

## Special Soldier 100

Chapter 100: Be a big boss once

But Qin Yuan shook his head, so that because of his arrival, Li Erniu's three-person exercise was replaced by him, but the three of them grew even bigger because they had seen Qin Yuan's greatness. !

Besides, if you want to watch other people's training, why not go to Fire Phoenix, but stare at these rough men?

At this moment, Fan Tianlei received a call. After connecting, he laughed and said to Qin Yuan:

"I'm looking for you!"

Qin Yuan took the call and found that the caller was actually Long Xiaoyun of the Wolf Warrior Squadron!

"Hey, Captain Dragon, what can you do with me?"

Qin Yuan said with a smile, he has a good impression of this thick-lips female captain, who can tolerate Leng Feng's thorns, but can't do it without any means!

"I heard that something happened to you before, so I want to ask if the matter has been dealt with?"

Qin Yuan's dealings with the Fusang people had gone through Fan Tianlei's strict secrecy, but for these people, they would naturally hear a little wind.

After hearing Long Xiaoyun's concern, Qin Yuan also nodded:

"It has been processed almost, why, is there another task to find me this time?"

"We want to conduct an internal military exercise. I want to invite you to join us in this event."

Following Long Xiaoyun's magnetic voice, Qin Yuan's mind rang again:

"Ding Dong~ System release missions, participate in Long Xiaoyun's military exercises, and win the military exercises, reward three grids!"

Qin Yuan's eyes suddenly brightened. Originally, he thought his grids were scarce, but now there were three at once. He thought that he could only get one or two for such a task.

"Okay! I promised, I will pass now!"

After Qin Yuan'er spoke to Fan Tianlei, he went directly to the Wolf Squadron.

But when Qin Yuan arrived at the Wolf Squadron and heard Long Xiaoyun's words, he shouted:

"what did you say?"

At this time, Qin Yuan stared at Long Xiaoyun with wide eyes, but the corner of Long Xiaoyun's mouth showed a slight smile, and said to Qin Yuan:

"Why, can't the famous Qin Yuan do such a thing?"

"I thought you asked me to join the Wolf Warriors team and directly fight against the red team, but you asked me to act as a third party against the Wolf Warriors team and Shi Qingsong's mechanized unit. Isn't it a bit too worthwhile? Me?"

Even if Qin Yuan is very confident of himself, is it a bit too strong to rely on one person to fight the two forces?

"Don't worry, your existence is a special item we added to this exercise, so we will not actively pursue you until you cause damage."

"This is to simulate emergencies on the battlefield. I gave the Wolf Warriors team and Brigadier Shi Qingsong a little surprise!"

Qin Yuan drooped his face at this time, this is not a surprise, this is a shock!

And Qin Yuan has accepted the task and needs to win in this exercise,

Doesn't this mean that Qin Yuan not only wants to kill the people of the Wolf Warriors team, but also kills Shi Qingsong's brigade!

Sure enough, this grid is not so easy to hold!

But thinking of this, Qin Yuan also showed a trace of pride:

"Okay, then I agree, isn't it just a wolf squad and a brigade."

When the two lose out, you can come out and finish it yourself!

But Qin Yuan heard that this exercise was the Wolf Warrior Team and Shi Qingsong, but he reminded Long Xiaoyun:

"I don't know if you have thought of the safety issue, I always have a hunch that something will happen to this exercise."

And when Long Xiaoyun heard Qin Yuan's words, his face became a little solemn:

"I don't know what you mean?"

"I remember that we killed a drug dealer called Bukit before. This guy's identity is not simple. If the forces behind him retaliate and hit us by surprise, then the matter will be difficult to handle."

Qin Yuan couldn't say clearly that he knew that Min Deng would come to attack, and there were so many things, Qin Yuan was not sure whether Min Deng would come, so he could only remind Long Xiaoyun carefully.

And when Long Xiaoyun heard what Qin Yuan said, he showed a smile:

"Then you don't need to worry about it. We have strengthened our prevention and control a lot because of Bukit. Although Min Deng is a big drug lord, he is also a businessman. He doesn't have enough interests. He won't take this risk. ."

"Well, since you are ready, then I won't say much!"

Then Qin Yuan left the meeting room directly, and looking at Qin Yuan's back, Long Xiaoyun frowned slightly, and then picked up a phone call:

"Hey, help me make a difference, is there any news about international drug dealer Minden recently."

Soon Qin Yuan received the equipment, changed his clothes, and waited for boarding in one place.

Soon the people of the Wolf Warriors team also arrived here and saw Qin Yuan, their eyes suddenly brightened:

"Wow, God Qin! Are you going to join us Wolf Warrior?"

"Welcome, welcome, warm welcome!"

"Then what, Team Shao, is your position going to be adjusted down? The real \*\*\*\* is here!"

Seeing Qin Yuan at this time, these people were excited, and even joked.

"Master!"

Leng Feng was also excited, and said to Qin Yuan.

And at this time, hearing the words of his teammates, Shao Bing's face went blue and white. If Qin Yuan really joined the Wolf Warriors team, his position preparation would really be adjusted down.

Although it is not a shame to be a subordinate of Qin Yuan, if his position is smashed, he always feels a bit embarrassed.

"Okay, you don't have to worry anymore. I am not here with you this time."

Qin Yuan smiled directly and when he heard this, the faces of the Wolf Warrior team suddenly became weird.

If Qin Yuan didn't come to join the Wolf Warriors team, wouldn't come to Shi Qingsong?

Thinking that they are going to deal with a brigade, there is a master like Qin Yuan in the brigade, even the members of the Wolf Warrior team are nervous.

They have seen how powerful Qin Yuan is. Just dealing with one Qin Yuan is enough to be terrifying, and then add a whole brigade...

Is this a human battle?

But as a special soldier, even if there are more difficulties, they cannot shrink back!

At this time, seeing these people's eyes became determined, Qin Yuan smiled bitterly.

I'm the one who really wants to cry, OK?

And at this moment, Qin Yuan heard a sound from the broadcast:

"The actual combat exercise will begin immediately, everyone boarding, but this time, there may be accidents, everyone pays attention to safety, repeat it, this time there may be accidents in the exercise, everyone pay attention to safety!"
