

Special Soldier 105

Chapter 105: live ammunition!

"I saw a figure just now..."

Leng Feng said to a few people, and when they heard this, they were all stunned.

"No way, there are wolves over there, how could there be anyone!"

"Yes, did you read it wrong?"

But Leng Feng showed a wry smile, he is a sniper, how could he be mistaken!

"If I was wrong, why would these wolves run away?"

Hearing this, these people fell silent, and then said carefully:

"Is it really a person? Isn't it a dirty thing?"

"Fuck you, you still want to be a cadre because you still believe that!"

"I doubt it, that person is Qin Yuan!"

Upon hearing this, Yu Fei and the others were stunned!

"No way, although Qin Yuan is very powerful, but he won't be scared away when these wolves come!"

"Why not? I've heard before. As long as some people kill more of the same thing, they will have a murderous look on them, like a butcher who specializes in killing pigs. , It will produce a deterrent to the pigs, and they can't run away!"

Hearing this, several people felt more and more suspenseful, but in the end Yu Fei smiled and said:

"It certainly won't be Qin Yuan's, don't forget, we are his opponents now, we have consumed almost all the bullets just now, if it is really him, after he drove the wolves away, he would just eliminate us That's it!"

Hearing this, the crowd nodded.

is right.

Qin Yuan was already very struggling against so many of them alone. He would definitely seize the opportunity to eliminate more people. How could he let them go?

Hearing this, Leng Feng was also a little bit dubious. He somewhat doubted whether he had read it wrong just now, but he looked like Qin Yuan at that figure.

At this time, on Qin Yuan's side, he hid behind a big rock, and when he heard the words of those people, a smile appeared on the corner of his mouth.

"I didn't kill you guys, but that's because I still want you to work for me and eliminate a few more blue people."

Qin Yuan didn't expect that these wolves would turn around and flee as soon as they saw him. He didn't think he had such a great deterrent, right?

"I am so handsome, why don't these wolves appreciate it?"

Qin Yuan touched a handful of hair narcissistically, feeling happy in his heart, not bloody, and got another grid!

At this time, Qin Yuan heard the sound of a helicopter coming from a distance, and knew that Long Xiaoyun's support must have arrived. In order to prevent them from discovering, Qin Yuan left here!

Then Long Xiaoyun found that Leng Feng and the others had done nothing, so they had to let the exercise continue.

It's just that if this movement is made, it will definitely be caught by Lan Fang. This suddenly made Leng Feng and others exhausted!

But Qin Yuan was hiding in the distance, always watching Leng Feng and others. Now the power of the Wolf Warriors team is relatively weak, so he pretends to be Leng Feng from time to time and kills a few blue people.

With the help of Qin Yuan, Leng Feng finally escaped Lan Fang's pursuit!

"Haha, finally got rid of them!"

"Oh, I'm exhausted!"

"Rest!"

fled all night, Leng Feng and the others also became a little tired, and at this time the sky was gradually brightening, they were going to take this last bit of time to make a good repair.

"Two people are on guard, three people are resting!"

Yu Fei gave orders, and then they found a place to rest, and Yu Fei wanted to get some water.

Qin Yuan was lying on a big tree at this time, using his thermal imaging ability to watch Leng Feng and others leisurely.

He has slept for a long time, so naturally he will not feel tired!

Qin Yuan also knows that the people of the Wolf Warriors team need to take a break. They have not rested for at least 24 hours. Even the special soldiers with superhuman strength will be tired.

"Forget it, I'll do something good for you and direct the pursuit of soldiers in other directions."

Looking at the blue troops in the distance, Qin Yuan smiled at the corner of his mouth and rushed out!

At this time, Yu Fei was fetching water from the stream, but at this moment, Yu Fei suddenly felt like being watched by someone, and frowned slightly.

"Did Lan Fang touch it?"

Yu Fei looked at the shadows in the distance at this time, and suddenly became vigilant in his heart, took his gun, and carefully touched it!

And at this moment, Yu Fei saw a figure, and instantly wanted to shoot!

But this person kicked directly, kicking the gun in Yu Fei's hand directly, and then kicked Yu Fei's body with several legs!

Yu Fei directly let Kick Fei out. He was already sleepy and tired. How could he beat this person!

"Crooked nuts?"

At this time, Yu Fei saw the face of the incoming person, and was suddenly screamed. Seeing that this person was fully armed, Yu Fei suddenly understood that these people are invaders!

And this person is the middle-aged mercenary cat who follows Minden!

"Yan country soldier, ha ha, just a rookie who has never seen blood!"

At this time, hearing the gunshots, Leng Feng and the others made an Um reaction in an instant, but before they rushed out, they saw a shock bomb and threw it directly!

Except for the cold front who was on guard, all the rest of were blown up by this shock bomb!

And just before Leng Feng wanted to take a look, who had launched the attack, and suddenly heard a low sound in the distance, Leng Feng's hairs exploded in an instant, and a flash fell directly from the tree!

A bullet directly hit a bullet hole in the position of Leng Feng just now. If Leng Feng hadn't jumped off, he must have been shot!

Leng Feng looked at the clear bullet hole and immediately gritted his teeth and yelled into the walkie-talkie:

"Attention everyone, attention everyone, there is live ammunition! There is live ammunition!"

Hearing Leng Feng's words at this time, Long Xiaoyun in the war room suddenly chuckled!

Long Xiaoyun reacted quickly, and directly hit the channel on the public screen:

"Attention everyone, invaded by the enemy! Request armed intervention!"

At this time, Long Xiaoyun's face became extremely ugly. Only then did she remember Qin Yuan's reminder to herself!

I didn't expect these people to actually come!

At this time, looking at the old cat of the mercenary through the camera on Yu Fei, Long Xiaoyun directly gritted his teeth!

At this time, Yu Fei struggled to stand up, looked at the old cat, and directly took out a flare from his body!

This is the only weapon in his hand that can cause damage!

"No! Yu Fei!".

At this time, the people in the monitoring room yelled when they saw Yu Fei's movements!

And Yu Fei rushed towards the old cat with a trace of determination in his eyes!
