

Special Soldier 103

Chapter 103: Kill azurite

Of course, in the course of the action, Qin Yuan also started his previous choice to kill the wild wolf!

"Ding Dong, congratulations to the host for choosing successfully and gaining the cosmic long-distance running ability!"

Hearing the prompt from the system at this time, Qin Yuan slowly released the body of the Wolf King.

Qin Yuan didn't kill all the wolves, but only killed the wolf king and a few wolves.

After all, wild wolves protect animals, and killing too many is not good!

What's more, after killing the wolf king, the remaining wild wolves are not a concern.

The wild wolf watched his king be killed by Qin Yuan so easily. Seeing Qin Yuan's body trembled, he naturally whimpered and turned his head to escape.

Qin Yuan continued to run wildly, but he didn't walk far over the hill, but suddenly found a huge surprise!

"It's no effort to step through the iron shoes and find nowhere to find it!"

Qin Yuan smiled slightly, and then rushed towards this position!

Qin Yuan never expected that it would be so relaxed when he discovered Leng Feng and Shi Qingshan who were facing each other!

I only saw the bushes!

Leng Feng is looking at Shi Qingsong's camp with Yu Fei Banzhuan and others!

At this time, Shi Qingsong seemed at a loss to the appearance of Leng Feng and others!

"Since I am a third-party boss, Old Man Shi's head, I must get it!"

Qin Yuan smiled and lurked over silently!

"Mother, you can't beat Qin Yuan, but if you fall into the hands of Old Stone, then I will be ashamed!"

"Leng Feng, this time as long as we successfully decapitate Old Man Shi, the mission will be considered a success! Even if Qin Yuan's strength is against the sky, we will end the winning streak because of our presence!"

Banzhuan and Yu Fei looked at the camp in the scope, and couldn't help showing excitement!

no way!

Until now!

They thought that Qin Yuan and Shi Qingsong were in the same group!

As Shi Qingsong's subordinates!

A member of the Blues!

If Leng Feng and the others can kill Shi Qingsong, wouldn't Qin Yuan also be considered a loser?

For Leng Feng and the others, it is even more exciting for Qin Yuan to lose the exercise than to kill Qin Yuan!

"Two, with Qin Yuan in the exercise, killing Old Man Shi is just a secondary task! As long as Qin Yuan is still alive, we won't be considered a winner, OK?"

Leng Feng dismissed this, frowned, and said with a curled mouth.

Qin Yuan is a mountain in his heart!

If you don't kill Qin Yuan personally, Leng Feng is unwilling!

When Banzhuan heard it, he immediately glared, "Leng Feng, you don't really want to kill the big demon Qin Yuan, do you? We can win the curve, which is good! Young people, don't be so arrogant! Let's take it first. Let's talk about Shi Qingsong!"

As a veteran player, Banzhuan's vision is much higher!

Through data analysis of exercises and actual combat, he has long discovered that a super existence like Qin Yuan is just like Jordan in basketball and Zhang Yining in table tennis!

is absolutely a super existence like a god!

A general world champion?

is absolutely impossible to shake it!

"Okay! Then I will take Shi Qingsong and show you!"

Leng Feng snorted, sighing in his heart!

At this time, Shi Qingsong also found something wrong, and said directly to his deputy:

"Try to annihilate this kid's teammates. We change a place. This position has been exposed. Be careful, Long Xiaoyun throws a bomb directly at us."

The deputy nodded, and then wanted to protect Shi Qingsong out, but Shi Qingsong suddenly saw the cook standing aside, his eyes lit up, and said to the cook:

"Come on, let's change our clothes!"

At this time, Yu Fei saw a group of people come out from inside, and immediately reminded Leng Feng:

"Someone came out!"

And Leng Feng looked at these people from the scope. The sight was aimed at the strong man in the front.

But after a few glances, he moved the sight and aimed at the people behind.

In the end, a smile appeared at the corner of Leng Feng's mouth, and he aimed directly at the last covert cook!

Snapped! Snapped!

Two gunshots, Leng Feng's bullets roared out!

But at this moment!

A shocking scene was discovered!

Before the cold front shot!

On the opposite mountain, there was also a gunshot!

clearly in the sight!

Leng Feng was shocked to discover!

Before he pulled the trigger, Shi Qingsong's body had already smoked!

"what!"

"How can it be!"

"Shi Qingsong was eliminated?"

Leng Feng couldn't help but stare wide-eyed, dumbfounded!

He never dreamed that Old Man Shi would be eliminated by others under his nose? ? ?

"Cold front, great job!"

"So handsome!"

Banzhuan and Yu Fei cast approving glances, but in the next second, they found Leng Feng's shocked look!

"I, I haven't shot yet!"

Leng Feng is like eating fly shit!

"What? Who killed Shi Qingsong?"

"I don't know! Could it be that our teammates have survived?"

Leng Feng looked dazed!

Of course they don't know!

This is Qin Yuan's shot!

If you know!

I am afraid it will definitely be more shocking!

After all, in their impression, Qin Yuan is a member of the Blues!

As a soldier of the Blue Army, Qin Yuan actually killed his leader?

The deputies and guards around immediately panicked. They immediately surrounded Shi Qingsong and asked Shi Qingsong:

"Brigadier, there are snipers! What should we do?"

But Shi Qingsong threw all kinds of food in his hand, and said with a calm face:

"Ask me what am I doing? I am dead now! What should I do!"

Shi Qingsong's heart is full of depression, He didn't expect the enemy to leave him such a big surprise.

What's more, my disguise has no effect at all!

"As expected, it is the Wolf Warriors team!"

Shi Qingsong sighed, and couldn't help feeling very emotional!

But Leng Feng was shocked at this time, but he knew that Wolf Warrior was the only sniper!

So who actually shot the other bullet?

There is only one possibility!

That is Qin Yuan!

"Oh my God! Qin Yuan actually killed his head?"

For an instant, Leng Feng's heart was a huge wave!

What is Qin Yuan doing?

I killed my superiors?

Is it so powerful?

"Run, I'm afraid our position has been exposed, those people will definitely come after!"

Yu Fei yelled at Leng Feng, and then Leng Feng also seized the time to escape forward, but his heart was full of doubts.

"The other bullet must be Qin Yuan, but isn't Qin Yuan from Lan Fang? Why did he kill Shi Qingsong?"

Hearing this, Yu Fei also looked dazed, and the others didn't even know the answer. .

Then Leng Feng thought of a possibility and directly yelled:

"I understand, Qin Yuan is not Lan Fang's person at all, but belongs to a third party. His goal should be to wipe out all of our Wolf Warrior Team and Old Stone's troops!"
