

## **Spatial Ability 1111**

### Chapter 1111: Slipped Away

His words piqued the man's interest. He touched his chin with his free hand.

"Why don't you tell me more?"

"Well... My idea doesn't fall from a tree. How about..." The person's intention was clear.

The man understood. The boat owner was after the 100 broken demonic crystals he had.

However, if he could go to Demon Heart Island, he would be willing to spend 100 broken demonic crystals. He could obtain so much more than 100 lousy demonic crystals there.

"How much do you want?" he asked, letting go of the person's collar.

This was indeed not the time to calculate how many broken demonic crystals he had. Moreover...

He looked at the person in front of him meaningfully. How could someone like him plot against his possessions? When could anyone plot against his possessions easily?

He would make this person spit up what he had eaten in the same manner.

"Hehe, not much, not much."

The person smiled when he heard that. He pressed his palms together and rubbed them in front of him.

"I'm not that confident either. Young Master, you can just give me 50 broken demonic crystals. I'm really not asking for much."

Upon hearing that, the man almost slapped him.

He wanted 50 broken demonic crystals in exchange for an idea? Did he think his broken demonic crystals came from nowhere? He had worked hard to earn them. He never once looked at other people who offered him ideas in the past. "50 demonic crystals? Let's see what great idea you'll tell me."

He took a deep breath and threw a money bag into the person's arms. The person took the bag and looked at the contents. He smiled.

"Young Master, listen to me. If you head that way, there are merchant boats there too. They are different from the rental boats here; they are for sale. You can buy a boat there, then go to North Commercial Street to buy a few peasants to be your boatmen.

"Although those peasants have low status, they have more experience with the sea than us. They'll definitely be able to bring you to Demon Heart Island." With that, he slipped away quickly, not giving the man a chance to react.

"Damn it!"

The man did not react in time. Otherwise, he would have caught this cunning person and recovered the broken demonic crystals.

Those few words cost him 50 broken demonic crystals!

"Huff!" He put his hands on his hips and took a deep breath. "Forget it. Going to Demon Heart Island is more important."

Since the people from Jun Lin Hall would definitely chase after them, he did not dare to stay here for too long. He quickly followed that person's instructions and went to buy a boat.

As for this person who dared to scheme against him, he would settle the score with him once he returned from Demon Heart Island!

After some trouble, the man and Zhao Xi finally boarded the boat and headed for Demon Heart Island. Qian Jiyun and the others soon arrived at the docks.

They took even less time than Zhao Xi and the man.

The boat owners did not say much to the people from Jun Lin Hall. Although they recoiled in fear, no one dared to offend the Demon Heart.

Several boat owners were willing to rent out their boats.

In the end, Qian Jiyun went with a boat owner who seemed more honest. He operated the boat personally and chased after Zhao Xi's boat.

"Brother, is Sister-in-Law still reading?"

An Jiuyue was still reading in the cabin. Even she wondered if she had read so many books that she could eat them for meals, let alone Qian Jiyun..

Chapter 1112: The Sky Whale Blocked the Way

When Bai Ze entered with food, he saw An Jiuyue still reading. Yan Feng and Long Xuan followed behind him, also carrying food.

An Jiuyue put down the book in her hand and looked up at them. "We'll be sailing on the sea for about 10 days. We have nothing to do anyway. It's not bad to read."

"Bai Ze, you can also choose a few books to read too."

"Me?" Bai Ze pointed at himself and shook his head. "I won't read them." These were books that only the Demon Heart could read. The fact that Qian

Jiyun could read them already seemed unreal to him. If he read it as well, wouldn't that be too much?

He did not want others to treat him like an anomaly. He had to stop.

"Listen to me. You should read a few."

An Jiuyue took out a few books from the large pile and placed them in front of him.

Regardless of Bai Ze's future experiences, he had the Demon's Heart, so he was destined to be related to the Demon Heart. He had to bear some responsibility for the peace on Wulong Mountain.

Otherwise, why would she help Bai Ze refine the Demon's Heart?

"It'll be good for you."

She turned around and glanced at Qian Jiyun before looking back at Bai Ze.

"It's more beneficial for you to read than your brother."

Yan Feng was silent.

Would Qian Jiyun be angry and twist Bai Ze's head off if she compared him to Bai ze?

Long Xuan was very calm. He did not say a word or even look at Qian Jiyun.

It was not that he was overly calm. In fact, he had yet to understand the situation. They had only just gotten onto the boat, and for the previous two days, they had been traveling and even eating their dry food while on the go.

So he did not understand any of these people at all.

The only thing he knew was that An Jiuyue was the Demon Heart and his master. He also knew that Qian Jiyun and the others were from Jun Lin Hall, but other than that, he knew nothing.

“Alright, I’ll read them. Brother, Sister-in -Law, let’s eat first.”

Bai Ze nodded and placed the food in front of them for them to eat first.

It was dangerous to sail on the sea. Demonic beasts in the sea were much harder to deal with than those on land.

Experienced sailors knew where the strong demonic beasts were, where profitable opportunities lay, and would choose to navigate away from danger. The boat owner, whom Qian Jiyun and the group selected, was someone familiar with the seas.

However, regardless of his familiarity, they could not avoid all demonic beasts.

Right now, they have encountered a Sky Whale. The Sky Whale’s body alone was big enough to swallow 100 boats.

The boat owner and crew turned pale the moment they saw the Sky Whale. In their panic, they abandoned any attempt to steady the boat, instead huddling in a corner and trembling with fear.

With the Sky Whale blocking their way, the seawater splashed on the boat wave after wave, drenching them.

Qian Jiyun, Bai Ze, and Yan Feng attacked the Sky Whale head-on. Waves of demonic energy struck the Sky Whale, but every attempt seemed like a drop in the ocean.

Yan Feng wiped the seawater off his face and asked Bai Ze, “How do we deal with this tough and thick-skinned creature?”

Bai Ze ignored him.. Who was he supposed to ask? He wanted to ask someone what to do too!

Chapter 1113: Zhao Xi 's Aura

To be honest, the Sky Whale was not extremely formidable. It was not even a mid-tier demonic beast in the sea. However, it was enormous! Ordinary demonic beasts would be too small for it to even swallow.

"I don't care how we'll do it. Just attack it." They gritted their teeth and continued attacking the Sky Whale.

On the boat, An Jiuyue was protected by her space. She had no seawater on her, and her clothes were dry. She raised her eyes to the raging battle in the distance.

"Can they win?"

In the space, Wei Na was also watching the situation outside.

The Sky Whale was a difficult foe. Of course, Wei Na was referring to the fact that it would not be an easy fight without a suitable artifact.

"Who are you looking down on?" An Jiuyue asked him calmly.

With Qian Jiyun around, how could the Sky Whale be in their way?

"If you have the time to ask questions, why don't you let me take a look and see if there are any unusual auras nearby?" she reminded Wei Na.

"You mean..." Wei Na paused and widened his eyes in disbelief.

Was she implying that the Sky Whale did not come here on its own but was sent here deliberately to prevent them from going to Demon Heart Island?

If that was true, Zhao Xi had to be very capable! She could even call in sea creatures.

Wei Na did not say anything else, concentrating his consciousness and spreading it outward. Sure enough, he sensed a faint trace of Zhao Xi's aura on the Sky Whale's body.

"Master, you're right. That woman, Zhao Xi, brought this guy here. I don't know how she did this."

"Hmph!" An Jiuyue snorted.

She knew that Zhao Xi had done everything to enter the Demon Destruction Valley.

Since Zhao Xi had made up her mind, she would not let her chase after her so easily and ruin her plans.

However, An Jiuyue did not know what she wanted to do. Was she going to release all the demonic beasts in the Demon Demon Destruction Valley?

The demonic beasts in the Demon Destruction Valley were not even afraid of the Demon Heart. If she released them, wouldn't she be the first to be swallowed alive? Why was she working so hard?

Therefore, she must have had other motives for entering the Demon Destruction Valley.

"The former High Priest Demon Heart! I want to see what you're up to."

Since she could control the demonic beasts in the sea, she was certain that Zhao Xi was related to the former High Priest Demon Heart. Perhaps they shared a relationship even closer than Qian Liuguang's.

Zhao Xi had tried to enter the Demon Destruction Valley by all means. She was probably carrying out the orders of the former High Priest Demon Heart, right?

However, An Jiuyue did not know if she was doing it for the former High Priest Demon Heart or herself. If it was for the former High Priest Demon Heart... Wouldn't it be useless because she had already turned to ashes?

Unless...

"Let's end this quickly."

She exhaled softly as a long sword ablaze with raging flames appeared in her hand.

Wei Na was speechless.

Master, can you change your habit of exchanging points for high-level items in the mall without hesitation?

How can you exchange points for an artifact like the Dragon Flame Sword just like that? That costs a lot of points! You have to think it through carefully first, right?

Of course, he only dared to think about it in his heart. He did not dare to say it

out loud.

He could only watch helplessly as his master flew

Chapter 1114: No Doubt About That

“Jiyun, we have to speed up,” An Jiuyue said to Qian Jiyun.

“Okay.” Qian Jiyun looked at her and nodded.

Although he wanted to end the battle quickly, he was still worried about her and reminded her, “Head back to the boat. Leave this to me.”

An Jiuyue listened to him and returned to the boat obediently.

Wei Na was even more speechless. She was the successor of the Demon Heart. Why was she so obedient? Besides, her strength was evident. Even if she could not kill the Sky Whale, she could at least injure it, right?

“Master, you should join them! The Sky Whale can’t hurt you either!” Wei Na reminded her.

An Jiuyue rolled her eyes secretly.

She could do it, but she was afraid. She was not afraid of pain or being injured by the Sky Whale, but she was afraid Qian Jiyun would be distracted.

The Sky Whale was already a tough opponent. If she joined the battle, Qian Jiyun would worry about whether she would be injured. Nothing good would come out of being distracted.

“It’ll be my turn to kill demonic beasts at Demon Heart Island. I’ll conserve my energy for now,” she said.

“I didn’t expect you to have the ability to control sea beasts,” the man on the other boat remarked, smiling as he looked at Zhao Xi standing on the deck.

Zhao Xi crossed her arms over her chest, glancing at him coldly.

Of course, she did not have the ability to send sea beasts to deal with An Jiuyue and the others. However, she could make them go crazy by drugging them.

“Do you want to try it too?” she asked.

“There’s no need for that.” The man shook his head.

Was she serious? Why would he try it? He had already fought too many demonic beasts on this journey and was already tired of it.

Besides, they would only be at sea for a few days. There were countless demonic beasts waiting for them in the next few days!

“I just want to ask something. Since you can control sea beasts, the demonic beasts on the sea won’t attack us, right?” he asked Zhao Xi.

“What do you think?” Zhao Xi rolled her eyes.

“When you dream, you should first check if it’s day or night,” she said.

The man felt helpless.

It seemed like she would be relying on him for the rest of the time. Zhao Xi seemed rather capable, yet in times of need, she would leave everything to him and do nothing.

“Is there really something in the Demon Destruction Valley that can make people stronger?” he confirmed again and asked.

“Of course.” Zhao Xi nodded.

There was no doubt about that.

Why would she make such a strenuous journey to the Demon Destruction Valley if it could not make her stronger and become the next successor of the Demon Heart?

However, she did not tell the man about one thing.

The Demon Destruction Valley had something that could make people stronger, but that was only limited to her. As for this man in front of her, she would send him on his way when she achieved her goal.

“As far as I know, there are countless treasures in the Demon Destruction

Valley. You can get whatever you want. Many generations of Demon Heart High

Priests have left behind their treasures.”

The man’s eyes lit up when he heard her words. He was immersed in his fantasies and could not get out.

“If I can become stronger, who among Jun Lin Hall will still be a match for me?” He wanted to take Jun Lin Hall under his control and make all the aristocratic families on Wulong Mountain look at him in a different light..

Chapter 1115: It’s Definitely Your Fault

“Those things won’t be easy to take.”

Zhao Xi had to remind him. There was a price to pay to obtain the treasures.

“What do you mean?”

The man narrowed his eyes and looked at Zhao Xi unhappily.

Whoever dared to hinder him from obtaining those so-called treasures at this point would be seeking his life. How could he possibly let this go?

“The people from Jun Lin Hall are already chasing after us. Do you think the new Demon Heart will let you obtain what belongs to her so easily? You’re thinking too simply,” Zhao Xi reminded him.

In other words, she wanted him to protect her with his life when he met Qian Jiyun and the others.

Because only by protecting her could he get what he wanted. Otherwise, he would not be able to obtain anything if he relied on An Jiuyue and the others.

Moreover, he would probably die there.

“Them?”

The man thought of Qian Jiyun. His demonic energy was indeed strong.

Even he was no match for Qian Jiyun, let alone the other people from Jun Lin Hall. If they really fought, he and Zhao Xi would not be his match at all.

“We’ll definitely arrive at the Demon Destruction Valley before them. What’s there to be afraid of?” he said nonchalantly.

Zhao Xi had sent all the sea beasts their way, hadn’t she? It would not be easy for Qian Jiyun and the others to catch up to them as they wish.

“Let’s not talk about them, Zhao Xi. We’re going to Demon Heart Island, right? We’d better not end up getting lost ourselves instead of being caught up by Jun Lin Hall,” he reminded her.

“Why would we?”

Zhao Xi rolled her eyes and cursed him internally for jinxing her.

Although she had never been to Demon Heart Island, the sea map had always been imprinted in her mind. She would not go in the wrong direction. “Stop spouting nonsense. If we end up going the wrong way, it’s definitely your fault.”

“You...”

The man was so angry that he did not want to speak.

How was it his fault? He was only tagging along for some benefits. Whether the boat would go the wrong way or not depended on Zhao Xi’s guidance. “I’m not talking to you anymore. Just keep watch. I’m going to cultivate.” With that, he flicked his sleeve at Zhao Xi and returned to his cabin.

“Hmph! How dare you throw a tantrum at me?”

Zhao Xi watched the man leave and laughed in anger.

Would he be so lucky to see the Demon Destruction Valley if it were not for her? They had yet to even arrive, but he was already giving her attitude?

Did he find her useless because she did not engage in any battles along the way?

“I’ll teach you a lesson when the time comes,” she muttered to herself,

lowering her head.

On the other side, Qian Jiyun had successfully defeated the Sky Whale. With the Dragon Flame Sword in his hand, the Sky Whale could not withstand a few slashes and wanted to escape.

However, Qian Jiyun did not give it a chance. Instead, he blocked its path.

Demonic beasts, especially those that had cultivated for many years, had developed intelligence. The Sky Whale was like that. Qian Jiyun had given it two choices.

It could either perish by his sword or guide them safely to Demon Heart Island.

No matter how much the Sky Whale wanted to escape, it had to succumb to the injuries Qian Jiyun had inflicted. It reluctantly led the way for Qian Jiyun's boat.

It was not as if the Sky Whale willingly led the way; its sheer size deterred ordinary demonic beasts from approaching, so it helped them avoid a lot of trouble..

Chapter 1116: Drugged the Whole Sea

On the deck, the boat owner was extremely grateful to Qian Jiyun for saving his life.

He commanded the crew again while Qian Jiyun and the others entered the cabin. Bai Ze, Yan Feng, and Long Xuan formed a circle around the Dragon Flame Sword that Qian Jiyun had placed on the table.

They took their time staring at it carefully.

"Brother, won't this fire burn the table?"

The sword was clearly burning, but it did not even burn the table. Bai Ze was a little surprised.

“That’s not a flame,” Qian Jiyun explained.

“What’s that?” Yan Feng turned around and looked at his master.

“It’s dragon breath,” An Jiuyue answered his question.

The Dragon Flame Sword was an artifact made from the largest bone from the Demonic Dragon. To put it bluntly, the flames were not fire but rather the breath of the Demonic Dragon.

“What is dragon breath?” Long Xuan asked, puzzled.

“It’s a kind of pressure. It’s a kind of pressure formed by an aura. It’s just that formidable demonic beasts can materialize this pressure,” An Jiuyue explained.

“Understood,” Bai Ze and Yan Feng replied.

It was similar to the overwhelming aura that would occasionally emanate from their Hall Master, suppressing them so much that they could hardly breathe.

“Sister-in-Law, where did you get this sword?” They had not seen such a good artifact on An Jiuyue along the way.

“I bought it,” An Jiuyue replied.

She had bought it with points. Of course, she would not say that out loud. It was fine as long as Qian Jiyun knew.

“Buy it? Where did you buy it? Artifacts refined from dragon bones are rare,” Yan Feng exclaimed.

It was extremely rare! Was there one on Wulong Mountain? He had never seen it. Although there were many artifacts on Wulong Mountain, there was nothing like this.

“Why are you asking so many questions?”

Qian Jiyun did not give them a chance to question her. He glared at them coldly and turned to look at An Jiuyue.

“Jiuyue, did you notice anything? That Sky Whale doesn’t seem to have appeared out of nowhere.”

“Wei Na detected Zhao Xi’s scent on it. Also, someone must have drugged the nearby waters and stirred up the killing aggression of the sea beasts,” An

Jiuyue replied.

“Drugged?”

Bai Ze frowned, and Yan Feng’s eyes widened.

Drugged the whole sea? Had Zhao Xi gone crazy? If all the sea beasts became agitated, would she be able to escape them all?

That was enough! She really would do anything! Who on earth raised that woman? She was bold and ruthless!

“Will we encounter even more sea beasts later?” Long Xuan asked worriedly.

“That won’t happen.”

An Jiuyue shook her head. The Sky Whale was large enough to deter the nearby sea beasts.

“Jiyun has subdued the Sky Whale, so we won’t have to spend much effort dealing with the sea beasts. We’ll just send the Sky Whale to handle them.”

Thankfully, Qian Jiyun had subdued the Sky Whale. Otherwise, catching up with Zhao Xi would be a difficult challenge.

“But I heard at the dock that Zhao Xi only brought a single man with her. Jiyun, why does that seem unrealistic to me?”

She wanted to enter Demon Heart Island and then go through the Demon Heart Vortex to get to the Demon Destruction Valley with just the two of them?

An Jiuyue felt that Zhao Xi probably had a backup plan.

“If what Master and Mistress suspect is true, she might have some artifacts,” Yan Feng said, supporting his chin with one hand..

Chapter 1117: Arriving at Demon Heart Island

“She definitely has artifacts.”

Qian Jiyun sat beside An Jiuyue and held her hand.

If Zhao Xi did not have any of that, she would not have dared to bring only one person to Demon Heart Island. If he was not mistaken, Zhao Xi did not plan to bring that person back from Demon Heart Island, right?

“Jiuyue, don’t worry. No matter how many things she brings, let’s make it a one-way trip for her, okay?” he said.

An Jiuyue chuckled and nodded.

Why worry so much? A boat would naturally straighten itself when it reached the bridge. Even if it did not, it could just crash into the shore. How could they not handle Zhao Xi?

In fact, An Jiuyue was also curious about what was in Demon Destruction Valley which compelled Zhao Xi to rush over.

“Mistress, what exactly is in the Demon Destruction Valley?” Yan Feng asked too. They were also curious.

An Jiuyue shook her head.

“If our suspicions are right, these books probably won’t have any records.”

If Zhao Xi’s identity was really related to the former High Priest Demon Heart, she must have sent Zhao Xi to the Demon Destruction Valley.

And these books were given to her by the former High Priest Demon Heart, so how could they contain information about what was inside Demon Destruction Valley?

Hence, she could not possibly know what was in the Demon Destruction Valley. The only one who might know was Zhao Xi, and whether she really knew or not was still unknown.

“I don’t think even Zhao Xi knows what she wants to obtain in the Demon Destruction Valley.”

An Jiuyue knew what the former High Priest Demon Heart was like. Even though they had only interacted for a few days, she knew that she was a completely selfish person.

She did not believe that the former High Priest Demon Heart would give so much convenience to an outsider like Zhao Xi.

“I feel like something is off about Zhao Xi’s situation,” she muttered to herself.

However, the former High Priest Demon Heart was no longer around. There was no point, even if she sensed something odd. They would only know what Zhao Xi wanted when they met her.

Several days later, Qian Jiyun and the others finally arrived at Demon Heart Island.

They arrived in less than two hours after Zhao Xi and the man did. However, even with just a two-hour difference, it was enough for Zhao Xi and him to disappear.

Demon Heart Island was actually not large. The Demon Heart Vortex was visible from any corner of the island.

However, the structure of Demon Heart Island was unknown. The Demon Heart Vortex could be seen everywhere on the island, even appearing as if it were right in front of them.

However, while at sea, no matter how close they were to Demon Heart Island, they could not even see the shadow of the vortex. This was the strangest part about Demon Heart Island.

When Qian Jiyun and the others arrived on the island, Zhao Xi and the man were already heading towards the vortex.

However, Zhao Xi knew that even if the Demon Heart Vortex was right in front of her, it was impossible to walk into it. Even if they seemed close, they were still far from it.

“Why didn’t you mention how challenging it is to fight the demonic beasts on Demon Heart Island?”

The man beside Zhao Xi was already in a sorry state. Since their arrival on

Demon Heart Island, several demonic monsters have treated them as food..

Chapter 1118: It’s Really Up Ahead

If he had not been somewhat capable, they would have died in the stomachs of the demonic beasts.

His clothes were in tatters, almost turning into mere strips of cloth. He placed his hands on his hips and complained to Zhao Xi.

“Demon Heart Island is a place for Demon Heart Hall disciples to train. How can there not be many demonic beasts?”

Zhao Xi made it sound like it was only natural. Would she have brought him along if coming to Demon Heart Island was so easy? She would have gotten rid of him long ago and come alone.

“Besides, Demon Heart Island hasn’t seen the light of day for 20 years. The demonic beasts on the island are, naturally, even more powerful. It’s already good enough that they didn’t eat us, don’t you think?”

Upon hearing that, the man glared at Zhao Xi.

Was this his fault? The demonic beasts on Demon Heart Island were so powerful. Why did she not remind him earlier so that he could be prepared in advance?

“You’d better tell me if there’s anything more ruthless coming up next. Otherwise, you’ll have to deal with it yourself,” he said angrily.

Did she think he had no temper? He needed to rest too. If he provoked her, he would abandon her and go to the Demon Destruction Valley alone.

She had better not think he would not do it alone!

Zhao Xi looked at the vortex nearby and said, “The Demon Heart Vortex is ahead. We should be safe for the time being after passing through it.”

The man was speechless.

The vortex was not nearby!

He had felt that the vortex was near him a few times before, as if he could almost touch it if he reached out his hand.

However, no matter how many times they tried, they could not reach the Demon Heart Vortex. There were only endless demonic beasts attacking them and treating them as food.

“Are you sure the Demon Heart Vortex is really up ahead?”

“I’m sure.” Zhao Xi nodded seriously.

However, she could at least boost the morale of the man in front of her with some absurdity. That would motivate him to kill demonic beasts faster, right?

“Let’s move forward quickly. We don’t want to be caught up by the people from Jun Lin Hall,” she reminded.

“Pft.” The man sneered.

He knew they had to move forward quickly, but he had to be able to walk quickly too!

Those demonic beasts pounced on them as if they had killed their parents. Walk quickly? Could he walk quickly?

“If you want to be quick, help me fight those demonic beasts together. Don’t just act like a boss and bark orders without doing anything. If it’s really as easy as you say, those demonic beasts must be made of tofu.”

Zhao Xi was speechless.

She had to conserve her energy! But, of course, she would not say that to the man directly.

She looked at the man and asked, "I have to save my demonic energy to open the Demon Destruction Valley. Unless you want to open it after we enter the Demon Heart Vortex?"

The man fell silent.

Forget it. He was not familiar with this place, so he could only follow Zhao Xi. If he had to kill demonic beasts, he would.

"Since you aren't killing demonic beasts, then talk less. Just follow me." "I'm not talking anymore. You hurry up," Zhao Xi said.

With that, she followed the man towards the Demon Heart Vortex.

After some time, they dealt with many more demonic beasts. However, the Demon Heart Vortex remained unchanged—close but not too close, appearing as if right before their eyes, yet also seemingly on the distant horizon..

Chapter 1119: Bite Your Necks Off

Meanwhile, Yan Feng thought of the same question and asked, "How big is Demon Heart Island?"

They were fighting demonic beasts at the same time. The battles were not necessarily difficult, but this vortex was still not much closer to them.

After walking for four hours, those who expected to reach the other end of the island soon did not even make it to the island's center.

The Demon Heart Vortex hovering in midair was clearly in the center of the island, but they had yet to reach it.

“Demon Heart Island has a special gravitational force.” An Jiuyue glanced at him and continued walking.

The roars of the demonic beasts never ceased. Occasionally, one or two would pounce on them, and at times, a few more would, exhausting them. “Don’t be fooled by our big strides. We’ve actually traveled pitifully little.” “No way?” Bai Ze did not believe it.

“Master, we’ve encountered so many demonic beasts. They can’t be fake, right?” Long Xuan added.

She pointed at the vortex.

“The vortex will send out a few demonic beasts every few days. No one has been to Demon Heart Island for 20 years, so more than half of the demonic beasts here should be real,” she said truthfully.

Of course, if they spent a few days killing the demonic beasts here, the real demonic beasts might be killed, leaving only illusions.

“So we were playing with ourselves when we killed the demonic beasts?” Bai Ze was dumbfounded.

“Bai Ze, you’re wrong. Why would this be play? This is a good opportunity to train. Many people at Wulong Mountain want this opportunity, but they can’t get it.

“You still think this is play? Seriously... What should I say about you?” An Jiuyue looked at Bai Ze with disapproval and shook her head.

“1—” Bai Ze opened his mouth but could not say anything else.

What could he say? Could he say that he had no motivation to kill demonic beasts after learning that they were all illusions?

Humans could only unleash their limitless potential when their lives were threatened.. How could he fight and kill them without this threat?

Chapter 1120: Soon?!

“Ah Ze, although the demonic beasts here are illusions, they can still inflict injuries that go unnoticed,” Qian Jiyun reminded him.

“Yes.” An Jiuyue snapped her fingers and agreed with Qian Jiyun.

“These demonic beasts are manifested from demonic energy. If you don’t defeat them, you’ll be injured by them. Hence, these demonic beasts are no different from real demonic beasts.

“If there’s any difference, it’s that even if they can’t kill you, they might swallow you whole, and you’ll still be perfectly fine the next day,” she said.

Bai Ze, Yan Feng, and Long Xuan were speechless.

If they were swallowed whole by the fake demonic beasts, wouldn’t that be too embarrassing?

Alright, in order not to embarrass themselves, they should give it their all. However...

The three of them looked up at the Demon Heart Vortex in unison. How long would it take them to reach the foot of the vortex? They wondered where Zhao Xi and the other person had gone.

“Zhao, do you really think I’m that gullible? This is Wulong Mountain. Even if you use up all your demonic energy now, it will replenish automatically after midnight, right?”

“Uhm!”

Zhao Xi was rendered speechless.

“What if we reach the foot of the vortex soon? I won’t have the strength to open the vortex then.”

She thought for a moment and could only brush him off.

“I don’t know when the people from Jun Lin Hall will catch up to us. If we can’t enter the Demon Heart Vortex before them, you won’t get anything.

“Not only that, but we’ll also lose our lives. Do you understand?” she reminded him.

How could the man not understand this?

But how could he deal with so many demonic beasts alone?

Moreover, the closer they got to the Demon Heart Vortex, the stronger these demonic beasts became. If this continued, he would definitely not be able to defeat them.

“So you’re still going to stand by and do nothing? You don’t want to help at all?” he asked Zhao Xi coldly..
