### **Chapter 1281: In The Calculation**

Even through the pants, he could clearly feel the strike of that thing, for fear that he would be finished if he was not careful.

“Want to survive?”

Lin Kai sneered and poured all the things brought by the men and women in the room.

As for him, Lin Kai broke his legs and threw it in.

For this kind of person, Lin Kai felt that there was no need to be soft-hearted.

Kindness to the enemy is cruel to oneself.

It didn't take long for it to sound, all kinds of gasps.

Standing at the door listening to the movement inside, a smile appeared on his lips.

Picking up the phone on the ground and calling Yinshen, Lin Kai found a place tiredly and sat down.

It didn't take long for Yinshen and Li Shengxian to be there.

Looking at Lin Kai who had fallen asleep, his hanging heart was considered to be let go.

“You are here.”

As soon as they arrived, Lin Kai opened his eyes and looked at them tiredly.

“Sung Hyun, be careful recently, Lee Ho Hyun has moved.”

After saying this, he closed his eyes to rest his mind and said nothing more.

Li Shengxian knew that Lin Kai was deliberately training himself, and did not ask much, nodded to show that he knew.

Yinshen took Lin Kai back, and the whole car was quiet along the way. The needle drop was audible and there was no movement.

When he got home, Lin Kai got out of the car in some silence.

Yinshen and Li Shengxian smiled at each other, always feeling that Lin Kai's current state was something wrong.

But the two didn't know how to speak, except for silence, they were silently accompanying him.

After arriving home, Lin Kai suddenly said: “Yin Shen, let Wang Kang come over.”

Since Li Haoxian wanted to design Li Shengxian, he had to plan ahead.

Naturally, it is best for Li Shengxian to solve it by himself, but Wang Kang can help him if he can't solve it.

After Yinshen left, Lin Kai looked at Li Shengxian and said, "The two of them want to calculate you, what do you want?"

"The Shao family in the East China Sea can be regarded as a decent family. They can only start from the supplier. In that case, I will count."

Li Shengxian recounted his plan, including some possibilities, and also explained how to deal with it.

After Lin Kai listened, he was a little silent, but he didn't say anything.

He felt that Li Shengxian still thought too simple.

But progress is indeed not small.

With a sigh, Lin Kai said, "Bring me the medicine box."

Just let him do whatever he wants, and naturally have himself to give him the bottom line.

Li Shengxian carefully helped Lin Kai deal with the wounds, looking at the wounds with deep bones, burning with anger.

"Lin Yuan, you wait!"

He silently vowed in his heart that he would kill Lin Yuan and avenge Lin Kai.

Before the wound was treated, Li Shengxian heard the doorbell ring.

I thought it was the hidden \*\*\*\* who came over, and answered without thinking: "The door is unlocked."

"why you?"

Li Shengxian looked at He Weiya who opened the door with a bit of astonishment, her face turned black, her lips stretched, and she looked very upset.

"Brother, of course I am here to find you."

He Weiya didn't care about Li Shengxian's face at all, and walked up and down, holding his arm tightly.

"Let go."

Pulling his arm out of her hand, Li Shengxian stared at her in disgust.

Had it not been for He Zhishan, she would have been driven out long ago.

"Brother, I was wrong, would you forgive me?"

He Weiya looked at him pitifully, trying to grab his hand, but was thrown away by Li Shengxian.

Lin Kai looked at them and interrupted: "Your father asked you to come over, what's the matter?"

He Zhishan also knew that Lin Kai didn't like He Weiya very much, so it was absolutely impossible for her to come over if nothing happened.

He Weiya glanced at Lin Kai, and didn't pay any attention to him, chasing after Li Shengxian.

“What did your dad ask you to do?”

Just after Li Shengxian asked, He Weiya couldn't wait to answer: “My dad said that the Shao family will come over and talk to us about a cooperation, so you can hurry up.”

In fact, Shanghe Weiya still had some things, but didn't say anything.

That is, He Zhishan has rejected them, but because of the Shao family, he decided to give them a chance to compete fairly.

This can be regarded as telling Lin Kai that he is on his side.

It's just that the shopping mall is like a battlefield. He Zhishan is not alone, so he has to consider how to have employees for his company.

It was just because of He Weiya that she didn't want to say it because she couldn't understand Lin Kai.

Lin Kai helped him casually, but in He Weiya's eyes, he was a villain who bullied Li Shengxian every day.

Looking at He Weiya expressionlessly, Lin Kai didn't believe that He Zhishan would only let her say that.

Too lazy to talk to He Weiya, Lin Kai called He Zhishan directly.

Lin Kai deliberately drove the hands-free so that they could clearly hear what He Zhishan said.

“Is that what your father asked you to say?”

Li Shengxian stared at He Weiya indifferently, his eyes full of disgust.

This is what I keep saying, a woman who loves her?

The results of it?

That's what happened to him?

Although she hates He Weiya, she still does this for things in the mall, which is even more annoying.

He Weiya didn't expect Lin to do this, his face flushed for a while, and he was a little at a loss.

Then she accused him loudly: “What do you mean? Don't think that you have a relationship with my dad, you can do whatever you want?”

“What are you? What right do you have to talk to me here?”

“If it wasn't for Shengxian's face, what do you think you are? You deserve me to talk to you?”

...

Listening to He Weiya yelling, Li Shengxian looked as dark as the bottom of the pot.

“He Weiya, you shut up!”

Li Shengxian stared at He Weiya indifferently, if it weren't for He Zhishan's identity, she would have let her go.

“Brother, you let me go for a man?”

He Weiya stared at Lin Kai frantically, tilted her head, and her joints turned pale.

She approached Lin Kai step by step, a certain kind of madness flashed in her eyes.

“Why are you robbing brother from me?”

He Weiya couldn't help thinking, is Lin Kai dead, and his brother is alone?

Li Shengxian is the salvation in her life, and no one is allowed to take him away.

“He Weiya, get out of here!”

Li Shengxian stood in front of Lin Kai, staring at her indifferently, looking at the knife in his hand, his eyes became even more disgusting.

He couldn't understand, when he provoke such a lunatic.

“Brother, what are you doing?”

Seeing Li Shengxian defending him, He Weiya became even more angry.

Why!

She screamed wildly in her heart, thinking that Lin Kai was a villain who took her own things.

“roll!”

Li Shengxian didn't want to communicate with her at all, for fear that he couldn't help it.

### **Chapter 1282: Winner**

“Why!”

He Weiya roared loudly: “He is the one who should get out of here. I am the one who loves you. What is he?”

If it hadn't been for Lin Kai's grasping, Li Shengxian would almost slap her face.

“Get out!”

Li Shengxian grabbed He Weiya's hand and pushed her directly outside the door.

With a “bang”, the door was closed without hesitation.

No matter how she yelled outside, she didn't pay any attention to her meaning.

“Brother Lin, we shouldn't have helped her in the first place!”

Li Shengxian is really furious, and feels that this is just kind of unrequited.

“It will be useful later.”

Lin Kai's tone was light, and he couldn't hear the slightest anger.

For this reason, even if Li Shengxian is totally dissatisfied with He Weiya in his heart, there is no other way.

With a sigh, he went upstairs with some cases that Li Cheng's family had given him before.

He was afraid that he would be crazy if he kept thinking about He Weiya.

After Li Shengxian left, Lin Kai called He Zhishan again.

Because He Weiya was here before, there were some things that I couldn't say too clearly.

After hanging up, Lin Kai wondered what he should do next.

I have to say that what He Zhishan did this time is indeed ok.

This also shows that his position in the East China Sea is not nonsense.

Under the joint pressure of the Shao family and Li Haoxian, it is indeed possible to achieve this.

I kept thinking about what I should do next.

I wonder if Lin Yuan will show up for a while because of his promotion to the Golden Core Stage.

He is not a fool. From the situation that day, it can be seen that he is not his opponent now.

Lin Kai wondered how to find Lin Yuan's whereabouts faster.

Ai Ping and the others are also in full swing, and now it is almost time to find Lin Yuan's position.

With a sigh, Lin Kai rubbed his aching brows.

If Lin Yuan really wanted to hide, it would not be so easy to find.

"Lin Yuan."

Lin Kai murmured to himself that he would definitely catch him, it was just a matter of time.

One day was fleeting, and when Li Shengxian came down early the next morning, he saw Lin Kai sitting on the sofa in his original posture.

Looking at Lin Kai with his eyes closed, Li Shengxian carefully covered him with a blanket.

But it was such a simple action that woke him up.

"Brother Lin."

Li Shengxian scratched his head in embarrassment. He knew this would happen, so I might as well let Lin Kai sleep a little longer.

"Let's go."

After washing his face, Lin Kai took the car key on the table and left.

Speeding all the way, Li Shengxian wanted to talk to Lin Kai countless times on the road, but he didn't know why, so he didn't say it.

At the meeting place, Lin Kai wore a hat and deliberately bowed his head, no one could recognize him. He did this mostly unobtrusively.

Although his identity has been hidden by Li Cheng's family.

However, it will inevitably be recognized by some people. Doing so can avoid unnecessary trouble.

Because it was not time to bid, everyone was waiting in the lobby.

Because of Li Shengxian's performance in the recent period, he told Lin Kai about it, and then went to talk with some familiar partners.

This is the case in their circle. You lead me to get to know him, and I lead you to get to know another one. There will naturally be more connections.

Lin Kai sat alone, and with such an unobtrusive look, some people subconsciously thought he had no background.

"Oh, which son is this, why is it so low-key?"

"Who knows this, maybe it's just here to gain insight."

"That's not it, the He family's cooperation this time, there is no more than one billion, and it can't be won."

"I can't. The assets are only two or three billion, but they are all my own."

"So amazing? I can't, because my dad supports it."

...

Lin Kai glanced at them and continued to close his eyes to rest his mind. He didn't listen to their unnutritious conversation.

But his posture undoubtedly stimulated the two brothers.

"I said, brother, why don't you understand human words? Don't look at where this is, what drag?"

"Who is from your family, what do you put on us here?"

Lin Kai turned a deaf ear to what the two of them said, this time they were furious.

When I first wanted to do something, the bidding started.

Reluctantly, he gave him a resentful look and left.

Because the two hidden bids failed to meet the expectations of the He family, it became what it is now.

With the bidding time and time again, Lin Kai did not say anything.

The two people sitting next to him began to sneer: "I'll just say he can't do it. I really don't know what to join in the fun."

"Maybe people are here to gain insight, how can they be like us."

"Noisy."

Lin Kaisi didn't want to pay attention to them, leaving the two words coldly.

There is no need to bid so early.

It's impossible for the He family's big cooperation to be sold for three to five billion yuan.

Over time, there are not many bidders, and the rest are undoubtedly rich in capital.

Seeing that the bidding was coming to an end, seeing that Lin Kai hadn't bid yet, the two people laughed louder.

"I thought it was such a powerful character, I really laughed at me."

"It's mostly a wolf with a big tail."

...

Lin Kai felt very disgusted with the conversation between the two of them.

He didn't say anything about bidding from start to finish, how can they be sure?

"roll."

As the host on the stage finished the bidding, Lin Kai stood up.

Looking at them condescendingly, with a sense of oppression.

When he watched that way, the two were silent for a moment, not knowing what to say.

Looking at Li Shengxian, who was held by the stars, the two also wanted to join in the fun.

Unexpectedly, Li Shengxian walked over before they had passed.

For this reason, the two of them couldn't help but feel a little awkward: "Seeing that, today's big winners have come to make friends with us."

"Kid learn a little, maybe you will fly into the sky someday."

After speaking, the two of them walked towards Li Shengxian with a flattering smile.

"Young Master Li, why trouble you to come here in person, I am Youjia..."

Unexpectedly, he directly passed the two of them and walked towards Lin Kai.

The two stared blankly at Li Shengxian, who talked with Lin Kai in a low posture, and couldn't believe what he saw.

"How is this possible?"

They think they must have read it wrong. For such a bun, what is worthy of Li Shengxian's condescension?

"Young Master Li, what can you tell him about a dumpling? You don't know anything, it's just a waste."

"Junk stuff, don't get out of it, and don't see where it is."

"What are you saying?"

### **Chapter 1283: Do You Need A Reason To Fight?**

The two stunned for a while, and answered with difficulty: "We think this soil bun is really detrimental to your temperament."

"Don't worry, we will drive him away."

When he said that he pushed Lin Kai a bit, Li Shengxian hurriedly held him in fright.

Because Lin Kai was injured, he was ready to come alone today, but he didn't expect that he would still be with him.

In fact, he has the relationship with He Zhishan, plus the price he paid, it is also possible.

I believe the He family has no reason not to choose theirs.

Because he was injured, I just wanted to let him rest.

The professionally arranged relatively rear position, I did not expect to attract such two annoying flies.

Listening to their words, Li Shengxian wanted to kill them on the spot.

The two people looked at Li Shengxian blankly, but they didn't expect that he would be so cautiously supporting that person.

"This, do you know Young Master Li?"

They stared at Lin Kai, annoyed in their hearts.

It is definitely not an ordinary person who can make Li Shengxian treat this way.

Why did they just say something like that in a low-mouthed way?

If time can come again, they can't wait to lick the dog.

"Brother Lin, what's the matter?"

"It's okay, let's go."

Lin Kai is too lazy to continue wasting time here, he still has something to talk to He Zhishan.

Unexpectedly, those two people saw him look like this, and they were anxious.

If you offend such a big man, they will be over if you are not careful.

“That brother Lin, what just happened was a misunderstanding, do you think we can do something for you?”

“Yes, it’s Brother Lin, we know it’s wrong, your sir has a lot, let us go.”

“roll.”

Lin Kai felt upset, and really didn’t want to chat with them.

Even if they were not satisfied with Lin Kai’s call like this, they could only hold back.

“Brother Lin, give us a chance.”

Lin Kai frowned and looked at them, very impatient.

Seeing them like this, Li Shengxian kicked it without hesitation.

“Ahem.”

A man fell to the ground, got up with some difficulty, and looked at him flatly.

But the other person couldn’t bear it anymore, and shouted, “You can’t just do whatever you want just because you are noble.”

“The beating also gives us a reason!”

“Reason?” Li Shengxian sneered, “What reason do I need to fight you?”

Now he understands more and more that this is a world where the weak can eat the strong.

Anything is fine as long as you have time.

When Li Shengxian said that, the man was green and red, and he couldn’t say a word.

Looking at them, Li Shengxian helped Lin Kai to leave carefully.

When they arrived on the second floor, He Zhishan was already waiting for them.

He Weiya looked upset when he saw Lin Kai, as if owed him millions.

He Zhishan was a little unhappy to see his daughter like this, but he didn’t say anything.

After all, I owed her, so naturally I have to try my best to make up for it.

“Thank you for today’s matter.”

If He Zhishan hadn’t revealed the news of the Shao family in advance, they would not have taken it down so easily.

“It’s all small things.”

He Zhishan smiled heartily. Whether it is the Li family or the Shao family, it is only good for the He family to cooperate with them.

Just because of Lin Kai’s relationship, he directly gave this cooperation to the Li family.

This is considered a great favor to Lin Kai.

“Lin Kai, I called you today because I hope you can help me with something.”

He Zhishan looked at Lin Kai solemnly: “You also know that Kang Kai is the leader of the Donghai Internet industry.”

“A lifeless creature in the He family offended them.”

“Recently, the wind direction of He’s family has been a little bad. Please refer me to this matter.”

Lin Kai glanced at He Zhishan, and he had never told him about the relationship with Kang Kai.

Now that I know so clearly, it seems that I have been investigating myself.

After Lin Kai glanced at it, He Zhishan only felt a panic.

“I see, I will pass it on.”

Seeing Lin Kai agreed, He Zhishan let out a sigh of relief.

He approached Kang Kai not only for such a simple matter, but because he didn’t want to tell Lin Kai.

Because He Zhishan still had something to deal with, they didn’t delay too much and left soon.

After coming out, Li Shengxian said anxiously, “Brother Lin, why did you agree to this matter?”

“The small turmoil on the Internet, can they still not solve the He family?”

“It’s just that the cooperation between the He family and Lantian has not been discussed, and Kang Kai will not give He Zhishan face, so he begged you to come.

Speaking of it, Li Shengxian was filled with righteous indignation: “This old guy, who can’t even bear to tell the truth, shouldn’t help him!”

Li Shengxian was really furious, and Lin Kai was good to the He family, and now he didn’t even want to tell the truth.

Seeing Li Shengxian’s indignation, Lin Kai waved his hand indifferently: “Do you think I don’t know?”

Li Chengjia had already told him about the He family.

It’s just that He Zhishan has helped him so much, so he wants to return it with reason.

Seeing Lin Kai said so, Li Shengxian didn’t say much.

The two went straight back to Li’s house, and Li Shengxian went to report to Li Cheng’s house.

As for Lin Kai, where did Huang Tianshi go to see how he recovered.

As soon as I got there, I saw Li Chengye squirming around with his head, and something was thrown out constantly in the room.

Even after some distance, you can still hear Huang Tianshi’s full-fledged voice: “You \*\*\*\* \*\* me, I will kill you again.”

Li Chengye didn't care about speaking and ran out quickly.

When he saw Lin Kai, he was taken aback for a moment, and left without anything.

When Lin drove in, he saw Aunt Fang giving him comfort.

"What's the matter?" Lin Kai looked at Huang Tianshi amused, and was a little curious about what was going on to make him so angry.

"How did you come?"

Tianshi Huang froze for a moment, and after seeing the wounds on the bare skin, his whole breath changed.

"What the \*\*\*\* is going on, who did it?"

"Lin Yuan."

"He appeared? Where is the person, did you catch it?"

Tianshi Huang asked a lot of questions, and soon he stopped.

"Did you not recover when you met him?"

He knew that Lin Kai had a physical problem at the time, and he didn't know why he couldn't mobilize the true energy in his body.

"With his power, the shackles in the body have been broken."

Lin Kai was a little indifferent: "What happened, you kicked him out?"

Seeing Lin Kai mentioned this matter, Tianshi Huang was furious.

"It's really a thing of no vision, what do you run here all day long?"

Tianshi Huang kept complaining to Lin Kai, looking at Aunt Fang on the side, he couldn't help shaking his head.

It seems that he has not yet figured out what is going on.

"Old Huyou, you..."

Lin Kai stopped suddenly and froze in place.

#### **Chapter 1284: Done**

"What's the matter?" Huang Tianshi and Aunt Fang looked at Lin Kai suspiciously, not understanding how he stopped.

"It's okay, keep talking."

He smiled, but he didn't expect that the system that had been silent for a long time would move.

"Old Huyou, can you help me figure it out now?"

“What do you want to be?”

Tianshi Huang looked at Lin Kai and asked Aunt Fang to prepare something for herself.

Lin Kai was silent for a while, and suddenly shook his head: “We should wait for later.”

He was anxious, thinking about Lin Yuan’s current state, how could he figure out his position.

He just remembered that even if Lin Yuan was like this, it was impossible.

With a sigh, he waved his hand without saying anything.

Tianshi Huang and Aunt Fang looked at each other and felt that Lin Kai today was a little abnormal.

But Tianshi Huang also knew that unless he took the initiative to say, otherwise they would not be able to ask anything.

“Why did your kid come to see me now?” Huang Tianshi took the initiative to break the dull atmosphere in the room.

“Something is busy.”

Lin Kai briefly said that when he mentioned the land of He’s family, Aunt Fang’s face was a little ugly.

“Really, did you take down that piece of land?”

Seeing Aunt Fang’s solemn expression, Lin Kai asked, “Aunt Fang, is there any problem with that land?”

“Oh.” Aunt Fang sighed and said, “Before no one knows about this, give up the cooperation with the He family and sell the land.”

Aunt Fang really didn’t expect someone to buy that piece of land.

It also depends on Lin Kai’s good condition, otherwise she would never say it.

“What are you going to do with that land?”

“business hub.”

“If it can’t be built, that piece of land simply can’t bear it.”

Seeing Lin Kai’s doubts, Aunt Fang explained to him: “The land ten meters down is hollow.”

“Do you think such a place can bear it?”

“This is simply a fantasy, you guys sell the land quickly.”

Aunt Fang is not a good person either. As for whoever buys this land in the future, they deserve it if something happens, no wonder she.

She is not a Virgin, there is no need to be responsible to everyone.

“Inflict evil.”

Huang Tianshi sighed deeply, not knowing what to say.

That piece of land can never fall into their hands.

They also knew what Lin Kai wanted to do, and they couldn't fail because of this.

"How did you know?"

That piece of land was of extraordinary significance, and Lin Kai didn't want to give up if possible.

"When I was promoted to Grand Master, my strength was unstable, and when I was chased and killed, I got there."

"It's an underground cave, it's okay inside, but it's definitely not a good way to build a commercial circle."

Listening to Aunt Fang's narration, Lin Kai had a plan in mind.

"I see. Take me to see."

Whether this plan can be implemented depends on how the cave is going.

After looking at Huang Tianshi, seeing him nodding, Aunt Fang led Lin Kai over.

A master, a golden core period, natural cultivation base against the sky, fleeting in the blink of an eye, and instantly reached the cave.

I saw a scene where a man Lin Kai was also amazed, and had to praise nature's extraordinary craftsmanship.

Colorful stalactites, or Gaoxuan, or show various appearances on the ground.

Some resemble a roaming dragon or a phoenix.

On the left is a pool of stalactites with broken stalactites shining brightly.

On the right is another sparkling stone made of stalactites.

...

Against the background of the lights, it emits a dazzling brilliance, just like the fairyland of Jade Lake.

"gorgeous."

Even though she had seen it many times, Aunt Fang still had to sigh the supernatural craftsmanship of nature.

After the two went back, they asked Huang Tianshi to look at the photos they took.

Even if the photo is less than one percent of the beauty of the scene, it still makes him fascinated.

Of course Lin Kai knew that these things could not be photographed, but there was no way to convince everyone in the Li family.

"Thank you for this Aunt Fang."

Lin Kai solemnly thanked Fang, if it weren't for this, this time it would really have been a heavy loss.

“it’s okay no problem.”

Aunt Fang was somewhat flattered for Lin Kai’s doing this.

After a conversation with Tianshi Huang, Lin Kai left.

You must prepare well for this, or you will lose all the games.

Before going back, he went to find Li Cheng’s house specially.

When he saw the previous photo and was seen by the Yinshen with his own eyes, Dawei agreed with Lin Kai’s words.

He is in this circle, and he knows what this means too much.

After asking Yinshen to bring He Zhishan over, the three of them talked for a long time in the study before leaving one after another.

After Lin Kai left, Li Cheng’s family and He Zhishan used all their relationships in order to take the ownership of the land, including the right to use the contents.

As long as they take these things, even if someone wants to grab love, there is no way.

But Lin Kai went home and took Li Shengxian over.

After letting him see those things, Lin Kai asked him: “What are you going to do?”

Li Shengxian pondered for a while and replied: “Although this land cannot be built into a commercial circle, the value of this cave is greater.”

“But the only difficult thing is that once this thing is exposed to the public’s sight, no one wants to kick it sideways.”

...

Li Shengxian stated his thoughts and some suggestions honestly.

“Not bad.”

During this period of time, Li Shengxian did improve a lot, much better than before, but it was not enough.

And Li Shengxian received Lin Kai’s praise, just like taking a stimulant, he couldn’t wait to show off immediately.

“Go outside and release news that there is a problem with the land. You should know how to do it, right?”

“I know.”

Li Shengxian shook his hand with some excitement. They were Mingxiu plank road, and they were dark.

Everyone thinks that when they lose money, they have to find a way to develop that piece of land, and the public’s attention will no longer be on them.

This also gave them enough time to solve the problem of caves.

Once the development is completed, they just want to get a share of the pie, and they have no way to start.

Only then will they make a lot of money.

Let them have some time now.

“Brother Lin, I’m leaving now.”

After walking a few steps, Li Shengxian suddenly stopped and asked, “Does my father know about this?”

To be honest, he was a little worried. If Li Cheng’s family didn’t know, then after the Li family knew the news, they would definitely not keep the land. She would not be able to keep it on her own.

“he knows.”

In a word, he was relieved instantly.

After Li Shengxian left, Lin Kai fell into a long period of contemplation, hoping that no moths would come out this time.

I don’t know if I think too much, but I always feel my eyelids are jumping.

He was also worried that Lin Yuan would secretly make a trip, he already knew he was here, so naturally he wouldn’t let him go easily.

“What would you do?”

### **Chapter 1285: Lose Money**

Lin Kai looked at the sunlight outside the window, closed his eyes, as if enjoying.

However, he was overwhelmed in his heart, thinking about how to prevent Lin Yuan’s sudden movements.

If he really wanted to do it, he would be hard to defend, but it was better than nothing.

In the end, he gave up the idea, and it was nothing short of reaching the sky.

But now it’s alright, I have been promoted, naturally it is much easier.

Thinking of this, he couldn’t help clenching his fists tightly, feeling the power of Peng Bai in his body.

“Congratulations to the host for promotion.”

The system’s voice was dry, and there was no sign of joy.

Lin Kai couldn’t help teasing the system: “It’s been so long, I thought you ran away.”

“Am I the kind of system without discipline?”

The voice of the rare system was a little angry, which made Lin Kai feel a little surprised.

“What will I gain after the system mission is successful?”

“In addition to attribute points, what else do you want?”

“I want what I want.”

“Of course.”

Hearing a word, Lin Kai’s blood boiled over, his eyes glistening at the system.

Then he seemed to realize something, his face was a bit ugly.

“System, who did you learn from.”

“you.”

In a word, Lin Kai said that his face was red.

Lin Kai missed the appearance of the original system.

But he still said stiffly: “What’s up with me? You learned it badly.”

After chatting with the system for a long time, Lin Kai did not ask what other rewards he might get besides the attribute points.

This could not help but made him feel a little curious, what is it that makes the system so secret?

This is precisely because of this, for this mission, he is more excited.

This task is not difficult, that is, to successfully help Li Shengxian, let the Li family successfully hand over the development of the cave to him.

Thinking of the unknown reward, Lin Kai couldn’t wait to do it right away.

But he also understood that those in the Li family were not so foolish, let alone Li Haoxian.

Once they are really sure that there is a cave, it is absolutely impossible to miss this opportunity.

What Li Shengxian can do is to do his best.

But with him, this matter was picked up a lot.

After thinking about it, he asked Yinshen to ask Li Cheng’s family how they were progressing.

This matter must be done as soon as possible, maybe there is anyone who wants to miss it.

When Li Shengxian sends out the news, it will be Li Shengxian’s opportunity to act.

He had already thought about it and let Li Shengxian take the decision to develop that piece of land first.

When the time comes, the Li family will naturally disagree and feel that the land is useless.

Just talk about the cave at this time.

It is hoped that those people will not fight in desperate bidding for oil and water.

Of course, this matter will be the same with him.

The Yinshen stayed by Li Cheng's side all day.

Because of the token of Jiulong Mountain, Li Cheng's family and He Zhishan have a lot of things, and it is much easier to do.

This also greatly improved their efficiency, but it also attracted some people's prying eyes.

These people are naturally related to some parts. The Li family and the He family act in such anxious manner, maybe there is something good about that piece of land.

For their own party affiliation, some people naturally don't care about so much.

It was getting dark, and the hidden \*\*\*\* came back in embarrassment.

"Did they do it?"

"Yes, I have written down those families, and they all retreated temporarily."

"As for whether I will continue to do it, I'm not sure now."

"I see, you have been with Li Cheng's family these days."

"But you, sir?"

Yinshen looked at Lin Kai worriedly, although his cultivation base had been restored now.

But two fists are hard to beat four feet, and he is a little worried that Lin Kai will not do anything.

"I'm fine, no one can do anything to me."

Lin Kai has some strong confidence in himself, and now he is promoted to the Golden Core stage, there are really a few people who are worthy of his fear.

Even if five or six great masters besieged him, there is also a battle.

Although it is impossible to kill them all, it is completely possible to solve two or three and retreat all over.

Seeing Lin Kai's words, Yinshen couldn't keep up and went to Li's house.

When Li Shengxian came back, he didn't see the hidden \*\*\*\* for a long time, and couldn't help but feel a little strange.

That is, when he usually handles it, he will not be obedient for a while, and he will call himself and tell him to take good care of Lin Kai.

But it's been a long time today, and he hasn't received anything, which makes him very puzzled.

"Protect your father."

"He still needs protection?" Li Shengxian's voice was a little surprised.

The Li family's defense is so tight, is it still used for protection?

He felt that Lin Kai was the one who needed protection.

“Brother Lin, you should let the hidden \*\*\*\* come back, how are you now?”

“I’m fine.”

Lin Kai smiled and refused. It was also because of his lack of promotion before that it was not convenient for Yinshen to do many things.

Now its different. The promotion is successful and many things are much more convenient.

Li Shengxian was worried about it, for fear that something might happen to him.

Lin Kai didn’t want to waste time on this matter, and asked, “How is the matter going?”

“I’ve let someone release the news, and someone will investigate it in less than an hour.”

He believes that after the confirmation, there will be many people who will read the jokes.

“I know.”

Li Shengxian did a good job in this matter, and now they just need to wait quietly for the matter to ferment.

As for the result, they can already think of it now.

Seeing what Li Shengxian handed him, Lin Kai couldn’t help laughing.

“I didn’t expect you to get this thing.”

To be honest, Lin Kai was a little surprised, but he was still very happy.

Although it is not a useful thing, but the mind is enough.

“Go send it to He Zhishan, this cooperation still needs their He family’s help.”

“Okay, then I’ll leave Brother Lin first.”

After Li Shengxian left, Lin Kai also left.

Li Cheng’s family and He Zhishan went to get the authorization letter. To be honest, Lin Kai was a little worried.

Lin Yuan has been in the East China Sea for so long, and it is not that he has no personal connections. If he intervenes, this matter is hard to say.

However, he didn’t miss Lin Yuan’s whereabouts for a while, and the top priority now was to get that piece of land as soon as possible.

With a sigh, Lin Kai drove to Wang Kang’s house.

Facing Lin Kai who suddenly visited, Wang Kang was taken aback for a moment, his face a little stiff.

“Mr. Lin, are you here?”

“What? President Wang is not welcome?”

Facing Lin Kai’s ridicule, Wang Kang waved his hand, gave a wry smile, and quickly said: “What are you talking about, how could you not be welcome?”

“Then what’s the matter with you?”

### **Chapter 1286: Company Give Me**

“Oh, it’s hard to say.”

Wang Kang gave a wry smile, his face a little ugly.

Looking at Lin Kai, he didn’t know what to say, and he really didn’t want to speak.

This is really shameful.

Thinking about his Wang family, he is also a first- and second-rate family in the East China Sea.

He was still thinking about how to solve this matter as soon as possible, but Lin Kai came here unexpectedly.

He didn’t think about it at first, but finally gave up.

Because he felt that Lin Kai’s favor was not good enough.

Otherwise, it is not that simple to want to pay it back.

“Mr. Lin, there is still something on my side. Can you wait for a while?”

Why did he say that he didn’t want Lin Kai to run into that person.

If Lin Kai ran into this, coupled with that person’s temper, something might happen.

“of course can.”

Since Wang Kang was unwilling to say it, Lin Kai would naturally not be nosy to ask anything.

As soon as he brought Lin Kai upstairs, the butler downstairs said who was here.

Regardless of what to say to Lin Kaiduo, Wang Kang went downstairs anxiously.

Speaking of this, it was their Wang family’s carelessness.

Although it is a top family, it is inevitable that there will be a time when the capital cannot be turned around.

It happened that the other party grasped this emptiness, and Union Bank put pressure on it together.

There is no way to borrow money, and some people and friends in the circle cannot ask them to borrow.

The people in this mall are better than ghosts.

Maybe I was telling you last second, don’t be afraid, good buddies, I am here.

In the next second, you can directly unite with other people without blushing and heartbeat, and give him a knife.

I will tell you with a smile afterwards, I didn't mean it, don't mind.

Thinking of these awful things, Wang Kang's face looked ugly and ugly.

However, after seeing the incoming person, he managed to squeeze a smile: "Master Shao, you are here."

If Lin Kai saw this person, he would definitely recognize it.

When he first arrived, he directly abolished his two men.

Wang Kang looked at Shao Xin in front of him, his heart was full of disgust, but he couldn't express it yet, and he was uncomfortable.

Seeing Wang Kang who was smiling and like an old chrysanthemum, Shao Xin's eyes were full of disdain.

Think about what his father should say, Wang Kang is a person, don't push him too hard, be careful to jump over the wall.

But now?

I've done it this way, and I haven't seen any overreaction from him.

Flatter yourself respectfully every time.

Shao Xin glanced at Wang Kang, without the slightest courtesy of being a junior, he just pushed him away.

Looking at his back, Wang Kang's face is like a palette.

When he arrived in the house, Shaoyang didn't talk nonsense and threw the contract directly to Wang Kang: "Look, there is no problem, just sign it."

Looking at Shao Xin with Erlang's legs tilted, Wang Kang couldn't say a word.

After reading the contents of the contract with one glance and three lines, Wang Kang threw the contract on the table fiercely, and asked loudly: "What do you mean by Shao? Two billion? How about sending a beggar?"

"And why do you think I will sell the company to you?"

...

Wang Kang said a lot, and he was mad at him.

Their Shao family is really deceiving people too much.

They put pressure on the banks to stop them from lending money.

Now obviously there is no deadline for payment, so I started to urge the final payment.

Whatever deadlines are mentioned, compensation will be made in accordance with the contract if not.

Their Shao family is also really good at doing tricks on the contract.

He couldn't put out 1.5 billion for a while, and he didn't even give a fundraising time. It was really a good calculation.

Looking at the resentful Wang Kang, Shao Xin didn't feel the slightest, his gaze was like looking at a reptile: "Either make money or sell the company."

"Besides these two, do you think you have other options?"

Wang Kang looked at Shao Xin aggrievedly. He really didn't expect that he had been in the mall for half his life, and when he came to the end, he was calculated by a junior.

"Stay on the sidelines for doing things, so you can see each other later. I advise you not to do things too much."

Wang Kang kindly persuades him. It's not that he can't get the money, but he just doesn't want to owe that favor.

"You have no choice."

"Why doesn't he have a choice?"

Lin Kai's voice made the two people downstairs stunned, and they looked up at him.

Originally, he thought there was something wrong with Wang Kang and it was not convenient for him to know.

I didn't expect it to be like this.

No wonder he was unwilling to speak, and it was indeed embarrassing to be forced into the city by a junior.

"What are you talking about?"

Shao Xin didn't even give Lin Kai a look, as if he didn't exist.

"is it?"

Lin Kai looked at him with a smile, and directly handed Wang Kang a card: "The money in it, just use it whatever you want."

Looking at the black card that Lin Kai handed over, Wang Kang hesitated for a while before reaching out and taking it.

It's better to owe favors than the company is gone.

Shao Xin stared at Lin Kai, wishing to kill him.

It's really a narrow road. I didn't expect them to meet again today.

Thinking of the previous humiliation, Shao Xin wanted to kill him.

When have you ever been treated like this?

“You two know each other?”

Wang Kang was a little surprised, but thinking about the personalities of these two people is not so strange.

“President Wang is really amazing, and he even knows this kind of waste.”

Shao Xin looked at him disdainfully and said, “Do you think he looks like a man with so much money?”

“It’s just a poor boy, what big-tailed wolf is here?”

“I’m telling you who are acquainted, get out immediately, don’t let labor and capital do it!”

For Lin Kai, Shao Xin was really angry.

The whole person felt embarrassed and angry at the thought of what happened at that time.

“Why can’t I take it out?”

Facing Shao Xin’s doubts, Lin Kai didn’t want to explain at all.

Wang Kang knew who he was, and naturally knew whether he could believe in himself.

“Master Shao, please leave first. As for the balance, it will be given to you tomorrow at the latest.”

“It’s late!” Shao Xin stared at Wang Kang. He was so angry that the duck he got was going to fly so \*\*\*\* fast. How could he not be angry?

“I remember the date that Young Master Shao told me. It’s Friday, right? There are three days left. Why is it late?”

Looking at Wang Kang who was smiling, Shao Xin was really angry.

“You wait for me!”

Shao Xin left this sentence coldly and turned around.

Let go of them today, and they will suffer.

He hasn’t been treated like this before, how could he easily let them go?

Looking at the background of Shao Xin’s departure, Wang Kang handed the black card to Lin Kai: “Mr. Lin, thank you for this matter, but you can take this card back.”

There are still three days, plus the sale of some things, and asking questions can make up enough.

“Do you think you can make up so much in three days?”

“Ugh.”

Wang Kang sighed, as if he was a teenager suddenly old.

“I borrowed it from you, not for it.”

**Chapter 1287: Angry**

“Mr. Lin, you should take it back.”

Lin Kai naturally knew what Wang Kang was worried about.

I couldn't help but smiled and said: “You just treat me as a loan shark, how about you repay me 100 million more? There is no need for you to owe favors.”

Lin Kai looked at him with a smile, but actually he didn't need to lend money to Wang Kang.

Just thinking about the cooperation between the two before, plus the use of it in the future, just to help.

Wang Kang also knew that Lin Kai did it deliberately, so he said it just to reassure himself.

Looking at the black card in his hand, Wang Kang sighed and said: “I will remember this favor, and I will pay you two hundred million in return.”

“A word is a deal.”

Seeing this, Wang Kang was not eager to postpone it, and agreed.

“In the end what happened?”

Seeing Lin Kai's question, Wang Kang sighed, his expression a little decadent.

After listening to our ins and outs, even Lin Kai had to admire Shao Xin's courage.

Faced with a long-standing aristocratic family like the Wang family, they can all start so cruelly, showing enough cruelty.

In fact, Lin Kai is also a little curious. Why can't the Wang family get such a small amount of money since they have been in the East China Sea for so long?

Hearing Lin Kai's doubts, Wang Kang sighed and said: “This matter is a long story. I was calculated by someone working together.”

It turns out that he borrowed a lot of money to his brother-in-law a month ago.

Half a month ago, he also repaid himself tens of millions.

Thinking that it was his own family, he felt a little more relieved.

But who Cheng thought of the repayment date, his brother-in-law couldn't see anyone.

And Shao Xin and the others came here specifically to ask for money. It can be said that they caught him by surprise.

One billion and two billion is not a small number, and it is naturally impossible to get it easily at a time.

If not

Lin Kai helped him, this time he was probably bleeding heavily.

“There are indeed some means.”

I have to say that Shao Xin's trick is indeed possible.

Wang Kang did not lose injustice.

Unwilling to talk more about his family's affairs, Wang Kang asked, "Is there anything important for you to come here today?"

"I wanted you to participate in a project, but now it doesn't seem to work."

I thought about this idea seriously, and discussed it with He Zhishan and Li Chengjia.

The cave is not so easy to develop, and it is not so easy just because the two of them want to eat it.

That's why he thought of Wang Kang, thinking of sharing a cup of pie together.

"Thank you for your kindness."

Wang Kang's tone was a little lost. Naturally, he wanted to come up with projects that would make Lin Kai speak in person.

This time it seems that I don't have this blessing anymore.

Since Wang Kang couldn't participate, Lin Kai stopped talking nonsense and left straight away.

They couldn't help it, and Lin Kai thought that it was not impossible to buy shares by himself.

But he didn't have any leisure time to deal with these matters.

After leaving Wang's house, he ran into Shao Xin who had been waiting for a long time.

"Trouble, give way."

Lin Kai looked at Shao Xin as if he didn't know him.

This attitude made Shao Xin very angry, feeling like a clown.

"Lin Kai, stop for me!"

Shao Xin directly stood in front of Lin Kai, staring at him intently.

Looking at the harmless Lin Kai in front of him, Shao Xin really couldn't connect him with that cruel man.

However, Shao knew in confidence that the more such a person, the more ruthless he would get started.

"Is there a problem?"

"you do not know me?"

"Why should I know you?"

Looking at the expression on Lin Kai's face, Shao Xin felt for a moment whether this was a person who looked like Lin Kaichang.

But he quickly rejected this conclusion.

Because Lin Kai looked at him with a smile.

Shao Xin only felt uncomfortable being stared at by him.

Shao Xin didn't intend to continue talking nonsense with Lin Kai, and directly threatened: "I advise you to stop being nosy, or else you won't know how you died then."

For the Wang family, he is bound to win, who knows \*\*\*\* such a Cheng Yaojin halfway.

But he is not afraid, as long as it is his own thing, it is impossible not to get it.

"Really?" Lin chuckled at his threat and didn't say much.

He feels that this kind of person is always like this, looking high down, overlooking the world.

It's ridiculous to always think about what I said.

"What do you mean?" Shao Xin always felt that Lin Kai just looked down on himself and was furious.

"I don't mean anything, you'd better not get in the way."

How can Shao feel comfortable after being treated for nothing?

"Believe it or not, I killed you?"

Looking at Shao Xin with a gloomy face, Lin Kai laughed in a low voice.

The crisp sound, like a clear spring hitting a rock, is eye-catching.

"I'm waiting for someone."

He waited for Shao Xin to kill himself. He was just a rich second generation. He really thought he was a human being?

It's ridiculous.

Seeing Lin Kai leaving so long, Shao Xin slammed into the car, smashing a big hole.

The alarm system is constantly ringing.

Knowing that Lin Kai walked a long distance away, he could still hear Shao Xin's curse.

"Sir, someone wants to attack Li Cheng's family."

Yinshen's voice on the phone was a bit unpleasant, but it always made him feel that something was wrong.

Although Yinshen was so anxious, Lin Kai still felt his voice tremble slightly.

Even if something serious happened, he wouldn't be like this. It doesn't make sense.

But he decided to go and take a look,

But it may have taken a lot of time in the past, let alone such a complicated road. Who knows what will happen then?

"You wait."

After leaving these few words, Lin Kai directly lost the car and hurried to Li's house.

Although I'm not sure what's going on, I'm better when I arrive than I haven't, and I can be sure of what happened.

"I have something else, please let me." Lin Kai pushed Shao Xin away and walked away.

Looking at Lin Kai's back, Shao Xin always felt that he did this deliberately, just to \*\*\*\* himself off.

"You \*\*\*\* wait for me!" Shao Xin stared at Lin Kai's back fiercely.

I still don't believe it, can't heal such a waste?

Miss Shao Xin, when did he suffer?

Especially what happened today, it can be said that the duck with its mouth actually flew.

The more I thought about Shao Xin's heart, the more uncomfortable he felt. For a while, I couldn't do anything to him.

When he was about to get in the car and leave, he suddenly stopped.

Because he thought of one thing, how could Lin Kai have such a black card?

The more I thought about Shao Xin, the more I felt that something was wrong, and he drove to Wang's house without looking back.

But Lin Kai arrived at Li's house not long after, but he didn't alarm anyone, and sneaked in quietly.

Because he wanted to see what happened.

### **Chapter 1288: Deceive**

The whole Li family was silent, as usual, there was nothing special at all.

Thinking of what Yinshen said before, Lin Kai felt more and more wrong.

He thinks it is better to find the hidden \*\*\*\* as soon as possible, so that the puzzle can be solved.

It's just that the Li family of Nuo Da was searched from beginning to end, but he was not found.

"What exactly is going on?"

Lin Kai muttered to himself, always feeling that something was wrong.

When he was puzzled, the phone rang again, watching the flashing name on the screen, he was taken aback for a while before picking it up.

"Lin Kai, where have you been? Do you know something happened, you are coming here soon."

Before Lin Kai could speak, the phone was hung up, and then an address was sent over on the phone.

This made Lin Kai feel that something was wrong, even though his voice was still a hidden voice.

But the feeling for Lin Kai was completely different. Besides, Yinshen would never call his own name unless there was really no other way.

“I’m going to see what tricks I play.”

He now feels more and more interesting. Who is so brave enough to do this kind of thing?

I hope that after being caught by myself, it’s too miserable not to die.

This time Lin Kai was not so anxious, so he rented a car on the roadside and hurried over slowly.

It was his carelessness before, even if something serious happened, Yinshen would not panic like that.

He would definitely take Li Cheng’s family to hide, and seek his own help later.

But now that it is useless to say more, he still wants to know the ins and outs of this matter.

After he reached the position that the person sent him, he did not contact him.

The driver looked at the place and said, “Young man, it’s not that I said you, or you are a man. Don’t come to this kind of place lightly. It’s easy to get into trouble.

In Lin Kai’s suspicious eyes, the driver approached him and whispered, “There are several men and women who have had trouble here. Some have been strengthened, and others have been rounded. Even men are no exception. ...”

After listening to the driver, Lin Kai smiled and thanked him.

The driver looked like a warm-hearted person: “If you have anything, just call me.”

He was silent for a while and said, “I will be able to call the police if I can’t come over then.”

“Okay, thank you.”

After the driver left, Lin Kai moved quickly to inspect the place inside and out.

Sure enough, I found a person who was very similar to the Yinshen, and another person lying on the ground, face down, who should be from Li Cheng’s family, was tied here.

Looking at the two people, Lin Kai’s mouth overflowed with a sneer, thinking that they were really taking great pains.

Although they look exactly the same as the Yinshen and Li Chengjia.

But Lin Kai is 100% sure, these two are not them.

Even though they have tried their best to imitate, it’s just too much bad stuff.

It’s just the murderous aura on the hidden god, they simply can’t have it.

It came out of the sea of blood in the corpse mountain, and it was only possessed by the constant killing and expedition.

Are they worthy?

Where does the people behind the scenes have this strength, let them kill and set fire.

Even if he did so, he also set fire to himself.

The people on the ground lay for a long time, but Lin Kai did not appear for a long time.

A person came out and said to him: "Keep on calling until he comes."

Sure enough, Lin Kai's phone rang in less than a minute.

Seeing the man on the ground pressing his throat and pretending to be a hidden god, Lin Kai wanted to laugh.

Upon hearing his question, Lin Kai deliberately said solemnly: "I have arrived, where are you?"

His words undoubtedly shocked several people on the scene.

The person pretending to be a hidden \*\*\*\* was taken aback, and quickly replied: "Come to the center, we are here."

"Why are you here?"

Facing Lin Kai's question, the false hidden \*\*\*\* was just one sentence in the east, one sentence in the west, and he couldn't say one, two, three.

Too lazy to continue teasing them, he hung up the phone and Lin Kai deliberately spared the way before coming over.

Seeing him coming, the Li Cheng family on the ground struggled more violently, humming constantly in his mouth to say something.

Seeing him like this, the false hidden \*\*\*\* on the side was too anxious, and quickly pressed him and his followers underneath his body.

Seeing their weird appearance, Lin Xinli felt more and more ridiculous.

As soon as he walked over, he felt that he had been hit \*\*\*\* the back of the neck by something.

Although he didn't feel anything, it was like tickling, but in order to know what they were doing, he pretended to pass out.

With a "plop," had it not been for Lin Kai's intentional restraint, the entire ground might have been smashed into a big hole.

After he fainted, the false hidden \*\*\*\* stood up with a disdainful tone: "I thought it was so powerful, but I didn't expect it to be a fool."

"But it's also your eldest brother. You know that I can't do this alone, so I specifically found Li Cheng's family."

Lin Xinli "cocked", Li Cheng's family is really here?

Is that hidden?

He couldn't wait to grab them on the spot and ask the whereabouts of the hidden god.

But he was patient and motioned to himself not to worry.

Listening to their conversation, Lin Kai could understand what was going on.

It turned out that the Shao family was not satisfied that the Li family had taken the land, so Shao Xin sent someone to the Li family to make trouble.

It happened that someone broke into Li Cheng's room, and he was also a master, for a while, Yinshen could not get out.

He thought about how Li Cheng's family was here, so he had to be distracted and taken care of.

Unexpectedly, not long after he left, Li Cheng's family was arrested here.

Listening to their plan, Lin laughed, because his plan was doomed to fail.

"You said that person is really that powerful? Can he go to heaven and earth?"

"Who knows, it looks great."

...

Listening to the lack of nutrition between the two, Lin Kai didn't intend to continue wasting time. He just got up and knocked them out by looking at their angry look.

"how do you feel?"

Looking at Lin Kai, Li Chengjia was stunned for a moment, and said anxiously: "Go and save the hidden god, I'm afraid he will have an accident."

Li Cheng's family also understood that Yinshen was targeted because of his own business.

Just know that stealth is great, but the opponent is not much weaker than him, so he is so anxious.

"Where did they go?"

"I don't know," Li Chengjia said with some annoyance: "I can go with you, what can I call you."

I can only do this now.

Soon they were at the place where his Li Cheng family saw the Yinshen for the last time.

As a result, I heard a sound not far away as soon as I got here.

Because he was afraid of spreading to Li Cheng's family, he found a hidden place for him, so Lin Kai went to watch their battle openly.

"Hand over Li Cheng's family!"

## **Chapter 1289: Sky High Compensation**

"Why?"

The man stared at Lin Kai with a bright smile, which was very different from Yinshen's expression.

"Don't force me to do it!"

Facing the threat of the hidden god, the man shrank, looked at the bleeding arm, and gave Hei Tan a face.

Yinshen did not continue to talk nonsense with him, thinking that he was delaying time.

Time is the greatest sorrow in this world.

Seeing Yinshen's smile, Lin Kai rushed out.

The man who was going to do it, felt the strong fluctuations suddenly coming from behind his body, and he was taken aback for a moment, and couldn't understand what was going on.

Just when he was so stunned, Yinshen slapped his chest with a palm, and he flew out directly.

Without waiting for him to do anything, he let go of this strength and was caught by Lin Kai behind.

"Sir, why are you here?"

Yin Shen looked at Lin Kai in surprise, and after seeing the man in his hands, his expression was lost and a little proud.

What he lost was that he didn't solve that person by himself.

The proud one is that my husband caught him right away.

I have to say that Lin Kai after promotion is really too strong.

Suddenly Yinshen said anxiously: "Sir, I'll go see what's wrong with Patriarch Li."

"Before I was led away, and it was easy to get him into trouble."

"Thinking about the safety of the Li family, I didn't take him."

Speaking of Yinshen's voice getting lower and lower, it sounded some grievances.

"He has been rescued by me."

In a word, Yinshen felt more and more self-blaming. If only he was stronger, he wouldn't be so passive, and he would harm Li Cheng's family.

Li Cheng's family on the side heard him say this, and hurriedly said: "I am not careful, and it is also the failure of Li's guard."

In fact, the Li family has done a very good job, but in the face of master-level masters, what do you let a group of ordinary people do?

"Sir, I didn't expect the Shao family to have such a master."

Yinshen soon figured out the ins and outs of this matter.

It's just that the Shao family is not satisfied.

But it is precisely because of this that Li Cheng's family is a blessing in disguise.

Knowing that this hidden evil exists.

He felt that he had to prepare his hole cards, otherwise it would be bad if something happened at that time.

"I know."

For the Shao family, Lin Kai has no plans yet.

But they have all come to the door, and if they don't do it, they will look like they are very bullied.

After thinking about it, Lin Kai still looked at the Grand Master in his hand.

"You...how do you do it?"

A master of the dignified grandmaster level, when the man faced Lin Kai, he had no prospects, he almost knelt down and apologized.

"Shame."

Although he is afraid of Lin Kai, why is it always impossible for a player of the same master level?

Sure enough, when Yinshen asked, the man's expression changed instantly.

"What do you mean, if you have the ability, you let me go and singled out!"

The grandmaster struggled violently, and Lin Kai slapped down and fainted directly.

If this were replaced by ordinary people, it would be excusable.

But being a master master, people feel that Lin Kai is more and more terrifying.

"Noisy."

The things that should be there are already there, and the next thing is to ask the teacher.

"I will take care of this."

Li Chengjia clenched his fists tightly, what a Shao family, really bold.

For a piece of land, even this kind of thing is done, it's really getting worse.

Looking at the angry Li Cheng's family, Lin Kai didn't talk nonsense, and directly took them to the Shao's family.

Li Cheng's family kept calling people along the way, and when he arrived at the Shao's family, he had returned to his usual appearance.

Patriarch Shao still had some doubts about Li Cheng's sudden visit.

Looking at the few people who were dragged by Lin Kai, they said suspiciously: "Getting married, what's going on? My Shao family, why did you get into your hands?"

Shao Guang looked at Li Cheng's family with some doubts. He didn't know anything about what Shao Xin did.

Even if he knew, he couldn't say it, otherwise the Shao family would be over.

"Why did it get into my hands?"

Li Chengjia sneered and didn't believe a word of Shao Guang's words.

They are all people who have been floating and sinking in the mall for decades, and they know all the twists and turns in their hearts. What big tail wolf is installed here?

"It's ridiculous."

Li Chengjia sat on the main seat and looked at Shao Guang blankly.

The aura that belonged to the superior person swept the entire hall, and everyone under pressure could not breathe.

Even Shao Guang felt that his chest was a little stuffy, and his whole face looked ugly.

This is the site of their Shao family. It is a shame for an outsider from Li Cheng family to do this here.

It was because of the few people in his hands that he was not passive now.

I can't wait to scold Shao Xin fiercely, and I don't need to think about it to know what's going on.

If you don't get caught, it's fine, but people get stolen goods.

How do you let him speak? How to defend?

Now Shao Guang's only hope is that Li Cheng's family will not take advantage of the topic and will not speak loudly because of this.

Although the Shao family is no worse than the Li family, the Shao family is not the long-standing behemoth like the Li family.

If it is really right, it must be their Shao family who suffered.

Seeing that Li Cheng's family had a somber face and did not speak, Shao Guang took the initiative to speak: "Getting married, how do you say we are friends who have worked together for many years, how do you want to solve this matter?"

"How do I want to solve it?" Li Chengjia sneered, "It doesn't depend on what kind of explanation you want to give me."

The Li Cheng family did it deliberately. If he had spoken first, and the incident spread out, wouldn't it be their Li family deceiving others?

Even if it is reasonable, then those aristocratic families will feel that the Li family takes themselves seriously.

So he asked Shao Guang to speak, and then everyone would only feel that the Shao family was wrong, otherwise how could he say such a thing?

“This incident is indeed our fault. In this way, we will give 10% of the shares of the terminal to the Li family, plus three flagship jewelry stores.”

Seeing that Li Chengjia’s face was still ugly, Shao Guang felt painful for a while.

But I had to continue to speak: “Everything in the Li family industry in the future, whether it is a shopping mall or a hotel in my Shao family, whether it is a shopping mall or a hotel, hold any event or move in, all will be 30% off.”

Not to mention anything else, even if 10% of the shares of the wharf were given to the Li family, the Shao family was bleeding.

Don’t underestimate this share. If the Feng family doesn’t say 10%, it is 5%, then the Shao family can be successfully squeezed out.

After speaking, Shao Guang looked at Li Chengjia and said, “What do you think of this compensation?”

“Isn’t it all you say?”

In Li Chengjia’s words, Shao Guang’s face was as black as Coal, angry.

#### **Chapter 1290: Mute Eats Coptis**

“Your words are serious, and naturally they will satisfy you.”

It stands to reason that it is also a first-class family, and the Shao family does not need to be like this to the Li family.

But who made the news come out recently that Mr. He intends to marry his only daughter to Young Master Li.

You know that Mr. He has been separated from this woman for more than 20 years, and now it can be said that he is like an eyeball.

Mr. He who is that?

It can be said that it is the only one in Donghai, and no one can provoke him.

Before, he had deliberately let his two sons contact He Weiya, but the effect was minimal.

Before, he thought that it was mostly because of Mr. He.

After all, as soon as my daughter came back, someone wanted to abduct her, so it was naturally uncomfortable.

In order not to offend Mr. He, he did not continue.

But what caught him off guard, it took a long time for such news to come out.

If the Li family really did this, Mr. He would have spoken.

Of course, it is not ruled out that other families did it in order to worsen the relationship between the two families.

But after so long, Mr. He did not come out to speak.

By this time, everyone is not a fool, and naturally knows it well.

He was willing to come to Mr. He.

No wonder how many people dream of marrying a big family like the Li family.

With a sigh, Shao Guang knew that this was over today.

“When you get married, the Ming people don’t talk secretly, I think the Shao family is already very sincere.”

“Very sincere?”

Li Cheng’s family patted the table and said angrily: “I really have the sincerity to send someone to arrest me and want my life? When I don’t know what your plan is?”

“My Li Cheng family’s life, and the entire Li family is worth such a thing?”

Speaking of Li Chengjia couldn’t help but laugh, this Shao family really made a good calculation.

If things are revealed, just pay for something to send.

But what if he was not rescued by Lin Kai?

In the whole Li family, there was no leader in the group of dragons, and the people below naturally used various methods to fight for rights.

At that time, no matter who it is, they can take advantage of the fire and share a slice of their Li family.

At that time, could the Li family still exist?

They have already divided it up!

Seeing Li Chengjia’s gaze, Shao Guang looked away.

They are all people on the same side, everyone knows well.

With a sigh, Shao Guang knew that there was no major bleeding this time, and there was no way to solve the matter.

Immediately, he didn’t talk nonsense, and listed a lot of things directly, just to make Li Cheng’s family calm.

After speaking, Shao Guang barely squeezed a smile on his face: “Are you satisfied with this result?”

“Are you satisfied?”

To be honest, Li Cheng’s family is quite acceptable to this result.

It’s just that when he thought that he almost lost his life, the Li family might fall apart as a result, and he felt uncomfortable.

But he can’t be too greedy as a human being. This has already reached Shao Guang’s bottom line.

If you continue to squeeze it, the family will be unsightly.

For this reason, he deliberately put on an unhappy look: "Looking at the relationship between our two families, this matter will do as you say."

Seeing that Li Cheng's pair was acting like a good bargain, Shao Guang couldn't wait to slap him twice.

He was really an old fox, he was so irritating even though he took advantage.

"Shao Guang, we are also old friends. It's not that I said you. Your son should take care of it, otherwise you will regret it if something really happens then."

Knowing that Li Cheng's family is borrowing from this matter, he can use the topic to make use of it, but he can't do much.

"Don't worry, you are worried, I will strictly discipline."

When the benefits are in hand, Li Chengjia will naturally not continue to talk nonsense with him, glanced at Lin Kai and prepared to leave.

"what are you doing?"

Shao Guang watched Lin Kai directly break the arms of the two people, and his anger stopped.

"What are you doing? To treat my Shao family like this in front of me?"

Shao Guang, who was already suffocating, was stimulated by Lin Kai again, and his whole body was about to explode.

"Don't think you are the Li family, you can do whatever you want."

Looking at Shao Guang's raised hand, Lin Kai grabbed him before he could hit it.

"I'm so sorry, I am not from the Li family."

Lin Kai let go of his hand and said with a smile: "If your son asks me for something again, don't blame me for being rude."

"What do you mean?"

How could Shao Guang not be angry when threatened by such an unknown person?

Do you really think that if you come with Li Cheng's family, you will get used to him?

I don't see what I am.

Didn't you see that Li Cheng's family was standing on the side, didn't you mean to pay attention to him?

It's really a thing that can't figure out his identity.

"What do you think of me?"

Lin Kai stared at him indifferently: "Take care of your son, don't be conceited."

"You \*\*\*\* want to die."

Speaking of Shao Guang, he was ready to do it. Li Chengjia stood aside, without any intention of interfering.

“Who is looking for death?”

Lin Kai kicked Shao Guang out directly, and left without looking back.

He lay on the ground and did not get up for a long time.

Looking at the side, Li Chengjia couldn't help but complain: “Getting married, what do you mean? That's how you treated me?”

“I've paid you compensation, your bodyguard is so arrogant?”

“You must give him to me, or don't blame me Shao Guang for not giving you face.”

“If there is a quarrel, neither of us will look good.”

“He is not from my Li family.”

Li Cheng's family looked at him, and for the sake of paying a lot of things, he rarely reminded him: “You better not provoke him, otherwise you don't know how you will die then.”

“Don't blame me for not reminding you.”

After talking about Li Cheng's family, he left.

Looking at their backs, all the porcelain in the living room suffered.

In less than five minutes, it became a piece of debris.

“You wait for me!”

He felt that Li Chengjia said this deliberately, in order to make himself cast a rat.

It's ridiculous.

“Immediately ask someone to check the news of that man, I will make him pay.”

Shao Xin received the notification from the housekeeper, and when he hurried back, he saw his father standing among the wolves, with an expression of anger on his face.

“Dad, what's wrong with you?”

“What a good thing you did!”

Shao Guang directly slapped Shao Xin with a slap, and fell directly on the chair beside him. If it weren't for the help of the housekeeper, he would be lying on the debris on the floor.

“Dad, what's the matter with you?” Shao Xin covered his face and looked at Shao Guang, not knowing what he had done wrong.

The housekeeper on the side saw them doing this, and quickly persuaded him: “Patriarch, Master is also doing well for our Shao family, so don't be angry.”

“How can I not be angry?”

When Shao Guang looked at Shao Xin, he thought of those things, and his entire popularity felt painful.
