

## **Spatial Ability 581**

### Chapter 581 It Would Be Quite Terrifying, Right?

The situation regarding the antidote pill had been resolved, hadn't it? There would be no more commotion, right?

"It's nothing. I just couldn't buy any vegetables." Yan Jin felt that he had truly failed.

He went to the shopping street early in the morning to wait. He wanted to buy all the food in the shop as soon as it was stocked on the shelves.

When he arrived, however, he saw no shop. There were no traces of it on the ground.

It was as if the shop he saw yesterday had never existed.

Where would a shop vanish to? He would have thought he was fantasizing about it alone if it hadn't been for everyone talking about it.

An Jiuyue knew what was going on. Yan Jin really went there to wait, right?

She wanted to laugh. No wonder Yan Jin looked dejected. So that was what had happened!

"Does it matter if you can't buy the vegetables?" She shrugged nonchalantly.

"How does it not matter?" Yan Jin's eyes widened in shock.

"Mistress, you don't know this, but it's not that I couldn't buy the vegetables—it's that shop! I don't know when it moved away, but it's gone. It's too strange! Don't you think so?"

"What's strange about that?" An Jiuyue looked at him calmly.

“This is Huayan Peak. There are many talented people here with extraordinary abilities. Perhaps someone opened a shop that can walk around like a human?”

“Walk around... like a human?”

The corners of Yan Jin’s mouth twitched. He could not imagine a shop moving around like a human.

It would be quite terrifying, right?

What if they went in, and the shop suddenly moved and transported them elsewhere? They would not even be able to find their way back.

“It’s quite scary.” He shook his head, then shook it again. “But the things inside are said to be really cheap.”

At the very least, this was desirable. The items were cheap and of high quality, with no off-putting odors.

“It’s good that it’s cheap.” An Jiuyue raised her eyebrows. The food in her shop could not be any cheaper.

“But I couldn’t buy anything.”

He hung his head in dismay again when he recalled he had not bought anything.

“Mistress, do you have any orders for me?”

“Where’s your master?” An Jiuyue asked.

“Master seems to have gone to the forest to hunt Flaming Antelopes. I don’t know if he can find them. It’s difficult to find them,” Yan Jin replied.

If Flaming Antelopes were easy to find, they would have been eaten long ago. Unfortunately, they could not eat them because they could not find them. They had the best meal yesterday. There was so much meat to eat.

“Yan Nuo is accompanying the two young masters. They should be cultivating.”

“Mhm.” An Jiuyue understood.

The two children were so serious about everything they did. She had to admire their perseverance.

However, it was good to cultivate diligently. They were still young, so their comprehension abilities differed from hers. Perhaps their Original Soul energy would soon surpass hers.

“Mistress, you haven’t eaten, right? Shall I bring some food to you?” Yan Jin asked.

He had left a large piece of wild boar meat for her yesterday. The kitchen must have made meat porridge, right? He could bring it over for her to eat.

Chapter 582 What a Strong Murderous Aura!

“No need. Carry on with your work. I’ll go take a look myself and walk around the camp.” An Jiuyue waved him off.

She did not require constant protection. They really did not have to be so worried about her. Nothing out of the ordinary would happen in the camp, right?

Yan Jin could only watch her leave and then go about his own business.

The camp was relatively safe, so nothing would happen. Even if something happened, there were many people around.

Although they believed so, people could run out of luck at times. If one was unlucky, even water could be stuck between their teeth. Before An Jiuyue could get to the kitchen, she felt a powerful pressure approaching her.

“Master, be careful. There’s a murderous aura.”

Wei Na, who had finally transformed into a human but lacked a human form, was sad inside the space. However, he sensed something unusual outside and alerted his master.

An Jiuyue had also sensed it without needing Wei Na’s reminder.

She would have died in her previous life if she couldn’t even sense it. How would she be able to transmigrate?

“What a strong murderous aura!”

This was completely different from the murderous aura of the demonic beast cubs they had encountered when they first entered Huayan Peak.

It made her feel suffocated as if she should squat and crawl on the ground. It was hostile and made her want to hide from it.

“It must be a powerful demonic beast coming this way. Master, do you want to hide?” Wei Na suggested.

Even he was unsure whether he could defeat such a powerful being. He had no idea how badly his master would be injured if they did not hide from it.

“Hide?” An Jiuyue replied coldly.

She turned around and glanced at the tent nearby. Her two precious sons were cultivating inside.

If she could still keep them in her space, she would hide. After all, she did not have enough Original Soul energy now. It was not her turn to kill demonic beasts.

However!

Everyone was resting and clearly did not sense the demonic beast's incoming attack.

She could tell from the sound that the demonic beast was already in front of her. If she hid, the entire camp behind her would be destroyed. Her two precious sons would not be spared either.

"Since we've met, let's do it."

An Jiuyue retrieved the firearms from her previous life from her space. She hurled two grenades in the direction where the demonic beast's aura was the strongest. She threw them with all her strength and Original Soul energy.

Boom!

There was a loud bang, and the ground trembled from the explosion. Soon, peace was restored.

"Roar!"

The ferocious roars of a demonic beast quickly erupted from the direction of the explosion.

The loud commotion woke up the guardians, who were dreaming in the tents.

"The demonic beasts are attacking! Hurry, hurry, hurry!"

A few guardians rushed out of the tent without even putting on their outerwear. They kept shouting that the demonic beasts were attacking, urging others to come out and defend themselves.

They were used to demonic beasts attacking them. Because tents were more convenient to build than well-constructed houses, there were only tents here.

“What demonic beast? Why is it here?”

No one cared about An Jiuyue anymore. They looked up and saw a shadow approaching them.

Chapter 583 Auspicious Cloud Sea-Devouring Python

“Auspicious Cloud Sea-Devouring Python! It’s the Auspicious Cloud Sea-Devouring Python! Quick, defend against the enemy!”

Everyone’s expressions changed. Who wouldn’t be horrified to see an Auspicious Cloud Sea-Devouring Python? This python was ranked the second-most powerful demonic beast on Huayan Peak!

It was clear from its body and the way it was surrounded by half flames and half icicles that it was not to be trifled with.

In fact, few had been successful in killing the Auspicious Cloud Sea-Devouring Python. They had only heard of two camps doing it, excluding all the camps on their side.

“Why would such a big thing come here?” More and more people left their tents, and everyone was shocked.

However, they soon discovered that one of the Auspicious Cloud Sea-Devouring Python’s eyes was injured, and it was bleeding. They were even more stunned. Who was so capable as to injure it?

They seemed to have heard a loud explosion earlier. Did someone injure it during that explosion?

Who could it be?

They wanted to find that person. After all, that person could save their lives.

But that was not the priority now because the Auspicious Cloud Sea-Devouring Python was already charging toward them quickly. They would be doomed if it rushed into their camp.

Everyone only then reacted and charged at the Auspicious Cloud Sea-Devouring Python.

They had to stop it outside. Otherwise, the camp they had built for many years would be destroyed in an instant.

The camp could not withstand a powerful swipe of the Auspicious Cloud Sea-Devouring Python's tail.

Soon, the roars of the demonic beast and the sounds of battle filled the air.

An Jiuyue stood nearby and watched everyone fight. She knew she could not help much.

"Mistress, come here quickly!"

After a while, Yan Nuo emerged, holding Qian Yizheng and Qian Yirong's hands. He called out to her from afar, and Yan Jin hurried over.

"Mother, Mother, come here quickly."

Qian Yizheng and Qian Yirong also waved at their mother. Their faces paled when they saw the Auspicious Cloud Sea-Devouring Python.

An Jiuyue heard their voices and immediately walked towards them, not wanting to stay any longer.

Yan Nuo looked up at the Auspicious Cloud Sea-Devouring Python, gritted his teeth, and said to An Jiuyue, "Mistress, it's not safe here. Follow me somewhere else to hide."

Protecting his mistress and the two young masters was his primary responsibility. Fighting the Auspicious Cloud Sea-Devouring Python was a difficult battle, but he would leave it to the others.

"Mother."

"Mother!"

When the two children saw An Jiuyue approaching, they abandoned Yan Nuo and hugged her legs.

"It's okay. Don't be afraid. I'm with you." An Jiuyue lowered her head and rubbed their heads to comfort them.

If they really could not win, she still had a life-saving weapon. She would not let the two children suffer any harm.

"Yan Nuo, Yan Jin, what kind of demonic beast is this? Is it very powerful?"

She knew it was called the Auspicious Cloud Sea-Devouring Python, but she had no idea how powerful it was. All she saw was its half-red, half-blue body, which was as tall as a mountain.

Humans were like ants in front of it.

"Mistress, that's the Auspicious Cloud Sea-Devouring Python, the second-ranked demonic beast of Huayan Peak. It's very strong and rarely comes here. It's usually in the north."

Chapter 584 Hurry Up and Defend Against the Enemy!

Yan Jin said to An Jiuyue.

They did not know why the Auspicious Cloud Sea-Devouring Python was here. What was it trying to do?

Was it trying to devour everyone here?

There was no doubt that the Auspicious Cloud Sea-Devouring Python was capable of swallowing an entire camp in one go. It was just that powerful.

“It’s good at attacking with ice and fire. Its fire blazes fiercely outside its icicles. They will not fuse or reject each other but can burn humans to death.”

“Two of its attacks are too much for people like us to handle. We’ll definitely lose.”

“It’s that powerful?” An Jiuyue trembled involuntarily.

What a powerful demon beast! Fortunately, she had thrown two grenades at it and alerted the people in the camp. Otherwise, the entire camp would have been destroyed.

“What should we do now? Can they stop it?” she asked.

“They should be able to, right?” Yan Nuo said uncertainly.

However, before he could finish speaking, he looked up and noticed that one group of guardians had been flipped to the ground and were now wailing. A second group entered the battle and engaged the Auspicious Cloud Sea-Devouring Python.

However, even so, they were no match for it. Just as Yan Nuo and Yan Jin had said, they were defeated in less than two rounds.

It was definitely a very powerful demonic beast.

“Yan Nuo, leave with Mistress. I’ll help them.”

Yan Jin made a prompt decision and told Yan Nuo. He flew up and headed for the Auspicious Cloud Sea-Devouring Python.

“Hey, you...”

An Jiuyue wanted to say that Yan Jin was by himself, so there was no point in him going.

Suddenly, she saw two people standing motionless beside the two children.

“Warrior-Servant One, Warrior-Servant Two, go and help kill the demonic beasts,” she immediately instructed them.

These two were paper effigies and were much more capable than them. They could definitely be of help. How could she forget about them earlier?

“Damn, what’s going on?”

Gong Cheng, who still had a colorful face, also dawdled out of his tent.

Looking up, he saw the mountain-like Auspicious Cloud Sea-Devouring Python. He was so terrified that his face turned pale. Although he had fought demonic beasts before, he had never seen such a large demonic beast.

The demonic beast’s waist was as big as his tent, right?

No, it was even bigger than his tent! Moreover, it was such a long snake!

“What are you waiting for? Hurry up and defend against the enemy!”

Although he was typically carefree, he knew he had to defend against the enemy at critical times. Would the camp still exist if the demonic beast attacked them or even twisted its body?

After shouting at Yan Nuo, he was about to run toward the demonic beasts.

“Gong Cheng, you...”

An Jiuyue wanted to stop him but could not move because her sons were hugging her.

Is this guy courting death? He can't even fill the gaps between the Auspicious Cloud Sea-Devouring Python's teeth with his limited abilities. He'd be like me and cause trouble if he went!

Fortunately, someone ran over and grabbed Gong Cheng before she could. He grabbed him by his collar and threw him behind him.

“Ah!” Gong Cheng screamed and fell steadily in front of An Jiuyue.

He gritted his teeth and looked up, only to see An Jiuyue staring at him.

Chapter 585 Here for a Stroll

He had really embarrassed himself today!

An Jiuyue was speechless.

She was not the one who grabbed him or tossed him aside. This really had nothing to do with her.

She looked at the familiar figure flying towards the Auspicious Cloud Sea-Devouring Python. Her pupils constricted, and she could not help but worry.

Gong Cheng inhaled deeply, placed one hand on his waist, and stood up with his teeth clenched. He already knew who had tossed him. Who else could it be other than his second brother?

He had planned to stay in the tent for the next few days to attract his second brother's attention. He did not even come out last night when Ye Chenglin's incident caused such a commotion.

However, his second brother had heartlessly "abandoned" him early this morning.

What was happening!

"I just want to help. What's wrong with that?" he asked himself.

"Young Master Gong, this demonic beast is very powerful. You shouldn't join in the fun." Yan Nuo glanced at Gong Cheng.

With Gong Cheng's Original Soul energy, he would be causing problems instead of helping.

"Mistress, I'll escort you and the two young masters away first. It's not safe here."

It was indeed dangerous here. No one knew when the Auspicious Cloud Sea-Devouring Python would attack the camp.

"No." An Jiuyue shook her head.

She had been staring at the battlefield. There was something that puzzled her.

"Yan Nuo, you said that the Auspicious Cloud Sea-Devouring Python is the second-most powerful demonic beast. It must be very lethal, right?" she asked.

"Of course."

Yan Nuo stared at the battle nervously and broke out in a cold sweat for his companion.

“But look at the Auspicious Cloud Sea-Devouring Python in front of us.”

An Jiuyue pointed at the large demonic beast. Although it was powerful and had overthrown several groups of people who had attacked it, no one died.

She was not hoping for anyone to die, but the scene in front of her perplexed her.

“Its goal does not appear to be to kill or injure them. It’s simply to sweep them away,” she noted.

“What are you talking about? How many people are you counting on it to kill?” Gong Cheng rolled his eyes. He could not be bothered to talk to An Jiuyue now.

Why do you want people to die so badly? Isn’t it better if no one dies? What’s there to be suspicious of?

“Get lost!” An Jiuyue scolded him angrily and kicked him.

Was that what she was talking about?

“Hey, why did you kick me?” Gong Cheng screamed after she kicked him in the butt.

“Young Master Gong, stop howling.”

Yan Nuo could not be bothered to look at Gong Cheng, let alone listen to him shout.

“You’re right, Mistress. There’s something wrong with this Auspicious Cloud Sea-Devouring Python. Its right eye is seriously injured. I don’t know who injured it, but it doesn’t have any killing intent. It only has a murderous aura. It doesn’t want to kill anyone.”

“Uh...” An Jiuyue was stunned.

Who was the one who injured it? She was the one who did, but she would not tell the truth.

“That’s enough, you two.”

Gong Cheng could not stand it anymore. One dared to speculate, and the other dared to agree.

“Is that big guy here for a stroll if he isn’t here to kill? Or is it here to look for someone?”

The demonic beast had arrived at their door, but An Jiuyue was still convinced it was not here to kill?

Everyone looked at him at the same time. Even the two children looked at Gong Cheng silently.

Gong Cheng was speechless.

Did I say anything wrong? Am I wrong?

Demonic beasts can’t be here looking for people, can they? Where did this demonic beast from Huayan Peak get such a hobby? Stop talking nonsense.

Chapter 586 The One in the Black Pact Forest

Qian Yizheng looked at the huge demonic beast and was afraid. He tugged at his mother’s sleeve and said, “Mother, let’s go first. It’s not safe here.”

An Jiuyue looked at the two children. “Alright, let’s go.”

She did not want to leave because she had her portable space to hide in and could still help if anything happened.

However, when she saw the two children looking at her eagerly and fearfully, she picked Zheng'er up and gestured for Yan Nuo to carry Rong'er.

"Yan Nuo, where are we going? Lead the way."

She was confident that Qian Jiyun and the others could handle the python. She had faith in Qian Jiyun. It might be pointless for her to stay here.

"Yes, Mistress."

Yan Nuo carried Rong'er and left quickly with An Jiuyue and Gong Cheng.

Gong Cheng was reluctant to leave, but he could not ignore Yan Nuo's menacing gaze. He looked like he would knock him out if he did not leave.

Soon, the guardians of the nearby camps heard the commotion and rushed over to provide support.

They were not here to help because they had a good relationship with Camp Zhan Yun, but their camps would suffer if they could not stop the Auspicious Cloud Sea-Devouring Python from advancing.

It was just a matter of time. They had no choice but to join forces to defend against it.

The Auspicious Cloud Sea-Devouring Python was very strong. The battle lasted an entire day, and countless guardians were injured. The python eventually escaped.

Everyone was exhausted after the fight and sat down to rest. The battlefield remained unchanged. The Auspicious Cloud Sea-Devouring Python had destroyed all of the trees around them. The place was in shambles.

"Lord Qian, what's going on? Why is the Auspicious Cloud Sea-Devouring Python here?" a guardian from another camp asked.

Qian Jiyun was exhausted from the fight. He leaned against a tree and closed his eyes to rest. He opened his eyes when he heard someone speak.

“If I’m not wrong, that Auspicious Cloud Sea-Devouring Python is from Black Pact Forest,” he said.

Everyone gasped.

That would explain why so many of them fought the python for so long but could not injure it. So, it was the one from the Black Pact Forest?

An ordinary Auspicious Cloud Sea-Devouring Python could not compete with that python’s strength.

The Black Pact Forest was said to have a whirlpool from the demonic beast plane. However, the demonic beasts could not attack due to the Auspicious Cloud Sea-Devouring Python.

The Auspicious Cloud Sea-Devouring Python would wipe them out as soon as they arrived at the Black Pact Forest. Not even their bones would be left.

“Why is that guy here?”

Was it trying to scare all of the camps here into leaving? It was too terrifying!

Someone asked, “We’re not going to have to move, are we?”

If the Auspicious Cloud Sea-Devouring Python appeared this time, it would return another time. This time, it was discovered in time, preventing fatalities. If the python came again and no one found it, countless people would die.

Someone asked incredulously, “I heard that the python has a master and has developed intelligence?”

“It does have a master, but no one knows to whom it belongs,” another person said.

It was even more difficult to deal with an Auspicious Cloud Sea-Devouring Python that had a master. People would only be willing to tame powerful beings. Many people would die if they provoked it!

Chapter 587 You Still Managed to Injure It, Right?

“Why is it here if it has a master? Is it because that person can no longer control the Auspicious Cloud Sea-Devouring Python, so he lets it loose to wreak havoc?”

Someone suggested, “Perhaps that person has a deep hatred for us? So he deliberately released the Auspicious Cloud Sea-Devouring Python to cause trouble?”

If they had more people, they would have died here. They had fortunately fended off the python but were unsure if it would return.

“Lord Qian, did you offend anyone?” someone asked Qian Jiyun.

The Auspicious Cloud Sea-Devouring Python’s destination was obvious: Camp Zhan Yun. It would be fine if the python didn’t have a master, but it could be one that did and was headed to Camp Zhan Yun.

Why else would it be here if Qian Jiyun had not offended someone?

Qian Jiyun remained silent.

Who did I offend? Who can I offend? I’ve only been back at Huayan Peak for a few days. I’m already too busy. Who can I even offend? Who’s interested in offending others here?

“Shui Liu and Shui Xian, distribute the pills to everyone. I’ll return to the camp to take a look.”

He stood up and instructed Shui Liu and her sister before leaving.

“Why are you leaving? I haven’t finished speaking.”

The person who asked Qian Jiyun could not help but mutter when he saw him leave.

He wondered if Qian Jiyun had left angrily because he had correctly guessed that he had really offended someone.

“What’s there to ask? Lord Qian has only been back for a few days. Who can he offend?” Someone next to him slapped him and snapped.

None of the lords of their camps had ever submitted to anyone. Every lord had offended another lord. Did that count?

Apart from their daily interactions, the lords did not talk to each other. Everyone knew that.

“Maybe it’s just a coincidence?”

...

An Jiuyue did not go far. Yan Nuo wanted to bring them further away, but she stopped when she saw they were safe.

She returned as soon as the Auspicious Cloud Sea-Devouring Python left.

“How are you?”

She immediately approached Qian Jiyun when she saw him.

That big guy was not easy to deal with. There were so many people, but they only managed to chase it away.

“Are you injured?”

When she saw the blood on his arm, her face became solemn.

“I’m fine. It’s just a minor injury.”

Qian Jiyun glanced at his arm. It was indeed a minor injury.

He had sustained injuries like that countless times at Huayan Peak daily. Killing demonic beasts had always been dangerous. Either one of them had to die.

“I refined Blood Coagulation Pills last night. Eat one quickly.”

An Jiuyue took out the medicinal pill she had refined and brought it to the man’s mouth.

She fed him before continuing, “That Auspicious Cloud Sea-Devouring Python is indeed powerful. Many of you fought it but were unable to injure it. It even battered everyone black and blue.”

She sighed.

The demonic beasts here were indeed powerful. Qian Jiyun was fine, but the others had to be exhausted.

If she were in their shoes, she would probably squat down and wait for death.

“Regardless of how powerful that demonic beast is, you still managed to injure it, right?” Qian Jiyun smiled.

An Jiuyue pursed her lips and said, "I was just lucky. Besides, those things disappear after each use. I won't have any to use in the future."

She did not want to use her items unless she had no choice. After all, there was a limit to what she had. She did what she did this time because she wanted to warn everyone.

Chapter 588 The Auspicious Cloud Sea-Devouring Python Is Here to Find Someone

She did not expect her careless throw would injure the Auspicious Cloud Sea-Devouring Python.

But despite throwing two grenades, she had only externally injured the Auspicious Cloud Sea-Devouring Python. It was evident how strong it was. She probably could not kill the python even if she threw another 10 or 20 grenades.

She felt that the lethal weapons from her previous life were only a drop in the bucket here.

"We probably couldn't have won this battle without Warrior-Servant One and Warrior-Servant Two," Qian Jiyun added.

The warrior-servants had already returned, as if they had unlimited energy, to protect their two young masters.

However, he knew they were paper effigies and could not be compared with ordinary people like them.

Everyone else was covered in blood and had ripped clothing on the battlefield. The warrior-servants, however, stayed the same throughout the battle.

"Where are Zheng'er and Rong'er?"

"They were spurred on, so they went to cultivate," An Jiuyue said with a smile.

The two children said they needed to cultivate quickly in order to do their part instead of watching others fight demonic beasts.

She let them be. Children had to be able to protect themselves when they grew up, right?

“The warrior-servants are with them. It’s alright. You must be exhausted, right? Are you going to rest or do you have something to do? I’ll cook you delicious food later. How about that?”

“Okay,” Qian Jiyun replied.

He was exhausted, but he could not rest yet. He had many things to do next. The Auspicious Cloud Sea-Devouring Python was chased away, but the matter did not end there.

...

“How is it? Are there any casualties?”

Yan Nuo went to count the casualties. Just as An Jiuyue had said, the Auspicious Cloud Sea-Devouring Python was not here to kill.

“Master, there were many casualties, but we have no fatalities. Mistress could tell that the Auspicious Cloud Sea-Devouring Python had no intention of killing. It only came to cause trouble.”

“Hehe, Second Brother, Second Sister-in-law said earlier that the Auspicious Cloud Sea-Devouring Python is here to find someone.” Gong Cheng did not do anything. He sat in Qian Jiyun’s tent and made sarcastic remarks.

“Young Master Gong, you’re the one who said that. Mistress never said that,” Yan Nuo retorted bluntly.

That’s the Auspicious Cloud Sea-Devouring Python! How can it be looking for someone? Someone must have instructed it to cause trouble. I wonder who’s so ruthless as to let it torment us?

Gong Cheng spread his hands and said innocently, “It’s the same thing. That big guy wasn’t here to kill anyone. He’s only here to play. So he’s probably here looking for someone.”

Did he say something wrong?

An Jiuyue said the Auspicious Cloud Sea-Devouring Python was not here to kill. Had anyone seen a demonic beast that did not kill?

In any case, he had never seen one before.

But he had witnessed the Auspicious Cloud Sea-Devouring Python run away dejectedly without killing anyone.

Qian Jiyun glanced at them indifferently and looked into the distance.

“Black Pact Forest...”

Someone had once appeared there. Others might not know about this person, but he did.

There used to be no Auspicious Cloud Sea-Devouring Pythons there. However, that person appeared, subdued an Auspicious Cloud Sea-Devouring Python, and threw it there. Hence, a rule prohibiting humans and demonic beasts from entering the Black Pact Forest arose.

Chapter 589 It Would Really Overturn Them

That was because the Auspicious Cloud Sea-Devouring Python was too powerful. No one could afford to offend it.

Yet it emerged today, and of all the places it could have gone, it chose Camp Zhan Yun. He did not believe it was a coincidence.

How could there be such a coincidence in this world? It must be intentional.

...

An Jiuyue prepared a delicious spread of food in her space and placed it in her tent.

She started stewing soup again—fresh pheasant mushroom soup—which was very fragrant.

Wei Na had already transformed into his human form.

He stood behind An Jiuyue and muttered, “Master, don’t you think the python’s appearance is too coincidental? You just arrived, and it arrived too? This is not something that has happened before, right?”

He felt that this was not a coincidence—it had been planned.

“Could Ye Chenglin be behind this?”

An Jiuyue was speechless.

She held a spoon in her hand and looked up at the ceiling.

Isn’t Wei Na overestimating Ye Chenglin? Would Qian Jiyun throw her to the Spirit Severing Cliff if she could control an Auspicious Cloud Sea-Devouring Python?

She could have rebelled and established her own camp. Why should she suffer instead?

“Do you think Ye Chenglin can control an Auspicious Cloud Sea-Devouring Python?” she asked faintly.

“Uh...” Wei Na was taken aback by his bold guess.

That’s right. Camp Zhan Yun would have been overturned if that woman was truly that capable. Would it remain safe until now?

She would not have remained a subordinate, even if she had served a male master. That woman would have forced Qian Jiyun to marry her long ago. It was possible, right?

After all, this was a world where strength mattered.

“You’re right. That’s a stretch.” He nodded.

“But who else could it be? Is it a coincidence that the big guy happened to run in our direction? I don’t think so. I think it’s intelligent,” he continued.

Could such a coincidence occur? He was skeptical.

“I don’t know.” An Jiuyue shrugged, indicating she did not want to care.

She could not care less about the origins of the Auspicious Cloud Sea-Devouring Python. She only hoped that it would not come again. Everyone was already exhausted after today. If it returned, it would really overturn them.

...

The area near the camp where the Auspicious Cloud Sea-Devouring Python’s enormous body had swept by was in disarray.

When Qian Jiyun returned, the people from the other camps had already left. Only the guardians of Camp Zhan Yun were cleaning up the place.

There were small demonic beasts around initially, but now only corpses remained. The trees around them were scattered everywhere.

“Master, we’re discussing whether we should clear all these trees.” A guardian walked over and asked Qian Jiyun when he saw him.

Aside from Flaming Jade, trees were the most commonly used combustible materials for cooking.

They had to spend Original Soul Stones to buy Flaming Jade, so they were always reluctant to use it for cooking.

They had to gather the wood now that so much of it was lying around.

Even if they did not gather them, people from the other camps would take everything in two days. Everyone on Huayan Peak wanted to cut spending wherever possible.

“Pack them up when you’re free.”

Qian Jiyun looked at the mess in front of him and sighed softly.

Chapter 590 Recall Qin Yifeng

The Auspicious Cloud Sea-Devouring Python was too lethal. Such a vast forest was destroyed just like that. It would take many years for these trees to grow again.

Qian Jiyun turned to face Gong Cheng, who had accompanied him.

“Gong Cheng, you have nothing to do all day and don’t want to cultivate, right? You’ll have something to do starting tomorrow.”

“Huh?” Gong Cheng was dumbfounded.

What do I have to do? Don’t tell me he wants me to come here and carry the trees back to the camp one by one?

I can do it, but I’m the Gong family’s young master! How can I be used for such crude work? Can’t he assign me some technical tasks?

“Second Brother, aren’t you making too little use of me by assigning me the task of moving the trees?” he asked softly, looking at Qian Jiyun.

“Who said you’d be moving the wood?” Qian Jiyun glanced at him coldly before looking at the mess again.

“This is a large plot of readily available land. You’ll be bringing people to clean up this place starting tomorrow,” he said.

“What for?” Gong Cheng asked, puzzled.

“Third Brother will be here soon,” Qian Jiyun reminded him.

“What?” Gong Cheng was stunned.

Second Brother wants to expand the camp? That’s a good idea, but...

“Won’t the other lords object to you suddenly expanding such a large area, Second Brother?” he asked cautiously.

“I won’t object if they want to expand,” Qian Jiyun said nonchalantly.

Gong Cheng was speechless.

You may have no objections, but they cannot expand their camps!

Expanding camps on Huayan Peak required a lot of resources and more guardians. Otherwise, half of the camp would be empty after expansion.

Those who would have to watch them expand their camp would definitely object to it. They might cause some uproar.

“Second Brother, are you sure? Are you really going to expand the camp here?” he asked again.

Qian Jiyun did not reply. Instead, he glanced at Gong Cheng.

Gong Cheng immediately surrendered. “Alright, alright, I understand. I’ll bring people to do it tomorrow, okay?”

What else could he do? He would do it. Fortunately, moving wood was not too difficult. He could still do it.

But was expanding their camp that simple? Obviously not.

“Master, we’ve exhausted nearly all the medicinal pills in our camp after this battle,” Yan Qin reported to Qian Jiyun with a dark expression.

After all, the people from the other camps had come to help Camp Zhan Yun, and they had been a great help.

Hence, they consumed medicinal pills from Camp Zhan Yun to treat their injuries.

They did not have a lot of medicinal pills in their reserves to begin with. Naturally, they were almost out of them after today. He was worried that the camp would have a shortage of medicinal pills.

“Recall Qin Yifeng,” Qian Jiyun instructed.

Qin Yifeng could return because she did not do anything wrong in the first place. It was a crucial time now.

“Yes, Master.”

Yan Qin replied. He opened his mouth to talk about Ye Chenglin but said nothing in the end.

He was not present when Ye Chenglin caused trouble, but he had heard from the others in the camp that she treated herself like a Buddha and wanted the entire camp to worship her.
