

## Special Soldier 131

### Chapter 131: Crazy progress

Just do what you want, Qin Yuan directly moved all the books to a small hidden corner, and then used his body to block others, holding a copy of "Dagger Use Skills" in his hand, directly meditating in his heart:

"Recycle."

"Ding Dong, the book was successfully recovered, please start to choose the host!"

"1, get world-class dagger skills!"

"2, get world-class pulp production ability!"

"3, get world-class wild survivability!"

There is a door!

Qin Yuan looked at these options, and he was suddenly excited!

Sure enough, the system has never disappointed Qin Yuan!

Needless to say in the second item, the first and third items are all abilities that Qin Yuan can use.

"I just don't know if I can acquire special forces training skills earlier."

Qin Yuan murmured, and then the system sounded a prompt:

"Ding Dong, the host has obtained four training abilities about special forces, and can directly obtain the title of Special Forces Training Master of Advanced Ability! Unlock special training capabilities!"

Qin Yuan heard the prompt from the system, and was immediately shocked. Does the system still have advanced capabilities?

The title of Special Master?

Qin Yuan became even more excited this time, and sure enough, as long as he found the right way, he could get it no matter what he wanted!

"System, I choose item 3!"

"Ding Dong, the host chooses successfully and obtains world-class survival skills in the wild!"

Following the system prompts, Qin Yuan had more knowledge of survival in the wild directly in his mind!

Qin Yuan carefully experienced this knowledge and found that it is not only effective in the forest, but can adapt to all extreme environments, whether it is a desert, a swamp or a glacier, there are corresponding coping skills in it!

At this time, Qin Yuan couldn't help but sigh. It is really not easy to want someone to be a good special soldier.

While feeling this knowledge, Qin Yuan also made up his mind.

Originally, if four squares were spent to obtain special training master skills, Qin Yuan would still feel a little painful.

But now, it seems that this knowledge is not only a prerequisite ability that can be used as a special training master, but also has a lot of effect in itself!

What's more, Qin Yuan has made up his mind that even if the cost is more than the income this time, he will find a way to get this special training master title.

After all, Qin Yuan understands that if Yan Nation is to completely stand in the east, all Yan Nation soldiers must be strengthened. With Qin Yuan alone, even if he is full of iron, he can beat a few nail?

A person's strength is not considered strong, only everyone is equally strong, that is truly strong!

Thinking of this, Qin Yuan no longer hesitated, and directly began to choose other special books to acquire skills!

""Special Operations Command"? Take it back!"

""Psychological Warfare"? Recycle!"

""Gun Manufacturing"! Recycle!"

At this time, Qin Yuan directly chose a few books and completely recovered them, and then obtained three skills.

"Ding Dong, congratulations to the host for gaining world-class command skills!"

"Ding Dong, congratulations to the host for gaining world-class psychological suppression!"

"Ding Dong, congratulations to the host for acquiring world-class gun awareness and use!"

"Ding Dong, congratulations to the host for obtaining the four pre-existing abilities, obtaining the title, special training master, and unlocking advanced skills and special training capabilities!"

At this time, Qin Yuan's mind suddenly had a lot of knowledge, but the knowledge was too much and too complicated, like a river flowing freely, almost overwhelming Qin Yuan's reason!

After the last voice sounded, Qin Yuan suddenly felt that a medal like a medal suddenly appeared in his mind. This medal seemed to integrate all the chaotic knowledge in his mind.

This is the master of special training!

Qin Yuan looked at the organized knowledge in his mind, and finally laughed happily.

Then Qin Yuan directly took out a piece of paper and began to make various training plans. Now that there is something in his mind, he naturally wrote extremely smoothly.

After that, Qin Yuan directly took this training schedule and returned to the red blood cell base.

At this time, Fan Tianlei looked at Qin Yuan's schedule, his eyes full of shock.

Although Qin Yuan's training plan does not seem to be much different from the previous one, it is completely different in some details, and is still devastating these guys mentally.

"Okay, you go do it!"

With Fan Tianlei's approval, Qin Yuan directly began training the remaining people on the red blood cells, letting these people know what is the real hell!

And He Chenguang and the others, when they heard that Qin Yuan came to train them, they were a little happy, but soon, this happiness completely turned into a scream!

"Ah, isn't it too cruel to start!"

"Everyone is a teammate, dying!"

"Brother Yuan, spare your life!"

Qin Yuan's training plan caused these guys to suffer endlessly, not only physically tortured, but also mentally tortured.

The rule that Qin Yuan previously identified, let everyone be the captain, played a very important role!

For example, Li Erniu, Qin Yuan asked Li Erniu to lead the team. He was unwilling to live and die. In the end, he finally made this kid the captain. As a result, he did not leave the place during the confrontation exercise. The material is directly destroyed.

This is to silence Li Erniu for a long time. Although it was only a confrontation exercise, Li Erniu really felt uncomfortable for a long time when he looked at the disappointed eyes of his comrades-in-arms.

The same is true for Wang Yanbing. This guy has been a gangster since he was a child and is often bullied, so he is more accustomed to fighting alone. If Wang Yanbing is allowed to act alone, it will be okay, but it is extremely difficult for Wang Yanbing to command others.

He Chenguang also has a lot of shortcomings. Qin Yuan made a lot of deceptions against the kindness and innocence of this guy. He specifically deceived He Chenguang, making He Chenguang almost suspicious of life. He looked at Qin Yuan's eyes. It's like looking at a monster.

Qin Yuan taught each of these students in accordance with their aptitude, and formulated a special plan for them, so everyone was like a wild dog, making crazy progress!

It makes them feel that these three weeks are simply longer than the 20 years they have had before!

This made them look at Qin Yuan in their eyes, as if they were looking at a devil. As long as Qin Yuan's name was mentioned, their whole body would tremble.

It's just that, as time goes by, these people gradually feel their own progress. The eyes they look at Qin Yuan slowly change from fear to worship!

After all, they really understand how scary Qin Yuan is now.

## Chapter 132: Mindful?

This guy is like an encyclopedia, no matter where you have flaws, he can point it out directly for you!

And in a very short time, I will help you to develop a plan to overcome this shortcoming, and make you cry and cry!

Fan Tianlei, who was originally observing Qin Yuan with a trace of suspicion and scrutiny, saw this effect, but fell silent completely.

Although there is no obvious comparison, he knows clearly that these people trained by Qin Yuan are much better than those trained by them!

At least in the eyes of these people, there is a hopeful fighting spirit and calmness!

This made Fan Tianlei's heart slowly relieved. It seems that the things he insisted on before are really wrong.

"I'm old and old, it doesn't work anymore. It seems that I'm going to be eliminated by young people."

Fan Tianlei knew very well that Qin Yuan was not only training the personal abilities of these people, but also training these people to communicate with others and command.

If this continues, even if these people can't stay in the red blood cell team, their lives will change dramatically.

Because with their current physical fitness, whether it is to form a new team or return to the original unit to continue to improve, it is more than enough!

The red blood cell team really turned into a cancer cell just as Qin Yuan described it. The team can take roots and grow up.

What's more, they are trained with the same training method, so their cooperation is definitely not a problem!

And the one standing at the top is naturally Qin Yuan!

"This kid is really amazing. In this way, I'm afraid his students can spread throughout the army!"

Fan Tianlei murmured, a smile appeared on the corner of his mouth.

said so, but Fan Tianlei is indeed a little envious, but this is Qin Yuan's ability, and he can't be envious.

Moreover, Qin Yuan's training methods are indeed excellent. If Fan Tianlei is not older, he would also like to train with Qin Yuan.

Otherwise, Chen Shanming and Miao Lang, who followed his own, were a little eager to watch Qin Yuan's training, but they couldn't help.

But what they didn't know was that Qin Yuan was a little annoyed now.

Because it has been three weeks, he just heard the system once prompted to pass, and that was himself!

"It seems that I still have to work slowly and carefully."

Qin Yuan understands that it is not an overnight thing to train qualified fighters, and these people are still far behind.

It's just that now Qin Yuan doesn't have a grid in his hand, and he always feels something shortcoming, which makes Qin Yuan uncomfortable.

But at this moment, Qin Yuan suddenly met Tang Xinyi, as if he had seen a plague god, Qin Yuan turned his head and left!

"Oh, what are you running? I'm a tigress, why can I eat you?"

Tang Xinyi walked two steps quickly and directly caught up with Qin Yuan, but Qin Yuan reluctantly said:

"Director Tang, I have told you. I can't combine my training method with your game. Your game is only suitable for beginners. I am considered an advanced version, for ordinary people. I can't bear it at all."

Tang Xinyi's face collapsed when she heard this. She knew that what Qin Yuan said was true, but if such an excellent training method could not be added to her game, she would always feel a bit pity.

Tang Xinyi now put all her energy into this game. Before, she was planning to teach people with red blood cells, but later in front of everyone, Qin Yuan directly defeated Tang Xinyi in theory, so Tang Xinyi also taught this. The task was handed over to Qin Yuan.

As for Qin Yuan and Fan Tianlei's gambling, Tang Xinyi also heard about it, so she would visit Qin Yuan's training from time to time.

But when she saw Qin Yuan's training method, it was so effective, she immediately became interested!

Since then, even if Tang Xinyi had completely entangled Qin Yuan, Qin Yuan was annoyed.

Seeing that Qin Yuan seemed to be leaving, Tang Xinyi said helplessly:

"Okay, okay, I won't say anything, I came to you this time, but I am entrusted by someone to come to you for a favor."

"Help? How can I help?"

Qin Yuan heard this, but he was a little strange, but he still went to the office with Tang Xinyi.

But when Qin Yuan arrived at the office, he saw a familiar person, who was Long Xiaoyun of Wolf Warrior Squadron!

"Oh, what kind of wind is this blowing you, how about it, is the three mine courses I taught you before, is it worth it?"

Long Xiaoyun saw this situation, but also showed a smile, then said to Qin Yuan:

"That's natural, don't gossip. This time I am here because I have something to ask you for help."

"You mean, as long as I can help, I will definitely help!"

Qin Yuan said with a smile, Long Xiaoyun can be regarded as an old friend, if Qin Yuan could help her, naturally he would not refuse.

"We received a mission, and the goal of the mission can't be told to you yet, but this time the trip is very dangerous and needs to go through the epidemic area. Your medical skills are so climax, so I want to take you to serve as our military doctor. I don't know. Would you like it?"

Hearing this Qin Yuan was immediately excited. He is now worried that there is no grid available, the task is here!

"Okay, why not, let alone let me be a military doctor, I am willing to let me be an assaulter if you want me! But shouldn't you talk to Chief of Staff Fan first about such things? Don't ask me directly Mean?"

Qin Yuan asked a little strangely. After all, the duty of a soldier is to obey orders. Although Qin Yuan has other tasks now, if Long Xiaoyun borrows someone, I believe Fan Tianlei will also agree.

However, Long Xiaoyun sighed and said to Qin Yuan'er:

"The reason why I feel so quietly, and even come to you through Xinyi, is because Chief of Staff Fan is not letting go. Now our entire military area knows that you are Chief of Staff

Fan's darling. You have become an assaultman, and he is not even willing to let you out as a military doctor."

Hearing this, Qin Yuan's eyes suddenly widened!

I said what was going on, it turned out that all those tasks were blocked by Fan Tianlei!

"Tell me well, why did I become Fan Tianlei's heart?"

Qin Yuan gritted his teeth and said, how can he become Fan Tianlei's darling of a big man?

When I think of this, Qin Yuan feels nauseous. How did this spread? Isn't it disgusting?

Chapter 133: Make it up

"Is there anything wrong with this? After all, you are not only outstanding in combat, but this time you have also created a new training method. This training method may lead to reforms in the entire army, so before you complete it, he will definitely I won't let you do other things."

Long Xiaoyun smiled, paused and said:

"I understand him very well. To be honest, if the mission this time were not too dangerous, I would not beg you."

Hearing what Long Xiaoyun said, Qin Yuan's face suddenly sank, yedi, is this trying to lock himself up and concentrate on training?

But what Qin Yuan wants is to become the strongest soldier king. All of this needs the support of Grid. How can we prevent Qin Yuan from going out!

Qin Yuan was completely speechless at this time, and it seemed that he was going to tell Fan Tianlei well to let him know who he should listen to.

"Okay, Captain Dragon, you go back and prepare. I'll take part in this mission."

After saying this, Qin Yuan went directly to Fan Tianlei's office.

After Qin Yuan arrived at Fan Tianlei's office, he found that Fan Tianlei was soaking his feet.

Qin Yuan had helped Fan Tianlei heal his leg injury as early as a week ago, and now Fan Tianlei loves his new leg very much.

"Qin Yuan, you are here, do you really check it for me, whether there are any other problems with my leg."

Fan Tianlei asked Qin Yuan, but when he raised his head and saw Qin Yuan's a little gloomy face, he hit a clever face and quickly said to Qin Yuan:

"Ah, I remember, I seem to have another meeting to be held, I will leave first."

As the saying goes, don't do bad things and don't be afraid of ghosts knocking on the door. Fan Tianlei knows what the rumors are like. Now that Qin Yuan's face is so ugly, he naturally doesn't dare to face Qin Yuan in his heart.

When I saw this old guy and wanted to leave Qin Yuan, he immediately stopped him and said with a smirk:

"Golden Eagle, are you hiding something from me?"

Hearing this, Fan Tianlei also felt a little sweat on his forehead, and said to Qin Yuan:

"What is this? What kind of person I am, don't you know? What can I hide from you?"

Haha, of course I know, Fan Dakeng is a god!

Since encountering Fan Tianlei, Qin Yuan hasn't been cheated by this guy yet. He didn't expect to be careless this time.

"That's OK, since you don't admit it, then I'll just say it straight. I met Captain Long Xiaoyun just now. She said she wanted to ask me to go to Philippine for logistics work. I'll report to you."

As soon as he heard this, Fan Tianlei couldn't help but quickly said to Qin Yuan:

"How can it work? Do you know that the Philippine island is suffering from a plague now, you have passed it, if something goes wrong, it is not a big loss."

Hearing this, Qin Yuan looked at Fan Tianlei with slanted eyes, and Fan Tianlei was still serious, but when he saw Qin Yuan's eyes, he immediately laughed.

"You really didn't let me go out, right?"

Qin Yuan said in a deep voice, and seeing that Qin Yuan already knew about this, Fan Tianlei stopped pretending, and solemnly said to Qin Yuan:

"It's really not that I stopped you from letting you out. The main problem is that you are now completing your training plan. If you make any mistakes outside, it will be an irreparable loss for us!"

Fan Tianlei said sincerely, since Qin Yuan helped him heal his leg, Fan Tianlei completely regarded Qin Yuan as his nephew.

If Fan Tianlei's son was not dead, he should have reached Qin Yuan's age, so Fan Tianlei felt cordial when he looked at Qin Yuan.

Now if the training plan in Qin Yuan's hands is done, it will have a very terrifying image for the promotion of military rank.

I am afraid that it won't take long before it will be Fan Tianlei's turn to salute Qin Yuan!

After all, to teach people how to fish, it is better to teach people how to fish! A good training method can train countless powerful special forces!

Although he knew that Qin Yuan was very capable, as an elder, Fan Tianlei naturally did not want Qin Yuan to take risks.

But Qin Yuan didn't think so at all. He believed that the status was given by others, and only the real strength belonged to him.

For Qin Yuan, strength is the grid. He always nests in this training base. How can he trigger a mission? How to get the grid?

So Qin Yuan said directly to Fan Tianlei:

"Chief of Staff, you are also a veteran. You should be very aware that the Chollima cannot be trained in the yard. Since I am a special soldier, I have to go out to see the blood. Without actual combat experience, it is impossible to be regarded as a complete soldier. , Let alone special forces, don't you want the people I train to see that their chief is a special person, then what I said to them, wouldn't it be bullshit!"

Seeing Qin Yuan seemed to be really angry, Fan Tianlei also lowered his head. Of course, he knew that this was wrong, but out of his own selfishness, he wanted to keep Qin Yuan in a safe environment.

"Sorry, I am narrow, I apologize like you!"

At this time, Fan Tianlei took a deep breath and lowered his head slightly to Qin Yuan. Qin Yuan saw Fan Tianlei's appearance and felt that his heart was much smoother.

Although Fan Tianlei did something wrong, Qin Yuan understood that Fan Tianlei did it for his own good.

"Chief of Staff, I understand your feelings. You are like my elders. , but you can't stop me forever."

"I see, then okay, I agree to Captain Long Xiaoyun's request, let you go to be their team doctor."

Qin Yuan'er smiled when he heard this. As long as he went out of this door, it would be the sky high by the fish and the sky wide by the birds. Who knows what Qin Yuan is going to do?

In Qin Yuan's mind at this time, there was also a long-lost noise:

"Ding Dong, the system releases continuous missions. The host will follow Long Xiaoyun and Wolf Warrior Squadron to complete the mission in Feizhou, and reward a grid!

Qin Yuan was taken aback when he heard this voice.

Philippines? Continuous task?

And just agree, there is a grid?

There is such a good thing?

If the whole task sits down, how much benefit will it get?

Qin Yuan thought of this, but couldn't help but glance at Fan Tianlei who was on the side, his heart was full of helplessness.

This period of time, Qin Yuan probably doesn't know how many missions he missed, all of which were blocked by Fan Tianlei!

After all, Qin Yuan is still quite famous now, and there must be many people who come to Qin Yuan for help.

I must make up for it this time.

Chapter 135: I wait for you back

Qin Yuan thought for a while, and still took the original red blood cell team.

Firstly, Qin Yuan has more knowledge of these people, and secondly, even in Qin Yuan's new-style training, these people still maintained good results.

So this time Qin Yuan chose these 5 people. Although the others were envious, they didn't have any opinions.

"Okay, the mission this time is more dangerous, so you have to sign the death agreement. Take this opportunity to tell your family members individually."

When Qin Yuan arrived, everyone was shocked, and the excitement became dull!

Qin Yuan looked at these people, but smiled.

Presumably this time he brought these people to see the blood, and he would be able to train truly qualified fighters.

Soon, Qin Yuan was outside the contact room and saw a few people crying crying. Although Qin Yuan had a mobile phone on his body, he couldn't think of whom to contact.

Qin Yuan couldn't tell Grandma Sun about such dangerous things. After thinking about it, he dialed a phone directly.

"Hey....."

At this time, a woman's voice came from the phone, and Qin Yuan was silent for a while when he heard this, but finally hung up.

Mu Qingmei glanced at the phone, feeling a little strange, but didn't take it seriously.

The number on this mobile phone was unfamiliar and was not marked, so Mu Qingmei thought it was someone else's harassing call.

But at this time, she saw the Wolf Warriors lined up outside, as if there was an important task, and she couldn't help but feel a strange feeling in her heart.

"Is this an important task?"

Mu Qing frowned, remembering the phone call just now, and could not help but come up with a strange idea.

Mu Qingmei quickly slapped over, and said straightforwardly:

"Qin Yuan?"

"Yes!"

"You also want to participate in this mission."

"Yes!"

"very dangerous?"

"Yes!"

Hearing Qin Yuan's answer with only one word, Mu Qingmei suddenly felt an unpleasant feeling in his heart.

In fact, special forces like them have been in a state of high casualties.

Although Mu Qingmei's family had been very optimistic about Qin Yuan before, they had hesitated since they knew that Qin Yuan was a special fighter.

From the perspective of parents, they would rather find an ordinary person for their daughter than a hero.

After all, behind the hero, there are countless blood and tears.

At this time, Qin Yuan heard Mu Qingmei's silence, and he also showed a bitter smile. In fact, he had a good feeling for Mu Qingmei, but just as Mu Qingmei's family worried, since Qin Yuan became a special fighter, Then you must be responsible for the clothes you wear.

Although Qin Yuan has a lot of special abilities, it is far from reaching the point of invulnerability and immortality. If a missile comes down, what should Qin Yuan do or what will happen, and when he is performing a mission, who knows what will happen? What kind of situation?

After all, Qin Yuan's mission objective this time is not an ordinary criminal!

Although he still hasn't figured out who is doing the trick, Qin Yuan understands that the mission this time is unprecedentedly severe and stronger than all previous enemies!

This is also what Qin Yuan just dialed the phone, but didn't say a word, just hung up.

Qin Yuan could now understand Mu Qingmei's hesitation and sighed. Just when Qin Yuan just wanted to hang up the phone, he heard Mu Qingmei's firm voice:

"I'll wait for you to come back!"

Hearing these words, Qin Yuan couldn't help showing a smile at the corner of his mouth, and he answered another word.

"it is good."

After hanging up the phone, Qin Yuan's mood improved.

At this time, at the Battle Wolf base, Long Xiaoyun couldn't help but shook his head looking at Mu Qingmei who was holding the phone with a smile on his face.

The next day, when Qin Yuan brought the red blood cell team to the wolf base, he found that there were several people standing behind Long Xiaoyun.

In addition to the cold wind, the other two people turned out to be women!

"Enron? Anfisa? Why did you two participate in this mission?"

Qin Yuan frowned slightly. Going to Africa this time was very dangerous. To be honest, if Long Xiaoyun were not the captain, Qin Yuan wouldn't even want to take Long Xiaoyun.

The war made women go away. What's more, the mission this time was to go to Africa. What kind of attitude the people there toward women made Qin Yuan firm up on this determination.

"What's wrong, we can't come!"

At this time, Anfisa spoke to Qin Yuan, but An Ran smiled at Qin Yuan.

"The two of them came here under the instructions of their superiors. The previous Fatty Liu had contact with the K98 organization. You also understand that Anfisa's identity is a bit special, so this time you will bring Enron.

Long Xiaoyun explained to Qin Yuan, Qin Yuan breathed a sigh of relief when he heard such words.

It turned out to be like this, Qin Yuan couldn't say anything more.

"Hmph, dear brother, you know, but you have to protect us, the two of us are important intelligence personnel."

Anfisa saw Qin Yuan's appearance and nodded proudly.

The members of the red blood cell team looked at Anfisa and An Ran, and winked at Qin Yuan. Of course, they could clearly see that these two women had different attitudes towards Qin Yuan.

"Just take care of yourself! Captain Dragon, this is my red blood cell team, He Chenguang, Wang Yanbing, Li Erniu, Song Kaifei, Xu Tianlong."

"This one is Captain Xiaoyun, the Wolf Dragon, and this one is the sniper Leng Feng!"

Qin Yuan introduced each other to these people, , and the members of the Red Blood Cell Team also shook hands with other people. This time they were comrades who lived and died together!

But when they shook hands with Leng Feng, their expressions were a little weird, because they found that Leng Feng and He Chenguang looked too much alike.

"My name is Leng Feng, codenamed Blade,!"

"My name is He Chenguang, codenamed Falcon!"

Leng Feng and He Chenguang shook hands with each other.

They didn't pay much attention to the appearance of the other party. After all, there were too many people who looked alike in Yan Country. They just had better luck.

But when they were holding hands, they noticed that each other's shoulders sank suddenly, and their eyes suddenly changed.

Both of them are snipers. Naturally, they understand that this is because of the long-term training of snipers, so there will be some subconscious reactions on the shoulders.

However, both of them understood that it was not the time for tit-for-tat, and they quickly let go.

Chapter 136:

Seeing such a scene, Qin Yuan's eyes were a little interesting, and he thought what kind of behavior the two people would behave when they met.

Soon, Qin Yuan and his party boarded the plane.

This time, they took the plane first, then the warship, and finally transferred to the civilian ship, this is the land that can step on the Philippines.

After all, the Philippine continent is now full of war. If people from other countries want to go to the Philippine continent, they basically go by boat. If they fly by plane, if a missile comes over, they will be completely finished even if they have three heads and six arms.

And even by boat, they may not be able to guarantee safety, because in the waters of the Philippines, pirates are also very common.

"I don't know if I will encounter pirates this time?"

Qin Yuan raised his eyebrows, looking forward to this journey! At this time, Qin Yuan and his party were on a civilian ship, which was a cargo ship, which was full of cargo.

Philippine trade has been good in recent years, and Yan Country is also helping to prepare infrastructure in Philippine. Many people are doing bilateral trade and making a fortune.

"Old Zhuo, don't these people know that the Philippines is now fighting? Why are there so many people going to the Philippines? Are they not afraid of danger?"

At this moment Qin Yuan said to a middle-aged man beside him, but the middle-aged man laughed loudly:

"You don't understand, right? Tell you that the more wars you get, the more you make a fortune, when will there be no wars in the Philippines? Once they fight, they will lack everything. We have to import from the outside. This is the time when we really make money. Besides, we don't go inside, we just ship the goods to the port, where we get a lot of money!"

Qin Yuan saw Lao Zhuo's smug look, and immediately shook his head:

"Is there no danger at all?"

"There is no danger, you must know that we are the people of the Yan country who live in this land.

The treatment is similar to the former free country! "

Qin Yuan smiled slightly, and as expected, for the businessman, as long as they have three times the benefits, they dare to take the risk.

"Brother, I think you also took a lot of people this time. What are you going to do?"

At this time, Lao Zhuo asked Qin Yuan, but Qin Yuan just smiled and casually explained:

"I also want to see what business opportunities there are in this land, but this time I came out mainly to see the scenery."

"Look at the scenery?"

With a look of disbelief, Lao Zhuo carefully said to Qin Yuan:

"Don't lie to old brother, look at your men, who retired from the army at first glance. Do you want to get a big ticket here? I tell you, now is the time to enter. I have a son who likes to dance knives and guns. I am wondering if you want to buy a batch of goods to the Philippines."

"Restocking? You mean, this?"

Qin Yuan made a gesture with a number eight, and Lao Zhuo nodded directly, and said to Qin Yuan proudly:

"I'm telling you, that is, I have no way out, otherwise I would be willing to do this business, but I know a person who got these eliminated from Mao Xiong Country. It is sold exclusively to the Philippines, which is a lot of money! I think you are all with bare hands. After landing, do you want me to find a way to find him?"

Qin Yuan couldn't laugh or cry when he heard this. He didn't expect this old Zhuo's business to be so broad.

However, Qin Yuan also understands that although safety can be basically guaranteed, it is rather chaotic here. Many Yan people need weapons to protect their safety. This kind of business can only be said to have emerged as the times require.

But Qin Yuan wouldn't be reduced to the point where he needed this kind of equipment. Although he said that he could not hold Yan Nation weapons, he believed that they would get some special equipment.

"Thank you, brother. I don't need it yet. I will contact you if I need it."

"Good to say, good to say, this is my business card, if you need it, you can call me."

Seeing that Qin Yuan seemed really uninterested, Lao Zhuo naturally didn't spend much energy on Qin Yuan, and Qin Yuan shrugged his shoulders and went straight down the deck to the cabin below, facing to the side. He Chenguang said:

"How is Kai Fei?"

"Report, I...I'm okay! Uh!"

Qin Yuan watched Song Kaifei vomiting while holding a big bucket, and he couldn't help shaking his head. As a pilot, it was unbelievable that he would get seasick.

"Okay, I originally wanted you to adapt, but now it seems that you may not be able to adapt. I will give you a needle in a while to see if it works."

Although Qin Yuan has eight needles against the sky, this needle method consumes a lot of money. You can't always use this kind of acupuncture for colds and fevers, so Qin Yuan wondered if he needed to learn other medical techniques as a means of usual use.

"Qin Yuan, how is the situation outside?"

"How can it be? It feels okay. Although the battle has already occurred, most of the people of Yan Guo are concentrated near the port. Our rescue work should be easy to start."

Qin Yuan replied casually. The nine of them are not conspicuous on this boat. There are also many elderly people who have been to the Philippines many times, so Qin Yuan wanted to get some news, but these people seemed to know Not much.

And just when Qin Yuan wanted to give Song Kaifei acupuncture, but at this moment, Qin Yuan suddenly heard a voice in his mind:

"Ding Dong, the system will issue a task to defeat the incoming pirates and reward a grid!"

Before Qin Yuan had time to react, there was a broadcasting sound directly outside!

"Watch out for pirates, watch out for pirates, everyone, quickly leave the deck and take refuge in the cabin!"

Hearing this voice everyone present was taken aback.

"Damn, our luck is so good!"

There was a hint of excitement in Qin Yuan's eyes, but Long Xiaoyun frowned and said to everyone:

"All of them, protect this ship! But we must pay attention to personal safety. After these pirates get on the ship, we will fight back! Be careful not to reveal your identity!"

"Don't be so troublesome!"

Qin Yuan shouted directly, and then suddenly jumped into the sea!

"Qin Yuan! Come back soon!"

Long Xiaoyun yelled, but the members of the Red Blood Cell Team were indifferent, instead they showed a smile:

"Captain Dragon, let's take care of the other side!"

Others don't know, but they know how powerful Qin Yuan is in this extreme environment!

## Chapter 137 World Class Swimming

At this time, on a speedboat, a pirate said to the younger brother beside him:

"Quickly, quickly, put down the fishing net! This is a freighter, as long as it is intercepted, we will develop!"

The pirate leader Jack was full of excitement. He used his binoculars to see people running wildly on the side of the ship, and laughed!

"Boss, I seem to have seen a few people from Yan country on it, do we really want to continue doing it?"

"People of Yan Country? What can people of Yan Country do? We are on the high seas. As long as we rob things, we will leave. As long as we don't kill people, how can Yan Country help us?"

Jack didn't care at all, but became even more excited. Yan Country's goods are all good things, and this time may make more!

Seeing how excited the boss was, the pirates around couldn't help but laugh.

But at this time, after Qin Yuan got into the water, he took a breath:

"Hi, the sea is a bit cold!"

Qin Yuan swam a few times and found that his limbs were a little stiff!

Seeing those people's bullets flying horizontally, Qin Yuan understood that if this goes on, it might be a little dangerous!

"I don't know what can be gained by putting sea water in the grid?"

Do as he thinks, Qin Yuan bowed his head and directly dropped a cloud of sea water into the grid!

"Dingdong~The host recovery is successful, please choose!"

"1. Get world-class swimming speed!"

"2, get world-class salt extraction!"

"3, get world-class spa skills!"

Looking at these three options, Qin Yuan directly chose the first one!

"Ding Dong~ The host chooses successfully and gets world-class swimming speed!"

"The world-class swimming speed allows the host to swim at the same speed underwater and on land!"

Similar to land?

Qin Yuan is now a hundred meters, which is more than seven seconds, but now even a world-class champion, it takes more than forty seconds to swim a hundred meters!

A terrible gap!

Now if Qin Yuan goes to participate in the Olympics, I am afraid it will be the first place properly!

And Qin Yuan also found that no matter how fast his swimming speed is, he can easily hold all kinds of swimming postures, and his ability to hold his breath has also been strengthened!

Haha!

Qin Yuan spit out a mouthful of water at this time, then took a deep breath, and rushed directly from the water towards the pirate ships!

At this time Jack was still immersed in his dream of getting rich, but at this moment, a younger brother looked at the sea on one side and asked a little puzzled:

"There seems to be something under here?"

But before this person's words were finished, they felt that their boat was hit by a huge force, and instantly rolled over, and the people on the boat fell directly into the water!

At this moment, the pirates who fell in the water just wanted to swim toward the surface, but suddenly they felt that their feet were caught by something. They wanted to scream in horror, but they were instantly bitter. The sea water poured into the mouth, and soon passed out!

"Someone! Get into the water! Get him!"

The person above yelled and shot the shot underwater, but the water flow had a great buffer effect on the bullet, and it couldn't hit the person underwater.

This person is naturally Qin Yuan!

He looked at these pirates with a sneer at the corner of his mouth, and rushed directly, knocking out the pirates who fell into the water three times and five times, and then directly surrounded them with a barbed wire fence.

After that, Qin Yuan was like a shark, and slammed into a small boat. The huge power burst out instantly, and the small boat was even hit directly out of the water!

Naturally, the people above didn't have to say much, and fell into the sea instantly!

At this time, there were also people biting daggers and machetes and approaching Qin Yuan, but their speed in the water was originally slow, and Qin Yuan had seven times the nerve response speed, and even more dynamic nerve speed!

In Qin Yuan's eyes, these people are almost like movies with bad internet speeds.

And Qin Yuan looked at these pirates, only showed a smile, the power of the ant broke out in an instant, and suddenly punched the pirate!

The pirate watched Qin Yuan three or four meters away from him, and he punched directly at him, and suddenly he sneered in his heart:

"Is this kid an idiot? Is there any effect he punches at himself from such a distance?"

But as soon as this thought flashed, the pirate felt a fierce ocean current coming from his chest, and the huge power hit his chest, and he spit out a mouthful of blood!

Qin Yuan looked at his fist, he didn't expect to have such an effect when fighting under the sea!

But at this moment, Qin Yuan's perception of danger suddenly received a wave of alertness. He kicked his feet and rushed out. As expected, a rocket exploded directly underwater.

Qin Yuan flashed a few pieces of shrapnel, grabbed a handful of shrapnel directly from the water, directly squeezed it with brute force, used playing card skills, and instantly threw it out of the water, directly killing the pirate holding the RPG above!

At this time, there were no pirates on the sea, but there was a burst of gunfire from above, and Qin Yuan directly boarded the deck!

Out of the water, Qin Yuan moved more quickly, and soon killed all the remaining pirates!

At this time, a middle-aged man pouted his butt, lying on the ground, putting his hand on top of his head, and begged:

"I give you all my goods, don't kill me, don't kill me!"

Qin Yuan threw the last pirate member in his hand to the ground, and said to this person:

"Okay, Old Zhuo, don't lie on your stomach, stand up! How dare you come here to make a fortune if you are so courageous!"

At this moment, Lao Zhuo saw Qin Yuan's words and raised his head blankly, and found that the vicious pirate had fallen directly on the deck.

"You... you killed them? I tell you, you can't do that! If you dare to attack their people, they will even kill the entire ship in order to retaliate. You can be considered a big deal this time. What a curse!"

Qin Yuan looked at Lao Zhuo speechlessly, and directly threw the pirate aside, but at this moment, a voice rang out in Qin Yuan's mind:

"Ding Dong, congratulations to the host for completing the task and reward a grid!"

Qin Yuan heard the system prompt and knew that these were all the pirates. It was estimated that the people on the other side had already been resolved by He Chenguang and others!

"How to drop? Are you planning to hand me over?"

Qin Yuan said playfully, but when Lao Zhuo heard these words, he gritted his teeth abruptly and said to Qin Yuan:

"It's over now, we can only fight to the end with the pirates! I want them to know that our Yan people are not easy to provoke!"

Chapter 138: Donate?

Hearing such words, Qin Yuan showed a slight smile. As long as he can come out, he is still a little courageous. After patting Lao Zhuo on the shoulder, Qin Yuan smiled and said:

"Okay, these pirates have all been solved by me, you are safe!"

"what?"

At this time, Lao Zhuo suddenly widened his eyes when he heard such words. He just heard that the pirates not only had guns!

He originally thought that this time was completely finished, and even if his life could be saved, he would have to lose money, but now Qin Yuan actually said that he killed all these pirates?

"It's impossible, are you blindfolding me?"

Qin Yuan shook his head and smiled, and suddenly tightened a rope on his body. A barbed wire net was instantly pulled up from the sea by Qin Yuan. The dense pirates in the fishing net were like tuna harvested by a fisherman. !

Soon after hearing the gunshots and the noise outside, the crew stopped, and the crew members who hid in the cabin slowly came out of the cabin.

And when they saw the various pirates in that fishing net, they shouted in horror, and after a while they realized that these people were all dead!

"Ohmygod, my god, how did this happen? I thought I was dead. Which angel went down to save us?"

"This is... This is the pirate Jack! He is a vicious big pirate. It is said that the reward alone is 100,000 US dollars!"

"I thought we were dead this time. Who knew there was a hero, where is that hero?"

At this time, these crew members and passengers saw that all these vicious pirates were killed, and they quickly began to thank them. At this time, they found that Lao Zhuo who was standing on the side stood up directly and pointed to the one standing on the side. Qin Yuan:

"This one is our hero, who single-handedly killed all these pirates!"

And hearing such words, the reactions of these people were exactly the same as Lao Zhuo just now:

"What! This is impossible!"

"He has only one person, how could he kill all so many pirates!"

However, some people saw the scene of Qin Yuan fighting with the pirates just now, and they quickly testified for Qin Yuan:

"It's him, I saw it just now, and he just jumped off the boat!"

"I also saw it just now. He was fighting with pirates. Those pirates are not his opponents at all!"

Hearing this, the attitude of these people slowly changed from questioning to believing, because they saw the traces of Qin Yuan's struggle and the soaked clothes!

And after believing this fact, they couldn't help but take a breath!

A person!

Twenty pirates!

All killed!

Is this something one can do? !

At this time, the eyes of all people looking at Qin Yuan became hot. People like them were most afraid of encountering pirates at sea. This time the porridge saved their lives!

"hero!"

"hero!"

"hero!"

At this time, the group of people first called out in a low voice, and then everyone began to yell, shouting the word hero, looking at Qin Yuan with immense admiration!

This is Lao Zhuo directly waving his hand to the people in the audience, and said loudly:

"In this case, I have a suggestion. To thank the hero for helping, then everyone will give one-tenth of the goods in hand to the hero this time! What do you think?"

After hearing such words, Long Xiaoyun and others hiding in the crowd immediately made a tactical gesture to Qin Yuan, asking Qin Yuan to reject this suggestion.

After all, they are still performing tasks. If they are dragged down by these goods, how can they perform tasks?

"it is good!"

"I am willing to donate more!"

"Hero, there is a big bed in my cabin. Would you like to come to me?"

Unfortunately, before Qin Yuan refused, these people responded directly, and there were even a few well-looking women who offered a very tempting invitation to Qin Yuan!

And Qin Yuan also smiled, and directly agreed, and then asked Lao Zhuo to do this for himself!

As for the invitations of the beauties, Qin Yuan had to refuse, because now the eyes of the women in Long Xiaoyun looked at him, it was as if they were about to eat him!

After returning to their cabin, Long Xiaoyun closed the door, frowned, and reprimanded Qin Yuan:

"Qin Yuan, how can you do such a thing? Do you know that I am performing a mission this time, and this time I have become a bird, if others notice, how can we hide our identity?"

At this time, An Ran also looked at Qin Yuan complaining a little:

"And you also promised those people's goods. I don't know that the value of this ship's goods is tens of millions. One tenth is also millions. How could we get all these things away?"

But at this time, Qin Yuan showed a slight smile when he heard such words, and explained to Long Xiaoyun and An Ran:

"You are thinking too much. In fact, this time I came out, I didn't even think about hiding my identity, and I couldn't hide it. To be honest, as long as we don't recognize that we are soldiers of Yan Nation, then no matter what the outside world says Nothing has anything to do with us.

And I just want to let those people know that if they are going to trick us outside, then we will never tolerate it! "

Qin Yuan's words are loud and loud!

After all, this time I came out not only to complete the task, but also to establish prestige, not only to establish Qin Yuan's own prestige, but also to establish the prestige of Yan Country in the world!

As long as this time they acted fiercely and spread the news, then those people must first weigh in their hearts when dealing with Yan Country!

Hearing this, Long Xiaoyun barely accepted Qin Yuan's explanation, then raised his brows lightly and said to Qin Yuan:

"Then what do you plan to do with those goods? You can't just pile them on the dock? We don't have time to deal with those goods."

"Didn't I just meet an old Zhuo? He said that he would help me dispose of all the goods, and only leave the profit to me. This time, the funds granted to us are not much. On this kind of boundary, sometimes Money is more useful than guns!

Besides, my disguised identity this time, but the wealthy businessmen who came here to make money, wouldn't it be even more suspicious if they didn't agree to their thanks? "

When Long Xiaoyun heard this, he looked at Qin Yuan a little strangely.

This guy seems to have some truth.

"Well, let's not take it as an example. I hope you can discuss with us before you take any action."

Chapter 139: lion?

Seeing that the confrontation between Qin Yuan and Long Xiaoyun was finally completed, the rest of the people looked at Qin Yuan with a smile:

"Boss, I just heard that there are several big Yanmars who want to invite you to play!"

"Master, why did you jump into the sea just now? What was it like to fight in the sea?"

"Brother Yuan, have we made a fortune this time? Can we eat one bowl of tofu in the future?"

"Damn, Li Erniu, do you have too much taste, and eat tofu?"

The days after , just spend slowly in this noisy!

Two days later, the ship finally arrived, and Lao Zhuo directly paid to buy all these goods and gave them a lot of cash. Although there was a certain amount of loss, Qin Yuan didn't care if it was something for nothing. .

Before leaving, Lao Zhuo also initiated an invitation to Qin Yuan. He has a factory here. If Qin Yuan is okay, he can sit in his factory.

And he also has a son who admires the strong, and he is absolutely full of admiration for a master like Qin Yuan!

It's a pity that Qin Yuan still has a task, so naturally he refused Lao Zhuo's invitation.

Soon, Qin Yuan and others got the money, and then they also met people who came to join them.

"Comrade lieutenant colonel, because this time is a secret mission, we said that all we have prepared for you are some rice weapons. You can get acquainted here first."

"And the two jeeps we prepared for you this time, the materials are already on it, in addition to ours, you can also supplement it at the embassy, as for other things, you can only rely on you to supplement it."

The lurking personnel who had connected with them at this time said apologetically.

To be honest, the assistance they provide is very limited, after all, the identity of Qin Yuan and others cannot be exposed.

At this time, hearing such words, the others looked at Qin Yuan with a strange expression.

If only these things were enough, then it might not be enough, but Qin Yuan got a lot of help on the road.

And in the Philippine continent, with money and guns, what can't be obtained?

"Thank you, these are enough!"

Long Shaoyun directly thanked these people, and then directly said to others:

"We won't be repairing here this time, just set off!"

Following Long Xiaoyun's order, Qin Yuan finally saluted these staff members and embarked directly on the journey.

They had two cars in total. Qin Yuan and the three women sat in a sedan, while the rest of them sat in the jeep behind.

While in the car at this time, Long Xiaoyun said to the walkie-talkie:

"From now on, please remember that we are not soldiers, but businessmen. Our three sisters come out for business. You are all my bodyguards. Understand?"

"Please! Are you three women going out to do business, is it a bit too weird? According to common sense, you should need a big boss. I think it is very suitable for me to be the big boss. You three women are all my sisters. The others are my bodyguards!"

At this time, Qin Yuan directly raised his hand, and when he heard Qin Yuan's words, Long Xiaoyun nodded slightly. This arrangement was more natural and appropriate, but at the end, he asked a little puzzled:

"Sister? Why is it a younger sister? The three of us are all older than you. Should we be older sisters?"

At this time, Anfisa smiled with Qiushui:

"Sister? He meant that we are all his little lovers, right!"

Hearing this, Long Xiaoyun's forehead suddenly appeared a group of blue veins, directly yelled:

"Qin Yuan, you?"

An Ran and Anfisa also looked at Qin Yuan maliciously!

"Captain Dragon, I just made a joke to ease the atmosphere! You are still driving! Car! Car!"

Hearing the screams from Qin Yuan on the walkie-talkie, Leng Feng and others sitting behind shook their heads. As expected, their boss was more courageous. He even dared to molest the three tigresses of Long Xiaoyun. It was really respectable. Adorable!

One minute later, Qin Yuan and six big men squeezed into a carriage, full of dangling.

"This is too crowded."

At this time Song Kaifei moved his body, and Xu Tianlong said to Song Kaifei:

"Don't crowd in front. If you dare to go ahead, how about I call you the boss in the future?"

Song Kaifei heard this, but his head shook like a rattle. Just kidding, Great God Qin Yuan couldn't do it. Now let him go. Isn't that looking for death?

"Forget it, I'll go on the roof of the car! Ah yes, do you want to be with me?"

Qin Yuan put forward a very novel suggestion. The eyes of these men were bright, but after thinking about it carefully, they all shook their heads.

It is obvious that the three women of Captain Dragon are competing with Qin Yuan. They still don't participate, or they will be splashed with blood sooner or later.

"I don't know how to enjoy!"

Qin Yuan directly jumped out of the car window and turned directly onto the roof.

This is a tourist car, and there is a water bag on the roof of the jeep, so Qin Yuan is quite comfortable lying on it, holding his chin, looking at the surrounding scenery and basking in the sunset, really let Qin Yuan find it Different feelings.

At this time, An Ran in front saw Qin Yuan's situation through the rearview mirror, and said directly:

"Captain Dragon, Qin Yuan seems to be sitting on the roof of the car, isn't it a bit too pitiful, or let's let him come back."

Long Xiaoyun's mouth twitched, but in the end he refused directly:

"No He must be twisted, or if it is because of his reckless behavior, if something happens to this mission, I can't explain."

Although he said these words, Long Xiaoyun's heart was also lumpy, and he looked in the rearview mirror from time to time.

At this moment, the cold front driving behind suddenly screamed and said to the intercom:

"Captain, there is a lion chasing us behind, what should we do?"

"Lion?"

Hearing this, Long Xiaoyun's heart was immediately shocked, but she thought of Qin Yuan for the first time.

The Philippine lion is extremely fierce. A male lion weighs several hundred kilograms. If it is overtaken, even their car will be overturned.

"Don't pay attention to her, we speed up, the lion should not be able to do it."

But as soon as Long Xiaoyun's command was finished, Leng Feng suddenly said with a hint of horror:

"Not good captain, Qin Yuan fell from the car!"

Hearing this, Long Xiaoyun's back was immediately erected, and a cold sweat appeared on his forehead, and he screamed:

"Stop!"

#### Chapter 140: Recycling lion

When the lion saw that Qin Yuan dared to get out of the car, he suddenly let out a roar, and then suddenly rushed towards Qin Yuan.

And Qin Yuan looked at the disheveled lion in front of him, but he smiled.

Before the lion rushed over, Qin Yuan grabbed the lion's mane, turned over, and rode on the lion's back!

Picked up the big casserole fist and slammed it directly at the back of the lion's head!

How can this lion be imagined, the two-legged beast in front of him is even more arrogant than him. Feeling the huge pressure on his head, he wailed and fell directly to the ground with Harazi!

At this time, Leng Feng and Long Xiaoyun, who had just stopped the car, suddenly widened their eyes when they looked at the lion with Harazi at Qin Yuan's feet.

"My god."

At this time, Leng Feng's eyes were almost staring. He knew that Qin Yuan was a very powerful person, but he did not expect that Qin Yuan was so powerful that he would subdue a lion with his bare hands!

How long will it take since he discovered that Qin Yuan jumped off the car and then they stopped the car?

Ten seconds?

Five seconds?

In this short time, Qin Yuan knocked the lion unconscious?

Long Xiaoyun also grew up in surprise.

Be aware that this is a lion!

Don't say you are bare-handed, even with a gun, you may not be able to beat a lion!

But the members of the Red Blood Cell Squad, they are not surprised, and immediately started cheering for Qin Yuan!

"The boss is amazing. In ancient times, Wu Song drunk and killed a tiger. Now, Qin Yuan directly beats the lion with a punch. It is estimated that if there is a good writing, the boss will also make you angry!"

"Damn it, this is the first time I have seen a lion outside the zoo. Go and touch it."

"You have seen it somehow, but I have never seen it! Does this thing feel good to ride?"

At this time, the people of the red blood cell team got out of the car quickly, and surrounded the lion for a while.

At this time, Qin Yuan was speechless, what are you people doing? This is the lion I beat. How can I hear you say it was like you beat it?

At this time, An Ran and Anfisa, who were in the car, found that the lion had indeed fainted, and they ran over directly, touching and pinching at the lion.

After all, there are not many opportunities to get in touch with the lions so close.

"Handsome brother, you are really too fierce, and even the lion can't beat you."

Anfisa said to Qin Yuan, and when she heard this, An Ran's face suddenly turned red, but she also stretched out her hand and quietly touched the lion's hair.

After a while, Long Xiaoyun said:

"Okay, we still have a task, we must set off!"

While Qin Yuan looked at the lion, but he was itchy. He originally wanted to put the lion in the grid. Hearing Long Xiaoyun's words, he immediately seized this opportunity and said directly:

"I dragged this lion aside, so I didn't get hit by another car."

Hearing Qin Yuan's words, the few remaining people reluctantly left the lion and returned to the car, but Qin Yuan grabbed the lion's tail and dragged each other abruptly, as if Dragging a kitten directly into the jungle.

After leaving the sight of Long Xiaoyun and others, Qin Yuan directly received the lion into the grid.

"Ding Dong, the host recovery is successful, please start choosing!"

"1, get world-class lion roar!"

"2, get world-class mating ability!"

"3, get world-class sharp minions!"

At this time, seeing these three options, Qin Yuan's eyes suddenly brightened, but when Qin Yuan saw the second option, there was a trace of entanglement on his face, and he gently kicked this one and he was still unconscious. The lion.

"This thing is probably not a serious lion!"

The first option, Lion Roar, is nothing more than Qin Yuan's expectation to get martial arts from this animal, but what the \*\*\*\*\* is the second option?

Qin Yuan knows that as a cat, the lion's mating ability is very strong. If it is in estrus, it can come dozens or hundreds of times a day.

But more importantly, the lion only has a few seconds!

Qin Yuan doesn't want to be like a lion. With such an ability, Qin Yuan simply doesn't see it!

"System, I choose the second item!"

"Ding Dong~The host has successfully chosen to obtain world-class mating ability!"

"World-class mating ability: It can make the host ten times a day without consuming physical strength!"

Haha, human beings have always been unable to escape the essence of true fragrance.

After all, as a man, even if he doesn't use it for a while, he wants to strengthen his abilities.

Not only that, Qin Yuan felt a burst of heat in his lower back, as if his physique had slightly strengthened.

Look at it this way, no loss!

At this moment, Qin Yuan suddenly heard Long Xiaoyun's voice from a distance:

"Qin Yuan, what are you doing, come back quickly, we are leaving."

Qin Yuan finally took a look at the unscrupulous lion, and then he returned directly to the car.

And after such a thing, Long Xiaoyun naturally would not let Qin Yuan sit in the back car, but let Qin Yuan go back to the front, but Qin Yuan looked at the three women's eyes with a little strange.

Long Xiaoyun felt Qin Yuan's gaze, frowned slightly, and asked Qin Yuan, "What do you think we are doing?"

"See you are beautiful See you are in good shape!"

Yep?

Although this is a good word, Long Xiaoyun felt a little strange. He turned to look at Anfisa. Anfisa also looked at Qin Yuan with a trace of scrutiny, but even if she killed her, he would never think Qin Yuan could think of that, so he shook his head.

Long Xiaoyun saw that even Anfisa didn't notice any problems, so he muttered and said nothing.

Does this kid really think we are in good shape?

Long Xiaoyun glanced at himself, then at An Ran and An Feisa, thinking that what Qin Yuan said should be true.

Qin Yuan hid aside, a smile appeared at the corner of his mouth.

The two cars continued to move towards their destination, but they had already started late, so even if they hurried quickly, they still failed to reach the city before dark.

Qin Yuan used his night vision ability to directly find a cave, lit a flame, and several people gathered directly together like camping.

At this time, Leng Feng opened a can and saluted Qin Yuan from a distance like a toast:

"Master, you are so amazing. That lion weighs five or six hundred kilograms, so it will be cleaned up in such a short time. I really take it!"
