Chapter 1281: He Could Not Outmatch Them

“No way! Why would I tell them? They’re outsiders!” Young Master Nie denied it.

However, it was true that he did not say anything. To be precise, he could not say anything to Qian Jiyun and An Jiuyue yet.

“Even if I want to talk, I’m talking to you. Why would I talk to those two? Chief, have you forgotten that you were the one who begged them?”

“1—” The guard leader opened his mouth and felt that he had suffered a huge loss.

Young Master Nie’s eyes darted around as he looked at the guard leader silently.

He had deliberately told the guard leader that he was the one who had begged Qian Jiyun and An Jiuyue to help search for Yue Suiyu because he thought their cultivation levels were high enough to roam Scorching Rock Peak freely.

“Chief, let’s not point fingers. Since they’re not leaving, what are you planning to do?” he asked.

The guard leader was still having a headache. He did not know what to do now that Young Master Nie had asked him about his next plans. He really wanted to chop Qian Jiyun and An Jiuyue up with a knife.

However, he could not outmatch them. What else could he do?

‘You have to think of a way. It won’t be my fault if they snatch the item once we find it. After all, you were the one who approached them.’

His tone turned bitter as he spoke. After all, he was prepared to push all the blame on the guard leader.

Upon hearing that, the guard leader took a deep breath.

“There’ll be a way.”

He had thought of some ideas along the way, but most of them were not feasible.

He considered poisoning them and killing them secretly. However, he later realized that the woman was a medicine refiner. The medicinal pills she possessed were better than the ones he had.

Hence, this method was useless. He had to think of another way.

He also considered summoning some demonic beasts. However...

He could tell that the demonic beasts here were not enough for their amusement. They were not afraid of demonic beasts; rather, the demonic beasts were avoiding them!

What could he do? He was in despair! “Can you still sense that thing? Lead the way.”

“Alright,” Young Master Nie replied softly.

He thought to himself, “This person is really generous! He still has the cheek to let me lead the way when he’s being watched!”

Was he leading the way for them? He was clearly leading the way for Qian Jiyun and An Jiuyue!

However, he could not help but glance at the guard leader. Could he be hoping to snatch the item back from Qian Jiyun and An Jiuyue?

Or was he hoping to rely on that item to kill Qian Jiyun and An Jiuyue after they snatched it?

“Chief, don’t tell me you want to bring those two to find that thing?” he asked, the corners of his mouth twitching.

“Why are you so long-winded? I told you to lead the way, so lead the way. I have my ways to deal with them,” the guard leader cursed when he saw that Young Master Nie’s questions were endless.

Young Master Nie understood what the guard leader meant. He was really planning to rely on that item to kill Qian Jiyun and An Jiuyue.

“Alright, I’ll stop talking. I’ll lead the way.”

Since the guard leader had a death wish, what else could Young Master Nie do? Of course, he did not mind sending another person off..

Chapter 1282: Rescue Her? How?

Meanwhile, news arrived at Yueming Military Camp.

“Idiot! How can she be so stupid? How did Zhan Beiye capture her in such a big place?” Inside his tent, Ming Fucheng cursed.

The deputy general, who came to report the news, shrank back and did not dare to say a word.

There was nothing worse than the news of Yue Suiyu’s capture. He could not understand why a dignified princess would come to the border.

Even if she had reached the border, she would not have gone to the Zhanling Military Camp.

And even if she ended up at the Zhanling Military Camp, her identity would remain unknown. Unless she was stupid enough to reveal her identity?

Now that Zhan Beiye had captured her, the Yueming Military would be disadvantaged if he used Yue Suiyu in this war.

“Your Highness, what should we do now? Should we send someone to rescue the Princess?”

After hesitating for a long time, the deputy general opened his mouth and asked softly. But figuring out how to rescue her was a really difficult problem.

Yue Suiyu must be under close guard in Zhanling Military Camp now. They would not have a chance to rescue her.

“Rescue Her? How?”

With one hand on his hip, Ming Fucheng turned and glared fiercely at the deputy general.

He did not believe that information about Yue Suiyu being at the Zhanling Military Camp had leaked because of Zhan Beiye’s lax security. It seemed more likely that Zhan Beiye intentionally informed him that he had Yue Suiyu.

Did Zhan Beiye deliberately want him to know to see how he would react if his sister was threatened?

“Well...” The deputy general looked troubled.

How would he know how to rescue her? Entering the Zhanling Military Camp was not an easy task. They could only do it once when Zhan Beiye burned their military provisions. They would not be able to do it again. Zhanling Military Camp’s defense would surely be heightened.

“Your Highness, what do you think we should do? Zhan Beiye will definitely not let go of this opportunity to threaten us, right?” he asked.

“Damn you, Zhan Beiye! I’ll make sure I kill you!” Ming Fucheng cursed.

Needless to say, Zhan Beiye would not let go of this opportunity.

However, why did the detestable Yue Suiyu have to go to the Zhanling Military Camp of all places? Was she caught somewhere else?

“Send someone to find out what happened immediately and check if this information is true,” he instructed.

Although he had some doubts, he believed that Yue Suiyu, that idiot, could get into such senseless trouble. After all, she had been pampered since she was young and believed the world revolved around her.

“Yes, Your Highness,” the deputy general replied and left immediately.

“Why are you so stupid?” Ming Fucheng was still cursing her.

As far as he knew, his father had never thought highly of Yue Suiyu. A princess like her, who had been so pampered, was unlikely to leave the bustling areas of the imperial city.

How did Yue Suiyu end up at the border? Did his father send her here?

“Damn it! Why didn’t she go die far away? Why did she have to die in front of me?!” he continued cursing.

Meanwhile, in the Zhanling Military Camp, Yue Suiyu had already awakened. She had woken up from hunger.

Fear overwhelmed her when she saw her hands and feet tied up..

Chapter 1283: This Might Be Your Only Meal

“Mmph, mmph!” Her mouth was stuffed with a cloth, and she could not speak.

However, she could still make out her surroundings. Wasn't this a tent?

Could it be true, as those two had said, that they knew Zhan Beiye and that she was really brought to the Zhanling Military Camp? If that were the case, what should she do?

Escape was her first thought. She would only have a chance of survival if she escaped. Otherwise, even if Zhan Beiye spared her, her brother Ming Fucheng would not.

However, how could she escape? She was in the Zhanling Military Camp now. She could not escape, even if she wanted to.

She tried to use her Original Soul energy only to realize it was useless. Her Original Soul energy disappeared like a stone sinking into the sea. “Mmph, mmph, mmph.”

She was scared silly. No matter how weak her cultivation level was, she was still a cultivator. Why did she suddenly lose her Original Soul energy?

It had to be those two. They must have caused the disappearance of her Original Soul energy.

She was certain of that. However, she did not understand how they could make her Original Soul energy disappear. Even in their plane, there were no medicinal pills that could make Original Soul energy disappear!

Just as she was feeling extremely anxious, she suddenly heard footsteps outside the tent.

She was startled. The only thought in her mind was to pretend to be unconscious.

“Oh, you’re awake?”

The person coming in carried a tray with a bowl of mixed-grain porridge. Squinting, he looked at Yue Suiyu, who was pretending to be unconscious. He was amused and even had a smile on his face.

He had seen all kinds of people. How could he not tell if someone was genuinely unconscious or just pretending?

She was obviously pretending. Her eyelashes were still quivering. That was not very professional of her.

“Since you’re awake, why pretend? Are you afraid you’ll die?”

He crouched down in front of Yue Suiyu and placed the tray on the ground. He reached out and removed the cloth ball from Yue Suiyu’s mouth, tossing it on the muddy ground.

“What... what do you want?”

Realizing she could not keep up the act, Yue Suiyu opened her eyes to look at the person.

“I’m a princess. I’m the Princess of the Yueming Empire. You can’t capture me.

“If I were you, I’d never admit that to being a princess,” the person interrupted her with a sneer.

What an idiot! Why didn’t she think of denying her identity? After all, no one here had ever seen her. As long as she denied it, even their marshal would hesitate.

However, this stupid woman had just woken up and was so eager to admit her identity.

"I've never seen a woman as stupid as you. Do you want to cause trouble for Ming Fucheng so much? If I were Ming Fucheng, I'd kill you with a knife right now." He sighed faintly.

"You..." Yue Suiyu's face turned pale.

She was just too afraid and did not think of denying her identity. Besides, didn't they already know who she was? What was the point of denying it now?

The man moved the tray closer to Yue Suiyu and said coldly, "Here, eat this. This might be your only meal." He stood up and left..

Chapter 1284: The Soul of the Divination Jade

"You... you..." Yue Suiyu was dumbfounded as she watched him leave.

How was she supposed to eat with her hands and feet tied up? If he wanted her to eat, he should have untied her, right?

She had to admit that she was overthinking things. If she wanted to not starve, there would always be a way to get food, right?

Would they even untie her and give her a chance to escape? That was impossible. No one would give her that opportunity.

She gritted her teeth and said ruthlessly, "Damn it! You better not let me escape from here! Otherwise, none of you will be able to escape!"

It had to be said that the siblings were quite similar. Both were good at making threats, but neither was particularly impressive in action.

"Master, I sense it."

They had been walking on Scorching Rock Peak for almost two days when Wei Na finally sensed something unusual.

“Hm?” An Jiuyue raised her eyebrows. Something that Wei Na could sense must be extraordinary.

“What is it?”

“It’s a Heavenly Material,” Wei Na said.

“A Heavenly Material? What?” An Jiuyue asked.

Heavenly treasures were valuable, but it depended on what they were. The fact that these people cared so much about it, and even a princess came to look for it, means that it must be one of the best, right?

“You’ll never guess it. This thing... Tsk tsk.” Wei Na clicked his tongue, seemingly quite interested in this matter.

“Don’t leave me hanging. Just tell me,” An Jiuyue snapped.

“It’s the Soul of the Divination Jade,” Wei Na said.

“What did you say?” An Jiuyue stopped in her tracks, causing her to almost fall forward.

What did she hear? The Soul of the Divination Jade? The Divination Jade was not a good thing, let alone the Soul of the Divination Jade. It was the most poisonous herb—second to none.

“Be careful.” Qian Jiyun saw that she almost fell and reached out to support her.

He noticed that An Jiuyue's complexion was not great and asked softly, "What's wrong? Are you feeling unwell?"

They had not rested along the way, and he was worried about An Jiuyue's health.

"No, I'm fine." An Jiuyue looked up at him. "Jiyun, do you know what they're looking for?"

"What?" Qian Jiyun asked instinctively.

Actually, he could care less about what they were searching for. An Jiuyue's interest in it was his top priority, so he would snatch it away.

"The Divination Jade, and to be precise, its soul." An Jiuyue gritted her teeth.

If this thing really saw the light of day and was obtained by the Yueming Emperor, this plane would be in chaos. Both Zhan Beiye and the Zhanling Empire would be destroyed.

This was because a single drop of the Soul of the Divination Jade in the water could poison an entire country.

Moreover, there was no cure for this poison.

Actually, it was not incurable, but the antidote had to be ingested before the poison. Otherwise, it would be ineffective.

However, who could predict the future and take the antidote for it? "What is the Soul of the Divination Jade?"

Qian Jiyun did not know much about poison, so he had never heard of it.

However, it was not difficult for him to guess that it could not be anything good since An Jiuyue had mentioned it and her expression was so unpleasant..

Chapter 1285: Blood Spurted Out

“It should be the deadliest poison in this plane. Anyone who comes into contact with it will die instantly without the need for a single breath. Moreover, a single drop can kill the entire population,” An Jiuyue replied.

Was the royal family of the Yueming Empire so vicious that they would do anything harmful to the common people as long as it benefited them?

But then again, like father, like son, right? Given what Ming Fucheng was like, would he have a good father?

“Refining it into a medicinal pill will only make it more toxic. The Yueming Empire is playing a big game.”

“What do you want to do?” Qian Jiyun’s eyes flickered as he asked An Jiuyue.

“There’s no need to keep those guards alive.” An Jiuyue raised her eyebrows at Qian Jiyun.

She had achieved her goal of knowing what they were looking for and discovered the sinister intent behind it. What was the point of keeping these guards?

“Sure,” Qian Jiyun replied and immediately looked at the guard leader.

Without hesitation, he swung the long sword in his right hand at the guard leader, making a diagonal slash that cut across his body.

“Uh. ”

The guard leader, who was still hurrying forward and thinking about how to deal with Qian Jiyun and An Jiuyue, suddenly stopped in his tracks. His face twisted in agony.

“Chief, what’s wrong?”

The guards beside him saw him stop and turned to ask. “Did you notice something, Chief?”

“Why did you stop? We still have to keep going. Chief?”

Several guards questioned him, but the guard leader remained silent, as if he did not hear them.

One of them frowned and gave him a push on his chest.

With just a slight push, his upper body fell to the ground. His body was already cut diagonally into two, and blood spurting out.

That scene shocked everyone who saw it.

“Ah!” Some of the more timid ones screamed.

They had been walking on the road peacefully. Why did things suddenly turn out like this? This was their leader, and his cultivation level and strength were the best among them.

How could he be split into two? He was more dead than death.

“Blargh!”

Young Master Nie witnessed this too.

Although he was only a tool, he grew up in the Nie family after all. He had never seen such a bloody scene.

Even though he was typically calm, he could not help but run to a tree. Supporting himself against the trunk, he vomited. He had seen the guard leader's internal organs fall out, littering the ground.

"Young Master, how are you? Are you alright?" Young Master Nie's guard hurried over to check on him.

As for why the guard leader became like this, even if they did not understand at that moment, they figured it out after a while. Those two were probably going to attack them next.

"I'm... I'm fine." Young Master Nie held onto the tree trunk weakly and waved his other hand at his subordinates.

He had witnessed the brutality of those two when they killed the pack of Warrior Wolves. He thought he was prepared, but he overestimated himself. They were really ruthless..

Chapter 1286 Who Gave Them The Confidence?

"It's you, isn't it?"

Other than Young Master Nie's guards, the other guards also realized what had happened. They turned around and looked at Qian Jiyun and An Jiuyue. They knew what was going on.

"We have no grudges with you. How dare you attack us?"

"Who said that we can only attack if we have a grudge?"

The long sword in Qian Jiyun's hand swayed as he looked at those people. To him, they were no different from the pack of Warrior Wolves he had faced before.

If these people wanted to use The Soul of the Divination Jade to commit crimes, they could only stay behind and become nutrients for the trees on Scorching Rock Peak.

“My attacks never leave survivors. Do you want to end your lives on your own, or shall I take them?” he asked, looking at them sharply.

“You... you...”

The guards were afraid of Qian Jiyun.

After all, they knew they had no chance of winning against the two people in front of them. The guard leader had planned to attack them secretly.

Unfortunately, it was too late. Their leader was dead, and they...

“Don’t do anything rash! We’re the Royal Guards of the Yueming Empire. If you offend us, you won’t have an easy time wherever you go!” Someone shouted at Qian Jiyun and An Jiuyue.

“Ha!” Young Master Nie chuckled weakly.

This was the same thing Yue Suiyu had said when she threatened Qian Jiyun and An Jiuyue.

They did not even care about the princess. They knocked her out and sent her to the Zhanling Military Camp. Why would they be afraid of a group of low-level guards?

“The Royal Guards of the Yueming Empire? Are you very strong?” An Jiuyue raised her eyebrows and looked at them calmly.

Chapter 1287: I’m Interested Now

They wondered if he could take them down swiftly, even without the long sword.

“You... What are you trying to do? We... will protect Young Master.”

His voice trembled, and he only had time to shield Young Master Nie behind him. He took a few steps back, looking at Qian Jiyun in horror. “Young Master, you should leave first. We’ll stall them.”

Young Master Nie was speechless.

Given Qian Jiyun’s killing stance, would they be able to protect him and allow him to escape even if they wanted to?

Besides, Qian Jiyun was the only one attacking now. An Jiuyue, who had yet to attack, was also extraordinarily skilled.

How could he escape?

“Move aside.” He sighed softly and patted the guard’s shoulder, gesturing for him to step aside.

“Young Master.” The guard was a little panicked and did not want to hand over his young master.

“Heh, I’m interested now.” An Jiuyue had also walked over.

She was amused by how well the guard was protecting Young Master Nie.

Throughout the journey, she naturally noticed that the guards claiming to be from the Nie family were actually royal guards. Rather than saying they were here to protect Young Master Nie, it would be more accurate to say they were keeping an eye on him.

“Young Master Nie, you’re really good at winning over the guards,” she said with a smile.

Young Master Nie’s eyes flinched, but he did not say anything.

In the world of cultivation, it was impossible for anyone to be loyal to their master forever. This also applied to the guards of the various aristocratic families and the royal family.

The condition for loyalty was having enough things to satisfy them and improve their cultivation.

Of course, these ordinary guards were not qualified to be recognized by the family head. They would only receive a little benefit from their respective guard leaders.

As long as he had enough things to offer his subordinates, they would naturally side with him.

He acknowledged that he intentionally treated those around him well, but he did not think he had done anything wrong. If he wanted to survive, he had to be like this.

If the people around him did not side with him, he would be worse than a dog in the Nie family.

He looked at An Jiuyue seriously. "I know what Young Master Qian and Madam Qian want. I can take you to find that thing. All I ask is that you spare me and my guards."

During this journey, he could tell that Qian Jiyun listened to An Jiuyue—he killed at An Jiuyue's request earlier.

Young Master Nie had noticed that Qian Jiyun killed the guard leader after An Jiuyue signaled him with her eyes.

"That thing?" An Jiuyue raised her eyebrows.

They had already killed everyone. There was nothing to hide from them now.

However, Young Master Nie still described the Soul of the Divination Jade as "that thing."

“You don’t know what you’re looking for?”

“I don’t know.” Young Master Nie shook his head.

How would he know what that thing was? It would be strange if they told him.

“The Emperor only asked me to come to Scorching Rock Peak to look for something. He didn’t tell me what it was. I’m only searching for it on his behalf, so he won’t tell me. He also sent Yue Suiyu to come along..”

Chapter 1288: This Thing Is Ominous

He wanted to say that no one here should know what that thing was. Of course, except for Yue Suiyu, who was sent to the Zhanling Military Camp. She should know, right?

But even if she knew, she had already been sent away.

“So you really don’t know.” An Jiuyue chuckled.

How could he dare come searching for something he had no idea about? He was really... incredible!

However, Young Master Nie had no choice. Even if he did not want to look for it, he had to if the Yueming Emperor asked him to. “Then how are you planning to find it?”

“By intuition.” Young Master Nie chuckled.

“Madam Qian, you don’t know about this, but I’m the most inconspicuous son of a concubine in the Nie family’s collateral branch. However, I was born with a special sensitivity for treasures, so I gained the Yueming Emperor’s recognition.

“After that, Master Nie brought me to the main family as his legitimate son to help the Emperor find treasures. I’ve searched for many things before and proved my abilities to the Emperor.

“This time, the Emperor asked Yue Suiyu to take me to Scorching Rock Peak. All I know is that there is a Heavenly Material on Scorching Rock Peak, but I don’t know what it is.”

“Is that so? You’re quite pitiful, ” An Jiuyue remarked.

He was indeed pitiful. He was the one who found all the treasures, but he could not have any of them as they were given to someone else.

Although Young Master Nie did not respond to her remark, he agreed with her in his heart.

Regardless, his life was saved. As long as the Emperor still wanted the treasure, he would not do anything to him. The Nie family only dared to do whatever they wanted in the capital because they knew this.

“Although I don’t know what that Heavenly Material is, I know it’s protected by a very powerful seal. I can only sense it when the seal is at its weakest. The Yueming Emperor personally told me this,” he said.

He could sense the other heavenly materials and treasures once he got close to them. The only treasure that had proven difficult to find was the one that the Yueming Emperor had been after.

“We’ve been to Scorching Rock Peak many times. This is the only time we’ve clearly sensed the whereabouts of that thing.”

An Jiuyue glanced at Qian Jiyun and raised her eyebrows.

It seems like the Yueming Emperor was determined to obtain the Soul of the Divination Jade. How long has he been plotting to harm others? Qian Jiyun did not waste his breath and said, “Lead the way.”

“Alright, alright,” Young Master Nie replied repeatedly.

He was relieved to know that nothing would happen to his people as long as he led them to that thing.

In any case, anyone could have that thing. However, once Qian Jiyun and An Jiuyue got that thing, he and his guards would never be able to return to Yueming Empire.

But why would everyone care?

Even if they took the thing and returned safely, given the Yueming Emperor's viciousness, would they be able to live a long time since they knew his secret?

Death was only a matter of time.

Time passed slowly as they searched for the Soul of the Divination Jade. It was not until the next morning that Young Master Nie finally sensed its whereabouts.

"Why do I feel that this thing is ominous?"

Chapter 1289: Sense Any Pressure?

He could sense an aura surging towards him, nearly suffocating him. This had never happened before.

A faint concern lurked in his heart. What if this item was harmful?

He had always looked for treasures in the past, but none of them had really caught the Yueming Emperor's eye. This time, however, the "treasure" was something the Yueming Emperor had been anticipating eagerly. Could it be that it was not something good but something harmful?

"Young Master Qian, Madam Qian, do you sense any pressure?" he asked Qian Jiyun and An Jiuyue.

“Your reaction is a little slow.” An Jiuyue looked at him and chuckled. “Be careful of the pressure from the guardian beast later.”

Heavenly treasures were usually guarded by guardian beasts, mostly formidable ones who claimed the heavenly treasures as their own.

Anyone attempting to seize it without sufficient strength might meet their end in the guardian beast’s jaws.

Young Master Nie gulped.

The pressure was immense. He could not help but wonder if the guard leader and the others would have been able to obtain the item from the guardian beast without Qian Jiyun.

He felt that it was unlikely. The most probable outcome was that they would all become snacks for the guardian beast.

“Young Master, please be careful. Don’t rush to the front.” Upon hearing An Jiuyue’s words, the guard reached out to pull Young Master Nie back.

They had already given up on the glory and wealth of the Yueming Empire. From now on, they could only wander with Young Master Nie. Hence, they had to protect their master.

“I know.” Young Master Nie knew what was at stake and nodded at him.

He was not stupid enough to charge forward. That item did not belong to him. He was only leading the way to it. Besides, there was no point in rushing forward. He had to behave himself.

“Madam Qian, that way.” He pointed in a direction for Qian Jiyun and An Jiuyue.

“Mhm,” An Jiuyue replied softly.

Qian Jiyun reached out and held her hand.

To be honest, they no longer needed Young Master Nie at this point. Wei Na could already locate the Soul of the Divination Jade accurately.

However, they kept Young Master Nie by their side just in case. What if Wei Na alone could not find it? They might have to rely on Young Master Nie's ability to sense treasures again.

"Wei Na, is that the right direction?" she asked.

"It is." Wei Na nodded and added, "Master, I have to remind you that the guardian beast of this thing is very difficult to deal with. Its pressure is very strong. It's not an ordinary demonic beast on Scorching Rock Peak."

"I know." An Jiuyue knew this long ago.

If this guardian beast was not powerful enough, how could there be no other demonic beast nearby?

"Jiyun, we might have to fight it out later," she reminded Qian Jiyun with a smile as she looked at the road ahead.

"As long as you're careful, I'm fine with anything," Qian Jiyun said as he continued holding her hand.

As long as An Jiuyue remained safe, he could fight a demonic beast. Of course, he had not forgotten that the main purpose of this trip was to help her grow.

"That guardian beast doesn't seem welcoming.."

Chapter 1290: Demonic Beasts Cultivate Original Soul Energy Too

The closer they got, the stronger the pressure became, as if forcing them to leave. Evidently, the guardian beast had discovered them.

“Tsk, what are you saying?” An Jiuyue nearly burst into laughter.

Who would want their belongings to be taken away? The guardian beast knew they were here to steal its belongings. Would it welcome them?

If it did, it would be too traitorous! How terrible!

“Wei Na can’t sense what kind of demonic beast it is. It only knows that it’s very powerful. We might have to work together to fight it later,” she said.

“Understood.” Qian Jiyun nodded. “Be careful. Don’t get injured,” he reminded her again. “Mhm.”

Roar! Roar!

An Jiuyue had just replied when a roar echoed at the same time. She was shocked and immediately looked in the direction of the sound.

Although they could not see the demonic beast, they could tell it was furious. It wanted to scare them away.

The roars were followed by a wave of Original Soul energy that headed towards them.

“Be careful!” Qian Jiyun called out, only having time to protect An Jiuyue.

As for Young Master Nie and the others, they were knocked back by the sudden Original Soul energy. They rolled on the ground, eventually crashing into a tree trunk before coming to a stop.

One of the guards snapped out of his daze and muttered to himself, "What powerful Original Soul energy!"

He remembered his master. He quickly stood up and rushed to Young Master Nie's side. He helped him up and asked, "Young Master, how are you? Are you injured?"

"I'm... I'm fine." Young Master Nie snapped out of his daze and shook his head. He patted his clothes a few times to shake off the leaves.

"That Original Soul energy is too strong. That guardian beast..."

Suddenly, he stopped speaking, looking up in astonishment at the concerned guard.

"Do demonic beasts cultivate Original Soul energy too?"

However, he was certain that the energy that had attacked him earlier was Original Soul energy. There was no denying it. Unless he was still half-asleep and dreaming?

"I... I don't know either."

The guard was also very puzzled. He thought of something but lost track of it.

'Young Master Qian, Madam Qian, is that really a guardian beast?' they asked Qian Jiyun and An Jiuyue at the same time.

Qian Jiyun and An Jiuyue wanted to ask the same question. Was this really a demonic beast?

A demonic beast that cultivated Original Soul energy? That was impossible on this plane! The demonic beasts here cultivated beast energy, just like the triceratops they had subdued previously.

However, they had sensed Original Soul energy just now.

“Wei Na, are you sure it’s a guardian beast and not a guardian?” An Jiuyue asked Wei Na uncertainly.

“I’m sure!” Wei Na nodded.

Though he was not sure what kind of demonic beast it was, his senses weren’t so dull that he couldn’t tell the difference between a human and a demonic beast.

“It’s a demonic beast, but its aura is very strange. I’ve never sensed something like it before,” he said.

Upon hearing that, An Jiuyue understood. It was unclear if it was a human or a demonic beast. Wei Na had never sensed something like this, so anything was possible..
