

## **Spatial Ability 1101**

### Chapter 1101: Save Him? How?

Madam Long did not think it was a bad thing. If Jun Lin Hall was really absorbed into the Long family, the family head would be overjoyed.

He was probably only upset now because he realised it was her son, not Long Xuan, who was behind this operation.

If Long Xuan did this, he would definitely be very supportive, right?

“You can’t choose not to support Yun’er’s grand plans just because Xuan’er is timid, right?”

“Grand... Grand plans?” Lord Long’s voice trembled, and he almost vomited blood in anger.

He had truly married a great wife and had a great son! Did they want him to offend my superiors and recruit the High Priest Demon Heart from the Demon Heart Hall to serve as his subordinate?

He placed his hands on his hips and took a few deep breaths, but he could not vent his anger.

“Very good. You’re all very good. You did this behind my back, but you can still boast shamelessly that it’s for the family’s sake. You’ve grown wings indeed.

“So you’ve always known what your son has done outside, right?” he questioned Madam Long sternly.

“1—” Madam Long opened her mouth but could not say a word.

So what if she knew? She was doing this for her son, Long Yun. Lord Long insisted on giving the title of Young Lord to a concubine's son, but her son could not get anything.

Especially not by the woman she did not want to see the most!

"Master, now is not the time to talk about this. Even if Yun'er is in the wrong, he's also your son. Now that he's been captured by the people from Jun Lin Hall, we have to think of a way to save him quickly."

Lord Long glared at Madam Long and retorted, "Save him? How?"

He had heard about Master Ling leading people to attack Jun Lin Hall. He had thought that it had nothing to do with the Long family and that he would be free since the new Demon Heart did not ask the Long family for help.

However, he did not expect his son to be so troublesome. Was he trying to force the Long family to their graves?

"Since that unfilial son doesn't even listen to me, why should I save him? Let him fend for himself in Jun Lin Hall." He waved his hand and said to Madam Long.

"What?!"

Madam Long was shocked and looked at Lord Long in a daze. He was the man she had been with for so many years.

"Long Zhen, Yun'er is your son. How can you not care about his life?" she asked Lord Long.

Lord Long Zhen looked at his wife coldly. If possible, he wanted to divorce her and chase this ungrateful mother and son out of the Long family.

Did they really think the Long family could dominate Wulong Mountain?

The Demon Heart would always be the Demon Heart. There were many ways to deal with the Long family. The Long family's life and death depended on the Demon Heart.

Now that Long Zhen's son had conspired with Master Ling to deal with Jun Lin Hall, the Demon Heart had to have learned about it. He did not know how to explain this to the Demon Heart.

Save Long Yun? Was she trying to implicate the entire Long family?

"Father, I've met Young Master MO a few times. Why don't I go to Jun Lin Hall and see if I can save Big Brother?" Long Xuan walked forward and suggested..

Chapter 1102: Kill Anyone Who Tries to Escape!

"You.."

"What does this have to do with you?"

Before Lord Long could say anything, Madam Long interrupted him.

"If you hadn't been putting Yun'er down at home every day, he wouldn't set his eyes on Jun Lin Hall. It's all because of you. Now, you're still putting on an act here. If you really go, Yun'er won't be able to return alive!"

Of course, she did not believe Long Xuan. He probably wanted her son to die as soon as possible.

She reckoned Long Xuan was overjoyed that Long Yun was in the hands of Jun Lin Hall. Yet he was still pretending to be a good person. Did he think she could not see through his evil intentions?

"You..." Lord Long pointed at Madam Long, not wanting to say anything to her.

“Xuan’er, make a trip to Jun Lin Hall and see if this matter can—”

“Report!”

Before Lord Long could finish his sentence, a guard’s hurried voice came from outside.

“Master, bad news! Hall Master Qian of Jun Lin Hall has brought men and personally surrounded the Long Residence.”

“What?”

Lord Long stepped forward and glared at the guard who came to report.

When he understood what he meant, he stepped back in fear. Although he was unsure if Qian Jiyun was the Demon Heart, he was certain that the Jun Lin Hall members had to have surrounded the Long Residence at the Demon Heart’s command.

“I’ll definitely divorce you after this is over!”

With that, he walked out of the door.

“Xuan’er, follow me.”

“Yes, Father, ” Long Xuan replied and followed him.

On the other side, a few Long family elders rushed over and met up with them outside the courtyard.

Madam Long chased after them for a while. But when she saw everyone leave in a hurry, she stopped and stomped her feet hatefully.

She could not understand the Long family's caution towards Jun Lin Hall. Lord Long had never been so wary of Jun Lin Hall. Was it because of the Demon Heart's appearance?

She was really indignant. She was very indignant!

She quickly followed them to find out the reason. She had to make Jun Lin Hall hand over her son, no matter what.

There was extreme tension outside the Long Residence.

The guards of Jun Lin Hall and the Long family were in a confrontation. The Long family was at a disadvantage compared to the guards of Jun Lin Hall.

After all, they were facing Qian Jiyun, the Hall Master. No one knew why the Hall Master of Jun Lin Hall had come personally. The Long family and Jun Lin Hall had always stayed in their own lane.

Numerous guards were knocked over and fell to the ground as they attempted to prevent Qian Jiyun from entering the Long Residence. The person who caused this was not Qian Jiyun, but the woman beside him.

The other guards who were not knocked down looked at the artifact in An Jiuyue's hand in fear.

"Surround the Long Residence. Kill anyone who tries to escape!" An Jiuyue instructed Yan Feng before entering with Qian Jiyun.

"Yes." Yan Feng cupped his fists and accepted her command.

Only then did MO Aotian and Gu Chi start to believe that the Demon Heart was actually their Hall Mistress, who had just arrived at Wulong Mountain, rather than their Hall Master.

"Yan Feng, did you know about this long ago?" MO Aotian asked Yan Feng..

Chapter 1103: Suppress Their Strength Greatly

“What do you think?” Yan Feng retorted.

Qian Jiyun would not have waited so long to absorb that much demonic energy if he was the Demon Heart, would he?

These rumors could only fool those ignorant people outside, right?

“You’ve wasted all the years you’ve spent by the Hall Master’s side.”

MO Aotian opened his mouth but could not say anything.

Were the years he spent wasted? They were the ones who did not tell him! He looked at Bai Ze’s back angrily as he entered the Long Residence with the Hall Master and Mistress.

Needless to say, Bai Ze knew it long ago. MO Aotian finally understood why Bai Ze’s demonic energy would flow towards An Jiuyue.

“Ah Chi, don’t be angry. Let’s not argue with these despicable people.”

“Why would I be angry?” Gu Chi looked at him in a daze.

MO Aotian was speechless.

Forget it. He knew Gu Chi had to have realized the truth long ago but did not reveal it. He was the only one who was like a fool.

“Let’s keep watch. The Long family’s matter is probably not over yet.”

They already knew that the Long family was the seventh hall under the Demon Heart Hall. Now that Eldest Young Master Long was a traitor, if they did not teach them a lesson, it would be difficult for the Hall Mistress to lead the new Demon Heart Hall in the future.

On the way to the Long Residence, the Long family's head, who was coming out to welcome them, bumped into Qian Jiyun and the other two.

The atmosphere became awkward. Lord Long's eyes darted back and forth between Qian Jiyun and the other two, as if he wanted to find out who was the true Demon Heart.

Suddenly, a whip struck him before he could identify who the Demon Heart was.

Over the years, everyone in the Long family had cultivated a demonic energy that was distinct from that of the rest. Although it could make the descendants of the Long family stronger than others, the Demon Heart's demonic energy would suppress their strength greatly.

Lord Long had a high cultivation level, but he seemed weak in front of An Jiuyue.

'You're Long Zhen?'

After being whipped in front of everyone, Long Zhen, the head of the Long family, was made to kneel on the ground. His body trembled a little as he knelt on the ground, afraid to look at the person before him.

"This is Long Zhen, your subordinate. Greetings, High Priest."

"S-subordinate?"

The elders looked at their family head in disbelief when they heard his words.

When did the Long family become a subordinate of Demon Heart Hall? Why did the elders not know?

They did not know who the Demon Heart was, but nobody else on Wulong

Mountain dared to claim the title of High Priest.

So this young lady in front of them was the new Demon Heart?

“Master, you...”

“Shut up!”

When Long Zhen saw that the elders had something to say, he dared not allow them to speak in front of the High Priest Demon Heart. In particular, he was certain that what they wanted to say was treasonous. “Kneel down, all of you. Xuan’er, come here too. Kneel.”

“Father...”

All Long Xuan knew was that his father had instructed him not to be disrespectful to the people from Jun Lin Hall. He had never expected the Long family to be a subsidiary of Jun Lin Hall..

Chapter 1104: Where’s Your Demon Suppression Cauldron?

He looked up at Qian Jiyun and Bai Ze before looking at the woman his father respected.

“Come here now!” Lord Long shouted when he saw Long Xuan hesitate.

“Yes, Father.” Long Xuan did not dare to hesitate anymore. He stepped forward and knelt down in front of An Jiuyue.

However, An Jiuyue did not have the time to be kowtowed to by the Long family. She only wanted to have a good chat with Lord Long.

“There’s no need for this.”

She flicked her sleeve and glanced at the elders of the Long family. “Other than Lord Long and Young Lord Long, everyone else may leave.”

“You...”

The elders were furious when they heard An Jiuyue’s shameless words.

Even if their family head acknowledged the Demon Heart as his master, she should not have such an attitude. After all, the Long family was the number one family on Wulong Mountain.

“Even if you’re the new High Priest Demon Heart, aren’t you too arrogant?”

“Grand Elder, stop talking!”

Long Zhen looked up and glanced back at the furious Grand Elder.

“Take the elders back first. The High Priest has something to discuss with me.

Don’t cause trouble here.”

The Grand Elder almost fainted from anger.

What do you mean by causing trouble? I’m an elder. Everything I do and say is for the Long family. How can he say I’m causing trouble? Does he really think I have no temper?

“Master...”

“Grand Elder, stop talking. Let’s go back first. We’ll talk to Lord Long about this later.”

The other elders knew something was amiss when they saw how terrified the family head was when facing An Jiuyue. They did not dare to disturb him anymore.

There must be some secret in the Long family that they were unaware of. “Let’s go, let’s go. Don’t disturb Master and High Priest Demon Heart.”

“Master...”

“Long Zhen, let me ask you something. Where’s your Demon Suppression Cauldron?” An Jiuyue did not give him a chance to speak and asked him directly.

Long Zhen felt even more uneasy when he heard her question.

When the Demon Suppression Cauldron was lost for no reason, he knew this day would come. However, he did not expect it to come so quickly.

“Master, the Demon Suppression Cauldron was stolen by a group of people two years ago. I’ve been searching in secret all these years, but I’ve never found it.

“Master, I’ve failed to protect the Demon Suppression Cauldron. Please punish me.”

He had no choice. The Demon Suppression Cauldron was too important. He had to protect it well. When his father gave him the position of family head, he told him that they could only remain if the Demon Suppression Cauldron remained.

Now that the Demon Suppression Cauldron was gone, there was no need for him to remain. Even the entire Long family...

Despite his fears, he could still barely survive because the Demon Heart had not appeared in the past two years. But now...

Since the High Priest Demon Heart had returned, he would definitely be severely punished because he failed to protect the Demon Suppression

Cauldron.

“Do you think punishing you alone would do?” An Jiuyue questioned him coldly.

The Demon Suppression Cauldron was with Zhao Xiaoli now, and she might have gone to the Demon Destruction Valley with someone else.

She had to figure out how Zhao Xiaoli knew about the Demon Destruction Valley.

“Master, it’s my fault for losing the Demon Suppression Cauldron. I’m willing to relinquish my position as the family head. Please spare the others in the Long family..”

Chapter 1105: Easy to Say

“It’s your fault alone, right?”

An Jiuyue bent down and smiled at Long Zhen.

“So it’s your fault for losing the Demon Suppression Cauldron, but I’m supposed to fulfill your wish and hand the position of the Long family head to your son to ensure that your Long family can continue to enjoy glory?”

She kicked Long Zhen away as she spoke.

“Long Zhen, you’ve sure got a wonderful plan!”

Long Zhen hit a tree trunk and fell to the ground. Ignoring the pain in his body, he crawled to An Jiuyue and knelt again.

‘Master, it’s all my fault. Xuan’er is innocent. He—I’

“Who sent Zhao Xiaoli to your bed?” An Jiuyue asked before he could finish.

‘What?’ Long Zhen almost thought he had misheard her.

How was this related to Zhao Xiaoli? She was just a young lady the Zhao family sent to please him. Could it be...

An Jiuyue had mentioned her specifically. He wondered if the theft of the Demon Suppression Cauldron was related to Zhao Xiaoli.

If his suspicions were correct, did this imply that the Zhao family had been plotting against him and the Long family? Was the Demon Suppression Cauldron with Zhao Xiaoli or the Zhao family head?

“Master, you mean the Demon Suppression Cauldron is Zhao Xiaoli..

His face greened at the idea that Zhao Xiaoli had never been sincere to him in the past few years and only used him as a tool to obtain the Long family’s secret.

“No, that’s impossible. Master, are you mistaken? Zhao Xiaoli is just a young lady the Zhao family sent to my family. She’s not that capable. She... Uh!”

Before he could finish speaking, he felt something grip his neck. He could not say another word.

“M-Master.”

Long Xuan watched as An Jiuyue grabbed his father's neck with her demonic energy. His face flushed red, but he did not resist.

"Master, my father knows he's wrong. Please spare him. I'm willing to retrieve the Demon Suppression Cauldron on his behalf." Long Xuan pleaded for mercy.

"Shut up!" An Jiuyue rebuked him.

Retrieve it? That was easy to say! Zhao Xiaoli might already be on her way to Demon Heart Island. How could they chase after her?

"Long Zhen, let me ask you again. Who sent Zhao Xiaoli to your bed?" she asked.

"She's... she's..."

Long Zhen thought about it and considered the people who had sent Zhao Xiaoli to him. He did not think they had sent her to him on purpose.

"Master, Zhao Xiaoli recommended herself as a pillow. I once heard Long Yun argue with her over her relationship with Father. He basically thinks she's not self-respecting."

Long Xuan looked up and glanced at his father. He knew Long Zhen was in the wrong regarding Zhao Xiaoli. No matter how much he liked women, he should not have had an improper relationship with Zhao Xiaoli.

In particular, the ambiguous relationship between Zhao Xiaoli and Long Yun disgusted him.

But the man in front of him was his father. He could not say much and could only draw attention to Zhao Xiaoli's behavior.

He did not expect Zhao Xiaoli to do so many things that were detrimental to the Long family even though he had sent people to keep an eye on her. Even he, the Young Lord of the Long family, did not know about the Demon Suppression Cauldron.. How did Zhao Xiaoli find out?

Chapter 1106: I Only Found Out

This should be the Long family's secret, right?

His father would not be so muddle-headed as to reveal the Long family's secret to Zhao Xiaoli, would he? So Zhao Xiaoli approached his father because of the Demon Suppression Cauldron from the start?

If his suspicions were correct, Zhao Xiaoli had to have even more secrets.

"I think that neither Long Yun nor the Zhao family know about the Demon Suppression Cauldron. Zhao Xiaoli probably found out about it through other means."

Upon hearing Long Xuan's words, An Jiuyue closed her eyes.

When she opened her eyes again, she stared straight at Long Zhen. "What do you think?"

Long Zhen clarified quickly, "Master, I've never told anyone about the Demon Suppression Cauldron. Other than me, no one in the Long family knows about it."

Even if Zhao Xiaoli wanted to obtain information about the Demon

Suppression Cauldron from him, she had to know about it first, right?

However, he had never mentioned it. How did Zhao Xiaoli find out?

An Jiuyue could not figure out how Zhao Xiaoli found out about the Demon Suppression Cauldron.

She even made a bold prediction in her heart. Could Zhao Xiaoli be related to the Demon Heart Hall like Qian Liuguang?

“Jiyun, you said Zhao Xiaoli is 30 years old, right?” she asked Qian Jiyun.

“Yes...”

“No.” Long Xuan spoke before Qian Jiyun could reply.

“Master, although Zhao Xiaoli looks young and beautiful, she’s already 35 years old. She’s not a granddaughter of the Zhao family but a great-aunt. She and Mother are from the same generation.”

Now that things had come to this, he had nothing to hide. For the sake of his family’s survival, he would say everything he should not.

“I’ve investigated this matter many times. The real Zhao Xiaoli is already dead. The Zhao Xiaoli, who has been in the Long family all these years, is their great-aunt, Zhao Xi. She’s Madam Long’s half-sister. Her biological mother is Master Zhao’s shady kept woman.”

An Jiuyue was speechless.

Was there actually something like this? So this person was not Zhao Xiaoli!

What type of person could she be to fool so many people? What exactly was she trying to do?

“Xuan’er, when did you find out? Why didn’t you tell me?” Long Zhen was also shocked. He ignored An Jiuyue’s presence and questioned Long Xuan.

Why hadn't he told him about such an important matter earlier? If he had known, he would not have let his guard down against Zhao Xiaoli.

"I only found out after Big Brother lost the poisonous sacrificial warriors," Long Xuan replied.

He muttered to himself, however, about how Zhao Xiaoli had bewitched his father. So what if he had told him earlier?

Zhao Xiaoli had asked his father for half of his assets, hadn't she?

"Actually, Father, if you wanted to investigate it, you would've found out long ago," he added.

He had some complaints about Long Zhen favoring an unknown Zhao Xiaoli. He wanted to ruin the Long family's reputation for nothing.

"Well..."

Long Zhen looked a little embarrassed. He did not dare to say anything else and lowered his head.

"Your Long family has put on quite the show.."

Chapter 1107: I've Never Been There Either

Bai Ze shook his head and glanced at Lord Long Zhen in disdain.

"Sister-in-Law, I don't mean to criticize, but it's time for some change in the

Long family. I'm afraid that the Long family won't have anything left on

Wulong Mountain, except their reputation as the top family.”

He was the family head, but he was inferior to his son. What was the use of having a family head like him?

An Jiuyue glanced at him and said, “Now is not the time to talk about this.”

What she was most curious about was Zhao Xiaoli. No, Zhao Xi—who was she? Was she related to the Demon Heart Hall?

“Long Zhen, I’ll give you the time it takes to burn an incense stick. Explain the Long family’s matters to your son and ask him to follow me to Demon Heart

Island,” she instructed Long Zhen.

“To Demon Heart Island?”

Long Zhen’s eyes widened as he looked at An Jiuyue in disbelief.

Zhao Xi had tried so hard to steal the Demon Suppression Cauldron from him because of Demon Heart Island? So was she already headed there?

“That’s impossible, Master. She...”

“Shut up!” An Jiuyue did not want to talk to him anymore.

“If you still want the Long family to continue existing on Wulong Mountain, do as I say. Stay behind to clean up the Zhao family’s mess. If I return from Demon

Heart Island and still see someone from the Zhao family, your Long family will cease to exist.”

‘Yes, yes. I’ll obey your command, High Priest.’

The Long family could cease to exist. Long Zhen did not dare to say anything

After replying, he brought Long Xuan to a nearby place. They conversed for a while, and Long Zhen told Long Xuan everything he knew.

While waiting, Bai Ze leaned towards An Jiuyue and asked softly, “Sister-in-Law, what kind of place is Demon Heart Island?”

“You want to know?” An Jiuyue turned and smiled at him.

“Yes!”

Everyone wanted to know the secret of Demon Heart Island, right?

Although many people knew about this place, one could only enter it with the Demon Heart’s permission.

It was said that Demon Heart Island was where the disciples of the Demon Heart Hall used to train. Many experts on Wulong Mountain emerged from there. He wanted to go to Demon Heart Island to take a look.

“I’ve never been there either. You’ll know when we get there,” An Jiuyue replied.

Bai Ze was speechless.

He had asked for nothing; his sister-in-law did not know either.

However, it made sense. She had just become the Demon Heart, so she had only read about Demon Heart Island in books, right? It would be strange if she knew what it was like.

“Then we have to make preparations, right? I’ll go do it?” he asked.

“No need,” An Jiuyue replied.

She had brought everything she needed. If necessary, she could use her points to exchange for items after arriving at Demon Heart Island.

She did not want to waste any more time here. The longer she delayed, the further away Zhao Xi would be from them. She thought of Zhao Xi and looked up at Qian Jiyun, who had remained silent.

“Jiyun, do you think Zhao Xi is related to the Demon Heart Hall?”

“You mean you think she’s related to the former High Priest Demon Heart?” Qian Jiyun voiced her speculation. He thought so too.

An Jiuyue’s expression darkened.

This speculation was probably right. Zhao Xi was probably related to the previous Demon Heart. Their methods of doing things were similar and revolting..

Chapter 1108: Have a Good Meal

“That’s what I’m most afraid of hearing,” she said honestly to Qian Jiyun. “What’s there to be afraid of? There’s nothing that can’t be resolved.” Qian Jiyun walked closer to her and patted her face with a smile.

“That’s right. There’s nothing that can’t be resolved,” An Jiuyue repeated.

However, she was still worried. Wulong Mountain would be in chaos if the Demon Destruction Valley was opened.

Lord Long was left to deal with the Zhao family, while Qian Jiyun and the others set off.

They left MO Aotian and Gu Chi behind and took Yan Feng with them. MO Aotian complained about it. He also wanted to see the legendary Demon Heart Island.

However, he had no choice. Someone had to manage Jun Lin Hall. He had to stay behind.

The journey to Demon Heart Island would take three days. When they reached the coast, they would take a boat to Demon Heart Island. Countless demonic beasts blocked their way.

However, An Jiuyue did not even lift a finger with Qian Jiyun and the others around.

She even openly ordered Long Xuan around, especially when fighting demonic beasts. Long Xuan's demonic energy was the weakest among the five of them, but he was the first to charge forward in a fight.

Long Xuan did not understand why the Long family had to listen to the Demon Heart Hall earlier. But after learning about the significance of the Long family's existence from his father, he did not say anything.

He did whatever An Jiuyue asked him to do without complaining.

All of their encounters with the demonic beasts ended quickly. They did not have much time to spare because they did not know where Zhao Xi and her people had gone.

Meanwhile, where was Zhao Xi now?

She only set off a day earlier than An Jiuyue and the others and had not traveled far.

“We’re here. Let’s rent a boat and go out to sea.”

She did not even have a chance to catch her breath when she arrived at the coast and instructed the man beside her.

“Rent a boat over there. I’ll buy some dry food. I don’t have enough dry food for us to eat on Demon Heart Island,” she said.

“We’ve finally arrived at the coast. Can’t we have a good meal before setting

The man was a little dissatisfied. They had taken two and a half days to reach the coast, and he had sustained many injuries on the way.

No matter how bad his injuries were on Wulong Mountain, he would recover the next day. But he was still a human and needed to rest, right?

“I don’t care. I want to eat a good meal first. Otherwise, you can rent the boat yourself.”

“You...” Zhao Xi wanted to slap him.

All he knew was how to eat! They were not on a sightseeing trip; they were on a serious mission.

“You can rest and eat well on the boat. There’s so much food in the water. Isn’t it enough for you? You can eat whatever you want. I don’t care if you die from eating.”

Although they had arrived at the coast, the sea was still full of demonic beasts. She would have killed him long ago if she had not required someone to drive the demonic beasts away for her.

Was it his turn to act haughty around her? How dare he question her?

“Then buy more vegetables and food.” The man thought for a moment and nodded.

He could make do with eating on the boat. He could wait for a while more.

Zhao Xi gritted her teeth and replied, “Alright.”

“Alright, I’ll rent a boat..”

Chapter 1109: Don ‘t Go There and Tempt Fate

The man patted his chest and turned to walk towards the dock.

There were many boats parked there, but most of them were fishing boats. People like them, who wanted to go to Demon Heart Island, would not rent

dare to go there?

Of course not.

When the boat rental people learned that the man intended to go to Demon Heart Island, they shook their heads. No one had the guts to go to a godforsaken place like that. It was a life-threatening place. Who would want to go there to die?

No one had even been to Demon Heart Island when the former High Priest Demon Heart was around, let alone in the past 20 years.

“No, no, I won’t go, no matter what.”

The man had already raised the money he was offering very high, but the boat owner refused to rent it to him to send them to Demon Heart Island. Many boat owners avoided him.

“Are you kidding me? We’re just here to earn a living. Why would we endanger our own lives?”

“That’s right. What kind of place is Demon Heart Island? Is it a destination for humans?”

“Legend has it that the demonic beasts there are extremely powerful, and there are many of them. You can encounter a demonic beast every few steps, and they can eat you.”

“Young man, I advise you not to go there and tempt fate. You’re not from Jun Lin Hall. Why are you going to Demon Heart Island? Only Lord Demon Heart can go there.”

“That’s right. Why are you going to Demon Heart Island? Why are you taking things so hard? That’s a brutal place. The Demon Heart Hall doesn’t even exist anymore. Training there is even more impossible. Young man, what’s wrong with you? Why are you taking things so hard?”

Everyone began to dissuade the man from going to Demon Heart Island to tempt fate.

Throughout history, only people from the Demon Heart Hall would be sent to Demon Heart Island to train. Moreover, the number of people sent would always be several times greater than the number who returned.

Evidently, Demon Heart Island was not a good place to go. It was impossible for the weak to survive there.

“You... Both of you...”

The man was so angry that he almost vomited blood.

All he wanted to do was rent a boat. Was there a need to belittle him? It was merely Demon Heart Island. Why was he unable to go? Was his demonic energy inferior to Qian Jiyun’s?

Alright, even if he could not compare to Qian Jiyun, how many people on

Wulong Mountain could compare to his talent?

He was already very powerful. Why did these people think he was worthless?

“I’ll offer 100 broken demonic crystals. Which one of you will send me to Demon Heart Island?”

He had no choice but to raise his offer. The broken demonic crystal was not a common currency on Wulong Mountain, but it was definitely very valuable. Everyone who cultivated wanted to obtain a broken demonic crystal to increase their cultivation level.

Someone gasped immediately. “100 broken demonic crystals?”

He wondered where this tycoon came from. How could he be so generous as to offer 100 broken demonic crystals?

However, what was the point of having so many broken demonic crystals if they lost their lives? Were they more important than their lives?

“No, I won’t go. I can’t go.”

Everyone cherished their lives. No one was willing to go, even if the man offered 100 broken demonic crystals. They shook their heads..

Chapter 1110: Don't Even Think About Leaving

They should hide from the people they should hide from. They would not even come out to talk to him, let alone rent him the boat.

When the man saw them like this, he really wanted to snatch a boat and leave. If he were elsewhere, he would definitely snatch a horse and leave. He would not waste his breath on these people.

However, he could not do it at sea.

Even if he wanted to, he did not have the guts to. After all, he and Zhao Xi were alone.

They did not know how to operate a boat. What was the point of snatching one? They had to rely on these people who were at sea all year round.

However, these people were clearly unwilling to leave with them.

Speaking of which, the mere mention of Demon Heart Island made people afraid to go. Back then, the Demon Heart Hall would pick up and send everyone heading for Demon Heart Island.

Moreover, no one dared to offend the people from the Demon Heart Hall then. As long as the High Priest Demon Heart ordered it, no one dared to disobey.

Why was it so difficult for him now?

He dawdled at the dock for a long time but could not rent a boat and ended up returning angrily. He would have to meet up with Zhao Xi and think of other ways together.

However...

Soon after he turned around and left the dock, he felt someone following him sneakily.

The man sneered. Was that person targeting him because he offered 100 broken demonic crystals in one go?

If that was the case, he would make good use of him.

If he remembered correctly, this person was one of the boat owners who had rejected him earlier. If he could grasp him in his palm, he would probably have a boat to head to Demon Heart Island.

With that thought in mind, he walked towards a remote area.

Meanwhile, the person following him seemed like he did not notice anything and continued to follow him. He was not suspicious at all.

“You’ve been following me for so long. What are you trying to do?” he asked coldly.

“Don’t... Don’t do anything rash.”

The boat owner following him was a little afraid. His eyes darted around as he stammered.

“This... This is the dock. If you dare to hurt... me, don’t even think about leaving.”

He was telling the truth. Everyone at the docks was united. No one would allow anyone to be bullied by outsiders.

The man and Zhao Xi might not be able to walk out of the dock alive.

“Why are you following me?” the man asked him.

“Didn’t you want to rent a boat?” The person reminded him what he was here for.

“You want to rent me a boat?” the man asked in surprise.

Wasn't he unwilling to rent a boat? As far as he knew, if this person really rented the boat to him, he would not be able to live at the docks anymore, right?

Why would he dare to rent the boat to him?

The man glanced at this person and understood. He was here for his 100 broken demonic crystals, right?

"Of course, I won't rent the boat to you."

The person shook his head without hesitation. How could he rent his boat if no one was renting theirs to him? It would be a death wish!

"Then why are you here?"

The man was puzzled. If he did not want to rent his boat, then why did he follow him here?

"Although I can't rent the boat to you, I have a way to let you go out to sea," the person reminded the man, his eyes darting around..
