

## **Spatial Ability 1151**

Chapter 1151: That's So Obvious!

It had been 20 years, so dealing with it would not be easy. However, she could not let it go on like this. Otherwise, there would be endless trouble in the future.

They did not see any Ice Waterside Gluttons on their way from the Demon Destruction Valley's teleportation portal to the Blue Sun Space teleportation portal.

However, before they reached the Blue Sun Space teleportation portal, they heard the roars of demonic beasts. But they did not see a single demonic beast. "Master, what kind of demonic beast roar is this? It's too terrifying."

When Long Xuan heard the roars, he rubbed his arms and asked An Jiuyue, who was walking in front of him and beside Qian Jiyun.

They could tell that there was only one demonic beast roaring. However, this demonic beast's roar was really terrifying. Even if they did not see it, they wanted to flee.

Perhaps it was because they had not seen it and could only hear its voice. They were afraid because they could not grasp anything tangible.

He could not even tell if he was feeling fear or something else.

"If I'm not wrong..." An Jiuyue paused and glanced at Qian Jiyun. "It's the Evil Spirit Universe in the Blue Sun Space. It's not a demonic beast in the Demon

Heart vortex."

Aside from the roars of that demonic beast, she could clearly tell that the closer she was to the Blue Sun Space, the quieter her surroundings were. She could not even see any demonic beasts.

All the other demonic beasts must have been afraid of the Evil Spirit Universe and avoided it.

“Is the Evil Spirit Universe a demonic beast?” Bai Ze asked her.

“No.” An Jiuyue shook her head.

In reality, she did not know what this so-called Evil Spirit Universe was. The stone giant had only mentioned it to her.

“Bai Chong was released from the Demon Destruction Valley back then and restrained in the Blue Sun Space. According to the stone giant, the Evil Spirit Universe has destroyed everything in the Blue Sun Space.”

She sighed and shook her head. Letting Bai Chong die like this was letting her off too easily.

However, no one would be at ease if she did not die. Like Zhao Xi, she would do many evil things if she was alive.

“Is Bai Chong the former High Priest Demon Heart?” Long Xuan asked.

Although he was already certain, he still asked. It sounded like the former High Priest Demon Heart had really done too many vicious things.

Why was everything bad related to her? Was this a high priest guarding and suppressing Wulong Mountain or a demon? Her actions were unbearable.

“That’s so obvious! What’s there to ask?” Yan Feng glanced at him coldly.

However, the former High Priest Demon Heart's deeds made them extremely speechless. How could there be such a disgusting person?

"The Blue Sun Space is nearby." An Jiuyue pointed at the portal.

"Master, are you going to deal with the Evil Spirit Universe restrained inside? Its pressure is very strong," Long Xuan asked with a frown.

He had long sensed a strong pressure. He would have left in a flash if not for the fact that he had a few people with him and he did not want to embarrass himself!

They were probably no match for the Evil Spirit Universe in the Blue Sun Space.

"Deal with it?" An Jiuyue raised her eyebrows and glanced at Long Xuan.

What a joke! She had never thought of dealing with the Evil Spirit Universe. At least not now..

Chapter 1152: When We're Strong Enough

"Long Xuan, are you trying to take over my position, so you want me to go to my death?" she asked half-jokingly. With her current mediocre demonic energy, she would be dealt with by the Evil Spirit Universe if she entered, wouldn't she?

Deal with the Evil Spirit Universe? If she had that capability, there would be no need for her to come to this place; she would have killed Zhao Xi and the man long ago.

"Uh." Long Xuan was stunned by her words. He looked down awkwardly and touched the back of his head.

He had instinctively believed that his master wanted to deal with the Evil Spirit Universe. According to her, Bai Chong had deliberately released the Evil Spirit Universe, so she had to destroy it sooner or later, right? Even if it were not now, it would happen in the future.

“Master, that’s not what I meant.”

An Jiuyue rolled her eyes at him. She knew he did not mean that. If he did, she would slap him to death.

“Jiyun, with our current strength, we won’t be able to deal with the Evil Spirit Universe, even with Bai Ze and the others in the equation.”

She looked at Qian Jiyun and told him the truth. However, she had to deal with the Evil Spirit Universe. She had to destroy it sooner or later. She could not let it stay in Blue Sun Space forever.

“I know.” Qian Jiyun nodded.

He had thought about following An Jiuyue here to destroy the Evil Spirit Universe.

However, the oppressive pressure around him dispelled his earlier thoughts. He could not destroy the Evil Spirit Universe. He had to cultivate more!

“We’ll come again when we’re strong enough,” he said.

“Mhm,” An Jiuyue replied.

“If we can’t destroy it, why are we here?” Bai Ze asked.

An Jiuyue gave him a speechless look.

“I’ve never seen that Evil Spirit Universe. Can’t I come and see what it looks like?”

She wanted to come here to confirm how the Evil Spirit Universe had grown after 20 years.

Of course, if she could deal with it, she would prefer to destroy the Evil Spirit Universe directly! This was a huge matter for her, the successor to the Demon Heart.

“The Evil Spirit Universe’s pressure has only extended to the vicinity of the teleportation portal. If this continues, the entire Wulong Mountain will probably not be able to contain it.

“We must eliminate it. It’s not just a matter of our cultivation level. If we have powerful artifacts, they can also be extremely helpful.”

She was already thinking about how to destroy the Evil Spirit Universe, but she could not think of a solution yet.

Perhaps once she officially succeeded the High Priest Demon Heart and became powerful enough, and Qian Ji Yun became stronger too, they could work together to find a solution.

But right now, she had to see what the Evil Spirit Universe looked like and find out how strong it was.

Sizzle, sizzle.

Streams of silver light splashed out of the teleportation portal continuously, causing those who had just arrived to grit their teeth.

“Mistress, this is caused by the Evil Spirit Universe, right?”

A cold sweat broke out on Yan Feng’s forehead as he looked at the teleportation portal. He could not help but wonder if the portal would snap shut abruptly.

“Mhm,” An Jiuyue replied softly and frowned.

At this rate, the Blue Sun Space would not be able to contain the Evil Spirit Universe for long. It would escape soon. She rubbed her forehead, feeling a headache, and sighed secretly, recalling what the stone giant had told her..

Chapter 1153: Definitely Non -existent

“The stone giant said that the Blue Sun Space can suppress it for another three years. But from the looks of it...”

She had a feeling it would not hold for even three years. The stone giant’s words seemed utterly unreliable to her.

“Not even three years.” Qian Jiyun looked at the teleportation portal for a long time before speaking.

“Uh-huh?” An Jiuyue glanced at him.

Would the Evil Spirit Universe escape in less than three years? Then she had to cultivate even harder!

“What a headache!”

She raised her hand and touched her forehead.

Regardless, they had to destroy the Evil Spirit Universe. However, the most important thing now was to enter the Blue Sun Space to see what it looked like.

“Yan Feng, you guys stay here and stand guard. Jiuyue and I will go in and take a look.” Qian Jiyun saw that she was about to walk towards the teleportation portal and reached out to grab her before giving instructions to Yan Feng and the others.

“Yes, Master,” Yan Feng replied, and the three of them stared at the teleportation portal cautiously.

They were terrified every time they heard the sizzling sound, afraid that the Evil Spirit Universe would escape in the next moment.

“This...” Bai Ze watched Qian Jiyun and Qian Jiyun enter and kept staring at the teleportation portal.

However, his thoughts and feelings were different from Yan Feng’s and Long Xuan’s. He had a feeling that something was calling out to him in the Blue Sun Space.

He shook his head instinctively to dispel the voice in his mind.

This was the Demonic Heart Vortex, and the teleportation portal in front of him led to the Blue Sun Space. How could the thing inside be summoning him?

Moreover, An Jiuyue said that the Evil Spirit Universe was locked up here. Was the Evil Spirit Universe summoning him?

Of course not. There was no way he would have any connection with the Evil Spirit Universe, right?

“Bai Ze, what’s wrong? Why do you look so pale?” Yan Feng turned around and glanced at Bai Ze.

It was not an exaggeration to say that his face was pale. He looked fine earlier. He did not kill any demonic beasts, let alone get injured.

Why did he turn so pale in such a short time?

“Are you afraid of the Evil Spirit Universe inside?” he raised his eyebrows and asked Bai Ze.

“No.” Bai Ze glanced at him and shook its head.

There was no way he would be afraid of the Evil Spirit Universe, no matter what. Even if it came out, he would fight to the death to send it back.

Fear?

That was definitely non-existent.

“I just find this place a little familiar,” he muttered.

“Familiar?” Yan Feng was amused.

“Lord Bai Ze, you’ve probably never been to this place, right?” Long Xuan glanced at him and asked.

No one had been here for 20 years. How could Bai Ze be familiar with this place? Unless there was somewhere on Wulong Mountain that resembled this place?

However, he was sure that Wulong Mountain did not have such terrifying demonic beast roars. These roars struck his heart!

“I don’t think so.” Bai Ze hesitated and looked at the teleportation portal again before shaking its head.

He had nothing to do with this place, so he could not have come here. However, this familiar feeling persisted, making him hesitate when he spoke.

Could it be that he had really been here before? But he had no recollection at all!

“Let’s find a place to sit down. We don’t have to stand here all the time..”

Chapter 1154: It’s Nearby

He lowered his head and exhaled before turning around and walking towards a clean spot.

“That’s true.” Yan Feng nodded in agreement and quickly followed him to sit down.

Long Xuan took out three fruits and handed one to Bai Ze and Yan Feng each. The three of them sat on the ground and ate the fruits while staring at the teleportation portal.

“Bai Chong is really a troublemaker,” he muttered.

“That’s right. Having a Demon Heart like this on Wulong Mountain is more than enough.” Yan Feng chuckled.

Fortunately, Wulong Mountain had encountered his master and mistress. In a

few years, the stupid things the former High Priest Demon Heart did and the troubles she had left behind would be resolved, right?

Qian Jiyun and An Jiuyue entered the teleportation portal. Before their feet touched the ground, streams of demonic energy attacked them.

“Be careful.”

An Jiuyue had just reminded him when Qian Jiyun protected her in midair. He turned around and dodged the demonic energy attacks before landing safely.

“Are you okay?” She did not notice the surroundings in the Blue Sun Space and looked at Qian Jiyun first.

“I’m fine.” Qian Jiyun shook his head and let go of her.

Those few streams of demonic energy were not enough to injure him. However... he looked up at the surroundings in the Blue Sun Space.

"I can't see the Evil Spirit Universe. I only sensed its aura. It doesn't seem to be here." He thought the Evil Spirit Universe would be near the teleportation portal, but he did not see it.

However, even without seeing the Evil Spirit Universe, he and An Jiuyue were almost injured by the demonic energy it created. It was clear that the Evil Spirit Universe was not to be trifled with.

An Jiuyue was right. Without the stone giant's support, this Blue Sun Space would not have been able to contain the Evil Spirit Universe for three years. "No, it's nearby. We just can't see it with our cultivation levels." An Jiuyue shook her head instead.

The Evil Spirit Universe was not a demonic beast. It was an invisible demonic energy. Although it could not take the form of a demonic beast or a human, it could inflict the deepest wounds.

As she spoke, a few streams of demonic energy attacked them again.

Qian Jiyun narrowed his eyes, wrapping his arm around An Jiuyue's slender waist as they swiftly dodged to the side. He simultaneously shot out a few streams of demonic energy from his right hand towards those attacking them.

Boom! Sizzle!

Their demonic energy collided in midair with an ear-piercing sound.

They saw a mass of black fog flying towards them. Although the fog was also demonic energy, it was not the kind of demonic energy used for attacks.

"There it is." An Jiuyue pointed at the fog.

The fog grew larger and larger, enveloping the two of them as it approached them.

“Jiyun, be careful.”

She was prepared to defend herself. They attacked the fog with demonic energy at the same time.

Their demonic energy collided again, and sparks flew.

“Ugh... Pfft!”

An Jiuyue’s demonic energy was insufficient. She was injured by the fog and coughed up a mouthful of blood. Qian Jiyun increased the output of his demonic energy and shielded An Jiuyue behind him.

Soon, he felt that his body was about to be injured.

He looked up at the fog with slightly red eyes. This Evil Spirit Universe was really not easy to deal with. It had severely injured them with one move..

Chapter 1155: Indeed Powerful

“Jiuyue, go into your space,” he instructed An Jiuyue, gritting his teeth.

“How can I do that? 1—”

Of course, An Jiuyue would not abandon Qian Jiyun to fight alone. Just as she was about to reject his idea, she saw the fog turn and collide with the teleportation portal.

Sizzle, sizzle!

An extremely ear-piercing sound came from the teleportation portal, and it swayed as if it would be shattered by the Evil Spirit Universe in the next moment.

However, the Evil Spirit Universe ultimately failed. It could not break through the teleportation portal and had to retreat. It did not even pay attention to Qian Jiyun and An Jiuyue anymore. It crept to the side, ready to attack the teleportation portal again.

An Jiuyue was extremely shocked.

She finally realized why the teleportation portal was spewing flames. The Evil Spirit Universe wanted to break out of it and kept hitting it, right?

If its target had been a human, they would have died from the impact.

“Jiyun, let’s get ready and go out,” she whispered to Qian Jiyun, afraid the Evil Spirit Universe would follow them as they left through the portal. They had to seize a good opportunity.

“Okay.”

Qian Jiyun raised his hand and wiped the blood from her lips. He picked her up and walked to the side.

“We definitely can’t leave now. Let’s wait until the next impact from the Evil Spirit Universe. We can also calculate how long it takes to gather energy for each impact.”

An Jiuyue nodded, glancing at the Evil Spirit Universe. The ball of fog had approached the teleportation portal and had come to a halt some distance away.

“This Evil Spirit Universe is indeed powerful.”

After a long time, there was another commotion in the teleportation portal. Sparks flew again.

It was not that Bai Ze and the other two were frightened, but every time sparks flew, they could not help but fixate their eyes on the teleportation portal.

“Is this portal secure?” Long Xuan gulped and asked the two people beside him.

Yan Feng rolled his eyes at him and did not want to speak anymore. How could the portal withstand those sparks if it were not secure? The ground was even trembling!

He wondered what was going on inside. How were Master and Mistress?

“Ah Ze, how are you? Why don’t you close your eyes and rest for a while? Long Xuan and I will watch over this place,” he suggested.

“No need.”

Of course, Bai Ze would not agree.

Whether he slept or not had nothing to do with his pale complexion; it was just that he felt the summoning force in his heart was getting stronger.

He was afraid that if he closed his eyes to rest, he would be summoned right away. He could only resist the summoning force when he was awake. For some reason, he felt that the summoning force was a little eerie. It was probably not a good thing.

“Let’s keep watch together. Maybe Brother Yun and...”

Before he could finish speaking, he felt his vision blur. Two people emerged from the teleportation portal.

“Brother Yun, Sister-in-Law.” He sprang to his feet like a carp and rushed towards them.

However, a beam of light emerged from the teleportation portal before he could even reach them. He only had time to cover his eyes before he was knocked back and fell to the ground.

“Pfft!”

He spat out a mouthful of blood, evidently injured.

Qian Jiyun carried An Jiuyue far away from the teleportation portal in a few seconds, so they were not affected..

Chapter 1156: Definitely Have a Complete Recovery

“Bai Ze!”

Yan Feng and Long Xuan rushed up to Bai Ze and helped him up.

“Why are you running around? You almost lost half your life. How dare you go near the teleportation portal? Do you think you’ve lived too long?” Yan Feng glared at him and muttered before looking at Qian Jiyun.

“Master, how are you? Are you injured?”

The recoil from the teleportation portal was very strong. Even he and Long Xuan, who were far away, could feel the strong pressure. “I’m fine,” Qian Jiyun replied and put An Jiuyue down. “Jiuyue, how are you?” An Jiuyue shook her head and told him she was fine.

How could she be? Qian Jiyun was protecting her, so she was naturally unharmed.

“Fortunately, we made a prompt decision and kicked Evil Spirit Universe back. Otherwise, that thing would have been released.”

When she saw that the Evil Spirit Universe was about to follow them out of the teleportation portal, she decisively kicked it with Qian Jiyun's help.

This kick sent the Evil Spirit Universe flying, and it gave up on trying to escape.

"I should have done it. Now you..."

Qian Jiyun did not finish his sentence because An Jiuyue's injuries worsened. He had been a step behind her, so he could only assist her in kicking the Evil Spirit Universe.

"I'm just a little injured. I just need to recuperate. I might recover tomorrow." An Jiuyue did not give him a chance to continue and covered his lips.

"Why don't we go further and rest in the Demon Heart Vortex for a day?" she suggested.

"Okay." Qian Jiyun naturally agreed.

He could also ask Bai Ze and the others to find a few Ice Waterside Gluttons and Waterside Glutton Stones. Moreover, their cultivation levels had not stagnated on Demon Heart Island.

"Ahem, ahem, ahem."

An Jiuyue, who was protected in Qian Jiyun's arms, was still coughing when she alighted from the boat.

Her injuries, which she had expected to recover in a day, were still not better even after half a month. Meanwhile, Qian Jiyun had already recovered from his injuries. "I'll carry you—"

"No need."

Qian Jiyun was about to bend down to pick her up when An Jiuyue rejected him quickly.

They had already returned to the dock. How could she let Qian Jiyun carry her around in this crowded place? Besides, her injuries were not that serious.

She was a medicine refiner, so she was well aware of her body condition.

“I’m almost recovered. This cough might be due to the strong winds and waves at sea. I’ll definitely be fine after resting at the dock for another night.”

Even if she could not recover, she could refine another batch of medicinal pills and eat them. She would definitely have a complete recovery.

“Yan Feng, find an inn to stay in,” Qian Jiyun instructed him immediately.

“Yes, Master,” Yan Feng replied and went to look for an inn.

“I’ll go take a look too.”

Long Xuan followed him silently, wanting to prepare some food for Qian Jiyun and An Jiuyue. They had been living in rough conditions this whole journey. Although their days were not difficult, they were not comfortable.

An Jiuyue lay on a soft couch in the inn, waiting for the food to be served.

She had no choice. She wanted to take a walk, but Qian Jiyun would not allow it, so she could only lie down.

“Bai Chong must have released the Evil Spirit Universe back then to split me into two consciousnesses..”

Chapter 1157: Step Into a Few Pitfalls

She explained to Qian Jiyun, who was sitting beside her.

“To put it bluntly, the Evil Spirit Universe is an evil thing. Humans can seek everything they need from it, but they have to pay the corresponding price. “I wonder what price Bai Chong paid to allow her to do all these evil things.” Qian Jiyun held her hand and asked softly, “Is that all it can do?”

Clearly, things could not be that simple. Bai Chong had to have other motives for releasing that thing.

An Jiuyue shrugged and said, “Of course it can do other things.”

However, discussing them would not resolve anything. What else could she do? She might as well not say anything.

In an empty space beside Jun Lin Hall, books were piled up like a small mountain.

An Jiuyue, who was standing nearby, held a torch and raised her eyebrows at Qian Jiyun.

Originally, Qian Jiyun had used demonic fire, so she did not have to burn these books with a torch. However, there was always room for unforeseen circumstances.

No matter how much Qian Jiyun burned the books with demonic fire, they would not burn.

“Let’s light it. Shall I do it?” Qian Jiyun glanced at her and asked.

“I don’t think so.” An Jiuyue shook her head immediately.

If demonic fire could not ignite these books, she feared that they might be sentient, making it necessary for her to use a torch.

Of course, she was only joking. She had the torch in her hand. If Qian Jiyun took action again, it would make her seem even more useless.

Ever since they came out of Demon Heart Island, Qian Jiyun had taken care of her, as if she were a cripple, all the way to Jun Lin Hall.

She raised her hand and threw the torch into the pile of books, allowing the flames to gradually expand until they formed a sea of fire.

“Bai Chong is really amazing.”

After reading the books she had brought from the Demon Destruction Valley, she had just discovered that many of the books Bai Chong had given her had been altered.

“She probably intended to use those misleading books to make you step into a few pitfalls after her revival,” Qian Jiyun chuckled and said.

An Jiuyue pulled a face stiffly. “She wants to send me back to the Demon Destruction Valley again.”

She placed one hand on her hip and touched her forehead with the other.

It was only in the Demon Destruction Valley that she learned that the Demon

Heart’s evil deeds on Wulong Mountain would be recorded on the Demon Destruction Valley’s Demon Destruction Cliff. After committing too many evil deeds, she had to return to the Demon Destruction Valley, and the stone giant would personally pick her up.

“From this, I can tell that the Evil Spirit Universe is really capable. Otherwise, how could Bai Chong have done so many things without a single one being recorded on the Demon Destruction Cliff?”

“Where did she release the Evil Spirit Universe?”

He had long wanted to ask this question. The Evil Spirit Universe was probably something from the Demon Destruction Valley. But what kind of existence was it originally?

“Demon Destruction Cliff,” An Jiuyue replied unhappily.

To put it plainly, the entities imprisoned in the Demon Destruction Valley were similar to the stone giant. They were supposed to guard the Demon Destruction Valley for generations.

However, the Evil Spirit Universe harbored evil intentions, leading to the existence of Bai Chong, who released it.

“I have to cultivate quickly. Wulong Mountain will be in chaos if I can’t control it in three years.”

“Hm?” Qian Jiyun glanced at her and raised his eyebrows..

Chapter 1158: Hua... Huayan Peak?

“Uh.” An Jiuyue was stunned.

“I haven’t told you before, but if the Evil Spirit Universe really comes out, it can open portals to all planes,” she said softly, covering her lips with one hand.

“You mean...?”

Qian Jiyun began to doubt her words. What did she mean?

“It can open portals for people who want to go to other planes and send people to the planes they want to go to but don’t belong to.”

If that was the case, it would be a tricky situation. The planes had restrictions. Only people from a particular plane could go to that plane. If everyone could go to other planes, why would they need the Demon Heart?

“Ha!” An Jiuyue chuckled mockingly and shook her head.

“If only it was that simple. Jiyun, it can open the portals to all planes and prevent them from closing for at least a month.”

‘What?’

“What?!”

Everyone knew what it meant if the planes’ teleportation portals were opened and remained so for a month. Those who wanted to go to higher planes would be able to leave, heading to places they believed could improve their cultivation and allow them to lead a better life.

How much trouble would this cause for Wulong Mountain?

After some time, Qian Jiyun asked An Jiuyue, “Is the Evil Spirit Universe really that powerful?”

An Jiuyue exhaled heavily and looked up at him helplessly.

“Jiyun, you have to believe that the spiritual entities in the Demon Destruction Valley are formidable. There’s far more to things. Take the stone giant, for example. Despite being in the Demon Destruction Valley, if it learns that the High Priest Demon Heart has done something wicked, it can still come here through sheer will, capture her, and punish her,” she explained.

“Therefore, the Evil Spirit Universe also has this ability. Moreover, I think its ability is not limited to Wulong Mountain.”

“Hua... Huayan Peak?” Qian Jiyun asked with difficulty.

“Uh-huh.” An Jiuyue nodded.

This was not her mere speculation. The stone giant had told her so too.

Hence, the Evil Spirit Universe had to be destroyed. It could not be allowed to grow like this. It would not perish on its own and would only grow stronger.

Qian Jiyun closed his eyes and took a deep breath.

This was a big problem! Was Bai Chong crazy? How could she release the Evil Spirit Universe in exchange for a chance at revival?

“I know a method to increase my cultivation quickly,” he said.

“Ahem.” An Jiuyue coughed lightly. “I know this method too.”

“You do?” Qian Jiyun looked at her in surprise and raised his eyebrows.

However, he shook his head quickly. With their current status as successors, they could not use this method.

The only method was to succeed as soon as possible so that he could increase his cultivation level quickly.

“Yes, I know.” An Jiuyue nodded and turned to look at Bai Ze.

“Bai Ze, once the location is chosen, I’ll leave the construction of the Demon Heart Hall to you. Jiyun and I still have to return to Daqing Kingdom, and we’ll go to Huayan Peak after that. We probably won’t be able to return for a year and a half.”

“Yes, I understand,” Bai Ze agreed. He had nothing to do in Jun Lin Hall anyway..

Chapter 1159: The “Residence” She Was Pointing At

It was perfect. With the construction of the Demon Heart Hall about to begin, he could focus on this and have something to do. He could also cultivate in his spare time.

He had already thought of how to build the new Demon Heart Hall. “Jiyun, accompany me around tomorrow. I want to choose a construction site.”

Qian Jiyun patted her face and replied, “Okay, I’ll accompany you.”

“Stay here and guard this place. No one is allowed to approach until everything is burned down,” he instructed Bai Ze and Yan Feng.

“Yes, Master,” Yan Feng replied.

He knew how important these books were. If someone audacious took one of them, who knew what trouble they might cause?

“You want to return to Huayan Peak?” Qian Jiyun asked softly as he brought An Jiuyue to a chair in the study.

“Mhm.” An Jiuyue nodded.

“The stone giant in the Demon Destruction Valley said that the planes in Huayan Peak are more conducive to advancing my cultivation. It’ll be even better if I help others and do good. My demonic energy will continue to increase.

“Moreover, I can cultivate in my space. I won’t be restricted just because those planes cultivate Original Soul energy.”

Qian Jiyun looked down at her helplessly and listened.

“Jiuyue, we’re only successors. We can’t enter those planes,” he reminded his silly wife.

Moreover, it was unknown when they could officially inherit their “family business”. How could they enter those planes under such circumstances?

“There’s nothing to worry about. I bought some inter-plane travel vouchers from the Points Mall earlier. We can use them several times together,” An Jiuyue replied.

“Even if we use them up, I can buy more. I have Wei Na keeping an eye on them. He’ll notify me immediately if there are inter-plane travel vouchers available in the Points Mall.”

Ordinary people would not use or spend so many points to buy them. She was the only one who would.

She reckoned they would not sell out as quickly as her Seven-Colored Lotus Seeds. Besides, she had enough points in the Points Mall, so buying things would just be a matter of a few clicks.

“If that’s the case, we can really go to those planes,” Qian Jiyun said.

“Yes, yes,” An Jiuyue replied.

It was a pity that she could not bring her two precious sons with her. Even if the children were young, they would still need to use inter-plane travel vouchers. She had to use them sparingly.

The next day, Qian Jiyun took An Jiuyue to choose a location near Jun Lin Hall. There was not much need for selection. It just had to be spacious enough. Coincidentally, there was a vast and flat area north of Jun Lin Hall. However, there were many trees.

But that did not stop An Jiuyue from choosing this location.

Bai Ze had also come with An Jiuyue. Once An Jiuyue decided on the location of the Demon Heart Hall, he rubbed his palms together and got ready to bring people to get things started.

However, when he returned to Jun Lin Hall with some guards, he realized... “This residence is not bad. It’s just right for the land outside.”

Inside the microcosmic space, An Jiuyue was discussing it with Wei Na as she looked at the interface in the Points Mall dedicated to residences.

Wei Na looked at the “residence” that his master was pointing at, and the corners of his mouth twitched violently. He wanted to roll his eyes..

Chapter 1160: I’ll Make You Lose Your Human Form!

“Master, are you sure this is a residence and not a palace?”

How was this a residence? Was the imperial palace of the Daqing Kingdom even as big as this darn “residence”?

Even Jun Lin Hall was much smaller than this palace.

“Master, we’re building Demon Heart Hall next to Jun Lin Hall. We can’t overshadow the host. After all, they gave up their territory to make things easier for you, right?” he persuaded softly.

“Cut it out.” An Jiuyue rolled her eyes at Wei Na. “You can’t stand me spending so many points again, right?”

It was not that he thought the palace was too big. Instead, he felt that the points required for the palace were too high and wanted her to choose a smaller one to save some points, right?

Did he think she could not tell?

Wei Na was speechless.

That was exactly what he thought. What about it? He was not wrong at all!

Jun Lin Hall and Demon Heart Hall would be one family in the future. There was no need to differentiate between them. If it were up to him, he would just convert Jun Lin Hall to Demon Heart Hall. Why make the unnecessary expense of creating another Demon Heart Hall?

After a while, he gritted his teeth and said, "Master, you're burning your points away because you have too many of them."

She really had too many points! Otherwise, she would not spend them without batting an eyelid. His master spent more points in this space than she earned!

"You'll cry when you run out of points," he said.

"We'll talk about it when that happens. Who has the time to worry about the future now? Do I have nothing better to do?" An Jiuyue replied and bought the palace she liked without hesitation.

"I wonder who's the one worried about that thing that'll escape in three years," Wei Na retorted softly.

"You—"

An Jiuyue held the palace model in her hand and glared at Wei Na.

The situation with the Evil Spirit Universe was a tricky one. The consequences were not limited to what she had told Qian Jiyun. If it really escaped, not only Wulong Mountain but the other planes would also suffer.

Apart from being restricted by the teleportation portals on Demon Heart Island, it had free access to all other teleportation portals.

“If you bring this up again, I’ll make you lose your human form!” she threatened.

“No, no!”

Wei Na shook his head quickly when he heard that his master was going to cut off his food supply.

He was already used to being human. He would not know how to live if he was not allowed to transform into a human.

“Master, I was wrong. I won’t bring it up again, okay?” He begged for mercy. He could not let his master cut off his food supply and turn him back into a small speck of light again.

“Hmph!” An Jiuyue snorted and left the space.

“I bought this. Look at this. Is it big enough?”

She handed the model to Qian Jiyun, urging him to take a closer look. It was a form of showing off because the palace was something only she could create.

“Yes, it’s big enough.”

Qian Jiyun took the model and nodded.
