

Special Soldier 107

Chapter 107: Jungle chase!

"Wake up! Wake up!"

Seeing Yu Fei waking up at this moment, everyone exclaimed in excitement!

"My mother, isn't this amazing?"

"It's fake, it's fake, I saw with my own eyes that the deputy team was about to blow up!"

At this time Leng Feng also looked at Qin Yuan with surprise. He really did not expect that Qin Yuan was not only powerful, but also had such a superb medical skill!

No wonder Captain Long Xiaoyun deliberately wants to keep Qin Yuan in the Wolf Warriors team. There is such a teammate, no matter what they are doing, they have a bottom in their hearts!

To know!

The moment the signal bomb exploded, there was a high temperature of thousands of degrees!

He clearly saw that Yu Fei was blown up and his pupils were dilated and he was motionless!

did not expect--

Are you alive now?

At this time, Yu Fei also said blankly:

"What's wrong with me? Didn't I remember there was a crooked nut?"

"Lie down and don't move!"

Qin Yuan saw Yu Fei wake up, knowing that the most difficult time has passed, and he was relieved, and then he began to close the needle.

At this time, the people around also became quiet instantly, and they were afraid to influence Qin Yuan, for fear of any mistakes in Qin Yuan's treatment!

After Qin Yuan pulled out all the silver needles, he breathed a sigh of relief, but at this time, Qin Yuan heard an explosion from a distance!

"It's a graphite bomb!"

At this time, Leng Feng screamed, this kind of graphite bomb can affect electronic components, so that they can't rely on the helicopter to chase the enemy!

At this moment, a soft sound rang directly in Qin Yuan's mind:

"Ding Dong~ The system will launch a mission to kill the mercenary squad led by Lao Mao and get two grids!"

Hearing this voice, Qin Yuan also smiled at the corner of his mouth, and then said to everyone:

"You wait here first, and when the helicopter comes over, take the wounded back and change weapons and equipment. I will chase them first."

what?

At this moment, everyone was shocked when he heard this, Qin Yuan actually wanted to catch up!

"No, master, all of them have live ammunition. We only have empty ammunition for the exercise, and there is no way to deal with each other!"

Leng Feng said to Qin Yuan to persuade him, and the people around him kept nodding. After all, these people are mercenaries, and they don't know what kind of weapons they will have. Qin Yuan chased after him hastily. Too dangerous!

"It's okay, you can't do it, can't I still do it? There is a saying that there is no gun, no cannon, the enemy will build it for us!"

Having said this, Qin Yuan directly took out a pistol.

This pistol was obtained by Qin Yuan from the assassin just now, and when he saw this pistol, everyone gasped.

The model of this pistol is completely different from the pistol they are equipped with! Of course they can guess it, and it must have been captured by Qin Yuan from the enemy's hands!

You can still kill the opponent with your bare hands. This makes the guard company soldiers who have seen Qin Yuan's skills for the first time, surprised Qin Yuan!

"You wait for the supplies here first, I will make a mark on the road!"

Qin Yuan sorted out his equipment, and then planned to chase him in the direction where Old Cat Qian fled.

But at this moment, seeing Qin Yuan's actions, the people of the Wolf Warriors team felt uneasy.

As members of the Wolf Squadron, they are among the elites, the special forces in the special forces. Before, only others watched them advancing, but this time they could only watch Qin Yuan advancing!

"salute!"

Leng Feng yelled directly, and then everyone raised their right hand instantly and expressed their sincerest respect to Qin Yuan!

Qin Yuan smiled at these people, and then just wanted to leave!

But just when Qin Yuan was about to leave, a voice came from the headset:

"No, Qin Yuan! You can't go, it's too dangerous!"

At this time, Long Xiaoyun in the command room saw that Qin Yuan was about to leave, and immediately yelled anxiously.

Qin Yuan is not from their Wolf Warrior Squadron, but someone borrowed from Fan Tianlei. If something happens, how can she explain to Fan Tianlei!

"Captain Long Xiaoyun, don't forget, in this exercise, I am not your subordinate, you have no right to order me!"

After Qin Yuan said this, he took off his headset and threw it to Leng Feng. When Long Xiaoyun heard Qin Yuan's answer, he gritted his teeth anxiously and directly ordered the people from the Wolf Warriors team. :

"Leng Feng, you lead someone to stop him!"

However, the people in the Wolf Warriors team shook their heads when they heard this, and Leng Feng said directly to Long Xiaoyun:

"Captain, let's not say that we are not Qin Yuan's opponent. Even if we can really stop Qin Yuan, we will not do it, because this is a real insult to a fighter!"

Because everyone present can see it, or everyone can empathize with Qin Yuan.

What they did to those mercenaries!

Rageous!

These people actually dared to cross the boundaries and attack them directly. It was like scratching their faces with big ears!

They can't pursue it, but naturally they won't stop Qin Yuan who can pursue it!

Qin Yuan's identity now represents all of them!

Those people must know what the real soldiers of the Yan Kingdom are!

"Captain, whether you ask me to be confined or resigned, this time, I won't listen to your orders!"

"me too!"

"me too!"

Only after hearing those voices in the headset, Long Xiaoyun suddenly knew that he could no longer stop Qin Yuan.

It's just that Long Xiaoyun is very curious now, what kind of charm Qin Yuan this man has, and why can she directly take away her command of the Wolf Squadron in this short period of time?

Taking a deep breath, Long Xiaoyun said directly to the assistant beside him:

"Prepare a helicopter, I'm going to take a look!"

After hearing this, the female staff officer beside her suddenly screamed:

"No way, Captain Dragon, you still need to be responsible for commanding!"

But Long Xiaoyun had already reached the door at this time, directly said to the staff officer:

"Transfer all command power to Brigadier Shi Qingsong!"

Having said that, Long Xiaoyun went directly to a helicopter!

When something like this happened, she, the captain, must be at the forefront!

At this time, Qin Yuan also encountered a little difficulty!

The old cat and others were in a car before, after all, although Qin Yuan has the ability to run long distances, he doesn't care about physical exhaustion, and the speed is not slower than a jeep!

But if you want to catch up with the old cat faster, you must take a shortcut!

However, in front of Qin Yuan's eyes, there was a rusty sign with a huge skull painted on it, with an ominous aura, and several red characters on it:

"The minefield ahead, no entry!"
