

Special Soldier 141

Chapter 141: Flathead brother

But Wang Yanbing on the side smiled:

"Hey, you haven't seen our captain's greatness yet!"

"That is, when Brother Yuan was teaching me to train before, no matter what viper or beast it is, no one is not Brother Yuan's opponent!"

Li Erniu also said to Leng Feng, but at this moment, Li Erniu swallowed unconvincingly:

"Actually, I think that Brother Yuan's greatest skill is his cooking. As long as it's the hands of Brother Jing Yuan, no matter what game it is, everything becomes fragrant! I can't forget one bite. Last time I caught one. A pheasant, Brother Yuan helped roast it, it's a fragrant!"

Hearing this, the few people around were also a little greedy, and quickly ate a bite of compressed biscuits, feeling like they were eating the roast chicken that Li Erniu said.

However, compressed biscuits are compressed biscuits, and the dry taste will not turn into roast chicken.

Seeing the disappointment of Li Erniu and others, Qin Yuan also swallowed a little, suddenly thinking of something, he slapped his thigh and said to everyone:

"Damn, are we stupid? Now we are on the Philippine prairie, can we still be greedy because we can't find food?"

Hearing Qin Yuan's words, everyone immediately reacted. They were on the Philippine prairie with the most wild animals. As a result, these people hid here to eat compressed biscuits?

Isn't this holding a golden rice bowl to beg for food?

At this time, Wang Yanbing stood up directly and said to everyone:

"I heard that the Philippine Bison is very good. Should we go out and hit a cow directly this time?"

"Bison is the best food in the Philippines, why can't the antelope, pheasant and python be eaten?"

At this time Xu Tianlong was also interested, but at this time, An Ran was a little worried and said:

"If you go out hunting this night, will it be a bit dangerous?"

Hearing this, Qin Yuan laughed hehe:

"Now, are there more dangerous animals than us men who want to eat meat?"

Hearing this, the big men laughed.

"That's not okay. This is the Philippines. If you eat some germs and cause any damage to your body, then we will be completely finished."

Long Xiaoyun said to these excited men, this immediately caused Leng Feng and others to wilt.

But at this moment, Qin Yuan said directly:

"Captain Long Xiaoyun, don't forget, you invited me over this time, but you want me to be a doctor! Believe me, as long as it passes through my hands, there will never be any problems!"

Hearing this, the eyes of these men suddenly became hot.

And Anfisa also said to An Ran and Long Xiaoyun:

"Captain Dragon, I think they should be measured. Besides, don't you want to eat meat?"

Long Xiaoyun rolled his eyes, but didn't say anything.

And An Ran also directly put down the compressed biscuits in his hand, and said to several men:

"That's OK, you go, I will prepare wooden signs for you."

Seeing that their captain had already acquiesced, the remaining 7 big men stood up directly, Qin Yuan said with a smile:

"Bring good guns and weapons, pay attention to safety, we will compare this time and see who brings more delicious things!"

"Brother Yuan, if you want to say this, the result is not necessarily true. Although your cooking skills are good, I Li Erniu is not a dry rice!"

At this time, Li Erniu said with excitement, if they are looking for the most powerful animal, then they are really not Qin Yuan's opponents, but if you want to find a delicious animal, then you can't say who will win!

"That's okay, we will be divided into two groups, my personal group, and the rest of you, let us see who can win!"

At this time, the members of the red blood cell team and Leng Feng looked at each other, and then suddenly ran out. This was one of the few opportunities for them to beat Qin Yuan, and naturally they should be cherished.

But Qin Yuan looked at the six people who ran out next, but there was a smile on the corner of his mouth. This group of boys still wanted to win against him, did they not wake up?

Night vision ability and natural imaging ability, directly open. In front of Qin Yuan's eyes, a world instantly changed!

At this time it was night, foxes, jackals, even tigers, and many nocturnal animals began to hunt, and some small animals also began to look for food.

Looking at these little animals, Qin Yuan's eyes were shining. If all these animals were received in the grid, he didn't know what kind of good skills he would give him.

But now Qin Yuan doesn't have many grids, so he must cherish his use.

Qin Yuan moved directly out of his feet, what he needed was an animal with the characteristics of the Philippines!

However, after choosing for a long time, Qin Yuan didn't choose any animals that really interest him.

But at this moment, Qin Yuan suddenly felt a crisis hit. He turned his head and saw that from a tree on one side, a poisonous snake was leaping towards him.

Qin Yuan casually raised his hand and directly grabbed the 7 inches of the poisonous snake:

"You little snake is so courageous, you dare to do it to me."

For Qin Yuan, the attack of the poisonous snake basically did not pose any threat.

Not to mention that Qin Yuan has 7 times the nerve reaction speed and dynamic vision ability, and the danger prediction of spider reaction alone will not let this snake bite Qin Yuan.

But when Qin Yuan was about to pinch the snake to death, he felt a dark shadow flash by, and there was only half of the poisonous snake in his hand!

"Damn, grab food!"

Qin Yuan originally thought about whether to take this snake back for barbecue, but now it has been robbed of half by others, how can this be tolerated?

Qin Yuan took a closer look and found that the other half of the poisonous snake was in the mouth of a small animal. It turned out to be a flat-headed brother!

Flatheaded brother is called Honey Badger. The reason why he is called Flatheaded brother is that besides this guy has a white-haired fur, it is also because this guy has an undaunted personality!

Whether it's a lion tiger or a viper bee, as long as it provokes the flathead brother, the flathead brother will continue to attack.

As the saying goes, life and death are bearish, just do it!

This little animal with a small flat head is crazy about holding grudges, it is like a carrying handle, that's why he was given such a title.

Qin Yuan watched that half of the poisonous snake was swallowed by this guy in a few mouthfuls. Then, the flat-headed brother saw Qin Yuan and the upper half of the poisonous snake, and he did not hesitate to move directly towards Qin Yuan. Bumped over!

Seeing this flat-headed brother rushing towards him, Qin Yuan was also taken aback. Is this little thing a bit too desperate?

Chapter 142: Toxin resistance

"Awesome. I like your character!"

Qin Yuan smiled slightly and slammed the flat-headed brother directly!

But even if he was stepped on, this flat-headed brother was still struggling, but unfortunately, the power gap between it and Qin Yuan was too large, and it was completely useless.

Qin Yuan looked at this flat-headed brother, but there was a hint of interest in his eyes. He didn't know what kind of skills would appear when this little thing was received into the grid.

Just do it, Qin Yuan directly held the flat-headed brother, and then received it into the grid

"Ding Dong, the host recovery was successful, please start to choose,"

"1, get world-class iron head skills!"

"2. Get world-class toxin resistance!"

"3, get world-class fearless spirit!"

Damn it?

Looking at these three options, Qin Yuan couldn't stop complaining in his heart.

Except for the second option, the other skills are all showing the fearlessness of Brother Flathead. It seems that even the system recognizes Brother Flathead's...head iron!

Looking at these three options, Qin Yuan finally chose the second skill.

For the third fearless spirit, Qin Yuan is not very necessary. After all, Qin Yuan is fearless at first, and this iron head skill is of no use. Qin Yuan's current combat ability is very strong, and there is no need for this one. Means of attack.

Isn't it a natural third-level head?

And this virus resistance ability is much more useful. Although Qin Yuan now has eight needles against the sky, he can treat others, but it does not mean that others can treat him.

Once Qin Yuan's body was seriously damaged, no one else could help Qin Yuan quickly heal.

So this kind of protection means, naturally, the more the better!

Qin Yuan's physical fitness is good now, and his resistance to common viruses is also very good. A common cold and fever will not harm Qin Yuan.

But if it were a powerful virus, then Qin Yuan would not know.

And this flat-headed brother usually eats poisonous snakes and other things as food, even if he is bitten by a poisonous snake, he will not be fatally injured, so the flat-headed brother will become the natural enemy of the poisonous snake!

Since even the neurotoxins of poisonous snakes can resist, after the strengthening of the system, isn't it even more powerful?

"System, I choose item 2!"

"Ding Dong, the host has successfully chosen to gain world-class toxin resistance!"

"World-class toxin resistance: able to withstand primary virulent viruses."

Primary virulent virus?

When Qin Yuan heard these words, he was a little puzzled. Is the virus still classified?

Qin Yuan directly asked the system:

"System. What level are the viruses I am encountering now?"

"Ding Dong, all viruses that exist in the data history, including smallpox, black death, avian flu, and HIV, are all primary virulent viruses."

Hearing such an explanation, Qin Yuan burst into laughter immediately. Isn't this covering all the existing viruses?

Originally, Qin Yuan heard that he could only resist the primary virulent virus, and he felt a little hairy.

After all, this is the Philippines where the plague broke out. Qin Yuan clearly remembers that the Ramanra virus broke out here.

Although Qin Yuan's health is very good now, once an infectious disease breaks out, he still can't resist it.

Just like Leng Feng in the original book, once he gets sick, he will fall ill.

After all, the virus doesn't care whether you are an adult or a child, strong or weak, it can't stop it, just can't stop it!

Although Qin Yuan knows that Dr. Chen has developed antibodies, the timeline has become so confused now, who knows if Dr. Chen has discovered his black daughter kasa?

Now that Qin Yuan has this virus resistance ability, then the Ramanra virus has no effect on Qin Yuan!

Moreover, this is only a world-class virus resistance ability. If Qin Yuan upgrades this skill to the universe level, wouldn't it be said that any viruses and microorganisms will not harm Qin Yuan afterwards?

Qin Yuan's eyes suddenly lit up when he thought of this, and then he looked around directly to see if he could meet another flat-headed brother.

It is a pity that Brother Chang is relatively reckless, but he is not everywhere. Qin Yuan has been searching for a long time, but he has not found a second one.

After taking a look at the time, Qin Yuan thought about it for a while, and he should just go back.

Although it was not an important matter, Qin Yuan didn't want to lose to those boys.

Qin Yuan just moved, and he surrounded the little animals directly.

...

At this time on the cave side.

Now that someone had set out to find food, the three women of Long Xiaoyun would naturally not bite the compressed biscuits stupidly. At this time, Long Xiaoyun felt a little impatient, and the three women immediately walked out of the cave in a group. I want to find a place for convenience.

But at this moment, the three women just squatted down, before they had time to arrange their clothes, they were terrified.

At this time there are two green lanterns on the tree, staring at them!

"Cheetah!"

At this time, Long Xiaoyun exclaimed. At this moment, An Ran and Anfisa also froze directly!

The three of them came out together just for convenience, and they didn't bring any weapons at all, and the three of them were still in this state. How could they be able to fight against this advanced predator?

"Slow...slow... let's go back slowly and look for weapons!"

Soon a cold sweat appeared on Long Xiaoyun's face, and then he whispered to An Ran and Anfisa.

They didn't dare to move too much, they stood up gently, and moved slowly toward the cave.

But the clothes on their bodies have not been put on, and their movement is even more blocked!

An Ran accidentally stepped on a dead branch!

Click!

This sound was extremely loud in the silent air!

"It's over! Run!"

Long Xiaoyun was shocked, and then ran away.

An Ran and An Feisha also understood This cheetah would surely irritate the cheetah, and went straight out!

But how could the speed of the three women be comparable to that of a cheetah? Long Xiaoyun's heart was full of complexity, and it would not be the cheetah that their first attrition would be!

At this time, the cheetah was startled by the sudden noise, but it quickly reacted, a cold light flashed in his eyes, and he rushed directly at Long Xiaoyun!

And Long Xiaoyun also discovered that they couldn't run away at all, his eyes smashed, his fists were clenched, and he was about to hit the leopard!

Without weapons in their hands, they would certainly not be the opponents of this leopard, but even so, they must make decent resistance!

But at this moment, the leopard flew out sideways and made a whimper.

"Three beauties, what are you doing here?"

Then a familiar voice rang directly in the ears of the next three women.

Chapter 143: Unbreakable

And Long Xiaoyun took a closer look and found a figure standing beside this cheetah, it was Qin Yuan!

At this time, Qin Yuan stepped on the cheetah's neck with a click, and the cheetah suddenly lost its breath.

Seeing Qin Yuan's arrival, the three women Long Xiaoyun breathed a sigh of relief, and they couldn't help sweating.

If they had a weapon, they wouldn't be so scared, but they are bare-handed now, and their pants are still in that state. If they are not careful, they will be bitten by this cheetah in the throat!

After Qin Yuan killed the leopard, he grinned and said to Long Xiaoyun:

"You are not honestly waiting for us in the cave, what are you doing out?"

"Why are you asking so much?"

Long Xiaoyun said directly, but if Qin Yuan was more careful, he should be able to hear the tremor in her tone.

When they came out for convenience, they were afraid that the men would come back suddenly, so they walked farther.

It's a pity that I was caught off guard and ran into a cheetah. Now I didn't even have time to lift the pants.

Now it happened to be blocked by a weed, if Qin Yuan came over, wouldn't it be possible to watch them all?

At this time, Qin Yuan also noticed the strangeness of these people, shook his head, and then left here directly carrying the leopard.

And seeing Qin Yuan's movements, Long Xiaoyun asked:

"What are you going to do?"

"This leopard has been killed by me, so I will dispose of his body. Also, look at the surrounding scenery!"

In Qin Yuan's words, it seemed that there were other different meanings, and the faces of the three women were all red, because they were all squatting on the ground now, not standing up at all.

Seeing Qin Yuan walking away, Long Xiaoyun stood up, tidied up his clothes, and said dully:

"Count this bastard's fun!"

And An Ran and Anfisa also breathed a sigh of relief. Although such things are not a big deal at a critical time as special forces, they are in a safe period and they do not want to lose face in front of Qin Yuan.

Long Xiaoyun tied her belt fiercely. If her pants hadn't been lifted just now, she wouldn't have been helpless against a leopard.

But An Ran looked at the direction Qin Yuan was leaving, and asked Long Xiaoyun:

"Sister Xiaoyun, do you think he would find what we were just now?"

And Anfisa said to An Ran:

"It's okay, what can I do if I see it? It's so dark here, he must be so far away from us, he must not be able to see clearly."

Hearing this, the three women breathed a sigh of relief, but they did not expect that Qin Yuan had night vision capabilities.

Now, in front of Long Xiaoyun's three daughters, it was darkness, but in Qin Yuan's eyes, it was as bright as day!

Qin Yuan glanced back and saw the three women who had stood up. He smiled, but he didn't care too much.

Instead, he directly found a hidden place and received the leopard into the grid!

Qin Yuan still had the last grid left, and he was a bit reluctant, but this leopard is known as the fastest animal on the land, and Qin Yuan certainly didn't want to miss it!

And as Qin Yuan received the leopard into the grid, there was a soft sound in his mind.

"Ding Dong, the host recovery was successful, please start to choose,"

And with the sound of the system, three options suddenly appeared in front of Qin Yuan!

"1. Get a world-class instantaneous burst speed!"

"2, get world-class leopard claw skills!"

"3, get a world-class feline sense of smell!"

Seeing these three options at this time, Qin Yuan's eyes suddenly brightened, and these three abilities all seemed to be very good!

Cheetahs are known as the fastest creatures on land, and the burst speed at this instant is absolutely worth the price.

Before, Qin Yuan had obtained a world-class long-distance running skill from the wolf. The burst speed at this instant should be similar to that.

As for the second leopard claw skill, don't say much, it should be the same fighting ability as the eagle claw skill, Qin Yuan also wants it.

Although Qin Yuan possesses a mantis fist and is powerful, this move is too strong and lacks a way to capture it!

After all, it would be easier for Qin Yuan if he wanted to knock others down.

But if you want to stop the opponent, using this cosmic mantis fist is a bit inappropriate!

Must have a certain grasping skills!

The third option, feline sense of smell, is not so important to Qin Yuan.

Although cats have a strong sense of smell, they are not as good as canines. Qin Yuan has already acquired the sense of smell from military dogs, so he will not consider this for now.

Looking at the first two options, Qin Yuan couldn't help but feel a little tangled.

Qin Yuan now only has one grid and only one leopard in his hand, so he can only choose one.

After thinking about it again and again, Qin Yuan still made a decision!

"System, I choose the first item!"

"Ding Dong, the host chooses to succeed, and obtains world-class instantaneous bursting ability!"

"The world-class instantaneous burst speed allows the host to burst out at a speed beyond ordinary people in an instant when it is moving!"

At this time, Qin Yuan felt that his legs were rushed by a hot current, becoming extremely comfortable, and his muscles had also undergone certain changes.

After undergoing the transformation, Qin Yuan jumped gently twice, and found that his legs seemed to be lighter than before, as if they were filled with wind, as long as they slid gently, they could go straight out for a long time. !

What surprised Qin Yuan even more was that he didn't seem to have much resistance!

When Qin Yuan used the power of ants to burst out, he would always feel a violent wind pressure pressing on him.

But this time, there is no feeling at all!

The burst speed at this instant can actually reduce the wind pressure?

Qin Yuan hurriedly threw out his fists, and found that his fist made a very small sound, but the speed was very fast, and he directly threw an afterimage!

This time Qin Yuan felt more and more excited!

If your own instantaneous burst speed is combined with the long-distance running ability, the speed may be even more terrifying than a car that reaches the limit speed!

This speed is not only reflected in running, but also in other aspects.

After all, martial arts in the world can only be broken quickly. Now that Qin Yuan's burst speed is so strong, coupled with the powerful force, who else can stop Qin Yuan?

Qin Yuan padd his feet, wanted to experiment with his speed, made a running posture, and then rushed out to the front!

fast!

fast!

Qin Yuan felt the changes in the scenery in front of him, and there was no such violent wind!

This feeling is really cool!

After walking around for several times, Qin Yuan picked up the prey he had hit and headed towards the cave.

Chapter 144: Too fragrant

At this time, after the three women of Long Xiaoyun returned to the cave, they found Leng Feng at the door.

"Dragon Team, where have you been?"

"Why do you ask so much? Have you brought it back to eat? We have prepared wooden sticks. After Qin Yuan comes back, we can start barbecue."

Long Xiaoyun said to Leng Feng, but Leng Feng looked at Long Xiaoyun with a strange expression and pointed to the inside of the cave:

"But the master has already come back just now, haven't you seen it?"

"what?"

At this time, Long Xiaoyun's eyes immediately glared at the boss. When they saw Qin Yuan just now, they saw him moving away from the cave.

They didn't dawdle along the way, why would Qin Yuan return to the cave before them?

At this time, Qin Yuan walked out directly, holding a mountain frog in his hand, and said to Long Xiaoyun:

"Why are you so slow? Do you still want to eat?"

At this moment, looking at Qin Yuan, An Ran and Anfisa's eyes were full of disbelief. Anfisa walked over, patted Qin Yuan's face, and said questioningly:

"Handsome brother, you won't have a twin brother? Or you will be a clone. How did you come here? Teleport?"

"Cut, I have more abilities. Let's eat quickly!"

With a smile on the corner of Qin Yuan's mouth, he directly stuffed the roasted mountain frog in his hand into Anfisa's mouth.

And Anfisa originally hated this kind of thing, and just wanted to spit it out, but suddenly felt an irresistible fragrance!

"How can it be so delicious?"

At this time, An Fei Shaman looked at the mountain frog in her hand in disbelief. As a woman, she refused this kind of thing, but now, she could not stop her mouth!

"Is it so delicious?"

Seeing Anfisa's faceless look, An Ran and Long Xiaoyun were also a little strange.

This frog is delicious?

As a soldier, you can eat this kind of high-protein food as a last resort, let alone roasted, even raw.

But in normal times, they don't have such a heavy taste. Anfisa is a delicate woman. The field training at the beginning made her miserable!

But at this moment, everyone was surprised to find that Li Erniu and others came in from outside carrying a thick python.

"Damn, you guys got something good!"

At this time, Qin Yuan looked at the python with bright eyes:

"How about it, did you get hurt when you caught it?"

Hearing this, Wang Yanbing, who was standing on the side, immediately laughed, pointing directly at Song Kaifei and said:

"Captain, you don't know how powerful this python is. Our pilot, I almost died heroically. If it weren't for my eyesight and quick hands, we should mourn Comrade Song Kaifei at this time!"

"Crap, did I almost die heroically? I call it to lure the enemy into deep. If it weren't for my sacrifice, how could you catch this python so easily?"

Song Kaifei chuckled and justified. Seeing the appearance of these two people, Qin Yuan knew that they were definitely not injured.

"Okay, stop being poor, let's hurry up and cook!"

Qin Yuan said, but at this time, Li Erniu said with a smile:

"Captain, it took us so hard this time to get this boa constrictor. You have to help us make it delicious!"

Qin Yuan shook his head when he heard this. When he first saw Li Erniu, Li Erniu would still be afraid of these snakes. Now he even asked himself to make this thing more delicious. It really was a thing. It's wrong.

But looking at this huge python, Anfisa took a step back and shook her head:

"You eat first, I won't eat it."

Anfisa looked at this colorful thing, and felt her stomach churning. If Anfisa wrestled with this kind of thing, she could do it too, but Anfisa was really unbearable to let this thing in.

But in Qin Yuan's mind, there was a sudden sound:

"Ding Dong, the system will issue time-limited missions to make a delicious food to allow Anfisa to overcome his aversion to pythons."

Hearing this, Qin Yuan's eyes suddenly brightened. He has no grids now. It is just when he needs to supplement, naturally he will not let this opportunity pass. He must get this grid!

glanced at Anfisa, Qin Yuan showed a devilish smile on his face, and said to Anfisa:

"That's not okay. You have to eat this snake or not. As a special soldier, if you can't keep your strength, how can you do it?"

"I'll eat something else...just eat the frog you just had."

Looking at Qin Yuan as if it was going to come for real, Anfisa was also a little trembling, but Qin Yuan smiled and turned his head directly to the side.

Qin Yuan directly dealt with this python, and then directly used brute force to cut a flat and clean slab from the stone on one side!

After that, Qin Yuan used the flame control ability to directly put the flame on the stone slab, and then put the python meat on it!

"Li Erniu, seasoning!"

"Huh? Captain, how do you know that I have spices on my body?"

Li Erniu touched his head at this time, and smiled confidently. As a chef, he used to carry a little seasoning with him. Although it was not against the rules, it was a bit unpleasant. Therefore, Li Erniu was always wrapped tightly.

"What can you kid hide from me?"

Qin Yuan smiled and put Li Erniu's seasoning directly on this piece of python meat!

Zi La Zi La~

The fat on the snake meat is jumping and tossing on the slate Coupled with the Li Erniu seasoning, the flavor of the seasoning is mixed with the fragrance of the snake meat, forming an unprecedented temptation!

Those who were watching around couldn't help swallowing.

"Fragrant! It is so fragrant!"

"When can the captain eat? I feel like I'm going to starve to death!"

"My god, it's too nasty!"

At this time, several people all made a wolf cry. They threw the grilled food aside, and now they smell the aroma, and eat the barbecue in their hands, it is almost like chewing wood!

"No, the snake meat must be cooked thoroughly."

Qin Yuan flipped over and looked at Anfissa over there.

At this time, Anfisa smelled such a fragrance, and his mouth was slobbering!

"No, I just said that I can't eat, how can I make a mistake?"

"Someone, the snake meat is ready, do you want to eat it?"

Hearing Qin Yuan's words, Anfisa directly turned her head away, but at this time, she saw the group of people rushing directly at the snake meat, and she couldn't help it:

"You guys save me some!"

Chapter 145: Unhappy

The meat of python has many functions, and it is even a medicinal material for treating rheumatism and asthma.

When Anfisa stuffed a piece of meat into her mouth, the whole person seemed to be floating, and there were stars in both eyes!

What was she doing just now, why not come over for dinner in advance!

"The wife is so delicious!"

Fortunately, they are serious, otherwise Anfisa might burst into clothes.

Seeing Anfisa's contented expression, Qin Yuan also showed a smile, and a sound rang in his mind:

"Ding Dong, congratulations to the host for completing the task and getting a grid!"

And Qin Yuan heard this voice, and his face was suddenly happy!

He doesn't have a grid now, this one just came from!

At this time, Qin Yuan was also excited to pick up a piece of meat and stuffed it directly into his mouth, also making a sound of satisfaction.

The slate barbecue made in this way is really delicious!

But at this time, Qin Yuan thought to himself, what would happen if the python meat was put in the grid?

Anaconda is also a powerful catcher, sure to get some good skills!

Moreover, Qin Yuan's thermal imaging skills have not yet reached the top level. Since he is here now, of course he has to seize the opportunity to improve his ability!

Thinking of this, Qin Yuan directly took the python meat in his hands into the grid while everyone was not paying attention!

"Ding Dong, please start choosing!"

"1, get perfect thermal imaging capability!"

"2, get a world-class python strangulation technique!"

"3, get a world-class stomach bag!"

Qin Yuan saw these options, and there was a hint of excitement in his eyes.

Sure enough, this python can also acquire thermal imaging capabilities.

And what makes Qin Yuan more excited is the second skill, the python strangulation technique!

This skill is a real grappling skill, I am afraid it is even more powerful than the previous leopard claw skills!

Qin Yuan wanted a grasping ability before, but now there is a substitute.

As for the third option, the world-class stomach pouch, I'm afraid it is to strengthen Qin Yuan's digestive ability.

The digestive ability of pythons is very scary, no matter what it is, as long as it enters the stomach of pythons, it will be digested.

Thinking about it, Qin Yuan still chose the second item. After all, Qin Yuan's digestive ability is not weak now, he can't just swallow some animal directly into his stomach like a python.

"System, I choose the second item!"

"Ding Dong, the host chooses to succeed and obtains the world-class python strangulation technique!"

At this moment, with the soft sound of the system, Qin Yuan's mind suddenly added a set of incomparably exquisite grappling techniques, it is the python strangulation technique!

Also, Qin Yuan felt his arms became softer and tougher, just like a real python.

Qin Yuan's eyes lit up directly, this python strangulation technique was indeed extremely powerful.

However, Qin Yuan still wanted to go out for a while and raise this skill to the top, so he said directly to a few people:

"You guys eat first, I have almost eaten, I want to go out and visit."

"It's so late, what are you going out for?"

Long Xiaoyun asked, and Qin Yuan smiled and said to Long Xiaoyun:

"Men are not the same as your women. You go with your company. Most of our men go alone. Why, do you want to come with me?"

"Puff!"

At this time, Wang Yanbing suddenly laughed, and he understood what Qin Yuan meant.

But at this time, Long Xiaoyun's sharp eyes were directly on Wang Yanbing's body.

Seeing this situation, Leng Feng couldn't help but shook his head. This guy is done. You said he didn't mess with someone, so he dared to mess with Long Xiaoyun.

Leng Feng knew exactly what Long Xiaoyun did in their Wolf Warrior Squadron. Qin Yuan dared to fight against Long Xiaoyun, and Leng Feng admired it to the sky. As a result, you dare to provoke Long Xiaoyun.

will definitely be miserable!

Qin Yuan also shook his head, as the saying goes, "Don't die, Comrade Wang Yanbing, the name of the first red blood cell to die, temporarily put it on your head."

Sure enough, Long Xiaoyun stood up and said to Wang Yanbing:

"We have almost eaten now, do you want to exercise? Comrade Wang Yanbing, let's have an activity?"

Wang Yanbing actually felt something was wrong, but he glanced at Long Xiaoyun, but said with a little embarrassment:

"This is not appropriate, Captain Dragon, after all, you are a woman. I will fight with you. Even if I win, there is no face."

Hearing this, Leng Feng immediately covered his face, Comrade Wang Yanbing, you are really dead now and can't die anymore.

"Oh? You look down on women?"

Long Xiaoyun looked at Wang Yanbing with a smile, then stood up directly and made a provocative gesture to Wang Yanbing.

This is unbearable, Wang Yanbing's eyes changed, she stood up, then tidied up her clothes, and walked to the open space on one side.

When I saw that two people were really going to fight, the people around them suddenly shook up.

"Captain Dragon, come on! Let this ***** who look down on women know how good we are."

"Yan Bing, what are you saying about you!"

"That is, fight a woman, I spit on you!"

At this time, the people below all sighed at Wang Yanbing for a while, and Wang Yanbing gritted his teeth when he heard this. He knew that this time he came up wrong, no matter whether he wins or loses, he is not good-looking!

But now that you are on stage, you must win!

Wang Yanbing had a sudden stop, directly rushed towards Long Xiaoyun!

He intends to make a quick battle. As long as a catcher catches Long Xiaoyun, he won't lose dignity!

But looking at Wang Yanbing's hand stretched over his shoulder, Long Xiaoyun gently shook his head.

Card!

Boom!

Only a soft sound was heard, and Wang Yanbing found that she had seen the top of the cave and her face was filled with confusion.

what happened? Why did he lie directly on the ground?

At this time, Leng Feng looked at Wang Yanbing with a pity on his face. This guy probably didn't know that Long Xiaoyun was the number one master in their Wolf Squadron.

Everyone has been taught by Teacher Long in a one-on-one singles. Although Long Xiaoyun has recently changed direction and has taken command, this does not mean that Long Xiaoyun's skills have regressed.

"Damn, I still don't believe it, come again!"

At this time, Wang Yanbing was also a little bit unbelievable. He actually let a woman give the second, got up again, and rushed directly towards Long Xiaoyun!

It's a pity that the gap in strength cannot be resolved by mentality.

In the cave after , there was a joyous atmosphere. With Wang Yanbing's screams, everyone had a great time eating and drinking!

Chapter 146: Python strangulation

After a while, Wang Yanbing had to obey him, she really was not Long Xiaoyun's opponent!

"If you don't fight, you can't fight anymore. I'll take it, Captain Dragon. I will never say anything to look down on women anymore."

At this time, Wang Yanbing felt sore all over her body and completely surrendered.

At this time, Long Xiaoyun turned his gaze to Qin Yuan, who was watching the excitement, and asked faintly:

"Qin Yuan, do you want us to try it?"

Qin Yuan, who was very happy to watch the fun here, heard such words, but a smile appeared on his face:

"just forget it."

"What? Don't you look down on our women?"

At this time, feeling the murderous look in Long Xiaoyun's eyes, Qin Yuan suddenly trembled.

To be honest, he still admires Long Xiaoyun, the captain of the female special forces.

After all, Wang Yanbing has passed his training, and his fighting ability is definitely not weak.

However, Long Xiaoyun killed Wang Yanbing in a flash when he met, which is enough to prove how powerful Long Xiaoyun's fighting ability is!

But this is also normal. After all, if you don't have two brushes, how can you be the captain of the male special team of the Wolf Squadron?

However, Qin Yuan still shook his head and said to Long Xiaoyun:

"It's not that I look down on women, but the physical differences between men and women are huge. In terms of fighting, women always suffer more?"

"Then we two will give it a try."

Long Xiaoyun looked at Qin Yuan with a smile on her face. In fact, she wanted to try Qin Yuan's skills a long time ago. Since the last action, she knew Qin Yuan's marksmanship and the technique of burying landmines. It is very good.

However, Long Xiaoyun had never seen Qin Yuan personally, so this time, of course, he wanted to seize the opportunity and see.

Hearing such words, Qin Yuan's face had a trace of entanglement, python strangling technique, just listening to the name. I knew what kind of martial arts it was, and if there was a friction in the crowd, Qin Yuan couldn't afford it.

"Sister Xiaoyun, come on, knock down this guy!"

"That's Captain Dragon, let Captain Qin know how good you are!"

"Great God Qin, although you are very powerful, Captain Dragon is a girl, you must be merciful!"

Hearing these people's words, Qin Yuan suddenly rolled his eyes. These people obviously didn't think it was too much to watch the excitement, they just wanted to watch Qin Yuan get embarrassed!

And just when Qin Yuan just wanted to reward these guys, he found that Long Xiaoye suddenly attacked him!

"I'm here! Be careful!"

Long Xiaoyun gave a clean kick and kicked directly towards Qin Yuan, but Qin Yuan dodged the kick directly.

But when he was just about to say something, he saw Long Xiaoyun, directly slapped his yin feet, and suddenly kicked towards him!

Qin Yuan suddenly tightened the chrysanthemum and yelled:

"Damn! You play for real!"

"Take out your true ability and let me see how good you are!"

At this time, Long Xiaoyun also showed a mischievous smile on his face, and raised his eyebrows at Qin Yuan.

And Qin Yuan took a long breath, and also a little bit of interest.

Seeing Qin Yuan's eyes change, Long Xiaoyun also felt a bit of pressure. After all, Qin Yuan's strength, she had seen it with her own eyes. Although it is a discussion now, Long Xiaoyun does not want to lose!

And Qin Yuan just said in a deep voice: I'm here. Then he attacked directly towards Long Xiaoyun!

Long Xiaoyun's eyes suddenly stared at the boss. She felt that when Qin Yuan rushed towards her, it was like a fierce tiger, and a strong wind was blowing!

Sure enough! This guy is well-deserved and a terrifying opponent!

And just when Long Xiaoyun was about to counterattack Qin Yuan, he suddenly felt that Qin Yuan's temperament changed, and suddenly he changed from a fierce tiger to a poisonous snake!

With a smile on the corner of Qin Yuan's mouth, he drank in his heart:

Python Strangulation Technique!

And Qin Yuan's hands were like two pythons, and he grabbed Long Xiaoyun's shoulder directly, and when he saw Qin Yuan's fight against himself, Long Xiaoyun's eyes suddenly brightened.

As a woman, she is naturally much worse than a man in strength, so in order to make up for this gap, Long Xiaoyun's strongest technique is strangulation!

But Long Xiaoyun just thought about breaking Qin Yuan's move, but he did not expect that Qin Yuan's hands were like a cold poisonous snake, extremely smooth and soft, but the moment he grasped Long Xiaoyun, they were Become extremely tough!

Click!

Qin Yuan suddenly buckled Long Xiaoyun's shoulders, and directly rode on the whole body, instantly locking Long Xiaoyun's whole person completely!

Skill!

At this time, Long Xiaoyun struggled fiercely, but found that he was almost like a rabbit falling into the mouth of a python. Apart from slowly suffocating, he had no ability to resist!

Long Xiaoyun's eyes flashed with incomparable shock. Looking at Qin Yuan's figure, he certainly didn't look like the master of strangulation, but this guy was able to kill himself in a flash. How powerful is this guy's true strength?

It's just that Long Xiaoyun was patronizing and shocked at this time, but he didn't expect how ambiguous Qin Yuan's posture was now.

Now Qin Yuan's entire body is pressed on Long Xiaoyun's body, and his two arms are like ropes, tying Long Xiaoyun's five flowers together.

In this way, Qin Yuan naturally clings to Long Xiaoyun. At this time, Long Xiaoyun was in shock and did not notice, but the people around him covered their eyes and couldn't bear to look directly.

At this time, An Ran and Anfisa quickly said to Qin Yuan:

"Qin Yuan, quickly let go!"

Qin Yuan naturally let go of Long Xiaoyun, and then hurriedly went outside.

"What are you going to do?" Long Xiaoyun asked directly.

"Go release the water!"

Qin Yuan's voice came from a distance.

Hearing this, everyone burst into laughter, but when they laughed, they slowly couldn't laugh.

Wang Yanbing's strength, the members of the Red Blood Cell Squad knew all about it, but Wang Yanbing just met him and was defeated by Long Xiaoyun!

While Long Xiaoyun met Qin Yuan, he was also directly killed by Qin Yuan!

The contrast produced by this moment suddenly made them realize how powerful Qin Yuan's strength really is!

"Fuck, is our captain a pervert? Why is he so strong no matter what!"

"I think so too. Brother Yuan was still teaching us Mantis Fist before. You don't know. That hand of Mantis Fist is like a real praying mantis standing in front of you. The person who hits it is a pain! "

"You don't know yet. When he was on a mission, he hit the same bullet hole with a rifle in mid-air. I was almost scared to pee at the time!"

Chapter 147: Three kilometers

At this time everyone began to talk about Qin Yuan's achievements, and finally agreed that their captain, Qin Yuan, was a complete pervert!

Such a terrifying super evildoer, you are very lucky to meet one in your lifetime!

And Long Xiaoyun Anran and the three women Anfisa looked at each other, and their eyes were full of complexity.

Qin Yuan certainly didn't know that those people were saying bad things about him. At this time, he was catching snakes with excitement.

"Perfect level!"

"The Universe!"

"Consummation!"

"Universe!"

As Qin Yuan received all the python venomous snakes into his grid, Qin Yuan's thermal imaging ability, as well as the python strangulation technique, were all upgraded to the universe level!

The thermal imaging capability naturally goes without saying, the range is directly expanded to 3000 meters, even stronger than the night vision capability!

Qin Yuan looked at his hands at this time, and then wrapped around a branch on one side!

Qin Yuan's arm seemed to have no bones, it was directly wrapped around this branch, and then shook violently, and this branch was instantly shattered into several pieces!

Qin Yuan knew that if this branch were someone else's arm, I'm afraid it wouldn't end up much better than this branch!

"Haha, really amazing!"

Qin Yuan yelled in excitement, this kind of strangulation ability, combined with Qin Yuan's strong physique and strength, can exert tremendous power!

In the future, when Qin Yuan wants to arrest someone, he will directly abolish the strangulation technique, so that the other party cannot escape!

By the time Qin Yuan returned, everyone had already begun to rest, and Qin Yuan was also nestled next to the three women, and slowly fell asleep.

Early the next morning, everyone continued on the road.

Soon they came to a city, which is close to the port, which is considered a trading city, but also quite prosperous.

People came and went on the street, and there were shouts of sales everywhere. Many people had jars and baskets on their heads, selling things to the people around them.

And the three women, Long Xiaoyun, also brought a hint of joy in their eyes, and began to stroll around, buying some weird souvenirs.

And those big men love the fruits here more. After all, as a tropical city, there are many fruits that are not common in China, and they are very cheap.

The only deceptive thing is that in this kind of gathering, public security is not good, there are some profiteers and thieves, but this is of course not a problem for Qin Yuan and others.

At this time, An Ran picked something that looked like a bull horn and talked and laughed with Long Xiaoyun, but she saw Qin Yuan who was boring beside her, and she also asked Qin Yuan, Qin Yuan, do you think this thing looks good? ?

Qin Yuan really didn't think there was nothing good about this broken horn, but he still said:

"It looks good, just buy it if you want it."

But at this moment, Qin Yuan suddenly heard a strange English sounded behind him:

"Oh, my dear friend, I will give you some good things to ease your lonely night!"

Hearing this, Qin Yuan directly lowered his head and saw an eight or nine-year-old boy with a large bag of things in his arms and two rough pictures in his hands, trying to sell Qin Yuan constantly.

"Five dollars! Ten cards! If you need it, you can make it cheaper!"

At this time, Qin Yuan lowered his head and looked at the little boy, but shook his head and smiled, pointed at the three big beauties next to him, and said in fluent English:

"Please, when you are selling, don't you know how to choose your customers? Do you think I am a lonely person at night?"

"Um..."

At this time, I saw the three great beauties of Long Xiaoyun, and this little boy also felt that Qin Yuan would definitely not use it. An awkward smile was suddenly revealed, and he nodded at Qin Yuan in a weird way, and then wanted to leave.

"Hold on."

Qin Yuan directly stopped the little fool, gave him five dollars directly, and then took all the pictures in his hand:

"I want it all, you profiteer, a few pictures cost five dollars. It is best not to sell this in the future, it will not affect you well."

Qin Yuan directly threw these pictures aside the fire. To be honest, with the three beauties of Long Xiaoyun in front of him, how could Qin Yuan look at those vulgar fans.

"3q! 3q!"

The little boy kept bowing to Qin Yuan. He didn't make money from selling this thing. Many people just **** it away. It's thank God to meet someone who can pay.

At this time, An Feisa looked at Qin Yuan and asked a little strangely:

"Why don't you give him some more money? If this continues, he may sell other pictures to others."

"5 dollars is a lot. If it is more, he may not be able to hold it."

Qin Yuan smiled, to be honest, he never thought how bad this little boy's behavior was. When he was in the orphanage before, in order to let his younger brothers and sisters eat some meat, what did Qin Yuan do?

And this little guy in front of him is obviously not alone. It is not ashamed to do such things for his family.

Seeing Qin Yuan's appearance at this time, the three women of Long Xiaoyun also had a slight surprise. To be honest, the three of them are in good family conditions. It is really unexpected that this Qin Yuan in front of him is unexpected. There is also the past.

Looking at Qin Yuan watching the little boy go away, they also felt a little more pity for Qin Yuan.

Sure enough, no matter how powerful he is, Qin Yuan is always alone.

But at this moment, Qin Yuan's mouth showed a slight smile, because he saw that the little boy just now was hiding in an alley, and he handed him the \$5 that Qin Yuan had just given him. Five or six years old!

"Brother, he is such a good man, he actually gave me 5 dollars! Can we stop stealing from him?"

"Hmph, don't steal his things, what do we eat, the big deal is that we can leave him a little bit. Now these rich people use any bank card and can get the money at any time. If I have one in the future, A bank card, then we will have endless money!"

"But..."

The little boy heard what his elder brother said, and always felt that something was wrong, but he couldn't think of anything to refute.

"Okay, you can sell it to Yella again. This is our souvenir. They will definitely buy it. Then I will go directly and steal their money!"

The boy directly pushed the little boy. The little boy reluctantly walked out and walked directly towards Qin Yuan and the others.

Chapter 148: apologize

At this time, Long Xiaoyun was a little surprised to see that the little boy was holding a weird-shaped fruit in his hand, then walked to Long Xiaoyun and said to Long Xiaoyun:

"Pretty lady, would you like to buy a Yella, this is delicious!"

Seeing the little boy's timid look, Long Xiaoyun also squatted down and smiled:
"Okay! Then I'll buy one and try it!"

Hearing this, the little boy was delighted, but at this moment, his face showed a trace of horror, because he saw Qin Yuan standing on the side and grabbed a hand directly from behind!

Qin Yuan dragged this person in front of him, and said with a smile:

"Boy, don't you know who can steal things, who can't steal things?"

This man is the eldest brother of the little boy. He looks a bit like this little boy. His body is also thin and small, and he doesn't look like a fifteen or sixteen year old.

At this time, Qin Yuan was caught on the spot, and his face was also full of fear.

The little boy was also flustered, and hurriedly begged Qin Yuan:

"Sir, sir, he is my brother, can you spare him this time?"

Seeing the situation here, there were a lot of people around who watched the excitement, but the thief looked at the people around him, but a glimmer of hope suddenly appeared, and he shouted in this native language:

"Boss, come and save me quickly."

Qin Yuan didn't understand what the guy was talking about, but he had already guessed it.

Sure enough, a group of people soon walked out of the crowd, and looking at this group of people, Leng Feng and others immediately surrounded Qin Yuan.

This group of black gangsters, holding various weapons and sticks in their hands, is not easy to provoke.

At this time, a person who looked like a big brother stood up and said to Qin Yuan:

"Hurry up and let him go."

And Qin Yuan looked at this little bastard, but shook his head, and said directly:

"Your little brother stole my things, what are you going to do? You don't have any rules at all. At least you need to apologize to me. Otherwise, I can only send him to the police station."

Hearing this, a fierce light suddenly appeared in the eyes of this little bastard. He looked at Qin Yuan and said:

"You people from Yan country built factories here, destroying our environment, and bullying us now, do you want to die?"

Only hearing such words, the smile on Qin Yuan's face instantly solidified, and Long Xiaoyun and others couldn't laugh.

The people of Yan Country have spent so much thought to build factories and roads here, help these people, and give these people opportunities to work. In the end, do these people think that way?

But after hearing such words, the onlookers around them couldn't stand it anymore, and pointed directly at the little gangster and said loudly:

"Vada, you are a bastard, and you don't want to go out to work, so you would say this."

"Yes, do you know how many families those people help us? Do you know how many people these people can pay?"

"You are thinking now, no one is messing with you anymore, bastard!"

At this time, hearing the words of those around him, this person named Wada almost couldn't lift his head.

Seeing this situation, Qin Yuan was also a little bit dumbfounded. He picked up the thief in his hand and asked the other party: "Are you thinking the same as your boss?"

"I...I... they don't want people under 18 to work for them."

said the thief Nono.

When he saw this thief, the little ***** named Wada was immediately furious. He raised the machete in his hand and said to the thief:

"Tucha! Why did you tell me before, why have you changed your mind now? And you, let him go!"

Qin Yuan looked at the machete in this man's hand, but smiled slightly:

"If I don't let go, what can you do to me?"

"me!"

At this time, Wada was dying of anger. He really didn't expect the Yan Guoren in front of him to be so stubborn and not afraid of himself at all.

And he didn't think about what to do, so he had to threaten Qin Yuan:

"If you don't let him go, be careful I beat you."

Hearing such words, He Chenguang and the others immediately laughed madly. It was the first time that they saw someone just in front of Qin Yuan and said they would beat him!

Qin Yuan also looked dumbfounded, and said directly to Wada:

"Then you come!"

This time Wada was also completely helpless. He originally wanted to scare Qin Yuan, but didn't plan to make a move.

Because they understand that these crooked nuts all have special protection, if they are shot against these people, I am afraid someone will come to suppress them soon!

I don't know what it will look like then.

Seeing the tangled look on Wada's face, the people around suddenly laughed.

It's just that Qin Yuan finally released the thief in his hand and said to this man named Tu Cha:

"Have you seen it? Follow your eldest brother, it must be nothing. I will sell some small specialties on the street honestly. When I am 18, I will go to the factory to work. This time I will let you go.

Hearing Qin Yuan's words, the thief immediately pulled up his younger brother and thanked Qin Yuan constantly, but the man named Wada was so embarrassed and angry that he directly cursed Qin Yuan in their native language.

Wang Yanbing saw that this kid even dared to speak harshly, and suddenly his eyes squinted and wanted to rush up.

He has been on the streets, and he understands very well that such a small gangster must have a good lesson, otherwise, I don't know what will happen in the future.

But at this moment, Qin Yuan's expression suddenly changed, and he directly grabbed Wang Yanbing and shouted:

"Alert! There is a problem! Be careful!"

Just as soon as Qin Yuan finished speaking, there was a violent gunshot in front of him!

The people around were so scared that they screamed loudly, and Qin Yuan and others quickly found a shelter to escape.

"What's the matter? Why did you fight suddenly?"

At this time, Wang Yanbing hid behind a bunker and asked Qin Yuan in a low voice in disbelief.

And Qin Yuan's face sank, and said coldly:

"These are the Red Scarf Army of that country. I didn't expect them to move so fast, and they would arrive in this city now."

At this time, He Chenguang raised his head and glanced outside, but he screamed:

"Fuck, how can they even beat their own people!"

Looking at the hawker who had just sold the fruit to him, he had fallen into a pool of blood, and He Chenguang's eyes were filled with disbelief.

Chapter 149: Awkward voice

After all, in their three views, as a soldier, he would rather sacrifice himself and protect the safety of the people. But seeing the operations of the Red Scarf Army, he felt a little skeptical about life.

"These people may speak of a military force, but they are actually criminals bought by foreign forces and sabotage our economic plan here. You don't need to keep your hands, just kill them!"

At this time, Long Xiaoyun introduced in a deep voice, she was right, this was a conspiracy.

After all, if you want to break the economy of a place, the fastest way is to have a war!

As long as it is everything in the war, no matter how well you built it before, everything will be destroyed by the war!

At this moment, Qin Yuan also heard a sound in his mind:

"Ding Dong, kill 50 Red Scarf rebels and get a grid!"

"Ding Dong, the task of saving the diaspora is open!"

Hearing this voice at this time, Qin Yuan's eyes were also cold, and he must protect these overseas Chinese.

And the best defense is offense!

"Everyone is divided into two teams, Enron, Anfisa, Xu Tianlong, Song Kaifei, you four will go to the southeast, search for the overseas Chinese, and arrange them to enter the embassy!"

"The rest, kill the Red Scarf with me!"

Qin Yuan gave the order in an instant, and everyone responded directly, and then began to move in the direction he needed.

"Everyone is careful, the opponent has a 127-caliber gun, and there is still a gun. I coped in the midfield and directly attacked the enemy!"

Qin Yuan finished a sentence at this time, and then went straight out.

A soldier of the Red Turban Army saw Qin Yuan rushing over with murderous aura. He just pointed his gun at Qin Yuan, but Qin Yuan pressed it against the wall with a light movement of his wrist, making a click.

The Red Scarf Army's neck was instantly twisted, and Qin Yuan directly picked up the ak in the opponent's hand, and directed a burst of fire at several Red Scarf Army who were shooting at civilians!

"set off!"

At this time, Qin Yuan said to these players, and with Qin Yuan's attention to attract these people, An Ran and others also rushed out!

"Four, five, six..."

Qin Yuan meditated in his heart, recording the number of murders he had killed.

At this time, the people of the Red Turban Army also discovered Qin Yuan's bravery, and sent many soldiers to encircle Qin Yuan directly!

"It's just here!"

Qin Yuan's cold eyes were full of killing intent, and the gun in his hand seemed to have eyes, and every bullet could explode a Red Scarf's head!

I saw a small group of the Red Scarf Army, and it was immediately reimbursed. A person like a small boss slapped the hand directly, and a Red Scarf Army holding a fire tube came directly towards Qin Yuan's position!

Qin Yuan's spider felt instantly beating, turned his head and saw that a fierce bullet was flying towards him, Qin Yuan also jumped in his heart and flew out instantly!

But Qin Yuan directly drew a pistol from his waist at the moment he flew out, and one shot exploded the flying in mid-air!

"Fuck!"

At this time, the Jacobite troops who had just rushed up saw Qin Yuan's fierceness, and his eyes suddenly widened.

"Is this man a ***** descending to the earth?"

"Is this really something that humans can do? He just blasted the fire with a pistol!"

The explosion of fire and bombs immediately exploded the gray-headed faces of those Red Scarf soldiers. Just now, the little boss also ate a mouthful of dirt. Seeing that even a bomb could not kill Qin Yuan, he gritted his teeth and boarded himself. An armored vehicle turned its machine gun and bombarded it directly in the direction of Qin Yuan!

"Control! Control! Control! Control!"

At this time, this machine gun was like a crazy beast, roaring constantly, 127-caliber bullets were continuously ejected, and countless bullet cases instantly filled the armored vehicle's compartment.

The little boss's eyes were full of cruelty, and he didn't believe that this man could withstand a machine gun!

The bullets of the machine gun are so powerful that the surrounding walls and vehicles are like cream, which are instantly penetrated, completely unable to withstand the bombardment of the machine gun!

"Damn, I really underestimate you guys!"

Qin Yuan was hiding in a corner at this time, with spider perception ability, as long as he was not bombarded by a large frontal area, these bullets would not hit Qin Yuan at all, but now Qin Yuan is a little bit ashamed!

After cursing, Qin Yuan vomited the dirt on his mouth, and then rushed over from one side while these people were not paying attention!

lurking!

The smoke stirred up by the bullet directly blocked Qin Yuan's figure. Those people didn't pay attention at all, Qin Yuan had already escaped!

While everyone was not paying attention, Qin Yuan ran to the side of the Huojin soldier just now, and a hand knife cut off the young soldier's neck directly, then directly raised a Huojin tube and reloaded it. Hit the armored car!

With a loud bang, the armored vehicle exploded in an instant, and the bullets produced by the explosion exploded. It even killed all the surrounding Red Turban soldiers!

Seeing that Qin Yuan actually killed the armored car, the Red Scarf army ran towards the rear frantically as if they saw the devil.

Discovering that the fighting spirit of these Red Turbans had been lost, Qin Yuan yelled in Yan Guohua:

"All the people of Yan country are moving in the direction of the embassy. Everyone goes to the embassy. I will give you a cover."

Hearing Qin Yuan's words, a Jacobin soldier's commander grabbed Qin Yuan directly and said to Qin Yuan:

"Are you a soldier from the Yan country?"

Qin Yuan saw the appearance of this person and directly replied:

"No is there any problem?"

"No problem, I just want to thank you for helping us clear the rebels here. Since you are not a soldier of the Yan country, then I will pay a commission of 500,000 euros. Please come and help us fight. Do you know it?"

"Commission, want me to be a mercenary?"

Qin Yuan frowned when he heard this, and said to this person:

"The reason I am here is for my compatriots, not for money!"

But Qin Yuan thought for a while, but still said to this person:

"You help me find a strong bus, and I will help you clean up all the Red Turbans nearby."

Hearing this, this officer-like person was instantly certain in his heart. He gave a command to the soldiers around him, and soon a bus was cleared out. Qin Yuan said to the overseas Chinese who ran out from various places:

"All the expatriates get into this car!"

The panicked diasporas saw that someone finally came to manage them, looked at Qin Yuan gratefully, and then rushed towards the bus.

But at this moment, Qin Yuan heard it, and a weak voice came from behind him, saying in an awkward Yan Guohua:

"I wonder if I can follow them on this bus?"

Chapter 150: Old opponent

Qin Yuan looked back and found that the thief named Tucha who was following behind him turned out to be the thief just now. Looking at the thief, Qin Yuan asked directly:

"Where is your boss."

"He was dead just now."

The person named Tucha pointed to one side, and Qin Yuan found that the corpse of the **** was lying on the ground directly.

But Qin Yuan is still a little hesitant, does he want to save this person?

Seeing Qin Yuan's hesitation, Tucha also cried, and said to Qin Yuan in a panic:

"I know you think I am not a good person, but can you take my brother, he is only 8 years old this year, his name is tudu, please!"

potato?

Hearing this, Qin Yuan instantly remembered, isn't Tudou the godson of Leng Feng in Wolf Warrior 2?

Is that the kid just now?

At this time, there was a direct sound in Qin Yuan's mind.

"Ding Dong~ The system will issue missions. Save the potatoes and unlock a grid!"

Hearing this, Qin Yuan's face looked better, and he looked at Tucha and said:

"That line, you two will go there together."

Hearing Qin Yuan's agreement, they went over, Tu Cha's heart was filled with endless gratitude, and he made a very strange gesture to Qin Yuan, as if expressing gratitude.

Then he found his brother in a corner, and squeezed into the bus directly.

After , Qin Yuan directly cleared all the Red Turban Army in the central area, and then guarded the bus and left here, which was a sigh of relief.

Now he is thinking about where to go to support. Although he knows that Long Xiaoyun and others are not general, but the bullet does not have eyes, if there is any accident, it will be bad.

Just when Qin Yuan was about to rush out, he found Xu Tianlong and Song Kaifei running towards this side.

"How about? Have the expats on your side arranged to enter the embassy?"

The two people heard what Qin Yuan said and directly explained:

"There are relatively few Red Scarf troops in our direction. Many people have already spontaneously entered the embassy. Enron and Anfisa are implementing order, so we will come first."

Qin Yuan nodded when he heard this:

"Well, you come with me to support Leng Feng and them!"

After that, Qin Yuan led these two men towards the northwest. The northwest direction was the direction of the Red Turban Army's offensive, so there were a lot of rebels in this place, and Qin Yuan had already destroyed one of their vanguard troops. Has greatly eased the pressure on the Jacobites!

"Get ready to equip and be alert."

For some weapons that the Jacobian soldier gave him just now, Qin Yuan greeted the two people, and then rushed out directly.

And Song Kaifei and Xu Tianlong also followed Qin Yuan's sides, protecting Qin Yuan's flanks!

The three people rushed all the way, following the corpses of the Red Scarf Army, finally found the three Li Erniu who were slaughtering wildly!

At this time, the three people are forming a triangle, fighting in the street fighting with those of the Red Scarf.

Qin Yuan hid directly next to He Chenguang, and fired a few shots to help He Chenguang relieve the pressure, and then asked He Chenguang:

"Where are Long Xiaoyun and Leng Feng?"

"All on it!"

At this time, Qin Yuan suddenly heard a gunshot, and a Red Scarf Army who was holding a flame in his hand was instantly headshot.

Qin Yuan looked up and found that Leng Feng was hiding on a residential building, holding a sniper rifle in his hand, nodding to Qin Yuan, and then pointing to the opposite side. Qin Yuan found that the location was also a good sniper. Click, and immediately understood that Long Xiaoyun was here.

Qin Yuan climbed the stairs directly, took a detour, and rushed to Long Xiaoyun's side. Just about to say something, Long Xiaoyun stopped Qin Yuan directly, and handed Qin Yuan a telescope with a serious face, pointing I clicked on the location of a church ahead!

Qin Yuan took the telescope and took a look, and found that from this place, he could just see the inside of the church!

At this time, there are many people in the church, many of them are foreigners and Jacobians, and some are the Red Scarf Army, but there are still a few people who are wearing clothes different from the Red Scarf Army!

All these people have their faces covered and dressed in black, just like the ninjas in the movie!

"Who is this?"

There was a trace of doubt in Qin Yuan's mind. Even if someone was standing behind these Red Scarf Army, it should be the old man's mercenary.

Why do these people appear here?

At this time, there was a soft sound in Qin Yuan's mind:

"Ding Dong, post the task, kill the four guardians of Fuso Society, and reward two grids!"

Qin Yuan's eyes opened, and he didn't expect these people to be from Fusang Club!

This Fusang Club is Qin Yuan's old opponent. Not only did he support Fatty Liu, he was also the kidnapper of the orphanage who wanted to kill Qin Yuan, but Qin Yuan directly emptied the Fusang Club's influence. Who knew this time, Met each other here again!

Qin Yuan remembered clearly. I still have a task of cleaning the Fuso Club that I haven't completed!

"Hmph, I haven't looked for you yet, but you have sent it to your door."

Qin Yuan directly aimed at the few Fusang people, and the gun in his hand shot quickly, killing several in an instant! Long Xiaoyun also followed suit!

"There is a sniper, run!"

Qin Yuan took a look and found that there were 15 Fusang people wearing black clothes, and he had killed seven of them, and Long Xiaoyun had killed three, leaving five people!

These people knew that there were snipers outside, and they fled frantically, ignoring the people of the Red Scarf!

Qin Yuan directly gave an order: "Help me suppress the opposite side, I want to capture that church!"

After finishing speaking, Qin Yuan suddenly jumped in the direction of the church.

And Long Xiaoyun on the rooftop was also the people who helped Qin Yuan suppress the Red Scarf Army. Leng Feng and others heard Qin Yuan's words and moved towards that place too!

The distance from the church to this place is only 500 meters away. For Qin Yuan, this is just a few steps away!

After Qin Yuan arrived at the church, he suddenly jumped in from the window!

The gun in his hand was shot, directly killing those Red Scarf soldiers in the church!

But there were too many people here. Although Qin Yuan killed everyone, but someone pulled the trigger, the bullet flew out instantly, directly hitting a few people!

Qin Yuan found that the people in black had already run away, and just wanted to chase them, but he saw the people who were shot and stopped!

Qin Yuan inspected the wounds of these people and found that although they were shot, they did not hit the key. They were still surrounded by the Red Turban Army and not a place to be treated. He directly said loudly in Yan Guohua:

"Everyone moves and moves in the direction of the embassy together, and the embassy will protect our safety."

At this time, Leng Feng, He Chenguang and the others also rushed here. Upon hearing Qin Yuan's words, they immediately rushed outside and snatched a car.

Seeing that the situation has almost stabilized, Qin Yuan glanced at the direction in which the black-clothed men had fled, and said lightly:

"Wait for me, wait for me to collect your heads!"
