

Special Forces 1951

Chapter 1951

Old Li vigorously shook his head and kept banging against “Bai Xue”.

Between the two, the burst of vigor caused the surrounding crowd to retreat continuously.

Their faces were shocked and even shocked, and they never thought that Qian Lian'er would be strong, and this girl would be even stronger.

In the battle with Lao Li, the girl not only did not fall under the wind, but had the upper hand.

This magical flying sword attack hit Old Li with only resistance.

“Is this also an ancient martial art? How come I have never seen it before?”

A middle-aged man who had a keen interest in Gu Wu had a trace of doubt in his eyes.

He knows the ancient martial arts of China very well, but he has never seen the flying sword technique like Lin Xueer.

Moreover, he could feel that the energy radiated by Lin Xueer was actually very advanced, much higher than the quality of the energy in the ancient martial artist.

“Where did these two women come from? Why are one better than the other?”

All people couldn't figure it out, couldn't understand that the person who was supposed to be a fragile girl made the Grand Master so embarrassed.

Qian Lian'er was also very surprised, but she knew that when she met last time, Lin Xue'er was just an ordinary mortal.

It's been a long time since I saw it, has Lin Xueer actually become a master who can fight against Grand Master?

Is this a cultivator?

There was a trace of envy in Qian Lian'er's eyes, the immortal cultivator was really incomparable to the ancient martial artist.

However, she thought that Lin Kai would also teach her to cultivate immortals, and her mood immediately improved a lot.

Lin Xueer attacked while absorbing the spiritual energy of heaven and earth, so that the spiritual power in her body had been kept full.

Of course, only an immortal cultivator like her with unparalleled qualifications can absorb aura while fighting.

If it were an ordinary immortal cultivator during the foundation-building period, he controlled the flying sword to attack several times, I am afraid that his spiritual power would disappear, and he could only be called a lamb to be slaughtered.

After Li Laozai confronted Fei Jian several times, his expression also calmed down.

He found that the attack power of this flying sword was indeed very tyrannical, even he couldn't hold it.

If you do it all at once, you have to get a hole in it.

However, Lao Li also discovered Feijian's weakness.

That is, Feijian's attack is very single. As long as Feijian is blasted away with his fist, Feijian cannot injure himself.

Lin Xueer also noticed this, and her expression became a little anxious.

But, after all, the time she spent cultivating immortals was too short, and Lin Kai hadn't handed her flying sword moves.

She would only direct Feijian to keep poking and slashing.

Because of this, Old Li could calmly fly the flying sword flying in front of him.

'Can't continue.'

Old Li felt that Lin Xueer's vigor was still sufficient, and the attack could not be over for a while.

A fierce light flashed in his eyes, and he stepped directly on the ground, and instantly disappeared in place, appearing in front of Lin Xueer.

Lin Xue'er was taken aback, hurriedly opened her mouth and threw up again. A small silver-white shield swelled in the wind and stood in front of her.

"when"

Old Li's fist hit the small shield fiercely, and ripples spread in all directions.

A strong counter-shock force caused Li Lao to fall out embarrassedly.

He rolled several times in a row and quickly took a defensive posture and looked towards the sky.

Fortunately, Lin Xueer forgot to command Feijian because of her panic.

"Huh, it's okay. The girl's combat experience is too bad, otherwise I will be dead if I use the flying sword to take advantage of me at this time."

Old Li was sweating all over, feeling like he was escaping from death.

At this moment, Lin Kai couldn't help but said, "Xue'er, when this old man was back shocked just now, you should poke him with a flying sword."

Lin Xueer curled her lips and said aggrievedly: "I have forgotten it!"

Everyone looked at the silver shield in front of Lin Xueer, and the corners of their mouths kept twitching.

What is it this time, what is the origin of this girl, and her moves are too strange.

Lin Xueer let out a sigh of relief, remembering the day she pestered Lin Kai.

Lin Xueer fiddled with her fingers and said whimsically, "Brother Lin Kai, can I beat Grandmaster to the water?"

Lin Kai sneered, and said lightly: "You think too much, you are the one who was beaten."

Lin Xueer narrowed her mouth and said unwillingly: "Then what should I do? I can only get beaten."

Lin Kai thought for a while, and the brilliance in his hand flashed, and a snow-white small sword the size of a jujube and a silver-white shield of the same size appeared.

Lin Kai said lightly: "This is a magic weapon that the system rewards me. It's not very useful for me. I'll give it to you."

"What system?" Lin Xueer looked dumbfounded.

However, she didn't entangle this question, but pointed at the sword and shield and almost laughed out loud.

"Brother Lin Kai, they are really good-looking. They are just right for my mobile phone ornaments."

Lin Kai smiled slightly and poured spiritual power into them.

With only a sound of 'hum', the two rose up against the wind and became bigger.

Under Lin Kai's command, the long sword was constantly hovering in the air, flying up and down.

The shield wrapped around Lin Kai's body, bursting with aura of body protection, enveloping him.

"Wow, it's amazing."

When Lin Xueer saw this scene, there were stars in her eyes.

Lin Kai said lightly: "This sword is called 'Bai Xue' and it is a spiritual weapon. It is a special weapon for immortal cultivators. This shield is a 'earth spirit shield' and it is also a spiritual weapon, which can defend against any grandmaster's attack."

Lin Kai smiled and said, "Now I give them to you, do you want it?"

"Yeah, thank you, Brother Lin Kai."

Lin Xueer jumped up happily, put her arms around Lin Kai's neck, and kissed him \*\*\*\* the cheek.

Lin Kaichong smiled and said softly: "I will teach you to refine them now."

Lin Xueer was a little distracted suddenly, and she couldn't help kissing Lin Kai that day.

That feeling made her very addicted, and she wanted to be with Brother Lin Kai forever.

Old Li turned into an afterimage, constantly appearing around Lin Xueer, attacking her in all directions.

However, the Earth Spirit Shield slowly rotated, easily resisting Lao Li's attack.

At this time, Old Li's mentality completely collapsed, and he couldn't help Lin Xueer at all.

Old Li turned his head slightly, looked at Qian Lian'er with fierce eyes, and became murderous.

Since you can't kill Lin Xueer, then kill Qian Lian'er.

"kill!"

Old Li's eyes turned red, and under the successive blows, he was now enchanted.

He attacked Qian Lian'er without warning.

"Ah, pity!"

Lin Xueer was still proud, but she didn't expect Lao Li to act like this and attack Qian Lian'er.

Now, she couldn't react at all, unable to save Qian Lian'er.

Although Qian Lian'er had been wary of Old Li, her injury was too serious.

When Old Li killed her, she forcibly used the power of the spell to stop Old Li's attack.

However, Lao Li exploded with energy, and directly shook the power of the spell.

In the next instant, his fist appeared in front of Qian Lian'er.

With blood dripping from the corners of Qian Lian'er's mouth, he gave up resistance.

Chapter 1952

Old Li's face was twisted, and he smiled grimly: "Are you ready to die?"

"Who do you want to die?"

Just when Old Li's fist hit Qian Lian'er, a figure in white suddenly appeared in front of him.

"Um?"

Old Li was slightly surprised, but didn't stop his attack, and slammed on this figure fiercely.

"boom"

Old Li's fist hit the man fiercely, but he didn't even move the corner of his clothes.

"how is this possible?"

Old Li was shocked and couldn't believe it.

Lin Kai looked down at Old Li, and said lightly, "You said, who do you want to die?"

Old Li's body was cold, and his head dazzled by the killing intent was completely awake.

His body moved backwards at a faster speed.

At the same time, a mouthful of blood spurted from his mouth, and the speed of his escape immediately doubled.

In the blink of an eye, he ran hundreds of meters away.

Lin Kai sneered slightly and stretched out his fingers.

“Master, wait a minute.”

Qian Lian'er suddenly stopped him.

“Um?”

Lin Kai stopped, looking at Qian Lian'er with some doubts.

Qian Lian'er looked calm and said softly: “This senior must put me to death because he is afraid of my revenge in the future. If this is the case, then I will fulfill him.”

Qian Lian'er looked at Lin Kai and begged, “Master, can you keep him alive? I want to take revenge myself.”

Lin Kai nodded and made a mark, before Li's horrified eyes fell on his body.

“Well, why is it all right?”

Old Li was a little bit puzzled, that mark did not have any lethality, it fell on his body, and disappeared.

Lao Li didn't have time to think about it, and quickly fled to the distance, and disappeared in a short while.

Lin Kai chuckled, “I can find him no matter where he goes to the ends of the world.”

With a flick of Lin Kai's finger, a pill appeared in Qian Lian'er's hand: “Take it.”

Qian Lian'er took the pill, did not rush to take it, but carefully observed it.

She certainly didn't suspect that Lin Kai wanted to harm her.

However, she is now entering the pharmaceutical industry, and she is subconsciously sensitive to these pills, and wants to study it.

She observed for a while, then smelled it again, and wrinkled her nose.

Lin Kai asked amusedly: “Did you find anything?”

Qian Lian'er blushed and said timidly: “I'm too stupid to see this pill at all.”

Lin Kai laughed and said lightly: “Come slowly, there will be opportunities in the future.”

This is a rejuvenating pill, which has the function of restoring qi and blood and nourishing the body.

“Uh-huh.”

Qian Lian'er stopped hesitating and swallowed the medicine.

The pill melts at the entrance, turning into a stream of heat flowing throughout the body.

The cracked internal organs in Qian Lian'er's body were quickly repaired, and her face quickly turned ruddy.

Seeing Qian Lian'er's expression improving, Lin Kai nodded in satisfaction.

This is the first time he has given a person a pill that he has refined. Obviously, the effect is very significant.

Qian Lian'er's eyes looked bright, and his expression was brighter than usual.

She beckoned, Qian Tong walked over with a complex expression.

Qian Lian'er had a calm expression and said lightly: "Uncle San, please come in."

She turned to look at Lin Kai and Lin Xue'er, and said with a soft smile: "Young Master, Sister Xue'er. Come in too."

Lin Kai smiled: "Of course, we pity our son has grown up today, but we must celebrate."

Lin Xue'er also smiled happily: "Yes, yes, sister Lian'er will be an adult in the future. But don't worry, I will protect you in the future."

Lin Kai glared at her: "You are ashamed to say, how did you protect Lian'er just now."

The corners of Lin Xue'er's mouth collapsed, and tears appeared in her eyes.

Lin Kai: "..."

Qian Lian'er quickly said softly, "Thanks to Sister Xue'er today, otherwise my injury will be more serious."

Upon hearing this, Lin Xue'er burst into tears and laughed, jumping towards the inside.

At the same time, she made a face at Lin Kai.

Lin Kai laughed and said that she was her older sister, who was obviously the younger sister who needed to be taken care of.

After the three people walked in with a smile, the onlookers dared to talk.

"Oh my God, this man is so strong."

"Yeah, I almost scared me to death. I even took a punch from the Grand Master, and my face didn't change a bit."

"This must be the Grand Master!"

"Yes, there are only two such young masters in Donghai."

They glanced at each other and thought of Lin Kai's identity.

"This man should be Lin Kai!"

"Yes, I said how familiar. He looks like Grand Master Lin Yuan from Leiyuan Group."

"Yes, it is rumored that these two are brothers."

"It's abnormal. The two brothers are so young, they are both great masters."

"Yes, the Lin family is really blessed!"

“Hmph, forget it. It’s rumored that Lin Kai and Lin Yuan have a big feud, and they will split life and death when they meet!”

“real or fake?”

“Of course it is true. I had a friend who went to the celebration banquet held by Leiyuan Group on the same day. The two almost fought.”

“That’s a shame.”

They sighed, not knowing whether it was really a pity, or they were relieved.

When Lin Kai led the way into Qian’s house, he saw dozens of ancient warriors in the courtyard.

They stood there respectfully, waiting for Lin Kai.

“Welcome to Grand Master Lin Kai.”

The ancient warriors headed by a young man clasped their fists and bowed to Lin Kai.

Lin Kai raised his eyebrows and said lightly: “Do you know me?”

The young man respectfully said: “Please let the great master atone for your sins. We didn’t know you were here until you scared Li Ming away.”

Lin Kai waved his hand and said calmly: “Today is for Lian’er’s birthday. You all relax, don’t be so polite.”

The young men looked at each other and let out a sigh of relief.

They are all heirs to powerful families in this city or neighboring cities.

At first, they planned to show up to save Qian Lian’er at a critical time.

In this way, you can win Qian Lian’er’s favor.

Unexpectedly, the development of the situation was beyond their expectations, and even the great master Lin Kai appeared in person.

After everyone was seated, Lin Kai glanced at them, and asked indifferently, “Who are you all?”

The young men were overjoyed and quickly got up to introduce themselves.

“Under Ouyang Peng, pay is different, high frame.”

None of them reported the family, because it made no difference to the Grand Master.

It’s enough for them to show up in front of the great master and give the name.

Even if the rumors go out, their family will take a high look at them, so that their position in the family will be stable.

Because no one knows whether the great master will appreciate a certain young talent.

If you let them miss the position of the family, wouldn’t they hit the great master in the face?

Lin Kai nodded and smiled faintly: "How are you princes."

The three of them shuddered, almost lying on the ground in shock.

Chapter 1953 Sea God Orb

They looked terrified, and said nervously, "Mr. Lin, you have broken us down."

Lin Kai smiled, raised his wine glass and said, "Today is here to wish Lian'er a birthday, so you don't have to be polite."

Ouyang Peng and others nodded quickly, raised their wine glasses and shook them to respect.

Lin opened up the wine glass, Qian Lian'er quickly poured another glass of wine for him.

Lin Kai chuckled, "Lian'er, today is your birthday party. It's no good that you have been waiting here for me. Go back to your seat."

Seeing what Lin Kai said was beyond doubt, Qian Lian'er reluctantly returned to the main position.

Ouyang Peng and the others looked at each other, and they all noticed the unusual relationship between Lin Kai and Qian Lian'er.

They sighed inwardly, it seemed that this time their plan could only die.

Now, if anyone dares to pursue Qian Lian'er, that is too long.

Of course, Sai Weng lost his horse and knew nothing. Although they couldn't pursue Qian Lian'er, they met Lin Kai, the great master.

If they seize this opportunity, they can achieve better goals this time.

Compared with a grandmaster of the present and a grandmaster of the future, which one is more important to distinguish between them.

The high frame is still a bit unwilling, after all, he believes that he and Lin Kai, the great master, will rarely meet in the future.

If you marry Qian Lian'er, it will be different, and he is a bit whimsical. If you marry Qian Lian'er, wouldn't it make the relationship between him and Grand Master Lin Kai closer?

Gao Jian gave a light cough, and plucked up the courage to ask: "Mr. Lin, I don't know what is the relationship between you and Patriarch Qian Lian'er? How did you meet?"

Gao Jie was afraid that Lin Kai would be angry, and quickly added: "Zai Xia is just curious. If Mr. Lin is inconvenient to say, then it would be rude to Xia Xia."

But Lin Kai was very talkative, but today he wished Qian Lian'er a birthday, which couldn't make her happy.

Lin Kai waved his hand and said with a chuckle: "It's okay. I accidentally rescued Lian'er. We are now very good friends."

Lin Xueer quickly put down the chicken feet in her hand, raised her hand and said, "There is still me, there is still me."

Lin Kai rubbed her head with a smile, and said with a smile, "You are my sister."

Lin Xueer wrinkled her Qiong nose, tilted her head to the side angrily, and said, "Let me be a child. One day I will be better than you, and I will protect you."

Lin Kai drank the wine in his hand, smiled and said, "Okay, I'll wait for this day."

The two laughed and cursed, making everyone look at each other, and they all felt the unusual relationship between the two.

Gao Jiao rolled his eyes and said secretly: "It seems that Mr. Lin and this girl are a couple, I still have a chance."

The eyes of the other two sons moved slightly, and they also felt bright. They did not miss a chance.

Qian Lian'er sat on the main seat, feeling dull inside, picked up the hip flask in front of him, and drank heavily.

After a while, she drank a pot of spirits.

Her face became ruddy, and her eyes became watery, as if it could drip.

The young men present looked faintly, attracted by Qian Lian'er's beauty, they seemed to be dumbfounded.

Lin Kai frowned and said, "Lian'er, you will get drunk if you drink this way!"

Qian Lian'er silently put down the hip flask in his hand and said softly, "Then I won't drink it."

She wanted to get drunk, but facing Lin Kai's voice, she couldn't help but listen to his words.

Lin Kai flipped his palm, and a gem appeared in his hand.

This is a azure blue gem, emitting a blue halo in the hall.

When it appeared on the scene, the air in the hall became moist.

They also seemed to hear the sound of the tide, as if they were on the beach now.

Everyone looked at the gem obsessively, and swallowed at the same time.

Especially Qian Lian'er, when the gems appeared, the blood in her body suddenly accelerated.

It made her body become slightly hot and dry, and the gem seemed to have a fatal attraction, which she wanted very much.

Lin Kai held this gem in his palm and gave a soft voice.

He also felt that this gem seemed to want to get out of his palm, and wanted to run towards Qian Lian'er.

Lin Kai was a little strange. This gem was named “Sea God Pearl” and it was also produced by the system.

Although it has such a resounding name, after Lin Kai carefully inspected it, he found that it was an ordinary spiritual weapon like the “Bai Xue Sword” and the “Earth Spirit Shield”.

Its capabilities are even far from the two.

The reason why Lin Kai took it out was because this gem was a spiritual weapon with water attributes.

And Qian Lian’er has a slightly impurity water spirit body, this gem definitely fits her very well.

However, after Lin Kai took out this gem, he discovered that this gem actually had a faint thought.

It seems to want to get close to Qian Lian’er.

This kind of gemstone with ideas may not come from that simple.

However, Lin Kai didn’t care.

Lin Kai looked at Qian Lian’er and smiled and said, “Today is your 18th birthday, and this ‘Sea God Orb’ will be given to you.”

Qian Lian’er opened his mouth wide in astonishment, pointed to his nose and said, “Give it to me?”

Lin Kai smiled and nodded.

The others were also taken aback, staring at the gem eagerly.

They easily guessed that this gem was probably the same treasure as the flying sword and shield that the girl used to fight just now.

I just don’t know what function this gem has.

Lin Kai seemed to know what people were thinking. He explained indifferently: “This gem weighs more than a thousand catties.”

“What, more than a thousand catties?”

Everyone present screamed in surprise.

Lin Kai glanced at the crowd and asked indifferently, “You don’t believe it?”

“Don’t dare, don’t dare.”

Everyone shook their heads and laughed at Lin.

Lin Kai tossed the palm of his hand and threw it in the middle of the hall.

Lin Kai said lightly: “Don’t be too cautious, you definitely don’t believe it in your heart. You can all come forward and take it.”

Everyone looked at each other and didn’t dare to move.

If this is really taken, doesn’t it mean that you don’t believe Lin Kai?

If Lin Kai goes crazy, they can't afford it.

At this moment, Lin Xueer walked over in a hurry, humming: "Brother Lin Kai will lie, I don't believe it."

She stepped forward and put her little hand on the orb, ready to pick it up easily.

"Um?"

Lin Xueer exerted a slight force, but the orb remained motionless.

Her strength gradually increased, until after she exerted all the strength of her body, the orb did not move.

When Lin Xueer saw Lin Kai's smile, she couldn't help but turn red with a joke on her face.

The dantian in her body moved slightly, directly using her spiritual power, and then she picked up the orb.

Lin Xueer took the orb and said with an incredible face: "It's really heavy."

She carefully put the orb in place and returned to her seat.

Seeing Lin Xue'er's appearance, the eyes of everyone present were suspicious.

Is this gem really that heavy?

Chapter 1954 Lin Kai Lost Control

At this time, Fu Different finally couldn't help it.

His curiosity has always been strong, facing such a strange treasure, he really can't bear his curiosity.

He stepped forward and grabbed the orb hard, but didn't move at all.

Fu different's expression was shocked, and he only used his inner strength to pick up the orb.

However, he did not have as good control as Lin Xueer.

When he put it down, he smashed a small hole directly on the floor of the hall.

Fu different's face flushed, and he said in shame: "President Qian, I will pay you..."

Qian Lian'er smiled and said freely, "Mr. Fu is polite, don't take this little thing to heart."

Fu different blushed and returned to his seat.

There were different beginnings, and everyone else couldn't resist curiosity and stepped forward to try.

As a result, there were several big holes in the center of the hall.

This is not the most embarrassing thing. The most embarrassing thing is that a few young men stepped forward and tried their best, but they didn't even pick up the orb.

Their faces flushed, and ashamed they wanted to find a place to get in.

The other people who hit the big hole looked at these young people kindly one after another.

Fortunately, these young people have made them less embarrassed.

“It’s really heavy.”

At this time, they looked at the orb in the middle of the hall, which Lin Kai called the “Sea God Orb”, with emotion.

If this is used to hit a person on the body, ordinary martial artists will be injured.

Fu Different asked curiously: “Mr. Lin, is this ‘Sea God Pearl’ just heavy?”

Lin Kai smiled and shook his head, and said lightly: “Of course there are other effects. But this is a secret, so it’s not convenient to tell everyone.”

Lin Kai looked at Qian Lian’er and smiled and said, “Lian’er, you should try it too.”

Qian Lian’er nodded, her heart longed to touch this orb.

Now that she got Lin Kai’s approval, she stood up and walked over slowly.

Qian Lian’er walked to the Sea God Pearl, pressed down the beating heart in his heart, and was about to bend over to pick up the Sea God Pearl.

However, before Qian Lian’er could move, the Sea God Pearl suddenly burst into a brilliant light.

It flew directly, and circled around Qian Lian’er.

She could feel the joy of Sea God Pearl, and seemed very happy to meet Qian Lian’er.

Qian Lian’er stood stupidly, looking at Lin Kai a little bewildered.

Lin Kai frowned, feeling that this Sea God Orb was not that simple anymore.

The people around were surprised, and they were so popular.

They spent a lot of energy before they picked up the Sea God Orb.

However, Qian Lian’er hadn’t taken it yet, and the Sea God Orb flew by itself.

Is this because the treasure is alive?

When everyone was looking at the Sea God Pearl, the Sea God Pearl suddenly accelerated and slammed directly into Qian Lian’er’s head.

“what”

Qian Lian’er was frightened and froze in place.

“So courageous!”

Lin Kai was frightened and suddenly appeared in front of Qian Lian’er, and grabbed the Sea God Orb.

A sharp look flashed in Lin Kai’s eyes, and he was about to smash the Sea God Orb directly.

Perhaps the Sea God Pearl felt the threat, and it suddenly burst into a blue light.

Its weight increased drastically, to the point that even Lin Kai couldn't hold it.

Lin Kai was surprised, and immediately after he felt an unimaginable force coming from the Sea God Orb, it directly shook him out.

Unprepared, Lin Kai let go of his palm and flew not far away.

Before he landed, he flashed his figure and appeared in front of Qian Lian'er again.

However, this time the Sea God Orb was even faster. It turned into a blue light and blasted directly on Qian Lian'er's forehead.

"Do not!"

Lin Kai roared, his hands and feet became cold, and his expression became frightened.

The stern roar made the entire hall rumbling and shaking, and everyone felt a violent force rising from Lin Kai's body.

That violent force erupted from Lin Kai and crushed towards them.

Everyone looked desperate, and they felt the majesty of the sky.

They clearly understand that under this mighty power, all beings are equal, and everyone is going to die.

Even Lin Xue'er had a look of horror, under the mighty sky, there was no room for struggle.

They were desperate in their hearts, and they didn't expect to die under the emotional out of control of a great master.

"My son, don't!"

Qian Lian'er looked at the outbreak of Lin Kai and yelled in panic.

Lin Kai is full of spirits, Qian Lian'er is not dead?

His reason returned, and the aura that burst out was forcibly retracted into his body in an instant.

A cold sweat appeared on his forehead. If it weren't for Qian Lian'er's exclaim, he would have almost caused a catastrophe.

Dozens of lives in the living room were almost buried in his hands.

What made Lin Kai regret even more was that Lin Xue'er was also included.

Lin Kai's inner self-reflection, when he was promoted to Yuan Ying from his realm, but his cultivation was only in the middle of the golden core, his mood became a little unstable.

This time, the mentality collapsed, and such a terrible thing happened.

Seeing Lin Kai regained his momentum, Qian Lian'er cried and threw himself on Lin Kai's body, and cried, "Master, you scared me to death."

Lin Kai held Qian Lian'er vigorously and smiled bitterly: "You are scaring me to death. Let me see if there is anything wrong with you."

Qian Lian'er shook his head: "I'm fine, Sea God Pearl didn't hurt me, it just ran into my body without knowing how."

However, she still reached out in front of Lin Kai obediently.

Lin Kai grabbed her palm, input spiritual power, and felt it.

Qian Lian'er looked at Lin Kai's serious appearance, with a sweet smile on his face.

Lin Kai's reaction just now has proved that the son cares about her very much.

As long as he knows this, Qian Lian'er will be satisfied.

Lin Kai observed for a while, but found no abnormalities, raised his head and saw Qian Lian'er snickering.

He glared at Qian Lian'er and said angrily: "You still laugh!"

"Oh."

Qian Lian'er bowed his head aggrievedly.

At this time, Lin Xue'er also ran over and asked concerned: "Sister, are you okay?"

Qian Lian'er held her cold little hand and said softly, "I'm fine."

Lin Kai looked at Lin Xue'er's pale face, eyes flashed apologetic, opened his mouth, and muttered, "I'm sorry..."

"It's okay, you are also worried about sister pity."

Lin Xue'er shook her head and didn't care.

Lin Kai carefully looked at Lin Xue'er's expression and knew that she was really not angry.

"Your face is a little pale, let me take a look at it for you." Lin Kai looked at Qian Lian'er again and said, "And you, I also have to take a closer look."

Lin Kai looked at everyone and apologized: "I'm really sorry, I'm shocked everyone."

"But I still have something to do, I need to leave first."

With one hand, he directly hugged the two girls, and disappeared into the hall.

In the hall, only Lin Kai's voice was heard from afar.

"Uncle Qian, the guests are up to you to entertain you. When I come out, I will make amends!"

Chapter 1955

A whirlwind blew past, leaving everyone in the hall staring.

Qian Tong smiled bitterly, and apologized: "Everyone, I'm so sorry today. I'm sorry for everyone."

The high frame took a dull sip of wine, and the mood was indeed very bad.

Just now, seeing Qian Lian'er almost having an accident, Lin Kai almost lost control.

Judging from this relationship, it is impossible for him to have a chance.

Even if he could make Qian Lian'er like him, he didn't dare to face Lin Kai who was crazy.

What's more, not only is Lin Kai inferior in strength, but Lin Kai is not as handsome as he is as long as he is, so it's a fart.

Ouyang Peng chuckled and said politely: "Uncle Qian, it doesn't matter to you. Today, I am lucky enough to meet Grandmaster Lin Kai. For the blessing of cultivation in a few lifetimes, how can we blame you?"

The other people in the hall suppressed their anger and laughed.

You can't stop laughing. When Lin Kai broke out just now, it was really horrible.

That kind of terrible Tianwei seemed to be an enemy of the whole world, and that kind of despair, no one wanted to experience it a second time.

Qian Tong said touchedly: "These meals have all been turned over, and I will immediately change another table for the banquet."

He quickly ordered to let the chef cook and the maid to come and clean up the mess in the hall.

Lin Kai and the three of them came to a room exuding pink color.

This is a very cozy cabin, the style of the whole room is pink.

Lin Kai looked around and smiled: "Pity, the room is nice."

Qian Lian'er blushed and said shyly: "My son, you don't think I'm naive, right?"

Lin Kai shook his head and said with a smile: "How could it happen? When I first came, I found that your temperament was much more majestic. However, looking at your room, in fact, your heart still retains a bit of nature."

Qian Lian'er nodded and said softly, "If I were not more dignified, people outside or even in the family would not put me in their eyes."

Lin Kai touched her hair and said apologetically: "It's all because of me that makes you have to go through this."

Qian Lian'er shook his head quickly and said, "No, son. I also want to fulfill my father's last wish and revitalize the family."

Lin Xueer lay comfortably on Qian Lian'er's pink bed and rolled: "Oh, don't be modest. Let's take a look at the condition of sister Lian'er."

Lin Kai nodded: "Lianer, sit on the bed."

"Oh."

Qian Lian'er sat cross-legged on the bed obediently.

Lin Xueer hurriedly shrank to the corner so as not to disturb Lin Kai.

Lin Kai said softly, "I need to use a pupil technique to see through your body, so I will..."

Qian Lian'er was stunned for a moment, then his face instantly turned red, like a cooked shrimp.

She bit her lip lightly, stretched out her hand, and took off her coat.

Qian Lian'er was wearing a bellyband, her delicate body trembling slightly, and tremblingly asked: "My son, do you want to take off your bellyband?"

Lin Kai's eyes widened, he didn't want Qian Lian'er to undress.

He only needs to use the 'Golden Eye' to see through her clothes directly.

What's more, he still has spiritual help, and clothes are not a hindrance to him.

Lin Kai swallowed, and sighed, "You don't need to take off your underwear."

Lin Kai turned his head to look at Lin Xue'er, and said dumbly, "Xue'er, can you take away the 'Bai Xue' that was on my neck?"

Lin Xueer received the flying sword and hummed: "It's pretty much the same."

Seeing Lin Xue'er protecting her, Qian Lian'er's pretty face turned red.

If it weren't for Lin Xueer's presence, perhaps she had already mustered the courage to take off all her clothes.

A golden light flashed in Lin Kaishuang's eyes, shining on Qian Lian'er's smooth lower abdomen, and looked at the position of the Dantian in his body.

Suddenly, a misty blue light burst out of Qian Lian'er's body, and directly bounced off the golden light in Lin Kai's eyes, making it impossible for him to see Qian Lian'er's body clearly.

"Huh?"

Lin Kai's expression was solemn, and the huge power of divine thought surged out, carefully approaching the blue light.

Lin Kai touched it lightly, as if touching a piece of elastic jelly.

Lin Kai's face was solemn, and the power of divine mind seemed to be a radar, constantly scanning it.

"Well..."

Qian Lian'er's pretty face flushed, and she kept resisting.

Following the sweep of Lin Kai's Spiritual Mind, she finally couldn't help but yelled out softly.

After making a sound. Ashamed, Qian Lian'er almost buried his head directly in the quilt, his eyes drooping, and he didn't dare to look randomly.

Lin Xueer's face was suspicious. If it weren't for Lin Kai's dignified expression and Qian Lian'er's belly glowing with blue light, she would have to jump up and fight the pervert.

Qian Lian'er bit her teeth lightly, and the feeling on her body made her very uncomfortable.

In the pubic area of the body, a very cool feeling rippled slightly, as if it made her feel very comfortable in the icy water in the scorching summer.

Outside of the body, Lin Kai's spirit was like a big hot hand, which made her blood flow faster, and her body became hot.

The pubic area was very cold.

Both feelings appeared in her body at the same time, which made her feel unspeakable.

Lin Kai didn't pay attention to the strange expression on Qian Lian'er's face, his divine thoughts tried to invade Qian Lian'er's body slightly.

However, with the exertion of his divine mind, the resilience of the blue light became stronger.

A greater counter-shock force appeared, trying to bounce off Lin Kai's spirit.

Lin Kai tried for a while, then stopped.

It's not that he can't do it, it's because he is afraid that Qian Lian'er will be hurt if it continues.

After all, this is Qian Lian'er's dantian place, and the injury would be very complicated.

"Pity, I need..."

Lin Kai raised his head, wanting to ask Qian Lian'er.

However, as soon as he raised his head, he was taken aback by Qian Lian'er's appearance.

The big watery eyes are affectionate. A thin layer of sweat appeared on the forehead, exuding a virgin fragrance.

Her rosy lips were slightly open, and she gasped gently, making a very seductive voice.

Lin Kai's throat moved up and down several times. As someone who came by, how could he not understand Qian Lian'er's current state.

But, why is this...

Lin Xueer fought Lin Kai for several days in a dream, and of course she knew what happened to Qian Lian'er.

She hurriedly picked up the clothes and covered her delicate body.

She looked at Lin Kai fiercely: "Bad brother, what did you do?"

"Ah, don't talk nonsense. I didn't do it!"

Lin Kai was taken aback and quickly denied it.

Hearing Lin Kai's words, the faces of the two girls blushed.

Looking at the two girls holding each other with ruddy faces, Lin spoke dry and slowly moved closer.

Their tender bodies trembled, a little panicked, their tender bodies became weak

Chapter 1956

Lin Kai walked up to them and looked at the sisters obsessively.

They hugged each other like little white rabbits in front of the big bad wolf, shivering.

Qian Lian'er had completely lost the ability to resist. She sat in Lin Xue'er's arms, just gasping for breath.

Lin Xue'er mustered up the courage, raised her head suddenly, and was about to reprimand Lin Kai.

The two eyes looked at each other, Lin Xue'er's heart trembled slightly, she was frightened by the fiery gaze, and quickly lowered her head, buried her head on Qian Lian'er, trembling.

Lin Kai stretched out his hand and grabbed Lin Xue'er's arm.

Lin Xue'er closed her eyes, raised her head, her expression is very heroic: "Something comes at me, let Sister Lian'er go."

"Bang"

Lin Xue'er clutched her forehead, tears of pain came out: "Why flick my head."

Lin Kai said angrily: "You are really a good sister. I just want to check if you were injured just now. Don't think about it!"

"Oh..."

Lin Kai grabbed Lin Xue'er's arm and input a spiritual energy.

Without any impediment to the spiritual power, he traveled along Lin Xue'er's meridians for a big week.

"It's okay, just take a rest."

Lin Kaisong let go of Lin Xue'er, frowned and looked at Qian Lian'er, and said hesitantly: "As for you..."

Qian Lian'er looked at Lin Kai, and his expression was not very nervous.

She hesitated and said, "Brother Lin Kai, I feel that this Sea God Orb is not malicious to me."

"In my body for such a while, I actually feel that my physical condition is very good. Even my internal energy has increased a bit."

"And..."

Qian Lian'er closed his eyes, felt for a while, and opened his eyes again.

She whispered: "I seem to be able to control the Sea God Orb, but my inner strength is too weak to control it. Otherwise, I feel that I can summon it out of the body."

Lin Kai thought for a while, then let out a sigh of relief: "It's okay. If something happens to you, I will regret it."

Qian Lian'er blushed slightly, and said softly: "My son, I'm sorry. I'm worried about you."

Lin Kai stood up and said, "There are still some guests outside. I'll let them go back. You can rest."

Qian Lian'er shook his head quickly: "My son, it's okay. This time is a good opportunity. Making friends with these people is very helpful to our business."

Lin Kai nodded: "Then let's go out."

Qian Lian'er blushed and lowered his head involuntarily.

Lin Kai understood. After the scene just now, she had to change her clothes...

Lin Kai coughed awkwardly, then turned and walked out: "I'm waiting for you outside."

After half an hour, Lin Kai and the three came together.

Everyone in the hall couldn't help but sigh, they stand together, they really match.

Instead of covering Lin Kai's demeanor, the two girls set off him more and more extraordinary.

The same is true for the two girls, their complexions rosy and radiant.

Some old drivers showed their doubts, how do they look a little bit moisturized...

Did a man and two women go to the backyard, and then...

Thinking of this, their hearts ached, as if they had been dug up.

Gao Frame's face became even more pale, and he took a sip of wine sullenly.

After drinking a glass of wine, he exhaled and finally let go of this unfruitful love completely.

Lin Kai smiled and said, "Everyone, I'm so sorry. A good birthday party broke me."

He picked up a glass of water and wine and apologized: "I will punish myself a glass, please Haihan!"

He raised his head and drank a glass of wine in one go.

Everyone was flattered and stood up quickly.

"Mr. Lin, you are too polite."

"Yeah, we didn't have an accident. You don't have to."

They were a little surprised and sighed with Lin Kai's heart.

If this were other great masters, they would not care about their feelings, let alone apologize.

Even if they accidentally killed them, the Grand Master probably wouldn't even blink his eyes.

Lin Kai tilted his head and said: "Lianer, write down the names of all the guests present. When I owe you a favor, whoever needs help in the future can call me."

At this time, everyone's complexion finally changed, and they stood up, a little uneasy.

Lin Kai glanced around and smiled: "You don't have to be like this. Although I am a great master, I am not unreasonable. You came to congratulate you for your birthday, but I accidentally hurt you. The apologize is right."

Everyone looked at each other and could not say a word of rejection.

This is the favor of a great master.

The weight of it, these family children can't be more clear.

Lin joked: "Although it's a favor, I won't help with things that violate the law. If you call me, you will be punished in accordance with the law."

"Mr. Lin, don't worry. If we do something like that, we won't have the face to ask you to help."

They clasped their fists and bowed sincerely, "Thank you, Mr. Lin."

Qian Lian'er's eyes were soft, looking at Lin Kai.

In fact, now, she doesn't even do anything.

These families will definitely not give up their dealings with the Qian family.

After all, anyone who is not a fool can see the close relationship between Lin Kai and her.

What's more, Lin Kai's sent so many favors made these families feel even more grateful.

At the same time, he will look at the Qian family differently.

Everyone laughed and talked for a while, Qian Lian'er successfully negotiated cooperation with all the families.

In fact, there are many people present who cannot represent the family.

But now, they all did not hesitate to represent the family and cooperate with the Qian family.

They believe that the family will never give up this opportunity anyway.

After everyone said goodbye, Lin Kai also left.

Qian Lian'er's happy expression turned low.

Lin Kai smiled and said, "I will visit you often."

Qian Lian'er nodded, knowing that Lin Kai is a big business person, it is impossible to stay here forever.

Lin Xue'er struggled for a while, and said, "Bad brother, I will stay too. I want to help Lian'er."

Qian Lian'er looked at Lin Xue'er in surprise, with a happy smile on her face: "Sister Xue'er, really?"

Lin Xue'er was still hesitating, but seeing Qian Lian'er's happy expression, she finally made up her mind to stay.

Lin Kai pondered for a while, then nodded and said: "Okay. Then you can play here for a few days. I will see you later."

Lin Xueer said dissatisfiedly: "What? People are not playing. I want to help Lian'er work together."

Qian Lian'er took Lin Xue'er's arm and smiled and said, "Thank you sister."

Seeing that both of them smiled, Lin Kai finally relieved his heart, flashed himself up, and disappeared into the sky.

The two women stared blankly for a while, and as soon as Lin Kai disappeared, they felt the depression.

The corners of Lin Xueer's mouth flattened and she almost cried.

The thought that she might not see Lin Kai for many days, which made her very uncomfortable.

Chapter 1957 the first batch of materials

After Lin Kai flew up to the sky, he went straight to Dongxian Mountain.

Just now, he received a call.

The first batch of various materials and medicinal materials has reached the foot of Dongxian Mountain.

Therefore, he has to go over and accept it.

After a while, he flew to the foot of Dongxian Mountain.

He looked from a distance. There were dozens of trucks lined up there, and two Wusheng-level guards stood in front of each truck.

At the forefront, there is an old man with a round face and a pretty naive look.

But the aura he exudes shows his identity as a great master.

When Lin Kai fell to the ground, the great master's eyes lit up and greeted him with a smile.

"Master Lin, you can be regarded as coming back." The old man smiled bitterly: "With so many precious materials, I am really afraid that someone will rob me."

Lin Kai thought about it and asked, "Who are you?"

The old man looked stiff, and said with a dry smile: "Little old man is Chen Jianli from Baishan Province. I am very ashamed. The little old man became dizzy that day and came to Dongxian Mountain."

Lin Kai nodded and asked faintly: "Why are you only here, why didn't others come?"

Chen Jianli quickly said, "Mr. Lin, thanks to everyone's trust, they all entrusted me to submit it. Therefore, only I came."

Lin Kai raised his eyebrows and said in surprise: "It seems that Mr. Chen is very trusted by everyone. This is something worth hundreds of billions. They are not afraid that you will run away with these things?"

Chen Jianli smiled naively, with a harmless look on his face: "No one knows how powerful the God of War Xuanyuan is. Even if I run, God of War Xuanyuan can catch me back. So, they don't worry too much."

Chen Jianli squinted and said with a smile: "Furthermore, the little old man still has some family background, and these things won't let me run away."

Chen Jianli paused, and smiled bitterly: "However, Mr. Lin this time has caused everyone to bleed heavily."

These great masters are worth more than tens of billions, but it does not mean that they can spend 10 billion to buy these things.

The cash flow in their hands is only about 2 billion.

This still includes hard currencies such as gold and jewelry.

Most of their properties are difficult to cash out, and they are all kinds of real estate.

However, this time Lin opened the lion's mouth openly, and every great master had to spend at least 10 billion to get these things together.

A great master like Chen Jianli, who ranks among the top ten in domestic wealth, can't feel anything after spending 10 billion.

Those great masters with a net worth of only tens of billions are dying. They desperately searched for the wealth in the family, only to spend two billion each.

For the remaining 8 billion, they need to sell a lot of real estate and many shares to get together.

Therefore, as soon as they totaled, they first used the 20 billion yuan to purchase some of the materials and medicinal materials.

They will ship the remaining 100 billion in batches.

But even so.

These 20 billion yuan flowed into the market, causing the entire market to shake up.

Fortunately, Huaxia is too big, and within a few days the market flow completely digested this batch of cash.

Chen Jianli carefully told Lin Kai of this plan.

Chen Jianli bowed deeply and pleaded: "Mr. Lin, we all deserved the crime this time. But it is really difficult to get so much cash at a time. Therefore, please also Mr. Lin to ease."

Lin Kai nodded and said lightly, "Yes. I will give you three months to gather all the materials."

Chen Jianli said embarrassedly: "Three months is a bit short, can it be half a year..."

Lin Kai's complexion changed, and his voice became cold: "Don't make money. This is your life money. If it weren't for my mercy, you would all die when my eldest brother appeared."

"You want time, yes, I will give you three months. But I still dare to make an inch of it, and I can't tell my eldest brother to talk to you about the time."

Chen Jianli gave a wry smile, gritted his teeth and said, "Okay, then three months! I agreed for everyone."

Lin Kai nodded in satisfaction.

Chen Jianli handed over a roster: "Mr. Lin, this is the goods shipped this time, please have a look."

Lin Kai took the roster and looked at it.

Soon, he closed the roster and said lightly: "Very good. Now let your people ship all the goods up the mountain."

With a hint of doubt on Chen Jianli's face, he asked, "Mr. Lin, don't you want to check the goods first?"

Lin Kai shook his head and said lightly: "I have already experienced it, so I don't need to test it again."

"Inspected?"

Chen Jianli was full of doubts. After Lin Kaicong arrived here, he didn't move for a while. How could he have time to inspect the goods?

However, he didn't ask too much, so he ordered the car to go up the mountain.

He didn't know how powerful Lin Kai's spirit was. When he arrived long ago, his spirit had been swept across all the goods.

Therefore, he is not afraid of these great masters playing tricks at all.

Lin Kai took out his cell phone and called Tang Ying.

"Hey, Ying'er." Lin Kai's voice was very soft.

On the other side, Tang Ying also had a sweet face and said softly: "I'm here."

Lin Kai smiled and said, "I'm here for help."

Tang Ying was taken aback, and asked quickly: "What happened?"

Lin Kai said: "I just arrived here with twelve trucks, mainly some medicines, metal materials and other things."

"They are huge in number and valuable. So, I need some professionals to help me sort them out."

Tang Ying nodded and said, "No problem. We will be there in an hour."

Lin Kai originally wanted to say a few more love words with Tang Ying, but he didn't expect Tang Ying to hang up in a hurry.

Lin Kai had to put away the phone.

After going up the mountain, Lin Kai said lightly: "Put the truck here first, and you will find someone to drive away tomorrow."

Chen Jianli smiled and folded his hands: "The little old man will leave."

More than an hour later, Tang Ying hurried over with more than twenty people.

Tang Ying stepped forward and introduced: "They are all very well-known experts. It is definitely possible to leave the matter to them."

Lin Kai divided into two areas in the villa and said, "Here, put medicinal materials, and put materials over there."

Lin Kai led the crowd and asked a few more points for attention, and they quickly got busy.

Tang Ying rubbed his fist and wiped it, and she was about to step forward to help.

Lin Kai stretched out his hand and pulled her into his arms.

"Lin Kai, what are you doing. There are people here!"

Tang Ying's face turned red all of a sudden, and she struggled lightly.

However, she didn't seem to have much strength, and Lin Kai just gently wrapped her waist, making her unable to break free.

Lin Kai came close to her pink ear, and his voice was slightly seductive: "I'm hungry, I want to eat you."

Hearing Lin Kai's words, Tang Ying's delicate body trembled, and she collapsed directly into Lin Kai's arms.

She was very embarrassed that she was not up for it, but she had no strength to struggle.

Lin Kai chuckled triumphantly, hugged Tang Ying in his waist, and disappeared.

Chapter 1958 the Tang Family's Transformation

At this moment, the Tang family's children who pretended to be busy raised their heads and looked at each other.

"Miss is really with Lin Kai."

A young man with a sour tone.

"Why can Lin Kai be favored by the young lady!"

The faces of other people are also very ugly, Tang Ying is a goddess that the Tang family cannot tolerate profanity.

In their hearts, no one is qualified to covet Tang Ying.

But looking at the situation just now, let alone coveting, Tang Ying seems to have been smashed by Lin Kai.

This makes their mentality a little broken.

An old man with gray hair angrily said: "Keep your thoughts away, it's her own business that the young lady wants to be with her."

“What’s more, I can’t think of anyone in this world who is more worthy of a young lady than Grandmaster Lin Kai.”

“If the lady can marry Mr. Lin, it will be her blessing.”

A young man curled his lips: “Miss’s father, our Patriarch is a demigod, and Lin Kai is just a great master.”

The old man’s expression sank: “Mr. Lin is only in his twenties and he has become a great master. Sooner or later, demigods are also a matter.”

The old man glanced at him and said majestically: “Enough, don’t talk about it anymore. We can’t bother about the young lady’s decision. Let’s do all the work!”

Everyone sighed and walked towards the dozen or so large trucks.

When they opened these large trucks and saw the materials inside, they gasped involuntarily.

These people are the top geniuses of the Tang family, so they also know most of these materials.

Because of this, shocked expressions appeared on their faces.

Almost all of these materials and medicinal materials are very rare varieties.

Take out one piece at random, all worth tens of thousands of yuan.

Some materials are priceless in the market, even reaching a high price of millions.

And here, for such a precious thing, there are a total of twelve large trucks.

They didn’t care about it at first, thinking that the young lady was making a fuss, they called all the experts together.

But now, they can only rejoice in their hearts.

Fortunately, they came, otherwise they would have missed a lot of good things.

You know, in the vast family background of the Tang family, there are many rare materials that have not been seen.

Now, Lin Kai gave them this opportunity.

They looked solemn, changed into professional costumes, took out professional props, and started to get busy.

They were busy until the evening, and they only cleared out five carts of materials.

At this moment, there was a flash in front of them, and Lin Kai appeared on the spot.

He said apologetically: “Thanks for your hard work, it’s too late today. Let’s continue tomorrow.”

Although they were a little bit reluctant, they nodded their heads anyway.

They weren’t afraid of getting tired. The main reason was that it was getting dark now, and there was an error in sorting out the materials, which would be bad.

It is a trivial matter to anger Lin Kai, the most important thing is that they don't want to waste these rare materials.

Lin Kai smiled and said, "Everyone, then I won't be far away."

Everyone at the scene looked inside the villa and saw that Tang Ying hadn't come out, so they had no choice but to leave.

When everyone left, Lin Kai's figure disappeared and appeared in the bedroom.

In the bedroom, Tang Ying rested lazily on the pillow, slowly putting on her clothes.

Lin Kai's eyes were fiery, and with a movement of divine thought, Tang Ying's exclamation caused her clothes to fly out again.

Lin Kai smiled and said, "I have already sent them all, let's continue."

"Ah, don't..."

Before Tang Ying finished screaming, Lin Kai gagged her mouth and pressed her under her body.

Early the next morning, Tang Ying was tired all night and just fell asleep.

Lin Kai was full of energy, sitting cross-legged on the edge of the cliff, meditating in the morning.

When the morning sun popped out of the sky like an egg yolk, a purple meaning flashed through Lin Kai's eyes, shooting through hundreds of meters of cloud and mist.

He breathed out slowly, spitting out a few tens of feet in a white practice, and then slowly dissipating.

Lin Kai stood up long, standing with his hands holding hands, admiring the beautiful sunrise.

Lin Kai is a body of pure yang, and he can feel the power of pure yang radiating from the sun all the time.

However, Lin Kai did not dare to absorb these pure Yang powers.

If he absorbs it rashly, even if he is a pure-yang body, he will be burnt to ashes by this pure-yang power.

However, after he was promoted to the Golden Core Realm, he mastered a unique ability.

He found that at the beginning of the day, the moment the sun just rises, the pure sun power between heaven and earth is the softest time.

At that time, as long as Lin Kai grasped this moment, Lin Kai could absorb the first ray of pure sun power between heaven and earth without hurting himself.

Every ray of pure Yang power will save him months of hard cultivation.

Moreover, Lin Kai felt that these pure yang powers were transforming his pure yang body, and his spiritual power was slowly changing as a result.

When Lin Kai finished his cultivation, he found that the Tang family disciples had already arrived at Dongxian Mountain.

Lin Kai said in surprise: "Everyone, don't be so. I'm actually not that anxious..."

"No, no, we are anxious..."

"That's right, if we don't sort out all the treasures, we won't have a good meal."

They babbled and looked at the trucks blankly.

Lin Kai was a little funny, and let them go busy.

Seeing Lin Kai nodded, they hurriedly walked over and got busy nervously.

When Lin Kai returned to the villa, Tang Ying was already up and she was cooking in the kitchen.

A soft flash flashed in Lin Kai's eyes, appeared behind Tang Ying, and hugged her pretty waist from behind.

Tang Yingjiao trembled, and said in horror: "Lin Kai, what are you doing. I don't want to be here..."

Lin Kaixin moved, a fire flashed in his eyes, rubbing her earlobes with her cheeks, and whispered, "This is what you said..."

An hour later, Tang Ying's face was ruddy, and she looked at Lin Kai angrily.

With a dry smile on his face, Lin Kai served Tang Ying the freshly cooked food.

These were all made by him personally, and the ones Tang Ying made just now have completely chilled.

Tang Yingbai looked like Lin Kai, and said as he ate, "I will go back first after I have eaten."

Tang Ying saw Lin raise her eyebrows, and said quickly: "Don't mess around again!"

Lin Kai nodded solemnly: "I understand."

Seeing Lin Kai's expression, Tang Ying nodded in satisfaction.

After eating, Tang Ying patted her chest and groaned contentedly: "Lin Kai, the food you cooked is so delicious."

She sticks out her little tongue and licks the remaining scent of her lips with endless aftertastes.

Lin Kai roared, rushed over, and said angrily: "How dare you seduce me?"

When she was a child, Tang Ying's face was flushed, and she ran away from Dongxian Mountain in a panic.

However, the Ruoruowu smile at the corner of her mouth and the spring in her eyes explained her current mood.

She ran away in chaos, not avoiding Lin Kai.

But because, if she doesn't leave, she is worried that she will be completely addicted to it.

She doesn't actually have much sense of security, but Lin Kai's obsession with her has made her feel peaceful.

“This kind of life is really unstoppable

Chapter 1959

It was not until the evening that the many disciples of the Tang family finished all the materials and medicinal materials.

They stood together, looking at each other.

One of them swallowed his saliva and said with difficulty: “I estimated that these more than a dozen cars are worth more than 20 billion...”

“Gudong”

Everyone swallowed subconsciously, some dumbfounded.

At this time, their hands trembled slightly, and they were a little afraid to think of it.

With so many precious treasures, Lin Kai was so relieved to hand them over.

If they accidentally destroy these things, they can't afford to sell them.

“I don't know what Lin Kai wants so many things for. There are all kinds of materials, and there are many rare and precious medicinal materials.” A man was a little puzzled.

The old man's face changed and he shouted in a deep voice, “This is not a problem we should be concerned about. We should go now!”

The other disciples' eyes all fell on the neatly arranged goods, and they were a little bit reluctant to leave.

The old man shook his head helplessly, why did he want to leave.

These treasures are handed over to them to study, and they will not get bored after decades of studying.

However, these things belonged to Grandmaster Lin Kai after all. They were misunderstood in this way, aren't they the people who lost the Tang family?

The old man approached Lin Kai and said respectfully: “Mr. Lin, we have already sorted it out. This is the list.”

Lin Kai took the list casually, and smiled satisfied looking at the orderly materials.

He walked up to these Tang family disciples and smiled faintly: “This time I really trouble you all.”

The old man said politely: “Mr. Lin doesn't have to be like this, we also follow the orders of the lady.”

Lin Kai shook his head: “Although this is the case, I still have to express my gratitude. I should give everyone a thank you.”

“No, we people don't worry about eating and drinking, and we don't have much interest in materials.”

Everyone looked indifferent and didn't care about Lin Kai's words.

They are all nerds, research talents.

In addition to knowledge, it is difficult for them to be interested in mortal vulgar objects.

Lin Kai smiled slightly, stretched out his hand, and flew out a jade-colored gem from the materials.

Everyone showed disdain, just a piece of jade, they hadn't paid attention to it yet.

Lin Kai looked down on them too much.

At the same time, there was a wave of anger in their hearts, and Lin Kai looked down on them so much, which made them very unhappy.

They decided that when Lin Kai wanted to give this jade to them, they flatly refused.

Moreover, it is necessary to put on a posture of disdain.

They must not let Lin Kai underestimate them, this will affect the majesty of the Tang family!

Even the headed old man lowered his eyes, and his respectful expression became indifferent.

Their Patriarch is a demigod, so even if Lin Kai is the Great Master, they don't necessarily feel so afraid.

Lin Kai didn't seem to notice their expressions, he just looked at the jade floating in front of him.

Everyone sighed and was about to refuse Lin Kai.

But Lin Kai's appearance made them a little puzzled.

After a while, Lin Kai suddenly stretched out his finger and began to draw a void on the jade stone.

In the night, the jade shone brightly, exuding a very mysterious atmosphere.

Lin Kai looked solemn, and carved very mysterious and complicated lines on the jade.

When everyone at the scene saw it, they felt a little dizzy, as if there was infinite truth in it.

It seems that with their current wisdom, they don't even have the qualifications to watch.

Everyone looked surprised and shocked inside.

What exactly is Lin Kai depicting?

After a while, Lin Kai's finger lightly tapped on it, and the light on the jade flashed by, and he returned to his usual state.

However, the jade is now completely different from just now.

It emits a faintly misty light, and the surrounding mist seems to be drawn by it.

After a while, the entire jade pendant was surrounded by the white mist.

Everyone stared at this magical scene.

"Is this a miracle..."

Everyone looked shocked. If all this hadn't happened in front of their eyes, they wouldn't believe that just a few lines on it could cause such a change in a piece of jade.

Lin Kai smiled slightly, and was also very satisfied with his masterpiece.

He was about to set up the Spirit Gathering Array, so he had a whim, and carved a simplest version of the Spirit Gathering Array on the jade.

In this way, he can also familiarize himself with the feel before arranging the spirit-inducing formation.

Lin Kai shook the jade, and smiled, "Everyone, treat this jade as a gift for me, do you accept it?"

They looked at each other, and refused to speak.

The Tang family has also set up the Spirit Gathering Array, so they clearly know the benefits of these mists to the human body.

These mists can subtly transform a person's physique and make people immune to all diseases.

It's a pity that the Tang Family's Spirit Gathering Array is not as effective as Lin Kai's Spirit Gathering Array here.

Besides, there are too many people in the Tang family, and only in the most central place can you see the aura of mist.

As for the periphery, there is only a slight sense of haziness, and the benefits are not satisfactory.

However, if you own this jade, it will be different.

As long as they carry it with them, doesn't it mean that they are equivalent to carrying a small spirit gathering array.

They are the smartest people in the Tang family, so why don't they know the benefits?

Therefore, even though they had thought of hard-bodied lines, the scene of leaving chicly was so deciphered by Lin Kai.

They looked at such a jade eagerly, and they looked at each other with very vigilant eyes.

There is only one jade, so who is it for?

The headed old man gritted his teeth and said, "Mr. Lin, this is too expensive. We can't accept it!"

Everyone was shocked and winked quickly.

But the old man was unmoved, he knew very well how much the great master's family had paid for Lin Kai to arrange the Spirit Gathering Formation.

And according to insider information, Lin Kai also stopped arranging the spirit gathering formations for those great masters.

Therefore, he fully imagined how precious this small jade is.

Lin Kai shook his head slightly and said with a chuckle: "This is precious to you, but it is nothing to me."

Lin Kai casually threw this jade into the hands of a young man.

The young man trembled with excitement and asked, "Master Lin, did you give it to me?"

Lin Kai smiled and nodded.

With tears in his eyes, the young man hurriedly bowed deeply, "Thank you, Grandmaster Lin."

He thought that he hadn't accepted the relationship between Tang Ying and Lin Kai before, but now that he thinks about it, he feels that their young lady is a perfect match for Grandmaster Lin!

The others were a little disappointed and could only look at this young man enviously.

This young man feels guilty, but it is impossible for him to give up this jade.

Chapter 1960

Lin Kai smiled slightly and stretched out his hand with another move. He flew over twenty jade stones and hovered in front of him.

Everyone was shocked and looked at Lin Kai with excitement.

Lin Kai moved his fingers and began to paint.

After half an hour, all the jade stones were carved with small spirit gathering formations.

Lin Kai stretched out his hand and distributed all the jade to everyone present, and said calmly, "These are yours."

"Thank you Grand Master Lin!"

All the people present were convinced and bowed deeply.

Lin Kai reminded: "There is a word first, there is no strong aura of my place in other places, so the effect will not be so good. You must have psychological expectations."

"Yes, thanks for the reminder from Grand Master Lin."

Everyone didn't care about it, and hid the jade with joy.

Lin Kai smiled and said, "There will be trucks to transport goods in the future. I will trouble you all at that time."

Everyone was overjoyed and said quickly: "No problem, leave it to us."

After Lin Kai waited for them to descend happily, he waved his hand and flew out pieces of materials from the villa.

Soon, the materials piled up into a hill in front of him.

All the materials for arranging the Spirit Guiding Array have been collected, and now he can start to arrange the Spirit Guiding Array.

The Spirit Gathering Array is an advanced version of the Spirit Gathering Array.

The Spirit Gathering Array can only gather the aura within a radius of a few miles.

The spirit-inducing formation is a large gathering spirit formation.

The spirit-inducing formation that Lin Kai wants to set up must encompass the entire mountain range.

As long as it is the aura between heaven and earth, it can be drawn, and the distance will not be limited.

Of course, there are other formations that gather spiritual energy in the world of immortality.

For example, there is a very domineering formation called Spirit Swallowing Formation.

Its speed of gathering spiritual energy is unmatched by other formations, but this formation is forbidden by all cultivators.

Because it will directly swallow the spiritual energy around the world, and even the anger in nature.

Around every spirit swallowing formation, there must be a desert.

Therefore, this formation has become an absolute formation.

Of course Lin Kai would arrange this kind of formation, and even after setting up this kind of formation, he was confident that he would become the Nascent Soul Stage in a very short time.

However, if he does this, the entire Donghai Province may become a desert.

Even the people will become weak and even die because of their weak vitality.

Therefore, it is impossible for him to arrange such a formation.

The spirit-inducing formation absorbs the aura that drifts between the heavens and the earth, which is a sustainable way of pulling the formation.

Lin Kai thought about it for a while, and then began to set up the spirit-inducing formation.

This time, he wants to lay out the entire Dongxian Mountain.

This night, Dongxian Mountain once again bloomed with endless light.

Moreover, this time because it was at night, even other provinces and cities could see the dim light in the distant sky.

In the vicinity of Dongxian Mountain, it is even more illuminated like daylight.

“It’s Dongxian Mountain!”

The movement of Dongxian Mountain was first noticed by Lin Hong.

With a move of his mind, he disappeared into the Lin Family, turning into a ray of light and rushing to Dongxian Mountain.

Immediately afterwards, all the great masters of Donghai Province also felt this breath fluctuation.

At the same time, they all saw the bright light in the sky.

“It’s Lin Kai!”

“What is he doing?”

Many great masters in Donghai Province have different expressions, but they dare not go to Dongxian Mountain this time.

“This breath fluctuates, it seems to be related to the future...”

Lin Yuan’s face was mad, and he calculated frantically.

However, there was only endless fog in front of him, unable to see clearly.

“What the \*\*\*\* is Lin Kai doing?”

Lin Yuan’s eyes flashed with cold light, he wanted to go to Dongxian Mountain to see what was going on.

But thinking of Xuanyuan’s terrifying figure that day, Lin Yuan still flinched.

He thought for a while, then smiled coldly: “I don’t have to go there personally at all. Lin Kai, do you really think Xuanyuan can protect you because of such a big disturbance, naive!”

In China, almost all the great masters already knew about the relationship between Lin Kai and Xuanyuan.

Therefore, when Lin Kai caused such a sensation, they still endured it and did not go to join in the fun.

Because they heard that the great master who went to Lin Kai to make trouble last time, now he borrows money everywhere and apologizes to Lin Kai.

However, in a very hidden place in Donghai Province, several streamers suddenly appeared and flew towards Dongxian Mountain.

In Dongshan Province, which is adjacent to Donghae Province, several streamers also appeared, rushing towards Donghae Province.

...

Lin Kai had been busy for most of the night, and finally completed the arrangement of the Ling Ling Formation.

In front of him, Chuan Guo Yu Xi was suspended in the void.

And beside him, a golden dragon was swimming freely, it seemed to feel what Lin Kai was going to do.

Those golden eyes showed very excited eyes.

It saw that Lin Kai hadn’t moved for a long time, and he was dancing. It touched Lin Kai’s cheek with its golden head and rubbed it.

Lin Kai felt the actual scales on the golden dragon, and he looked surprised. Is it possible that this golden dragon is going to become a real dragon?

It’s just Jinlong’s character, why is it a little silly?

Lin Kai shook his head and expelled all these years.

“reset!”

He tossed upwards and threw the Chuanguo Yuxi into the air.

The golden wandering dragon circled and rushed into the Jade Seal of Chuanguo.

Lin Kai also floated, hovering in the void.

He continued to recite the formula, and his hands danced quickly, forming an afterimage, and playing a series of magical decisions.

“Om”

The Jade Seal of the Chuan Kingdom burst into endless light, turning into a golden beam of light and shooting towards the void.

At the same time, the Jade Seal of Chuanguo burst into endless light, covering the entire Dongxian Mountain.

Almost at the same time, four golden beams of light sprayed into the void in the four directions, southeast, northwest, Dongxian Mountain.

Five pillars of light enveloped the entire Dongxian Mountain, making Dongxian Mountain even tens of miles around like daylight.

The beam of light that shoots into the void seems to be a bridge connecting the fairy world, and mysterious auras are emitted.

In Dongxian Mountain, the endless mist also boiled, and they formed a vortex, seeming to welcome the aura that drifted between heaven and earth.

Between the heaven and the earth, a faint wisp of mist appeared, like a sea containing hundreds of rivers, walking towards Dongxian Mountain.

They entered the beam of light, entered Dongxian Mountain, and gathered together with the mist.

Dongxian Mountain was originally surrounded by fog only on the top of the mountain, but with the passage of time, the entire Dongxian Mountain appeared misty, making Dongxian Mountain indistinct, as if it were a fairy mountain.

“It’s done.”

Lin Kai looked excited, and said in his heart: ‘Perhaps, after hundreds of years, Dongxian Mountain can become a real blessed land.’

To know the real blessed land, pick up a stone at random, it may be a valuable treasure.

‘Those are too far away, but with my current aura, it won’t be long before I can become Nascent Soul!’
