Chapter 1131: A Medicine Refiner?

She clenched her fist and punched a tree trunk. However, she coughed up another mouthful of black blood because of the impact.

“Let’s not delay any longer. We have to hurry on our way quickly.”

Not wanting to talk about her injuries, she used the excuse of hurrying on their way to fool him.

However, the man would not give her a chance. He grabbed her wrist and scanned her from head to toe with his eagle eyes.

“Explain yourself. What happened to your injuries?”

These injuries were from An Jiuyue, right? It was already past midnight, but she had yet to recover. Did this mean that any injuries inflicted by An Jiuyue would not recover so easily?

“It’s nothing. My injuries are just a little bit severe,” Zhao Xi explained, trying to fool him.

“Zhao Xi, who are you kidding?”

The man did not believe her and grabbed her chin.

“Are your injuries just a little bit severe? You haven’t recovered at all, and your injuries seem to be getting worse, right?”

If he was not wrong, Zhao Xi’s aura was much weaker after she spat out a mouthful of black blood again.

It was obvious that her injuries had worsened.

Zhao Xi was speechless.

How did her injuries worsen because it was midnight?

It was clearly because she was angry because she did not expect her injuries to not heal. If she had known, she would have brought more medicine along. Then they would not be in this situation where they could not do anything here.

“There are medicinal herbs everywhere. I’ll just pick some to treat my injuries. I’ll be able to treat my injuries in a day or two,” she said unhappily.

She also found a good reason to pick medicinal herbs to remove the Gu. The man should believe her, right?

“Ha!” The man looked at her and sneered. “I didn’t know you were a medicine refiner, Zhao Xi?”

“Do you have a problem with that?” Zhao Xi clutched her chest and glared at him.

Every profession on Wulong Mountain was respected. Only medicine refiners were worthless here. They were removed from the core of every large family.

Of course, there was an exception for the particularly skilled medicine refiners who were capable of rescuing someone from the brink of death and allowing them to survive when they should have died.

However, such medicine refiners were few. There was only one in the Long family.

“Of course I don’t. I hope you can treat your injuries as soon as possible.”

The man did not say anything else. He stopped holding her and walked forward, leaving Zhao Xi to fend for herself.

“Let’s go. Didn’t you say you wanted to hurry on? Stop dawdling.”

He spoke coldly to Zhao Xi as he walked forward. If they could not reach the teleportation portal before the people from Jun Lin Hall, they would not have to think about anything else.

Zhao Xi was speechless.

She took a deep breath and glared at the man’s back.

What was happening now? Did he want to fall out with her? He had better remember that they were in the Demon Heart Vortex. Did he think he could walk out of the vortex or enter the Demon Destruction Valley without her?

Fortunately, she had decided to remove the Gu from her body first. Otherwise, she might have shot herself in the foot and died in this man’s hands.

“Wait for me.”

These two disloyal people began heading towards the Demon Destruction Valley’s teleportation portal again..

Chapter 1132: Would She Use Medicine?

The demonic beasts in the Demon Heart Vortex were much more advanced than the ones outside.

Bai Ze and the other two were also fighting demonic beasts. As they fought more demonic beasts, they became more and more proficient. Killing a demonic beast would only take about an hour.

An Jiuyue looked at Qian Jiyun and reminded him, "Jiyun, aren't you going to kill a few demonic beasts? Training in the Demon Heart Vortex is something others can't even beg for."

This was the truth. Even the former disciples of the Demon Heart Hall could only train on Demon Heart Island. It was impossible for them to enter the Demon Heart Vortex.

Only the Demon Heart could enter the Demon Heart Vortex, and it was not for training.

"I don't need to train for the time being." Qian Jiyun reached out and pulled her into his arms, allowing her to lean against him.

"Why?" An Jiuyue blinked, confused.

Was there anyone on Wulong Mountain who did not need training? Would anyone reject the opportunity to improve their cultivation? This guy was the first, right?

"Because..." Qian Jiyun looked down and smiled at her.

She was injured! The only thing he wanted to do now was to protect her tightly.

Nothing else mattered.

"I want to be by your side."

An Jiuyue rolled her eyes at him. "Do what you want."

Perhaps they would have time to stay here for a while after taking care of Zhao Xi and the man?

She did not want to enter the Demon Destruction Valley, but she could let Qian Jiyun and the others enter the Purple Jade Waterfall for a while. Their demonic energy would increase the fastest there.

Even people from other planes would think of ways to enter. Unfortunately, they could not.

Also, since she was here, she wanted to enter the Blue Sun Space. She would ask Qian Jiyun to accompany her inside to see how much the entire Wulong Mountain had changed.

After a while, Bai Ze and the other two killed all the demonic beasts and approached her and Qian Jiyun.

“Sister-in-Law, let’s continue on our way. I wonder where they are.” Bai Ze said.

“They’re definitely be slower than us,” An Jiuyue replied.

She was not worried about that. After all, there were only two of them—Zhao Xi and the man—one of them had been injured. Injuries would only worsen in the Demon Heart vortex. How could they compare to them?

“I wonder if Zhao Xi would use medicine,” she mumbled.

Qian Jiyun raised his eyebrows and looked at her.

An Jiuyue subconsciously choked when she saw their puzzled gazes.

“The medicinal herbs in the Demon Heart Vortex may look like natural treasures, but they’re actually illusions. They’re all poisons that counter each other.

“Not only are the medicinal herbs here ineffective for treating injuries, but they can also worsen them. You could lose your life if you’re not careful.”

They were speechless.

This place was full of traps! People who knew nothing might even die without knowing their cause of death!

“Let’s not talk about this anymore. Let’s go. We can eat something as we walk. I only have fruits here now.” An Jiuyue did not give them a chance to speak. She took out some fruits from her space and handed them out.

“Thank you, Sister-in-Law.”

They took the fruits, thanked her, and ate as they hurried on their way..

Chapter 1133: Demon’s Illusory Sky City

After journeying for three days...

The five of them finally arrived outside the Demon Destruction Valley’s teleportation portal. Apart from the refreshed An Jiuyue and Qian Jiyun, the other three were in a sorry state.

Looking at the dusty teleportation portal, An Jiuyue knew that Zhao Xi and the man had yet to arrive, just as she had expected.

She looked at Qian Jiyun and smiled. “It seems like we have to wait for them here.”

“Let’s wait then,” Qian Jiyun said.

Since they were already here, they had to wait for them and settle them on the spot.

“Sister-in-Law, since they’re not here yet, why don’t we kill a demonic beast and roast it? We haven’t tasted meat for a few days,” Bai Ze suggested.

While he was on Lianxue Mountain previously, he felt that eating meat was too uncomfortable.

Now that he had not eaten meat for many days, he felt that life was too difficult. Indeed, meat and vegetables had to be eaten together. Otherwise, one would get sick of it.

“You want to roast... demonic beast meat here?”

An Jiuyue parted her red lips slightly and looked at Bai Ze in surprise.

After a few days of recuperation, her injuries had healed. However, when she heard Bai Ze’s words, she felt like she had suffered internal injuries again—this time from shock!

“Yes. Is there a problem with roasting some demonic beast meat?” Bai Ze nodded and glanced at Yan Feng and Long Xuan.

Yan Feng nodded too. He had been eating dry food and fruits along the way and was tired of them. Eating some meat should be okay, right? After all, the place was quite empty now. Zhao Xi and the man were not here yet.

Long Xuan, on the other hand, did not say a word. He seemed to have thought of something after hearing his master’s words.

An Jiuyue looked at Bai Ze and asked, “Bai Ze, did you not read the books I gave you last time?”

She had given Bai Ze so many books to read. It seemed like she had given them to him for nothing. He actually wanted to eat a demonic beast in the Demon Heart Vortex? What was he thinking?

“I read them!”

Bai Ze felt wronged. He had read every book seriously, okay?

However, there were some things in the book that he could not understand. He had wanted to wait until he returned to Jun Lin Hall to ask her. There was no hurry, right?

‘You’ve read them, but you still dare to eat things in the illusion?’ An Jiuyue narrowed her eyes and looked at him seriously.

‘Do I need to remind you that this is the Demon Heart Vortex? Don’t you know the other name of the Demon Heart Vortex? Hm?’

‘Uh.’ Bai Ze was stunned.

Yan Feng and Long Xuan looked at him in unison. The intention in their eyes was clear. They were asking him what the other name was.

‘I think... I think... I think it’s called Demon’s Illusory Sky City...’ He scratched the back of his head and whispered.

Yan Feng nearly slapped Bai Ze.

Bai Ze might dare to eat the things in the illusion, but Yan Feng did not! He was afraid that he would not be able to leave the vortex after eating something. There could be all kinds of poisons.

Long Xuan rolled his eyes silently, speechless.

Whoever dared to eat something in the illusion should have courage that could encompass the sky, right? Forgive him for being timid, but he would not eat with Bai Ze.

Bai Ze realized his mistake and lowered his head without saying anything, obviously guilty.

‘Forget it. Go and clean this up. We’ll roast it.’

An Jiuyue took out a Flaming Antelope from her space and asked them to clean and roast it..

Chapter 1134: Jealous or Relieved?

“Alright, I’ll clean it up now.”

Bai Ze took the Flaming Antelope happily and ran off to clean it up.

Yan Feng and Long Xuan followed him naturally. Qian Jiyun chuckled as he watched Bai Ze leave.

“What are you laughing at?” An Jiuyue turned around and asked.

“Ah Ze has smiled more lately than he has in all these years,” Qian Jiyun said as he pulled her to a large rock and sat down. He pulled her into his arms.

He was originally taciturn but had become much more cheerful recently. This was a good sign.

“Jiuyue, Ah Ze seems to be born to follow you.”

He sometimes wondered if he had picked Bai Ze up for An Jiuyue. Why did Bai Ze talk so much in front of An Jiuyue? He never spoke much in front of him each day.

“Are you... jealous or relieved?” An Jiuyue looked up at Qian Jiyun.

She felt that it was both. Was Qian Jiyun conflicted?

“Both.” Qian Jiyun did not have anything to hide from her.

There was some sourness in his heart. His younger brother, whom he had raised for so many years, was close to his wife. What could he say? Nothing, right?

One was his wife, and the other was his younger brother, right?

“Jiuyue, I treat Ah Ze as my biological younger brother. How should I put this...” He was conflicted and did not know if he should tell her this analogy.

“Closer than your relationship with Yiyun. Is that what you want to say?” An Jiuyue completed his unfinished sentence. She felt the same with An Zhiyi.

Although she found out later that An Zhiyi was not her biological younger brother, she still treated him as such. In fact, she was even closer to him than she might be with a biological younger brother.

It was not about making comparisons. They were honest opinions, so there was nothing wrong with being open about it.

“Mhm_ something like that ” Qian Jiyun nodded and admitted that Bai Ze was

closer to him than a younger brother.

An Jiuyue looked towards Bai Ze and said, “Actually, I treat him like my younger brother too.”

Qian Jiyun was speechless.

What did she mean? Bai Ze was probably older than her. Saying that he was like her younger brother did not seem... right?

However, he did not know how old Bai Ze was.

Even Bai Ze probably did not know. When he first met Bai Ze, he was... a street child. He was so small and did not even cry when a group of children bullied him.

The two of them sat on a large rock and chatted for a while before Bai Ze and the others returned with the Flaming Antelope that had been cleaned.

“That’s quite fast. Let’s roast it then.”

Before An Jiuyue could do anything, Qian Jiyun stood up and took the Flaming Antelope.

An Jiuyue had just recovered from her injuries, so he would not let her tire herself out. He had seen An Jiuyue roast meat a few times and knew how to do it.

“Jiuyue, rest. I’ll do it,” he instructed An Jiuyue, who was about to get up, before instructing Bai Ze and the other two to get busy.

“I think I smell roasted meat.”

After killing a demonic beast and walking some more, the man, who was dragging an increasingly injured Zhao Xi, remarked.

He really smelled the fragrance of roasted meat and wondered if the demonic beasts in the Demon Heart Vortex knew how to roast meat.. Did they not eat raw meat?

Chapter 1135: Trip Twice

That should be impossible. It had been a few days since they arrived, but he had only smelled the fragrance of roasted meat today.

“I... smell it too.”

Zhao Xi was extremely weak now. If not for the man dragging her, she would have collapsed on the ground.

She already guessed that they were nearing the Demon Destruction Valley's teleportation portal. The fragrance of the roasted meat meant that someone had reached the portal before them, right?

Were they waiting for them to walk right into their trap?

She looked up and glanced at the man. She was very dissatisfied with him and cursed him silently.

However, she knew it was not the time to blow up. She would have to rely on this man to support her when they encountered the people from Jun Lin Hall later.

She had wanted to remove the Gu and treat her injuries along the way.

However, for some reason, despite eating so many medicinal herbs, not only did she not remove the Gu, but her injuries also worsened.

This was not what she had hoped for, but it happened. "They should be at the portal by now," she reminded the man.

"What?" The man was shocked.

He wanted to reach the teleoortation portal first and set up some traps so that they could strike first.

However, those people had already arrived. He was caught in a dilemma and did not know what to do.

"Then what should we do? What other methods do you have to deal with them?"

Zhao Xi opened her mouth and was about to speak when he heard the man's voice again.

"The demonic energy belonging to Demon Heart An Jiuyue has been used up. We won't be able to open the Demon Destruction Valley's teleportation portal without her demonic energy, right? Can you still gather her demonic energy?" the man asked her.

"I can't." Zhao Xi shook her head.

She had already used it once. How could she use it again?

As the Demon Heart, An Jiuyue would not trip over the same rock twice. If she would, how could she still suppress Wulong Mountain?

Although she could no longer gather Demon Heart's demonic energy, there were other ways to open the teleportation portal. However...

She glanced at the man from the corner of her eye.

She wondered if she should sacrifice him. She did not know if it was true that he had placed the Gu on her. If it were true, she would die if she did.

However, she would not be able to enter the portal if she did not.

"I'll think of another way. We'll definitely be able to open the teleportation portal."

She took a deep breath and recalled that the medicinal herbs she had picked previously were counter to the Gu and injuries in her body. If she did the opposite, would she be able to remove the Gu from her body?

"I'm going to pick some medicinal herbs. I'll use them when we meet Qian Jiyun and the others. Think of a way to subdue them. You don't have to defeat Qian Jiyun and Demon Heart An Jiuyue.

“But you have to defeat Bai Ze and the others at least. Even if you can’t, you have to stall for time,” she said.

“Alright, I understand. I’ll think of a way. Go and pick the herbs.” The man did not want to see Zhao Xi, this burden, and waved her off.

Zhao Xi saw his impatient gesture and turned to walk away. A sinister smile appeared on her face..

Chapter 1136: Bai Chong’s Bewilderment Technique

He had better watch out! He would be of no threat to her after she removed the Gu from her body. How could he dare despise her? Could he come here without her?

Zhao Xi was still very capable. By the time they came face to face with Qian Jiyun and the others, her injuries had yet to recover, but the Gu had been removed.

However, she could not let the man find out about this.

Fortunately, she did not tell him about the reactions after the Gu was removed, just in case. Even though the man’s heart hurt for a moment, he thought it was caused by an injury

Yan Feng threw the bone in his hand away and stood up. He looked at the two people, who were in such a sorry state that they could not even be recognized as people.

“You’ve made us wait for a long time, haven’t you, Zhao Xi?”

“You...” Zhao Xi was shocked by the way he addressed her.

However, she did not find it strange when she saw Long Xuan accompanying them. Long Xuan had always been wary of her. She would not have approached Lord Long if she had not failed to tempt him.

“Young Lord Long, you’re indeed impressive! You even found out my background.”

She smiled at Long Xuan. Her kind expression gave everyone goosebumps. They took a step back instinctively.

An Jiuyue shot a stream of demonic energy at Zhao Xi immediately.

“Gasp!”

Zhao Xi dodged it narrowly, but the demonic energy brushed past her and injured her right shoulder.

She clutched her shoulder and looked at An Jiuyue unhappily. She did not understand why An Jiuyue wanted to kill her the moment they met.

An Jiuyue took a step forward and said coldly to Zhao Xi, “Bai Chong’s Bewilderment Technique! It seems like you really want to die!”

“You—I’ Zhao Xi was shocked and could not even speak.

She wondered how An Jiuyue knew that she knew the Bewilderment Technique. She only used a little of its demonic energy, but An Jiuyue noticed it?

“An Jiuyue, don’t think you can do whatever you want just because you’re the Demon Heart. Bewilderment Technique? Bai Chong? I’ve never heard of them.” She flicked her sleeve and denied An Jiuyue’s accusation.

“Bai Chong, who is it?” Yan Feng and the others blinked in unison. They had never heard of Bai Chong.

“Bai Ze, you’re from the same family. Do you know him?”

“Scram!” Bai Ze cursed at Yan Feng.

Would he know everyone with the same surname? If he did, he would know many people on Wulong Mountain. After all, there were many people with the surname Bai. There was also the Bai family.

“Who is Bai Chong to you? Your master?”

An Jiuyue ignored Zhao Xi’s denial and continued questioning her.

“The Bewilderment Technique is Bai Chong’s life-saving secret art. She wouldn’t have taught it to you if you weren’t her disciple. I couldn’t tell! Your status in the Demon Heart Hall is much higher than Qian Liuguang’s!

“No wonder you know about a place like the Demon Destruction Valley. Bai

Chong must’ve taught you a lot over the years.”

‘You...’

Zhao Xi wanted to deny it, but An Jiuyue had exposed everything. There was no point in denying it.

She gritted her teeth and said to An Jiuyue, “You sure know a lot! As expected of the person Teacher told me to be careful of!”

“Who’s Bai Chong?” the man could not help but ask Zhao Xi.

It sounded like she was from the Demon Heart Hall. Moreover, she was someone with high status.. Who could that be?

Chapter 1137: Benefit You?

“Don’t ask what you shouldn’t know.”

Zhao Xi turned around and glanced at him before quickly turning to look at An Jiuyue.

“If I’m not wrong, you killed Teacher, right? An Jiuyue, you even killed your teacher. You’re indeed a traitor!”

“Teacher?” An Jiuyue smiled. “Is she worthy?”

How could Bai Chong become her teacher? Every Demon Heart was born with demonic energy. They never needed teachers.

Moreover, people like Bai Chong would probably raise extreme and dangerous disciples like Zhao Xi.

She did not want to learn from Bai Chong!

“Since Bai Chong is your teacher and you’re here now, why don’t I send you to accompany her? After all, you’re her disciple. You can’t just end your fate, right?”

“You—” Zhao Xi took a step forward and pointed at An Jiuyue.

“An Jiuyue, An Jiuyue... Oh, no, you’re not called An Jiuyue. You should be called Bai Liuyue,” she muttered. She sneered and looked up, glaring at An Jiuyue coldly.

“Bai Liuyue, do you really think you can kill me here with just a few of you? Do you think I can’t survive?”

“Ha!” An Jiuyue chuckled.

Zhao Xi was indeed the former High Priest's disciple. She was right. Even Qian Liuguang did not know her real name. He only knew that An Tu

named her An Jiuyue, but Zhao Xi knew her real name.

She looked at Zhao Xi sarcastically and retorted, "Bai Chong really told you a lot of secrets. But do you know what kind of place the Demon Destruction Valley is?"

Even she could not figure out what kind of place the Demon Destruction Valley was. She did not believe that Bai Chong would pave the way for a disciple and let her come to the Demon Destruction Valley for her own good.

"Bai Chong has always been selfish and opportunistic. Do you really think she'll do anything to benefit you?"

"Master, what do you mean?" Wei Na asked faintly.

He had a feeling that his master was implying something. He had met Bai Chong once. She did not seem like an honest person. Even though she was already old, she still looked cunning.

"You should be able to tell that there is no substantial relationship between Zhao Xi and Bai Chong, right?" An Jiuyue asked Wei Na. "What substantial relationship?"

Wei Na was stunned for a moment. He did not understand.

However, he quickly understood and shook his head immediately.

"How is that possible? They're not related by blood at all, and their connections are practically nonexistent. Apart from the master-disciple relationship, there should be no other ties between them," he immediately replied.

"Then that's not good."

An Jiuyue sneered and stared at Zhao Xi before continuing to speak to Wei Na.

“Do you think Bai Chong is someone who would sacrifice herself for someone she’s not even related to? Is she that kind? You think she’d do charity work?”

Charity work? It was already good enough that Bai Chong did not kill every day. Why would she take in a disciple to cause trouble for herself? “That makes sense.” Wei Na nodded and felt that his master was right..

Chapter 1138: Keep Them Alive

“But Zhao Xi is really here now! And she followed Bai Chong’s instructions. I’m afraid there’s something in the Demon Destruction Valley that can make Zhao Xi snatch your identity as the successor of the Demon Heart. You have to be careful.”

“Be careful of what?”

An Jiuyue pretended not to hear Wei Na’s reminder.

“Rather than saying that there are artifacts in the Demon Destruction Valley that can seize my identity as the successor, why don’t you say that there are treasures here that can resurrect Bai Chong?”

After all, benefiting others was far less important than benefiting oneself, right?

“This... Master, you mean...”

Wei Na was speechless. Was this possible? Did Bai Chong do so much because she believed she could be reborn?

If that were the case, it made sense why she handed over the Life Stone so readily and without hesitation when An Jiuyue asked her to.

She had probably been waiting for this moment—for Zhao Xi to come to the Demon Destruction Valley and revive her.

“Is there really something in this world that can revive a person?” He could not help but be puzzled.

Her Doay was gone, so could she still be revived? How was she supposed to be revived?

“Her body has already turned to ashes. How can she be revived?” he could not help but ask.

“With what? Unless...” An Jiuyue raised her hand and touched her chin.

Zhao Xi was still boasting smugly, saying that she would definitely be able to enter the Demon Destruction Valley and obtain what she wanted.

“Isn’t there a very good body in front of us? And Bai Chong chose it herself,” she suddenly said.

‘What?!’

“Jiuyue, what are you talking about?”

Two voices sounded at the same time. One was the faint voice in her mind, and the other was Qian Jiyun, who was beside An Jiuyue.

“F*ck, she’s really good with her schemes,” An Jiuyue cursed. Was Bai Chong trying to use Zhao Xi’s body to revive her?

“What kind of place is this Demon Destruction Valley?” She could not help but become even more curious about it. Could entering the Demon Destruction Valley really bring Bai Chong back to life?

“Sister-in-Law, should we—”

“We can’t kill her,” An Jiuyue interrupted Bai Ze.

Kill her?

She wanted to kill her immediately. She had been thinking about that ever since she chased after her.

However, she could not let Zhao Xi die on Demon Heart Island. She did not dare to take this risk, even if it was mere speculation.

She probably had something Bai Chong left for her that would allow them to have a special connection, right?

She did not know what it was, and she did not intend to find out either. Even Zhao Xi would not know unless she dug Bai Chong out of hell.

Unfortunately, she did not want to do something like that. Bai Chong should die completely and not return to cause trouble.

“We can’t kill her?”

Bai Ze and Yan Feng looked at An Jiuyue in unison. Even Long Xuan looked at her in surprise.

Was there anything wrong with killing a woman like Zhao Xi? “Capture them and keep them alive,” Qian Jiyun instructed immediately.

“Okay!” Yan Feng replied. He clasped his hands together and stretched them before walking towards Zhao Xi and the man..

Chapter 1139: Resurrect Her?

Bai Ze and Long Xuan followed closely behind.

“What... What are you trying to do?”

Zhao Xi took a few steps back instinctively, the uneasiness in her heart growing.

Were they trying to capture them? Did they think it would be that easy? Although there were only two of them here, she had the protective artifact her teacher gave her.

Did An Jiuyue really not know that?

“Bai Liuyue, do you think these three people can... Huh!”

Before she could finish speaking, Yan Feng and the other two attacked her. She was shocked and dodged, but she could not dodge them completely. Bai Ze hit her in the abdomen and sent her flying backwards.

The man was not much better either. He could not gain the upper hand against Yan Feng.

As for Long Xuan, he only watched from the side and did not step forward. Of course, he was not just watching the show. He was guarding against Zhao Xi's escape.

After all, this woman had too many secrets. Although he did not know who Bai Chong was, she was definitely not an ordinary person.

“I don't know.” An Jiuyue looked up at him, blinked, and shook her head. “It's just speculation. There's no conclusive evidence, but I don't want to take the risk.”

She wanted to say that her speculations were usually accurate. She could be right this time. Bai Chong dared to do anything.

But this was something every normal person would do. Who would want to die if they could live?

Zhao Xi stood up, clutching her stomach. She gritted her teeth and looked in An Jiuyue's direction with bloodshot eyes as Bai Ze approached her.

"You really want to kill me, don't you?"

An Jiuyue wanted to spare her life, but Bai Ze's murderous aura was so strong. He clearly did not want her to live.

If he did not want her to live, how could she not retaliate?

A golden light flashed as she raised her hand, and a golden dragon flew towards An Jiuyue.

"Golden Dragon Scroll?" An Jiuyue looked at the virtual golden light and paused. "They've really invested a lot. Wei Na, can you help me block this?" Inside the space, Wei Na was shocked.

He was inside the space, alright? He could help her sometimes, but earlier...

"Master, I can't help you now!"

He had already helped her once. There was a time limit for this, so he could not help her now..

Chapter 1140: Stabbed in the Chest by the Dragon Flame Sword

Translator: Atlas Studios Editor: Atlas Studios

“Damn it!”

An Jiuyue cursed and pushed Qian Jiyun away.

“Burn her!”

With that, she looked up and gathered powerful demonic energy in her palms, attacking the golden dragon.

Meanwhile, Zhao Xi felt a tightness in her chest, as if she had lost all her strength. Her breathing became disrupted, and she fell over.

“No... That’s impossible!”

She knew this feeling, even if she had never experienced it before.

She had only used the Golden Dragon Scroll. Her master had said that using the Golden Dragon Scroll in front of An Jiuyue would allow her to open the Demon Destruction Valley successfully. However, the sacrifices would be greater.

She thought that the sacrifice was worth it as long as she could open the Demon Destruction Valley.

However, she had never thought that the so-called sacrifice was her own life. Was the Golden Dragon Scroll that terrifying? Why did her teacher never mention it to her?

“Jiyun, we can’t let her live,” she told Qian Jiyun, who was nearby.

“I know.”

Qian Jiyun knew that. He used the Dragon Flame Saber, which still had demonic energy, to stab Zhao Xi in the chest.

“Ugh!”

Just as Zhao Xi struggled to get up and was about to use her demonic energy to extinguish the fire on her body, she stopped abruptly. Her legs gave way, and she fell to her knees.

“An Jiuyue, why must you go against me?!”

Her eyes burned with intense hatred as she glared at An Jiuyue. She wished she could rush over and hug An Jiuyue to burn her together.

However, she lacked the strength and capability to do so because she was burned beyond recognition and had her chest stabbed by the Dragon Flame

Sword.

“Ha!” An Jiuyue chuckled.

She did not want to argue with Zhao Xi... No, this was Bai Chong now.

If a good person wanted to come back alive, she would not stop them. But what kind of person was Bai Chong? More people would die because of her if she lived..
