### Chapter 991: A-Annihilate the Ling Family?

“No, no, Hall Master. This is your... Is this Hall Mistress?”

Although he complained in his heart, he still had the damned desire to live. He could not possibly compromise himself over a careless slip of the tongue.

Who wouldn't want a wife? He could find a wife after he figured out what happened at Wulong Mountain and let Jun Lin Hall dominate it!

It would then be his turn to infuriate the Hall Master!

‘Mhm.’ Qian Jiyun nodded at him. “Is there anything else?”

“Huh?” MO Aotian was stunned by his question.

What kind of question is this? The jump is too big. I don't know how to answer that.

“Oh, right, there's one more thing.”

After a while, he figured out what the Hall Master was asking him.

“Master Ling seems to have secretly sent people to search for someone. However, I've sent people to investigate many times, but I couldn't find out anything. I only know that he's been searching for this person for 20 years, but he hasn't found them.

“After you became the Demon Heart, he became even more active in contacting those who wanted to deal with the Jun Lin Hall.”

“Looking for someone?” Qian Jiyun turned around and looked at An Jiuyue.

“This is interesting.”

He did not explain who the Demon Heart was, but he was very interested in the person Master Ling had been looking for for 20 years.

An Jiuyue put down her book and raised her eyebrows.

She looked at Qian Jiyun and asked, “A fish that slipped through the net?” Of course, she was almost certain that the Ling family was among those who sought the Life Stone back then. However, they were either well-hidden or insignificant back then, so the High Priest Demon Heart did not destroy them.

“I think so.”

Qian Jiyun thought so too. Hence, the Ling family was either looking for the dead High Priest Demon Heart or An Jiuyue.

“Aotian, keep an eye on the Ling family. If there’s any unusual activity, annihilate them at all costs.” “A-Annihilate the Ling family?”

Even MO Aotian was stunned.

Isn’t it a little too early to annihilate the Ling family at the first sight of unusual activity? We should at least find some evidence to justify it, right?

“Hall Master, you need to have a reason to annihilate an aristocratic family.” “Does the Demon Heart need a reason to kill someone?” Qian Jiyun asked.

“Uh.” MO Aotian was stunned again.

Alright, my Hall Master has become stronger! He doesn't even need a reason to kill now, right?

“Hall Master, did you become the Demon Heart already?”

He asked this question rather cautiously, unsure of how to phrase it. Would the Hall Master snap his head off if he accidentally angered him in the future? “Succeeding as the Demon Heart isn't that simple.”

Qian Jiyun did not speak, but An Jiuyue did. Just like the inter-plane travelers' successor, it was difficult to succeed as the Demon Heart.

MO Aotian turned to look at An Jiuyue and asked, “Have you heard about the Demon Heart, Hall Mistress?”

The corners of Yan Feng's mouth twitched when he heard this question.

Mistress doesn't have to hear about it, Brother. She's the Demon Heart you're talking about! However, since Master and Mistress aren't revealing anything, I won't tell anyone—not even tell the Third Hall Master of the Jun Lin Hall.

“You don't have to inquire about the Demon Heart. Keep an eye on the Ling family and see which families they interact with,” Qian Jiyun said..

Chapter 992: Hit the Nail on the Head

“Yes, Hall Master,” MO Aotian replied.

Of course, he had to keep an eye on the Ling family.

He had intended to let the Ling family off, but Master Ling wanted to drag his father into this mess. How could he let this slide? “Also, Hall Master, should we send someone to repair the Demon Heart Hall?”  
“Yes, I’ll leave this to you. Make the Demon Heart Hall—”

“There’s no need for that, right?” An Jiuyue interrupted Qian Jiyun. “I don’t want to stay there anymore. Let’s go somewhere else.”

The High Priest Demon Heart used to live there, and then it was abandoned for another 20 years. She found it rather ominous. It was better not to stay there.

When she was in a good mood, she would buy another house in the Points Mall, select a good piece of land on Wulong Mountain, and place it on the ground. It would be the new Demon Heart Hall.

“Sounds good.” Qian Jiyun naturally agreed.

“There’s no need to repair it. Move everything that needs to be moved here and just demolish the house,” he instructed MO Aotian.

MO Aotian was speechless.

When did the Hall Master become so obedient?

Besides, that was the Demon Heart Hall. It was where the Demon Heart lived. How could it be demolished just like that?

It was not a good idea, right?

“If I remember correctly, there’s nothing left in the Demon Heart Hall,” An Jiuyue said.

Even if there was something, it had been 20 years. Whatever used to be there had to be long gone. Which of the aristocratic families on Wulong Mountain should be taken lightly?

After some thought, she added, "But there's a Demon Heart Array below the Demon Heart Hall. There's a Broken Dragon Crystal in the eye of the array. You can bring it back and place it in Jun Lin Hall to help you cultivate demonic energy."

She knew this because the High Priest Demon Heart had mentioned it in front of her back then. Of course, she did not tell her explicitly. The High Priest Demon Heart mentioned it because she wanted the Broken Dragon Crystal.

However, she became a cripple later on and would only cause trouble for herself if she took the Broken Dragon Crystal. Hence, she did not continue targeting it.

"The Broken Dragon Crystal is the Demon Heart's treasure." MO Aotian looked at An Jiuyue with sparkling eyes.

However, he wondered why she knew about something that even the Hall Master did not. Did she bring it up because the Hall Master had told her about it before?

"When you take the Broken Dragon Crystal, remember to bring water from the Hundred Steps Pure Pool and place it in the water. That way, the Broken Dragon Crystal won't harm anyone," An Jiuyue reminded.

"Ha... Haha." MO Aotian laughed awkwardly.

Did the Hall Master know about this? He glanced at Qian Jiyun's expression and saw that he was clearly unaware.

What exactly was happening?

"You know so much, Hall Mistress," he praised An Jiuyue hurriedly.

She knew so much that he suspected that the Demon Heart, whom everyone feared, was actually the Hall Mistress and not the Hall Master.

It had to be said that MO Aotian had hit the nail on the head!

“Of course, Mistress knows a lot.” Yan Feng muttered to himself.

She was the real Demon Heart! Who would know anything about these things if she did not? His master?

“Bring the Broken Dragon Crystal back as soon as possible,” Qian Jiyun instructed MO Aotian.

“Yes, Hall Master,” MO Aotian replied, turning to leave.

“Yan Feng, make a trip to Lianxue Mountain and bring Bai Ze back,” Qian Jiyun instructed Yan Feng after MO Aotian left..

Chapter 993: Only Two Possibilities

“Master, you’re bringing Bai Ze back?”

Yan Feng looked at his master in surprise. If he really brought that person back, Jun Lin Hall would be in chaos. He was a worrisome person!

“His murderous aura is growing stronger. I’m afraid he’ll cause trouble if we bring him back.”

“It’s fine. Bring him back.” Qian Jiyun shook his head and insisted.

“Alright then.” Yan Feng nodded and turned to leave.

After everyone in the study had left, An Jiuyue asked Qian Jiyun, “Who is Bai

Ze? Why haven't I heard you talk about him?"

Qian Jiyun had mentioned Yan Feng, MO Aotian, and the others to her, but she had never heard of Bai Ze.

Qian Jiyun closed his eyes and sighed softly.

"He's my good friend. Back then, after taking a blow to save someone, he became extremely bloodthirsty. He could never control his murderous intent," he explained. "I'd like you to take a look at him. Is that okay?" "Of course," An Jiuyue replied without hesitation.

"Master, shouldn't you hesitate for a bit?" Wei Na was speechless.

Why did she agree so easily? She did not even know who that person was or what illness he had. What if he could not be treated?

"Why hesitate?" An Jiuyue retorted.

Regardless of whether she could treat him, it would not hurt to take a look at him, right?

"He saved Jiyun's life. Isn't it only right for me to take a look at him? What if I can cure him?" She was confident in her abilities.

"Master, forgive me for reminding you, but there are only two possibilities for someone to become cruel and bloodthirsty after taking a hit on Wulong

Mountain. "

"You don't have to tell me." An Jiuyue smiled.

She did not need Wei Na's reminder now.

"You know?" Wei Na was surprised.

He had yet to say anything, but she already knew?

An Jiuyue shrugged and said, "They either have too much demonic energy in their bodies and can't control it, or they've been poisoned by the Demon Heart Gu."

"Demon Heart Gu? What is that?"

Qian Jiyun could hear her speak. He knew An Jiuyue and Wei Na were chatting.

However, he had never heard of the Demon Heart Gu worm on Wulong Mountain. There were other sorts of Gu poison, but they had already consulted all the pharmacists on Wulong Mountain, and everyone said that Bai Ze had not been poisoned by that.

"The Demon Heart Gu is a poison capable of producing demonic energy at any time. This poison is a rare treasure for talented people, but it's fatal to ordinary people who cultivate demonic energy.

"Excessive demonic energy in one's body would make one want to vent it, and the most common outlets of release are through killing people or demonic beasts.

"Of course, if someone can guide the person who had been by the Demon Heart Gu to engage in activities like cutting down trees and rocks every day, or even cutting down a waterfall, to release their excess demonic energy, it would also help. As long as he vents his excess demonic energy every day, he'll be fine." Qian Jiyun and Wei Na were speechless.

They never knew something like this could be done. Cutting down trees and rocks sounded feasible, but what was cutting down a waterfall about? "Why... cut down a waterfall?" Qian Jiyun asked, the corners of his mouth twitching.

“To save resources, of course.” An Jiuyue’s eyebrows twitched as she blinked at

him..

Chapter 994: Like Evil Wind Entering Human Bodies

“The trees and rocks will be cut down eventually, but the waterfall won’t, right?

Oh, we can also ask Bai Ze to go to the river to chop it. It works the same.”

Inside the space, Wei Na argued, “Master, why don’t you tell him to slash at the

That would save more resources!

Qian Jiyun had the same thought, but he did not say it out loud.

“Are you stupid? Slashing at the air will only make people think that he’s crazy or terribly ill! But if he’s hacking at the waterfall, people will think that he’s working very hard and cultivating every day,” An Jiuyue said matter-of-factly.

Wei Na was startled. He suddenly felt like he had learned something.

“Can’t you remove the Gu poison?” Qian Jiyun asked her.

“Remove the Gu poison?”

An Jiuyue raised her hand and stroked her chin, deep in thought for a long time.

“The Demon Heart Gu can’t be cured, but there’s a way to transfer it to someone else. However, we have to find a genius who can withstand the Demon Heart Gu.

“To put it bluntly, the Demon Heart Gu is picky. If it senses someone stronger than its host and they happen to have a wound, it will come out automatically.

“Mhm, if a human won’t do, finding a demonic beast works too.” “That works too?” Qian Jiyun’s mind was practically covered with question marks.

They could even find demonic beasts for this?!

But even if they were to find a demonic beast, it would have to be one with exceptional talent. Finding one would probably be difficult.

“Yes! That works too.” An Jiuyue nodded.

She continued, “But your friend may not necessarily be poisoned by the Demon Heart Gu. He might be in the first category. He could have been implanted with demonic energy. That would be trickier to resolve. When demonic energy is implanted, especially if it has been awhile, it has the potential to corrupt and possess a person.”

“Possess? How can that be?”

Qian Jiyun did not understand. Everyone cultivating on Wulong Mountain used demonic energy.

“Jiuyue, the demonic energy you mentioned is...”

“It’s just demonic energy! How... How should I put this?” An Jiuyue tilted her head and looked up, trying to organize her words.

“When we cultivate demonic energy, that’s regular demonic energy. The demonic energy that corrupts, however, is a special type of demonic energy, like evil wind entering human bodies.

“It’s like when someone’s mind is filled with distracting thoughts and two different souls emerge in their hearts...”

“Like you?” Qian Jiyun asked.

An Jiuyue was shocked. How was that similar to her?

“That’s not the same. I had one soul, to begin with, but a person splits off another personality when they’re possessed. Simply put, this person has endured too much pain and can’t take it anymore.

“As a result, he fantasizes about another version of himself that is stronger than him to bear the suffering and make himself feel better.

“The so-called stronger persona is often very cruel and bloodthirsty. He wants to seek revenge because he was tortured. He wants others to suffer like him.”

“Isn’t that just a mental abnormality?” Qian Jiyun asked.

“Something like that.” An Jiuyue snapped her fingers and nodded.

People like this often struggled to recover mentally, even if they were physically healed. An Jiuyue did not study psychology, so she really did not know how to treat this.

“But let’s go and see Bai Ze first. I want to go to Lianxue Mountain too,” she said..

Chapter 995: Took Out a Thin Rope

Since she could not determine his condition without seeing him, she had to make a trip there.

“Go to Lianxue Mountain?” Qian Jiyun frowned and looked at her.

Lianxue Mountain was filled with demonic beasts. The demonic beasts on Wulong Mountain were much stronger than those at Huayan Peak. However, the demonic beasts on Lianxue Mountain were even more powerful than the regular demonic beasts on Wulong Mountain.

Qian Jiyun had refused Bai Ze’s request to go to Lianxue Mountain back then. However, Bai Ze had sneaked away secretly. Qian Jiyun had underestimated him.

He had gone to Lianxue Mountain several times to look for him, and although he did manage to find him, he could not bring him back.

“Alright, let’s prepare to go to Lianxue Mountain together.”

He would fulfill An Jiuyue’s every request, but he had to prepare some things before going to Lianxue Mountain. Otherwise, he would be worried.

Lianxue Mountain snowed all year.

It was more accurate to describe it as a massive forest than a mountain. Demonic beasts roamed freely inside. It was a world where the strong preyed on the weak. However, the demonic beasts inside rarely ran out.

“Hall Master, are you really bringing your wife along?”

When MO Aotian heard that Qian Jiyun was bringing An Jiuyue to Lianxue Mountain, he followed him.

He did not understand what the Hall Master was up to. Lianxue Mountain was a dangerous place, but the Hall Master wanted to bring An Jiuyue along. He was basically bringing a burden.

Of course, he did not mean to look down on the Hall Mistress. It was just that Lianxue Mountain was too dangerous.

Qian Jiyun glanced at him and asked, "Do you have a problem with that?" "No, no, I have no objections." MO Aotian shook his head quickly.

Even if he had something to say, he did not dare to say it out loud, right?

Otherwise, the Hall Master might assume that he, the subordinate, believed that the Hall Master was incapable of even protecting his wife.

Wouldn't he be the one to suffer in the end?

"I just think Lianxue Mountain is too cold. If Hall Mistress wants to come with us, we should bring more things to ward off the cold," he said dryly.

"There's no need for that." Qian Jiyun withdrew his gaze and looked at Yan Feng. "Go and get ready. When we reach the mountain, look for Bai Ze and bring him to me."

As for the things needed for the trip to the mountain, he had already prepared them in advance. An Jiuyue had such a big space. How could he not bring those things?

"Yes, Master," Yan Feng replied.

He prepared to leave to do a headcount of his subordinates when An Jiuyue called out to him.

"Wait! Yan Feng, bring this hemp rope with you. If you can't control Bai Ze, tie him up with this rope."

With that, she took out a thin rope and handed it to Yan Feng.

"Well..."

Yan Feng looked at the rope that was not even as thick as his pinky finger before looking at his Hall Master.

Bai Ze could not even be restrained by chains whenever he went crazy. What was the use of such a thin rope? Was the Hall Mistress making a joke?

“Hall Master, this... There’s no need for it, right?”

“Take it.” Qian Jiyun only replied with two words.

The items An Jiuyue brought out of her space were all good stuff. They would definitely come in handy.

If the rope could not be used, it meant that Bai Ze had not gone crazy.

“Yes, Master.” Yan Feng took the rope from An Jiuyue..

Chapter 996: It’s Time to Destroy Them!

Yan Feng set off for Lianxue Mountain with his men first. Qian Jiyun and An Jiuyue were alone, and MO Aotian chatted with them for a long time before they headed in.

“What is Hall Master thinking? Why did he let his wife go to Lianxue Mountain with him?”

MO Aotian sighed softly as he watched them disappear. He felt that his Hall Master had gone crazy.

“No one has ever understood the Hall Master’s thoughts,” a subordinate said to MO Aotian.

“Third Hall Master, I think Hall Mistress’s demonic energy is not bad either. She doesn’t seem like someone who has just arrived at Wulong Mountain,” another subordinate added.

Demonic energy was not the same as Original Soul energy. While one could only judge the strength of someone’s Original Soul energy in battle, one could gauge the amount of demonic energy another person had by sensing them.

Of course, one could not detect demonic energy that was greater than one’s own.

They could not tell how much demonic energy the Hall Mistress had on their way here. That was enough to prove her abilities.

MO Aotian touched his chin and said thoughtfully, “Now that you mention it, that’s true.”

He had also found it strange earlier. The Hall Mistress had just entered Wulong Mountain, so why did she have a similar level of demonic energy as him?

Could it be that she had been to Wulong Mountain before, but the Hall Master had never met her before?

“Forget it. It’s useless to think too much. They’ve already gone in.”

He shook his head and stopped thinking about the Hall Master and Hall Mistress’s strange actions. Instead, he looked at his subordinates.

“Has there been any recent activity from the Ling family?”

A subordinate replied, “Third Hall Master, there’s no activity from the other members of the Ling family. It’s just that Master Ling is a little strange. He was very active a few days ago, but he suddenly announced he was going to meditate in seclusion yesterday. Don’t you think that’s strange?”

People cultivating demonic energy on Wulong Mountain did not need to go into seclusion. Did Master Ling think he was a fictional character, cultivating like an immortal being?

“Meditate in seclusion?” MO Aotian looked at his subordinate sharply. “What seclusion? He’s probably no longer in the Ling Residence, right? Investigate this immediately.”

“Yes, Third Hall Master,” the subordinate replied, turning to leave in a hurry.

MO Aotian also left quickly. Whether Master Ling had left the Ling Residence or not, he would not behave himself. He probably had some dirty work waiting for him.

MO Aotian had to find him as soon as possible.

“The Hall Master is right. It’s time to destroy the Ling family!”

“It’s really cold here.”

Shaking, An Jiuyue took out two cloaks from her space and handed one to Qian Jiyun.

“Put it on quickly. This place is really cold. You can’t even resist the demonic energy here. I really don’t know how your friend survived here.”

She even wondered if that person was dead or alive.

Qian Jiyun took the cloak and put it on her before saying, “It snows on Lianxue Mountain all year round—and it snows demonic snow. It’s different from ordinary snow. It’s colder.”

He glanced around before heading somewhere.

An Jiuyue watched him and did not understand what they could see here. Wasn’t it all snow?

However, she still followed him and watched as he crouched down and dug out two sparkling, clear stones from the snow before wiping the snow off..

Chapter 997: Hand Warmers in the Winter

“Here, take these.”

An Jiuyue looked up at him in confusion. She did not understand why he wanted her to hold the stones.

However, she still reached out obediently and took the stones, holding one in each hand. As soon as the stones touched her hand, she understood.

“The stones are actually warm!”

They had been buried in the snow for so long, but they were still warm. Could these be warm jade?

“But this isn’t warm jade. These are Sun-Leaving Stones, right?”

Qian Jiyun nodded and answered, “Yes, these are Sun-Leaving Stones.”

The Sun-Leaving Stone was a type of alchemical material that contained a small amount of Scarlet Flame Iron Essence. It was the best material for refining artifacts.

Unfortunately, the Sun-Leaving Stone’s level was too high. No one on Wulong Mountain could extract the Scarlet Flame Iron Essence. Legend had it that there was someone who knew how to extract it, but that person was already dead.

Since then, no one needed the Sun-Leaving Stone, so few people stepped foot on Lianxue Mountain to dig for it.

“The Sun-Leaving Stone is so precious. How can it be found so easily from the ground now?” An Jiuyue was puzzled.

“There are no alchemists in Wulong Mountain who can extract the Scarlet Flame Iron Essence, so the Sun-Leaving Stones are considered useless and discarded casually. However, they can still provide some warmth for your body on Lianxue Mountain,” Qian Jiyun said.

An Jiuyue was silent.

As expected, no matter how valuable something was, it would become worthless if no one could use it.

“These are good stuff. We should take more of it when we return. They’d also make great hand warmers in the winter,” she said.

Who knew? She could try extracting the Scarlet Flame Iron Essence in her space. Even if she were to fail now, she might be able to succeed someday, right?

“Okay, we’ll pick up some more on our way out.”

Qian Jiyun agreed with a smile. He recalled that she had not mentioned why she wanted to go to Lianxue Mountain.

“Jiuyue, why did you want to come to Lianxue Mountain? Are you looking for something?”

“You’re right.” An Jiuyue snapped her fingers and raised her eyebrows.

“But it’s not an item. I’m looking for a demonic beast called the Soul Fox. It’s also my natal demonic beast.”

At the mention of her natal demonic beast, she seemed somewhat unwilling, as if someone had drained her energy.

“Your natal demonic beast?”

Qian Jiyun led her forward and looked at her in confusion. He had never heard of anyone having a natal demonic beast.

“Is this something only the Demon Heart can have?” he asked.

“Yes, yes.” An Jiuyue nodded and gestured with one hand.

“The High Priest Demon Heart you saw previously also had a natal demonic beast. It’s the kind that appears alongside the Demon Heart’s successor.

However, her demonic beast had already died during a great battle to save her.

“This is also why she lost all her demonic energy. It can be considered retribution. She had personally dragged her demonic beast in front of her to take the blow for her.”

Perhaps the High Priest Demon Heart never expected the death of her natal demonic beast to lead her to her downfall.

“I have to find my demonic beast. If it’s gone, I’ll probably lose all my demonic energy like the High Priest Demon Heart and live off the Life Stone.”

However, that was not quite the case. Even without demonic energy, she still had Original Soul energy. She would not die, but there would be no place for her on Wulong Mountain..

Chapter 998: You I re the Smarter One

“It’s on Lianxue Mountain?” Qian Jiyun asked, his eyes sharp.

If that were the case, he would definitely capture the Soul Fox that An Jiuyue mentioned. He would not allow anyone or anything to hurt her.

“My sensing should be right. It’s on Lianxue Mountain.” An Jiuyue nodded.

There was one thing she did not mention to Qian Jiyun—the High Priest Demon Heart had chased her Soul Fox away back then.

She wanted to keep it for herself, but she was not capable of subduing it, so it escaped.

“Since you can sense it, lead the way. I’ll subdue it for you,” Qian Jiyun immediately said.

An Jiuyue opened her mouth, and the corners of her mouth twitched involuntarily.

She wanted to say that there was no need to subdue it. The Soul Fox was her natal demonic beast. Wouldn’t it return to her if she appeared?

Of course, the Soul Fox was of the fire element. It had been hiding in this icy wilderness for 20 years and was already in a difficult position. Expecting An

Jiuyue to stay in place and wait for it to come looking for her was impossible.

Hence, she could only take the initiative to roam around Lianxue Mountain a few times, hoping to get closer to the Soul Fox and let it detect her existence.

Meanwhile, Wei Na was unable to assist in the hunt for the Soul Fox.

He could only sense how many demonic beasts were around them. As the Soul Fox was An Jiuyue’s natal demonic beast, Wei Na had neither seen it before nor recognized it.

Despite knowing that, she still instructed Wei Na to help. "Wei Na, help me sense where it is too, okay?"

"Master, how am I supposed to tell where it is? I don't know the Soul Fox you're talking about either."  
Wei Na spread his hands helplessly. If he knew, he would definitely help her find it.

But he did not! So how could he help her?

"Are you stupid? Since you don't know it, let me know if you sense a demonic beast you don't have a name for," An Jiuyue snapped.

"That's true!" Wei Na's eyes lit up as he understood

He knew all the demonic beasts on Wulong Mountain. If he saw one he did not know, it would be the Soul Fox that his master was looking for, right?

"Master, you're the smarter one!" He flattered her indirectly.

"Don't flatter me. Remember, be more careful with your search. The Soul Fox is a little small," An Jiuyue reminded him.

He had better not be blurry-eyed! If he claimed that he did not see the Soul Fox when he did, then it would truly be impossible to find it.

"I know, I know, Master. I'll definitely search carefully and find your Soul Fox for you," Wei Na replied, nodding.

Whether she could make a name for herself on Wulong Mountain depended on whether she could find the Soul Fox. They had to find it, right?

After some time, An Jiuyue heard Wei Na speak to her from her space.

“Master, I can’t sense your Soul Fox now, but I can sense someone fighting a demonic beast. Do you want to take a look?”

She stopped in her tracks and glanced at Qian Jiyun.

“Are many people coming to Lianxue Mountain too?” she asked.

“Usually, no one comes here. If there are people, they’re here to train. They’ll come in groups,” Qian Jiyun replied.

“Wei Na, how many people are there?” An Jiuyue asked immediately..

Chapter 999: He Can Defeat It

“One person,” Wei Na replied weakly.

He did not sense many people. He only sensed one person fighting a demonic beast.

“It seems like that human has the upper hand. Master, this person is impressive, but he’s not well-dressed. His clothes are tattered and shabby,” he added in disdain.

“His clothes are tattered and shabby?” An Jiuyue repeated Wei Na’s words.

Suddenly, she seemed to have thought of something and blinked at Qian Jiyun.

“Jiyun, do you think we’ll find Bai Ze before Yanfeng and the others?” She had a feeling that the person fighting the demonic beast was the Bai Ze that Qian Jiyun was looking for.

“Lianxue Mountain is a massive place. It won’t be easy to find Bai Ze,” Qian Jiyun said as he looked at her.

However, less than an hour later, they found Bai Ze fighting a huge demonic beast after following the path Wei Na had pointed out to An Jiuyue.

“It’s really Bai Ze!”

Qian Jiyun was shocked. An Jiuyue’s mouth was blessed! Whatever she said would come true.

However, he could not help but frown when he saw that Bai Ze’s clothes were tattered and dark—they were stained with blood.

“I knew it! I was right.”

An Jiuyue raised her eyebrows. She took out a set of clothes from her space and handed them to Qian Jiyun. “Give these clothes to him later. He’s in such a sorry state.”

“Okay,” Qian Jiyun replied.

However, he had no intention of approaching Bai Ze immediately. Instead, he stood where he was and watched Bai Ze fight the demonic beast for a long time.

“Aren’t you going to help?” An Jiuyue looked at Bai Ze, then at Qian Jiyun.

“Wait a little longer. This demonic beast is not very powerful. Bai Ze can defeat it,” Qian Jiyun said, shaking his head.

Once Bai Ze defeated or eliminated this demonic beast, he would have lesser demonic energy and would be easier to communicate with. It would also be easier for An Jiuyue to take his pulse.

“Jiuyue, do you still have the rope you gave Yan Feng?” he asked.

“There’s one more.”

An Jiuyue immediately took out a rope from her space and handed it to Qian Jiyun.

Of course, there were none left. She only bought things from the Points Mall when she needed them.

Although she was out of ropes, she could still buy another one. It was not expensive anyway, and it was a one-time-use item. It would be useless after one use, so it was not a big loss.

“Here, don’t tie the rope too tightly. It’ll hurt his body,” she reminded him.

“Okay,” Qian Jiyun replied before looking up at Bai Ze, who was still fighting the demonic beast.

Meanwhile, Bai Ze did not sense anyone else at all. In his eyes, the demonic beast was his food today.

He would not show mercy to his prey. Every attack he made was ruthless.

Although the demonic beast was not very powerful, Bai Ze was, after all, just a human. Humans would always be injured when fighting demonic beasts.

Soon, he had wounds in several places and coughed up a few mouthfuls of blood.

The demonic beast was not much better. Its roars were mixed with the sound of sharp weapons piercing into its flesh. It was in so much pain that it wanted to run and escape elsewhere.

Bai Ze gave close chase and did not let it escape..

Chapter 1000: Brother, Don't Touch Me

With the final strike, the demonic beast collapsed. Bai Ze stopped and finally sensed someone approaching.

Bai Ze glanced sharply at Qian Jiyun and An Jiuyue with a pair of scarlet eyes and a ferocious expression on his face. However, his expression softened when he saw the familiar face.

He sat down on the snow as if he had lost all his strength.

“Bai Ze.”

Qian Jiyun wanted to approach him, but he was worried when he thought of An Jiuyue.

“Jiuyue, wait here for a moment. I’ll bring him here.”

He was worried about bringing An Jiuyue with him because he could not predict when Bai Ze would go crazy. Even if Bai Ze had used up all his demonic energy, he was still worried. He had to be careful!

“Remember to enter your space if you’re in danger,” he reminded her softly.

An Jiuyue was speechless.

She looked up and estimated that they were only about 50 steps away from Bai Ze.

Was it really necessary to caution her when there was such a short distance between them?

“Alright, I know. I’ll protect myself. Go and bring him here.”

Qian Jiyun nodded at her before turning around and walking toward Bai Ze.

Bai Ze took two steps back when he saw Qian Jiyun. He wanted to turn around and leave, but he could not bear to. Qian Jiyun was his good friend, and he considered him to be his biological older brother.

“Brother... why are you here?”

He had not spoken to anyone for a long time. His voice was a little cold and stiff. The redness in his eyes faded slightly, and he regained his rationality.

“I’m here with your sister-in-law to bring you back.” Qian Jiyun came to his side and raised his hand to pat his shoulder. However, he was made to take a step back.

“Don’t... Brother, don’t touch me.”

Bai Ze was afraid that he would go crazy again if he was touched. It was not unprecedented.

“I’m afraid I’ll hurt you, Brother. Did you find Sister-in-Law?”

He turned around and looked at An Jiuyue, who was standing nearby and waving at him. He smiled stiffly.

However, because he had not smiled for many years, his face was almost as if he were crying.

“Yes, I found her.” Qian Jiyun turned around and looked at An Jiuyue. “Let’s go home together.”

“No, there’s no need for that, Brother. I’ll stay here.” Bai Ze shook his head quickly.

Only this cold world could allow him to have some rationality. He might go crazy if he left.

He did not want others to see him go crazy or to know that Qian Jiyun had a younger brother like him.

'You don't want to go home yet?' Qian Jiyun looked at him and asked seriously.

Bai Ze lowered his head, his eyes slightly red.

This time, it was not because he had lost his mind, but because he was sad.

Who would not want to go home? However, if going home meant making things tough for his brother, he would rather not go.

"Let's go home. Your sister-in-law is a medicine refiner. Let her take a look at you." Qian Jiyun raised his hand. Although Bai Ze did not allow it, he still patted his shoulder.

Afraid that Bai Ze would reject him again, he added, "If you really can't be cured, you can come back. I won't stop you then, okay?"

It was not impossible to take Bai Ze away by force, but that would hurt him.

Qian Jiyun did not want to do that. Everything had to be up to Bai Ze's wishes.

"Since your sister-in-law is back, we should sit together and talk as a family.."
