

Spatial Ability 1251

Chapter 1251: Protect Me! Protect Me Quickly!

Demonic beasts were very sensitive to the smell of blood. When he stopped her from provoking those two earlier, it was not only because they were not to be trifled with but also because the place smelled too strongly of blood.

If a demonic beast took the opportunity to attack them while they were confronting those two, they would really be in danger.

“Young Lady, what are you doing now?” he looked up and asked the young lady, a hint of displeasure hidden between his furrowed brows.

“You still have the cheek to ask me what I’m doing? Shouldn’t I be the one to ask you what you’re doing? Did they bribe you to say good things about them in front of me?” the young lady retorted.

The more she thought about it, the more she felt that it was possible.

The guard leader was dumbfounded.

They bribed him? When did that happen? Why was he not aware of that?

He turned to look at the guards standing nearby. They looked at him with puzzled expressions. He was as speechless as one could be.

She almost made this sound like the truth.

“Young Master, we’ve been walking all the way here. If I accepted their bribe, wouldn’t you be there to see it? I’ve always been by your side to protect you!”

He was no longer speaking to her respectfully. It was already good enough that he did not explode in anger.

“How dare you talk back?!”

The young lady was even angrier when she saw that the guard leader dared to retort.

She immediately drew the whip from her waist and struck the guard leader.

“Chief!” Several guards exclaimed in unison.

Wasn't she being too unreasonable? What did their leader do to offend her? Was it wrong to advise her against doing whatever she wanted for everyone's sake?

On the other side, a murderous glint flashed across the young master's eyes when he saw the young lady raise her whip to strike the guard leader.

What purpose did a woman like her serve in this world? Was she just here to make things difficult for them? Did she think she could degrade them because she believed she was superior?

“Young Master, you...”

The guard beside him sensed his ominous aura and looked up at him, wanting to dissuade him.

However, before he could finish speaking, he heard the roar of a demonic beast.

Roar! Roar!

The roars exploded in their ears as if they were right next to them

“Be careful, everyone!”

Although the guard leader was beaten up, he sensed danger immediately and shouted at everyone.

The young lady screamed almost immediately.

“Ah! Protect me! Protect me quickly!”

She was so frightened that she dropped the whip in her hand. She hid behind the guard leader because she had already seen a massive demonic beast charging at them.

A look of reluctance flashed across the guard leader’s eyes when he heard her scream. He really wanted to leave her here and let the demonic beasts eat her.

However, he could not. He had been assigned to protect this woman. If she died, all the guards and their families would die.

He had no choice but to shield her behind him again..

Chapter 1252: Is a Demonic Beast Chasing Them?

“Everyone, form a formation; stand in a circle to protect the Master and Young Master Nie.”

He tried his best to sound calm as he ordered all the guards.

Soon, all the guards formed a semicircle around the young lady and the young master. They retreated as they fought the demonic beast attacking them. However, the demonic beast was too powerful. They were no match for it.

“Chief Jin, stop fighting! Retreat!”

The young master did not want to struggle in vain here. After saying this to Chief Jin, he turned around and fled with his guards.

He decided it was best to separate from this woman and never meet her again along the way.

This way, even if the elders questioned him when he returned home, he could say that he had panicked and fled with everyone because they were attacked by a demonic beast.

Sui Sui would not be able to find any grounds for criticism even if she wanted to—after all, they had merely separated because of the demonic beast’s attack.

Scorching Rock Peak was a big place. It was normal that they could not regroup after separating.

“Nie!” The young lady stomped her feet in anger when she saw the young master run away.

However, she had no choice but to run. She was facing a demonic beast stronger than her and was not prepared to fight. What else could she do but run? Wait to become a snack for the demonic beast?

“Run! Everyone, run quickly!” she shouted at the guards and ran towards the young master.

She was not reminding the guards out of kindness; she knew she would not be able to do anything without them.

The guard leader also ordered, “Retreat!”

Hence, the group, battered and bruised, fled. The demonic beast chased them for a long time, eventually departing with disappointment when it could no longer catch up to them.

An Jiuyue held a roasted beast leg in her hand, brought it to her mouth, and glanced at a few people nearby.

They were in such a sorry state that the original colors of their clothes were not discernible. Bloodstains were on their faces, and they were limping when they ran towards them.

“Is a... demonic beast chasing them?” She raised her eyebrows and glanced at Qian Jiyun.

Qian Jiyun did not have a good impression of those people from Yueming Empire. He patted her head and gestured gently. “Eat first. Don’t worry about them.”

They did not have to be concerned about what those people were doing. They should only care about themselves. They would be fine as long as the demonic beast chasing them did not chase or hinder them.

“Mhm.” An Jiuyue nodded.

Of course, she had to eat. They still had to look for Warrior Wolves after breakfast.

They had already planned to gather more Warrior Wolf Crystals to feed the little guy in the space.

“I thought I wouldn’t be seeing those people for a while. I didn’t expect...” she muttered softly as she took a bite of the roasted meat.

“Jiyun, let’s eat and leave quickly. Let’s not bump into that unreasonable person again. I don’t want to see that young lady again. She’s too stupid.”

“Okay,” Qian Jiyun replied.

He picked up a fruit, peeled it, cut it into pieces, and handed it to An Jiuyue on a plate.

“Let’s eat first. We’ll set off after we’re done. I can hear Warrior Wolves howling from the west..”

Chapter 1253: Headed Straight For Him

“Yes, yes,” An Jiuyue replied.

She did not want to see that young lady again. She might lose control and kill her if she did.

She wanted to kill Ming Fucheng in the first place, and now, there was another lunatic from Yueming Empire who was just short of revealing her name and causing trouble.

An Jiuyue would feel sorry for herself if she did not slap her to death.

Young Master Nie did not expect to bump into Qian Jiyun and An Jiuyue again after running away with his men. It was definitely fate.

“Well..

Having overheard their conversation, he felt a little embarrassed

“We were forced to separate after encountering a demonic beast. Sui Sui probably won’t come here. You don’t have to rush to leave.”

However, it had to be said that in order to evade Sui Sui and the others, he had deliberately taken a detour along the way.

He was not afraid, even if he only had a few guards with him. It was preferable to having someone around him who only wanted to cause trouble and could pose a threat at any time.

However, he never expected to meet Qian Jiyun and An Jiuyue after taking a detour.

“Is that so?” An Jiuyue looked up at them with interest.

“Wei Na, can you sense where the others are?” she asked Wei Na in her space.

“Yes, Master. Those people are less than five kilometers away from us.

“That woman should have some kind of medication that allows her to track other people. The man in front of you has the medicinal powder sprinkled on him. Those people are headed straight for him.”

An Jiuyue raised her eyebrows and looked at Young Master Nie again.

She had noticed earlier that the woman seemed to have a more illustrious family background than the man. The man’s family appeared subordinate to the woman’s.

In that case, since the demonic beast had scattered them, why would the woman come chasing after him?

Was it out of concern for him? Obviously not. That young lady did not take anyone seriously.

Hence, there was only one possibility: this man had something she wanted.

That explained why she still traveled with him despite looking down on him.

“You’ve been chased all the way here. Do you want some food?” She glanced at the food placed in front of her and raised her eyebrows.

Her words shocked not only Young Master Nie and his group but also Qian

Jiyun. He could not help but look at his wife. Was his wife... interested in this

What was it about this guy that his wife would look twice at?

“Well...” Young Master Nie felt even more embarrassed.

He wanted to decline but re-assessed his current situation. Without Sui Sui and the others, it would be difficult for him to survive on Scorching Rock Peak. If he could stay with these two, it would be perfect.

Besides, he was really hungry after running for so long. His stomach was growling.

“Thank you, Madam.” He dismissed his initial thoughts of declining and approached Qian Jiyun and An Jiuyue..

Chapter 1254: Exhausted From All the Chasing

“Master, are you eyeing this guy?” Wei Na asked, smiling, when he saw she had asked him to stay.

“Why? Can’t I?” An Jiuyue retorted calmly.

“Of course, you can! Everything you do is right,” Wei Na said hurriedly.

He wondered what secrets this man held. Or rather, what secrets were hidden on Scorching Rock Peak?

After a while, Qian Jiyun held Jiuyue’s hand and asked softly, “Jiuyue, are you going to let them stay? What does that guy have?”

“I don’t know.” An Jiuyue shook her head and glanced at Young Master Nie from the corner of her eye. “I don’t know what secrets he has, but he’s covered in tracking powder.”

“So, those people are still chasing after him?” Qian Jiyun turned to Young Master Nie and the others, a little surprised.

What secret did he have to make that unreasonable woman chase after him? It had to be a big secret, right?

An Jiuyue looked at him and said, “We might gain something unexpected by keeping him by our side.”

“Alright, as you wish.” Qian Jiyun nodded and agreed.

Meanwhile, Sui Sui, who had been chasing after Young Master Nie, could not catch up.

“How can this be? Where did he go?” She stomped her feet in anger.

She had never been so tired in her life. Since when did she have to chase after others? They were always the ones chasing after her.

However, she had no choice but to chase after someone she had once looked down on.

“Is that damned thing moving in circles? Why is he making turns while running? Is he avoiding us on purpose?” She could not help but wonder if Young Master Nie had done it on purpose.

“No, Young Lady.”

Her scolding had already left the guard leader numb. He shook his head and casually reassured her.

“Young Master Nie doesn’t have many guards with him. He must have panicked and ran around recklessly because the demonic beast was chasing him too hard. Young Lady, we might be able to catch up to them after chasing for a while more.”

“Chase what?” Sui Sui glared at the guard leader hatefully, her eyes brimming with murderous intent.

She was exhausted from all the chasing, and her stomach kept growling. She had not eaten for a long time.

Although they were all cultivators, her cultivation level was not very high. She could not go even a day without food!

Moreover, they had encountered a demonic beast earlier. They had fought for a long time and ran for so long. She was exhausted.

“We have plenty of time anyway. Let’s take it slow. Let’s find a place to rest and get some food.” She gritted her teeth and decided to find a place to fill her stomach first.

She could no longer handle how hungry she was. She would run out of strength if this kept up. Even if she found that damned man, she would not be able to deal with him.

“Well...

The guard leader wanted to advise her to catch up with them before resting.

However, he did not dare to say anything else when he saw her gloomy expression. Hence, he could only agree.

“Alright, Young Lady. I’ll order them to find a place to stop and get you some food to rest for a while..”

Chapter 1255: We’re Close, Right?

“That’s more like it.” Sui Sui looked more pleased instantly.

However, she cursed Young Master Nie countless times in her heart and wished she could kill him.

And those two! Had it not been for them, she would never have lost her temper on Scorching Rock Peak and attracted such a massive demonic beast.

If she met them again, she would not fight them head-on.

She had so many useful items. There were only two of them; she could kill them secretly, right?

Escorted by the guard leader, she sat down and cursed indignantly, "Once I find them, I'll teach them a lesson. None of them will be able to escape!"

The guard leader looked up at her and sighed inwardly, a headache forming.

Encountering such a foolish master was really exasperating. Unfortunately, no matter how exasperated he was, he had to send her back safely. Otherwise, none of his family members would stand to gain.

"Young Lady, sit here for a while. I'll instruct them to prepare food for you," he said.

"You may leave." Sui Sui waved at the guard leader indifferently.

She was still thinking about how to kill those people once she found them.

Young Master Nie was an exception. She still needed him to do something for her, so he could not die yet. However, those two who dared to speak harshly to her had to die.

She had already thought of several ways to kill them. All she needed to do was find them.

"Where are those two? I have to find them and make them stay on Scorching Rock Peak forever to release my hatred!" she exclaimed.

The sky was already bright. After eating and drinking their fill, Qian Jiyun led An Jiuyue towards the Warrior Wolves' howls.

Young Master Nie and the others had nowhere to go, so they followed them from a distance. The more they walked, the more shocked the guards around Young Master Nie became.

The guard nearest Young Master Nie had no choice but to remind him quietly, "Young Master, we'll encounter demonic beasts if we continue walking." Young Master Nie turned and glanced at the guard.

It was not like he did not have ears. He could hear Warrior Wolves' howls. They felt very close, as if they were about to pounce on them.

Since they could hear the howls, those two people walking ahead must have heard them too.

They were probably going in this direction on purpose, right?

"Let's follow them. Don't talk too much," he said to the guard before continuing to follow them.

"Young Master..."

The guard was about to say something when Young Master Nie glared at him sharply. He dared not say anything else and could only protect him more alertly.

"Wei Na, we're close, right?" An Jiuyue asked Wei Na.

She could hear the Warrior Wolves' howls getting closer and closer. They were about to encounter a large pack soon, right?

"Yes!" Wei Na replied softly. "There are more Warrior Wolves than before. Master, you have to be prepared. Don't let them hurt you," he reminded. An Jiuyue smiled and said, "I'm already experienced and ready."

She had experience! After killing so many Warrior Wolves the last time, she was not hurt too badly, right?

Chapter 1256: Are They... Dead?

She had already rested for a night. The demonic energy she had expended previously had returned, so she was eager to go all out.

The howls grew closer.

As there was no fierce battle like yesterday, the Warrior Wolves were more alert. They quickly discovered the presence of an unfamiliar aura.

A small group of Warrior Wolves rushed towards them, baring their teeth. With a few leaps, they closed in on Qian Jiyun and An Jiuyue and attacked them.

“Be careful!”

Young Master Nie broke out in a cold sweat for them when he saw Warrior Wolves charging towards them. He could not help but alert them.

Warrior Wolves were small, but their numbers were overwhelming. These wolves were only the vanguard, but they were here to probe and assess the enemy.

Once they left, more warrior wolves would arrive.

Young Master Nie did not understand why Qian Jiyun and An Jiuyue were not leaving. Were they really here for the Warrior Wolves? He could not help but feel afraid for them.

However, his worries were destined to be useless.

Before An Jiuyue could do anything, Qian Jiyun raised his hand and flicked his sleeve, sending the ferocious Warrior Wolves flying.

Most importantly, they were unable to stand up again after being flung away and landing on the ground.

“Are they... dead?” Young Master Nie was terrified.

Even the guards beside him wore strange expressions when they witnessed this scene.

They had seen Qian Jiyun merely flicking his sleeve without exerting much effort, and it seemed impossible that the Warrior Wolves could be killed just like that.

If it were them, wouldn't they have to engage in a prolonged battle even with just a single Warrior Wolf?

“This... This is too terrifying. They're clearly... about our age,” the guard standing beside Young Master Nie muttered to himself.

Qian Jiyun looked about their age, while An Jiuyue seemed younger than them.

Why were they so terrifyingly powerful?

“Did they come here just to hunt Warrior Wolves?” a guard asked.

They had noticed it earlier, right? Those two had deliberately moved in the direction where the howls were the loudest. It was hard to believe they were not here for the Warrior Wolves.

Upon hearing this, the guards looked at each other and finally looked at Young Master Nie in unison.

Young Master Nie was also very confused. When he first met them, he was worried about them. He felt that they were courting death by coming to

Scorching Rock Peak on their own.

But from the looks of it, that was not the case. They were clearly after the lives of the demonic beasts on Scorching Rock Peak.

While they were dazed, more Warrior Wolves charged over. Qian Jiyun and An Jiuyue attacked the Warrior Wolves without mercy.

The demonic energy An Jiuyue used was especially obvious to Qian Jiyun.

Meanwhile, to Young Master Nie and the others, who had never seen demonic energy, it was simply a special application of Original Soul energy.

In the military camp at the border of the Zhanling Empire, Zhan Beiye stood with one hand on his hip as he watched the soldiers walking back and forth. Half of them were injured.

“Has Ming Fucheng gone crazy?” He exhaled heavily and could not help but curse..

Chapter 1257: So What If They All Died?

He was not sure if Ming Fucheng had gone crazy because of him in recent days, but he had been sending troops to provoke the Zhanling Military Camp frequently.

In just a few days, there were no less than 30 battles.

He had suffered significant losses on his side, but Ming Fucheng fared even worse. Over twice as many soldiers had died. Was he not taking the lives of the soldiers in his camp seriously?

“Are they trying to crush the Zhanling Military with that little military strength?”

Even if that were true, it would depend on his ability to do so. Despite having fewer troops than the Yueming Empire, Zhanling Military Camp’s combat strength far outweighed that of the Yueming Military Camp.

If that was Ming Fucheng’s plan, he had miscalculated.

“Relay my orders. Be on high alert for a possible attack by the Yueming Military. Prepare all of our firearms. If they dare to come again, don’t wait for orders—use the firearms against them immediately,” he instructed the deputy general beside him.

Yueming Empire was not the only country with firearms. They possessed some too. However, his “good” father had deliberately given him a few firearms to make things difficult for him. The others could not be transported immediately, so he had to wait.

They treated him like food. Did they think he was a fool and a pushover?

“Yes, Marshal,” the deputy general replied and left.

He had been having a headache over the past few days. Ming Fucheng was like a crazy person who could come over and bite him at any time.

Everyone was very nervous. They were worried that the Yueming Military would attack them if they took a nap, let alone sleep.

They had never used firearms in earlier battles. Now that the Marshal had given orders to use them, there was no need to wait.

“Trash! All of you are trash!”

Ming Fucheng was fuming in the Yueming Military Camp.

He launched several covert and public attacks, but he was unable to seriously harm Zhan Beiye. There was not even a scratch on the border of the Zhanling Empire.

How could he not be angry? He was so angry that he wanted to kill Zhan Beiye.

However, Zhan Beiye was in Zhanling Military Camp, making it impossible to bring him over now. Hence, he became even angrier and could only lash out at those around him.

“I don’t believe it! Is Zhanling Military Camp that powerful? Are they indestructible by blades and fire? Relay my orders. Deploy all the troops. I’ll definitely take down Fu City and make Zhan Beiye suffer.”

Fu City is the major border city where Zhan Beiye was currently located. If this city was lost, even if Zhan Beiye was not captured, the Emperor of the Zhanling Empire would undoubtedly punish him.

When the time came, many people would add insults to injury to Zhan Beiye. Ming Fucheng simply had to sit back and reap the benefits.

“Your Highness, our soldiers have suffered a lot in the past few days. We should rest for a few days before—”

“Shut up!” Ming Fucheng interrupted the deputy general.

He did not care about their lives. So what if they all died? As long as Zhan Beiye could die, he could not care less.

“Didn’t you hear my orders? Do it.”

“This... Yes, I understand.” The deputy general hesitated for a moment before agreeing.

When he turned around and left the tent, he could not help but sigh softly. He had never seen a commander who did not take human lives seriously..

Chapter 1258: Like These Warrior Wolves

Were the soldiers’ lives in such a large camp worthless to His Highness?

He did not know what kind of deep hatred His Highness had for Zhan Beiye.

Why would he sacrifice so many soldiers at the border to pay for his hatred?

If they had known what was going on, everything would have been fine. But the soldiers had died without a clue!

Another deputy general noticed him standing in one place with a troubled expression. He walked over and asked him, “Deputy General Yang, what’s wrong? Did His Highness upset you again?”

“Upset?” Deputy General Yang glanced at him. “His Highness has ordered us to prepare our troops again.”

“What?” The other deputy general nearly exclaimed in surprise.

Fortunately, he reacted in time and covered his mouth to prevent alerting Ming Fucheng, who was in the tent.

“His Highness... His Highness must be crazy! How can we still... Does His Highness want the border’s troops to be wiped out? Isn’t he too ruthless?” he whispered to Deputy General Yang.

“Of course, I’m aware of that.” Deputy General Yang shook his head.

“Since you’re aware, why... didn’t you dissuade him a little?” the deputy general asked.

“Dissuade His Highness?” Deputy General Yang sneered and looked towards the tent before turning back to look at the person beside him.

“Do you really think I have enough influence for His Highness to heed my words? Spare me the delusion.”

He shook his head. He no longer had any expectations for Ming Fucheng. Whatever he said, so be it. After all, the Yueming Empire’s army would be the ones to die, not him.

If the entire army was wiped out, he would not be the only one punished. “That’s... enough.” The other deputy general shook his head. He felt that Ming Fucheng was hopeless.

Anyone with discernment could tell that this was a personal feud between Ming Fucheng and Zhan Beiye, which Ming Fucheng had insisted on turning into a national conflict.

In their opinion, there was no need to fight this war. However, the war still started and showed no signs of ending.

“Alright, since it’s His Highness’s instructions, go and carry it out. I’ll go too.” With that, he patted Deputy General Yang’s shoulder and left quickly.

“Ha!” Deputy General Yang sneered.

Ming Fucheng was not going to stop until he finished sacrificing all the soldiers in the camp. What else could he do?

He would follow Ming Fucheng’s orders, and when the time came, Ming Fucheng would naturally assume responsibility.

With that in mind, he left quickly.

With the wolf howls dying down, Young Master Nie and a few guards watched as the Warrior Wolves collapsed on the ground, one by one, under the relentless attacks of the two people before them.

Their jaws dropped to the ground in shock. They had never seen such ruthless people!

A guard secretly heaved a sigh of relief and mumbled, “Th-thankfully...”

Fortunately, Young Master Nie did not attack those two people. Otherwise, would they have collapsed one by one, like these Warrior Wolves, never to rise again?

“These two are too strong. Miss... Miss Sui Sui wants to deal with them? Heh, hehe..”

Chapter 1259: How Long Has It Been?

The guards sneered. It was uncertain who would be the one to kill whom. Fortunately, those two did not intend to kill them. Otherwise, they might die in some obscure corner.

They watched helplessly as An Jiuyue harvested a few Warrior Wolves that tried to flee.

The two then began cleaning up the battlefield. After a while, the Warrior Wolf corpses on the ground disappeared one after another. They disappeared so quickly that the guards could not even see how they disappeared.

Hence, they were well aware that these two had secrets and treasures—and these treasures were not something small fries like them could covet.

They finally understood why they had only seen blood on the ground and not the corpses of demonic beasts. Those two had taken the corpses away. “Master, there are so many of them. It should be enough, right?”

Inside the space, Wei Na was speechless as he looked at the piles of corpses.

Digging out Warrior Wolf crystals was no problem. The main issue was that his master felt that the Warrior Wolf meat was quite delicious and wanted him to clean the wolves and put them up for sale in the shop.

“Yes, it should be enough.” An Jiuyue touched her chin and thought for a moment. “We’ll stop looking for them intentionally, but if we do find them, we’ll have to kill and harvest them.’

Wei Na was speechless.

“How long have we been killing for?” An Jiuyue asked Wei Na when he stopped talking.

“Same as before,” Wei Na replied.

As expected from her! Her ability to kill demonic beasts has increased exponentially. Even Qian Jiyun did not kill nearly as many demonic beasts as she did this time.

Of course, Qian Jiyun was also giving in to her. He allowed her to kill so many because he wanted to train her.

“You’ve killed more this time. Master, you’re already moving very quickly,” he said.

“Do I need you to tell me that?” An Jiuyue rolled her eyes and chuckled.

She could sense it too. Small demonic beasts like the Warrior Wolves could be killed quickly as long as their weaknesses were identified.

“Jiyun, are you here to practice dodging?” She looked up at Qian Jiyun and saw that he was not stained with much blood.

“You...” Qian Jiyun chuckled and raised his hand to pinch the tip of her nose, only to retract it after noticing the blood on his hand.

She noticed it too and immediately took out some water for him to wash his hands.

“Eat some fruits. Let’s find a clean place to rest.”

After he washed his hands, she took out some fruits and handed them to Qian Jiyun.

This was the case in a place where there were many demonic beasts. If one remained in a place with a strong smell of blood for too long, many demonic beasts would attack them.

Especially since they retracted their killing aura, demonic beasts would find them more vulnerable and attack them.

They were not afraid of demonic beasts. However, they had been fighting for a long time. It was best to rest and recover first.

Besides...

She turned around and glanced at the people near them.

She and Qian Jiyun could deal with the demonic beasts, but these people could not. Since they were still useful, she should bring them to a safe place first..

Chapter 1260: Truly An Ancestor!

“Young Master Nie, it’s time to leave.”

After calling out to Young Master Nie and the others, Qian Jiyun held An Jiuyue’s hand and strode away.

In less than half an hour, Sui Sui, accompanied by her guards, arrived at the blood-stained scene. Her expression darkened at the pungent scent of blood.

“Damn it! They escaped again!”

She stomped her feet angrily. She did not understand why she could not catch up to these people when she was even rushing her meals.

“That b*stard is with those two! I knew it! They were in cahoots!”

“Young Lady, Young Master Nie must have met those two by chance, right?” The guard leader could not help but speak up for Young Master Nie.

They had never even seen them before, and their strength was unfathomable. How could Young Master Nie have met them?

He must have panicked after encountering the demonic beast and accidentally ran into those two people. Young Master Nie did not have many guards with him, so he chose to stay by their side to protect himself.

It was not a bad idea. Otherwise, who knew which demonic beast would devour him on Scorching Rock Peak?

“You’re defending that b*stard?”

Sui Sui was already angry because she could not catch up to them. She became even angrier when she heard what the guard leader said.

She looked up and glared fiercely at him, wishing she could rip a chunk out of his flesh. She would have done it if she hadn't been afraid of attracting more demonic beasts.

"No, I'm just speculating." The guard leader shook his head quickly when he saw her chilling glare.

He could not voice his real thoughts in fear of dying a horrible death.

"Young Lady, we should leave this place as soon as possible. The smell of blood is so strong. I'm afraid the demonic beasts will soon..."

"Roar! Roar!"

Before he could finish speaking, he heard the roars of demonic beasts nearby. Sui Sui was so frightened that she trembled instinctively. She panicked and shouted at the guard leader.

"Hurry up and lead the way then! Are you waiting for me to lead the way for you?"

Although she was shouting, she still lowered her voice because she was afraid of attracting the demonic beasts. She did not want to run until she was out of breath again.

"Young Lady, come this way with me."

The guard leader sighed softly. After listening to the commotion around him, he headed in the direction with the least demonic beasts and left with Sui Sui.

The other guards followed them. They were very dissatisfied with their young master.

She was truly acting like a demanding ancestor!

Meanwhile...

Qian Jiyun and the others had wanted to find a clean place to eat something to replenish their energy.

However, they were a little unlucky this time. Before they could find a safe place to go, they were entangled by a centipede that was nearly 100 feet long.

An Jiuyue felt a little helpless. They had only eaten some fruits. “Wei Na, why didn’t you remind me?”

“Master... I’m digging for crystals,” Wei Na said weakly.

“Alright.” An Jiuyue touched the tip of her nose.

She had wronged Wei Na. Digging for crystals was also an important matter. The little one was still waiting to eat those crystals. This matter could not be delayed either..
