Chapter 941: She's Not!

"Don't you want to deal with Qian Jiyun? Wouldn't it be more effective if we joined forces?" Shang Ningyi suggested.

Xue Fangyang was speechless.

If he had not been aware, he might have done something stupid with Shang Ningyi. However, the truth was right in front of him. He deserved to die if he persisted in his stupidity.

"Avoid going against Qian Jiyun in the future. Our deal will be canceled. But I won't return your sister to you. She can only stay by my side now," he said in a deep voice.

"You don't want An Jiuyue anymore?" Shang Ningyi asked.

Shang Ningluo had been at Camp Xue Yang for a few days. Although it had not been long, he had a lot of things to do and had almost forgotten about his sister.

Shang Ningluo was no longer important to him. An Jiuyue was the most important.

"An Jiuyue?"

Xue Fangyang wanted to vomit blood. Shang Ningyi had misled him. He would not have suffered such a huge loss otherwise.

If he had known the truth, he would not have done so much for An Jiuyue and made Qian Jiyun remember him.

In the end, he was poisoned and had to find a way to detoxify it. But he had to take care of Shang Ningluo first.

Meanwhile, Qian Jiyun was still alive and well.

“You’re still thinking about An Jiuyue? What’s the use of her? Did a donkey kick your head?”

If not for the wound on his chest, he would have kicked Shang Ningyi. An Jiuyue? The successor to the inter-plane travelers was Qian Jiyun, not An Jiuyue! “Isn’t she—I’

“She’s not!”

Before Shang Ningyi could finish speaking, Xue Fangyang interrupted him sternly.

“What?” Shang Ningyi was stunned, as if he did not understand him.

After much time, he finally understood what Xue Fangyang meant and looked at him in disbelief.

“How could she not be? She’s An Tu’s daughter. If not her, who else could it be?

Upon hearing that, Xue Fangyang rolled his eyes.

“Shang Ningyi, who told you that the interplane travelers’ successor must also be their heir? Do you think inter-plane travelers are that easy to inherit?”

“Not An Jiuyue? Then who is it? Do we have to look for the successor again?” Shang Ningyi asked with a frown.

It was not a big deal to search again. As long as he made a trip to Daqing Kingdom, he would be able to investigate all the people around An Tu. However, the problem was that Xue Fangyang did not give him enough time.

“There’s no need to look again. I’ve already found the successor,” Xue Fangyang said.

“Who is it?” Shang Ningyi asked excitedly.

However, he was also puzzled. Would Xue Fangyang come here to tell him that he had found the successor?

That was nearly impossible. Would Xue Fangyang be willing to share something he could obtain with him?

He could not help but look at him in confusion.

“What’s with that look? You think I won’t share it with you that easily?” Xue Fangyang was furious when he saw his doubtful gaze.

However, he remembered that he was still in Shang Ningyi’s territory and could not fall out with him. He could only put up with it.

“I don’t want to share this with you, but given the circumstances, neither of us will benefit. It’s best if we avoid provoking Qian Jiyun in the future so that we can live in harmony.”

“Qian Jiyun? What does this have to do with him?”

Chapter 942: Simply Looks Down on You

Shang Ningyi sneered, finding Xue Fangyang’s behavior today rather ridiculous.

Did Qian Jiyun beat him up so badly that he became scared and even warned against provoking Qian Jiyun?

Shang Ningyi had yet to associate Qian Jiyun with the successor to the inter-plane travelers.

Xue Fangyang glared at Shang Ningyi and asked, "What does it have to do with him? You tell me.

"You..."

Shang Ningyi finally understood and shook his head after a while.

"That's impossible. That's impossible. How could it be him? Did you find the wrong person? It can't be him."

Even though he understood, he did not believe it. How could it be Qian Jiyun? The successor to the inter-plane travelers could be anyone but Qian Jiyun!

He had always targeted Qian Jiyun and wanted to defeat him.

But now, Xue Fangyang told him that Qian Jiyun was the successor to the legendary inter-plane travelers who had disappeared for more than 20 years at

Huayan Peak.

How could two completely unrelated people be related like this?

"You must have found the wrong person, Xue Fangyang. We can keep looking. Qian Jiyun can't be..."

"The Auspicious Cloud Sea-Devouring Python said it personally."

Xue Fangyang had no time to fool himself with Shang Ningyi.

“Well...” Shang Ningyi swallowed all his words after hearing Xue Fangyang’s words.

“So it’s true? Is Qian Jiyun really the successor to the inter-plane travelers?”

How can it be him? Did the Auspicious Cloud Sea-Devouring Python cause your injuries?” he asked.

“Qian Jiyun injured me. His current strength is comparable to mine,” Xue Fangyang said in a deep voice.

This was what angered him the most. He thought he could do whatever he wanted at Huayan Peak. He did not expect Qian Jiyun, an inconspicuous existence, to surpass him without him noticing.

Moreover, it would not be easy to deal with him. The Auspicious Cloud Sea-Devouring Python was protecting him.

“Impossible!” Shang Ningyi refused to believe it.

If Qian Jiyun’s Original Soul energy was really comparable to Xue Fangyang’s, he would have smacked him to death for provoking him in the past.

However, Qian Jiyun did not do anything to him. He just...

“Are you mistaken? How can Qian Jiyun be so powerful? If he was so powerful, would he have let me provoke him in the past?” Xue Fangyang glanced at Shang Ningyi. “Don’t you understand?”

“Understand what?” Shang Ningyi asked, puzzled.

'Qian Jiyun simply looks down on you and doesn't take you seriously!' Xue Fangyang exclaimed straightforwardly.

Shang Ningyi was speechless.

Although he did not want to believe it, it was hard not to because Xue Fangyang, who had fought Qian Jiyun, had said so.

So Qian Jiyun never took him seriously in the past?

"What should we do now? Can we still snatch the artifact?" he asked.

"The artifact?"

Xue Fangyang admired Shang Ningyi a little.

Did this news not shock him enough? Was he still thinking about the artifact? "If you think you can snatch the artifact from Qian Jiyun, go ahead."

"I..." Shang Ningyi opened his mouth but could not say anything.

He could not do that. Even Xue Fangyang almost lost to Qian Jiyun.. What more could he do?

Chapter 943: It'll Be Difficult to Deal With Qian Jiyun

However, the situation might change if he joined forces with Xue Fangyang. Qian Jiyun was not invincible yet, right? They might be able to...

“Don’t say I didn’t warn you, but the Auspicious Cloud Sea-Devouring Python is protecting Qian Jiyun. Moreover, he has An Jiuyue, who has only been at Huayan Peak for a month but has already become an advanced medicine refiner.”

Shang Ningyi was about to suggest joining forces when he heard Xue Fangyang’s words.

“An Jiuyue has already become an advanced medicine refiner?”

Although this news could not compare to the fact that Qian Jiyun was the successor to the inter-plane travelers, it was still enough to shock him.

“These two...

He could not find words to describe Qian Jiyun and An Jiuyue. He looked up at Xue Fangyang.

“So you’re backing down now?”

“Pft.” Xue Fangyang sneered.

Was Shang Ningyi still trying to provoke him into dealing with Qian Jiyun at this point?

“Shang Ningyi, I advise you not to involve me in your plans anymore. I won’t bury the entire Camp Xue Yang for Qian Jiyun.”

He had planned to do so initially. He did not even think much of it, even though he knew Qian Jiyun’s identity. However, the Auspicious Cloud Sea-Devouring Python’s words sobered him up a little.

That artifact, though important, might not necessarily be usable in his possession.

Why should he endanger himself for an artifact he did not even know if he could use? If things got tough, he could return to his plane. He could not risk his life, right?

“Did Qian Jiyun threaten you?” Shang Ningyi asked, but he figured it out the next moment.

The Auspicious Cloud Sea-Devouring Python, not Qian Jiyun, was likely the one who threatened him. An Tu had subdued that python, so it was naturally protective of Qian Jiyun, the successor to the inter-plane travelers.

He looked at Xue Fangyang, who was also staring at him.

“So it’s the Auspicious Cloud Sea-Devouring Python. That python is indeed terrifying. ”

Xue Fangyang raised his eyebrows.

That python had taken down many of his subordinates. If it were easy to deal with, he would have dealt with it a long time ago.

Shang Ningyi gritted his teeth and took a deep breath.

“It seems like it’ll be difficult to deal with Qian Jiyun.”

“Difficult?” Xue Fangyang shook his head as if he had heard a joke.

Dealing with Qian Jiyun was not difficult—it was very difficult. Qian Jiyun was a threat on his own, but there was also that python!

“I don’t want to talk to you anymore. Remember, Shang Ningluo will have nothing to do with you in the future. Let’s leave it at that.” With that, he stood up and got ready to leave.

His injuries were already better, and he was worried about Shang Ningluo being alone in Camp Xue Yang. He had to hurry back to keep an eye on her.

“Luoluo, she...

“Shang Ningyi, I’m already giving you enough face by not killing Shang Ningluo for poisoning me. Don’t push your luck.”

Xue Fangyang interrupted Shang Ningyi when he saw that he was about to speak.

Once Shang Ningluo’s problem was revealed, the fact that he had been poisoned with the Mother-Child Reincarnation Pill might also be revealed. Hence, he could only use anger as a substitute.

“Xue Fangyang...”

Shang Ningyi wanted to say something else, but Xue Fangyang ignored him and left the tent with his men.

Behind him, Shang Ningyi took a deep breath and looked at Xue Fangyang’s back.

Soon, the guardian he had sent to Camp Zhan Yun to gather information returned..

Chapter 944: Escaped? How?

The guardian whispered something into Shang Ningyi’s ear, causing him to widen his eyes.

“Are you sure?”

“My lord, I’m sure Xue Fangyang was poisoned by the Mother-Child

Reincarnation Pill. Miss Luoluo poisoned him,” the guardian confirmed softly.

“Mother-Child Reincarnation Pill!”

Shang Ningyi gritted his teeth. He had planned to go to Xue Fangyang and get Shang Ningluo back after some time.

After all, she was his biological sister. He could not let her stay in Camp Xue Yang to suffer. He had to get her back, even if he had to compensate Xue Fangyang.

But now...

“She’s getting bolder. She even dared to poison Xue Fangyang!”

If Shang Ningluo had poisoned someone else, he could still take her back and think of a way to cure her.

However, she poisoned Xue Fangyang. Was she threatening him with his life?

“My lord, Miss Luoluo is undoubtedly courting death by doing this. What should we do?” the guardian asked Shang Ningyi.

Shang Ningyi did not know what to do. He was having a headache.

“Since Xue Fangyang went to look for Qian Jiyun to ask for the antidote, there must be a conclusion to this matter. Let’s wait for news.”

He believed that after Xue Fangyang’s poison was neutralized, he would not kill Shang Ningluo on his account and would only make her suffer a little.

Sooner or later, she would return.

“My Lord, we technically have leverage over Xue Fangyang now. Should we bring Miss Luoluo back to Shang Kingdom while Xue Fangyang’s guard is down?” the guardian suggested.

He felt that this was a good idea. They could take Shang Ningluo back and send her back to their plane.

This way, they would have Xue Fangyang in their hands. They had to follow his orders in the past, but in the future, he would have to listen to Shang Ningyi obediently.

Shang Ningyi glanced at the guardian.

Plotting against Xue Fangyang was not an easy task. He had rushed back precisely to check on Shang Ningluo.

If Shang Ningyi tried to plan something now, it would be too late. Xue Fangyang would not give him the opportunity.

“Don’t mention this again. I don’t want to hear about Xue Fangyang’s poisoning from anyone else. Go and call Jian Duo to see me,” he instructed.

“Yes, my Lord,” the guardian replied and went to look for Jian Duo.

Before Xue Fangyang could return to Camp Xue Yang, he saw someone rushing towards them. He had a bad feeling.

As expected, Xue Fangyang was stunned after seeing the guardian from his camp and was speechless for a long time.

“She escaped? How? There are so many people in such a big camp. They can’t even watch over a woman whose Original Soul energy has been crippled?”

He was furious. He grabbed the guardian’s collar and questioned him agitatedly.

“Explain to me how she escaped.”

“My Lord, she...”

The guardian trembled in fear and could not speak properly.

“I don’t know how she escaped, but she was already gone by the time we realized it. We searched the surroundings but couldn’t see any trace of her escape.”

They were baffled when they realized the person they had been guarding had disappeared.

On one hand, they felt that they could not answer to their lord. On the other hand, they could not understand how Shang Ningluo, whose Original Soul energy had been crippled by their lord, could escape..

Chapter 945: Things Were Different Now

“We’ve been guarding outside. Shang Ningluo is seriously injured and hasn’t taken any medicine. We thought she was still unconscious, so...”

He stole a glance at Xue Fangyang and quickly looked down. “I didn’t expect Miss to feed Shang Ningluo advanced Healing Pills.”

Upon hearing that, Xue Fangyang felt his anger well up in his throat, nearly suffocating him. These people failed to keep an eye on Shang Ningluo and pushed all the blame on Xue Fangling?

“So you’re saying it’s all Fangling’s fault that Shang Ningluo escaped?” he questioned the guardian.

“I wouldn’t dare.”

The guardian did not dare to say that, but he definitely thought so.

Shang Ningluo had dared to poison their master, but Xue Fangling had given her such high-quality medicinal pills. Even those who engaged in daily combat like them did not get such favorable treatment.

Xue Fangyang exhaled heavily.

Although he was angry, he was not as angry as before when he remembered that he already had the antidote.

So what if Shang Ningluo had escaped? Staying in Camp Xue Yang would only make Shang Ningyi hate her and cause unnecessary trouble. Xue Fangling probably thought so too, right?

“Let’s go back first. Send someone to inform Shang Ningyi.”

“Yes, Master.”

Ying Zi accepted the orders and called for a guardian before returning to Camp Ning Se.

Shang Ningluo might have escaped, but if he encountered her again, he would make her wish she was dead. She’d better be sent back to her plane by Shang

Ningyi and never return again.

“She escaped?” Shang Ningyi was also stunned.

He had just received the news and had no intention of rescuing Shang Ningluo.

Besides, he did not think he could.

However, he did not expect Shang Ningluo to be capable of escaping like that.

“How was she able to escape from Camp Xue Yang?” he asked the guardian who came to report to him. This person was not from Camp Xue Yang, but rather his own.

The person from Camp Xue Yang had left after delivering the news.

“I don’t know either. I only know that Miss Luoluo escaped. Master, do you think Xue Fangyang is unaware that the Mother-Child Reincarnation Pill requires Miss Luoluo’s blood?” the guardian asked softly, looking up at Shang Ningyi.

It wasn’t until he heard Jian Duo mention the Mother-Child Reincarnation Pill that he realized that curing this poison was more complicated than just finding an antidote. It also required the other party’s blood.

But now...

Xue Fangyang had yet to return to Camp Xue Yang, right?

But Shang Ningluo had escaped. Did this mean that Xue Fangyang had yet to detoxify the poison? Whether he could detoxify the poison in the future would depend on who could find Shang Ningluo first.

Shang Ningyi took a deep breath.

“Send someone to look for Shang Ningluo immediately... No, send someone to wait at the plane’s entrance. Once Shang Ningluo appears, capture her immediately, take her back to Shang Kingdom, and send someone to watch over her.”

He did not think much of it at first, but things were different now.

Shang Ningluo’s escape from Xue Fangyang’s camp gave him an opportunity. He would have a chance to seize Xue Fangyang’s lifeline if he found Shang Ningluo before him and guarded her so that he could not have her.

“Yes, I’ll do it now.”

The guardian accepted the order and went to carry out his task enthusiastically..

Chapter 946: Want to Sell Flaming Antelopes

He had always felt that their lord should have brought Shang Ningluo back. He had finally gotten his chance.

Once they had Shang Ningluo, Xue Fangyang would be at their mercy. He would be their lord’s dog!

In the Black Pact Forest...

Qian Jiyun and An Jiuyue initially planned to follow the Auspicious Cloud Sea-Devouring Python, take its scales, and leave.

However, Qian Jiyun spotted traces of the Flaming Antelope before they even reached the location where the python scales were stored. The Flaming Antelope was a rare find on Huayan Peak.

Furthermore, the Flaming Antelope had no gamey odor and was far tastier than other meat.

“You’re going to catch the Flaming Antelope?”

The Auspicious Cloud Sea-Devouring Python asked as it listened to them discuss catching the Flaming Antelope.

Catching some was not a big deal. The Flaming Antelopes were food for other demonic beasts on Huayan Peak. Even if Qian Jiyun and An Jiuyue did not catch them, they would die every day.

Besides, An Jiuyue had her microcosmic space. Raising some Flaming Antelopes should not be a problem, right?

“Don’t capture all of them. Keep some for breeding,” he reminded her.

They must not capture all of them. The other demonic beasts would not come to the Black Pact Forest if the Flaming Antelopes were gone. The Auspicious Cloud Sea-Devouring Python would have a hard time getting information about the outside world.

“Hm?” An Jiuyue raised her eyebrows and looked at the Auspicious Cloud

Sea-Devouring Python. “You mean there are many Flaming Antelopes here?”

“Turn left and travel for 15 kilometers. There’s a hot spring there. The Flaming Antelopes live by the hot spring. There should be a fair number of them there.” The Auspicious Cloud Sea-Devouring Python showed them the way.

An Jiuyue looked at Qian Jiyun, her intentions clear. She wanted to capture as many Flaming Antelopes as possible.

Of course, she would not capture all the Flaming Antelopes. She was not that greedy.

“Let’s go and capture the Flaming Antelopes first. We’ll retrieve the scales when we return,” Qian Jiyun said decisively.

“Okay.”

An Jiuyue nodded, and they walked in the direction the Auspicious Cloud Sea -Devouring Python had pointed.

She did not know how many Flaming Antelopes there were. If she could capture more, she would have hope of opening the second floor of her shop.

She did not have to sell many Flaming Antelopes every day either—just a few would suffice.

“The second floor of my shop was opened long ago, but I haven’t had anything to sell.”

“Selling what?” Qian Jiyun asked as they chatted on the way.

“Selling meat,” An Jiuyue replied.

Qian Jiyun was speechless.

That was not a good thing to say, but An Jiuyue said it anyway. Nonetheless, he could understand her intentions.

‘You want to sell Flaming Antelopes?’ he asked.

“More or less. I’ll sell some Flaming Antelopes, but I’ll also buy some poultry to raise when we go back. I just need to guarantee a daily stock.”

An Jiuyue thought about raising chickens, ducks, fishes, pigs, cows, and sheep. She could raise a lot of them by expanding the pasture.

Soon, they arrived at the hot spring that the Auspicious Cloud Sea-Devouring Python had mentioned. An Jiuyue turned around and looked at Qian Jiyun in confusion.

“Well... Is this what Auspicious Cloud Sea-Devouring Python meant by a ‘fair number’ of them?”

Was this a “fair number” of them? Weren’t there too many of them?

“Master, you can’t even raise them in your pasture, right?” Wei Na asked An

Jiuyue..

Chapter 947: Set This Up

An Jiuyue was silent.

This was not a question of whether her pasture could accommodate all of them. Even if it could, was she only providing a place for the Vigorous Age

Sheep to stand and not allowing them to run?

Hence, she needed a few more pastures.

“What do you plan to do?” Qian Jiyun asked her.

Of course, he could catch the Flaming Antelopes. However, he did not know what An Jiuyue wanted to do. He had to ask her first.

“I’ll unlock a few pastures first.”

An Jiuyue thought for a moment and decided.

She did not intend to catch all the Flaming Antelopes, but she should get half of them, right?

“Go on.”

Qian Jiyun nodded and watched her enter her space.

While An Jiuyue happily entered her space to unlock pastures, Xue Fangyang was about to go crazy.

He had just returned to Camp Xue Yang. Of course, he would not consume the antidote An Jiuyue had given him right away. Instead, he summoned a medicine refiner and asked her to confirm whether there was any other poison in it.

Xue Fangyang was extremely careful.

“My Lord, there are no other poisons in this antidote, but...”

The medicine refiner was a stunning woman and one of Xue Fangyang’s many women. However, she was capable and had a high level of medicine refinement. Xue Fangyang would not do anything to her.

“But what?” Xue Fangyang asked, frowning.

Since it was the antidote, what more could there be to it?

“But didn’t Shang Ningluo escape?” the medicine refiner reminded Xue Fangyang carefully.

“What does this have to do with Shang Ningluo? So what if she escaped? Do I have to beg for an antidote for her?” Xue Fangyang asked angrily.

The medicine refiner’s body tensed, and her gaze became even more wary. “My Lord, you have to use Shang Ningluo’s blood to neutralize the poison in the Mother-Child Reincarnation Pill. Otherwise, this antidote is as good as nothing,” she said softly.

“What did you say?!” Xue Fangyang shouted.

Why was he unaware that he had to use Shang Ningluo's blood?

"Wretched people!"

"Please forgive me, my Lord."

When the medicine refiner saw that Xue Fangyang was angry, she knelt down immediately.

Xue Fangyang pointed a finger at her and roared, "Get lost! Get lost!"

She nodded repeatedly and retreated, wanting to leave the camp and this dangerous area. However, Xue Fangyang clearly did not give her the chance.

"Stop right there."

"My Lord?"

The medicine refiner turned around and looked at Xue Fangyang.

"Only you know about this. If anyone else finds out, I'll kill you before I die. Do you hear me?" Xue Fangyang warned her coldly.

"Yes, yes, I understand. I won't tell anyone. Not a word," she replied repeatedly

and promised. Only then did Xue Fangyang signal her to leave with his eyes, and she left the tent as if escaping.

Ying Zi emerged from the darkness and asked, "Master, what should we do

If he had known that Shang Ningluo was so important, he would not have been so lax in guarding her. He regretted it.

Xue Fangyang took a deep breath.

“What else can I do? Qian Jiyun set this up because he wants to control me,” he gritted his teeth and said hatefully.

“You mean...”

Ying Zi was enlightened.. He knew it! How could Shang Ningluo leave Camp Xue Yang so easily? So it was Qian Jiyun’s doing?

Chapter 948: Blinded

‘Qian Jiyun is too detestable! Master, we can’t let him off just like that!’

“It’s not Qian Jiyun, but An Jiuyue.”

Xue Fangyang suppressed the hatred in his heart and spoke calmly.

He should have known when Yan Nuo left. Even though the situation at Camp Zhan Yun was extremely tense, An Jiuyue still allowed Yan Nuo to leave.

He thought Yan Nuo had gone to do something important or to invite Fu Ming’s people.

However, Yan Nuo did not reappear. It seemed like he was the one who took Shang Ningluo away.

But how did he do it? The person who could make Shang Ningluo willingly follow him had to be someone she trusted the most. And this was most definitely not Yan Nuo.

“It’s her?”

Ying Zits eyes flickered as he recalled Yan Nuo’s departure.

Yan Nuo had sped to Camp Xue Yang and taken Shang Ningluo away, right?

In other words, An Jiuyue’s refusal to admit that she had poisoned their master and Qian Jiyun’s fight with them were all to buy time for Yan Nuo?

“That woman is too cunning! I’ll kill her!”

“You can’t win against her.”

Ying Zi stopped in his tracks when he heard Xue Fangyang’s words.

An Jiuyue’s Original Soul energy was not great, but she was a medicine refiner —an advanced one at that. Moreover, she had something strange with her that could work against them.

And most importantly, she had Qian Jiyun.

He had never taken Qian Jiyun seriously before but had no choice now. In fact, he was rather afraid of him.

“Send people to the plane’s entrance immediately. We must intercept Shang Ningluo!” Xue Fangyang instructed.

Even though he knew deep down that sending someone now might be too late, he decided to try it anyway, hoping that there was still a chance.

“Yes, Master.”

Ying Zi obeyed and left the tent immediately, instructing someone to go there.

“An Jiuyue! Qian Jiyun!”

Xue Fangyang slammed his palm on the table in the tent.

He had never imagined these two people would defeat him. If he could not

intercept Shang Ningluo, he would be at Qian Jiyun’s mercy for the rest of his life.

At the very least, Qian Jiyun would be able to control him during his years at

Huayan Peak.

“Done.”

After exiting the space, An Jiuyue made an “okay” gesture to Qian Jiyun and raised her eyebrows proudly.

They began to approach the Flaming Antelopes.

The sky was still dark. Although they could see the Flaming Antelopes clearly, they could not see them. The Flaming Antelopes had keen vision during the day but were blinded at night.

Of course, they would hide well at night, and this hot spring was obviously a great hiding spot.

They were in the Black Pact Forest and near the Auspicious Cloud Sea-Devouring Python. Hardly anyone would come here to tempt fate. Only the Flaming Antelopes could stay here.

Given An Jiuyue's Original Soul energy, she could not capture the Flaming Antelopes, so she followed behind Qian Jiyun.

Whenever she saw Qian Jiyun knock out a Flaming Antelope, she would store it in her space.

"Isn't it said that catching Flaming Antelopes is difficult? Isn't this too easy?"

She was puzzled. Qian Jiyun would knock out a Flaming Antelope every two seconds.. What was going on?

Chapter 949: That's Too Ruthless

Was her understanding of the Flaming Antelopes insufficient?

"Master, it's just Flaming Antelopes." Wei Na was also helpless.

Although Flaming Antelopes were quite cunning, they were still low-level demonic beasts. They could escape very quickly, but only during the day.

"If Qian Jiyun can't even catch a Flaming Antelope, he's finished for life. How can he travel through the various planes in the future? Speaking of which, Master, you should think about how you can make it possible for you to travel through the various planes too."

"I spent so many points. Isn't that enough?" An Jiuyue chuckled.

If that was not enough, she would buy more inter-plane travel vouchers. There would definitely be more in the Points Mall.

“Help me keep an eye on the Points Mall. Let me know when the inter-plane travel vouchers are available,” she instructed Wei Na. They would definitely be useful in the future.

“Alright,” Wei Na replied.

He was impressed by his master. Ever since she discovered that the Seven-Colored Lotus Seeds could be sold in sets, she had been spending points like water.

No, not just water, but a waterfall!

“Master, you have to use your points sparingly. You...”

“Stop. Stop talking.”

An Jiuyue did not want to listen to Wei Na anymore.

He was just going to tell her how important the points were and not to waste them on unnecessary purchases.

But was there anything that was not important?

She felt that the inter-plane travel voucher was very important. Without it, there would be many things Qian Ji Yun could not do in the future.

“Alright, I won’t talk anymore.”

Wei Na stopped talking, knowing that his master was annoyed by him talking about points.

On the other side, An Jiuyue and Qian Jiyun worked together and stored many Flaming Antelopes in the pasture in her space. The Flaming Antelopes woke up almost immediately and started running around happily.

They showed no signs of fear and ate the grass in the pasture.

At Daqing Kingdom...

The sky was already bright. Yan Nuo had already led Shang Ningluo out with his men. He could only be at ease because he was with her personally.

Gong Cheng heard the commotion and came over. He was stunned when he saw this woman.

“Yan Nuo, who is this?”

Gong Cheng could not recognize Shang Ningluo, who had been beaten black and blue.

“Yan Nuo, why did you bring her here? Does Master know?” Yan Qin came over and frowned when he saw Shang Ningluo.

“Do you know who this person is?” Gong Cheng asked Yan Qin.

Excuse my ignorance, but only Second Brother and Second Sister-in-Law can order Yan Nuo to do something personally. But is sending a woman to the base I’m still developing really a good idea?

This was the wasteland closest to Huayan Peak in Daqing Kingdom. He was preparing to develop this land into a base capable of supplying all of Camp Zhan Yun’s vegetables.

Sending a woman here now would only create trouble.

“I do! She’s Shang Ningyi’s younger sister ,” Yan Qin replied.

“What?” Gong Cheng widened his eyes and looked at Shang Ningluo.

“How did she end up like this? Who did this to her? Xue Fangyang? That’s too ruthless. Shang Ningyi didn’t even care when he saw his sister in this state?

He’s even more ruthless than Xue Fangyang.”

Upon hearing that, Yan Nuo and Yan Qin could not disagree..

Chapter 950: Something Happened at Wulong Mountain

Of course, they would not care about the Shang family. If Shang Ningluo could stay here without causing any trouble, it would be fine.

He told them about Shang Ningluo and Xue Fangyang, letting them know the stakes involved.

Gong Cheng looked at the unconscious Shang Ningluo and said with a smile, “Gee, she’s impressive. She actually poisoned Xue Fangyang successfully. Did a donkey kick Xue Fangyang in the head?”

“You can never guard against women,” Yan Qin said.

In Xue Fangyang’s eyes, no matter what Shang Ningluo did, she could not escape from his grasp and had no choice but to be completely under his manipulation.

How could he have expected Shang Ningluo to poison him?

“That’s true.” Gong Cheng nodded in agreement.

“That’s why I definitely won’t look for a woman. It’s already very difficult to find a woman like Second Sister-in-Law in this world.” He sighed.

Yan Nuo and Yan Qin looked at Gong Cheng in unison, speechless.

Young Master Gong had strong opinions about their mistress just a few days ago. But after enjoying a few good meals, he transformed into a bootlicker. They could not quite fathom the world of foodies.

“Young Master Gong, Mistress wants you to keep an eye on her.”

Although these words were directed at Gong Cheng, they were primarily meant for Yan Qin. He could not trust the unreliable Gong Cheng.

“Got it, got it.”

As expected, Gong Cheng waved his hand nonchalantly.

Yan Nuo shook his head and looked at Yan Qin. “Yan Qin, this woman is very important to Master. You have to keep an eye on her. It would be best if you could send someone to watch over her.”

“I understand.” Yan Qin nodded solemnly.

While he did not know Shang Ningluo well, a woman capable of poisoning Xue Fangyang had to be cunning.

Moreover, Shang Ningluo was a vicious person. She would definitely cause unnecessary trouble for their master if not watched closely

Yan Nuo had two women drag Shang Ning into a room. They changed her clothes, dressing her like an ordinary farmer.

They looked in every place she could possibly hide poison, including her hair, before using a chain to secure her legs.

She could walk freely, but there was a heavy iron ball on the other end of the chain, making it impossible for her to escape.
