

Special Soldier 121

Chapter 121: Scorpion appears

The bus stopped quickly, and the people on the bus all walked down in fear.

And after Fan Tianlei got out of the car, he found that the layout this time seemed a little different from before, a bit too strict. When he looked up, he found that his two old friends, Lao Gao and Lao Wen, were also there.

"Two, you guys are in such a big battle, what's the matter?"

At this time, Fan Tianlei looked puzzled. Although he knew that Fatty Liu was the man who was shot today, he was just a drug lord, and he wouldn't make such a big disturbance, right?

At this time, Wen Guoqiang saw Fan Tianlei and said with a smile:

"We have received news. It seems that someone is very interested in Fat Liu. This guy knows a lot of secrets. So some people want to keep him alive, while others want to watch him die. , I guess this time, there will be many onlookers!"

Hearing this, Fan Tianlei frowned:

"You mean, someone wants to save Fatty Liu?"

"Yes, we learned from Fatty Liu that he had worked with Fusang people before and got a lot of news. Although this guy knew he was dead and would not say anything, there were always people who wanted to watch him. Only when you are finished can you be completely relieved."

At this time, Lao Gao also said something, and when he heard this, Fan Tianlei sneered. They are already modern society, and they dare to play this trick in their Yan Country. Is it a bit too magical?

"I know this sounds really scary, but the superiors take this matter very seriously, so we said that this time we are strictly defensive, so Lao Wen and I have been staring here."

At this time, Lao Gao glanced at the rookie team over there, with a smile on his mouth:

"I don't think your player's physical condition seems to be very good today, can it work?"

"What's wrong, we didn't have the conditions like them back then, but you shouldn't underestimate them, the Fatty Liu in your hands was caught by the front soldier!"

Fan Tianlei said, and when he heard this, both old Wen and Gao were interested. They all heard that Fatty Liu was caught by a recruit, but they didn't know who it was. This time they saw him. Naturally, we must get to know it well.

At this time, Qin Yuan and others stood neatly in a row, and in front of them was the place where the death row prisoner would be shot for a while.

I thought for a while that my son was going to pass through the prisoner's skull, and those messy things splashed all over the place, and I remembered the tofu brain they had eaten before, and my stomach suddenly churned.

But what they didn't know was that a group of people were swiftly passing through the jungle in a jungle, just outside the strict police control.

This pedestrian is painted with camouflage on his face, and he has various light weapons in his hand. One of them is holding an svd rifle in his hand and moving forward quickly.

"Master Tiger, I heard the news some time ago that the old cat is here. Is it a bit dangerous to come this time?"

At this time, a man with a scorpion tattoo on his body asked a strong man in front of him.

And the strong man named Tiger Lord heard this, but said disdainfully:

"The famous scorpion turned out to be a coward too, why, you think it's dangerous, don't you come? Now let's talk about such things that disturb the military's morale, be careful I kill you!"

Hearing such words at this time, there was a cold light flashing in Scorpion's eyes, but he did not fight against the man named Tiger Lord, just lowered his head and said:

"Yes, Lord Tiger is right!"

After saying this, Scorpion began to adjust the gun in his hand, and from his binoculars, he just saw the line of standing recruits.

At this time, Lord Tiger also saw this situation and murmured:

"What's going on? Shouldn't this be the job of the police? How come even the special forces guys are here?"

"They are here to lead the team to observe and learn."

Scorpion licked his lips and said lightly.

Xiezi looked at Fan Tianlei who was standing in the front, his eyes narrowed slightly. This was an old friend, and he took a closer look at He Chenguang in the row, and a smile appeared at the corner of his mouth.

It seems that my old friends and children have not listened to my advice, and they will still become their "comrades in arms"!

"Watch and learn, what's so interesting about it?"

"These soldiers are not the same as us. We lick the blood at the edge of the knife. We die if we are eliminated. Only if we survive the test can we pass the test. These people are able to learn, learn to get used to blood, and use bullets to pass through the enemy's body!"

Scorpion smiled at this time. As a master who has experienced many battles, he does not approve of this method very much. No real master is trained through this technique. Only real blood and fire can cultivate excellence. Warrior!

Obviously Tiger Ye agrees very much with this, and he laughed directly:

"These people are embroidered pillows. I thought there was a master!"

Hearing this, Scorpion didn't say anything. The people of Yan Kingdom shouldn't be underestimated. Moreover, they are in this environment and must be careful and careful. People like Tiger Lord can't live long.

"Ready to fight! This time the boss gave us a lot of moneyThe mission must be completed!"

Tiger Lord said in a deep voice, and then everyone started to act.

At this time, on the execution ground, a prison transport vehicle stopped directly, and several armed policemen with masks pressed a death row prisoner and got out of the vehicle.

And this person is the Fatty Liu who Qin Yuan caught before!

Fatty Liu looked rebellious at this time. He knew that no matter what he did, he would be dead, and if he could keep the secret, his family might have a good end, so he said. There is nothing to fear.

It's just that when Fatty Liu saw Qin Yuan on one side, he shouted crazy:

"You bastard, dare to come!"

But very quickly, this guy's mouth was sealed by the armed police, and an armed police great **** said: "Yan Ming Zhengzhen!"

As soon as the voice fell, a forensic doctor stepped forward and checked Fatty Liu according to the procedure.

"The body has been verified, and execution is allowed!"

Click!

The armed police loaded the bullets and looked indifferent.

And the people in the red blood cell team, seeing this situation, were a little sweaty, and couldn't help but bow their heads and dare not look.

Fan Tianlei yelled directly after seeing this situation:

"Hold your head up for me, what are you doing one by one?"

Hearing this, everyone took a deep breath and then raised their heads, but their faces were still full of tension and closed their eyes.

These people are all young people in the new era. They have never seen such a scene before. How can they accept it all at once?

Chapter 122: Decisive action

Seeing such a situation, Fan Tianlei's face was full of hatred for iron and steel. In this situation, he can't go straight up, grabbing these people's eyes and letting them see.

At this time, Qin Yuan saw this situation and stood up directly, and said to everyone in a deep voice:

"Everyone, we come to serve as soldiers, especially special forces, to defend our home and our country. We suffer from this kind of suffering and suffer that kind of crime, not to look good when shooting targets, but to kill those who dare to invade our country. Outlaws!"

"If you don't have this kind of awareness, it's best not to join the army! My teammates definitely don't need cowards!"

At this moment, everyone was shocked when they heard Qin Yuan's words. They carefully thought about their original intention to participate in the red blood cell, and resisted the rolling in their abdomen, directly gritted their teeth, raised their heads, and opened their eyes. .

"Captain, what you said is!"

"Brother Yuan, you're right, I was courageous just now!"

"Aren't you just a criminal? What's so scary!"

At this moment, Fan Tianlei smiled when he saw such a scene. He felt that it was a very correct decision to bring Qin Yuan to their team. A sheep led by a lion could definitely beat a sheep led by a sheep. Lion.

What's more, the people in the red blood cell team are not sheep.

At this time, Fan Tianlei yelled directly at these rookies:

"I have only one request for you. First, you are not allowed to close your eyes, and second, you are not allowed to shout. If you can't do these two points, you will all go back."

"Yes!"

At this time, everyone in the red blood cells roared with it!

And at this time, the tiger master who was in the distance saw this situation, but he laughed:

"I'm laughing so hard, these people don't even dare to look at the dead, alas, my stomach is almost hurting with laughter!"

At this time, Lord Tiger laughed wantonly, completely forgetting that when he first saw the dead, he vomited for three days.

He uses his gun to aim at the red blood cells one by one. At his position, he only needs a quick shot to kill everyone!

Scorpion looked at the arrogant look of Tiger Lord, and smiled coldly. Some people regarded brutality as bravery. In fact, it was because what they did did not fall on their own body. So arrogant, this person would definitely not live long.

And at this moment, when the tiger master pointed his muzzle at Qin Yuan, Qin Yuan immediately hit a joke, the spider induction was suddenly excited, and he looked directly in the direction where the tiger master was!

Qin Yuan's eyes suddenly changed. At this moment, he remembered that in the original work, it was Scorpion who did this.

But now the person who was shot has become Fatty Liu, did Scorpion mention it?

And seeing Qin Yuan's appearance at this time, Fan Tianlei immediately asked Qin Yuan:

"what happened?"

And Qin Yuan pointed at that direction:

"At seven o'clock, there is a reflection of a lens. There are enemies!"

Qin Yuan quickly made a judgment!

Hearing such words, Fan Tianlei's heart also moved.

"you sure?"

"OK!"

Fan Tianlei saw Qin Yuan's so determined appearance, and quickly asked Mr. Wen and Mr. Gao on the side:

"Two, isn't that direction the shooter you arranged?"

"Impossible. That place belongs to the offensive position. We mainly want to defend. How can we place gunmen in that place?"

Before they finished speaking, the two of them immediately looked at each other, their eyes filled with shock:

"Not good! What an enemy!"

At this time, the scorpion saw Qin Yuan's actions just now, and his heart was shocked, a very bad premonition filled his heart, his eyebrows twitched, and he said directly to the tiger master:

"We have been found, we should withdraw quickly."

After saying these words, Scorpion immediately wanted to retreat, but Tiger Lord grabbed Scorpion and said threateningly:

"What do you want to do? This time it's a big deal. You didn't shoot a shot, so you want to run?"

"You idiot, the reflection of the scope on your muzzle just now has been discovered by the other party. It doesn't matter if you die, I don't want to die with an idiot like you."

Tiger Lord heard the unkind words of Scorpion, and instantly became very angry, the little man in front of him even dared to say this to himself, and slapped the Scorpion directly!

But Scorpion smiled disdainfully, and when he moved his body, a finger was directly poked into the tiger's throat!

If you use force, Master Tiger will be squeezed by the scorpion!

"Ahem!"

Tiger Lord immediately coughed violently, he did not dare to make too much noise, for fear of being discovered by the armed police.

And those little brothers around were the scorpions who pointed their muzzles at them instantly, but the scorpions said indifferently:

"What? You want to shoot? Shoot, idiot! Want everyone to die together? As long as we dare to shoot, we can't run away alone!"

Hearing Scorpion's words, the boys around were looking at each other. Scorpion was right. Their goal has not been achieved. If they shoot and reveal their position, it will be a bit of a loss!

Xiezi looked at these people coldly, these were not his team, as long as he wanted, one person could actually kill all of them.

This time he just wanted to get here, first take a look at the situation in Yan Country, and meet old friends, he didn't plan to do anything to make money.

These people are not even a fart in the eyes of Scorpion!

"I go first!"

Scorpion finished speaking and left here with the gun directly!

And Tiger Lord looked at Scorpion angrily, and the gun in his hand was aimed directly at Scorpion's back, but when he remembered the murderous look in Scorpion's eyes just now, he finally didn't dare to press the trigger and said to the men:

"We also withdraw!"

.....

At this time on the execution ground, several armed policemen rushed over and said to Mr. Gao and Mr. Wen:

"Report! We did find some footprints in the direction of Houlin! But now they have disappeared. There is only a white mark on the scene."

At this time, Mr. Gao and Mr. Wen looked at each other, and said in shock:

"Unexpectedly, some people would dare to come! These people ran away without firing a shot, but they just ran away. Why did they leave a mark?"

"It's really bold. We must take action to bring all these desperadoes to justice."

After the two had finished speaking, they glanced at Fan Tianlei, who was silent on the side, and smiled and said:

"Old Fan, your soldier helped us solve a big problem! We must remember a great achievement!"

But Fan Tianlei frowned, and said directly to the armed police officer: "Can you show me that pattern?"

The person nodded directly, and soon, a picture appeared directly in Fan Tianlei's hands. .

Fan Tianlei looked at this pattern, his pupils suddenly shrank, and said coldly:

"It's really you, Scorpion!"

Chapter 123: Crazy vomiting

Scorpion?

Mr. Gao and Mr. Wen heard what Fan Tianlei said, and their eyes were full of shock!

They have also heard of this scorpion. He is a very famous guy.

At this time, Fan Tianlei said with an angry expression:

"This guy is a very cruel person. I have dealt with him many years ago, and one of my comrades in arms died in his hands."

Saying this, Fan Tianlei glanced at He Chenguang who was standing on the side, but He Chenguang didn't seem to notice anything.

Then Fan Tianlei said again in grief:

"My son also died in this man's hands!"

"what?"

At this time, President Wen was shocked when he heard this, and frowned tightly.

They have also heard about Fan Tianlei, and they often feel sorry for Fan Tianlei, but they didn't expect that the murderer was Scorpion.

"This scorpion is so cruel, and it hurts our personnel, so you can't let him go."

Mr. Gao gave an order directly, facing the armed police officers around him:

"Release the army dogs and follow them."

And Mr. Wen also directly said to the armed policeman pointing at Fatty Liu:

"Just kill it!"

The armed police also agreed, and then aimed at Fatty Liu, who was already desperate. A bang shot directly through Fatty Liu's forehead!

Some messy things flew out instantly and fell to the ground, like tofu brains that were knocked over.

While watching this scene, those rookies think about the tofu brains they had eaten before, as if they were eating these messy things!

Wow, I spit it out!

But Qin Yuan didn't react at all. After all, he had passed this stage, and instead greeted Fan Tianlei and said to several people:

"This scorpion is very cunning. It may be difficult to catch the opponent with ordinary armed police alone. Can you give me some weapons and equipment? I want to help you!"

But when he heard this, President Wen laughed and said directly to Qin Yuan:

"I know your strength, but this time it is our police task. Your special forces will have opportunities in the future."

After hearing this, Qin Yuan had no choice but to nod his head. It was indeed a bit wrong for him to rob someone else's task directly.

The reason why Qin Yuan stood up is precisely because the system suddenly made a soft noise in his mind:

"Ding Dong~ Post a mission to defeat the criminals coveting the execution ground! Reward a grid!"

"Ding Dong~ Post a mission, kill the scorpion, and reward two grids!"

Qin Yuan did not expect that this looked like the same task, but the system released two.

Qin Yuan knows that the system never does meaningless things, there must be other hidden things in it!

But since Mr. Wen and Mr. Gao disagree, Qin Yuan can only think of other ways.

.....

At this time, on the highway, the bus was driving fast, and the rookies of the red blood cell team were vomiting frantically with a plastic bag in their hands.

Li Erniu said with a full face:

"I knew I would not eat so much, why didn't you remind me, Brother Yuan?"

"Didn't I remind you? But this is a step you have to take sooner or later, vomit, vomit and vomit and get used to it. Do you think people will be fine in the morning?"

When He Chenguang heard this, he also squeezed out an ugly smile, and now he can't let him vomit it out.

However, Qin Yuan felt that he had let the scorpion away like this, and he was really unwilling to sit down next to Fan Tianlei in the front row and said to Fan Tianlei:

"Golden Eagle, what is the skill of Scorpion? I think you know better than me that those armed police forces will never catch him, not to mention that he has other teams this time, I am afraid it will be even more difficult!"

When Fan Tianlei heard what Qin Yuan said, he was taken aback:

"what do you mean?"

Qin Yuan glanced at He Chenguang behind, then whispered:

"I already know about He Chenguang's father, but Chenguang hasn't found it yet, so are you. This scorpion is Chenguang's heart knot, and your heart knot. As long as he doesn't die for a day, your heart will have one day. Can't let it go."

Hearing this, Fan Tianlei smiled bitterly. Why didn't he want to catch Scorpion to avenge his son and his comrades?

But this person is extremely cunning, and ordinary means can't deal with the opponent at all. At present, Fan Tianlei feels confident that he can deal with the scorpion, and there is only one Qin Yuan.

At this time, Fan Tianlei stared at Qin Yuan and said lightly:

"Are you sure you are sure?"

Hearing this, Qin Yuan had a hint of joy. He didn't expect Fan Tianlei to let go so easily, and a sneer appeared at the corner of his mouth.

"I dare not say that I am really sure, but I want to try."

Seeing Qin Yuan's confident look, Fan Tianlei was taken aback, and then suddenly laughed:

"To be honest, a talented person like you is what Scorpion wants most. If he knows you, he will definitely pull you in by every possible means!"

and thinking of Fan Tianlei here, he no longer hesitated and said directly:

"Stop!"

Chen Xiangming, who was standing on the side, said to Fan Tianlei with a worried expression on his face:

"On the 5th, you just let them go to the battlefield right now, isn't a bit too sloppy?"

But Fan Tianlei shook his head and said to Chen Shanming:

"In fact, the Scorpion has a point that I very much agree with. It is that no real masters can be trained in the training ground. In any case, they all want to see blood. This time it is on our territory. The Scorpion will not do a counterattack. It's too much, otherwise he will never escape. This is a great opportunity."

Hearing such words, Chen Shanming and Miao Lang stopped talking. Fan Tianlei was right. For a rookie like them, this kind of low-intensity battle is a very rare opportunity.

Although there are certain risks, it is much simpler than going abroad to complete the task.

"You two lead the team, remember to bring all of them back intact."

After finished speaking, Fan Tianlei said directly to the others:

"What happened just now, you must have heard. A group of criminals coveted the execution ground, but they just let them go. This time, we will act as the police's assisting force to arrest these people and bring them to justice! Are you confident!"

"Have!"

The people who were still sick and couldn't help vomiting just now yelled out loudly. Fan Tianlei nodded when seeing this situation, and directly selected a few people who did not vomit:

"He Chenguang, Xu Tianlong, Qin Yuan, get out! The three of you and Chen Shanming form a pursuit team, and I will let Mr. Wen provide you with the equipment you need!".

After saying this, Fan Tianlei said directly to these people:

"Remember, you must come back safely! I am waiting for your triumphant return!"

Chapter 124: World-class smell

A few people paid a military salute to Fan Tianlei directly, and then got into a car and headed towards the location of Wen's execution ground!

After ten minutes, Qin Yuan and others followed Miao Lang to a jungle!

Everyone is fully armed, with some armed police soldiers and a few army dogs nearby, constantly searching for the traces of those who escaped.

"We were a little late, and the people after they broke off hid the trail very well!"

At this time, He Chenguang said in a low voice, but at this time Chen Shanming said:

"It's okay, it depends on how good our military dogs are!"

"Military dog?"

Xu Tianlong hesitated and asked:

"Can these soldiers of the dog company keep up with us?"

"The Army Dog Company will not talk about it, we still have a real army dog, Miao Lang, it's up to you to play!"

Chen Shanming said, and then Miao Lang smiled and squatted directly on the ground, carefully searching for traces and smells on the ground.

"Here!"

Miao Lang pointed in a direction directly, and everyone was shocked at the sight, even Qin Yuan was a little surprised.

Can human noses really compare with military dogs?

But at this moment, Qin Yuan suddenly felt a tingling sensation like a needle stick. The spider's induction was instantly excited, and he struck directly in the direction of Miao Langzhi!

A bullet flew out of Qin Yuan's muzzle instantly, penetrating the air, and directly hit a soldier hiding in a tree!

The group became vigilant for an instant, but then Qin Yuan said:

"It's okay, this guy should be the one who broke off, no one else!"

Miao Lang also nodded, and then everyone went directly to the criminal's side. Seeing the man's eyebrows shot, Chen Shanming couldn't help but exclaimed:

"Good marksmanship!"

Although he knew that Qin Yuan's marksmanship was good, the actual combat and target shooting were completely different.

Some people can make 10 rings when shooting, but they cannot hit the enemy's body in actual combat. This is related to their personal psychological quality.

"Great, with the smell of this person, other people can't escape!"

At this time, a soldier of a military dog company came up directly, brought a military dog, and smelled the body of the criminal, and then the military dog chased it in one direction!

But after running for an hour, they did not catch up, but the soldiers of the Army Dog Company were panting tired!

Most of their army dog companies usually train around army dogs and take care of them. They don't train much on personal physical fitness. Now his speed has obviously slowed down, and he can't keep up with the pace of Qin Yuan and others. !

"Comrade, otherwise you will wait here for the troops behind and lend us the military dog temporarily!"

Miao Lang whispered, and the soldier of the army dog company hesitated for a moment, but he had to agree.

"Qin Yuan, you lead the dog!"

Qin Yuan's eyes lit up when he heard this.

He used to be a little enthusiastic about Miao Lang's superb sense of smell. Now he has a military dog. I don't know if there is a chance to put this military dog in his grid.

The soldier of the army dog company said a few words to the army dog, and then put the army dog in Qin Yuan's hand with a look of dismay:

"It's called Caesar, please treat it well, please!"

Qin Yuan nodded solemnly. For the soldiers of the Army Dog Company, military dogs are not only weapons, but also the best comrades in arms. These people are willing to take care of them, so Qin Yuan would naturally treat them well. These military dogs.

"Go, Caesar!"

Seeing such a situation, the soldiers of this army dog company are extremely regretful, why they don't usually exercise well, but now they can only watch their army dogs follow others!

Qin Yuan and others continued to advance, without the drag of the soldier, Qin Yuan let go of his hands and feet, and directly let the army dog run freely. With his physical strength, he was instantly faster than others!

"Qin Yuan, be careful!"

At this time, Chen Shanming reminded Qin Yuan, and Qin Yuan knew his abilities, so naturally he didn't worry about those people. What's more, he had other plans!

"You keep up, I will be the pioneer!"

Instead of stopping, Qin Yuan continued to speed up his pace. He pushed his spider sensor to the limit to ensure that he would not be instantly killed by others, and then he ran straight with the army dog!

Let go of Qin Yuan's speed, it is naturally impossible for others to catch up, and soon Qin Yuan has disappeared in front of them.

And Qin Yuan took advantage of disappearing into the gap of their sight and put his hand on the army dog.

"Recycle!"

This army dog knew that Qin Yuan was a comrade in arms, and naturally had no resistance to Qin Yuan, and was received into the grid by Qin Yuan smoothly.

Qin Yuan knew that he didn't have much time, so he directly consumed a grid and reclaimed this army dog!

While looking at his white grid, it gradually turned to gray, and the miniature picture of the military dog was in it!

"Ding Dong~The host recovery was successful! Please start choosing!"

"1, get a world-class sense of smell!"

"2, get world-class military dog affinity!"

"3, get world-class military dog domestication!"

Seeing these three options at this time, Qin Yuan suddenly smiled.

Sure enough, the recycled army dog can gain the ability to smell!

"System, I choose 1!"

Qin Yuan didn't have any doubts. The first item that Qin Yuan chose directly, although the remaining two are also very useful, but now the top priority is to get the first item first, and Qin Yuan has time later. Go to the military dog and make a circle, then think about other abilities!

"Ding Dong, the host chooses successfully and gains a world-class sense of smell!"

"Get a world-class sense of smell, greatly enhance the speed of the sense of smell, and increase the host's sense of smell to three times that of ordinary military dogs!"

Qin Yuan's heart was overjoyed. Even an ordinary military dog has 1,200 times the olfactory ability of humans, while Qin Yuan's olfactory ability is three times that of continuous improvement, which is 3,600 times that of humans.

The ability to smell like this is terrifying!

Following the prompt of the system, Qin Yuan suddenly felt that his nose seemed to have slightly changed.

Then all kinds of flavors appeared directly in his nose!

Qin Yuan can now smell the scent of green grass, the scent of leaves, the scent of rotting in the soil, and even the scent of honey from a honeycomb in the distance!

This time, Qin Yuan smoked enough, but soon he began to learn how to control and choose the flavor he needed!

This is the smell of gunpowder and steel mixed with human sweat glands!

It is that group of people!

Qin Yuan's eyes narrowed slightly, and the army dog was released from the system, and then he chased him directly!

Chapter 125: Accident

But soon, Qin Yuan's footsteps stopped, and Qin Yuan wasted a lot of time just now, the people behind immediately chased up, and saw Qin Yuan stop, Chen Shanming breathed a sigh of relief, and said Qin Yuan asked:

"Why did you stop?"

Qin Yuan glanced in two directions and said to Chen Shanming:

"They divided their forces, and one of them broke away from the large army and fled from this direction! I guess, this person should be a scorpion!"

Hearing Qin Yuan's words, Chen Shanming's eyes instantly condensed. Their main purpose this time was to hunt down the scorpions, but the remaining people couldn't ignore it.

Chen Shanming directly asked the superior at this time, but at this moment, Qin Yuan directly lay on the ground and smelled:

"Not only is there more people in this direction, but it also smells of gasoline. It seems that a car is passing by here!"

Hearing this, everyone was shocked again.

Car?

Where did the car come from in this barren mountainous place?

"Qin Yuan, do you also have a superb sense of smell? Could it be wrong? In our place, there is no serious road, how could there be a car?"

At this time, Chen Shanming asked, but Miao Lang sniffed it carefully, but said solemnly:

"I also smelled a faint smell of gasoline, Qin Yuan's guess is correct, there is indeed a car!"

Hearing this, the eyes of everyone looking at Qin Yuan instantly became wrong. Miao Lang's olfactory ability was already very outstanding, but Qin Yuan smelled it earlier than Miao Lang. This does not mean Qin Yuan. More powerful than Miao Lang?

These people never thought that Qin Yuan was not only better than Miao Lang, but even stronger than ordinary military dogs!

"Brother Yuan, so you still hide such a hand?"

"In the future, our red blood cells will have our own army dogs!"

At this time, hearing He Chenguang and Xu Tianlong's words, Qin Yuan did not say anything, but directly said to Chen Shanming:

"There are two possibilities. The first is that the person who meets them has arrived, and the second is that someone has lost their way."

At this moment, Chen Shanming heard this and directly passed Qin Yuan's guess. After a while, Chen Shanming said with a heavy face:

"The superior ordered that we first chase the crowded team. Although Scorpion's crimes are more serious, our primary task is to ensure the safety of the people. This team has more people and a greater threat! "

After saying this, Chen Shanming glanced at He Chenguang:

"It can only be the!"

He Chenguang still doesn't know what happened, he just nodded ignorantly, but Qin Yuan was a little unwilling to let Scorpion escape like this, and then said to Chen Shanming:

"Why don't I go after the scorpions alone, you go after those people?"

"No, Qin Yuan, follow the orders of the superior!"

"Snow Leopard (Chen Shanming's code name), if you let Scorpion off this time, I don't know when you can meet him. This person is very dangerous. Let me try!"

Seeing Qin Yuan's appearance at this time, and remembering the lonely appearance of his old boss, Chen Shanming gritted his teeth and said to Qin Yuan:

"Okay, I will let you go, but I can't give you any support. Please remember that even if you let the scorpion run away, you can't get any damage, otherwise, I will feel uneasy in this life!"

"It's settled, waiting to drink my celebration bar!"

Qin Yuan sprinted out in the other direction directly, and the people of Chen Shanming's team looked at Qin Yuan's back, and their eyes were full of obscure meaning.

.....

At this time, on a small road, Tang Xinyi and Gu Xiaojie looked at the reimbursed Jeep, their mouths twitching.

At this time, looking at the jeep that hadn't moved no matter how it was operated, Tang Xinyi said helplessly:

"My eldest lady, I have already said, let me drive, now it's fine, you have to say you want to practice the car, now it's all right, the car is reimbursed, this barren mountains, what should we do? OK?"

At this time, Gu Xiaojie, who was sitting in the driver's seat, was also a little flustered, and said to Tang Xinyi:

"You are my chief, how can I let you drive? We are not going to the red blood cell base. They hide so hidden, no wonder I am, it is not possible, we are waiting here, they should be able Did you find us?"

Tang Xinyi's face was full of speechlessness:

"The problem is that you have lost your way. Who knows if this is the road to the red blood cell base? In case you go the wrong way, no one will come even if we wait for an adult to do it. Hurry up and write it down. Location, we get off the car and find someone to repair the car!"

"Ah? No, I'm walking on the map, so I won't be so unlucky, right? The mountain road is so difficult to walk in this wilderness, if you encounter a wolf or a snake, then it will be finished. Up?"

"Stop complaining. There is no cell phone signal here. I really can't wait. If we don't get out before dark, it's really dangerous. Let's go!"

Seeing that Tang Xinyi was already walking forward, Gu Xiaojie had no choice but to follow her!

But these two people haven't noticed yet, the route they are going on is just on the route where Tiger Lord and others fled!

After walking for a while, Tang Xinyi squatted down in surprise. There were traces of someone walking by, and she said to Gu Xiaojie with a trace of rejoicing:

"Hurry up, there are dead leaves that people have stepped on. As long as we walk fast, we should be able to find someone!"

At this moment, Gu Xiaojie heard the shadows in the distant jungle. It seemed that there was someone, and she immediately shouted in excitement:

"Hello! Hello! Our car broke down, can you help us!"

At this time, Tang Xinyi was also shocked and looked in the direction of the figure, but at this time, they discovered that there was not one but a group of people.

And these people are all wearing camouflage uniforms of various colors with weapons in their hands!

Tang Xinyi's eyes widened suddenly, a sudden burst in her heart, and then she directly pulled Gu Xiaojie to run!

"Sister Tang, what are you doing with me! Isn't that a good person?"

"You idiot, these people are obviously not from Yan Chinese, and they are wearing foreign camouflage uniforms. Something must have happened!"

At this time, Gu Xiaojie took a closer look and found that although these people have yellow skin, they have a strange feeling. They are people from the country side!

At this moment, the soldier who rushed to the front, saw the two of them, and shot directly!

Puffpuff!

The gun with a silencer made a dull sound, and the bullet flew directly at the two!

Fortunately, Tang Xinyi had already suspected that it was wrong, and reacted quickly, pushing Gu Xiaojie aside, and the two of them avoided it!

Chapter 126: Qin Yuan shot!

"Idiot, how did you shoot! Although your gun has a silencer, if the chasing soldiers hear it, we will be done!"

Master Tiger slapped the shot boy on the head, and the boy said with aggrieved expression:

"I'm not, I'm afraid they will expose our news, I just saw a car!"

"car!"

Hearing this, Tiger's eyes suddenly brightened, and Cautious Thinking suddenly turned:

"The news from Acai has been interrupted. We must have been targeted. There is a car. As long as we escape to a crowded place, we will be safe! Haha, God help me, arrest the two women. Be a hostage!"

Hearing the boss's instructions, these people were all excited. They fled for such a long time, and now they had a little capital, and they surrounded the place where Tang Xinyi and the two girls were!

At this time, Gu Xiaojie was trembling with fright. She was just a clerk. Where did she ever see such a scene?

"Sister Tang, I...we're done! Did we meet criminals? Are they trying to kill us!"

At this time, Tang Xinyi's expression was also very ugly. There were more than a dozen people on the other side, all with guns in their hands. The two of them were really dangerous!

But at this moment, Tang Xinyi suddenly heard a voice from above:

"Hey, come out!"

Tang Xinyi knew that they had been found. She directly hit a Ji Ling and rushed out in an instant. A pair of thighs were directly wrapped around the person's body, and with a violent force, the person was thrown off the small ditch where they were hiding.

And Tang Xinyi just wanted to grab the gun in this person's hand, and four or five guns were pointed directly at Tang Xinyi:

"do not move!"

Tang Xinyi saw this situation, so she could only obediently stay still, and then slapped her face with the slap in the face by the person who had just been thrown out. After that, this person just vented his anger, punching and kicking Tang Xinyi!

"Sister Tang! Sister Tang, stop!"

Seeing this situation, Gu Xiaojie was filled with despair and helplessness, yelling, but no one paid attention to her at all!

"stop!"

At this time, Lord Tiger looked at Tang Xinyi with interest, walked down directly, and glanced at him maliciously:

"Unexpectedly, I was so lucky. I also caught a little pepper. Not bad. Such a talent is suitable to be my hostage. Take it away!"

At this time, Tang Xinyi was beaten so hard that she couldn't make any decent resistance at all, but when she heard the word hostage, she instantly understood that these people must have been targeted!

As long as they delay time, they still have a chance to survive!

These criminals also showed a dark smile, although there is no way to do anything now, but these two women are so beautiful, scratching is always indispensable!

But just when one person was about to meet Tang Xinyi, two shots shot, and the heads of the two people who wanted to contact Tang Xinyi instantly bloomed!

The Tiger Lord was also greatly panicked, grabbing Tang Xinyi who was on the side, and yelling frantically:

"Cessation, or I will just kill her!"

Seeing this person's crazy appearance, the members of the red blood cell team did not dare to take any risks. Chen Shanming said in a deep voice:

"Observer, pay attention, I go out to negotiate with these people, once I have the opportunity, I will kill all of them directly, but we must ensure the safety of the hostages! Repeat, we must ensure the safety of the hostages!"

And hearing this, He Chenguang said nervously:

"Snow Wolf, this is too dangerous! You can't go, let me go!"

"Let go! You are still a rookie. Letting you out this time is considered a violation. If you are asked to do such a thing, then how can I go back and explain?"

Chen Shanming said sharply, and when he heard these words, He Chenguang nodded helplessly.

Chen Shanming regretted in his heart at this time, and he shouldn't let Qin Yuan go out. If Qin Yuan was here now, with Qin Yuan's powerful assault and shooting ability, the situation would not be so out of control!

"Don't get excited, I will put down the gun now! Surrender, there is a large group of armed policemen chasing us behind us, you can't run away!"

Chen Shanming threw away his weapon, then said to Lord Tiger.

But Lord Tiger sneered when he heard this:

"You think you can fool me by doing this, damn, why don't you chase the ***** Scorpion, but instead focus on us, our reputation is far worse than Scorpion!"

Having said this, Lord Tiger suddenly fired a shot, directly hitting Chen Shanming's leg!

"snow leopard!"

At this moment, the person standing behind was suddenly exclaimed, but Chen Shanming resisted the pain abruptly and made a gesture of prohibiting shooting to the person behind him!

"Oh shit!"

At this time, everyone in the red blood cell team shouted and Chen Shanming was shot in the leg. If he doesn't stop the bleeding quickly, I'm afraid Chen Shanming is in danger!

"Falcon, you attack from the side, seize the opportunity to kill that person, Longlong, as long as the Falcon shoots, we will shoot quickly and kill all the others! We can't wait for the support of the armed police!"

Miao Lang commanded, and when he heard this, Long Long said nervously:

"But, there is another hostage!"

"I'll solve that, you pay attention to the enemy at four o'clock, six o'clock!"

"Yes!"

At this time, after He Chenguang heard the command, he rushed out with a gun!

In fact, this kind of command is very unsafe. The number of them is really too small. The opponent still has hostages in hand. Once the fire is opened, no one knows what will happen!

At that time, no matter where the accident occurs, the hostages and their safety cannot be guaranteed!

He Chenguang carefully hid to the flank, staring at Lord Tiger, looking at Lord Tiger's hideous face, trying to adjust his breathing, recalling everything he had trained on the training ground, and aimed at Lord Tiger's head!

And just when He Chenguang said to the walkie-talkie, "Preparation is complete", when just wanted to shoot, the sudden change occurred!

At this moment, from the haystack behind Tiger Master, a person rushed out directly, holding a dagger in his hand, and stabbing it at the Tiger Master's throat. It was pulled out cleanly, and placed in another brother's. Out of the mouth!

Then he slammed a punch on a person, and instantly slammed this into a tree, his body was curved and unhuman!

The left hand is also a series of playing cards flying out, directly hitting the throats of the remaining little brothers, killing them all!

It's too late to say, it's fast, seven people, one second! Instant kill!

This is the latent ability, plus the mantis boxing, plus the power of the universe-level flying card technology!

At this time, the talents of the red blood cell team had just reacted, and all of them had been destroyed!

And Chen Shanming looked at this man in shock, with an incredible face!

"Qin Yuan? Didn't you go chasing the scorpion? How could you be here? And you killed everyone with one shot? This, this is too strong!"

Chapter 127: understood

And Qin Yuan didn't answer at this time, instead he went directly to Chen Shanming, pulled off Chen Shanming's clothes, checked it, and he was relieved:

"Fortunately, it's just that the muscles were punched without hurting the bones, your leg is saved!"

Tang Xinyi, who was on the side at this time, saw Qin Yuan, but her eyes widened:

"It's you!"

Qin Yuan looked back at Tang Xinyi, smiled at her, and said lightly:

"All you have suffered is trauma. I will help you deal with it later."

"I!"

At this time, Tang Xinyi just wanted to say something, but was thrown over by Gu Xiaojie:

"Wow~ Sister Tang, I was scared to death! I thought the two of us were dead."

Tang Xinyi had to turn her head to continue to comfort Gu Xiaojie.

At this time, after Qin Yuan cured Chen Shanming's leg, Chen Shanming asked Qin Yuan:

"What the **** is going on, how did you find it?"

Qin Yuan said with a calm face to Chen Shanming:

"This scorpion is really a rival!"

When Qin Yuan was chasing the scorpion just now, he found that the scorpion was not walking in a straight line at all.

"Scorpion had already anticipated the route and speed of this group of people's escape, so when he fled, he went straight in front of this group of people, so as to ensure that the pursuers behind him were chasing this. When I was in the position, I happened to be able to meet this group of people, and this group of people became Scorpion's shields and death spears!"

At this time Qin Yuan sighed slightly. To be honest, he was the first time he saw such a powerful person. Although Qin Yuan could smell the scorpion, now the scorpion has mixed into the crowd and has no chance to catch it. Live him.

Chen Shanming's face sank when he heard this. This scorpion was so careful in his mind that he was so cruel and cruel that his companion would sell and sell. It was indeed not a good person to deal with.

But at this moment Longlong looked at Qin Yuan in shock and said:

"I'm afraid you are more powerful than him! We didn't find out how you lurked behind that boss, I almost went out of fire!"

Hearing Longlong's words, everyone looked at Qin Yuan like a monster. Although they had seen Qin Yuan's ugly look before, they didn't expect that Qin Yuan seemed to be stronger than before!

"I saw clearly just now that I smashed a criminal out with a punch. Such power is really terrifying!"

"No wonder they call you Great God, I almost want to call you Qin Great God!"

He Chenguang's complexion dimmed when he heard such news.

And seeing He Chenguang's appearance, Qin Yuan directly patted He Chenguang on the shoulder:

"You knew already?"

"I didn't know it at first, but seeing how strange your eyes look at me, I guessed it."

Ever since they heard the name Scorpion, Fan Tianlei and Qin Yuan have been looking at their eyes a little strange. He Chenguang is not a fool. If you think about it carefully, you can naturally think of it.

Qin Yuan patted He Chenguang on the shoulder, and said solemnly:

"Don't worry, this person, I will definitely help you kill, I promise!"

He Chenguang also smiled upon hearing such words.

At this time, Qin Yuan stood up and walked to Tang Xinyi:

"Meet again, I didn't expect you to be so fierce and dare to take the initiative to counterattack in the face of so many criminals."

Tang Xinyi looked at Qin Yuan with a strange face. When I saw Qin Yuan before, he still obeyed Fan Tianlei's orders to greet Qin Yuan. At that time, this man got off a helicopter and was still a weak scholar at that time!

But I didn't expect that it didn't take long for this man to have grown to where he is now.

"I am in the game class now, and I need a soldier who will be a special character for me. Would you like to come?"

"Forget it, I don't have any interest in these things. Besides, your top priority now should be to heal your injuries. For girls, if you leave any scars, it's not good."

Qin Yuan straightforwardly rejected Tang Xinyi, but Tang Xinyi looked at Qin Yuan without saying anything.

Soon the people of the armed police force caught up, looked at the mess on the ground, and looked at the red blood cell team in shock.

And Longlong and He Chenguang made it a little embarrassing to watch, and then they told the armed police all about what happened, proving that all these people were killed by Qin Yuan alone.

Now these armed policemen looked at Qin Yuan's eyes as if they were looking at a monster.

"I have long heard that some special forces are not people, but there are really people who are not people!"

"Damn, this is a poker card, don't even use a gun?"

"Damn, it's so scary!"

Hearing the words of these armed police officers and soldiers, Qin Yuan just smiled slightly, listening to the system's prompt, he got another grid!

Although he let Scorpion run away, Qin Yuan understood that this was not the first time Scorpion came, and it would not be the last time. He also had a little brother named Wang Yadong waiting here!

Speaking of Wang Yadong, Qin Yuan took another look at He Chenguang. It was a pity that this good childhood sweetheart was over.

He Chenguang is a solid steel straight man, a woman like Lin Xiaoxiao, who can get it right away. As a result, let people start the game first and finish the game completely.

In order to prevent He Chenguang from stepping into the previous tragedy, I must mention him!

"Dawn, this action is dangerous, right?"

"Um? Really! It's dangerous!"

He Chenguang nodded when he heard this. The action this time was indeed very dangerous. They were all brutal gangsters, who would kill without blinking.

It's just that he feels a little strange, is it a bit too much for Qin Yuan to say this?

"I remember that you still have a girlfriend here. You see, this time we are almost alive, do we have to give each other a letter?"

He Chenguang didn't feel very strange when he heard this, girlfriend? When did he have a creature like a girlfriend?

He Chenguang did not have wide-eyed eyes, and said to Qin Yuan with a look of doubt:

"Brother Yuan, who do you hear that I have a girlfriend? He Chenguang grew up, and I devoted all my energy to boxing and marksmanship. I have no interest in girls. Where is my girlfriend? "

It's Qin Yuan's turn this time by accident!

No girlfriend? what's the situation? Could it be that Lin Xiaoxiao in this world is not the girlfriend who grew up with He Chenguang? ?

If this is fine, I don't have to worry about it.

Chapter 128: Captain Qin Yuan

The scar is the glory of the warrior!

At this time on the playground of the Spike Training Camp, the red flag is waving in the wind!

In this mission, Chen Shanming's injury is not light, but Qin Yuan has already given him a treatment, so he is still standing here.

All the members of the red cell team stood under the national flag, Qin Yuan stood at the forefront, lined up as a whole, while Fan Tianlei stood on a step, first sang the national anthem, and then Fan Tianlei said directly:

"I believe you already know what happened before, this time Qin Yuan, He Chenguang, Xu Tianlong, the three of you did a very good job. They showed great willpower and combat power, and completely shattered the enemy's conspiracy!"

"So this time I announce that He Chenguang and Xu Tianlong will add 20 points to this elimination! I hope you can make it to the end and join the red blood cells!"

At this time, He Chenguang and Xu Tianlong were also excited when they heard this. Their results were already very good. If they can add another 20 points, then they are very sure to stay in the red blood cell team!

But what makes everyone a little strange is that Qin Yuan is the person who has done the most this time. Why didn't Qin Yuan reward him?

"Qin Yuan! Get out!"

Sure enough, at this moment, Fan Tianlei yelled directly, and then Qin Yuan took a step forward and paid a military salute to Fan Tianlei!

"Comrade Qin Yuan, because of your superior performance this time, so the superior decided to raise your rank. Starting today, you will be a captain!"

Hearing this, Qin Yuan was a little surprised. He just killed a pair of criminals. Could he be promoted to captain?

Seeing Qin Yuan's appearance, Fan Tianlei smiled slightly and said to Qin Yuan:

"It's not just the credit for this time. We have recorded the two missions you performed before. Add them together this time and get two levels in a row!"

"Did you dislike me the last time I didn't give you a big fanfare? How do you feel when so many people look at you now?"

Qin Yuan suddenly smiled upon hearing this:

"It feels so cool!"

"That's good, since you feel happy, next time, maybe there will be a higher-level leader to give you a title! Salute!"

Following Fan Tianlei's words, all the staff saluted Qin Yuan directly!

The eyes of these people looking at Qin Yuan were full of enthusiasm. They had also heard of Qin Yuan's great record. This time they saw Qin Yuan's advancement in their ranks, and they felt excited.

And Chen Shanming was injured this time because of an official injury. He was also awarded a medal, and everyone who saw it was hot.

The above is indeed fair, as long as it is meritorious, everyone has a chance!

After saying this, Fan Tianlei said directly to Qin Yuan:

"Well, everyone has seen Captain Qin Yuan's skill. This time I officially announce to you that Captain Qin Yuan will join our coaching staff to train you! Welcome!"

There was a round of applause.

Originally, Qin Yuan was not particularly interested in such things as training. He just wanted to refuse, but at this moment, Qin Yuan's mind had a soft sound:

"Ding Dong~ The system releases the mission, trains five qualified fighters from the red blood cell team, and rewards a grid. Note: This mission can be repeated!"

Yep?

Hearing this sound at this time, Qin Yuan's eyes widened.

This is the first time he has seen a mission with footnotes. From this, it should be that for every 5 qualified fighters trained, Qin Yuan will get a grid!

Now there are 24 people in the red blood cell team, and Qin Yuan makes up 25, just enough to make up five groups!

If all these people are trained and formed, Qin Yuan can get 5 grids in one go!

And Qin Yuan had plans before, and wanted to train a small team well, but this time just had a task, directly let Qin Yuan make this determination!

"How about, Qin Yuan, do you agree?"

"Agree, of course I agree!"

Qin Yuan showed a smile, this is a big task worth 5 squares, of course he will not give up like this!

"Well, then you will be listed first, I have other things to announce!"

Hearing this, Qin Yuan went directly back to the seed of the queue, but his mind sank into the system and asked the system:

"System, I don't know what is the standard for nurturing a qualified fighter?"

Qin Yuan's system has always been very worry-free, and it will not answer Qin Yuan's questions. This time, Qin Yuan asked actively.

"Ding Dong, to be a qualified fighter requires a strong body, a tough spirit, a flexible mind, and correct command!"

Hearing the long list of prompts on this page of the system at this time, Qin Yuan was speechless for a while before saying to the system:

"Is this condition a bit too high? In this way, wouldn't everyone be able to be the captain of the red blood cell? Let alone them, I may not be able to qualify, right?"

"Ding Dong~ In the test, the host is now 95% qualified and lacks a certain command ability!"

噗!

In fact, Qin Yuan just said that he did not expect the system to give a hint, and he was really unqualified.

Isn't it a complete end? With Qin Yuan's current physique unqualified, what kind of person can be qualified?

Qin Yuan's face suddenly became a bit bitter, and sure enough the grid of the system was not so easy to get.

But Qin Yuan took a closer look at The system prompts that it lacks a certain command ability, and Qin Yuan does lack command ability. This is what made Qin Yuan relieved.

If even Qin Yuan's own physique cannot meet the system requirements, then Qin Yuan will not be able to accomplish this task even if he is stubborn!

But after all, Qin Yuan also wants to try!

At this moment, Qin Yuan suddenly felt that his shoulder was slapped. Only then did he release his spirit from the system. He was stunned when he looked at the person in front of him.

Damn, what's the matter? Wasn't it Fan Tianlei before, how come you have become a beautiful woman speaking on it?

"Qin Yuan, do you agree?"

"Huh? Oh! Agree!"

Seeing Qin Yuan's consent, Tang Xinyi, who was standing in front of Qin Yuan, suddenly showed a smile, and then said to Fan Tianlei:

"Well, Chief of Staff Fan, Captain Qin Yuan has agreed!"

"Then since Captain Qin Yuan has agreed, let Captain Qin Yuan train with you!"

Fan Tianlei couldn't tell that Qin Yuan was distracted, but since Qin Yuan had already agreed, there was no way to say anything, he could only make this guy suffer a little crime!

Qin Yuan is the only one left in the audience, his face is dazed.

What did I agree with?

"Alright, disband!".

Following Fan Tianlei's order, these people left in twos and threes, and Qin Yuan quickly asked He Chenguang and others:

"What was that girl talking about? What did I agree with?"

Chapter 129: cancer cell?

"what?"

At this time, when Qin Yuan heard what Li Erniu was saying, he immediately yelled.

Fan Tianlei said just now that he had invited a young teacher, Tang Xinyi.

While Tang Xinyi saw Qin Yuan in a daze when she gave a speech above, she directly asked Fan Tianlei for instructions, saying that Qin Yuan also needs to receive her training and let Qin Yuan be a student!

Fan Tianlei had just promoted Qin Yuan to the position of trainer, but this time he wanted Qin Yuan to receive training again, so he naturally wanted to ask Qin Yuan's opinion.

But Qin Yuan was simply distracted just now. He didn't know what Tang Xinyi was talking about, so he subconsciously agreed.

"It's over, I didn't get along well with that woman. Wasn't she killed by her this time?"

Qin Yuan remembered that in the original work, He Chenguang was dressed up. This time, He Chenguang and Tang Xinyi had no chance to deal with each other, but they focused on himself.

Tang Xinyi is not a good thing either.

Qin Yuan couldn't help shook his head, saying that there must be a way for the car to reach the mountain, let's talk about it then.

However, at this moment, Chen Shanming stopped Qin Yuan directly and took Qin Yuan to Fan Tianlei's office.

And Qin Yuan also had something to say, and wanted to talk to Fan Tianlei.

After Qin Yuan followed Chen Shanming into the office, Fan Tianlei was already waiting for the two inside.

Seeing Qin Yuan, Fan Tianlei directly took out the training form of his red blood cell team. He asked Qin Yuan to come over this time, just to let Qin Yuan see if there was anything to make up for in their training content.

Qin Yuan took a closer look and found that the training above was indeed very strict and trivial.

Just thinking about his mission, Qin Yuan still frowned.

"What's wrong? Is there any problem?"

Seeing Qin Yuan's face, Fan Tianlei asked, but Qin Yuan nodded and said:

"I understand most of the training, but one thing I don't quite understand. Although we only have 6 people left in our red blood cell team, why do we have to choose the elimination system?"

This is a little selfishness of Qin Yuan. If you eliminate all people, how can you overfulfill the task?

Hearing this, Fan Tianlei's eyes showed a strange look, and he didn't understand what Qin Yuan meant.

"Qin Yuan, a special operations team does not require many people, and our resources are also limited. Most special operations teams implement the elimination system. Is there anything wrong with this?"

Said Chen Shanming, who was standing aside at this time.

Only hearing Chen Shanming's words, Qin Yuan directly shook his head:

"Red blood cells are the most numerous cells in the human body. This is mainly because they differentiate easily. Once damaged, they can be quickly replaced.

Since we are called by this name, why not repeat the characteristics of red blood cells? Let everyone train to the end, and then choose from the best performers? "

In fact, Qin Yuan didn't understand this point, although it might not be easy to manage the number of people.

But there is one point. The difference in combat power between ordinary troops and special operations troops is already very large. So finally there is an opportunity for special operations training. Why not use it to the limit?

Most of the people who can come to participate in the red blood cell selection are the top players of each company. According to their talents, I am afraid that everyone is eligible to join the red blood cell team, but Qin Yuan knew that in the end only 5 people remained on the red blood cell.

Like Zhao Haipeng and Yu Guang before, if they train well, they will be no worse than Xu Tianlong and He Chenguang!

This has to be said to be a great waste of resources.

Hearing this, Fan Tianlei laughed and said to Qin Yuan:

"If we do not adopt the elimination system, how can we arouse the enthusiasm of these people? If there is no such urgency, then how can they train seriously?"

"I disagree with this point. I think the best motivation is not forced out, but what I want from the bottom of my heart!"

"The people who come here are not trying to eat and wait to die. Only by figuring out what is their purpose here can they move forward better and faster!"

"I have an idea, you can see if it works!"

Said this, Qin Yuan directly found a piece of paper and pen, and began to explain his ideas.

Since he has made up his mind to be the captain of the red blood cell team, then Qin Yuan plans to be a good one!

In fact, in the original book, the performance of the Red Blood Cell Squad was pretty good, but under the wrong command of Fan Tianlei and President Wen, it got worse and worse. There were many failures without a manager, including the death of Fan Tianlei!

Qin Yuan this time, not only to complete this task, but more importantly, to change Fan Tianlei's thinking and change the ending!

After all, Fan Tianlei is really not suitable for command, because this person's heart is full of pain, son! Comrades! Even myself! Everything went in!

That's why Fan Tianlei was indecisive when doing things, mother-in-law, afraid of sacrifice, but the more he feared sacrifice, the more he would die. When the trouble was at the end, he even got in!

Soon, Qin Yuan wrote his own plan, and then handed it to Fan Tianlei. Fan Tianlei glanced at what Qin Yuan had written, but frowned slightly:

"You want command, I can understand this, but what you mean by letting everyone take turns to be the captain What does this mean?"

Fan Tianlei understands that there are many orders, but it is a big taboo among the taboos in the army!

Regardless of whether this order is correct or not, once the order is issued, even if it is wrong, truly outstanding soldiers will complete it!

"I want everyone to be a captain. I want everyone to learn to think. Soldiers who don't want to be generals are not good soldiers. If they have any opinions, they can ask before the order is issued, and once the order is issued, , Everyone must complete the order!"

What's more, I don't really like the name red blood cells. I think that since I'm Qin Yuan's soldier, I can't follow the tradition. I hope they can become cancer cells that take root and replicate infinitely!

Rather than having no thinking ability, only red blood cells that only know how to transport oxygen! "

Cancer cells!

Fan Tianlei was also a little shocked when he heard Qin Yuan's loud words.

He is a little doubtful, is he really old? Is it different from young people's thinking?

Why does he always think about defense in his heart, while Qin Yuan wants to attack?

Hearing this, Chen Shanming couldn't sit still, and said directly to Qin Yuan:

"Qin Yuan, aren't you fooling around like this?"

Chapter 130: Command

messing around?

sounds a bit crazy, but in fact it is not.

Hearing what Chen Shanming said at this time, Qin Yuan said directly to Chen Shanming:

"I think you are the best example. According to common sense, you should think about my plan. But after you have been with No. 5 for so long, you have lost your ability to think independently. When you led the team, you As indecisive as No. 5, otherwise, you might not get hurt at all."

"I guess that even if you set up a new team, it will only be Lone Wolf Squad No. 3 and Lone Wolf Squad No. 4. There will be no new changes!"

Hearing Qin Yuan's words, Fan Tianlei and Chen Shanming were taken aback, and the two looked at each other in shock, and they were really silent.

Although they knew what Qin Yuan said, it sounded a bit harsh at first, and even strong words, but under the careful consideration, they were speechless!

Qin Yuan's words caused a ripple in their hearts.

Fan Tianlei sighed and remained silent for a long time, then said to Qin Yuan with a serious face:

"Qin Yuan, what you have said, I think there is some truth! In this case, then I will give you a chance. From now on, I will give you all the rights of the entire red blood cell team, and I will be here. Within the scope of my ability, I will fully cooperate with you! You can carry out your plan, but I reserve the right to stop at any time!"

Hearing such words, Qin Yuan also showed a smile. He knew that Fan Tianlei would agree. Although Fan Tianlei was a little indecisive when making decisions, he could not doubt his sincerity to the troops!

As long as it is good for the entire army, he never hesitates. This is why Qin Yuan dared to make these suggestions to Fan Tianlei!

If it was a change of person and heard that Qin Yuan wanted to seize power, wouldn't he find an opportunity to kick Qin Yuan away?

"Well, I will seriously put up a plan, and you can check it out then."

After Qin Yuan said this to Fan Tianlei, he saluted a military salute and walked out.

At this time, looking at Qin Yuan's back, Chen Shanming felt something uncomfortable in his heart. He turned around and asked Fan Tianlei:

"No. 5, did you really let him do this nonsense? In case something goes wrong, we can't bear this responsibility!"

At this time, Fan Tianlei shook his head and smiled:

"I think what he said still makes sense. You are also a veteran. You understand your physical fitness and military skills. As long as you train for a long time, you can always be trained."

"But this way of thinking is not so easy. I used to only want to cultivate better soldiers. I really didn't want to spread my training philosophy. What he does is more forward-looking than us. Many"

Speaking of this, Fan Tianlei glanced at Chen Shanming somewhat apologetically: "Shanming, according to his statement, I really delayed you."

Hearing such words, Chen Shanming was a little embarrassed immediately:

"No. 5, what are you talking about..."

I could see Chen Shanming's appearance, but Fan Tianlei sighed and said to Chen Shanming:

"It's a pity, I still can't let you go. I can't do without you now. It's just that I want him to try. Even if it is unsuccessful, we will at most lose a special forces team, but if He really succeeded, so I am afraid it will cause a big reform in the army, then we can make a lot of money!"

Hearing the words of No. 5, Chen Shanming looked at Qin Yuan's back in shock.

Although Qin Yuan's skills are very good, it still sounds like a fantasy to lead the military reform.

This kid, can he really have this ability?

At this time, Qin Yuan, who was out of the office, had a slight headache.

The big talk has been released, but he is a little confused about what to do.

It's relatively easy for you to let Qin Yuan kill an enemy.

However, Qin Yuan was asked to train soldiers, but now he felt a bit unable to start.

Those talks before, can be regarded as fooling Fan Tianlei and Chen Shanming, but since Qin Yuan has already planned to train these people, then Qin Yuan must come up with real skills!

Thinking about it, Qin Yuan headed directly towards the library!

After arriving at the library, Qin Yuan directly looked for a series of books, then put them on the table, and read them one by one!

"Wild Survival Guide"

"Special Forces Training Skills"

.....

Although Qin Yuan had ideas, he wanted to fully implement these ideas, but it was not so easy. The Southeast Military Region did not lack commanding talents, so many people came to the library to read books, and even some of the books in front of him had been It's a bit worn out.

Seeing this, Qin Yuan scratched his head.

These books are useful, but they are needed. Qin Yuan really has a headache.

"Could it be that those methods that Fan Tianlei used before?"

Qin Yuan couldn't stop thinking about it, but soon he shook his head and threw the idea out!

The words have been finished, but Qin Yuan can't afford to lose this person after going back to use other people's methods!

"Isn't it just reading! Look! I don't believe it anymore, I, a living person, can still suffocate this kind of thing!"

Qin Yuan gritted his teeth, directly picked up the first book, prepared a notebook, and planned to gnaw down the knowledge of these books abruptly!

One hour later...

Qin Yuan looked at the words in front of him at this time, as if these words would be jumping, big or small, erratic!

"Uh, comrade, if you want to rest, go back and rest, it affects the environment a bit!"

At this time, Qin Yuan felt that someone patted his shoulder, and instantly he woke up.

Just now, Qin Yuan was holding his head with his hands, and a little bit, which made people extremely worried.

In case Qin Yuan's hands couldn't hold it, would he just throw his front teeth on the table?

Qin Yuan is also extremely depressed.

Aren't Qin Yuan's academic performance very good?

Why do you feel drowsy after reading a military skill book, so you can't get in at all?

This made the people watching on the side a little bit confusing, and this was the wake of Qin Yuan.

Qin Yuan looked embarrassed, it was really shameful, all the good study habits that he had cultivated before have now been thrown away to the teacher!

If Qin Yuan's teacher sees Qin Yuan like this, it is estimated that the long ruler will have to fall on Qin Yuan's head again, and Qin Yuan will be full of money!

Originally, Qin Yuan didn't catch a cold with these theoretical knowledge, so it's better to let Qin Yuan go to the laboratory for an experiment or something.

Looking at this half-person tall book, Qin Yuan felt that even if he could really eat it, it would be the year of the monkey, when the day lily would be cold.

You must think of a way!

At this moment, Qin Yuan suddenly thought that he still had five squares left, could he use it for a little bit?
