

Spatial Ability 1121

Chapter 1121: Outsmarted by Her

“It’s not that I don’t want to help, but I want to conserve my strength,” Zhao Xi explained.

“Conserve? Your strength?”

The man wanted to strangle Zhao Xi to death.

Why was she still telling him about conserving her strength at this time? Was she waiting for him to die?

However, he snorted internally. Zhao Xi probably wanted him to die battling these demonic beasts so she would not have to kill him herself, right?

Unfortunately...

A glint flashed across his eyes as he glanced at Zhao Xi.

“If you want to conserve your strength, then so be it. However, I have to tell you something...”

“What?” Zhao Xi asked instinctively.

What did he want to say now? Haven’t they talked enough on the way here? Her ears were growing calloused from all his chatter, and everything he was saying was nonsense.

“Let’s not talk nonsense anymore. Let’s hurry forward.”

She became nervous again when she remembered that the people from Jun Lin Palace were still following them and did not know when they would catch up. She urged the man to move forward.

The man snorted coldly. Although he had many complaints, he did not voice them.

Regardless, they had to move forward. Instead of arguing with Zhao Xi here, they might as well rely on their own strength to reach the foot of the vortex quickly.

“Let’s go.”

“We’ve been chasing them for so long. Why haven’t we caught up to them?”

Yan Feng placed his hands on his hips and looked at the emptiness before him. There was no one, not even a demonic beast.

They had so many people, but Zhao Xi’s group consisted of only two. They should have caught up to them since they could fight the demonic beasts faster, right?

However, he had yet to see them.

He could not help but wonder, “Did they use some artifact to go much faster than us?”

“No.” An Jiuyue shook her head and dismissed his idea.

They probably did not use any artifacts. However... she looked up at the vortex as Qian Jiyun held her hand and led her forward..

Chapter 1122: The Vortex Is About to Open

“Demon Heart Island should be constantly rotating. Since we arrived later than Zhao Xi, the place where we stepped ashore may be different from where they did.”

“Master, what do you mean?” Long Xuan blinked and looked at An Jiuyue.

He did not understand what she meant. What did she mean by saying that they arrived ashore at different places? Didn't they come from the same direction?

Since they came from the same direction, they should have arrived ashore at the same spot, right?

“Demon Heart Island has specific limitations. Although the entire island is tangible, it's not much different from an illusion. There are many vortexes here; you just haven't noticed them.”

“Vortexes?” They looked at each other in confusion.

“Master, can you understand her?” Yan Feng asked his master.

“Don't interrupt.” Qian Jiyun glanced at him coldly before looking at An Jiuyue.

“Oh no, the vortex is about to open.”

The vortex would not open without reason. The only possibility was that Zhao Xi and the other person had already arrived and opened the vortex.

“I didn't expect them to be so fast.” She lowered her head and bit her lip before looking up.

“Sister-in-Law, what should we do now?”

Bai Ze looked at An Jiuyue. Yan Feng and Long Xuan also looked at her. Seeking advice from Qian Jiyun, the Hall Master of Jun Lin Hall, on Demon Heart Island would be useless.

They could only rely on An Jiuyue to think of a solution.

“What should we do?”

An Jiuyue took a deep breath and closed her eyes. When she opened them again, they were extremely sharp.

Although she was not a true Demon Heart yet, she still possessed some abilities on Demon Heart Island. It was impossible for them to enter the Demon Heart vortex safely under her nose.

Meanwhile, under the Demon Heart Vortex...

Zhao Xi was extremely excited as she watched the Demon Heart Vortex open. Without even sparing a glance at the man beside her, she circulated her energy and soared into the air, wanting to be the first to jump into the vortex..

Chapter 1123: Definitely Result in a Backlash

However, she was overjoyed too early.

Just as she was halfway up, a powerful demonic energy attacked her and hit her in the chest.

“Ugh!” Zhao Xi froze in midair and spat out a mouthful of black blood.

She fell straight down immediately. Fortunately, the man who flew up later caught her, and they jumped into the vortex together.

“Mistress, you’re incredible! You hit her from so far away?”

Yan Feng and the others could see Zhao Xi nearly falling from the vortex and could not help but look at An Jiuyue.

Even though they appeared to be quite close to the vortex, they knew they were still a long way away. How did that beam of demonic energy hit Zhao Xi?

“It’s a pity I’m not strong enough now. Otherwise, Zhao Xi would have died,” An Jiuyue said calmly.

Of course, she did not expect to kill Zhao Xi with a single move. Firstly, she did not know what Zhao Xi wanted. Secondly, it was inconvenient for her to kill people on Demon Heart Island.

“But injuring her is enough. Injuries inflicted by the Demon Heart on Demon Heart Island are not temporary. It will likely take Zhao Xi about half a month to recover from this injury.”

The man could not help but be suspicious when he saw that the blood she spat out was black.

“Ahem!” Zhao Xi coughed twice and rolled her eyes at him.

She would not be poisoned. She was only injured by An Jiuyue. But the Demon

Heart was indeed extraordinary, being able to injure her from a distance.

She was too careless! She thought she would be safe as long as she opened the Demon Heart Vortex. She did not expect An Jiuyue to do something like this.

“It’s a small injury. It’s nothing serious.”

“Is it really just a small injury?” the man asked her.

What small injury? Did she think he was blind?

Zhao Xi was clearly severely injured! She would have fallen to the ground if he had not held her. He had fought many demonic beasts earlier but had never been as weak.

“There’s still plenty of time before midnight. Can you still walk?” he asked.

“Yes. If you support me, I can.” Zhao Xi gritted her teeth and nodded.

She was still unaware that her injury would not heal so easily. She thought that she would be alive and kicking again after midnight..

Chapter 1124: Only Wants to Deal With Me?

“We’ve already entered the Demon Heart Vortex. If I remember correctly, you said that the demonic beasts here are stronger, right?”

The man looked unhappy that she was still putting on a brave front in front of him.

She wanted him to support her, but would he have the time to do that?

If the demonic beasts attacked them, was he supposed to fight them or protect her?

“Didn’t you hear the roars of the demonic beasts?”

“Uh.” Zhao Xi was rendered speechless, and her face paled even more.

She never expected An Jiuyue to really dare to do this. She had forgotten that this was Demon Heart Island. Although An Jiuyue could not find her, she could do whatever she wanted as long as she saw her.

She could even kill her, let alone injure her.

She was careless and exposed herself in front of An Jiuyue, allowing her to take advantage of the situation.

“Then focus on dealing with the demonic beasts. I’ll be fine on my own.” She pushed the man away, but she used too much strength and almost fell.

“This way.” Zhao Xi pointed in a direction and walked over with heavy footsteps.

The man followed closely behind. To save time, he had no choice but to reach out and support Zhao Xi. Only then did their pace quicken.

The Demon Heart Vortex was clearly much larger than Demon Heart Island.

There were no forests here. Instead, there was an endless sea of flowers. It was colorful and beautiful, but they knew that the more beautiful it was, the more dangerous it was.

The roars of the demonic beasts continued, but they did not see a single one. “Zhao Xiaoli, where are the demonic beasts?”

After walking for a long time, he saw no demonic beasts. He could not help but feel suspicious and turned to look at Zhao Xi.

Zhao Xi, whose chest was in pain, was speechless.

How would she know where the demonic beasts were? Ask her? She also wanted to find someone to ask.

“Maybe...”

“Roar!”

The roars of a demonic beast interrupted her, causing their hair to stand on end.

The demonic beast’s roar seemed right beside their ears, but they did not even see its shadow. Immediately after, a powerful demonic beast pressure pressed down on them.

‘What’s going on— Ah!’”

Chapter 1125: This Is a Guardian Python

A huge black tail swept them off the ground and sent them crashing to the side.

Zhao Xi was thrown to the ground and rolled a few times along the bright flowers on the ground. She spat out a mouthful of black blood in a sorry state, but the man was not much better.

Although he did not fall to the ground, his internal energy and blood boiled from the sweep of the huge tail.

When they looked up again, they saw a black python, resembling a mountain-sized ship, sticking out its tongue at them.

“Oh no!” Zhao Xi exclaimed, and her expression worsened.

“What happened?” The man turned to look at her.

So what if they encountered demonic beasts? Couldn’t they escape without defeating them?

This black python looked quite big, but whether it could be defeated would depend on how they fought it. He did not believe the two of them would die here.

“This is a Guardian Python. We can’t defeat it,” Zhao Xi said to the man.

“Guardian Python?”

The man frowned. He had never heard of a Guardian Python.

However, he could tell that defeating the python would be difficult just by hearing that. It was the guardian beast in charge of guarding the Demon Heart Vortex, right?

“Why didn’t you say so earlier? There are guardian beasts here?” he shouted at Zhao Xi in exasperation.

If he had known earlier, he would have made preparations in advance, so he would not be unsure of how to deal with the python in front of him.

“1—” Zhao Xi opened her mouth.

Of course, she knew about the guardian beast. However, the former High Priest Demon Heart had clearly said that the guardian beast would not take the initiative to attack people.

Why was it different from what she had thought? Why did this guardian beast attack her?

Suddenly, she remembered that she was not the Demon Heart. The guardian beast would not respect her. Instead, it would become fierce because an outsider like her had barged in.

“The guardian beast is very powerful. We have to leave quickly,” she said.

The man was speechless.

Of course, he knew they had to leave quickly!

But could they leave now? The guardian beast was obviously targeting them! “Don’t you have the Demon Heart’s demonic energy? Hurry up and use it.”

Since they were in the Demon Heart Vortex and the python was its guardian beast, she could use the Demon Heart’s demonic energy to force it to retreat, right?

“No.” Zhao Xi dismissed his idea without hesitation. “I can’t use the Demon Heart’s demonic energy here.”

The demonic energy she had obtained from An Jiuyue was very useful. How could she use it here?

If she used it here, who would open the Demon Destruction Valley in the future?

“Hurry up and defeat it. It’s about to attack.” With that, she took a step back and gestured for the man to deal with the black python.

Her words disgusted him.

Was his life not a valuable life? Why was she so determined to sacrifice him?

“Zhao Xi, let me tell you. If I die, you’ll have to die with me. Stop scheming,” he said coldly as he glanced at Zhao Xi.

“What do you mean?”

Zhao Xi asked the man as she got ready to fight when she saw that the python was about to attack them again.

“What do I mean?”

The man sneered and also got ready to fight..

Chapter 1126: What’s Going On? Is It Exploding?

“Didn’t you ask me if I placed the Gu on anyone? I can tell you clearly now that I did. Why don’t you guess who I poisoned?”

“You—”

Zhao Xi’s expression darkened. She felt that her injuries hurt even more. “You didn’t... you didn’t place the Gu on...”

Is this man crazy? I asked him to place the Gu on Qian Liuguang. How can he use it to deal with me?

No wonder this person followed me to Demon Heart Island so calmly! He was prepared!

If we didn’t encounter this guardian beast, I’m afraid I won’t even know how I’ll die in the end! The Gu I gave to the man is not for fun!

“Are you crazy? I didn’t give you the Gu to use it on me!” she shouted at the

man, ignoring the python in front of her.

“If you gave it to me, then it’s naturally mine. I can use it on whoever I want,” the man sneered.

The next moment, the black python’s attack arrived. He met it head-on.

Behind him, Zhao Xi gritted her teeth. In the end, she endured the pain in her body and fought alongside the man. She had no choice. If this man died, she would die with him.

Chi! Chi! Chi!

When Qian Jiyun and the others arrived at the foot of the vortex, they saw countless sparks splashing out.

Qian Jiyun pulled An Jiuyue into his arms and used his sleeve to block the sparks. His sleeve was burned beyond recognition.

Yan Feng and the others also had holes in their clothes from the fire.

“What’s going on? Is it exploding?”

Long Xuan looked up and was a little stunned when he saw the vortex opening still emitting flames from time to time.

Would the vortex explode? If it did, could they still enter? Did Zhao Xi set it up on purpose to prevent them from entering?

“It won’t really explode, right?” Bai Ze looked up at the vortex.

“So, can we still enter?” Yan Feng asked.

“What explode?”

An Jiuyue pushed Qian Jiyun’s arm away and glared at the three of them.

“It’s just that some people encountered the guardian beast in the vortex and started fighting.”

“They’re fighting?”

Bai Ze’s eyes lit up. It was great that they started fighting! It would be even better if the guardian beast could defeat them!

“Wait, Sister-in-Law, there’s a guardian beast in the vortex? Then how are we going to enter? Will the guardian beast attack us too? Can we defeat it?”

He asked several questions in a row.

“Will those two be beaten to death?” Yan Feng asked.

“Surely that won’t happen, right?” Long Xuan glanced at Yan Feng and replied weakly.

“Zhao Xi must have brought something to protect herself since she dared to come here. A guardian beast won’t kill her, right?”

“That’s true.” Yan Feng nodded in agreement.

“Mistress, can we still enter the vortex in this state?” he asked An Jiuyue.

An Jiuyue raised her eyebrows. She was the best person to ask if they could enter. With her around, how could they not enter the Demon Heart Vortex?

She raised her hand and used her demonic energy to make a cut on her finger. Blood immediately flowed out.

“Jiuyue, what are you doing?”

Qian Ji Yun frowned and reached out to pull her hand.

An Jiuyue stopped him and said, "It's fine. I need a little bit of blood to open the vortex. It can also calm it down.."

Chapter 1127: The Guardian Beast Has Locked Onto Them

The five of them finally landed in the vortex. They were shocked when they saw the fight occurring nearby.

"What is this?"

How could such a huge fellow fight two humans?

They felt like the python could swallow those two at any time! Fight? This fight was more of a joke!

And right now, Zhao Xi and the man were on the brink of tears!

They were clearly far away from the vortex earlier, but after a fight, the python forced them to the foot of the vortex.

She knew that the python wanted to force them to leave the Demon Heart Vortex, but she did not want to do that!

She looked at the man beside her bitterly and asked, "Can you do it or not?"

"If you're so capable, why don't you do it?" The man also looked exasperated.

However, he did not have the time to glare at Zhao Xi as he was too busy fighting the python in front of him.

“They escaped?”

Yan Feng watched them dash into the teleportation portal and wanted to chase after them. However, An Jiuyue stopped him with her demonic energy.

He turned around and looked at An Jiuyue, before looking at the teleportation portal.

“Mistress, they entered... Uh.”

Before he could finish speaking, a surprising scene unfolded before his eyes. The Guardian Python followed the two and also entered the teleportation portal.

Hence, if he had chased after them, he would have been squeezing through the teleportation portal with the guardian beast.

What a relief! He patted his chest a few times.

Fortunately, An Jiuyue stopped him. Otherwise, he would have to go deal with the guardian beast with Zhao Xi and the man. He did not want to do such a thing.

“The guardian beast has locked onto them. They won’t be able to escape no matter where they are. Unless...” An Jiuyue looked in the direction where the teleportation portal disappeared.

Unless those two could work together to kill the guardian beast, they would be forced to go under the vortex repeatedly.

But of course! Would guardian beasts be that easy to kill?

This was not a guardian beast of ordinary flowers and plants. It was the guardian beast of the Demon Heart Vortex! It had existed in this world for so many years.. Who could predict what it would do?

Chapter 1128: Their Attacks Were Ineffective

“Unless what?” Bai Ze look at her and asked.

“Unless the guardian beast is killed. But that’s impossible,” An Jiuyue said.

“Of course, that’s impossible.” Qian Jiyun chuckled and patted her head.

Could those two kill the guardian beast? The few of them combined would not be able to land more than 10 hits on it. He knew that clearly.

“It’s a pity.’

“What’s a pity, Brother Yun?” Bai Ze turned to look at Qian Jiyun and asked.

“That guardian beast probably won’t kill anyone,” Qian Jiyun said as he touched his chin.

The others were speechless.

The python would not kill?

No wonder the guardian beast fought them for so long. It made them think that the guardian beast was incompetent.

So it was not that the guardian beast was incompetent; it simply would not kill. That made sense!

“It’s not that it doesn’t kill, but...”

“Let’s not talk about them. Let’s hurry on our way,” Qian Jiyun reminded them.

“Yes.”

An Jiuyue nodded immediately.

Although they did not have to chase after Zhao Xi and the man, they still had to go to the entrance of the Demon Destruction Valley. Who knew what artifacts Zhao Xi had that could lead them there?

“My demonic energy can still force the guardian beast to retreat. Zhao Xi will definitely use it if she has no other choice.”

When it came to a matter of life and death, they could not allow themselves to meet their end by a guardian beast. It was only a matter of time before Zhao Xie used An Jiuyue’s demonic energy, so they had to hurry to the entrance of the Demon Destruction Valley.

An Jiuyue held Qian Jiyun’s hand and walked in the same direction as Zhao Xi and the man.

“Let’s go, let’s go.”

Yan Feng and the other two followed hurriedly. They did not want to be left behind.

Zhao Xi’s jaw almost dropped as the guardian beast followed them to a random location and landed on the ground together.

“How... How can this be...”

She could not finish her sentence and pointed at the guardian beast, which was staring at them.

“Why not?”

The man felt that Zhao Xi was really stupid.. How could she think that they could escape from the guardian beast with an artifact?

Chapter 1129: More Useless Than I Thought

“Do you think it’s like you? Stupid as a pig?”

“What do you mean?”

The man grabbed Zhao Xi as he ran. She was still very indignant.

She was not stupid. She just did not expect the guardian beast to follow them through the teleportation portal.

After all, the probability of that happening was very low. Moreover, the people from Jun Lin Hall had also arrived. They were the ones with more people, so why was the guardian beast still chasing after them? “Why didn’t it chase after the people from Jun Lin Hall?”

“Are you really stupid?”

Realizing that the guardian beast was about to catch up to them again, the man no longer grabbed Zhao Xi and instead dragged her away.

“Don’t you know that An Jiuyue is the Demon Heart? Why would the guardian beast chase after them?”

Zhao Xi was dumbfounded. She could not even realize that she was being dragged by the man.

That's right! An Jiuyue was the Demon Heart. Why would the guardian beast chase after her?

The guardian beast would even automatically recognize the people around her as one of their own. Why would it attack them? She had miscalculated, but she had never expected the guardian beast to enter the teleportation portal with them.

"I can't. I can't run anymore."

After a while, the man stopped running. It was especially tiring to drag Zhao Xi along in the Demon Heart Vortex.

He really could not run anymore. He also stopped because the guardian beast was about to catch up to them—running away was useless.

"Zhao Xi, if you don't think of a solution, we'll die here. I don't want to fight anymore,"

'You...'

Zhao Xi's anger caught in her throat as she glared fiercely at the man.

She knew he meant that he wanted her to use the demonic energy she had painstakingly gathered. Only the Demon Heart's demonic energy could restrain the guardian beast.

"No. I can't use it. No..."

"Why not?! We can still think of a way if we run out of that demonic energy. But what can we do if we're dead?" the man shouted at her.

Zhao Xi wanted to argue with him.

However, it was not the time to argue. The guardian beast pounced on them again.

“Ah!” She screamed and took out An Jiuyue’s demonic energy without hesitation to cover her body.

The guardian beast, which was initially about to attack, paused when it smelled the familiar aura. It leaned closer to Zhao Xi and sniffed her carefully. Although its eyes were still full of doubt, it retreated slowly.

After a long time, the guardian beast left. They heaved a sigh of relief.

The exhausted man saw that the danger had been eliminated and fell to the ground. He looked up at Zhao Xi and panted heavily.

“I really don’t know why I followed you here. Zhao Xi, you’re more useless than I thought!”

“Pft.” Zhao Xi sneered.

Useless? How was she useless? Could he reach the Demon Heart Vortex without her?

He should be able to find many good things even just being here. This trip would not be a waste to him. He was acting coy after getting a good deal!

“You make it sound like you’re very useful. If you were, you’d be able to defeat a guardian beast, right?”
That was only a demonic beast, not a human.

“Can you defeat it?”

The man rolled his eyes. The guardian beast had been toying with them..

Chapter 1130: I Must Kill You!

If the guardian beast really wanted to hurt and kill them, they would have become two corpses or even its dinner, wouldn't they?

Why criticize him like that?

"Roar, roar!"

After the guardian beast left, the demonic beasts nearby were no longer threatened and began to roam around.

"The demonic beasts are here."

Zhao Xi noticed with her sharp eyes that the demonic beasts were running towards them. She was so frightened that she quickly alerted the man.

She was still injured and was no match for those demonic beasts. She would have to escape if they attacked. She would not even be able to touch the entrance to the Demon Destruction Valley.

How could she accept this?

"So be it. What are you afraid of?" The man rolled his eyes at her and stood up.

He could not defeat the guardian beast, but why would he be afraid of these little demonic beasts? They came at the right time. His anger was building up, so he decided to vent it on these little demonic beasts. "Step aside. Don't get yourself killed even after I've killed the demonic beasts." 'You—I' Zhao Xi raised her hand and pointed at him fiercely.

In the end, she did not say anything unpleasant. After all, she had to rely on this man along the way.

Seeing the man already fighting the demonic beasts, she raised her hand to touch her chest, feeling a vague sense of unease, as if she had forgotten something.

However, even if she had forgotten it, she could not remember it immediately.

What was it?

“No, I have to remove the Gu.”

Regardless of what she had forgotten, she had to remove the Gu. Otherwise, she would have to bring this man out with her, and he would remain a threat to her at all times.

It would not be a good feeling.

However, removing the Gu was not an easy task. She had thought that the man would place the Gu on Qian Liuguang, so she did not bring the antidote!

She raised her hand and touched her forehead, wondering if she could gather all the medicinal herbs needed to remove the Gu along the way.

She could tell the man that she needed those medicinal herbs for an emergency. He would not suspect anything because there were still many dangers along the way.

The man fought with the demonic beasts for six hours without stopping. The demonic beasts in the Demon Heart Vortex were much harder to fight than the ones outside. After six hours, the man barely had any intact skin left.

However, the man was not to be trifled with either. He had calculated the time accurately.

Less than 15 minutes after he had killed all the demonic beasts, it was midnight. The injuries on his body quickly healed, leaving only the torn and bloodstained clothes as evidence of the battle.

“It’s good to not be injured... What’s wrong with you?”

Before he could finish his sentence, he noticed that Zhao Xi’s face was still as pale as ever. It seemed like her injuries were still there.

Zhao Xi did not look well, but her injuries were not the only reason. She was also furious and wanted to capture An Jiuyue and kill her.

Why did her injuries not heal? Wasn’t this setting in every corner of Wulong Mountain?

Suddenly, she remembered that High Priest Demon Heart had told her that she had to avoid killing and injuring people on Demon Heart Island because it was not easy to recover from those injuries.

So the injuries inflicted by An Jiuyue would not heal anytime soon, right?

“Damn it! An Jiuyue, I must kill you!”
