

Special Soldier 1391

Chapter 1391: You guys are back

Killed them all overnight.

He must investigate this person, and then seize the time to be on guard, otherwise he might not know when he offended someone.

He hurriedly asked his subordinates to investigate, and the results of his investigation came out two days later. They were not sure who it was, and his subordinates only got back a very blurry image.

Liu Huaqiang watched the pupils of the person on the screen keep shrinking, and his body couldn't help shaking. He was very familiar with this person, and it was Qin Yuan.

Before the union, he said that he wanted to get the peptide spar. It seems that he did this thing. Apart from this person, he really doesn't know anyone else who has such great strength.

At this time, Zhao Gao, a former confidant of Liu Huaqiang, walked in. This guy has followed him for many years and has been managing the domestic trading center.

"Brother Qiang, the last time Qin Yuan caused trouble on our side, the compensation hasn't been calculated yet, do you want to mention this matter to him?"

"It's best not to mention this matter to me. The premise is that no one is allowed to talk about this matter from now on."

"What? Brother Qiang, we don't care. Anyway, this guy is so rampant. You don't know how many brothers he injured that day."

"Shut up for me, if you still want to live, you'd better be honest, and you can't talk about this matter again."

Liu Huaqiang slapped the table and stood up. At this time, Zhao Gao also noticed the video. Combined with what he heard in the past two days, the underground black market in Dongguo was taken over by a mysterious team. Could it be? Is it Qin Yuan?

He was so frightened that he nodded for a moment. They really couldn't afford to provoke such a person. Even such a big force over there was solved by Qin Yuan, let alone someone like them.

As for Qin Yuan, after they got the spar, they rushed back immediately. After everyone got off the plane, this time Li Erniu kept vigilant. Did not put down.

"I told you, don't be so exaggerated, kid. It's all back. Who do you think dares to be so blatant in China?"

"Forget it. After the last incident, I was scared. I should go back early to avoid long nights and dreams. I have to hold this thing to feel safe."

Qin Yuan only thought it was funny when he was beside him, but he also gave this guy a lesson, so that he would not have any vigilance after going outside.

In the evening, they arrived at the place where Wang Yanbing lived, but they heard some noisy voices from a distance.

Just as Qin Yuan walked into the alley, he saw Wang Yanbing's neighbor Aunt Zhang running over in a panic.

Aunt Zhang saw him as if she saw a savior, and pulled him, "Oh, you are back, I remember that you are comrades in arms with Yanbing, right?"

"What's the matter, aunt? Did something happen to Yanbing?"

"Oh, I can't tell, you guys go and have a look!"

Aunt Zhang seemed worried that she would get into trouble, so she hurried away without looking back, Qin Yuan frowned, everyone quickened their pace and walked in the direction of Wang Yanbing's house.

When he was about to reach his house, a stool flew out, and then he heard a sound of frolicking inside.

"Hahaha, you're just a piece of trash right now, you really want to come and beat me up, I'll see how you beat me."

Chapter 1392: successfully stood up

"Brothers, look quickly, this is a waste, wait for me to photograph him on the Internet, let everyone take a look."

"Why are you still living here like a waste? What a waste of air, weren't you arrogant before? Now you are arrogant to show me."

After Qin Yuan and the others walked in, they found the door of Wang Yanbing's house was open, and there were a few hooligans with yellow hair inside. At this moment, Wang Yanbing was pressed to the ground by them.

His walking stick was also thrown far away, and the things in the house were messed up. Seeing this scene, he couldn't stand it any longer. He rushed in, and the hooligans inside were stunned when they saw someone dared to come in. .

"Hey, there are really people who dare to meddle in their own business!"

The little hooligan took the baseball bat next to him and hit it, but the next second he was so surprised that he couldn't close his mouth, because Qin Yuan took the baseball bat with his fist abruptly.

The iron baseball bat broke completely with a click, and the little hooligan's hands were bleeding from the shock.

"A group of garbage dare to shout here."

Qin Yuan grabbed the little hooligan's wrist and flicked it lightly. He was thrown out of the little hooligan and hit the door frame in front. The people behind also rushed up.

Within a few minutes, these little hooligans were completely beaten up, and the yellow-haired one who laughed at Wang Yanbing the most fiercely just now was beaten up with black nose and swollen face.

And this guy was so scared that he peed out. Seeing his cowardly look, Qin Yuan frowned a little disgusted, and kicked him to the ground.

"I think you guys are really tired of your work. You are willing to attack the wounded soldier, and you dare to attack him because of his identity."

Qin Yuan slapped again, and the little hooligan felt dizzy for a moment. He couldn't hear what Qin Yuan said, but saw his mouth opening and closing.

"Fuck me! Next time I see you beat me up one at a time."

These little hooligans were scared out of their wits, how could they dare to stay here any longer, they even crawled out the door, and one of them didn't even dare to crawl back to pick up his cell phone after dropping it.

Li Erniu and the others hurried over to help Wang Yanbing up. Wang Yanbing had a wry smile on his face, and the things in the house were smashed into a mess by them.

"I really didn't expect that the loss of a leg would have such a big impact on me. Anyway, my skills were not bad before I didn't expect to be bullied by these bastards."

"What's this? We've brought back what you were waiting for, and I'll install it for you tonight. Your legs are definitely stronger than before."

While helping him install the legs, Qin Yuan asked what was going on. It turned out that these little hooligans were taken care of by Wang Yanbing before. These guys have been collecting protection fees from these neighbors in the alley for a long time, and everyone is miserable. Word.

When Wang Yanbing came back from vacation before, he happened to encounter them grabbing things, so he took the initiative to teach them a lesson, and the guys behind held a grudge. Opportunity, so let them succeed.

Wang Yanbing felt a little shadowy in his heart at the moment. He always felt that he really wouldn't be a waste. He lost a leg. How could his combat power be so worthless.

Qin Yuan patted him on the shoulder, saying that he would install it successfully for him, and now all the preparations have been done.

He took out the peptide spar from his bag, which was the first time Wang Yanbing had seen it.

Chapter 1393: There is no problem at all

He stared at it curiously, it was so bright and shiny.

Just as Qin Yuan took out the spar, when he touched the prosthesis, the stone merged with the prosthesis. The speed was so fast that Qin Yuan didn't have time to react. In an instant, the prosthetic limb quickly wrapped Wang Yanbing's thigh, and a burst of pain hit him.

Moreover, the pain became more and more severe, and Wang Yanbing was so painful that he was sweating on his forehead, and he felt that something was wrong.

"Brother Qin, what's going on? It didn't hurt at all last time, but this time it's a piercing pain."

Just as he was talking, he began to twitch on the bed, because the pain was so strong that Wang Yanbing was more able to bear it, but he was so painful that he was about to pass out.

The few people next to him also looked anxious. They didn't know what happened, so they could only hold down Wang Yanbing next to him to keep him from moving around and avoid falling off the bed.

"Yan Bing, you must persevere. The pain this time is normal, because this prosthesis can truly blend with you after it is fused with your flesh and blood. You must persevere."

Wang Yanbing also understood this truth, he gritted his teeth and persisted, but the pain was too painful, because the pain was intensified, and gradually his whole body was shaking, and several people around him were cheering for him.

Suddenly Wang Yanbing let out a scream and passed out immediately, his face turned pale, the pain was really too great.

"Yanbing! Wake up."

"Brother Qin, what should we do?"

Qin Yuan shook his head, now he can't do anything about it, he can only get through it by himself, at most he can give him a little recovery ability, let him persist in the past, because this is remade by blood and flesh, just like the regeneration of a broken bone .

When Wang Yanbing woke up, the pain came again. Just like that, he gritted his teeth and persisted for more than ten minutes, and suddenly his whole body relaxed instantly, and the previous pain was swept away.

At this moment, he was sweating profusely, and his whole body seemed to be fished out of the water. He gasped and thought that it should be almost done. Just when he subconsciously wanted the people around him to help him up, he didn't expect that his leg would actually Back up, just like before.

"Good job, Yan Bing, you have persisted and come here. From the looks of it, you should adapt well."

Wang Yanbing started to do some specific movements according to Qin Yuan's instructions, basically there was no problem, and he also conducted fighting training with Li Erniu and the others. Under such high-intensity exercise, there was no problem with his legs at all.

Li Erniu kicked his mechanical leg and grinned instantly in pain, Wang Yanbing acted as if nothing happened.

"I'm going, Yan Bing! You're simply cheating, you've enabled a physics plug-in, it makes me want to get a mechanical one."

"Don't talk nonsense, boy, I hope you all give me a healthy and healthy life."

Li Erniu scratched his head in embarrassment, saying that he just said casually, now that Wang Yanbing's matter has been almost resolved, he can continue to return to the special warfare brigade.

In the office, Gao Shiwei was thinking of ways to apply. He felt that he owed Wang Yanbing too much. Before that, his father belonged to me and had made great contributions to the country. His only son has also ended up like this now. But he will not let them down!

Chapter 1394: I try to satisfy

Will definitely take good care of this son.

Gao Shiwei called the secretary in, and asked him to quickly write a cursive script, "By the way, Xiao Liu, let's see how much the maximum annual subsidy can be for disabled soldiers like them?"

"According to his level, there is a subsidy of 50,000 yuan a year."

Gao Shiwei shook his head, it was too little, it was not enough for him, he owed Wang Yanbing in his heart.

After thinking about it, he took out a bank card from his pocket, which was his savings over the years, "How about this, Xiao Liu, help me transfer all the money in this card, and then call that kid's On the card, it is said that it is a subsidy taken from above to give him."

"Ah! Captain Gao, this is your own money. I think we should apply again. We can't let you pay alone."

"Don't talk nonsense, just do what I ask you to do. He is my soldier. If something happens, I must be responsible. I will make up for it a little bit, and it will make me feel better."

Xiao Liu thought for a while, and could only do as he asked. Just as he turned around and went out, he saw Qin Yuan and the others walking back. More importantly, he saw that Wang Yanbing was walking normally.

Xiao Liu wondered if he had read it wrong. He rubbed his eyes and looked over again. Not only was Wang Yanbing walking normally, but he jumped up the high steps with a single leap.

After a while, they came to the door of the office. Qin Yuan looked at Xiao Liu who was in a daze, walked over and patted him on the shoulder.

"Secretary Liu, why are you so dazed in broad daylight?"

"Captain Qin, I'm not mistaken, is Wang Yanbing's leg healed?"

"Well, it's a long story. I'll explain it to you later. Let's go to Team Gao first."

Gao Shiwei also heard the noise, and he frowned in the office. Recently, he was really worried about Wang Yanbing.

"Report! Soldier Wang Yanbing is here to report!"

Wang Yanbing paid a standard military salute, standing upright in the office like that, Gao Shiwei couldn't believe what was going on, but when he thought about the prosthetic limb that this kid had installed, he felt a little guilty.

"Yan Bing, I know you feel wronged, don't worry, no matter what, I will definitely make it up to you, even if you leave the team, I will try my best to meet the conditions you can ask Gao Dui, you are here What are you talking about? I am here to report to you today, but I will continue to be in our team, besides, how can I leave our team?"

Gao Shiwei had a strange expression on his face. At this moment, he rolled up his trousers and saw a prosthetic limb. Seeing this, his eyes tightened.

After all, he knew about ordinary prosthetic limbs, and it was good to be able to walk again at this level, at least walking looked normal.

Unexpectedly, Qin Yuan, who was behind at this time, would suddenly fight with Wang Yanbing, and the two of them instantly took a stance, in case Wang Yanbing could move freely and not be affected at all after the fight.

Gao Shiwei wanted to criticize at first, but just as the words came to his lips, he realized something was wrong. Why is Wang Yanbing faster than normal people?

"How is it? Team Gao, my prosthesis is not bad, right? My current clip does not affect normal actions and training at all, and it is even stronger than the previous one."

Qin Yuan also explained to Gao Shiwei again.

Chapter 1395: Zhang Meng is a little sorry

Knowing that it was brought by Qin Yuan, there must be no difference.

Wang Yanbing can return to the team again, which is a good thing for them. After all, he is an old player. It is really too difficult for other new players to integrate in this critical period.

Gao Shiwei excitedly stepped forward and hugged Wang Yanbing and almost jumped up, but Qin Yuan just quickly found an excuse, saying that it was a mechanical leg developed by him at the base over there.

But when it comes to Gao Shiwei, his face is full of gloom, because Mr. Zhang from the aviation base calls every day, and he is almost bored to death.

"I said you are really a sweet potato, and now everyone is going to grab you, so that I, the boss, really can't keep you?"

"Captain Gao, look at what you said. No matter what, I'm a member of the Special Operations Brigade. I know what Mr. Zhang means. I definitely won't go there."

"I know this too, but it's not a problem to continue like this. Now I can only shirk and say that you have a mission. This old guy has an attitude of not giving up until he achieves his goal."

It would be okay for Gao Shiwei to negotiate with gangsters or the like, but he really felt a headache when he had to face these scientists.

"Look at this. Seeing that this stubborn old man can't make sense with me, he went directly to my immediate superior and asked the commander of our general military region to give me orders."

I really didn't expect that this piece of honesty is too persistent, but Qin Yuan really doesn't have time recently, the recent training situation of the red blood cell team has indeed declined, and he really can't do without him as the captain.

Qin Yuan was training with the red blood cell team, and suddenly received a letter a week later.

The inscription on the letter said Li Kang, Qin Yuan quickly opened it to check, and there was only a short sentence written on it, "If there is a situation, please return quickly!"

When Qin Yuan rushed to the place where Li Kang and the others lived, he realized that the matter was more serious than he thought. He thought he had found the whereabouts of the masked man, but he didn't expect that Long Xiaoyun had disappeared.

This guy was used to catch big fish with a long line, but now he suddenly disappeared, "What's going on, aren't you together every day? When did she disappear?"

Speaking of this, Zhang Meng is a little sorry, after all, as a girl, it is more convenient for her to supervise by the side, but since only a week ago, Long Xiaoyun's actions have been a little abnormal, She often stays in the room.

Sometimes she stays for a whole day without coming down to eat. Zhang Meng should have observed it a long time ago, but she always thinks that this guy is a spy, so she doesn't bother to care about her. Anyway, as long as she promises to stay in the room That's fine.

So they don't know the exact time, they only know that the last time they saw Long Xiaoyun was the night before yesterday, it's been too long.

"You should have informed me earlier, what should you do if something happens!"

Zhang Meng still wanted to explain, but Qin Yuan suddenly pulled her, and then signaled Zhao Tao to leave quickly, "Everyone, don't talk, hurry up!"

It was too late, Qin Yuan looked at 23 who was behind, and pushed him away. Just as Qin Yuan pushed 23 out, a huge explosion sounded from behind, and the whole villa was engulfed in flames.

Faced with this sudden situation, everyone was stunned and hadn't realized what was going on, and Qin Yuan was still inside.

Chapter 1396: down the drain

Li Kang hurried forward, but because the fire was too big, he couldn't get in. Zhao Tao was thinking of a way, he turned his head and saw the faucet next to him, walked over quickly, turned on the faucet, poured water on himself, and then To rush in and save people.

At this moment, a voice sounded from above them, and a black figure was seen passing over their heads, and then landed steadily on the ground.

"Why do you want to do it? Do you want to die? This has just rescued you, don't bother!"

"Brother Qin!"

"I'll go, your speed is too good!"

After all, when 23 just came out, it exploded immediately, and he escaped in such a short period of time. This speed is simply too fast.

Now is not the place to talk, Qin Yuan signaled everyone to go first, fortunately his system sent out a reminder just now, and he felt a sense of crisis.

This guy Long Xiaoyun is really ruthless. He even planted a time bomb inside the villa. It seems that their interior has been monitored, and the bomb was activated after Qin Yuan arrived.

After Qin Yuan brought everyone to a safe place, now he can only re-discuss the current plan. It seems that Long Xiaoyun should know that he has been exposed, so he wants to kill everyone.

"What should we do now? I haven't detected that guy until now. Is he going to make a move now?"

"I can't tell now, but for your safety, that place must not be allowed to stay any longer. I will move you to a safe place first, and then I will investigate other situations."

After Qin Yuan moved Li Kang and the others to a safe place, he planned to go back to the previous villa to check the situation. He always felt that there should be other clues there.

When he returned to the villa, the surrounding area had already been cordoned off, and the relevant personnel were organizing to put out the fire. After all, there was a catastrophe here, and the surrounding people had already called the police.

Qin Yuan could only observe from a distance. At this moment, a familiar voice from the crowd sounded from behind.

"It seems that it is really difficult to kill you. I didn't expect you to be so vigilant!"

Qin Yuan turned his head, and it was Long Xiaoyun. This guy could be said to have the face of an angel, but the heart of a devil. When he first saw her, he thought she was a simple little girl, but he didn't expect her heart to be so vicious.

"You really can do it You see, they are innocent people. If you want to deal with me, just attack me. If I didn't make a quick move today, you would kill them all die!"

"They're all a bunch of trash who don't obey the organization's arrangements, they're all a bunch of traitors, I wish they would die right now, but it's a pity that none of them were killed."

Qin Yuan was a little surprised. He really misjudged him before, and really thought he was just a simple college student. Now he turned around and thought about how many people who can be around the masked man are simple.

The words she said were indeed very cruel, Qin Yuan stared at her coldly, just when Qin Yuan was about to make a move, she stepped back a few steps, and two men appeared beside her.

According to the system's reminder, these two men have systems, and Qin Yuan can easily see through their abilities. One has a super blasting system, and the other has a super explosive speed.

For such ability.

Chapter 1397: The masked man really spent his life

Qin Yuan was not afraid at all. After all, his ability was a hundred times stronger than this. The corners of his mouth were raised, very confident. At this time, the man suddenly shot at him.

Just when he was about to fight back, the man suddenly turned around and threw the explosive device in his hand towards the crowd beside him. fell down.

He hurriedly shouted loudly to ask the people next to him to evacuate the surrounding crowd. The people hadn't realized what was going on, and there was no explosion after the explosive device fell to the ground. There were two people who were relatively close. Get blown away.

There was an explosion again, causing people around to desperately call for help. Everyone started to run away, and the firefighters on the opposite side also rushed over, and Qin Yuan was also on the scene to help rescue people.

At this moment, the corners of Long Xiaoyun's mouth rose slightly. He didn't intend to deal with Qin Yuan. She knew that they would definitely not be able to deal with them with their abilities. She just wanted to take the opportunity to cause confusion and then leave, because they came to make sure whether these people were still alive.

The man with explosive speed carried Long Xiaoyun on his back and pulled the man next to him. His speed was extremely fast, and his figure slowly disappeared into the crowd. Qin Yuan narrowed his eyes slightly, turned around and chased after him.

"I just said that this guy will never care about the people around him. It can just delay him for a while and let the people in front get ready."

"It seems that we can deal with him today. The few of us should be able to make a first-class merit and receive rewards when we go back."

"Don't worry, as long as we cooperate well, there will be no problem. Now he hates me to the bone. With me here, he can definitely come over."

As soon as Long Xiaoyun finished speaking, she turned her head and saw Qin Yuan quickly catching up.

"The speed of this guy is really terrifying, can you speed up!"

After all, the place where they set the trap is still some distance away, so they can't fight Qin Yuan here. If they really want to fight, their strength is simply not enough.

"This is already the fastest speed. Hurry up and ask Lao San to throw a few more explosive devices to delay his speed first."

"I know how to do it, you don't need to say more!"

The third child quickly generated blasting devices and kept placing them on the side of the road. With the sound of the explosion, the surrounding boulders fell one after another, and the nearby trees also fell down. They thought this would delay Qin Yuan, but they ignored it. Qin Yuan's speed.

Just when the third child was proud suddenly felt a pain in his calf, he looked down and saw a throwing knife, and when he turned around again, a throwing knife directly pierced his heart.

This is absolute strength. In the face of absolute strength, they have nowhere to escape. Long Xiaoyun became more nervous and kept urging him to go faster.

The two desperately arrived at the place where the trap was set. Qin Yuan had already expected everything. Now that his system has been upgraded, there are people hidden on the opposite hillside and in the gully. It seems that this masked man is really Down the blood.

And all of them are people with a system, and it happens to be solved for him today.

At this time, Long Xiaoyun suddenly yelled, and the people in the nearby ditch rushed out quickly, and it was the same device as before.

The familiar voice sounded again, Qin Yuan fell to the ground in pain, and Long Xiaoyun saw this scene.

Chapter 1398: What the **** did Qin Yuan do?

He walked forward with a smile, and the people beside him were no longer hiding, they all rushed out.

"Damn it, this monster has finally fallen. It seems that what you said is right, this is the only way to control him!"

"Stop talking nonsense, take advantage of this opportunity to kill him directly, sir said, since this person can't be used, then he can only be killed, otherwise there will be endless troubles in the future, half of our organization will appear here soon gone."

There was a fierce look in Long Xiaoyun's eyes, and she pulled out a Swiss Army knife from her waist, "Today I will kill him directly, and I will take his head back to Mr.

She walked forward triumphantly, but just when her knife touched Qin Yuan, a pair of powerful big hands directly grabbed her wrist. Long Xiaoyun couldn't believe that Qin Yuan could still move.

Qin Yuan seemed to be trembling at the moment, but upon closer inspection, he was not trembling, but smiling.

"It's so boring, I don't want to act with you guys anymore!"

Just when Long Xiaoyun was surprised, Qin Yuan grabbed the Swiss Army Knife and slashed her throat open, and blood spurted out instantly. She opened her mouth wide and couldn't speak, clutching her throat, just like that He fell down heavily.

"It's just a small knife like this. It's just for me to kill rabbits. If you want to kill me, let's talk about it in the next life!"

The people around were all surprised, and the person holding the sound device just rushed forward. He thought the sound was malfunctioning, but right now he was standing in front of Qin Yuan, and he didn't respond at all.

"You don't need to try it. You guys are useless to me. You don't need to go back. Just stay here!"

Qin Yuan said this lightly, and then four flying knives flew out at the same time, and the four people in front of him fell down instantly. Letting go of anyone present, these people with a system are a threat to him, and they are also to Li Kang.

Long Xiaoyun fell to the ground and watched the people around her being killed one after another. She did not expect that Qin Yuan's ability was so strong that even this kind of sonar was powerless against him.

Three days later, inside a base, the masked man urged the secretary next to him to get in touch with the dispatched personnel as soon as possible. They dispatched a total of 34 core members this time, and generally speaking, they were all relatively good internally.

But they all lost contact at the same time The secretary next to him kept calling, but there was no response.

"Sir, I've called different ways and even had a recall on their system, but nothing fluctuated, and..."

"Speak directly if you have anything!"

"And their system is in a state of permanent shutdown. There is only one possibility in this situation, that is, the system will be permanently shut down when the host dies, but this possibility is so small..."

"Needless to say, I know. It seems that the guy's ability is strong again. I really regret it. I shouldn't have released him like that at the beginning, allowing him to develop a failed experimental product, and it developed so fast. ."

"Sir, do you mean that Qin Yuan did the trick?"

"It seems that his system has undergone other mutations or upgrades."

Chapter 1399: just say it straight

"He is no longer afraid of this kind of voice, let the other side hurry up and send another batch of experimental products as soon as possible. I need a lot of people now."

"Yes!"

The reason why the masked man didn't appear recently is because of the destruction by Qin Yuan and the others before, so his actions were also very limited. There was no way to complete many things, and he could only increase his strength by investing in other research. strength.

This time, he originally planned to make peace with Long Xiaoyun, and then wipe out Qin Yuan in one fell swoop, but he didn't expect that this guy was so powerful that he killed all the people he sent out.

And Qin Yuan also wanted to conduct investigations based on the members of these organizations, but there was no result. After all, a lot of information on them had been processed.

Since there is no clue here, he can only find a way to increase the merit value, so that the system can upgrade the next time as soon as possible, and he can only become stronger and stronger.

Qin Yuan plans to carry out overall training on the firefighting system next time. He has participated in the rescue since he went there during this period of time, as well as the last explosion.

He felt that if the fire department added some special training, formed a special group, and divided them one-on-one, it would have a great effect on all rescue work.

Now that he has completed the special police, since the armed police are like this, there should be no problem with the firefighting. He remembered that there is also special training for firefighting in the training manual.

Gao Shiwei is very supportive of this idea, because in recent years some rescue work also requires them to cooperate with the fire department. But their personnel are limited after all, so if they have strong firefighting capabilities and have their own special team, that can also ease the task pressure on their side. 81.m

Just when Qin Yuan was making preparations, an international call disrupted his train of thought. He didn't expect it to be from the principal of Hunter School.

"Colonel Frank, what do you mean? Why are you free to call us?"

"Hahaha, Captain Gao, I just want to ask how is the situation on your side recently? Is there any mission!"

"Why are you interested in me or someone on our side, is it okay? You just speak straight!"

Frank wanted to make a detour, but seeing that he was seen through, he smiled awkwardly, "That's right, I really want to ask Ruan to help me, I have a group of students here, I really can't handle it!"

"Why are there students you can't handle? Then I'm quite curious."

Frank sighed silently on the other end of the phone. He said that the matter was too complicated. If possible, he would like to hire Qin Yuan again to help.

After hanging up the phone, Gao Shiwei immediately asked Qin Yuan to come to the office, "Captain Gao, do you have any other tasks? Why did you ask me to come here in such a hurry?"

"Of course it's a good thing. You go to the hunter school for a while and help them train a group of students."

This thing is not under his control, and talking about the hunter school, why Gao Shiwei agreed, "Gao team, you are not joking with me, this is too far away, besides, why did you agree to them?" asked for it."

"Don't talk nonsense, boy, the benefits they give may be very big, 3 million US dollars for you to bring new students, and there are 200 cases of special-needed beer from abroad."

"Brother Shen!"

"Um!"

Shen Changqing was walking on the road, and whenever he met familiar people, he would say hello or nod to each other.

But no matter who.

There is no unnecessary expression on everyone's face, as if they are indifferent to everything.

To this.

Shen Changqing is already used to it.

Because this is the Zhenmagic Division, an organization that maintains the stability of Daqin. Its main duty is to kill monsters and ghosts, and of course there are other side jobs.

It can be said.

In Zhenmensi, everyone's hands were stained with a lot of blood.

When a person is used to seeing life and death, he will become indifferent to many things.

When he first came to this world, Shen Changqing was a little uncomfortable, but he got used to it as time went by.

Zhenmus is huge.

Those who can stay in Zhenmusi are all powerful masters, or those who have the potential to become masters.

Shen Changqing belongs to the latter.

Among them, the Zhenmagic Division is divided into two professions, one is the Guardian Envoy, and the other is the Exorcist.

Anyone who enters the Town of Demons starts from the lowest level of Demon Slayers,

Then he was promoted step by step, and eventually he was expected to become a guardian envoy.

Shen Changqing's predecessor was a trainee demon slayer in the town of magic division, and he was also the lowest-ranked demon slayer.

Possess the memory of the predecessor.

He is also very familiar with Zhenmusi's environment.

It didn't take long for Shen Changqing to stop in front of an attic.

Different from other places full of chills in Zhenmagus, the attic here seems to stand out from the crowd. In the **** Zhenmagus, it presents a different tranquility.

At this time, the attic door was open, and occasionally people came in and out.

Shen Changqing just hesitated for a moment, then stepped in.

Entering the attic The environment changes in vain.

A scent of ink mixed with a faint smell of blood hit his face, making his brows furrowed instinctively, but then relaxed quickly.

There is almost no way to clean off the ***** smell on everyone in Zhenmusi.

Chapter 1400: difficult students

Qin Yuan heard black lines all over his face, what's the matter? I sold myself for this little thing!

"Captain Gao, you're out of touch. Anyway, you have to tell me! Besides, what's going on with them? I don't even know."

"You kid, why are you talking so much nonsense, and besides, you are not happy to let you go to take the students. We have to maintain the spirit of helping others, you know? Let's make a good relationship and go."

Qin Yuan had a feeling of being betrayed in an instant, and now Gao Shiwei was really more and more conscious, so he agreed without saying a word.

"Captain Gao, I suddenly remembered something. They are in a hurry to find someone, but think about it, I can't do it now. My conditions don't allow it. After all, I just came back and I have to pack my luggage."

"Don't make so many excuses, you kid. Don't worry, they will send a helicopter to pick you up in a while, and they probably have already set off."

Just when he was about to refute, Wang Yanbing came in with a bag of luggage, "Captain Gao, this is the luggage you asked me to take. Brother Qin, where are you going?"

Good guy, I just put away all my clothes, which didn't give me any room for regret, and all my luggage and trips were arranged.

Now even if he wants to refuse, he can't do anything about it, but for Qin Yuan, he can go there, because now he can give corresponding merit points as long as he trains the special warfare team system.

Anyway, it's all a matter of time, and besides, Frank reserved the title of training instructor of the Hunter School for himself before, and he was just going to do him a favor, otherwise he wouldn't be that kind of person relying on this title for nothing.

Two hours later, Qin Yuan had boarded the helicopter going to the Hunter School. Frank was very excited, and he was ready to welcome Qin Yuan at the school.

At this moment, there are some students from other countries who are training in the Hunter School, which is exactly the same as the ones that tortured Qin Yuan and others before.

Hearing the sound of the propeller, he raised his head involuntarily, and then saw a figure jumping down from the sky chicly, and a white parachute slowly opened.

Frank shook his head helplessly. He had already found someone to meet Qin Yuan at the gate. After all, he arranged for the biggest welcome. He recognized Qin Yuan's ability very much, but he didn't expect this guy to make such a big deal every time. scene.

Everyone's eyes were attracted by the people on the parachute. Qin Yuan smiled and greeted the people below, and landed steadily on the playground of the Hunter School. You must know that he didn't have any signs in this area. Just relying on his own judgment, he landed steadily in this way.

"Except for you, I don't know anyone who has such an ability to accurately judge whether it is still the same as before!"

Frank praised without hesitation. It can be said that Qin Yuan is the best student and instructor he recognizes. People like him can not only bring out an excellent team, but he himself is a particularly strong team.

Qin Yuan took off his sunglasses and greeted Frank, then looked at the rookie who was being tortured in the distance.

"This is the person you said you wanted me to train. They don't look like anything special, aren't they just a bunch of rookies?"

When Frank talked about this gloomy face, he shook his head, "Of course not, these rookies are just here."
