-lipped. We can't get any information out of them."

"Sacrificial warriors?" Qian Jiyun sneered. "Since when could sacrificial warriors enter Jun Lin Hall to carry out missions?"

"Uh." MO Aotian was stunned.

Sacrificial warriors on Wulong Mountain could not speak. They were born to be trained as sacrificial warriors and would have their tongues cut off.

Those two could obviously speak. They were not sacrificial warriors.

"Hall Master, I only said that they 'seem to be'. They have the marks of sacrificial warriors. That's why I investigated them," he explained.

It would be a simple matter if they were sacrificial warriors.

"The rumors are probably meant to sow discord between you and Bai Ze. But I don't know what the mastermind is up to.."

Chapter 1068: Have Conflicts With Your Wife

Could a rumor really create a rift between Qian Jiyun and Bai Ze so easily?

"Sow discord between me and Ah Ze?" Qian Jiyun looked at MO Aotian meaningfully before glancing at Gu Chi beside him.

"It's time to replace you with someone else. I think Gu Chi is a good candidate for Third Hall Master."

“Hall Master, what are you talking about?” MO Aotian smiled nonchalantly and placed his hand on Gu Chi’s shoulder.

“Between me and Ah Chi, it doesn’t matter who becomes the Third Hall Master. Don’t you agree, Ah Chi?” he turned around and asked Gu Chi with a smile.

Gu Chi glanced at him coldly and brushed his arm off his shoulder.

“According to my observations, the mastermind wants to sow discord between Hall Master and Mistress so that he can benefit from it,” he said to Qian Jiyun.

“Sow discord between Hall Master and Mistress? How is that possible?” MO

Aotian was amused.

He used to think everything Gu Chi said was right, but this time...

He thought Gu Chi was overthinking. An Jiuyue had just arrived at Wulong Mountain. Who would sow discord between her and the Hall Master when they knew they might expose themselves?

“This can only be the doing of women who admire the Hall Master. But among those who admire the Hall Master here, Zhao Xiaoli is the craziest.’

Even if those other women had tremendous courage, they would not dare to do such a thing in Jun Lin Hall.

It was unknown how much of Zhao Xiaoli’s admiration for their Hall Master was genuine. After all, her list of guests was quite extensive.

“Gu Chi, continue investigating this matter. You must find the mastermind,” Qian Jiyun instructed Gu Chi.

“Huh?” MO Aotian looked at Qian Jiyun in shock.

If Qian Jiyun handed this matter to Gu Chi directly, wouldn't that mean that he thought Gu Chi was right?

So the rumors were here to sow discord between the Hall Master and Mistress. Bai Ze was just a tool to stage this drama, right?

“But why, Hall Master? Why would they have conflicts with your wife?” He could not understand.

Yan Feng walked over and patted MO Aotian's shoulder. “You'll know when you find out.

However, his expression was not too pleasant. Only a handful of people knew that An Jiuyue was the Demon Heart. If they were not doing this because of their feelings for Qian Jiyun, they had to be here because of An Jiuyue's identity as the Demon Heart.

If that were true, this matter would be complicated. He could not feel good about this.

“I'll go to the water prison now.” Gu Chi did not want to delay any longer and turned to leave.

“Hey, Ah Chi, wait for me!” MO Aotian quickly followed Gu Chi out.

Behind them, An Jiuyue could not help but shake her head. She felt that MO Aotian was hopeless.

“Xiaoli, why did you come here personally?”

In a desolate forest, Qian Liuguang was stunned when he saw Zhao Xiaoli personally leading a group of people to him. He did not understand what she was up to.

He could not question Zhao Xiaoli directly in front of everyone. Hence, he waited until nightfall, when everyone else had settled down, and met Zhao

Xiaoli by a distant pool..

Chapter 1069: You're in That Much of a Hurry?

Zhao Xiaoli pretended to be angry and said to Qian Liuguang, "How can I not come personally? If I hadn't rushed my cousin, he wouldn't have sent these people here."

She could not tell Qian Liuguang why she was here.

Hence, she could only push the blame to Eldest Young Master Long. After all, it was true that her cousin wanted to delay it a little longer. She did not wrong him.

"I'm not trying to criticize you, but why did so many poisonous sacrificial warriors crash into Jun Lin Hall? My cousin is still feeling uncomfortable about that. What's wrong with you?"

He could not let Eldest Young Master Long take all the blame, so she also reprimanded Qian Liuguang.

She wanted to make him realize that Eldest Young Master Long was not the only one at fault. He was also at fault. This was only fair.

"It's just a couple of poisonous sacrificial warriors, right? Young Master Long is too petty." Qian Liuguang snorted and pursed his lips.

Of course, he knew Eldest Young Master Long would be angry at the deaths of the poisonous sacrificial warriors and would have some unfavorable opinions about him. However, he did not care. Once he got what he wanted, who would dare criticize him?

He could even seize Qian Jiyun's Jun Lin Hall!

“Just a couple of poisonous sacrificial warriors?”

Although Zhao Xiaoli only brought this up casually, her lips twitched when she heard Qian Liuguang’s nonchalant tone.

It seemed like it was as she had expected. Qian Liuguang had deliberately sent those people to their deaths in Jun Lin Hall.

She more or less understood Qian Liuguang’s personality. He had to have a motive for doing this. Since she was here, she was confident she would figure it out.

“You’d better think about how to explain this to my cousin. He’s not easy to fool. Also, everyone is here. When are you going to set off?”

“We won’t be able to make it tonight. We can only do it tomorrow night.”

Qian Liuguang looked at the time. It was almost dawn. It was impossible. He would have to wait until tomorrow night to compete with the people from Jun Lin Hall.

“Tomorrow night? You’re in that much of a hurry?”

Zhao Xiaoli was a little surprised. She thought Qian Liuguang would have more preparations to make. After all, Jun Lin Hall was not easy to deal with.

However, she did not expect him to be in such a hurry to go against Jun Lin Hall.

“Shouldn’t you be well-prepared? Jun Lin Hall is not easy to deal with. Qian Jiyun’s demonic energy is... higher than yours, right?” she reminded Qian Liuguang.

Most importantly, she had to gather the information she wanted. What could she find out from Qian Liuguang during the day?

Qian Liuguang was furious at the mention of Qian Jiyun's demonic energy.

He had been at Wulong Mountain for so many years, but he was outdone by Qian Jiyun, who arrived later. He was even the one who sent someone to raise Qian Jiyun.

This made him even angrier.

However, he would not show Zhao Xiaoli his anger.

"Xiaoli, you're telling me that I'm inferior to Qian Jiyun? Why? Have you really taken a fancy to that young man?" he asked as he looked at Zhao Xiaoli coldly.

"Of course not!" Zhao Xiaoli chuckled. She felt that Qian Liuguang's words made no sense.

She would fancy anyone but Qian Jiyun! If she really fell in love with a man who devoted all his love to his wife, her life would be over..

Chapter 1070: Completely Defenseless

"Master Ling, are you deliberately trying to disgust me? Why would I fall in love with Qian Jiyun?"

"Since you don't like him, there's no need to pay too much attention to him," Qian Liuguang said.

Zhao Xiaoli nearly rolled her eyes.

What did he mean by that? She had no choice but to pay attention to him because they were going against Jun Lin Hall.

If she had paid no attention, she would probably have died in Jun Lin Hall. Was this how Qian Liuguang told the other aristocratic families, who sent their people, not to pay attention to what happened in Jun Lin Hall?

She glanced at Qian Liuguang secretly, unsure of what he was thinking.

“You’re thinking too much. Do you think I’d willingly pay attention to Jun Lin Hall? It’s all because of my cousin’s instructions. He told me not to return if all the people he sent this time were wiped out.”

Since Eldest Young Master Long was not present, Zhao Xiaoli was happy to push all the blame on him.

Despite hearing her bring Eldest Young Master Long into the conversation, Qian Liuguang still insisted, “You don’t have to pay attention to it. I’ve already sent people to gather information about Jun Lin Hall.”

Essentially, he wanted everyone to listen to him and ignore everything else. Everyone had to simply adhere to his orders

“Okay then. ”

Zhao Xiaoli understood what Qian Liuguang meant and nodded in agreement.

They chatted for a while longer before she asked Qian Liuguang to leave first. She explained that she was afraid that if someone saw them returning together, bad rumors would spread and affect their next steps.

Qian Liuguang agreed and returned.

Zhao Xiaoli stayed by the pool for a while longer before a masked man in black approached her slowly.

“He’s completely defenseless against you! ”

The man's tone was mocking.

"Pft." Zhao Xiaoli sneered and rolled her eyes. "You think he's defenseless against me?"

Qian Liuguang would even betray his parents if it was beneficial to him. Was there anyone who could make him drop his guard? What was he thinking? It was impossible.

"It does look like it," the man replied.

"Let's not joke around. How are things at Jun Lin Hall?"

Zhao Xiaoli did not have time to talk nonsense with him. Qian Liuguang would definitely be suspicious if she did not return after a long time.

"It's useless." The man shook his head.

He did not think this plan would work, but Zhao Xiaoli insisted on trying it out.
